Hurt?

Cathy frowned and wiped her face subconsciously.

"Hiss--!"

Only then, she felt a wound on her left face when she touched it. Someone had scratched her with a fingernail.

It was not a deep wound. But it still hurt when touched.

"Don't move."

The man grabbed her hand. He was distressed. He carefully held her face with his other hand. "Why didn't you run away?"

me?"

After all, she had been a martial arts stand-in for five years. He believed that she would have been able to easily escape that situation just now.

Why did she just stand there stupidly and let them surround her?

Cathy pursed her lips. "I was afraid that you'd come as soon as I left. What if you couldn't find

Those women did not go overboard too. They had only surrounded her and attacked her with

words.

She was actually used to this.

When she was deceived by Willow last time, she heard words that were a thousand times more mean, and she survived it.

call me to pick you up at another place after that?"

She did not have his contact number?

Do you have to let those women surround you like that?

He heard what those women said about her just now.

Adrian was amused but irritated at the same time by her reply. "Can't you just run away first then

Those unpleasant words were new to him.

Cathy raised her eyes and looked at him innocently. "But I don't have your contact number."

"You have never given it to me."

Cathy pursed her lips. "I have both Abner and Arius' phone number..."

Adrian: "..."

Adrian: "..."

After that, the man handed her the phone indifferently. "You have my number now."

Cathy pursed her lips and quietly put her phone away.

"Don't do anything stupid next time again."

The atmosphere in the car was a little awkward.

The woman quickly shook her head. "No."

He stared at her for a little while more.

"Turn around. Go to Yoel's hospital."

The man took her mobile phone and entered his number coldly.

He frowned and quietly saved his contact number as 'darling'.

The man stared at the wound on her left cheek with his bottomless eyes. "Does it still hurt?"

Cathy pouted. Just as she was about to find something to talk about, he held her jaw.

To the hospital?

Adrian refuted with a cold face. "Cathy Shaw. Remember this. You will be an actor in the future."

Cathy quickly waved her hand. "There's no need for that. It's just a small injury."

She actually wanted to say that his scar could be covered with a concealer!

"No."

Cathy: "..."

"If you were to come later..."

"See. I told you that I was fine."

Adrian: "..."

left."

"You cannot get hurt."

"Your face is very important."

"My goodness! This wound!"

At the hospital, Yoel frowned as he inspected Cathy's wound. "Luckily you came in time!"

The serious look on his face made Adrian frown fiercely. "What will happen?"

Cathy couldn't help but laugh when she saw his face go green.

But he was so concerned about her that it made her feel sweet inside. She bowed her head in joy.

Yoel sighed. "If you were to come later, it will heal on its own!"

After saying that, he took out a plaster and put it on Cathy's wound. "Treatment completed."

"Go and get her medicine."

Yoel took a piece of paper beside him and scribbled on it. Then, he passed it to Adrian. "I have

prescribed her an ointment. Apply it on the wound after it is scabbed, and there will be no scars

Yoel rolled his eyes and said. "This is a gesture in which you can express your sincerity."

Adrian gave him a cold and indifferent look, but he turned around and left after that.

Adrian handed the note back to Yoel grimly.

introduced himself. "I'm Yoel Bailey."

Cathy shook his hand politely. "Nice to meet you."

He was the first person she had met who dared to joke with Adrian.

how to express himself. He will not tell you many things on his own."

like him wouldn't have cared about such a small injury."

Yoel waved his hand. "I should be the one thanking you."

Cathy's face flushed. "He... might not like me."

"If it weren't for you, I would have assumed that he wanted to die alone."

Adrian was indeed kind to her. But this was all because she was his wife.

anytime. I will tell you everything I know."

"I'm one of Adrian's few friends."

"He has a crush on you."

"Don't mention it."

"You're his first love."

"And."

"But she isn't."

"However..."

So...

"Yes!"

Cathy frowned. "What?"

you something interesting."

"I spent almost five years treating him!"

Cathy was stunned. "Phobia for women?"

"Go and get it yourself."

She had met Doctor Bailey before. But she did not expect him to be so close with Adrian.

Yoel turned his head and glanced in the direction Adrian had left to. "Otherwise, a cold person

After he finished speaking, he turned his head and looked at Cathy. "Master Adrian does not know

"But I know him quite well. If you have any doubts or questions about him, you can ask me

After he left, Yoel couldn't help but smile at Cathy. He extended his hand towards her and

Cathy paused. She suddenly realized that Yoel had deliberately sent Adrian off to tell her this.

She felt a little warm inside. "Thank you."

Yoel immediately denied it. "Adrian only wanted to give her a home at first. After she died, he swore that he would never marry again the in future."

The woman's gaze fell. "Shouldn't the first woman he loves be Abner and Arius' mother?"

"Okay, we shouldn't talk about this."

"I reckon, you do not know that Adrian has a phobia for women before this."

Is this one of the reasons he married her? Because Abner and Arius liked her?

"However, the woman's last wish was for him to give the two children a mother."

"Although he was reluctant to accept it, he gradually felt this need as the two kids grew up."

Yoel realized that the topic was getting serious. He smiled and changed the subject. "Let me tell

he threw her out immediately without mercy!"

"That girl was so beautiful... What a waste..."

Before Yoel could finish his words, he was interrupted by a man's cold voice.

Yoel was overwhelmed with excitement as he started his story. "Once, a woman in his company

wanted to seduce him. She wore a pair of sexy lingerie to his room in the middle of the night. But

Yoel smiled unnaturally, then turned to wink at Cathy.

Cathy quickly got his meaning. She stood up and walked towards Adrian, "Let's go home, Master

Back in the car, the man asked with a cold face.

"Then I'll find her back and give her to you."

The man in the white coat shuddered.

"You...You're back."

Bolton."

Adrian gave Yoel a cold glare and left with Cathy in his arms.

"What did he tell you?"

"Nothing. Just that you had a phobia for women..."

Seeing his face turn ugly, Cathy quickly continued. "This is just a small matter."

"I used to have a phobia for men too."

The man's brows knitted against each other as he stared at her in disbelief.

any man touch me."

"It's true."

"What happened after that?"

The woman's face blushed slightly. "I was cured without medicine after I married you."

Cathy looked at him seriously. "I went to see a psychiatrist too before this. I cannot stand having
