

## Goodnight 1081

### [Chapter 1081](#)

1081 Young master Lei who is proud of his wife

Not only netizen 4, but Lei Xiao's screenshot had ignited the enthusiasm of the entire internet!

One, Ten, One Hundred, one thousand, ten thousand, one hundred thousand, one million, ten million ...

A screenshot of more than 80 million Yuan entering the account!

The netizens all felt that this might be the closest they had ever gotten to the private lives of the rich and powerful!

Soy sauce Madam Li: "long time no see. Is young master Lei showing off his wealth?"

[ pink sweetie is the real me: upstairs, please follow the context for your reading comprehension!!! ]

Of course, there were also anti-fans who continued to jump around.

Lei Xiao could only get the marriage certificate with me,"it's only eighty million, it's like a drizzle to me, how can that woman be rich?"

"I'm so angry!"

At that moment, in the Lei family's Villa, mother Lei was desperately shaking the large lobster in her hand!

It shook her so much that she was frothing at the mouth.

If the lobster could talk, it would have begged mother Lei to give it a quick death!

This was worse than steaming it!

hand over your private money, I'm going to hire a water Army!!!!

Mama Lei kicked her husband with the tip of her foot, her cheeks puffed up in anger, like a squirrel whose mouth was stuffed with acorns.

"The Lei family has a media intervention system."

Father Lei gave Lei Xiaosi a look and the next second, Lei Jue immediately took the lobster from his mother's hands.

our daughter-in-law is so good. That person is so infuriating!

"Good, good, good. Have some tea."

Father Lei helplessly dragged his wife to the sofa and sat her down. She had been complaining about not allowing anyone to bully her daughter-in-law, but she had not thought about it. As long as it was someone who opposed little Hanxing, who would have a good end?

Yan beixiao was still looking at Weibo. When he saw that anti-fan's comment, his fingers jumped on the keyboard at an amazing speed!

Yan beixiong1121v: [ hehe, this is my pocket money for ah Xiao! ] Lei Xiao could only get the marriage certificate with me,"it's only eighty million, it's like a drizzle to me, how can that woman be rich?"

Tsk, is my sister the kind of person who would let you talk as you please?

The netizens who were still guessing what Lei Xiao's intentions were for posting that screenshot were now all shocked!

Netizen 1: OMG!

"Netizen 2: what did I just see?!"

[ Netizen 3: a bolt from the blue!! ]

"Well done, little Yanzi!"

As if she had found a new way to solve the problem, mother Lei's eyes lit up. She quickly searched through her phone's photo album, then opened her Weibo and threw a few photos on it.

[ I'm your mom: it's all pocket money my daughter-in-law gave ah Xiao ] [ screenshot ] [ screenshot ]  
[/Yan Beichen1121v: Hehe, this is my pocket money for ah Xiao! Thunder valiant could only register our marriage ...

In the photo, the house was built with gold bars!

If the netizens had not yet recovered from the shock of Yan beixiao's bombshell, then the photos that mother Lei threw at them had completely subverted their outlook on life!

Many Xiao V account to verify its authenticity!

"Tsk tsk ..."

Yuan Kang lowered his head and looked at his phone, feeling as if he was watching a TV series.

His eyes seemed to land on the man and woman opposite him.

It was just a few words on Weibo, but it was enough to show how good the relationship between the Lei family was.

He had originally thought that all rich and powerful families should be like the yuan family ...

Scheming and scheming.

As he thought of this, he couldn't help but show envy on his face.

"Do you want to go up and take a look? your mom and your brothers have almost dug out all your secrets!"

Yuan Kang waved his phone at Lei min.

Lin Hanxing was sharing the precious snacks hidden in Yuan Bao's bag with Yuan Bao. The two of them chewed on the junk food, and the whole bus was filled with the refreshing taste of cucumber-flavored chips.

She obviously didn't take the haters 'words to heart.

Lei Xiao stretched out his hand to tuck a strand of her long hair that had slipped down from her cheek behind her ear, his action extremely natural.

Yuan Kang was stunned.

Perhaps he had long heard of the cruel things that Lei Xiao had done in private over the years, but since the beginning of their relationship, he had been on guard against this man, for fear of falling into a trap.

However, from the looks of it now, this dangerous man who was in charge of the Lei Corporation in Rivertown and controlled 73% of the world's three vital points-sea, land, and air-was no different from an ordinary person at this moment. He even ...

Beside Lin xiaojiu, it was as if he had been domesticated, and no one felt the slightest threat from him.

After doing that, Lei Xiao shifted his gaze back to the phone.

At this time, because of the private messages that popped up, his phone was burning.

Even when he opened it, he was stuck for a long time.

The content was consistent in asking him if what Yan beiming and Mama Lei had said was true.

This was different from the plot they had thought of!

According to the routine of an idol drama, it should be the big CEO who would take out a black card and let the female lead use it indefinitely, not to mention that Lei Xiao was the richest among the rich, how did he become the one who collected pocket money!

What happened to the cool, handsome, and arrogant President?

Had it been eaten by a dog?

Lei Xiao was not interested in exposing his privacy on the Internet, and there was a reason for the few Weibo posts he made. However, seeing how Yan beixiao and his mother were protecting him, his attitude was obviously different.

Lei Xiao V, [ yes, my wife gave it to me. ] [ I'm your mom: it's all pocket money my daughter-in [law gave ah Xiao ] [ screenshot ] [ screenshot ] [/Yan Beichen1121v: Hehe, this is my pocket money for ah Xiao! Thunder valiant could only register our marriage ...

After sending the message, he threw his phone to the side and did not respond.

However, he didn't know that because of his words, the internet had started to discuss him and even the four young masters of the Lei family!

[ I've eaten your conscience. Why do I feel like I've been secretly shown off our love? ]

[ sweet potato is sweet potato: I've actually found something cute! ]

[ protect my Cheng bites the gold: ditto, I've understood young master Lei's cuteness! ]

The little bee buzzed,"he's proud of his wife!"

The old driver drove steadily, thinking, "she's not even married yet, but she's already able to make the entire Lei family defend her ..."

[ Buddha-style little fairy: and very rich!!!! ]

The egg-less tarts in McDonald's: Jealousy makes me ugly!

.....

At the same time, at the Han residence in Jiang city.

The enamel vase fell to the ground with a loud crash.

The servant didn't even dare to breathe.

She couldn't even count how many vases had been broken since miss came back.

However, this time, it was clearly different from the previous few times.

Starting from the enamel vase, the violent shattering sound never stopped, and it even seemed to be getting crazier and crazier!

Inside the house.

Han mingmei vented her anger like crazy. The phone that she had casually thrown on the bed was now emitting a faint light.

Ah Xiao!

How could he!

She had been trying to please the Lei family for so long. The Lei family had always put on a mask in front of her. Why would they go to such lengths to protect Lin xiaojiu?

The orphan of the Lin family who had been missing for 18 years!

Why?

After a long time, the noise inside the door stopped.

"Come in."

When han mingmei's voice rang out, the two servants obviously cowered at the same time.

They looked at each other.

They even had to use rock-paper-scissors to decide who would enter.

Very quickly, the losing party pushed open the door dejectedly and walked in.

"Miss."

There was a hint of nervousness in his voice.

"You're afraid of me?"

Han mingmei's shoulder, which had been pierced by an arrow, was still bandaged. Her long curly hair made her beautiful face look like it was only the size of a palm. At that moment, she was looking at the servant with a dark look in her eyes. She was so scared that her knees went weak.

From the maid's point of view, han mingmei had changed completely ever since she came back from her injury.

"No... I didn't ..."

The servant's eyes darted around, and her scalp was numb from han mingmei's stare.

"Pack up."

Han mingmei sat by the bed, looking like a sick porcelain doll.

The pain in her shoulder was a constant reminder of how her pride had been trampled on that day!

The servant squatted down and started to clean up.

Perhaps it was because he was afraid that his movements would become more agile.

Han mingmei lowered her head and stared at her.

Looking at the servant's Swift movements, she felt annoyed for no reason.

After this injury, she might never be able to pick up the recurve bow again ...

At the thought of this, han mingmei's eyes darkened ...

She raised her foot and stepped on the small hand that was picking up the broken pieces of the vase.

"Ah ..."

Blood was seen in an instant.

However, han mingmei did not have any intention of letting go. She even ruthlessly crushed him again.

Screams of pain rang out one after another ...

Outside the door.

The other servant trembled in fear and felt a chill down her back ...

.....

"Do you want to go back to Jiang city with me?"

Yuan Kang was engrossed in his phone when he suddenly heard Lin Hanxing's cold voice.

He paused and looked up.

There was a rare look of nervousness in his eyes!

What did she mean?

"You don't want me anymore?"

These words were as pitiful as they could get, and even the way Lei Xiao looked at him became dangerous.

“.....”

Lin Hanxing looked into those wolf-dog eyes and couldn't link them to Yuan Kang, the man who was good at scheming on the way to the airport last night. He had the guts to ...

The feeling of seeing Yan beiming!

Lin Hanxing toyed with the Dragon Ring that contained the yuan family head token and handed it to uncle hai.

Returned to Zhao in one piece.

Uncle hai glanced at her. He seemed to have thought of something and finally retracted his gaze.

“I've even offended Yuan laosan for you. You can't abandon me!”

Seeing Lin Hanxing still not talking, Yuan Kang became anxious.

“Why do you want to follow me?”

Lin Hanxing stretched out his hand and covered the little sheep dumpling with the blanket.

He raised his head and looked at Yuan Kang.

He was a very smart person.

He had hidden it very well.

He was rebellious in nature, but he was bound to the yuan family, which was a big dye factory, so much so that his mentality was more or less distorted.

It was actually a rather dangerous thing to take in such a dark-minded person.

Yuan Kang was stunned.

He did not expect Lin Hanxing to ask him this question.

“Intuition ...”

After a long time, he spat out these two words with difficulty.

“Then what kind of person do you think I am?”

Lin Hanxing fiddled with Yuan Bao's curly hair, looking as gentle as he could be.

But Yuan Kang knew better than anyone else.

These were all fake.

The real Lin xiaojiu did not care about anyone other than the Lei family.

She did not know if it was because of her past experiences and her personality ...

There was a problem with it!

When it came to dealing with her enemies, she didn't like to kill them with a single strike. Instead, she was like a cat, teasing her opponent who was like a mouse in her eyes until she was done playing with them, and then she would swallow them in one bite.

Not even dregs were left!

Such a person was actually more dangerous!

The more he got along with them, the more Yuan Kang felt that they were the same kind of people.

It was also because of this that he wanted to follow her even more.

Perhaps he wanted to see what would happen to Lin xiaojiu, who was one of his own!

"You're a person who can't let anyone touch your bottom line."

Lin Hanxing chuckled.

He didn't deny it.

In fact, she had discovered the darkness in her heart a long time ago.

If it wasn't for aunt Mian, the mute uncle, and uncle Jin, even Lin Hanxing couldn't imagine what he would have become, or perhaps ...

Where did he die?

Little nine, you have to try to give the key to your life to someone else.

Aunt Mian had told her this before.

However, this world was cold, absurd, and boring. What was there to miss?

Lin Hanxing did not understand.

Later on, he met Lei Xiao, the Lei family, Yan Bei Xiao, Liang yuran, and so on ...

Her ah Xiao had torn a gap in her cold world with his domineering attitude.

Then, he reached out and pulled her out from the gap.

He made her understand that this world was not just cold, absurd, boring, and ironic. There was also love!

Lei Xiao was the first person to enter her world!

She had a strong possessiveness towards him!

She was willing to share the best of everything in the world with him!

Just like how he treated her!

"Follow me. Have you thought it through? I won't allow anyone to betray me!"

As he said this, Lin Hanxing's dark eyes swept across Yuan Kang's face.

There was a sense of intimidation that was not angry but was still intimidating. It wandered willfully in the enclosed space of the car!

For a moment, Yuan Kang found it hard to breathe.

Lin xiaojiu's aura was truly unparalleled!

Even as a man, his mind was blank and he couldn't find any words to describe the shock in his heart at this time. However, he quickly came back to his senses!

"I've thought it through!"

Instead of being a chess piece in the yuan family for the rest of his life, he might as well follow Lin xiaojiu and do something big!

mute uncle, take him to Y. R. When we get back. You know how to teach him!

Lin Hanxing's long eyelashes fluttered as he spoke, hiding his deep thoughts.

The mute uncle nodded expressionlessly.

He moved his body and blocked the air vent that was blowing at Yuan Bao.

On the other side.

Uncle hai looked down at his phone and didn't speak for a long time.

His expression seemed a little awkward.

From time to time, he would look in Lin Hanxing's direction and open his mouth a few times, but nothing came out.

"If you have anything to say, just say it."

Lin Hanxing leaned lazily on Lei Xiao's side, they were about to reach the airport.

Perhaps it was because of this that uncle hai finally made up his mind to speak.

"The Li family has encountered some trouble."

The Li family?

Lin Hanxing's movements paused, and his eyes, which were originally closed, slowly opened.

Her long eyelashes trembled slightly, and there were ripples in her eyes.

The Li family, aunt Mian's Li family.

"Stop the car."

Lin Hanxing said coldly. The Maybach they were in slowed down and stopped by the side of the road.

She looked at uncle hai, her eyes calm.

“What kind of trouble?”

Lin Hanxing’s voice was emotionless.

### [Chapter 1082](#)

1082 The Li family waiting for their master

Yuan Kang’s ears perked up at the mention of the Li family.

He then thought of his uncle’s puzzling order.

The yuan family swore not to lay a hand on the Li family!

If the Li clan was in trouble, the yuan clan would not sit by and do nothing!

However, the old men of the Li family would explode whenever they heard the word ‘Yuan’.

Not to mention helping them, they would be thrown out even if they stood in front of the door!

Yuan Kang’s instinct told him that there must be some unknown conflict between the yuan and Li families ...

Especially when he had unintentionally heard of it before ...

The head of the Li family who had suddenly disappeared should have called his uncle ...

“Miss Lin, you should leave.”

After a while, uncle hai said this, but Lin Hanxing sneered in return.

“Uncle hai, is the game of loosening the reins to grasp them better fun?”

The Li family had attracted her attention, and now she was saying that she should leave?

The expression on her delicate little face was very indifferent, without the slightest trace of anger after seeing through.

However, the more it was like this, the more it made people feel uncertain.

The car was filled with a strange atmosphere.

Uncle Hai’s expression was subtle, and his back was covered in cold sweat.

In fact, this was what Mr. Yuan wanted before they came.

Ever since li Yanyu had left, the Li family had been declining day by day. The younger generation had left the Li family for the sake of their future, forming a vicious cycle. As this cycle repeated, the Li family had become an empty shell and could no longer see its former glory.

However, the old men of the Li family not only refused to help from the yuan family ...

He even drew a clear line with the yuan family everywhere!

They all knew the reason why li Yanyu had left so suddenly.

Mr. Yuan wanted to break the ice, so before he left, he had specifically told him to reveal the Li family's situation to Lin Hanxing at the appropriate time.

When he left the cabinet Council, he had wanted to find an opportunity, but he did not expect to encounter the Hua Ji incident.

However, the will of heaven had given uncle hai a chance to turn things around.

Lin Hanxing glanced at uncle hai, then turned to look at Yuan Kang.

It was cold and heavy.

Although he didn't say anything, the intimidation that was produced in his bones couldn't be underestimated.

"Tell me as much as you know about the Li family."

After a long time, Lin Hanxing finally spoke.

Yuan Kang felt that his body's instinctive reaction was to open his mouth and spill everything about the Li family that was in his mind before his brain even gave the order.

Lin Hanxing didn't say anything. He leaned against Lei Xiao and listened quietly with his eyes closed.

The unique wooden scent of a man lingered on her body, and her fingers inadvertently fiddled with the diamond ring.

The more they heard, the more the people around them could feel the pressure coming from Lin Hanxing.

The more Yuan Kang spoke, the slower his speed became.

He was drenched in sweat.

Isn't the air-conditioning a little too strong?

All of a sudden, Lei Xiao reached out and pulled Lin Hanxing into his arms. His actions were so natural.

It was as if spring had suddenly bloomed and the snow had melted.

Yuan Kang let out a long sigh of relief in his heart, as if he had just come back to life.

If he had thought that Lin Hanxing's calm and mighty state was the limit when they were in the cabinet's meeting hall, he did not expect that he had underestimated the woman in front of him.

The sheep, who was sleeping soundly and even showing her round belly, woke up with a groan. She rubbed her eyes and called out "Auntie" in a baby voice.

Lin Hanxing hummed in agreement, his voice almost gentle.

There was no trace of hostility.

"Is there anyone named li binshou among those who stayed?"

He gently stroked Yuan Bao's head, and the latter moaned in pleasure.

Lin Hanxing said indifferently.

“There is.”

Yuan Kang answered. Even though he didn’t know much about the Li family, he was still a famous person.

The most famous stubborn old man in the Li family!

He had always believed that the master would return sooner or later and lead the Li family to the peak again.

“Interesting.”

Lin Hanxing’s words were simple, but he could not understand what Lin Hanxing was trying to say.

Before aunt Mian left, her only worry was the Li family.

She had deliberately left half of her assets to li bingshou, who was her trusted aide.

It was a wealth that no one could imagine.

If he had used it reasonably, the Li clan would not have ended up in such a state.

Lin Hanxing thought.

“How much more time can we squeeze out?”

She turned her head to look at Lei Xiao beside her and began to calmly calculate in her mind.

“Two hours,”

Knowing Lin Hanxing’s intention, Lei Xiao did not waste any time and gave his answer.

“Let’s go to the Li family.”

.....

This time, the large fleet of cars did not follow them. Only the car they were in turned around not far from the airport, turned back the same way, and drove in the direction of the Li family.

The happiest person was, of course, uncle hai.

The Li and Yuan families had been in this state for too long. If they could break the ice, it would be the best!

This was one of Mister Yuan’s worries.

“Where are we going now?”

Yuan Bao, who had just woken up, still had a tuft of hair on his head. He was about to rub his eyes when Lin Hanxing stopped him.

“To the home of someone who is the most important to me.”

Lin Hanxing's voice was soft and gentle when he spoke to Yuan Bao. He was clearly very patient.

In Yuan Kang's eyes, it was unbelievable.

After all, it was really different from just now.

"Is it as important as first aunt to Yuan Bao?"

Yuan Bao snorted and snuggled into Lin Hanxing's arms, his little mouth was so sweet it was as if it had been smeared with honey.

Lin Hanxing pinched his little face and smiled.

The mute uncle's gaze fell outside the car window with a complicated look.

About 20 minutes later, the car slowed down significantly, and the surrounding scenery became more and more desolate.

"Are you sure you didn't take the wrong way?"

Yuan Kang looked out of the window.

Although he knew that the Li family was poor, he was still shocked when he saw it with his own eyes.

When the car stopped at the entrance ...

Yuan Kang's mouth was wide open, and even Lin Hanxing's expression made it hard for him to express himself.

This place and the haunted house ...

There wasn't much of a difference!

The desolate withered grass had even grown to the height of a person. The huge villa that would have been luxurious and extraordinary decades ago looked mottled due to years of disrepair, and more than half of the wall paint had fallen off.

There was no one in the house behind the carved door, and the dust was half a meter thick. Obviously, the door had been unguarded for a long time.

At this time, half of the broken carved door was still lying on the ground, and the other half was still hanging on the side.

"There's still someone living in this place?"

Even a ghost would find this place broken, right?

"....."

Even thunder valiant beast was rendered speechless for a long time after seeing this.

"Actually, this place was quite prosperous a few decades ago."

Uncle Hai's voice came.

In fact, it wasn't just prosperous. When li Yanyu was still around, the Li family was at its best.

Lin Hanxing got out of the car.

The group of people behind him also came down.

He couldn't drive on such a bumpy road, so he could only walk in.

### [Chapter 1083](#)

1083 The ferocious Tibetan Mastiff

A Hummer was already parked at the entrance.

Lin Hanxing stood still.

"What did you see?"

He glanced at Yuan Kang, and the latter suddenly felt like he was being watched by the Dean at school.

"Does being very poor count?"

Yuan Kang couldn't figure out what Lin Hanxing meant.

Lin Hanxing's face was expressionless and he did not answer his question. He turned to look at uncle hai.

"Are you sure that the Li family is only in 'a little' trouble?"

Yuan Kang perked up after hearing this.

Even when they got out of the car, uncle hai did not mention what the problem was.

But from Lin xiaojiu's tone, it seemed like there was more to it?

Uncle hai sighed.

Finally, he told her everything.

Although the Li family had declined, in fact, when li Yanyu was still alive, she had prepared to purchase a few mountains at the lowest price. At that time, the mountains could not be more desolate.

That was when she had just taken over the position of the Li family's head.

Because of this decision, li Yanyu had suffered much ridicule and disdain from the outside world.

After all, at that time, those who gave away the land for free would have to think twice before accepting it.

Even the Li family had many internal disputes.

In the end, li Yanyu decided to use her own money to buy it and put it under her own name.

From the beginning to the end, she had only coldly said one sentence to those people ...

Don't regret it one day!

At that time, most of those who heard this sentence ridiculed her arrogance. Who would have thought that, decades later, the price of new tin mines in these mountains would increase by tens of millions of times!

That was a new tin mine!

Although country G was the world's largest tin-producing country, due to the rampant mining in recent years, the reserves had been declining.

The global tin consumption was around 370000 tons, but the actual annual output was only 340000 tons. The shortage of supply had been going on for a long time, and the discovery of the new tin mine had greatly stimulated the sensitive nerves of some people!

This was a piece of fat meat!

The kind that would cause oil to flow out if you pressed it casually!

Li Yanyu's name, which had disappeared from country G for a long time, had returned to the public's attention.

It was only today that they finally understood what Li Yanyu had meant by those words!

If one or two of those pieces of land had hit the jackpot, it could be said that it was luck, but all of the pieces of land had hit the jackpot. It had to be admired for her sharp eyes and foresight.

What a pity.

"This patriarch of the Li family is really a powerful character!"

"If she was still here, the position of the richest man in China might still be hers!"

Yuan Kang couldn't help but sigh.

What was that saying again?

Although she was no longer in the martial world, there were legends about her everywhere.

It was a pity that she had given birth to a child out of wedlock, and her son had passed away in an accident. His hair turned white overnight, and he had disappeared without a trace.

Lin Hanxing ignored him.

He looked at the Li family's ruined villa. The wind blew, accompanied by the rustling of the weeds.

"Miss Lin, do you still not understand?"

Uncle hai said in a deep voice.

In fact, all these years, Mr. Yuan had helped the Li family to avoid a lot of trouble, both openly and secretly. It was just that this time ...

If Li Yanyu was still in the prosperous Li family, this new tin mine would definitely be a great discovery, but ... Now that they couldn't even protect themselves, how could they not be targeted by others with such a large amount of wealth in their arms?

This was the so-called “treasuring a jade pendant makes you guilty.”

Even if Mister Yuan wanted to make a move, the temptation of money was enough to make him take the risk.

It was impossible to guard against!

“The remaining members of the Li family are so stubborn ...”

All he wanted to do was to wait for li Yanyu to return.

Before that, no one else was allowed to touch anything that belonged to her.

Lin Hanxing did not say anything.

The image of aunt Mian’s guilty gaze when she mentioned the Li family’s former subordinates appeared in his mind.

Her trusted aide ...

They were all personally selected and trained by her back then!

“You stay here,”

After a while, Lin Hanxing finally opened his mouth and turned to look at uncle hai.

They were well aware of the grudges between the Li and Yuan families, so they didn’t need to point out why the Li family would treat the yuan family this way. As Yuan shaojing’s trusted aide, uncle hai wasn’t suitable to follow them!

“Contact some people and fix the gate first.”

She didn’t have much time today, so she could only wait for uncle Jin to arrive before she made further plans.

The group of people walked through the door.

“The question you asked me just now ...”

Suddenly, Yuan Kang turned to look at Lin Hanxing. He was obviously still brooding over her question of “what did you see?”

He really couldn’t see anything.

However, how did Lin Hanxing know that there was more to it after just one glance?

He didn’t expect Thunder valiant to look at him.

His Hawk-like gaze caused Yuan Kang to feel a chill run down his spine.

“Take a closer look at the ground.”

Yuan Kang was stunned when he heard Lei Xiao’s words. Then, he lowered his head and looked at the ground, which was full of potholes.

After a while, he was stunned.

After being reminded, Yuan Kang finally realized that something was wrong.

The ground was covered in messy footsteps and traces of dragging.

There were also bloodstains that extended along the road. If one did not look carefully, they would not be able to see it clearly.

Now that he thought about it.

The half-carved gate lying on the ground was probably not in disrepair, but knocked down by a Hummer.

Yuan Kang was shocked.

If he remembered correctly, Lin xiaojiu had only glanced at him for less than two seconds before asking him that question. How could she have gotten so much useful information in such a short time?

Thinking about it carefully, he was terrified.

The inexplicable feeling of being teased at first disappeared at this moment.

“Ah Xiao,”

Lin Hanxing, who was walking in front, suddenly stopped and turned to look at Lei Xiao.

She didn't say anything more about this simple word, but Lei Xiao had already bent over and held Yuan Bao in his arms.

Why were these two people so in sync?

Yuan Kang complained in his heart, feeling that he had been slapped in the face again.

‘Hehe ... Hehe ...’

Yuan Kang, who was immersed in his own world, didn't realize that danger was coming.

‘Hehe ... Hehe ...’

Eh?

What was that?

‘Hehe ... Hehe ...’

When the strange voice sounded again, Yuan Kang finally realized that something was wrong.

He thought about how Lin Hanxing had suddenly called for Lei Xiao ...

“F \* ck!”

When Yuan Kang raised his head and looked at the source of the sound, he was about to explode!

His scalp tingled!

Not far away, two burly Tibetan Mastiffs were staring at them in an attacking stance. Their strong bodies were as heavy as an adult man, and their dark fur was fluffy, looking fierce!

This was the world's fiercest dog breed!

"Uncle, what is the sun?"

Yuan Bao tilted his head and asked adorably.

"....."

"....."

Lin Hanxing glanced at Yuan Kang coldly, as if he would kill him if he said anything wrong!

Is this the time to discuss this?

That's a Tibetan Mastiff!

The Tibetan Mastiffs were loyal to their territory!

#### [Chapter 1084](#)

1084 The sun is the sun

Yuan Kang felt like crying!

He kept recalling the 16 words he had read about the Tibetan Mastiff in the book ...

His body was as big as a Tiger, he ran like a leopard, his roar was like a lion, and he intimidated the beasts!

With his tiny arms and legs, a Tibetan Mastiff could tear him apart. Now, there were two fierce-looking Tibetan Mastiffs not far away from him, and their lethality was no less than that of two tigers!

"I ..."

Yuan Kang's body's instinctive reaction was to run away, without even looking back!

After being bullied by the yuan family for so many years, it was inevitable that he would be infected with selfishness.

But ...

When she saw Lin Hanxing's slender body and Yuan Bao, who was looking at her adorably, she could not bring herself to do it!

All of a sudden, Yuan Kang dashed to the front!

"You guys run back quickly! I'll hold on!"

After saying that, he opened his hands and closed his eyes, but his legs were trembling as if he was stepping on an old-fashioned sewing machine.

"....."

“.....”

Lin Hanxing looked at Yuan Kang expressionlessly.

To be honest, she really thought that he would abandon them and run away.

He didn't expect to have an unexpected harvest.

Lei Xiao's eyes were so deep that no one could see any emotion.

He allowed Yuan Kang to stay by Han Xing's side because Han Xing thought he was a useful person.

But if Yuan Kang had escaped just now ...

Yuan Kang, who had no idea that he had just walked past the gates of hell, was still maintaining his previous posture, blocking the way in front of the others.

Facing the Tibetan Mastiff, which was so violent that it seemed like it could pounce on him at any time.

He only felt that his little life was going to end here today!

“You're not afraid?”

After a while, Lin Hanxing's cold voice came from behind him.

“.....”

Yuan Kang turned his head mechanically to look at Lin Hanxing. His handsome face was now pale and drenched in cold sweat!

Oh my God, I'm so scared!

if I die, Lin xiaojiu, you must help me take care of my old mother!!!

After saying that, Yuan Kang looked at death as if he was not afraid of death. He pretended to rush towards the Tibetan Mastiff that had already started to roar at him.

However, before he could take a step forward, the back of his neck was grabbed by a strong force.

He pulled it back!

Yuan Kang was seen staggering three to four steps back before he managed to stabilize himself.

He looked at the Thunder valiant beast who had pulled him back.

What was going on?

“What's the sun?”

Yuan Bao tilted his head and asked again with a strong thirst for knowledge!

“.....”

Baby, why do you still remember this?

Yuan Kang remembered the look in Lin Hanxing's eyes and broke out in a cold sweat.

This was a F \* cking gift! Life! Questions!

“Sun, it’s the sun!”

At this moment, Yuan Kang was talking nonsense with a straight face, but in his heart, he was praying that the little brat would stop asking!

Fortunately, Thunder valiant beast’s palm caught Yuan Bao’s head and pulled it back into his neck!

Lin Hanxing looked at the two ferocious Tibetan Mastiffs expressionlessly, but they bared their sharp teeth at her and growled threateningly, as if they were ready to attack at any moment!

“There’s a first aid kit in the car?”

Suddenly, Lin Hanxing turned to look at Lei Xiao and asked.

Thunder valiant nodded in response.

“Mute uncle, go and get it.”

Lin Hanxing then walked towards the two Tibetan Mastiffs!

“Lin ...”

Yuan Kang was just about to call out to her, when he saw Lei min’s emotionless face looking at him. His cold eyes immediately made Yuan Kang swallow the rest of his words.

Thunder valiant beast retracted his gaze.

Hanxing knew what she was doing.

The closer he got, the more he could feel the violent resistance of the two Tibetan Mastiffs!

The warning growl from his throat was getting louder and louder.

His eyes were filled with intense hostility!

Lin Hanxing ignored him, the closer he got, the more Yuan Kang broke out in cold sweat.

What the f \* ck is going on!

Soon, Lin Hanxing stopped not far away from the two Tibetan Mastiffs.

Her beautiful eyes were so cold that there was not the slightest fluctuation as she stared at the two fierce dogs. An invisible pressure spread from her bones.

The Tibetan Mastiff, which was as tall as a human, hunched its back. Perhaps it was triggered by Lin Hanxing, but its white teeth were exposed. It had a strong bite force as if it could bite Lin Hanxing’s neck off in the next second!

Lin Hanxing did not move.

His eyes, however, gradually changed. They became fierce and cold!

The mute uncle quietly took the first aid kit from the car.

The Tibetan Mastiff walked towards Lin Hanxing.

It was as fierce as a beast, and it was also probing!

Lin Hanxing took the first aid kit from the mute uncle. There was a faint smell of blood in his breath.

Yuan Kang's heart was almost in his throat. He didn't understand how the others could be so calm.

That's a Tibetan Mastiff!

Something that could take someone's life with a single open mouth!

She was not like a human, could she really understand Lin Hanxing's eyes and crawl to her feet to ask for a hug?

As he was thinking, he saw the Tibetan Mastiff open its bloody mouth at Lin Hanxing!

"....."

Just when Yuan Kang thought that Lin Hanxing was doomed ...

The next second, a scene that made him dumbfounded happened!

The Tibetan Mastiff that was as strong and fierce as a blind bear was supposed to snap its opponent's neck in one bite, but at that moment, it bit Lin Hanxing's skirt and yanked at the other Tibetan Mastiff with great force!

"Let go!"

Lin Hanxing reached out and patted the furry head.

"....."

From the beginning to the end, Yuan Kang was dumbfounded!

This Lin xiaojiu, isn't he too F \* cking godly?

As if it understood her words, the huge Tibetan Mastiff really let go of her mouth and ran two steps towards its companions. It turned its head to look at Lin Hanxing, ran two steps forward, and looked back at her ...

This repetition was like a spirit!

As soon as Lin Hanxing got close, he could smell the strong smell of blood, and there was a pool of blood on the ground.

"Ah Xiao, come and help me!"

It was obviously a gunshot wound.

Lei Xiao handed the guinea pig to the mute uncle, took off his suit jacket, and threw it to Yuan Kang.

Yuan Kang only felt as if something had fallen from the sky, and then his vision went black.

By the time he had managed to pull his suit off, the man had already walked to Lin Hanxing and squatted down beside him!

He reached out and fiddled with the thick fur of the other Tibetan Mastiff.

“Two shots, both on the left leg.”

The other Tibetan Mastiff made a strange sound from its throat. Its dark and fierce eyes were filled with anxiety, and its big furry head rubbed against Lin Hanxing’s hand. It was hard to imagine that it was so aggressive just a second ago!

“I’ll do it.”

Lin Hanxing said indifferently.

Just as she reached out her hand, she paused when she saw the diamond ring on her finger.

But very quickly, Lin Hanxing took it off and gently placed it back into Lei Xiao’s pocket.

“I’ll leave it for now!”

Soon, her slender fingers were stained with blood.

Lin Hanxing’s eyes became more and more ruthless.

Since those people dared to cause trouble in aunt Mian’s territory, they naturally had the courage to bear the consequences!

Yuan Kang swallowed his saliva.

If he remembered correctly, the Li family did have two Tibetan Mastiffs, but he panicked when he saw them and forgot about them.

He watched Lin Hanxing find a bullet in a short time and took a step forward. The Tibetan Mastiff, which had been moving restlessly, suddenly opened its mouth at him. Yuan Kang was so scared that he raised both his hands and did not dare to move!

## [Chapter 1085](#)

1085 Don’t stuff dirty things into your mouth

The man and the Mastiff were in a stalemate!

Lin Hanxing was not in the mood to care about his surroundings.

The place where the second bullet was stuck was very delicate. It was difficult to grasp the right place with the tools in his hand.

Lin Hanxing decided to attack directly.

With a “Puchi” sound, the second bullet was taken out of his skin, and blood splattered out!

Lin Hanxing’s high-quality cloud brocade was now useless.

Yuan Kang witnessed the whole process and felt his stomach churning.

He wished he could just turn around and vomit right there and then.

However, he had to take his face into consideration, so he swallowed back the urge to spit.

“Necktie.”

A cold voice suddenly rang out.

Without a word, Lei Xiao took off his tie.

“Not enough!”

Lin Hanxing’s voice was calm and did not show any signs of panic.

Yuan Kang’s hand trembled as he took his own and threw it over.

The two ties were tied together and barely wrapped around the wound on the Tibetan Mastiff’s strong left hind leg.

The Tibetan Mastiff, which was as blind as a bear, was now circling around the injured one anxiously, its throat making unknown movements. The ferocity in its eyes burned again after making sure that its companion was fine, and even its white teeth were chilling.

it’s over! Yuan Kang shouted in his heart. He felt that the Tibetan Mastiff was going to turn against them after using them!

Lin Hanxing stood up unhurriedly.

Her fair fingers were stained with blood, and even the luxurious cloud brocade dress she was wearing was not spared.

Lin xiaojiu, it ...

Before Yuan Kang could finish his sentence, Lin Hanxing waved at the fierce Tibetan Mastiff, and the latter obediently came to her.

“You want to take revenge?”

Lin Hanxing refused the wet tissue the mute uncle handed her and let the blood dry on her hands.

To everyone’s surprise, the Tibetan Mastiff seemed to have understood!

He bared his teeth and looked fierce!

Yuan Kang was dumbfounded. He was still wondering if this thing that was enough to kill him could really understand Lin xiaojiu’s eyes. He didn’t expect that reality would give him a tight slap in the face!

He felt even more fortunate that his decision to follow Lin xiaojiu was the right one!

Then, he thought of the rumors about her in Jiang city.

When he first saw Lin xiaojiu at the Lei Corporation, he actually thought of her as Lei Xiao’s accessory. It was simply a joke!

Lei Xiao stretched out his hand and wiped the blood off Lin Hanxing’s chin with his finger.

She opened her palm and saw two bullets lying quietly in it.

She squinted her beautiful eyes and seemed to be deep in thought.

He did not say anything, but raised the bullet in front of Lei Xiao.

Thunder valiant swept his eyes over it and understood.

“What did you see this time?”

After a while, a cold voice sounded.

Lin Hanxing’s cold eyes swept over Yuan Kang. With the previous experience, Yuan Kang would not be as careless as before.

His eyes were like X-rays, scanning back and forth.

After about a minute, just as Lin Hanxing was starting to get impatient, Yuan Kang finally spoke!

the Tibetan Mastiffs are supposed to protect their owners. Even if they are injured, even if they only have one breath left, they will tear people who break in without permission into pieces. But now, they are here, and the footprints on the ground continue forward, which indirectly proves that the other party has a hostage of the Li family! Even the Tibetan Mastiff can’t stand him!”

Yuan Kang spoke very slowly, observing Lin Hanxing’s expression as if he wanted to get her approval.

“What else?”

Lin Hanxing asked again. The two bullets collided back and forth in her palm, making a soft sound.

“There are at least six people on the other side.”

A silver light drew an arc in the air, and Yuan Kang subconsciously reached out to catch it.

It was one of the bullets taken from the Tibetan Mastiff’s hind leg.

It was accompanied by the warmth and the smell of blood from Lin Hanxing’s palm. It was a subtle touch.

“Keep looking!”

Lin Hanxing’s cold words made Yuan Kang lower his head to observe the bullet.

He reached out and covered the head of the Tibetan Mastiff.

“This bullet ...”

Yuan Kang raised his head abruptly, but Lin Hanxing sneered in response.

Before Yuan Kang could finish, she patted the Mastiff’s head with her blood-stained hand and said two words lightly.

“Go!”

.....

At that moment, two groups of people were confronting each other in front of the Li family's dilapidated villa!

The people of the Li family gritted their teeth and looked at the stone table full of mahjong tiles.

There was a teenager who was tied up beside the four of them.

His entire body was bruised, his eyes were swollen and black, blood foam kept coming out of his mouth, and his right arm was bent in an abnormal position.

It was obviously interrupted!

At this moment, the leader had stepped on his face on the ground and treated it as tiptoeing.

The group of people from the Li family were afraid that the other party would hurt the young man again, so they were cautious and glared at the group of four people who were having a good time playing mahjong, but they did not dare to go all out and fight with them!

80000! I'll win!

With a loud crash, the Mahjong tiles in front of the leader were pushed down, and he looked excited!

The foot on the young man's face exerted more force, causing him to spit out another mouthful of blood!

All the members of the Li family wanted to kill their grandsons!

"Li, I advise you to be sensible and sign this agreement quickly, so that he won't have to suffer again!"

Perhaps it was because he was in a good mood after winning the money, the leader spat on the young man's face as he spoke. He then ground it with his feet, and with a clatter, he pointed the thin paper of the agreement at the Li family's elder!

"I'm not selling! I said I'm not selling!"

The master would return sooner or later, and all of these belonged to her. No one could touch them!

"Fourth brother, reward this kid with some 'returning Dragon soup' and let him try it!"

"Al!"

As he spoke, the one called fourth brother was about to unzip his pants, pull out his manhood and aim it at the youngster's face, ready to have a good time!

This almost insulting action completely infuriated the Li family!

Just as they were about to make a move, a loud and clear whistle sounded from not far away.

It was extremely sudden!

Before everyone could recover from their shock, a ferocious Tibetan Mastiff suddenly charged at fourth brother, who was 'releasing water' at the young man's face, like a sharp arrow.

A shrill scream was heard!

The Tibetan Mastiff, which was like a giant beast, had already pushed the man to the ground. It opened its bloody mouth and used its white teeth to bite the man's thing!

Blood splattered everywhere on the spot!

The people who were watching did not come back to their senses for a long time, and their bodies were cold!

That thing, fourth brother ...

Was it bitten off by a dog?

"Don't stuff all the dirty things into your mouth."

An almost cold voice rang out from not far away, and it was particularly abrupt in the silence!

Everyone ...

Whether it was the Li family or the group of people who came to find trouble, they all turned their heads in unison to look at the source of the voice.

Not far away, a slender figure was reflected in everyone's line of sight.

When they saw the other party's face clearly, they were all dumbfounded and speechless.

The one who spoke just now was this outrageously beautiful little girl?

She was as exquisite as a porcelain doll.

As she walked closer, the embroidery on her blood-stained dress seemed to come to life, layer by layer. It made people hold their breath and unable to speak for a long time!

#### [Chapter 1086](#)

1086 Don't make me repeat myself

Lin Hanxing walked over expressionlessly.

He stood still a few inches away from the group of people.

His eyes, which were as cold as water, seemed to be a little low, and the group of people who came to find trouble felt their hair stand on end.

"Spit it out!"

Lin Hanxing ignored them and turned to look at the Tibetan Mastiff.

The latter's throat made gurgling sounds, and its black fur looked like it was about to burst into anger.

"Dirty."

Lin Hanxing stretched out his hand and patted the Tibetan Mastiff's head under the incredulous gazes of the Li family.

The next second, the ferocious Tibetan Mastiff actually opened its mouth and spat out the bloody thing!

“.....”

Lin Hanxing didn't even look at the mess on the ground, he was still playing with the Tibetan Mastiff's Black fur.

This strange scene sent chills down everyone's spine.

She was too beautiful.

However, it was also because of this that everything she had done since her appearance was even more strange!

The Li family members swallowed their saliva.

How could they not know what their own Tibetan Mastiffs were like?

Other than listening to their words, when had he ever been so obedient?

More importantly, who was she?

Li binshou, who was standing at the front, stared at her. For some reason, he felt a sense of familiarity when he looked at her.

It was like ...

The master was back!

“Let's go over there,”

Lin Hanxing said calmly. The Black Tibetan Mastiff, which was as tall as a person, obediently returned to the Li family's side.

“You are ...”

The leader snapped back to his senses. With one look, someone wanted to get close to Lin Hanxing.

His hand was about to touch her ...

There was only a muffled swish in his ears, and the other party's shoulder exploded into a blood-red flower. He cried out in pain and fell to the ground like the fourth brother, the smell of blood spreading in the air!

In a blind spot not far away, Yuan Kang was dumbfounded as he turned his head to look at Lei Xiao.

Thunder Valiant's face, which had been favored by God, was expressionless.

The gun in his hand reeked of gunpowder.

Even at such a tricky distance and angle, Thunder valiant could still fire a shot without batting an eyelid

...

He was indeed worthy of his title as the King of Hell!

Lin Hanxing didn't even look at the two people who were still bleeding in front of him. He walked around and sat down at the empty seat left by fourth brother. His movements were as beautiful as the floating clouds and flowing water.

"You reckless thing."

She fiddled with the Mahjong tiles in front of her as she uttered these words.

The hearts of those who heard it couldn't help but tremble.

The members of the Li family looked at each other, obviously questioning each other with their eyes. After confirming that this woman was not brought here by them, they were even more puzzled!

Who was this?

"Little girl, do you know who we are?"

The leader pushed the Mahjong tiles on the table and stood up!

Losing two of his brothers at once, he was furious.

The other two people who had been sitting at the stone table also stood up one after another, showing that they would not give up!

Lin Hanxing raised his head.

The pair of clear and cold eyes did not have the slightest fluctuation as they swept over these people with an unknown meaning.

Anyone who met her eyes felt a chill in their hearts.

It was really ...

They had seen a living ghost!

"Sit down," he said.

Lin Hanxing replied calmly after a long while.

In the time it took to raise her hand, it was clear that the blood on her slender fingers had long dried up.

His white skin was blood red.

The strong visual impact was enough to make people hold their breath.

The leader suddenly came back to his senses. He couldn't believe that he had just been intimidated by this little girl. If this matter were to be spread out, what face would he have left to speak of?

The leader forgot what happened to his brothers in front of him and rushed towards Lin Hanxing!

However, before he could get close, he heard a few more gunshots ...

Everyone saw the dust on the ground in front of the leader fly up, and then he staggered back. The dust seemed to have eyes, and it kept pressing forward, forcing the leader to have no way to retreat ...

With a squeak, he fell to the ground on his butt!

Lin Hanxing, on the other hand, was only playing with the four-pancake in his hand from the beginning to the end.

As her long eyelashes fluttered, there was no expression at all.

“Don’t make me say it a second time.”

Her voice was cold, and if one couldn’t hear the warning in her voice, one would be a fool!

The troublemakers hurriedly sat down again. Even the leader climbed up from the ground in fear and sat back at the stone table.

“Do you have tea?”

Just as everyone was speculating about Lin Hanxing’s intentions, a completely unrelated sentence rang in their ears.

However, the woman, who was of mysterious origin in the eyes of the crowd, turned to look at the elder who was the leader of the Li family. She still spoke in a calm tone, as if she was talking about the weather.

The Li family members only came back to their senses after a long time.

“Pour some tea for the honored guest.”

Although there were wild grass and a dilapidated villa behind him, Lin Hanxing was very satisfied with the calm and majestic aura of the elder.

Soon, a cup of hot tea was served.

The lid was made from top quality ru kiln. Although it looked old, it was clean.

Lin Hanxing picked up the cup and took a sip.

Although the tea leaves were Longjing tea leaves before the Ming Dynasty, they were probably old tea leaves that had been used for many years.

Her long eyelashes fluttered.

The Li family was actually so poor.

Lin Hanxing placed the teacup back on the stone table with a clatter.

“The people behind us are not people you can afford to offend.”

The leader, who had been extremely arrogant just now, had an unfriendly expression as he spoke gloomily.

As soon as he finished speaking, Lin Hanxing threw the two bullets he had taken out from the other Tibetan Mastiff to the middle of the stone table. It was accompanied by a crisp muffled sound, but no one spoke.

“He’s just a mere second Prince, what’s there to be afraid of?”

The bullets of the royal family had special marks to make it easier to distinguish them at special times.

Hearing this, the people of the Li family looked at the group of troublemakers. They were the second Prince’s men?

Was the second Prince trying to gobble up the Li family’s new tin mine for nothing?

Using such a shameless method?

If he had not seen the two bullets, perhaps even Lin Hanxing would not have thought that the second Princess Consort and second Prince, who had just suffered at his hands in the morning, would actually have the idea of taking the Li family’s tin mine to fill the hole in their hands.

It was truly the butterfly effect.

“Give him a call.”

Lin Hanxing said indifferently, giving off an icy feeling.

The troublemaker, who had yet to recover from the shock of having his identity exposed, stared at her in a daze.

Lin Hanxing raised his head and scanned the room.

With a shiver, the group of people came back to their senses.

When the leader’s subordinate accidentally glanced at his boss, he couldn’t help but widen his eyes and exclaim.

There was a red dot floating in the middle of his eyebrows.

That person didn’t notice it at all.

Just as he was about to sneer and refuse, his subordinate sitting next to him suddenly pressed his hand down, took out his phone, and switched it to the front camera, letting the boss see it for himself ...

With just a glance, the leader’s scalp almost exploded!

## [Chapter 1087](#)

### 1087 Disappointing thing

“What do you want?”

His hand trembled, and his phone fell into the pile of mahjong tiles on the table.

The leader had thought that he would be getting a lucrative job. Everyone in country G knew that the Li family was like a Grasshopper after autumn. How many more days could they last?

Even if they had the new tin mine, they would be dead!

But who would have thought that a female Rakshasa would appear out of thin air!

The few of them had come for the sake of wealth and glory, not to lose their lives!

Lin Hanxing looked up.

Leng Qianqian looked at him, her expression mixed with a little impatience.

The Mahjong tiles in his hands collided with the stone table, making a knocking sound.

After a while ...

Two hits ...

Three times ...

In the silence, it was like a death warrant.

“Big brother, the phone ... The phone ...”

The subordinate who was the first to notice that the shot was aimed at the red dot reminded him in a low voice, and cold sweat poured down his forehead.

If they were not smart, they would all die Here today!

The leader was suddenly enlightened!

He picked up the phone in a flurry and called the second Prince.

At the same time, in the royal family.

The second Princess Consort reclined on the chaise lounge, her Jade-like fingers pressed on her forehead.

“The Li family is a tough nut to crack.”

Li Yanyu had been gone for so many years, but she was still able to hold on until now. If they were forced into a life-and-death struggle ...

“Don’t you worry about it! No problem at all!”

The second Prince was confident. He stood up and went behind the second Princess Consort, attentively massaging her temples.

“After we’re done, we’ll be able to earn back 800 million with the tin mine, let alone 400 million!”

The second Princess Consort did not say a word.

But he was still angry.

He thought of the crown prince’s position that he was about to get, thought of the 400 million, thought of ...

His heart ached for his life!

“In the future, remember not to hide anything from me, no matter how big the matter is!”

After all, he was her son, and the second Princess Consort could not really swallow him alive.

Although, when she found out the truth, she really wanted to do it!

“Yes, yes, yes, this was clearly given to me by that slut ...”

The second Princess Consort slowly opened her eyes and looked at her son. Her eyes were filled with disappointment!

“Are you trying to say that this is a trap?”

Second Prince farrick’s shoulders shuddered under the second consort’s gaze, and he didn’t dare to say anything.

“Idiot!”

He looked at his son and thought of the eldest Prince who had already passed away. How could that woman’s son be able to suppress him?

As the two of them were talking, the second Prince’s phone rang!

He glanced at the caller ID and was instantly overjoyed!

“It’s done!”

Second Prince farrick’s words made the second Princess Consort straighten her body and stare at him.

If he could really get his hands on the Li family’s tin mine and make money ...

Not to mention the position of the Crown Prince, she could even help her son turn over the sky of the entire great Malaysia!

“Answer.”

The second wangfei gestured to him with her chin, her eyes revealing her eagerness.

The call was picked up very quickly.

“Those old fogeys signed?”

Second Prince farrick sat on the sofa and looked at his crossed legs calmly.

No one answered.

Gradually, the smug smile on the second Prince’s face could no longer be maintained. What was the meaning of this?

“Hehe ...”

Suddenly, a bone-chilling laughter came through the receiver.

They could recognize the owner of this voice even if he turned to ashes!

Second Prince farrick was so scared that he almost fell to the ground. The second Princess Consort glared at him in exasperation.

The meaning was obvious.

“You ... Why are you the one picking up the phone?”

The background sound of Mahjong playing could be heard from the other end of the phone. The second Prince confirmed the caller ID again and confirmed that it was indeed his men!

I’ll see you at the Li residence in half an hour. If you don’t show up, you’ll have to bear the consequences.

With that, he hung up the phone.

It was clean and neat.

“Mother, what do we do mother!”

The second Prince, who had yet to recover from the shock of the morning’s cabinet meeting, muttered repeatedly!

A crisp slap was heard ...

The second Princess Consort’s slap had landed on her son’s face!

“You disappointing thing!”

The second Prince covered his face and sat on the sofa, feeling wronged!

After a while, the second Princess Consort sneered.

“Go! I’d like to let her see who’s in charge of this Xue LAN!”

.....

In front of the Li family’s Villa.

All the Li family members looked at Lin Hanxing.

Originally, they were already prepared to die today to defend their homeland. Who would have thought that a Savior would suddenly appear!

“Not good, there ... There are royal guards surrounding the Li family!”

The Li family members who were standing guard on the villa’s upper floor suddenly rushed down, panting heavily.

From the looks of it, he didn’t intend to let it go!

“What are you panicking for?”

The three words were like cold water pouring down from the top of one’s head, making one calm down instantly.

On the contrary, when the group of people who had made trouble before heard that the royal guards had surrounded the Li family, their tense nerves relaxed, and their expressions could not hide their arrogance.

“Little girl, our people are here!”

The leader gritted his teeth in anger as he looked at Lin Hanxing, who was sitting opposite him calmly.

He wanted to see!

Would she still be so stubborn later?

Hearing this, Lin Hanxing raised his head and looked at her with a half-smile.

“And your life is still in my hands.”

As soon as he finished speaking, the leader suddenly remembered the red dot between his eyebrows. His whole body was like a frost-beaten eggplant, and he withered again! However, the hatred in her heart grew ...

Did she really think that she was omnipotent?

The second Prince was determined to take the Li family's tin mine into his hands!

Even the guards were deployed!

Very quickly, the second Prince's figure appeared in everyone's line of sight!

To everyone's surprise, the second Princess Consort had also come!

The expressionless guards marched in an orderly manner with the stone table as the center, surrounding the entire area. The black muzzles in their hands were raised in Lin Hanxing's direction, making the Li family break out in cold sweat for her!

“Miss Lin, we meet again.”

If the incident in the morning was due to her lack of preparation, then the second Princess Consort really wanted to see how this woman was going to make a comeback.

Didn't she want to see her own son?

Alright, I'll let her see all she wants!

However, she would not be able to leave after seeing him!

She had been worried that she could not find a chance to deal with her!

“What's wrong? The Li family and the yuan family have reconciled?”

As the second Princess Consort spoke, she pretended to be surprised as she looked at the Li family.

Li bingshou, who was standing at the front of the Li family, frowned and looked at the second Princess Consort with a burning gaze!

“Don't you know her identity?”

The second consort's lips curved into a smile that resembled a mandala as she spoke faintly.

at today's cabinet meeting, miss Lin was personally selected by Mr. Yuan shaojing as the family head. She fully represents the yuan family and can be said to have made a big splash!

The Li family members looked at Lin Hanxing immediately!

She was a member of the yuan family?

For a moment, the Li family members all had different expressions on their faces and their hearts were filled with mixed feelings!

Lin Hanxing finally smiled for the first time since he arrived.

It was cold.

Then, he picked up the teacup beside him and took a sip.

"If we really want to talk about it, I should be half a Li family member."

### [Chapter 1088](#)

1088 The hole in the account

Everyone, including the second Princess Consort, was stunned by his words.

What did she just say?

Li bingshou's eyes lit up with excitement as he thought of something.

It couldn't be wrong, this girl's aura and temperament ...

It was clearly a replica of the master!

Could it be that she was the master's daughter?

He knew it! He knew that girl Yanyu would come back sooner or later!

Lin Hanxing did not seem to feel the impact of his words on the others. He calmly fiddled with the tea stem floating in the cup with the tea lid. As his long eyelashes fluttered, his blood-stained hands were even more shocking!

Even if the blood had already dried up!

Second Prince farrick's heart skipped a beat. He always felt that this woman was very evil. She could make people's hearts turn cold even if she didn't speak.

As if sensing the second Prince's gaze, Lin Hanxing looked up.

His face was calm, and the corner of his mouth was curled up in a cold arc.

"The hall Master of Huaji's white Tiger Hall asked me to pass on a message to you two."

Lin Hanxing's sudden words made the second Prince's cheeks Twitch.

"What?"

It was the second Prince who said this, but Lin Hanxing's eyes had already passed him and were looking at the second Princess Consort.

"He can only return the debt in his next life."

It was an understatement, as if they were discussing the good weather today, but it sent a chill down one's spine.

He couldn't help but hold his breath.

The second Prince subconsciously looked at the second Princess Consort.

Perhaps it was because of Hua Ji's Chinese background. Even though they had frequent contact with the royal family over the years, most of them only listened to the first Prince, who actively fought for the welfare of the Chinese. It was not easy for them to plant a mole in the first Prince ...

The second Princess Consort narrowed her eyes dangerously.

He was clearly holding an old ru-kiln tea cup, and behind him was the desolate Li family's decline.

However, as long as she sat there, it was as if she could shake the surroundings, as if an earth-shattering pressure was coming head-on!

Lin Hanxing smiled at the second Princess Consort.

But it made the latter's heart sink.

"What do we do? What to do! What to do! They had so many people! We only have these few! Lin xiaojiu is still there!"

In the dark, Yuan Kang's mumbling didn't stop.

Just as she was feeling anxious, a chill rose from the bottom of her feet and spread to her limbs and bones.

He turned his neck stiffly to look at Thunder valiant.

The Thunder valiant beast was also looking at him.

"What are you panicking for?"

Yuan Kang subconsciously swallowed a mouthful of saliva, then made a gesture of zipping his mouth.

However, he was mumbling in his heart.

He didn't feel it when they first met, but the more they interacted, the more he could feel it ...

The two of them really looked like a married couple!

This mutual trust, this mutual cooperation, this ...

Yuan Kang wouldn't be surprised even if the two of them worked together to poke a hole in the sky!

Let's just cover for each other!

But ...

He looked at the gun in the Thunder valiant beast's hand.

He shook the laser pointer in his hand again, but he didn't know how long this empty city trick and inviting the Emperor into the jar could last!

On the other side.

Lin Hanxing slowly put down his teacup and glanced at the other three people who were sitting at the stone table without moving.

"This Mahjong game looks fun, but it's useless if you can't find a suitable Mahjong partner. You two don't have to sit here. Hurry up and make space for our noble second Princess Consort and second Prince."

As soon as he finished speaking, he heard two loud bangs ...

Except for the other two who were the leaders, two bloody holes appeared in their ears.

His eyes widened in disbelief as he slowly backed away!

A cry of pain rang out!

The blood splattered on the Mahjong tiles, and the leader was so frightened that he trembled like a sieve. If it wasn't for the fact that he didn't dare to move because of the person in the dark, he might have even knelt down and kowtowed to Lin Hanxing!

There was complete silence.

Everything had happened so suddenly that even the second Princess Consort's men only regained their senses after half a minute!

Although the black muzzle was still pointed at Lin Hanxing, if one listened carefully, they would hear the sound of the gun shaking.

One moment, it was coming from the east, and the next moment, it was coming from the north!

"Lin ..."

The second Princess Consort was so angry that she was ready to do anything, but before she could finish her words, she was shocked by the second Prince's mournful call of "mother!"

He turned to look at his son.

His eyes were filled with confusion!

Everyone's eyes were filled with fear and panic.

The second Princess Consort's heart skipped a beat.

Taking the phone from her son, she clearly saw the red dot between her eyebrows!

"Sit."

Even with so many guns pointed at him, Lin Hanxing did not panic at all. On the other hand, the second Princess Consort and second Prince, who initially thought that they would be able to control the situation with the guards, were at a disadvantage!

“Don’t you dare!”

The second Princess Consort gritted her teeth when she said the word ‘simple’.

She did not understand why history was repeating itself. She clearly had the upper hand when she had the advantage in numbers, but this woman was able to control the situation without making a sound or expression. Why was this happening?!

Lin Hanxing smiled casually.

“Things that don’t follow the rules naturally have to return to dust and earth.”

These words were a double-edged sword.

However, it was unclear whether the ‘unruly things’ were referring to the second Prince’s subordinates who had died or ...

“Mother, a little impatience will spoil a great plan!”

The second Prince gritted his teeth and whispered into the second Princess Consort’s ear, indirectly giving her a way out.

The second Princess Consort took a deep breath and sat down opposite Lin Hanxing.

The Li family members looked at each other.

It was as if he had never expected that the out-of-control situation would be controlled just like that.

“help him up for the second princess consort to see.”

Lin Hanxing glanced at the leader indifferently. The latter was stunned at first, but he quickly helped the deformed young man up and untied him.

The young man had been beaten so badly that his face could not be seen, but his eyes were wide open, giving off the feeling of a tiger or a wolf!

“Yuanjun ...”

A sobbing voice came from the Li family. Li Yuanjun was the only junior left in the Li family, how could he not feel heartache?

”

Suddenly, the leader’s shrill cry of pain was heard. Li Yuanjun took advantage of the moment when he lowered his head to untie himself and bit his ear fiercely!

Li Yuanjun’s inhuman face was twisted and his eyes were filled with ferocity!

His broken right hand was shaking.

When he bit down on the ear, he heard a " Pooh " sound. He chewed it a few times and spat it out in front of the second Princess Consort!

He was like a Wolf Cub!

The guards behind him were about to point their guns at the back of Li Yuanjun's head!

Lin Hanxing's cold eyes swept over them.

There was no joy or anger.

However, he managed to stop the guards from hurting the teenager again.

"When we came here today, these people kept saying that they were following the second Prince's orders! I was still thinking, this second wangfei and second Prince are so kind and honest, how could they do such a heartless thing?"

Lin Hanxing chuckled.

The second wangfei's face was livid. What a sharp tongue!

"It must be this reckless thing that's pretending to be obedient, so ..."

Lin Hanxing said casually.

"I'm just helping the second Princess Consort to teach these dogs a lesson. The second Princess Consort won't blame me for being a busybody, right?"

The second Princess Consort tried her best to squeeze out a smile on her face, but she failed several times in a row!

She's said both the truth and the irony!

How could she not ascend to the heavens?!

"It's indeed time to discipline him!"

After a long time, the second Princess Consort finally opened her mouth. However, her voice sounded like she was grinding her teeth.

"However, miss Lin is really good at this!"

"Thank you for the compliment."

Lin Hanxing accepted all the good and bad.

"That's all for the pleasantries. Shouldn't we move on to the main topic?"

Lin Hanxing raised his eyebrows. Even though the surroundings were covered in blood, his eyes were still very calm.

It was as if he was born like this.

"Theme? Why? Miss Lin, you're only half a member of the Li family. Can you really manage the tin mine business?"

The second Princess Consort said sarcastically.

Lin Hanxing chuckled when he heard this.

“If I say that you’ve been talking to the wrong person from the start, would you believe me?”

Li binshou of the Li family was the first to react to this. His eyes were filled with excitement that was hard to understand.

“What do you mean by that?”

“What I mean is that the title deeds of these lands are not in the hands of the Li family.”

The second Prince’s eyes widened in shock.

“Impossible! This is absolutely impossible!”

Lin Hanxing ignored him and looked at the second Princess Consort coldly.

The Li family was in an uproar.

Ever since the news of the new tin mine was exposed, the old gate of the Li family’s house had been squashed to pieces.

At first, they tried to explain, but when they realized that their explanation was useless, they opened the door and let out two Tibetan Mastiffs!

However, he did not expect ...

The second Princess Consort would use such a vicious method this time!

The second Princess Consort, who originally did not take her words seriously, immediately became cautious after seeing the reaction of the Li family.

Could it be that the tin mine was really not in the hands of the Li family?

“Miss Lin, you must know where the title deeds to these tin mines are going, right?”

The second Princess Consort supported herself with one hand on the stone table and leaned forward.

“Mother, don’t listen to her nonsense. If it’s not in the Li family’s hands, how could it be in her hands?”

The second Prince sneered.

How could a little girl have such abilities?

Macau could open a casino and hold a Malaysia’s tin mine in her hands. What did she think she was?

According to her trickery, wouldn’t that Lin guy be even richer than the richest man in China, Yuan shaojing?

“It won’t be in the second Prince’s hands. Otherwise, he wouldn’t have torn down the east wall to repair the west wall.”

Lin Hanxing’s lukewarm reply completely blocked the second Prince’s words in his throat!

“You ...”

“Is it really in your hands?”

The second Princess Consort narrowed her eyes and looked at her dangerously.

He didn’t plan to let her go in the first place, and this time, he just happened to finish her off. But as for the Thunder valiant beast ...

The second Princess Consort was really afraid of Lei Xiao!

Lin Hanxing waved at the Tibetan Mastiff, but the lion-like Black Tibetan Mastiff ran to her, its fierce face showing a hint of cuteness to please her.

He even licked the back of her hand.

“How about this, if it’s really in your hands, we’ll work together.”

“How about 20 – 80?”

The second Princess Consort asked anxiously. This tin mine was extremely valuable, and it just happened to fill their hole!

“I’ll take 80% and you take 20%?”

Lin Hanxing raised his eyebrows and looked at her. Even the mole at the corner of his eye was dyed with a lazy color.

hehe, miss Lin, you’re really good at joking. Of course, I’ll take 80% and you’ll take 20%!

The second Princess Consort sneered. She was going to get eight?

Wasn’t she afraid that she would bite her tongue if she dared to say this!

“Then why don’t I take it all for myself?”

Lin Hanxing played with the Tibetan Mastiff’s chin. The ferocious dog that could bite off human skin was very obedient in her hands.

“I’m afraid that miss Lin will die from overeating!”

When experts conversed, they would often exchange thousands of blows with one another. The second Princess Consort had never thought that she would one day waste her breath on a little girl.

But after the lesson she had learned in the morning, she really didn’t dare to underestimate her!

Otherwise, he would not have deployed these guards to guard this place!

Lin Hanxing laughed.

“It’s not certain who will die!”

Her words were very direct, as if she couldn’t be bothered to beat around the bush.

“Let’s go.”

Lin Hanxing said these words to Li Yuanjun. The fact that he could hold on until now with one breath was enough to make her look at him in a new light.

Li Yuanjun looked at her deeply.

Then, he walked toward Li Binshou, waving his broken right hand.

"You ..."

The second Prince was about to stop him, but he was frightened by the Tibetan Mastiff's fierce eyes, which suddenly stood up. He sat back down embarrassedly.

On the other hand, the second Princess Consort's gaze had never left Lin Hanxing's face from the beginning to the end.

It was as if he wanted to see something from her face.

"Miss Lin, are you really not afraid of death?"

The second Princess Consort's face darkened when the negotiations failed. Moreover, she was alone here, so there was nothing to fear!

"Over the years, many people have asked me this question ..."

Lin Hanxing said as he fiddled with the Mahjong tiles in front of him.

"And then?"

This time, it was the second Princess Consort who raised her eyebrows. Her expression was relaxed and she seemed to be confident of winning.

"They're all dead!"

The second Princess Consort's smile froze when she heard Lin Hanxing's cold and emotionless words. The atmosphere suddenly became strange!

"Impudent!"

The second Prince was already furious that he had been suppressed in a row. At this time, he slammed the table, and even a few mahjong tiles on the table were overturned.

"I think you don't know what death is ..."

The Tibetan Mastiff roared and slammed its claws on the stone table. It was as if it was a lion.

The guards' guns were getting closer and closer to Lin Hanxing.

He thought that he would be able to see her frightened expression, but Lin Hanxing only raised his head and looked around.

"I hate it when people point a gun at me."

A bone-chilling whirlwind was set off wherever his line of sight reached.

"Who owns that land now?"

At this point, the second Princess Consort no longer had a problem with the tin mine itself. What was more important was her face!

She had been humiliated by an unknown servant girl time and time again, so how could she swallow this?

X group.

Lin Hanxing directly gave the second Princess Consort the answer she wanted!

“What did you just say?”

X group?

The mysterious and wealthy X group?

How did the Li family’s things end up in the hands of X group?

“You’ve been playing with me since just now?”

The second Princess Consort knew her own strength. She could only use the royal family’s power to show off in the country, but if she left country G ...

The key problem was that The Fat Duck that he thought he could get his hands on had just flown away ...

Who would be willing!

“So what if I’m playing you?”

Lin Hanxing’s unhurried words easily ignited the second Princess Consort’s anger!

“They’re rebelling! Arrest her!”

The second Princess Consort couldn’t take it anymore. If it wasn’t for the stone table in front of her, she would have flipped the Mahjong tiles on the ground!

“Capture him! Bring back all the Li family members!”

The second Prince was afraid of the Tibetan Mastiff and waved his hand in the air.

But his arrogance also grew!

“We’re done for this time!”

In the dark, Yuan Kang’s heart was in his throat. He had used up all his bullets just now!

Too immersed in his own thoughts, he did not notice that Lei Xiao and Lin Hanxing were both looking at their wristwatches at the same time. They lowered their heads and counted the second hand.

“Let’s go,” he said.

After saying that, Lei Xiao had already thrown the empty gun to the side.

“Ha?”

Yuan Kang was dumbfounded.

Leave?

Did Lei Xiao not care about Lin xiaojiu anymore?

Just as he was thinking, Yuan Kang suddenly heard some movement behind him. It seemed to be ...

Human footsteps?

When he realized this, he turned around!

It was no exaggeration to say that he broke out in a cold sweat!

It turned out that at least 50 Men in Black suits had quietly appeared behind him!

Many pairs of cold and emotionless eyes were looking at him!

“Mr. Ley!”

This group of people bowed respectfully to Lei min in an orderly manner.

While Yuan Kang was shocked by the silence, he suddenly felt that he had come to the wrong set!

It was only now that he finally understood why when Lin xiaojiu proposed to use this empty-handed tactic and asked Lei Xiao to assist her in the dark, Lei Xiao had asked her to stall for 57 minutes!

At that time, he had wondered why there were zeros and zeros in the numbers, but now ...

Yuan Kang couldn't help but laugh at himself!

How did that song go again ...

Fahai, I don't know love, I don't know love ...

On the other side.

Because of the fear of the Tibetan Mastiff, the ordinary guards did not dare to approach easily. They only pointed their guns in Lin Hanxing's direction!

The Li family members were also ready to rush over and fight.

“Who dares to touch her!”

Along with the low and cold male voice, Lei Xiao came from the dark.

His cold and handsome features exuded a cold and powerful aura, and the cold aura between his brows made people involuntarily submit to him!

His marble-like facial features explained what it meant to be favored by God!

The top three buttons of his neckless shirt were unbuttoned, revealing his sexy collarbones.

With a simple hand gesture, the people behind Lei Xiao immediately dispersed at an extremely fast speed and attacked the guards brought by the second Princess Consort.

Lin Hanxing, on the other hand ...

From the beginning to the end, he did not seem to feel that the situation had turned upside down.

He just reached out and stroked the Tibetan Mastiff's furry head, really treating it as a pet!

"Mother! Mother!"

The second Prince hid behind the second Princess Consort without a second thought. He never thought that there would be a surprise attack from the sky, and he was completely stunned!

Very quickly, Lei Xiao came to Lin Hanxing's side.

"Ah Xiao,"

Lin Hanxing sensed his aura almost as soon as he got close. He raised his head and smiled.

Her originally delicate little face was now even more beautiful.

Even Yuan Kang's heart couldn't help but beat rapidly when he saw it.

When Lin xiaojiu was facing the Thunder valiant beast ...

He was too F \* cking attractive!

This pair of man and woman were simply monsters!

The guards brought by the second Princess Consort quickly disarmed themselves under Lei Xiao's hands. Each of them crouched in the corner with their hands on their heads, still in a daze, as if they couldn't even remember how the things in their hands disappeared!

## [Chapter 1089](#)

1089 The Wheel of Fortune turns

"I've already told you, I hate it when people point guns at me."

Lin Hanxing's cold and mocking gaze swept across the crowd.

Especially when his gaze swept past the second Prince, it was even more intense!

there's a Chinese saying that describes the situation we're facing. Second Prince, you even know 'a little impatience spoils the great plan'. Why don't you explain it to me? "

Her long black feather-like eyelashes blinked, but she avoided the Thunder valiant beast's outstretched hand when she got up.

She mouthed the word 'dirty' to him.

She hadn't washed the blood on her hands.

Lei Xiao held his hand in front of the crowd, their fingers intertwined.

Lin Hanxing's eyes were helpless.

Ah Xiao was a little stubborn in some aspects.

For example, his desire to possess her.

“The ... The Wheel of Fortune ...”

The second Prince stammered out a complete sentence, and the Tibetan Mastiff circled around him valiantly!

Lin Hanxing sneered.

His gaze fell on the ashen-faced second Princess Consort.

“Want to get it, but don’t want to pay, how can there be such a cheap thing in the world?”

Lin Hanxing then looked at Li Yuanjun thoughtfully.

This child was really good at enduring and didn’t even cry out in pain.

However, aunt Mian’s family wasn’t a family that just anyone could trample on.

I’m a member of the royal family. Even if you really want to make a move, you have to consider whether your status is enough!

The second Princess Consort sneered and sat up straight.

Hearing the second Princess Consort’s words, Yuan Kang laughed in his heart.

The royal family?

The royal family was nothing in Lin xiaojiu’s eyes!

As long as she wanted to, it was not impossible for her to destroy the entire royal family and become King!

Yuan Kang finally understood.

You’ll never be able to see through Lin xiaojiu!

Three hundred and sixty-five days ...

He could find something new from her every day.

Yuan Kang subconsciously touched his chin.

He was really a little envious of Lei Xiao. He could enjoy the feeling of changing girlfriends every day!

Lin Hanxing naturally had no idea how Yuan Kang had managed to get away from the Prince. He only stared coldly at the second Prince, causing the latter to shiver in fear.

“They will all die today.”

The ‘them’ that Lin Hanxing was referring to was the guards that the second Princess Consort had brought.

“You’ll do it,”

If the second Princess Consort was shocked by the first sentence, then the second sentence made her want to laugh out loud.

“You want me to kill my people? Miss Lin, are you crazy?”

“You will definitely do as I say.”

Lin Hanxing’s confident tone was heard by everyone. After she said that, she covered her mouth with her hand and whispered something into Lei Xiao’s ear.

However, he saw Thunder valiant sweep his cold gaze across his subordinates.

The latter walked toward the second Prince expressionlessly.

Two crisp cracking sounds were heard, followed by the man’s scream. The second Prince’s arms were dislocated and drooped on both sides of his body.

He couldn’t use any strength!

“Thunder valiant! Don’t you dare!”

The second Princess Consort wanted to get up, but she was forced back down by Lei Xiao’s men!

“Mother, save me! Save me!”

The second Prince was both shocked and scared. He had long heard of the torturous methods that Lei Xiao used to deal with traitors!

Now that it had fallen into his hands ...

Lin Hanxing ignored the noise and turned to look at the young man.

In the eye-to-eye room.

She gave him a faint smile.

With a clang, the second Prince was kicked to the ground, kneeling in a sorry posture.

“Get up,” he said.

Lin Hanxing used the tip of his shoe to kick the leader whose ear had been bitten off by the young man but at least he was still alive.

She saw the latter covering her ear and looking at her in horror.

“Don’t you like to reward people with ‘returning Dragon soup’? Let the second Prince have a taste!”

## [Chapter 1090](#)

?1090 Not everyone can come to the Li family’s land as they please

Upon hearing this, the leader’s legs immediately went soft!

Yuan Connar looked at Lin Hanxing, clearly not understanding what this 'Dragon soup' was!

Why did the second Princess Consort and the others 'faces all change when they heard the word "che"?

"Have mercy! Give me a chance to live!"

The leader knelt on the ground with a "Chi Ji" sound, shaking like the autumn wind sweeping the fallen leaves, and kowtowed heavily seven or eight times in succession!

He didn't even stop bleeding!

With a bang, the leader was shot an inch away from him!

"If you go, you can still live for a while. If you don't go, I'll take your life now!"

Lin Hanxing enunciated each word clearly, as if he wanted the other party to hear him!

His lips curved into a cruel smile.

He looked past the leader and directly looked at the second Princess Consort, pretending not to see the long armor that was about to be embedded in her palm!

This Lin fellow was truly ruthless!

At this moment, the second Princess Consort had the same urge to vomit blood as in the morning!

No wonder she said with such certainty that she would personally kill these trusted guards!

Then what was 'Dragon returning soup'?

It was urine!

If they were to witness such a scandal with their own eyes, where would the second Prince's face be? Where was the prestige of the royal family?

Therefore, this group of people had to be eliminated no matter what!

What a good move to kill with a borrowed knife!

What a good move to kill with a borrowed knife!

"Lin, kill me if you dare!"

The leader trembled as he stood up and walked towards the second Prince, who was constantly making a scene. He placed his hand on his belt.

"You dare!"

The second Prince rolled on the ground without a care for his image. He was not as arrogant as he used to be.

"I don't dare to, but I want to live!"

The leader, who was missing an ear, had seen how ruthless Lin Hanxing could be. A few of his brothers had lost their lives in front of him in an instant. He had never heard of such tormenting methods!

After saying that, the leader loosened his pants.

In the next second, Lin Hanxing felt herself being pulled into the man's arms. His large palm was locked behind her head and he pressed her face into his mature, wooden, and masculine chest.

Huala Huala ...

Accompanied by the stench of blood and curses, the disarmed guards all turned pale.

He seemed to have already imagined his own fate.

Yuan Kang was dumbfounded as he looked at the scene in front of him. Clearly, this was a new bottom line for him!

'Dragon returning soup' was actually this?

"I'll kill ... Pfft ... Cough cough ... I'll kill you ..."

The second Prince was angry and hateful. He opened his mouth and shouted, but a pungent smell hit his face, making him retch!

Lei Xiao only let go of Lin Hanxing after the sound of water had disappeared.

"I know, the new and old hatred added together, the second Princess Consort must hate me to the core."

Lin Hanxing walked towards the second Princess Consort and slowly sat opposite her.

It wasn't just hatred!

At this moment, the second Princess Consort wished she could eat his flesh and drink his blood!

Lin Hanxing understood her gaze and smiled indifferently.

There were too many people who hated her.

I just want to ask second Princess Consort one thing. She was forced to give up the position of Crown Prince that was already in her mouth. She paid me four hundred million Yuan and now lost so many trusted guards. Does it hurt? "

The second Princess Consort didn't say anything. She curled her fingers on the stone table and clenched them tightly!

"Why do you always make things difficult for me!"

After a long time, these words were squeezed out from the gaps between his teeth!

Lin Hanxing laughed and shook his head.

Up until now, this woman in front of her had not even found the reason herself, yet she still wanted to blame others for deliberately causing trouble for her!

"If you want to blame someone, blame the second Princess Consort for being too greedy."

One should not covet things that did not belong to one's self. This was the foundation of a person!

"You will regret this!"

The second Princess Consort sneered.

These words clearly showed that he held a grudge against Lin Hanxing!

Greedy?

Everyone was greedy and relied on their own abilities to survive!

Even if the means she used were not glorious, which person in a high position did not have dirty tricks in their hands?

"Regret?"

Lin Hanxing chuckled and played with the Mahjong tiles on the table.

"Second Princess Consort, do you know what I'm most worried about when I'm playing mahjong?"

Suddenly, Lin Hanxing's tone changed.

The second Princess Consort looked at her with a dark expression.

Over the years, she had dealt with many Chinese people, but all of them were sly old foxes who had hidden meanings in their words. It was really annoying!

"I'm most worried about fighting with a stranger."

With a click, he threw the Mahjong tile in the middle.

Red!

you'll never be able to guess if the other party is a mediocre person or an expert. No one can look down on the other. No one knows what the other party's trump card is. If you want to take advantage of the other party and use the other party's tricks, you have to consider your own cards.

Lin Hanxing sat elegantly and lazily across from him, her slender fingers gently tracing the Mahjong tiles from left to right.

"Don't expose yourself and find out that the other side is still hiding something. I'll go up and take your hand ..."

He raised his head and the corners of his mouth curved into a mocking arc.

"Second Princess Consort, don't you think this loss was an injustice?"

With a crash, the second Princess Consort pushed the Mahjong tiles in front of her away and stood up, her chest heaving violently!

What a good Lin!

What a great Yuan family!

What a great Li family!

Was she here to teach her how to be a human?

Or was he here to warn him?

Was her surname Lin Worthy?!

the Li family is just a Grasshopper after autumn. Even if you stand up for them now, do you really think I can't do anything to them? "

The second Princess Consort did not believe it!

In her own territory, she couldn't even deal with the Li family!

"Then you can try!"

Lin Hanxing stood up as well. She placed both her hands on the stone table and narrowed her eyes. A sense of danger was brewing around her!

"Not everyone can come to the Li family's land as they please!"

"If you insist on doing this, I'll let them have a taste of ..."

Her long eyelashes were cold.

"You have the life to enter! Fateless, return!"

The surrounding air seemed to have frozen at this moment!

Lei Xiao's men in country G all saw this scene.

At first, they did not believe the news from Rivertown that Mr. Lei had fallen for a woman. Later on, after seeing Weibo, they could not help but be curious about the other party's identity. They heard that she was the Lin family's orphan who had been missing for 18 years. They even vaguely felt that she was not worthy of Mr. Lei ...

Today, when they met ...

This appearance!

This aura!

This ferocity!

This decisiveness!

They all offered their kneecaps voluntarily!

"Bring your men. Second Princess Consort, please!"

Lin Hanxing raised his left hand with his palm facing up and gestured behind him.

It was a great humiliation!

The second Princess Consort's soft lips trembled slightly, but she could not say a word.

He had been defeated by a little girl twice in a row! Two times!

No one would be willing to accept this.

“Just you wait!”

The second Princess Consort had left behind such a vicious statement before she left!

“Hold on!”

Suddenly, a cold voice came from behind.

The second Princess Consort’s figure suddenly stopped. What did she mean? she was going back on her word?

She turned around to look at her with anger!

“Do you expect me to send off the second Princess Consort on the ground?”

Lin Hanxing raised his eyebrows and looked at her.

Very quickly, the second Princess Consort’s men dragged away the people on the ground.

The farce ended just like that.

.....

“Miss ... Lin, right?”

Li binshou slowly walked up to Lin Hanxing and stared at her with a pair of deep eyes.

Her eyes were filled with excitement and tears.

“I ... The master ...”

“I want to wash my hands first. We can talk about the rest later, okay?”

Lin Hanxing was as calm as ever in contrast to the other party’s excitement.

The Li family quickly welcomed Lin Hanxing and the others into the deserted villa that had not been visited by outsiders for a long time.

As soon as he entered the gate, Yuan Kang was the first to be surprised.

Although the outside of the Li family’s house was deserted, the inside of the villa was clean and tidy. Although it still maintained the style from decades ago, it had a different flavor.

The hollow spiral staircase with carved flowers seemed to be filled with elegant ladies in cheongsam walking down at any time, and the tables and chairs made of yellow Rosewood were even more ancient.

In the corner, there was even a black tape Gramophone that could only be seen in old movies.

Lin Hanxing’s eyes swept across the room.

The Li family’s time seemed to have been paused after aunt Mian left.

He never walked forward again.

After a while, she thought of the desolate courtyard outside, which was a standard Suzhou garden design.

If it was tidied up, it would definitely be elegant and extraordinary.

miss Lin, I'll get them to bring you to the master's room. There are clothes in the closet. You can change out of this one as well. Ever since Li Yanyu left, the Li family had been separated from each other. Until now ...

Li binshou was the only one left in charge.

"I'm sorry to trouble you,"

Lin Hanxing nodded.

"It's no trouble, no trouble. I'll get someone to pour tea for your friend!"

Li binshou couldn't help but rub his hands nervously.

Her eyes were red.

Soon, someone came over and led Lin Hanxing upstairs.

Lin Hanxing used his eyes to signal to Lei Xiao to calm down and went upstairs.

Her high heels clicked on the wooden stairs.

Li bingshou looked at Lin Hanxing's back.

He couldn't help but wipe the corners of his eyes with his sleeve.

As if he was afraid of being seen, he walked towards the phonograph.

Yuan Kang sat down beside Lei Xiao.

It was only now that he had a sense of reality that he had returned from a dream.

From the cabinet meeting to being invited by Hua Ji to catch the mole to coming to the Li family, everything was too uncertain!

His heart had never stopped beating from the beginning to the end!

Lin xiaojiu's schedule was packed to the brim, yet he was still able to plan everything in an orderly manner. Yuan Kang was already ashamed of his lack of strategy and patience. Who knew ...

If he followed this method, he would die of sudden death sooner or later!

Li bingshou carefully selected a vinyl record and slowly put the needle on it ...

Soon, there was a light and happy sound.

It was as if he was in old Shanghai ...

.....

Upstairs.

Lin Hanxing walked out of the bathroom after a simple wash.

As soon as his feet stepped on the cashmere carpet, he could not help but stop.

This was where aunt Mian used to live.

Even though the Li family had been abandoned for so many years, they still maintained the same appearance as when she left.

The wall was filled with photos of her when she was young.

Lin Hanxing walked over slowly.

In the photo, Li Yanyu's jet-black hair was scattered behind her back like ink. In the yellowing black-and-white photo, there was still a hint of naivety between her brows. Her face was expressionless, and her eyes were indifferent but also guarded against this world.

"I will help you protect the Li family."

Lin Hanxing said softly as he moved his hand across the cold mirror.

"I swear,"

When she met aunt Mian, she had already turned white. Although she was beautiful, she always gave off a sense of loneliness like the setting sun.

She turned around and walked back to the closet.

As soon as he opened it, there was a faint fragrance.

It was definitely not something that the smell of the anti-corrosion camphor ball could compare to.

Lin Hanxing's fingers ran across the clothes that aunt Mian had worn before and finally stopped on a Begonia Red cheongsam.

It was very beautiful.

She reached out to take it off and went into the fitting room to change out of her current outfit.

Soon, Lin Hanxing walked out while putting on his buckle.

After she put on her accessories and casually tied her long hair, she opened the door again.

The person who had brought her up was still standing outside.

When she looked up and saw Lin Hanxing's face, she was stunned.

"What's wrong?"

Lin Hanxing said, his eyes sparkling.

“No... It’s really good looking!”

The other party’s eyes immediately turned red, and tears fell as he spoke.

For a moment, she really thought that the head of the family, Li Yanyu, had returned!

Lin Hanxing did not say anything.

He only smiled faintly.

Here, he could feel his deep feelings for aunt Mian everywhere.

It was no wonder that even in her last moments, she still couldn’t forget it.

“Let’s go,” he said.

Lin Hanxing then went downstairs.

Downstairs.

Lei Xiao was assigning tasks to his subordinates.

After they left, the second Princess Consort would not let the matter rest. She would definitely find trouble with the Li family. What Lei Xiao needed to do was to arrange everything properly. Not only that, he would personally call Su dan when he returned home.

If anything happened to the Li family, he would bury the whole of Malaysia with them!

“F \* ck ...”

All of a sudden, Yuan Kang’s gasps of surprise could be heard.

He turned his head and saw that Yuan Kang’s eyes were glued to the spiral staircase.

Kada, kada ...

Footsteps could be heard coming down the stairs.

Lei Xiao’s subordinate felt that Yuan Kang’s reaction was too exaggerated, so he followed his line of sight ...

However, he was also stunned after taking a look!

The Begonia Red cheongsam was like another layer of skin sticking to her body. Her waist was slim and graceful, and her faintly discernible charming curves were enough to make any man go crazy, but ...

Yet, it was elegant and dignified.

Just one look at it was like blasphemy.

It was like a spring breeze blowing in his face.

With a clang, the Li family accidentally broke a vase, which also made everyone come back to their senses.

Lin Hanxing looked at the people downstairs with a baffled expression, then walked to Lei Xiao and sat down beside him.

As soon as she sat down, the blue Winston diamond ring was quietly put back on her finger!

Lin Hanxing raised his eyebrows, a faint smile on his lips.

“Deposit.”

Lei Xiao’s deep voice seemed to be a reminder.

Lin Hanxing’s expression was helpless. Of course, she knew that she had left it with him.

“Miss Lin ...”

Li bingshou walked out with a plate of fruits, but his eyes turned red again the moment he saw her.

“How is the master? Are you ... The daughter of the master? When will she be back ...”

The more li binshou spoke, the more he couldn’t stop himself.

Lei Xiao shot a look at his men, telling them to leave for the time being.

wait, I’ll slowly answer your questions, but there are some things I want to make clear first.

Lin Hanxing wanted to bask in the joy as well, but time did not allow it.

So she could only pick the important ones.

“I still have about 20 minutes left for you, so I won’t say anything unnecessary. If you guys want to know about Mian ... Or li Yanyu, I’ll tell you.”

Lin Hanxing and Li binshou looked at each other.

“I’m not her daughter.”

“Li Yanyu won’t be coming back either.”

The Li family members were stunned and looked at her in a daze.

It was as if he couldn’t believe it.

“What did you just say? What do you mean the patriarch won’t be coming back?”

Li bingshou asked, trying his best to hold on.

“She has already passed away.”

Even though he knew how cruel his words were, Lin Hanxing still tried to speak in a calm tone.

“Impossible, that’s impossible! The head of the family is still very young. If she’s going to leave, it should be me, this old man, who should leave first ...”

“My heart is like dead ash, and my oil is like a lamp that has run out.”

Uncle Jin once said that if he hadn’t found her, aunt Mian would have ...

Aunt Mian had held on for so many years because of her.

“Damn that Yuan shaojing! That damned Yuan family! They all deserve to die!”

As a member of the yuan family, Yuan Kang pretended that he had not heard anything, but he was getting more and more curious about what kind of entanglement the Li family and the yuan family had. So much so that her uncle had to give such an order, and the Li family ...

Why did he look like he had a blood feud with the yuan family?

So, the key issue was the family head li Yanyu who had suddenly disappeared back then?

After the scolding, the Li family members seemed to be suddenly drained of their energy. They stood in place one by one, tears streaming down their faces.

“Was she ... In pain?”

Li bingshou’s face was pale, and the pain in his eyes was hard to hide.

Lin Hanxing looked at him indifferently.

“I can’t answer this question for her.”

The entire villa was filled with grief.

“When li Yanyu left, she left you with half of her wealth, which was enough for you to live without worry. But now, the entire Li family is like this ...”

Lin Hanxing looked at li binshou and said in a deep voice.

Upon hearing this, li bingshou immediately wiped the tears off his face and turned around to head upstairs.

Not long after, he came back with an old suitcase.

After a series of clattering sounds, the things inside were all poured out on the table.

“According to clan head’s suggestion, if anyone wants to leave, we should give them a generous severance payment. As for us old guys who are lonely and have no one to rely on, we should increase the remaining money. When clan head thinks through it one day, we can have a home when we come back!”

“We didn’t touch a single cent of the remaining money, really!”

Lin Hanxing did not say anything. He reached out and touched the house and land deeds on the table. Even after paying the severance payment, the remaining money was enough for an ordinary family to spend for a few lifetimes and still have surplus.

However, looking at the people in front of him ...

He was clearly sitting with a large amount of wealth, but the clothes he wore were not much better than those of a beggar outside.

There were even patches in some places.

Their only wish was to bring aunt Mian back.

This kind of loyalty and persistence was hard to find in today's society.

"I'm not aunt Mian's daughter, but she took me in and gave me a stable life."

"The Li family's matters are my matters."

The Tibetan Mastiff, which had been lying in the corner, suddenly came to her hand and squatted down.

He put his big furry head in Lin Hanxing's hand.

if you are willing to trust me, you can follow me from now on. I will ensure that you don't have to worry about food and clothing. But if you have other plans, I will not force you.

but no matter where you go, I will still make sure that you live in prosperity and health.

As long as she, Lin Hanxing, made a promise, even if she died one day, there would be people to continue to prepare for the promise.

When the Li family members heard this, they looked at each other.

Leave? Where else could they go?

To them, the Li family was no longer a problem of family, but of faith!

It was something that he had been pursuing for his entire life!

In the next second, all the members of the Li family in the hall knelt down in front of Lin Hanxing.

Yuan Kang was so scared that he almost jumped up.

He had really only seen such a stance on television.

Those who didn't know what was going on would think that they had entered the wrong set.

Li bingshou pursed his lips and took out the family head token that li Yanyu had left behind before she left. With a click, he opened it in front of Lin Hanxing.

miss Lin, this family head token represents the Li family's hundred years of reputation and prestige. Please accept it!

This was also the intention of everyone in the Li family.

When Lin Hanxing's eyes swept over the family head token, his expression froze for a moment, but he sighed in his heart.

That subtle expression caused Lei Xiao to sweep a cold glance over him.

He didn't say anything, but his eyes were clear.

"This ring ..."

Yuan Kang suddenly spoke, but his eyes were fixed on the Li family's head token, not moving away.

The Li clan's clan head token was an exquisitely carved panfeng.

The lifelike Phoenix looked like it was about to fly up in the next second.

And the yuan family's head token was the Crouching Dragon.

The same material, the same carving, it was obvious ...

If they were placed together, no one would doubt that they should be like a couple ring.

Lin Hanxing took the ring in his hand.

His eyes swept across the inner circle, and after seeing the word, his fingers gently stroked it.

No one knew ...

The yuan family's token had a " li " character carved on it, while the Li family's token had a " Yuan " character carved on it.

There was one more thing that no one knew.

Before aunt Mian passed away, she had said something ...

In the end, we'll both suffer.

.....

At the private airport of the Xuelan Kingdom's royal family.

Lin Hanxing looked at the Royal symbol through the window of the plane, his face expressionless.

Their feelings when they left and when they landed were clearly different.

The panfeng ring on his index finger glowed with a cold black-gold light.

"Auntie, are you unhappy?"

Yuan Bao, who was in her arms, could not help but yawn as he smelled the pleasant scent on Lin Hanxing.

First aunt had changed into a cheongsam, but she still looked good!

Lin Hanxing smiled and rubbed Yuan Bao's little head.

"Be careful that your father will teach you a lesson when we get home!"

Yuan Dabao shuddered at the thought of his father and tried to act cute to Lin Hanxing.

"I ... I'm not afraid! First aunt will protect Yuan Bao, right?"

Yuan Bao mumbled and acted shamelessly. Soon, his eyelids grew heavy, and he fell asleep in Lin Hanxing's arms.

"I've already arranged for the Li family's safety."

Lei min held Lin Hanxing's hand.

Lin Hanxing smiled faintly, then leaned his head on Lei Xiao's shoulder.

"Ah Xiao, I'm just suddenly very sad."

She missed aunt Mian.

The aunt Mian who treated her like her own daughter and loved her dearly ...

Lin Hanxing had never been so aware of her absence.

A gentle kiss landed on the top of her head.

"Hanxing, I'll take you home."
