

## Goodnight 1031

### [Chapter 1031](#)

1031 Joining hands to slap faces

It was suddenly knocked!

Soon, Luo Minghao's assistant rushed in from outside.

"What's the hurry?"

Just as he was feeling vexed, his assistant had bumped into the muzzle of his gun and was severely reprimanded.

The assistant was scratching his ears and cheeks like a monkey.

When Luo Minghao finally finished scolding him, he quickly leaned over to his ear and explained clearly.

"What did you just say?"

Hearing that, Luo Minghao suddenly stood up and stared at the assistant with his eyes wide open!

The assistant quickly nodded.

"Is it true?"

"I just called, it's absolutely true!"

The conversation between Luo Minghao and his assistant confused everyone in the meeting room.

'What did you say? it's absolutely true?'

What were they trying to say?

Was it a good or bad thing?

"Mr. Luo, what's wrong?"

One of the board members, who was close to Luo Minghao in the past, asked.

Everyone looked at Luo Minghao.

He could only hope that it was good news and not bad news.

Lin's group could no longer withstand the storm!

our shareholder, who has never shown his face, just called to say that he's coming.

As soon as Luo Minghao finished speaking, the other directors looked at each other in disbelief.

Everyone reacted the same way as Luo Minghao, but Lin Hanxing was still sitting at the table, deep in thought.

Ever since the mysterious Mr. X became the second largest shareholder of Lin's group, he had not appeared in any other activities of Lin's group. The year-end dividends were also directly transferred to a new account.

Now, this Mr. X, who had always been absolutely mysterious, had chosen to stand up at this time. He ...

Who was he supporting?

Lin Hanxing had absolute confidence that as long as it was the shareholders in front of her, it would not be a big problem for her.

However, if ...

If Mr. X appeared out of thin air and stood on uncle's side ...

Lin Hanxing had anticipated such a change.

For her, this was the first time in her life that she didn't have any way out or countermeasures.

After all, the only information she had at hand showed that Mr. X was not short of money. Because she couldn't find any useful information, she naturally couldn't find anything that could be used against him.

He was the most troublesome existence!

Lin Hanxing originally thought that there was a 99% chance that Mr. X would not appear, but she did not expect her luck to be so bad this time. She had encountered the 1% chance.

So in the future, before going out, she really had to ask ah Xiao for a loving hug and try out his good luck!

"Do we need to welcome Mr. X?"

After all, he was the second largest shareholder and had never shown his face before. Could he have come today because he saw the news on TV that something had happened to the Lin group?

there's no need to welcome him. He said that he's already downstairs.

To be honest, Luo Minghao was still in a daze. The news of Luo Wenbo's death had brought him too much pain, so much so that he couldn't even raise his spirits towards Mr. X, who he had been afraid of.

"Sit down and wait for him to come up."

After that, Luo Minghao sat down first, but his eyes kept looking at the door.

Apart from Lin Hanxing, everyone else ...

Like him, they were all looking forward to it!

Five minutes later.

The sound of footsteps could be vaguely heard from outside, and everyone in the conference room was a little excited.

He would be able to meet this mysterious Mr. X soon!

There was a muffled thump.

The door was pushed open from the outside.

Almost reflexively, many people chose to stand up.

But when they saw who it was, they were all shocked!

His eyes were glued to her.

He couldn't believe it.

Lin Hanxing, who knew that Mr. X was here, was not in a hurry to raise his head. He was preparing for the worst while trying to find a solution. Perhaps he was too engrossed in his thoughts that he did not even notice the strange expressions of the others.

She spun the pen in her hand in a very regular pattern.

Only the sound of Lin Hanxing's Pen moving could be heard in the huge meeting room.

No one spoke, as if they had been poisoned mute in an instant.

His gaze shifted back and forth between Lin Hanxing and the person who had come.

Ever since that person came in, Luo Minghao's shocked expression had not changed. His eyes were as wide as bronze bells, and his chest felt like it was being pressed by a huge rock, making it hard for him to breathe!

Lin Hanxing was still spinning his pen.

The other party's thin lips curled up slightly and he walked in her direction.

"Excuse me, is this seat taken?"

"As you wish."

Lin Hanxing lowered his head and replied, but he instantly felt that something was wrong.

He suddenly looked up!

The person who had asked the question earlier was standing beside the man. He made a familiar gesture at her when no one was looking, but very quickly, he returned to his expressionless state.

He was a gold medal Special Assistant, so he had to maintain a good image outside!

Lin Hanxing looked at the man who was fighting against the light. For the first time, he was surprised, as if he could not believe his eyes.

"What are you doing here?"

Ah Xiao, who was clearly still thinking about it just now, was now standing in front of her, standing beside her!

She was wearing a simple black cashmere coat with a three-piece tailored Slim-Fit Suit inside. It was also gray and looked like a couple's suit with the ladies' suit she was wearing.

Lin Hanxing threw the pen on the table.

If it wasn't for the inappropriate occasion, she would have stood up and given him a loving hug.

"Are you surprised?"

Lei Xiao's voice was deep, and because he was standing against the light, his cold face was even more prominent.

He was in the light and shadow.

His cold eyes, which were favored by God, made women's hearts flutter.

Lin Hanxing was speechless for a long time.

Her long, wing-like eyelashes trembled uncontrollably, as if there were little stars shining in her eyes because of the surprise.

Seeing this, Thunder valiant beast's cold and hard heart was filled with gentleness, as if a flower was about to bloom.

"President Lei, are you here to see miss Lin?"

After a long while, one of the shareholders finally found his voice, but he still spoke in fear.

Only the heavens knew that these old bones of theirs really couldn't withstand the torment.

One had to know what kind of person this young master Lei was.

He could turn Jiang city upside down with a flip of his hand.

Don't look at how he stood there like a normal person. When he was ruthless, no one present could stand it!

After all, everyone present had been a part of the Lei corporation's liveliness.

How the Thunder valiant beast had treated the traitors ...

Forget it, I don't have to mention it.

It was too bloody and violent!

When the old shareholders of the Lin group heard that Lin xiaojiu had found young master Lei to be his boyfriend, they all sucked in a deep breath of cold air. Of all the people he could find, he could never find King of Hell Thunder!

Wasn't this just asking for trouble?

Thunder valiant beast followed the voice.

His long and narrow eyes narrowed slightly, as if he was sending a dangerous message.

The old man who spoke immediately covered his chest with his hand and looked for the quick-acting heart-rescuing pill in his pocket.

That was a threat!

That must be a threat!

Was Thunder Hades blaming him for saying too much?

If he knew what the old man was thinking, he would have rolled his eyes like Yuan Bao.

It was just that the lighting made it difficult for him to see who the speaker was.

He narrowed his eyes.

“Weren’t you guys waiting for me?”

Lei Xiao knew that this was not the right time, but looking at his wife’s bright eyes, she was really too cute.

As soon as he finished speaking, he raised his hand and placed it on her head.

He couldn’t help but rub it back and forth a few times to satisfy his craving.

After Lei Xiao’s casual words, the meeting room fell into a shocked silence again.

Even Lin Hanxing’s expression changed slightly when he heard this.

So, ah Xiao was Mr. X?

The second largest shareholder of Lin’s group, Mr. X, who had never appeared in the Board of Directors, was ah Xiao?

When Lei Xiao saw Lin Hanxing’s shocked expression, he finally felt a sense of pride.

It had always been his wife who gave him a shock. It was rare for him to have the upper hand, so naturally, the meaning was different.

“President Lei, you’re such a Joker.”

No one knew how much effort Luo Minghao had to put in to make his expression not look so stiff.

No one knew how devastated he was right now!

Hearing this, Lei Xiao looked at Luo Minghao.

That pair of long and narrow eyes narrowed dangerously this time, and the latter could even feel a bone-deep threat.

“I don’t joke with people I’m not familiar with.”

Lei Xiao’s thin lips were slightly open, and the words he spat out obviously did not give Luo Minghao any face.

On the other hand, Lin Hanxing’s expression was slightly startled, and then there was an obvious change in his eyes.

The words ah Xiao said just now were too familiar.

“So you’re really Mr. X?”

The other members of the Board of Directors were in an uproar, as if boiling water had been poured into a pot of oil!

the president of the Lei Corporation is the second largest shareholder of the Lin Corporation. This ...

Even a novel wouldn’t dare to write such a plot!

Lei Xiao did not pay attention to him, but his gaze fell on the tea stain on Lin Hanxing’s shoulder.

“How did you do it?”

Ray Xiao’s words made Anthony Roll his eyes in his mind.

Big Boss, don’t be so busy showing off your love!

And there were so many people!

“Can you guess?”

Lin Hanxing raised his eyebrows. His expression was clearly different from before, and now he looked more like a young girl.

Lei Xiao didn’t guess. His eyes looked over her shoulder and landed on the wet tea stain on the wall behind her. Following the throwing angle, his eyes finally fell on Luo Minghao’s face not far away.

“Him?”

Before Lin Hanxing could answer, Lei Xiao suddenly picked up the teacup in front of her and threw it at Luo Minghao’s face!

It was exactly the same as Luo Minghao’s action when he was angry!

Luo Minghao didn’t notice it and was hit just right!

Dark red blood slid down the top of her forehead, cut by the fragments of the teacup.

“My wife, Lei Xiao’s wife, when did it become a place for any random cat or dog to bully?”

The more ruthless the Thunder valiant beast’s actions were, the more callous his voice was.

“You ...”

Luo Minghao clutched the wound on his forehead and stood up.

“I what?”

Thunder valiant beast asked casually, his eyes as sharp as a blade.

Lin Hanxing chuckled.

She realized that the content and tone of her conversation with ah Xiao were becoming more and more similar. When she heard him say it, it was like she was another her, but ...

She really liked it!

“if you have the guts, then continue.”

even though lei xiao was talking to luo minghao, his eyes were only on lin hanxing’s shoulder.

the faint tea stains were really an eyesore.

“stop looking, i’ll take it off.”

lin hanxing simply took off his coat and threw it aside, finally easing lei xiao’s aura a little.

no one could understand the development of this plot.

Why did this man, who was vicious and sinister on the outside, become so gentle in front of Lin Hanxing? Furthermore ...

Mr. X had been a shareholder of Lin’s group for a few years now, and didn’t they only get to know each other after Lin xiaojiu returned to Jiang city? If that was the case, why would Lei Xiao hold so many of Lin’s group’s shares?

Or even become the second largest shareholder?

This logical relationship seemed to lead one into A Strange Loop.

Although Lei Xiao had the title of Thunder Hades, he was a real money-making machine. Any project that caught his eye, as long as he bought it, he would definitely make a lot of money.

Due to his extreme business sensitivity, Lei Xiao had managed to raise the Lei corporation’s value by tens or even hundreds of times in just a few years. If not for his unsociable and low-key personality, he would not have attracted so many speculations from the outside world!

“What were you guys talking about?”

Lei Xiao sat down beside Lin Hanxing, his eyes never leaving her.

“They don’t want me to join the Board of Directors!”

### [Chapter 1032](#)

1032 a man and a woman pair, it’s not tiring to hit the face

Lei Xiao’s strong and tall figure sat upright in the leather seat.

His large palm seemed to be casually placed on the table, and his fingers tapped rhythmically.

His entire body exuded a cold and suffocating aura.

His thin lips under his marble-carved high nose were pursed into a line, and he was not smiling.

No one dared to speak.

The words ‘not to be trifled with’ were clearly written on the Thunder valiant beast’s face.

The air in the entire meeting room seemed to freeze, and no one dared to look in the direction of Lei min and Lin Hanxing.

Moreover ...

Even though he had just suffered such a huge loss from Lei Xiao, Luo Minghao did not dare to say a word.

He was already like this, not to mention these old bones!

“Then let’s vote again,”

The Thunder valiant beast’s sharp gaze swept across every face in front of him, and his voice made people feel as if a basin of icy water had been poured over their heads in the middle of winter.

Luo Minghao gritted his teeth in hatred.

The board meeting, which was already set in stone and Lin xiaojiu was unable to stir up any trouble, was now being changed by Lei Xiao!

His head was still bleeding, but his heart was cold.

His Special Assistant, Anthony, stood expressionlessly in front of Lei Xiao. A few years ago, the big BOSS had begun to quietly acquire the Lin group’s shares. Because of the secrecy of the process, very few people knew about it.

And he was one of those who knew.

At that time, Anthony had even wondered why Thunder valiant would do such a thing.

To be honest, Lin’s group’s annual dividends might seem a lot in the eyes of others, but to the boss, it was simply a drop in the bucket. It was not worth mentioning.

But even so, he was still the same.

Back then, he had even teased Big BOSS Lei about it, saying that he wouldn’t be interested in anyone from the Lin family.

It was worth so much effort to manage.

Anthony shook his head and sighed in his heart. Who would have thought that after a few years, as a Black Diamond VIP member of the single dog Club, Lei Xiao would one day really look for the Lin family’s daughter? how did the saying go again ...

Don’t try to guess the boss’s mind, you won’t understand it.

“Any objections?”

Although it was a question, no one present dared to question Lei Xiao’s supremacy.

Only the heavens knew.

The moment he pushed the door open, everyone’s hearts almost stopped beating!

This was the living young master Lei!

That young master Lei who could kill people with a simple nod, but he could torture people to the point where they would wish they were dead!

“Uncle-in-law, please state your position.”

Lin Hanxing’s clear voice sounded like it was full of sarcasm.

No one spoke.

The old directors didn’t even dare to look at Luo Minghao’s ugly face and pretended to be in a daze.

Seriously speaking, this was a family matter of the Lin family, and no one should interrupt.

It really proved that saying.

When the gods fought, the little ghosts suffered.

“Alright, we’ll vote again later!”

After a long time, Luo Minghao said through gritted teeth.

He was really gritting his teeth. Everyone could hear the sound of his teeth grinding, but they could only pretend to be deaf.

With Lei Xiao’s addition, the board meeting instantly changed.

“Get Lin youlin and the lawyer here!”

Luo Minghao deliberately lowered his voice and clenched his fists. Now, the arrow was already on the bow, and he had no choice but to fire!

Hehe, Lin xiaojiu, so what if you have the Thunder valiant beast?

Lin youlin was still the largest shareholder of Lin’s group, and she had the absolute control over the company!

Not to mention, most of his trusted aides were on the board.

He, Luo Minghao, didn’t believe it!

She, Lin xiaojiu, really had the ability to make everyone turn to her!

Lin Hanxing glanced at his assistant, who looked as if his butt was on fire. He knew that Luo Minghao was about to call for help, but she was not worried, so she ignored him and only looked at Lei Xiao.

As if he sensed her gaze, Lei Xiao looked over.

As if no one was around, he reached out and tucked her long hair behind her ears, revealing her earlobes and the Pearl earrings on them.

It was white and round.

Just like her little ears.

Her already alluring eyes were now filled with even more extraordinary temptation.

Anthony felt very tired.

The relationship between the boss and the lady boss was too good. He could only feel the cold dog food on his face!

The meeting room was silent.

About 15 minutes later, Lin youlin and the lawyer arrived.

It was obvious that the assistant had already told her that Lei Xiao was the mysterious second-largest shareholder of Lin's group, so when she came in and saw Lei Xiao, Lin youlin's face did not have much of a special expression.

Her hands and body were still stained with Luo Wenbo's blood.

He looked Haggard and defeated, and the bruises on his face from Bai Xi's previous beating were obvious.

He didn't even pack up before he came.

"As the biggest shareholder of Lin's group, I don't agree with Lin Hanxing joining the Board of Directors!"

Lin youlin didn't even look at Lin Hanxing as she spoke.

He seemed numb.

The air seemed to be filled with the smell of blood.

I'll say it again. Whoever agrees to it is going against me, Luo Minghao!

The shareholders looked at each other.

But soon, Lin youlin and Luo Minghao's followers voted.

On the other hand, the small shareholders who remained neutral were not as straightforward as before.

Who was Thunder valiant?

He had the entire Lei Corporation behind him.

Besides, if Lei Xiao claimed to be second in earning money, no one would dare to claim to be first!

Lin Hanxing was his woman, and he had to think about the meaning of this.

They just wanted to make money and didn't want to get involved in the Lin family's internal disputes. They were willing to stand on the side of whoever could bring them benefits. Since there was a better choice, why did they still guard Lin youlin?

For a time, the two sides were evenly matched.

Lin Hanxing's side was temporarily at the bottom with a 0.5% difference in shares.

Luo Minghao looked at Lin Hanxing and sneered.

"It seems that even with young master Lei, you can't reverse the situation!"

Luo Minghao didn't hide the mockery in his words anymore.

So what if he had Lei Xiao, the second largest shareholder? he was still destined to lose!

Lin Hanxing did not mind at all.

Instead, he laughed when he met Lei Xiao's eyes.

The two of them saw the same meaning in each other's eyes.

"You first or me first?"

Lin Hanxing said faintly. In today's meeting, her only worry was the mysterious Mr. X. Now that the biggest hidden worry had been eliminated, then for her ...

Everyone here, it's not a problem!

"I'll go first,"

Lei Xiao pressed her hand under the table, his handsome face expressionless.

His eyes were sharp.

"Mr. Luo seems to be happy too early."

"What's wrong? Young master Lei is able to pull out 0.5% of the Lin group's shares out of thin air to support her?"

It's too late to buy it now!

Did he really think that the shares were like vegetables in the market that he could just buy?

"What if I say that there's another person here who holds the shares of Lin's group but hasn't voted yet?"

Lei Xiao leaned his body against the back of the black leather seat, his thin lips opening and closing ...

However, it made the smile on Luo Minghao's face freeze!

"What did you just say?"

Luo Minghao's expression instantly became interesting, and the others were in an uproar.

There was still one more person?

As long as the other party held more than 0.5% of the shares, they would definitely win!

No one would have thought that Lei Xiao still had a trick up his sleeve.

Lin qianlin turned her head mechanically to meet Lin Hanxing's eyes.

The smile on her face ...

What an eyesore!

"I don't believe it!"

Luo Minghao slammed the table and stood up, which shocked everyone.

However, it was also this moment that caused everyone who was still immersed in shock to finally come back to their senses!

"Ahem."

The special Assistant, Anthony, who had been standing behind Thunder valiant without saying a word, coughed twice.

Seeing that everyone's eyes were focused on him, he finally opened his mouth calmly (pretentiously).

"I'm sorry."

Anthony sat down beside Lei Xiao under immense pressure.

This was the first time in his professional career that this Special Assistant was on the same level as Big BOSS Lei. This feeling ...

Anthony probably didn't want to experience it again in his life!

"It seems like Mr. Luo doesn't remember me anymore."

As Anthony spoke, he looked at Luo Minghao with a meaningful look. The latter was stunned.

He squinted his eyes at Anthony.

"You are ..."

Anthony took off his glasses and let his hair down.

"You're that ..."

Luo Minghao felt as if he was struck by lightning. Obviously, he had already recognized the person.

three years ago, because of Mr. Luo's wrong investment and decision-making, Lin's group's finances were in a huge deficit. In order to make up for the negative impact this would bring to Lin's group, you and your wife decided to transfer the shares under your name to cash out.

What?

Such a thing actually happened?

Or did it happen three years ago?

The expressions on the shareholders' faces suddenly became subtle.

Lin Hanxing smiled faintly.

Although it wasn't allowed by law, there would be some shady operations in any company.

Over the years, Lin youlin and Luo Minghao would embezzle some of the company's public funds for other investments, and they would just fill in the gap when the time came. However, what happened

three years ago was too strange to them. The investment that was supposed to be a sure-win investment actually lost everything in the end.

They also had to transfer their shares to cash in to fill the hole.

thanks to Mr. Luo, I have a total of 4.5% of the shares of Lin's group.

Anthony slowly put on his glasses again.

Like a defeated rooster, Luo Minghao sat back in his seat weakly.

He looked at Lei Xiao in disbelief.

He had been holding back this move since three years ago?

more than half the votes. Hanxing is fully qualified to join the Lin's Group Board of Directors!

The Thunder valiant beast's eyes were cold and sharp, as if they were soaked in a cold pool of water.

His wife was not someone who could be bullied by anyone!

Perhaps the plot just now was too unexpected, no one made a sound for a long time.

pa pa pa pa ...

Director Huang and director Wei, who had followed behind Lin Hanxing, were the first to applaud.

Luo Minghao suddenly looked at them!

His face was ashen.

The two of them had joined the Board of Directors a few years ago, and they usually kept a low profile and never showed off.

Luo Minghao had never thought that these two people would have anything to do with Lin Hanxing!

Deliberate!

She was simply scheming!

Chairman Huang and Chairman Wei were expressionless. They didn't care about Luo Minghao's glare at all.

They were miss Jiu's people.

The applause became more and more enthusiastic, especially the small shareholders who had voted for Lin Hanxing and thought that Luo Minghao would definitely kill them. At this time, they all clapped their hands loudly.

On one side, the applause was thunderous, and on the other side, Luo Minghao's faction was lifeless.

thank you, everyone. I'll perform my duty better on behalf of my parents!

Lin Hanxing said lazily.

Lin qianlin rose from her seat of honor with a numbed expression. She didn't want to stay a second longer!

"Aunt, please wait."

However, before she could take two steps, Lin Hanxing's voice rang out from behind her again.

the first thing I'm going to do is to apply for your resignation as the president of Lin's group.

Lin Hanxing's voice had just faded when the enthusiastic applause stopped abruptly.

It was too sudden!

Lin youlin suddenly turned around and looked at Lin Hanxing as if he was a man-eating demon!

"Do you know what you're saying?"

Lin youlin said in a low voice.

"Strip you of your position as the president of the Lin group."

Lin Hanxing repeated himself in front of the crowd.

There was an uproar.

"Who's going to take this seat?"

The old shareholder asked.

Lin Hanxing looked in the direction of the voice and felt a strong aura pouring out from within.

"Me!"

It was a simple word, but it was domineering!

"Lin Hanxing, do you know what you're saying?"

Lin youlin was so angry that she laughed, and she looked like she was on the verge of collapse.

Lin Hanxing rose to his feet and slowly walked over to Lin qianlin.

His eyes were filled with endless ridicule as he spoke again in front of her.

"I'll take this seat!"

The atmosphere was so strange that no one dared to make a sound, as if they were afraid that Lin youlin, who had just suffered the pain of losing her son, would suddenly collapse.

Lin Hanxing raised his hand and placed it on Lin youlin's shoulder.

"Aunt, you're old."

As he said that, he patted it twice as if he was brushing away dust.

Lin qianlin felt her nerves snap, and she pounced towards Lin Hanxing.

It was as if he had gone crazy.

At that moment, Lin youlin seemed to have aged ten years.

Lin Hanxing seemed to have expected this, and before Lin youlin could get close, he had already reached out and nimbly moved the boss's chair, slamming it into her knees with full force, causing Lin youlin to fall face down on the corner of the table.

Luo Minghao was so agitated that he wanted to teach her a lesson.

Thunder valiant went up and gave him a ruthless kick.

He kicked Luo Minghao so hard that he couldn't get up.

"Miss Lin, don't you think you're going too far? No matter what, she's still your aunt!"

The shareholders of Luo Minghao's faction stood up abruptly, as if they couldn't stand it anymore!

He looked at Lin Hanxing with a strong sense of fear.

Hearing this, Lin Hanxing smiled indifferently.

"Even if I go overboard, what can you do to me?"

The other party's face turned red, and he didn't know how to respond for a long time!

He could only quickly signal his colleagues with his eyes.

"How arrogant! He's too arrogant!"

The people of Luo Minghao and Lin youlin's faction quickly voiced out their condemnation.

He kept saying that he was too rude and arrogant!

Suddenly, a loud bang was heard as Lei Xiao threw the documents in front of him on the table.

His cold face was filled with maliciousness.

"What did you guys just say? I didn't hear you clearly."

Under the cold gaze of the Thunder valiant beast, who would dare to say anything?

There seemed to be a bloodthirsty smell in the air.

"Everyone, don't be anxious."

Lin Hanxing moved his wrist, and a clear whistle followed.

The subordinate who had been standing outside the door also walked in.

He was also holding many folders in his hands.

Each of them was of a different color, and they were clearly prepared for different people.

"It doesn't matter if you agree or not. Let's talk after you've finished reading this."

After Lin Hanxing finished speaking, he walked back to Lei Xiao and sat down beside him.

Under the table, she reached out and secretly hooked his little finger.

Just like a beast Tamer taming a wild beast, he kept stroking the Thunder valiant beast's fur.

Lin Hanxing's men quickly placed the documents in front of everyone in Lin youlin and Luo Minghao's faction.

Everyone was puzzled and flipped through the book with different expressions.

Very quickly, someone noticed that their expressions had started to change.

Some were pale, some were strange, and some were even terrified!

"Miss Lin, what do you mean by this?"

The lips of the person who had just said that she was arrogant were now pale from fear.

He didn't know if it was because he was scared or because the heater in the meeting room was too hot, but his forehead was covered in sweat!

"I mean it literally."

Lin Hanxing replied indifferently without even looking at the other party.

A threat!

A naked threat!

In the documents, there were all things that could not be seen in public.

How did she get it?

Lin youlin barely managed to prop herself up. Ever since she had taken over the Lin group, she had never been in such a sorry state.

Thunder owl gave Anthony a look.

As soon as Lin youlin got up, Anthony pushed her back into the seat.

He couldn't even move!

"Miss Lin, let's discuss this!"

"That's right, miss Lin, let's have a good talk."

"You see, miss Lin ..."

Suddenly, someone spoke.

Once the balance of the atmosphere was broken by one of them, it would be difficult to maintain the original attitude.

The shareholders who originally supported Luo Minghao and Lin youlin expressed their opinions one after another.

It was obvious that he wanted to stand on the same side as her to face a common enemy!

Luo Minghao's expression was gloomy as he looked at the Board of Directors who had turned their backs on him. Although this was the worst plan he had made since Lei Xiao came in, he was not willing to just watch Lin Hanxing stir up trouble!

He couldn't accept this!

This strong unwillingness even weakened the throbbing pain in Luo Minghao's heart that was caused by Luo Wenbo's death.

Lin qianlin was filled with regret.

Eighteen years ago, why didn't he just find someone to kill Lin Hanxing!

Regret!

He was so regretful!

"Hehe."

Suddenly, Lin Hanxing laughed.

Her pupils reflected light, and even the mole at the corner of her eye was affected.

"How can I really fire my aunt?"

Ah? What?

The crowd was dumbfounded. They did not know what Lin Hanxing meant by his sudden words.

"I was just joking with everyone."

Lin Hanxing said as he glanced at Lin youlin and Luo Minghao with a mocking look.

Auntie, you have to hold on to the position of the president of the Lin group more firmly ...

Lei Xiao tilted his head to look at her, not understanding why his wife had suddenly changed her mind.

But to him, no matter what Hanxing did, he would not have any objections.

Lin Hanxing said as he stood up.

He put on the suit jacket that he had just taken off and was obviously going to leave.

"After all, a storm is coming."

.....

In the car.

The moment Lin Hanxing got into Lei Xiao's car, he immediately threw off his high heels and stepped on the velvet carpet barefooted.

Anthony felt that he had made the right decision to sit in the passenger's seat.

"Return to the Lei clan?"

Like a cat, she was nestled in Lei Xiao's arms, her entire being in a completely relaxed state, as if the cold and strong woman on TV and in the conference room did not exist at all.

"Yes." Lei Xiao gently fiddled with her seaweed-like soft hair.

"Why did you suddenly change your mind just now?"

He massaged Lin Hanxing's scalp. It was so comfortable that Lin Hanxing's eyes narrowed.

"Don't you think that the way they looked at me just now was very interesting?"

Lin Hanxing said indifferently.

"What?"

Was she talking about the look in her eyes that seemed to want to eat her up?

I want her to know that the things that she's been trying so hard to get her hands on are things that I, Lin Hanxing, can easily get my hands on but can't be bothered to get them. Besides ...

Lin Hanxing lay on Lei Xiao's thigh, his long eyelashes fluttering slightly, and the chill in his eyes intensified.

He looked up at the Thunder valiant beast and blinked.

don't you think it's more interesting to let her sit in that position and wait for the next storm? "

Lin Hanxing felt that he had been completely led astray by Yan beiming.

He actually started to like to watch the show from the sidelines!

"How many more secrets do you have for me?"

Lin Hanxing suddenly reached out and touched Lei Xiao's tall nose. He had actually kept it from her for so long?

Mr. X?

Owl?

No one would be able to connect the two together, right?

I want to maintain a certain sense of mystery, in case you see through me one day. If there's nothing new about me, you won't want me anymore.

Thunder owl said as he bent over.

He moved closer to her and breathed his warm breath on Lin Hanxing's face as he spoke.

How afraid was he that she didn't want him?

Lei Xiao's gaze swept across her red lips, his eyes filled with unspeakable temptation.

The next second, Lin Hanxing reached out and wrapped his arms around the man's neck, pressing him down and kissing him.

The tip of her tongue seemed to be teasing Lei Xiao as it brushed past his thin lips, but was finally stopped by his mouth. The sound of the water made people blush and their hearts beat faster.

Lin Hanxing's hand slid down his cheek and into his hair.

She grabbed him lightly.

Lin Hanxing felt that he had lost control a little, perhaps it was because he had not expected to see Lei Xiao.

Fortunately, the sound insulation board was put down by Lei Xiao as soon as he got on the car.

Otherwise, she wouldn't be able to meet Anthony when she got out of the car.

"Your kissing skills are getting better and better, my Mr. X."

After the kiss, Lin Hanxing buried his head into Lei min's warm stomach. At the start, he was like a beast that only knew how to charge forward, but now ...

Feeling that he had lost, Lin Hanxing was a little unconvinced. He howled and bit the side of his waist where the tattoo was.

Lei min immediately let out a muffled groan.

He took a deep breath to suppress the restlessness in his body.

"Where are your men?"

If Lei Xiao didn't change the topic, he might even have the intention to punish her on the spot!

"Tan bide needs to be taken care of."

Lin Hanxing did not expect that tan bide's hatred for Luo Wenbo was so deep that he would even sacrifice his life to kill him.

Fortunately, tan Xiaoxing had her grandparents to look after her.

But ...

Lin Hanxing thought that if the news made the headlines, would they ...

"There are some bottom lines of men that can't be touched."

Lei Xiao saw through what she was thinking and spoke softly. The shirt on his waist was still wet from her bite.

"I know that your bottom line is the Lei family."

And she would help him keep this bottom line.

Protect the entire Lei family well.

Lin Hanxing reached out and stroked his Adam's apple as if he was playing with his favorite toy.

Lei min gave a muffled laugh.

He reached out to grab her little hand and placed it by his thin lips, pretending to bite it.

No, cold star.

The bottom line that I can't allow anyone to touch is you.

### [Chapter 1033](#)

1033 Song Chenxi

Lei Corporation.

In the president's Lounge.

Lin Hanxing walked out of the bathroom, casually wearing Lei Xiao's Black shirt.

Two thin and straight legs were exposed.

His skin was as white as snow.

Lei Xiao obviously knew her habit, so he deliberately raised the temperature of the air conditioner.

Even though Lin Hanxing came out like this, he did not feel cold at all.

He pushed open the door of the lounge and walked out.

Seeing her come out, Lei Xiao, who was making an international call, locked the door of the president's office with the central control and let Lin Hanxing sit directly in his arms, his legs dangling in the air.

The entire process seemed to be as natural as eating and drinking.

Lei Xiao continued to talk on the phone, his cold voice without any fluctuation.

His fluent English sounded like a pleasure to the ears.

Lin Hanxing took out his phone and started playing games.

The two of them didn't delay each other.

Half an hour later, when Lin Hanxing had turned the situation from a disadvantageous one to a favorable one and successfully pushed down the enemy's crystal, Lei Xiao had just hung up the International call. He hugged her strong body and leaned back in the black leather seat.

"Do you think we should buy an e-sports club to play?"

Lin Hanxing suddenly said.

In the past two years, the domestic e-sports industry had been in a period of rapid development. Although there was still a big gap compared to Europe, the United States, and Korea, Lin Hanxing still had a lot of room for manipulation because of his investment perspective.

"If you like it, then buy it."

Lei Xiao had always been supportive of Lin Hanxing's hobby.

"I've even thought of a name."

Lin Hanxing looked up at him, his eyes were like stars, and Lei min's heart softened.

"Let's call it the star Owl Club."

Lin Hanxing was obviously very interested in this sudden investment idea. Without waiting for Lei Xiao's reply, he took out his phone and called uncle Jin.

Thunder owl laughed.

Sometimes, Hanxing was like a child.

As soon as he had a new idea, he would immediately do it!

Uncle Jin's call went through very quickly.

"Ninth young lady, I was just about to contact you."

Uncle Jin's voice could be heard from the other end of the phone.

"What?"

Lin Hanxing found a comfortable position in Lei Xiao's arms and snuggled in.

His expression was like that of a satisfied cat.

"There's business here."

"Big order."

Uncle Jin immediately added.

Lin Hanxing raised his eyebrows.

After all, uncle Jin was famous for his golden Abacus!

A 'big order' that caught his eye and was specially mentioned must be very attractive.

"But things are a little tricky."

This was also the reason why Uncle Jin was hesitating whether to accept it or not. After all, benefits and risks coexisted.

"Did the other party request to meet?"

Lin Hanxing fiddled with Lei Xiao's cufflinks as he spoke nonchalantly.

“Yes, and he’s in Jiang city.”

Uncle Jin waited for Lin Hanxing’s reply.

“The exact amount?”

When Lin Hanxing heard the amount from uncle Jin, he chuckled.

ask the other party to send the address to your phone. If I’m free today, I’ll go and take a look.

A person who could afford such a large sum ...

She was really interested in what the other party wanted.

After that, Lin Hanxing told uncle Jin about his plan to acquire the e-sports club.

“I’ll take note.”

Uncle Jin was obviously not completely ignorant of e-sports.

“Yes, it’s best if it’s the kind that has the strength but is unable to recover for various reasons.”

Bringing a team at their peak to the championship wasn’t something she was very happy about.

She, Lin Hanxing, loved challenges!

He hung up the phone.

Within a few minutes, uncle Jin had already forwarded the address that the other party had sent to her.

It seemed that the person was quite anxious.

Lin Hanxing glanced at the screen.

The hotel the other party was staying at was exactly 15 minutes away from the Lei Corporation.

I wonder if this is another kind of fate?

it’s dad’s birthday in a few days. Sheng’s flight is in the morning. Shall we go and pick him up? ”

Lei Xiao stretched out his hand and fiddled with Lin Hanxing’s hair.

Her small face, which had her makeup removed, was clear and clean, like a piece of beautiful jade, without any flaws, which made him unable to let go.

“Alright.”

Lin Hanxing also wanted to meet this famous Matthew Lei who had never shown his face before!

“Do you think I’m tacky?”

Suddenly, Thunder valiant beast asked.

Lin Hanxing raised his head and looked at him, as if he did not know why he would suddenly ask this.

His black shirt had a wide neckline, revealing his beautiful and exquisite collarbones.

“I only know how to make money.”

Lei min was a well-known antique collector, appraiser, and repairman. Lei Cheng was a famous expert in criminal psychology. Lei Jue was a world-renowned lawyer. They were all elites in their respective fields. Only he ...

“You reek of money.”

Hearing this, Lin Hanxing immediately made a sniffing gesture.

Her nose gently brushed against the wheat-colored skin on Lei Xiao’s neck, causing waves of trembling ripples.

“How come I don’t smell it?”

Lin Hanxing pretended to be surprised and blinked his eyes. His expression made Lei Xiao laugh.

His handsome face, which had been favored by the creator, brought an indescribable temptation.

Lin Hanxing’s little hand pulled his tie.

Following her movements, Thunder owl’s body leaned forward.

“You want me to smell it carefully?”

Their cheeks were so close that they were almost touching, and they could see each other’s faces.

Lin Hanxing’s small nose rubbed against his neck.

“Our ah Xiao’s body smells so good, where’s the smell of money?”

His warm breath was accompanied by the fragrance of the shower gel that he had just taken.

Even his eyes were filled with emotion.

The man’s wild collarbones were faintly visible under the collar of his black shirt.

This made the Thunder valiant beast’s eyes look deeper.

“But now ...”

Lin Hanxing raised his head, his eyes innocent.

He stretched out his hands and pulled Lei Xiao into his arms, even rubbing against him like a koala.

His actions were exaggerated and childish!

“You’re covered in my smell!”

She raised her small face, looking very proud.

Lei Xiao’s hands landed on Lin Hanxing’s waist. He felt that he was done playing and would be controlled by her for the rest of his life.

Yet, he was so willing.

He didn't even say a word even if he had to risk his life.

"Our ah Xiao is the best and the most unique in the world!"

Even if someone offered her ten million gold in exchange, she would not accept it.

She had a lot of money.

She only wanted the person in front of her.

Just as Lei Xiao was about to press Lin Hanxing down on the table to make a sauce, Lin Hanxing's phone rang again.

She turned around, but the Thunder valiant beast missed.

Her face was next to Lin Hanxing's ear.

Oh, his wife was really soft and soft.

The call this time was from Yuan shaojing himself.

Lin Hanxing picked up the phone expressionlessly and put it on speaker. At the same time, he slapped Lei Xiao's hand, which was trying to secretly unbutton her shirt collar.

The Thunder valiant beast silently complained with his eyes!

"Little Lin."

"Yes."

Lin Hanxing's cold voice was transmitted to Yuan shaojing.

the police have already informed me that because Luo Wenbo passed away in an accident, they are preparing to close the case. In the afternoon, after we have discussed with the people at the consulate, we can bring SuSu's body back.

Yuan shaojing's voice was low and tired.

"Do you need me to congratulate you?"

Lin Hanxing said lightly, a meaningful smile on his lips.

Yuan shaojing paused.

"I've already contacted the doctor."

"So?"

Yuan shaojing still hadn't explained the purpose of this call. It couldn't be to let him attend the ceremony, right?

"There's something that should be settled tonight. I want to give you a big gift, Cheng Lingyun ..." He said.

Even through the phone, Lin Hanxing could feel Yuan shaojing's malice.

"I think you and ah Xiao should be there."

"I know. How about nine?"

Lin Hanxing asked Lei Xiao with his eyes. After making sure that there were no problems, he fixed the time.

okay, I'll have ah hai wait for you downstairs.

After that, Yuan shaojing hung up the phone.

Lin Hanxing played with his phone and his expression darkened.

In that pair of clear black and white eyes ...

A cruel and cold light flashed.

"Give me your car keys."

Lin Hanxing turned to look at Lei Xiao, only to see him looking at him with a face full of accusation.

"You're leaving again?"

"....."

His gaze made Lin Hanxing feel like a scumbag who had slept with someone but was unwilling to take responsibility.

The key was ...

She hadn't even slept with him yet!

"Be good, I'll be back soon."

Lin Hanxing reached out to help Lei Xiao tie his unkempt collar and tie, and said in a coaxing tone.

"How fast is very fast?"

Lei Xiao retorted, copying her earlier action and slapping away her hand that was lingering on his chest!

"You hit me!"

"You actually hit me!"

In the next second, Lin Hanxing seemed to have been possessed by mother Thunder, his bright eyes filled with desolation.

only red packet can heal my heart!

Lin Hanxing held his phone and waited.

"....."

Mom, what kind of nonsense did you teach my wife?!

Lei Xiao resignedly transferred a big red packet to his wife.

She only felt that she had to have a good relationship with her mother when she got home tonight.

“Thank you, boss!”

Seeing the amount, Lin Hanxing sneered at the corner of Lei Xiao’s mouth in satisfaction. Then, he felt for his car keys and slid down from his lap, quickly walking towards the inner lounge.

Well, he was happily making the early preparations to earn pocket money for his ah Xiao!

.....

In the hospital mortuary.

Lin youlin’s hair was unkempt, and she looked down at her son who was put into the freezer.

Luo Minghao wasn’t any better.

In the freezer, Luo Wenbo’s expression was extremely ferocious.

Although tan bide had cushioned some resistance when he fell, the result was obvious. It only increased the great pain Luo Wenbo felt when he died, because he was not completely dead when he fell ...

The pain of his internal organs being stirred up!

It was the kind of fear that came from the fear of death!

I believe Luo Wenbo has tasted it!

Lin qianlin’s voice echoed through the cold mortuary.

“Give that person a call ...”

.....

Following the address that uncle Jin sent, Lin Hanxing quickly arrived near the Intercontinental Hotel where the other party was staying.

They found a tea room and ordered a private room.

Lin Hanxing sent a message to the other party’s phone number as the incense at the base of the lotus flower burned slowly.

After that, he quietly sipped his tea and waited for the other party.

In the private room, the television was replaying what had happened at the Lin group that day.

Lin Hanxing held the teacup in his hand as if he was watching someone else.

It was absurd and laughable.

Knock, knock, knock. There was a knock on the door.

Lin Hanxing glanced at his watch and saw that it had not even been five minutes.

She reached out for the remote control to turn off the TV, then coldly said, “ come in.

The door was opened from the outside.

Lin Hanxing's hand paused for a moment when he saw the man's face, and so did the man.

However, one of the reasons was that he recognized the other party's identity.

The other was lamenting Lin Hanxing's youth.

"You're ... Ninth young lady?"

Lin Hanxing smiled faintly and pointed at the seat opposite him with his palm up.

She was song Chenxi.

There was no one in country G who did not know her.

If Yuan shaojing was the richest Chinese man in country G, then song Chenxi was the only one who had the ability to compete with him, the president of the song group, a local tycoon in country G. The most crucial point was ...

She was only 29 years old this year.

He was still very young.

There were still endless possibilities.

And three months ago, song Chenxi had just gotten married.

The entire country G was in an uproar.

If it was song Chenxi, then Lin Hanxing had no doubt that the other party would be able to offer such a sky-high price.

"Miss song, we must have been tricked."

Song Chenxi's assistant could not help but say.

Lin Hanxing noticed that her eyes were slightly red, as if she was about to cry.

"Believe it or not, I will only give you this one chance."

Without explaining further, Lin Hanxing retracted his gaze and spoke coldly.

The moment he finished speaking, there was a kind of prestige unique to a superior overflowing from his bones, and the atmosphere in the room immediately changed.

Song Chenxi looked at her.

"You may leave."

"Miss song ..."

"Get out!"

After saying the last sentence, song Chenxi's already pale face paused for a moment, then she started coughing.

The assistant looked at her with deep worry in her eyes.

But soon, she finally turned around and left, closing the door from the outside.

"I'm sorry, she's just worried about me."

Song Chenxi said. The usual coldness on her face had faded. She sat in front of Lin Hanxing in her most honest state. In her big eyes, there was a faint emotion that others could not understand.

The moment Lin Hanxing raised his head and looked into her eyes, he had a subtle feeling in his heart.

She didn't have long to live.

Song Chenxi's eyes said it all.

That was something only people who were about to die would have.

The incense on the table was burning slowly, and the White incense was rising in the air.

One round after another.

Then, it disappeared.

"I didn't expect ninth young lady to be so young."

Song Chenxi smiled and a cup of amber-colored tea was pushed in front of her.

Logically speaking, she should not have drunk it.

Ever since she was young, song Chenxi would never eat any food outside.

However, this time, she picked up the cup and drank it silently.

"What do you want me to help you with?"

There was no need to beat around the bush when talking to smart people. Lin Hanxing sat lazily and said, "

"I want you to help my husband ..."

Song Chenxi smiled coldly.

"Kill me!"

#### [Chapter 1034](#)

1034 Do you know what you're saying?

"Do you know what you're saying?"

Lin Hanxing stopped drinking his tea and looked up at song Chenxi. The meaning in his cold eyes was unclear.

Song Chenxi's face was pale.

"I'm sorry, can I drink?"

The tea was too bitter in his mouth.

Her life was already so hard. Now, song Chenxi just wanted to live a happy life and live the life she wanted.

Lin Hanxing did not say anything, but he pressed the service bell.

Very quickly, the hard liquor was served.

The shop owner even gave her a small bucket of ice as per her request.

The amber liquid was poured into the glass, and the sound of ice hitting the glass made people feel sad.

"I want you to help my husband kill me."

The strong wine entered her throat, and her pale face finally turned a faint red.

They were like peach blossom petals.

Lin Hanxing didn't say anything. He searched for information about song Chenxi's husband in his mind.

Gong Chen, the president of the gong group.

"Actually, I don't have much time left."

She pointed at her head.

"There's a bullet inside, I can't take it out."

Song Chenxi smiled at Lin Hanxing. There was no fear of death in her eyes.

Instead, there was yearning and relaxation.

"But she can't wait."

"Who is she?"

Lin Hanxing's voice was very calm, but it was this calmness that made song Chenxi feel at ease.

"My sister, song Zhiyun."

Right, she also had a younger sister.

Lin Hanxing then remembered that song Chenxi had a sister.

Moreover, before Gong Chen and song Chenxi got married, he had already reached the point of marriage with song Zhiyun.

This was also one of the reasons why the entire country G was in an uproar when the two of them got married.

Lin Hanxing's long eyelashes fluttered as he concealed the emotions in his eyes. This seemed to be a long story.

"Perhaps I shouldn't have forced him to marry me in the first place."

At least, when she left, he was grateful to her, unlike now, when they were at loggerheads the moment they met, as if there was a blood feud.

"So, three months ago, you knew you didn't have much time left and forced Gong Chen to marry you?"

Lin Hanxing wiped the rim of his glass with his index finger and slowly raised his head.

"I used my kidney to make a deal with Gong Chen."

Song Chenxi's brows carried a hint of sadness. She no longer had the strong aura of a strong woman.

"They were going to get married."

The air was filled with the smell of hard liquor.

Song Chenxi's eyes were supposed to be like the rising sun, but now, they were showing a sense of defeat like the setting sun.

"With all due respect, miss song's actions seem very unkind to outsiders."

Using everything she had, she threatened to break up a couple ...

If she was in a melodramatic 8:00 pm TV series, song Chenxi would definitely be the most vicious supporting female character that everyone despised.

Moreover, everyone knew that ...

Back then, song Zhiyun had risked his life to save Gong Chen, who had been kidnapped. Even now, there was a serious scar on his arm that couldn't be removed even after surgery. It was obvious that the wound must have been so deep that the bone was visible.

A life-saving grace should be repaid with sacrifice.

Lin Hanxing's words triggered some kind of memory in song Chenxi's mind, and she didn't speak for a long time.

However, she quickly stood up.

Lin Hanxing looked at song Chenxi coldly as she suddenly removed her cashmere coat.

Today, song Chenxi was wearing a white cardigan with a high collar.

She gently took off her sweater, leaving only her spaghetti-strap top and underwear.

Skinny.

Song Chenxi was very thin.

It was as if he was just skin and bones.

However, Lin Hanxing's gaze soon fell on her arm.

A white scar lay there quietly, as if it was telling her the truth in silence.

&Nbsp; interesting.

"The person who saved Gong Chen back then ... Was you."

Lin Hanxing and song Chenxi looked at each other.

She was standing in front of him in thin clothes, exposing her secret that she had hidden for many years to the sun.

Lin Hanxing's voice was firm and not a question.

so, song Zhiyun lied to everyone and stole the favor that originally belonged to you? "

Song Chenxi sat down again.

All these years, in order to hide this secret, she had never worn short-sleeved clothes in public.

back then, when the gong family was in the middle of a power struggle, a traitor poisoned Gong Chen. Although he was quickly exposed, his eyes were affected and he couldn't see for three years.

She had never mentioned these words to anyone.

"I like him. I like him very much."

From the moment she entered the room until now, only when she said this did song Chenxi's face reveal a smile from the bottom of her heart.

She had the shyness of a young girl.

It was the intense sorrow that was intertwined with reality.

but he hated me since he was a child. I could only approach him as Zhiyun.

Song Chenxi knew how silly she was.

"That was the happiest time of my life."

During those three years, Gong Chen moved to a villa in the suburbs to recuperate. He was depressed and everyone said that he had no hope of returning to the gong family and continuing to be his heir. Rumors and gossip were everywhere.

Only song Chenxi knew that he would recover.

Even if he was only depressed for a while, Gong Chen would regain his spirits sooner or later.

Sure enough.

Soon, he began to practice without any obstacles.

At that time, the gong family had only sent an old Butler to follow Gong Chen. Even the servants came to clean up regularly.

In the eyes of outsiders, this was Gong Chen's sign of being abandoned by the gong clan.

The only thing song Chenxi could do was to appear by his side without any obstacles.

Of course, it was under the identity of Zhi Yun.

Fortunately, the voices of the two sisters were very similar.

The only difference was that her words were cold and hard, while Zhi Yun's words were gentler.

In those three years, she was the only one who could enter his life, and even the old Butler found it unbelievable.

However, one day, Gong Chen actually called out her name.

Song Chenxi.

He said that he knew it was her, and it had always been her.

"Ninth young lady, do you know the feeling of being remembered by the person you like?"

Song Chenxi laughed.

As she laughed, tears fell.

One by one, like a broken string of pearls, they came one after another.

He said he didn't hate her, he said ...

He liked her.

Lin Hanxing listened quietly to song Chenxi's story. If the story had stopped there, it would have been a happy ending. But why did so many complicated things happen later?

However, as she continued, the story, which should have a happy ending, took a sharp turn.

The fight for the gong family's heir had been going on for several years, and the illegitimate son had always been eyeing him covetously.

Back then, the poisoning incident was also the work of the other party, but there was no evidence to prove it.

The accident happened at that time.

Someone had kidnapped Gong Chen and her.

The purpose of the kidnappers was very clear. They wanted to kill the hostages.

Fortunately, Gong Chen was prepared. The only thing he needed to do was to stall for time.

[Chapter 1035](#)

1035 The Forgotten Woman

Later, when song Chenxi thought about it, she had once asked herself if Gong Chen's men had arrived earlier, everything ...

Would it be different?

Song Chenxi felt that she would never know the answer to this question in her life.

The incense on the table slowly swirled.

Lin Hanxing continued to listen to song Chenxi.

Song Chenxi only briefly described the dangerous process and did not elaborate on it.

However, Lin Hanxing was still able to associate the terrifying scene from that night with these few sentences.

The wound on song Chenxi's arm was too deep.

Based on Lin Hanxing's experience, even if he recovered, there would be serious side effects.

"Ninth young lady, when you truly love someone, you can't bear to let him get hurt in front of you."

"Even if it's just a little ..." He said.

"None of them."

Song Chenxi said with tears and a smile.

Although Lin Hanxing did not say anything, she agreed with Lei Xiao's point of view when she thought of him.

When the vicious criminal pointed his gun at Gong Chen, Song Chenxi blocked him without a second thought.

The bullet was still in her head.

The risk factor of surgery was too high, and all the doctors "consultation at that time had suggested that it was best to maintain the current situation.

"I didn't expect that when I woke up, everything would be different."

Song Chenxi woke up half a month later.

In just half a month, her life was like a dream, and her world had changed.

Gong Chen lost all his memories and fell in love with his Savior, song Zhiyun. A beautiful story was born from that.

The only person who had seen her was the old Butler, who had already died in the villa when the kidnapping happened.

"She's my sister."

Song Chenxi and Lin Hanxing looked at each other. Her trembling lips were filled with sorrow.

she knelt in front of me and begged me. She said that she had liked Gong Chen for so many years. She said ...

Sister Xuxu, you've had so much since we were young. Please don't take it from me, okay?

"That was when I saw that she had the same wound as me."

The position was exactly the same.

After saying these words, Song Chenxi seemed to have lost all her strength. She leaned weakly against the back of the chair. Her beautiful palm-sized face had a faint self-deprecating expression.

"Have you tried to tell him the truth all these years?"

Lin Hanxing asked.

Song Chenxi suddenly reached out to her.

"Can I borrow your phone? He blacklisted my number."

Lin Hanxing unlocked his phone and handed it to Song Chenxi.

Song Chenxi dialed the number skillfully, as if the numbers had been deeply engraved in her mind.

The call was picked up after a long while.

"Gong Chen,"

Song Chenxi had just called out his name when the man on the other end of the phone spoke in a cold and hard tone.

"When are you going to have the surgery?"

Song Chenxi didn't say anything. Fresh red blood dripped down her nose.

Lin Hanxing's eyes instantly became sharp.

Just as she was about to speak, Song Chenxi waved at her.

He casually pulled out two tissues to cover it.

"Zhiyun can still hold on for a while."

She deliberately chuckled, but it sounded sarcastic and malicious to others.

"Song Chenxi!"

Lin Hanxing could only remain silent as he watched the snow-white tissue get wet from the blood from his nose.

do you know that if Zhiyun doesn't get the operation done, she will die!

Gong Chen's deep voice was filled with anger.

There was the sound of something breaking in the background!

"But she's not dead yet!"

Song Chenxi seemed to have said this very casually, as if she was deliberately trying to make him angry.

"That's your sister!"

"I know, that's your precious piece of flesh."

Perhaps it was because she was too patient, song Chenxi felt dizzy and dark.

actually, if possible, you'd rather I die ...

"Am I right?"

"Right! If your death can help Zhiyun recover, song Chenxi, I wish you could die immediately! I'll definitely celebrate!"

Song Chenxi's hands froze for a moment.

Lin Hanxing's eyes fell on her face. The blood was still flowing, dripping onto the phone screen.

"I'm going to die."

Suddenly, song Chenxi put away all her pretense and spoke with a trembling voice.

"Song Chenxi, what did you say?"

On the other end of the phone, Gong Chen sneered. He obviously didn't believe her.

"I said, I'm going to die."

Song Chenxi repeated again. Her eyes were dark and she had no business.

Gong Chen was silent for a moment.

"That's great. Zhiyun can finally be saved."

"Hehe, I was just lying to you!"

Song Chenxi sneered in response, but tears rolled out of her eyes in an instant.

Without a sound.

He believed all the lies she told.

He never believed the truth she told.

"Song Chenxi, you're the most vicious woman I've ever met!"

"You disgust me."

As soon as he finished speaking, the phone was hung up.

Song Chenxi did not even need to think to know that this number would definitely be blocked by him.

The moment she hung up the phone, she hurriedly pulled out more tissues and put them under her nose, her long eyelashes trembling slightly.

"It's because I tried so hard to tell him the truth that all these years ... We've become like this ..."

She was tired.

He was really tired.

two days ago, I discovered that Gong Chen's men had private contact with Hua Ji.

Song Chenxi smiled faintly, her eyes filled with gentleness.

"I think he really wants me to die."

Lin Hanxing did not say anything. He just looked at song Chenxi.

It also seemed like he was thinking of someone else through her.

three months ago, my attending doctor told me that the time bomb in my room was finally going to explode.

Song Chenxi tapped her temple lightly.

She did not know why, but the moment she heard it, she actually felt a sense of relief that she had never felt before!

so, you've finally given up everything and used your kidney in exchange for this marriage? "

Recalling Gong Chen's cold words on the phone, Lin Hanxing could easily imagine what kind of life song Chenxi had been living for the past three months.

Was this what she wanted?

Song Chenxi, the only person in country G who could compete with Yuan shaojing's yuan family, was also unable to escape the test of love?

"It's a good deal, isn't it?"

Anyway, she was going to die. What did it matter if Gong Chen hated her or not?

"Is it worth it for a man?"

"Is it worth it to waste yourself like this?"

Lin Hanxing rarely used this tone to speak to the person involved.

"I'm sorry, I won't accept your order."

Lin Hanxing stood up and walked towards the door.

"I know your rules."

Song Chenxi's voice came from behind Lin Hanxing, successfully stopping her from leaving.

"I will use a secret as an exchange."

Song Chenxi stood up, looked at Lin Hanxing's back, and said softly.

Lin Hanxing turned around slowly and looked at her.

Zhan Nanheng's mother was killed by the second imperial concubine.

The two of them looked at each other in silence.

"Do you know what you're saying?"

"Now, are you willing to accept my request?"

.....

After song Chenxi left, Lin Hanxing remained in the private room.

His expression was cold.

His fingers tapped on the table rhythmically.

If what song Chenxi said was true, then he would have to meet Zhan Nanheng no matter what.

Mother Zhan's death seemed to be directly related to the things her mother had sent to her.

Just based on this ...

She took out her phone and searched for Zhan Nanheng's account name.

Xing Xiaoxing, Zhan Nanheng, come out and meet me.

Very quickly, the person on the other end of the WeChat replied.

[ Qiao Mu in the South: Red Rain? ]

Lin Hanxing didn't waste any more time and sent him the location.

Ever since that event, Zhan Nanheng had been staying in Jiangcheng. It was obvious that he wasn't going to leave until his visa expired. She didn't expect that because of this, she would have less trouble.

Zhan Nanheng arrived twenty minutes later.

Accompanying him was his haughty agent, Erma.

"Get out."

Zhan Nanheng had just taken off his sunglasses and mask when he heard Lin Hanxing's words. He was a little stunned.

Lin Hanxing turned to look at his manager.

He swept over with a vicious gaze.

"Erma, you can leave first."

Zhan Nanheng said.

His assistant was good at everything, but he was too loyal and sometimes too stubborn.

Upon hearing Zhan Nanheng's words, the manager, Erma, unwillingly closed the door from outside.

However, his eyes still showed that he was still worried.

"I didn't expect you to come looking for me."

Zhan Nanheng's eyes swept across the table. It was obvious that there was another person there.

"Thunder valiant just left?"

Lin Hanxing did not say anything. He was playing with the empty teacup in his hand.

During this time, Zhan Nanheng's gaze seemed to wander back and forth on her face.

Lin Hanxing was like a bright star at last night's dinner. Even when he returned to the hotel, he had not recovered from the shock.

This feeling ...

Zhan Nanheng hadn't had such a thing for many years.

Today, he had been watching TV all day. After all, the news of Lin's group was so lively that he had to pay attention even if he didn't want to.

"I say, you didn't say anything when you asked me to come. What's the meaning of leaving me here?"

Zhan Nanheng saw that Lin Hanxing didn't say anything for a long time and finally couldn't hold it in anymore.

There was a smile on her naturally likable baby face.

Compared to the image created on screen, Zhan Nanheng, who was sitting opposite Lin Hanxing, looked more human.

"Zhan Nanheng ..."

Lin Hanxing finally raised his head to look at him, frowning.

Zhan Nanheng was a little confused by her expression. What did she mean?

if I tell you that I already know the cause of your mother's death, would you be willing to return to country G? "

The moment Lin Hanxing finished speaking, the smile on Zhan Nanheng's face disappeared.

"What did you just say?"

He did not hide the gloominess in his voice as he stared straight at Lin Hanxing.

the things that my mother sent to mother Zhan might be the reason for her death.

Zhan Nanheng didn't speak for a long time.

"I'm sorry."

Since he had found Zhan Nanheng, Lin Hanxing naturally wouldn't hide anything. Moreover, mother Zhan's death was related to her mother.

"Who is it?"

After a long time, Zhan Nanheng finally found his voice.

There was no expression on his baby face, and even his voice made it impossible to tell what emotions he had.

"Second imperial concubine."

With a bang, Zhan Nanheng stood up abruptly, blue veins popping out on his forehead.

"Lin Hanxing, are you just trying to trick me into returning to country G? Or did the people from Hua Ji contact you?"

Zhan Nanheng laughed coldly. He'd rather that was the truth.

"I'm sorry, I'm telling the truth."

With a thump, Zhan Nanheng swept the teapot in front of him to the wall, making a loud noise.

"What's happening ..."

Hearing the noise, Erma quickly opened the door.

"Get out!"

As soon as the door opened, Zhan Nanheng immediately roared angrily, scaring his manager, Erma, who hurriedly closed the door.

There was a lingering fear in his heart.

She had never seen the good-tempered Zhan Nanheng reveal such an expression!

Lin Hanxing was expressionless.

She knew that such an answer would be hard for anyone to accept at the moment, so she accepted Zhan Nanheng's loss of self-control and didn't say anything else.

I've already promised another employer that I'll go to country G within half a month.

Zhan Nanheng's chest heaved up and down, and his eyes turned red.

"So?"

that's why I chose to tell you the truth. I want to hear your choice.

Zhan Nanheng looked at her deeply.

“Do I still have a choice now?”

He laughed at himself.

None of the images that Zhan Nanheng had sculpted in the past could be as unforgettable as this one.

“Hanxing, tell me, do I have any other choice?”

Lin Hanxing did not say anything and only looked at him.

“There is.”

She gave him a definite answer.

continue to be a star and I will guarantee that you will live a carefree life.

Zhan Nanheng laughed bitterly and sat back in his seat. His mad anger had faded, and his face was filled with confusion.

He had wanted to escape country G for the rest of his life.

That place made him feel breathless every day.

It was like he had to become a celebrity to save his life.

Zhan Nanheng felt that it was a cage.

The cage that trapped him deeply.

“Why?”

Why did the second Princess Consort kill his mother?

This was the first time Lin Hanxing was unable to answer someone’s question.

She did not know.

She didn’t even know that her mother had sent something to mother Zhan.

Even this matter was only told to him by Zhan Nanheng after he returned to Jiangcheng.

“Just like how you don’t know what my mother sent to mother Zhan, I don’t know why those things would make the second imperial consort want to kill you. I don’t think the second imperial consort has any connection with my mother.”

Lin Hanxing had gone through the time when Zhan Nanheng wasn’t around.

But it was a pity.

There was no useful information at all.

“I’m very sad here.”

Zhan Nanheng’s hand landed on his chest, his voice mixed with pain and desolation.

“You can hate me.”

Lin Hanxing said seriously. This was what his family owed him.

Zhan Nanheng shook his head.

His expression was dejected.

Zhan Nanheng, I promise that I will do my best to protect you, regardless of what you choose.

Zhan Nanheng's legs were spread apart, and his elbows were on his knees.

His eyes were filled with anxiety.

"What should I do now?"

Zhan Nanheng's mind was in a mess.

He had not expected this.

He didn't want to get too involved in the battle for the Crown Prince, but it was as if there was a large hand in the dark that was pushing him into this situation.

"As soon as I return, the first imperial consort's people will probably immediately bring me into the palace. At that time, no matter how unwilling I am, I will be seen as a symbol of my alliance with the first imperial consort."

Lin Hanxing looked at him, his eyes deep.

#### [Chapter 1036](#)

1036 A crisis is a turning point

"Don't panic,"

"If it were you, what would you choose?"

Zhan Nanheng raised his head, his eyes burning.

She was so powerful that it was as if she had everything under control.

He wanted to hear what she would do if it were her.

"I've already told you my answer."

Lin Hanxing rested one hand on the sofa's armrest. In his seemingly lazy posture, there was a sense of strategic planning.

we can only find out the truth when we return to country G.

Zhan Nanheng met her eyes. She had used the word 'we' just now, which instantly gave his flustered heart someone to rely on.

you didn't want to be involved with the royal family before because your identity was too awkward, and you were threatened.

Lin Hanxing said as he casually fiddled with the ring on his finger.

but now, because of the change in the situation, you have become the most special and critical existence.

Lin Hanxing raised his head and stared deeply at Zhan Nanheng.

“Do you know what this means?”

This seemingly calm question, coupled with the look in her eyes, made Zhan Nanheng sense danger.

“What does it mean?”

Zhan Nanheng asked, as if he couldn't help but sink into her gaze.

After two seconds of silence, Lin Hanxing finally spoke again.

it means that every minute and second you spend in Jiang city could be fatal!

Lin Hanxing made a hand gesture to him to calm down.

He got up slowly.

It was only then that Zhan Nanheng realized that she was wearing a Bluetooth Earphone under her long, seaweed-like hair.

Blue light flickered rhythmically.

He was obviously on a call.

Zhan Nanheng watched as Lin Hanxing quietly stood by the door, then unhurriedly straightened the ring on his hand bit by bit. The sharp tip of the ring shone with a cold fluorescent blue light, as if it had been dipped in poison.

Lin Hanxing seemed to have noticed his surprised gaze, so he expressionlessly mouthed to him to keep quiet.

Almost in the next second, the door of the private room was suddenly kicked open from the outside.

Despite the loud rumbling, no one appeared in the corridor. The other party was clearly prepared.

“Eric.....”

Zhan Nanheng's manager, Erma, who was being held hostage, had a twisted expression on her face. At this moment, a gun was pointed at her temple. She was so scared that she was trembling like a quail and kept screaming.

Eric, save me!

Manager Erma tried to run in Zhan Nanheng's direction, but before she could do anything, her hair was grabbed roughly by the person who was holding her hostage and pulled back!

The other party was about to speak, but when he saw that there was only one person in the room, his expression changed drastically!

It was wrong!

Zhan Nanheng had an appointment with someone else, and no one had left for such a long time. How could he be the only one in the room?

The other person ...

Just as he was thinking about this, the vigilance he had developed over the years sensed that danger was suddenly approaching him from behind!

He didn't even turn his head as he tried to avoid the attack!

However, it was already too late!

Zhan Nanheng was dumbfounded as he watched Lin Hanxing grab the back of his opponent's neck with his five fingers like a flash of lightning. With lightning speed, he stabbed the sharpest end of the ring that he had just pried open in front of him into his opponent's neck!

Instantly, the thick smell of blood spread in the air!

The brawny man who was holding Erma hostage widened his eyes in disbelief at the woman who had suddenly appeared in front of him. He fell to the ground with a thud!

At the same time.

Lin Hanxing raised his leg and kicked the gun that was about to fall into the air again. Then, he reached out and caught it steadily. In the blink of an eye, he pressed it against the temple of the person who entered later!

"Ah ..."

"Ah ... Murder!"

Zhan Nanheng's manager looked like he was on the verge of a mental breakdown, his face covered in tears.

She kept screaming!

"If you shout again, do you believe that I will kill you first?"

Lin Hanxing looked at Erma with a sinister look in his eyes, and his voice did not sound polite at all!

Zhan Nanheng had no doubt.

Lin Hanxing, who always kept his word, would really kill Erma!

Without any hesitation, he raised his hand and chopped down on the back of the still-excited Erma's neck!

In an instant.

The room fell silent.

"Close the door."

Lin Hanxing said coldly, his movements Swift and ruthless.

Zhan Nanheng immediately closed the door from the inside.

However, before that, he even peeked his head out guiltily. After all, Lin Hanxing had really taken a life just now.

However, the strange thing was ...

No one appeared!

It was so quiet that it was as if this was a dead shop.

"I've followed you all the way, it's been hard on you."

Lin Hanxing chuckled softly, but the smile did not reach his eyes.

He glanced at Zhan Nanheng and immediately moved a chair over. Lin Hanxing pointed the gun at his temple. Although the latter maintained a poker face, his throat was obviously moving up and down.

Without saying a word of nonsense, the other party sat down obediently.

They had underestimated their enemy!

Zhan Nanheng was stunned when he heard Lin Hanxing's words. So Lin Hanxing had been using his Bluetooth headset the entire time they were chatting?

"I won't say anything."

The other party sneered, obviously uncooperative!

Lin Hanxing raised his eyebrows, his beautiful eyes were filled with indifference.

"I like people with such a backbone."

Lin Hanxing reached out and patted the man's shoulder, speaking in a tone that was a mixture of praise and ridicule.

But the next second, she suddenly pulled open the other party's collar!

Zhan Nanheng almost spat out his breath.

But soon, his eyes darkened when he saw the tattoo on the man's shoulder.

It was actually ...

After getting the answer he wanted, Lin Hanxing ignored the man and pressed the Bluetooth headset again.

"Bring the person here."

There were only these four simple words and no other nonsense.

Lin Hanxing turned around and walked back to the sofa.

The heavy-looking gun was still spinning on her slender white finger. The contrast between black and white was so sharp that it presented an extreme beauty.

It wasn't just Zhan Nanheng. Even the man who had been forced to sit on the chair had an expression of disbelief.

She's just walking back like this?

Wasn't he afraid that he would escape?

He's that assured?

Lin Hanxing placed the gun on the table and poured himself a cup of tea, sipping it slowly.

"You can try."

Lin Hanxing said coldly without even looking at the other party.

Even his eyes didn't move.

Of course, the other party would not give up any hope of escaping. This woman was really strange, and he did not want to stay here for even a second longer.

With this thought in mind, he didn't even care about his companions and pretended to open the door.

Zhan Nanheng's face showed an anxious expression. He was just about to speak, but the moment he saw Lin Hanxing's calm and composed look, he also calmed down.

At this moment, for the first time in his life, he envied the man with the surname Lei.

A loud bang suddenly rang in his ear!

Zhan Nanheng snapped back to his senses, but before he could look up, something flew in front of him and landed heavily on the floor of the room.

Blood spurted out of the man's mouth.

At the door, an expressionless man was standing there. At that moment, his movements were steady and slow as he closed the door from the outside. His face gradually disappeared into the gap as he moved.

F \* ck ...

Zhan Nanheng couldn't help but think of this word.

He had clearly seen it just now, and there was nothing outside the door. When did this person appear out of thin air?

From the beginning to the end, Lin Hanxing acted like nothing had happened.

He drank his tea expressionlessly and looked out the window.

"If you had left with your companions just now, I would have respected you as a man and let you live."

After a while, Lin Hanxing's voice rang out in the large private room.

Companions?

Didn't she just kill that person?

Zhan Nanheng hesitated.

After that, she walked toward the man who had been knocked down at the beginning and reached out to check for his breathing.

He didn't expect that although he was weak, he was still alive.

"Sit there and wait,"

Lin Hanxing said this to Zhan Nanheng.

After witnessing the scene just now, whatever Lin Hanxing said now was like an imperial edict to Zhan Nanheng. Without a second word, he sat down where he had sat just now, but ...

From time to time, he would look at her face from the corner of his eye.

To be honest, Zhan Nanheng didn't believe anyone who said they could protect him. Only Lin Hanxing ...

Whatever she said was the truth in his eyes!

For a time, the tea room that had just experienced a bloody storm returned to silence.

Zhan Nanheng actually had a lot of questions in his heart.

However, Lin Hanxing was too comfortable in front of him. He didn't even look at Zhan Nanheng. Naturally, Zhan Nanheng swallowed the words that were on the tip of his tongue.

He mimicked her and drank the tea.

They were waiting for the unknown to appear.

About 15 minutes later.

Suddenly, footsteps came from the corridor outside the door.

It was steady and powerful.

Clearly, there was more than one person.

Knock, knock, knock ...

As Lin Hanxing said emotionlessly, the door was opened from the outside.

To Zhan Nanheng, this person looked very familiar.

Wasn't he the core member of Hua Ji who had tried to kidnap him in the Backstage Lounge after the last fan meeting?

Lin Hanxing glanced at his watch, the timing was just right.

"We meet again,"

Lin Hanxing raised his head and said coldly. His eyes were so cold that they seemed to be able to penetrate people's hearts.

so, it's miss Lin who invited us here.

The expression of the Huaji backbone was profound, and there was no chagrin in his voice.

Lin Hanxing smiled and pointed at the two people who were lying on the ground.

The movement of her fair fingers was pleasing to the eye, but no one was there to appreciate it. The faces of the backbone of Hua Ji turned cold the moment they saw those people. It was extremely terrifying!

"It seems that Hua Ji isn't as good as you think. You didn't manage your people well, and there's a traitor among your subordinates!"

Lin Hanxing leaned on the back of the sofa expressionlessly.

The other party didn't say anything. His long and narrow eyes squinted dangerously, and a bloodthirsty look was hidden in his pupils.

"I'm sorry."

The people lying on the ground were his subordinates who had been by his side for seven or eight years. They had followed him on so many missions without any problems. He did not expect that this time, they would be exposed.

And when he thought about the deeper meaning behind this, his face turned even uglier.

"Have a seat, let's have a chat."

The moment Lin Hanxing finished speaking, the door of the private room was slammed shut from the outside.

The people who had been following behind Hua Ji's core members all had their hands on their waists, as if they were ready to pull out a gun at any time and point the tip of the gun at Lin Hanxing.

The atmosphere in the private room suddenly became strange.

I think all of you should have heard of the saying 'a strong Dragon can not suppress a snake in its own territory'.

Even Zhan Nanheng's heart was about to jump to his throat, but Lin Hanxing was still as calm as ever, making him break out in a cold sweat for her.

"Don't be rude!"

The man from Hua Ji obviously admired Lin Hanxing's way of doing things.

After he finished speaking, he walked towards the direction opposite Lin Hanxing and sat down.

"Miss Lin, what do you want to talk to me about?"

In the past few days, his men had tried many times to get close to Zhan Nanheng, but they had all failed.

It wasn't that they weren't capable, but that Zhan Nanheng seemed to be protected by someone more capable.

They did not think that it would be someone on Lin Hanxing's side.

It seemed that he had underestimated her.

It wasn't until he was invited here for tea that he understood what the phrase 'careless mistake will cause Jingzhou to fall' meant!

"Let's talk about how serious the current situation is for the first wangfei!"

Lin Hanxing's simple words caused the expression of the person sitting opposite him to change.

The deep look in his eyes had an unknown meaning.

"Miss Lin, please be careful with your words."

After a long time, he finally heard this sentence from the other party's mouth.

okay, I'll be careful with my words. You can take the traitor away now, but Zhan Nanheng, before I give in, don't think that anyone will take him away from Jiangcheng! Lin Hanxing was neither anxious nor angry. He just calmly finished his sentence.

After he finished speaking, he picked up his tea and continued to drink it, as if nothing had happened.

He had a "what can you do about it" look.

He really didn't know how to deal with it.

The people from Hua Ji were a little anxious.

How could they wait any longer?

The situation in country G would change in an instant if they waited for another day. Now that everyone was putting pressure on the first wangfei, she had temporarily suppressed the situation with her own strength. However, this did not mean that the rain had passed and the sky had cleared.

The second Princess Consort was overbearing.

They vowed to make the new heir apparent in two days, as if the position of the Crown Prince was already in their pocket!

The most important problem now was Zhan Nanheng!

However, he happened to be in Jiang city when the Crown Prince was in trouble, and he was even more reluctant to leave after hearing about this.

If they were in country G, they would have thousands of ways to force him to submit.

However, this was China!

Their people were restricted by China's laws and had no way to fight at all. They could only wait patiently for the right time.

Who would have thought that Zhan Nanheng's childhood sweetheart, first love, and fiancée would suddenly appear out of nowhere? furthermore, she was such a difficult person to deal with.

It wasn't that they didn't want to complete their mission earlier, but the opponent this time was too strong!

"Miss Lin!"

The other party was clearly a little anxious.

### [Chapter 1037](#)

1037 A direct conversation with the first wangfei

The only response he got was Lin Hanxing's calm and composed action as he sipped his tea, and the silence that filled the room.

Lin Hanxing did not even look at him. Her delicate little face was cold and indifferent.

"Miss Lin, what do you want to know?"

Finally, the backbone of Hua Ji was the first to give in.

Lin Hanxing placed the teacup on the table with a clatter, and the corners of his mouth finally curled up into a thin smile.

"Call the first princess Consort."

Lin Hanxing's eyes met the other's, and after a glance, his voice was heard.

"What?" The people from Hua Ji had strange expressions on their faces.

She wanted to talk to the first wangfei directly?

"No, this is against the rules!"

"You and I both know that the time left for the first wangfei is not much."

Lin Hanxing said calmly as he put the ring back on his finger. Soon, there were no longer any traces of it being a sharp weapon.

"What are you hesitating for?"

As he spoke, Lin Hanxing leaned against the back of the sofa. The sense of power and stratagems in his hands gradually spread from his bones.

"Besides, you can still rely on the first wangfei now, but if her faction falls ..."

Lin Hanxing didn't need to explain what the second half of the sentence meant.

It was just a case of mutual destruction.

Lin Hanxing was obviously very patient today, even his tone did not fluctuate much.

The backbone of Hua Ji was silent for a long time.

He quickly took out his phone and made an international call.

The phone rang three times before hanging up.

“We just have to wait for the first wangfei to call back.”

The Huaji representative explained.

Lin Hanxing did not react. After all, he was a member of the royal family, so he was more cautious in everything he did.

Not to mention that Malaysia was now in such a strange situation.

“I’m very curious about something.”

In the silence, the Huaji backbone hesitated, but still spoke.

“What?”

Lin Hanxing replied lazily, resting his elbow on the armrest of the sofa.

“When did you know there was a traitor among us?”

The other party’s eyes were fixed on Lin Hanxing’s face, obviously not wanting to miss any of her expressions.

It was a pity.

Lin Hanxing had been practicing expression management with the mute uncle since a long time ago. Unless she wanted to, no one could read any of her emotions from her micro-expressions.

“In the beginning.”

Lin Hanxing laughed and replied without any fluctuation in his tone.

“Why didn’t you remind me?”

Upon hearing this, the other party’s expression became strange, as if he was suppressing his anger.

Lin Hanxing could not help but laugh.

“Don’t you think your question is funny, Mr. Zuo?”

Even their own people couldn’t detect it, so what obligation did she have to remind them?

“It seems that Huaji has been living too comfortably these years.”

Lin Hanxing said as he shook his head, his eyes showing obvious disappointment.

What was the difference between an Eagle and a domestic fowl that had lost its vigilance?

“You ...”

When the other party heard her slightly old-fashioned words, he didn’t know whether to be angry or laugh.

However, before the other party could speak again, the satellite phone he carried with him rang.

The satellite phone could prevent eavesdropping.

“You guys, get out.”

At the command of the man sitting opposite him, the man who had been following him immediately turned around and left the private room.

After waiting for everyone to clear out, he reached out and pressed the answer button.

“First wangfei.”

“When are you bringing him back?”

A capable and cold voice came from the other end of the satellite phone. It was not difficult to imagine how majestic that woman usually was.

whether Zhan Nanheng can return or not depends on whether first wangfei can tell me the truth.

### [Chapter 1038](#)

1038 Have you thought about the consequences?

Before the man from Hua Ji could say anything, Lin Hanxing lazily threw it out.

The other end of the satellite phone fell into a strange silence.

“What do you want to know?”

Hearing this, Lin Hanxing raised an eyebrow. She liked it when he didn’t waste her time on nonsense.

“If Zhan Nanheng doesn’t appear, how many more days can you hold on for?”

Separated by a satellite phone, the two people who were in the eighth East District were closely connected.

“Five days,”

The great wangfei responded calmly. It was impossible to tell her emotions from her voice alone.

“There’s a mole in Hua Ji. If you can’t use Hua Ji’s power for the time being, how many days can you last?”

The man from Hua Ji didn’t expect Lin Hanxing to be so direct.

The breathing rate of the person on the other end of the phone was obviously faster.

“Two days,”

After a long time, the great wangfei finally spoke. It was still a calm and composed voice.

The time was shortened by more than half.

Even the people on the other end of the phone could feel the urgency.

Zhan Nanheng didn't say anything.

The baby face was shrouded in dark clouds.

Was the situation in country G so grim now?

"If you lose, have you thought of the consequences?"

Lin Hanxing's voice was still languid, as if he was talking about the clear weather today. There was even a faint smile on his face.

This time, there was an even longer silence on the other end of the phone.

"The winner is king, and the loser is Bandit."

It was a simple birth date, but it expressed the bloody cruelty of the royal family's struggle.

"So, you've already made preparations?"

The moment Lin Hanxing finished speaking, the backbone of Hua Ji raised his head and glared at her.

"I haven't lost yet!"

With these simple words, even through the satellite phone, one could feel the powerful aura of this first wangfei.

"Alright, one last question."

"You can ask."

Now that the situation was like this, how bad could it be?

"Did you have anything to do with Zhan Nanheng's mother's death?"

Lin Hanxing's tone changed and his voice became cold, especially to the backbone of Hua Ji who was sitting opposite her. He could instantly feel a chill in his heart.

"I swear on my family's hundred years of reputation, no!"

The first wangfei on the other end of the satellite phone finally sighed and gave an answer.

Lin Hanxing leaned back on the sofa lazily and looked out of the window. No one knew what he was planning.

"What else can I do now?"

If he couldn't use Hua Ji's power, he only had two days, 48 hours left.

Hearing this, Lin Hanxing's long black eyelashes fluttered slightly, and the dark light in her eyes also disappeared.

"I'll wait."

This was the only thing she could do now.

"I know."

After that, the two of them cut off the call without any hesitation.

There was a period of silence in the private room.

Lin Hanxing reached out to pick up the teapot and poured himself a cup of tea. The sound of the tea pattering stirred his heart.

"You heard it?"

Lin Hanxing said this to Zhan Nanheng.

There was no fluctuation in his voice, nor was it mixed with any personal feelings. He just calmly asked.

"As I said, you can choose to continue to run away. I will make sure that you don't have to worry about food and clothing for the rest of your life. However, after two days, all the truth will be completely buried along with the destruction of the first wangfei's forces."

Lin Hanxing didn't force him, but his words hurt him more than if he had been forced to.

"If you choose to return now, I will use my connections to send you away in the safest way, but ..."

This time, the two of them looked at each other.

"From now on, you will step into the vortex of the royal family's struggle!"

#### [Chapter 1039](#)

1039 The choice of life, to the left or right

No one spoke in the private room.

Zhan Nanheng's baby-like face was shrouded in a dark cloud.

In contrast to the impatient Hua Ji members, Lin Hanxing picked up his teacup again and took a light sip.

White gas rose and swirled.

Lin Hanxing's expression was vague and hard to read.

She gave him plenty of time to think about it.

The choice in life, whether to go left or right, was of utmost importance, and one could not afford to regret it.

After a long time ...

'we can only find out the truth when we return to country g'. That's what you said, isn't it? "

Zhan Nanheng leaned back on the sofa with all his weight.

The bewitching peach Blossom's eyes were filled with trust.

I'm not willing to live my life in such chaos. I didn't even try.

He had no family, no friends, and did not even dare to keep a pet ...

He, Zhan Nanheng, had F \* cking had enough of such a life!

Lin Hanxing's long, black eyelashes fluttered as he looked at Zhan Nanheng, who was sitting opposite him, and pressed his Bluetooth headset.

"Ask the mute uncle to come in."

Very quickly, the mute uncle walked in, accompanied by the sound of knocking on the door.

"You go with the mute uncle."

Hearing this, the backbone of Hua Ji wanted to refute but was stopped by Lin Hanxing who didn't even look at him!

The key was ...

He was instantly intimidated by her aura, and his voice really stopped abruptly!

When he came back to his senses, even he himself was shocked!

All these years, what kind of storms had he not seen? this was just a little girl in front of him, and she had actually managed to suppress him?

He only felt that it was unbelievable!

Lin Hanxing did not care what the people from Hua Ji were thinking and continued to give orders coldly.

"Don't think about anything, and don't ask anything. When the time comes, there will naturally be arrangements."

Two days, 48 hours.

For her, time was of the essence, but it was not an impossible task.

However, he still had to discuss it with ah Xiao when he returned later.

This matter clearly required his help.

"Miss Lin, our Hua Ji ..."

It was Hua Ji's mission to bring Zhan Nanheng back to country G. Now that he had been taken away by Lin Hanxing's men, how were they going to explain this to their superiors?

can you guarantee that Zhan Nanheng's life won't be in danger once he lands in country G, given that the situation with the mole in Hua Ji is still unclear? " Lin Hanxing said lazily, his eyes sweeping across the man's face.

"Who can take the risk?"

Two simple sentences had successfully shut the other party's mouth.

He was speechless.

“My manager ...”

Zhan Nanheng looked at his manager, who was still unconscious on the ground, and his eyes were filled with worry.

“I still have use for her.”

With a clatter, he placed the teacup back on the table, and a cold glint flashed across his eyes ...

.....

Lin Hanxing was just about to drive back to the Lei Corporation when he received a call from Madam Lei, who asked him to bring Yuan Bao home.

Yuan Bao had a swimming class today, and it happened to be at the swimming pool near the Lei Corporation.

As soon as they got out of the car, they saw Yuan Dabao and little grape walking out hand in hand.

“Did you have fun?”

The smile on Lin Hanxing’s face attracted the attention of the people around him.

“Mm! We’re full from drinking!”

As soon as Yuan Bao finished speaking, little grape burped in support of him.

“.....”

Lin Hanxing pursed his lips to stop himself from laughing.

Little grape, on the other hand, tilted his head and fiddled with his hair uncomfortably.

“Braids ... Braids ...”

Little grape blinked her big, watery eyes and suddenly opened her arms to hug Lin Hanxing’s thigh, looking up at her.

It was cute and soft.

Lin Hanxing felt as if his heart was about to melt, and he quickly helped her tie her hair into a bun.

Very quickly, Yue Guanqian’s guards took little grape away.

“First aunt ...”

Yuan Bao sneakily shook Lin Hanxing’s index finger.

Lin Hanxing lowered his head.

“I’m treating you to that.”

Looking in the direction of his chubby finger, he saw bamboo dumplings.

In the hot pot, there were bamboo dumplings that had been cooked. He took a knife and cut the middle of the bamboo, and the bamboo tube split open with a PA sound, revealing the sticky and fragrant zongzi inside.

There was also a plate filled with white sugar at the side, and the zongzi rolled into it ...

It was covered with white sugar.

Although it melted quickly, the bright sugar liquid looked very appetizing.

“Where did the money come from?”

Lin Hanxing raised an eyebrow and looked at Yuan Dabao, who had a weird expression on his face.

“Hehehehe ...”

Yuan Bao laughed like a squirrel guarding a pile of acorns in the middle of winter, and even tried to snap his fingers like on TV.

But of course ...

There was no sound!

“I found a hole in the floor of the study.”

Yuan Bao covered his mouth with one hand as he exchanged secrets with Lin Hanxing in a mysterious manner.

Lin Hanxing pretended to be surprised and widened his eyes.

Yuan Bao was quite satisfied.

She went to buy two bamboo dumplings.

Lin Hanxing leaned against the car and looked at Yuan Bao with his head tilted.

His body and mind, which had been exhausted by the many things that had happened today, were fully relaxed.

It was a wonderful feeling.

It should be the power of his family.

Leaning against the car, the two of them slowly ate the bamboo zongzi that was covered with white sugar.

The sweet and sticky texture stimulated his taste buds. Lin Hanxing was in a completely relaxed state. He had already formed a mature framework of what he was going to do next in his mind.

Thus, a bold decision was made!

.....

Lin Hanxing held Yuan Bao's hand and returned to the Lei clan. It was almost time to get off work.

But unexpectedly, the Thunder valiant beast had visitors.

Special Assistant Anthony was sorting out some documents. When he saw Lin Hanxing and the rest, he immediately stood up and went to welcome them.

“Ah Xiao has a guest?”

Lin Hanxing handed Anthony the bamboo zongzi that he had brought back and looked at the tightly shut door of the president’s office.

“BOSS said that if miss Lin comes back, you can go in at any time.”

Anthony spoke as he ate, no longer as cold as he was when he was dealing with his subordinates.

However, he quickly added.

the one inside is Mr. Yuan shaojing’s distant nephew. He just rushed over from country G, hehe.

The last two words clearly had a deep meaning.

Lin Hanxing left Yuan Bao outside and walked towards the president’s office.

Since ah Xiao said that she could enter at any time as long as she came back, it proved that this guest’s visit was not valued or welcomed by him. She was very curious about Yuan shaojing’s distant nephew ...

He didn’t look for Yuan shaojing immediately after getting off the plane, but instead came to look for ah Xiao ...

What was his purpose?

He pushed the door open and entered.

The conversation inside stopped abruptly.

Yuan Kang turned around with anger in his eyes, but his eyes widened when he saw the other party’s face.

Beautiful!

She was so beautiful that it moved one’s heart.

If it wasn’t for the inappropriate occasion, he really wanted to go up and chat with her. Perhaps a romantic encounter would be good.

Suddenly.

As if sensing the man sitting on the main seat suddenly erupting with a gloomy anger, Yuan Kang unhurriedly turned his head, wanting to make an exception and say a few words for this little beauty who did not know the rules, but just as he met Lei Xiao’s gaze ...

However, Yuan Kang was surprised to find that Lei Xiao, who had not shown any change in his expression since he came in, was now looking at him with a fierce look ...

He didn’t see wrong, did he?

The person who made the Thunder valiant beast angry was him, not that little beauty?

“President Lei.”

Suddenly, Lin Hanxing’s alluring kiss seemed to be able to seduce her to the bone.

He casually fiddled with his slightly curly long hair and sat down on the Thunder valiant beast’s lap with a seductive look. Yuan Kang was dumbfounded as he finally understood why he had triggered the Thunder valiant beast’s anger.

Didn’t they say that this young master Lei didn’t get close to women?

It turned out to be nothing more than this.

“When are you done?”

Lin Hanxing’s small hands were placed on Lei Xiao’s chest, obviously in a playful mood.

“Immediately.”

Accompanied by Lei Xiao’s displeased deep voice, Lin Hanxing felt a sudden pressure on the back of his head. His entire face was buried in the pit of his neck, and his breath was filled with the fragrance of mature Dragon saliva.

Overbearing!

“CEO Lei, I’ve conveyed the other party’s intentions. They sincerely hope that we can join forces.”

Yuan Kang tactfully ended the topic.

Knowing that the other party was Lei Xiao’s woman, he naturally did not dare to look around, even his expression was serious.

Soon, Yuan Kang chose to leave.

After the door was closed from the outside, Lei Xiao’s palm smacked Lin Hanxing’s butt.

“Are you still messing around?”

Lin Hanxing laughed and put his arm around Lei Xiao’s neck. The hit just now did not hurt at all.

Moreover, he still had a favor to ask of him.

“What’s he doing here?”

Lin Hanxing leaned close to Lei Xiao’s ear and asked softly, her red lips brushing against his ear as she spoke.

Lei Xiao grabbed her waist with his big palms and lifted her up abruptly, placing her on the black heavy wood president’s desk in front of him.

the first and second wangfei of country G’s royal family are trying their best to win the support of uncle Yuan and me.

Thinking of Yuan Kang’s gaze on her, Lei Xiao’s face darkened.

Lin Hanxing looked at Lei Xiao upon hearing this.

It was understandable to fight for Yuan shaojing's support, but to fight for his ...

He kicked Lei Xiao's knee with the tip of his foot.

"You have nothing to say?"

Her long hair cascaded down her sides like a waterfall. She kicked again and again when she didn't react.

"I have something they want."

The Thunder valiant beast finally spoke.

"I'll say it all at once."

Lin Hanxing continued to kick him, even his eyes were filled with curiosity.

It was almost time to get off work, so Lei Xiao casually pulled out his belt and threw it aside. He unbuttoned two buttons to completely relax himself, and his collarbones were reflected in Lin Hanxing's eyes without any warning.

Before she could come back to her senses, Lei Xiao had already leaned over and whispered two words into Lin Hanxing's ear.

Now, Lin Hanxing finally understood why the first and second wangfei were so optimistic about Lei Xiao's support.

Whoever could get Yuan shaojing's support would at most receive financial support.

However, if he could get the Thunder valiant beast's support ...

"I also have something to tell you."

Lin Hanxing tilted his head as he thought about his bold idea. He was still thinking about how to win the support of the man in front of him.

"What?"

Lei Xiao rested his elbow on the armrest of the president's chair. His eyes fell on her face, and no one knew what he was thinking.

"I want to go to country G."

There was nothing Lin Hanxing could not say to Lei Xiao, so he briefly described what had happened that afternoon. From the beginning to the end, Lei Xiao did not say a word.

The two of them sat with their knees against each other, the night sky outside the huge floor-to-ceiling window behind Lei Xiao.

It was full of artistic conception.

"What time?"

After listening to her story, Lei Xiao raised his head and looked at her with a deep gaze.

“Tonight. I’ll be back tomorrow.”

Lin Hanxing did not hide anything from him and said what was on his mind.

it takes five hours to fly from Jiangcheng to country G. If we have our own route, the time can be shortened by a lot by taking a private jet.

The Thunder valiant beast said in a low voice.

“I’ll help you buy this time.”

With that, Lei Xiao picked up his phone and called Liang yuran.

Very quickly, even the arrangement of the air route was completed.

Throughout the entire process, the explanation that Lin Hanxing had prepared was completely useless. He even felt like a good-for-nothing who just sat there and listened to him arrange everything.

“We’re going to uncle Yuan’s place tonight, so the time is set at 1:30 in the morning.”

Just as Lei Xiao finished speaking, Lin Hanxing had already opened his arms.

“Please ...”

Lei Xiao didn’t react for a moment. When he came back to his senses, his body had already caught Lin Hanxing in his arms out of reflex.

“Why are you so good!”

She was already prepared that Thunder valiant beast wouldn’t let her go, but she didn’t expect him to help her with everything.

The Thunder valiant beast carried her weight and leaned back.

His slender fingers ran through Lin Hanxing’s long, soft, seaweed-like hair. When he spoke again, his voice was a little helpless.

“If I don’t let you go, you won’t go?”

Lin Hanxing thought about it and shook his head.

then that’s it. Rather than letting you take any risk in this kind of thing, it’s better for me to help you prepare everything first. It also saves me the worry and fear for you.

Lei Xiao turned the president’s chair around and faced the floor-to-ceiling window that occupied one-third of the entire president’s office.

The Twilight scenery outside would more or less give people an extremely strong sense of loneliness.

All these years, Thunder valiant beast had always felt the same.

However, ever since Hanxing appeared, everything in his world had changed.

Although his possessiveness sometimes made him want to lock her up, most of the time, he wanted to be the wings of cold star and let her do what she wanted in a wider space.

He had no scruples!

"I'll make arrangements for everyone, on the condition that ..."

Lei Xiao suddenly hugged Lin Hanxing tightly, his eyes filled with ferocity.

don't get too close to Zhan Nanheng!

Lin Hanxing was so caught off guard that he almost stopped breathing, but ...

She loved his domineering ways!

"I promise!"

Lin Hanxing stretched out his hand to swear and stole a kiss on the corner of Lei Xiao's lips.

"In China ..."

I'll immediately get someone to use Zhan Nanheng's name to buy the tickets for the other 30 plus flights at the same time in China. I'll put on a smokescreen for now. When the time comes, I'll arrange for Zhan Nanheng's manager to board the plane with someone else.

In two days 'time, Zhan Nanheng had to be sent to the palace in one piece. This was an impossible task in the eyes of others ...

However, Lin Hanxing loved to challenge the impossible!

At this moment, Lin Hanxing still did not know that the time that Lei Xiao had bought for her had played a crucial role the next day.

Of course, this was a story for later.

Let's not talk about it now.

"Also, there's something I need you to do for me."

Lin Hanxing tilted his head and looked at Lei Xiao.

In the past, she had always been used to solving problems alone. She did not know when it started, but because of the Thunder valiant beast's appearance, she actually had someone she could rest assured and rely on. It allowed her to take a breath of relief when she was tired.

Lei Xiao raised his eyebrows and looked at Lin Hanxing.

Was this girl addicted to ordering him around?

However, why not?

Lin Hanxing made a hand gesture to the computer and Lei Xiao turned the president's chair back to the desktop.

After Liang yuran's special improvement, the system of his computer could achieve 98% anti-hacking, which was extremely safe.

Lin Hanxing's hands were flying across the keyboard.

Very quickly, he pulled out a file and copied it onto the desktop of Lei Xiao's computer.

"This is ..."

After Lin Hanxing opened it, Lei Xiao's eyes darkened and his sharp brows raised in amusement.

this is the evidence of he Wenbo and he zhehan's cooperation in illegally harvesting Chinese yew and exporting them overseas to make huge profits. I need you to help me spread it in Jiangcheng as quickly as possible.

Lin Hanxing's smile was full of meaning.

He zhehan, you don't really think you can escape this, do you?

.....

When the two of them returned to the Lei family's residence with Yuan Bao, it was just in time for dinner.

The Lei family was having hotpot tonight.

The boiled milky white and fiery red Mandarin Duck Soup was rolling.

A large table full of meat and vegetables was placed on the plates, and it looked very appetizing at first glance.

Lin Hanxing and Lei Xiao changed their clothes and came down just in time.

Madam Chen had just served her signature dish, crispy meat, to Yuan Bao, who picked up a piece and put it in his mouth without a word. It was so hot that he fanned himself with his hand, but he still couldn't resist the temptation of the crispy meat.

With salt and pepper, Yuan Bao alone could finish a whole plate of it.

Madam Chen placed the improved fried crisp vegetables in front of Lin Hanxing. There was a lot of them, obviously because she thought she was too thin.

The sound from the television could be heard faintly.

"Today, the police destroyed ..."

"Madam Chen, turn off the TV ..."

Mother Lei shouted. Someone had turned the volume of the television so high that she could not hear her daughter-in-law clearly. How annoying!

Mother Chen walked over to turn off the TV as per mother Lei's instructions, but ...

When she saw the scene on the TV ...

"Madam, Sir ... Come here quickly!"

Madam Chen rarely lost her composure, and even her voice changed.

What was going on?

Lin Hanxing bit on his chopsticks curiously. From her angle, she could see mother Lei's shocked expression and wide eyes when she walked over.

At that moment, his phone vibrated.

Lin Hanxing looked down and saw that it was a message from uncle hai.

He was looking at the news.

There were only three words with an unknown meaning.

Lin Hanxing thought about how shocked Madam Lei was when she walked to the television and immediately opened Weibo and other mobile apps.

Very soon, she knew what uncle hai had asked her to see!

.....

The night was dark.

In the hotel, Cheng Lingyun was wearing silk pajamas and gently caressing her lower abdomen.

Her charm was still there.

At this moment, her eyes were red, as if she had been crying for Yuan susu the whole day. She looked even more pitiful.

This was the scene Yuan shaojing saw when he returned.

"Big brother Yuan ..."

Cheng Lingyun suddenly threw herself into his arms.

"Susu is so pitiful."

As she cried, she buried herself in Yuan shaojing's arms.

It was quite a hint.

Suddenly, Yuan shaojing picked Cheng Lingyun up in his arms.

"Don't cry,"

As the tie covered Cheng Lingyun's eyes, all the cells in her body started to get excited.

This was their favorite game recently ...

#### [Chapter 1040](#)

1040 She asked you to harm me

It was almost nine O'clock.

Lei Xiao drove the car to the hotel, and Lin Hanxing, who was sitting in the passenger seat, was communicating with his men through the Bluetooth headset.

At the entrance of the hotel, there were many reporters.

It was as if they had gone crazy, blocking the road so tightly that not even a drop of water could flow through, as if they were afraid of missing out on the big headlines.

Lin Hanxing quickly hung up.

His cold gaze fell on the reporters not far away.

Lin Hanxing had obviously expected this to happen when he saw the news that night.

Knock, knock, knock.

Just as he was thinking, there was a knock on the car window from outside.

Lei Xiao rolled down the car window with the central control and looked at the expressionless uncle hai.

“Please follow me.”

Soon, the three of them passed through the temporary emergency passage at the other end of the hotel. Five minutes later, they were already standing in the hotel lobby. The revolving door was guarded by security and police, for fear that the reporters would sneak in.

The elevator door opened with a ding.

Lin Hanxing walked into the elevator expressionlessly. Perhaps Cheng Lingyun didn't know at this time that her so-called glory and wealth were gradually approaching the countdown stage like a hourglass.

The elevator stopped when it reached the third floor.

The moment the door was opened, Yuan Kang, who had just finished swimming, was about to walk in. However, when he saw the person inside, he was slightly startled.

But very quickly, the other party came back to his senses.

“Mr. Ley, we meet again.”

Yuan Kang was wearing a white bathrobe, and his body smelled like he had just taken a bath after swimming.

The Thunder valiant beast glanced at him coldly, but did not even respond.

Yuan Kang didn't seem to care. He could clearly see Lin Hanxing through the smooth elevator wall.

He had originally thought that she was at most young master Lei's lover.

However, when country G sent the information over, Yuan Kang realized that he had been completely fooled by this woman in the Lei corporation's president's office this evening.

She wasn't a lover, but the daughter-in-law of the Lei family.

Lin xiaojiu, who had returned after 18 years of disappearance and turned the tables around!

In the reflection on the elevator wall, Yuan Kang's eyes were fixed on Lin Hanxing.

She was wearing a white silk shirt under a caramel-colored cashmere coat. The collar of the shirt was rolled down, making her small face look even more frosty and snowy. There was only a small white Pearl hanging from her swan neck to her collarbones.

She was so beautiful that it made one feel captivated.

Even though Lin xiaojiu was standing beside a man with such a powerful aura, he could not hide the radiance of Lin xiaojiu's body.

Just as Yuan Kang was thinking about this, the phone in his bathrobe pocket started vibrating crazily.

He connected the Bluetooth headset, but after listening to a few words, his expression immediately changed.

Yuan Kang had originally planned to come down on the floor he was staying at, but he immediately changed his mind. He looked at the three people's reflections on the elevator wall, his eyes filled with an indescribable profoundness.

Soon, the elevator reached the top floor.

The four of them exited the elevator together.

The security patrol in the hotel was obviously more frequent than before. After all, all the reporters in Jiang city were gathered downstairs at this time, as if they were desperate to get first-hand interview materials.

"Young master Yuan Kang, please hold on."

When they were about to reach the door, uncle hai expressionlessly reached out and stopped Yuan Kang, who was following them.

"When I moved in today, I wanted to say hello to uncle hai, but you stopped me. Why can't I come if they can?" Yuan Kang's expression changed. He raised his brows and was a little angry.

"Mr. Yuan asked me to tell you this."

"Don't have any thoughts that you shouldn't have. As long as the yuan family is still alive, they will not stand on the side of any imperial family."

Uncle hai said with a cold and serious expression.

For a moment, Yuan Kang's face turned a little ugly.

Xuanji country's first and second wangfei are both trying their best to win the support of uncle Yuan and me.

Lin Hanxing suddenly recalled what Lei Xiao had said in the Lei clan's president's office today.

At that time, ah Xiao only said this.

Now that he thought about it, Lin Hanxing couldn't quite figure out if Yuan Kang was working for the first princess Consort or lobbying for the second Princess Consort.

As she thought of this, she looked over at Lei Xiao.

With just one look, Lei Xiao had already seen through what she was thinking.

His fingers silently made a two.

Oh, it was the second Princess Consort.

From the looks of it, they should be considered enemies.

With a cold snort, Yuan Kang turned around and walked back to the elevator. He swiped his card and went downstairs.

Uncle hai looked in Yuan Kang's direction gloomily. He didn't turn around until the elevator door closed.

"Mr. Yuan is already waiting for you inside. You can go in."

After uncle hai finished speaking, he stood at the door.

A few Men in Black suits walked out of the dark and stood on both sides.

Lin Hanxing wanted to press the doorbell ...

"Miss Lin, you can just go in directly."

Uncle hai spoke again.

Lin Hanxing glanced at him, then pushed the door open and walked in with Lei Xiao.

A click.

The door was closed from the outside.

The room was a little dark, and the sounds of men and women could be heard from the other end of the bedroom.

After the sound of the sofa being slapped, a red light lit up.

It was the light of a lighter.

It suddenly illuminated Yuan shaojing's face.

Almost at the same time, the television screen was turned on, and the news was on a loop.

today, the police destroyed a criminal gang that was using a bar as a cover after receiving reports from the public. They found a large number of seiqing videos and photos ...

On the internet, someone quickly revealed that this batch of videos and photos contained a rich lady who had just announced her marriage and pregnancy. As soon as these words came out, it immediately set off a huge uproar on the internet!

Cheng Lingyun's videos and photos were exposed.

At first, it was even censored. Later, when the uncensored high-definition photos were released, the whole of Jiang city was in an uproar.

The video lasted from 15 seconds to two and a half minutes.

The spreading speed was like a wildfire, uncontrollable.

Anyone who had a smartphone could appreciate her still-attractive figure through the screen.

“Have a seat.”

Yuan shaojing hadn’t smoked for a long time, but he made an exception today.

Perhaps it was the sound of the TV outside that made Cheng Lingyun feel that something was wrong. The moment she removed the tie that was blocking her vision, she started screaming uncontrollably!

She didn’t know the person in front of her!

“Help ... Let go ... Big brother Yuan ... Save me ...”

Cheng Lingyun started to struggle.

After a few rounds, she finally ran out of the bedroom in a hurry.

However, when she saw the two men and a woman sitting in the living room, she was stunned.

Yuan shaojing raised his head.

He asked her in a dark and expressionless voice.

“Comfortable?”

Cheng Lingyun’s mind went blank.

“Big brother Yuan ... You ...”

Wrapped in the bed sheet, she took two steps in Yuan shaojing’s direction in disbelief, but when her eyes met Lin Hanxing’s, she suddenly started screaming madly!

“Li Yanyu! She asked you to harm me, right? It’s Li Yanyu!”

The veins on Cheng Lingyun’s neck were popping out.

Yuan shaojing didn’t say anything else, he suddenly stood up and gave her a vicious slap on the face!
