Chapter 99 Mr Bolton, I Advise You to Be Quiet
```

It was early morning, and sunlight shone into the Bolton's family villa through the window.

In the kitchen, Abner wore something that looked like armor. He was holding a metal mask with one hand and a spatula with the other. He stood on a small stool nervously, watching eggs frying in a pan.

When the eggs sizzled, Abner could not stop himself from shouting, "Arius, Arius, is it going to blow up?"

"My goodness! This is too scary! I might burn down the kitchen!"

"You're too noisy."

"Are the eggs done yet? It has already been thirty seconds!"

On the other side of the kitchen, Arius calmly cut fruits and vegetables into pretty shapes.

"Arius..."

Abner's shrill voice sounded again.

there is no leakage, it won't explode."

"Secondly, it's on low heat. Our kitchen is not that fragile."

Arius frowned impatiently and glanced at Abner. "Firstly, cooking gas is safe to use. As long as

Then, he glanced at Arius's armor in disgust. "I believe your armor cost a hundred thousand,

right?"

"Thirdly, thirty seconds is just the beginning. You need to be more patient."

He had gone to an exhibition with his grandfather and took a liking to this armor.

Since his grandfather doted on him, he had paid a high price to purchase the exhibited armor for

Arius rolled his eyes and pulled Abner down from the small stool. "You're only frying eggs. Isn't

Abner was stunned for a moment before nodding. "I think so."

it a bit too much?"

Then, Arius climbed onto the stool, grabbed a spatula, and flipped an egg skillfully.

However, he made a slight mistake and caused the yolk to break and spill everywhere.

Therefore, he tried to lift the other egg carefully.

Unfortunately, it broke too.

I lovingly prepared it for mommy!

Arius frowned and said, "It is just an egg. I can fry you another one."

Abner frowned unhappily. "Arius! You broke my egg!"

"No! I want this egg!"

"How can you break someone's eggs?"

Upstairs.

Abner shouting.

How can he break it with the spatula?

Cathy had finished changing her clothes and was about to go downstairs. Suddenly, she heard

Abner threw a tantrum and started shouting in the kitchen. "Arius, pay me back my eggs!"

"I'm hurt!"

"Arius, how could you do this to me?"

"I only have two eggs. Arius, you broke them both!"

She was stunned for a moment.

Cathy Shaw was rendered speechless.

Then, he heard Abner's furious voice.

Adrian instantly went pale.

Adrian ordered someone sternly.

Abner panicked.

Adrian was stunned for a moment.

Abner's face instantly lit up as if his savior had arrived.

"He hurt me, but he refused to apologize or compensate me!"

He immediately carried Abner and rushed outside the villa.

What is he talking about?

"What's wrong?"

He put on a sad expression and rushed into Adrian's arms. "Daddy, Arius damaged my eggs!"

Adrian frowned and walked past Cathy. He rushed down the stairs and asked, "What's going on?"

Adrian frowned and walked toward Cathy when he saw her pausing before the stairs.

Adrian was doing.

"Get the car. We are going to the hospital."

He laughed and said, "Daddy, Abner is fine. He doesn't have to go to the hospital."

On the other hand, Abner, who was still dressed in full armor, panicked and wondered what

Arius frowned and instantly understood what Adrian had misunderstood.

"The eggs he was talking about are fried eggs. I damaged them."

Arius and said, "Daddy, I couldn't fry eggs well... I don't have to see the doctor for that, right?"

Cathy remained at the top of the stairs and understood what was going on.

"You don't have to know."

Why does daddy look so sullen...

Arius had made a fruit and vegetable platter.

While Abner had made a plate of messy fried eggs.

There was also toast, and milk warmed by the microwave.

It was not a lot, but every item was made by the two children.

It was a simple breakfast.

"Sure."

"Yes!"

alone."

"I am touched by your concern for me."

Abner pursed his lips and reminded Cathy.

Abner and Arius exchanged glances.

"How can you say 'me too'? That's so insincere!"

"Daddy, what do you mean?"

Adrian was rendered speechless.

She grabbed the handrail and laughed. "Abner, you should speak more clearly next time. Otherwise, people might misunderstand!"

Abner looked confused and indignant. "I don't understand what you all are talking about..."

Arius shrugged and dragged Abner into the kitchen. "You need to bring the breakfast to the table."

As Adrian stood stunned, Abner took the chance to jump down from his arms. He hid behind

What were mommy and Arius laughing about?

Abner was still confused when he brought breakfast to the table.

Soon, Arius and Abner brought all the breakfast dishes to the table.

"I heard from daddy that mommy got caught in the rain last night and had to go to the hospital."

Arius sat at the table with a solemn expression. He looked like a little adult as he said, "Abner and

braved 'danger' to cook them.

Although she did not know what Arius and Abner's real mother was like, she felt that their mother must have been a kind person. After all, Arius and Abner were kind and caring children.

"Therefore, I promise to never run away from home again."

Adrian put some food on Cathy's plate and said, "Me too."

"Mommy, I braved dangerous conditions to cook these fried eggs!"

Arius added calmly, "You must trust us. It does not matter what others say. Abner and I accepted you as our mother."

"Also, you must not keep everything to yourself and not tell any of us. You must not bear sadness

I woke up early today to prepare breakfast. We wanted to express our concern for you, mommy."

Abner had taken off his armor and smiled happily as he pushed the plate of fried eggs to Cathy.

Cathy looked at the plate of fried eggs. She felt inexplicably touched when she heard that he had

Adrian was rendered speechless.

He glanced at the two children coldly. "It seems the both of you have a lot of free time today."

"One of you should go play chess with grandpa, while the other can work out with Uncle Andy."

"We made this breakfast for mommy to declare our feelings for her. You can't jump in!"

"If you want to declare your feelings for mommy, you should cook a meal for mommy too."

husband!"

Cathy, who was eating, was stunned for a moment.

Arius was speechless.

"Erm..."

Abner had a shocked expression.

She pursed her lips. Her phone rang as she was thinking about what to say.

It was a call from the director.

The two children looked pale as they turned to Cathy. "Mommy, you should control your

After answering the call for a while, Cathy hung up and said, "Anyway, I should go to work."

With that, she finished her breakfast quickly and left with a backpack.

Adrian, Arius, and Abner were left in the dining room, staring at each other.

"We are not going!"

Abner protested, "We have done nothing wrong!"

Arius said firmly, "Mr. Bolton, I advise you to calm down."

"Arius, go play chess with grandpa. Abner, go work out with Uncle Andy."

"If you punish us..."

Arius looked up fearlessly and met Adrian's gaze. "We will let you experience what it is like to never be able to sleep in the same bed as your wife."
