Ximen Linglan frowned slightly. "There are traces of battle in the Time River."

Han Fei was also puzzled. "And the intensity of the battle is not weak. It has reached the Sea Quelling God level. Let's go and take a look."

...

Buzz!

In the Time River, two Dragon Carp, one big and one small, were fighting someone.

For a moment, in the Time River, the world kept fluctuating, and laws kept dissipating out of the Time River.

In the divine light, two Dragon Carp were attacking a man crazily. As for that person, he was wearing a golden robe and looked a little helpless. He had no intention of fighting back and just let the two of them attack him.

After a while, the man in the golden robe slowly said, "Shi'er, stop fooling around. Come home with me."

The Big Dragon Carp snorted coldly. "That's impossible. Don't think I don't know your evil intentions. You just want to take Yin'er back to take over your position and deal with your great ominous cause. You've been fighting for several eras, and you still want my daughter to fight for you? Impossible."

The golden-robed man said helplessly, "The ominous has been wiped out. This time, I really just want to take you back."

"Who are you fooling?"

"Mom... He, he... Who is he?"

The little dragon carp was also a little stunned at this moment. She stopped attacking and looked at the golden-robed man opposite her in a daze.

The golden-robed man retracted his serious expression and said indifferently, "Child, I am your father."

The little dragon carp was stunned for a moment. "Mom, I, I have a father?"

The Big Dragon Carp said, "Don't listen to his nonsense. You don't have a father. This person is a liar."

"Shi'er, as I said, the ominous is already gone. I have no reason to lie to you. Besides, the child can't never know who her father is, right?"

The Big Dragon Carp snorted. "I won't believe you. How can the ominous be destroyed so easily? How many eras has it been? Which of you has succeeded? Don't think I don't know your plan. You just want to send Nian'er back to the Chaotic Era to find a way to kill the ominous. That place is not easy to go to. If one doesn't carry great karma, he will definitely die there."

The golden-robed man sighed helplessly. "Okay, okay. Even if you don't believe me, you should believe him, right? Han Fei, can you come out and help me explain?"

"Han Fei?"

The Big Dragon Carp was stunned.

The little dragon carp's eyes glittered when she heard Han Fei's name. "Brother Han Fei? Where is he?"

Swish ~

In the next moment, Han Fei and Ximen Linglan appeared in the Time River.

Han Fei greeted her with a smile, "Nian'er, Senior Time."

"Ah! Brother Han Fei, Mom, it's Brother Han Fei..."

With a scream, she accelerated and rushed at Han Fei.

The Time Dragon Carp was also relieved, but when she looked at Han Fei, she couldn't see through his strength at all.

Why was Han Fei here? Why was Han Fei qualified to be called by the Master of Time?

"Brother Han Fei, I miss you so much! I miss Sister Yin'er too."

Han Fei smiled. "Yin'er and I miss you too!"

Nian'er had already turned into a little girl and was hugging Han Fei's arm. Han Fei rubbed Nian'er's head and said, "Senior Time, have you been well these years?"

The Time Dragon Carp said, "Not bad. We stopped in various eras and came back, but you went east, so we didn't look for you again. But what's your relationship with him?"

Han Fei looked at the Master of Time with a complicated expression. "I have nothing to do with him. I want to ask that too. Time, how did you know I was here?"

Hearing this, the Time Dragon Carp's pupils were constricted slightly. Han Fei called him "Time" directly? How dare he?

The Master of Time looked at Han Fei. "I'm just luring you here at this time. This is my wife, Shi Ling, and this is my daughter. I want you to help me

explain that the ominous has been destroyed and the Chaotic Star Sea is safe."

The corner of Han Fei's mouth twitched. Good lord, who the hell could have guessed this? The Master of Time was actually Little Time's father.

Han Fei asked, "You, the Master of Time, can't even have your wife and child trust you?"

The Master of Time said, "It's a long story. After all, I arranged for someone to save Ximen Linglan back then. Don't you want to return this favor?"

Han Fei raised his eyebrows and looked at Ximen Linglan, only to see that Ximen Linglan was dumbfounded. Obviously, she didn't know this either. However, after Ximen Linglan comprehended the Dao of Hope, she was indeed saved by a strong master of the Time Temple passing by. It was probably not a coincidence. It could only be said that she had always been in others' plans.

Han Fei was a little speechless, but he still said to the Time Dragon Carp, "Senior, the ominous has indeed been annihilated."

The Time Dragon Carp was a little unconvinced. "Who did it? Who has this ability? The Death God or Void?"

Han Fei had examined the Time Dragon Carp with the Demon Purification Pot before! But at that time, the Time Dragon Carp was only in the Sky Opening realm. Now it seemed that what he saw back then was probably just a clone of the Time Dragon Carp.

Han Fei couldn't help but smile. "I did it."

The Time Dragon Carp: "???"

"Are you kidding me? You killed them? You..."

The Time Dragon Carp looked Han Fei up and down, but she couldn't understand him. This meant that Han Fei was at least above the Sea Quelling God realm, which was the dominator realm.
