Chapter 3681 The End of the War of the Era (3)

Shen Le said, "Little Junior Brother, don't be swayed by him. Even if there are stronger existences, even if there is an unknown Sea of Stars, so what? Hasn't our cultivation path always been like this? There is always someone stronger, and there is always a mountain higher. We can just proceed and cherish as we go."

Han Fei nodded slightly and asked, "How is Senior Brother Undead?"

Shen Le's expression was solemn as he shook his head slightly. "I can't revive him. It must be that Hongjun's ominous body used the power of the Immortal Level to leave the coffin. That's what it's called, right? He's only left with incomplete bones and his vitality is extremely weak. Cough, cough..."

Senior Sister Shen Le coughed up blood again, her face pale.

With a thought from Han Fei, Shen Le felt that her Great Dao was dissipating. In the next moment, the Demon Purification Pot's vines pierced through her body one after another, and the ominous forbidden curse that corroded her was disintegrating.

Han Fei said, "When you reach the Immortal Level, you can grasp ten thousand Daos and the Dao of Origin. After I control the Star Rivers, the Heavenly Dao of the entire Chaotic Star Sea will be controlled by me. Therefore, as long as you are in the Chaotic Star Sea, no matter how your Dao is shattered, I can help you recover. Therefore, when your Dao is shattered, you can take the opportunity to remove the curse."

Shen Le said, "I did understand, but I haven't reached this realm yet, so I still don't understand. However, my little junior brother is really something. You've become the first Immortal in the entire Chaotic Star Sea."

As she spoke, Shen Le glanced at the Master of Time, who snorted. "If there is one, there will be two."

Shen Le sneered. "Even if there is the second one, he won't be from your Time Temple but can only be from our Void Temple. By the way, Little Junior Brother, how to revive Old Three?"

Han Fei summoned the River of Life and connected the River of Life for Senior Brother Undead. Then, he waved his hand, and the surrounding dozens of Star Rivers and endless resources gathered to rebuild Undead's body.

After a while, Han Fei pondered and said, "Senior Brother Undead's injuries are indeed very serious. The River of Life has been connected for the time being, but its will is a little scattered. This is not something I can control. Senior Brother Undead has to rely on himself. As for when he can revive, I don't know."

"Alas..."

Shen Le sighed slightly. "Old Three is really tough. He's the only one in our Void Temple who is like Eldest Senior Brother. He's lonely."

Han Fei's heart stirred, and his eyes glittered. "Perhaps... Senior Brother Undead can take Eldest Senior Brother's path."

Shen Le shook her head. "We can't leave. Undead is transformed from the six-lineage fruit. Although he looks like a skeleton, he has a heart."

Han Fei said, "We can steal its heart."

"Huh?"

Shen Le was speechless. "What do you mean?"

Han Fei said leisurely, "Because... Eldest Senior Brother has found the path behind the Dao of All Living Beings."

Buzz!

Shen Le and the Master of Time both looked at Han Fei in shock.

The Master of Time asked, "How do you know?"

Han Fei said, "On the Path of No Return, I saw the inheritance left by Eldest Senior Brother."

Shen Le's eyes lit up. "Well, is Eldest Senior Brother's path different? Is the Immortal Level above the dominator realm?"

Han Fei shook his head. "Perhaps there are many ways to go to the back. The road Eldest Senior Brother found is not suitable for us. Senior Sister, you said that Senior Brother Undead and Eldest Senior Brother are the most similar. If..."

"Okay~"

Sure enough, Shen Le agreed. "Let's do that."

Han Fei asked, "Aren't you going to consider it?"

Shen Yi chuckled. "What's there to consider? Do you really think anyone can enter the Immortal Level? If it's so simple, how can you be the only one since ancient times?"

Han Fei nodded slightly. What he wanted to do was simple. He didn't know how long it would take for Senior Brother Undead to revive. At that time, if there was a chance, he could put his heart in the inheritance cave of the Eldest Senior Brother of the Dragon Subduing Island. If one day, Senior Brother Undead would go to the Dragon Subduing Island, he might be able to comprehend it. Of course, Han Fei didn't know if this would work. But if it worked, in the future, another super powerhouse above the dominator realm might be born in the Chaotic Star Sea.

The Master of Time was silent for a moment. "Han Fei, what do you think if I take off my heart?"

Han Fei sneered. "I don't know you well."

The Master of Time said, "You're already in the Immortal Level. Why are you still so petty?"

Han Fei snorted. "You only have time in your heart. Are you lonely?"

"Yes ~"

"B*llshit."

Shen Le interrupted the two of them. "Alright, enough chit chat. There is still an ominous."

Han Fei smiled. "I'll go meet him."

...

In the Creation Star Compass.

Wherever the ominous was, everything would be contaminated, including the Creation Star Compass. However, after what Jiang Taixu did in the past, its inside had long been broken, and the energy contained in it was not enough to support the breakthrough of a dominator. Therefore, except for attacking the Creation Star Compass itself, the real ominous had nothing to do here.

When Han Fei entered the Creation Star Compass, the ominous was bombarding the Creation Star Compass. This place was already full of cracks, but these cracks were not enough for the ominous to go out in a short period of time. According to this fighting style, it would probably take at least a few months.

When Han Fei came in, the real ominous suddenly stopped and said in disbelief, "Impossible."

Han Fei smiled. "That's what Hongjun's ominous body said."

The ominous' pupils were constricted, and he was silent for a moment. "He lost?"

"You don't seem surprised at all?"

"You can even return from the Path of No Return. What's there to be surprised about if he's defeated?"
