## Chapter 55 My Wife is a Little Shy

After taking care of her problems, Cathy quickly cleaned herself and left the bathroom.

"Adrian, let's carry on..."

She uttered hastily as she opened the door.

She was afraid that Adrian had something to say about her accountability as she had been staying in the bathroom for too long.

However, she was met with nothing but silence.

She thought Adrian had fallen asleep again.

But when she lifted her head...

When did these four guys come into the room?!

One could cut the atmosphere in the room with a knife.

At this moment, Adrian was still leaning against the bedhead, while Evan was standing in the

Two seconds later, Cathy came to her senses.

She chuckled awkwardly, "Are you... talking about work?"

Adrian's... act."

"Yes... These are the executives of the company, they heard Master Adrian was attacked, so they've come to pay a visit..."

Evan explained anxiously, as if he had made a mistake. "They arrived early in the morning, but I didn't let him come in as I was afraid to disturb you in your sleep."

"Master Adrian normally wakes up at seven, seeing that it is past nine, I decided to bring them

in..."

He then looked at Cathy apologetically, "Ma'am, I didn't mean to interrupt with you and Master

Cathy was stunned for a moment before it dawned on her what Evan was referring to.

When she said she wanted to carry on, she meant carrying on with their sleep!

tinge of playfulness, "My wife is a little shy."

"Evan, you might've mistaken." She replied uneasily.

Cathy threw a glance at Evan and the three men standing behind him.

Leaning against the bed, Adrian changed his posture indolently, "Go bring me some breakfast."

Having no idea what more she could have said, she turned around to leave the room dejectedly.

It was obvious to her that the four of them were not convinced...

Cathy, "..."

What did he mean by shy? She was merely embarrassed from the misunderstanding!

The breakfast place was all empty. Cathy chose a seat by the window and stared at the outdoor

A couple by the beach had caught her eyes.

While the woman... looked familiar.

Being more dejected, Cathy went out to buy breakfast.

She was none other than Willow Xenos – she who supposedly had been madly in love with Xavier Carter.

At the hotel, after sending the breakfast to Adrian's room, she returned to the room she was sharing with Quinn.

Cathy squinted at the couple and snapped a photo of Willow wrapping her arms around the man's

Quinn was lying on the couch languidly as Cathy walked into the room. "Evan told me half an hour ago that you were still asleep."

"I didn't want to disturb you and Adrian, so I thought I'd just come back and wait!"

She was curious to know who the man next to Willow was at the beach.

Cathy put on a frown and hummed in acknowledgment, then jumped onto the couch and browsed the photos she had taken.

A face which she had no knowledge of.

"Hey, isn't that Director Colin?"

"My lady, you're finally awake."

She knew nothing about an uncle that Willow had.

Cathy and Willow were best friends for six years. She thought she had met all of Willow's family members.

Quinn leaned towards Cathy and instantly recognized the man in the photo.

Cathy zoomed into each photo to scrutinize them, only to see the man's greasy face.

Cathy promptly raised her brows, "You know him?"

"Of course."

Quin nodded her head as she grabbed a bun that Cathy had brought back. "I used to play as a

"Bloody hell..."

Quinn coughed, "Willow Xenos is one of a kind!"

"Isn't Director Colin in his fifties? He's bald, overweight, has a wife and kids..."

Cathy raised the corners of her lips, "So, I wasn't the only one who was cheated on."

But what did he get in return?

"If you leak this photo to the media, the entertainment circle in Ryzan would be shaken once

Quinn sighed, "It seems like Willow's bound to become the female lead of Colin's next movie."

Cathy grabbed her phone, "Quinn, what if Colin doesn't end up choosing her, after all she has

Xavier broke her heart and treated her like trash, thinking that Willow was his true love.

Quinn took a sip of soy milk, "I don't suppose a young woman like her would choose to go out with Colin for love."

"But Cathy, she's already offered herself to Colin, how could she not get the role?"

Cathy had had enough.

Her tone was unusually confident and adamant, which stunned Quinn into a moment of silence.

Quinn breathed a sigh, "Colin's upcoming project is a thriller. Cathy, are you sure you can handle

it, after so many years away from acting?"

She was never interested in Colin's movie.

She had never seen Cathy behaving like this before.

With this air, Cathy had become more charming than ever.

All she wanted to do was steal the lead role from Willow out of spite, especially with the dodgy move she pulled.

Cathy wanted to watch Willow clash and burn.

Finally, she will spread the photos of her and Colin on the Internet.

So, Willow will be banished from the entertainment world!

She remembered the days when she guided Willow from an influencer to becoming an actress, step by step, little by little.

Squinting her eyes, Cathy stared into the distance listlessly.

She never wanted to push things this far.

But Willow and Xavier had been pushing her limits...

Thus, she was only letting them get a taste of their medicine, bringing them to the front page of

the internet and ruining their career at the same time!
