

Goodnight 1071

[Chapter 1071](#)

1071 Do you even need to ask, I'm just scamming you

"You're basically extorting me!"

At this moment, the second Prince was like a powder keg that would explode at the slightest spark. The joy of clearing his debt was instantly drowned by overwhelming anger. He was anxious and angry at the same time, and he spoke gloomily.

Lin Hanxing sneered, his face full of mockery.

Her body language clearly showed her answer to everyone.

Yingluo, do you even need to ask this? I'm tricking you!

"What if I don't?"

The second Princess Consort forcefully suppressed her anger. She was only one step away from the crown prince's position, but she had made such a mistake!

How could she not be angry?

Lin Hanxing turned to look at the second Princess Consort. His eyes were cold and silent, but there was a sense of hostility in them.

"Then, second Princess Consort, you can try!"

A cold and magnetic voice suddenly interjected, making people's hearts tremble.

Lei Xiao stood up and walked towards Lin Hanxing.

His handsome and strong body was wrapped in a purely hand-made high-end custom-made dark suit, and his whole body exuded an oppressive feeling. His facial features were cold and wild, and his sharp eyes hid a chill, powerful and awe-inspiring.

"Mr. Ley ..."

It was obvious that the second Princess Consort was deeply afraid of him!

Lei Xiao did not even look at her. He took the MacBook Air from his bodyguard's hand, and with the muffled sound of keyboard tapping, the conference screen display system on the large wall of the cabinet meeting hall slowly slid down under everyone's astonished gazes.

What was going on?

the video in my hand has already been connected to various media broadcasting systems in country G through a special encrypted channel. As long as I press this button and after the countdown, the entire country G will be able to enjoy the second Prince's 'great achievements'!

Lin Hanxing smiled faintly, crossed his left leg elegantly over his right, and leaned back in his chair leisurely.

Upon hearing this, the second Princess Consort and the second Prince's faces darkened.

"How much is it?"

The second Princess Consort now had a splitting headache when she saw that smiling face. She suppressed her anger and gritted her teeth.

"How much money do you want?"

The second Princess Consort raised her head and repeated her words.

This woman was simply a fiend!

When the great wangfei saw the video, her heart was filled with unspeakable sorrow and anger. At that time, her son had to run until his legs broke for the sake of eighty million, while the second Prince was wantonly squandering and enjoying himself. How could she be willing to accept this!

as expected of the second Princess Consort. You're so straightforward with your words!

Lin Hanxing patted his palm twice, making a crisp sound with a hint of sarcasm.

"Fixed price, this amount."

She slowly raised four slender fingers toward the second Princess Consort.

"Of course, there are eight more zeros behind it."

Lin Hanxing quickly added, his expression as innocent as could be.

One, Ten, One Hundred, one thousand, ten thousand, one hundred thousand, one million, ten million ...

There was also the four in front.

Not to mention the people on the second Princess Consort's side, even the first princess Consort's side widened their eyes when they heard this. Was this a one-time drain on the second Princess Consort?

"Do you think my family runs a bank?"

The second Princess Consort could not catch her breath. Her head was buzzing and she almost passed out!

When Lin Hanxing heard this, he looked at her with a strange expression.

"Doesn't your family own a bank?"

Yuan Kang couldn't help but burst out laughing.

The second Princess Consort's maternal family was a shareholder of a well-known local bank in Xuelan. Although the scale was not as large as the one under the yuan group, her family could be considered to run a bank, right?

The second Princess Consort was so angry that she had forgotten her roots.

The second Princess Consort felt her qi and blood surge, and she could not help but take a step back.

If it wasn't for the second Prince reaching out to support her, she would have probably fallen to the ground on the spot!

"Aren't you afraid that you won't be able to spend the money?"

He had sold more than a dozen properties all over the world and was still short nearly 200 million Yuan. Now she was asking for 400 million Yuan. Did he sell his house for nothing and lose money for nothing? was he even going to give her money?

Why didn't she just Rob someone?

Lin Hanxing raised his eyebrows and was about to speak, but then he seemed to have thought of something and turned to look at Lei Xiao.

"He's threatening me!"

She pointed at the second Prince with an innocent look.

Lei Xiao raised his eyes and looked over. His Dark Eagle eyes narrowed dangerously, and he looked at the other party thoughtfully.

He already gave people a sense of oppression, and at this time, he was even more authoritative, causing people to feel uneasy and panic. The second Prince felt a chill down his back, and in between his suffocating breaths, Lei Xiao finally opened his mouth.

"Ha."

The second Prince almost knelt down in front of him.

Even though Thunder valiant didn't say much, everyone could still feel the threat behind his words.

In the next second, Thunder valiant pressed the spacebar.

After two beeps, according to the system prompt displayed on the conference screen, the 120-second countdown had begun!

"Mr. Ley, you ..."

The second Princess Consort suddenly raised her voice, and her body tensed up.

"My hand slipped."

Thunder valiant beast said in a low voice.

"....."

"....."

"....."

"Can you find a good reason next time? Others will think that you're just brushing him off."

Lin Hanxing raised his head and 'kindly' reminded her.

"It was just perfunctory to begin with."

Lei Xiao lowered his head. When his eagle-like sharp eyes swept across her small, fair face, they were dyed with warmth.

“.....”

“.....”

“.....”

So, could the two of them not consider the feelings of single dogs?

Not far away, Shangguan shixiu's eyes were fixed on the two of them.

For so many years, he had never seen the cold and sinister Thunder valiant beast like this.

“You guys ...”

“Second Princess Consort, instead of wasting time talking to us, why don't you think about which is more important, money or your son?” Lin Hanxing changed the topic and glanced at the countdown on the screen.

100 seconds ...

90 seconds ...

80 seconds ...

“Stop! Make it stop!”

In all seriousness, the impact of this incident was far more serious than the strike of the banking industry just now!

“Sure, give me the money.”

Lin Hanxing's answer was also very straightforward, without any hesitation.

It was like a soul-stirring game. Everyone in the second Princess Consort's faction was nervous as the countdown began!

When it came to the topic of money, the second Princess Consort fell silent again!

In fact, she did have that amount of liquid funds in her account. She had gathered it through various channels in the past six months, and the amount was exactly what Lin Hanxing wanted.

He had originally wanted to wait for his son to sit firmly on the throne and use this money as his financial aid, but he did not expect ...

The second Princess Consort did not say a word and Lin Hanxing had no intention of speaking.

Who's afraid of who?

30 seconds ...

20 seconds ...

10 seconds ...

When there were only ten seconds left on the countdown, the second Prince suddenly grabbed his mother's arm and looked at her with pleading eyes.

If this video were to be leaked out ...

His dream of becoming the Crown Prince would be completely shattered!

Four seconds ...

3 seconds ...

Two seconds ...

"I'll pay!"

Second consort shamaga seemed to have used all her strength to say these two words!

His heart was about to split open!

That was 400 million Yuan!

400 million!

With a snap, time stopped at the last second!

"Uncle hai."

Lin Hanxing said coldly. Uncle hai handed the bank account he had prepared to the second Princess Consort.

At this moment, the second Princess Consort had no temper at all. She pulled him away weakly.

However, with just a glance, his eyes widened!

"What is this?"

He suddenly raised his head and glared fiercely at the first wangfei, almost spitting out a mouthful of blood from his heart!

the first one is our ah Xiao's account, and the second one is the account of the Chinese Welfare Fund project that the first Prince has been working on while he was alive. I'll have to trouble the second Princess Consort to have your people transfer half of the money to these two accounts!

The more she listened, the more twisted the second Princess Consort's expression became!

These people were really scheming. Not only did they take away her son's house, they even wanted to use her money to support the first Prince's Foundation?

He was the one who suffered and suffered, and his good reputation was given to that woman's son for nothing?

At the same time, the first concubine was also shocked by Lin Hanxing's words.

Back then, when he received her satellite phone call at the end of his rope, he would never have thought that she would give him such a great help today!

“What’s wrong? You’re not willing?”

Seeing that the second Princess Consort did not move, Lin Hanxing raised his eyebrows and looked at her.

His hands were about to ...

“Now, transfer the money to these two accounts, immediately! Immediately!”

If it could be said that the second wangfei had initially wanted to see with her own eyes how her arch-enemy, the first wangfei’s faction, would be annihilated, then after this series of face-smacking processes, her entire person was like a frost-beaten eggplant, on the verge of collapse!

The second Princess Consort leaned on her son’s body weakly and glared at Lin Hanxing.

Lin Hanxing did not mind, but it was obvious that Lei Xiao was not happy!

His sinister and dangerous cold eyes looked at the second Princess Consort in silence. He was extremely cold.

No one would be able to stand it!

The second Princess Consort turned around and slapped Yuan Lao san’s face fiercely.

“The yuan family! Good job!”

Everything happened so suddenly.

He directly hit Yuan Lao San until he was dumbfounded.

After a long time, he raised his hand to cover the place where he had been hit!

Yuan Lao san’s heart was full of grievances, but more than that, he was unwilling and angry that the glory and wealth that was about to be in his hands had turned into nothing in the blink of an eye. It was all because of that damned woman!

Big brother is crazy!

The yuan family was truly finished this time!

When the second imperial consort recovered, they would be the first ones to be operated on!

After a while, the meeting hall was so quiet that one could even hear a pin drop.

Shangguan shixiu suddenly coughed twice.

His sickly handsome face was pale without a trace of blood, as if a gust of wind could take him away. But even so, no one present could underestimate him, or rather ...

He had underestimated the Shangguan family behind him!

“It seems that the second Prince has indeed lost his virtue and will not be able to hold the position of Crown Prince!”

Shangguan shixiu’s voice was very cold, which was different from Lei Jing’s ice sculpture-like coldness.

The second Princess Consort’s eyes widened. She didn’t expect that Shangguan shixiu would also switch sides!

but the crown prince’s position can’t be vacant. There’s no one else besides the second Prince!

Gong Chen said in a deep voice.

Song Chenxi did not say anything.

The gong and song families behind them should support the second wangfei and the second Prince.

“Who said there are no other candidates?”

Lin Hanxing chuckled and looked at Gong Chen, who was not far away. There was a hint of ridicule in his voice.

When the trusted aides behind the great consort heard this, they were stunned at first, then they could not help but reveal surprised expressions. Could it be ...

No!

That was impossible!

The second Princess Consort turned her head abruptly, and her people shook their heads in unison.

All the records showed that Eric Zhan Nanheng had absolutely no record of entering country G, so how could he have appeared out of thin air?

The great Wang Fei suppressed her excitement.

She did not lose, she really did not lose!

“Miss Lin, you mean ...”

Gong Chen furrowed his brows. He obviously knew some inside information about the royal family.

In fact, many people here knew about old SU’s relationship with Zhan Nanheng’s mother.

Back then, old su did not fall in love with Zhan Nanheng’s mother, who was a Chinese commoner. However, out of consideration for the interests of the royal family, old su did not marry the first princess Consort in the end ...

Mother Zhan left country G to settle down in Jiang city after she got pregnant.

Eric’s identity as Zhan Nanheng wasn’t anything new to the royal family.

After mother Zhan’s death, Zhan Nanheng insisted on leaving the palace.

Not long after, he shot to fame in the entertainment industry and became a National idol known to every household. Because of the existence of the first and second princes, no one in the royal family ever took the initiative to mention this son who had no title or status.

Until the first Prince's accident.

The first wangfei obviously wanted to send someone to bring Zhan Nanheng back, but the latter seemed to have sensed something. He had taken the opportunity of going to Jiang city to sign the book and had yet to return to country G. And such an action ...

It had clearly saved his life!

If he was still in Jiang city, the second Princess Consort's men would not let him off so easily!

"Isn't he already here?"

Lin Hanxing seemed to be in a good mood as he patiently answered Gong Chen's question.

As soon as he finished speaking, not to mention the first and second Princess Consort's people, even Uncle Yuan kanghai was shocked!

Of course they knew Eric was here.

However, ever since they entered the yuan family, Zhan Nanheng and the mute uncle seemed to have vanished from the face of the earth and never appeared again. The mighty fleet of 15 Mercedes Benz Maybach S600s was left to them to guess ...

She couldn't think of which car Eric was in either!

Everyone's eyes followed the direction where Lin Hanxing's finger was pointing ...

At the end of his line of sight ...

Standing there was the Thunder valiant beast's 'bodyguard'!

He lowered his head, just like the other bodyguards of Thunder Valiant's, and was not conspicuous at all.

Or rather, no one had noticed him at all!

The other party slowly raised his head, revealing a handsome baby face that had been slightly disguised.

There was even a mocking smile on the corner of his mouth.

Everyone was shocked!

It really was Eric Zhan Nanheng!

Many of them even rubbed their eyes subconsciously to make sure that it was not an illusion caused by their own eyes!

However, even though he had rubbed his eyes ...

Zhan Nanheng was still there!

Everyone was in an uproar!

“Impossible! That’s impossible!”

The second Prince was the first to roar in anger. The cabinet meeting today had started with the fear that such an accident would happen, so the security measures were one hundred percent seamless. It could even be said that unless Zhan Nanheng could escape underground, there was no way he could enter ...

Song Chenxi sighed in her heart.

So it really wasn’t an illusion.

She had also accidentally discovered that Lin Hanxing’s bodyguards had been quietly switched out when everyone’s attention was focused on her and Zhiyun.

At first, she thought that she was just too suspicious, but she didn’t expect ...

Only the ninth young lady had the guts to do such a thing under the eyes of those people!

No wonder the ninth young lady had made such a big scene back then ...

A ray of hope at the end of the tunnel!

At this time, the faces of the first wangfei’s remaining trusted aides all showed expressions of having survived a disaster, and even their eyes were red!

In the beginning, they had really thought that they would lose!

He was even prepared to die!

However, who would have thought that they would have a chance to turn things around when they had been humiliated to the point of dust!

He was exhaling with pride!

Zhan Nanheng walked towards the center of the meeting hall.

Step by step, it was as if he wanted to kick back all the dark and oppressive feelings he had suffered over the years to these people!

His eyes, however, fell on Lin Hanxing, who was not far away.

If he had not been personally involved, Zhan Nanheng would never have thought that he would be able to live such a thrilling life one day!

From the moment he landed at the Sosnovka Military Base, he had been constantly moving around under the enemy’s eyes.

Zhan Nanheng, who was originally extremely afraid and worried, seemed to suddenly have a sense of belonging when the mute uncle passed on Lin Hanxing and Lei Xiao’s intentions to him on paper.

He trusted her!

The person who was born in the same year, same month, and same day as him.

The person who had a mole at the corner of his left and right eye.

That ...

He jokingly called her his fiancée!

From the moment the fleet of 15 Mercedes Benz Maybach S600s entered the inner courtyard, perhaps no one would believe that everything that happened after that was just as Lin Hanxing had expected.

From the moment he entered the cabinet's parliament building to the song sisters' dispute, the crowd's attention had been drawn to something else. It was precisely because of this that Zhan Nanheng found it unbelievable!

Lin Hanxing had even prepared a second plan!

When Zhan Nanheng walked into the cabinet meeting hall, he felt like he was in a dream.

His childhood friend had actually used the 'dark under the light' blind spot of his thinking to successfully deceive the powerful security measures prepared by the second Princess Consort and the second Prince without being discovered by anyone!

This ...

It was a bold and exciting adventure!

Hanxing really knew how to manipulate people's minds.

The great wangfei's expression was still dignified.

However, only she knew how tightly her hands were clenched under her long sleeves!

Although she had a vague guess the moment she recognized the girl's voice, when Eric Zhan Nanheng really appeared here unscathed in front of her, the first consort felt her heart thumping!

It was unbelievable!

If it wasn't for the inappropriate occasion, the first wangfei would have put her hands together and prayed.

This morning, she had really been full of ups and downs!

It was shocking!

"What, are you surprised to see me?"

Zhan Nanheng's baby face had a never-before-seen cold and determined expression as he raised his eyebrows and looked at the second Princess Consort.

At this moment, everyone in the second Princess Consort's faction looked at Zhan Nanheng as if they had seen a ghost!

Even someone as smart as Yuan Kang couldn't figure out the true secret behind it, let alone them.

The second Princess Consort's face turned pale!

She leaned her entire body weight on her son!

How did this happen?

How ... Did this happen?

There was clearly no entry record of Zhan Nanheng anywhere, so why did he really appear out of thin air in front of her?

Suddenly, as if she had thought of something, the second Princess Consort turned her gaze to the Thunder valiant beast!

His eyes were filled with shock!

From the bottom of his heart ...

Shocking!

[Chapter 1072](#)

1072 From the beginning to the end, he was schemed against

It was him!

In order to get Lei Xiao's support, she had personally promised that if he could arrive in country G in person, she would open the Royal airport!

That was a special privilege that she had opened up for this man!

There was no need to go through the security check at all!

How could she have imagined that just when she thought she had set up an inescapable net and was waiting for Eric to stupidly walk right into it, he had already landed safely in her base camp and swaggered around, waiting to give her the most painful blow!

That woman looked at her smugly!

Look at how arrogant she is!

However, just when she thought that victory was in her grasp, he first angered her and then set up a trap layer by layer, causing the situation to get more and more out of control until he drew out all their cards one by one!

Even they had been defeated so badly, so who would object when Eric came out?

Who dared to oppose?

It was only at this moment that the second Princess Consort had connected everything together!

Neither too fast nor too slow, they pushed forward layer by layer!

What a good scheme!

What a good strategy!

It turned out that she had been in someone else's trap from the beginning to the end!

"Second Princess Consort, how does it feel to play a good hand of cards until it's broken?"

Zhan Nanheng had been standing behind the crowd from the beginning to the end, watching her turn from smugness to defeat. That kind of pleasure was something that no one else could understand!

All these years, if he had not become one of country G's top stars, he would have died countless times under the second Princess Consort's threats. The feeling of living in the light, but being trampled into the dust by life ...

He didn't want to live like this ever again!

The second Princess Consort's entire body trembled violently from the anger she had been suppressing. Her eyes were fixed on Zhan Nanheng!

It was as if he wanted to swallow him alive!

A good hand of cards was broken!

Right now, he had already played all the good cards in his hand to the ground!

"What's wrong? And you want the second Princess Consort to write you a year-end summary?"

Lin Hanxing's tone was lazy as he sat in front of the group of people, but it could not hide his powerful aura.

At this moment, he was supporting his chin with one hand, his expression relaxed.

The mute uncle had already walked behind her and stood there silently.

"How would I dare to trouble the second Princess Consort!"

As the two of them echoed each other, the second Princess Consort's expression could no longer be described as ugly!

As for her trusted aides who were still beaming with joy a moment ago, their faces were now ashen. They had shocked expressions on their faces as they stood rooted to the ground, staring straight at Zhan Nanheng's face.

As for those who had originally belonged to the first wangfei's faction, they had switched sides in order to protect themselves ...

He regretted it so much that his intestines turned green!

If they could turn back time, they would hug the great wangfei's thigh tightly no matter what and would not let go!

Lei Xiao's bodyguard walked over.

The second Princess Consort's 200 million Yuan had been transferred to his account.

The great consort had obviously received the message as well, and she nodded at Lin Hanxing.

“Thank you, second Princess Consort, for your generosity. You are the most generous person I have seen in the past two years ...”

Lin Hanxing was obviously in a good mood. Compared to the second Princess Consort, who was as pale as a sheet, her porcelain skin had a healthy light pink color, and even the mole at the corner of her eye was tainted with a seductive color.

Oh, she had helped her wild man earn a huge sum of money again!

I’m so happy, I’ll be able to find a reason to kiss, hug, and raise you up again!

After hearing Lin Hanxing’s ‘praise’, the second Princess Consort, who was already on the verge of passing out from anger, felt even more heartbroken!

Her money!

Her 400 million Yuan!

Just like that, he was fed to the enemy!

Even if she threw the money into the water, she could still hear the sound of it gurgling. She had saved it for so long, but it had been made for someone else for nothing. Who could bear it?

“Now, you can start voting!”

Lin Hanxing’s hand gently brushed past the exquisite su embroidery on the cloud brocade, his tone obviously nonchalant.

He raised his hand and beckoned to the people behind the second Princess Consort.

In Shangguan shixiu’s eyes, that look was as cute as it could get.

Uncle Liang, who was standing next to Shangguan shixiu, could clearly feel the emotional fluctuation of his young master. For someone who had once had a conflict with Lin Hanxing because of Shangguan Yilu, he really didn’t have a good impression of that woman.

However, uncle Liang had to admit that ...

Compared to these people, that girl surnamed Lin could be considered to have been merciful to miss Lu!

Um ...

It wasn’t just showing mercy, it wasn’t even painful!

With miss lü, she had at least only lost a pen!

The losses these people suffered were ...

Vote?

What vote!

Even the second Princess Consort and the second Prince had been completely subdued, what were they?

“You ... You guys ...”

The second Princess Consort felt her blood rush to her head, and a metallic taste rose in her throat. She absolutely couldn't let the first princess Consort be so arrogant and complacent. She absolutely couldn't let Eric become the crown prince's candidate. She absolutely couldn't ...

The second Princess Consort was so angry that she vomited a mouthful of blood!

“F * ck!”

He vomited blood!

It wasn't the kind of face that sister Lin covered with a white handkerchief on TV!

He had really vomited a large mouthful of blood!

Yuan Kang was the closest to the scene, so he naturally saw it the most clearly. At this moment, he was flabbergasted and his face was filled with shock!

I've really lived long enough to see it!

After vomiting blood, the second Princess Consort's eyes rolled back, and she fell limply into the second Prince's arms!

I can't let this cabinet meeting continue even if I die!

I can't even die!

“Mother ...”

“Second Princess Consort ...”

Chaotic voices rang out from all directions. Those who could sit in the important positions of the inner cabinet were all smart people. They naturally understood the meaning behind the second Princess Consort choosing this time to faint!

“You've guessed it again!”

Zhan Nanheng looked at Lin Hanxing helplessly. Could she not be so smart?

At the time, his childhood friend had told him that the battle for the Crown Prince would not have an outcome today. Even if he appeared, it would not change anything.

Zhan Nanheng didn't believe it at first.

Especially when he heard that the second Princess Consort would really faint OR pretend to faint.

In his opinion, the second Princess Consort was such a prideful person. How could she be forced to that step?

I really don't understand women!

Lin Hanxing's palm was facing up, and he stretched out his hand and moved his fingers.

Zhan Nanheng resignedly took out his wallet and threw it at Lin Hanxing!

His eyes were filled with reluctance.

Today, she had helped the great consort create such a big momentum, so that his future path would be more smooth.

He would accept this favor!

However, she would be returning to Jiang city after this, right?

Before Zhan Nanheng's wallet could reach Lin Hanxing, it was intercepted by Lei Xiao.

Before Zhan Nanheng could react, the wallet was thrown back to his chest.

Virtue!

Zhan Nanheng thought to himself, don't be fooled by Lei's calm appearance, he's probably so jealous that he's knocked over so many jars!

Acting!

Continue acting!

Lin Hanxing raised his head to look at Lei Xiao. The others could not see the trace of a smile at the corner of his mouth.

"Are you jealous?"

Lin Hanxing poked the man's thin waist with his finger and mumbled.

Lei min's expression did not change as he held her small hand in his large palm.

"You can only spend my money."

The hoarse voice had a unique charm as it rang in Lin Hanxing's ears.

Chapter 1073-sudden change

The cabinet meeting, which was secretly planned by the second Princess Consort, ended in an almost absurd way.

At the same time that the obituary of the first Prince's death was conveyed to the entire Xuelan Kingdom, the royal family announced to the public that the position of Crown Prince was temporarily vacant and would be decided after the People's sadness had subsided.

Those who knew the inside story were all shocked!

It should be known that before the meeting of the cabinet, the people in the second Princess Consort's faction could be said to be all high and mighty. How could there be such a shocking reversal in the matter that was originally set in stone in such a short time?

The great wangfei had already been forced to the end of her rope, how could she turn things around?

When Lin Hanxing and the rest left the cabinet meeting hall, the news came.

Yuan Kang laughed in disdain.

This second Princess Consort really knows how to give me face!

He had clearly lost in a mess, but he could still find an excuse to win.

Lin Hanxing did not have much of a reaction to this, but his gaze swept past Lei Qian's large palm.

Oh, what position should she use to hold her wild man's hand in the most natural way?

He secretly moved his fingers ...

"Miss Lin, please wait ..."

Suddenly, hurried footsteps came from behind the group.

However, before he could get close, he was stopped by Lei Xiao's bodyguards at a safe distance.

"....."

How annoying!

I almost got it!

Lin Hanxing turned around.

With a gloomy face, he wanted to see who was so insensible!

Wasn't that Yuan laosan?

The man who had been bowing and scraping to the second Princess Consort earlier was now sweating profusely. When he saw Lin Hanxing turn around, a smile immediately appeared on his face, which still had a handprint on it. It was completely different from the look he had when he wanted to skin her alive.

"Is there something?"

Lin Hanxing said coldly, his eyes distant.

"Big brother is so far-sighted. I'm really ashamed ..."

Without waiting for Yuan laosan to finish his flattery, Lin Hanxing impatiently turned around and left.

"Miss Lin ... Miss Lin ..."

Yuan laosan's expression suddenly changed when he saw her leaving without saying a word. He reached out his hand and wanted to grab her.

However, before he could even touch Lin Hanxing's shadow, he had been sent flying by uncle Hai's kick!

With a thump, he fell to the ground.

He was dressed in a brand new outfit for today's cabinet meeting, and it was as dirty as a rag.

Lin Hanxing, on the other hand, did not stop.

"Ah hai!"

Yuan laosan suddenly raised his head. He was so angry that the White of his eyes turned red.

He's just big brother's dog, how dare he attack him?

He was rebelling!

"Mister Yuan San, I've reported everything you've done today to Mister Yuan."

Uncle Hai's expressionless face showed no joy or anger, but Yuan laosan's body trembled when he heard this. His anger subsided and was replaced with panic and uneasiness.

Big brother ... He knew?

"Mr. Yuan asked me to tell you to leave for Jiang city as soon as possible."

Everyone here was, of course, Yuan shaojing's younger brothers and sisters.

Yuan laosan was stunned.

Jiang city?

What was he going to Jiang city for?

"Mr. Yuan will officially announce his successor one day!"

After saying that, uncle hai chased after Lin Hanxing and the others without waiting for Yuan laosan's reaction.

Leaving behind Yuan laosan, who was still lying on the ground in shock.

He didn't even care about losing face.

Big brother is going to announce the successor?

After so many years, the most important thing in the yuan family, big brother was finally going to announce it?

Who was it?

Who would be the successor?

.....

After Yuan laosan's interruption, Lin Hanxing went down the stairs without any expression on her fair face.

The surroundings were enveloped by a low air pressure.

In the next second, her small hand was wrapped in a powerful palm.

It was like a hand that could control the universe.

Just like the owner of this hand.

Lin Hanxing stopped in his tracks and turned to look at Lei Xiao.

The low air pressure around him was swept away.

The group of people behind him also stopped.

“Why are you suddenly holding my hand?”

Even though he was happy, Lin Hanxing still refused to admit it. His exquisite palm-sized face was full of pride.

Thunder owl laughed.

His wife was more and more fond of making bogus accusations.

If Yuan laosan hadn't suddenly interrupted him, he would have been the one who was qualified to say that.

“Then I'll let go.”

The Thunder valiant beast opened his mouth and said these words, as if he was about to let go.

“Don't you dare!”

Lin Hanxing did not even think about it. After he was done, he even raised his little face and snorted at Lei Qian proudly.

“You were the one who took the initiative!”

Lin Hanxing was no longer as cold and powerful as he was in the cabinet's meeting hall. Even Lei Xiao was no longer as cold as a sculpture. His handsome facial features exuded a suffocating sexiness and indulgence.

“Yes, I was the one who initiated it.”

His wife's words were always right!

Another F * cking dog abuse that was caught off guard!

Yuan Kang couldn't help but ridicule in his heart.

What's wrong with bullying a single dog who has no human rights!

As they were talking, Lin Hanxing could feel an unfriendly gaze on him.

Following the direction of the feeling, he happened to meet the second Princess Consort and her group.

The second Princess Consort looked like she had suffered a great blow and was leaning on her son weakly. Now that they had met on a narrow path, she wanted to kill them with her eyes, eat their flesh, and drink their blood!

‘Damn it!’

This bunch of ants!

“Second wangfei, you must take good care of your health.”

“Although the money is gone, I’m still here ...”

Lin Hanxing’s lazy tone made it sound like he was in a good mood, his eyes sweeping over the pale and beautiful face.

“It’s better than having the money but not the person.”

The second Princess Consort clutched her chest when she heard Lin Hanxing’s words.

With a pfft, he was stabbed again!

Could she stop reminding herself that her account was completely empty?

After Lin Hanxing finished speaking, he pulled Lei Xiao’s hand and was about to walk towards the car.

I’ll let Zhan Nanheng know how wrong he was to decide to come back!

This time, she was careless!

But as long as the crown prince’s position was missing for one day, it was still uncertain who would win!

“Is that so?”

Lin Hanxing looked at the second Princess Consort with a half-smile on his face!

“Then we’ll wait and see!”

With that, he turned around and left, a faint mocking smile still on his lips.

After a long time.

There was a crisp slap behind him. The second Princess Consort had slapped the second Prince’s face.

“What a useless thing!”

If he wasn’t so greedy for gambling, how could he have let that woman grasp his lifeline and end up with both his personal and wealth?

The second Prince didn’t dare to make a sound.

A pair of vicious eyes stared in the direction Lin Hanxing had left!

“The yuan family, what a good Yuan family! Let’s wait and see!”

.....

Fifteen Mercedes Maybach S600s stopped in an orderly manner. The door of the car Yuan Bao was in was open. Yuan Bao was eating ice cream and chatting with Zhan Nanheng.

The man with his hands in his pockets was clean and otherworldly, and his natural baby face made people want to get close to him.

“Little fatty ...”

Reaching out to poke Yuan Bao's chubby little face, Zhan Nanheng only felt that it was really nice to touch!

You're the little fatty, your whole family is little fatty!

Yuan Bao swallowed the ice cream in one gulp, then clenched his chubby little fist and waved it at him without any threat.

It looked so soft and cute!

"Why?"

Yuan Bao said unhappily.

"What does little Hanxing hate?"

Upon hearing this, Yuan Bao cast a sidelong glance at Zhan Nanheng. On his small, fair face, his big, black eyes kept darting around.

He flipped his chubby little hand.

She reached out her palm towards Zhan Nanheng.

"Zhi! Inquire! Fei!"

"....."

Had their entire family fallen into the eyes of money?

Resigned to his fate, he took out a piece of money from his pocket and handed it to the little sheep.

Yuan Bao nibbled on his ice cream spoon adorably while folding the money neatly with his chubby little hands and stuffing it into his bag that he carried everywhere he went. Only then did he open his mouth in satisfaction.

"I hate pretty boys like you the most!"

Hmph, don't think that you can buy me over with money!

Baby will always be on uncle's side!

"....."

Coupled with Yuan Dabao's disdainful gaze, Zhan Nanheng felt that the money he had spent earlier had been wasted!

"I have a six pack!"

In order to prove that he was not a gigolo, Zhan Nanheng lifted the hem of his shirt to reveal his abdominal muscles!

"Haha, my uncle has eight pieces!"

Yuan Bao poured cold water on Zhan Nanheng as he ate his ice cream.

"I'm one of country G's top 1 celebrities!"

Zhan Nanheng was not to be outdone!

"Haha, my uncle is the president of the top 1!"

Yuan Bao continued to pour.

"I'm very rich!"

Zhan Nanheng was forced into a corner and vowed to save some face!

"Ha! Ha! Da?"

Yuan Dabao looked at Zhan Nanheng with a strange look. This time, he didn't even need to say anything, and Zhan Nanheng instantly understood.

Yingluo is richer than my uncle?

"....."

"....."

"....."

The bodyguard standing next to the two of them was speechless when he heard this conversation!

Only when he couldn't help it ...

Only then did he roll his eyes in his heart.

Yuan Bao stuffed the last mouthful of vanilla ice cream into his mouth, held his round belly in satisfaction, and began to bask in the sun.

"Hey, little fatty, you said I'm more handsome than your uncle!"

Yuan Bao felt his cheek being poked again!

Oh, so annoying!

Just as she was about to glare at him, her eyes lit up when she saw the thick stack of money!

She could buy a lot of snacks for little grape!

So many!

However, the little money-grubber Yuan Bao shook his head very seriously.

He jumped out of the car with a thud.

She was standing face to face with Zhan Nanheng, her hands on her waist, her little face fair and delicate!

"My uncle is the best in the world! It was the best! It was the best! It was the best! The best person!"

Five 'Best's in a row was enough to show the position of Thunder valiant beast in Yuan Bao's heart!

Even Lei Xiao's bodyguard was touched!

"Well, although my uncle has a habit of forcing people to tidy up ..."

"....."

"He also often hogged first aunt ..."

"....."

"He even smokes ..."

"....."

Yuan Dabao, who was getting more and more excited as he spoke, obviously didn't notice the strange change in the expressions of the people around him, especially Zhan Nanheng. He just pursed his lips and glanced at the man standing not far away.

The porcelain doll-like woman next to the man had her fingers clasped tightly together. She was pursing her lips and trying hard not to laugh.

As he spoke, Yuan Bao shivered.

She raised her head and looked at Zhan Nanheng, who was praying for good luck. She then stiffened her neck and turned back ...

"Waah, first aunt ..."

Without another word, Yuan Bao ran towards his umbrella.

However, before he could run, Lei Xiao's palm had already descended from the sky and pressed against his forehead, allowing the short Yuan Bao to struggle back and forth an inch away from Lin Hanxing!

"I'll send a 4! Before Big Uncle came, I was always exaggerating!"

Yuan Bao weakly raised his little hoof, looking as pitiful as he could be!

Expressionless, Lei min scooped up Yuan Bao in his arms with one hand and glanced at Zhan Nanheng.

"I'll wait for you in the car."

These words were directed at Lin Hanxing.

The moment he finished speaking, Zhan Nanheng's expression was one of shock!

Even Yuan Bao was the same.

Yuan Bao boldly touched the Thunder valiant beast's forehead with his little hoof.

"I don't have a fever ..."

Otherwise, why would the possessive uncle be willing to let his aunt and pretty face Zhan be alone?

OMG!!!!

Big Uncle must be crazy!

Yuan Bao's mouth was wide open, and his chubby hands were squeezing his cheeks in fear.

"....."

Just shut up!

Lei Xiao carried Yuan Bao into the car. However, the door was left open, so he could hear whatever Zhan Nanheng and Lin Hanxing said.

"....."

Yuan Bao patted his chest and heaved a sigh of relief.

Uncle was still the original uncle, tsk tsk!

Lin Hanxing looked back. The mute uncle and the others sat in other cars to make room.

"The first wangfei gave it to you."

Zhan Nanheng passed the things that the first princess had given him to Lin Hanxing.

Lin Hanxing took it.

When he opened it, his expression changed.

"Why are you giving this to me?"

Lin Hanxing's fair face was expressionless as she looked up at Zhan Nanheng.

The commander's seal was in the box.

"There's no place safer than here."

Zhan Nanheng had one hand in his pocket, and his baby face was relaxed, which was rare since their reunion.

"Can I refuse?"

To Lin Hanxing, this item had no symbolic meaning and was definitely a hot potato!

you've already missed out on such a good fiancé like me, so you're going to reject me a second time? "

"I thought we were at least friends."

Zhan Nanheng's face revealed an alluring smile.

Under the sun, he finally made people feel the charm of his national treasure idol.

Lin Hanxing squinted his eyes, looking helpless.

Ever since then, he never mentioned anything about his mother and her mother, as if he was trying to play it down. Perhaps it was because of this that Lin Hanxing did not reject him.

However, when she heard the word 'friend', her beautiful eyes still revealed a faint emotion.

If it was the him from half a year ago ...

Lin Hanxing was used to being alone. He was used to solving everything by himself. Although aunt Mian, the mute uncle, and uncle Jin were like parents, they could not be replaced in some aspects.

However, in such a short period of time, she had rediscovered the definition of 'lover', 'family', and 'friend' in her life.

That was ah Xiao and the Lei family ...

It was for her!

"Of course we're friends."

Lin Hanxing smiled faintly and finally said this.

Zhan Nanheng was stunned at first, then his eyes started to burn. His childhood friend was really ...

It was so touching!

"Give me a hug!"

Zhan Nanheng opened his arms and was about to hug her, pretending not to feel the burning gaze behind him.

Lin Hanxing smiled and shook his head.

She knew that Zhan Nanheng was deliberately trying to anger ah Xiao.

"My ah Xiao will be jealous."

"Tsk, tsk."

Zhan Nanheng deliberately put on a heartbroken expression.

"The world is so big, are you sure you don't want to pick and choose?"

Perhaps she would find a better man than Lei Xiao!

Lin Hanxing's gaze went past Zhan Nanheng's shoulder and met the cold-faced Lei Xiao's.

A smile that could move one's soul slowly appeared on her delicate porcelain doll-like face.

"The world is so big. Home is where ah Xiao is."

The Thunder valiant beast was stunned at first.

His thin lips curled up uncontrollably. He believed that if he was still under the car, he would be on the same hands and feet and would not be able to find his way.

Zhan Nanheng deliberately ignored the waves of sourness rising in his heart.

His childhood sweetheart ...

At least he was happy!

This was good.

From today onwards, he would be stuck in the royal family's Whirlpool, unable to extricate himself.

She waved goodbye to her past self.

Looking up at the bright weather, Zhan Nanheng put his hands in his pockets and shrugged his shoulders.

Fight if you're not convinced!

Who's F * cking afraid of who!

"You don't have to worry. I've already asked uncle Jin to take the earliest flight to country G. He'll contact you then. You can ask the first wangfei to arrange an identity for him by your side. He will protect you."

Lin Hanxing instructed Zhan Nanheng in a calm voice.

"The second Princess Consort, who has suffered a great loss, won't be able to do much in the short term. I'll be back by next month at the latest."

This time, the time of their stay was short. Song Chenxi's matter could only be left like this for the time being.

"I'll wait for you to come back."

That was the last thing Zhan Nanheng said to Lin Hanxing before he got into the car.

The convoy of 15 Mercedes Benz Maybach S600s left the place in a grandiose manner as they had come and headed towards the airport.

From the beginning to the end, Lin Hanxing did not notice that there was a black Audi A8L with its windows down.

Uncle Liang kept looking at the back seat through the rearview mirror.

The young master was holding the grass Dragonfly that the girl surnamed Lin had woven, and his eyes were fixed on her talking and laughing with the man who looked like a pretty boy.

When Lin Hanxing laughed, the young master laughed.

Lin Hanxing did not show any expression, and so did the young master.

Uncle Liang didn't understand. What did young master like about that girl?

He was so arrogant and insufferably arrogant!

It really was ...

He was quite likable ...

Especially after uncle Liang had witnessed everything today!

"Drive."

A long time after Lin Hanxing had left, Shangguan shixiu closed his eyes and said these two words ...

.....

On the way to the royal family's exclusive airport.

Lin Hanxing leaned against Lei Xiao and closed his eyes to rest, while Yuan Bao continued to munch on the snacks in the small refrigerator!

No one noticed ...

Lei Xiao's hand seemed to 'casually' sweep through his suit pocket countless times.

There was a velvet jewelry box lying quietly inside ...

It was built with an astronomical amount of money.

The world was so big, and home was where ah Xiao was.

Take it out and give it to her.

Thunder valiant beast thought.

He turned his head and looked at Lin Hanxing's small face, which was leaning against his shoulder. His long eyelashes left a fan-shaped shadow on his face.

His wife was so beautiful.

He lowered his head and planted a kiss on her smooth forehead, and his cold face instantly melted.

Time passed by ...

All of a sudden, the car came to an emergency stop, Breaking the Silence!

"Ah ..."

Yuan Bao, who was falling forward due to inertia, was pulled back into Lin Hanxing's arms by Lin Hanxing, who suddenly opened his eyes.

An unforeseen event occurred!

[Chapter 1074](#)

1074 The highest authority

At the same time, Lei Xiao also pulled Lin Hanxing and Yuan Bao into his arms to protect them!

It was only then that the two of them realized that the wide road was empty except for their convoy.

"Mr. Ray, there's someone in front who wants to see miss Lin."

The bodyguards were all on high alert.

Lei Xiao's eagle-like eyes swept across the front windshield, bloodthirsty and dangerous.

In his arms, Lin Hanxing blinked.

&Nbsp; interesting.

To be able to clear the place in such a short time, she was also very curious about who had used such a big formation to welcome her.

“At all costs ...”

“Ah Xiao,”

Without waiting for Lei Xiao to finish, Lin Hanxing gently held his strong and tight forearms.

a strong Dragon can not suppress a snake in its own territory. Since the other party wants to see me, I'll have someone lead the way.

There was still Yuan Bao.

The bodyguard looked at Lei Xiao.

After a long while, the Thunder valiant beast finally nodded.

The car started again.

Lin Hanxing, on the other hand, carefully checked the yuan Bao in his arms for any injuries, a dark glint in his clear and cold eyes.

About 20 minutes later.

The Maybach they were in slowly drove into the group building with an antique feel. The towering trees on both sides of the road seemed to be hundreds of years old. Through the sunlight, they scattered mottled reflections on the ground.

The flowers and plants were trimmed in an orderly manner.

The four iconic sculptures soon came into view.

They represented the Azure Dragon, the Vermillion Bird, The White Tiger, and the Black Tortoise.

Lin Hanxing held Yuan Bao in his arms and looked at Lei Xiao.

With just a glance, they both knew who had invited him with such a grand entrance.

Soon, the car stopped again.

The mute uncle and the others got out of the car first.

“Why is it here?”

Yuan Kang looked around, and when he saw the four statues, his scalp went numb.

The mute uncle looked at him silently.

“Hua Ji's headquarters!”

Uncle hai, who got out of the car, gave the answer. He was obviously puzzled by the sudden change of destination.

Speaking of Hua Ji, the horses would go from 99 to just know how to walk ...

There was no one who didn't know.

It was the largest Chinese organization in country g.

They had close ties with Hong Kong's San He, Russia's Eagle gang.

These four statues represented the four halls of Hua Ji.

On the other side, Lei Xiao and Lin Hanxing also got off the car.

Yuan Bao remained in the car.

As the two of them got out of the car, a well-trained brawny man in a brown-black Tang suit walked over.

"Mr. Ley."

"Miss Lin."

"It's a matter of great importance. Please forgive my presumptuous invitation."

The person who came was obviously of high status and authority. His eyes were bright and full of spirit, and he had a murderous aura. There was also an ugly and deep scar on his cheek.

"Master is waiting for you in the backyard. Please follow me."

After saying that, the other party stepped aside and waited patiently.

The mute uncle and the others wanted to walk over, but they were stopped by Hua Ji's men who suddenly appeared.

Lin Hanxing glanced at the mute uncle.

The mute uncle, who had originally wanted to make a move, instantly returned to his calm state.

The man from Hua Ji who stopped him felt relieved. Just now, he felt the shocking killing intent from the person in front of him. Even though he had lived his life on the edge of a knife, he couldn't help but tense up!

"Please,"

Lin Hanxing said coldly, his face expressionless.

This made the brawny man in the Tang suit look at her again.

In the past, those who had been invited by extraordinary means would usually have their legs go soft as soon as they got off the car. They were not like the person in front of him, who could still speak so calmly as usual.

Just as he was thinking, Lei Xiao's cold eyes swept over.

It made one's heart tremble.

The man in the Tang suit didn't dare to neglect this man, who even his master was afraid of, and led the way.

Time passed by.

It was very quiet along the way.

Holding Lin Hanxing's hand, Lei Xiao's nearly 1.9-meter tall and strong body brought about a strong intimidating and oppressive aura.

After passing through the long corridor, they arrived at the backyard.

All kinds of precious flowers and plants were in full bloom, well-trimmed, and tall ancient trees formed a shade. There were even two white peacocks in the corners!

Everything seemed to be designed according to the specifications of the old capital's Wangye's mansion.

On the stone table under the old tree in the large backyard, there was a set of go chess pieces made of high-quality Hetian jade. One look and one could tell that it was expensive.

In front of the stone table, there was an elder.

He was dressed in a White Tai Chi suit and had a long white beard. His face was solemn.

"Master."

The man in the traditional Chinese jacket said, but as soon as he finished speaking, Lin Hanxing had already walked towards him from behind and sat down on the other side of the stone table without even saying a word.

Her actions obviously scared the man in the Tang suit.

His expression froze.

The second half of the sentence was stuck in his throat, unable to be spat out or swallowed.

Elder hei Zi.

Lin Hanxing's white stone.

The two of them started playing without a sound. When the man in the traditional Chinese jacket found his voice and was about to speak, a large hand suddenly fell on his shoulder and grabbed him.

The man in the traditional Chinese jacket looked over.

The Thunder valiant beast shook its head at him silently.

On the chessboard, the elder had been pressing ever since the game started, killing decisively.

Lin Hanxing used gentleness to overcome strength and dissolved it silently.

During this period, the elders had set up traps several times, waiting for Lin Hanxing to walk into them.

However, Lin Hanxing was even more cunning and used the trap to eat a large number of the elder's chess pieces.

In the silence, the two of them had already exchanged countless rounds.

In the later stages, the elder was forced into a corner, and the speed of his placing gradually slowed down.

There was no expression on Lin Hanxing's exquisite face. Even his speed of playing chess was the same as before. He placed his piece decisively without any hesitation.

"You've lost,"

Lin Hanxing said coldly after a while.

She began to pick up the black pieces that she had eaten on the table.

The old man in the Tai Chi suit slowly raised his head and stared at Lin Hanxing with a sharp gaze.

"You are the second person to beat me in all these years."

The elder suddenly spoke in a gloomy tone.

As soon as the other party spoke, Lin Hanxin recognized him. This was the person on the phone when Hua Ji first tried to take him away after Zhan Nanheng's signing event.

Lin Hanxing did not comment.

"You remind me of that girl from the Li family."

Playing a game of chess with her could let people clearly feel what it was like to be to one's heart's content!

But unfortunately ...

She had been gone for so many years ...

Only love was difficult.

After saying that, the old man in the Taiji suit turned his gaze to Lei Xiao.

"Mister Lei, this old man has no intention of becoming enemies with you."

As soon as he finished speaking, the two white peacocks in the corner actually spread their tails, looking extremely beautiful.

Thunder owl didn't speak, but the hostility around him didn't subside.

After a long time.

"That will depend on your attitude towards her."

When he heard this, the old man in the Tai Chi suit looked at Lin Hanxing.

"Girl, you have good eyes."

"Thank you for the compliment."

Perhaps it had been a long time since someone had spoken to him like this, the old man in Tai Chi was stunned at first, and then he laughed.

He really didn't know what modesty was.

"Let's talk about the main topic."

Lin Hanxing said indifferently. He had invited her with such a Grand display, surely it wasn't just to play a game of chess?

Perhaps it was because the old man in front of him had mentioned aunt Mian, but Lin Hanxing was still patient.

"There's a mole in Huaji."

"So?"

Didn't he already know about this? What else is there to repeat?

"I want to know what went wrong with the Azure Dragon, Vermillion Bird, White Tiger, and black Tortoise halls ..." He said.

Lin Hanxing and the old man in the Tai Chi suit looked at each other.

He saw the viciousness in the other party's eyes.

Lin Hanxing laughed the moment the old man finished speaking.

Even the mole at the corner of her eye was smiling.

"Why should I help Hua Ji?"

After Lin Hanxing finished speaking, the smile on his face suddenly disappeared. There was an indescribable sense of alienation and coldness on his originally delicate little face, a feeling that penetrated deep into the bone.

As if he had already expected her to say that, the old man in the Tai Chi suit smiled meaningfully.

He reached out and stroked his long white beard.

"Is this enough?"

As he spoke, he took out a sandalwood box and pushed it to Lin Hanxing from the stone table.

Lin Hanxing did not say anything.

She had seen the same box at old man Lu's place before, so she could already guess what was inside.

Her long eyelashes fluttered as she opened the wooden box.

The Hetian jade with the word '9' carved on it entered Lin Hanxing's eyes.

This was the second one.

She had promised aunt Mian that no matter who came to her with this, she would agree to the other party's request unconditionally.

And aunt Mian had only given out three in her life.

Perhaps Lin Hanxing had never expected to see this thing here.

"You know who I am."

This was a statement, not a question.

Lin Hanxing looked up slightly. Her intuition told her that something was wrong.

The old man in Tai Chi, Lin Hanxing, stroked his beard and did not speak.

Naturally, Lei Xiao had heard Han Xing mention the origin of this Hetian jade. When he saw the other party take it out, the hostility on his body finally lessened a little, but an even greater mystery shrouded him.

"There's something I have to say in advance."

When Lin Hanxing spoke again, his expression had returned to his usual lazy look.

"Go ahead,"

"I'm just an outsider. I have no interest in the internal affairs of Hua Ji. I'll only help you find the mole in my own way!"

Lin Hanxing's voice was cold and his words were not very polite.

However, the old man in the Tai Chi suit didn't show any signs of anger.

"Naturally,"

The other party responded quickly, his expressionless face making it impossible to see any emotional changes.

I don't have much time to stay here. I demand that you give me the highest authority!

After a pause, Lin Hanxing continued.

"Even higher than you!"

"How audacious!"

Lin Hanxing had just finished speaking when the man in the Tang suit shouted angrily.

Lin Hanxing did not even look at the other party. He only looked at the elder in front of him, and there was an indescribable pressure in his cold eyes.

"Little girl, do you know what you're saying?"

This time, the old man didn't agree immediately. Instead, he suddenly smiled.

"What, you don't dare to?"

Lin Hanxing laughed. His lazy smile seemed to have a deeper meaning in the eyes of others.

The old man in the Tai Chi suit looked at Lin Hanxing's smile, and his gaze seemed to be looking at someone else through her.

"Alright, I'll pass down the order to give you the highest authority, even higher than mine! After two hours, you'll have to deal with the trouble you've caused!"

This sentence was filled with danger.

If Lin Hanxing could not find the mole within two hours, then Hua Ji, a place filled with the stench of blood, would most likely devour her ...

[Chapter 1075](#)

1075 What's there to be anxious about, we'll know when the time comes

Lin Hanxing did not express any opinion.

"Go and find a Zuo."

As the old man in the Tai Chi suit spoke, his expression did not change, but he gave off a heavy sense of oppression.

Very quickly, they arrived.

Lin Hanxing grabbed a handful of grains from a white porcelain bowl on the table and threw them at The White Peacock.

"Mr. Zuo, how have you been?"

It was Zuo Xiangdong, the backbone of Huaji, who had borrowed her satellite phone in Jiangcheng.

"Miss Lin as well."

At this time, the top management of Huaji already knew that there was a change in the cabinet meeting about the Crown Prince. Zuo Xiangdong remembered the dark waves in the tea room that day when he first received the news.

When they met again, she was still as calm and indifferent as ever ...

But Zuo Xiangdong didn't dare to put on airs like he did when they first met.

There was a sense of respect in his words that he didn't even notice!

This scene obviously surprised the strong man in the Tang suit. After all, Zuo Xiangdong was a man of his word in Hua Ji.

"In these two hours, a Zuo will be responsible for your safety."

After the old man in Tai Chi finished speaking, he set the clock on the table to a countdown.

As the beeping sound rang ...

The 120-minute countdown began!

“Miss Lin, what do you want to do first?”

The beeping of the countdown always gave people an inexplicable sense of crisis. Zuo Xiangdong entered a state of tension!

Hearing this, Lin Hanxing looked up at him with a faint smile.

The White Peacock with its tail spread out had walked to her side. The White feathers were beautiful and resonated with Lin Han’s slender, porcelain-like hands, making her feel dazed.

“Let’s eat,”

“Ah?”

Zuo Xiangdong was stunned for a moment, suspecting that there was something wrong with his ears.

“I’m hungry. Let’s eat.”

After saying that, Lin Hanxing stood up. Without waiting for Zuo Xiangdong’s reaction, he held Lei Xiao’s hand and walked back the way they came.

The cloud brocade, which was a deep blue to Ink White, bloomed in the air like a magnificent flower, and even the silver silk thread on the SU embroidery floated with it.

Zuo Xiangdong turned his head and looked at the old man in the Tai Chi suit with a dumbfounded expression.

“Go on.”

The latter spoke in a majestic voice, and it seemed like he had no intention of stopping them.

Soon, Zuo Xiangdong also left.

There was a moment of silence.

After a long time, the old man picked up a handful of grains and threw them at the peacock.

The phone rang.

“Master.”

“Bring it in.”

The old man’s hand didn’t stop moving. He took the Bluetooth headset from the man in the Tang suit and put it on.

“Did you see him?”

A deep male voice was heard from the other end of the phone.

“Yes, I did.”

The old man answered while teasing the peacock.

“Don’t let anything happen to her.”

The old man in the Tai Chi suit laughed.

“I’m afraid it’s only that girl who can cause an accident.”

Judging people by watching the game.

Other than Li Yanyu, he had never seen any other woman use such a method!

“This time ...”

“I’ve told you before, as long as she can get past me, I won’t have any objections to your decision.”

This country would be ruled by someone else sooner or later.

“She won’t let you down.”

.....

At Hua Ji restaurant.

The large yellow Rosewood dining table was filled with 15 dishes and a soup, and six desserts were being made in the kitchen.

Yuan Bao buried himself in the food.

However, apart from her, Yuan Bao, and the other two ...

The others were clearly not in the right state.

Especially Yuan Kang, he felt as if the stool under his butt had grown thorns, making him unable to sit still.

He looked to the side out of the corner of his eye ...

The hall Masters of the Azure Dragon, White Tiger, Vermilion Bird, and black Tortoise halls in Hua Ji stood not far away, staring at the table full of people with fierce looks!

Especially Lin Hanxing!

Behind each of the four Hall Masters stood one or two of their trusted aides, each of them looking as if they had come with ill intentions.

“Ah Xiao, try this,”

Lin Hanxing’s voice was heard as he used the common chopsticks to pick up a piece of roasted deer tendon and put it in his bowl.

After being stewed with Apple and radish, the freshness did not have a fishy smell. Because it was stewed with pheasant, the taste was even more bouncy.

He didn’t even look at the Rakshasa.

It had been 50 minutes since the two-hour time limit.

Yuan Kang kept winking at Lin Hanxing, telling her to pay attention to the time.

“What’s there to be anxious about? we’ll know when the time comes.”

Lin Hanxing looked at him and said indifferently.

How could Yuan Kang not be worried for Lin Hanxing after knowing the inside story?

Eat, eat, eat!

What’s there to eat if you don’t find the mole!

I’m about to lose my life!

While thinking about that, Yuan Kang gave up on himself and started to eat heartily.

Even if he was going to die, he should at least die a full death!

miss Lin, you’re making us wait here. You’re giving us a lot of face!

Usually, when they went out, this group of people would be surrounded by people who looked majestic. It was not like now, when they were found by a little girl and were left standing here to watch them eat!

Half an hour!

They had been left there for half an hour!

As soon as the person finished speaking, everyone responded.

Lin Hanxing turned a deaf ear and drank a mouthful of soup.

With a clatter, he put the bowl down.

I’m sure you’ve heard about Eric.

Lin Hanxing didn’t even look up, his long eyelashes slightly closed as he spoke indifferently.

Hearing this, the group of people stopped talking.

Especially the four Hall Masters.

The matter of a mole in Hua Ji had been discussed in the gang for the past two days. There were all kinds of speculations, but the higher-up had not said anything, so no one dared to slander him.

“What does this have to do with us?”

Someone shouted from behind.

The next second, four muffled bangs came from behind him!

Everyone turned around.

The restaurant’s four antique carved wooden doors were closed from the outside, and there were also people guarding the door from the outside.

Lin Hanxing took the wet towel that someone passed to her.

He wiped his hands.

Then, he found the hidden button next to the diamond bracelet and pressed it.

The signal was completely blocked.

“The mole is among you.”

Lin Hanxing stopped beating around the bush after she was done. Her words caused a huge stir among the group of people.

“I’m listening to your F * cking nonsense!”

He was cursing and swearing, obviously not accepting such an excuse.

The faces of the four Hall Masters were very unsightly.

Although he did not say anything, he looked at Lin Hanxing with dissatisfaction and pressure.

They had already received news from the higher-ups that within these two hours, this woman had the highest authority in Hua Ji, even higher than the owner.

According to the rules of the martial world, whoever violated the rules would be dealt with according to the rules of the sect!

But she ...

He looked at her beautiful face ...

Isn’t this just like playing house!

“Are you full?”

Just when Yuan Kang thought that Lin Hanxing would flip out, he saw her smiling at Yuan Bao.

Yuan Bao nodded his head like a chicken pecking at rice.

“I want to eat dessert!”

The child said very honestly.

Lin Hanxing raised his head and looked at the mute uncle. The latter put down his bowl and chopsticks and led Yuan Bao into the kitchen.

Seeing Yuan Bao’s figure disappear completely, the smile on Lin Hanxing’s face also disappeared.

“What did you just say? come over and say it again ...”

The four Hall Masters looked at each other.

He felt that this woman who had suddenly appeared was full of strangeness.

“Let’s just let it go, who’s F * cking afraid ...”

As he spoke, the man strode towards Lin Hanxing. His overbearing manner made people break out in cold sweat for her small body.

Yuan Kang was shocked. Just as he was about to stand up like a man, uncle hai grabbed him and pushed him back into the chair like a chicken.

'F * ck ...'

His shoulder was about to break!

In this moment of distraction, the burly man had already arrived in front of the yellow rosewood table and was about to flip it over.

It was like lightning!

No one saw clearly what Lin Hanxing did, but Lei Xiao, who was beside her, made his move almost at the same time!

Thunder valiant broke the brawny man's wrist in a domineering manner!

As for Lin Hanxing ...

"Ah!"

The intense pain was overwhelming, and the strong smell of blood spread in the air.

Just like that, Lin Hanxing coldly stabbed the two used chopsticks into the center of the brawny man's palm!

Their tacit cooperation was flawless!

The people who had been cursing just now looked as if they had swallowed fly poop, and their expressions were wonderful.

To be able to insert blunt chopsticks into it ...

How much strength did he have?

"Ugh ..."

Seeing the blood in the man's palm accidentally drip onto the meat of the pagoda, Yuan Kang thought of the fact that he had just eaten it and covered his mouth, about to vomit.

He finally understood why Lin xiaojiu had asked the little fatty to go down first!

"I'm still a baby, and you're so cruel to hurt me like this ... Ugh ..."

As he said that, Yuan Kang turned his head and retched.

Uncle hai moved to the side with a blank expression, afraid that he would be affected if he really vomited.

"....."

Yuan Kang looked at uncle hai with tears in his eyes.

Does your conscience not hurt?

“.....”

Uncle hai looked back at him with a blank expression.

Hehe, of course not!

The brawny man's hands trembled like a sieve, and he brought the soup from the table to the ground. He curled up and trembled in pain, and blood dripped all over the place!

“Why do people always have to suffer before they are obedient?”

Lin Hanxing spoke unhurriedly, the corners of his mouth curved into a lazy smile again, but his high heels ran over the back of the man's hand.

“Ah ...”

The shuddering and intense cry of pain made people's hearts jump.

“Now, if you're still dissatisfied, you can say it now.”

As he spoke, he looked at the people who were still standing by the door. His tone was calm, as if he was discussing the weather today.

If ...

The effect would be even better if he could move his foot away from the back of the man's bloody hand!

miss Lin said that the mole is among us. You have to show evidence!

The person who spoke was the Xuanwu Hall's Hall Master. His expression was already too ugly to describe!

The one lying on the ground was his trusted aide!

Lin Hanxing raised his eyebrows and looked at the man. Before he did that, he glanced at his watch.

“Let's wait for another ten minutes.”

It was a simple five words, but it seemed like an answer, yet it also seemed like no answer.

“You ...”

The hall Master of the Black Tortoise Hall still wanted to say something, but he was pulled back by the hall Master of the Azure Dragon Hall. He turned around and saw that the other party was shaking his head at him discreetly. He also looked at Lei Xiao with his eyes.

Yuan Kang finally managed to recover.

He drooped his shoulders, half-dead.

Time passed by.

Lin Hanxing leaned against Lei Xiao and closed his eyes to rest. No one spoke, and the smell of blood filled the air.

“Ah Xiao,”

When ten minutes were up, Lin Hanxing spoke softly. Lei Xiao’s fingers brushed across the bracelet on her wrist and the signal was blocked.

Almost at the same time the signal was blocked, everyone’s cell phone rang.

“What?”

“What did you just say?”

“You couldn’t get through just now?”

Lin Hanxing furrowed her brows as the chirping sounds continued. Almost at the same time, Lei Xiao placed his palms beside her ears. In an instant, the noise gradually faded, leaving behind only the wooden scent of a mature man.

“I’ll sleep at home.”

She heard her speak in a low voice, and there was an indescribable warmth.

Her long, black eyelashes fluttered, and soon, Lin Hanxing opened his eyes.

“It seems that you’ve all received the news.”

At this moment, there were no signs of fatigue in her. She was so calm that one could even call her cold.

The four Hall Masters looked at her in unison!

The reason why she had them stay here was to let Zuo Xiangdong take some men to the hall to check the account books. Although she didn’t know what method this woman had used to cut off their signal from the outside world, it was indeed ...

Not a single call came in.

He had missed the best time to solve this problem!

“In that case ...”

Lin Hanxing got up and as she spoke, the four restaurant doors that were originally closed were opened from the outside.

“Everyone, please.”

.....

At the Huaji ancestral hall.

The solemn and dignified Huaji ancestral hall bore the history of Huaji for a hundred years.

It was also a place that Hua Ji would not allow anyone to trample on.

Unless there was an important Festival or important event, the ancestral hall would never be opened!

Even if it was opened, the firearms would go through layers of inspection.

And today, the dark door was wide open.

The seats were filled with Hua Ji's old ancestors, and the old man in Tai Chi was sitting in the middle of the main seat. Obviously, he had a high position!

There were two empty seats beside him.

The core members and higher-ups of the gang were all standing below.

Black shirt and black pants.

When Lin Hanxing and his group stepped in, everyone's eyes fell on them.

There was an indescribable creepy feeling in this strange atmosphere.

There was complete silence.

Yuan Kang couldn't help but swallow his saliva.

To be honest, this was the first time he had seen such a scene.

Lin Hanxing was expressionless as he walked towards the old man in the Tai Chi suit.

The people in front of her all made way for her.

Everything happened in silence, as if they were shooting the silent Godfather movie. It was a magnificent scene!

Uncle hai and Yuan Kang hid behind the crowd and didn't follow.

The four Hall Masters stood at the forefront of their respective division. No one spoke as they watched Lin Hanxing walk to the old man in the Tai Chi suit and sit down, while Lei Xiao stood behind Lin Hanxing with a cold expression.

His eagle-like eyes surveyed the surroundings.

Everyone took in the couple's figures.

They were like a handsome man and a beautiful woman who had walked out of a comic, but when they did things, they were surprisingly ruthless!

"For a hundred years, Hua Ji's ancestral teaching is the word 'Yi'!"

A majestic voice resounded in the solemn ancestral hall, accompanied by an echo!

now, there are people who don't follow the rules and are guilty of injustice. Can we let them go? "

"We can't!"

The people below all had their hands behind their backs as they roared in unison.

Lin Hanxing's eyes slowly swept across every face in the room.

Their faces were filled with righteous indignation, especially the four Hall Masters.

“Good! That’s what I want you to say!”

With a bang, the old man slammed his hand on the table!

“Today, no matter who it is, as long as there is evidence, I will not tolerate it!”

“Do you all understand?”

“Understood!”

There was another earth-shaking response below.

In contrast to the people from Hua Ji’s excitement, Lin Hanxing, who was sitting on the side, just calmly picked up the teacup in his hand.

Her Jade-like fingers were very beautiful.

He gently blew on the hot tea, and the White mist curled around it, making her small face hazy.

Zuo Xiangdong put four thick stacks of account books on the table.

In this era of technology, it was rare to maintain such a habit.

“Little girl, I’ll leave the rest to you.”

Since he had opened the ancestral hall, he had to see blood. If she couldn’t get past him ...

The old man in the Tai Chi suit stroked his white beard and slowly sipped his tea.

A click.

Lin Hanxing placed the teacup back on the table.

“How much longer until the time we agreed on?”

Lin Hanxing said casually. Her gentle voice was especially abrupt and strange in this space filled with the strong and manly atmosphere. After all ...

In everyone’s eyes, the seat she was sitting in should be for men!

“Forty-five minutes.”

The old man glanced at the man in the Tang suit, who responded in a deep voice.

“Okay, give me 30 minutes to look at the account book.”

30 minutes?

Upon hearing this, the group of old ancestors looked at each other and laughed. This little girl really didn’t know the immensity of heaven and earth. It was simply an impossible task to finish reading the four thick account books in front of her in 30 minutes.

“Are you sure?”

The old man in the Tai Chi suit raised his eyebrows, but his expression was not as direct as the old ancestor and the others.

what's there to be sure about? my life is on the line anyway. Are you afraid that I'll run away? "

Lin Hanxing smiled faintly. He did not care about the other party's response and picked up two of the books to hand to Lei Xiao.

With just one look, there was no need to say any other nonsense, and they understood each other!

alright, we'll give you 30 minutes. We'll wait!

The old man in the Tai Chi suit also wanted to see what this girl wanted!

The sound of paper flipping could be heard as Lin Hanxing picked up a book and started reading.

The people below were silent, but their eyes showed that they didn't take this place seriously.

"The four of you, do you want to bet?"

Suddenly, Lin Hanxing's voice rang in everyone's ears. Only then did the four Hall Masters realize that she was asking them!

"There are rules in the gang that we can't gamble!"

The Azure Dragon Hall's Hall Master was the first to answer, his voice deep and powerful, and the other three echoed him one after another!

Especially the branch Hall Management and above!

Lin Hanxing stopped talking.

He continued to flip through the account book in his hand.

Very quickly, someone noticed that something was amiss.

The speed at which she flipped through the pages was simply too fast!

Her eyes swept from top to bottom, and it was basically over. One could not help but wonder if she had actually seen it.

It was very close to the East.

He had noticed this problem from the very beginning, but compared to the other books that were further away, he could see that her fingers were rubbing back and forth rhythmically while she was reading.

It was like ...

It was as if they were comparing the amount!

"Have your accounts ever been faked?"

After a while, Lin Hanxing continued to throw out a question, and this question immediately attracted the dissatisfaction of his subordinates.

“Of course not.”

This time, it was the Vermillion Bird Hall’s Hall Master who replied. His voice was filled with ridicule.

Even if he did, could he really say it in front of so many people?

Lin Hanxing continued to flip through the accounts book, and the rustling sounds of the pages crashing against each other could be heard continuously. Fifteen minutes later, Lin Hanxing and Lei Xiao simultaneously put down the first book they were looking at and picked up the second one.

one last question. Has anyone from the second Princess Consort come into contact with you? ”

When the third question was thrown, no one answered for a long time.

This was a very sensitive issue in Hua Ji.

“No, I didn’t!”

“There are!”

There was no “three” at all, making the last person seem extremely abrupt.

Lin Hanxing’s hand paused and he looked up at the person who said no. His eyes were calm and he did not say anything.

The atmosphere in the ancestral hall instantly changed.

Everyone’s expression was subtle.

The great ancestors sitting on both sides thought that Lin Hanxing would say something, but after the latter took a look, he lowered his head and continued to read the account book in his hand at the speed of light.

He really couldn’t understand what this little girl meant.

Half an hour passed by quickly.

Lin Hanxing and Lei Xiao put down the account books at the same time. The former raised his head while the latter bent down and exchanged a few words.

“Little girl, you only have nine minutes left!”

On the clock, the number in front had jumped to nine.

“I already know who the mole is.”

It was just a simple sentence, but it caused a loud explosion below.

The old ancestors sitting on both sides of the ancestral hall straightened their bodies and narrowed their eyes at her. This little girl said she knew?

“Who is it?”

The old man in the Taiji suit said in a deep voice.

Lin Hanxing's slender fingers tapped on the table rhythmically, making a knocking sound.

As she chuckled, her beautiful eyes seemed to be dyed with flowing lights and vibrant colors.

"I asked three questions just now. Only one person lied for the first two questions, and for the third question ..."

Lin Hanxing's eyes swept across the four Hall leaders in front of him.

Everyone's heart clenched when they heard Lin Hanxing's short sentence. They obviously wanted to know what the latter part of the sentence was!

"Three people lied!"

What?

Those with a bad memory had already forgotten the three questions Lin Hanxing had asked. Who would have thought that there was more to this?

"As for the four account books ..."

Lin Hanxing's slender fingers landed lightly on the account book, and the corners of his mouth slowly curled up in ridicule.

"One of them was actually tampered with three months ago."

Lin Hanxing's eyes were very cold, as if he could see through people's hearts in an instant.

"It's just that the person is very smart and has made the accounts extremely beautiful. At first glance, if one doesn't look into it, there will definitely be no mistakes!"

"What? Who is it?"

Hearing Lin Hanxing's words, everyone was in an uproar. The man in the Tang suit and Zuo Xiangdong's expressions turned fierce in an instant. It was a taboo to touch the gang's money!

Lin Hanxing's eyes swept across the four people in front of him.

"I'll give you one last chance. Do you want to say it yourself, or do you want me to say it?"

A powerful aura filled the air, causing everyone to hold their breath!

None of the four Hall Masters in front of him spoke!

"Little girl, tell me, who is it!"

The old man in the Tai Chi suit felt a chill down his spine, and even the wrinkles on his face were covered in frost!

[Chapter 1076](#)

1076 I've dug a hole, don't jump in

Hearing the great master's question, everyone's hearts were in their throats. Even if they knew that they were not the mole, that kind of nervous emotion still made everyone's nerves tense up.

Lin Hanxing looked at the old man with a subtle yet profound gaze.

After a while, she leaned over and got closer to him.

He didn't forget to block his side with his hand to prevent others from reading his lips!

Just as everyone was waiting for the big boss to explode, a situation that caught them off guard suddenly occurred!

Bang ...

A shocking gunshot broke the deathly silence!

The old man in the White Tai Chi suit widened his eyes in disbelief and lowered his head to look at the dark red blood oozing out of his chest.

"You ..."

He pointed at Lin Hanxing with a trembling hand and a shocked expression on his face!

With a pfft, he spat out a mouthful of blood!

His snow-white beard was dyed red!

"Chief!"

A pained wail resounded through the clouds. This scene was beyond everyone's expectations, and some people still hadn't reacted. Wasn't it said that they were going to find the traitor?

Only one person heaved a sigh of relief after experiencing a roller coaster of emotions!

With a series of clacking sounds, everyone pulled out their guns and pointed them at Lin Hanxing!

"Don't move! If you want them to die, then try it!"

Almost at the same time, uncle hai and Yuan Kang pulled out their guns and coldly pointed them at the heads of the ancestors!

Such an unforeseen event was once again out of everyone's expectations!

She couldn't believe that the man who was so cowardly just a moment ago had suddenly changed his expression.

Lin Hanxing dropped his gun on the table.

"Master!"

The man in the Tang suit was full of grief and indignation. He suddenly walked to the old man who was no longer breathing and shouted with his back facing everyone!

"So it turns out that Hua Ji is so weak!"

Lin Hanxing sneered, the disdain in his voice made the people from Hua Ji, who were already furious, hate her to the core!

“A hundred years of glory, hehe!”

The more Lin Hanxing looked at the pairs of red eyes that looked like they wanted to kill her, the more obvious the disdain on his face was!

you’re going too far!!!!

With guns pointed to their temples, the ancestors of Huaji were filled with grief and indignation.

“I’m going too far? I think it’s you people who don’t know people well!”

Lin Hanxing said lazily as he looked at the four Hall Masters with a faint smile.

“I was telling the truth just now!”

With a crash, Lin Hanxing swept the four account books on the table to the ground, making a muffled sound.

Even though there were so many guns pointed at her, her movements were still as smooth as floating clouds and flowing water. There was no hesitation, as if what she had just done was just a joke.

“Mr. Lei, do you want to make the entire Huaji your enemy?”

They were indeed afraid of the Thunder valiant beast’s identity, but it was not impossible for them to fight to the death!

The group of old ancestors shouted at Lei Xiao at the top of their lungs!

Hearing this, Lei Xiao’s thin lips curled up cruelly, as if he didn’t care to answer this question.

“Good! Even if you want us to die! We also need to die knowing why!”

As if he understood that the situation was hopeless, the other party’s face turned pale, and even his voice was filled with the grief of an old man.

“Tell us, who’s the mole?”

These eight simple words seemed to have seen through life and death, and only hoped to solve this mystery before death!

“The mole is ...”

Lin Hanxing said slowly, deliberately slowing down his speed. He was no longer as evasive and secretive as before, and his eyes were also looking in the direction of the four Hall Masters!

protect the ancestor!

Suddenly, one of them fired a few shots in Lin Hanxing’s direction in agitation ...

Kata ... Kata ... Kata ...

Accompanied by the cold, mechanical voice, the expression of the hall Master at the entrance of White Tiger Hall changed drastically!

An ominous premonition filled his heart!

No one said anything, as if they were all stunned, only listening to the empty sound of the ventriloquism.

“Old man, it’s time to get up.”

Lin Hanxing put down the gun in his hand and said indifferently.

“.....”

“.....”

“.....”

Everyone in Hua Ji was confused by this sudden sentence and couldn’t understand what was going on.

On the other hand, the hall Masters of the other three halls ...

He looked at the brothers who had fought with them from the beginning with a complicated expression ...

The man in the Tang suit, who had been crying just now, had returned to normal. He wiped away his tears and respectfully helped the bloodied old man up from the ground.

What????

Who could tell them what was going on?

How did the chief, who was already dead, come back to life?

He only heard a “PEI” sound.

An empty bag of blood was spat out from the old man’s mouth.

The other one was taken out from his collar.

Even Yuan Kang and uncle hai, who had their guns pointed at the heads of the ancestors, moved their guns away with a smile.

He was just acting along with the mole.

In contrast to the other people’s different expressions, Lin Hanxing only walked toward The White Tiger Hall leader with a cold gaze.

The sound of high heels clicking on the floor was loud.

“I dug a hole ...”

As he spoke, Lin Hanxing raised his hand and removed the gun from his hand.

“Don’t jump!”

No one spoke. Everyone’s eyes were on Lin Hanxing, looking at his delicate and cold face.

So, everything that had just happened was just ...

A trap that she had set up?

A trap that even the chief and the old ancestor were involved in?

“Hehe, I ... I didn’t know ... I didn’t know it was a joke! You ... I ...”

The leader of The White Tiger Hall was incoherent, and even his movements seemed to be uncoordinated!

even if the life of our ancestor was threatened, you still decided to shoot me when I gave you the answer!

Lin Hanxing said indifferently, his voice so cold that it touched one’s heart.

Her beautiful eyes, which seemed to be able to see through people, were staring straight at him.

“You said you didn’t know it was a joke ...”

“But it’s also because you don’t know that you made such a choice.”

Lin Hanxing bent down and picked up the account book that had been thrown to the ground.

The hall Master of White Tiger Hall broke out in a cold sweat.

Everyone looked at him in disbelief.

The mole was actually the most honest of the four Hall Masters?

They could not believe their ears!

“The first question, I’m asking if the four of you are willing to bet?”

“The three of them were telling the truth, but you lied.”

my second question. Have you ever faked your accounts? ”

“You’re still lying.”

“My third question is whether the second Princess Consort’s people have come into contact with you ...”

Lin Hanxing’s eyes swept across the other three.

“All three of you lied, only he told the truth.”

The other three Hall Masters subconsciously turned their eyes away, not because they felt guilty, but because they felt that it was not easy to explain this matter in front of so many people. After all, this was such a sensitive period!

and the reason why you’re telling the truth is very simple. It’s true that the second Princess Consort’s men have not contacted you, but you’ve already become her spy! Lin Hanxing glanced at him coldly.

He turned around and walked back to his seat.

“I didn’t! You’re framing me! I just wanted to take revenge for the chief!”

The White Tiger Hall leader's face, which was relatively simple and honest compared to the rest of the people present, was covered in cold sweat. At this time, he was smiling dryly, as if to convince others, but ...

The faces and eyes around him were all filled with emotions that made him feel cold.

you say I'm framing you? fine, then let me ask you ...

Lin Hanxing picked up the teacup beside him again and slowly pushed the tea leaves that had been boiled with the lid of the bowl.

three months ago, did you go to Macau? "

An extremely cold voice resounded through the ancestral hall, and even his eyes were filled with unspeakable ridicule.

"....."

The leader of The White Tiger Hall looked at the woman who was sitting not far away.

That woman who was as exquisite as a porcelain doll ...

Why did it make people so afraid that they felt cold all over?

"I ..."

"There are! Still nothing!"

Lin Hanxing glared at him coldly.

Everyone turned to look at The White Tiger Hall Master, especially the members of The White Tiger Hall. They could only hope that their Hall Master had really been wronged. As long as he said that he had not been wronged, they would definitely defend him with their lives!

"Look at your men. Do you dare to say 'no' to them?"

Lin Hanxing's long eyelashes fluttered slightly, and he hid the deep emotions in his eyes.

"Hall Master!"

"Hall Master, tell us quickly!"

"Hall Master, say something!"

The anxious urging made The White Tiger Hall master's face turn even more sorrowful.

It was accompanied by a few beeping sounds.

The clock that the old man in the Tai Chi suit used to keep time finally rang.

Two hours, no more, no less.

"I've completed my mission,"

Lin Hanxing looked at the old man and was surprised to find that he was also looking at him.

His eyes were deep.

That strange feeling came back again.

It was as if he was being schemed against.

“You ...”

Although they had agreed on this beforehand, the old man still couldn't help but be shocked by her boldness when she really dared to take such a risk!

Although the few of them knew that it was fake, the people below did not know.

If the gun went off, or if someone got too emotional, she ...

“The rest will be Hua Ji's.”

Lin Hanxing stood up, the comb in her hair quivering with her movements, as alluring as a stream of light.

“So what if I have been to Macau? You still don't have any evidence to prove that I'm the mole!”

The hall Master of White Tiger Hall seemed to want to make a last-ditch effort for himself.

“None of you have any evidence!”

Lin Hanxing stopped in his tracks and turned around to look at Lei Xiao at an extremely slow speed!

This type of person who wouldn't give up until he reached the Yellow River ...

He was really annoying!

Lei Xiao walked over and handed her the information he had used in the cabinet meeting.

“Who says I don't have evidence?”

Lin Hanxing's voice was getting deeper and deeper, perhaps because he was running out of patience.

The hall Master of White Tiger Hall shuddered upon hearing this, and his eyes met Lin Hanxing's in disbelief!

[Chapter 1077](#)

1077 If you really want me to stay

Lin Hanxing's cold gaze swept across The White Tiger Hall master's face.

It was like a blade.

Since he had the guts to do such a thing back then and put his life on the tip of a knife, then he shouldn't dawdle and refuse to admit it now!

“If you're more straightforward, I might even respect you as a man!”

There was a strong power that spread from her bones.

As the only woman in this man's ancestral hall, she was still worthy of admiration!

To be honest, what she had just done ...

Even this group of men who licked blood on the tip of the blade to make a living had to think carefully!

With that, Lin Hanxing picked up the account book beside him with great precision ...

Everyone only heard a crashing sound as she ruthlessly smashed that thing at the other party!

The White Tiger Hall's Hall Master was caught off guard, and his face was smacked.

"Girl, you want to say that the answer is in the account book?"

The old man's face was gloomy. Even though his body was still covered in blood, it added to his bone-deep evil aura.

Hearing the great Master's words, the others looked at each other.

Was he bluffing?

There were four account books, and the two of them only used half an hour to flip through them. No matter how they thought about it, they didn't think that they could read the contents of the account books in detail!

his accounts started having problems three months ago, and unfortunately ...

Lin Hanxing's eyes were cold. She had lost her patience and was too lazy to even smile.

the second Prince lost nearly 400 million Yuan in Macau overnight three months ago, and he even had to sell his property to pay off his debt!

Lin Hanxing's words caused an uproar.

Not to mention the people below, even the old man in the Taiji suit and the group of ancestors were shocked!

Although he knew that the second Princess Consort, who was originally confident of winning, had lost completely this time, there must be some inside information ...

But the truth was like this, which was shocking!

This could definitely be called a royal scandal!

that night, the second Prince was at the end of his rope. If he had stopped at the right time, he wouldn't have owed so much money. But suddenly, he had money again ...

Lin Hanxing's indifferent eyes swept over The White Tiger Hall's Hall Master, whose face was covered in cold sweat.

His eyes were filled with fear.

If one looked carefully, even his knees were trembling.

"Do you want me to continue?"

Her voice suddenly turned heavy, and an invisible pressure spread from her side.

After a long while, with a plop, The White Tiger Hall master's already precarious mental defense line was instantly crushed, and he knelt on the ground!

With a frightened and embarrassed expression, he moved his knees toward the old man in the Taiji suit.

"Great master ... Great master, please spare my life ..."

When he finally reached the feet of the old man in the Tai Chi suit, the hall Master of White Tiger Hall begged for mercy. Cold sweat and tears of fear were mixed together on his face, and he no longer had the prestige he used to have in the hall!

The old man in Tai Chi raised his leg and kicked him in the chest!

The hall Master of White Tiger Hall spat out a mouthful of blood. Even so, he still crawled back tenaciously and hugged the chief head's leg.

"I didn't want to either! The second Prince forced me to ..."

Hua Ji's internal rules were strict, and the management of the sub-Hall and above were absolutely not allowed to be involved in gambling and drugs.

Therefore, every time he gambled, he would take advantage of the time when he was abroad.

And Macau was absolutely confidential to big customers like him, and there had never been any slip-ups.

Gradually, he also relaxed!

But who would have thought that on that night three months ago, she would just so happen to meet the second Prince, who had lost so badly on his first visit!

He immediately threatened him with this!

Later on, he used the money from the public account to let the second Prince continue to gamble.

Gambling was a matter of probability of winning or losing. He had originally held a fluke mentality, thinking that if he won, he could make a big profit, but ...

They had lost too miserably!

Fortunately, the second Prince had proposed for him to bear all the debts, but he would not be responsible for the holes in the books.

After that ...

"Take him away and punish him according to the sect's rules!"

The old man in the Tai Chi suit took a deep breath, obviously trying to suppress his anger!

"Chief's ... Chief's ..."

Upon hearing those words, the hall Master of White Tiger Hall knelt on the ground and kowtowed to him, causing blood to immediately appear.

Very quickly, someone came forward and dragged him away.

The hall Master of White Tiger Hall was struggling with all his might on the ground as he howled in despair!

His voice reverberated in the large ancestral hall.

The ending that awaited him was self-evident.

However, to Lin Hanxing, what happened after that had nothing to do with her.

The only reason she could endure until now was because of aunt Mian's Hetian jade!

"Little girl, how about I let you be the hall Master of White Tiger Hall?"

The voice of the old man in Tai Chi suddenly rang out in the quiet ancestral hall, his dignified tone spreading to everyone's ears.

Everyone was shocked!

In the hundred years of Hua Ji's history, there had never been a woman who had managed to get into a management position. The chief's words had already broken the hundred-year rule, but ...

Everyone's eyes were on Lin Hanxing!

The ability and courage that the woman had displayed today made even men like them feel ashamed of themselves!

If she were to ascend to that position ...

Lin Hanxing raised his eyebrows and looked at the old man in Tai Chi, wondering if his brain was fried.

The look in his eyes was as strange as it could get.

For a moment, the ancestral hall was silent.

The Huaji people who had just been baptized by the storm could not come back to their senses for a long time.

"Hehe."

Suddenly, Lin Hanxing sneered.

"If I want to sit, I want to sit above the tens of thousands of people!"

She said this in a strong and domineering manner, then she looked at the old man with a mocking gaze.

It shocked countless people in the audience!

Even Yuan Kang and uncle hai were shocked by her words.

His gaze involuntarily stopped on that porcelain-white face!

"If you really want me to stay, the minimum standard is your position!"

After that, he walked towards Thunder valiant beast, regardless of how angry the others were.

That man had been waiting for her for a long time.

The noise behind her did not affect Lin Hanxing at all. She stood in front of Lei Xiao and slowly reached out her hand to him.

Her fair palm was facing up.

The thin lines of the palm ran through that soft little hand.

"Let's go,"

Her ah Xiao.

In the next second, Lei Xiao's large palm held her tightly, and with their fingers intertwined, the two of them walked side by side towards the ancient carved door of the ancestral hall, which had a history of a hundred years!

With every step they took, the brawny men from Hua Ji who were originally standing neatly below them unconsciously opened up a path for the two of them.

This couple's aura was really too powerful!

Even if it was just a look, it had the power to overturn the universe.

Everything was carried out in silence.

It was as if they were shooting a Godfather movie.

Yuan Kang and uncle hai stood behind the two of them and saw everything. It was an unprecedented shock!

"Little girl!"

Suddenly, the old man in the Tai Chi suit called out to her from behind.

Lin Hanxing stopped in front of the carved ancient door against the light.

He slowly turned around.

He looked at the old man who was respectfully addressed as chief by the entire Hua Ji ...

[Chapter 1078](#)

1078 So annoying, I want to kiss, hug, and raise you high

What was this old man up to now?

Lin Hanxing, who was standing against the light, had an impatient expression that others could not see clearly.

She had a feeling that he was plotting something.

“Hua Ji’s doors will always be open to you.”

After a long time, the old man’s deep voice came from afar.

Then I’ll thank you!

Lin Hanxing could not help but curse in his heart. This time, he really left without looking back.

After a long time.

In the solemn ancestral hall, the old man in the Tai Chi suit was still standing in the same position as before, watching Lin Hanxing disappear.

Zuo Xiangdong and the man in the Tang suit stood beside him.

She didn’t dare to disturb him.

Although Zuo Xiangdong had seen Lin xiaojiu’s strength back in Jiang city, those times were not as shocking as this time.

When she took out her gun and shot at the boss without any expression ...

Even though he knew it was fake, Lin xiaojiu’s expression still shocked him!

That courage, calmness, understanding of human nature, and the sense of strategy to control the overall situation ...

He was ashamed of his inferiority!

“Pass down my orders ...”

Suddenly, the old man in Tai Chi looked away and spoke again.

“From today on, no one in the four halls and thirty-sixth branch is allowed to show any disrespect to this woman! If there’s any violation, depending on the degree, you’ll be dealt with according to the sect’s rules, and the most severe case will involve the wife and children!”

The deep voice was accompanied by a heart-shaking coldness and solemnness.

Lin Hanxing’s fair and delicate face was deeply imprinted in the hearts of every Hua Ji management member present today!

Perhaps no one would have thought ...

The old man’s decision had a far-reaching impact on Huaji.

However, this was a story for the future, not for now!

.....

“You guys go over first!”

After leaving the solemn and cold ancestral hall, the few of them walked towards the car.

Lin Hanxing suddenly stopped and turned around to give orders to Yuan Kang and uncle hai.

Uncle hai seemed to want to say something, but he was stopped by Yuan Kang, who was very observant.

“Then we’ll wait for you in the car!”

As he spoke, he pulled uncle hai along and continued walking.

As for Yuan Bao, he had already been brought back to the car by the mute uncle and was waiting for them to come out.

The two of them quickly disappeared.

Under the hundred-year-old towering tree, the sunlight was reflected from the shadows of the trees, making the tassels in Lin Han’s starry hair shimmer.

“What’s wrong?”

Lei Xiao’s handsome face was at the intersection of light and shadow, and there was even a pampering smile on his face.

In Lin Hanxing’s eyes, he was so damn charming!

After quickly shaking his head to make sure that no one was around, Lin Hanxing opened his arms at him from a distance.

“So annoying, I want you to kiss me, hug me, and raise me high!”

Lin Hanxing’s delicate, doll-like face was tired and she was deliberately acting coquettishly. Her eyes were like bright stars as she looked at the man in front of her innocently and with complete trust.

In an instant, the softness in the bottom of Lei Xiao’s heart was completely ignited.

He opened his strong arms and pulled Lin Hanxing, who was as light as a feather, into his arms, letting the little one bury her face in his chest.

Lin Hanxing heaved a long sigh of relief.

Ah Xiao’s chest was really strong.

Her little nose leaned forward and took a deep breath of the familiar and reliable scent of mature wood.

“Kiss and raise?”

Lin Hanxing rested his chin on Lei Xiao’s chest and snorted.

Qinshui’s beautiful eyes blinked.

It was like an accusation!

Looking at his wife teasing him like a cat, Lei Xiao chuckled and slowly leaned towards that pink and white face.

Lin Hanxing looked at Lei Xiao’s face, which was getting closer and closer, and the fatigue in his body gradually faded away. Only his heart was beating wildly.

The Thunder valiant beast’s lips stopped an inch away.

The corners of his thin lips curled up slightly.

“Kiss.”

Lin Hanxing’s long eyelashes fluttered slightly as he breathed in her hot breath.

When he said these two words, his eyes couldn’t be more focused.

It was so gentle that it could drown a person.

Lin Hanxing’s hand clutched Lei Xiao’s shirt. He looked up and gradually closed the distance between them. Even their breaths seemed to melt together.

He slowly closed his eyes.

The moment their lips and teeth touched, it felt like an electric current had passed through.

There seemed to be the sound of the wind in his ears.

It was in sync with the beating of his heart.

The tip of her small tongue brushed across Lei Xiao’s thin lips, and the hand holding her small waist suddenly tightened.

Just when Lin Hanxing felt like pulling away, Lei Xiao held the back of her head with one hand and pressed her back down.

Lin Hanxing’s eyes widened.

He was like a frightened little squirrel.

Seeing this, Lei Xiao’s thin lips curled up even more, full of masculine charm.

He only let her go reluctantly after he had squeezed out the last bit of air in Lin Hanxing’s lungs.

He then moved his lips to Lin Hanxing’s ear.

“You’ve kissed me and hugged me. Shouldn’t you be responsible for me?”

Lei Xiao’s hoarse voice made Lin Hanxing’s bones go numb even though he had yet to recover!

Lin Hanxing knew how destructive his voice was to women, but he still did not know how to restrain himself. Lin Hanxing glared at Lei Xiao weakly!

On the other hand, Thunder valiant wore an innocent expression.

However, Lin Hanxing quickly extended his hand to him.

His white and thin fingers looked extremely beautiful in the light.

The Thunder valiant beast stretched out its palm towards her.

However, before he could get close, Lin Hanxing’s little hand had already dodged.

Lin Hanxing extended his hand in front of his eyes again.

The Thunder valiant beast tried to grab her again, but she dodged it.

One came and went.

Lei Xiao raised his head and looked at her with raised eyebrows.

“Didn’t you tell me to take responsibility?”

Lin Hanxing raised her chin, even the mole under her eyes on her delicate porcelain-white face was showing her pride.

“Why aren’t you taking out the thing in your pocket?”

The next sentence made Lei Xiao freeze in place.

She ...

You know?

“Is it not for me?”

Lin Hanxing leaned his upper body forward, his long eyelashes trembled slightly, and he hid the smile in his eyes.

He moved his fingers and urged.

Lei Xiao took a deep breath and took out the velvet box from his pocket.

With a click, the door opened.

A huge diamond ring appeared in front of Lin Hanxing.

The main diamond was cut from The Winston Blue diamond that Lei Xiao had personally selected. Its natural purity was rare in the world, and around the main diamond were pure-colored broken diamonds that were as fine as stars, like the Milky Way. Just the handwork alone was enough to prove the preciousness of this diamond ring.

Under the reflection of the sun, it glowed.

“Do you like it?”

Lei Jing held her breath. Even when she first took over the Lei clan, she had never been this nervous.

Lin Hanxing did not say anything.

Lei Xiao was already a little nervous, and seeing that she didn’t speak, his heart sank.

She was ...

Did she not want to marry him?

Lei Xiao’s eyes narrowed, his slender fingers holding the diamond ring box were cold.

From his angle, he could not see Lin Hanxing’s expression clearly, so he naturally could not guess what she was thinking.

The Thunder valiant beast's heart sank.

His fingers tightened around the jewelry box even more.

The force was so great that it seemed like it was going to sink in!

In the next second, the Thunder valiant beast made its move!

[Chapter 1079](#)

1079 You're alive, and betrayal is hard to tolerate; If you die, we'll go to hell together.

An overbearing pressure descended from all directions!

Lin Hanxing did not even have time to react before the back of his head was grabbed by Lei Xiao's wild nature. As the world spun, he was caught off guard and was completely swallowed by Lei Xiao's crazy and hot kiss!

Even when she knew that Lin youlin was going to sell her, she had never been like this ...

He felt that he was a speck of dust in the vast ocean!

"Say you like it!"

Just as Lin Hanxing's tongue was numb from the kiss, Lei Xiao's voice was heard.

It was hoarse and domineering!

Lin Hanxing blinked, he was a little stunned by the kiss!

But in this moment of hesitation, Lei Xiao's pupils were as dark as ink, with an undetectable profoundness.

She didn't speak, so Lei Xiao reached out and held her tightly in his arms.

He pressed his thin lips close to Lin Hanxing's ear and kissed her white ears repeatedly.

"Hanxing, say you like it!"

Her strong voice was mixed with an indescribable pleading and fragility.

"You said you would marry me, so you have to keep your promise!"

Suddenly, he tightened his grip. Lei Xiao's entire body was in danger of dying together with her if she did not agree.

"You said it before!"

He repeated.

She raised her head and looked at him.

The tailor-made pure black shirt wrapped around his lean and strong body, and his black hair was combed back to reveal his cold and perfect facial features. His handsome features were tense at this time, and there was a deep desire in his deep eyes.

Lin Hanxing's heart skipped a beat.

As if she had been poked, she subconsciously felt soft.

"I'm very overbearing."

After a long time, Lin Hanxing finally found his voice.

As he spoke, he took the ring from the jewelry box in Lei Xiao's hand.

"I'm willing to pamper you."

Thunder valiant beast's voice was hoarse.

"He has a bad temper too."

"I'm willing to pamper you."

Lei Xiao watched as Lin Hanxing held the ring between his fingers. The moment she finished speaking, he froze on the spot as if he had been struck by lightning. In his 31 years of life, this was the first time he was at a loss!

Lin Han knelt on one knee, raised the ring that Lei Xiao had originally prepared for her, and proposed to him!

For a long time, the Thunder valiant beast was so shocked that he could not speak!

from now on, I'll only dote on you and dote on you. I won't lie to you!

"I'll do everything I promised you, and I'll be sincere with every word I say!"

"I'll believe you unconditionally! I can't let anyone bully you!"

"If you're not happy, I'll make you happy!"

"If you're happy, I'll be happy with you!"

Lin Hanxing read out the lines that he had been thinking about for a long time. When he saw Lei Xiao's once-in-a-century shocked expression, he could not help but praise himself!

"Stop ... Cold star ..."

In his life, Lei Xiao had tricked many people in the business world, but he had never been like this, his mind completely blank from Lin Hanxing's tricks!

Lin Hanxing half-knelt on the ground, and there seemed to be stars shining in his eyes.

"If you live, I can't tolerate betrayal. If you die, I'll accompany you to the netherworld!"

Lin Hanxing did not even stammer after saying such a long sentence.

Porcelain skin, bright eyes, and white teeth.

It was as touching as it could be!

“Cold star!”

Without a word, Lei Xiao grabbed her wrist and pulled her into his arms. They were so close that Lin Hanxing could feel the resonance of the man’s heart beating in his hard chest!

Her red lips curved into a beautiful arc.

His heart was beating so fast!

Lei Xiao grabbed her waist with one hand and pressed the other hand behind her head.

He couldn’t say anything for a long time.

my Dear President, are you willing to spend the rest of your life with me? ”

A soft and muffled voice came from his chest. Lin Hanxing’s little hand unconsciously raised up and raised the ring in front of Lei Xiao!

“If you’re willing, then help me put on the ring!”

He was so damn willing to do it!

No amount of exclamation marks could describe the joy in his heart!

Without another word.

In an almost domineering manner, Lei Xiao placed the ring on Lin Hanxing’s ring finger!

Her fair fingers were even more beautiful against the Blue Diamond.

“Hey, it’s a deal ...”

Lin Hanxing felt that it was rather inconvenient to wear the huge diamond ring on his finger, but when he saw Lei Xiao’s happy face, which had shed all the darkness, his mood became even better.

She lifted her slender fingers and waved the hand with the diamond ring in front of his eyes.

“From now on, there will only be death between us, and we will never be separated again!”

In response, she was hugged even tighter by Lei Xiao!

“I swear!”

.....

Lei Xiao and Lin Hanxing returned to the car with their fingers intertwined.

Yuan Bao’s eyes were sharp, and he immediately noticed the ring on Lin Hanxing’s finger.

Oh, what a big blue diamond.

It looks really good on first aunt’s hand!

Uncle hai and Yuan Kang were also there. Fortunately, the car was spacious enough, so Lei Xiao did not let them out.

Fifteen Mercedes Maybach S600s drove out of Huaji's territory in an orderly manner. Lin Hanxing and Lei Xiao's hands were tightly clenched since they got into the car.

"Showing off your love, sour!"

Yuan Kang snorted unhappily.

So what if you have a husband!

"If you're not convinced, then endure it!"

Lin Hanxing raised his eyebrows and said. He was obviously in a good mood and could not be bothered to argue with him.

"Tsk, if he has the ability, then let him post a Weibo show for the world to see!"

Yuan Kang curled his lips.

Unexpectedly, Lei Xiao really took out his phone and snapped a photo of their interlocked fingers. Then, he edited it seriously and actually sent it out!

"....."

Didn't these business big shots value privacy the most?

Especially for a diamond-ranked Bachelor like Lei Xiao, shouldn't he be hiding it?

Why was it that he had just incited her ...

He succeeded?

"What did you send?"

Lin Hanxing turned his head to look at the screen, but Lei Xiao suddenly turned the phone to the side, his expression serious.

"Come on! I'll help you!"

Without saying anything, Yuan Kang took out his phone from his pocket and quickly opened the Weibo App!

"What the f * ck?"

After a long time, he logged in and exited Weibo.

"What's the situation?"

Wasn't he still fine when he posted on Weibo just now?

He tried a few times in succession, but the effect was the same.

"The server is crashing again ..."

Before he could finish his sentence, everyone's eyes turned to look at Lei Xiao.

No way ...

Could it be that Weibo, just because of the Weibo post he had just posted ...

Paralyzed?

Otherwise, how could there be such a coincidence ...

“Tsk tsk ...”

At this moment, Yuan Bao, who had been hiding in the corner, suddenly moved. The screen of his small phone was very bright!

“Uncle, the comments on your Weibo have already exceeded 50000 ...”

It had not even been half a minute!

Little did he know that ever since Lei Xiao opened a Weibo account and Yan beixiao had privately sent him a photo, Lei Xiao had been promoted to the number one husband in the hearts of those young girls!

Moreover, it had been a long time since he last posted on Weibo!

“What did he post?”

Yuan Kang could not hold back his curiosity and moved closer to Yuan Bao, but the first thing he saw were the comments below!

“I ...”

Looking up at Yuan Bao’s adorable eyes, Yuan Kang swallowed back the vulgarities that were about to come out of his mouth.

He could not believe his eyes!

The comments below were filled with the wailing of a young girl’s broken heart!

The Lightspeed little monster thought, “this can’t be real!” It can’t be true! “No!!!”

ELISA didn’t give up-I won’t give up until I see the marriage certificate!

“Did my husband propose to me today? am I the only one who was touched by master Lei?” He must love her very much. I wish her happiness!

[humble qianxun: I’m upstairs, I’m upstairs. Be careful that young master Lei will throw a marriage certificate in your face in the next second!]

[I’m your grandpa’s canned tuna: only I want ?]

[I’ll support your mom:@yanbeimo1121v please maintain your formation downstairs!]

[Baobao is not coming home today:@yanbeimin1121v]

[are you folding your blanket in]

.....

At that moment, Yan beixiao, who was far away in Jiang city, sneezed all of a sudden!

He wondered if he had caught a cold.

She was curled up on the sofa in the Lei family's living room, still holding the short-legged cat, which was originally called Lafu.

Oh, right, it had recently changed its name to Little Star!

"Hehehe!"

Knowing that it was Lei Xiao who had changed the cat's name on his own accord, Yan beiming laughed in a strange voice.

Imagine the scene of lightning striking the cat!

He had come to the Lei family's house today because mother Lei had called him to get some fresh seafood.

It was said that a friend had given him a bunch of Boston Lobsters.

Now, the back kitchen was flooded with people!

If they weren't careful, they would be crawling all over the ground, each of them alive and kicking!

Mother Lei, who was fighting with Madam Chen in the kitchen, felt like crying!

Suddenly ...

"F * ck! Mother Lei! Mother Lei!"

Yan beiming's bewitched voice rang out, five consecutive high notes, gradually increasing in pitch, causing the hearts of those who heard it to tremble with him!

Not only mother Lei, even father Lei, Lei Yu, Lei Jue, and the rest came down from upstairs!

"You're so flustered, you're bewitched!"

It was a rare day off for Lei Jue. After knowing about Yuan Bao's 'great achievements', he decided to wait at the old mansion to welcome his silly son, who was about to return home in triumph!

When he heard Yan beixiao's movements, he retorted coldly!

"Quickly look at ah Xiao's Weibo, F * ck! F * ck! The F * ck!"

At this moment, Yan beixiao had already entered a state of incoherent madness, and mother Lei, who had followed him out of the kitchen, was still holding a huge lobster in her hand!

Father Lei glanced at Yan beiming and snorted coldly.

The young people nowadays really didn't know what stability was.

As he thought about it, he picked up the teacup and opened Weibo on his phone to find his eldest son's Weibo ...

Puchi ...

cough, cough, cough, cough, cough, cough ...

With a 'pfft' and a dry cough, father Lei showed everyone what it meant to be slapped in the face!

"....."

"....."

"....."

Father/uncle, we all saw the look of disdain in your eyes just now!

Upon seeing their father's reaction, Lei Pi and Lei Jue looked at each other and did the same thing as one!

And that was ...

He opened Weibo and found big brother!

"What's the situation with you guys!"

The giant lobster in Mama Lei's hand made all sorts of movements with its pincers, baring its fangs and claws!

"....."

"....."

After a few tries, Lei Xiao 'er and Lei Xiao' si finally opened the Weibo page. They looked up with strange expressions!

he was looking at his own mother like this!

then, they all raised their phones in front of her!

"

[Chapter 1080](#)

1080 The Lei family moved out

At the same time, in country G.

"Uncle ..."

Yuan Bao suddenly looked up in a cute manner!

Thunder valiant beast looked over.

"I think you should take a look at Weibo!"

He snorted, and his eyes were obviously gloating over her misfortune!

"I also think you should take a look!"

Yuan Kang finally opened the Weibo and glanced at it. He couldn't help but laugh, but then he couldn't help but feel envious.

The Lei family seemed to be too different from the wealthy family he had imagined!

Hearing the words of the two men, Lei Xiao had an inexplicable ominous feeling.

He clicked on the screen again.

The phone's page was still in the same state as it had been after the message was sent.

Lei Xiao V: "for you, I also have the desire to walk towards the light. The world won't be too lonely for me.

The attached picture was the one taken from a straight man's aesthetic point of view of Han Xing's hand intertwined with his. The blue Winston diamond ring was shining, and even through the screen, one could feel its luxury and out-of-print beauty.

The comments below were constantly refreshing at a rate of seconds. No wonder the Weibo server crashed just now!

Lei Xiao glanced at it and his eyebrows twitched!

He finally knew where the gloating look in Yuan Bao's eyes had come from!

On Weibo, the Lei family was in full force!

Yan Beichen 1121V,"what did you two do behind my back?!" Crying! @Leixiao: for you, I also have the desire to walk towards the light. The world won't be too lonely for me.

If Yan beiming's reply was considered normal, then the Lei family's reply that followed was simply shocking!

Then I'm your dad: "my wife, please mind your words. It's my wife who is finally willing to accept our eldest son who only knows how to earn money! [I'm your mother:/want to show a motherly smile. My eldest son/who only knows how to make money/is finally getting married!!!] Yan Beichen 1121V, you ...

Immediately after, Lei Xiao 'er, Lei Xiao' er, and Lei Xiao 'si, who had applied for verified Weibo accounts, made their appearance!

Lei Sheng, Matthew Lev: A brother who has been single for more than 30 years ... Have I exposed something? Big brother finally has a status. Leijue V: [mom, dad, this is Weibo, not WeChat!!!] In addition, the photos taken by big brother were indeed from a straight man's perspective! Then I'm your father, daughter-in-law ...

"....."

Lei min's face was expressionless, but Lin Hanxing, who had leaned over, smiled and buried his face in Lei min's neck.

"Grandma is quarreling with someone!"

Yuan Bao snorted again, and Lei Xiao's brows furrowed as he scrolled down to the comments section!

The cause of the incident was a netizen with the username 'Lei Xiao can only register his marriage with me' who was insulting little Hanxing on the internet. When mother Lei saw it, she exploded in anger and personally went to tear the retard apart!

I'm your mother, if only my daughter-in-law was interested in the money of the Lei family! This way, I don't have to constantly worry that my daughter-in-law will find my eldest son boring! Do you know how rich our daughter-in-law is? Lei Xiao could only get married to me,"that B * tch must be with you for the money, I'm the only one who's true to you, that slutty B * tch ..."

"....."

Lei min suddenly felt a dull pain in his temple!

The usually harsh netizens 'reaction to mother Lei, who had personally stepped up to start a fight, was ...

[netizen 1: I suddenly feel that ... The Lei family is very different from those flirtatious B * tches outside. They're so cute!]

[netizen 2: I also think it's cute +1]

[Netizen 3: I also think it's cute +10086]

[netizen 4: am I the only one who is curious about how rich young master Lei's wife is?!!]

Lei Xiao V: [screenshot]//netizen 4: Am I the only one who is curious about how rich young master Lei's wife is?

At this moment, netizen 4 was dumbfounded. She was flipped over by young master Lei just like that?

When she saw what Lei Xiao had posted, she screamed instantly!
