Chapter 100 I'm Warning You Stay Away From Me!

The other actors were already there when Cathy arrived on the set.

It was her last day filming White as Snow.

Therefore, she had a lot of scenes to do. There was also a celebration dinner that night.

When the eight o'clock bell rang, Cathy began to focus on acting her scenes.

By three o'clock in the afternoon, Cathy had completed her scenes perfectly.

The filming proceeded successfully.

"Cathy, you can focus on preparing for Mauve from now on!"

Quinn sat beside Cathy in the dressing room, helping her to remove her makeup. Her voice was

a small budget project. It is nothing compared to the huge investments in Mauve!" "Furthermore, Flynn Jasper is the male lead for Mauve!"

full of anticipation. "Although White as Snow is your first work as an actress, it is still considered

"Mr. Jasper has never made a bad movie. That film will most likely be nominated for this year's award!"

"Cathy, you should get ready. Once this film is released, you're going to shoot up with fame!"

Cathy removed her makeup as she listened to Quinn's unrealistic expectations. "You're expecting

too much."

"I only aim to complete the work I have." Furthermore, the reason I competed for a role in Mauve was to pay back against Willow.

I'm not that ambitious as to wish for an award. Furthermore, I have no desire to shoot up in fame.

No matter what field I am in, I firmly believe that I should take it one step at a time. That way, I can gain a firm reputation and not be brought down easily.

"But..."

Quinn frowned and suddenly stopped speaking.

She saw Xavier standing at the door dressed in a suit and holding a large bouquet of roses. He

Cathy frowned and looked to see what Quinn was staring at.

began walking towards her.

Quinn was stunned. "Cathy, if he causes a scene..." Cathy frowned and glanced behind her.

There was only one way out of the dressing room. Xavier was walking toward her from that lone

Xavier soon stood before her.

He held a large bouquet of roses and said earnestly, "Cathy, please forgive me."

back."

"Cathy."

What the heck is Xavier doing?

Cathy frowned and asked, "Forgive you for what?"

Xavier pursed his lips and looked down. He did not dare to meet her gaze. "Please forgive me for my past mistakes."

"We were together for more than five years. You broke up with me because I cheated on you with

"I now realize how stupid I was. I lost a woman who loved me the most in the world."

Then, he looked up at Cathy's face earnestly, "I know you still have feelings for me."

"I shouldn't have abandoned you because of your mistake and entered a relationship with Willow."

"Now, I have realized my mistake. I want to start over and pursue you."

"I'm not asking you to come back to me now, but I hope you will give me a chance to woo you

Cathy regarded him for a moment before smirking. "You must be dreaming."

"You cheated on her, and now you say you want to start over with her. Who do you think you

are?"

"Cathy has moved on and found happiness. You should stay away!"

Then, Quinn grabbed Cathy's hand to pull her out of the dressing room.

Cathy furrowed her brow and turned around. She looked at Xavier coldly. "I thought I was clear with you."

"A few days ago during filming, you were also careful to maintain your distance from me."

"Even when the news of Willow's lawsuit against you caused an uproar, you never brought up our past to worsen the situation."

Cathy looked at him for a moment before turning around to leave.

In actuality, Xavier was not stupid. He had believed that Cathy still had feelings for him. That was

"Do I have to repeat what will happen if you fail me?"

He immediately threw the roses away and rushed to chase after Cathy. "Cathy, you can't leave!"

He dashed after her and grabbed her arm and said, "We were in a relationship for five years!"

"How could you abandon a five-year relationship so easily? You are heartless!"

I showed him some mercy on the account of our five-year relationship.

As Xavier was looking at Cathy's back profile in a daze, Ember's cold voice appeared in his

Bluetooth headset. "Are you just going to stand there and let Cathy leave?"

Cathy wanted to laugh.

If not for Willow's betrayal, would he have ever realized his mistake? Cathy wrenched her hand away. "My heart grew cold!"

"Xavier, I'm warning you. Stay away from me!"

Then, even if Cathy refused him, the news would still cause a lot of discussion on the Web. That way, Ember would achieve her goal.

The man was strong. Xavier nearly fell from the force of his shove. He supported himself on a nearby wall and demanded, "Who are you?"

Xavier looked up.

Flynn took the tissue offered by his assistant and elegantly wiped his hands. He behaved as if he

It was Flynn Jasper, one of the prominent actors in the film industry. He stood before Cathy to

"Cathy is my friend."

He looked down at Xavier disdainfully. "I believe I don't have to introduce myself."

"Before you decide to continue harassing Cathy, you should first ask me whether I would continue to let you work in this industry."

She was silently staring at the dressing room door.

There were numerous reporters wielding cameras behind him.

exit.

Xavier immediately kneeled on one knee before her.

Cathy took a deep breath and stood up.

Willow."

Beside Cathy, Quinn was bursting with fury. She kicked Xavier and said, "You scumbag!"

"Wait."

"Why are you here to cause an incident..."

She narrowed her eyes. "Is someone threatening you?"

He looked down and denied it with his all. "No, that's not true."

Xavier turned pale instantly.

"I... I suddenly thought things through!"

why he had dared to order her around.

"Mr. Carter."

I'm heartless?

What about him?

Xavier shuddered with fear.

Later, he realized that she had long gotten over him.

If not for Ember, he would never come here to be shamed.

Xavier stood stunned on the spot and watched Cathy and Quinn walk away with a bitter smile.

Furthermore, I have given him chances.

Xavier gritted his teeth and steeled his resolve to keep going at her. Since there were many reporters around, he decided to persist to the end.

protect her.

had touched something dirty.

"I have power over the whole film industry."

"Let her go."

A cool male voice sounded right when Xavier managed to grab Cathy.

Suddenly, a big masculine hand pushed Xavier's hand away from Cathy.

Therefore, he held onto Cathy's shirt sleeve. "Cathy!"

"You don't know me?"

Xavier was stunned.

Xavier was stunned. "Mr. Jasper, why are you..."

Flynn was 188 cm tall. He was one head taller when standing before a 170 cm tall Xavier.
