

GOF 1861

## **Chapter 1861: Wall of Death Shattered**

Buzz!

As soon as Han Fei rushed into the light spot, he felt a terrifying suction force.

In front of Han Fei was a huge millstone. He had come out of this millstone before.

At this moment, Han Fei turned into a black and a white mist, stirring in the millstone. When his speed reached a limit, Han Fei was crushed by the millstone.

When Han Fei came back to himself, he had already left the millstone.

However, at this moment, Han Fei suddenly heard two voices.

Little White said, "Dad, I'm going to make a breakthrough."

On the other side, in the Sea Quelling Painting, Water Luster reported, "Master, there is movement in the crab egg. It will hatch soon."

Han Fei's heart did a flip. "Girl, wait a moment. Don't be hasty!"

This space still had a suction force. Han Fei had to take advantage of this time to get out first. And if he wanted to get out, with the experience from when he came, Han Fei knew that he needed to use the Supreme Yin-Yang Wheel.

Buzz!

The Supreme Yin-Yang Wheel appeared, and Han Fei said, "Little Black, Little White, hold on for half a day. After we go out, you can make a breakthrough."

When he came here, Han Fei came through the bottomless hole of the Scattered Stars Island. When he went back, he would certainly go back through the bottomless hole.

Under the effect of the Supreme Yin-Yang Wheel, Han Fei estimated that in less than half an hour, he would be able to escape the suction force of the Yin-Yang Great Millstone.

At this moment, Han Fei was returning with the help of the spinning power of the Supreme Yin-Yang Wheel.

However, it was different from when he came.

When he came, Han Fei only needed to fall freely.

When he went back, the rotation of the Supreme Yin-Yang Wheel brought a massive amount of energy gathered. When he left the Wild Abyss and went to the Raging Sea, he was filled with a lot of energy.

Now, the energy had been digested and absorbed in various ways in the past two years. Up to now, only ten or twenty percent hadn't been completely digested. Of course, the energy that gathered now could be swallowed too.

Han Fei asked, "Old Yuan, how are you?"

The old turtle said weakly, "No! Fortunately, that guy is just a projection. If his real body is there, you won't be able to escape at all. I can be sure that he has indeed reached the Sky Opening realm."

"Son of a b \* tch..."

The old turtle: "..."

Han Fei: "..."

Han Fei said, "When we return to the Yin-Yang World, I'll use the Heaven Enlightenment Divine Technique on you and help you recover."

...

At this moment, Han Fei was leaving the bottomless hole.

As for Xia Xiaochan, Nian'er, Yin'er, Xiao Se, and Earth Nine, they were all gathered on the sea area in the Sea Quelling Painting.

Xia Xiaochan stared at the crab egg and said, "Just now, a large amount of power suddenly surged into the painting. This might be the reason why it's coming out. Unfortunately, the energy is still not enough..."

Immediately, Xia Xiaochan threw the Hexagon Starfish out. "Big starfish, open your mouth and feed the little crab."

The Hexagon Starfish couldn't have felt worse. "We don't know this crab well. Didn't you see how much energy it just ate? In total, there are a million ultra-quality spiritual stones and more than a hundred thousand spiritual fruits. My god! It can eat even more than me..."

However, Xia Xiaochan grabbed the Hexagon Starfish's tentacle. "Big starfish, why are you so stingy? The resources in your door are all mine. I can give them to the crab as I please..."

At this moment, Han Fei's voice suddenly appeared in the Sea Quelling Painting.

Han Fei said, "Master Hexagon, throw out the ultra-quality spiritual stones. I'll absorb some energy from the outside. Girl, we're about to return to the Yin-Yang World. We need to wait for half a day."

When Xia Xiaochan heard that she was about to return to the Yin-Yang World, she immediately exclaimed happily.

Xia Xiaochan said, "I have energy."

Han Fei was lost for words. "I'm wrapped in infinite energy. I'm bursting..."

Everyone : "..."

The Hexagon Starfish hurriedly said, "Give it to me, give it to me!"

Buzz!

Everyone immediately felt that a huge amount of energy had been injected into the world. Although it was not so pure, everyone had their own cultivation techniques, so they could remove the impure energy while cultivating.

With Han Fei's energy supply and the ultra-quality spiritual stones that the Hexagon Starfish reluctantly took out, the crab egg gradually burst out with dazzling light.

After only a moment, cracks appeared on the crab egg.

Crack!

Under the watch of everyone, with a crack, a crab claw suddenly pierced through the crab egg.

The Hexagon Starfish asked in confusion, "Why does a crab egg have an eggshell?"

Xia Xiaochan was lost for words. "That's not an eggshell, but a solidified crab roe."

Crack ~

The shell peeled off piece by piece, and everyone soon saw a small green and red crab about a foot long, tilting its eyes and looking at them.

...

Outside, Han Fei's energy was still being supplied. But at this moment, King Ba Crab in the Sea Quelling Painting had reappeared, and the energy demand was not so high.

At this moment, Tree Spirit and Fire Seed were overjoyed. This was the first time such a large amount of energy resources had been channeled into the Sea Quelling Painting.

However, three hours later, everyone wasn't happy anymore.

This was because more and more energy was entering.

At first, it just descended on the sea.

However, it soon filled the Sea Quelling Painting.

After several hours of large-scale infusion, the energy level in the Sea Quelling Painting was nearly eight times higher than before. Logically speaking, it was a good thing to have more energy, but it might not be good to suddenly have so much energy injected.

The growth of ordinary creatures should be gradual. With so much energy suddenly surging in, they couldn't absorb it even if they wanted to!

Fortunately, Han Fei suddenly felt that his body was lighter. The suction force from the abyss had completely disappeared, and the energy obtained from the outside world by the Supreme Yin-Yang Wheel slowly decreased.

To be safe, Han Fei maintained his current state. After half an hour, Han Fei's heart stirred. He seemed to have reached the threshold of getting out.

With a buzz, Han Fei removed the Supreme Yin-Yang Wheel, tapped the tip of his feet, and rushed out crazily.

...

Yin-Yang World, Scattered Stars Island.

Luo Xiaobai was discussing something serious with others.

In the Marshal's Mansion, there were 38 Venerables sitting here.

The Yin-Yang World was different from the outside world. Any of the ten pirate ships in the outside world might have dozens of Venerables gathered.

However, here, dozens of Venerables had gathered, which meant that something big had happened.

One of these people said, "Jing'er, the Wall of Death has cracked this time, and our Yin-Yang World is the first to bear the brunt. Can the queen help us?"

Jing'er sighed softly. "I've come in person, which shows how friendly the queen is to the Yin-Yang World. I can defeat ten Venerables alone. Besides, when I came, problems began to appear in the Wall of Death in the Water-Wood World too. Two years ago, the number of cracks that suddenly appeared in the Wall of Death was quite small. Today, five hours ago, hundreds of cracks appeared in the Water-Wood World. The fact that I can come to the Yin-Yang World at this time means that the queen has done her best."

In the crowd, Xue Shenqi said, "The queen is a Sea Establisher. Have you found out why the Wall of Death cracked?"

Jing'er shook her head. "There's no way to investigate. Even if the queen is powerful, she can't investigate such a large sea area. She can't cut open the Wall of Death and go in to investigate, right? When I came, the Wall of Death was in danger, and the queen was already guarding it."

Luo Xiaobai frowned and looked at the people on the Scattered Stars Island. "We can't wait anymore. I have to inform the Scattered Stars Island that everyone below the Hidden Fisher level has to evacuate to the Water-Wood World."

After that, Luo Xiaobai said, "Open the passage between the Yin-Yang World and the Water-Wood World and fully open the teleportation arrays between the Thousand Star City and the 36 towns to the Scattered Stars Island. Tell the people that this is a life-and-death crisis for human beings. The entire Yin-Yang World is about to be moved."

Buzz!

For a moment, everyone's expression turned ugly. Since they learned about the layout of the so-called Thirty-Six Mystic Worlds, who was willing to run to other Heavenly Palaces and live under someone else's roof?

Everyone had believed in the Sea God all their lives. Now, they were suddenly going to the Water-Wood World... In the future, would they have to believe in Queen Life?

However, no one objected to Luo Xiaobai's decision. The people in charge of the seven major sects all stood up. "The seven major sects will take the lead and arrange for someone to do it immediately."

Buzz!

Luo Xiaobai was always swift and decisive in doing things.

Something had happened to the Wall of Death, which was the news brought by Jing'er. More than four hours had passed since they received the news.

Luo Xiaobai had very little time to prepare.

Once the Wall of Death shattered, what awaited them would be countless powerful explorers. At that time, with the situation in the Yin-Yang World, it was impossible for them to deal with it.

Therefore, Luo Xiaobai set the tone at the beginning of the meeting: Yin-Yang World would be relocated.

At this moment, a curtain appeared in the sky, covering the entire Scattered Stars Island.

Immediately, someone exclaimed, "Oh! The Sky Hanging Mirror appeared again? Since Marshal Han left, this is the first time the Marshal has used the Sky Hanging Mirror, right?"

Someone said solemnly, "It's Marshal Luo Xiaobai. This person has always been meticulous. It can't be a small matter for her to use the Sky Hanging Mirror. Come on, return to the team."

Someone sighed. "The Sky Hanging Mirror appeared. What happened?"

Luo Xiaobai's cold voice sounded in the sky.

Luo Xiaobai said, "On the Scattered Stars Island, everyone, put down what you're doing immediately. Listen, everyone, quickly find your superior units. The itinerant cultivators quickly gathered outside the Transverse Mountain... Three hours ago, cracks appeared in the Wall of Death, and a great disaster is coming. A million explorers may cause trouble to the Yin-Yang World. In order to protect the foundation of the human race and continue the human bloodline, I've decided that from now on, the entire Yin-Yang World will move to the Water-Wood World..."

"Hiss ~"

"What?!"

"The Wall of Death is broken? Isn't it supposed to be unbreakable? Even a king can't enter it. How can it be broken so easily?"

"F\*ck, it's over. Come on, let's go to the Transverse Mountain."

"F\*ck, why did they only inform us now?"

Someone said, "Stop complaining. Marshal also said that the Wall of Death was broken only several hours ago. Who could have expected it?"

Luo Xiaobai looked solemn.

In the sky curtain, she repeated the arrangements.

Then, she immediately changed her words. "All Law Enforcers on the Scattered Stars Island, return to your positions and make personnel arrangements. Bring your people into the passage to the Water-Wood World as fast as you can. I, Luo Xiaobai, will buy time for you. Please cherish every second from now on..."

#### Chapter 1862: Yin-Yang Crisis

In the two years that Han Fei was away, Luo Xiaobai managed the Scattered Stars Island well.

Because the sea demons near the Scattered Stars Island were eliminated, the Scattered Stars Island, or even the entire Yin-Yang World, welcomed a comprehensive development.

Whether it was the number of high-level cultivators, the supply of Spirit Awakening Fluid, or the effect of children's Spiritual Awakening, it was more than several times higher than decades ago.

Besides, the effect was still improving.

In addition to cultivation, they also had more manpower in refining weapons and pills.

Under the trend of rapid development, everything was flourishing.

Before Han Fei, the supreme commanders were defense generals who protected the Scattered Stars Island. As for Han Fei, he was the general who conquered cities and destroyed all enemies. As for Luo Xiaobai, she was the person who planned the development and tried to improve the cultivation environment of the Yin-Yang World.

However, ordinary people might be immersed in the tide of the rise of human strength. However, for strong masters like Luo Xiaobai, the situation was different.

They knew that both the Yin-Yang World and the Water-Wood World had a great threat, which was the Wall of Death.

The Water-Wood World was fine because the Water-Wood World had a king, but the Yin-Yang World didn't. The strongest people in the Yin-Yang World were currently Cao Tianzhi and Tang Yan.

When Han Fei wasn't around, these two people kept each other in check. But in fact, the reason why neither of them took over the entire Yin-Yang World was because of Han Fei.

At this moment.

Luo Xiaobai informed the entire island that she had made a temporary decision to migrate. The determination in it was unprecedented. Was it really easy for Luo Xiaobai to do that?

From the Thousand Star City to the 36 towns, how many people had no talent at all? Their strength might only be at the fisher level.

These people didn't even have the power to travel. Did they really have a way to migrate?

This series of questions flashed through Luo Xiaobai's mind many times.

...

However, as the supreme commander of the Scattered Stars Island, what she needed to consider first was to preserve the foundation of the human race. She had to make a choice at this moment.

Most strong masters understood Luo Xiaobai's decision. In fact, everyone knew the seriousness of the matter. After all, Han Fei had already told them about the Wall of Death.

However, many ordinary people didn't know!

At this time, when they heard that they were going to migrate as a whole, someone exclaimed, "Ridiculous, we all have families, and our wives and children are still in the town. How can we leave? No, I want to go home and pick up my wife and children."

Someone was puzzled. "Why do they want to run away? It's just some cracks. Maybe it won't crack for a few years, decades, or even a hundred years! Why do you have to move immediately?"

"The Yin-Yang World has existed here for tens of thousands of years and we're all safe and sound... Why do we have to make such a great choice in one day? What kind of shocking crisis made the human powerhouses so scared?"

â€!

At this moment, Luo Xiaobai took the time to come to the top of the Emyrean Waterfall.

Han Fei's avatar, or rather, Han Fei, was chatting with Luo Xiaobai.

Han Fei asked, "How do you have the time to come to me?"

Luo Xiaobai said, "The first thing I did after I made the decision was to find you, because I suspect that this matter has something to do with you."

Han Fei narrowed his eyes. "I have the same feeling."

Luo Xiaobai said, "The crack in the Wall of Death happened a few days after you left. You said that there wouldn't be a problem with the Wall of Death for a while. However, since it has appeared, it's suspicious. Today, there was a problem on both sides of the Yin-Yang World and the Water-Wood World. I thought that you would return. However, more than three hours have passed, but you haven't appeared. I can't take the risk, so no matter if you return or not, this decision must be made."

Han Fei frowned. "There are some things I have to tell you now."

Luo Xiaobai asked, "What?"

Han Fei raised his hand, and a pair of scimitars appeared in his hand.

Luo Xiaobai looked at the scimitars in confusion.

Han Fei said, "This knife is called the Blade of Hope. In theory, it should be a top treasure that surpasses a Sea Quelling Bizarre Treasure. A few months ago, it returned with a memory."

Luo Xiaobai's face turned pale, but she still gritted her teeth and said, "Speak."

Han Fei sighed slightly. "The memories brought back by the Blade of Hope are some of the insights my original body had before he died. I've found Xia Xiaochan, but unfortunately, my original body might have died."

After all, Han Fei's avatar couldn't reach the outside world and couldn't synchronize with his original body.

The Blade of Hope was invisible in the first place.

It returned with a mission.

This mission was to let Han Fei enter the outer domain again, find his original body, and take back everything that belonged to him, including the Demon Purification Pot.

Han Fei had been hesitating these days whether to tell Luo Xiaobai the news or not. However, now that there was a problem with the Wall of Death, he had to tell her.

Luo Xiaobai was silent for a long time. In the end, she took a deep breath and said, "Got it. Zhang Xuanyu and the others should be back. Prepare for battle. You are no longer a Half-King. You are only a peak-level junior Venerable. It's already good enough that you can fight two peak-level junior Venerables."

Han Fei's eyelids twitched, and he smiled. "You underestimate me, don't you? I can fight ten..."

â€¦

After Luo Xiaobai announced the decision to move, the entire Scattered Stars Island fell into complete panic.

In the fifth hour, all the places in the Yin-Yang World had been notified.

There was an endless stream of people going to the Scattered Stars Island.

However, the passage between the Yin-Yang World and the Water-Wood World was there. Even if they kept stuffing people in from the beginning, how many people could they stuff in?

The size of the entrance was limited after all. Even if many people didn't want to evacuate, there were still many people who were willing to obey the order. There were billions of people in the Yin-Yang World. How could they pass the passage easily?

Buzz!

By the fifth hour, the Scattered Stars Island was already overcrowded.

What did it mean to take refuge?

The scene was exactly like this.

Robbery, smashing, looting, killing... These things that most people didn't dare to do were happening everywhere now.

After all, Luo Xiaobai couldn't stop those short-sighted people.

It was fine on the Scattered Stars Island, but in the Thousand Star City and the 36 towns, even if such a thing happened, no one could deal with it.

At this moment, Luo Xiaobai stood high in the sky, looking at the chaotic scene, feeling a little sad.

All her efforts had suddenly collapsed because of a sudden piece of news... At this moment, everyone was at loss.

At this moment, she suddenly remembered the words she heard in the Ideal Palace. Yes, she shouldn't have remembered them, but she suddenly remembered them. "Everyone below the king is an ant. As a sacrifice, no one can escape..."

In a daze, Luo Xiaobai suddenly felt that this sentence was very appropriate. All living beings were ants! And ants seeking to survive, this was the depiction of the world... Perhaps, this was also the depiction of all races.

Crack ~

At that moment, a faint blue color appeared on Luo Xiaobai's body. The power of the Great Dao was rich, and she had broken through to the intermediate Venerable realm.

Han Fei saw this scene.

At this moment, Han Fei, Zhang Xuanyu, Le Renkuang, Tang Ge, and Mu Ling were also here.

Mu Ling sighed. "You shouldn't have put such a heavy burden on Luo Xiaobai, a young girl."

Han Fei said, "Xiaobai is the best candidate I can think of. You can't blame her. The place we live in is full of danger."

Bang!

Han Fei was about to sigh.

Suddenly, everyone raised their heads and looked into the distance.

Zhang Xuanyu exclaimed, "There's surging spiritual energy and energy. What's going on?"

Buzz!

Tang Yan's voice appeared in Han Fei's mind.

He said, "Let me tell you some bad news. The Wall of Death has dozens of big cracks. The enemy might be coming!"

Han Fei's face suddenly changed, and he murmured, "The Wall of Death is broken."

Swish! Swish! Swish!

Everyone's expression immediately turned ugly.

The thing they were most worried about still happened!

However, no one expected that the Wall of Death would be broken so quickly! It had only been five hours.

Buzz!

At this moment, Cao Tianzhi suddenly appeared beside everyone.

Cao Tianzhi looked at Han Fei and said, "If I can't resist them, can I enter the Water-Wood World?"

Faced with this Half-King, Han Fei said casually, "If you can't even resist them, Yin-Yang and Water-Wood World will unite into one. Are you in a hurry?"

Cao Tianzhi looked solemn. "Do you think we can stop them now?"

Han Fei said, "Then let's see... which power will come out of the cage first..."

Han Fei couldn't judge based on where he entered.

This was because Han Fei suddenly suspected that the cage was actually operating. Perhaps it was like the operation of Earth!

For example, the Forest of Terror was connected to the Blood Sea Divine Wood City. For example, he went from the Yin-Yang World to the territory of the Demon Beast Union. For example, the Black Blood City could actually directly attack the Yin-Yang World... And the Black Blood City was opposite to the Ten Thousand Beast Island. Therefore, it was impossible for the Yin-Yang World to connect these two places at the same time, but it did.

Therefore, Han Fei suspected that the cage was moving. Who would come first? He didn't know.

Han Fei had told Luo Xiaobai this idea. Therefore, until the last moment, everyone still wanted to take a bet!

Cao Tianzhi said, "Okay, let's see who will come first."

To Han Fei's surprise, millions of kilometers away, the first creature to appear was a dragon-like creature. In fact, it was like a strange tree with tentacles.

If Han Fei were here, he would definitely know that this was the Dragon Octopus Tree of the Forest of Terror.

Chapter 1863: The Forest of Terror Attacks

Yin-Yang World.

More than 3 million kilometers east of the Scattered Stars Island.

The Dragon Octopus Tree was swimming in the water. Its huge body swayed as it killed a large number of ordinary creatures.

Around the Dragon Octopus Tree, strange vines emerged from the void from time to time. It was the Void Vine that swam in the void.

In addition, there was a giant snake that slithered forward like a dragon. It was the Big Snake Vine.

On the head of the Big Snake Vine, a purple-haired girl shouted, "Slow down. There are still a large number of demonic plants behind. Why are you running so fast?"

An old guy carrying a bamboo pole said, "We're already out. We're free from now on! Don't panic. Let's find a place to settle down first... Then, we'll explore this world."

The Thousand Dragon Treeman who had once attacked Han Fei frowned and said, "I don't know if we've come to the Yin-Yang World or the Water-Wood World. It's said that there are kings here. We'd better be careful."

Zi Luo said, "If the Water-Wood World is a world of demonic plants, they shouldn't make things too difficult for us, right?"

The Dragon Octopus Tree said, "The spiritual energy here is too thin! It's like heaven and earth compared to our cage. Can they produce strong masters in this environment?"

The sea bamboo man said, "Heh! No matter how weak the spiritual energy is, there can still be strong masters. I wonder if we will meet the Blood King?"

"Hoo ~"

Zi Luo said, "Everyone, even if we meet him, I don't think we should trust him too much. What's the situation here? We still need to investigate it."

The Void Vine said, "I feel a large number of spatial fluctuations about 3 million kilometers ahead of us. It's extremely dangerous! It's like ordinary teleportation arrays."

Zi Luo said, "Big snake, let's go and take a look..."

The sea bamboo man said, "Slow down. Wait for the demon plants behind."

...

The speed of a Half-King was certainly extremely fast. How long would it take them to cover a few million kilometers? Even if someone was stalling, their speed was extremely fast.

In less than half an hour, a group of demonic plants appeared within a million kilometers of the Scattered Stars Island. And they weren't in a hurry to move forward at all.

Buzz!

Suddenly, Zi Luo, the sea bamboo man, Qian Long, and the others looked up at the void.

Buzz!

Twenty thousand kilometers away, in the sky, the Cloud Whale swayed and soared between the heavens and earth, quickly disappearing from everyone's sight.

The Dragon Octopus Tree: "A big fish that can fly in the sky? It can find us from so far away. It's a Half-King, right? It's stronger than me."

Zi Luo said, "It doesn't matter. He didn't greet us. Now, some of the people from the Forest of Terror have gone first. The people on the battlefield of the Demon Beast Union are retreating and rushing over. A mere Half-King is nothing to them."

The sea bamboo man said, "Don't be careless! Void Vine, go investigate the situation. Are there many strong masters on the other side?"

The Void Vine said, "I've already split a part of my body and gone forward. Soon, I'll be able to get some feedback... Huh, humans, so many humans... We don't seem to be in the Water-Wood World!"

"Huh?"

Big Snake Vine said, "Are you sure? Didn't the Blood King just go to the Water-Wood World? He said that there were many good things there... It doesn't make sense that he went to the Water-Wood World but we came to the Yin-Yang World."

The Void Vine said, "It's indeed not the Water-Wood World. There are so many people here, billions of human beings... Huh! There's a demon plant island next to it. That's... Hiss, the legendary land demon plant, Hydra Grass?"

"What? Hydra Grass? Is there really such a thing?"

The Void Vine said, "And the big vines that patrol the sky. Wow, is that a Heavenly Vine?"

The Dragon Octopus Tree said, "Really? Aren't these the land demon plants in our inherited memories? Are we going to fight or something?"

Zi Luo said, "Don't fight on impulse... The land demon plants and sea demon plants are all demon plants. But is this the Yin-Yang World or the Water-Wood World? I heard that there is a king in the Water-Wood World, but I've never heard of a king in the Yin-Yang World..."

The Big Snake Vine hummed. "Let's go take a look."

"Not good!"

Suddenly, the Void Vine roared.

Everyone looked over and hurriedly asked, "What's wrong?"

The Void Vine said, "Part of my body has been grabbed."

The Big Snake Vine roared, "How dare they touch the Forest of Terror? Are they tired of living?"

Zi Luo said, "Shut up, all of you. This is not the cage. Who knows about our Forest of Terror? Let's go and take a look. Let's get Void Vine's body back first."

The sea bamboo man knocked the bamboo pole and said, "Void Vine! You just don't care about cultivation. If it weren't for the increasing frequency of energy tides this year, when would you have reached the advanced Venerable realm?"

Qian Long echoed, "That's right. You always slack off. Otherwise, you would be at least a peak-level Venerable now."

...

Some peerless demon plants from the Forest of Terror were traveling slowly, but they were about to reach the Scattered Stars Island.

On the other side, another crack appeared in the Wall of Death.

A big black conch crashed out with a bang.

The big conch laughed crazily.

It laughed and said, "Han Fei, here I come again. This time, without the Immortal City and the Demon Beast Union helping you, let's see what your Yin-Yang World can do to me!"

Who else could it be but the Black Evil Conch King?

The Black Evil Conch King didn't transform into a human but rammed the crack crazily with his big conch body.

He shouted, "Conch Soul, Zhang Wuming, Yu Tianai... cooperate with me to tear open the crack. Try to break through the barrier in half an hour. I'll take you to kill into the Yin-Yang World..."

On the other side of the crack, there was a faint vibration feedback, which meant: Got it.

...

Luo Xiaobai had just made a breakthrough.

Anyway, at the moment she made the breakthrough, Han Fei and the others threw out their resources. Therefore, Luo Xiaobai's breakthrough was very smooth.

However, as soon as Luo Xiaobai opened her eyes, she saw Cao Tianzhi suddenly appear. His big hand pulled out a half-real vine from the void.

Cao Tianzhi looked at Han Fei and Luo Xiaobai and said, "I've caught an advanced Venerable-level demonic plant. This guy is very secretive. If he weren't strong enough, he might have avoided my vision."

Han Fei was surprised. "Void Vine?"

The Void Vine seemed to be surprised that Han Fei recognized it. It immediately said, "You know me? Since you know me, you should know that this is just a part of my body. I advise you to let go of me... The army of the Forest of Terror is right behind me. If I lose a layer of skin, no one on your side can afford it."

Cao Tianzhi snorted. "How arrogant."

Han Fei quickly stopped him. "Wait..."

Han Fei's heart did a flip. The Forest of Terror? In the cage, the Forest of Terror never met humans. They only had conflicts with the Demon Beast Union.

The demonic plants in the Forest of Terror hoped to absorb the powerful blood Qi and power of the Demon Beast Union to nourish themselves. And the Demon Beast Union liked to hunt demonic plants. Whether it was used as weapons or to get their life-bound spiritual fruits, it was very profitable.

However, there was no deep hatred between the Forest of Terror and humans!

If only the Forest of Terror came, he had Cao Tianzhi, Tang Yan, Li Daxian, Jing'er, and Ren Tianfei... In this case, there were many strong masters on the humans' side.

If they could delay or persuade them... the human race's migration plan could last for a while longer.

After all, negotiations could buy time.

At this moment, Han Fei had already asked Ren Tianfei's clones to go to the Water-Wood World and every corner of Yin-Yang World to find traces of the Demon Beast Union and the Immortal City of the human race. As long as they found one, there would be a battle.

Han Fei said, "Let him go! Demonic plants are not our enemies. We humans have always been on good terms with demonic plants. Void Vine, right? You can ask your Half-Kings to come and talk to us! If you have a fake king, we will welcome him too."

Everyone was stunned. Why was Han Fei's reaction like this?

Han Fei thought to himself, I'll buy time for as long as I can. I'm familiar with the Forest of Terror, and I can make up stories.

The Void Vine snorted and said, "You're only a junior Venerable. Are the Half-Kings here weaker than you?"

Han Fei smiled and said, "The human race values strategy. Intelligence is the foundation of the human race, not strength."

The Void Vine said, "Interesting. Our people from the Forest of Terror are here."

As he spoke, a super tree-shaped octopus tens of thousands of meters long swept across the sky, covering the sky.

On the Scattered Stars Island, countless people who were rushing to the Scattered Stars Island to migrate were horrified.

"What the hell is that? It's so big! It's a hundred times bigger than the Cloud Whale..."

"Is this an octopus? The Wall of Death has indeed been broken. Not good, everyone, run."

Someone was stabilizing the order and shouting, "Everyone, calm down, calm down... Marshal and the Venerables are here! Even if you want to die, it won't be your turn."

Suddenly, someone pointed at the sky in shock. "Look, a dragon, a legendary dragon..."

However, someone roared, "Bullshit, that's clearly a snake. How can a dragon look like that? Dragons have horns and feet..."

"Cut the crap! Hurry up and go to the Transverse Mountain."

At this moment, the people on the Scattered Stars Island saw the largest creatures they had ever seen, such as the Dragon Octopus Tree and the Big Snake Vine.

Countless people were horrified.

For ordinary people, the bigger they were, the more dangerous they were.

Good lord, the Wall of Death had just cracked, and such terrifying and powerful creatures had come to the Scattered Stars Island?

Many people felt that the sky was collapsing! They felt that the heavens wanted to destroy the human race!

### **Chapter 1864: Why Do You Call Your Grandpa?**

The moment these strong masters appeared, Jing'er stood in midair.

Cao Tianzhi looked solemn. Li Daxian came with a black cloak. Ren Tianfei's original body also left the Central Holy City and came in person.

At this moment, someone needed to hold the line.

The void moved, and Tang Yan appeared in front of everyone, holding a big saber on his shoulder.

Luo Xiaobai was slightly relieved. Fortunately, the Yin-Yang World had some foundation. Otherwise, she really didn't know what to do at this moment.

Just as Luo Xiaobai was about to say something, Han Fei spoke first. "Everyone from the Forest of Terror, you've just come out of the cage and you're already attacking our human race? Are you trying to start a war?"

A crisp voice sounded.

In the sky, the tentacles of the Dragon Octopus Tree twisted, and Zi Luo's petite body slid down from the vine. From thousands of kilometers away, Zi Luo said contemptuously, "There are so many people here. Do you have the say?"

Han Fei said leisurely, "In terms of knowledge of the cage, I'm qualified. If I've guessed right, you are Zi Luo, right?"

"Huh?"

Zi Luo, the Dragon Octopus Tree, and the others were all surprised. We've just come out. How can someone recognize us?

Han Fei, on the other hand, said with a smile, "Dragon Octopus Tree, Big Snake Vine, Sea Bamboo Man, Void Vine, Zi Luo, Qian Long, Seven-Colored Sponge... I don't think I'm mistaken."

On the human side, everyone looked at Han Fei.

Anyone who was familiar with Han Fei knew that Han Fei was going to fool them!

Of course, Luo Xiaobai hoped that Han Fei could stall them for as long as possible.

Zi Luo couldn't help but ask, "How do you know us? Some of us don't even come out of the Forest of Terror. Even the Demon Beast Union doesn't know us. There's no reason for you to know us..."

Han Fei said with a smile, "I have no reason to know you. However, someone told me in advance that... if I meet you, ask you to find a way to help him in the Water-Wood World."

The sea bamboo man narrowed his eyes and asked, "Who is this person you're talking about?"

Han Fei said, "This person is naturally the Blood King! Now, the Blood King is leading his people to fight the White Shell Royal City in the Water-Wood World! You should know about the Yin-Yang World and the Water-Wood World, right? I can't lie to you about this matter. If I lie to you, in a few days, as long as you go to the Water-Wood World to take a look, you will know the credibility of my words."

"Blood King?"

Zi Luo couldn't help but ask suspiciously, "Why would the Blood King talk to you, a mere junior Venerable?"

Han Fei smiled casually. "A mere junior Venerable? My name is Han Fei, a peak-level Half-King and the former supreme commander of the Scattered Stars Island. What you see is just my avatar. My original body is still in the Water-Wood World... How can I not have the say? Otherwise, do you think the Half-Kings on my side are fools?"

Zi Luo thought for a while but didn't figure it out, so she said, "Continue... What else did the Blood King tell you?"

Han Fei said, "In the Water-Wood World, the Blood Sea Divine Wood City where the Blood King is located, and the Cloud Sea Divine Tree where Queen Life is located, have already formed an alliance and are attacking the White Shell Royal City. However, a day ago, the cage in the Water-Wood World cracked, and a large number of strong creatures rushed out. I don't know if you know about the Demon Beast Union, but as soon as they came out, they fought with us. It seems that they have a grudge against you Forest of Terror. However, the Water-Wood World is a place of demonic plants and sea demons, and now there is a Demon Beast Union, so it's completely messed up. I just returned from the Water-Wood World a few hours ago... The Blood King specifically said that if the demonic plants in the Forest of Terror are not in the Water-Wood World, they must have come to the Yin-Yang World. He said that the cage should be spinning, so he can't accurately locate where you came out..."

Han Fei's saliva flew everywhere.

Luo Xiaobai shut her mouth subconsciously.

Everyone looked convinced.

They all admired Han Fei in their hearts. He was really good at bragging! Look how he had skillfully fooled a group of strong masters.

In fact, Han Fei knew that Zi Luo and the others didn't quite trust the Blood King. However, they didn't completely deny the Blood King. After all, the Blood King was once the fake king guarding the Forest of Terror.

Han Fei was even prepared to ask them to send someone over to take a look.

Therefore, Han Fei purposely lied about the time when the cage in the Water-Wood World cracked.

Only in this way could he use the channel as an excuse to tell them that it would take a day to go from the Yin-Yang World to the Water-Wood World.

In this way, he could at least buy two days for the Yin-Yang World.

Zi Luo said, "Since you know me so well, I'll believe you for now. However, what's going on with you humans? Why do you all seem to be fleeing for your lives?"

Han Fei said, "Yes, we are fleeing for our lives. This news also came from the Blood King, because there is only the Demon Beast Union in the Water-Wood World. Therefore, the Blood King is sure that the Black Evil Conch King of the Black Blood City will definitely come to the Yin-Yang World. He said that it's because the Demon Beast Union and the Black Blood City are in the Life and Death Valley..."

Zi Luo reminded him, "It's the Life and Death Gorge."

Slap!

Han Fei patted his head and said, "Yes, it's the Life-and-Death Gorge. It's said that the Demon Beast Union and the Black Blood City are confronting each other in the Life-and-Death Gorge. According to their location, the sea demons of the Black Blood City will appear in the Yin-Yang World. Now that the Black Blood City has come, if the Yin-Yang World wants to protect our human bloodline, shouldn't we run?"

When Zi Luo and the others heard this, they realized that Han Fei's understanding of the situation in the cage was obviously correct. This could only be told to him by someone else. Otherwise, how could he know?

It was impossible for Han Fei to come out of the cage. They had been in the cage for tens of thousands of years and had never seen anyone escape except the Blood King.

Han Fei was just a Half-King. Although a Half-King was strong, he couldn't come out of the cage.

The Sea Bamboo Man said, "In other words, the Black Blood City will appear in your Yin-Yang World?"

Han Fei said, "At present, they haven't appeared yet, so I'm not sure about this matter. However, everyone, the human race, the Cloud Sea Divine Tree, and the Blood King have already formed an alliance. Why don't we form an alliance? The cage has been broken, and the Yin-Yang World is a huge place that can be shared with your demon plant race in the future... Look over there, that's the land demon plants of our Yin-Yang World. The Heavenly Vine, the Sky Survey Sword, the Hydra Grass, and the Heavenly Red Hibiscus are very harmonious with our human race."

Zi Luo and the others had just come out, but when they learned that the Black Blood City might also come to the Yin-Yang World... some people felt very uncomfortable.

Qian Long was the first to speak to Zi Luo and the sea bamboo man via voice transmission. "I think we can trust this guy for the time being. After all, if they lie to us, he must know how serious the consequences will be... If the Black Blood City really comes, it means that the Black Evil Conch King is about to appear. Our relationship with the Black Blood City has become much colder these days. Last

time, Conch Soul came to me but was scolded back by me. I think he's already angry. The other party has a fake king... I'm afraid we'll either ally with them or go to the Water-Wood World."

Zi Luo said, "We're not going to the Water-Wood World. Look at these people queuing up and walking into the mountains. That should be the passage between the Yin-Yang World and the Water-Wood World. We've just come out. Do we have to escape in fear of the Black Blood City?"

Qian Long said, "More importantly... the Black Evil Conch King is a fake king!"

The sea bamboo man said, "A fake king is actually not that terrifying. As long as we send three or even four Half-Kings over, he can't beat us. More importantly, why should we cooperate with humans? We are outsiders, and they are natives. Now, if we ally with them, won't we be helping them fight the Black Evil Conch King?"

Zi Luo nodded. "There's no need for an alliance... Why don't we see if the Black Evil Conch King and the others will come?"

As for Han Fei, when Han Fei tricked these people, Luo Xiaobai and the others already understood.

Han Fei bought himself two days.

In the next two days, they needed to migrate as many people from the Yin-Yang World as possible.

Besides, under such circumstances, they had to stall the other party first.

However, as soon as Han Fei finally held off the demonic plants, Tang Yan suddenly said, "The people from the Black Blood City are here."

"Hiss?"

Everyone, including Han Fei, was shocked.

Han Fei exclaimed, "So fast?"

On the other side, Zi Luo's heart stirred. "Void Vine, hurry up and take a look."

The Void Vine was the fastest here.

Besides, because of his body's characteristics, he could see what was happening millions of kilometers away.

Therefore, in less than a hundred seconds, the Void Vine said in shock, "They're indeed here. Black Evil Conch King, Yu Tianai, Conch Soul... No, we have to go."

This time, Han Fei's face turned green. He could persuade the Forest of Terror because the demonic plants in the Forest of Terror didn't know the outside world at all.

However, the Black Blood City was different.

The Black Evil Conch King had once personally attacked them.

Besides, Han Fei knew very well that the guy was a fake king. He could hold back at least three Half-Kings alone.

Not to mention Conch Soul, Yu Tianai, and other Half-Kings of the Black Blood City. He didn't have enough manpower! Unless the people of the Forest of Terror were willing to help.

At this moment, Han Fei couldn't care less.

Han Fei immediately looked at Zi Luo and the others. "Everyone, we humans have always been close to demonic plants. Are you really going to watch us die?"

Zi Luo thought for a moment and heard Qian Long suddenly say via voice transmission, "Zi Luo, don't be soft-hearted. You women are the most sentimental. We can't form an alliance with them. We can't offend the Black Evil Conch King."

Qian Long said, "No! The Forest of Terror is unrelated to the Yin-Yang World. Why should we help you? Besides, the Black Evil Conch King is a fake king. I advise you to protect yourselves now instead of thinking about how to protect these people... You have to know that this distance is only a minute for a king..."

The sea bamboo man immediately shouted, "Let's go! Find another place to observe the situation first."

Buzz!

The Black Evil Conch King had already come.

The sea bamboo man and Qian Long had already made a judgment. Even if they wanted to fight the Black Evil Conch King, it wouldn't be now. The people of the Forest of Terror hadn't arrived yet... Besides, the strong masters of the Forest of Terror were fewer than those of the Black Blood City.

Han Fei's face was solemn. He didn't expect the Forest of Terror to help. Under such circumstances, if it were him, he wouldn't have helped.

Han Fei was thinking, In order to protect human beings, we have to sacrifice ourselves? Why not protect ourselves and revive human beings in the future?

While Han Fei was hesitating, he suddenly felt something different.

In his mind, information was synchronized.

"Hiss ~"

Han Fei immediately smiled. He looked at Luo Xiaobai and chuckled. "Xiaobai, I have to say, you are really a genius."

Luo Xiaobai was dumbfounded. "???"

After more than ten seconds, a furious roar suddenly resounded throughout the world.

The voice roared, "Han Fei, come out!"

While everyone was shocked, Han Fei stepped forward and stood proudly in the air. "Old Black Evil Conch, why do you call me, your grandpa?"

**Chapter 1865: Return Strike**

Faced with a fake king, Han Fei retorted arrogantly. Even Luo Xiaobai was confused.

The corners of Tang Yan, Cao Tianzhi, and the others' mouths twitched, and they thought to themselves, Are you looking for a beating?

Li Daxian couldn't help but say, "Brat, why are you shouting so loudly? The question now is... should we run? Be quiet, OK?"

Ren Tianfei said with a black face, "Han Fei, do you have a solution or not? If the fake king is as you described, I can fight him. When you left, why didn't you go to the Central Holy City to treat me? Otherwise, would there be such a thing now? Believe it or not, I can defeat all of them alone."

Han Fei rolled his eyes. "Stop bragging. It'll be enough if you can hold off the Black Evil Conch King alone."

Zhang Xuanyu and Le Renkuang looked at each other and came to Han Fei. Neither of them spoke, but they were actually saying, Brother, let's retreat!

For the people of the Thug Academy, the human race wouldn't be wiped out no matter what. However, as long as there was life, there was hope.

It was unwise to fight a fake king head-on.

Zi Luo, Qian Long, and the others who had just left were speechless when they heard Han Fei's words.

Zi Luo was lost for words. "Are all humans so fierce? The Black Evil Conch King is a fake king after all. And there are dozens of Half-Kings in the Black Blood City. It's impossible for them to resist him!

Qian Long said, "After all, there are no fake king-level powerhouses in our batch. We've just come out and haven't had a good day yet. If we really form an alliance with the humans and fall out with the Black Blood City... it won't be wise."

The sea bamboo man said, "The humans have too few Venerables. Among them, most of them are relatively weak. If the Black Evil Conch King comes over with the entire Black Blood City, even if we form an alliance, we won't be able to stop him. Now, we have to wait for the subsequent strong masters to arrive. At that time, we can form an equal footing with the Black Blood City."

...

Han Fei said, "Old Ren, take us ten thousand kilometers away to snipe the enemy."

Ren Tianfei was lost for words. "Are you crazy? You're only an avatar. Don't you know what you're capable of?"

Li Daxian also said, "Han Fei, now is not the time to show off. If the other party has many strong masters, it's impossible for us to resist them."

Han Fei said, "Just take me there. We're too close to the Scattered Stars Island now. Once the war starts, innocent people will be implicated... Don't worry. Have I ever done anything I'm not confident of?"

Luo Xiaobai knew Han Fei's personality. If it came to the point where he had to make a choice, he wouldn't give up his life here. Or rather, none of them would give up their lives here.

The enemy was powerful, but they just lacked time to grow. In the future, they might still have chances.

However, from that moment just now, Luo Xiaobai clearly felt that Han Fei had changed.

Among the crowd, Tang Ge's heart stirred. For some reason, his Intrinsic Sword Embryo suddenly moved. He seemed to have sensed something.

Ren Tianfei immediately sighed and waved his hand, and everyone was wrapped up. In less than half a second, they appeared ten thousand kilometers away.

As soon as everyone stood still, they saw a huge black conch the size of a mountain in the sky, raising endless black clouds. Behind it, murderous aura surged as it rushed over.

"Hahaha! Han Fei, when you joined forces with the Demon Beast Union and the Immortal City to scheme against me... did you ever think that the cage would be broken today?"

Everyone within hundreds of thousands of kilometers heard the roar of the Black Evil Conch King...

Zi Luo and the others who had just left the Scattered Stars Island were all speechless.

The Dragon Octopus Tree said, "Why do I feel that the kid just now was bragging?"

The big snake vine said, "It doesn't seem like it. He's just bragging. That kid is bragging so much about the Blood King and knowing us... Has this guy been to the cage?"

The sea bamboo man said, "It hasn't been many years since the Demon Beast Union and the Immortal City plotted against the Black Blood City! If that guy appeared in the cage, how did he get out?"

Zi Luo said with a black face, "No matter how he came out, judging from the way the Black Evil Conch King talked, he must hate this guy to the core."

Qian Long shouted in a low voice, "Damn thief, how dare he lie to us! If it weren't for the big megaphone of the Black Evil Conch King, we would have been deceived by him. This guy is up to no good. He should be executed."

Zi Luo said, "It's not your turn to kill him now. I think this guy was probably stalling for time, right? He's probably trying to hold us off."

The sea bamboo man nodded. "Yes, let's wait and see."

On the Scattered Stars Island, billions of people were speechless. This person had been tricked by Marshal Han?

At this moment, Han Fei glanced at Luo Xiaobai. "Open the Sky Curtain."

Luo Xiaobai frowned slightly.

However, since Han Fei dared to come, he must have something to rely on. Thinking about what Han Fei had just said to her, Luo Xiaobai suddenly raised her eyebrows. "Has Han Fei's original body returned?"

That's not right!

Just now, Han Fei said that his original body sent two knives and a memory back to his avatar, saying that his original body had already died.

However, in any case, since Han Fei had something to rely on, the sky curtain was opened.

As soon as the sky curtain opened in the sky above the Scattered Stars Island, billions of people looked up at Luo Xiaobai and the others who were standing proudly in the void, and then at the mountain-like conch opposite them, all horrified.

Someone sighed. "It's over. How can we fight it?"

Someone was lost for words. "Why are they opening the Sky Hanging Mirror? Do they want us to witness their death?"

The students of the Thug Academy had already gathered at the Empyrean Waterfall, all looking solemn.

The younger ones had all grown up.

Wang Dashuai, Bai Lu, Jiang Qin, Wenren Yu, Qu Jinnan, Yi Xiyan, and the others all looked up.

Yi Xiyan said, "Why are Senior Brothers and Senior Sisters still gathering there? Shouldn't they be running?"

Wang Dashuai also scratched his head. "Junior Brother Han Fei is a bit fierce! He obviously can't beat the enemies with so few people on his side!"

Jiang Qin said, "Be prepared. If anything goes wrong, enter the passage between the two worlds immediately and go to the Water-Wood World."

Su Daiji clenched her fists and said, "Senior Brother will definitely win."

Everyone rolled their eyes. It was true that Senior Brother was powerful, but this was just his avatar! They believed that he could win if his true body was here, but his true body was not here!

Qu Jinnan said, "If Senior Brother Han Fei's original body is here, even a king wouldn't dare to be so arrogant."

...

Outside the Scattered Stars Island.

The Black Evil Conch King led the crowd to stop, and the two parties were thousands of kilometers away.

However, there were probably more than ten Half-Kings on the Black Evil Conch King's side.

Among them, there were Li Santong, Tu Gou, Conch Soul, Yu Tianai, and Zhang Wuming who Han Fei knew.

Behind the Black Evil Conch King, there were many Venerables, peak-level Venerables, and advanced Venerables.

The Black Evil Conch King chuckled. "Han Fei, are you welcoming This King with this?"

Han Fei sneered. "Who do you think you are? How dare you call yourself a king in front of me? You're just a fake king. Believe it or not, I can pierce through you with two fingers."

Everyone was speechless. Why do you have to brag now? Are you kidding me?

Even the people on the Scattered Stars Island couldn't stand it anymore.

Someone was lost for words. "What is Marshal Han doing? He actually wants to poke the Black Evil Conch King through with his avatar?"

Someone said, "That guy is probably the original body of the Black Evil Conch King... It's said that he's a king."

Someone said disdainfully, "What king? Marshal Han just said that it was a fake king. Back then, Old Demon Chu also called himself a king, but he was killed by Han Fei in the end!"

Someone sighed. "I wonder if Marshal Han has any other trump cards?"

Someone shook his head. "If there is, Marshal Luo wouldn't have ordered us to migrate! But how long can it last if he is just bluffing?"

At this moment, above the sea, the Black Evil Conch King sneered.

He glanced at the Scattered Stars Island and said solemnly, "If I had known this would happen, I wouldn't have taken action back then. Why, are you people from the Scattered Stars Island trying to escape?"

Behind the Black Evil Conch King, Conch Soul sneered. "Not only the Scattered Stars Island, but also the entire Yin-Yang World. Look, teleportation arrays are constantly sending people over."

The Black Evil Conch King chuckled. "This Yin-Yang World will belong to the Black Blood City after all. It's meaningless to kill these ant-like humans. Let me tear apart your bones to avenge myself."

He laughed. "Han Fei, try my attack again today, OK?"

Han Fei took a step forward. "Okay! Then you'll know... that a fake king is like an ant to me."

"Ant? Heh, how arrogant."

Without even transforming into a human, the Black Evil Conch King casually spewed out a black light from his conch and said with a laugh, "Look at your realm. A junior Venerable. Are you just a clone?"

"Heihei~"

Black light flashed across the sky.

Ren Tianfei and the others were about to attack, when Han Fei said, "Don't stand there. Let me do it."

"Ahhh~"

"Marshal Han."

"Han Fei."

“Dodge it!”

“...”

On the Scattered Stars Island, billions of people exclaimed.

Ren Tianfei, Li Daxian, and the others were already prepared. Although they didn't know why Han Fei was courting death, how could they really let Han Fei be hit?

However, in an instant, Han Fei's figure flashed, and a terrifying pressure descended.

Han Fei slowly extended two fingers and shouted thunderously, “All Great Daos in One Sword.”

### **Chapter 1866: Marshal Han Is Invincible**

“All Great Daos in One Sword” was the strongest sword technique Han Fei had comprehended so far.

To put it bluntly, this slash gathered all of Han Fei's current Great Daos.

Even if Han Fei didn't use the power of his Great Dao, his strength alone was comparable to that of a king who had just entered the Sea Establishment Realm, not to mention that the Black Evil Conch King was still far away from the Sea Establishment Realm.

As soon as this sword appeared, the sun and moon dimmed, and the sea waves suddenly calmed down.

The tip of the sword was divided by Han Fei's fingertips.

It was as if Han Fei had triggered the entire sea in front of him. The moment the sword Qi appeared, the Black Evil Conch King's soul trembled.

“How is that possible?”

“Conch Sky Dark Screen, and Nine-Layered Conch Spell.”

The Black Evil Conch King was horrified. Who could resist this sword? How could Han Fei be so strong?

However, this was a great locking technique.

Apart from using his strongest conch shield to block it, what else could he do?

As for the Half-Kings behind the Black Evil Conch King, they were all dumbfounded. Is this still the f\*cking weak fish in the junior Venerable realm?

In the Heavenly Sword Sect, Sky Sword Master even exclaimed, “Sword Dao Divine Technique? So powerful! This sword is impossible to crack. The sharpness of this sword is undoubtedly unparalleled in the world.”

Zhang Xuanyu roared, “F\*ck, where did Feifei get such a sword technique? I thought he didn't play with swords!”

Ren Tianfei couldn't help taking a breath. This kid already so strong? This is probably much stronger than the Sacrificing Punch I created, right?

The moment when Han Fei shook, Li Daxian had already realized that Han Fei was different. Now it seemed that his original body had returned.

However, Han Fei was too strong!

To be honest, Li Daxian felt that apart from Ren Tianfei who might be able to withstand Han Fei's sword, everyone else here would be killed.

Li Daxian couldn't help but laugh. "We Pure Sun Dao Palace has a peerless genius!"

Cao Tianzhi and Tang Yan were horrified. Is this Han Fei's current strength? When did this kid come back? If he had come back long ago, why didn't he appear earlier? Why did he let Luo Xiaobai make the decision to migrate the entire Yin-Yang World?

Jing'er, who had never been like a Half-King, shouted, "Han Fei, when did you come back? This sword is so powerful!"

In the distance, the Half-Kings of the Forest of Terror who were watching the battle were all dumbfounded.

Ka ka ka ~

In front of the Black Evil Conch King, countless conch shadows appeared, and countless big conchs formed a shield wall... Like floating runes, they tried to block Han Fei's sword.

However, in front of "All Great Daos in One Sword", all this was useless.

The dense conch shadows disappeared in an instant.

As for the Conch Sky Dark Screen? It was just the black shadow of a giant conch. How could it block his sword? Han Fei couldn't help but sneer.

With a crack, the conch shadow shattered.

At that moment of life and death, the Black Evil Conch King couldn't care less. He retreated and grabbed the dumbstruck Conch Soul, throwing it in front of him.

"Pfft!"

Conch Soul was also a conch, and its defense power was extremely powerful.

However, this forced resistance made Conch Soul not even have a chance to curse the Black Evil Conch King before it was shattered.

Seeing that Conch Soul couldn't even block it for an instant...

Immediately, his heart bled as he took out a broken shield armor.

However, Han Fei said leisurely, "You think a mere broken Sea Quelling Bizarre Treasure can stop me? Old Black Evil Conch, do you think I'm playing with you?"

Clang!

"Pfft!"

Before the fragment of the Sea Quelling Bizarre Treasure was broken, the Black Evil Conch King was already covered in blood. His black conch armor was instantly full of cracks.

Crack! Boom!

Although the Black Evil Conch King was a fake king, his real combat power was even weaker than Xia Xiaochan's.

With Xia Xiaochan's current ability, she could be said to be a fake king. It was definitely not a problem for her to fight two Black Evil Conch Kings alone.

Bang!

The sword disappeared, and the Black Evil Conch King's body was torn apart.

Rumble! Rumble!

Rumble! Rumble!

In the sky, two consecutive Great Dao cracks appeared.

"Hiss!"

Yu Tianai, Li Santong, and the others were dumbfounded.

At this moment, they were all dumbfounded.

Our king couldn't even withstand Han Fei's single sword before he died?

On the Forest of Terror's side, all the demon plants also trembled.

The big snake vine said, "Why don't we... return to the cage? I think it's safer in the cage."

The Dragon Octopus Tree asked, "Wasn't that person only a junior Venerable just now? Why is he so powerful now?"

Zi Luo said, "This person... is so strong. Why was he fooling us just now? Even the Black Evil Conch King couldn't resist a single slash of his. Was he playing with us?"

Qian Long said, "Could it be that he just wanted to test if we were willing to ally with humans? Oh no, we rejected their request. Will he hold a grudge?"

Just now, Qian Long thought that Han Fei deceived them and wanted to take revenge... Now it seemed that he had to give up this idea. He would be lucky if he wasn't killed.

The sea bamboo man shook his head and said, "This person just said that he is just an avatar. He said that his original body is in the Water-Wood World. Perhaps he really just wanted to delay us and was afraid that we would attack the human race, so he made up a bunch of excuses. Fortunately, we didn't attack them. Otherwise, we would have been doomed."

Qian Long asked, "Shall we run?"

Zi Luo asked, "Where to? The cage is broken. It's useless no matter where we go! I think we should go back and ask for an alliance, OK?"

Sea Bamboo Man: "I think so."

The Big Snake Vine said, "We've just rejected them. How can they agree to our request?"

The sea bamboo man said, "Then do you have a better solution? Anyway, our Forest of Terror has never offended humans... Otherwise, with our strength, where do you think we can go?"

...

At this moment, on the Scattered Stars Island, the billions of people were dumbfounded.

In the Transverse Mountain, someone came back to his senses and shouted, "Hurry up and walk into the passage!"

Someone immediately cursed, "Walk my ass! Marshal Han is back. Didn't you see it? With a swish, two Great Dao cracks appeared. That Black Evil Conch King was directly killed. Didn't you see it?"

Someone exclaimed, "F\*ck, is Marshal Han still human?"

Someone shouted, "Marshal Han is back!"

"Welcome back, Marshal Han."

"Thank you, Marshal Han."

"Marshal Han is invincible."

"Roar ~"

At this moment, the entire Scattered Stars Island was in an uproar. It was joy and pride from the bottom of their hearts! We have Marshal Han. Who dares to touch our human race?

On the Emyrean Waterfall.

Gulp!

Qu Jinnan swallowed and said, "Why is Senior Brother Han Fei so strong?"

Ling Yuan said, "He's always been strong. Although I didn't see how he slashed clearly, I know he is super strong."

Yi Xiyao even jumped up and hugged Daji, shouting, "Senior Brother is back! Senior Brother is so powerful!"

Su Daiji: "Senior Brother is invincible."

Wenren Yu, Xiao Zhan, Jiang Qin, and the others all sighed.

Xiao Zhan smiled bitterly. "Alas, although I know that there's a gap in talent between me and this kid, it seems that the gap is huge!"

Wenren Yu shook her head slightly. "I don't understand how he can be so strong!"

...

At this moment, on the battlefield.

On the Black Blood City's side, countless people were trembling.

Li Santong felt his soul tremble. "What are you looking at? Run!"

Swish swish swish!

All the Half-Kings almost peed their pants in fright. How many years had it been since the Black Evil Conch King took over the Black Blood City? However, he was killed less than an hour after he came to the Yin-Yang World! Who could believe this?

However, they were already here. How could they run away?

Swish! Swish! Swish!

Threads flashed across the sky.

Chi la!

Crack! Crack!

"Pfft!"

No one was seen at all, mainly because the sharp light was too fast. It was so fast that almost no one except the Half-Kings could see the figure that appeared in the sky.

"Pu! Pu! Pu! Pu!"

Boom ~ Boom ~ Boom ~

In the sky, six or seven Great Dao cracks appeared in a row. A Half-King was killed before he ran ten thousand kilometers.

Han Fei glanced at Luo Xiaobai, Zhang Xuanyu, and Le Renkuang. "Guess who it is?"

Roar!

A Giant Arowana even larger than the Cloud Whale appeared. A slender figure in a red and white battle suit and holding two daggers stood proudly on the fish head.

Instantly, Le Renkuang was shocked. Then, he smiled and shouted, "Xia Xiaochan..."

Zhang Xuanyu waved his hand and shouted, "Xiaochan, here, here..."

Luo Xiaobai's ever cold face also revealed a gratified smile at this moment. She was finally back!

At the top of the Empyrean Waterfall, Qu Jinnan exclaimed, "Is it Senior Sister Xia Xiaochan?"

Ling Yuan was shocked. "Senior Brother found Senior Sister Xia Xiaochan back?"

Gu Qi said, "Is this Senior Sister Xia Xiaochan you've been talking about? She's so strong!"

Standing with the people of the Thug Academy, Jiuyin Ling stared at Xia Xiaochan and said in a voice that only she could hear, "Is she the obsession in your heart?"

At this moment, Xia Xiaochan's voice entered their ears. "Let's talk after this battle."

Han Fei laughed. "Yes, attack."

Cao Tianzhi's eyelids twitched. "Kill our way out."

Roar!

In the distance, the Cloud Whale flew out of the clouds, and Tang Yan disappeared.

Han Fei strode thousands of kilometers away.

With a buzz, a giant more than 50 meters tall with a murderous aura appeared.

Cao Tianzhi was stunned. Why does this giant look even more awesome than the phantom of the God of War?

As for the billions of people on the Scattered Stars Island, they couldn't care less.

They just roared crazily.

On the streets, in the wilderness, in the forests, everyone was cheering.

It could be said that the entire Scattered Stars Island was full of cheers.

### **Chapter 1867: Reunion (1)**

As soon as Han Fei attacked, everyone's attention was on him. After all, everyone could only see the giant attack because he was too dazzling.

In fact, at this moment, the rain of blood was like a waterfall. The people on the island couldn't even see the sky clearly because the rain of blood was too dense.

Xia Xiaochan was hunting Venerables with her advantage on speed.

But Han Fei was different. As long as he caught up, no one could resist his punch. As for Blood Rebirth? That was a joke. He didn't even need the help of the Void Lines to kill Venerables.

No one could see clearly what was going on at sea.

Therefore, the billions of humans on the Scattered Stars Island could only judge the number of Venerables Han Fei and the others killed according to the number of Great Dao cracks...

"26..."

"27..."

"35..."

"46..."

Every time a crack appeared in the sky, the billions of people on the Scattered Stars Island shouted in unison.

Some people shouted until their throats were hoarse.

Besides, the cracks in the sky were getting shallower and shallower.

This meant that Han Fei and the others were fighting further and further away.

In the end, they shouted 87 times before it finally ended.

Why 87 times? It was 87 times because Han Fei and the others only attacked the strong, so the other Venerables had enough time to escape. As for the direction of their escape, it was certainly in the cage.

At this moment, the sea demons of the Black Blood City were all crazy. Who the f\*ck knew that it was so dangerous outside the cage? The Black Evil Conch King had always said that Han Fei was very weak, and there were few Venerables outside.

They had always thought that the cage was the place to trap them, but now it seemed that it was clearly a shelter to protect them!

Venerables might have a chance to escape.

However, as for Explorers? They couldn't run so fast. However, Han Fei and Xia Xiaochan didn't attack the Explorers.

It was meaningless for them to attack explorers. It wouldn't help the rise of the human race at all.

At the moment when they reached the cage, Han Fei said, "Okay, let's not chase them! Just block them in the cage. These sea demons are the stepping stones of the rise of our human race. Don't kill them all now... Otherwise, where can the future powerhouses of the human race go to gain experience?"

At this moment, only these few people could chase the sea demons to the edge of the Wall of Death in such a short time.

Tang Yan said, "You haven't become a king yet."

Han Fei glanced at Tang Yan and chuckled. "Just because I haven't become a king doesn't mean I can't fight. Don't be obsessed with becoming a king. Now is not the time yet."

Cao Tianzhi thought to himself, Fortunately, I didn't do anything before. Otherwise, it would be hard to say if I would be a friend or a foe of Han Fei.

Ning Jing, on the other hand, said casually, "Han Fei, is this your wife? She's so powerful too? Those who don't know her would think that you two have reached the Sea Establishment realm."

Xia Xiaochan blushed slightly, but she immediately became vigilant. This woman is too good-looking! To be able to become a Half-King in the Yin-Yang World, she must be extraordinary.

"Hahaha!"

Ren Tianfei laughed and flew over, saying, "Disciple, have you reached the Sea Establishment realm?"

Seeing Ren Tianfei's messy hair, Han Fei was lost for words. Can't you tell if I'm already in the Sea Establishment realm or not?

Han Fei said with a black face, "Don't call me 'disciple'!"

Ren Tianfei snorted. "Why not admit it? Come on, sue your divine technique on me. The chronic illness in my body has been accumulating for a long time. Now, your strength is comparable to a king's. It's time to cure me."

Ren Tianfei was making his presence known by calling him disciple, so Han Fei didn't mind.

Han Fei introduced him to Xia Xiaochan. "Old b \* stard Ren Tianfei, the controller of the Yin-Yang World."

"Huh?"

Cao Tianzhi suddenly looked at Ren Tianfei. Is this guy the controller of the Heavenly Palace? He didn't know this news until now.

Han Fei said, "Tang Yan, he has been cultivating in the Cloud Whale's body."

"Huh?"

Cao Tianzhi was stunned again. No wonder he didn't know where Tang Yan was hiding... He didn't expect that this guy had been hiding in the Cloud Whale's body.

Han Fei looked at the black-robed man and said, "This is the patriarch of our Thug Academy, Li Daxian, who is also the last powerhouse of the Pure Sun Dao Palace. Oh, by the way, he has another identity, the owner of the ghost ship in the level-three fishery, Qiu Lie."

"Huh? Junior Uncle?"

Xia Xiaochan thought to herself, In the past few years when I wasn't around, so many people have appeared in the Yin-Yang World... Junior Uncle turned out to be Patriarch Thug? He hid too deeply.

Some death energy revealed from under Li Daxian's black robe. Then he chuckled. "There are a lot of geniuses in this generation of Pure Sun Dao Palace. The little girl from before is now extraordinary."

Xia Xiaochan said, "Greetings, Patriarch."

In the end, Han Fei looked at Ning Jing and said, "This is Ning Jing, the personal attendant of Queen Life from the Water-Wood Heavenly Palace. She controls the Great Dao of Space and is very powerful."

Xia Xiaochan had been a princess for decades after all. She had the bearing and posture of a princess, but she didn't show it usually.

Therefore, when Ning Jing saw Xia Xiaochan's etiquette, she couldn't help but be a little stunned. Just now, Xia Xiaochan's temperament was no weaker than the queen's... This woman was not simple!

At this moment, Han Fei glanced at Ren Tianfei and said, "Are you ready?"

Ren Tianfei: "Come!"

Buzz!

In the sky, a pillar of light fell. A terrifying vitality and healing brilliance instantly filled Ren Tianfei's body.

Roar!

A low roar burst out of Ren Tianfei's throat.

Han Fei could feel that there were a lot of hidden injuries in Ren Tianfei's body. Even with his current understanding of the Great Dao, he spent 200 years of vitality but still failed to heal half of this guy's injuries.

As for Li Daxian, the moment the Heaven Enlightenment Divine Technique was activated, he retreated thousands of kilometers away, horrified, and said, "If this thing shines on me, it will kill me!"

Buzz!

Another Heaven Enlightenment Divine Technique.

This time, Han Fei poured 500 years of vitality into it. After half an hour, Ren Tianfei suddenly opened his eyes and shouted, "It feels so good! I'm going to make a breakthrough."

Han Fei certainly knew how difficult it was to make a breakthrough after cultivating the Indestructible Overlord Body.

Therefore, Han Fei threw out ten Dragon Blood Fruits and ten thousand energy fruits. Then, he waved his hand and a million ultra-quality spiritual stones surrounded Ren Tianfei.

Seeing this, even Tang Yan couldn't help licking his lips in envy.

Jing'er was lost for words. "How many resources have you snatched outside?"

Han Fei smiled. "That's not many. It's easy to get by robbing."

Everyone : "..."

Han Fei thought to himself, Ren Tianfei's foundation is too profound! This Indestructible Overlord Body was created by him. Therefore, this breakthrough is certain.

Han Fei didn't want to wait here.

Han Fei said, "Patriarch, can you stay here and watch over him? I'm going back to the Scattered Stars Island first."

Li Daxian said, "OK! You teachers and students should spend more time together. Now that everyone is here, it's time for a good gathering."

...

Half a day later.

Luo Xiaobai opened the Sky Curtain and arranged for people to go to the 36 towns and the Thousand Star City to explain what happened to the people.

As for Ning Jing, she had long since returned to the Water-Wood World to report to Queen Life.

Han Fei's avatar went with her.

Since the Forest of Terror and the Black Blood City had appeared in the Yin-Yang World, it was only natural that the Demon Beast Union and the Immortal City of the human race had appeared in the Water-Wood World.

Han Fei's avatar could go over to help.

Han Fei's original body appeared in the Thug Academy.

At this time, a large group of people, old and young, surrounded a big table with a diameter of about 20 meters.

This was the round table that Han Fei had just made, mainly for eating and chatting.

However, unlike the normal round table, in the middle of the round table was a big pot with a diameter of ten meters. In the pot, a hot pot was being cooked.

At this moment, they were eating and drinking happily. On Han Fei's left was Xia Xiaochan, and on his right were Tang Ge and Mu Ling.

Han Fei said, "Now many secrets about the Yin-Yang World and the Thirty-Six Mystic Worlds that used to be hidden don't need to be hidden anymore. This trip to the Raging Sea made me realize that the Sea Establishment Realm is only the beginning of the path of the strong..."

Zhang Xuanyu immediately retorted, "Come on, you said that becoming a Hidden Fisher was the beginning of the path of the strong when you were a Hidden Fisher."

Le Renkuang said, "That's right. We've been cultivating with Star Beads, but we're still only junior Venerables. We're nothing compared to you."

Han Fei said, "My realm hasn't changed."

Xia Xiaochan interrupted, "Don't listen to his nonsense. His realm hasn't changed, but he's way much stronger. In the Raging Sea, he's probably invincible among his peers."

Zhang Xuanyu echoed, "So powerful? Tell me about your slash just now later, OK?"

Tang Ge couldn't help but interrupt, "That slash was too profound. I didn't understand it at all."

Han Fei smiled and said, "Let's not talk about that for now. Compared to that slash, I still have a lot of things to share with you..."

Han Fei was about to brag, when the void trembled with a swish, and Luo Xiaobai returned.

"Ah! Xiaobai, I missed you so much..."

Xia Xiaochan flashed and hugged Luo Xiaobai.

Luo Xiaobai's face softened and she hurriedly said, "Be gentle. You Valkyrie, don't accidentally rub me to death."

Xia Xiaochan was puzzled. "Valkyrie?"

Luo Xiaobai chuckled and said, "You don't know yet, but everyone on the Scattered Stars Island calls you the Valkyrie. It's hard for you not to be famous after you killed so many Venerables alone."

Luo Xiaobai was talkative today. She took Xia Xiaochan to the table and said, "My saliva is dry from talking outside, but you are eating and drinking here. Aren't you ashamed?"

Old Bai said leisurely, "Alas, the capable do more work. What can we do if we don't eat and drink?"

Old Jiang said, "Little Fatty Le and I are chefs. We're very busy."

At this moment, seeing everyone sitting around, Han Fei couldn't help but feel that all hardships he had experienced were worth it.

Chapter 1868: Reunion (2)

When cracks appeared in the cage, the spiritual energy and energy in the cage would certainly pour out.

However, the Yin-Yang World was so big after all. At this speed of energy pouring out, it would take at least several years or even longer to double the spiritual energy and energy in the Yin-Yang World.

At this moment, for strong masters like Han Fei, they had already sensed some changes in the spiritual energy in the world.

Luo Xiaobai said, "It seems that it's not necessarily a bad thing that the cage cracked.

Thinking of what happened after the cage was broken, Han Fei couldn't help but sigh. "But it's not that good."

At the dining table, Old Bai scolded jokingly, "Boy, why didn't you come back earlier... You only appeared after Luo'er ordered the entire Yin-Yang World to move... It's exciting, right?"

Han Fei said, "It's good that I can catch up. Before, Xiaobai and I had a guess that the crack in the cage appearing two years ago might have something to do with me. This time, the cracks appeared probably because of the same reason. Perhaps it's because I entered and left the Yin-Yang World that some uncontrollable factors happened, so the cage cracked. But fortunately, the cracks are not big now. At this speed, maybe in decades or even a hundred years, the Wall of Death won't completely collapse."

Zhang Xuanyu asked, "What kind of dragon pool and tiger den is our Yin-Yang World? Why is it so difficult to enter and leave it? By the way, how did you find Xia Xiaochan after you went out?"

Old Bai also looked at Xia Xiaochan and said, "This girl is a big girl now, no longer as naughty as before."

Xia Xiaochan blushed and immediately said, "I didn't know that so many students would appear in our Thug Academy at once."

Just as Han Fei was about to introduce Mu Qingchuan, Su Daiji, and the others to Xia Xiaochan, with a swish, the Star Turtle came to the Thug Academy.

The Star Turtle said, "Han Fei, two demonic plants have come. Do you want to see them?"

With Han Fei's current perception, how could he not know that someone was coming?

Han Fei said, "Let them wait. I am busy now. I don't have time to talk to them."

Now that he was strong, he certainly had the confidence to speak.

However, Luo Xiaobai still said, "You'd better go there. There are many strong masters among the demonic plants in the Forest of Terror. It's not that we can't accept them. Besides, although you are strong alone, the human race needs to be strengthened and protected. We can't just rely on the strong masters of the Yin-Yang World."

Old Bai said, "Xiaobai's words make sense. Although the Forest of Terror didn't ally with us just now, they didn't take action either. After all, they are much better than the Black Evil Conch King and the others."

Han Fei shrugged and said, "OK, I'll go see them."

Luo Xiaobai said, "I'll go with you."

â€¦

In the sea outside the Scattered Stars Island, the three Half-Kings, Zi Luo, the Sea Bamboo Man, and Qian Long, had been waiting for a long time. They certainly knew that with Han Fei's ability, he had long known that they were here.

However, after all, the situation was different now.

With a strong master like Han Fei, they were no longer safe even if they returned to the Forest of Terror.

In that case, they might as well come to apologize and ask human beings to accept them.

Although Han Fei was ridiculously strong, there were still too few ordinary Venerables on the human side.

Qian Long said, "I still feel that we're walking into a trap..."

The sea bamboo man said, "No! Look at the billions of human beings on the islands. They made breakthroughs in cultivation with the rain of blood. And when we first came, you could feel the thinness of the spiritual energy here, which is completely different from in the cage! In my opinion, human beings need strong reinforcements and helpers."

Zi Luo said, "I agree. Look at these humans. Their average strength is not even that of a Hanging Fisher. It can be said that except for a few strong masters, there are no strong masters. Explorers are extremely lacking. If all the power in the cage comes out, how can humans resist them? However, we can help them."

"Are you willing to help us humans?"

As soon as Zi Luo said so, a man and a woman suddenly appeared in front of the three of them. Who else could it be but Han Fei?

The three of them were surprised that their voice transmissions were heard by others.

When they saw Han Fei again, he was no longer that weak junior Venerable. Judging from his momentum, it seemed that he had become a king!

Xue Shenqi and Chen Sanbai were already here when Han Fei and Luo Xiaobai appeared.

However, it was obvious that the affairs of the Yin-Yang World could only be handed over to Han Fei. A powerhouse of this level was no longer something he, Xue Shenqi, could handle.

Seeing Han Fei, the three of them cupped their hands.

The sea bamboo man said, "Just now, our Forest of Terror failed to recognize you. But Your Excellency, don't worry, our Forest of Terror is different from the Black Blood City. We are not interested in killing. We are just demonic plants. If possible, our Forest of Terror is willing to ally with humans just to occupy a place of survival in this Yin-Yang World."

The corners of Han Fei's mouth curled up, and he smiled. "First of all, don't call me Your Excellency. My name is Han Fei, the master of the Yin-Yang Heavenly Palace. You can call me the Ninth Heavenly Master. In addition, it's not an alliance, but a submission. The Forest of Terror will belong to the human race and slowly become a part of the Yin-Yang World, not the so-called alliance because you are not qualified."

At this moment, Han Fei's words were very tough. You want to form an alliance now? Too late.

Qian Long and the other two immediately frowned.

Han Fei said coldly, "Let me tell you something. What I said just now was just a lie I made up to fool you before my original body returned. The so-called Blood King and the entire Blood Sea Divine Wood City have been flattened by me. Oh... By the way, a few years ago, the Blood King wanted to trick you into leaving the Forest of Terror. Fortunately, you didn't go there. Anyone who went there was parasitized and swallowed by the Blood King. Speaking of which, I'm the benefactor of the Forest of Terror. If I hadn't killed the Blood King, once he became a king, none of you in the Forest of Terror would have survived."

Zi Luo: “???”

The sea bamboo man: “???”

Qian Long: “???”

Han Fei’s words caused huge waves in the hearts of the three of them. Because from the beginning, they didn’t think the Blood King was a good person, so they didn’t choose to go out with him.

As for the matter of Han Fei deceiving them just now, the three of them simply ignored it. They had already known he was lying to them. However, the matter of the Blood King did make them tremble.

Because Han Fei had no need to lie to them.

The Yin-Yang World and the Water-Wood World were connected. There would be an answer sooner or later. Besides, with Han Fei’s strength, there was no need for him to lie to them.

At this moment, Han Fei raised his eyebrows and glanced at the three of them. “Since you are here, you should know that you only have this one chance. Either surrender or die. There is no third choice.”

Zi Luo and the other two looked at each other. Although they wanted to retort, they didn’t dare!

Han Fei chuckled. “I’m not an unreasonable person. You have three days to inform the other demonic plants in the Forest of Terror. Give me an answer in three days.”

The sea bamboo man said, “Thank you, Ninth Heavenly Master.”

Then, the three of them looked at each other and retreated.

Luo Xiaobai said, "You said before that although the Forest of Terror is not as strong as the Black Blood City and the Demon Beast Union, it is not weak. Once we completely take them in, we have to have the capital to watch them over. At present, you are the only one who can suppress them."

At this moment, Xue Shenqi stepped forward and echoed, "That's right. We still need to suppress the demonic plants and strengthen our human race! At present, there are still too few strong masters in the Yin-Yang World."

Han Fei nodded. "I won't leave for the time being. In the next two days, I'll set up a spirit gathering array outside the Wall of Death to guide the power in the cage into the Yin-Yang World smoothly. But even so, it will take decades for the spiritual energy in the Yin-Yang World to catch up with the cage. However, it's still possible to increase it by two or three times."

Rome was not built in a day. Although Han Fei was strong, it was impossible for him to suddenly make everyone stronger.

Xue Shenqi said, "That's good."

After bidding farewell to Xue Shenqi, it only took less than five minutes for Han Fei and Luo Xiaobai to return to their seats.

Han Fei discovered, to his confusion, that Xia Xiaochan was sitting between Bai Lu and Yi Xiyan, and the three of them were whispering.

Seeing Han Fei, Xia Xiaochan immediately said, "Don't eavesdrop."

Han Fei: "???"

Han Fei's face immediately turned black. Bai Lu was fine, but Yi Xiyan was a big gossip. What could she not tell others? Although he had already told Xia Xiaochan most of the things over the years.

But Han Fei still looked at Yi Xiyang and threatened, "It seems that the five of you have slacked off for the past two years. Qu Jinnan, how do you teach your junior brothers and sisters? Don't you need to cultivate?"

Qu Jinnan was sucking a crab leg. Hearing Han Fei suddenly mention him, he was stunned. What does this have to do with me?

Laughing and eating, everyone was full.

In the end, Xia Xiaochan took Yi Xiyang and the others to have a private chat, and Han Fei and Tang Ge found a shore to fish.

On the cliff.

Tang Ge said, "I still remember what happened when we were young. I didn't expect you to become the master of the Heavenly Palace in less than 30 years."

Han Fei smiled and said, "We're always brothers! I still remember it was you who got me all the Spirit Swallowing Soup. To be honest, I still don't like fish soup."

Immediately, the two looked at each other and laughed.

### **Chapter 1869: Yin'er Entered A School**

Han Fei appeared in front of countless people in a powerful and domineering way this time. The news that he killed the Conch King with a single finger was spread by word of mouth, forming countless versions. Some people even said that Han Fei was ten thousand feet tall and could destroy the world with a single finger. Everyone in the 36 towns was talking about Marshal Han every day.

But now Han Fei was suddenly cold-shouldered by everyone.

The main reason was that Xia Xiaochan showed her wealth in front of everyone. Instantly, all the junior brothers and sisters surrounded her. Even Old Bai and Old Jiang ignored Han Fei.

The people from the Thug Academy were so "realistic".

In the end, only Zhang Xuanyu and Le Renkuang came to Han Fei.

Seeing Zhang Xuanyu's expression, Han Fei knew what he meant.

Before Zhang Xuanyu could speak, Han Fei said, “You won’t understand even if I explain the slash to you.”

Zhang Xuanyu immediately said angrily, “If you don’t tell me, how do you know that I don’t understand? Since I was young, I’ve always been the one to create combat skills. You’re all weaker than me in this aspect. Come on... tell me about it.”

Le Renkuang, on the other hand, was more realistic. “Feifei! I’m poor! You may not believe it, but I need to consume a lot of energy and spiritual energy. I can’t eat my fill...”

Bang!

Without a word, Han Fei threw a giant shark at Le Renkuang. Le Renkuang dodged, the shark hit the ground hard, and the ground trembled.

“Hiss! What realm?”

Zhang Xuanyu and Le Renkuang were both junior Venerables. Unlike Luo Xiaobai, Han Fei guessed that Luo Xiaobai probably had the power of faith to use, so she could make rapid progress. After all, as a supreme commander, she could also win the people’s love. Therefore, Han Fei was not surprised that Luo Xiaobai suddenly became an intermediate Venerable.

However, because Zhang Xuanyu and Le Renkuang didn’t have the power of faith, they could quickly become Venerables in a place like the Yin-Yang World probably because of the Star Beads.

Han Fei smiled and said, “It’s a Half-King! You need time to nurture your strength. You can eat this shark within three months.”

“Hiss ~”

Zhang Xuanyu and Le Renkuang exclaimed, “We need to eat such a big shark in three months?”

The two of them looked at it. This thing was thousands of meters long, and it was a real Half-King. How could it be eaten up in three months?

However, at this moment, Old Jiang shouted, “Brat, what did you give them? Have you forgotten about us?”

“Senior Brother, what kind of shark is this? It’s so big!”

“Little Junior Brother, you’re really... It’s so tiring for the two of them to eat such a big shark! Let me help them...”

For a moment, a large group of people from the Thug Academy came. They certainly wouldn’t really cold-shoulder Han Fei. The moment this giant shark appeared, a terrifying pressure appeared above the Thug Academy.

Yes, for people in low realms, the corpse of a Half-King could be used for visualization. They could even rely on this pressure to cultivate.

Han Fei said leisurely, “Oh, you’re all here? Why aren’t you telling stories to your Senior Sister Xiaochan?”

Everyone pretended not to hear him and pointed at the shark.

Chu Linyuan said, "These teeth are extremely sharp and simply ultimate treasures. They can be cut off."

Xiao Zhan said, "This shark blood is a great tonic. Don't waste it. Such a big one is enough for each of us to improve your strength by at least one realm."

Wenren Yu said, "This fin is not bad. I've taken a look at it. If it's refined into a set of hidden weapons, its power will be terrifying."

Ling Yuan said, "Senior Brother Han Fei, shouldn't you give us something real? Senior Sister Xiaochan's gift is ten ultra-quality spiritual fruits, the kind that we don't even dare to eat with our current strength."

Yi Xiyan said, "Senior Brother, give me a gift."

Su Daiji shouted, "A gift!"

Han Fei was lost for words. "It doesn't matter if I give you a gift or not. I'm going to give the Thug Academy a new top technique. To be honest, this technique is called a divine technique even in the entire Raging Sea."

"What technique?"

"So magical?"

"Feifei! I don't quite believe you."

"Senior Brother, did you snatch this from the Raging Sea?"

"Senior Brother, we've already heard some of your deeds in the Raging Sea, but Senior Sister Xiaochan didn't mention any top techniques."

"Brat, since you want to share this great technique, hurry up and show us! I can't wait to see it."

Xia Xiaochan seemed to think of something and looked at the shark. She seemed to understand something, but since Han Fei didn't say it, she wouldn't say it either.

However, Han Fei said, "Wait a moment. Before that, I'll use my identity as the master of the Heavenly Palace to stuff two people into the Thug Academy."

"Stuff people?"

Old Jiang asked, "Who?"

Old Bai said, "Did you bring back a few Heavenly Talents from the outside world? But their aptitudes must be good!"

In the next moment, Han Fei said, "Their aptitudes are not bad. They have Heavenly Heritage, satisfied?"

"What?!"

"The legendary Heavenly Heritage?"

"Brat, you can't lie to me."

“Where are they? Where are they?”

Beside Han Fei, the illusion of mountains and rivers appeared, and Nian’er, Yin’er, and Xiao Se appeared in the Thug Academy.

At the same time, Wood Spirit, Fire Seed, and the others appeared...

Everyone knew that Han Fei’s Sea Quelling Painting could hide people.

Tree Spirit, Fire Seed and the others had appeared before, so they knew them. They didn’t know Xiao Se, but Xiao Se was in the Venerable realm. It was obvious that he wasn’t the student Han Fei mentioned.

Old Bai and Old Jiang immediately looked at Yin’er and Nian’er.

Han Fei’s eyes were attracted by the crab in Yin’er’s arms. Information popped up in his eyes.

< Name > Emperor Ba Crab

< Introduction > Emperor Ba, a kind of giant beast from ancient times. It was reborn from the King Ba Crab. The Emperor Ba Crab is the ultimate evolution of the King Ba Crab. If he wants to improve his strength again, he can only achieve it by improving his bloodline greatly. Emperor Ba Crab is gentle and is generally friendly to any creature. Emperor Ba is extremely strong, but his body is heavy. This is the drawback of evolution, which is why they try to improve their bloodline. The ultimate Emperor Ba can withstand the burden of their bodies.

< Level > 1

< Quality > Primordial Mutant

< Realm > Spirit Awakening

<Great Dao> Space

< Chaotic Qi > 721

< Battle Technique > Space Scissors

<Food> Algae, shellfish

< Collectable > None

<Absorbable>

< Remarks > In infancy

Han Fei took a slight breath. King Ba had evolved. His life level had improved to that of the Emperor Ba Crab. Besides, if he remembered correctly, the Ultimate King Ba couldn’t withstand the weight of his body, but this Emperor Ba seemed to be able to.

As for the other information, its quality had changed from an ancient mutant to a primordial mutant, which was a solid proof of bloodline improvement. It was born with the Great Dao of Space and had inherited the characteristics of King Ba.

Han Fei didn't know if Emperor Ba had inherited the memories of King Ba, but even if he had memories, they shouldn't be awakened for the time being.

Yin'er and Nian'er couldn't help but feel a little scared when they saw so many strangers at once. Nian'er had been to school, but Yin'er had followed Han Fei here and everything she saw was extremely unfamiliar.

Yin'er had been releasing her spiritual energy since she was young and had never left the Tranquil Dao Academy in the Glazed Glass World.

More importantly, Old Bai and the others were staring at her as if she were a treasure.

Han Fei said to Yin'er, "Yin'er, these are all my teachers and senior brothers."

With that, Han Fei said to Old Bai, "President, this is Han Yin'er, my biological sister..."

"What?!"

"You've got a biological sister?!"

"What's the story behind this?"

Han Fei said, "Don't ask so many questions. Let me introduce them first. This is Han Nian'er. Don't ask me about her identity or background. Anyway, they will be students of the Thug Ac...Pure Sun Dao Palace from now on."

Old Bai stroked his beard and said, "No problem, no problem at all. Hahaha..."

Old Jiang's eyelids twitched. "Do the two girls like to refine pills and draw arrays? I have the Pill Sutra and the Array Dao. Are you interested?"

Han Fei's face turned green. When did Old Jiang become so good-tempered? If he hadn't heard that they had a Heavenly Heritage, how could he be so nice now?

"Cough, cough ~"

Han Fei said, "Some people, pay attention to your image..."

After that, Han Fei said to Yin'er, "This is already the Yin-Yang World. The spiritual energy is a little thin, but it's good for you now. In a few days, when I'm done with my matters here, I'll take you to summon your Yin soul back. You and Nian'er can stay in school for a few days. Senior Brothers and Sisters are all very good people."

"Um, OK!"

After all, Han Yin'er was sensible and wasn't as naughty as Yi Xiyan.

Han Fei introduced them one by one, "This is President Bai, greedy for money..."

Hearing it, Old Bai was so angry that he blew his beard. "What the hell are you talking about?!"

Han Yin'er was surprised. Were the teachers and students in this school so close?

Han Fei introduced, "Old Jiang, Vice President, a foodie."

“Puff~”

The corner of Han Yin'er's mouth twitched, and Nian'er handed a bag of crisps to Old Jiang. “Grandpa Vice President, have some...”

Old Jiang: “...”

### **Chapter 1870: Han Fei's Technique**

Nian'er was still a child. Although she knew some common sense about social interaction, she had only been in school for half a year and often caused trouble. Therefore, she didn't think being a foodie was bad.

Speaking of food, she thought she had found a kindred spirit.

Old Jiang took the chips speechlessly and then glared at Han Fei, thinking that he had lost all his face.

Han Fei introduced, “This is Senior Sister Jiang Qin... Senior Brother Chu Linyuan and Senior Sister Mu Qingchuan, a perfect couple... Senior Brother Wang Dashuai and Senior Sister Bailu, do you have a daughter or a son? Where is he?”

Wang Dashuai immediately blushed. “Well, not yet.”

Bai Lu: “Soon. In a few years.”

Han Fei replied, “His talent is definitely not weak. The Thug Academy is going to have another Heavenly Talent.”

After that, Han Fei continued to introduce, “Mr. Xiao Zhan and Ms. Wenren Yu are the best teachers in this world. They taught me before.”

“Senior Sister Jiang Qin, Senior Brother Yang Xie, Junior Uncle Jiang Chao... We're all family. Sister Qin, you should give birth to a child quickly!”

Jiang Qin glared at Han Fei. “Why don't you have one yourself?”

Han Fei said in embarrassment, “Qu Jinnan and Ling Yuan, your senior brother and senior sister. Xiao Nan has a good temper, Ling Yuan has the demeanor of a big sister, and they're a couple too... These are Yi Xiyang, Su Daiji, Gu Qi, Xing Yue, and Su Sanqian, who are of the same generation as you. They are quite strong now but still need some training...”

Han Yin'er was speechless. What kind of school was it? Why were they all couples? Her brother and Xia Xiaochan were also a couple.

In the end, Han Fei introduced, “These are the students of my generation. Your brother, your sister-in-law, this fatty is called Le Renkuang, this handsome guy is called Zhang Xuanyu, and the busiest Senior Sister Xiaobai you've seen today. The five of us were a perfect combination before.”

After introducing them one by one, Han Fei looked at Tree Spirit, Fire Seed, and the others, and Han Fei said, “The five of you don't have to return to the Sea Quelling Painting. There are too many things in this world that you need to gain experience. If you want, you can also join the Pure Sun Dao Palace. In the future, you will be the guardians of the Pure Sun Dao Palace.”

“Yes, Master...”

Han Fei said, “From today on, I’m no longer your master. Everyone has their own fate. Although you are not human, you are all legend creatures and should be the protagonists of this world. After hiding in the Sea Quelling Painting for so long, it’s time for you to come out. If you can cultivate in the outside world, you will be able to grow much more fastly. Perhaps, the Pure Sun Dao Palace will need you to protect it in the future.”

Fire Seed, Punishing Saber, and the others were all excited. They didn’t have to return to the Sea Quelling Painting anymore, which meant that they were completely free and could finally enjoy their lives to their heart’s content.

Seeing that Emperor Ba was lying lazily in Yin’er arms, absorbing the spiritual energy released by Yin’er from time to time, Han Fei couldn’t help but say, “His name is Xiao Ba, an existence of the same generation as our father. In theory, you have to call him Uncle, but I don’t know if he still has his memories. Since he likes to nestle in your arms, you can take him with you and call him Xiao Ba.”

With that, Han Fei took out a Sea Swallowing Seashell and handed it over. “Xiaoba can’t be mistreated. We owe him a debt of gratitude. If he doesn’t have enough spiritual energy, feed him.”

Yin’er’s eyes lit up. “Can I?”

Han Fei laughed. “Why not? Xiao Ba is our family member. Since he likes to nestle in your arms, there must be a reason. It’s not just because he covets your spiritual energy.”

Yin’er nodded heavily. “Then I’ll take him with me.”

At this moment, Han Fei said to everyone, “Now, I’m going to teach you a great technique one by one. Because this great technique is not something a jade slip can carry, I can only teach it to you one by one.”

Everyone was shocked. A technique that couldn’t be carried with a jade slip? What kind of great technique was this?

Han Fei said, “Zhang Xuanyu, you first.”

Zhang Xuanyu raised his eyebrows. “Why don’t you teach the president first?”

Han Fei said, “This is because there is a serious mismatch between your physique and strength, so this technique will work better on you than everyone else.”

Zhang Xuanyu’s heart did a flip. Was it related to body tempering?

Han Fei pointed at the air, and a golden light disappeared between Zhang Xuanyu’s eyebrows. This guy immediately stood still and digested the great technique of the Purity Mystic Body.

After a while, when everyone stood here to absorb the Purity Mystic Body, Xia Xiaochan said, “It seems that the Yin-Yang World can only rely on you.”

Han Fei nodded slightly. “There are cracks in the cage. With the current leakage of spiritual energy and energy, the cage will collapse in a hundred years at most. At that time, when the cage shatters, even if

the Heaven and Earth Array still exists, its strength will plummet. I'm afraid it won't be able to stop the people from the Thirty-Six Mystic Worlds anymore. Therefore, I have to use all means to make them stronger, to make the entire Yin-Yang World stronger."

Xia Xiaochan said, "Yes, at least we still have a hundred years."

Swish ~

At this moment, two figures appeared in the Thug Academy almost at the same time, which were Patriarch Thug and Ren Tianfei.

However, at this moment, Ren Tianfei was still exuding the power of a Half-King. He said, "It feels so good to be a Half-King again."

Han Fei said, "Yes, but you're still only a Half-King."

"Hehe ~"

Ren Tianfei chuckled, which puzzled Han Fei.

Li Daxian said, "Han Fei, don't you get it? This guy has recovered to the Half-King realm, which basically means that he is going to become a king."

"Huh?"

Han Fei asked in surprise, "What's going on?"

Li Daxian said, "If he's not a king, how can he really live for tens of thousands of years? His true peak state has always been the Sea Establishment Realm."

"Hiss ~"

Han Fei was stunned. F\*ck, he had never thought of that. But now that Li Daxian pointed it out, he immediately understood everything.

Yes! If he wasn't a king, how could he live for tens of thousands of years? How could he know his mother? It seemed that Old Ren was also seriously injured because of something back then. Just like Old Han, his strength plummeted and he dropped down from the Sea Establishment realm.

Ren Tianfei said, "Han Fei, with your current strength, no one in the Yin-Yang World or the Water-Wood World can do anything to you. You need to find a way to reach the Sea Establishment realm as soon as possible. The Yin-Yang World needs a king. The first king can only be you."

Han Fei nodded slightly. "Got it. Let me finish the matters in the Yin-Yang World and the Water-Wood World first. I need to go to the Water-Wood World now."

Ren Tianfei nodded slightly. "I'm going back to Central Holy City. I'll wait for you there."

Han Fei said, "I might not make a breakthrough there."

Ren Tianfei said, "You will go there eventually..."

Ren Tianfei left, and Han Fei said, "Patriarch, didn't you mention that you went to the Heavenly Palace to find your body? Is that true?"

Li Daxian said, "Yes, but my body has gone and I don't have an avatar. Cultivating the undead is my only choice."

Han Fei narrowed his eyes and said, "If your body is alive, will you still have a chance to turn back?"

Li Daxian said, "The possibility is not high, but if my body recovers, I can cultivate a great undead technique and become a top powerhouse among the undead."

Han Fei said, "I'm not strong enough yet. I'll think of a way to help you later."

In fact, it wasn't that Han Fei couldn't, but that he didn't want to try at all. Unlike Ren Tianfei, Li Daxian was currently an undead creature, and behind the undead was the Immortal Temple.

He hadn't figured out the relationship between the Void Temple, the Immortal Temple, and the Time Temple yet, so he wouldn't help Li Daxian now. He would wait and see what happened later.

The Purity Mystic Body was passed on, King Ba woke up, and the Yin-Yang World was pacified. Luo Xiaobai explained what had happened to the people in the Yin-Yang World. At the same time, she was promoting that the Yin-Yang World would have a new wave of breakthroughs and encouraging everyone to take advantage of the rain of blood to quickly cultivate and make breakthroughs.

In addition to explaining that the threat of the Wall of Death had been eliminated, she also announced that the spiritual energy density in the Yin-Yang World would gradually increase to reassure everyone.

When everything was ready, Han Fei looked at Xia Xiaochan and said, "I need to make a small breakthrough in about a day. In case the demonic plants from the Forest of Terror come when I'm not around, you can guard the Scattered Stars Island."

Xia Xiaochan nodded. "Don't worry. Go ahead! It's a troubled time. Let's talk after everything calms down."

...

A million kilometers away, on a certain sea surface, Han Fei issued an order in his heart, and two strange lights, one black and one white, drew a huge black and white circle between the heavens and earth.

As he stomped, a terrifying pressure sealed the surrounding ten thousand kilometers. Hundreds of thousands of ultra-quality spiritual stones flew out and a thousand spiritual fruits fell into the Yin-Yang circle.

After a full twelve hours, Han Fei found that Little Black and Little White's bodies grew slightly longer and slimmer. Their long phantom tails made their bodies half illusory.

When Little Black and Little White appeared, information popped up in Han Fei's eyes.

< Name > Twin Yin-Yang Spirit Swallowing Fish

< Introduction > This is the descendant of the mysterious ancient Yin-Yang Sky-Swallowing Fish. The black and white fish accompany each other. The white fish is docile, whereas the black one is cruel. They are symbiotic. As long as one lives, the other lives.

< Level > 80

< Quality > Mysterious

< Chaotic Qi Stored > 10,000 wisps

< Food > All things can be swallowed

< Battle Technique > Supreme Yin-Yang Wheel, Spirit Swallowing Body, Fusion, Twin Divine Technique, Yin-Yang Millstone

< Soul Power Fusion > One day

< Remarks > The black fish can't be seen. Except for its master, only the Yin-Yang Divine Eyes can see it. After fusing with it, its combat power will increase greatly, comparable to a Sea Quelling Bizarre Treasure.
