Chapter 65 I Don't Want the Male Lead Role
```

Cathy smiled when she saw Willow's face turn white as a sheet. She had guessed right.

The script with the folded edge was what Director Colin had prepared for Willow.

She felt good as she opened her script to get ready.

Ten minutes later, Cathy was the first to audition.

There were only ten minutes to prepare.

When she entered the audition room, she realized that she knew two out of the five judges.

One of them was Penelope, the renowned actress. The other was Tyrell.

As for the remaining judges, there were Director Colin and two experienced producers.

Cathy took a deep breath and began her performance.

Although she only had ten minutes to prepare, Cathy had been analyzing scripts for Xavier and Willow for years. Therefore, she quickly understood the different layers of her character's emotional characteristics and psychology.

Cathy understood her character's joy and despair. In the span of two minutes, she brought her character to life before the judges.

After she finished acting, there was thunderous applause in the room.

"I didn't expect Cathy to be this good!"

Outside the reception room, three actresses gathered together and sighed. "It's amazing that a stunt double can perform so well!"

"I even feel that I'm not as good as her..."

"I feel the same too..."

Then, the three actresses turned to Willow. "What do you think?"

with him.

Furthermore...

Willow bit her lower lip.

She could not deny that Cathy has good acting skills.

However, she had to get the lead female role this time.

If not for getting this role, why would she sleep with Director Colin?

Since she had put in so much effort, she could not let it go.

If the three judges gave her high marks, she would not lose to Cathy.

full score would only be released at the end.

Why is this actress performing it?

Willow was the final candidate.

What is going to happen to my darling Willow?

Willow narrowed her eyes.

With the exception of Penelope and Tyrell, Director Colin had bribed the rest of the judges.

However, to ensure fairness and to prevent the scores from affecting the next actress' audition, the

Director Colin was old and a pervert. She had to push down her nausea whenever she spent time

Soon, another actress went in.

Therefore, after Cathy finished her performance. The staff took her score away.

Director Colin was stunned the moment the actress began to perform.

Isn't this the script I prepared for Willow yesterday?

Penelope noticed that Director Colin was not paying attention to the audition.

Director Colin watched the audition uneasily.

In order, the other actresses came and completed their auditions.

She smiled and reminded gently, "Director Colin, please be professional."

When Willow walked onto the stage, they encouraged her and said, "I'm looking forward to your performance."

"Your demeanor and appearance fit what I want for my female lead."

His words carried a clear message.

"I look forward to more collaborations with you."

More collaborations?

Meanwhile, Willow performed badly in the audition room.

The other actresses were stunned.

"It seems like the role is yours."

I knew it!

her!"

Once I reveal that photo of Director Colin and Willow, Willow won't be the only one going down. Even Director Colin wouldn't be able to work in this industry anymore. How can they have more collaborations?

He was encouraging Willow that even if she failed this audition, there would be other chances.

Cathy gracefully crossed her legs as she sat outside the audition room. Her mouth formed a sneer.

"That's right."

"Isn't she an actress expected to win the Best New Actress at the Academy Awards this year?"

"She must have gotten the nomination through unsavory means. Even my dog can act better than

After the auditions ended, everyone congratulated Cathy as though she has already secured the

It was as Cathy expected.

The lead actress for Mauve is..."

Meanwhile, I have three high scores!

After that, one of the actresses turned to Cathy. "Congratulations."

Willow laughed from the side.

With these thoughts in mind, she walked to Cathy smugly and patted her shoulder with fake pity.

After that, she looked down at her fingernails. "I should go back and research how to play this

She leaned close to Cathy and whispered, "Next week, I will still win the Academy Awards' Best

The staff proceeded to announce excitedly, "Ladies and gentlemen, the scores have been revealed.

Unfortunately, when they showed the scores from the audition, Cathy's score was not high.

Even though Tyrell and Penelope gave her high marks, the other three judges failed her.

"Don't be sad."

"Do you now regret not taking the hundred thousand Xavier offered?"

Other than Penelope and Tyrell, the rest of the judges are on my side!

"Cathy, you can't fight me."

Director Colin's face instantly turned pale upon seeing them.

One of the renowned directors stood up and said, "We were watching the auditions just now."

A few renowned directors and producers from the film industry sat in the room. There was also

"I don't understand why the three of you refused to pass Cathy Shaw despite her amazing acting skills. Instead, you passed Willow, who only knew to fake cry."

It turned out that there was another room behind the judges' seat!

"We are not the only ones who found this unbelievable. Even the male lead, Flynn, found it ridiculous."

"Can you give us an explanation?"

Director Colin's face turned gray. "I..."

"I..."

Suddenly, Flynn stood up and turned around to leave. "If this is your standard for a female lead

"I would rather forfeit the male lead role."
