

**good evening 461**

**Chapter 461**

He didn't expect that his daughter, who was always concerned about him, was a wolf in sheep's clothing.

"What did I do?" Su Qiqi felt very strange.

As soon as she came home, she had not put down her bag, but she met Su Zheng's inexplicable treatment. Who did she ask to offend.

And in the face of Su Zheng's anger, it seemed that he had really done something harmful to the reason.

The forehead was broken by the glass, and the glass fell down, and it was all broken.

Su Zheng had never been so kind to her. From childhood to adulthood, at least in Su Qiqi's heart, even if she did something wrong outside, Su Zheng just scolded him and never touched him.

Is it hard for sue to find out about herself?

Sue is trying to save face. If he knows his daughter is so miserable, he may not be able to accept it for a while.

That makes sense.

If that's true, then she... She just wanted to pull the door and lock it. She thought of calling Shen Yin, but the next second, Su Zheng's angry tone followed.

"You're going to find your mother. I'll settle with him later."

"... dad, what did mom and I do, you want to do this!"

"I need to remind you one by one of the good things I have done. If I didn't find the evidence, you would be ready to die and not admit it, right?"

In Su Qiqi's room, he found a mobile phone, which Su Zheng couldn't think of.

"Dad, i... I can explain that I was just... Just cheated."

Su Qiqi bowed her head. She thought that she would never know about it again.

But she is wrong, if people do not know, unless they do not.

That day, she took the B-ultrasound paper home, just to give herself a warning to stop being stupid.

But I didn't expect that Su Zheng knew about it.

Su Qiqi is a person who knows current affairs. She has such a life because of Su Zheng. Now she can't get angry with him.

Now, the confidence of his mother's family is stronger than that of his father's. He won't do anything to himself if Su Zheng looks at his mother's face in the future.

Besides, the ugly family should not be publicized. As long as he admits his mistake, Su Zheng won't do anything about her.

After all, she's his own daughter. She doesn't eat children.

With a plop, she knelt down on the ground, and her tears came down. "Dad, I've been cheated, and I don't know..."

"Cheated!" Sue was taking out her cell phone from her pocket. "You explain to me how you were cheated by SMS!"

The cell phone was directly thrown on the table by his anger.

Su Qiqi looked up at the cell phone. It's a very shabby style. I used to buy that model in the early days, but I can't buy it now.

"Dad, what text message is this?"

Isn't it about her abortion? How did it become a text message?

She covered her forehead and walked over.

Pick up the phone, press for a long time to open the phone, see the text messages inside, scared the phone dropped on the table.

"Now you know? When it was sent to me, wasn't it very energetic? "

"... dad, what do you mean by that? You suspect I sent this? "

Su Qiqi was frightened.

At that moment, she felt that her forehead didn't hurt, anyway... She didn't know what was wrong with her, like she fell into a whirlpool and couldn't get rid of it.

"The mobile phone was found in your room, not you. Who else could it be? Su Qiqi, I really

underestimate you. What do you want from doing this? "

"It's not me, Dad. How could I send this kind of short message to you? I... it's not me. I must have been wronged... Su Xiaowan, it must be Su Xiaowan. This matter only has something to do with her, it must be her."

"That's what I thought before."

Su Qiqi came up and grabbed his arm. She bit her teeth. "Dad, let's watch the surveillance!"

They have surveillance in their corridors.

"It was after watching the surveillance that I found you!" Su Zheng's face was dignified. Looking at Su Qiqi, he grew up in front of himself.

But never thought that this child was so anxious.

"Your mother taught you to do this, didn't she?"

Su Qiqi's brain has not reached such a stage.

Shen Yin must have made a lot of efforts behind him.

Su Qiqi's lips trembled and her face nearly turned white. "It's not... Dad, it's really nothing to do with us. Why should my mother and I do this?"

"Why do you do that?" Su Zheng was not a fool either. He thought it over and figured it out.

Shen Yin tells him that the old woman has a land lease, and Su Chenchen is not her own son. When she goes to the study, she finds the photo. These days, she is troubled by text messages

All this is a bureau.

Shen Yin has known for a long time what he is like.

Su Zheng doesn't like anyone. At least she was with Shen Yin because of her intelligence.

At that time, she was also at her pillow, blowing the pillow breeze.

Shen Yin ran to listen to the movement, but saw father and daughter burning with anger, one kneeling there crying.

"Su Zheng, what are you doing? Qiqi is your daughter. Even if you have done something wrong, just tell her. How can you still beat someone... "

"You know what you've done, and next time, get out of here."

Sue is leaving.

Shen Yin holds Su Qiqi, "what's the matter? What's wrong with your father? "

"Mom, I don't know what happened. Look..."

Su Qiqi showed her her cell phone.

Shen Yin finished reading the above content, the eyes of Yin ruthless son flashed.

"Dad said I did it, but how can I do such a thing? It has nothing to do with me. Mom, it must be su Xiaowan. Since she came back, our family has never stopped. Mom, do you think she knows anything?"

Shen Yin covered her mouth, "some words, you know it in your heart. Your father is so angry about it. I think it's very important."

"So... What do we do now? You can't give me a slap just now. "

"This matter, of course, can not be so calculated, you can rest assured that your father slapped you, I will return it to Su Xiaowan."

"But now... Dad is so angry today. If he is..."

"Your father doesn't feel comfortable with us now. Today, he just gives us a bad impression. He won't do too much. He also points to my mother's family. He knows the gain and loss of interests best. You can do whatever you should do these days. Don't scare the snake. I'll pay her for Su Xiaowan."

.....

Su Xiaowan sat in the room, listening to what Auntie Lin said, and his mouth turned.

It started faster than expected. Sure enough, he was afraid.

"Miss, this young lady is Mr. Wang's daughter after all, and he won't really do anything to her."

"I know."

"Then you..."

"I just want Su Zheng to doubt them. When there is a gap, it's hard to talk to each other. None of them is easy to deal with. I'm afraid it's hard for me to fight against three with one brain."

"But Shen Yin is so powerful that he can make Su Zheng happy in one night. Moreover, now that the Su family depends on the Shen family, Su Zheng can't kick her."

"Don't worry, my father has always been suspicious. With the gap, it's not easy to recover completely in a short time."

Aunt Lin looked at her. She didn't want her to be like this.

The girl in her memory has a grateful heart.

It's like a shining star.

"Don't worry, I have a sense of propriety. I just want to take back the things that belong to grandma. I don't want her to die like this."

Aunt Lin touched her hair and said, "it's hard for you these days."

"I'll be fine. By the way, aunt Lin, I'll take you to see Chenchen in a few days."

"Good."

Not long after aunt Lin left, Su Xiaowan was going to recite the script.

She's going to be in the group soon. In fact, she's very nervous.

I'm afraid that if I don't do it well, I will lose my face.

Knock, knock.

There was a knock on the door at that end.

Su Xiaowan puts down the script, goes to open the door and looks at Shen Yin.

Carrying a bowl of bird's nest.

"Xiaowan, I made some bird's nests for you. They were brought by someone from abroad. Good for skin, you're going to be in the group soon"

Now that you've all come back, let him go of the past. I'll be a family in the future. Although... I also want to understand, Xiaowan, it was my fault before. I hope you can forgive me.

No, you're going to the production team soon. You're going alone. There's nothing to take care of. You know, the entertainment industry is in a mess. Those hidden rules like you like to start with girls like you.

Our family is like this now. Your father certainly can't help you. My brother runs an entertainment company, otherwise you can sign his name? How about I show you tomorrow? Help you find a better agent. It's also good for you to have a good role in the future... "

Looking at Shen Yin's hypocritical face, Su Xiaowan still takes the bowl of bird's nest.

I had known that I would not go to the three treasures hall without anything. I had this idea in mind.

"I don't worry about my affairs. It's too late. Thank you for your bird's nest. I'll have a good drink."

Touch.

The door closed in front of Shen Yin.

Su Xiaowan doesn't know how to drink bird's nest. She takes the bowl and goes to the bathroom to pour it out.

Feng Yan said that except for the things given by people he trusted, nothing else can be eaten blindly.

She thinks it makes a lot of sense.

night.

Shen Yin goes to Su Zheng's study in his navel exposed pajamas.

Su zhengcoax's obedience, but also a lot of ear wind blowing in the ear.

"If Xiaowan wants to enter the entertainment industry, she will not have a helper. My brother's company is also large, but her resources are indispensable. But she just doesn't know what's good and what's bad, and doesn't understand my good intentions."

## **Chapter 462**

The next day.

Su Xiaowan is busy making seafood porridge in the kitchen.

She is going to make some seafood porridge for Feng Yan.

But just in the middle of the seat, the maid came to her and said that Sue was looking for her for something urgent.

What's the matter? Su Xiaowan knew it yesterday.

Presumably, Shen Yin must have said something in his ear.

Su Xiaowan wears an apron and runs out directly.

Sue is sitting in the dining room, looking at the girl running out. She has a ponytail. She looks approachable with a smile on her face. She is wearing a pink apron and a pair of slippers. She is coming towards herself.

At that time, the girl was brought by his mother, so he didn't know whose family it was. In recent years, he was also afraid of the east window incident, so he gave the girl to the old woman instead of staying beside him.

So many years, in fact, he didn't see this girl very much. Now, even if he didn't dress up, he has become a beautiful girl.

"What are you up to?"

Su Xiaowan can't say that he is cooking seafood porridge for Feng Yan.

"Dad, I'm cooking seafood porridge. Would you like some?"

When Su Zheng heard these three words, he had a lot of memories.

At that time, his family was poor and he couldn't eat such delicacies. When he first ate seafood porridge, he was at Nanyin's home.

It was his first time to drink seafood porridge, and he drank six bowls. For this reason, his poor stomach couldn't bear it all of a sudden, and he was directly hospitalized the next day.

He lost people for a long time.

From then on, he told himself secretly that if he wanted to be a good man, he had to cultivate his poor stomach first.

Since then, he began to drink seafood porridge every day.

Turn what you don't like into what you like.

For so many years, it seems that no one has prepared for Nanyin since she died.

"Dad, would you like a drink?"

"No more." Su Zheng had finished his meal. "Did your aunt look for you yesterday?"

Su Xiaowan's beautiful amber eyes flashed, "well."

"I listen to her meaning is also for your own good. In the entertainment circle, everyone can wander alone. As a girl, you are easy to be bullied."

"Dad, I have signed the company. I don't want to do this on impulse. I just want to talk about it. Knowing that Dad's business is not good recently, I also want to share some with dad. Staying at home is not a good way. I just want to have a try. I also know that my aunt is good for me. However, I have already signed a contract with others. If I break the contract, I will not be able to do it, But I have to pay a lot of money. Now my grandmother is gone, and I'm driven out of the house. I don't have any compensation in my hand. Although my younger brother over there may be willing to help me pay it back, Dad, don't we have to pay it back in the end? After all, the Shen family is not su. "

When she said about grandma, her eyes were red.

In fact, this is to remind Su Zheng that even if Shen Yin's younger brother is doing so much business, it's the Shen family, not su.

Shen Yin is not as stupid as Nanyin. He obediently gives everything to others. However, his younger brother, who has not seen him several times, always feels that he is also a scheming person.

"... now that you've thought about it, that's OK. You're an adult, too. You should have a sense of propriety. I'll go to the company first."

"Dad, be careful on the way home early."

After Su Zheng left, Shen Yin and Su Qiqi went downstairs. Although Shen Yin did everything last night, this morning, Su Zheng got up again with a cold face. She had been sleeping with him for so many years, and she couldn't understand it any more.

Su Xiaowan's seafood porridge is ready. When they eat, she takes the seafood porridge and goes away directly.

Su Qiqi was hungry and didn't look at the breakfast on the table. She had no appetite because she smelled a smell of seafood.

Went to the kitchen, looked at just finished seafood porridge pot, "what's in this?"

"The second lady packed and took it away."

Did Su Xiaowan take it?

"You make a new one."

"I... I won't."

"Then come to a meeting."

When Su Xiaowan went out, he ran into a man. He was a fortune teller.

Her porridge nearly spilled.

"Girl, I see that your seal is black. What happened recently?"

Su Xiaowan, holding the thermos bottle, bypassed him to go, but was directly blocked by the man, "girl, recently your family is not peaceful, serious, but you want to see blood, I'll give you a talisman, because you and I have a fate, as long as ninety-nine eight."

Nine nine eight?

She looked at the man in front of her, dressed in a long time ago thick cloth shirt, with a big sunglasses, "uncle, do I look very easy to cheat?"

The fortune teller's father-in-law can't figure out why she said that. "Although you look silly, you can't say that about yourself."

Su Xiaowan is angry.

"... sir, I think you may offend people the most recently. Maybe you will go to the detention house for a few days in a few days."

"Is it a fellow?"

"... uncle, even if you cheat people, you can cheat money. Uncle police will not let you go. You'd better be careful recently. Those unfortunate people may come to you."

Su Xiaowan took a taxi and ran away in a hurry.

The man took off his sunglasses and looked at the woman who was gone.

I took my cell phone out of my pocket and dialed a number.

"The girl is very strict. It's not easy to get close to her."

"Think of your own way."

shit !

.....

Su Xiaowan called Fengyi and asked him to meet.

When Feng Yi received the call, he was beside Feng Yan. He took his mobile phone and said, "OK, I will..."

Fengyi in Fengyan's eyes, "young master, I have something to go out."

"Go ahead."

Feng Yi wanted to say something, but at last he thought that Su Xiaowan was still waiting for him and ran away.

Before long, he came up with something and knocked on the door of Fengyan's office.

"What is this? Show off that you've got a girlfriend? "

It's a Kawaii's Pink thermos. It's a woman's thermos. It's definitely not a Fengyi thing.

Feng Yi thought, if only he had a girlfriend.

"It's not convenient for her to come up with the porridge she cooked for you."

Originally there was still this gas in my heart, but the next second, it dissipated immediately.

"Why didn't you say that earlier?"

Fengyi thought, you didn't give me a chance.

It's enough for a single dog to be abused like this.

"What else did she say?"

"Grandma said she would go to the apartment after training today."

"She has a conscience."

"Little grandma is still thinking about you. No one has more conscience than her, OK?"

"You seem to care about her?"

"... I just think, young master, you have done too little." Feng Yi looked at Feng Yan and said, "girls are sentimental creatures. You are always in a passive state. If one day, the young grandmother suddenly feels that you are not very dazzling, then you will be far away from being ignored."

Out ?

"What should I do?"

"Of course, you should always be nice to her, so that she can't live without you. One day I don't see you, so I feel sad. I always feel that there is something missing... But now it seems that it's OK for her to lack you, but there is nothing wrong with her."

### **Chapter 463**

He lacks her, but it is a mess, whether it is work or life.

It's hard to sing alone at night. I have to hear her voice every day to feel relieved.

But these days, she was away, and she couldn't sleep at all. She often stayed all night until dawn.

"Young master, you want to let the young granny's heart, only you."

"How do you know she doesn't have me in her heart?"

"I think the young granny is in a good spirit. It's not like you are so out of your mind, young master... In this relationship, young master is at a disadvantage."

In the downwind?

For a long time, Feng Yan looked at the seafood porridge in the bowl, "Feng Yi, you have never loved anyone. When you love that person, even if you are at a disadvantage, you are willing to enjoy it. Love is not a game between who has the upper hand and the lower hand. If she is happy, even if I am at a disadvantage, I am willing to."

Fengyi looks at him. Is this still the young master he knows?

"Here, she made it. Try her craft."

The next second, his single dog was hit by 10000 points.

However, the young grandmother's craftsmanship is always good, and he will find such a good cook in the future.

.....

Su Xiaowan went back to her apartment after her training. Unexpectedly, Feng Yan came back earlier than her. As soon as she came in, she smelled the fragrance.

She was already hungry. She put down her bag and ran to Feng Yan.

On the table were three dishes, one soup, one meat and two vegetables, and her favorite broad bean.

"Is that enough?"

"That's enough. We can't eat much either. I'll wash my hands." After washing her hands, Su Xiaowan ran to sit down and began to pick up rice.

"No lunch?"

"Yes, but I've been training all the time. I've Digested everything I eat."

"Eat slowly."

Su Xiaowan is eating broad beans. The more she eats, the more wrong it is. This

"Fengyan."

"What's the matter?"

"How strange is the taste, don't you think? This piece of meat can't bite, and it seems to be a little thick, but it doesn't seem to be cooked yet... "Su Xiaowan picked up one side of the tomato and egg and took a bite of it, which made her feel strange." er... How can I remember that the cook at home didn't seem to be the same standard in cooking, and the fried egg with red persimmon also tasted strange, It seems that some special seasoning has been added... The only thing is that this broad bean seems to taste good. "

After she Tucao, she wanted to make complaints about this meal.

Can look at Feng Yan's face.

There was a thump in my heart.

"Feng Yan, don't tell me that you cooked these dishes?"

The man hardened his head and nodded, "well."

"You came home earlier than me today, so you came back to cook?"

"I was afraid you would come back hungry, so I came back early."

Su Xiaowan stroked her forehead. She knew it was made by Feng Yan. She couldn't say that. It was too shocking. But the porridge made by Feng Yan last time was quite talented.

"If it's not delicious, I'll cook porridge for you."

She pressed his hand, "ah, I thought it was made by the chef in the villa just now, so it's hard to avoid being a little more demanding. In fact, it's delicious. It's good for you to make it like this for the first time. If you practice more, you'll be much better than others. You're very talented... Besides, I don't like eggs, I like tomatoes..."

"There's a shell in the egg."

"When I used to cook fried rice with eggs, I was exaggerating more than you. At that time, I couldn't eat any rice. Moreover, you faba bean are super delicious. It's really better than the chef."

"I've been practicing for a long time."

Su Xiaowan really doesn't know how to praise it.

"But... As like as two peas, you can eat the beans as you did before you sent them to my house every day!"

"I did all that."

At this moment, it's su Xiaowan's turn to open her mouth. "I knew it was you who made it. I should have eaten it all."

"Are you tired these days?"

"I'm not tired. I think I've learned a lot. Feng Yan, I just know that it's really a minute on stage and ten years off stage. I have to pay a lot to catch up with them, but it doesn't matter. I work hard. I can do it, right?"

"I believe you."

"You have to work hard too, you know? I've heard from Feng Yi that you haven't been able to concentrate in recent meetings. Besides, you don't seem to sleep very well? Is it that I've been making videos with you these days, disturbing your sleep? "

"No, it's none of your business."

"Is it something that bothers you at work?"

"No Feng Yan gave her some broad beans.

"Then what do you want to tell me? We are husband and wife. Although I don't know much about it, I

can still give you advice! What's more, if you need me, I will... "

"How are you?"

"You don't think I'm thin, but I can lend you a shoulder. If you are sad, you can lean on my shoulder."

"Only you will make me sad."

"... when you say that, I seem to have betrayed your scum."

Feng Yan lips slightly lifted, "as long as you are good, I will not be sad, your small shoulder, good protection on the line."

Feng Yan can't say that you can't sleep because you are not with me.

The road is his own choice, and naturally he has to bear the consequences.

Besides, he can wait.

"OK, I'll be fine. Feng Yan, we'll be fine."

Finally, Feng Yan tasted his own food and called the five-star chef to bring it. They finished eating, and it was more than eight o'clock.

Su Xiaowan was very tired today, so she went to bed after taking a bath.

After taking a bath, Feng Yan looked at the girl lying on the bed and said he would come back to accompany him, but he didn't say a few words.

He went to bed and held her.

I saw the blue on my knee.

Obviously very tired, but she still insisted, even in front of themselves, did not complain.

This fool.

.....

But that night, Su Xiaowan had a nightmare.

In my dream, Su Zheng stabbed grandma with a knife

She woke up with fright, with cold sweat on her back.

"Bad dreams?" Feng Yan hasn't been sleeping soundly these days. Even if Su Xiaowan is by his side, he can't really fall asleep.

She moved her body and leaned in his arms. She was held by Feng Yan.

"Still afraid?" He put his fingers gently on her arm as if to placate her.

Su Xiaowan's face is resting on his arm. The dream just now hasn't gone away for a while. Up to now, it still scares her.

"Feng Yan, I dream about grandma."

She spoke slowly.

"I dreamt that Su Zheng was holding a knife and stabbed her in the heart. She left a lot of blood, but he just stood there and watched her release her blood coldly..."

Feng Yan's hand held her tightly. Her palms were in cold sweat. Even if her fingers were clasped, she could still feel her shaking.

She raises Mou, Mou son deeply looks at him, "seal Yan, that day I revenge him."

He told Feng Yan about it, "he will be afraid, but why... Why is it that in his heart, interests are more important than human lives?"

"People have ulterior motives. They know their faces, but they don't know their hearts."

#### **Chapter 464**

Nanyin can't be recognized clearly, so it's in such a situation.

Implicated grandparents

After sleeping in the same bed for so many years, it's a pity that we have different dreams in the same bed. After all, we are separated,

Moreover, yin and yang are separated.

"Feng Yan, I don't think I'm different from Su Qiqi when I have time. I think I have a plan too..."

"She is her, you are you, she has nothing to do with me, and you, I can't rest assured."

"You don't think I'm..."

"No Feng Yan's hand held her tightly, "you didn't do wrong, so you don't have to doubt yourself. Even if you do wrong, I will carry it for you."

She held him, her heart seemed to be surrounded by warm cotton, "Feng Yan, fortunately I met you, otherwise, my life will be very miserable."

Feng Yan held her in his backhand, "no, it's my luck to meet you."

Su Xiaowan listened to Feng Yan's heartbeat, "Feng Yan, I'm not good enough. Don't walk too fast. I'm afraid I can't catch up with you. We'll be a long way off..."

"Well, I'll walk slowly. Don't worry. Anyway, I'll wait for you."

His voice is gentle like water. Su Xiaowan leans on him. The man fiddles with the hair on her forehead.

She is very beautiful, is a look that will let oneself like.

She is his wife and should have been waiting for her all her life.

"I don't know where Xiyan is. I miss her and worry about her."

"I've sent for her, but if she doesn't want us to find her, we can't find her even in the same city."

Su Xiaowan sighed. Who can say clearly about love.

She had been hiding for so long... Even Feng Yan had cheated her.

If you don't want to meet a city, you can't meet it.

But why don't you even contact yourself.

Xiyan is her best friend.

"But why didn't Xiyan contact me? She doesn't know I'm worried about her, miss her? "

"I probably don't want you to be bothered by her affairs. If you are separated from me, will you hide alone, or will you tell your friends about your tragedy?"

"I... I will find a place where there is no one to hide... Just cry secretly for a while. In fact... I don't think that I need to die without a man. When I'm not happy, I just want to vent my emotions."

Su Xiaowan said and noticed Feng Yan's dark face. "I mean, I thought so before I met you. I was a rational person at that time."

"And now?"

"I understand the reason why they are looking for life and death. As long as they really love each other deeply, after they leave, they will feel that even their heart is not theirs. How can they vent their emotions? I just feel like every day is spent in tribulation. "

"But I'm afraid she can't think of it. Feng Yan, you don't know what Xiyan has experienced. She's a sensitive person. She can easily detect any disturbance. Every time I'm not happy, she can always come out. She's already off duty. The manager has made several phone calls to herself. Because she's with the boss, she hasn't answered.

After inquiring, I found out that the manager had gone to dinner this evening. She had no choice but to send the contract.

Xia Jiushan received Xia Xiyan's call, went out to get the contract, "OK, you go back early, be careful on the way."

"Well."

Before she took a few steps, suddenly a man stood in her way.

He looks only in his twenties, but he is mature and sophisticated.

A pair of sophisticated look, very smooth, "manager Xia, this is not a female colleague."

"This... Mr. Zheng, this is to send me the contract."

"Since you are a colleague, go in and have a drink before you leave."

Mr. Zheng.

Xia Xiyan knows that the name on the contract is Zheng Rong.

Looking at manager Xia's dilemma, this list is their only life-saving magic weapon now.

"Come on, beauty..."

Xia Xiyan looks at the man who is close to her and hides for a while. She knows that he can't offend him, otherwise, so many people's hard work is in vain.

She went in with manager Xia at the other end.

There were men in the box, and several colleagues who could drink from the company were present. Looking at Xia Xiyan coming in, their expressions suddenly became ugly.

Xia Xiyan is beautiful. At the dinner, the manager always drinks for her. Although the manager wants to say it, he thinks they are holding the order, so he can only show Xia Xiyan to drink first.

Xia Xiyan is a little drunk. She is too drunk to drink. She soon lies on the table.

Mr. Zheng looked at her and wanted to come and touch her hand, but he was blocked by the manager. "Mr. Zheng, I'll give you a toast."

"I want her to drink it."

"She's just a financial accountant. She doesn't drink. Xiao Wang, you should send people back first. Her husband is waiting at the door."

The manager made up an excuse casually. He brought people out and naturally wanted to take them back. Moreover, he was a man of backbone.

Since childhood, I don't like the things that the men at the dinner table take advantage of the women.

Although Mr. Zheng played with women, he never touched married women for fear of getting into trouble.

But today, he probably drank too much.

"Manager Xia, don't you want this list?"

"Mr. Zheng, what do you mean? I'm here today to sign a contract with you. Our factory has already arranged for other customers to come back. I'm sure we can produce your list at the first time."

"Manager Xia, you are introduced by Mr. Chen. Naturally, I believe you, but Mr. Chen should have told you what I like, right? I give you such a big list, you have to get hundreds of thousands of commission. What's the matter? I don't want the hundred thousand? "

What he said is so clear. Manager Xia has been in the shopping mall for so many years. How can he not understand it.

"Mr. Zheng, Xiao Xia really has a husband and children. They are waiting for her outside."

"What's wrong with a husband? With me, I can lose her benefits? I think she was just very happy to drink, or say, you have a crush on her, not willing to give her to me. "

"Mr. Zheng, what's the matter? She can be my daughter at her age. How can I... Mr. Zheng, you want a woman. There are some in the club. I'll help you hand in some?"

"I want her."

Xia manager is embarrassed, looking at Xia Xiyan lying on the table, "she really can't do it."

"Xia Jiushan, if you can say anything in front of me, you will take yourself as a root! I tell you, I Zheng Rong want a woman, no one can't get, today I want her, send her to my bed, list I immediately sign, but, you take her out of this door, then you a broken company, waiting for bankruptcy

Zheng Rong is a famous playboy. He plays with countless women. His family is powerful. Manager Xia is not his rival.

Even if it blocks the whole company, Zheng Rong doesn't pay attention at all.

"Mr. Zheng, the contract is about the decision after negotiation between you and me. I also hope you can think it over carefully. Although our company is small, my parents have told me since childhood that we should respect women. Women are not objects, let alone things for people to watch on the table. Today, even if the contract is not signed, we will face bankruptcy, and I will take people away. Xiao Wang, let's go!"

Zheng Rong is the first time to see such a straight man.

"Are you sure you want to fight me? For a woman? "

"Mr. Zheng, this is not a woman's business. The contract is not obtained by women. Sorry, Mr. Zheng, we will not do this business."

"Believe it or not, if you dare to go out of this door, your company will go bankrupt immediately."

"I..."

"What? You can take care of the order. What about bankruptcy? Can you afford it? Xia Jiushan, it's rare for me to like a woman so much. This woman is not related to you. Do you want to offend me for a woman? "

Xia Jiushan is standing there, and Xiao Wang is carrying Xia Xiyan.

In fact, the list was almost finished, but we didn't expect such a scene to come out. Besides, we have heard about what kind of person Zheng Rong is.

Against him, that's death.

This man, relying on his rich father, does whatever he wants, and does not know how many women he sleeps.

"How's it going? Are you going to take them away or leave them to me? "

Bang.

The carved wooden door was kicked open. "I'd like to see how you made them bankrupt immediately!"

#### **Chapter 465**

Zheng Rong looked at the man coming in, dressed in black casual clothes, dressed in a particularly low-key.

But I recognized it at a glance.

It's Lu Shimian.

The famous Lu Shimian.

"Mr. Lu, you've come here like this. Please sit down..." who is Lu Shimian? He's the one he wants to see all his life.

If you can get up with him, you can walk across the city. No one dares to say no.

But the man directly in front of him, directly take the summer sunset Yan away.

Several men looked at each other, but the special help left behind took out two cheques from their pockets and handed them to manager Xia and Xiao Wang, "Sir, thank you very much for your bravery for a just cause. Of course, you should be rewarded for your good character. You deserve it, but if you say something, you don't need me to teach you."

Manager Xia, of course, doesn't know Lu Shimian. He just looks at Zheng Rong and bows to him. He should be a big man.

Look at the domination in that hand.

million.

"Xiao Xia, she..."

"Our husband won't do anything to Miss Xia. You don't have to worry about that."

Manager Xia takes a look at Xiao Wang and holds the check. He always feels nervous.

Zheng Rong came over and first got involved with this special assistant, but he was shot by the man's sharp eyes.

"Don't worry. As for you, you have to pay the price."

At night.

Xia Xiyan is lying on the bed. She feels like she is drowned in the water. She can't breathe. But her head is too heavy and she drinks too much. She can't wake up at all.

The man sat on the edge of the bed, looking at the sleeping woman, black.

Drunk Xia Xiyan, this is when he is off work, Xia Xiyan saw the news, but did not look carefully, but was hit by a bicycle, people straight fell to the ground.

"Sister, are you ok?"

Xia Xiyan got up from the ground and patted her clothes. She probably scratched on her knees, but it shouldn't matter. Looking at the boy, he was only a teenager at most. "I'm ok."

"Sister, are you really OK?"

"It's all right, you go!"

Xia Xiyan looked at the child. Just now, she was not careful. She didn't see the car. It's not all his fault. Moreover, they all fell.

It's even.

She bent down, picked up the mobile phone on the ground and looked at the unfinished news.

The news above says that Zheng Rong was caught whoring last night, and the company's share price fell sharply, resulting in a direct loss of several hundred million yuan.

She always felt strange, but her knee hurt a little. She had to go to a drugstore first and buy some medicine.

Xia Xiyan bought medicine and went back to her apartment.

She's the only one in the family, and her knee hurts badly. She's wearing jeans. If she pulls them up, it's even more painful.

In order to facilitate the application of medicine, Xia Xiyan took off her trousers directly.

She was taking medicine when she heard something on the balcony.

She thought there was a thief at home, but at this moment, she couldn't stand up and could only look at

the balcony with her mobile phone.

The noise is getting louder and louder.

Then, the curtain of the balcony was pulled open, and the sunlight came in from that end.

After that, look at each other.

### **Chapter 466**

Lu Shimian thought that Xia Xiyan was not at home today. He left her things yesterday, so he wanted to come and get them.

Of course he couldn't come in through the front door.

So... I can only climb in from the balcony along the air conditioner. I'm just glad that Xia Xiyan's balcony door hasn't been closed, but I didn't expect

Xia Xiyan stood there, numb.

She didn't know whether it was because she saw Lu Shimian and felt incredible, or she was surprised that Lu Shimian climbed into her home from the balcony.

She just stood there. Fortunately, her upper body and clothes were all there.

When she came back to her senses, she took her trousers from one side to block her. However, such a scene, in the eyes of men, makes people unable to move their eyes.

It was Lu Shimian who thought about her every night. Now he is standing in front of him.

How could he be indifferent.

"What are you looking at? Get out!" Xia Xiyan is angry. She never thought that the meeting between them would be like this.

The picture of leaving Lu's home sometimes moves back and forth in her free mind.

Every time she wanted to see Mrs. Lu, she would be reminded by her words.

She can't have too much contact with them. It's harmful to others and herself.

Lu Xing might as well let him go. From then on, don't get involved any more.

"Lu Shimian, I'll let you out!"

The man has not gone, so standing there, Xia Xiyan always can't wear pants in front of his face, can only quickly take a long coat from the bed, set in his clothes outside.

"You still stare, Lu Shimian. If you don't leave, I'll call the police!"

"To the hospital --!" Xia Xiyan's eyes fell on the handsome face, with deep black eyes like ink, high nose, sexy thin lips... As always, familiar facial features, with people miss, but with a bit strange.

It's been a month.

There was no connection between them, and she seldom read the news.

It's not that I don't want to see it, but I'm afraid that if I see it, I can't help but want to see him.

There was silence in the room.

She just stood there.

Until Xia Xiyan was a little hairy with his eyes.

Xia Xiyan walked over and pushed him out of the balcony. "Don't worry about me. We have no contact. Don't bother me in the future."

But all of a sudden, she looked at the balcony at the other end. The balcony windows were all open, but it was not very realistic to stride over. Could it be that she stepped on the air conditioner?

This person's courage, is not too big!

"Summer sunset."

"Lu Shimian, are you finished or not? Are you interesting? There is no contact between us any more. If you show up in front of me like this, it will trouble me. "

"Xia Xiyan, have you ever worried about me?"

Cold black eyes in listening to her voice at that time, without the slightest fluctuation, voice cold, with a bit cold.

He asked.

Before she could speak, Lu Shimian lowered his head, put his slender fingers on the back of her head, put his fingertips into her hair, held the face and kissed it.

With a strong attachment, he won the title.

Xia Xiyan didn't expect that he would kiss her. She struggled, but the palm of the man's hand held her tightly, unable to struggle at all.

He seemed to express his emotions through the kiss.

Xia Xiyan's body trembles slightly, and her breath is unsteady. Her feet are stepping on his shoes, but she's wearing slippers, and her strength is not heavy at all.

It took about five minutes for the man to let her go.

Turning around, he climbed over from the outside of the air conditioner.

After that, the figure disappeared in front of her.

Xia Xiyan leaned there. In the scene just now, she wanted to cry. She covered her chest with her hand. She asked herself, do you regret it?

He doesn't know.

In the black business car, Lu an looks at the black Lu Shimian. Even if the light in the car is not good, the dim light still can't stop his composure.

It's just that men seem to be full of concealment.

"Young master, things have come to light." Lu an tells Lu Shimian everything he finds out.

Lu Shimian's slender fingers fell on his knees, his black eyes, with the profundity he couldn't see, "OK, that's it."

"Young master, is it not safe for young granny to be here?"

He raised his eyes and looked at the position. He didn't know if she had left. Anyway, he was staring at the position. "Send someone to protect it secretly."

His heart is like a mirror. In fact, it's just confusing him. She wants to be with her, but the current environment doesn't allow it.

When Xia Xiyan goes out the next day, she looks at the man in work clothes doing things, which is the house opposite her.

"This house..."

"The previous household mainly sold it. No, I'm going to hang it on the Internet for him. But these things

in his family are very valuable. I don't know if I want to buy them. I just took a look at them. Some of the prices haven't been removed. They're very valuable..."

"How long has he bought this house?"

"A month ago, it was an old house. At that time, the head of the household was still living well. The rich head of the household insisted that he move away and gave him a lot of money to settle down."

A month ago?

So, after he moved here, Lu Shimian bought the house next door?

"Miss, is there a colleague in your company who wants to buy a house? The householder said that he was eager to sell. The price of the house is very low. Now it's very cost-effective to buy it..."

Xia Xiyan goes to work with her bag.

On the way, I met several men wearing black trousers and sunglasses. The first man was wearing a black shirt and was as stiff as a knife.

These people blocked the way in front of her.

"Miss Xia, our husband invites you to meet him!"

Xia Xiyan's first reaction is to escape. She grabs her bag and mingles with the crowd. She is very familiar with the roads in this place. In addition, there are many winding roads, and many small stalls are buying breakfast. There are many people and they are very crowded.

Xia Xiyan soon got rid of those people.

She didn't know who the gentleman was, but intuition was not good.

## **Chapter 467**

Before entering the group, Su Xiaowan went to fengxinling.

Mrs. Anning, whose original name was fengxinling, was just known to Feng Yan by Su Xiaowan a few days ago.

When she went, she went alone.

Last time Feng Yan took her to the place once, she knew that place, so she took a taxi and went there.

Sanatorium is not a very remote place, but it is quiet.

Suitable for recuperation.

When she went, Mrs. Anning was being pushed out by the nurse to bask in the sun, but Su Xiaowan didn't see the artificial lake this time, but saw a large green peach tree.

It's covered with nectarines.

I haven't seen Mrs. Anning for a while, and she doesn't know how to like this person.

Mrs. Anning is very thin, and her facial features are inclined to southerners, with gentle and beautiful intellectual beauty.

The nurse looked at Su Xiaowan, slightly surprised. Last time she came with the young master, everyone knew her, "young granny, how did you come?"

"I'll see my sister."

"Mrs. Anning is recovering well."

The nurse bent down and said Su Xiaowan to Mrs. Anning at that end. Mrs. Anning raised her eyes, and her eyes fell on her with a gentle smile.

After what happened last time, the nurse couldn't keep them alone. He was afraid of any accident.

I don't know why. Su Xiaowan feels that Mrs. Anning's eyes are so gentle.

It's like mom.

At noon, Su Xiaowan followed the chef to prepare some dishes for Mrs. Anning. When she went back, she picked some nectarines. The big and soft nectarines were sweet.

When I went back, I looked at the dolls and said, "where are all these going?"

"To the orphanage."

"Can I have one then?"

"Of course."

She took the doll and thought about Chen Chen. She sat on the bus and asked the driver to go to the place where Chen Chen lived first. But no one asked the grandmother next door. Then she knew that he had not been home for a long time.

Although Su Chenchen doesn't call her every day, it's the day before yesterday when she last called.

Where did he go if he didn't go home these days?

Thinking, Su Xiaowan called Su Chenchen.

Soon, the phone was through.

"Chenchen, where have you been?"

That end was asked, Leng for a while, obviously all of a sudden did not make up a good reason, "I'm at home!"

"Don't lie to me. I'm at your house. You're not at home at all!"

Su Chenchen frowned. "Elder sister, I've been looking for a job recently. You also said that men should stand up to heaven. I can't stay at home all the time and do nothing, can I?"

"It's good for you to find a job. Why don't you tell me and cheat me?"

"... i... I photographed you worried about me."

"You know I'm worried about you, and if you don't tell me, don't you worry me more?"

"Sister, I know. I won't do it next time."

"I wanted to take you to see Aunt Lin, but since you are at work, forget it... Let's talk about it when you have time."

Su Chenchen didn't know much about Aunt Lin. at that time, he didn't pay much attention to his family. He was sent to the closed school near Su Zheng and stayed there for many years.

Su Xiaowan is worried about Su Chenchen, but thinking that he is working, it is not convenient to disturb him.

After all, for her, a man should go out and find a job. Although she doesn't want him to be an indomitable person, she hopes that he can be responsible for his family in the future.

In fact, if he doesn't look for it, she will tell Feng Yan about it.

It's just that she's a lot faster than him.

Chen Chen seems to have grown up after coming back this time.

It's just that Su Xiaowan didn't know where he had been for so many years, and he didn't want to talk

about it. It seemed that he was against this matter.

Su Xiaowan went downstairs and went to the supermarket. She was about to come to her aunt. She used to be in Fengyan. She didn't need to prepare these things, but now she has to buy everything by herself.

As soon as she got to the container, she heard a loud noise coming from the door. It was the customer's scream.

Su Xiaowan was startled by the scream and even stopped. Through the gap of the shelf, she looked at a man with a gun rushing in.

There's a tattoo on the arm.

That face looks fierce. Keep away from strangers

Aware of the danger, Su Xiaowan retreats, but after a few steps, he bumps into a cabinet. He looks at the customers with their heads in their arms and tries to find a cabinet to get in.

She doesn't want to lose her life here.

If you die here because you bought a bag of sanitary napkins, it's not a sad story to tell. Others will think it's a comedy.

But as soon as I went in, I was dumbfounded.

Only looked at the cabinet under actually squatted a son, is a very delicate girl, the girl's arm was injured, blood in the non-stop flow.

At the moment when Su Xiaowan got in again, the man was also looking at her in the same way. Both of them were obviously stunned, but Su Xiaowan saw her eyes.

It's blue.

"I know you're here. If you don't come out, I'll kill all the people here one by one --!"

The voice of the man with the gun came from behind.

The customers and waiters in the supermarket were scared. It was the first time for such a big supermarket to encounter such a thing. They bowed their heads and held themselves in their arms. They did not dare to resist.

Su Xiaowan's eyebrows wrinkled. The man, obviously, came to find her. It's just, how did such a lovely girl provoke this fierce man.

She was still thinking about something. The next second, a hand grabbed her clothes and dragged her out of the cupboard.

How did she know she would be so unlucky? So many people chose her.

If you go to buy lottery tickets, you will win. When she was arrested, the man said, "help me --"

The man with the gun arrested her directly, and the gun pointed to her head.

Su Xiaowan's lips trembled and her fingers clenched into fists, even though she tried her best to persuade herself to calm down.

But Feng Yan is right, for good-looking people, everyone will have the heart to protect.

"See a man who's been shot?"

Su Xiaowan's face was pale, and he was scared into a little panic, "no... No."

"No?" The man's face was fierce, holding a gun fiercely against her head, "where did the blood on the ground come from?"

Su Xiaowan's hand held tightly. The man in front of him would shoot. He knew that the lives of these people were not worth mentioning in this man's eyes.

be as light as a feather.

"If I ask you something, believe it or not, I'll shoot you..."

"Uncle, you are so fierce. My mother said that it's easy to be angry and bald. If you are like this, don't be angry any more. You won't find a girlfriend in the future."

### **Chapter 468**

That bald Leng for a while, holding a knife head down, "you little girl, is not willing to tell the truth? Believe it or not, I'll shoot you! "

At this time, a woman screamed, and a child turned pale. "Mom, he's a villain. The villain is bullying my little sister..."

Probably because the child's words stimulated the man.

No one wants to hear bad things from others.

Especially bad guys

The adult pulled the child, "don't talk nonsense."

"I'm not talking nonsense, mom. He... Wow..."

He was just a child of six or seven years old. At this time, he just looked at the fierce man and cried.

It was too late for the woman to cover the child's mouth.

"Shut up

The man's temper is grumpy, a child chirps in his ear, his head will explode.

He wanted to shoot him.

For people like them, human life is not worth mentioning.

There's no difference between killing one and killing two.

Su Xiaowan sees the man's eyes staring at the child, revealing his intention to kill. The gun, which was originally against his own, is released.

As if all of a sudden to see his idea, Su Xiaowan pressed him on his waist gun.

She turned and looked at the bald man, fearless.

"Uncle, if you are so fierce, you will be beaten by your mother when you go back. The blood here is just someone's little fish bleeding."

There was a customer at that end with a bag of freshly killed fish in his hand.

The bloody water dripped all over the ground.

The baldhead's worries were dispelled. Looking back at the mentally retarded expression, he frowned.

"I'll... Fool?"

"Uncle, how can you call me stupid? My mother said I'm the smartest. I can recite from one to 100. Uncle, do you want to listen to me? " And she grabbed the bald gun. "Uncle, is this a toy gun? Can you give it to me? It's as like as two peas in my family! May I have a look? "

Looking at Su Xiaowan with a bald head, he turned around and said, "what are you looking at! Get out of the way. "

"Uncle, didn't your mother tell you to be gentle with girls? You can't find a girlfriend like this. I don't think you're too young. Surely you don't have a girlfriend? "

The bald man felt that Su Xiaowan was so worried that he pushed her, took the gun and searched the other end.

Su Xiaowan was so pushed that she almost bumped into the cupboard and stared at the man at the end. She glared at the man fiercely. She was so cruel to women. If he didn't hold the gun, Su Xiaowan really wanted to fight with him.

All of a sudden, she thought, her cell phone rang.

So the sweet bell rings in this quiet place.

The movement of the voice suddenly made the man turn back. Su Xiaowan watched him walk towards him.

She just her cell phone is ringing. When the man steps towards her, her heart has reached her throat.

"Uncle, are you going to give me the toy gun?" She blinked innocent eyes at the man.

"Give me the phone --!"

The man overbearing outstretched his hand, to grab her cell phone.

"... uncle, you want to borrow my mobile phone. Can you let me answer my mother's phone first? My mother will be worried if she can't find me? After that, I won't be allowed to go out by myself, whining, Uncle..." Su Xiaowan begged. She didn't have much hope, but thought about what she would do if she refused.

"Come on."

The bald man hated her chatter and didn't know how to answer.

Su Xiaowan knows that the phone is Fengyan. Fortunately, when she was at Su's house these days, she had changed her remarks. Otherwise, she could not muddle through.

"Mom --!"

She pressed the phone and called her mother.

Feng Yan at the other end was stunned for a moment, and then listened to her saying, "Mom, I was shopping in the supermarket today, which is the supermarket in my little brother's house. And mom, I told you, I was looking at an uncle with a toy gun, but he was so handsome. When you come to pick me

up later, can you buy me a toy gun too..."

Feng Yan frowned. It was obvious that something happened to Su Xiaowan.

Otherwise, she would not say these words for no reason.

At that end, he seems to have a man's voice, saying something... Hurry up, or it will kill you.

Toy gun, supermarket, brother.

"Su Xiaowan, listen to me. Don't wait for me if you have something to do."

Su Xiaowan listened to the words, her heart a joy, know Feng Yan understand, her heart also because of Feng Yan's words, and put down.

She obediently hung up and handed the mobile phone to the uncle.

"Uncle, here you are..."

When she gave it to her, Su Xiaowan still hesitated to hold the mobile phone, "uncle, you should be gentle when you press the mobile phone. My mother bought it for me after a long time of work. If I break it, I will never have it again."

Say, pitifully squeeze out two tears.

As a result, the bald man threw her a wad of banknotes directly. "Why are you crying? I'm so upset. I'll stay there!"

The man took his cell phone and dialed a number. Su Xiaowan just listened to him, but he didn't find anyone... Anything like that.

She squatted to one side and looked at the girl in the cupboard.

She seems to be scared

She moved her lips and said two words in lip language. Don't be afraid.

Feng Yan will be back soon, and they will go out safely.

But the end of the people called, carrying the mobile phone, irritable scolded a few, left.

Su Xiaowan watched the person at that end leave. Her back was wet and she was scared. Her forehead was sweating all the time. At this moment, she really appreciated it. A few days ago, the teacher insisted that they learn how to act a fool

If he hadn't acted like a fool, he would have died.

But I don't know why, she felt like a great hero again. She ran to hold the man out and said, "it's OK, the bad guy has gone!"

The man bent toward her, using sign language. Su Xiaowan knew that he couldn't speak.

"You..."

The man pointed to his hand.

Su Xiaowan reached out and wrote a word on it.

Words?

The man nodded and then pointed to himself.

"What's your name?"

He nodded, and continued to write, help, I will repay

Until a long time, Su Xiaowan did not react and fell into a warm embrace.

It's Fengyan.

She thought she was hallucinating.

But why did he come?

Lift eyes, looking at the man's handsome face, she blinked her eyes, sure not hallucination.

"Feng Yan... I'm ok."

"You dare to say, who let you be a hero!"

When he came here, those people were talking about her. When he came here, he heard what he should and shouldn't hear.

He was followed by Fengyi and several bodyguards in black. What Su Xiaowan didn't know was that he called more than 100, and there were still shooters below. Only when he came here did he know that the man had run away.

If he catches him, he's going to cut that guy off.

"I... Feng Yan, I just can't stand him bullying the weak, you know? That villain hurt a little girl. If you think he's bad, he's just a villain.

Su Xiaowan said, feeling that the man's eyes were getting darker and darker. "I just... Just felt that the little girl was pathetic. As soon as my mother's love overflowed, I couldn't help but want to protect her... However, Feng Yan, when I did this thing, I thought about the consequences.

I must be the first one to be responsible for my own life. I know you must be coming soon. That's why I come forward. I can't let those grannies and grandfathers be scared. They are too poor. Besides, they were scared just now. If it wasn't for... "

Don't wait for her reaction to come over, the man fiercely kisses her lip.

.....

In the car.

After driving the black car for a while, Su Xiaowan still felt that his face was too dark and angry.

She reached for his clothes, but the man remained indifferent.

"Feng Yan, I know you're worried about me. I know... I'm wrong. I won't do this next time. I swear, don't ignore me. It's really not me. It's the villain who pulls my clothes and drags me up and says he'll shoot me. I... I'm sure I'll save my life. I..."

Su Xiaowan said, two tears streaming wrongly.

"You dare to cry." The handsome face of the man looked at her and saw the two tears. He wanted to reach out and wipe them off for her, but suddenly the hand froze again.

He can't be so unprincipled. Today she dares to rush out in such a situation. What about next time?

"I'm... you're cruel to me. Why don't I cry! Feng Yan, I'm very vengeful. You're so cruel to me. I'll settle accounts with you next time. "

Soon, Feng Yan was defeated. He had no strength in front of Su Xiaowan. When she cried, his heart softened.

But he still had a cold face. He couldn't encourage her to behave like this.

Su Xiaowan sees that he is still unmoved. She knows that Feng Yan is worried about her. If he comes across such a thing one day, she will definitely say that he is worried.

After all, the sword has no eyes. If it's hurt, it's a matter of life.

But that's not

Su Xiaowan held his arm and whispered, "husband, don't be angry. I won't dare to do it again. Next time, I'll be a jerk, OK?"

"..." the man was still expressionless.

Su Xiaowan's eyes were fixed on him. Seeing that she was still unmoved, she seemed really angry.

If she had said that before, Feng Yan would not have said anything more. His heart was horizontal, and he would kiss him.

### **Chapter 469**

"Do you think that if you kiss me, I won't care about it?"

"... i... no, you never talk to me."

Su Xiaowan opens her mouth with grievance. She looks at Feng Yan and looks like she's going to cry.

"No more time!"

"I promise not. If there's another time, I'll be a jerk."

Su Xiaowan is content to lean on Feng Yan's arms. Although she has experienced a thrilling experience, there is Feng Yan's arms so warm.

"Well, I don't know what deep hatred there is. How can I lay such a cruel hand on a little girl! That girl was beautiful just now. If you saw her, you would like her too. Unfortunately, she can't speak... Feng Yan..."

"Su Xiaowan, I don't like to praise others in your mouth."

"... Feng Yan, you're making trouble out of no reason. Besides, she's a girl, but I'm jealous of her appearance. When I was young, I expected to grow up to be like her, as lovely as Barbie."

"....."

"Well, well, I won't say it." Su Xiaowan put her hands into her pocket and found the money the bald man had just given her.

"But he was quite generous. He used my mobile phone and gave me 1000 yuan back... Ah, Feng Yan, is this money stolen money? Can't I? If you take the stolen money, are you going to be arrested by the

police? "

Su Xiaowan took out a pile of money from his pocket and thought, "Feng Yan, otherwise, we'd better give it to the police?"

The car hasn't been driven yet. Soon, Su Xiaowan sees the police coming, and several cashiers are talking about what happened there.

She pulled off her seat belt. "You wait for me here. I'll be right back."

Today, Feng Yan's car is very low-key. It has been refitted. The inside and the outside are two worlds, so it looks like a very ordinary car.

Probably, no one will notice this humble car.

However, as soon as she got out of the car, Su Xiaowan was entangled by a child. Su Xiaowan didn't like children very much, but the child held her leg, and her sister called her.

"Little friend, do you recognize the wrong person? I don't know you."

Su Xiaowan thought that Feng Yan was still in the car. He just wanted to give the money to the policeman as soon as possible, but the child refused to let go. "I know you are the fairy sister."

Fairy sister

Su Xiaowan is quite fond of this title. Everyone likes to be praised by others. She has a great liking for this child. "Then tell me, where do I look like a fairy?"

"As like as two peas," the little boy pointed to her face, "your sister is the same as the fairy in the fairy tale."

No, no, I'll tease my younger sister when I'm young. In the future, there are girls he can't take.

I should have let Feng Yan out of the car to have a look. Today's children are better at teasing girls than him. They know how to make girls happy. It's like him, Mugu.

"Little friend, although your words coax me very happy, but I still have a big gap with the fairy. Can you let me go first? I want to go to the police uncle for something."

"No, mummy said. You are our Savior. You can't go."

She looked at the boy, what life-saving benefactor... Also thinking, the next second, watching the child's mother come, holding her hand, "you are our family's life-saving benefactor."

Then the man knelt down to her.

Su Xiaowan was stunned. Obviously, she didn't know how it happened. After that, many reporters came.

Feng Yan gets off Su Xiaowan's car and answers Feng Yi's phone.

"Young master, we have traced the position of the man. He has been on a boat."

"Well, take care of it."

In fact, the gangster took Su Xiaowan's mobile phone, in which there was a positioning device. Feng Yan was set up to determine her location at the first time.

The mobile phone is waterproof, dustproof and fall proof, so when the man took her mobile phone, he was actually revealing his whereabouts. Even in the sea where there was no landing on all sides, the signal could be caught by them all at once.

Feng Yan won't do that. Anyone who moves Su Xiaowan doesn't deserve a good end.

What's more, who let him run into the muzzle of the gun.

Su Xiaowan became red. She was photographed by reporters with the banner of bravery for a just cause. Until she got into the car, Su Xiaowan was still numb.

I've never seen such a big scene.

There are also many people took a lot of food to her, "this is delicious, here you are."

"This is delicious, too."

"... you saved us. We're willing to give you the supermarket."

"Thank you."

So Su Xiaowan became a great hero.

"Su Xiaowan --!"

Listening to the familiar voice, Su Xiaowan turned back and looked at the banner in his hand.

It says, "be brave for a just cause."

When I saw Feng Yan, my eyes were a little red.

"Feng Yan, I'm... I'm a little afraid."

The women's hairbrush like Yujie are all stained with tears, and their eyes, which are full of moist breath, are shining, and they look pitiful. But looking down at the full bag of food, he burst into laughter.

"Feng Yan, i... i... I have become a hero... The uncle said that I can buy things in the supermarket without money in the future... Feng Yan, are we going to get rich?"

The man hugged her, "Su Xiaowan, listen, I don't want you to be a hero, I just want you to be safe!"

"... Er, just now it was said on the TV that the bad uncle had not been caught. If he saw the news, he would not know that I was not a fool... When it was over, he would definitely come to revenge on me."

"I won't give him a chance to come to you."

"What do you mean by that?"

Su Xiaowan looked at him suspiciously, but he didn't say anything. He just started the car and drove out.

Su Xiaowan's first appearance was due to the fact that the news of doing good for a just cause was on the social news, and the popularity remained high.

Soon, someone picked out the new actresses in the TV series that was going to start shooting a few days ago and began to leave messages on the official blog.

"The people are beautiful and the heart is good. I'm sure I'll be the first one to support this play."

"Me too."

"Hands and feet up!"

"....."

Lin Zhenzhen looked at the girl in the photo. She thought she was different. Unexpectedly, she was really different.

In the Rolls Royce car, the man at the other end looked at the mobile phone, and the housekeeper stood there, "young master, we should go back. Madam is very angry when she knows that you are going out."

Yan looked at the girl in the news. For the first time, he felt that the girl was brilliant and beautiful, which was not obnoxious. The housekeeper watched him and kept staring at the person in the photo.

"Young master, I'm talking to you. Do you hear me?"

Yan raised his eyes. His eyes suddenly became cold. He looked at the housekeeper. Since he was a child, he was not allowed to speak. He compared with him in sign language, "she saved me."

Housekeeper Leng for a while, "young master, the person that she saves is not because of you."

"It's me."

"....."

"I want to know her name."

"Young master, madam, if you know that you are dealing with people in the society, then I can't help you lie any more. Shall we go back first?"

"I want to know her name."

He is still stubborn.

The housekeeper sighed, knowing that he couldn't move him at all. He looked at his blue pupils and couldn't bear to say something to hurt him.

"I'll ask someone to check, young master. We can't stay here any longer. If you are injured, you have to deal with it quickly. Don't get tetanus."

Yan holds his mobile phone and bows his head. Soon, the detailed information of this person appears at that end.

It turns out that her name is Su Xiaowan.

That's nice.

He watched the girl on the LED go away gradually through the glass window. Today, the girl was wearing a waist down tassel skirt. Her soft black hair came down and tucked behind her white ears, revealing her young and beautiful face.

Later in the dream, probably no one will dream.

A few days later, Su Xiaowan got a piece of news.

A ship lost its way and sank to the bottom of the sea. After it was salvaged, it found that there was still a man inside, although he was a little swollen.

But no mosaic photos were found by her hand.

It's that man. He won't admit it.

The bad guy.

These days, Su Xiaowan did not dare to go out. The news that day was so loud that he was afraid that the villain would come for revenge, so he kept hiding at home.

She didn't want Feng Yan to worry about her, so she was very obedient.

I didn't think about it. The man died.

Dead in the sea.

His body is almost rotten. As soon as Su Xiaowan finished reading it, she turned off her cell phone. She was very upset, but she still felt it.

Karma is cyclical.

Man is doing, and heaven is watching.

At the thought of the innocent eyes of the little girl, she hated the villain.

However, his retribution came so soon, but some people did not wait for his retribution.

It's raining outside. After taking a bath, Su Zheng is lying in bed. In recent days, things in the company have been solved, and those employees are always pacified.

However, he couldn't sleep. He took out his mobile phone to watch the news, but the next second, a picture of an old lady turned pale.

Seeing such a picture in the middle of the night, he angrily held his mobile phone. He had warned her last time.

But I went to find Su Qiqi, but I didn't find anyone.

Shen Yin came out with something in his hand, just in time to meet Su Zheng, who was angry. "This... Are you looking for Qiqi?"

"Are you still playing dumb? Last time, I have warned you not to play tricks in front of me. Shen Yin, I've treated you well for so many years. Do you think I don't know what you've done under my nose? "

Shen Yin was scolded a little confused, "how can I recruit you?"

"See for yourself."

Who won't be afraid to see such a thing in the middle of the night? Shen Yin is a woman. At this point, the whole person is scared out of his wits. "This picture... Where did you get it from?"

## Chapter 470

"Ah Zheng, how..."

"You are still pretending to be stupid. Su Qiqi is not prompted by you. Can she have the courage?"

"You said I sent it? Su Zheng, how free do I have? I'll send you this

Sue was looking at her. "What? Dare to do, dare not admit? Shen Yin, don't forget... "

Shen Yin's eyes are a little red. Even though they have quarreled, they have never been like this.

She is not a gentle person, at least, at this time, she will not be like other people, endure on the past.

There is a lot of noise downstairs. Su Xiaowan hears the noise upstairs. In the middle of the night, he listens to Shen Yin leave with his things, but he seems to be scolded by Su Zheng.

After that, Su Xiaowan fell asleep.

That night, it was Shen Xiaobei's birthday. She couldn't go out. Shen Jin didn't let her go out. Moreover, it seemed that no one in her family remembered her birthday.

But the date of her birthday didn't seem to be very important to her.

After Shen Kan's dinner, he heard the sound of footsteps. Lu Yan, who was standing at the entrance, looked up and saw a delicate yellow figure running up the stairs with retro carving.

Shen Kan's hands were in his trouser pockets, and his brown eyes gave her a close look at the yellow sweater.

It looks like a milk white skirt. The rippling milk white lace skirt shows a small section at the bottom of the knitwear. It has thin and white legs and a pair of pink slippers. It's a 19-year-old girl who can squeeze out water.

Shen Kan just took a look and moved his eyes.

"Still up?"

"... I can't sleep." Shen Xiaobei didn't dare to face him after he was caught watching the movie by Shen Ken last time.

Today, too, she thought he would not go home, thinking that she would come down and make a cake while the maids were asleep.

Where to think of it, I bumped into him as soon as I came down.

Four eyes look at each other, creating a sort of awkward atmosphere.

Shen Xiaobei walked in front of him, went to the kitchen and made a small cake.

When she came out holding it, Shen Kan had not yet gone upstairs. She thought Shen Kan had already gone upstairs, but she didn't think that he was standing in front of her.

Shen looked at her holding a cake. He knew that today was her birthday.

"Made a cake?"

"Well... Would you like it?" The cake she made was very small. She only wanted to eat it by herself.

Do too much, waste.

But Shen Kan just stared at the cake in her hand. It seemed that she didn't eat.

In fact, she also knew that Shen Kan went out for a drink, because he came back with a smell of alcohol.

He doesn't like eating very much in his daily life. He always drinks on an empty stomach. Last time, he was sent to the hospital several times by Chen Er, and his stomach was almost perforated.

Of course, she's just being polite. Shen Jin doesn't like sweet food, and sweet things rarely appear in this family. The chef can't make such food. It's said that... Shen Jin doesn't like sweet things, and he will be angry when he sees them.

But now, it seems, he is not angry.

Shen Xiaobei thought she would say, No.

But she was ready to leave, but she listened to him say, "OK..."

No way, Shen Xiaobei can only put the cake on the table, "but the first time I made it, I don't know if it's delicious."

She saw that he didn't speak. It seemed that she really wanted to eat. She had no choice but to bring the plate.

Cut a piece and pass it to him.

She was just about to take the rest upstairs to eat. After all, she didn't know that the picture of sitting with Shen Jin eating cake on such a night was always a bit against her will.

But Shen Zhen brought her red wine and poured her a glass.

"Happy birthday"

"What did you say"

"Isn't it your birthday" He should remember right.

"Yes" It's just a surprise that he said happy birthday to him?

Today's Shen Jin, how so strange, let her a little... At a loss.

She looked at the red wine in front of her, wanted to finish it quickly, and then ran upstairs.

Looking down slightly, Shen Kan was eating the cake with a spoon.

The atmosphere suddenly became a little strange. Finally, Shen Xiaobei drank all the wine in the glass.

But then she remembered... She couldn't drink.

Because when I drink it, I really don't feel much. Although it doesn't taste good, I can't bear it. It's just a matter of taking a few mouthfuls after drinking.

But when she finished, she began to feel dizzy.

Shen Kan raised his eyes and looked at the woman's blush. Then he looked at the cup in front of her. It was too late to stop her.

"You drink too much..."

Shen Kan spoke helplessly.

"I know, cluck..." Shen Xiaobei burps. It's her first time to drink when she is so big. She didn't like to drink before. She had tasted Shen Kan's wine secretly and felt it was so hard to drink. She didn't know how to drink it.

Where can I have Coke and Sprite.

She wanted to stand up, but she didn't have any strength in her legs. She stood for several times, and finally she could only lie there and cover her cheek weakly.

A little hot, really drunk.

"I'm drunk... Ha ha... Shen Jin, do you know? You are the first person to celebrate my birthday with me when I grow up... Although I made the cake, you are the first one to eat it with me"

"Shen Jin, can't you be a good man?"

Shen Xiaobei looks at him and talks to himself.

"Good man? What are good people like? "

"I..." the voice of the female anchor made her look back. Shen Xiaobei looked at the news, and there was su Xiaowan's news about doing good deeds. But the title and pictures of the news were changed, and even the name was hidden

She pointed to the big screen at that end, "a person like her must be a good person. Shen Jin, can't you be a good person like her?"

Shen's eyes were fixed on the TV at that end.

do boldly what is righteous? Good people?

Shen Xiaobei said as he belched and lay on the table in front of Shen Kan.

He leaned on the table and fell asleep.

Looking at her earnestly, it's not the result that she wants... She doesn't want to intoxicate him.

"Shen Jin, don't you know that you want to give presents on your birthday?"

"I don't know" For a man like Shen Kan, many women want to climb into his bed. He doesn't need to please others, and many people are willing to.

Shen Xiaobei saw that his answer was so simple, and the corners of his mouth tooted, "after that, you should remember that you have to give gifts for your birthday."

Her body with a faint aroma of wine, looking at her, eyes slightly red, watery, a pathetic look.

Drunk, she is not as cold as usual. She is a little wild cat.
