

Goodnight 1111

[Chapter 1111](#)

1111 The person in front of me is my sweetheart

In the time that followed, Lin Hanxing personally experienced speed and passion.

The man beside her had managed to reduce the one-hour journey to half an hour.

When the words " Jiang city Civil Affairs Bureau " came into view, she still felt like she was in a dream.

Lei Xiao stopped the car.

Yan beiming had not arrived yet, so the two of them could only wait in the car without any documents.

Lin Hanxing turned to look out the window.

Suddenly, he laughed silently.

She still remembered that when she had just returned to Jiang city, Lei Xiao had also driven her here in such an overbearing and unreasonable manner.

Yingluo, I'll treat you to a marriage.

He said.

Lin Hanxing had never fled in such a sorry state before.

It was as if a man-eating beast was following behind him.

In the next second, she heard a click. Her wrist, which had casually fallen on her leg, was also tightly held by the man.

The click was the sound of the car door being locked.

"I won't run."

Lin Hanxing moved his wrist and said, not knowing whether to be angry or laugh.

Unexpectedly, Lei Xiao turned his head to look at her and spoke in an extremely serious tone.

"You have a criminal record."

"....."

I should thank you!

Lin Hanxing could not help but curse in his heart.

He just stared at the Thunder valiant beast.

There was a little pride in his eyes.

However, the two of them could not help but smile at the same time.

Especially the Thunder valiant beast.

His usually cold and handsome features seemed to have been lit up, and even the traces of his smile were intoxicating.

Lin Hanxing had seen many of Lei Xiao's expressions.

However, only the one in front of her made her feel like she was willing to put her life in his hands.

The thought that he was a little impulsive disappeared.

Let's do this.

In any case, he was the only one she had set her eyes on in this lifetime.

"I didn't even change my clothes."

Lin Hanxing said softly. She looked down at the black ladies' suit she was wearing and did not feel happy at all.

"It's nice."

Lei Xiao's fingers slid across her wrist.

His Hawk-like eyes were filled with an indescribable gentleness and love.

"Our Hanxing is the most beautiful."

His eyelashes, which were denser than a woman's, were slightly furrowed, and his palms were hot as if there was a fire burning.

Lin Hanxing leaned his entire body weight against the leather seat and turned to look at Lei Xiao.

"Really?"

Who said that their ah Xiao wasn't good with words? he was clearly able to make people's hearts beat faster when he said sweet nothings.

"Yes."

That pair of deep eyes that seemed to be able to suck people in looked straight at her, without any concealment.

"After we get married, you can do whatever you want. You don't have to change because of me."

I will only love and dote on you. I will never lie to you!

"I'll do everything I promised you seriously. Every word I say to you comes from my heart!"

I'll trust you unconditionally. I won't allow anyone to bully you!

"If you're unhappy, I'll make you happy. If you're happy, I'll be happy with you!"

A deep, magnetic voice rang out in the car.

Lin Hanxing's eyes started to blur.

This was what she had said to him in Malaysia.

She didn't expect that ah Xiao would really remember it.

"I live, and I will never betray, I die ..."

Lei Xiao's large hand landed on Lin Hanxing's porcelain-white face, caressing it gently.

"You must live well."

Lin Hanxing was stunned.

Her long, black, feather-like eyelashes trembled.

"Promise me, you absolutely won't come with me,"

"Ah Xiao ..."

Before Lin Hanxing could finish, the man's rough fingers were already on her lips and he pressed down.

"I just want you to continue living the life you deserve."

Lin Hanxing looked at him, her beautiful eyes seemed to be carrying a fine light and was on the verge of collapsing.

He shook his head.

She held the man's hand and intertwined her fingers with his. She raised her hand to her lips and kissed it gently.

"We have to be together no matter where we go."

He placed the Thunder valiant beast's hand on his cheek and rubbed it.

She was like a cat raised at home, gentle and well-behaved.

"Ah Xiao, I only want you."

She would always keep her promise.

Until the end of his life.

Knock, knock, knock.

The sound of knocking on the car window came from outside.

Yan Beichen leaned against the dark window and peeked in. His handsome face was magnified infinitely.

"....."

The center Lock was unlocked, and the door was pushed from the inside.

"Speak! Am I still your little sweetie? You're only telling me about something as important as getting your marriage certificate now!"

As soon as the two of them got out of the car, Yan Beichen started to whine.

He reached out and shook the portfolio containing their IDs.

“Would you believe me if I told you that we only came up with this idea on the spot not long ago?”

Lin Hanxing said indifferently.

If time went back to when she woke up today, she didn’t even have the slightest thought of getting a marriage certificate.

“.....”

Yan beixiao was flabbergasted when he heard this. Was getting a marriage certificate something that could be done this way?

Although he knew that the two of them were not the type to walk the ordinary path, if his parents found out ...

Especially Mama Lei ...

“If mother Lei finds out, are you sure she won’t go crazy?”

Liang yuran’s low voice interjected, and there was a rare smile in his voice.

“.....”

After Liang yuran’s reminder, Lin Hanxing’s expression changed subtly, and he seemed to want to back off.

“Then we won’t let them know first.”

Lei Xiao held Lin Hanxing’s little hand tightly. He could tell what she was thinking with one look.

According to the original plan, they were supposed to announce their engagement at dad’s birthday party ...

“We must get our marriage certificate today.”

Lei Xiao tilted his head and looked at Lin Hanxing with a serious expression.

“.....”

Why did he feel like he had dug a hole for himself to jump into?

Yan beiming nudged Liang yuran beside him with his elbow and laughed evilly.

Lin Hanxing still wanted to say something, but before she could, she was already dragged into the Civil Affairs Bureau by Lei Xiao.

Lei Xiao had asked Yan beiming to inform chief Zheng in advance.

The latter had already left the VIP hall and was waiting for the two of them, and he would personally handle it.

“Liang, I’m a little nervous too!”

Yan beixiao was with Liang yuran when he received Lei Xiao’s call. It was no exaggeration to say that his entire body had sprung up like a spring.

Liang yuran coldly glanced at Yan beiming from the corner of his eyes, then followed behind Lin Hanxing and Lei Xiao.

Chief Zheng from the Civil Affairs Bureau saw young master Lei walking towards him from a distance, carrying a little girl who looked like a rabbit.

When he got closer, his eyes swept over the little girl’s face ...

This ...

Is he an adult?

“Young master Lei ...”

Just as he was about to exchange some pleasantries, he heard the other party coldly spit out two words.

“Get married.”

He also brought Lin Hanxing to him.

“With her,”

“.....”

“.....”

“.....”

Nonsense, there was only one woman here. Otherwise, she wouldn’t have married the few of them!

Yan beiming finally got the chance to roll his eyes.

At the same time, he complained in his heart.

Lin Hanxing turned to look at Lei Xiao. Was he nervous?

If it wasn’t for the fact that he could feel his hand trembling, Lin Hanxing would not have noticed anything on his cold face.

He sighed in his heart.

What should I say to make this man believe that I really don’t know how to run?!

[Chapter 1112](#)

1112 Yusheng, please take care of me

In the office.

Yan beiming and Liang yuran did not follow.

Under Lei Xiao's intense gaze, chief Zheng pushed the two forms in front of them under immense pressure.

"The physical examination and the pre-marital ... Education are all voluntary. As for the photos, I'll get someone to come in and take them for you two. Now, you just need to fill out the form and pass it to me."

Chief Zheng rubbed his hands and said nervously.

"Do you want to help me?"

Lin Hanxing glanced at the blank form, then turned to look at Lei Xiao.

"I'll help you, and you'll help me?"

Lin Hanxing raised her eyebrows. Compared to Lei Xiao's tensed body, she was completely relaxed.

"....."

Chief Zheng had never seen someone so good at playing.

"Alright," he said.

Lei Xiao said in a low voice, and under chief Zheng's shocked gaze, he really lowered his head and filled in the form seriously.

He wasn't afraid of filling in the wrong form.

Chief Zheng muttered in his heart.

Forget it. Anyway, they only had a lot of forms here. Let the young people make a scene!

Lei Xiao wrote quickly and seriously.

Lin Hanxing, on the other hand, had to stop and think about it.

As he was writing, Lei Xiao had already finished his work.

The words on the form had not dried yet, and she turned to look at Lin Hanxing.

After a while, Lin Hanxing finally finished writing.

"Check."

Lei Xiao passed the form to her with a smile, and the two of them took turns to check.

Chief Zheng had already found a new form for them. Unexpectedly, the two looked at each other and smiled, then handed the form to him.

"Ah?"

Chief Zheng was stunned for a long time, and the hand holding the new form was as awkward as it could get.

"I'll ask them to come in and take some photos."

Chief Zheng took the opportunity to throw the new form in his hand into the trash can and went out to call for someone.

Very quickly, the person who took the photo came in.

In fact, before they came in, the other party had thought that it was another celebrity who didn't want to expose her Special Affairs. But the moment they came in, they knew that they had misunderstood. Looking at the two people sitting on the sofa, they were really ...

They were so well-matched!

It just looked a little familiar.

Even after the photo was taken, the other party was still puzzled about the identity of the two people.

She looked even better than many of the celebrities he had taken photos of.

"I'll help you enter it now. Please wait a moment."

Chief Zheng didn't dare to delay for even a moment.

Especially with young master Lei's burning gaze, even he felt that it was burning.

Lin Hanxing's phone vibrated.

She opened her WeChat and saw that Mama Lei had sent her an emoji made of ingots. It was so adorkable!

Mama Lei,"little stars, stars!" Did this dress look good? Mom will buy, buy, buy for you!

"....."

Lin Hanxing was about to reply when Lei Xiao's warm palm suddenly covered the back of her hand.

"Tell mom that I'm not going back tonight."

When he said this, Lei Xiao did not look at Lin Hanxing. His handsome features were tense and his fingers moved subconsciously.

"....."

Lin Hanxing raised his head and looked at him with a strange expression.

Just as he was about to speak, chief Zheng walked in from outside with two red booklets in his hands.

"Congratulations to the two of you."

As he spoke, he handed the two stamped marriage certificates to the two of them.

"I'll have to trouble chief Zheng to not announce it to the public."

Lei min was expressionless as he grabbed both books before Lin Hanxing. His aggressive stance shocked chief Zheng. Those who did not know what was going on would think that he was going to Rob them.

"Of course, of course, I understand."

Chief Zheng only reacted after a while.

After a brief exchange of pleasantries, Lei Xiao held Lin Hanxing's hand and walked out.

As soon as she stepped out of the door, she bumped into Yan Beichen, who was walking back with a bag and a smirk on his face.

As for Liang yuran, he rolled his eyes at him expressionlessly.

"You've collected it?"

Yan Beichen raised his eyebrows and turned to look at the two of them, their fingers intertwined.

"Congratulations,"

Liang yuran looked at Lei Xiao, the corners of his mouth curling up into a rare warm smile.

The three of them had been together for so many years, but they never thought that the first one to get married would be ah Xiao.

little Hanxing, remember to leave all the dirty and tiring work to ah Xiao in the future, you hear me? you just have to be a good little princess. F * ck, why do I feel like crying so much? "

As a 'witness' who had seen them together since the beginning of Meng Song, why did he have the urge to cry?

"A wedding gift!"

Yan beixiao casually threw the bag in his hand to Lei Xiao.

His beautiful little sister was brought home by a Wolf just like that!

He attacked happy!

From Lin Hanxing's point of view, the Oscars really owed him a little golden man!

"I'll go back with ah Xiao first."

The result of his impulsiveness was that Lin Hanxing really could not face his parents. He felt an unspeakable sense of guilt.

After some thought, she decided to go back to Yujing garden tonight.

Besides, ah Xiao, he ...

Yan beiming, who had wanted to express his reluctance to part, was suddenly pulled back by Liang yuran.

"Go back!!!"

The earlier you return, the earlier ah Xiao will eat meat!

He was upset just by the smell of a man!

With a motherly smile on her face, she impatiently waved goodbye to the two.

“Liang, wasn’t ah Xiao a little too quiet just now?”

Rubbing his chin, Yan beiming finally realized what was wrong.

Liang yuran looked at his good friend and couldn’t help shaking his head.

With this reflection arc, it could even circle the earth three times!

.....

Lin Hanxing picked up the phone at the last minute.

After she hung up and got into the car, Lei Xiao was sitting in the driver’s seat and looking at the marriage certificate in silence. When he saw her get in the car, his thin lips curled up slightly, and Lin Hanxing’s movements instantly stopped.

His smile was like an oasis that suddenly appeared in the desert.

But ...

It’s just a marriage certificate, is there a need to?

“Still not going home?”

Lin Hanxing reached out to poke Lei Xiao’s face, but his hand was caught in the next second.

The cold and calm atmosphere that had been maintained in the Civil Affairs Bureau seemed to be gone forever. At this moment, Lei Xiao was like a happy big boy, holding Lin Hanxing’s hand and not letting go for a long time.

Lin Hanxing let him pull him.

“Cold star ...”

“What?”

Lin Hanxing only felt Lei Xiao’s strong arms slowly wrap around her, and the scent of a mature, wooden man with a tobacco smell enveloped her whole body.

Lei Xiao’s chin was resting on her shoulder.

“Cold star ...”

“Yes.”

This repeated again and again, until Thunder valiant never made a sound.

His big palm was behind Lin Hanxing’s head, and his throat was dry.

“What’s wrong?”

Lin Hanxing’s soft little hand stroked his back in a comforting manner.

“I will be good to you.”

"I'll only be good to you in this lifetime."

Lei Xiao finally opened his mouth again, but his voice was extremely hoarse, like sandpaper.

Lin Hanxing's hand suddenly stopped.

When she heard this, her heart felt sweet and sour, and her eyes felt a little bitter.

Her long eyelashes trembled slightly.

In front of me, Yingluo doesn't have to be omnipotent.

You don't have to be strong in front of me.

The man who only needed her to be herself in front of him ...

That man who he could not wait to give her everything he thought was the best ...

Today, she was married to him.

"Good girl."

Lei Xiao tilted his head and kissed Lin Hanxing's Jade-white ear.

I believe you.

Ah Xiao.

&Nbsp; so,

Yu Sheng, please give me your guidance.

[Chapter 1113](#)

1113 The cold dog food was randomly patted

Yujing garden.

Night fell and the lights were lit.

Before the two returned, Lei Xiao had already ordered people to clean up.

The refrigerator was filled to the brim.

The fruits and vegetables were the freshest in the season.

When Lin Hanxing changed his shoes and came in, Lei Xiao was standing in front of the refrigerator and talking to mother Lei on the phone.

"Yes, Hanxing and I won't be going back."

As he spoke, he threw his car keys on the counter and casually tugged at his shirt collar.

In Lin Hanxing's eyes, that gesture was extremely tempting.

Lei Xiao hung up the phone.

He raised his head.

He happened to meet Lin Hanxing's gaze, who was leaning against the door.

No one spoke.

There was a subtle airflow in the air.

Lin Hanxing wondered if the temperature of the air conditioner was a little high. Otherwise, why did he feel hot even when he was only wearing a shirt?

"I ... I'm going to take a shower."

She said.

With that said, he turned around and walked towards the bathroom.

However, the sudden footsteps behind her stopped her until she felt the man approaching.

Thunder valiant never said a word.

However, Lin Hanxing could feel that his breathing was becoming more and more irregular as he leaned over.

The man's slightly rough palm reached out from behind.

He landed on Lin Hanxing's shoulder.

Through the thin white shirt, she could clearly feel the warmth from the man's palm!

He subconsciously made a swallowing action.

Lei Xiao's hand slowly lifted her slightly curly long hair that fell like a waterfall, revealing the snow-white neck hidden below.

He slowly bent over.

He leaned over.

The hot air sprayed out, causing a shiver.

The man's strong hands passed under her arms from behind her back and came to her chest.

Lin Hanxing did not move.

However, his body was trembling slightly.

Pata ...

It was a very subtle movement. It was the sound of that hand unbuttoning her white shirt.

Her porcelain-white skin was exposed inch by inch from her collar.

Lin Hanxing was in a daze.

In his mind, he recalled the moment when he was leaning against the kitchen door, the temptation from Lei Xiao's body.

One button ...

Two ...

Three ...

More and more porcelain-white skin was exposed, and her flower-like fullness was tightly wrapped by the skin-tight fabric.

At this moment, it also dispersed into the air.

Lei Xiao's hand stopped at the fourth button on Lin Hanxing's white shirt.

It happened to be stuck under the bra.

"What do you want to eat?"

Lin Hanxing finally heard Lei Xiao's voice, which was extremely hoarse.

His bulging muscles showed his strength and wrapped around her soft and thin waist, deliberately seducing and torturing her.

"I ... I'm fine with anything."

Lin Hanxing only found his voice after a while.

He was shocked the moment he opened his mouth.

She was so charming that water could be squeezed out.

Her beautiful eyes opened slightly.

Unexpectedly, this scene was clearly seen by Lei Xiao from the reflection of the decorative glass in the corner.

Her height of nearly 1.9 meters gave people a strong sense of oppression, making her look more like a homeless deer.

His eyes, which were usually cold, flickered with light.

A strong contrast ...

An evil fire burned in the man's limbs and bones, and one could even clearly hear the sound of his line of reasoning snapping!

When he finally reacted.

Thunder owl had already fallen into the leather sofa with her in his arms.

Lin Hanxing's clothes rubbed against the leather of the sofa, making a slight noise. His long black hair spread out and even fell along the edge of the sofa to the dark brown floor, his collar wide open.

She was very thin.

The places that were supposed to have meat were just right.

Lin Hanxing's eyes seemed to be avoiding her.

"That ..."

Before he could finish his words, Lei Xiao's kiss fell on his lips.

This kiss was very simple.

They looked into each other's eyes at an extremely close distance.

Lin Hanxing blinked.

Their lips touched slightly, but there was a suppressed emotion in his eyes that was about to go out of control.

Lei Xiao's elbows were on both sides of Lin Hanxing's body.

The lips that had just separated from each other pressed down again.

It sucked greedily.

Her gums were pressed against the tip of her tongue, impatient and seductive.

At the same time, Lin Hanxing could feel Lei Xiao's fingers brushing past his eyelashes.

It was the ultimate gentleness that seeped into his bones.

Her breathing became chaotic.

Slowly opening his eyes, his long eyelashes trembled slightly. Lin Hanxing felt that his legs were a little sore, and with a casual kick, the bag that Lei Xiao had thrown on the sofa fell to the ground with a muffled sound.

The things inside were scattered everywhere.

It was Yan beixiao who had given it to Lei Xiao at the Civil Affairs Bureau.

The small rectangular box sealed in glass paper reflected the dim light from the crystal lamp.

Lin Hanxing and Lei Xiao pressed their foreheads against each other.

Their eyes were filled with restlessness and panic from their first experience.

"Star ..."

Lei Xiao said hoarsely, his eyes infatuated as he lowered his head to look at her.

His tight shoulder blades were wrapped in his shirt, revealing his sexy strength.

He started to pull at his shirt a little fumblingly.

The buttons fell apart messily due to the force.

It was like a bullet, and no one knew where it had bounced to.

After that, the shirt that no longer had any use was thrown under the sofa.

The room was very warm.

A thin layer of sweat covered the Thunder valiant beast's bulging muscles.

"Let's ... Stop ... Stop for a moment ..."

Lin Hanxing's forehead was also covered in sweat, and his long hair was wet.

She was a little flustered. Her heart was flustered, her hands were flustered, and her whole body was flustered.

All of a sudden, Lei Xiao gave Lin Hanxing a light Peck on the lips and laughed bitterly.

"I can't stop."

With that said, he pulled her soft hand toward that part of his body and pressed it down ...

He only realized it later.

Lin Hanxing's long eyelashes trembled as if he was shocked. His clear cheeks seemed to be covered in water vapor, and a thin layer of red gradually spread.

"I really can't stop it."

As if in agreement with what Thunder owl said, the thing also moved slightly.

His voice ...

There was a soft sigh, and also an inexplicable grievance.

Lin Hanxing and he looked at each other at a close distance, and they could feel each other's breath on their faces.

Her heart suddenly softened.

When she met those eyes that were like those of a wolf dog, she was stunned.

He sighed softly.

He raised his hand and caressed Thunder valiant beast's cheek.

"Then ..."

She smiled gently.

The coldness faded.

Even the mole at the corner of her eye seemed to be tainted with willing indulgence.

"Don't stop ..."

.....

In the bedroom.

The heavy curtains had been closed by the central control device.

The lights were off.

The door was not closed.

He could see the clothes scattered on the ground.

The male's metal belt buckle was casually thrown in the corner, and it streaked across the dark light.

On the king-sized bed, there were two entangled shadows.

Amidst the rustling sounds ...

It could not hide the man's heavy breathing.

"It hurts ..."

They didn't know how many times they had tried, but they were both sweating.

Lin Hanxing covered his eyes with the back of his hand, not looking at him.

Sweat trickled down from Lei Jing's cheeks and dripped on her body.

He retreated again.

His tiny kisses landed on Han Xing's deep collarbone.

"Don't move."

Lei Xiao grabbed her waist with one hand, not letting her escape.

"It really hurts ..."

Lin Hanxing's voice was filled with a rare sense of grievance. The White pillow was pushed aside messily, and she just lay there, like a cat, humming softly, making Lei Xiao's heart ache.

"This is the last time! Let's try one last time!"

The sunken mattress carried the weight of two people.

A drop of hot sweat splattered on Lin Hanxing's body.

In the darkness.

Lin Hanxing's hands were on Lei Xiao's strong shoulders.

The next second ...

[Chapter 1114](#)

1114 That bastard, sacred hands

The Thunder valiant beast swooped down ferociously!

This time, he did not give Lin Hanxing the chance to retreat!

His muscular arms were stretched taut, hiding an endless explosive force.

He didn't move.

He looked down from above.

"Cold star ..."

"Star ..."

The low and hoarse voice kept ringing in her ears, but Lin Hanxing ignored it.

"Honey ..."

When the two words came out of Lei min's mouth, it was as if they had struck the softest spot in Lin Hanxing's heart ...

Finally, he grunted in response.

Almost at the same time she responded, the Thunder valiant beast went completely crazy.

"....."

Lin Hanxing wanted to die.

He decided to wait until this wave was over before he had a good discussion with ah Xiao about technical issues ...

As expected ...

Virgins are all unreliable!

.....

After a few hours ...

Lei Xiao reached out and pulled her into his arms, lying on his side.

Lin Hanxing was so tired that he had no energy left.

She closed her eyes and let him do as he pleased.

After a brief moment of recovery, the Thunder valiant beast reached out and turned on the bedside lamp.

In an instant.

A small face as delicate and beautiful as a flower was reflected in his pupils.

Lin Hanxing was lying on the bed.

Lei Xiao got off the bed, picked up his black nightgown, and walked towards the bathroom.

After a while, there was the sound of water flowing into the bathtub.

Taking advantage of this time, Lei Xiao walked back to the bed and sat down. His sleeping robe was loosely tied around his body, revealing half of his chest.

Lei Xiao's cold face had a smile on it. One moment, he reached out to stroke Lin Hanxing's back, and the next moment, he reached out to stroke her hair.

It was as if he felt that this was not enough.

He bent down and kissed her cheek.

"I'm so tired ..."

Lin Hanxing said pitifully. His eyes were closed and he had no intention of opening them, but his long eyelashes were trembling.

"I'll carry you to take a bath when the water is ready."

Lei Xiao said hoarsely.

That voice was extremely sexy to Lin Hanxing.

Only God knew that he had used this voice to seduce her again and again.

Rustling sounds could be heard.

Like a tortoise, Lin Hanxing slowly wrapped himself with a thin blanket and opened his eyes to look at Lei Xiao with hidden bitterness.

I finally know why little Yanzi sent you a Japanese action movie in the first place ...

Her watery eyes matched with her red face ...

Thunder valiant beast's Adam's apple bobbed up and down unconsciously.

He could not help but think of the movie Yan beixiao had sent him the other day ...

It was also because of this that Lei Xiao had a dream that night ...

Ah Xiao, I'm not feeling well ...

The fragile and delicate little face in his mind overlapped with reality.

When she woke up, the other side of the bed was empty.

That intense sense of loss was something that Thunder valiant could still recall.

"I really want to give you a bad review!"

Lin Hanxing said pitifully, wrapped in a thin blanket.

"I'm sorry."

Lei Xiao apologized honestly and reached out to stroke her head.

It was like he was coaxing a child.

His little girl.

Finally, it completely belonged to him.

"It's my first time, so I'm a little rusty."

He pursed his lips into a smile, his expression filled with adoration and embarrassment like a teenager.

"....."

That's too against the rules!

Lin Hanxing thought to himself as he wrapped himself in the thin blanket and moved carefully towards Lei Xiao.

She stretched out her thin and white fingers.

She covered the back of his hand.

Soon, Thunder valiant beast caught his hand.

"Are you really feeling uncomfortable?"

Lei Xiao's expression was a little apprehensive. He had never been with anyone before, so some things ...

Lin Hanxing did not say anything.

Actually, it wasn't that she was uncomfortable. It was just that one time was too long and she really couldn't stand it.

"Will you let me go if I say I'm not feeling well?"

Lin Hanxing blinked and decided to bargain for himself.

Hearing this, Thunder valiant beast smiled 'kindly'.

"Yes, stop dreaming."

Then, he moved towards Lin Hanxing, but his eyes darkened when he saw the bruises on her body.

As expected, he had used too much force.

As if he had thought of something, Lei Xiao took out a blue medicine box from the bedside table.

"Blood stasis dispersing medicine made by a divine hand?"

Seeing him take that thing, she then remembered that she had indeed left it at Yujing garden the last time.

"I'll help you ..."

After Lei Xiao finished speaking, there was a strange sound of water coming from the bathroom.

"I'll do it myself, you go and take a look ..."

Lin Hanxing said as he reached under the blanket to take the blue ointment.

Lei min frowned, got up, and went to the bathroom.

After a few minutes ...

“Xing, the water is good ...”

Lei Xiao walked out of the bathroom, but when he saw Lin Hanxing’s appearance, his voice stopped abruptly.

Lin Hanxing’s eyes were sparkling and his legs were curled up under the thin blanket.

The impact and destructive power that this scene brought to people was too great.

“Ah Xiao ...”

The moment she opened her mouth, her voice sounded even softer than before.

that bastard sacred hands!!!!

[Chapter 1115](#)

1115 Ah Xiao

Lei Xiao immediately knew that it was the ointment.

As soon as he walked back to the bed, Han Xing grabbed his big hand.

That little hand was unbelievably hot.

Lin Hanxing raised his head, his wet eyes filled with unspeakable temptation.

“Ah Xiao ...”

She called his name softly, accompanied by a faint snort, clean and pure.

It spread messily on both sides of his body.

Her beautiful palm-sized face was even more heart-palpitating!

Lin Hanxing had never felt so bad before.

It was like a high fever had just subsided, and her body was uncontrollably soft.

However, after the soft moment, an even more violent and deadly wave of emotions gushed in.

“Ah Xiao,”

She called him again helplessly.

After hesitating for a while, she rubbed the back of Lei Xiao’s hand with her cheek with the mole.

Perhaps he had touched the essential oil.

There was a faint fragrance on Lei Xiao’s hand.

She thought.

But just as this thought flashed through her mind, she was already pressed back onto the bed by Lei Xiao.

The man's Black nightgown opened up due to his violent movements, revealing his strong chest and his abdominal muscles that were hidden in the dark. Even his mermaid line was dyed in a clear color.

Moreover ...

There were also the scratch marks left by the cat.

Lin Hanxing, who had fallen under him, felt that he was as soft as a wave, as if he could be adjusted into any position.

"Don't be afraid."

Lei Xiao's large palm caressed her forehead that was drenched in sweat, followed by the delicate bridge of her nose and her breasts, and finally stopped on her lips. His voice, which had been hoarse the whole night, was intoxicating.

"Don't be afraid."

After a long time, he repeated it again.

"I'll help you beat him up tomorrow."

Sacred hands had once given him that kind of medicine, so Lei Xiao naturally knew how difficult it was to endure, but he didn't expect that he would come up with the same old trick again.

Lin Hanxing's eyes were wet.

She was as innocent as a child.

The man's emotions were stirred up again, even more turbulent than before.

It's really nice.

His cold star was really beautiful.

"Beat him up!"

Lin Hanxing looked up, his expression fragile, and he couldn't suppress his broken voice.

Lei Xiao buried his face in her neck.

He gave a muffled laugh.

"Alright," he said.

.....

The sky was about to brighten.

Lei Xiao carried Lin Hanxing out of the bathroom.

He stepped on the floor with his bare feet, leaving wet footprints.

The hot water with the essential oil was too comfortable, Lin Hanxing fell asleep in his arms in a trusting manner.

He was too tired.

The floor was in a mess.

The changed bed sheets were also casually thrown there.

The bedside lamp was turned off.

But Lei Xiao reached out and pressed the central control.

The curtains slowly opened to both sides, revealing a large, clean, and transparent floor-to-ceiling window.

Lin Hanxing was in Lei Xiao's arms, lying on his chest.

There was a kind of amorous feeling like the first spring water that seeped out from her thin bones.

He had tasted it once.

It was enough to make people remember it for life.

The flickering light enveloped the two of them.

The sky was about to brighten.

And he wasn't sleepy at all.

Lei Xiao's eagle-like deep eyes fell outside the window.

This building was the king of the entire Yujing garden. The scenery outside the window was so beautiful that it was difficult to describe with words.

The cold face that had been favored by God was now surrounded by tenderness.

In fact, he was not satisfied.

Even if they hit each other hard, even if they were entangled, they were still not satisfied.

Such strong feelings ...

It was probably a once-in-a-lifetime event.

Only to one person.

As he thought about it, Lei Xiao kissed her smooth shoulders and neck.

Lin Hanxing mumbled, his long eyelashes trembled slightly, but he couldn't resist his sleepiness and fell asleep in the end.

Ah Xiao ...

He still remembered the extreme weakness she had when she helplessly raised her head to reveal her collarbone.

Whether it was when he was sad or when he was in love, Hanxing would always call him by his name.

It was either soft or silent.

Ah Xiao cried out.

Lei Xiao never knew that his name could sound so nice and move people's hearts when it was said by others.

He pulled open the nightstand.

He took out the other set of rings that he had prepared earlier.

The one he had used to propose was too gorgeous, and it was inconvenient to wear it on normal days.

A click.

He opened the box.

The two platinum rings were placed side by side in the box. The design was simple, but it was handmade from abroad.

It could only be customized for one person in her life.

Lei min held Lin Hanxing's hand.

Her hand.

It was small, soft, and like water.

He carefully put the girl's ring on her ring finger, but it also felt like he was putting it on his heart.

Then, he put it on.

Inside the Platinum ring, if one did not look carefully, it was hard to see a line of small words.

My Love

It was simple and clear.

As if he had just completed a solemn ceremony, Lei Xiao pulled Lin Hanxing back into his arms and his gaze fell outside the window.

The sun was about to rise ...

.....

Sacred hands was sleeping soundly.

Her silver-gray hair was exposed outside the thin quilt, and her long legs were casually resting on the ground.

There was a thump.

The door was kicked open from the outside.

The force was so great that even the door frame was deformed.

Sacred hands suddenly jumped up from the bed, wrapped in the quilt. When he saw who it was, he rubbed his eyes.

“Lightning ...”

Before he could finish his words, he was kicked off the bed.

He really did kick her.

F * ck your Grandpa!!!

Sacred hands was stunned. He felt that this scene was a little familiar.

It was more like ...

It was more like the time when Yan beixiao had incited her to drug Lei, and the next day, he had come to break her ribs.

Thinking of something, sacred hands' eyes widened in shock.

“F * ck, no way? How long has it been?”

He subconsciously remembered the box of blue ointment he had given Lin Hanxing.

Lei Xiao's eagle-like eyes swept over. Sacred hands shrank his shoulders, but he quickly stuck his head out again.

“You've finally eaten?”

He was very clear about the dosage and effects of the medicine he had put in. He couldn't help but click his tongue.

Then, two cracking sounds were heard ...

F * ck!

The Holy hand clutched his ribs, which were broken again!

What sin had he committed!

Why did he have to provoke Ray's heart for no reason? his time was also very precious, and he did not use it to treat his ribs!

“Medicine,”

Lei Xiao said coldly. Sacred hands thought that he had found his conscience.

“I'll apply it myself!”

The pain made him break out in a cold sweat. With a tearful face, sacred hands wriggled toward the medicine cabinet like an earthworm.

It was as if there was a blade on his back.

He turned around stiffly and saw the man standing there, looking at him with a pair of dark eyes.

Only then did she understand what the medicine he was talking about meant!

Fine!

It turned out that he was overthinking it!

He was talking about applying medicine for little Hanxing.

"I'm going to tell my big brother that you bullied me!"

At this time, Sheng Shou missed his big brother, Dr. Zhong, very much.

"Hehe."

In response, he was met with a cold sneer.

Sacred hands bent down like a little wife to find medicine for him, his eyes desolate.

No one loved and doted on her!

Crying!

.....

Lin Hanxing's long eyelashes trembled slightly as he slowly woke up.

Subconsciously, he reached out and touched his side ...

It was cold, and it was obvious that they had been walking for a while.

He placed the back of his hand over his eyes.

Her body was very dry, and she remembered that ah Xiao had helped her clean it up carefully.

Suddenly, she felt something strange and looked at her fingers.

[Chapter 1116](#)

1116 Necessary lines when hanging out with wild men

A platinum ring was quietly placed on it.

Embedded with star-like diamonds.

Lin Hanxing's lips curled into a faint smile as he brushed his finger across it.

He recalled last night's madness ...

Did he wear that face when he did that?

Sacred hands 'question suddenly rang in his ears again.

His expression ...

Her eyes were closed, and her long black eyelashes cast a fan-shaped shadow on her face.

His bulging muscles.

Naturally dripping hot sweat.

The arms on both sides of her body.

It was a wild beast-like, Swift, and powerful collision.

Her long eyelashes trembled slightly.

Lin Hanxing decided to get out of those sweet dreams.

He reached out and pulled the black nightgown from the side to put it on. The cold and smooth fabric made contact with his skin, bringing a trembling feeling.

The lingering charm of last night seemed to have not faded.

Lin Hanxing felt that his body was still sensitive.

He stepped on the floor barefooted.

Her legs went weak, and she fell back onto the bed.

"The heavens ..."

Lin Hanxing covered his eyes with his hands and chuckled.

It had been many years since she had been this weak.

The sound of the door opening came from outside.

Soon, Thunder owl's tall figure appeared by the door. Seeing that she had woken up, he quickly walked over.

"Why didn't you sleep a little longer?"

He half-squatted by the bed and looked at Lin Hanxing. He raised his large palm and touched her small face.

He looked at Hanxing, who was wearing the most ordinary men's bathrobe. The V-shaped neckline revealed her coconut milk-like skin, and the red marks were scattered all over her collarbones and even below ...

The Thunder valiant beast's eyes grew deeper.

"I'm thirsty."

The two of them looked at each other at the same time.

Under Lei Xiao's deep gaze, Lin Hanxing recalled the last time. She was so thirsty that she asked for water in a coquettish voice. Lei Xiao carried her to the living room and passed water to her mouth by mouth ...

"I'll go get it."

Lei Xiao touched her little ear, obviously recalling that absurd scene.

He got up and went to pour her a glass of water.

Lin Hanxing covered his face with his hands, feeling as if the places he touched were burning.

So, that man ...

In private, he was Wilder and crazier than others thought, right ...

Very quickly, Lei min returned with some water.

Lin Hanxing impatiently drank it, and his dry throat was finally soothed.

The next second, her beautiful eyes widened slightly.

She saw Lei Xiao's large palm grab her ankle, and he was about to let go when Lin Hanxing reached out to stop him.

"What are you doing?"

In Lei Xiao's eyes, she was like a frightened little rabbit.

"I'll help you apply the medicine."

The Thunder valiant beast spoke in a low voice, his eyes still carrying a sense of justice and innocence.

"I ... I'll do it myself ..."

Although it was embarrassing to do it herself, it was better than letting him reach his hand in, which would make her break down even more.

Thunder valiant didn't comment.

He handed her the ointment, but his deep eyes still followed her like a shadow.

"Where's my phone?"

The pressure from Lei Xiao's gaze was too strong, and Lin Hanxing subconsciously clutched the ointment tightly to find a topic to divert his attention.

"He's outside,"

As if he had thought of something, Thunder valiant added.

"There are many missed calls."

He saw it in the morning.

“.....”

Lin Hanxing had a headache. Peter and the rest should have arrived in Jiang city. Fortunately, she had called for the mute uncle in advance to prepare.

However, she still had to return his call.

Just as he was thinking about it, Lin Hanxing was carried by Lei Xiao in his arms.

He walked towards the living room.

Lin Hanxing was shocked, he subconsciously reached out and wrapped his arms around Lei Xiao's neck.

Her two slender white legs drooped in the air, swaying with his movements.

Her phone was at the counter.

Lei Xiao immediately carried Lin Hanxing over and passed her the phone.

There were nearly 40 missed calls.

They were all from Peter and the others.

Lin Hanxing called him back without thinking and did not notice Lei Xiao's meaningful look.

you've finally picked up the phone!!!

As soon as the call was connected, the person on the other end of the phone spoke in extremely fast English, like a machine gun.

Lin Hanxing moved the phone away from his ear.

There was a slight guilty look on his face.

“I'm sorry, something came up last night.”

“I'll get the mute uncle to talk to you about tonight's matter.”

Lin Hanxing thought about it and decided not to tell them about her marriage for the time being. Otherwise, it would take a while.

The person on the other end of the phone started to complain again.

Lin Hanxing knew Peter well. He would not be able to finish venting his anger without five minutes.

“Oh ...”

Suddenly, Lin Hanxing let out a soft cry.

“What's wrong?”

Peter, who was on the other end of the phone, immediately stopped complaining and asked in worry.

Lin Hanxing's chest heaved up and down.

Yingluo, what are you doing?

He mouthed the question to Lei Xiao silently, and his hand just stretched out like that ...

Zhenzhen will help you apply the medicine.

Lei Xiao mouthed the same answer, and 'kindly' reminded her that the phone was still connected.

"N-nothing ... I just ... Kicked the coffee table."

Lin Hanxing managed to round up his words.

He glared at Thunder valiant beast.

"....."

Peter, who was on the other end of the phone, was strangely silent, and Lin Hanxing did not dare to speak.

Only the Thunder valiant beast.

ha ni, is there a wild man over there!

Suddenly, Peter's voice burst out through the microphone.

Lin Hanxing's hands trembled.

He stopped there subconsciously.

He could feel Hanxing's nervousness ...

Thunder valiant lifted his head to look at her.

The ointment was cool, but Lin Hanxing felt his body heat up.

you just said a necessary line in TV dramas and novels when you hang out with wild men!!!

"....."

He was really right.

It was just that he was not a wild man, and she and ah Xiao were now considered licensed.

He was thinking in his heart.

The phone had already been taken away.

On the other end of the phone, Peter was still talking about "My god" non-stop, as if his hair was about to explode.

"I'm hanging up,"

With that simple word, Lei Xiao hung up the phone.

He also muted his phone.

"Peter will go crazy."

Lin Hanxing covered her face with one hand. Lei Xiao's presence was too strong, making her feel exhausted!

Sure enough.

As soon as she finished speaking, her phone screen lit up like crazy.

The caller ID was filled with the names of Peter and his gang.

"Relax."

Lei Xiao said as he looked at Lin Hanxing.

This kind of gesture made him unable to help but have a reaction.

Moreover, the little one in front of him was still looking at him with resentment without any sense of crisis. Although he knew that she was blaming him for hanging up the phone, Lei Xiao's heart automatically changed into another kind of coquettishness.

Why didn't you come in ...

"You, get out."

Lin Hanxing's face turned red when he felt his hand move.

She kicked his knee.

However, his hand was even more impudent, and it made Lin Hanxing feel like he had shot himself in the foot.

Thunder valiant beast took a step forward.

As a result, the posture between the two became particularly entangled.

As she said, he pulled out his hand that smelled of medicine and held Lin Hanxing's wrists instead, placing them on his shoulders.

"Then, shall we go in another one?"

A dangerous and low voice rang in Lin Hanxing's ears.

[Chapter 1117](#)

1117 Official declaration of war

"I still have to release ..."

Lin Hanxing's words came to an abrupt end when he met Lei Xiao's eyes.

His handsome face, which seemed to have been doted on by God, was now as gentle as water, making her heart beat faster.

Especially when she caught a glimpse of the Platinum ring on the man's slender ring finger ...

Even more!

Her white fingers moved, caressing the back of the Thunder valiant beast's neck.

A numbing and itchy feeling rose from his tailbone.

Lei Xiao unconsciously took a step forward, getting closer to Lin Hanxing.

"Forget it, you're the most important to me!"

Lin Hanxing moved closer to his lips, her soft breath flowing, even her eyes were bright and moving.

Lei Xiao unconsciously curled his lips along with her.

His large palm lifted the hem of Lin Hanxing's nightgown, revealing her small, soft waist.

Last night, he had indeed lost his self-control.

"Does it hurt?"

Lei Xiao's eyes were filled with heartache. Her skin was too white and thin, and a little force would leave a mark.

Lin Hanxing shook his head.

He was like an innocent child.

Her long, seaweed-like hair was scattered on her cheeks, and her face was a moist, watery red.

She waved at him with her small, fair hand.

She motioned for him to lower his head.

Lei Xiao bent over, putting his ear to Han Xing's lips.

"I like the feeling of you being in my body."

It was fulfilling.

It was warm.

He used so much force that it was as if she belonged to him alone.

The Thunder valiant beast's heart skipped a beat.

Just like that, he was completely caught off guard by his wife's teasing.

He coughed lightly and turned his face away, but Lin Hanxing still caught his reddened ears.

He didn't even think about it.

He reached out and pinched it.

Lei Xiao allowed Han Xing to rub his ears, indulging and doting.

Perhaps no one would have thought of this.

The cold man who was like a flower on a mountain-top outside was so relaxed in front of his wife.

“Good girl, are you hungry?”

She hadn’t eaten anything since the meal at master Yan’s yesterday.

“I’m hungry.”

As if to prove Lin Hanxing’s words, there was a growling sound from her thin belly.

Lei Xiao glanced at her, then turned around to prepare breakfast.

“You’re not doing it?”

Lin Hanxing was still sitting on the counter, his hands on both sides of his body, looking sideways at the man who was handling the ingredients.

Of course, the cooking and the cooking ...

The meaning was different.

Lei Xiao leaned forward and gave her a deep kiss, sealing that small mouth full of temptation.

Then, he started to prepare breakfast.

Lin Hanxing’s eyes never left him.

Even though her phone was on silent mode and still lit up madly, she could not move her eyes away from the man.

In the past, she had never thought that she would be crazy about love.

She couldn’t imagine how she would entrust her life to a stranger.

But now ...

Lin Hanxing looked at Lei Xiao and felt that he was perfect in every way.

Really, anywhere was good ...

.....

Today’s Jiang city was destined to be lively.

When the company announced han mingmei’s identity as the General Manager, the news spent a lot of time praising her life. At the same time, it emphasized that the company would be holding a new product launch at the same location as the Qi Corporation.

In the eyes of the observant people, this was really interesting.

After all, everyone in this industry shared information, and everyone knew that the Qi Corporation had suffered a series of blows recently. Even the spring and summer fashion launch that was originally scheduled to be held tonight was another matter ...

This CQ group was clearly the last straw that broke the camel’s back!

The only connection between han mingmei and Qi Li was the young master of the Lei family, Lei Xiao ...

Many people began to wait for the arrival of the night with the mentality of watching a good show.

Soon, another piece of news exploded in the circle of Jiang city's rich and powerful.

They didn't know where the news came from, but it was said that tonight's press conference wasn't just a competition between the two companies. It also involved Han Mingmei and the Lin family's little nine!

The Lin family's little nine!

Upon hearing these words, even those who were not interested at first began to feel curious.

After all, Lin Xiaojie had been in the limelight recently!

Not to mention her background of being missing for 18 years, the Lei family, elder Yue, elder Zheng, the Shangguan family, and even Zhu Chengdi and Yuan Shaojing were all related to her. To be able to gather all these people who had nothing to do with her ...

It was also Lin Xiaojie's ability!

Do you think that's all?

And even this eccentric elder Yan had come to support her!

Could it be that this woman was really a Vixen?

It was said that elder Yan would be the witness tonight. Han Mingmei and Lin Hanxing each used Fu Ruixiang and Huang Tingjian's authentic works as a bet to see if the Qi family's spring and summer clothing product launch would be successful tonight!

Everyone thought that Lin Xiaojie had gone crazy!

This was a bet that he would definitely lose!

Moreover, he had heard that this young master Lei had already promised not to interfere in this matter!

If it had been Lei Xiao, the bet would have been worth watching. But now, wasn't Lin Xiaojie going to lose for sure?

What a waste of Huang Tingjian's original work!

It would be better to admit defeat as soon as possible.

And ...

She heard that Han Mingmei had gone home in elder Yan's car yesterday ...

What kind of status did elder Yan have?

If the Han family had a relationship with master Yan, the meaning would be very different!

Up until now, there had been no response from the parties involved. Just as everyone was discussing that the Qi Corporation would find a reason to suspend the press conference that night, near ten in the morning, the Qi corporation's spokesperson officially announced that the spring and summer fashion show would be held as planned.

As soon as this comment was posted, the entire Rivertown was in an uproar!

This was an official declaration of war!

The people who had received invitations from both the Qi Corporation and the DQ Corporation started to hesitate ...

Which one should I go to?

.....

At the CQ group.

Han mingmei sneered as she listened to the reports from her subordinates.

“Are you sure you’ve already informed everyone?”

Han mingmei glanced sideways at Qi Li’s original assistant and felt disgusted when she saw the flattering smile on his face.

However, it didn’t show on the surface.

“I’ve definitely informed everyone! I’ve already asked around and found out about our relationship with master Yan. Who would dare to lend Qi Li a model? It’s not like you don’t want your life!”

The assistant kept talking about them and didn’t treat himself as an outsider at all.

“Hehe.”

Han mingmei sneered.

She had deliberately spread the news that elder Yan had witnessed her bet with Lin xiaojiu. In addition, many people knew that it was elder Yan’s car that had sent her back to the Han family yesterday. If she didn’t explain, people would naturally have wild thoughts.

Right now, the Qi family was like a Grasshopper after autumn in han mingmei’s eyes. No matter what, it would only be a matter of a few days. On the other hand, Lin xiaojiu ...

Wasn’t she very capable?

Didn’t she want auspicious fortune?

She was going to take out this auspicious blessing and see if Lin xiaojiu had the ability to swallow it!

Lin xiaojiu, don’t disappoint me too much!

This time, I will not lose!

[Chapter 1118](#)

1118 Unswervingly supporting my daughter-in-law

The Lei family.

“Is there something wrong with the Han family’s brains?”

Mother Lei slammed the remote control on the table.

When she had heard that the Qi family had been betrayed, she had been filled with righteous indignation. She had never expected that Han Mingmei was involved in this and that she was the one who had hired people to steal the Qi family's elite.

Just because of that old and rotten matter.

Now, even Hanxing was involved?

Look at how capable Han Mingmei is. Why doesn't she go to heaven?!

"Mother Lei, drink some water to calm down! If you get angry over such a small matter and ruin your health, you'll be heartbroken when little Hanxing comes back!" Yan Beiming quickly got up and poured a big glass of water for her.

The temperature was just right.

Mother Lei picked it up and drank it. After a gurgling sound, the entire cup of water had entered her stomach!

Where on earth did Ah Xiao take his daughter-in-law to!!

At the mention of this, Mother Lei got angry.

His phone couldn't be reached, and he couldn't be found. He had already bullied his wife, and now his son was missing?

"What promise not to interfere in this matter? Why did our Lei family work so hard for so many years to become rich and imposing? It's for you to dote on your wife!"

At the mention of this, Mother Lei was even angrier!

"You guys are good! At least Ah Xiao brought Hanxing back for me! What about you, Achoo! It's all your dad's fault for giving you the face of a mountain-top flower. You can't find a wife, so you can only blame your dad! And Ah Sheng! He studied criminal psychology every day. What was he studying? Research on how to date a criminal! As for you, Lei Jue! You're making me even angrier!"

Mother Lei's mouth was like! Machine gun, and when she mentioned Lei Jue, her eyes were full of resentment!

"Doll, that girl is so cute! I like you so much! I've been following you around every day! And you! Why did he have to put on such a tsundere look! Do you think that your parents are the only ones in the world who have to spoil you?"

Mother Lei's heart ached at the mention of the cloud child.

At that time, that child must have been so sad!

Otherwise, he wouldn't have left without even showing his face and sent someone to deliver the ingots!

Lei Jue did not seem to expect his mother to mention the cloud doll. He was a little stiff as he loosened his bow tie.

The woman's face appeared in his mind uncontrollably.

Lei Jue, I hate it when you smoke!

Hey, when you're tired, I'll let you lean on my shoulder!

Yingluo, I really won't bother you this time.

Goodbye, Wanwan.

That little face was always smiling. Even if she was wronged, she would never say a word.

It would always cause misunderstandings.

She would never get tired of misunderstanding, never ever ...

Leave him!

"Yinyin, I'm done!"

Father Lei glanced at his youngest son's expression and finally spoke.

Mother Lei knew that she had said something wrong. All these years, they had tried their best to avoid mentioning the child in front of little four. That little girl was the most opinionated and stubborn one.

"Ah Jue, mom didn't do it on purpose."

She had to apologize for her mistakes, even if the other party was her son.

"Mom, it's my fault."

The corners of Lei Jue's lips twitched, but his smile looked uglier than crying in Madam Lei's eyes.

Fortunately, Yuan Bao was not around.

Yan beixiao tried to kick Liang yuran under the table, but he noticed that his gaze was not far away.

He followed her gaze ...

Eh, isn't that the chubby little girl beside little Hanxing?

It was called ...

His name was Jiang Xibao, right?

Looking at Liang yuran's eyes, Yan beiming felt an inexplicable chill in his heart.

He also silently burned three joss sticks for this chubby little girl.

That Liang guy ate people up without spitting out the bones.

Although he didn't know how that little girl had provoked him, he was little Hanxing's man. He wasn't afraid of little Hanxing fighting him to the death.

"In short, I have one thing to say! Our Lei family will stand by our daughter-in-law's side!"

Mother Lei's spirits were lifted.

If Mama Lei found out that ah Xiao and little Hanxing had secretly registered their marriage ...

If mother Lei found out that she and that Liang fellow had concealed this matter ...

Yan beixiao's mind wandered.

God, please save me!

This world was simply too terrifying!

"How do you want to support your daughter-in-law?"

Father Lei's simple question completely stumped mother Lei.

His stance was firm, but how to implement it was still a difficult matter.

"Our Lei family ..."

"They're all saying that ah Xiao won't interfere in the bet between 'women'."

Father Lei emphasized the word 'woman'.

"A model ..."

that han girl must have already informed all the models and film companies in Jiangcheng. Besides, even if they use force to invite her, you can't twist a melon forcefully. How do you know if they have other intentions? "

"I ..."

if you want to talk about the guest ... Everyone's saying that elder Yan thinks highly of that han girl. At this point, no one wants to stand out. Are you sure they'll take the risk and go to the Qi Corporation? "

"....."

After a few exchanges, mother Lei's raging flames finally cooled down a little.

"According to what you're saying, things have reached a dead end?"

Mama Lei turned to look at her husband, her eyes blank.

"I don't understand! Master Yan clearly asked our Hanxing to go, but why is it that han mingmei is the one who's been going around? This is simply ridiculous!"

And it had to be at this juncture.

This time, father Lei didn't say a word, because even he couldn't understand what elder Yan meant.

Since han mingmei was able to go, it must have been elder Yan's approval or consent. However ... Han mingmei should have returned during lunch!

Master Yan didn't even ask Han mingmei to stay for lunch ...

“Hanxing has been getting a lot of attention recently. It’s good that she doesn’t show off at this time.”

When things reached an extreme, they would reverse.

On the contrary, father Lei felt that this was a good thing for Hanxing.

“Then, what do you think we should do if we can’t do this or that?”

you ... Madam Lei said in a sulk as she slumped her body weight onto the sofa.

“Mother Lei, I think you’re worrying too much!”

Yan beixiao could not help but shake his head as he listened.

“Can our little Hanxing really be at a disadvantage? Back then, what would han mingmei’s outcome be if she were to compete with our cold star? That’s because little Hanxing didn’t play with her much. If she got serious ...”

Hahaha.

Yan beixiao laughed in his heart.

If his sister really got serious, there wouldn’t be many in Rivertown who could beat her!

“No matter how powerful his wife is, she’s still a young lady! Little girls needed to be pampered and loved! I’m not like you guys, with such thick skin and flesh!” She couldn’t be bothered to care if something happened!

“Mom,” she said.

Lei min, who had been silent all this time, finally spoke.

“I believe in you, sister-in-law.”

“Besides ...”

He looked at father Lei with a smile.

It was just a painting by Huang Tingjian, the Lei family could afford it!

Chapter 1119-drawing fire to oneself

Just as the public shifted the focus of the conflict between CQ and the Qi Corporation to the bet between han mingmei and Lin Hanxing, no one noticed that Y.R. Had announced that they would temporarily stop all reception.

Other than the fitness area, the guests who had already checked in were not affected.

The customers who had made reservations will be compensated with a 50% discount the next time they arrive.

At the same time, at Yujing garden.

Lin Hanxing stood in front of the full-length mirror in the cloakroom.

A black slim-cut shirt with a bottom matched with a pair of ladies 'suit pants, neat and clean.

A powerful aura burst out from his hands and feet!

She was turning her head to put on her diamond earrings ...

The next second, he paused.

Lin Hanxing lifted his head and looked at the man who appeared in the mirror with her. The corners of his lips curled up into a smile.

Lei Xiao held her waist from behind and pulled her into his arms.

When her back touched the man's firm chest, Lin Hanxing's body unconsciously softened.

"Are you still uncomfortable?"

Lin Hanxing felt his bones go soft as he listened to him release electricity by his ear.

As he said that, he covered her lower abdomen with his hand.

The scent of mature wood from the man's body enveloped her. Lin Hanxing's hands trembled so badly that she could not even put on her diamond earrings.

Before he could speak.

Lei Xiao bent down again, moved close to her ear, and uttered an 'mm'.

He raised his tone at the end.

She was as sexy as she could get.

Lin Hanxing couldn't take it anymore. He held the earrings that he hadn't put on and turned around to kiss the man.

The corners of Lei Xiao's lips curled up.

With his back against the wall, he placed one hand behind Lin Hanxing.

In his confusion, Lei Xiao felt her biting his lower lip.

It didn't hurt, but it ignited his desire.

"If you continue to seduce me, neither of us will be able to leave the house today,"

Lin Hanxing's finger slid across Lei Xiao's rolling Adam's apple.

His breathing was chaotic.

She turned around and finally put on the earrings, but her legs were still weak.

After last night.

There seemed to be something in her body that was being developed by Thunder valiant.

Love ... Desire seemed to be even more deadly than poppy!

"Help me," he said.

Lei Xiao stood in front of the necktie rack and casually pulled out a necktie that matched Lin Hanxing's color and tied it around his neck.

He leaned against the mirror and faced Lin Hanxing.

Lin Hanxing raised an eyebrow.

After a while, she reached out with a smile and tied a steady Windsor knot for him.

After the beating, Lin Hanxing's hand slid along the man's collarbone and across his chest. When he heard the groan, he smiled like a fox.

One came and went.

By the time the two of them left the house, it was nearly half an hour later than planned.

Lei Xiao was driving.

As soon as he slowed down at Y. R. 'S entrance, he heard a commotion.

"Do you know who I am? You dare to stop me?"

This voice sounded particularly arrogant.

At the same time, the people at the entrance recognized Lei Xiao's car and prepared to let him in.

Seeing that the car next to him could go in even though he had been stopped, the man was immediately unhappy and made a fuss.

"Ah Xiao, stop for a moment."

Lin Hanxing was just casually glancing at him, but when he saw the other party, he motioned for Lei Xiao to stop the car.

The car window rolled down slowly.

Lin Hanxing's small, porcelain-white face was revealed.

She turned her head to look at the source of the voice.

His eyes were full of power and oppression.

"Second young master he, how have you been?"

Lin Hanxing said lightly. It was hard to tell if he was mocking or ridiculing him, but it made he zhehan feel an inexplicable anger!

After the Lin family's banquet ...

This was the first time the two of them had met.

"Lin! Small! Nine!"

These three words, no matter which one she picked out, second young master he would say it with force, as if he wanted to tear her apart and eat her up!

She could feel the emotional fluctuations coming from him ...

Lin Hanxing laughed nonchalantly.

“Second young master he hasn’t had a good time these two days!”

Lin Hanxing placed one hand casually on the window frame and looked over with a cold expression.

He zhehan’s big hands clenched the steering wheel, and the veins on his forehead bulged.

However, he did not notice that the group of people who had stopped him were all standing at the side in silence when Lin Hanxing appeared. Not only did they not say anything, but they all had respectful expressions.

“What’s wrong? You still have the time to come to Y. R. For fun?”

Lin Hanxing’s hand naturally fell outside the car, his thin fingers tapping on the car body, the corner of his mouth curved up.

He zhehan didn’t say anything and just stared at her with a pair of dark eyes.

why wasn’t it you that night?!

After a while, he zhehan sneered, as if he was still brooding over sleeping with the wrong person at the Lin family’s banquet.

Hearing this, the atmosphere around the Thunder valiant beast suddenly turned cold.

Lin Hanxing laughed and patted the back of his hand, finally restraining Lei Xiao’s ruthlessness.

I didn’t expect second young master he to be so obsessed with me!

Lin Hanxing chuckled and leaned back into the black leather seat. Even the diamond earrings on his ear glowed with a cold light, making people shiver.

“If that’s the case, there’s something I need to remind you of out of goodwill.”

The next second, a cold voice sounded in his ear.

Second young master he couldn’t help but shiver.

ever since the Jiangcheng Bay Bridge project became yours, second young master he’s flirtatious personality has become even more unrestrained. He plays with women as if he’s changing clothes.

Lin Hanxing said indifferently.

but one of them is miss Abby, whom I met at the bar. Her identity is a little special.

Hearing Lin Hanxing’s words, second young master he tried hard to search for information about Abby in his mind. Then, he remembered that there seemed to be such a person. He had met her at a bar after they had won the Jiangcheng cross-sea bridge project.

He had played too many games in those few days.

Until now, he could only vaguely remember that she was wearing black suspenders, and she looked as sexy as she could when she took them off.

Special?

What could be special about it?

Didn't he just come out to play?

Could it be that Abby was a Royal Princess who had been left behind?

Lin Hanxing's hand tapped lightly on the car door, a thought-provoking smile on his lips.

She seemed to sense second young master he's indifference ...

She tilted her head and looked at him.

"She's an Hiv carrier."

BOOM!

It was like a bolt of lightning on a clear day. Second young master he, he zhehan, was stunned in place.

"What did you just say?"

Second young master he felt his whole body turn cold and his mind went blank. He couldn't remember what he was wearing that night. He still didn't put on the condom. Condom, he only remembered that he was entangled with that woman that night, and his legs felt weak the next day!

"I said, Abby, an HIV carrier."

As if afraid that he didn't hear clearly, Lin Hanxing 'kindly' repeated it to second young master he.

The smile on his face was reflected in second young master he's eyes, as if the devil was calling him!

"Nonsense! "F * ck me!" You're f * cking spouting nonsense!"

Second young master he's scalp was about to explode.

That woman had aids?

His mother had aids, yet she still came out to harm people?

He immediately wanted to get out of the car and rush towards Lin Hanxing.

"Second young master he, if you have the time to find trouble with me, why don't you go for a checkup first? After all, my cousin is still your fiancée, so you have to give the Lin family an explanation for this!"

[Chapter 1120](#)

1120 Making a new invitation

Lin Hanxing's cold eyes swept across he zhehan's twisted face that looked like it had been struck by lightning.

Before second young master he could rush over, he had already been pressed down by the security guards on the front engine cover.

His body, which had been hollowed out by wine and women, did not even have the slightest room to struggle.

Lin Hanxing looked at he zhehan's shocked and terrified eyes and slowly revealed a cold smile.

The car window rolled up again.

He drove towards Y. R

.....

At this time, Qi Li was already waiting in the lounge.

Even the staff in charge of the spring and summer fashion launch tonight were shocked.

President Qi, is there really no problem? "

As soon as she finished speaking, the door was pushed open from the outside, and the sound of high heels clicking on the floor followed.

what? don't you even have this bit of confidence? "

A calm voice rang out.

Everyone in the room looked in the direction of the voice, and the first person they saw was the cold man who was almost 1.9 meters tall.

That was young master Lei!

However, the phone suddenly rang. Lei Xiao and Lin Hanxing exchanged a look and went outside to answer the call.

"Xing, you've finally come."

Seeing Lin Hanxing, Qi Li's tense nerves finally relaxed.

"Mute uncle,"

As soon as Lin Hanxing finished speaking, the mute uncle, who was holding a storage box in his hand, appeared silently.

"Now, I'll have to trouble everyone here to switch off your mobile phone and put it in this box."

Lin Hanxing's words were filled with a domineering aura.

He looked around.

after tonight's spring and summer fashion show, we'll return them to their rightful owners.

Only then did he finish the last sentence.

The phones were collected one after another. When the last one was put in, the mute uncle closed the storage box expressionlessly.

Lin Hanxing gave the mute uncle a look.

The signal interference shielding device in the room had been turned on.

This place had become completely isolated from the rest of the world.

I'm sure all of you are well aware of the Qi family's current situation. Dk is putting pressure on the Qi family to squeeze out the last bit of space they have. Tonight's fashion show ..."

"Fine, the winner will be King! No, within a week, the Qi family will be powerless to reverse the situation!"

Lin Hanxing said calmly, almost indifferently.

The sense of oppression it gave off gradually increased, and it was brutal to the point of suffocation.

Qi Li was sitting on the single sofa.

His face was pale.

At this point, this was no longer a matter of core information and a few higher-ups. With Han Mingmei as the leader, it was clear that the team of CQ team wanted to teach the Qi Corporation a lesson. If there was any mishap tonight ...

The problems would be like falling dominoes, one after another!

"If you don't succeed, you die ..."

Lin Hanxing's cold eyes fell on everyone's faces, like a hurricane, blowing into everyone's heart.

"Do you understand?"

No one answered. It was as if everyone was still immersed in her powerful aura.

It was soul-stirring.

So much so that he couldn't extricate himself.

"Xing, I will do as you say."

Qi Li knew the seriousness of the problem. At this critical moment, the only thing she could do was to trust Han Xing and let her arrange everything.

"Very good," he said.

Lin Hanxing walked to the coffee table in his high heels.

There were still invitations that had not been sent out or returned.

It had reached more than half.

Lin Hanxing's eyes fell on it, cold and without meaning.

Xing, when those people saw the invitation card from the Qi family, they didn't even ask and directly ...

Before Qi Li could finish her words, Lin Hanxing reached out and brushed the invitation letters to the ground.

No one dared to speak as they looked at the invitation cards that fell to the ground like snowflakes.

"We'll have to redo the invitation."

With just a few glances, Lin Hanxing had already seen most of the names on the invitation.

"Those who have received the invitation must send it again."

"Send him again?"

Qi Li looked at her in surprise.

Lin Hanxing knew what she was thinking but now was not the time to explain.

"Give me a copy of the list of invitations."

After saying that, she sat down on another set of European-style sofas, her white fingertips lightly tapping the armrest, exuding the unique Majesty of a superior.

Even Qi Li didn't dare to look at him in the eye.

Every time they met, Lin Hanxing would refresh her impression of her.

And that little rabbit in his memory seemed to be far away.

Lin Hanxing took the invitation list from Qi Li's men and glanced at it coldly. He took a pen and added a few more names at the end of the list, then handed it to the mute uncle and ordered his men to start customizing the invitation.

"Who did you add just now?"

Qi Li asked.

At a time like this, people were eager to hide far away from the Qi family. If they didn't have any friendship, who would come?

Sighing in her heart, Qi Li herself didn't think much of tonight.

"You'll know tonight."

Lin Hanxing said lightly, as if he had no intention of answering Qi Li's questions.

"Who's the designer? Let me see the opening and finale outfits for tonight."

Although she was still asking who the designer was, Lin Hanxing's sharp eyes had already landed on the designer, making Qi Li stop her introduction.

The designer hurriedly handed her the design drafts and sample designs.

Lin Hanxing flipped through the pages in silence, as if he was thinking of something.

“Give me all of them.”

The designer felt even more nervous when he heard this, thinking that there was a problem on his side.

the finale costumes won't change, but the opening costumes will be changed to these.

After Lin Hanxing finished speaking, he pointed at the man.

The designer took a look.

this is the weakest set in the entire series. How can you start with this? ”

Lin Hanxing looked at her with a smile.

“You're right, these are indeed the weakest and least noticeable sets in the entire series.”

She admitted it very generously.

“Then you still ...”

The other party was a little dumbfounded, clearly not knowing what Lin Hanxing's intention was.

“No one will come at the opening.”

Suddenly, Qi Li opened her mouth, as if she had guessed that Lin Hanxing wouldn't explain her decision in detail, so she decided to speak up herself.

because no one will come at the opening, so there's no need to waste it.

The designer was enlightened.

Meanwhile, Qi Li was slowly getting used to Lin Hanxing's way of doing things.

She would tell you what she wanted you to do, but the real intention would only be for you to figure out on your own. She was too lazy to explain or disdained to explain anything to you.

It was extremely straightforward.

In the past, Qi Li had wondered why a man like Lei Xiao would look at a woman like Lin xiaojiu in a different light, but now she understood.

This woman seemed to be born with magic.

You can't help but explore and understand.

To dig deep into her past and enter her future.

It was really ...

It was free and alive!

If she was a man, she would also fall in love with this kind of woman!

When Lei Xiao came back from the phone call, he saw Qi Li looking at his wife with an infatuated look, and a strong sense of crisis suddenly emerged in his heart!
