## **Chapter 64 Why Is It Different From Planned?**

Cathy frowned and wondered where Xavier got his confidence from. What makes him th would help Willow this time?

"Cathy."

Xavier pulled Willow to stand before Cathy. Then, he took a card from his pocket and of her. "Since you are going to be an actress, you should dress more appropriately."

"There is a hundred thousand in this card. If you help Willow get the role today, I will pa more in the future."

Cathy looked at the card Xavier held and sneered. "I am Adrian Bolton's wife. What makes you think that I would want this hundred thousand?"

"It is true that you are Adrian Bolton's wife."

Willow began to sneer and looked at Cathy disdainfully. "However, is he willing to let you spend his money?"

"Look at the things you wear. Are any of them worth more than a thousand?"

"You look like a beggar!"

Cathy narrowed her eyes slightly.

After she married him, she had never asked Adrian for money.

The butler had tried to pay her back the money she spent on food for the children, but she had refused.

She did not marry Adrian for his money. Furthermore, she was not interested in living the life of a rich wife.

However, she didn't expect this to become a reason for Willow to look down on her.

Cathy smirked and swept a disinterested glance at Willow's dress.

"Your dress seems expensive."

"Did Xavier buy it for you?"

Although Willow's dress carries a hefty price tag, but...

I have seen her wear this before.

Willow had been wearing this dress when Cathy had taken a photo of her and Direction Colin at Tee City.

Quinn mentioned that after Willow had failed in her plan to frame Cathy, Xavier had lost most of his fortune. Now, he could not afford to be wasteful.

Willow frowned and sneered. "Of course, Xavier bought it for me!"

Cathy smirked slightly. "Xavier is really generous with you. You are wearing all kinds of high-end brands. I believe all these cost at least two hundred thousand."

Willow stood proudly and said, "Of course."

"You think he would treat me like you and not spend a single cent?"

Cathy smiled calmly. "If I am not mistaken, the bag you are holding... There is no flagship store of this brand in Ryzan. Only the neighboring Tee City has it."

"Furthermore, this design had just been launched last month."

Then, Cathy looked straight into Willow's eyes and asked, "Did you go to Tee City recently?"

Willow instantly turned pale.

A few days ago, she had gone to a waterpark in Tee City with Director Colin. Furthermore, she had kept it a secret from Xavier.

Now that Cathy was on the verge of exposing her secret, she began to panic. "I didn't go there!"

Willow rolled her eyes. "I asked a friend in Tee City to buy it for me."

"You have a friend in Tee City?"

Cathy had been close friends with Willow for six years. She knew all of Willow's friends and relatives.

Hearing Willow, Xavier began to frown too. "Willow, since when did you have a friend in Tee City?"

"I..."

Willow avoided Xavier's gaze and snatched the bank card from his hand. "Even if you are unwilling to accept our money, who are you to care how I bought my bag?"

Then, she dragged Xavier towards Thunder Studio. "Let's go."

Xavier followed her unwillingly. "But Willow... What about the audition..."

He knew that with Willow's acting skills, she had no chance of getting the female lead role in Mauve.

"I will get it!"

Willow said confidently. "Just you wait."

"I can get the female lead role without Cathy's help!"

Director Colin promised me. As long as I go out with him once a month, he will give me all his female lead roles!

Today's audition is just a formality. No matter how hard other actresses try, I will be the only winner!

Xavier turned to look at Cathy. In the end, he could only shake his head and follow Willow.

Cathy stood at the same spot and smirked as she watched Willow walk away.

It was nine o'clock in the morning.

The audition began on time.

Cathy, Willow, and a few other actresses were assigned to sit in a small reception room.

The staff at Thunder Studio gave each of them a script. They had to act out the characters specified in the script.

As the staff distributed the script, Cathy noticed that among the five scripts the staff was holding, one of them had a folded corner.

She guessed that the script with the folded corner was to be given to Willow.

It seemed that Willow and Director Colin had come prepared to face this audition.

"Excuse me, I would like to change to another script."

When the staff was about to give Willow her script, Cathy held onto the script and said, "I think everyone who comes to audition should choose their own script."

"You think?"

Beside her, Willow rolled her eyes. "You think your opinion matters here?"

"Hah, you think you can be the female lead? You should just act out the character that has been assigned to you!"

After that, she looked at Cathy disdainfully and sneered. "What's wrong? Are you afraid that you can't act well?"

"I thought you would have no problem with this."

An actress sitting nearby sneered. "You were only a stunt double, and yet, you wish to play the female lead. What an arrogant person."

Cathy narrowed her eyes but did not say anything. However, she still held onto the script the staff was holding and refused to let go.

"Miss, you better not cause trouble here."

The staff rolled her eyes at Cathy and pulled the remaining scripts from her with a strong tug. Then, she continued distributing them.

After the staff left, Cathy chuckled and sat comfortably in the chair, waiting to watch the show.

Willow would audition after Cathy.

The staff exchanged a glance with Willow and was about to give the marked script to her.

However, she looked down and saw that...

All the remaining scripts had their corners folded!

The staff panicked.

Willow did not know what was going on and demanded her script.

"Give it to me. I need time to prepare."

She expected to receive the script she had practiced numerous times with Director Colin. Therefore, she was confident she would get the role.

However, the staff broke out in a cold sweat.

She could not stand the impatient urging from Willow and the other actresses.

In the end, she chose a script and gave it to Willow.

"Yes, I will become the female lead this time!"

Willow opened the script happily but became stunned instantly.

Why is it different from planned?
