

Goodnight 1091

[Chapter 1091](#)

1091 Our daughter-in-law has lost weight

Jiang city, night fell.

The private airport was as brightly lit as it was when they left.

A group of people slowly got off the plane.

The strong wind blew Lin Hanxing's seaweed-like soft hair behind her.

Even the tassels inserted in her ears were making a slight noise.

Not far from the runway, a black business car was parked.

The streamlined body of the car glinted coldly in the dark night.

The car door slowly opened.

"I'm so tired today!"

Yuan Kang couldn't help but stretch, feeling that his back was about to break.

A gust of cold wind suddenly gushed into his collar, causing him to shiver uncontrollably. He regretted not putting on more clothes when he got off the plane.

Although it was spring all year round in Malaysia, it was still winter in Jiangcheng!

Especially today ...

It was actually still snowing!

It was simply a heart-chilling critical damage!

"You guys say ..."

Yuan Kang's voice came to an abrupt end. His eyes inadvertently swept to a place not far away, and his pupils suddenly contracted.

The others followed his line of sight.

In the swirling snow, a person holding a black umbrella approached from afar.

His leather shoes made a creaking sound as he stepped on the snow-covered ground.

"Mr. Yuan ..."

Uncle hai looked at him in shock, as if he had been struck by lightning!

The big black umbrella slowly moved away, revealing Yuan shaojing's cold face that exuded a mature man's charm, as well as ...

His head was full of white hair!

Yuan shaojing's eyes fell on Lin Hanxing. This Begonia Red cheongsam ...

It was from misty rain.

He had not seen her for a long time.

Yuan Kang looked at his uncle in shock. It had only been a day since he last saw him, but there was not a single strand of black hair on his uncle's head. It was as white as the snow on the ground.

"Don't catch a cold."

Yuan shaojing tilted the black umbrella towards Lin Hanxing, leaving himself exposed to the wind and snow.

"I'll send you back."

.....

The black business car slowly drove away from Jiang city private airport.

The scenery outside the car continued to change.

Lin Hanxing's face was faintly reflected on the car window.

No one said a word until the car drove back to the Lei family.

It was only when Lin Hanxing got out of the car that he waved his hand in front of Yuan shaojing.

"Little Lin ..."

Lin Hanxing turned around to look at him.

"Have a good rest."

But after a long time, Yuan shaojing could only say these four words.

After a long time.

Lin Hanxing watched as the car disappeared into the night.

Yuan Bao had already run into the villa like a rabbit, and Lin Hanxing thought that Lei Xiao had already gone in. However, when he turned around, he saw that Lei Xiao was still standing at the same spot, and even his shoulders were covered with snow.

"You're so silly!"

Lin Hanxing's heart ached.

Didn't he know how to call her?

To her surprise, Lei Xiao did not say anything, but simply stretched out his large palm and covered Lin Hanxing's little ears, which had turned red from the cold.

The warm feeling spread into her heart.

When the two of them entered the villa, they only heard a few bangs as the broken Flowers fell from the sky and covered the ground!

“Are you surprised? are you happy?”

Yan beixiao suddenly jumped out from the corner and was about to give Lin Hanxing a big hug.

However, before he could get close, he was already kicked in the butt by Lei Xiao’s raised foot!

Yan beixiao did not manage to Dodge in time, and he fell flat on his face on the floor!

I only see the new laughed, but I never heard the old cried ...

“You used to call me little Tian Tian, but now you’re calling me Madam Niu ...”

Yan beixiao simply laid face down on the floor.

It was like a dried squid that had been spread open to dry!

“Daughter-in-law!”

Just as Yan beixiao was fully unleashing his acting skills, he heard mother Lei’s excited voice as she ran towards Lin Hanxing’s direction!

Perhaps she was too excited, she did not even notice the person on the ground.

She stepped on Yan beiming and ran over!

“Aiya!”

Yan beixiao cried out in pain.

“What’s the commotion?”

Mother Lei looked around suspiciously and did not forget to pinch Lin Hanxing’s little face.

“.....”

Lin Hanxing blinked innocently. This was the first time he had been pinched in the face.

“Mother Lei ... I-I-I-I ... I’m under your feet ...”

Yan beixiao cried and begged for mercy.

He only felt that his body and mind had suffered a heavy blow!

“Go away, go over there and lie down ...”

Only then did Mama Lei realize that there was a lump of stuff by her feet. She made a gesture of kicking it aside in disgust.

“There’s no justice! No one will dote on me and love me!”

Yan beiming rolled on the ground, and as expected, he obediently went to a corner to do some mushroom-like crouching!

“Our daughter-in-law has lost weight!”

Mother Lei’s heart ached as she looked at Lin Hanxing’s little face. She felt that there was no meat on it.

“.....”

She had only left for a day.

“Mom made you some soup and made you your favorite dishes. Let’s go eat!”

Lin Hanxing’s eyes flickered. Just now, mother Lei ...

mom also ordered several kinds of facial masks for you. We’ll put them on together after dinner when we’re free!

Yan beixiao felt like crying but had no tears. He had really forgotten about his son after getting a wife!

Even the Thunder valiant beast was still hanging there!

Mother Lei held Lin Hanxing’s hand and walked in.

Lin Hanxing stopped in his tracks, but mother Lei did not move and turned to look at him.

He then recalled that he had just blurted out the words in his heart.

In Madam Lei’s heart, Lin Hanxing was not only her daughter-in-law, but she could even be considered her own daughter!

However, when he thought of the Lin couple ...

She was a little worried if she would make Hanxing unhappy by calling her that.

“Daughter-in-law, I’m not an old ...”

“Mom, let’s wash our hands and eat.”

Before mother Lei could finish her sentence, she was already captivated by the smile on Lin Hanxing’s face!

He finally realized what she had just said!

His heart was like a boiling kettle, buzzing with joy!

Yan beixiao hopped over to his brother, Lei Xiao, and elbowed him, his eyebrows raised in a smirk.

“Ai! Ai! Eat! Wash your hands and eat!”

Mother Lei held Lin Hanxing’s hand tightly as if she was afraid that Lin Hanxing would run away. The smile on her face was especially big!

Lin Hanxing turned his head to look at Lei Xiao.

There seemed to be Starlight in her eyes, mixed with the helplessness of being pulled by mother Lei’s joy. Her porcelain-like face was flushed red.

Lei Xiao's thin lips curled up slightly.

"Eh? Ah Xiao, why are your ears red?"

When Yan beixiao saw this, he deliberately raised his voice.

Lei Xiao's cold eyes swept over him, and in the next second, Yan beiming, who had been teasing him, lay back on the floor!

F * ck your Grandpa!!!

The bones in his tail were almost broken by the Thunder valiant beast!

"I'll help you arrange a spot in the grave next to him."

The Thunder valiant beast said coldly.

"....."

Big brother! I was wrong, alright!

I was wrong, I was wrong, alright!

With that, Lei Xiao was about to walk forward, but before he could take a step, Yan beiming had already grabbed his leg.

"There's something I need to tell you!"

Lei Xiao looked down at Yan beiming, his face expressionless.

that Qi Li ...

[Chapter 1092](#)

1092 The Qi family is in trouble

Yan beiming's expression was a little serious.

"Something happened to the Qi family."

Lei Xiao's face was cold and hard, like an ice sculpture, and no one could tell his emotions.

However, his eyes indicated for Yan Bei to get up.

Qi Li was sold by the assistant she once sponsored, along with the core elites of her company. Now that the Qi's group's stock price has taken a hit, I'm afraid ...

Yan Beichen did not finish his sentence, but his meaning was clear.

The Qi clan might not be able to escape this time!

The Thunder valiant beast was silent for a moment, but soon spoke in a deep voice.

you and yuran, stabilize the Qi's group's stock price first.

Yan Beichen raised his eyebrows.

“You’re not going to tell little Hanxing?”

“Aren’t you afraid that she’ll misunderstand?”

The layman watched the show and the expert watched the tricks. How could little Hanxing not understand his slight manipulation?

“If she knows, she will make the same decision as me.”

Han Xing admired Qi Li.

The word ‘appreciation’ was enough for her to help her get through this calamity.

“Alright, I’ll pass down the order immediately.”

When the two of them returned to the living room, it was bustling with activity!

“Daddy, please forgive baby ...”

The little sheep dumpling, Yuan Dabao, had a sheep-like head as he cried and hugged Lei Jue’s thigh. This scene looked familiar!

Lei Jue laughed coldly, his sharp eyes accurately pinpointing Yan Beichen’s position!

“Yan! North! Whoosh!”

The way Yuan Bao was begging for mercy was exactly the same as Yan beiming’s!

What nonsense was Yan beiming teaching Yuan Bao again?

little Hanxing, save me!!!

Yan beixun quickly took a step and hid behind Lin Hanxing.

Liang yuran shot him a cold glance.

This was called “you won’t die if you don’t seek death.”

After that, he glanced at Jiang Xibao who was standing next to Lin Hanxing and smiling foolishly.

What a stupid smile.

Lei min pushed his glasses up the bridge of his nose. With sister-in-law back, the whole house was much livelier.

“It’s time to eat!”

Mama Lei peeked out from the dining room and shouted.

sister-in-law, mother and mother Chen are going to live in spirit summoning temple soon.

Lei Qian’s gentle voice rang out from beside Lin Hanxing.

Lin Hanxing turned to look at him.

Spirit summoning temple?

Madam Chen has an absolute sense of taste. As long as she goes home and tries it a little, she can make it. Lingzhao temple's vegetarian dishes are very famous, so I take Madam Chen there every day.

The two of them entered the restaurant as they spoke.

"Daughter-in-law, come, come, come, sit with me."

Mother Lei was obviously very happy, her eyes sparkling.

"Mom ..."

As soon as Lei Qian finished speaking, mother Lei glared at him.

big brother, don't fight with mom. She's been so excited ever since you posted that Weibo!

Lei Jue was too embarrassed to say that his mother had even chosen an auspicious day and could not wait to send the two of them off immediately!

"What nonsense are you talking about?"

Madam Lei smiled as she continued to put food into Lin Hanxing's bowl.

"....."

Lin Hanxing looked at Lei Xiao with pleading eyes.

She couldn't eat it!

Even Yan beiming could not stand it anymore.

"Mother Lei, are you trying to stuff little Hanxing to death?"

She looked as if she wanted Lin Hanxing to eat the entire pot.

"Ah Xiao,"

Suddenly, father Lei opened his mouth.

Thunder valiant lifted his head to look at him.

you've heard about the Qi family's matter, right? "

As soon as father Lei finished speaking, Lin Hanxing's movements paused.

"Yes."

the Qi family is one of the few clean families in Jiang city. If you can help them, then help them.

Lin Hanxing only spoke after father Lei had finished speaking.

What happened to the Qi family? "

When Yan beixiao heard this, he immediately perked up and told her everything that had happened to the Qi family in the past two days.

Lin Hanxing didn't say a word from beginning to end.

“That assistant is too shameless!”

After listening, mother Lei felt that the world had really changed!

In the past, even if he had received a small favor from others, he had to remember it in his heart. But why were people so cruel and unscrupulous now? they were worse than pigs and dogs!

“Pa!” Madam Lei slammed her chopsticks on the table in anger!

ah Xiao, no matter how much money you earn, it’s not more important than your conscience. We have to help the Qi family with this!

After finishing her sentence, mother Lei added another sentence.

“I must help!”

“You’re already so old, why do you still like to get angry like a little girl!”

Perhaps he didn’t expect his casual words to make his wife so angry, so he gave Lin Hanxing a look.

“I don’t believe that good people can’t survive in this world!”

Madam Lei knew Qi Li.

On the charity rankings of Jiang city every year, the Lei family was first, and the Qi family was second!

One must know that the scale of the Qi family was completely different from the Lei family. To be able to achieve this level was truly rare.

“Mom,” she said.

Lin Hanxing spoke gently, but mother Lei’s anger was reduced by half when she heard that.

Lin Hanxing picked up the chopsticks that she had thrown on the table and handed them back to her.

“A liter of rice nurtures kindness, and a bucket of rice breeds enmity. There should be a limit to everything.”

Upon hearing this, the others’ expressions changed.

Lei Jue and his second brother, Lei min, looked at each other. As expected of their sister-in-law, they immediately knew where the key to the problem was.

The meaning of the so-called “gratitude for a liter of rice, hatred for a grain of rice” was actually very obvious.

If you helped someone in times of danger, they would be grateful to you and even remember you for the rest of their lives. However, if you helped that person too much, it would cause them to become dependent on you. Once you stopped helping, it would cause them to hate you.

Human nature was the most complicated thing in the world.

“Mom, you don’t have to worry about this. Let’s eat.”

Lin Hanxing smiled faintly and used the serving chopsticks to pick up a piece of sweet and sour pork ribs for mother Lei. He placed it in her bowl.

“My daughter-in-law, hearing your words ...”

Mother Lei’s eyes widened.

Why did Hanxing’s words sound like there was a hidden meaning?

“Little Hanxing, do you already have an idea?”

Yan beiming was also scratching his ears and cheeks in curiosity.

Little Hanxing was good at everything, but he always liked to keep people guessing, just like ah Xiao!

“You’ve already told ah Xiao, right?”

Lin Hanxing glanced at Yan beiming, and his question stunned Yan beiming.

let’s do as he says and stabilize the Qi corporation’s stock price.

“We’ll talk about the rest later.”

Lin Hanxing then continued to fight with the food that mother Lei had given her, which was almost covering her face.

Lei Xiao’s lips curled into a smile.

He knew that he would not be able to escape her eyes.

“I ...”

“What small, eat!”

Liang yuran gave Yan beiming a kick under the table.

“.....”

Waah, why am I always the one getting hurt!

.....

The night was dark.

The royal family of snowlan province in country G.

The phone rang urgently. The second Princess Consort, who had just dealt with the guards, picked it up in anger.

“It’s you?”

When she heard the other party’s voice, her anger was obviously restrained and she was stunned.

“I want you to help me kill someone.”

A cold voice came from the other end of the receiver, making people feel a sense of chill.

“Who is it?”

Ever since the incident with mother Zhan, she rarely spoke so bluntly.

“Jiang city, Lin family’s little nine!”

[Chapter 1093](#)

1093 It was passed down from their ancestors

After dinner, Lin Hanxing went upstairs.

When she came out of the bathroom wrapped in a bath towel, it was already an hour later.

She stepped on the soft carpet barefooted and quickly sat in front of the dressing table.

It had only been a day since he came back, but there were many more things on the table.

Obviously, it was Mother Lei who had bought it for her.

Just as he was thinking, a muscular figure appeared in the mirror.

“Don’t move,”

Lin Hanxing wanted to turn around, but Lei Xiao had already pressed down on his round shoulders.

She did not move.

However, she saw Lei Xiao slowly lean over in the mirror and get close to her neck.

This scene was too beautiful.

Moreover, his breath on the skin of her neck caused ripples.

Lei Xiao lowered his head and planted a kiss on Lin Hanxing’s neck.

In the mirror.

The man’s long, dense eyelashes cast a shadow on his handsome face, and the pressure he gave off in the past was completely restrained.

Lin Hanxing raised her fair hand and placed her soft palm behind his head. A sly glint flashed across her watery eyes, then she kissed Lei Xiao the moment he raised his head.

“Mom wants you to go over.”

Thunder valiant beast’s Adam’s apple bobbed a few times, his voice was so hoarse that it was hard to hear.

Lin Hanxing’s lips were already a charming Begonia Red. At this moment, she bit her lower lip, looking as seductive as she could be.

“What do you want now?”

Lei Xiao scratched her nose with his finger, trying to flirt with her again!

"I've been kissed by you until my legs went soft."

Lin Hanxing blinked, his expression saying, 'what can I do, I'm innocent too'.

Thunder owl laughed in a muffled voice.

He reached out and pulled her into his arms, allowing Lin Hanxing to hug him like a koala.

"Didn't I gain weight?"

Lin Hanxing wrapped one arm around his neck and touched his stomach with the other.

Only God knew that ever since she moved into the Lei family, mother Lei had been thinking of ways to make delicious food for her every day. There were even fruits and supper for her, afraid that she would not have enough to eat and go hungry.

Lei Xiao felt that this was a fatal question, and the smart choice was to pretend not to hear it.

In her heart, she secretly decided to discuss with her mother later on how to secretly fatten Hanxing up.

After all, in his opinion ...

The person in his arms was still as light as a feather.

the news of Luo Wenbo and he zhehan's cooperation in illegally harvesting Chinese anymore has spread in Jiangcheng. The he Corporation is in a mess now, and even the Jiangcheng cross-sea bridge project has been affected.

Lei Xiao said as he carried Lin Hanxing to the cloakroom.

This was what Lin Hanxing had told him to do before he went to country G. However, because of the change in plans, he handed it over to Liang yuran. In terms of adding fuel to the fire, Liang yuran was obviously better than Yan beiming.

"Hehe."

Lin Hanxing's eyes turned cold when he heard this.

It was not only the he family that was affected, but also the Lin and Fang families who were doing business together.

They must have been like ants on a hot pan, in a mess!

"Just let them be for a few more days."

.....

When Lin Hanxing arrived at mother Lei's room, she was rummaging through her closet for something. The floor and table were a mess.

"Daughter-in-law, take a seat first."

Mother Lei's muffled voice could be heard and she did not let Lin Hanxing help.

Lin Hanxing had no choice but to sit down.

Her gaze inadvertently landed on the photo album that Mama Lei had placed on the table.

After obtaining mother Lei's permission, Lin Hanxing placed the item on his knees.

The photo album was filled with an ancient and simple feeling.

It was a photo of mother Lei when she was young.

She was wearing a black-and-white summer school uniform. Her face was only the size of a palm, her soft long hair was let down, and her eyes were bright and lively as if she could speak.

It was like a flower bud.

It seemed to be a picture from the piano Competition.

Lin Hanxing's lips curved into a smile, but ...

When her eyes swept past a certain area, her expression changed subtly and she subconsciously looked in mother Lei's direction.

His hand continued to flip backward unconsciously.

He seemed to be looking for something.

Back then, Si Jing's uncle was framed by his trusted aides and opponents. The Lei clan, which was established by him, was almost at the point of changing its owner and surname, and he almost died.

Gui Ye, who was on good terms with the Lei clan, would not even have the time to hide, and his opponent would even kick him when he was down.

Lin Hanxing could not help but recall what Yan Beiming had told him.

"I found it!"

Suddenly, just as Lin Hanxing was about to put all the clues together, mother Lei finally shouted happily!

After he finished speaking, he carried the box and ran to Lin Hanxing, not caring about the mess on the ground.

"I found it!"

He opened it with a clatter. It was a bottle of wine!

"Let's go to the balcony to drink!"

Without waiting for Lin Hanxing to come over, mother Lei grabbed her hand and walked out.

He was just like a child!

On the second-floor balcony.

Although it was still snowing outside, the terrace, which was sealed by a special glass cover, was like spring all year round. All kinds of green flowers and plants were well taken care of by the gardener.

Although the blue-purple embroidered ball had failed to bloom, the osmanthus flowers were blooming vigorously under the careful care of the gardener.

The candle flame under the wine warmer was burning.

After a short while, the rich aroma of wine filled the air.

Mixed with the sweet osmanthus fragrance, even Lin Hanxing could not help but relax. He turned to look at mother Lei.

Mother Lei happened to be looking at her as well.

The two of them looked at each other and then laughed together.

No one knew what they were laughing about, but they were happy.

After a few rounds of wine.

Mama Lei's face was red as she took out a box from her pocket.

She pushed it in front of Lin Hanxing.

"Shush, it's an ancestral one!"

Madam Lei pressed her hand to her lips, looking as adorable as she could be.

Lin Hanxing opened it and saw that it was a bracelet.

"Back then, Lei found ... Found me and forced ... Me to wear it. I didn't want it, but he immediately ... Burp, he carried me to the Civil Affairs Bureau without a second word. Tell me ... Is there anyone like him?"

Apparently, mother Lei was beyond her tipsy state, and she stuttered as she spoke.

Yingluo, what do you mean?

Yingluo, I'll treat you to a marriage.

He thought of the Thunder valiant beast's behavior at the beginning ...

So, the Lei family's ancestor had brought her to the Civil Affairs Bureau?

Lin Hanxing discreetly changed the wine in front of mother Lei to water, even though he still felt that it was a little useless.

Mother Lei suddenly stood up and plucked a Fu Yu Xiang Osmanthus from the side to put in between Lin Hanxing's hair.

Her slightly curly hair that had just been washed seemed to have been dyed.

"How did mom and dad meet?"

Lin Hanxing reached out to help mother Lei up, afraid that she would fall!

"I picked it up!"

"I picked him up!"

Mother Lei puffed out her chest, her eyes filled with pride.

Lin Hanxing raised an eyebrow.

It was only after listening to the end that she realized that father Lei was injured by his opponents and had to hide in a dark alley. He happened to meet mother Lei, who was robbed of her car by Zhong Xueqing after school.

At that time, mother Lei thought he was dead. She didn't expect that as soon as she got close, her father would grab her ankle.

He went into hiding.

He said.

He told her to hide.

The dark alley was filled with the faint smell of blood, and she seemed to be able to smell it even now.

Mother Lei cupped her chin with both hands, her eyes wet.

She blinked and blinked as if she was sleepy.

Lin Hanxing had rarely seen a woman of mother Lei's age with such clear and pure eyes.

[Chapter 1094](#)

1094 You are the April sky (1)

"Do you know how heavy he is?"

Mother Lei mumbled with her eyes closed.

There was a faint sweet scent of Osmanthus in the air.

Lin Hanxing was about to call someone over when he looked up and saw father Lei.

The coldness and bloodlust in his bones when he was young had been hidden very deeply. His cold appearance was peaceful, but the personal charm of a mature man was becoming more and more attractive with the passage of time.

Lin Hanxing did not find it hard to understand why Zhong Xueqing was still thinking about father Lei even after she had left for so long.

"Dad," he said.

Lin Hanxing stood up, but father Lei smiled and waved at her.

There was no trace of the imposing manner he had when facing outsiders.

The Lei family had a very interesting characteristic. No matter what kind of noble status they had outside, when they returned here, everyone would wear their original appearance without any concealment.

Just like the Thunder valiant beast's reticence.

The gentleness of lightning.

Lei Jue's unruliness.

As for Lei Cheng ...

Lin Hanxing thought of the few conversations they had since the beginning and decided not to comment.

"Now, can you return her to me?"

Father Lei looked at mother Lei, his expression indulgent and helpless.

He was jealous of his daughter-in-law.

Yinyin had never liked anyone so much before.

He looked at Lin Hanxing with a hint of grievance in his deep eyes.

After he finished speaking, Lei kangnian bent down and pulled Zhong Nanyin into his arms.

He pretended to leave.

Lin Hanxing's voice was heard from behind him ...

back then, did dad really know nothing about his trusted aides and opponents working together to frame him? "

Lei kangnian stopped in his tracks.

The strong figure didn't move.

He turned around.

The candle flame slowly heated the wine over the water, and the mist lingered until it disappeared.

Lin Hanxing's smile was warm.

"You ..."

Father Lei shook his head with a smile, the deep wrinkles at the corner of his eyes exuding the charm of a mature man.

After saying that, he carried mother Lei and left.

The balcony returned to silence.

With the sound of rustling, a kitten's head popped out from the corner.

It was the short-legged cat with grape-colored eyes.

It quietly jumped onto Lin Hanxing's knee and found the most comfortable position to curl up into a ball. With a meow, it turned over to reveal its round little belly and looked at Lin Hanxing innocently.

“You ...”

Lin Hanxing massaged his head and smiled ...

.....

Zhong Nanyin felt like he was in a dream.

After Zhong Xueqing and her mother were brought back to acknowledge their ancestors and clan ...

He was getting more and more arrogant!

Zhong Xueqing had even been arranged to attend her own school by her father.

And did she really think that she didn't know that she had ganged up with other students to ostracize her?

Just a moment ago, Zhong Nanyin couldn't take it anymore and rushed to Zhong Xueqing's class to slap her in front of everyone!

She didn't go back to the classroom after the beating.

In any case, the punishment was already set, and Zhong Xueqing would definitely go home to complain!

Zhong Nanyin had already made his decision!

Truant!

He had just managed to climb up the back wall of the school when he was stumped by the question of how to get down.

He was also unwilling to return the way he came.

He was in a dilemma!

With a click, the smell of tobacco spread.

Zhong Nanyin just sat on the wall and looked in the direction of the sound.

He was instantly stunned.

She had never seen such a good-looking man.

It was as if he had just walked out of a comic.

The spring sun was warm and gentle, and it was lazy and beautiful when it hit the body.

He leaned against the wall.

The collar of his black shirt was open, revealing his sexy collarbones.

She held the cigarette between her slender fingers and looked up at him.

Zhong Nanyin could almost hear his own heartbeat.

He was a little flustered.

He was not even this flustered when he slapped Zhong Xueqing.

“Come down.”

The man threw the cigarette away, opened his thin lips slightly, and opened his arms towards her.

“.....”

His voice was so nice to listen to.

Zhong Nanyin blinked.

“Which class are you from? Come down!”

Behind him, the stern voice of the Dean on patrol suddenly rang out. Zhong Nanyin didn’t dare to turn back and just jumped down with his eyes closed.

The man’s breath with a strong tobacco smell instantly enveloped her.

It didn’t hurt.

She was only being hugged by him.

Her heart was beating so fast.

“Do you dare to come with me?”

A hoarse voice exploded in her ears, numbing her bones.

“I don’t know you.”

She said.

After he finished speaking, Zhong Nanyin saw the man’s thin lips curve into an extremely sexy smile.

“Yinyin, but I know you.”

.....

The drunk Zhong Nanyin mumbled.

Lei kangnian had no choice but to wring a towel from the bathroom and help her wipe her face.

As if he felt something, Zhong Nanyin opened his eyes in a daze. When he saw that it was him, tears welled up in his eyes, and he hugged Lei kangnian’s arm like a koala.

“You’re not allowed to like her ...”

She didn’t know what she was thinking, but the moment she opened her mouth, tears of grievance fell.

Zhong Nanyin sniffed as he cried, and seeing that he was about to lose control, he simply buried his head and wiped it on Lei kangnian’s body.

“.....”

Lei kangnian could not help but laugh.

“Who else can I like other than you?”

He held his wife with one hand and continued to wipe her face with the towel with the other, not caring about Zhong Nanyin’s little move at all.

“Then you have to marry me!”

Zhong Nanyin raised his head and clutched the front lapels of his loungewear.

“.....”

“You can only be good to me! You’re not allowed to be nice to Zhong Xueqing!”

Zhong Nanyin said again!

When did he treat Zhong Xueqing well?

Without waiting for him to answer, Zhong Nanyin started to unbutton his home clothes again, until his lean upper body was exposed.

“One ... Two ... Three ...” He said.

She began to count.

“.....”

Lei kangnian’s expression was as helpless as it could get. Every time he got drunk, she would rip his clothes off and count his gunshot wounds.

As he counted, Zhong Nanyin lay on his body and closed his eyes again.

He was still holding Lei kangnian’s clothes.

“Praise me for being beautiful!”

Just when Lei kangnian thought that Zhong Nanyin had fallen asleep, she suddenly opened her wet eyes and made a request to him.

Lei kangnian leaned over and kissed Zhong Nanyin’s forehead.

“You’re the most beautiful.”

.....

Zhong Nanyin felt like he was dreaming again.

On a rainy day, Zhong Xueqing had once again stolen her driver away.

Under the eaves of the school gate, there were many people waiting with Zhong Nanyin.

Suddenly.

The crowd cried out in surprise.

A few black Bentleys drove over in an orderly manner.

At that time, only people with underworld backgrounds in Jiang city would have such a Bentley.

Zhong Nanyin, however, didn't care at all.

She just lowered her head and thought about how she should go home.

He was so immersed in his own thoughts that he didn't notice that the car had stopped not far away, nor did he notice that the person who got out of the car had opened a big black umbrella.

Naturally, she didn't notice that the students beside her had suddenly stopped talking and looked at her in unison!

The rain stopped.

When Zhong Nanyin suddenly realized this and looked up, he was met with a pair of deep eyes.

It was him.

It had been a while since they last met.

The big black umbrella was tilted toward her, and half of the man's shoulder was wet.

"I'm here to take you home, Yinyin."

[Chapter 1095](#)

1095 You are the April sky (2)

In the car, the sound insulation board was lowered.

Zhong Nanyin turned his head to look at the man whose face was a little pale. He wanted to say something but stopped.

"Is it good?"

Lei kangnian tilted his head, his eyes looking particularly deep in the gloomy carriage due to the rain outside.

"You're injured again?"

There was the smell of blood.

Lei kangnian's cold eyes narrowed slightly, as if he didn't expect her to know.

"Yes."

He opened his mouth and didn't want to say more.

Zhong Nanyin saw that he didn't want to talk about it, so he didn't say anything. He just looked out of the window.

"Where are we going?"

This wasn't the way back to her house, even though she only realized it after walking half the way.

Lei kangnian raised his eyebrows.

There was a rare teasing look in his eyes. So, she finally noticed?

“My home.”

Just when Lei kangnian thought that she would be afraid, who would have thought that this little thing would only reply with an “Oh.”

But very quickly, she turned to look at him.

“Is there food? I’m hungry.”

The pair of wet eyes stared at him like a lost deer without a home.

By the time Lei kangnian realized what he had done, his large palm had already covered the top of her head, and he was rubbing it.

“Yes, I have enough.”

He took her back to his home.

After taking over the family business, he bought a house outside.

When Zhong Nanyin finished his bath and changed into Lei kangnian’s clothes, he realized that it was too big for him!

It was as if a child had stolen an adult’s clothes.

However, she had dried her school uniform.

“Lei kangnian ...”

Zhong Nanyin walked out slowly, feeling uncomfortable all over.

As soon as she finished speaking, a tall shadow covered her whole body.

He raised his head.

However, she saw the man half-squatting down and helping her roll up her trousers that were on the ground.

Soon, a section of her white calf was revealed.

Lei kangnian’s movements stopped. He stood up expressionlessly and helped her roll up her sleeves. It didn’t look like he was putting on a show.

“Hello,” he said.

Zhong Nanyin kicked his calf.

Lei kangnian raised his head.

“Is it serious?”

Only then did Lei kangnian realize that she was talking about his injuries.

“Do you want to see?”

The man, who had always maintained a cold and stern image in front of his subordinates, revealed a rare smirk.

“Can I?”

Zhong Nanyin was a little confused by his question and just looked at him blankly.

“.....”

Lei kangnian couldn't help but laugh out loud. He pulled her to the sofa and sat down.

The soup on the pot was bubbling and steaming.

He took off his shirt and allowed Zhong Nanyin to poke at the wound on his abdomen curiously.

The wound was bleeding again after the torture just now.

“I'll help you change?”

Zhong Nanyin pointed, his eyes blinking innocently.

Lei kangnian originally wanted to say that there was no need, but he ended up uttering a vague 'hmm'.

The bandages were removed layer by layer.

It revealed the wound on his solid abdominal muscles.

The wound that had been treated had indeed split open again.

Zhong Nanyin helped him deal with it seriously, and Lei kangnian couldn't help but reach out to pinch her face.

“You're not afraid of me?”

He asked.

There were only two possible answers to this question, but he didn't want to hear a negative one.

“Will you hurt me?”

She retorted.

Lei kangnian looked at her with his dark eyes.

“Never.”

The scene in mother Lei's dream changed, and she was in the Zhong family's Villa.

She knew that the Lei family was coming.

And that 'fiancé' of Zhong Xueqing!

She had already bragged to her and said that she would kick her out after they got married.

Rare!

Anyway, she still had the movable and real estate left by her mother, which was enough for her to live without worry.

“Let me introduce you, this is Lei kangnian ...”

Zhong Nanyin didn't hear the rest of the sentence clearly. He only raised his head and looked at the man standing not far away in shock.

Lei kangnian?

Zhong Xueqing's fiancé?

So, was there any point in playing with her?

Was there any meaning in toying with her?

Zhong Nanyin had completely forgotten how he left the living room. He stood alone in the bathroom and looked at himself in the mirror, tears falling uncontrollably.

He turned on the tap and let the sound of water flow fill the room.

When she left and opened the door, she saw the man leaning against the wall and was about to retreat.

There was a loud bang.

Lei kangnian pushed the door open expressionlessly, dragged Zhong Nanyin inside, and slammed the door shut.

There were only the two of them in the boundless space.

His strong and muscular arms supported her body on both sides.

“Get lost!”

She said, not a trace of her usual obedience.

He was like a wounded little beast.

His eyes were filled with the hurt of being betrayed.

“Say it again!”

Lei kangnian's eyes were as dark as ink, hiding an unspeakable danger.

“I said, get lost ... Wu ...”

As soon as she finished speaking, the man blocked her mouth like a Wolf.

Zhong Nanyin's eyes widened.

He pried open her mouth with a strong stance and seized her territory.

Her hands were tightly clasped on the door, and she even held her breath. She could only feel that his smell had enveloped her entire body.

A kiss on the Fengxi.

Lei kangnian pushed her lips with his finger.

With a crisp slap, his handsome face was smacked askew.

"I hate you!"

After saying this, Zhong Nanyin pushed the door open and ran out.

She had no idea that Lei kangnian's gaze was locked on her from behind!

Since then, the two of them had never met each other alone.

To be exact, it was Zhong Nanyin who had cut off all contact with Lei kangnian. Even when he saw her, he treated her as a stranger and didn't even look at her.

She didn't care about other people's things!

Until ...

The Lei clan was in trouble.

At that time, the whole city was in a storm. Lei kangnian was summoned for investigation, and the Lei Corporation was almost at the point of changing owners. It seemed that in a short time, the Lei Corporation would not be able to hold on.

And the Zhong family actually made a clear stance at the first moment.

In fact, just a second ago, he had even bragged about his relationship with the Lei family. In Zhong Nanyin's eyes, this was simply a disgrace to the Zhong family's ancestors, and he had even ruthlessly stomped on his face a few times!

Even Zhong Xueqing, who had always been talking about her 'fiancé', seemed to have no such person, pretending that everything was peaceful.

Without a word, Zhong Nanyin contacted the lawyer his mother had left behind when she was alive and sold all the movable and real estate in his hands. At the same time, he tried his best to find evidence of Lei kangnian's framing.

After doing all this, Zhong Nanyin passed the evidence and check to Lei kangnian's trusted aide.

That night, Zhong Nanyin was kicked out of the Zhong family.

Since then, no one knew where he went.

After Lei kangnian came out, the Lei group took the opportunity to undergo a bloodbath and reorganize, which also laid a firm foundation for Lei Xiao to take over.

Among the things that Zhong Nanyin passed to him through Lei kangnian's confidant, there was a note mixed in. If one didn't look at it carefully, it would be easy to miss it.

It's a lie that ran ran hates you.

There were two words written on the back.

Goodbye, Wanwan.

The Zhong family came and wanted to re-propose the marriage.

Lei kangnian only said one sentence from the beginning to the end.

Since Yingluo is going to make a comeback with me, I'll conquer this country and let her enjoy a lifetime of glory!

No one knew what Lei kangnian was thinking, but the relationship between the Lei family and the Zhong family had ended that year.

Until, half a year later ...

[Chapter 1096](#)

1096 You are the April sky (3)

Lei kangnian found Zhong Nanyin in Yashan.

She opened a small flower shop.

Because of her beauty and kindness, she was well-liked by the nearby office workers.

Of course, there was no lack of suitors.

So when Lei kangnian saw his third admirer walking towards Zhong Nanyin, he couldn't suppress his anger anymore!

Five minutes later.

The people who lived nearby enjoyed the wonderful scenery.

The little girl who was always smiling at everyone was being carried on the shoulder of a tall, handsome, arrogant and domineering man and was forcefully stuffed into a black Bentley by the roadside!

By the time they reacted and wanted to call the police, they had already disappeared along with the car.

As soon as they got into the car, Zhong Nanyin was pressed down on the leather seat and forced to endure the storm-like kisses.

"Lei...Wu... Let go ..."

The headscarf that was tied around her long curly hair was loosened, and it spread out on the pure black leather seat, making her small face look even more clear and fair.

He waited until the last bit of air in his lungs was completely sucked dry ...

Lei kangnian finally let her go.

A pair of deep and sharp eyes stared at Zhong Nanyin, and his hard chest heaved up and down violently.

“Where are we going?”

Zhong Nanyin couldn't help but turn his head and ask the man beside him as he looked at the scenery outside the window that was moving past at a rapid speed.

Lei kangnian did not say anything.

His eyes were fixed on her, as if he was suppressing his anger.

“Why are you staring at me?”

Although they hadn't seen each other for half a year, Zhong Nanyin still looked as fresh as ever.

“Yinyin, don't you have anything else to say to me?”

Lei kangnian finally opened his mouth.

Zhong Nanyin blinked, and it seemed like he was really thinking about this question.

Lei kangnian patiently waited for her to explain the three men to him!

He saw Zhong Nanyin looking back and forth inside the car, and then looking at Lei kangnian's clothes ...

“So you can return me the money now, right?”

A child without money was like a blade of grass!

He couldn't enjoy a happy life!

“.....”

After a while, Lei kangnian sneered and simply leaned back in his seat with his eyes closed. He was afraid that he would impulsively do her on the spot in the car!

What are you hur-hur for!

Return the money!

Just as Zhong Nanyin was about to speak, his wrist was grabbed by the man!

Looking at the man who still had his eyes closed, but the veins on his forehead were exposed, Zhong Nanyin cleverly swallowed the second half of his words.

For the rest of the journey, the two of them did not exchange a single word.

Zhong Nanyin fell asleep in a daze.

She didn't know that after she fell asleep, the man, who was originally expressionless, sighed and pressed her head against his shoulder.

When Zhong Nanyin woke up again ...

The car had stopped.

The drowsy-eyed Zhong Nanyin instantly shivered in fear when he saw the large words outside the car window.

Jiang! The city! The city! People! Politics! A game!

He slowly opened his eyes wide and looked at Lei kangnian with a 'you're crazy' look!

She reached out and grabbed the door, wanting to get out of the car.

The door was locked.

The sound from her wrist made her lower her head.

The Jade bangle came into view.

Then, she remembered that Lei kangnian had forcefully put it on her wrist when she first entered the shop.

"You ..."

"Sign."

Then, an agreement was handed to Zhong Nanyin.

It was still Lei kangnian's overbearing style!

Zhong Nanyin took it with a clatter. When he saw what was written on it, he, who had not recovered from the shock of being dragged to the Civil Affairs Bureau, was so shocked that he burped!

burp ... You're crazy ... Burp ... You're crazy!!

The document clearly stated that Lei kangnian's entire net worth was an astronomical figure!

As long as she signed it, all of these would be hers!

Lei kangnian suddenly reached out his big palm and clasped the back of her head, giving her a deep kiss. Zhong Nanyin returned to normal.

"Sign or get married?"

He was threatening her?

Zhong Nanyin's legs went soft!

"Just ... Give me back ... My money ..."

Brother Lei, you're ruthless and don't talk much.

If she couldn't afford to offend him, she could at least hide from him!

"Hehe."

The only response she got was a single word. Hehe.

"....."

Zhong Nanyin felt like he had fallen into a Wolf's Den.

However, Lei kangnian did not give her any time to think. He grabbed her and was about to get out of the car!

The direction was naturally the Jiang city Civil Affairs Bureau!

"I'll sign! I'll sign it!"

No matter what, she was the one taking advantage of him. What was there that she didn't dare to do? she just hoped that Lei kangnian wouldn't regret it when the time came!

When Zhong Nanyin's name was signed on the document, she didn't notice the strange smile on Lei kangnian's cold face.

After confirming the signature, Lei kangnian opened the soundproof panel and handed the item to the person in front of him.

"Get it done as quickly as possible."

After he finished speaking, he pulled Zhong Nanyin out of the car!

After a long while, Zhong Nanyin finally realized that he had been deceived!

"I'm not getting married! I'm not getting married to you!"

Lei kangnian turned around and squinted his eyes dangerously.

"Can you repeat that?"

"....."

Being stared at by that gaze, Zhong Nanyin really didn't have the guts to add oil to the fire!

"You're fierce!"

As she blinked, large drops of tears fell down.

From the time they had reunited until now, he had never given her a good look. This was the attitude one should have towards their benefactor!

Liar!

"I don't care about Zhong Xueqing's man!"

"I'm not!"

Lei kangnian said in a low voice, his deep eyes fixed on her face!

"You are!"

Zhong Nanyin retorted childishly and turned to run.

Before she could even take a step, she was pulled back by Lei Kang, who had read her mind!

"I'm not!"

Staring down at her from above, Lei kangnian patiently repeated himself.

"Marry me, huh?"

Seeing that Zhong Nanyin had no intention of running away, Lei kangnian spoke in a hoarse voice, his large palm caressing her eyes and brows.

"I didn't bring anything."

Zhong Nanyin turned his gaze elsewhere, not looking at him.

"I've brought it for you,"

Everything had been prepared. All he needed to do was for her to follow him in.

"I'm not ready!"

Zhong Nanyin said with a sobbing tone. He couldn't imagine that he was free one second ago and was about to be married the next.

Lei kangnian took a deep breath.

She continued to drag him into the Civil Affairs Bureau.

"Hey, hey, hey ... My stomach hurts ... Why don't we forget about it today ..."

"The one surnamed Lei ..."

I twisted my leg. I can't move!!!

Lei kangnian didn't even pay attention to him. He suddenly lifted Zhong Nanyin on his shoulder and continued to walk forward!

Idol dramas are all lies!

What should have been a romantic scene in other people's eyes made Zhong Nanyin feel disheveled because of the heavy dizziness and the feeling of nausea that reached his stomach. Not to mention, his long hair was still hanging down like a female ghost.

Until the heel shoes on her feet were thrown off.

Lei kangnian finally placed Zhong Nanyin on a bench in the Civil Affairs Bureau's courtyard.

The tall figure turned around to help her pick up her shoes.

That appearance made Zhong Nanyin feel inexplicably guilty.

When Lei kangnian came back with the shoes, he squatted down and held her feet.

Even her nails were as cute as jasmine petals.

"You're really not willing?"

Lei kangnian lowered his head so that no one could see his expression. However, the loneliness around him grew stronger ...

[Chapter 1097](#)

1097 You are the April sky (4)

Zhong Nanyin immediately fell silent.

She didn't say anything, and Lei kangnian didn't force her. He just helped her put the shoes back on.

"Is it because of the three men?"

What man?

Three?

Zhong Nanyin felt that he couldn't keep up with his train of thought.

However, very quickly, Lei kangnian raised his hand and caressed her little face lovingly.

"Yinyin, I missed you."

He had calculated everything, but he had not expected this little girl to run away after giving everything she had for him.

For half a year, it was like a piece of his heart had been cut off.

Zhong Nanyin's heart was beating very fast.

Especially when he met Lei kangnian's deep eyes.

He was stunned.

Yingluo, do you dare to come with me?

Yingluo, I'm here to take you home, Yinyin.

He was indeed much thinner than he remembered.

"No one will dare to bully you anymore."

Lei kangnian's rough fingers brushed across her rose-like lips and he chuckled.

The Zhong family would only become more and more depressed.

"I'll use my entire life to repay your kindness, okay?"

His voice was low and hoarse.

However, Zhong Nanyin's reply was still out of the question.

After a long time, Lei kangnian let out a bitter laugh.

"I'll get someone to send you back."

After he finished speaking, he turned around to leave. When he got up, he seemed to stumble a little. Zhong Nanyin saw this and felt even more like a heartless man who had taken off his pants after sleeping with him, put on his pants, and turned heartless.

Lei kangnian suddenly stopped in his tracks.

She felt a small hand suddenly grab the back of her shirt.

He squatted down.

He didn't look back.

But there was a deep smile in his eyes.

The next second.

The smile suddenly stopped and was replaced by shock.

Her thin wrists were placed on both sides of his waist, and she carefully hugged Lei kangnian from behind.

He could feel that the little girl behind him hesitated for a moment, but she still pressed her face against his back.

A kind of trembling joy spread from his tailbone.

"No one else."

She said in a soft voice.

"Only you."

From the beginning until now, he was the only one who had forcefully barged into her world.

"I'm just pretending to hate you."

Zhong Nanyin said.

"Yes, I know."

Lei kangnian replied.

"I really like you."

Zhong Nanyin said again.

This time, the only response she got was Lei kangnian turning around and pulling her into his arms.

An indistinct male aura surrounded Zhong Nanyin.

"You said you'd spend a lifetime ..."

He raised his head and looked at Lei kangnian's cold and arrogant face. He sniffed, and his eyes were red like a rabbit's.

“Not a second less!”

After a long time.

Lei kangnian finally answered.

“Alright,” he said.

.....

After finally making the drunk Zhong Nanyin fall asleep, Lei kangnian turned off the main light in the bedroom, leaving only the dim yellow bedside lamp on.

After doing this series of actions, he walked to the bathroom.

After a while, the sound of the shower could be heard.

Under the shower.

Lei kangnian closed his eyes, but he couldn't help but recall the first time he met Zhong Nanyin.

He went into hiding.

He held her ankle, knowing that she would be in danger if she stayed any longer.

The girl squatted down.

With the help of the dim light, he could vaguely see her face.

Her soft, long hair fell on her fair face, and her small face was as beautiful as a gardenia flower. It was so fragile that it seemed like a flower bud would wither if it was pinched.

His eyes were clean and wet.

For a moment, he felt inferior.

Suddenly, she smiled at him.

“I picked you up!”

She said.

Yes, Yinyin, you picked me up.

After that day, his mind had been restless, always disturbed by the sudden crisp sounds in his ears.

Yingluo, I picked you up.

She secretly sent people to stay in the school, afraid that the group of people would find her.

Every day, her photo would be sent to his desk.

Happy, angry, confused, innocent ...

Every expression of hers made people happy.

He wanted to see her, wanted her to be close to him, wanted to ...

He touched her.

So that day, he came to the back wall of her school by chance. Just as he lit a cigarette, he heard some movement not far away.

He looked up.

He saw the little girl who had made him lose his mind was sitting on the wall in a dilemma.

Her long, black, silk-like hair was tied into two ponytails.

It was clean and fresh.

The heartless Lei kangnian had never thought that there would be a day when someone would accidentally barge into his dark and gloomy life. Like the blooming of trees, they were bright and lively.

Lei kangnian reached out and turned off the shower.

He thought that the best decision he had ever made in his life was that day when he opened his arms to her when she looked at him.

Since then, he was unable to let go.

His little girl.

With one hand on the wall, the corners of his lips, which had been stained with the marks of time, curled up slightly.

"You are the April sky of the human world."

.....

The next morning.

In Lei min's arms, Lin Hanxing's eyelashes fluttered as he slowly woke up.

Before she could open her eyes, she could feel him reaching out to caress her hair.

He buried his face in the Thunder valiant beast's chest.

His lips curled up into a lingering arc.

Even though Lin Hanxing was not sure if the Lei family had sent her to the Civil Affairs Bureau, there was one thing he was sure of.

The Lei family ...

It was the deep love passed down from their ancestors.

"I'm going to elder Yan's place today."

Lei Xiao reminded Lin Hanxing as he planted a kiss on her collarbone.

“.....”

Lin Hanxing opened her eyes and blinked innocently. She seemed to have forgotten about it.

“Before we go, we have to visit the Qi clan.”

Lin Hanxing casually put his hand in his long, curly hair and played with it while yawning.

He looked up and saw Lei Xiao standing up.

The thin blanket slid down, revealing his inverted triangle-shaped thin waist and abdomen.

Lin Hanxing couldn't control himself and pounced on her.

Fortunately, Thunder valiant reacted quickly and reached out to hold her.

“They're all mine!”

Lin Hanxing held Lei Xiao in a possessive manner and sucked on his neck, deliberately leaving a red mark.

“Yes, no one can take it away.”

Lei Xiao looked at Lin Hanxing, who was becoming more and more like a child in front of him, and felt that his cold and hard heart had melted.

He carried her on his back in this position and the two of them walked to the bathroom.

When he went downstairs, he saw mother Lei with a pale face and dazed eyes.

He only turned his head when he heard Lin Hanxing's footsteps.

“My daughter-in-law ...”

With a long face, mother Lei was as upset as she could be.

Lin Hanxing smiled helplessly and shook his head. He went to the kitchen and made a cup of sober-up tea for her to drink.

Only then did mother Lei feel better.

“Sister-in-law, are you going to old Yan's house empty-handed today?”

Coincidentally, Lei Jue was walking down the stairs, and his mouth twitched.

Yuan Bao slipped past him and ran towards Lin Hanxing with his short legs.

“First aunt!”

Plop ...

Lin Hanxing smiled and reached out to press on mother Lei's temple with just the right amount of strength to relieve the discomfort she felt from being drunk.

“Miss Lin, everything is ready.”

Madam Chen walked out of the kitchen.

“Here, isn’t this what I wanted to bring?”

Lin Hanxing looked up and answered Lei Jue’s question.

When Lei Jue saw what Madam Chen was holding, his eyes widened in shock.

Sister-in-law only brought this?

[Chapter 1098](#)

1098 Are you comfortable sitting there?

At the Qi Corporation.

At this moment, the main entrance that symbolized the company’s entrance was surrounded by reporters.

Even though security was sent, it was still a little difficult to maintain order.

Until ...

The rumbling sound of the gas engine suddenly came from outside the revolving door, attracting people’s attention.

The reporters all turned around.

A Koenigsegg sports car worth tens of millions was shrouded in the morning light, its streamlined lines hidden with luxury.

There were obviously some knowledgeable reporters among them.

They recognized that this was the limited edition of the Koenigsegg model. There were only six of them in the world, and they were bought by rich people from all over the world. However, they had never heard of anyone in Jiang city buying it.

Suddenly, the car door opened.

The first person to step down was her slender and beautiful legs wrapped in black women’s suit pants. Then, when her entire body came out of the car, a porcelain-white face wearing sunglasses came into everyone’s sight.

The noise that was originally noisy suddenly stopped.

The classic outfit of a white shirt matched with a handmade black ladies ‘suit made the woman look extremely strong and fierce.

The woman glanced at the Qi corporation’s brand and slowly took off her sunglasses.

“It’s her ...”

Some of the reporters exclaimed, and then most of them recognized the woman.

Wasn’t that the Lin family’s little nine?

However, Lin Hanxing's beautiful eyes glanced at the reporters and she walked up the stairs in her high heels.

The reporters who had been blocking the entrance of the Qi Corporation couldn't help but move to the sides, automatically making way for her.

No one had discussed it, and it was almost a conditioned reflex!

It was as if the pause button had been pressed in the originally noisy atmosphere. No one said a word and Lin Hanxing walked past them.

After she disappeared through the Qi corporation's revolving glass door ...

Only then did the reporters remember why the Lin family's ninth child had come to Qi Corporation.

If one were to seriously consider it, Qi Li, the president of the Qi's group, had once pursued Lei Xiao for many years. They were love rivals! Could it be ...

Was this Lin xiaojiu here to add insult to injury?

At the thought of this, the gossiping genes in the reporters' blood seemed to be boiling.

If they could take a photo of the two of them fighting without caring about their image ...

As she thought about it, a new round of pushing and shoving with the security guards came again ...

.....

When Lin Hanxing took the elevator to the top floor, Qi Li's Secretary was glaring at the door of the president's office. She only restrained her expression a little when she heard the sound of high heels.

"Miss Lin."

Qi Li's Secretary looked much better when she saw him.

"Who's in there?"

Lin Hanxing raised an eyebrow. Although his words were casual, they were full of meaning.

"Who else could it be? That bastard!"

Qi Li's Secretary was forced to swear, which was a rare sight. Then she covered her mouth subconsciously and looked at Lin Hanxing with a slightly embarrassed expression.

Lin Hanxing smiled and pushed the door open.

The atmosphere inside the door was clearly more tense than he had imagined.

Qi Li was a straightforward person. When she liked someone, she would give her heart to them. When she hated someone, she didn't even bother to hide it.

At this moment, he was even more impolite to the person who betrayed him.

All his anger was stopped by Lin Hanxing's appearance.

“You’re here?”

Seeing Lin Hanxing, Qi Li controlled her temper a little, for fear that her bad temper would scare her.

Lin Hanxing did not say anything.

His gaze, however, fell on the assistant who was sitting arrogantly and leisurely on the leather chair with his feet casually resting on the desk.

There was no emotion in his deep and dark eyes.

“Are you comfortable?”

Lin Hanxing said indifferently.

The door to the president’s office wasn’t closed when they came in. At this time, Qi Li’s secretaries perked up their ears to listen to the movements inside the door. They wanted to rush in, tear the assistant apart, steal the company’s core information, and poach the elites ...

Ungrateful!

“So comfortable! If you can help me massage my shoulders, I’ll feel even more comfortable!”

The assistant’s face was red. It was obvious that he had been Living a Good Life recently. Even his frivolity, which had been restrained, was exposed wantonly.

“Help you massage your shoulders?”

Lin Hanxing’s eyes stopped Qi Li, who was about to explode, and his voice became gentler.

“Yeah! Help me massage my shoulders and maybe I can ask the boss to spare the Qi family in a moment of happiness.”

The assistant was so pleased with himself that he didn’t notice the dark glint in Lin Hanxing’s eyes ...

It flashed past!

“Is that so?”

She undid the buttons of her suit without leaving a trace.

As the word “you you” fell, Lin Hanxing suddenly attacked!

He raised his foot and kicked the leather seat the assistant was sitting on. The force was so strong that the assistant and the chair fell to the ground with a loud thud. Not to mention the secretaries outside the door, even Qi Li, who was sitting opposite, was so stunned that she forgot to get angry.

“.....”

“.....”

In the president’s office, other than the assistant’s cries of pain, everyone else’s mouths were agape in shock.

“F * ck you ...” He cursed.

A series of vulgarities came out of the assistant's mouth, and the more he spoke, the more unpleasant it sounded. On the other hand, Lin Hanxing, who was standing not far away, smiled more and more brightly.

It was so brilliant ...

Qi Li couldn't help but shiver on the spot.

Lin Hanxing walked towards the assistant slowly, the smile still on his face. The next second, he gave the assistant a tight slap on the face. The slap was so loud that it hurt.

"Say it again?"

Lin Hanxing smiled and raised his eyebrows. The open women's suit revealed her slender waist wrapped in a white shirt.

"F * ck you ..." He cursed.

The assistant really repeated himself in an aggressive manner. Lin Hanxing did not hold back and gave him another slap.

One to the left and one to the right.

The force of the slap stunned the arrogant assistant, and his ears were still buzzing.

It was like a temporary tinnitus.

"If you have the guts to continue, I have a way to make you unable to open this stinky mouth of yours for the rest of your life!"

Lin Hanxing bowed.

Her long hair cascaded down her cheeks like velvet.

It made her porcelain-white face look even more beautiful.

The sunlight from the large French windows behind her poured in, as if she was plated with a layer of soft light and shadow. However, the words she said made people feel a chill in their bones no matter how they listened.

To be honest, Lin Hanxing had already deliberately restrained his aura.

It was definitely less than one-third of what she did in Malaysia. But even so, the effect seemed to be beyond her expectations.

Her slender fingers closed together and patted the man's face back and forth.

Lin Hanxing only let him go after he shut his mouth and nodded obediently.

Then, she picked up the chair that had fallen to the ground and slowly sat down. She crossed her left leg over her right leg and casually tapped her hand on the armrest. She stared coldly at the assistant who had yet to come back to her senses.

"What's wrong? Do you still need me to send you?"

Lin Hanxing sneered. He was not polite at all when he said that.

The assistant stood up in a panic, a sinister look in his eyes.

He walked to the door in a hurry and suddenly turned around ...

[Chapter 1099](#)

1099 There's simply no comparison

"Just you wait, there will be a time when you will all kneel and beg me!"

Perhaps the assistant felt that they were far enough away and no longer felt threatened, so he pointed at Lin Hanxing and Qi Li and started cursing.

After scolding them, he didn't dare to see their reaction and turned to run.

The Secretary, who had been eavesdropping at the door, pretended to stretch out her foot inadvertently. With a muffled bang, the assistant rolled on the ground in a sorry state.

"Bah, what dog thing!"

Back then, he had teased all the secretaries in the secretary's office and pretended to be decent!

Now, they could finally vent their anger!

When it finally quieted down outside, Qi Li looked at Lin Hanxing with a complicated expression.

When he first saw her, he only felt that she was a harmless little white rabbit.

She was so beautiful, with a pair of clean and watery eyes that seemed to be able to speak.

However, it was also this little white rabbit who, after finding the person who had sowed discord, had intimidated everyone with shocking, swift, and decisive means. Recalling the fearful eyes of the Lei corporation's executives, Qi Li still felt like she was in a dream.

"I really didn't expect that I would be backstabbed by my own people."

Qi Li's face was expressionless. She leaned all her strength against the leather seat, as if all her energy and spirit had been sucked away.

"Now is not the time to be dejected."

Lin Hanxing looked at Qi Li and said lightly.

help me thank Lei Xiao for helping to stabilize the Qi corporation's stock price.

The Qi's group's stock price, which had been plummeting all the way last night, had stabilized and returned to its peak in the second half of the night under the control of external forces. Qi Li couldn't think of anyone else other than the Lei family who could have spent such a large amount of money.

After that, Qi Li stopped talking.

"Also, thank you ..." He said.

After they parted ways at the Japanese restaurant, the two of them had even met once at Y. R.

However, no one knew about this.

If they hadn't met that time, the Qi corporation's century-old Foundation would have been destroyed in her hands!

back then, you asked me to replace the core data with a specially encrypted document and deliberately mentioned the wrong data in front of him ... I was suspicious of you at that time, I ...

Qi Li really felt ashamed.

Lin Hanxing smiled emotionlessly, the mole on her porcelain-white face charming and moving.

"Xing, why did you help me?"

Qi Li didn't understand.

In the beginning, they were even love rivals. Although in her opinion, she was not qualified to be Lin Hanxing's opponent, and the facts had indeed proven this!

"Mother Lei said that she didn't believe that good people can't survive in this world ..."

Lin Hanxing's eyes looked past Qi Li and into the distance.

but in fact, over the years, people have gradually forgotten about benevolence, righteousness, propriety, and filial piety. They blindly pursue the pleasure brought by money and power. Just because the cost of being a good person is too high, they choose to give up their own moral bottom line.

She slowly got up.

Her high heels made a dull sound as they stomped on the floor.

Lin Hanxing stood in front of the floor-to-ceiling window, his hands in his women's suit pants, his long eyelashes fluttering slightly.

Her slender figure was elongated on the floor.

President Qi, you're able to stick to your bottom line and stay true to yourself. That's the reason why I'm willing to help you.

The world had always been tolerant of the wicked, but harsh to the good.

This was an abnormal regression.

besides, if the Qi family falls, who will take those children to where they want to go? "

Lin Hanxing smirked, his eyes turning Amber from the reflection of the sun.

He smiled at Qi Li ...

But it really made the latter's heart beat faster.

"That's all for the chit-chat, let's talk about serious matters."

Lin Hanxing looked down at his watch, then returned to sit opposite Qi Li.

you don't have to worry about the core information and elites for the time being. Do you have any other tricky problems to solve? "

Hearing her question, Qi Li immediately remembered that there was indeed a tricky problem.

tomorrow is supposed to be the Qi corporation's new fashion show, but all the invited guests and models have been poached by CQ. They'd rather pay a high penalty!

The dk organization was the source of the Qi family's crisis.

The spring and summer fashion launch had been prepared half a year ago, and even coordinating with the famous domestic idols and artistes had taken several months. Now that the other party had quit just like that, there was no time to plan at all!

"Who were the guests you invited before?"

Lin Hanxing heard all this, but his expression did not change.

Qi Li named a few popular idols and stars in a row. Lin Hanxing thought for a long time before he matched the names with the people.

"I don't have any concept of these people, but ... What if I compare them to these people?"

Lin Hanxing simply said a few names, and the more Qi Li listened, the bigger her eyes became. Even her expression was a little out of control.

this ... There's simply no comparison!!!

Comparing that group of young hunks to the few people Lin Hanxing had mentioned was simply an insult to them!

Their rankings were different, and there was no comparison at all!

okay, I got it. Leave the guests and models to me. You just need to stabilize the morale of the Army and announce to the media that tomorrow's spring and summer fashion release will be carried out as usual.

Qi Li still felt unreal even after everything was settled.

"Xing, can you really invite those people you just mentioned?"

Seeing that Lin Hanxing was about to leave, Qi Li also stood up and spoke hesitantly.

"Won't you know tomorrow whether I can or not?"

Lin Hanxing seemed to be smiling but not really. He seemed to have answered but also seemed to have said nothing.

but CQ will be holding a new fashion release tomorrow, and they'll be inviting the models and celebrities we've hired before.

Qi Li was still worried.

However, Lin Hanxing only raised his head and smiled at her. Without saying anything, he waved and left ...

.....

When Lin Hanxing left, the video wall downstairs was playing the news that the spring and summer fashion launch would be held at the same time as the Qi Corporation tomorrow.

After a long time, Lin Hanxing put his sunglasses back on and smiled meaningfully. He walked out of the automatic revolving door and the reporters who had been waiting outside swarmed up again when they saw her.

miss Lin, have you heard about the he Corporation? ”

will you be attending your cousin’s funeral? ”

“Will the Lin family help the he family tide over this crisis? After all, your cousin and second young master he are engaged ...”

The camera flashes accompanied the reporters ‘questions.

Lin Hanxing smiled and sat back in the car under the escort of the Qi family’s security.

He stepped on the accelerator and the luxurious Koenigsegg sped away.

In the passenger seat, the ‘present’ for master Yan also shook.

If the reporters hadn’t mentioned it today, she would have almost forgotten about Lin Jiaojiao.

She just didn’t know how her delicate cousin sister’s injury from hitting the pillar to prove her innocence was now.

With a cold smile on his face, Lin Hanxing drove in the direction of the military courtyard ...

[Chapter 1100](#)

1100 Seeing han mingmei again

Half an hour later, in a courtyard in District J.

Lin Hanxing was stopped by a Sentry as soon as he reached the door.

The car window rolled down, and before the other party could speak, a black Passat drove up from behind.

From the license plate ...

The people sitting inside should be leaders.

The window of the other side slowly sank into the body of the car. The driver’s tone was a little harsh as he motioned for the Sentinel to open the door.

As the other side was talking, the rear window rolled down.

Lin Hanxing had one hand on the window sill as he watched the show indifferently. Suddenly, he felt a sharp gaze on him.

He followed that line of sight ...

Lin Hanxing laughed.

Coincidental or not, they were really old acquaintances.

Han mingmei.

She had not seen her since Zhao Dongyang's men shot her in the shoulder at Y. R.

When they met again today, Lin Hanxing could clearly see that han mingmei's facial features had changed.

From the beginning, she knew that han mingmei was a person who seemed to be approachable, but in reality, she was the most arrogant and looked down on others.

But now ...

Han mingmei's eyes and brows were unconsciously stained with a layer of hostility.

"Has miss Han's shoulder recovered?"

Lin Hanxing said with one hand on his cheek and raised an eyebrow.

"What are you doing here?"

Han mingmei did not expect to see Lin Hanxing here.

His eyes were filled with vigilance.

Could it be that she was also here for elder Yan?

As soon as this thought appeared in her mind, she felt uncomfortable all over, as if she had swallowed a fly's poop.

However, on second thought ...

She was personally invited by elder Yan's men, and she was accompanied by her father's uncle, who had a good relationship with her father. What did this Lin xiaojiu have?

Thinking of this, he finally felt a little more at ease.

"If I'm not wrong, we're going to meet the same person."

Although Lin Hanxing could not see who was sitting next to han mingmei, he could tell that the person was of high status.

Han mingmei's expression turned cold when she heard that.

master Yan is a man of principle. Do you think you can get close to him by relying on ah Xiao? "

Han mingmei's tone was cold.

If one were to listen carefully, one could even hear the sarcasm in it.

Lin Hanxing smiled when he heard this. It was as if a spring breeze was blowing on one's face.

"At least I still have a chance to rely on ah Xiao. As for you ..."

Lin Hanxing's long eyelashes trembled slightly, and his gaze swept across han mingmei's face.

The latter words were self-evident.

The latter's slender fingers on her knees clenched tightly.

She accidentally touched the wound on her shoulder, and it hurt so much that han mingmei almost gasped.

She endured it!

"I don't believe that elder Yan will really see you!"

As soon as she finished speaking, the Sentry at the door raised his pole and let them in. Han mingmei smiled smugly. Her smile was reflected in Lin Hanxing's amber eyes, which were reflected by the sunlight, and it was slightly distorted.

Then, when the black Passat drove through the gate, it stopped again.

Han mingmei said something to the Sentry, but the way he looked at Lin Hanxing was obviously not right.

Looking at the Passat that sped away, Lin Hanxing smiled lazily and called the number of the security officer that elder Yue had given her.

Very quickly, the call was connected.

After a few words, Lin Hanxing opened the door and got out of the car.

The Sentry raised his hand expressionlessly to signal her not to come any closer.

As expected, Lin Hanxing stopped with an innocent expression and handed him the phone.

The Sentinel's eyes were filled with confusion.

"No matter what she said just now, you'd better answer this call."

Lin Hanxing said indifferently.

The Sentry hesitated for a moment, but he still reached out and took the phone.

After listening for less than two seconds, he turned pale with fright.

He replied with a few "yes" in a loud and clear voice. After hanging up the phone, he looked at Lin Hanxing again with a subtle expression.

"Elder Yan asked miss Lin to go in."

The car could only be parked there.

When he picked up the phone, the person on the other end of the line had changed to master Yan.

This was the first time the Sentry had spoken directly to a leader of such a level. How could he not be excited and nervous? but after listening to the request on the other end of the phone, his expression suddenly became complicated.

This courtyard was neither big nor small. If he were to walk in ...

The Sentinel's eyes swept over the high heels on Lin Hanxing's feet.

Can she take it?

"Oh."

Lin Hanxing did not waste any time. He opened the car door and took out a pair of white flat shoes from the front passenger seat.

"....."

The Sentry watched her change her shoes expressionlessly, then took something from the front passenger seat and locked the door.

He was really going to walk in.

"That ... We'll reach the last building in the West."

After the Sentry finished speaking, he saw what she was carrying and his expression suddenly became a little subtle.

He thought of all the things in the passenger seat of the passenger car, and what this woman was carrying ...

Isn't it a little shabby?

.....

Lin Hanxing carried her basket of gifts and walked unhurriedly to the place the Sentry had pointed out to her.

Her intuition told her that han mingmei was hired by the old man.

As for the purpose ...

Lin Hanxing was a little uncertain.

However, this made things even more interesting.

Lin Hanxing chuckled silently and enjoyed the scenery as he walked.

He had a calm expression.

She arrived later than han mingmei anyway, so what was there to be anxious about?

Just like that, Lin Hanxing took at least twenty minutes to reach the detached house where elder Yan was.

The person standing at the door was not the security guard Xiao Zhang that he was familiar with.

“Miss Lin, please.”

Before Lin Hanxing could speak, the other party had already spoken.

Little Zhang really didn't lie to him.

At first, this person was worried that he wouldn't be able to distinguish the two young ladies, but Xiao Zhang said in a tone of assurance ...

Wanwan, the most beautiful one you see is definitely miss Lin!

Lin Hanxing had just entered the door when he heard the sound of things being thrown.

A Green Parrot was hanging on a tree buried under the snow in the large courtyard. When it saw someone coming in, it called out a few times.

Her voice was crisp.

Lin Hanxing walked over and teased it.

With a few flapping sounds, the parrot flew up from the shelf and landed on Lin Hanxing's shoulder.

“Elder Yan ...”

A slightly embarrassed voice came from inside the door.

Along with the sound, something was thrown into the courtyard from inside.

If Lin Hanxing had not dodged in time, he would have been hit.

On the other hand, the Green Parrot on her shoulder didn't seem to have any intention of coming down no matter what she did. It twisted its small head and buried it under its wings to comb its feathers. It didn't seem to be afraid even though it was making such a big noise.

The guard, Xiao Zhang, who had just thrown away han mingmei's gift according to elder Yan's instructions at the door, saw Lin Hanxing standing in the courtyard. His expression instantly changed, especially when he saw the Green Parrot on her shoulder ...

Even more!

It should be known that the parrot usually didn't allow anyone to touch it except the old general.

Even when he helped it change its food, it still got bitten a few times.

How could he jump onto miss Lin's shoulder so easily, and even look like he was enjoying it?

Wasn't this too much of a difference in treatment?

“Miss Lin, please ...”

Before he could finish speaking, he saw Lin Hanxing carrying a basket of things in his hand and looked troubled.
