

## GODS' IMPACT 9

Chapter 9

HP- 391/400

Zach dashed at the pack of wolves and attacked them as he had planned.

[2 Wolves killed!]

He ran to his sword and pretended as though he was running away to lure the wolves close to him. Once the wolves were close enough, Zach grabbed his sword and started chopping them as they came closer.

[8 Wolves killed!]

Zach was using all his remaining strength to finish this match as soon as possible, so he could go back and relax. He wanted to have a nice meal and a long bath.

'11 more, and then the wolf king.' Zach exhaled sharply and walked forward to the wolves. He kept his sword straight and pointed it at the pack.

'If I had another weapon, I would have used another strategy.' Zach thought. 'I can use my hands, but as I have a weapon in my hand, I won't get plus 500 ATK.'

After seeing Zach winning, the wolf king howled and dashed at Zach. Zach gripped his sword with both hands and prepared for the wolf king attack. However, the wolf king stopped and wagged its tail on the snow surface.

Zach was covered by the snow, and by the time he got out, the wolves had jumped on him.

HP- [355/400]

[1 wolf killed!]

All the remaining 11 wolves attacked Zach at once.

HP- [302/400]

[1 wolf killed!]

They started biting him. One bit on the shoulder, one on the arm, one on the leg.

HP- [258/400]

[2 wolves killed!]

Some pierced their claws on his body.

HP- [190/400]

[1 wolf killed!]

Zach was unable to move from the wolves' grasps. They were pinning him down from everywhere and kept attacking him.

His HP got lower each passing second. The pain was too real, and Zach had never experienced such terror before.

HP- [146/400]

[1 Wolf killed!]

However, that didn't stop Zach from not giving up. Even in his current situation, he was thinking of 10 other plans he was going to use against the wolves and the wolves king.

[HP- 101/400]

[3 wolves killed!]

Zach pierced his sword into the wolf's abdomen and tossed its body on the wolf king. He grabbed the jaw of another wolf and stabbed the sword inside its mouth before throwing it near the wolf king.

[2 wolves killed!]

Then, he looked at the wolf king with a fierce glare in his eyes and muttered with a furious expression on his face: "Now, time for the main dish."

Zach had only 101 HP left, and he was up against the wolf monarch who had 8500 HP. Its size was five times bigger than Zach's, and its fangs and claws alone were the same as Zach's height.

Not only that, it was a wolf monarch, the boss of floor 10, the king of the wolves. It had special attacks and moves that Zach wasn't even aware of.

Zach had to fight with a monster with only 101 HP. He was already exhausted when he entered the 10th floor. Still, he somehow managed to survive, thanks to his adaptability to the intensive situation.

However, even Zach was aware that the chances of winning against the wolf monarch in his current condition were nigh. But...

"Not impossible." There was no going back after coming this far. And besides, Zach had never been in such a dire situation before. He was excited more than ever, and he couldn't wait to taste the feeling of victory.

Zach didn't have time to assign his accessible points to increase his stats when the wolf king could attack him anytime. However, upon seeing the prompts, he could help but laugh.

"Ahaha!" He laughed at his stupidity. "Hahaha!"

"I am stupid," he muttered. "My MP was locked, and that's why I couldn't know what I was cultivating. But now I know." He laughed maniacally.

As with any cultivation method or technique, where one cultivates their power, energy, magic, mana, qi, or any other form of power. Here, Zach was cultivating MP, but it was locked before, so he couldn't cultivate it.

For any other player of any Class, their MP was limited. However, Zach was a cultivator, and there was no limit to how much he could cultivate unless he was exhausted or his body was fatigued.

Zach finally stopped laughing and looked at the wolf king with a smug look on his face. He threw the sword on the ground and beckoned the wolf monarch with his hand.

"Come to papa," he sneered.
