

Goodnight 1131

[Chapter 1131](#)

1131 You are not qualified to be my opponent

Y. R Club Gym.

Lei Xiao stood in front of the floor-to-ceiling glass window with dark eyes.

His pupils were pitch black.

He turned the ring on his finger with a blank expression.

“Little Hanxing has only left for a short time, and you’re already missing her?”

Yan beixiao casually walked over and put his arm around Lei Xiao’s shoulders. He inadvertently glanced at his face and his movements stopped.

“What are you thinking about?”

Liang yuran stood beside the two with one hand in his pocket.

In the reflection of the floor-to-ceiling glass window, Lei Xiao’s face was as cold as an ice sculpture.

The pressure of a superior made people unable to breathe.

“They shouldn’t have touched Hanxing.”

A moment later, the Thunder valiant beast’s deep voice resounded.

“What?”

Yan beiming and Liang yuran looked at each other. Were they preparing to make a move on the Han father and daughter?

Previously, Lei Xiao had given the Han family face because old master han was in the middle.

But ...

Han mingmei should never have had her eyes on little Hanxing.

“CQ is a new company.”

There was no extra expression on Thunder Valiant’s face.

Hearing this, Yan beiming and Liang yuran revealed a playful smile on their faces.

&Nbsp; yeah.

CQ was a new company.

With han boming’s personality and his radical methods in recent years, it was not difficult to imagine how much room there was for manipulation in CQ.

It was really worth excavating!

.....

Qi Li was a little confused.

If she remembered correctly, Zhong Xueqing's husband had just died not long ago, right?

You've already found the next one?

Although they had the freedom to marry now, it still seemed a little too heartless.

"Not going in?"

Lin Hanxing turned his head to look at Zhong Xueqing, his half-smile made the latter subconsciously clench her fingers!

How could she be so annoying!

Zhong Xueqing stomped into the elevator in her high heels. She was so angry that even the elevator seemed to shake with her.

He pressed the close button the moment he entered.

She didn't have the bearing of a noble lady at all.

The elevator doors gradually closed in on each other.

As if she felt that the elevator door was about to close, Zhong Xueqing suddenly sneered at Lin Hanxing without restraint.

Qi Li frowned.

It really didn't suit her identity to do such a dirty trick.

In the next second, Qi Li felt the light in front of her turn dark. The metal door that was about to close was blocked by Lin Hanxing's men. After sensing it with the sensor device, the elevator door opened again.

"You, come here."

Lin Hanxing did not even look at Zhong Xueqing, whose expression had changed drastically. Instead, he waved at the reporters who had sneaked in earlier.

The reporter, who was about to be driven out by the security guards, immediately slithered over like a fish, his face full of surprise.

"Ba Le Fashion?"

Lin Hanxing reached out and looked at the reporter's pass hanging on his chest. He smiled.

"Thanks for the reminder just now. I'll give you an exclusive, okay?"

After that, Lin Hanxing walked towards the elevator.

The large space in the elevator was quickly filled.

Zhong Xueqing's forehead twitched uncontrollably, but she tried her best to control her expression in front of the reporters.

He walked up slowly.

Lin xiaojiu, we've underestimated you.

Zhong Xueqing said in a mocking tone.

Lin Hanxing looked straight ahead and did not even look at her.

With a ding, they arrived at their destination.

"Mrs. Zhong ..."

Lin Hanxing said indifferently.

"I'm afraid we'll have to put in more effort for the Jiangcheng sea bridge project in the next few days."

Lin Hanxing then walked towards the manager's office in his high heels, leaving behind a shocked Zhong Xueqing, who stood frozen on the spot.

This was ...

A warning?

.....

Outside the general manager's office, the Secretary could not help but step out to stop them when she saw so many people suddenly visiting.

However, before he could get close, he was stopped at a safe distance.

Lin Hanxing did not even stop, he pushed the door open and walked in without any expression.

The BA Le Fashion reporter was stunned by his demeanor. He felt like he was Walking with the Wind and had an indescribable aura.

He hurriedly took a photo, printed a , and then used his work account to release exclusive news.

After she posted it, she rushed into the general manager's office, afraid that she would miss out on some exciting scenes!

At this time, the atmosphere in the general manager's office was tense.

Han mingmei and Zhao Dongyang obviously did not expect Lin Hanxing to appear at such a time.

He even brought Qi Li!

"Who let you in? get out!"

The moment the reporter from Ba Le Fashion entered, he was almost smashed in the face by the folder that han mingmei had thrown at him.

He was shocked.

Lin Hanxing ignored him and looked at Zhao Dongyang with a cold and sharp gaze.

Zhao Dongyang felt a chill run down his spine when she looked at him. He subconsciously touched his empty ears and stood up.

However, Zhao Dongyang regretted it the moment he stood up.

She only felt that han mingmei's gaze was piercing.

Lin Hanxing sat opposite han mingmei.

The reporters from Ba Le Fashion hurriedly took pictures. These were the most exclusive and first-hand pictures. Their colleagues downstairs might even be envious of them. Moreover, the news had just been posted and the number of likes had exceeded 100000 in five minutes!

A hundred thousand!

Lin Hanxing pushed the invitation to han mingmei.

"What do you mean by that?"

After all, han mingmei was still young and inexperienced. At this time, she no longer had the calmness of 'Jiang city's number one beauty'!

manager han, if you're free tonight, you can come and enjoy the Qi corporation's new product launch.

Hearing this, han mingmei wanted to tear the invitation letter in front of Lin Hanxing!

Especially when he realized that Qi Li was still looking at him!

It was a great humiliation!

Lin xiaojiu, it's still not certain who will win!

Han mingmei, who was sitting in the boss's chair, was like a bow that was ready to fire, extremely tense.

She could not understand!

Why was Lin xiaojiu able to hide himself so well and turn the situation around so easily?

No one knew.

When han mingmei saw the string of vulgarities under her Weibo post, her lungs almost exploded with anger!

What was the reincarnation of the heavenly Dao?

What was called shameless?

What was retribution?

That bunch of fence-sitters simply joined in wherever there was excitement!

At this moment, han mingmei was cursing fiercely in her heart. How could she have thought that she was still shouting like she did at the beginning when she wanted to use the internet to abuse Lin Hanxing?!

Lin Hanxing could not help but laugh when he heard han mingmei's words.

He laughed and shook his head.

In han mingmei's eyes, Lin Hanxing's smile made her feel even more like he was mocking her!

"You are not qualified to be my opponent."

Soon, Lin Hanxing spoke.

She spoke very calmly, as if she was discussing today's weather, without any personal feelings.

However, it was also because of this that han mingmei was even more furious!

What did Lin xiaojiu mean?

She didn't even have the right to be her opponent?

She looked down on her?

Who was she to actually look down on her?

"If Ming Mei isn't qualified, then I wonder if I am!"

Suddenly, a voice full of anger sounded.

"Dad!" Han mingmei suddenly stood up.

Han boming, who had received Zhong Xueqing's call, happened to be nearby. At this time, his livid face and gloomy aura showed his anger towards Lin Hanxing!

[Chapter 1132](#)

1132 Xiang Zhuang's sword dance, intent on peigong

Han boming's appearance instantly broke the one-sided situation that was disadvantageous to han mingmei.

This caused the secret contest to return to the center point.

Han boming's anger was obvious, and people couldn't help but break out in a cold sweat for Lin Hanxing.

Who in Jiang city didn't know that when han boming followed Lei kangnian, he was brave and aggressive, and he wouldn't stop until he saw blood! If he were to punch Lin Hanxing, he would be half dead even if he did not die.

Han boming walked to where han mingmei had been sitting and stood face to face with Lin Hanxing!

Lin xiaojiu, Oh Lin xiaojiu!

You're the most arrogant young man I've ever seen!

“You must be joking, Chairman han.”

Lin Hanxing leaned his entire body against the seat, looking relaxed and elegant.

In comparison ...

On the contrary, it made the Han family feel like they were bullying others.

“Joking? I’m afraid that miss Lin is too arrogant and doesn’t even put me in your eyes!”

Fu Ruixiang?

Lin xiaojiu dared to demand an exorbitant price!

As soon as he finished speaking, he slammed his palm on the table with a bang, and even the things on the table trembled three times.

“There’s one thing that Chairman han is right about.”

As Lin Hanxing spoke, there seemed to be an invisible pressure surging in the air.

Zhao Dongyang had already hidden in a corner and was watching the situation closely.

He didn’t know if it was an illusion, but he felt that Lin Hanxing was even more difficult to deal with than when they had met at Y. R.

If she had restrained herself back then, then now ...

“Oh? I’d like to hear more details!”

Han boming sneered. Did this mean that Lin xiaojiu was admitting defeat?

“If it wasn’t for the Lei family, I wouldn’t have even considered you.”

Lin Hanxing said indifferently.

“.....”

“.....”

“.....”

Upon hearing this, not only the Han family, but even Qi Li and the reporters ‘hearts skipped a beat.

Zhong Xueqing, who came in with han boming, also gasped at this time.

Even though he had seen Lin xiaojiu’s insolence before, to strip someone of their face like this was no different from killing their entire family.

“What did you just say?”

Han boming almost thought he had heard wrong!

He had not heard such arrogant remarks in many years, and it was even in front of him.

Lin Hanxing raised his head calmly and looked at han boming.

There was even a sneer at the corner of his mouth.

Han boming's temper flared up, and he immediately wanted to teach Lin Hanxing a lesson.

if you want to disrupt the peace in Jiang city, you have to consider if you have the ability!

Without waiting for han boming to approach, the people assigned to Lin Hanxing by Lei Xiao had already blocked him outside.

From the beginning to the end, Lin Hanxing did not move at all!

"Chairman han, you're too big-hearted!"

Lin Hanxing's long eyelashes trembled slightly as he twirled his wedding ring. His voice was cold to the bone.

"You allowed han mingmei to touch the Qi family because you knew from the start that with mother Lei's temper, she would definitely get the Lei family to help! If Lei Xiao were to use the Lei corporation's power, Chairman han, as the second largest shareholder, would have the right to question him!"

Lin Hanxing said every word clearly.

She had sensed that something was wrong when han mingmei had gone to the Qi family in such a big way.

He observed for a long time.

The Fox's tail was finally revealed.

Han boming must have found out something from Zhong Xueqing!

He was brewing to attack ah Xiao!

What a good sword dance by Xiang Zhuang, with the intention of peigong!

These words confused the others, but han boming, who was originally furious, seemed to have been turned on. He suddenly froze in place, and his expression remained stunned!

The others might not understand, but how could he not understand when his thoughts were exposed?

Zhong Xueqing's fingers trembled.

They only felt that Lin xiaojiu was as terrifying as a ghost.

"What nonsense are you talking about? Why are you bringing up the Lei clan?"

Han mingmei's expression was ugly as she asked Lin Hanxing.

Although she did not understand what Lin Hanxing was saying, she could see her father's expression as if he had been struck by lightning!

There was no expression on Lin Hanxing's fair and delicate face.

After he had completely stopped smiling, he gave off an indescribable sense of pressure!

Han boming's eyes flashed with guilt.

He had thought that he had hidden it well, but he had never thought that Lin xiaojiu would be able to see through it.

In fact, han boming had already thought about this matter before he heard Zhong Xueqing talk about the secret. However, Zhong Xueqing had been bullied by the Lei family these days, which made han boming even more determined!

dealing with the Qi family was just a small part of your father's great skills.

Lin Hanxing's cold voice was heard again.

Hearing this, the people around them were even more confused. Why did these people always like to speak in the clouds and fog?

He only said half of it!

how much did Chairman han anonymously contribute to the Jiangcheng sea bridge project? "

Suddenly, Lin Hanxing's tone changed.

However, he mentioned the Jiangcheng sea-bridge project, which was completely unrelated to today's topic.

This was the second time Lin xiaojiu had mentioned it today!

Zhong Xueqing felt her fingers turn cold!

This was the first investment the Fang group had made after returning to the country. It was also an investment to establish her position and Foundation in Jiang city. There must be no mistakes!

It was also because of this that, even though she knew that han boming had a good impression of her, Zhong Xueqing made him fall into her gentle fragrance, and he was unable to extricate himself.

Zhong Xueqing had originally thought that no one would know.

On the surface, this project was jointly funded by the Fang, Helin, and other two families.

In fact, a large part of the money that the Fang family paid belonged to han boming.

"A few hundred million?"

Lin Hanxing put one hand on the chair's handle and looked at han boming leisurely.

Zhong Xueqing had really played this trick beautifully!

Lin xiaojiu!

Zhong Xueqing shrieked. Why did she keep bringing up the Jiangcheng sea bridge project?

The others were all frightened by Zhong Xueqing's scream.

At this time, Qi Li felt that her brain was not enough. She couldn't extend the problem between the Qi family and the CQ team to Han Boming and the Lei family, and now it was related to the Jiangcheng cross-sea bridge project.

Han Boming's anger at the beginning also turned into a chill in his heart!

Miss Lin, could it be that there's a problem with the Jiangcheng sea bridge project? "

The reporter couldn't help but interject. He felt that he had never seen such a wonderful scene before. It was even more mind-burning than the political dramas on TV!

The initial investment for the Jiang city sea bridge project has been successfully completed. It's not something that Lin Xiaojie can erase with a single sentence!!! Zhong Xueqing could not help but glare at the reporter!

Even if Luo Wenbo's death and his second young master's illegal sale of Chinese yew for profit had an impact on the project, as long as there was no movement from the X group, everything could still be smoothed out.

So the initial investment has been successfully completed.

Hearing this, Lin Hanxing smiled meaningfully and leaned back.

He looked at Han Boming with an almost indifferent gaze.

"This is a competition of money!"

It was enough money to trap a few families!

[Chapter 1133](#)

1133 Two slaps in the face

"Dad, you're using the Han family's money to help Zhong Xueqing take the risk?"

Han Mingmei's eyes widened in disbelief. Even if she had not understood what he said earlier, she still understood this matter. Thinking about how her father's trusted aide had wanted to say something to her but was hesitant to do so, her brain exploded!

"Let's go home and talk!"

Han Boming still hadn't recovered from Lin Hanxing's strange tone. He was embarrassed to be criticized by his daughter in front of everyone. Moreover, he did feel a little guilty about this matter.

"So this is true?"

Han Mingmei only felt that she was extremely flustered. He didn't even tell her about such a big thing?

"I've said it! We'll talk about it at home!"

In his anger, Han Boming's tone was a little heavy!

"You're scolding me? You're scolding me for that woman?"

Not caring that there were others present, Han Mingmei's eyes fell.

Han Boming had doted on her the most since she was young!

But now, he was actually shouting at him because of Zhong Xueqing?

Han Mingmei turned her anger towards Zhong Xueqing, who was standing in the corner. It was all her fault!

Han Mingmei's eyes were red with anger.

"Bitch!"

He raised his hand and was about to slap Zhong Xueqing's face!

Ah! Zhong Xueqing screamed and tried to hide behind Qi Li, who was the closest to her. Unfortunately, before she could complete this series of actions, Lin Hanxing gave her a cold look, and his men had already dragged Qi Li and the reporter to the side.

Before Qi Li could react, she heard a crisp slap ...

Following the voice, her expression instantly turned to shock!

Han Mingmei's slap was thrown at Qi Li. If it landed on someone's face, that face would definitely be unable to show up in public for three days. Qi Li had thought that Zhong Xueqing would definitely be slapped ...

Unexpectedly, he turned around and looked!

Han Mingmei's slap had actually landed on her old master's face!

Everyone who saw this scene was so shocked that their jaws almost fell off!

Zhao Dongyang, who was standing in the corner, subconsciously looked at Lin Hanxing.

However, he saw that the woman had only supported her chin with one hand from the beginning to the end. She looked at this scene with an emotionless smile.

Perhaps he had sensed that someone was looking at him ...

Lin Hanxing turned his head to look at the source of the gaze.

The moment his eyes met Zhao Dongyang's, Lin Hanxing's finger brushed past his ear.

The corners of his mouth curled up into a smile.

The devil!

This woman was truly a devil!

Zhao Dongyang couldn't help but shiver.

Why did he have to take things so hard and find her to make her unhappy!

Han mingmei didn't expect that she would actually slap han boming. She was both shocked and scared. When she turned around and saw Zhong Xueqing hiding behind han boming with tears in her eyes and an aggrieved look, she suddenly felt angry.

What right did she have to feel aggrieved!

How could he have the face to feel wronged!

If it wasn't for her, why would she slap her own father in public?

The more he thought about it, the angrier he got. He raised his hand once again and slapped towards Zhong Xueqing's well-maintained face!

"Han mingmei, are you done?"

Seeing that his daughter was still unwilling to let him go at this time, han boming was furious!

With a loud slap, han boming slapped han mingmei's face!

Han mingmei had never suffered such a loss.

His entire body seemed to be flying out, falling onto the floor.

Perhaps it was too much of a coincidence, but she was lying right in front of Lin Hanxing's high heels.

"You hit me?"

Han mingmei covered her face in disbelief, seemingly unable to recover from the shock!

"You've never hit me since I was young, and now you're hitting me for that woman?"

Chapter 1134-pulling chestnuts from fire

In fact, han boming regretted it the moment he finished the fight!

Just as han mingmei had said, she had always been the Apple of her eye since she was young.

Don't even talk about beating him up, even saying harsh words would make her heart ache.

"Little Lin ..."

Han boming suddenly raised his head and looked at the only woman in the room who had a leisurely expression!

Lin Hanxing raised his eyebrows when he heard that he was called out.

His cold eyes swept over han boming.

One look was enough to freeze all the blood in his body, and even the '9' that was about to come out of his mouth stopped abruptly!

It was like a silent contest.

Ba Le Entertainment's reporter's blood was boiling. He couldn't help but feel that he had made the right decision to come here!

What kind of person was han boming?

One could imagine the power of the brawny man who was brave and aggressive in the past when he was angry!

However, the Lin family's little ninth insisted on plucking a hair from this untouchable Tiger's butt. Just this courage and insight alone had left all the ladies in Jiang city far behind!

Moreover ...

The reporter looked at Lin Hanxing. He had to say that he really understood why han boming couldn't continue!

His aura was too strong!

With a casual glance, you would feel as if you were stripped and thrown in front of her.

When he saw it just now, he almost knelt down and called him daddy!

"Are you happy now?"

Taking a deep breath, han boming tried his best to regain some face for his loss of self-control.

Lin Hanxing's response was even more direct.

He sneered!

He got up.

He placed his hand on han mingmei's shoulder, who was still sitting on the ground and crying.

"Ah ..."

Han mingmei cried out in pain, her expression conflicted.

Han boming's heart was in his throat.

Intentionally or not, Lin Hanxing's hand landed on han mingmei's shoulder, which had not fully recovered yet!

"You ..."

"Chairman han, do you know what it means to pull chestnuts from the fire?"

As Lin Hanxing's cold voice rang out, han mingmei was lifted off the floor without a change in her expression!

No one made a sound.

The general manager's office was dead silent.

Everyone looked at this scene in shock.

Han mingmei's face turned pale from the pain!

the monkey tricked the cat into helping him get the chestnuts from the fire. The cat burned the fur on its feet but didn't even eat a bite. It let the monkey take advantage of it for nothing!

Lin Hanxing spoke very slowly, as if he wanted everyone to hear him clearly.

Every word was extremely thought-provoking!

As the name suggested, it was often used as a metaphor for being used by others and risking one's life for nothing!

In addition to the farce just now, who couldn't hear that Lin Hanxing was mocking han boming?

The blue veins on han boming's forehead were bulging!

He had never been so suppressed by this little girl before!

The situation was completely one-sided in Lin xiaojiu's favor!

"Since the invitation has arrived, I should be leaving."

Lin Hanxing chuckled when he met han boming's eyes, which looked as if he wanted to eat him up.

She had achieved her goal.

There was no need for him to continue staying here.

The high heels made a cold sound on the floor, and soon, Lin Hanxing was about to pass by the Furious han boming.

But almost at the same time, she stopped in her tracks.

Chairman han, my man isn't someone that any Tom, Dick, or Harry can plot against!

Lin Hanxing looked straight ahead.

The voice was cold and clear to han boming's ears!

After saying that, he did not even look at the other party and walked out of the manager's office ...

.....

"Miss Lin, miss Lin, wait a moment ..."

Lin Hanxing had just stepped out of the elevator when he heard the sound of hurried footsteps behind him.

She turned around and saw that the person who had called out to her was the reporter from Ba Le entertainment who had gone up with her.

Judging from his panting, it was obvious that he had not caught up with the elevator and had run all the way down the fire escape.

Thunder Valiant's men kept the other party at a safe distance.

"Is there anything else?"

Lin Hanxing said with a smile.

“That ...”

The reporter looked hesitant, but he finally made up his mind to speak.

I heard that CQ has invited Jennifer to be in charge tonight.

Jennifer was the world’s most well-known designer and she was close to many international superstars. She had only designed clothes for the royal families of various countries in the past few years. If he could get close to her ...

Of course, she also had another identity.

The nemesis of IM X Peter!

They would fight each other as soon as they met, the kind that could set off a war of words between the two of them across space!

It was truly a jaw-dropping sight.

Qi Li looked at Lin Hanxing with a strange expression when she heard the name.

He wanted to say something but stopped.

my colleagues in the industry received the news and decided to go to the press conference first.

The reporter added.

but I’ll be at the Qi corporation’s press conference as soon as I can!

Lin Hanxing looked at him and smiled.

He raised his hand and took the blank invitation from his subordinate.

“You’re reporter Zhou, right?”

As he spoke, he used a pen to write down the name of the reporter’s card hanging on the other party’s chest.

“I’ll reserve the right for you to be an exclusive guest for tonight’s interview.”

Lin Hanxing said meaningfully.

“As a gift of my thanks.”

As he spoke, he handed the invitation to the other party.

A few years later, when this reporter, who had already become the chief editor of Ba Le entertainment, recalled this scene again, he still couldn’t find words to describe the amazement that came from the bottom of his heart.

However, he didn’t know this at the moment.

A soul-stirring drama was quietly unfolding!

.....

On the way back.

I originally thought that you were really just there to deliver the invitation.

Qi Li was still in a daze when she got into the car.

Lin Hanxing looked away from the car window.

“I’m indeed there to deliver the invitation.”

As for what would happen during the delivery, who could guarantee that?

the Jiangcheng sea bridge project is really ...

Before Qi Li could finish her question, Lin Hanxing interrupted her.

“The project is a good one, but it depends on who’s doing it.”

Qi Li was silent.

He just looked at Lin Hanxing.

She really couldn’t keep up with her thoughts at all.

To a certain extent, Qi Li felt that Lin Hanxing and Lei Xiao were a perfect match!

“I have a feeling that you’re planning something big!”

Qi Li felt that her expression wasn’t accurate enough, so she added.

the kind that can shake the entire Rivertown!

Lin Hanxing smiled but did not say anything. He leaned all his weight on the leather seat.

She closed her eyes to rest.

However, her fingers were still spinning the wedding ring.

Qi Li looked at her.

Lin Hanxing had surprised her enough before she came to TQ, but now, Qi Li finally realized the difference between her and the little bunny!

Thinking about the current Lin family, then thinking about the Han father and daughter just now ...

Fortunately, he did not go against her back then!

but, isn’t Jennifer ...

After a while, Qi Li seemed to have thought of something and spoke.

Before he could finish, Lin Hanxing opened his eyes and placed a finger on his lips.

“Shhhh ...”

The dimples at the corner of her mouth were deep and shallow, and it was soul-stirring.

Seeing this, Qi Li felt her heart was beating wildly.

Only God knew how mesmerizing Lin Hanxing's every move was in Han Mingmei's office!

"The heavens ..."

Qi Li fell back into the leather seat and sighed.

Had she been turned gay by Lin Xiaojiu?

[Chapter 1135](#)

1135 Mount Jade Dragon

Mount Yulong, capital city.

Everyone in the capital knew about Mount Jade Dragon.

This land was not something that could be bought with money.

To be able to open up such a beautiful paradise in the capital where every inch of land was worth its weight in gold, one could imagine how noble the identities of the people living there were!

At this moment, on the second floor of the villa.

The beautiful woman was standing by the window.

He was graceful and luxurious, and his appearance was extraordinary.

Her eyes were fixed on the phone in her hand, and there was anger in her eyes!

He kept refreshing the page on his phone and saw the news about Lin Xiaojiu from Jiang city popping up!

The hand that was holding the phone tightened.

The haze in his eyes was getting thicker and thicker!

There was a loud bang!

The phone in the beautiful woman's hand was now smashed to the ground, and the screen shattered into a spider web.

His chest heaved violently!

"Those pieces of trash!"

He gritted his teeth and forced out a sound.

Thump thump thump.

Someone knocked on the door.

After a long time.

“Come in.”

A gentle voice sounded, but there was no anger in it.

The door opened.

“The chief is awake.”

.....

Jiang city, night fell.

It was getting closer and closer to the launch of the new products of CQ and the Qi Corporation.

In the lounge.

“The plane still hasn’t landed?”

Han mingmei was making a call as she put on an ice pack. She looked at the time, and her tone was obviously anxious.

“Continue to wait! Don’t come back if you can’t get her!”

There was less than half an hour until the press conference, so how could han mingmei not be anxious!

They were able to invite Jennifer this time because of han mingmei’s mentor abroad.

Even though Jennifer had a personal relationship with the other party, the tutor did not dare to guarantee that the other party would come. However, who would have thought that Jennifer would come to China at the last minute to find the other party? after a while, the matter was settled!

Even if it was just a formality, who was Jennifer?

Her status in the fashion world could definitely be ranked in the top five!

With this gold-plated guarantee, so what if she, Lin xiaojiu, had a high status?

Wouldn’t those reporters and guests still come to her place first?

Thinking of this, han mingmei couldn’t help but sneer.

She accidentally touched the wound on her cheek, and she couldn’t help but cry out in pain.

“Bitch! Bitch!”

At that moment, han mingmei’s shoulders and face were in pain!

It was unknown if he was talking about Zhong Xueqing or Lin Hanxing!

At the same time, Jiang City International Airport was bustling with activity.

As an important transportation hub of Jiang city, it was busy in the past but not as crazy as it was today!

Reporters from all walks of life were gathered.

Long guns and short cannons were waiting near the entrance of the VIP passage.

They were all waiting for Jennifer's arrival.

Unfortunately, Jennifer's flight was obviously late.

It was said that the reason for the delay was that several private planes were going to land at Jiangcheng International Airport today, and the control room was going crazy with work.

However, this news obviously didn't attract any attention from the reporters.

He was waiting for Jennifer's arrival.

Ten minutes later.

A low-key figure appeared at the entrance of the VIP passage.

They were obviously foreigners.

He was wearing a pair of big sunglasses, a casual shirt, and a cap. He seemed to be accompanied by a few people dressed as bodyguards.

Perhaps it was because she was dressed too strangely, the reporters couldn't help but take a few more glances.

However, before he could take a closer look, he was blocked by the bodyguards.

A black Rolls-Royce was already waiting there.

The other party drove away very quickly after getting on the car!

"F * ck, why do I feel like something's wrong?"

After a while, someone in the crowd of reporters suddenly whispered.

But it did not attract any attention.

Soon, more people appeared at the entrance of the VIP passage.

[Chapter 1136](#)

1136 People from all walks of life gather in Jiang city

They were wearing the same sunglasses and masks, and the bodyguards were by their side.

It was no different from the person who had just left, but it was more ostentatious.

It was only when the other party entered the black Bugatti and drove away that the reporters came back to their senses.

"What kind of Immortals are these?"

The reporters who had come for Jennifer looked at each other with shock in their eyes.

Looking at his posture, he definitely didn't look like an ordinary person!

In just ten minutes, a few people walked past them in such a manner. Just as the reporters were getting more and more impatient, Jennifer's flight finally arrived in Jiangcheng!

Hundreds of media outlets were crowded at the entrance of the VIP passageway, and the airport had to deploy a large number of security guards to maintain order!

But after waiting for a long time, he still didn't see anyone come out!

"Don't you guys think that one of them looked like Monica?"

The reporter who had noticed that something was wrong finally spoke again, but this time, his voice was obviously louder.

that newly crowned Oscar winner, Monica? "

"I thought I was the only one who thought it looked like it!"

Another reporter chimed in, causing an uproar.

and the one who walked out at the end, doesn't she look like annator? "

Someone else mentioned it after that.

"Annatuer? The famous female devil editor of Vogue?"

The group of reporters burst out in shock.

It was said that a phone call from this female Devil's editor-in-chief was enough to make many international luxury brands tremble.

Each of them had eight assistants!

"Heavens!"

What did they miss just now?!

Just as the reporters were still exclaiming in shock, their mobile phones rang at the same time, as if the switch had been turned on.

In the midst of the yells, the exclamation sounded again?

"What? Why didn't Jennifer use the VIP passage?"

This news instantly exploded among the reporters.

They packed up their equipment in a hurry and ran toward the other passage.

He was really running.

In order to get first-hand information, they ran without even panting.

He was even carrying dozens of pounds of equipment in his hands. He was really dedicated to his job!

Very quickly, the hundred or so people stopped Jennifer and her assistant.

However, before she could ask any questions, dozens of bodyguards in black suits suddenly rushed over from the side. They expressionlessly formed a protective circle around Jennifer and her assistant.

According to the information, Jennifer was in her forties, but in reality, people would believe it even if someone said that she was only in her early thirties.

She was dressed in her own designed clothes that were not for sale, and she looked elegant and distinguished.

Ms. Jennifer, I heard that you have a good personal relationship with miss han mingmei? ”

Ms. Jennifer, you came to Jiang city this time because you were invited by miss han mingmei, right? ”

A series of questions about han mingmei were thrown at Jennifer, who had just gotten off the plane. She frowned slightly.

He looked displeased.

The leader of the bodyguards approached Jennifer expressionlessly and said something to her. Jennifer’s expression returned to normal and there was even a hint of joy in her eyes.

“I came to Jiang city today ...”

Jennifer suddenly spoke, and the noisy reporters instantly quieted down.

“I was indeed invited by an honorable friend.”

Hearing this, the group of reporters exclaimed in surprise.

She did not expect han mingmei to be so well-informed. Even Jennifer had to address her as a ‘distinguished’ friend. It was clear how important she was to Jennifer!

After saying that, Jennifer broke out of the encirclement under the lead of the bodyguards and stopped answering any questions.

He quickly got into the car and drove off.

The reporters would never miss such a big piece of news, so they quickly followed.

For a time, the road from the airport to the CQ team venue formed a grandiose fleet of cars. This scene became a strange scene in Jiangcheng city that day.

In the car.

Jennifer’s assistant handed her the phone.

“Yes, he’s already in the car.”

Jennifer, who was known to be harsh to outsiders, was smiling warmly at this moment.

Although it was not the first time he had seen it, the assistant still couldn’t help but be amazed.

annatuer has invited all the public relations managers of the eight luxury brands for you.

Jennifer couldn't help but laugh even more when she heard what the person on the other end of the phone said.

"Alright, I'll listen to you."

After a few more words, Jennifer hung up the phone.

"Where's the thing?"

Jennifer leaned back on the leather seat and closed her eyes to rest.

Upon hearing this, the assistant hurriedly handed over the invitation to the launch of the new products of CQ.

Jennifer took it from him.

"There's an idiom in China called an ant trying to shake a tree ..."

Jennifer opened her eyes and looked at the invitation in her hand. Her voice was calm.

The assistant was from M Nation, so he naturally didn't understand the Chinese idiom, but he still had a proper smile on his face.

There was a ripping sound.

Jennifer laughed coldly and tore apart the invitation letter from CQ.

"You're overestimating yourself!"

.....

At the press conference of the new fashion products.

At this time, the opening stage was about to begin, and all the special guests had arrived.

Among them were many new idols and stars in the country.

As soon as they appeared, the fans who had heard the news screamed again and again, with a momentum that could break the clouds.

This time, Han Mingmei had only invited the most popular young hunks and young actresses.

Han Mingmei, on the other hand, was using concealer and Foundation to prevent the palm print on her face from ruining her plan.

"Have they arrived?"

Han Mingmei couldn't help but look at her watch and ask anxiously.

President Han, Ms. Jennifer is already on her way!

The person who spoke was Qi Li's former assistant, and his flattering expression and tone were extremely flattering.

don't worry, I've already found out that no one went to Qi Li's place. Even the only reporter was Ba Le entertainment! Let's just wait and see!"

Qi Li's assistant smiled evilly.

He couldn't help but feel sorry for the stupid Ba Le entertainment.

So what if Lin xiaojiu's identity was powerful?

Tonight, Jennifer would be a slap in the face to the other side. All of them were at the team of CQ!

After tonight, the reporters from Ba Le entertainment would ...

Hehe, just wait and see!

A familiar reporter walked in han mingmei's direction, wanting to do a small interview before the opening. There was a commotion at the door, which made han mingmei's face light up!

Ms. Jennifer is already here. Why don't we go over together? "

Han mingmei invited the reporter with a smug tone.

Hearing this, the reporters immediately agreed.

The group of them walked towards the door, but they did not expect that there were already many people waiting for them. Jennifer was a leading figure in the fashion world, and now she was only serving the royal family. Who would not want to make friends with her?

Seeing this, han mingmei frowned but did not say anything.

After all, he was the one who invited them, so the face was all his!

He felt much better thinking about it this way.

Oh my God, I think I see annatuer!

Suddenly, a cry of surprise came from the crowd. It was as if a drop of fire had been splashed into gasoline, and it instantly boiled!

Han mingmei stopped in her tracks. When she saw the human face in the open window of the back seat, her heart started to beat violently. Did Jennifer bring antuor with her?

An intense ecstasy appeared on his face.

Han mingmei quickly walked in the direction of the car!

[Chapter 1137](#)

1137 Continue to slap faces (1)

Y·R?

The Qi corporation's fashion show was also in progress.

When the reporter from Ba Le entertainment followed the person-in-charge backstage, he almost suffocated to death!

Dozens of international supermodels, including big GG, were gathered here.

He had only seen such a powerful lineup at international shows. Now, they had created such a powerful lineup for a mere Qi corporation's new product launch ...

It was simply unheard of.

The reporter from Ba Le Fashion could not help but sigh in his heart.

Those colleagues of his had been hunting geese all day long, but in the end, they had been pecked blind by the geese and were still so self-satisfied without knowing it. It was really ...

The invitation card with Lin Hanxing's business signature was taken out of Y. R. 'S entrance. Not only was it unimpeded, but it also received VIP treatment!

This was something he didn't even dare to think about in the past!

Just as he was thinking about it, he saw Lin Hanxing and Lei Xiao standing not far away and could not help but want to go up and greet them.

However, before he could get close, his phone rang urgently.

Lin Hanxing was originally talking to Lei Xiao, but when he heard the phone ring, he turned his head to look.

The reporter from Ba Le Fashion had a bitter look on his face, as if he was being reprimanded by the chief editor on the other end of the phone!

"Who told you to go to Y. R.? Don't you know the rules? You're going to the press conference right now! Did you hear that? If you don't fight for the headlines with big names like Annunciata and Jennifer, what are you doing in Y R?"

His voice was so loud that even Lin Hanxing could hear him clearly.

After the chief editor finished speaking, he hung up the call.

The reporter from Ba Le Fashion raised his head with a bitter face. When he saw the smile on Lin Hanxing's face, he could not help but sigh.

He did not expect that CQ would even invite anatul.

She was the fashion queen of Vogue.

The movie " the female devil wearing Prada " was a reference to her story.

Who wouldn't want to interview such a character?

Thinking of this, he was a little dejected. He didn't know if he had come to the right place or the wrong place!

"You're not?"

Lin Hanxing smiled and raised his eyebrows, the diamond earrings on his ear reflecting a cold light.

The reporter from Ba Le Fashion shook his head.

Even if he went now, it would definitely be too late. The chief editor would probably ask him to pack up and leave tomorrow!

“Aren’t you afraid of being fired?”

In Lin Hanxing’s plan, the worst outcome was that not a single reporter would appear. However, he did not expect reporter Zhou from Ba Le Fashion to actually show up.

Lin Hanxing’s personality was actually very simple.

If you give me face, I will return it to you ten times over.

what’s the use of being afraid? at most, we can start all over again!

When reporter Zhou from Ba Le Fashion finished speaking, Lin Hanxing smiled and patted him on the shoulder!

I’ve said it before, I’ll reserve the right to be your exclusive guest for tonight’s interview as a thank you gift.

After leaving behind these profound words, Lin Hanxing and Lei Xiao turned around and left.

Only reporter Zhou and the cameraman were left looking at each other.

She seemed to be very confident?

Could it be that the Qi Corporation had a guest more impressive than Jennifer and antantuer?

.....

The security guard, Xiao Zhang, reported the information he had gathered to elder Yan.

On the other hand, elder Yan’s dignified face was expressionless as he continued to tease the parrot.

Yingluo, if I didn’t want to, no one would be able to find anything from these clues.

After reporting, Xiao Zhang couldn’t help but raise his head to look at master Yan when he didn’t receive any instructions from him.

“Who do you think has a better chance of winning tonight?”

Elder Yan suddenly asked.

Little Zhang was stumped.

He didn’t know anything about the fashion industry, but it looked like the people the Han family had invited were obviously better than this miss Lin.

However, he had been in contact with miss Lin several times ...

She was able to easily reverse the situation that was not beneficial to her.

He was definitely a character that could not be underestimated!

This ...

“I told you to say it! Why are you hesitating?”

Elder Yan’s thunderous voice resounded with displeasure!

“Based on the current situation, it seems that miss han has a higher chance of winning!”

The security guard, Xiao Zhang, opened his mouth conservatively.

Hearing this, master Yan suddenly laughed.

It wasn’t a fake smile on the surface, but one that came from the heart!

“You!”

As he spoke, he walked upstairs with his hands behind his back.

He left behind a confused guard, Xiao Zhang, with a puzzled look in his eyes ...

.....

I didn’t expect han mingmei to be so capable!

that’s right, Jennifer and Annunciata. Such a combination is enough to shake the entire fashion industry!

“Compared to them, those little fresh meat are nothing!”

The reporters whispered to each other and even mocked the reporter from Ba Le entertainment, whose surname was Zhou.

Han mingmei naturally heard the discussion of the people behind her, and her face immediately lit up with pride.

‘Lin xiaojiu, aren’t you amazing?

Now, he was still obediently defeated by his own hands!

As she thought about this, han mingmei walked as if she was carrying the wind.

Soon, they arrived at the car.

Ms. Jennifer, Ms. Anatuer, it’s an honor for han mingmei and the entire CQ group to have both of you here. Please get out of the car, I’ve already arranged for the VIP seats.

Han mingmei said with a decent smile on her face.

The guests who had already taken their seats behind him also walked over.

He wanted to see the two tyrants of the fashion industry with his own eyes.

Before the press conference even started, the entire atmosphere was already hyped up.

This obviously gave han mingmei a lot of face.

After all, he only came because of her.

Han mingmei lowered her posture and placed her hand on the door handle. She was doing all the things that only the chauffeur would usually do.

The only response she got was endless silence.

Through the open window of the back seat, annatuer's Blue eyes coldly glanced at han mingmei.

She had seen that almost flattering expression on many people's faces in her many years in the fashion industry.

And this was what annatuer disdained the most.

No matter what, the words he said in front of her would always be nice, but who knew how he would stab her in the back.

Han mingmei felt an inexplicable chill rising from her feet when the pair of cold eyes swept over her.

Annunciata looked away and glanced at her good friend Jennifer, as if she was asking her if she was the one.

After receiving Jennifer's affirmative gaze, annatuer knew what was going on.

He snorted coldly in his heart.

Han mingmei was about to open the car door, but ...

It didn't move at all!

The smile on his face froze, as if he didn't quite understand what was going on.

The car door was obviously locked.

However, the guests and reporters who were waiting to welcome the two of them out of the car sensed that something was wrong.

Wasn't han mingmei the one who invited him?

"Ms. Jennifer, my teacher is ..."

Han mingmei said this in a very soft voice. No one else could hear her except for the person involved.

This time, Jennifer was finally willing to turn her head and look at her.

Han mingmei couldn't help but be overjoyed when she saw this.

If she had known that this would trigger her reaction, she would have told her teacher's name at the very beginning.

Just as he was about to speak again, Jennifer spoke.

However, this sentence caused everyone's expression to change!

[Chapter 1138](#)

1138 Continue to slap faces (2)

“Who are you?”

Jennifer spoke in simple yet cold English.

The smile on han mingmei’s face instantly froze.

She wondered if she had heard wrong.

Or perhaps there was a word that had two meanings and he had not yet mastered it?

Since Jennifer’s words were very powerful, everyone behind han mingmei could hear it clearly. The expressions on their faces were as interesting as they could be.

At that time, the CQ group had already spread the word.

They were only willing to come because han mingmei and Mr. Han were ‘close’ to Ms. Jennifer!

Why did he not recognize her now that she was here?

Isn’t this nonsense?

That was what everyone was thinking, but no one dared to say it out loud!

“Ms. Jennifer, I ...”

Just as han mingmei was about to speak, she was impatiently interrupted by anatol.

“Go and ask if the car is fixed.”

Her words were directed at the bodyguard standing by the car, and she didn’t even spare han mingmei a glance.

Upon hearing this, everyone’s eyes followed the bodyguard’s path.

It was only then that the others noticed that the hood of the front engine was indeed open. Perhaps it was because they were shocked to see Jennifer and annatuer in person at the beginning that no one noticed the problem.

It turned out ...

The car broke down!

Their gazes unconsciously looked in han mingmei’s direction, but no one spoke.

In the silence, it was obvious that han mingmei’s expression was extremely ugly.

Even her beautiful facial features were distorted.

No one would have thought that this would happen. Where would han mingmei and the CQ group put their face?

However, this was obviously not something the reporters should worry about.

There must be a reason why people of such high status like Jennifer and Annunciata suddenly appeared in Rivertown. Moreover, the sharp-eyed reporters noticed that they were dressed in luxurious clothes. They were obviously going to attend some event.

Was there any other big event in Jiang city that could afford to invite these two?

“The car has been fixed.”

The bodyguard walked back and said in a deep voice.

“Yes.”

Jennifer threw something out of the window without even looking out.

The bystanders just glanced at it inadvertently and were stunned.

That thing was ...

She subconsciously looked at han mingmei. At that moment, han mingmei’s face could not be simply described as ugly. It was green and white, as if she would faint in the next second.

The thing that was thrown out of the car window by the Jennifer people was none other than the invitation letter that was torn in half from the CQ team!

Who wouldn’t understand this obvious face-smacking action?

It was no longer important whether the car that Jennifer and Annunciata were in was really out of order or not. The key issue was their attitude. They clearly did not care about han mingmei at all!

since it’s fixed, let’s go. Hanxing is still waiting for us at Y. R!

Annatuer was an impatient person. After saying this, she fiddled with the blue and white Y. R. Invitation card in her hand.

The car window slowly closed.

Everyone was left standing in the smoke, looking at each other.

He couldn’t believe his ears.

Just now, annatuer ...

Did he mention the name of the Lin family’s ninth young master, Lin Hanxing?

The invitation card in her hand ...

Was it an invitation to the Qi corporation’s new product launch at Y. R. Today?

Oh my God!

Jennifer and Annunciata were here for Lin xiaojiu!

When everyone realized this, their faces instantly turned ugly!

Every one of them had received an invitation from Y. R.! It was because of the news from CQ that Jennifer would be coming that they had come here first!

At this moment, this group of people were filled with regret.

In the afternoon, when the news was brewing on the internet, Lin xiaojiu had already caused a huge uproar. Why couldn't they just remember?

Compared to this group of people, the ones who regretted the most were the reporters.

If they were still mocking the BA Le Fashion reporter a moment ago, then everyone was now envious of his dumb luck! Even if they wanted to rush over now, they would need to waste a lot of time. But this reporter Zhou ...

They were just waiting for the guests to come!

There were a few who were particularly smart and knew how to stop their losses in time. Before they even sat down, they had already excused themselves from Han Mingmei with the excuse that they were not feeling well and turned around to leave with their assistants.

If there was a first, there would be a second.

Someone suggested that there would be others who would follow suit.

All of a sudden, the guests who had come to the door to chat with each other retreated like running water. It was as if there were beasts chasing after them.

The press conference had officially started, but the guests inside realized that the seats around them that were originally full were empty. They quickly called their friends!

Word of mouth spread about the scene that had taken place at the entrance of the launch conference of CQ group.

Very soon, everyone basically knew about it.

No one had expected Lin xiaojiu from the Lin family to have such a wide social circle. The whole world knew that Jennifer and Peter were enemies. They would fight each other to the death if they met. Who would have thought ...

The two of them were actually able to get along peacefully for Lin xiaojiu?

The more he thought about it, the more he regretted coming to the press conference first. He heard that Han Mingmei had even pried away Qi Li's assistant and senior management!

It was really out of tune!

It's out of tune!

The crowd flowed away like water.

Soon, there were only the young hunks and little flowers who had been invited to take charge of the venue.

The VIP seats behind them were all empty!

This was the first time these celebrities had encountered such a thing.

He only felt that it was unbelievable!

However, they also knew about Y R. These celebrities wanted to go, but they didn't even receive an invitation. They couldn't just be thick-skinned and go, right?

"President han, what should we do!"

Yuan Qili's assistant was so anxious that she was scratching her ears and cheeks, and wanted to jump up and down.

At that moment, han mingmei was still standing at the door, looking in the direction that Jennifer and Annunciata had left.

The guests' cars drove away from her one after another.

It made han mingmei, who was standing in place, look like a joke.

The group of reporters had long since disappeared, and the large venue was empty. Only the pop music from the stage was extremely ear-piercing!

With a loud slap, han mingmei gathered all her anger into this slap.

He threw it at the assistant's face!

"What do you mean what to do? What do you think we should do?"

Han mingmei spoke gloomily. Her voice seemed to be squeezed out from between her teeth, and her entire face looked distorted!

The assistant covered her face and didn't dare to make a sound.

In her heart, she was already cursing at Yin Qili, Lin xiaojiu, and even their ancestors a hundred times.

Who would have thought that a mere Lin xiaojiu would have the ability to do as he pleased!

"Let's go!"

After a while, the assistant suddenly heard han mingmei say this.

He raised his head and was shocked!

"Where, where are we going?"

"Y.R.!"

[Chapter 1139](#)

1139 Continue to slap faces (3)

The Qi corporation's fashion show at Y. R. Was in the warm-up stage.

The members of the Lei family were all dressed up before the start of the event.

“First aunt ...”

Yuan Bao, who was wearing a tuxedo, pounced on Lin Hanxing.

Lei kangnian looked at the empty seat and frowned slightly. It was as he had guessed.

When the reporters from Ba Le entertainment saw the Lei family, they could not help but get excited.

In the past, the Lei family had been too low-key!

Now, apart from the third young master Lei Cheng, everyone else from the Lei family was here. This was simply unbelievable!

Ba Le entertainment recalled how the Lei family had moved out to protect Lin Hanxing when the internet was being abused by one side. She could not help but sigh in her heart. The Lei family had really doted on Lin xiaojiu as if he was their family!

Anyone who saw this scene would not doubt this!

“Where’s ah Xiao?”

Mother Lei looked around but did not see Lei Xiao.

“He went to the airport after taking a call.”

Under the bright lights, Lin Hanxing’s dimples were deep and shallow. It was a beautiful sight.

“Can ... Can I ... Take a picture of you?”

Suddenly, the reporter from Ba Le Fashion said excitedly, his eyes full of anticipation.

The Lei family’s four young masters frowned and were about to refuse, but they heard father Lei, who had never been interested in such things, speak first.

“Ba Le Fashion?”

Father Lei glanced at reporter Zhou’s reporter pass.

“Yes,”

At this point, reporter Zhou was a little lacking in confidence. After all, his family wasn’t very famous in Jiangcheng. With this thought in mind, he was already prepared to be humiliated and rejected.

After all, he didn’t have much hope for something that many of his famous colleagues couldn’t do!

“Sure.”

Father Lei said in a low voice.

The reporters, who were already prepared to be rejected, suddenly widened their eyes when they heard this word.

This unexpected answer made him pleasantly surprised!

“But we have to wait for ah Xiao to come back.”

Father Lei added.

Reporter Zhou from Ba Le Fashion expressed his gratitude.

“If you want to thank someone, you should thank yourself.”

Mother Lei was wearing a new outfit from the Qi Corporation that had yet to be released. The smile on her well-maintained face made the reporters a little confused.

He didn’t seem to understand what he meant.

Lin Hanxing, on the other hand, lowered his head and glanced at his watch, as if he was counting the time.

Lei min noticed her movements.

“This bunch of people are really blind!”

Looking at the empty seats, mother Lei was furious.

“It’s almost time.”

Lin Hanxing said meaningfully. Before the others could react, Qi Li had already run over with a shocked face.

“Xing! Heavens!”

Qi Li had obviously come here with a heavy heart. After saying this, she began to pant!

The sudden words caught everyone off guard.

“What is it?”

Lei min asked. He then subconsciously glanced at Lin Hanxing and thought of how she had looked at her watch earlier.

Qi Li gasped for breath, but then she saw Lin Hanxing take a glass of fruit juice from the waiter’s tray and hand it to her.

“Speak slowly.”

Qi Li gulped it down and finally recovered.

“All the guests at han mingmei’s place have left!”

It was a simple sentence but it surprised everyone. They subconsciously looked at Lin Hanxing.

This action also showed that they all believed that she was involved in this matter.

“Now, everyone is coming over to us!”

Although Qi Li knew from the beginning that Lin Hanxing would have a way, she still couldn’t help but scream when she heard the news and thought of han mingmei’s arrogant look at the beginning.

Lin Hanxing smiled and took the empty cup from Qi Li.

“Then why don’t you get someone to prepare it?”

Qi Li was stunned at first, then she ran away.

Meanwhile, reporter Zhou from Ba Le Fashion had just hung up the call with the chief editor. He looked at Lin Hanxing with a dumbfounded expression.

From the phone call, the reporters had already found out what had happened at the CQ team.

Who could imagine that one second he was worried about being fired by the editor-in-chief, and the next second he became the glory of the entire Department? the editor-in-chief even promised to raise his salary and promote him when he returned!

“Miss ... Miss Lin ...”

Reporter Zhou could not say a word for a while.

Lin Hanxing smiled but did not say anything. Instead, he looked at the Lei family.

dad, mom, the scene might be a little chaotic later. I’ll get someone to bring you to your seats first.

She waved her hand, and a waiter came over.

“You don’t mind if reporter Zhou comes along, right?”

The other party hurriedly nodded in agreement.

What a joke, he couldn’t even be happier, how could he mind?

Furthermore, he was sitting right next to the Lei family!

I’m afraid I won’t have a second chance in this life!

After being led to the VIP seats by the waiter, reporter Zhou realized that the chairs, which had not been marked with the names of the guests, had been labeled.

Just by looking at those names, he was about to suffocate!

He couldn’t help but take out his phone and take a photo of the empty seat, then posted it on his WeChat moments.

He only wrote four words.

This life was not in vain!

At almost the same time as the post was published, the industry colleagues had already started to like it like it like crazy!

When those people saw that the picture of the venue was actually posted by a little reporter who had never done anything before, they regretted it so much that their intestines turned green. Just based on this guest lineup, the few young hunks on han mingmei’s side were nothing!

To be able to see these world-renowned names, this Ba Le Fashion reporter would not be able to show off for the rest of his life!

Wasn't this life not in vain!

With that thought in mind, the group of people rushed to Y. R. Without stopping!

At this moment, Y R was shrouded in bright lights and the entrance was tightly surrounded. Compared to the deserted door earlier, the scene of the bustling city was simply jaw-dropping!

However, even with the invitation in hand, the security guards at the entrance had no intention of letting them in.

The influential people in Jiang city were waiting outside without any temper. From the way Y. R. Security was acting, it seemed like some important guest was visiting.

Even han mingmei was stuck outside.

Through the half-lowered window, only her eyes could be seen. Seeing the guests who were supposed to be at her press conference rather than leave, han mingmei felt as much hatred as she could.

After a long time.

Black luxury cars drove up from behind one after another.

Y. R. 'S door, which had been closed, finally opened at this time, and people couldn't help but turn their heads to find out the identity of the person in the car.

"Call the police!"

Suddenly, han mingmei said to Qi Liyuan's assistant.

"Ah?" The other party's expression was one of shock, clearly not understanding what han mingmei was up to on a whim!

just say that the Qi family stole the important confidential documents of the dk organization and plagiarized the clothes tonight. Anyway, get the police here. I can't let Lin Hanxing get his way!

Han mingmei roared as if she had gone crazy!

Qi Liyuan's assistant was so scared that her face turned pale. Wasn't this ...

Did he make a fake police report?

[Chapter 1140](#)

1140 Continue to slap faces (4)

After the first batch of luxury cars disappeared at the entrance, about ten minutes later, the security guards at Y. R. 'S entrance began to let them in under the command of the mute uncle. This naturally caused dissatisfaction among the people who had been waiting for a long time.

The mute uncle's reaction was also very direct. He laughed coldly and ignored her.

He had a posture of “if you don’t want to come, then get lost.”

Back then, miss Jiu had ordered people to send the opportunity to these people, but they had chosen not to come. Since they had missed it, then don’t blame them for not waiting!

Han mingmei saw this scene.

‘Lin xiaojiu, you can continue being arrogant. I’d like to see ...’

How are you going to end this!

.....

In the venue, Ba Le fashion’s reporter Zhou was so excited that his entire body was trembling.

He could not believe his eyes!

If the Lei family sitting next to him was enough to make him feel fear and trepidation, then the other guests were enough to make him kneel down and worship them. What right did he have to sit in the first row of the VIP seats?!

It was the newly crowned Oscar Best Actress, Monica!

The International Director, Jason!

Not to mention the leading figures in the fashion industry that he could only see in magazines and on television ...

It was so dazzling that it was shocking!

Compared to them, reporter Zhou was as small as a grain of sand in the vast sea.

He couldn’t sit still!

What’s more, after a short period of chaos, the reporters had all taken their positions in the media area not far away. He could clearly feel the shocked gazes of those people when they saw his position!

The phone that had been set to vibration had not stopped.

All of them were WeChat messages and even missed calls!

If Wanwan wants to thank someone, you should thank yourself!

It was only then that reporter Zhou finally understood the meaning behind mother Lei’s words!

If he had not followed up on the incident with the CQ group, if he had not chased after Lin Hanxing and said those things, if ...

How important was it to choose the right person to side with!

“My daughter-in-law’s connections ...”

Mother Lei couldn’t help but exclaim. There wasn’t the slightest bit of displeasure on her face, but instead, it was full of pride!

"I'm sure now ..."

Lei Jue lowered his voice as he whispered to Lei min, a smile still on his handsome face.

"I'm afraid that sister-in-law's identity isn't limited to what's revealed on the internet!"

Lei Yu smiled but did not say anything.

To him, it did not matter who Lin Hanxing was or how many identities he had. What was important was that she was their sister-in-law.

"Star."

Lin Hanxing turned around with a smile when he heard someone calling him.

The moment she saw Lin Hanxing, an angel, who had been sneering at the door of the CQ group press conference, smiled and opened her arms in her ten-centimeter heels.

"Let go of our little princess!"

Suddenly, Peter came out from an unknown corner and blocked in front of Annunciata.

What a joke, how could their little princess be sullied by this old witch?

"Aunt Jennifer."

Lin Hanxing greeted Jennifer with a half-smile when he saw that Peter had sneaked out.

Seeing this, all the media reporters were stunned.

The whole world knew that these two were natural enemies. They would fight each other every time they saw each other. The two of them could even start a war of words across space. Now, they were actually getting along peacefully because of Lin xiaojie?

It was simply too inconceivable!

If they hadn't seen it with their own eyes, they wouldn't have believed it!

Peter's expression crumbled the moment he saw Jennifer. He looked like an abandoned little wolfdog as he looked at Lin Hanxing with a sad expression.

"If you agree to a bet, you must accept your loss."

Lin Hanxing shrugged. The smile on his face seemed to be able to light up the mole at the corner of his eye.

Even Annunciata crossed her arms and waited with a look of anticipation.

Jennifer looked at Peter coldly.

One was a leading figure in the supermodel circle, while the other was a leading figure in the design industry ...

At this moment, it was as if the king didn't see the king!

Were these two people going to fight?

Everyone had the same question in their minds!

Peter took a deep breath and walked towards Jennifer who was looking at him coldly!

Everyone present held their breath!

“Old ... Old witch ...”

She stuttered and finally called him by his usual nickname. When she saw Jennifer raising her eyebrows and looking at her, she could not help but feel her heart skip a beat.

But soon, Peter’s azure blue eyes showed determination!

He quickly walked towards the other party!

Just when everyone thought that blood would flow three feet in the next second, an unexpected scene happened in front of everyone’s eyes!

Peter suddenly reached out to Jennifer, turned her face over, and kissed her hard in this position!

Everyone was silent!

No one said anything!

They looked at the scene in front of them, dumbfounded!

He did not even react when Peter was done kissing Jennifer and dragged her to the back of the stage!

After a long time, thunderous exclamations burst out!

This was simply too! Too! Too! Too! It was unbelievable!

“I’m so worried for the two of them!”

Annatuer could not help but roll her eyes. She subconsciously held Lin Hanxing’s hand, but when she touched the ring on her finger, her eyes widened in surprise!

A wedding ... Ring?

She’s married?

When Lin Hanxing saw her expression change, he quickly made a gesture to keep quiet.

Other than a few people who knew about her marriage with ah Xiao, no one knew the inside story.

“Who’s that man?”

The so-called ‘female devil of the fashion world’, annatuer, was shocked. This news was even more shocking than finding out that her best friend had gotten together with her arch-enemy!

Lin Hanxing smiled without saying anything.

“Star!” Annatuer asked anxiously.

As they were talking, there was a clamor not far away!

“He’s here,”

Lin Hanxing did not need to turn around to know that it was Lei Xiao.

“Heavens, how could it be Valette?”

This time, even annatuer’s face showed some excitement!

Valette, a member of the Saudi royal family, was often called Prince Valette. His most famous title was ‘Middle East God of stocks’, and people affectionately called him ‘Saudi Buffett’!

Over the years, because of Saudi’s internal problems, this person had been in deep seclusion for too long.

eh, the young man who’s chatting happily with him is ...

Annatuer raised an eyebrow in confusion.

The man was wearing a black suit that was hand-tailored, which highlighted his strong, tall, and perfect figure! His facial features, which seemed to be carved out of marble, explained what it meant to be favored by God, even though the man’s entire body exuded a cold aura!

With this figure, it would be a pity not to be a supermodel!

“My husband.”

Just as annatuer was thinking about this, Lin Hanxing’s calm voice suddenly sounded in her ear.

Oh, so it’s three meters of cold star ...

What was that?

Annatuer’s eyes widened, and she turned her head to look at her in disbelief!

Cold star was already heaven-defying enough!

How could her husband be more heaven-defying than her?

As if he had sensed something, Lei Xiao raised his head and accurately caught Lin Hanxing’s line of sight.

A thin smile suddenly appeared on his cold face, which instantly made the women present reach out to cover their hearts. They felt that even their heartbeats were in disorder because of the tenderness of this Iron Man!
