

Chapter 59 Dirty Tricks

At the Bryant Group building

Marco sat in his office and looked at the information Carl had found.

Carl reported respectfully, "The investigation says Miss Haywood has transferred the money to her cousin, Barr Powell."

Marco's grip on the document tightened.

Anger surged through his veins.

His doubts were confirmed. Keely had indeed instigated Barr to make things difficult for Loraine.

Marco was furious to know she had cheated him again.

He couldn't tolerate the repeated deceit.

If Keely weren't Jorge's fiancée, he would have taught her a lesson.

At that moment, he received a call from Keely, Marco frowned and hung up the phone right away.

Moments later, his phone rang again.

Seeing he wasn't willing to answer the phone,

Keely sent him a message.

"Marco, Loraine has fooled you. She got the smart city project by seducing Rowan Torres, a senior government official."

Marco's pupils shrank. He immediately felt Keely was trying to deceive him again.

But the next second, Keely sent another message.

"Marco, if you don't believe me, come to Forest Restaurant and see everything in person. I'll wait for you there."

However, Marco couldn't believe Keely.

But part of him wondered if she was telling the truth.

He couldn't help but wonder if Loraine would be in trouble because Keely saw her and Rowan together.

Marco lost his cool.

Unable to take it anymore, he went to Forest Restaurant.

After a while, a black Ford appeared outside the restaurant.

After sending the message, Keely anxiously waited for Marco. Seeing Marco's car stopping there, she excitedly strutted to him.

"Marco, you are finally here!"

Marco got out of the car and asked, "Where is Loraine?"

Keely gritted her teeth to suppress her jealousy and quickly put on an innocent face. "My uncle and I came here to have dinner. I didn't expect to bump into Loraine. I saw her and Mr. Torres enter the same box."

She led Marco into the restaurant and pointed at the Firefly Box.

Marco stopped in front of the box and took a deep breath.

Keely pretended to be worried. "Marco, how did Loraine know Mr. Torres? They have been in there for so long. I don't know what they are doing. They still haven't come out."

Marco's face turned darker as he heard the details.

Finally, unable to take it anymore, he growled at Keely, "Shut up!"

Keely recoiled in shock and immediately shut up.

Marco was worried, so he rushed in.

Just as he broke in, Keely winked at the reporters in the corner. On cue, the reporters

that Elmo and Barr had hired took the opportunity and rushed out

They all carried the microphones and aimed their cameras at the open door.

They all began bombarding Loraine with questions.

"Miss Torres, we have received the news that you and Mr. Torres are having dinner in the private box. What's your relationship with him?"

"Miss Torres, did you bribe Mr. Torres to win the smart city project?"

"Miss Torres, did you divorce because of your affair with Mr. Torres?"

Unfortunately, the two weren't intimate in the box as they had expected. Loraine, Rowan, and Hubert were having dinner together.

The reporters were all stunned, so they stopped questioning her.

Marco looked at Loraine and was relieved to know she was safe and sound.

The three people in the room looked at Marco and the reporters who had broken in

"What are you doing here, Marco?" Loraine frowned. Then, she looked over his shoulder, saw the reporters, and scoffed. "Wow! You've

brought so many people with you. How considerate of you."

Marco glanced at the reporters behind him. "Who allowed you to come here and take pictures?"

Soon, he realized something and looked at Keely.

Keely avoided his gaze and looked away.

The reporters were also intimidated by Marco. They didn't know whether to take pictures or not.

Seeing the confusion, Elmo broke from the crowd. "Don't try to distract our attention. Loraine, you got the project only because of your relationship with Mr. Torres, didn't you?"

He pointed at Loraine and Hubert, sitting beside her, thinking he was Rowan.

"Loraine, you kicked me out of the project because of your inappropriate relationship with Mr. Torres," Barr grunted. "How despicable of you!"

The reporters became enthusiastic again and started clicking pictures of Barr, Elmo, and Loraine.

Loraine smiled calmly.

"Elmo, Barr, I see what you guys are up to. You failed at bribing Mr. Torres, so you're trying to slander him by claiming we share an inappropriate relationship."

"Don't talk nonsense!" Barr shouted, flustered.

Lorraine looked at the reporters. "Dear media friends, Barr and Elmo have arranged many gifts in another room to bribe Mr. Torres. Why don't you go to the next room and gather the evidence you're looking for?"
