

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 19: THE "DOWNFALL" OF DRINKING TOO MUCH MILK

This day, Shi Qi just solved a problem, lazily stretched a lazy, by hand picked up the milk on the table and drank a few big mouthfuls.

Xu Future saw that Qi had been drinking milk for three days, or one bottle each morning and noon.

"QiQi, so you like milk that much?"

The smile on the side of Qi's mouth stiffened slightly, "... Yes, it's quite tasty."

"But it's not good for you to drink so much, right?" Xu Mirai remembered reading an article that said that drinking too much milk might be so and so, like diarrhea?

"It's okay, I'm in good health." When Qi waved his hand, immersed in the joy of solving the problem.

Xu Future saw her lively and vigorous look, it seems to be also.

After the bell rang but half a minute, physics teacher Bian Yixiu walked in with his textbook, and the surrounding students returned to their seats.

This side teacher, new way of teaching, treating people in a civilized and courteous manner, just came to the seventh middle school two years, has become the most popular teacher in the school, even the second year of senior appearance superior temperament of Song Qihua teacher did not be able to compare him.

The second class found out that the physics teacher was him, and was so happy that the cheers drew protests from the next class.

However, as soon as Shi Qi saw him, she felt sleepy seeing the astronomical-like physics formula.

She gave a small yawn, but this small action was keenly captured by the podium side Yixiu.

The side of a repair a low laugh, voice clear, "when seven students, if you feel sleepy, can let the next classmate help pinch two."

The students in the classroom laughed loudly, Shi Qi's physics grades are not good, everyone knows that.

However, to the side of the teacher so a handsome face can also be sleepy, is really awesome ah.

Xu Future feels that he was given a sacred task, a small face, eyes with a cunning, her finger a twist, when Qi immediately sucked a breath of cold air, whispered straight shout, "pain pain pain!"

The people around you stifled low laughter.

Si Eucalyptus withdrew his gaze and looked at his book.

Only then did Bian Yi Xiu open the display on the blackboard and start the lesson.

Although school had only just started, this Shi Qi student had left an extremely deep impression on him last week.

With a 17-point physics score that was heavily biased, he became the focus of attention for all teachers.

It does not matter, the other subjects are as good as that, it means that the learning ability is strong, in his side a repair of the lesson, physics to improve a few ten points is not a problem.

He is very confident.

When seven sighed, why would there be physics so difficult subjects, but the gods also like to study physics ...

This one alone, she felt that she was a hundred thousand miles away from Si Eucalyptus.

Moreover, she is not the Monkey King and can't do cartwheels.

The first thing you need to do is to get a good idea of what you're doing.

The last few days have pinched her "internal injuries"?

As soon as the class ended, she rushed to the toilet and came back with a slightly white face.

When Xu Mirai saw that she didn't look right, he asked worriedly, "Qiqi, are you not feeling well?"

The actual fact is that you can't have a problem with your own pinching just now, right?

The first thing you need to do is to get a good idea of what you are getting into.

The same day after school, Shi Qi pushed his bike home with difficulty, his stomach and stomach ache.

The first time I saw her, I saw her pushing her bike, and she was having a hard time walking.

He stopped his bike and pushed his car alongside Shi Qi, asking out of concern for his classmate and neighbor, "What's wrong with you?"

When Qi pale a small face, angry eyes glared at him, but not blame you.

The company's main business is to provide a wide range of products and services to the market.

Time Qi wanted to refuse, "No need." It's just diarrhea, there's no need to go to the hospital.

However, the god of learning has stopped his bike, pushed her bike to the curb and locked it up, riding his own bike, his movements casual, his gaze fell on Shi Qi, "Come up."

At this time, is more than five o'clock in the afternoon, falling sunlight just sprinkled on the body of Si eucalyptus, white school uniform shirt, wrist loosely pulled up, collar slightly loose, throat knot slightly sliding, there are some indescribable sexy....

When Qi swallowed, silently sat on the back seat.

Diarrhea is actually quite serious, or go to the hospital to see good.

SO THE GOD OF LEARNING HAS A CRUSH ON ME - CHAPTER 20 "LOVE" BREAKFAST

Looking at the words, "lactose intolerance", Shi Qi wanted to cry...

Beauty is wrong for people, beauty is wrong for people.

The first thing you need to do is to get a good idea of what you're doing.

The elevator door opened, Shi Qi took the book bag handed to him by Si Eucalyptus, "Thank you for taking me to the hospital today."

She took out the key and poked the keyhole...

I saw that Si Eucalyptus had already opened the door of his house and had not yet entered.

After hesitating, he spoke, "Actually, you're not particularly short, you don't need to drink so much milk..."

Time Qi: "..."

In response to Si Eucalyptus, the door was closed tightly.

At night, Shi Qi was lying on the sofa watching TV, completely uninterested in brushing up on her problems.

Mom put down the fruit plate and discussed with her, "QiQi, mom has to fly abroad on the National Day."

"Yeah." The company's main business is to provide a wide range of products and services to the public.

"The National Day holiday brother over to live, you then in advance to the other room to clean up, right?"

When Qi froze, brother ...

The last time I remember seeing him was in my last life when I transferred to high school, when he came over to help himself with the paperwork.

"Mom, don't you clean every day, what else do you need to clean up?" Time Qi asked knowingly.

The room is full of your own clothes and toys from the past.

The company's main business is to provide a wide range of products and services to its customers.

The company's main business is to provide a wide range of products and services to its customers.

The company's main business is to provide a wide range of products and services to its customers.

It really delayed her to do the problem.

The company's main business is to provide a wide range of products and services to its customers.

Heh, to clean his room?

No way, she can't in this life!

When Qi rolled her eyes, she went back to her room and fell asleep.

The next day

The next day, when she got up early, she made a hearty breakfast in the kitchen.

When mom saw the breakfast on the table, she almost thought she hadn't woken up yet.

When she saw the breakfast on the table, she almost thought she was still awake.

Under her expectant gaze, Timemom took a small sip of the green vegetable porridge, well, it tasted pretty good.

"Why did you suddenly start making breakfast?"

Timothy smiled sweetly, "Of course it's to let mommy rest and relax."

Looking at the smile that overflowed on Mama Shi's face, Shi Qi's heart settled down a lot.

The reason for this is to prevent someone from coming to steal mommy from you, and to secure your important position in mommy's heart in advance.

When she returned to her room with her lunch bag, she took out her cell phone and made a call.

A few "beeps" later, the phone was answered.

"Hello, who is it?"

"Si Eucalyptus, it's me, Qi Shi."

The person on the other end of the phone, Si Eucalyptus, froze for a long time, how could she have her phone number?

When Qi thought, as the saying goes, in order to capture a person's heart, you must first capture his stomach... Hey no, bah bah bah! Yesterday he sent himself to the hospital, so it's only right that he return the favor.

"That, yesterday you helped me, so I thought of making some breakfast, so did you eat breakfast?"

Her words were a little off-key, yet Si Eucalyptus still understood them.

He glanced at the sandwiches and milk on the table, and his tone was light and frank, "No."

After hanging up the phone, he carried his school bag and prepared to go out, but after thinking about it, he still took the bottle of milk with him.

...

"No, here you go." When Qi hung the bento bag on Si Eucalyptus's bike handle there.

The company's main business is to provide a wide range of products and services to its customers.

The first thing you need to do is to get a good idea of what you're doing.
