

## Goodnight 1021

### [Chapter 1021](#)

1021 A gift from my wife

"If you move again, I'll eat you!"

Lei Xiao suddenly threw her onto the black extended leather seat. His eyes were dark, like a Wolf that had been hungry for a long time.

Lin Hanxing suddenly took out his phone!

He hit something on it and waved it in front of Lei Xiao's eyes.

She only saw a reply in the cutest emoji.

"Alright, alright, come on!"

Coupled with Lin Hanxing's pale red skin and the smile on his lips, Lei Jing suddenly laughed out loud.

"Do you want to register our marriage with me tomorrow?"

He lowered his head and looked at her.

Her voice was hoarse and moving.

Lin Hanxing's eyes flickered and he tapped on the phone screen a few more times.

"Yamete~~~~~"

There was even a cute emoji begging for mercy at the end.

"I'm not going to satisfy you. What if you don't take responsibility after sleeping with me?"

His long fingers brushed past her nose.

Lin Hanxing snorted and continued to tap on the phone a few times. He then turned the screen towards Lei Xiao.

"Oppa, rub the waves, hey~~~~"

The Thunder valiant beast looked at the screen in front of him, which was constantly shaking. The emoji on it seemed to be jumping.

Where did she learn it from?

She would give him a surprise from time to time.

"I know you're slowly closing the net. When you're done here, I'll tell you something ..."

Lei Xiao's fingers caressed Lin Hanxing's small face as he took the opportunity to calm himself down.

"It's about me."

Lin Hanxing's eyes glinted.

Very quickly.

However, he was not caught by the Thunder valiant beast, who was in a complicated mood.

"It's my secret,"

"If you're still willing to be with me, if you don't mind, we'll get our marriage certificate immediately, okay?"

What he wanted to say ...

Was it that matter?

Lin Hanxing raised his hand and imitated his movements to caress the side of his cold face, gentle and tolerant.

"When we first met, you wanted to bed me every day."

She snorted arrogantly.

Lin Hanxing took the opportunity to bite her collarbone through her shirt, the kind that left a mark.

at that time, I was always afraid that you would run away with someone else. I couldn't wait to be with you all the time. I felt like I was going crazy when you gave someone another look.

Lei Xiao pulled Lin Hanxing up and said in a low voice.

Even he himself didn't realize how much of a disadvantage he was at in terms of feelings.

"I want to give you the best of everything."

As he spoke, Lei Xiao placed his palm on Lin Hanxing's head and rubbed it gently.

"Unfortunately, I'm not the best ..."

Before Lei Xiao could finish, Lin Hanxing had already placed a hand on the back of his head and kissed him ferociously.

She sealed all the remaining words in his mouth!

"If you dare to continue, I'll run off with someone else right now. You won't be able to find me even if you cry!"

Any dispute that could be resolved with a forceful kiss, she would definitely not talk nonsense!

"Hey, it's a deal. We'll get our marriage certificate immediately!"

Lin Hanxing hooked his little finger with a serious expression.

Lei Xiao looked at her still somewhat childish eyes, and the deep look in his eyes was finally replaced by warmth ...

.....

The road back to the Lei family was a little far.

Lin Hanxing was yawning drowsily in Lei Xiao's arms. Lei Xiao, on the other hand, held her with one arm and took out his phone with the other, silently taking a picture of the beautiful bouquet of roses.

President Lei, who had disappeared from his WeChat moments, sent a message at midnight, which was rare.

It was a gift from Xuxu's wife.

His tone was as if he was saying, 'my wife is the best'.

Very quickly, the replies below Lei Xiao's post exploded like a pot.

One message after another.

They were constantly spamming the screen at light speed.

## [Chapter 1022](#)

1022 Be a human, my owl

When Lei Xiao saw those comments, he had carried Lin Hanxing upstairs to remove his makeup and take a bath after returning to the Lei family home.

"I'll do it."

He walked into the kitchen and said to the servant who was keeping watch.

The servant quickly left.

Before mother Lei went upstairs, she had specially instructed the kitchen to leave some supper, especially the freshly made Osmanthus bean paste glutinous rice balls, which was Mother Chen's specialty.

The water in the pot was bubbling.

Lei Xiao put glutinous ball down and glanced at his phone.

Yan beixiao: " be a human. My owl, cover your face.

Liang yuran,"so Hanxing is in charge of making money for the family, and Hanxing is in charge of being beautiful?"

Mother Lei: " son, in the past, you would be called a pretty boy [ cover your face ] [ cover your face ] [ cover your face ] ]

Father Lei replied to mother Lei,"it's still called 'yeah' even now."

Lei Jue said,"big brother, dad said that the sons of the Lei family are all 'smart' who rely on their looks to make a living."

Lei Cheng replied to Lei Jue, [ what misunderstanding do you have about yourself? ]

Lei Jue replied to Lei Cheng,...

Lei Jue replied to Lei Cheng, [ get lost and build your muscles. ]

Lei Jing,"I'm the only one who saw the reflection in the wine glass. Sister-in-law was sitting ..."

Yan Beichen replied to Lei min: +1

Liang yuran replied to Lei Jing: +10086

Father Lei replied to Lei Qian: "+ your mother.

Mother Lei replied to father Lei, [ the person above, pay attention to your character. Also,+ your father.  
]

Lei Cheng replied to Lei min,"the whole family is crazy."

Lei Cheng: " also, when I return home in five days, please come to the airport to welcome 'pride' with a Grand and warm welcome.

"It smells so good."

Lin Hanxing, who had just taken a shower, went downstairs and approached with Lei Xiao in his arms.

"Sweet osmanthus bean paste tangyuan."

Lei Xiao turned his head and kissed Lin Hanxing's forehead. His face without makeup was clean and clear, which made people like him.

"I feel like I've come back to life."

Lin Hanxing pressed his face directly against his back and his body went limp.

After a whole night of scheming and scheming, he could only completely relax after returning to the Ray family.

He released himself in the most comfortable position.

Lei Xiao gave her a bowl of tangyuans.

The White fat man's tangyuans were still quietly lying with wolfberry Osmanthus, which looked very appetizing.

The two of them sat opposite each other in front of the counter.

The decorative light above his head shone with a warm light.

the Lin family and the he family will hold a press conference at 10:30 a.m. Tomorrow to officially announce Lin Jiaojiao and he zhehan's marriage.

Ten minutes ago, Lei Xiao had just received the news.

Lin Hanxing smirked coldly, took a spoon and blew on the tangyuan to cool it.

He took a light bite.

The bean paste filling flowed out like quicksand, giving off a sticky and sweet feeling.

"I'll give them a big gift after the press conference."

Lin Hanxing said this unhurriedly. His long eyelashes were slightly closed, and a bone-chilling coldness was already hidden in them.

As they were talking, Lei Xiao's mobile phone rang.

Looking at the caller ID, he turned on the loudspeaker.

It was Yuan shaojing.

"Ah Xiao, I'm sorry to call you so late. Hanxing, she ..."

"I'm here,"

Lin Hanxing said indifferently.

On the other end of the phone, Yuan shaojing was silent for a moment, as if he had forgotten how to speak.

"Mr. Yuan, according to the procedures for foreigners who died of unnatural causes in China, someone will contact you later to bring Yuan susu back."

Lin Hanxing's voice was too calm and rational, even his eyes did not waver.

The sweet and sticky taste of the bean paste filling spread on his taste buds.

"You can take care of her heart."

She had already done what she had promised. As for how the heart was taken out, it had nothing to do with her.

"I want to restart si Nian's grave, I want him to at least be complete ..."

"Mr. Yuan,"

Lin Hanxing interrupted him.

She didn't care how Yuan shaojing sorrowfully wanted to make up for his past mistakes. In her opinion, the pain that aunt Mian had experienced was something that this man would never be able to repay in this lifetime.

now, Cheng Lingyun is still dreaming of wealth and glory.

Lei Xiao's deep gaze caused Lin Hanxing's voice to turn warm.

"There's still some things that I need Mr. Yuan to do!"

He hung up the phone.

Lin Hanxing stirred the Osmanthus and wolfberry in his bowl.

"Two days later, elder Yan would like to invite me to the main courtyard."

Suddenly remembering this, Lin Hanxing brought it up to Lei Xiao.

"You said that elder Yan invited you?"

“Yes.”

Lin Hanxing thought it was strange too.

To be honest, she didn’t know master Yan at all. What was there to talk about?

“Do you know him well?”

“Elder Yan’s identity is special. He’s famous in the capital for his temper, and no one can guess what he’s thinking.”

As for what he wanted to ask Hanxing to do ...

I’m afraid we’ll only know when that day comes.

.....

Late at night.

Elder Yan stood in front of the parrot and teased it.

Not far away, the security guard, Xiao Zhang, secretly yawned a few times.

“Interesting.”

Suddenly, he heard these three words come out of old general Yan’s mouth.

Xiao Zhang was confused.

He didn’t quite understand who elder Yan had given such an evaluation to.

He decided to remain silent.

However, the next second, elder Yan’s gaze fell on him.

“Help me run to the hospital.”

“Elder Yan, are you not feeling well? I’ll call the medical room immediately!”

Xiao Zhang’s expression instantly became nervous.

“I’m asking you to help me deliver a message.”

Old general Yan shook his head. There was no joy or anger on his dignified face, but it gave off an unfathomable feeling.

Send a message?

Who was he sending the message to?

After hearing elder Yan’s instructions, the security guard, Xiao Zhang, opened his eyes in surprise.

.....

At the hospital.

Han mingmei held the phone in her hand. Her fingers looked like they were about to sink into the phone, and her knuckles were white.

It was gift from Xuxu's wife.

In the photo, Lin Hanxing could clearly be seen sitting on Lei Xiao in the reflection of the wine glass.

Shameless!

She was so angry that she almost smashed her phone!

"Hiss ..."

Han mingmei's shoulder wound was affected, and she gasped in pain. Her tears were about to fall.

"I will make her regret this!"

Han mingmei was staying in a separate Ward that was similar to a suite. The faint sound of Zhong Xueqing's sobs and the sound of her father coaxing her made han mingmei feel even worse.

Although she had heard from others that her father's attitude towards Madam Fang was unusual when he was young, it was a good thing that there was nothing between the two of them when her mother was alive.

However, this Madam Fang was someone who had lived for quite a few years, so how could she be more coquettish than her?

"You're serious? Ah Xiao really ..."

As han mingmei was thinking about this, she suddenly heard her father raise his voice and say this, which attracted all her attention!

What?

"Ah Xiao really ... What?"

If it wasn't for her shoulders restricting her movements, she would have lifted the blanket and gotten out of bed to ask him what was going on!

However, before he could open his mouth, there was a strange movement outside the door.

Han mingmei only felt like an ant on a hot pan, and she just wanted to solve the doubts in her heart.

What exactly happened back then!

After a long time.

The door was suddenly pushed open from the outside!

"Ming Mei!"

Han boming's face was full of excitement as he walked in quickly from outside. Zhong Xueqing, who was beside him, had a handprint on half of her face. At this time, she seemed to have heard something, and she looked at han mingmei with a complicated expression.

“This is great news!”

Han bombing seemed to be too happy, and he kept rubbing his hands.

“Two days later, elder Yan would like to invite you to the main courtyard!”

### [Chapter 1023](#)

1023 A group of bookworms

The next morning.

Lin Hanxing was woken up by the noise downstairs.

She was really woken up.

He inserted one hand into his long hair and ruffled it a few times. Before he could fully wake up, Lei Xiao entered the bedroom.

“Why is it so noisy downstairs?”

The loose neckline revealed more than half of her snow-white shoulders, and the ordinary home clothes looked sexy in Lin Hanxing’s hands.

Thunder valiant beast’s expression was subtle.

“Go brush your teeth and wash your face. Someone is waiting for you downstairs.”

Lin Hanxing raised his eyebrows in surprise, ah Xiao’s expression ...

She washed up as fast as she could and changed her clothes. As soon as she went downstairs, she was shocked by the scene in front of her!

A dragon and lion dance Team appeared out of nowhere, jumping and dancing in joy.

The servants were standing around to watch the show.

The brothers of the Lei family stood beside their parents with complicated expressions. Mother Lei was obviously very happy and kept clapping with Yuan Bao.

“Who can tell me what’s going on?”

Lin Hanxing raised his voice.

“Little cold star!”

Yan beiming had appeared out of nowhere, and Yuan hou, nicknamed monkey, was by his side ...

And Zhu chengdi, who was so excited that the dragon and lion dance Team became even more lively!

“Miss Lin!”

Without waiting for Yan Beichen to speak, Zhu chengdi had already walked over. Behind him, there were more than ten people.

As soon as Zhu chengdi finished speaking, a dozen people bowed to her!

“.....”

The sudden silence was the scariest thing!

Lin Hanxing looked at the people in front of him expressionlessly.

He only felt his temples buzzing.

She was able to deal with the enemy with ease, but no one told her how to face this group of nerds.

miss Lin, these are the top researchers in the laboratory. If it weren't for you, we wouldn't have our current achievements! Zhu chengdi did not notice Lin Hanxing's awkwardness and continued to speak.

“That ...”

“I called them overnight and told them to come by plane. They finally made it!”

“That ...”

“Miss Lin, thank you ...”

“Stop!”

Lin Hanxing's voice was slightly raised as he looked towards Lei Xiao, who was not far away, as if he was asking for help.

As expected, Zhu chengdi stopped. The dozen of people behind him looked at her as if they were looking at their pillar of support.

Thunder valiant walked over.

“You'll scare her if you do this.”

He placed a hand on Lin Hanxing's shoulder to let her catch her breath.

“First aunt!”

Yuan Bao ran to Lin Hanxing on his short legs and opened his arms, asking for a hug.

miss Lin, I'm sorry. My cousin is a direct person. He didn't mean to.

Yuan hou quickly said.

Lin Hanxing held Yuan Bao in his arms, pretending not to see the People's burning eyes seeking recognition. His head was really hurting now.

“Miss Lin ...”

Suddenly, one of the researchers behind Zhu chengdi spoke.

There was a hint of doubt in his voice.

“If I may ask, did you graduate from D University?”

As soon as he said that, everyone was shocked.

Yan beiming looked at Lin Hanxing in surprise.

D University?

It was one of the top ten famous institutions in the world, and it was in country M!

It had produced a large number of famous talents in various fields around the world, and it had produced a total of eight Nobel Prize laureates in history. This was only the smallest portion of the glory that the school had won. Here ...

They had no lack of geniuses!

Now, that person actually asked if little Hanxing graduated from D University?

"I think I ..."

The other party hesitated and spoke again with a nervous expression.

"In the professor's office ... I've seen ... Miss Lin's photo ..."

"Could it be that you're talking about that person?"

Zhu chengdi turned around in shock!

#### [Chapter 1024](#)

1024 How many more undiscovered secrets did she have?

The professor was a national treasure-level biologist in America, and the laboratory that he was in charge of was known as the 'Holy Land of the world's life sciences' and the 'cradle of molecular biology'. It was ranked among the top ten most influential research institutes in the world!

To be able to take a photo with such a person, and to be placed in the office on purpose ...

"Mr. James mentioned you to me before. He said you're the Chinese student he's most proud of."

Lin Hanxing looked at him and finally let go.

as for whether I graduated from D University or not, I don't think it's important.

Lin Hanxing's voice had just fallen when Yan beiming was the first to disagree!

"Why is it not important?"

have you forgotten what the other media outlets in Jiang city said about you when you first came back?!

What's the point of keeping a low profile at this time?

He wanted to say it out loud to give those grandsons a hard slap in the face, so that they wouldn't think that their little Hanxing was easy to bully!

While they were talking, Mama Lei secretly tugged at her husband's hand.

Father Lei lowered his head and looked at his wife, who had a bitter expression on her face.

when it's ah Xiao's birthday, I'll give him a beauty salon card, and you'll give him a Health Care Card. Our eldest son's face must be covered. Sob, sob, sob, I keep feeling like our daughter-in-law is going to run away at any time!

"....."

"....."

Second young master Lei, Lei Qian, and fourth young master Lei Jue pursed their lips and tried to hold back their laughter, pretending not to hear anything.

Yuan hou stood beside Yan beiming with a complicated look in his eyes.

How many secrets did she have that had yet to be discovered?

"Do you think I care about what others think of me?"

Lin Hanxing smiled at Yan beiming, then turned to look at Lei Xiao.

"I only care about how he sees me."

Lei Xiao lowered his head and met Lin Hanxing's eyes. His thin lips curled into a smile that he had never shown to anyone else.

For a moment, everyone was dumbfounded.

Between the two of them, there was an indescribable and inexplicable aura that could not be put in by a needle or splashed by water.

It was as if they only had each other in their eyes.

There was no one else.

Speak properly. Don't suddenly abuse a dog!

Yan Beichen was so annoyed with the two of them, showing off their love from time to time. He wanted the fatty to go find the little white rabbit!

When no one else was paying attention, Zhu chengdi's eyes darkened without him realizing it.

This was a feeling that he had never experienced before.

"Miss Lin, I've always wanted to ask you, if back then, our ... If our research wasn't worthy of your large investment ... Back then, many people laughed at you for investing in our non-profit laboratory of all things ..."

All these years, the laboratory had a person in charge of external communication. These researchers only needed to do their research well. Therefore, Zhu chengdi's emotional state had obviously caused some problems with his language.

Back then, the laboratory was criticized by many people in the country.

Too many people were waiting to see them make a fool of themselves.

If not for Lin Hanxing's timely investment, Zhu chengdi would not have been able to grit his teeth and persist.

The Chinese media often gave them the title of 'China's light', but in the eyes of all the laboratory researchers, the real' China's light 'should be this little guy ...

A weak woman!

Lin Hanxing looked at the excited Zhu chengdi and smiled.

She reached out and placed her hand on his shoulder.

His gaze went past Zhu chengdi's shoulder and landed on the researcher who had taken the red-eyed flight overnight just to see her.

I don't want to see a truly capable and talented person being tripped over by money.

### [Chapter 1025](#)

1025 Please come with me, miss Lin

Zhu chengdi looked at her with a deep gaze.

He was serious and pious.

He took the blue folder from his assistant and handed it to Lin Hanxing.

Lin Hanxing raised an eyebrow.

After a while, he finally reached out to take it.

However, the moment he opened it and saw it, his expression changed.

"Have you forgotten the principle of confidentiality?"

Lin Hanxing slammed the document in his hand shut, his expression serious.

No one would have thought that the document that Zhu chengdi gave her would describe in detail the important content that concerned the breakthrough of the Chinese military industry!

He just handed it to her like this?

If this document fell into the hands of someone with ill intentions, did he know what the consequences would be?

"Now, immediately burn it!"

Lin Hanxing's eyes were cold, and even his voice was cold. He was obviously really angry!

Bang!

Lin Hanxing slapped the document back onto Zhu chengdi's chest.

“Miss Lin, please don’t be angry.”

Yuan hou knew that his cousin couldn’t express himself clearly, so he quickly opened his mouth.

He pointed in the direction of father Lei.

Lin Hanxing looked over.

Someone had just finished talking to father Lei.

The other party’s expression was serious. Although he was dressed in casual clothes, there was a kind of iron-blooded aura that was prominent from his bones, making him not to be underestimated.

“Miss Lin, please come with me.”

The other party seemed to want to make his attitude a little more amiable, but unfortunately, he clearly failed.

The atmosphere became a little strange.

Lin Hanxing and father Lei looked at each other and the latter nodded.

After receiving father Lei’s approval, Lin Hanxing raised his wrist and looked at his watch.

“I can give you half an hour.”

The other party’s expression clearly showed that he was stunned, as if no one had ever dared to speak to him like this.

He didn’t say anything for a long time.

After saying that, Lin Hanxing did not look at him again, but raised his head to meet Lei Xiao’s eyes.

His back was facing the crowd.

Lin Hanxing blinked at him, first handing the ingot to Lei Xiao, then clenched his two soft hands and extended them in front of him.

“Guess, a surprise.”

Lei Xiao lowered his head to look at her, his expression helpless.

“To the right.”

Yan beiming was standing not far away, scratching his ears and cheeks as he tried to guess what surprise little Hanxing was hiding.

He stared at her right hand, which was about to open ...

Lin Hanxing suddenly tiptoed and kissed the corner of Lei Xiao’s lips, then turned around and walked towards the man who had just spoken.

“.....”

“.....”

“.....”

So the surprise was to kill a dog in public?

“I’m leaving, I’ll be back later!”

Lin Hanxing waved his hand at the Lei family, the broken diamond bracelet on his wrist making a soft sound.

“Wait,”

It was the same person who was dressed in casual clothes and had a serious expression.

He looked at Lin Hanxing’s simple home clothes and sized them up. She was leaving just like that?

He had thought that every woman would need to put on makeup for at least half an hour before going out.

“You still have 26 minutes.”

Lin Hanxing’s expression was not as relaxed as when he was talking to the Lei family members. He was not angry, but rather, he exuded a sense of authority.

The latter’s words were stuck in his throat.

How many years had it been since someone dared to speak to him like this?

Did this girl know who he was?

While the man was thinking, Lin Hanxing had already tied up his long hair with the hair tie that he took from Madam Lei’s wrist. His fair face looked even more exquisite.

He was like a student who had just graduated.

“Let’s go!”

.....

The car moved slowly.

Lin Hanxing sat in the back seat with his eyes closed.

Zhu chengdi sat beside her with a slightly nervous expression on his face. The middle-aged man sitting in the front passenger seat kept looking at her through the rearview mirror.

He was obviously observing Lin Hanxing.

The route was getting more and more remote.

Lin Hanxing did not show any expression at all. He did not even open his eyes to look around.

Her calm posture made the middle-aged man’s eyes show admiration.

“Aren’t you afraid that I’ll sell you out?”

The man in the front passenger seat snorted coldly.

It was a response.

It was Lin Hanxing, who smiled faintly.

"I believe in father Lei."

In other words, she trusted the Lei family and not him.

This girl was indeed as elder Yue said, not listening to anything.

Very quickly.

At the end of the mountain road, a majestic gate loomed, and on both sides of the wall, a few lines of words were clearly written.

Xuanji military base, please do not approach!

Lin Hanxing had opened his eyes.

The man in the front passenger seat wanted to see a different expression on her face, but no matter how hard he tried, he couldn't find a trace of it!

He was really curious!

If she was a girl from an ordinary family, she would have been chattering and asking questions when she saw such a scene.

However, this one ...

He sat at the back like a leader waiting for inspection.

His aura was so strong that he couldn't be suppressed!

He rolled down the window while shaking his head. When the Sentry on duty saw the license plate and the face of the passenger, he immediately straightened his back and saluted. Then, he let them through!

The car continued to move forward.

"We're here!"

A few minutes later, the car finally came to a stop with the voice of the man in the front passenger seat.

"Miss Lin, don't worry."

Zhu chengdi turned his head to comfort Lin Hanxing. Although he had been here more than once, he was still a little uncomfortable.

The middle-aged man snorted in his heart.

This girl didn't need him to comfort her. She didn't even shiver because of this!

Lin Hanxing smiled politely at Zhu chengdi and got out of the car.

The building in front of him had a majestic and solemn aura.

"Follow me."

The middle-aged man continued walking forward.

Lin Hanxing looked up at the building and followed the man, walking forward at a steady pace.

They would occasionally meet people on the way.

When they saw the middle-aged man, they all saluted.

"Little girl, don't you have anything to say?"

At the door of the meeting room, the middle-aged man's hand fell on the doorknob and he turned to look at Lin Hanxing with interest.

Elder Yue and elder Zheng both said that she was smart.

She had seen everything along the way, and he wanted to hear what this smart girl had to say.

Lin Hanxing raised his eyebrows slightly.

Why was he so interested in her?

"You have 15 minutes."

Since he wanted to hear it, Lin Hanxing would tell him.

"....."

The middle-aged man was expressionless. He snorted and turned the doorknob!

"I've brought the person."

He roared into the meeting room and walked into the room without looking back.

Lin Hanxing walked in expressionlessly.

There were only three people in the large conference room, but when she glanced at the epaulets on their shoulders, she was really curious about the purpose of her invitation.

To be able to invite someone in this position to personally discuss this ...

What would it be?

As he thought about this, Lin Hanxing walked to the seat opposite them and sat down.

Zhu chengdi was a step slower.

Then, he sat down beside her.

Zhu chengdi was initially worried that Lin Hanxing would not be used to the atmosphere here, but he did not think that he was overthinking.

The three people on the other side didn't say anything.

Soon, the middle-aged man came out of the inner room after changing his clothes and sat down.

“The reason I invited miss Lin here today is actually for ...”

#### [Chapter 1026](#)

1026 Please sign

The one sitting in the middle raised his head as he spoke.

Before he could finish his sentence, his voice suddenly stopped.

He looked at Lin Hanxing’s face and then turned to the middle-aged man who had brought them over.

He asked with his eyes.

Didn’t get the wrong call?

The middle-aged man glared at him and replied with his own eyes.

He had personally received the call, so how could he have made a mistake?

Although the person sitting in the middle had already seen Lin Hanxing’s information, when he raised his head and saw the girl sitting opposite him, she was so young and looked like a student who had just graduated from University. This ...

How was he supposed to continue the discussion?

The middle-aged man snorted and extended his hand towards Zhu chengdi.

Hearing this, Zhu chengdi heaved a sigh of relief and hurriedly handed over the documents that he was holding in his arms.

It was like a hot potato.

Soon, the middle-aged man got up and destroyed the things in the shredder.

The shredding machine had been specially processed, so there was no need to worry about people with ulterior motives taking the opportunity to piece the content together.

Lin Hanxing’s face was calm from the beginning to the end.

There was no curiosity in his eyes.

He didn’t ask.

He just sat quietly and lazily in his chair, completely calm.

“I don’t have much time, so why don’t we cut to the chase and make it short?”

Lin Hanxing looked at her watch and decided to speak first. After all, she really did not have much time.

The middle-aged man coughed when he saw that the little girl had taken the initiative.

He didn't know if it was really his throat that was uncomfortable or if he was trying to remind him of something.

In contrast to Lin Hanxing's leisure, the people opposite looked at each other.

After a long while, it was still the same man from before who spoke again.

"It's like this ..."

Lin Hanxing listened attentively. With just a few words, she already had an idea of why these people had asked her to come today. Even so, there was no change in her expression.

The more this was the case, the more the few people opposite him began to Mutter in their hearts.

The main reason he had asked the Lin family's lass to come over today was actually because of Zhu chengdi's laboratory.

Over the years, the laboratory had been in the limelight. Several exclusive research patents had broken the monopoly of the M Nation, which made the other party very uneasy and frequently made small moves.

At first, it was harmless, but in the past six months, it had become more and more excessive.

Therefore, the higher-ups wanted Zhu chengdi to move the base of the laboratory back to China. China would spare no effort to create an environment for these researchers to have more space to display their abilities!

Originally, this matter was already pretty close, but just last night, things suddenly changed!

Just last night, Zhu chengdi had personally called to say that everything that had been agreed upon previously did not count.

Although he knew that these researchers had a temper, it was still so sudden that he was caught unprepared.

He didn't even sleep and hurriedly called his superior for instructions. After a long night, he finally found out that the problem was actually with the Lin family's orphan girl who had been missing for eighteen years!

Zhu chengdi had said that Lin Hanxing would be in charge of all the major matters in the laboratory in the future!

He then urgently retrieved Lin Hanxing's information.

He wouldn't have known if he didn't look, but once he did ...

At first glance, there was no problem with the information. However, it was precisely because there was no problem that there was a big problem!

However, no matter how hard they dug, it was like an Iron Fist hitting cotton, returning with no results.

The more she was like this, the more worried she was.

After hesitating for a while, he did not expect elder Yue to call after hearing about this matter. Not long after he hung up, elder Zheng's call came in again. Before he could even catch his breath, he did not expect ...

Even master Yan had personally called!

This made him curious about Lin Hanxing.

What kind of person was she to be able to invite these three great mountains?

Therefore, when the person was brought in, he looked up and saw that the Lin Hanxing he had been worried about the entire night was actually such a young and tender girl. It was no wonder that he lost his composure on the spot!

Lin Hanxing only turned to look at Zhu chengdi, who was sitting upright beside him, after listening to the other party.

"The laboratory is yours."

She said indifferently.

"I didn't invest in the laboratory to control you."

Lin Hanxing casually voiced out the man's guess, causing the man's expression to be somewhat subtle.

"I'm not ..."

Zhu chengdi was anxious to explain. His eyes were filled with urgency.

I'm a Chinese, so I'll naturally consider the interests of China first.

As he spoke, Lin Hanxing looked at the four people in front of him. His expression did not change, and his voice did not fluctuate at all.

"Miss Lin, I'm not saying that you're controlling us, it's just that ... The laboratory is yours!"

Zhu chengdi was really stubborn!

He had to walk to the end of the road he had set his mind on.

The principles that he had set his mind on must be followed for a lifetime.

However, it was also because of this personality that he was able to lead his colleagues in the laboratory to solve so many technical problems for so many years!

"You are the backbone of all of us!"

He said seriously.

There was an unprecedented solemnness in his anxious voice!

"We'll listen to whatever you say!"

"....."

For a moment, Lin Hanxing really wanted to massage his temples.

What a headache.

“So, those documents?”

She recalled the documents that Zhu chengdi had shown her back at the Lei family. Without the permission of these people, they would not have been brought to her so easily, so ...

Was that also a part of the test?

“I agreed to it.”

The leader sitting in the middle said.

However, the information was discarded, so it was useless even if someone with ulterior motives obtained it.

It might even have the opposite effect.

Lin Hanxing did not say anything. He looked down at his watch. She did not have much time left.

“Give me the documents.”

Soon, Lin Hanxing raised his head and looked at the other party.

This time, it was the four of them who didn’t react.

Documents?

What document?

Lin Hanxing saw the confusion in their eyes.

“You didn’t ask me to sign? Don’t tell me you didn’t even prepare any documents?”

It was difficult to communicate with people like Zhu chengdi.

Because he would only follow a dead end. In that case, she might as well make the decision according to her style.

The other party was overjoyed to hear Lin Hanxing’s words.

He quickly asked the middle-aged man to bring out the confidential documents that he had prepared.

“Please sign.”

The middle-aged man who picked them up said in a muffled voice, still holding a pen in his hand.

Lin Hanxing raised his head and glanced at him. He took the pen but did not sign it immediately. Instead, he read the document carefully.

Ten minutes later.

“I would like to add an additional clause.”

Lin Hanxing said coldly when he looked up again.

In an instant, her entire aura changed.

Everyone on the other side could clearly feel this change.

It was also at such a time that Lin Hanxing's face lost all traces of immaturity, and no one dared to underestimate him!

Could it be that she wanted to demand an exorbitant price?

#### [Chapter 1027](#)

1027 I really can't see through you

With this thought in mind, the leader sitting in the middle of the room felt a little disappointed.

From the tone of this girl's voice, he thought she was different.

Were the people that elder Yue, elder Zheng, and elder Yan paid attention to really that shallow?

"Do you know who you're negotiating with?"

The middle-aged man who had sent them here slammed the table and roared angrily.

Zhu chengdi, who was drinking water, shivered and spat it out on the ground when he was caught off guard.

Lin Hanxing's expression did not change.

Wu Chen's eyes were emotionless.

He was calm and composed.

"No matter who you're negotiating with, there's one thing I hope you're clear about ..."

Lin Hanxing said indifferently.

Neither humble nor overbearing.

He would not be too rude, nor would he be too attentive.

"What?"

The middle-aged man's eyes widened, and his voice was filled with intimidation!

"Right now, the initiative is in my hands."

Lin Hanxing replied calmly.

There was an invisible, more powerful aura that enveloped the middle-aged man, making him speechless for a long time.

"You ..."

This is a threat, right?

Did the little girl know what this place was?

How dare you speak in such a rude manner?

“Why are you so serious with a little girl?”

The leader spoke up at the right time to ease the awkward atmosphere.

The middle-aged man had finished playing the black face, and it was his turn to play the Red face.

“Young man, you’re so impetuous!”

He laughed as he spoke.

Lin Hanxing smiled but did not reply, pretending not to understand the deeper meaning behind his words.

“Let’s talk about your additional terms.”

Seeing that she didn’t follow up with the conversation, the words that were originally on the tip of his tongue naturally couldn’t be said.

This girl was very cunning.

As long as she didn’t want to, no one could take advantage of her.

“I only have one condition.”

Lin Hanxing’s gaze was as sharp as a knife as he looked at the people in front of him. He spoke in a standard negotiating tone.

if the laboratory is moved back to China, I want you to ensure that they will enjoy absolute freedom in scientific research!

For a long time, the people on the other side were silent.

No more?

That’s it?

The leader, who had been prepared for her to demand an exorbitant price, regained his senses after a long time.

Lin Hanxing leaned back and glanced at his watch.

He slammed the document shut and pushed it back to the Middle of the conference table.

“If you guys agree to put it in the document, I can sign it immediately.”

The entire place was silent.

Zhu chengdi did not expect Lin Hanxing to help them to such an extent.

Even though he was proud of being a Chinese, he had to admit that the current research environment in China was a bit complicated and restrictive. This was something that all of them had thought about before they decided to come back.

He did not expect ...

The middle-aged man had a complicated look in his eyes. After exchanging a glance with the leader, he picked up the document and sent it back for printing.

Three minutes later.

Lin Hanxing expressionlessly and seriously confirmed that there was no mistake, then signed his business signature with his left hand.

miss Lin, Mr. Zhu, on behalf of my superiors, I would like to express my sincere gratitude to you.

The leader stood up and extended his hand to her.

Lin Hanxing accepted it calmly.

When it was the middle-aged man's turn to shake her hand, his strength was so strong that it was as if he was deliberately trying to intimidate her.

Lin Hanxing's expression did not change as he used his hidden force to dissolve it silently.

"I'll have to trouble you to send us back."

She opened her mouth and smiled. It felt like she was planning something behind the scenes!

This little girl could actually remove the force from his hand?

The middle-aged man was shocked.

His expression didn't change as he sized her up.

Were the young people nowadays already so amazing?

He really couldn't see through it!

.....

After everyone left the meeting room, the leader who had been pretending to be red-faced returned to his usual expression.

He took the document that Lin Hanxing had just signed and walked into the meeting room.

Thump thump thump.

Even the action of knocking on the door was extremely solemn.

"Enter."

A deep voice came from inside.

The leader pushed the door open.

Inside the house, the security guard, Xiao Zhang, was standing beside master Yan.

elder Yan, this is the document she signed.

The leader placed the documents on the table in front of master Yan.

And there ...

There was already a document that looked quite old.

Elder Yan flipped through it casually.

The security guard, Xiao Zhang, glanced at the contents of the old document from the corner of his eye.

It was the official document signed five years ago when X group gifted the monkey and cow heads to the National Museum.

send two documents to the signature section of the notebook.

Elder Yan pushed the two documents back to the leader and said in a deep voice, "

"Elder Yan, is this necessary ..."

Before he could finish, the leader's words were completely drowned out by master Yan's eyes.

I want to know if the notebook was written by the same person in 20 minutes!

.....

Twenty minutes later.

The leader came back with the verified documents.

Although he had long heard rumors of elder Yan's strange temper, he only realized how polite the rumors were after interacting with him.

He went through so much trouble just to verify the handwriting of two signatures ...

The security guard, Xiao Zhang, took it.

He had been by master Yan's side for so many years, and this was the first time he had seen him so concerned about anything other than national affairs.

But ...

Even little Zhang was a little curious ...

Did little nine of the Lin family really have any relationship with X group?

the results of the appraisal ...

The security guard, Xiao Zhang, looked at the line of words below, and his voice stopped there.

Elder Yan raised his head.

Coincidentally, the security guard, Xiao Zhang, was lowering his head.

Their eyes met.

“The handwriting of the two people doesn’t match!”

.....

On the way back.

Lin Hanxing was still sitting in the back seat.

It was elegant and slightly lazy.

She glanced at her left and right hands, and the corners of her mouth curled up into an ambiguous smile.

“Please send me to 645 Anren road.”

She looked up and met the eyes of the middle-aged man who kept sizing her up through the rearview mirror.

This address was easy to recognize.

It was the most famous private tailor shop in Jiang city.

She was a tailor for famous celebrities.

Lin Hanxing closed his eyes to rest.

There was still time before the 10:30 press conference, so she didn’t need to be in such a hurry.

“Miss Lin, you’re really like an enigma.”

The middle-aged man didn’t seem to notice that she was resting with her eyes closed and spoke in a deep voice.

“Thank you for the compliment.”

Lin Hanxing did not even open his eyes. No matter what he meant, he took it as a compliment and accepted it.

Very quickly.

They had arrived at 645 Anren road.

When the car stopped in front of the shop, it attracted many people’s attention.

It was because the license plate of the car was too obvious.

“Thank you for sending me here.”

As soon as the car stopped, Lin Hanxing opened his eyes and got out of the car.

“Miss Lin ...”

Zhu chengdi quickly called out to her.

Lin Hanxing turned around, his long black and slightly curly hair scattered in the air.

His eyes and brows were still.

“Goodbye.”

He said these two words carefully and emotionally.

Lin Hanxing smiled faintly.

“Goodbye.”

When she turned around again, she glanced at a figure at the entrance of the shop who had obviously just gotten out of the car. The smile on her face faded.

### [Chapter 1028](#)

1028 It's too early for you to celebrate

However, she quickly returned to her usual indifferent and lazy expression.

He walked towards the entrance of the shop.

Through her sunglasses, Cheng Lingyun looked at Lin Hanxing, who was walking towards her, and felt that she was haunting her.

They could meet everywhere.

Lin Hanxing walked closer and closer, and just as Cheng Lingyun was about to say something to her, the woman who she thought would stop in front of her actually walked past her!

The wind chime at the entrance of the shop rang.

Lin Hanxing didn't even look at Cheng Lingyun, whose face was distorted with anger, and walked into the shop.

“Lin Hanxing!”

Cheng Lingyun's voice sounded a little distorted as she tried to suppress her anger, which startled the shop assistant who had just come up.

He didn't say anything for a long time.

Lin Hanxing turned to look at Cheng Lingyun as she wished.

His eyes were 30% focused and 70% cold.

“What did you just call me?”

Lin Hanxing said coldly. The look in her eyes was so cold that it seeped into her bones.

Cheng Lingyun's lips trembled.

He didn't dare to repeat it, and his eyes behind his sunglasses flickered.

“Sorry to trouble you, these are the clothes I ordered.”

Seeing that Cheng Lingyun didn't say anything, Lin Hanxing turned back to the shop assistant.

alright, miss Lin. Please wait a moment.

The shop assistant left temporarily, leaving the two of them some space.

Lin Hanxing walked up to Cheng Lingyun.

With a whoosh, he reached out and took off the sunglasses on her face.

Cheng Lingyun was shocked!

“Yuan susu just passed away, but as a mother, she's in the mood to try on clothes. It's clear that the rumors about the mother-daughter relationship are very deep ...”

Lin Hanxing smirked.

“That's all there is to it.”

Her face was as clear as ice, and her words made Cheng Lingyun's expression change.

But very quickly, Cheng Lingyun smiled again.

“You don't have to put it that way.”

“We're half an ally, aren't we?”

She asked tentatively.

Lin Hanxing raised an eyebrow but smiled without saying a word.

“You dirtied SuSu's dress on purpose, and gave her the red dress with Lei Xiao's hands. Last night, everything was linked, and SuSu's death was already in your calculations. Am I wrong?”

Since he was already dead, what was there to hide now?

“I got what I wanted, and you got what you wanted!”

Cheng Lingyun's voice was a little urgent.

However, she quickly adjusted her breathing so that she wouldn't be too excited and affect the baby in her stomach.

“How do you know what I want?”

Lin Hanxing's cold eyes fell on Cheng Lingyun's face.

It was as if he could see through her entire heart, causing Cheng Lingyun to shiver.

“Li Yanyu is already dead.”

She suddenly said this.

“A dead person will not bring you any benefits, only a living person can!”

Susu was dead now.

Half of the obstacles blocking her path to wealth and glory had been removed. Now, she only needed to keep Lin Hanxing in check. When she returned to country G, the child in her stomach would be the only heir to the yuan family!

The yuan family was not a threat!

Lin Hanxing listened in silence and did not respond to her at all.

Suddenly, she raised her hand.

Cheng Lingyun looked at Lin Hanxing vigilantly.

She just reached out to brush away the hair that fell on her shoulders, her movements gentle.

“The doctor Who took out si Nian’s heart that year is in my hands.”

As he spoke, Lin Hanxing smiled faintly.

It was as if he was chatting with Cheng Lingyun about the weather today. There was no fluctuation in his voice.

He snorted.

Cheng Lingyun sucked in a cold breath.

Because li Yanyu’s name had once again returned to her life, Cheng Lingyun had been looking for doctors in country G who had been related to that incident, but ...

It was as if the doctor had vanished from the face of the earth. He had been missing for two whole months.

Now, Lin Hanxing was telling her ...

The doctor was in her hands?

What was she up to?

Did she really think that brother Yuan would help li Yanyu take revenge even if he knew the truth of the matter?

Hehe, too naive!

“So what? A dead person is a dead person, and in my stomach is a living ... Yuan family’s future heir!”

Cheng Lingyun said this through gritted teeth.

As the two of them were talking, the shop assistant had already brought Lin Hanxing and Cheng Lingyun’s clothes.

“Thank you,” he said.

Lin Hanxing took the clothes from the man and said in a deep voice.

He walked towards the fitting room.

He stopped in his tracks and looked at Cheng Lingyun, who had an unreadable expression on her face.

“It’s too early for you to be happy.”

.....

Lin Hanxing quickly changed his clothes and walked out.

As soon as he pushed the door open, the shop assistant who had been waiting outside couldn’t help but widen his eyes and take a deep breath in surprise.

This was really ...

He was too handsome!

She was not beautiful, but handsome!

Lin Hanxing was wearing a custom-made women’s suit.

The body-cultivation design made her entire graceful figure stand out, exquisite and well-proportioned.

Coupled with the silver-gray cloth, Lin Hanxing’s cold and hard aura was highlighted, really ...

He was too handsome!

The shop assistant never thought that she would be attracted to a woman and couldn’t bear to look away.

Lin Hanxing’s heels had also changed to a few inches high.

His back was straight and elegant.

In the full-length mirror, Cheng Lingyun was still standing in the same position.

He looked at her with a dark expression.

“What did you mean by your last sentence?”

Lin Hanxing’s words before entering the fitting room made Cheng Lingyun, who was originally full of confidence, tense.

Was she hinting at something?

Lin Hanxing slowly pinned the decorative brooch on his collar.

He seemed to be enjoying Cheng Lingyun’s struggle.

“You don’t really think that all of this is my doing, do you?”

Lin Hanxing turned around.

Her long, seaweed-like hair that reached her waist was curled up behind her head and was held by a hairpin.

She moved.

The tassels made of Jade moved slightly.

For a time, the scene was beautiful.

Lin Hanxing's men were already waiting at the entrance in their car, waiting to send her to the press conference.

She didn't want to waste any more time on Cheng Lingyun.

"You better explain yourself clearly!"

As they passed each other, Cheng Lingyun panicked and subconsciously wanted to hold Lin Hanxing's arm to ask for an explanation.

Other than her, could there be someone else behind this?

However, before Cheng Lingyun could grab Lin Hanxing's arm, the latter had already grabbed her wrist at an extremely fast speed.

"There's one more thing."

Lin Hanxing did not control the strength of his grip on Cheng Lingyun's wrist at all. It was as if his grip was embedded in her.

This made Cheng Lingyun gasp.

Lin Hanxing laughed coldly as he retracted his long eyelashes, keeping all his indifference away.

"You don't deserve to mention aunt Mian's name!"

.....

The location of the press conference to announce Lin Jiaojiao and he zhehan's marriage was set to be in the Lin group's conference hall.

At this time, many news media reporters had arrived.

It wasn't just because of the wedding news, but also because of Luo Wenbo's incident last night.

## [Chapter 1029](#)

1029 How can I not be present for such a happy event?

"Have you all heard?"

The reporters in the media area were whispering to each other. With such a big incident happening, the entire news circle in Jiang city was shocked last night!

Many people were woken up by a phone call from above while they were still in bed.

"Don't you think there's something strange about the Lin family?"

A young reporter couldn't help but ask.

things have been happening one after another these days. First, it was that Luo Mingwei, then it was that Lin Jiaojiao, then it was Luo Wenbo, and now this couple ... she pouted her lips in disdain at the empty stage.

"I heard that they were naked when they were seen last night. That woman ..."

The young reporter gestured to his chest with his empty hands, his eyes full of malicious ridicule.

The other men burst into laughter.

He understood tacitly.

didn't you guys realize that everything started when Lin xiaojiu returned home? "

A voice suddenly interjected.

This caused the laughter of this group of people to instantly die down.

He blinked.

Everyone had a vague idea of this, but no one dared to mention it.

Everyone in Jiang city knew that Lin xiaojiu was the Apple of young master Lei's eye.

I can't say, I can't say!

"To be honest, I feel that today's press conference ..."

The person next to him continued.

He spoke with a hesitant expression and didn't look happy at all.

"Old face, tell me!"

"Something is going to happen!"

The reporter called old face had been in the news for more than ten years. Due to the sensitivity of his job, he kept feeling that the scandal had happened last night. Today, Lin's group was in a hurry to hold a press conference ...

There was a deeper inside story that was worth digging!

Everyone looked at each other.

Then, he laughed and shook his head, saying that he was too sensitive!

It's just a press conference to save face. What's there to do?

At the same time, in the lounge of Lin's group.

With a loud bang, a cup of water was smashed into pieces!

Lin Jiaojiao's chest heaved up and down violently.

His face was pale.

It was filled with embarrassment and unwillingness.

Even his bloodshot eyes were bloodshot.

Lin qianlin's assistant stood to the side, not even daring to breathe.

This was already the fifth cup!

"Get out!"

After a while, Lin Jiaojiao turned to her assistant and said expressionlessly.

The assistant couldn't wait to leave.

The moment the door was closed from the outside, the assistant inadvertently looked inside.

He was completely shocked!

Lin Jiaojiao's beautiful little face was twisted, full of malice and ruthlessness.

Previously, miss Lin Jiaojiao had always been gentle, weak, and amiable, forming a stark contrast with Luo Ruyin. But who would have thought that she would have such a side!

It was simply ...

It was too terrifying!

He hurriedly closed the door!

"Lin xiaojiu! Lin xiaojiu! Lin xiaojiu! Lin xiaojiu!"

Lin Jiaojiao muttered the name 'Lin xiaojiu' as if she was chanting a curse. The more she spoke, the darker her eyes became!

Their family had been destroyed by Lin xiaojiu!

Originally, she only needed to endure for another three years and she would have been able to obtain the shares of the Lin group and other movable and real estate promised by her aunt. She only needed to find herself a good marriage and she would be able to live smoothly for the rest of her life!

But ...

However, Lin xiaojiu's appearance had broken all of this!

Why did she have to expose everything?!

Since the Lin family was already rotten enough, he might as well let it continue to rot!

Why did Lin xiaojiu have to appear!

Why did Lin xiaojiu have to live?!

Why didn't she just die outside back then!

In the past, Zhong Wan 'er would have rushed over to comfort her at this time. But today, she didn't even come!

The look in their eyes when they left the house this morning ...

Lin Jiaojiao still felt cold when she thought about it.

A cold that came from the bones!

"Why ..."

Lin Jiaojiao's fingers tightened, and her long nails dug deep into her palms.

It pierced the skin and blood oozed out.

Lin xiaojiu, you're the one who put me through all this embarrassment!

One day, I will return it to you with interest!

Knock, knock, knock.

After some time, there was a knock on the door.

"Miss Lin, the press conference is about to start."

"I know."

Lin Jiaojiao stood up and walked toward the door.

Just as she was about to reach it, she suddenly thought of something and turned to look at the empty lounge behind her.

She bit her lower lip.

On the other side of the corridor, someone was also coming out of the lounge.

Lin qianlin had just finished her conversation with Mrs. He.

Both of their faces were ashen, and the dark circles under their eyes were so heavy that even makeup couldn't cover them!

He zhehan was better off.

He still had the appearance of a suave and elegant young master.

Society was generally tolerant of men. Even if something had happened to him and Lin Jiaojiao last night, the media would only focus on Lin Jiaojiao!

In the middle of the night last night, there was even a nouveau riche who called him to ask how he felt about that woman!

The taste ...

It was just like that!

Lin Jiaojiao's expression was unreadable as she exchanged words with them. Without a word, she walked toward the International Conference hall where the press conference was held.

Every step she took was like torture to her!

The torn wound reminded Lin Jiaojiao that all of this was caused by Lin Hanxing!

The table was already filled with microphones from various media reporters.

The sound of snapping photos could be heard.

He zhehan even posed handsomely for the reporters to take pictures of him.

Seeing this, Lin Jiaojiao felt even more disgusted with him.

Such a dandy young master, he had only managed to negotiate the Jiangcheng sea bridge project and he was already in such a state. How could he be compared to young master Lei Xiao? Even his brother who had been in a vegetative state for three years could not compare!

Everyone took their seats.

The sound of the media reporters' cameras bombarding his ears.

Especially the reporter who was gesturing in front of his chest. He pouted in Lin Jiaojiao's direction with the others, and his eyes were full of malicious ridicule!

There was still about a minute before the official live broadcast of the press conference.

Lin youlin tried her best to force a smile on her face so that she wouldn't look so bad!

"We can start now!"

A person in charge said from the side.

The live broadcast officially began.

"Thank you, everyone, for taking the time today ..."

Before Lin qianlin could finish her sentence, the door to the International Conference room was flung open.

There was a loud bang.

The expressionless man in a black suit walked in first and opened the door respectfully.

"What is it?"

"What happened?"

The live broadcast had already started, and the reporters had even forgotten to cut off the live broadcast signal.

And all of this was presented to the audience in front of the TV.

The sound of high heels was getting closer.

It was like a drum that was stepping on people's hearts, da da da da!

"How come I wasn't present for such a happy occasion?"

A cold voice came before the figure!

Lin youlin suddenly stood up, her heart thumping.

His scalp tingled!

Lin xiaojiu!

It was Lin xiaojiu!

Just as he was thinking about this, Lin Hanxing had already walked to the door!

She was dressed very formally today.

The ash-gray women's suit completely highlighted Lin Hanxing's cold and hard aura. His whole body exuded a cold aura, and there was not a single expression on his unsmiling face.

The sun was shining through the large floor-to-ceiling glass window in the corridor behind her.

She stepped on light.

The tassels on her head made of Jade swayed with her steps like flowing lights, giving people an indescribable sense of beauty.

The air in the entire International Conference hall seemed to have frozen with her appearance!

Lin Hanxing walked forward in her high heels as if he did not feel the disturbance caused by his appearance.

Da da ... Da da ...

The champagne heels of her high-heeled shoes stepped on the floor, making a heart-shaking sound.

What does she want to do now?

Lin youlin and mother he, who had not slept for the whole night, were so angry that they had a splitting headache.

Lin youlin also noticed that some of the old shareholders of the Lin group were following behind her.

What did this mean?

Soon, Lin Hanxing walked to the first row and stood in the middle of the platform.

He looked down at the person who was originally sitting there.

The other party quickly stood up.

In that instant, there seemed to be a sense of oppression that blotted out the sky and earth, forcing the other party to compromise.

"Thank you," he said.

Lin Hanxing smiled faintly and sat down elegantly.

The media reporters who witnessed the entire scene were silent as if their tongues had been stolen.

The machine in his hand was still operating quietly.

"You're not going to continue?"

Lin Hanxing tilted his head and looked at the host beside him. His voice was as cold as water, passing through everyone's hearts.

He zhehan was about to lose his temper, but mother he pressed his hard arm down from under the table and hinted at the camera.

No matter what, there can't be any mistakes today!

thank you, everyone, for taking the time to participate in the Lin and he corporation's Alliance ...

Lin qianlin tried her best to make her voice sound less stiff, but when her eyes met with Lin Hanxing's, her mind felt like it was about to explode.

The lines that he had prepared all night were recited out of instinct, without any emotion at all!

Lin Hanxing, on the other hand, had his back to the media. There was a faint sneer on the corner of his mouth as he looked at everyone sitting in front of him.

Lin Jiaojiao was also staring at Lin Hanxing.

It was as if he was looking at the enemy who had killed his father!

The hatred that seeped into his bones and blood could be clearly captured by the audience even through the TV screen.

Lin Hanxing did not mind.

He even smiled at Lin Jiaojiao in response. His calm and composed manner almost made Lin Jiaojiao collapse.

However, he still had to take into account the gazes of the people present.

In reality.

She was thinking too much.

Since Lin Hanxing's sudden appearance, everyone's eyes were fixed on her.

Most of the people at the dinner party last night were not qualified to attend, so it was the first time for many of the Lin's group's employees to see this famous and rumored figure in Jiang city.

The young miss of the Lin family, who was supposed to be a pampered girl but had been kidnapped eighteen years ago, and had only been found today.

Lin Hanxing!

No one had thought that a figure who had been missing for eighteen years would be so domineering and attract the attention of everyone since he just entered the venue!

Compared to Lin Jiaojiao, who was sitting on the stage ...

No, even when compared to all the socialites in Jiang city, Lin family's little Nine's aura completely surpassed theirs!

In the past 18 years ...

What had happened to her?

Soon, Lin youlin finished her sentence in a daze.

Countless flashes were heard again.

It went towards Lin Jiaojiao and he zhehan.

However, after two more shots, the long shots were all focused on Lin Hanxing!

The reporters 'Q & a session quickly followed.

A reporter arranged by the Lin family was about to speak with a microphone, but before he could speak, his shoulder was patted by an internal force, and his expression twisted in pain.

He turned his head and saw that it was the group of men in Black who had followed Lin Hanxing.

The other party did not say anything. He just took the microphone from the reporter arranged by the Lin family and walked towards Lin Hanxing. Soon, he handed the microphone to her respectfully.

Lin Hanxing took it without a change in expression.

The Lin and he families were all on tenterhooks.

His eyes were fixed on Lin Hanxing's face!

What was she trying to do?

Lin Hanxing turned on the microphone and raised it to his red lips, his watery eyes slowly scanning their expressions.

"Auntie, is there anything you want to say to the victim's family on such a joyous day?"

Lin Hanxing's cold and indifferent voice spread through the microphone to every corner of the room.

Everyone was in an uproar!

This morning's news had already revealed that Luo Wenbo had dug up a skeleton in the Lin family's garden last night and was taken away by the police. Originally, because the police were still investigating, some information was not convenient to be disclosed to the public!

But in reality, the reporters in the media area had already received the news.

It was said that Luo Wenbo had made the girl Crazy, and then the girl threatened to call the police. In a fit of anger, Luo Wenbo cut off the girl's little finger and threw it into the wine, and even forced her to drink it!

In the end, he killed the man and buried him in his garden.

If not for all the things that had happened at the Lin family's banquet last night, this incident would probably never have been discovered!

It was too cruel!

Last night, Luo Wenbo had told her everything in a daze.

Even if he woke up today and turned over his testimony, he couldn't resist the fact that he was a scumbag beast!

Lin Hanxing turned off the microphone after he finished speaking.

He looked at Lin qianlin with a faint smile.

Everyone saw Lin youlin suddenly stand up, her lips trembling, but she didn't say a word for a long time.

Lin Hanxing silently mouthed a reminder to her.

The live broadcast.

It was currently being broadcast live.

Nowadays, there were many ways to spread news. Apart from television, there was also the internet. If there was a slight mistake, it would be broadcasted on television, but if it was uploaded to the internet by someone else, it would really be a troublesome matter!

No one spoke.

Everyone was waiting for Lin qianlin's answer.

Before they entered the venue, the media and reporters had been ordered not to mention what happened last night. Even during the question-and-answer session, they had hired 'actors'. Now, someone had asked the question they wanted to know on their behalf ...

Of course, it couldn't be better!

Lin youlin picked up the microphone in front of her, her hands obviously shaking.

His expression was about to break down uncontrollably!

And with such a targeted question, no one else could answer it for him.

"I'm very sorry."

Lin youlin finally said after a while.

"Sorry? Just 'feeling sorry'?"

Lin Hanxing raised his microphone again and the moment he spoke, everyone felt a strong sense of ridicule.

'Damn it!'

What else did she want from her?

however, before the investigation is successful, I still hope that the public's attention will not be focused on this matter. After all, no one has any way to prove what the truth was back then!

Lin youlin spoke very quickly, her eyes staring straight at Lin Hanxing!

"Oh? Aunt's meaning is that you believe cousin is innocent?"

Lin Hanxing's voice was cold.

His right leg crossed elegantly over his left, and he faced Lin qianlin in a relaxed posture.

"I believe in my son's character!"

Lin youlin said as tears welled up in her eyes.

She had played the role of a determined mother who believed in her son's innocence to the fullest!

I heard that the victim used to work in a nightclub, as well as a beer girl. I believe that my son must have been bewitched by her. As for all the rumors, I don't believe them!

even if the two of them had sex before, my son would never be the kind of person who abused his violence!

Big drops of tears fell down.

Lin youlin was not acting. She had not slept all night and was under too much mental pressure. She was already on the verge of a mental breakdown.

Pa pa pa pa pa pa ...

Lin Hanxing's clapping was crisp and clear in everyone's ears, and there was an indescribable sense of irony in it!

"It's really a pity that all parents in the world have the heart of a parent."

She spoke indifferently, and no one could tell what the emotions in her words meant!

The press conference that was supposed to announce the marriage between the Lin and he families seemed to have changed its atmosphere as soon as Lin Hanxing opened his mouth. A strange atmosphere surrounded the Lin group's International Conference hall.

Lin youlin looked to the side.

The assistant quickly understood and wanted to announce the end of the press conference.

However, before she could speak, Lin Hanxing spoke first.

apart from apologizing, does Auntie not have any material compensation? "

of course, it's our Wenbo's fault. After we find the victim's family, our Lin family is willing to pay all the Civil compensation. I can even kneel down and admit my mistake, as long as ...

"As long as they can forgive us!"

Mother he tugged at Lin youlin's trousers under the table to wake her up a little so that she could round up her words.

Lin youlin had asked around. As long as they could get the forgiveness of the victims' families, they would definitely be able to get a lighter sentence. They would think of other ways then.

Lin Hanxing laughed.

She turned her head and looked at her subordinate who had come with her.

Soon, someone walked in from the door.

She was dressed in white, and her face was bare, but it couldn't hide her beautiful appearance.

Her long black hair fell naturally behind her, and as she walked, it swayed like silk.

There seemed to be tears rolling in her red eyes, but she stubbornly refused to let them fall in front of everyone.

Lin Hanxing's subordinate handed the microphone to Bai Xi.

"Madam Lin, you're so eloquent! My sister is a pure and innocent girl, yet Madam Lin has described her as a materialistic slut. Is this the apology of Madam Lin and the Lin family?"

Bai Xi's eyes were like a Wolf's as he stared at Lin youlin!

These people were just bullying people to death so that they could no longer speak!

'He must have been bewitched by her' and definitely not the kind of person who abused violence'?"

Bai Xi repeated what Lin youlin had just said.

The original flavor had already disappeared, leaving only a thick sense of sarcasm in everyone's ears!

"I hope Madam Lin can still speak up for your son with such confidence after listening to this recording!"

Bai Xi took out an old phone from his pocket.

It had obviously been used for many years. Even the paint on it had fallen off cleanly and was mottled!

Things were developing in an unpredictable direction.

It made all the media reporters 'blood boil.

If the woman in front of him really had a recording to prove it, it would be the exclusive headline today!

All of a sudden, all the reporters' recording and video equipment turned in Bai Xi's direction.

The camera lights started to flash again.

Whether it was the Lin family or the he family, who would have thought that Lin Hanxing would have such a trick up his sleeve?

Lin youlin walked down from the stage, seemingly trying to grab the phone from Bai Xi's hand. She was obviously panicking, and even her eyes were filled with uneasiness!

However, before he could get close, he was blocked by the people Lin Hanxing had brought.

Bai Xi sneered and pressed the play button on the microphone.

Xiaoxi, when I get this month's money, I'll have enough for your college tuition. By then, I'll quit and go home to study with you, okay?

The female voice in the recording was soft and gentle.

One could imagine the owner of the voice in one's mind.

Sister Yingluo, is that person still bothering you?

Yingluo's friend threatened me, saying that if I didn't agree to be his mistress, he would teach me a lesson.

No one noticed how ugly he zhehan's expression was when he heard this!

Because he was the one who had said those words back then.

Sister Yingluo, don't be afraid. If anything happens, remember to call the police.

I know ...

Before he could finish, his voice stopped abruptly, as if someone had covered his mouth.

The sound of heavy breathing was clearly transmitted into everyone's ears through the microphone.

Please don't be like this, Mr. Luo!

After a while, the sound of struggling sounded again, with a sobbing tone and fear.

Anyone could imagine what terrible things the person in the recording was going through.

Immediately after, the sound of a heavy slap made everyone's hearts jump.

The muffled sound of things crashing and falling shook people's hearts!

Yingluo, I'm giving you face but you don't want it. No one I like has ever escaped from me.

Everyone was in an uproar!

Everyone could tell that this was Luo Wenbo's voice!

Mr. Luo, don't ...

The sound of slaps and heavy objects falling to the ground could be heard without end. No one spoke, and no one dared to speak.

The women covered their mouths with their hands.

The man didn't lose his composure, but his expression was unusually serious.

Just this recording alone was enough to overthrow Lin youlin's earlier statement about how innocent Luo Wenbo was. On the contrary, it only showed Luo Wenbo's shamelessness, her shamelessness, and the entire Lin family's shamelessness!

"It's not that you don't wear enough clothes, work in a nightclub, or work in a bar. You're an indecent woman, a slut! She deserved to be treated like this! Madam Lin, at this point ..."

Bai Xi's voice and smile were equally sarcastic as he looked at Lin youlin, who was blocked a meter away by Lin Hanxing's subordinates!

"You still want to exonerate Luo Wenbo?"

Bai Xi's question was sonorous and forceful.

For a moment, no one spoke. Everyone seemed to be shocked by her sorrowful eyes!

Unlike Lin youlin, who deliberately showed off her motherly love image, every word from the victim's family was transmitted to everyone's heart through the live broadcast on the television screen. It was as if they could feel the same pain!

Back then, Bai Xi had let the police in charge of the investigation listen to this recording, but for various reasons, it didn't attract their attention. Over the years, she had tried everything to avenge Bai Yu, but ...

She had no other choice but to go to the court of Starlight.

It was the easiest place in Jiang city to get close to the rich and powerful, and also the easiest place to get information about Luo Wenbo.

The only accident.

Perhaps he had met the ninth young lady!

The phrase 'we have a common enemy' had reignited her hope!

And before that, Bai Xi had originally wanted to find an opportunity to take Luo Wenbo down with him!

Auntie, the victim's family is right in front of you. Didn't you say that you're going to kowtow and admit your mistakes? "

Lin Hanxing's voice was transmitted through the microphone to every corner of the silent Conference hall!

Right!

Kneel down and admit your mistake!

The bystanders did not say anything, but their hearts were filled with righteous indignation!

Reporters were sensitive to the right words and phrases. Everyone present could tell what Lin qianlin was trying to say. She was trying to shift the focus to the victim.

At that time, he would ask some internet trolls to ask about the girl's family three times a day, so that the other party would be forced to accept settlement so that Luo Wenbo could achieve the goal of reducing his sentence, right?

These methods were really disgusting!

Lin xiaojiu ...

Things had completely exceeded their expectations, and Lin youlin's expression was slightly twisted as she looked at Lin Hanxing.

Lin Hanxing, on the other hand, was still maintaining a faint smile on his face.

But it carried a strong aura and an unspeakable pressure!

Lin Jiaojiao looked at the people in front of her who were easily slapped by Lin xiaojiu. Everyone's face was filled with anger, and they could feel the anger in their eyes!

They seemed to be easily controlled by Lin Hanxing.

Everyone's expression and eyes seemed to be pressuring Lin youlin.

It was as if he was forcing her to kneel and admit her mistake!

Rather than saying that this was a press conference to announce her marriage to he zhehan, it was more like a crusade against her aunt and the entire Lin family!

Even his aunt would have such a day!

Lin Jiaojiao laughed out loud in her heart.

Weren't they powerful?

Come on! Continue to go against Lin xiaojiu!

It would be fun if her aunt knelt down in front of that woman!

Lin qianlin had never felt so much pressure before.

She could not kneel!

He represented the face of the Lin family, not to mention ...

Little nine was still standing there.

It was as if they were waiting to pick the fruit of victory, and the mockery in their eyes was not even concealed.

She knelt down!

It was to admit defeat! It was an admission of defeat to Lin Hanxing!

She absolutely did not want to!

hehe, technology is so advanced now. How do I know that the recording in your hands isn't a computer-generated one? "

Lin youlin sneered at Bai Xi with a cold attitude.

Lin Hanxing laughed.

He gave Bai Xi a look.

Bai Xi also sighed in his heart. Miss Jiu really predicted things like a god. She even accurately predicted Lin youlin's answer.

The anger in his heart burned like a fire!

Since that was the case, he might as well have some fun!

As he thought about it, Bai Xi kicked Lin youlin's lower abdomen without a word!

Lin youlin was caught off guard and was kicked to the ground, her eyes still filled with shock!

The situation was out of control!

Bai Xi seemed to want to vent all the anger in his heart over the years. He sat on Lin youlin's body and hit her in the face with all his might. It was so fast that only the sound could be heard.

The security guards and the people from Lin's group wanted to rush over and pull the two apart.

However, no one knew if it was intentional or not, but Lin Hanxing's men blocked the way completely.

It was clearly within reach.

But he could only watch as Lin youlin was beaten into a pulp!

Bai Xi's grip was strong to begin with, and he was even more enraged by Lin qianlin's words. He mercilessly vented all the anger he'd accumulated over the years.

Soon, Lin youlin's nose and mouth were bleeding.

Lin Hanxing then gave a look to his subordinates, and the Lin family's security guards rushed over.

He pulled Bai Xi away.

Lin qianlin was still sprawled on the ground, as if all her strength had been sucked out of her.

Before Bai Xi left, he even gave her another hard kick!

Lin Hanxing rose to his feet and walked over to Lin qianlin in his high heels, looking down at her.

With a cold gaze.

At this moment, Lin youlin was mumbling something, and it was only when they got closer that they heard that she was calling the police.

Lin Hanxing squatted down slowly.

He reached out to caress her face.

Both of their microphones had been turned off, so they didn't have to be afraid of being heard.

Being touched by her cold hands, Lin youlin's whole body trembled as if she was looking at a ghost.

A life-taking evil spirit!

What was she trying to do?

Lin Hanxing seemed to have understood the meaning in her eyes and the cold smile on his lips deepened.

His fingers were stained with Lin youlin's blood.

His fingers gently rubbed against the blood and pushed it away, leaving a faint pink mark on his white fingers!

Yingluo, you can't escape.

Lin Hanxing mouthed these words silently to Lin qianlin. Not only did Lin youlin see it, but Lin Jiaojiao's mother, he zhehan, also saw it. In an instant, everyone was shocked!

Lin Hanxing slowly pushed Lin youlin's messy hair behind her, revealing her disheveled and frightened face!

Before the others could react.

The door of the International Conference hall was pushed open from the outside.

The person was obviously in too much of a hurry, even forgetting the most basic business etiquette.

He obviously didn't expect the meeting hall to be like this.

For a moment, he was stunned on the spot.

There was a long silence.

Lin Hanxing stood up slowly, took the wet tissue from his subordinate, and carefully wiped his long fingers.

"What is it?"

A cold but powerful voice rang out, and she glanced at the other party.

"Someone ... Someone ... Someone is on the roof ... Jumping off the building!"

He was shocked by the other party's aura.

The other party had already forgotten to ask who she was and only stuttered.

Obviously, they were also shocked by this sudden situation!

"Who is ... Who is miss Lin Hanxing?"

"I am."

Lin Hanxing said calmly.

It was as if this was not a life-threatening matter, and such an attitude also calmed down the Lin's group employees who were originally stammering out of panic and fear.

"The person who jumped off the building said that he wanted to see you."

"I'll only be willing to negotiate with the police's Negotiation Expert if I see you!"

As soon as he said that, the reporters who had not yet recovered from the shock of the scene just now all sucked in a breath of cold air!

What was going on with Lin's group?

Why did another wave rise before the first wave had even subsided?

What on earth happened that made her run to the roof and jump off?

One had to know that this was a fifty-story building!

If he fell, he would definitely die!

"Chairman Huang, Chairman Wei ..."

Lin Hanxing suddenly opened his mouth and called out the names of a few board members.

The person whose name was called quickly walked over.

"I will personally handle this matter! In addition, I hope that everyone can issue an announcement in my name on the company's internal network. All employees should put down their work and turn on the internal television network. I have important content to announce."

As soon as he finished speaking, Lin Hanxing did not even look at Lin youlin who was still on the ground and walked out of the door.

"And ..."

Just as he was about to reach the door, Lin Hanxing suddenly stopped and turned to look at the media.

I can give you the exclusive broadcasting rights. If you want to get the exclusive headlines, you can come with me!

After saying this, Lin Hanxing left the International Conference hall without looking back.

The authorized reporters looked at each other, picked up their machines, and rushed out without saying a word. In order to get an exclusive headline, they spared no effort!

By the time she rushed out, Lin Hanxing and the employees of Lin's group had already entered the elevator.

"What do we do?"

"What do you mean what to do? Either we wait for the elevator or take the stairs!"

Inside the elevator.

Lin Hanxing's face was expressionless, as if he didn't feel the other people in charge of Lin's group looking at him.

In the metal mirror, her delicate face was unmoved.

However, there was a kind of strength unique to the upper class spreading in the air, making people involuntarily submit to it.

Obviously.

Some of the people in the elevator knew who she was, while some didn't.

However, regardless of whether they knew or not, they were smart enough not to speak at this time.

It was because the other party's aura was too powerful!

.....

At the same time.

In the president's office of the Lei Corporation.

Lei Xiao was watching the television, which was broadcasting the news of an employee of the Lin group threatening to jump off a building.

"Tsk, tsk, little Hanxing is playing big!"

Yan beiming was watching TV while eating macadamia nuts. He had his legs crossed on the coffee table, and he looked extremely relaxed.

Thunder owl did not say anything.

He pressed the internal phone.

Very quickly, Anthony picked up the call.

"Mr. Ley."

The voice was extremely respectful.

inform all the media companies under the Lei Corporation to push the news of the Lin corporation's employee threatening to jump off a building to the headlines.

Something had obviously happened to Anthony on the other end of the phone.

He quickly gave an affirmative answer.

He promised that in ten minutes, not to mention the whole of Jiang city, even the whole world would be able to see what was happening!

After hanging up the phone, Lei Xiao's gaze returned to the television.

"Are you ready?"

These words were directed at Yan beiming.

“You don’t trust me and that Liang guy? As long as uncle hai is ready, it’ll be big news Tonight!”

Yan beiming snapped his fingers.

however, the yuan family in country G seems to be getting restless!

He rubbed his chin with his fingers after snapping his fingers. His words had a deep meaning.

The yuan family’s large business was supported by Yuan shaojing. He was like an extremely important central hub that no one could replace. It was also because of this that when Yuan shaojing said he wanted to come to Jiang city to choose an adopted son and daughter, he was completely opposed by the yuan family. That was a family business that was as rich as a country!

No one would be willing to give it up to an unknown person!

“As expected, he’s unwilling to accept this!”

The news of Cheng Lingyun’s pregnancy had caused an even bigger commotion!

This child came at the wrong time.

At this time, country G must have been in a mess. After all, it was a big matter concerning the heir!

“Uncle Yuan, you know what you’re doing,”

Lei min’s face was expressionless. He only looked at the TV with an unspeakable coldness in his eyes.

that’s true. Not to mention, the situation in country G is uncertain ...

Yan beixiao shrugged his shoulders and continued to look at the television, waiting for little Hanxing to make his appearance.

.....

On the top floor of Lin’s group.

It had just snowed last night, and everything was white.

The cold wind whistled, and it hurt their faces.

Lin Hanxing walked steadily on the snow in his high heels, even more so than other men in leather shoes.

A sense of calmness spread.

It also calmed the worried senior executives of Lin’s group.

As long as they had a backbone, they would not be in a mess.

The police had already arrived on the top floor, and even the negotiation experts were there, but it was obviously useless.

This was because the person who wanted to jump off the building refused to negotiate.

He didn't even communicate with Lin Hanxing. Other than the initial request for Lin Hanxing to come here and talk to him, he didn't say anything else. This made the police and negotiation experts very anxious.

"Is he here yet?"

The person in charge of the police roared at the people from Lin's group. This was a matter of life and death.

Why couldn't he take it seriously?

"I've already arrived."

A voice as clear and cold as spring water came from behind the person-in-charge, giving him a fright.

He turned around.

He didn't say anything for a long time.

"You're Lin Hanxing? That legendary Lin xiaojiu?"

One had to know that her name had already spread to every police station nearby, big and small. But now that he had seen her in person, he finally understood the principle of "seeing is better than hearing a hundred times"!

Initially, when others said that Lin xiaojiu had a strong aura, he was rather disdainful.

How could a little girl have such a strong aura?

Even if he heard it, he would just take it as a joke.

However, after meeting him today, he realized that what his old friends had said was true!

After seeing him in person, he finally understood what it meant to have an aura that did not lose to a man. It was really ...

the other party's emotions are very unstable right now. We don't know why he jumped off the building. He only said that he would talk to you if he met you. If you have any concerns ...

The person in charge of the police asked tentatively.

On the contrary, Lin Hanxing smiled when he heard this. Even though his fair skin was slightly red from the wind, it could not hide his beauty.

"I don't have anything to worry about."

Lin Hanxing looked at the negotiator after he finished speaking. He was still trying to throw out a topic to get the other party to respond.

Lin Hanxing walked over in his high heels.

He patted the other party's shoulder!

The former was shocked and was about to get angry, but when he turned around and saw Lin Hanxing's face, he was stunned.

"I'll do it."

Lin Hanxing said calmly, his voice steady.

"You are ..."

The negotiator asked in confusion. The police officer, who was standing not far away, walked over and said to him, "

"She's the Lin Hanxing that person is looking for."

The negotiator finally made way.

Lin Hanxing took two steps forward, but soon she stopped and looked at the obvious ice on the roof.

"Please help me find a pair of ..."

She was just about to speak, but she quickly shook her head.

"Forget it," he said.

Lin Hanxing then bent down and took off his high heels, placing them neatly to the side.

Under everyone's shocked gazes, he walked barefoot through the snow and ice toward the man.

"I'm Lin Hanxing."

Lin Hanxing's voice was calm and steady, and his posture was even more professional than a Negotiation Expert.

"What did you call me here for?"

Hearing this, the other party quickly turned around!

The two of them looked at each other. From an angle that no one else could see, they felt as if they understood each other's thoughts!

"Mr. Tan bide, please calm down!"

Not far behind Lin Hanxing, the police officer spoke again.

we've already invited miss Lin here as you've requested. We hope that you can tell us what you want. At least, let us have some space to talk, no matter what it is ...

"Shut up!"

Tan bide said in a gloomy voice. He was obviously impatient.

Lin Hanxing looked at him and sighed in his heart.

It had only been a short time since they last met, but the middle-aged man who had been so high-spirited back in Mengsong had already fallen to such a state.

“What do you want?”

Lin Hanxing said, his voice cold and emotionless.

However, there was an inexplicable calming atmosphere in the air.

“I have two conditions.”

Tan bide’s voice was hoarse, and his eyes were cloudy. It was obvious that he had not been living well recently.

first, I want reporters. The more the better!

As soon as he finished speaking, the reporters who had managed to run up from downstairs gasped for air. The strong ones scrambled to set up the cameras, while the weak ones waved their hands repeatedly, occupying the most favorable position to shoot.

The police didn’t expect the reporters to come so quickly, and they were obviously dumbfounded.

But after thinking about it, he understood.

Today was the day of the press conference to announce the marriage between the Lin and he families. It was no wonder that so many reporters could appear in such a short time!

“I’ve already fulfilled your first condition.”

Lin Hanxing did not even look at the panting reporters behind him and spoke calmly.

Tan bide’s eyes went past her and looked at the reporters. There was an indescribable madness in his expression.

“The second condition, I want to see Luo Wenbo!”

As soon as these words came out, everyone was shocked!

Luo Wenbo?

How did it get involved with Luo Wenbo?

“Did you hear that?”

Lin Hanxing turned around and looked at the police. His eyes and voice were calm, but it was frightening.

“Luo Wenbo? What kind of grudge does he have with Luo Wenbo?”

Last night’s incident had caused such a huge commotion. If Luo Wenbo was brought here, with so many reporters, it would be fine if nothing went wrong. But if anything went wrong, it would be a big deal.

Lin Hanxing looked at him deeply.

The look in his eyes clearly conveyed a message ...

“How would I know?”

The cold voice was emotionless, as if it was just to complete the task.

“However, any slight change in his mood will cause an accident.”

As if confirming Lin Hanxing’s words, tan bide sneered a few times and signaled the police to look at the corner.

“If you don’t agree, we’ll die Here today.”

As he spoke, tan bide took out an explosive activation device from his pocket and played with it in his hand.

Before he entered the Lin group, he was a gifted student in the chemistry Department.

It was not difficult for tan bide to make these things.

The police and reporters were obviously panicking. On the other hand, Lin Hanxing, who was standing in front, was still as calm as ever.

apply to the higher-ups. Otherwise, no one will be able to bear the responsibility if something happens!

Perhaps Lin Hanxing was too calm, so much so that people could not help but want to obey her orders.

Half an hour later.

Luo Wenbo had already been locked up in a police car and brought to the Lin family’s building, accompanied by the father and son, Luo Minghao and Luo Wensu.

Today’s press conference was supposed to be a small matter.

They were busy trying to find more opportunities for Luo Wenbo, but suddenly, someone called them to inform them that something had happened in the Lin group and that Luo Wenbo was to be brought to the Lin group.

Luo Minghao immediately felt that something was wrong.

When he switched on his phone and saw the live news broadcast, he almost fainted from anger!

How could Lin youlin be so stupid!

Lin xiaojiu had actually managed to change his mind!

Did she know how many people had been watching the previous live broadcast?

It was best to deal with her son’s matter coldly, but now she had pushed Luo Wenbo into the eye of the storm.

Lin xiaojiu!

Lin xiaojiu, how could you be so ruthless!

He’s simply not leaving us any way out!

The potion in Luo Wenbo’s body had almost been completely digested, but he was still lifeless, as if he didn’t understand why he had become like that last night.

The area below Lin's group had been cordoned off.

The live broadcast vehicles of major TV stations surrounded the road, and the surrounding crowd gradually gathered.

Luo Wenbo looked down at the handcuffs on his wrists, not understanding why he was brought to Lin's group.

"Get out of the car."

The police took him out of the car, and the atmosphere was a little tense.

When the crowd saw Luo Wenbo, they all showed a look of disdain, and some even splashed the unfinished milk tea in their hands at him.

With a bang, the milk tea was spilled all over Luo Wenbo's head and body.

Luo Wenbo raised his head in anger.

However, when he saw a white figure in the crowd sneering at him, he broke down and shouted loudly!

It gave everyone a big fright.

Had this person gone crazy?!

It wasn't easy to drag Luo Wenbo into Lin's group, and the police had never been so tired as they were on this mission.

The employees of Lin's group looked at the Crown Prince, who used to be high-spirited, but was now a prisoner in handcuffs, pointing and whispering behind his back. This made Luo Wenbo's already sensitive nerves even more fragile.

His emotions were also especially excited!

"I'm the young master of the Lin family, I'm the young master of the Lin family ..."

"I'm always right ..."

After she entered the elevator, she muttered something to her reflection in the elevator.

Luo Wenbo's body was sticky, and his face was particularly Haggard after being locked up for a night. When Luo Wenbo appeared in everyone's line of sight, it was really difficult to associate this person in front of them with the high-spirited young master of the Lin family!

When she heard that her son had been taken to the top floor, Lin youlin forced herself to let mother he help her up.

"You B \* tch!"

The moment Luo Wenbo saw Lin Hanxing, his already Haggard face became even more ferocious.

He was about to pounce in her direction!

However, the police were faster than him, and before Luo Wenbo could get close, they had him pinned to the ground.

There was a loud boom.

Luo Wenbo was pressed down in front of Lin Hanxing. His hands, which were cuffed, grabbed the ice and snow weakly.

His bloodshot eyes were fixed on Lin Hanxing.

It was as if he was looking at the enemy who had killed his father!

“Lin xiaojiu! You B \* tch! Bitch!”

you’re back for revenge!!!

you’re going to kill our entire family!!!!

From the beginning to the end, even when Luo Wenbo was about to attack her, Lin Hanxing did not show any expression or reaction.

It was as if everything had been planned out.

He didn’t even back off, he just stepped on the ground with his bare feet, looking down at Luo Wenbo as if he was looking at an ant.

After an unknown amount of time, he turned and looked at his uncle, Luo Minghao.

Lin Hanxing slowly smiled at Luo Minghao as Luo Wenbo continued to shout.

In Luo Minghao’s eyes, that expression was no different from that of a demon who drank blood and ate human flesh!

“She’s still waiting. Cousin, hurry over.”

Lin Hanxing said calmly. There was even a hint of joy in his voice. It was a feeling that others could not describe. Only those who saw it with their own eyes could describe the chill in their hearts.

The police quickly brought Luo Wenbo to tan bide.

Lin Hanxing stood quietly at the side, watching this scene of enemies meeting each other with red eyes, really ...

He was happy.

“Wenbo ...”

There was a slight coldness in her eyes as she looked in the direction of the voice.

Lin qianlin had already wiped the blood off her face.

However, she was obviously so weak that she needed to rely on mother he to support her entire body. Even her expression looked fragile.

He zhehan and Lin Jiaojiao followed behind.

When he saw Luo Wenbo, he zhehan's expression was obviously filled with fear.

Everyone thought that it was Luo Wenbo who had drugged her, but in fact, he was the one who had drugged her. He had also brought Bai Yu to the villa to make Luo Wenbo fall for her, and that was what had happened later!

Therefore, after that incident, the two of them slowly drifted apart.

It was because it was a nightmare that neither of them wanted to think about!

Lin Hanxing took in everyone's expressions.

"Luo Wenbo, even you have such a day?"

Tan bide sneered and stood on the edge of the roof, as if he was not afraid of death.

Luo Wenbo raised his head when he heard the voice, only to find that it was his father's most loyal subordinate.

"I want to reveal something to the media!"

Tan bide held the detonator in one hand, and his other hand took out the key to the bank safe from somewhere.

"Miss Lin, I'll have to trouble your men to bring those things over!"

As tan bide spoke, he threw the key to Lin Hanxing. His solemn expression made the police officer in charge frown. What was it?

Lin Hanxing did not waste any more time.

He handed it over to his subordinates.

to ensure that there are no accidents along the way, I'll ask a police representative to accompany my people.

After Lin Hanxing said this, the police chief's face looked a little better.

Very quickly, he left.

"What's going on?"

Tan bide had been sent by the Lin family to assist Tancha mountain in the past. He did not expect that it would become the opportunity to find Lin xiaojiu, but ...

Luo Wenbo's face was cold and red.

Something seemed to have connected in her mind, and even her gaze was different.

"Tan bide, what do you want to do?"

For some reason, Luo Wenbo only felt a bone-piercing chill, and subconsciously wanted to stay away from the danger.

Tan bide had too much inside information about his business.

Any random move could kill him.

“What do you want to do? Young master, when you were sleeping with my wife, why didn’t you think about what I was thinking?”

As soon as tan bide said this, the entire scene was in chaos!

What did this person just say?

Luo Wenbo slept with his wife? So it was Luo Wenbo who made him a cuckold, and that’s why he asked people to find him?

The Lin family members almost fainted from anger!

However, the reporters were like starving people who smelled meat. They all recorded this explosive news.

Luo Wenbo’s crimes were added!

He wouldn’t even let go of his subordinate’s wife, how thirsty was he?

Yingluo, I believe in my son’s character!

When they thought back to Lin qianlin’s words, everyone looked at the Lin family with disdain.

What was called truly shameless ...

They had really seen it alive today!

“You’re talking nonsense, I-”

Luo Wenbo was about to refute, but when he remembered who tan bide’s wife was, he was instantly speechless.

He was just playing around.

He didn’t want to take it seriously!

It was that woman who seduced him first, and she even said that she was pregnant!

God knows how he would believe it. After giving her a large sum of money for the abortion, that woman did not come to pester him again. At that time, he even secretly laughed at tan bide.

He worked hard for his father, but he slept with his wife.

However, he did not expect ...

Today, retribution had arrived!

When the head of the police heard that tan bide had been made a cuckold, he knew that things were not good.

They had too many precedents for this.

He was either dead or injured!

In an instant, cold sweat broke out on his forehead, and he could only secretly hope that nothing major would happen!

“Say it! Why aren’t you saying anything?”

Tan bide smiled gloomily, then turned to look at Luo Minghao!

“Luo Minghao, you want your son to repay me for all the things I’ve done for you all these years? He slept with my wife and even made my wife give birth to his son!”

BOOM! tan bide’s words were no less shocking than the explosion of an atomic bomb!

Even his son was Luo Wenbo’s?

Wasn’t this a beast!

“Karma! This was retribution! The son of your wife was strangled to death by your daughter. This is the retribution of your Lin family!” And the next sentence was even more shocking!

His wife’s son was strangled to death by his daughter?

Didn’t they say that the son who was strangled to death by Luo Ruyin was the child of a distant relative?

Those who didn’t know what was going on were confused by these words.

Those who knew the situation quickly explained to the people around them.

The more they heard, the more they thought of one word!

Ridiculous!

### [Chapter 1030](#)

1030 Luo Wenbo’s end

If it wasn’t absurd, then what was it!

This Lin family really confirmed one of the old ancestor’s words.

A crooked upper beam will have a crooked lower beam!

“Hasn’t your Lin family done enough dirty things?”

Tan bide raised his head and laughed. His laughter seemed to shake the sky.

Ever since he had returned from song, he had not felt as good as he was today!

miss Lin, you should be glad that you’re not in this dirty place all these years because of the accident eighteen years ago!

Tan bide looked at Lin Hanxing with unspeakable sorrow in his eyes.

“I’m also very glad.”

Lin Hanxing said lightly, just like when they first met at the meeting with song Chu.

“But miss Lin doesn’t know that I’ve dealt with many people like you over the years.”

The moment tan bide said this, Luo Minghao was furious!

“Tan bide, what nonsense are you talking about?”

The reporters and the police were still trying to understand what he had just said.

What did he mean by ‘I’ve dealt with many people like you’?

Lin Hanxing’s lips curled into a smile.

“Oh, really? I’d like to hear more details!”

She just stood there quietly, the calmness in her eyes giving people an indescribable sense of security.

However, other than the Lin family, who else would have thought ...

It was this kind of woman who could turn the tides with a flip of her hand. Ever since she returned, she had stirred up the entire Lin family, causing them to be in a state of unrest. Who would have thought that this would happen? Who would have thought?

“The Lin family doesn’t want you to come back at all! Because the shares in your hands are the biggest obstacle to their power! All these years, they’ve announced to the public that they’re looking for you, but in fact, as long as there’s someone similar to you, I’ll be responsible for the inspection ...”

Tan bide smiled gloomily.

When he said these words, he even roared so that everyone present could hear him clearly!

They had completely exposed the ugly side of their Lin family!

The reporters were in an uproar as they turned their gazes towards the Lin family, their expressions contemptuous.

For the past 18 years, the Lin family had been unable to find her year after year. Who would have thought that there would be a hidden story behind this?

One had to know that the Lin family had been known for being kind for 18 years!

Only now did they know that everything was fake?

if it wasn’t for the exposure of the document that your parents signed that year, they would’ve learned what it means to be anxious for the sake of their reputation. I’m afraid that even if you came back, miss Lin, they would’ve tried every possible way to kick you out of the Lin family!

Tan bide’s words shocked everyone.

It was actually like this!

So it was like this!

If it wasn’t for the exposure of that document back then, it wouldn’t have caused much of a stir in Jiang city. If it wasn’t for that stir back then, Lin xiaojiu wouldn’t have been able to return to the Lin family!

Was it like this?

Everyone looked in Lin Hanxing's direction.

Even after hearing these words, this exquisite fairy-like woman was not shocked at all.

The black down-feather like eyelashes blinked lightly.

The corners of his mouth curled up into a thin smile.

With her slight movement, the Jade tassels behind her head collided and made a fine shattering sound.

miss Lin, don't tell me you didn't realize why they were so wary of you? "

If the previous words were according to the plan, then this sentence came from tan bide's heart.

"If I've never thought about it, why am I standing here?"

Lin Hanxing's voice finally rang out in the crowd's anticipation.

It was so good that it was intoxicating.

Tan bide was stunned.

All sorts of memories from the past appeared in his mind.

He laughed bitterly in his heart.

That's right, if she hadn't seriously thought about it, why would she be standing here!

The people from the Lin family were never Lin Hanxing's match!

Perhaps, from the beginning to the end, she did not even put those people in her eyes.

Ever since she came back, it was all for revenge!

Lin Hanxing's subordinate who had left to retrieve the items from the safe at the bank had also returned.

There were also shocked policemen beside him.

He was so shocked that he didn't even hear the leader's question. He just stood at the side and didn't speak for a long time.

Lin Hanxing took it.

He walked toward tan bide and reached out to hand him the things in the file.

"Miss Lin, you don't have to give it to me. Just give it to the police."

Tan bide seemed to be tired and his face was full of vicissitudes.

right now, in front of all the reporters and media, I'm reporting Luo Wenbo in his real name for illegally harvesting Chinese anymore and making huge profits outside of Yunnan. The amount of Chinese anymore that he's illegally harvested, I think ...

A gloomy smile appeared on tan bide's face as he exchanged glances with Luo Wenbo. It was obvious that he was not going to leave him any way out.

He already had two murder cases on his hands, and with the illegally harvested Chinese anymore, he was afraid that Luo Wenbo would have to spend his entire life ...

Only the fate of being imprisoned forever!

Luo Wenbo had obviously realized this.

As he breathed in the fresh air outside, he thought about the night he spent in prison ...

He didn't want to go back to those dark days in there!

"Luo Wenbo, there's a secret that you don't know yet!"

Suddenly, tan bide's tone changed. His eyes looked straight at Luo Wenbo, and the corners of his lips actually curled up.

"What do you want to say?"

In a daze, Luo Wenbo couldn't help but approach tan bide.

Everyone was still immersed in what tan bide had just said, and even their expressions had not recovered from the shock. The head of the police was also talking to the man who had gone to the bank safe with Lin Hanxing's man with his back to them.

Everything happened in the blink of an eye!

"I said, I can't wait for all of you to die!"

Luo Wenbo was already very close to tan bide. Just when he felt that something was wrong and wanted to run away, he didn't know if it was God's will, but the ice under his feet suddenly slipped, and even his eyes became frightened.

In the eyes of others, it looked as if Luo Wenbo had pushed tan bide, who was standing on the edge of the rooftop.

However, in fact, only tan bide, Luo Wenbo, and Lin Hanxing knew ...

The moment Luo Wenbo approached ...

Tan bide held on tightly to the handcuffs around his hands. Before anyone could react, they heard a scream and both tan bide and Luo Wenbo disappeared from the edge of the roof.

After a long time ...

There was a loud thump.

It came from downstairs.

There were also the sounds of car anti-theft alarms and the screams of passers-by.

"Argh! Wen Bo! My son!"

Lin qianlin's shrill scream pierced through the air. She pushed mother he away, turned around, and ran down the stairs in a frenzy.

Other than that.

There was a dead silence.

After a long time.

Lin Hanxing turned around and walked back to the high heels that he had just put aside. He lifted his feet and put them back on.

At that time, she was afraid of an accident.

Who would have thought ...

Why would an 'accident' come so silently?

A cold temperature fell on her face.

Lin Hanxing looked up.

It started snowing again.

Floating and scattering.

It was too beautiful to take in.

Lin Hanxing casually took off the hairpin that was coiled behind his head.

In an instant, her long, curly hair spread out like a waterfall in the air.

She turned her head slightly.

Luo Minghao, Luo Wensu, and the mother and son of the he family had already run downstairs, leaving Lin Jiaojiao standing there.

It was as if his feet were nailed to the ground.

Lin Jiaojiao was stunned. The moment Lin Hanxing's eyes swept over her, she could not help but shiver.

The police and reporters were already in a mess.

Lin Hanxing walked towards the police officer.

this is the evidence that Luo Wenbo sent people to steal Chinese anymore, although it seems like it's useless now. She spoke indifferently and handed the item to the other party.

Then, he walked past Lin Jiaojiao.

"You will ..."

Suddenly, Lin Jiaojiao's voice came from behind her.

There seemed to be the sound of his upper and lower gums fighting, and even his expression was filled with unspeakable fear.

Lin Hanxing stopped but did not turn around.

He was waiting for Lin Jiaojiao's next words.

"Will you ... Let all of us ... Die?"

Lin Jiaojiao's heart was beating like a drum.

Hearing her question, Lin Hanxing slowly turned his head to look at her face.

Lin Hanxing's long hair fluttered in the cold wind, like the threads of high-quality black silk.

Even the mole at the corner of her eye seemed to have a bewitching beauty!

"Cousin."

Lin Hanxing said indifferently, the corners of his mouth curved into a mocking smile.

"What are you saying?"

After saying this, Lin Hanxing left without looking back.

However, that gaze ...

However, it made Lin Jiaojiao shiver.

It was too ...

It was terrifying!

.....

When Lin Hanxing walked out of Lin's group, Lin youlin's wailing seemed to be echoing through the sky.

There were still many people watching.

It didn't decrease in the slightest because of the two people who had just fallen from the building.

The ground was covered with a thin layer of snow, and only the parts near the blood quickly melted.

The dark red blood twisted into a line on the ground.

It made people's hearts tremble!

In the crowd, Bai Xi stood there quietly, dressed in white.

Just now.

The two men fell from the sky and landed in front of him with a loud bang.

Because it fell on tan bide's body, it was a buffer and he was not completely dead at that time.

He looked up at her.

He kept spitting out blood as if he was in pain. His expression was twisted.

Bai Xi looked at him with a cold smile.

If his sister was watching Luo Wenbo take his last breath, then now, Luo Wenbo was watching himself take his last breath!

This world was so fair and reasonable!

Whatever you give it, it will also give you!

Lin youlin tried to pick her son up, but after falling from such a high place, all the bones in his body had been broken into pieces. His body was soft and he quickly became as cold as ice.

“Ah ... My son ...”

Of course, the company staff who worked nearby all knew the president of Lin’s group. Not to mention, after the Jiangcheng cross-sea bridge project was won, the Lin, he, and Fang families were all in high spirits.

She attended all sorts of events.

When they heard her sorrowful cry, they couldn’t bear it.

Lin xiaojiu, I’m going to kill you!

It was not known if Lin youlin saw Lin Hanxing from the corner of her eye, but she pushed herself up with her blood-stained hands and ran towards Lin Hanxing, scaring everyone!

Before he could even touch her, the bodyguard in the dark rushed over and kicked her in the knees. With a thud, the weak Lin youlin fell to her knees in front of Lin Hanxing!

“Aunt.”

Lin Hanxing placed his hand on Lin qianlin’s shoulder. It looked like a casual press, but in reality, it had removed all the weight from Lin youlin’s arm. Lin youlin’s eyes were red, and she couldn’t even lift her hands.

Everyone’s eyes fell on Lin Hanxing’s face.

This was the child that the Lin family had lost for 18 years?

Even in such a bloody and disheveled environment, she still emerged from the mud without being stained. She stood in the cold snow and looked down at the current president of Lin’s group with cold eyes ...

She was her aunt, Lin youlin!

“It’s so beautiful ...”

Oh my God! This is Lin little nine? ”

“In the future, if anyone dares to say that young master Lei is blind, I’ll fight with them!”

The murmurs around them did not stop just because two people had died. The evaluation of Lin xiaojiu had instead reduced everyone's curiosity about the enmity between the Lin family and Lin Hanxing.

"Cousin, you'll get cold if you lie there."

Lin Hanxing's seemingly nonchalant words caused Lin youlin to break down, and she started wailing again without caring about her image.

He waved his hand.

Very quickly, a subordinate blocked his way, his face as expressionless as a mountain.

"Oh, that's right,"

As if he had thought of something, Lin Hanxing's eyes went past Lin qianlin and met with his uncle's.

The veins on the latter's forehead were clearly visible, as if they were about to burst out.

Even the expression on his face was terrifying!

the Lin group will be holding a new board meeting in 20 minutes. Please come over after you've settled your business. Lin Hanxing had a cold smile on his face, but in Luo Minghao's eyes, he was like a ferocious man-eating beast!

The mother and son of the he family looked at Lin Hanxing as if he was a lunatic!

Her cousin had just died, and his blood hadn't even dried yet, and she said she was going to hold a new board meeting?

Lin Hanxing, do you have any humanity!?

Mother he wanted to stand on the moral high ground and drag everyone who didn't know the truth to condemn her together!

In fact, there were indeed many onlookers who did not know the truth and started pointing at Lin Hanxing. After all, in China, his son had just died. If he were to beat around the bush, it would not be kind and honest.

"Human nature?"

Lin Hanxing laughed when he heard mother he's words.

She never expected to hear the word 'human nature' from mother he's mouth.

"You're here to talk to me about human nature?"

Lin Hanxing raised his eyebrows slightly, his clear eyes were filled with unspeakable coldness.

"When your eldest daughter-in-law was pregnant with second young master he's child, why didn't you talk to me about human nature when you asked someone to stuff the abortion medicine into Yuan Xiaolei's mouth? At that time, you were sitting beside my aunt and looking at her coldly!"

As soon as she said that, mother he felt as if she was struck by lightning!

Everyone's expression became interesting!

"Look at me, I've said everything I shouldn't have said!"

Lin Hanxing's face was deliberately 'apologetic', but his eyes were still cold!

"What did you say about young Madam he?"

Lin Hanxing tilted her head and pretended to be ignorant. Her slightly curled, soft, waist-length hair swayed back and forth with her movements.

"Can't you learn how to clean your mouth after eating secretly?"

"If you want to blame someone, blame yourself for being shameless!"

These were the exact words he had said that day, but the key question was, how did Lin Hanxing know about it?

Furthermore, it was word for word!

"You're talking nonsense! There's no such thing!"

Mrs. He raised her voice, which was extremely uncomfortable to the ears!

"Have you forgotten that I know how to read fortunes?"

Lin Hanxing made a hand gesture with his fingers, and in the eyes of others, it was really impressive!

Mrs. He, before you talk to me about human nature, I hope you'll clean up your own mess first!

In an instant, all the expressions on Lin Hanxing's face disappeared.

It was so cold in the snow, but the chill in her bones was hundreds of times colder than this damn weather!

aunt, after my parents passed away, how did you hold my hand and force me to sign that agreement ...

Lin Hanxing didn't even look at mother he.

He turned his gaze back to the Lin family, his eyes cold.

"Now, the feeling of pain ..."

Lin Hanxing's lips curved into a devilish smile that tugged at the tear mole at the corner of his eye!

"I'll pay you back double!"

.....

At the same time, in the president's office of the Lei Corporation.

Yan beixiao had just left after receiving a call from uncle hai. His Special Assistant, Anthony, was standing beside Lei Xiao, who had a cold expression on his face. According to the order of priority, he placed the documents in front of Lei Xiao for him to sign.

Lei Xiao glanced at his watch and handed Anthony a black folder that he had prepared on the table.

"Cancel the International Conference in ten minutes. I have something to deal with at the last minute."

Thunder owl's deep and magnetic voice was so pleasant that it could make people pregnant. Even though Anthony had followed him for so many years, he was still a little dazed. With a cough, Anthony took the folder.

"Lin's group?"

If I'm not wrong, the lady boss should still be in the Lin group, right?

"Yes."

Lei Xiao's gaze fell on the document.

He had prepared for a long time just for this moment.

I hope Hanxing will like it.

.....

In the president's office of Lin's group.

Lin qianlin's scent and traces were everywhere.

Lin Hanxing strolled around the house unhurriedly. When he saw the family portrait of Lin youlin next to the computer, a playful smile appeared on his face.

He held the photo in his hand and looked at everyone in it carefully.

There was a cold sneer in his eyes.

How did it feel to lose a loved one and then be stabbed in the back?

My dear aunt.

With a crisp sound, the family portrait fell to the floor with its mirror facing up.

Instantly, spiderweb-like cracks appeared.

It was followed by another crack.

Lin Hanxing did not lower her head and stepped on her. The heel of her champagne shoes landed on Lin youlin's face.

It was so precise that it was as if he had calculated it.

She quickly stood in front of the French window in the president's office.

The snowflakes scattered in the sky.

It was as beautiful as a gift from the heavens.

dad, mom, when I stand here again, the things that belong to you ...

Lin Hanxing said softly as he looked at the snow.

It was as if he was afraid of disturbing someone.

“I’ll help you all get it back!”

.....

Lin’s group meeting room.

All the members of the Board of Directors were present, and the atmosphere in the large conference hall was extremely strange.

Luo Wenbo’s blood had not been cleaned up, and the police cordon had not been removed, but the Board of Directors had already been convened upstairs. Most people felt that this matter was not very fair.

However, when they heard that there was going to be a new member on the Board of Directors, everyone’s expression began to become subtle and nervous.

After all, this was a matter that concerned his own interests, so he couldn’t be careless.

However, when everyone tried to find out the identity of this new member who suddenly joined the Board of Directors, most people said they didn’t know anything, covering this person with a layer of mystery.

do you guys think that elder Lin’s family is really possessed? why are there so many things happening recently? ”

Since no one had arrived yet, everyone was bored and chatting.

“Don’t talk nonsense, be careful not to let others hear you!”

While they were chatting, the door of the conference room was suddenly pushed open from the outside.

Bang!

There was complete silence as everyone’s eyes fell on this girl who didn’t even have makeup on and looked slightly immature.

In fact, everyone had seen this person at the banquet last night.

The Lin family’s ninth, Lin Hanxing!

The third thing I want to say ...

– Wanwan is the day I, Lin Hanxing-will replace my parents ... –

Xuanji had returned to the Lin family!

Last night, it was this girl who had said in an aggressive manner that she wanted to return to the Lin group!

The old guys on the Board of Directors thought that it was just a childish joke. However, no one expected that in just one night, there would be such a drastic change!

What was even more unexpected was that Luo Wenbo had just ...

He fell to his death from upstairs!

And such a shocking scandal had even been exposed. It was simply too terrifying!

The Board of Directors, who had just been excited about winning the Jiangcheng cross-sea bridge project, were now extremely worried that Luo Wenbo's scandal would cause a series of negative effects.

If that was the case, it would be really troublesome!

"Dear uncles, although we met last night, I should still formally greet you."

As he spoke, Lin Hanxing smiled at every member of the Board of Directors.

Everyone had different expressions.

Some of them were happy to accept it, while some of them looked embarrassed because they were Luo Minghao and Lin youlin's fans.

But it wasn't to the extent of embarrassing him.

After all, everyone had seen what had happened last night. In addition, the Lin family had been in a lot of trouble recently. This group of old foxes had long smelled something different.

But no one pointed it out.

However, no matter which faction they belonged to, they all had the same thought ...

That was that this girl was really strange!

If he could avoid provoking her, he must not provoke her. If he saw her from afar, he must take a detour unless it was absolutely necessary!

Lin girl, are you really the one who invested in Zhu chengdi's laboratory? "

Someone suddenly asked Lin Hanxing, even his eyes were probing!

I am. I just came back from the military zone this morning!

Lin Hanxing replied indifferently.

However, when the old shareholders heard this, their response was to laugh loudly.

Obviously, no one took it seriously.

Lin Hanxing did not try to defend himself.

This was how the world worked. The more you spoke the truth, the more others would think you were joking.

The deeper the lie ...

But others treated it as the truth!

It was ridiculous and absurd.

Lin Hanxing noticed that there was an empty chair in addition to the seats reserved for Lin youlin and Luo Minghao.

If he remembered correctly, it should be for the mysterious shareholder, Mr. X.

The majority of the Lin's group's shares were actually in the hands of the Lin family. It was because of this that Lin youlin could sit firmly in the position of President and Chairman for so many years. Mr. X was the second largest shareholder after the two of them.

But all these years, although he held shares, he had never appeared at any of Lin's group's Board of Directors or annual meetings. If it was true that he didn't hold shares, it was hard to say whether he even existed!

Lin Hanxing had done a Special Investigation for today, but regarding Mr. X's news ...

Still, nothing.

All these years, there were only a few people who her people could not find out anything about!

This Mr. X had really made her an exception!

But ...

It was a little difficult for her to join the Board of Directors today. Most of the board members belonged to Lin qianlin and Luo Minghao's faction. If their combined shares were more than those who supported her, she would not be able to stay.

Lin Hanxing initially wanted to win Mr. X's support, but he was too mysterious. All information and contact information were kept confidential. Unless he showed himself, it would be difficult to do so!

It seemed that there was still a tough battle to fight today.

After all, Luo Wenbo had just died. Whether it was Lin youlin or Luo Minghao, they would definitely refuse to let her join the Board of Directors, and even vent their anger and resentment.

Lin Hanxing was sorting out the documents in his hands.

But so what!

They had their own plans, and she had her own way of crossing the bridge!

Who would win?

It's not certain yet!

Just as he was thinking about this, the door of the conference room was pushed open from the outside.

And this time, it was Luo Minghao!

As soon as he entered, his Scarlet eyes slowly swept across every face as if he was searching for prey, making people not dare to breathe loudly. After all ...

His son had just died twenty minutes ago!

In the end, Luo Minghao's eyes fell on Lin Hanxing's face like he wanted to eat him alive!

Lin Hanxing was sipping on a cup of water.

When she saw Luo Minghao looking at her, she smiled faintly, which made Luo Minghao want to tear her into pieces.

He had lost two sons and a daughter in her hands!

Was she trying to make him die without descendants?

"Uncle, please sit."

Her simple words echoed in the meeting room where even the sound of a needle dropping could be heard. Even her eyes were calm, making it impossible to tell what she was thinking.

Or perhaps ...

In fact, she didn't think about anything.

How could she have the face to ask him to sit?

Luo Minghao looked at Lin Hanxing with his gloomy eyes. His Adam's apple moved up and down, but he did not say anything in the end.

With a bang, he sat in the Chairman's seat that Lin youlin usually sat in!

"Didn't you say that there's going to be a board meeting? Didn't they say that there would be a new director joining the Board of Directors? Good! I don't agree with this!" Luo Minghao's voice, which had not slept for the whole night, sounded extra hoarse.

In addition to the anger just now, his tone had changed!

"Whoever agrees is going against me, Luo Minghao!"

Luo Minghao looked at Lin Hanxing when he said that, and even his expression was so dark that it was terrifying!

"We can vote now!"

Luo Minghao slammed the documents in his hand on the table. He crossed his arms in front of his chest and looked at the board members with a dark expression. He sneered.

He would like to see who was on Lin Hanxing's side!

"Those who support me, show me your attitude."

think about who has brought benefits to all of us directors all these years. It's our Lin family, not this arrogant and trouble-making little girl!

Luo Minghao's voice was ruthless, and even his expression was cold.

Upon hearing this, most of the people raised their hands.

the result is obvious. Meeting adjourned!

Luo Minghao stood up and was about to leave.

However, just as he left his seat, Lin Hanxing suddenly laughed.

"Uncle is in such a hurry, those who don't know would think that he's going to a funeral!"

As soon as Lin Hanxing finished speaking, Luo Minghao picked up the teacup on the table and threw it at Lin Hanxing with great force. It was obvious that he was really angry, and the only thing Lin Hanxing did was to move his body slightly to the side.

She allowed the teacup that was being thrown at her to break into pieces on the wall behind her!

The other board members had already stood up in shock, only Lin Hanxing ...

He didn't have any expression from the beginning to the end!

He sat on the same spot and even reached out to brush away the tea leaves on his shoulder with a calm expression.

Lin xiaojiu, I'll make you regret this one day!

Luo Minghao admitted that he had never taken Lin xiaojiu seriously from the beginning. In his eyes, this little girl had been out there for eighteen years, and it was difficult for her to even make a living, so how could she cause any trouble?

But he was wrong!

It was a big mistake!

If he had seen her ability earlier, would he not have lost so badly?

"Hehe, uncle, please sit down."

Lin Hanxing chuckled softly, not at all frightened like the others!

"We haven't finished voting yet, have we?"

Perhaps her voice was too firm, causing the other board members to turn their heads and look.

the problem that all of you are most worried about is still your personal interests. There's no point in talking about which side you're on. If I promise that as long as I join the Board of Directors, not only will your interests not be damaged, but it will even multiply or even several times, I want to see what those who raised their hands to support my uncle just now ...

Lin Hanxing's sharp eyes swept across every board member who had raised their hands for Luo Minghao!

There was no mistake.

It was obvious that she had taken note of everyone with her casual glance.

“Little girl, do you know what you’re saying?”

One of them was one of the members of the Lin group’s Board of Directors when Lin Hanxing’s parents were still alive. He was just giving her a kind reminder. After all, she was Lin Weiyuan’s daughter!

“Of course I know what I’m talking about!”

Lin Hanxing returned a genuine smile to the other party. She was naturally grateful that he was willing to remind her at a time like this without the fear of getting into trouble.
