

Goodnight 1161

[Chapter 1161](#)

1161 We're all her dogs

Lin Jiaojiao let the coarse taste of nicotine linger on her lips and tongue.

Lin Hanxing remained silent.

Her long, slightly curly hair, which had been carefully tidied up by mother Lei, spread in the wind, and the whispers around her seemed to drown everything.

Dickens had once written that the best manners were not to be a busybody.

However, in today's fast-paced society, most people could not maintain such courtesy.

"But I'm different. I'm not willing to accept this."

Lin Jiaojiao sighed.

She wanted to be a person, a person with a straight back.

"On the first day you returned to the Lin family, I was the one who incited Luo Ruyin to cause you trouble."

Lin Jiaojiao and Lin Hanxing looked at each other as she spoke.

"I'm also involved in Luo Ruyin's collusion with Lu Jiashu,"

"There are still many things ..."

Lin Jiaojiao took a puff of the cigarette. The smell was too strong and it went into her lungs. For a moment, she had the urge to cough.

But she held back.

"After you disappeared, Luo Ruyin and I grew up together. That idiot always wanted to suppress me in everything. I've never seen her suffer such a big loss at the hands of anyone!"

"So, you want to use me to deal with Luo Ruyin."

Lin Hanxing said coldly.

"You're right."

Lin Jiaojiao moved her stiff ankle slightly, as if she was struggling before death.

"You already knew, right?"

He laughed bitterly.

Even though Lin Hanxing did not say anything, Lin Jiaojiao already had an answer in her heart when she saw Lin Hanxing's eyes.

“You’re talking about me,”

The cigarette had already burned to the end.

However, when the flowers bloomed, they wilted again.

“Little nine! You promised Wan ‘er! You promised her that you would spare Jiaojiao!”

Suddenly, Lin yanshu moved towards Lin Hanxing’s knees like a madman. He knelt in front of her and kowtowed a few times, not even caring that he was bleeding.

Lin Hanxing looked at him coldly.

The reporters picked up the equipment in their hands and snapped photos of this scene.

“Big brother,”

Lei min and Lei Jue’s expressions were ugly.

“Activate media intervention.”

Lei Xiao said in a low voice, his eyes revealing an unspeakable coldness.

I did promise Zhong Wan ‘er to spare Lin Jiaojiao, but that doesn’t mean that Lin Jiaojiao wants to die. I’m going to stop her.

Lin Hanxing’s cold voice frightened the people around him.

Especially when these words came from Lin Hanxing, who had been dressed like a student by mother Lei today, it made people shiver even more as if they had misjudged him.

Her calm tone made it seem like she was not talking about a human life, but some random cat or dog.

Lin Hanxing looked down at Lin yanshu.

The corners of his mouth even slowly curled up into a thin smile.

Lin yanshu’s entire body was shaking uncontrollably.

little uncle, if only you could stand up straight back then, even if it was just to say a word for your family ...

Lin Hanxing’s eyes were so cold that there was no warmth in them.

Even his voice was the same.

“You wouldn’t have ended up like this!”

She didn’t even need to do anything. This seemingly strong and indestructible family collapsed in the wind with a light touch. Lies and cowardly compromises not only failed to earn respect, but instead ...

It would make people forget themselves.

He was insatiable.

The Lin family was such an abnormal existence.

Perhaps Lin Jiaojiao had never expected this.

One day, the person who could expose the hatred in her heart would be Lin Hanxing!

With just a few words, she had exposed the hatred and dissatisfaction hidden deep in her heart, allowing the pus and blood that had formed over the past ten years to gush out.

To his heart's content!

Lin Jiaojiao didn't know if it was the effect of the nicotine, but she felt that her blood was constantly boiling, and even her pulse was accelerating.

In silence.

Her tears fell down.

"We're all her dogs!"

With tears in her eyes, Lin Jiaojiao raised her hand and pointed at Lin youlin, screaming at the top of her lungs.

It was as if he had gone crazy.

Even though she was surrounded by police officers, Lin youlin still took a step back, her eyes full of fear.

The cigarette burned her hand, and the burning pain made Lin Jiaojiao's heart feel happy and bright.

"All of you, listen up!"

Lin Jiaojiao shouted in the direction of the reporters.

Lin xiaojiu wasn't kidnapped by human traffickers eighteen years ago!

Lin xiaojiu was killed by her biological aunt, who is also my biological aunt ...

Lin Jiaojiao sneered and looked at Lin youlin.

"Lin youlin personally sold it to someone else!"

A loud boom was heard, like a bolt from the blue. It shocked everyone so much that they could not come back to their senses. Even Lei Pi and Lei Jue were shocked and could not speak for a long time.

Lin Hanxing was the only one who stood there quietly.

It was as if the topic of conversation had nothing to do with her, but it also seemed like Lin Jiaojiao was talking about someone else's family.

He was so cold that it was ridiculous.

The exclamations around them were so loud that even the police officers looked at Lin Hanxing and the Lin family in shock.

Lin Hanxing's disappearance had caused a huge sensation back then. There was even a period of time when everyone was in danger, so much so that school had to end early, for fear that even the slightest accident would happen.

But now, someone had pointed it out ...

The tragedy back then was actually man-made?

Or was it Lin xiaojiu's aunt's doing?

This ...

Wasn't this a little too outrageous?

"Nonsense! You're crazy! You crazy AIDS patient!"

Lin youlin was shocked and angry!

He spoke without thinking!

When they heard that Lin Jiaojiao had aids, the reporters and onlookers who were trying to get close to her couldn't help but step back quickly. They were so anxious that they even staggered a few times.

He seemed to be extremely afraid.

"I'm a lunatic, but what about you? Who Do You Think You Are?"

Lin Jiaojiao raised her head and sneered.

It was as if he was mocking the heavens.

Lin xiaojiu, if you believe what I'm about to say, then please remember!

Suddenly, Lin Jiaojiao's expression turned ferocious and she spoke very quickly.

The clamor around her seemed to be frightened by her expression and gaze.

Their hearts were in their throats.

"Eldest uncle was implicated by eldest aunt! Those people were looking for something on first aunt's body! His aunt was an accomplice! My father was also an accomplice! Everyone in the Lin family is an accomplice!"

you're talking nonsense!!!

Lin youlin screamed madly, the sound of her scream was like the sound of a burning kettle whistle.

It was harsh and unpleasant to hear.

Even the police officer who was standing next to her at the beginning could not do anything to her.

At this moment, Lin youlin's eyes were bloodshot, as if she was about to kill someone!

"Cousin, remember, if you want to find the truth behind Big Uncle and big aunt's deaths, you must find that thing! We must find that thing before they do!"

Lin Jiaojiao looked at Lin Hanxing with a sad expression.

Then, he looked up at the sky.

“Mom, I’m here to accompany you!”

No one had the time to recover from the shock as they watched Lin Jiaojiao silently jump ...

Jump off the overpass!

[Chapter 1162](#)

1162 Emotions that exploded in an instant

Lin Hanxing’s long, curly hair spread out behind her like seaweed in the water as a gust of wind blew in from somewhere.

Screams, cries, discussions ...

An endless stream of movement was coming towards her.

Uncle Qingqing was implicated by his aunt! Those people were looking for something on first aunt’s body! His aunt was an accomplice! My father was also an accomplice! Everyone in the Lin family was an accomplice!

Lin Hanxing took a few steps towards the place where Lin Jiaojiao had jumped down, her beautiful eyes deep and dark.

Cousin Yingluo, remember, if you want to find the truth behind eldest uncle and eldest aunt’s deaths, you must find that thing! They had to find that thing before they did!

Suddenly, a great force that seemed to be able to shake mountains and rivers surged from behind him.

He grabbed Lin Hanxing’s wrist and pulled her back into his arms.

In an instant, the familiar smell of a man assaulted her!

It was as if the pause button had been pressed.

The shrieks around him were also covered in dust.

Lin Hanxing closed his eyes.

She knew.

Her ah Xiao.

It came.

“Don’t look.”

Lei Xiao said in a deep voice, his eagle-like eyes scanning the swarming reporters who wanted to interview Lin Hanxing.

That vicious and bloodthirsty look ...

It caused the group of people to stop in their tracks.

He didn't dare to move forward.

Lin qianlin was the only one who glared at Lin Hanxing through the crowd.

Her eyes seemed to be filled with the vilest things in the world.

Lei Xiao's sinister eyes met Lin youlin's.

Lin youlin was so scared that she shivered.

He subconsciously took a few steps back.

Finally, he fell to the ground with a thump.

"Eldest brother, eldest sister-in-law."

Lei Cong and Lei Jue walked over with serious expressions and blocked the two of them from the group of reporters. Lei Xiao retracted his cold gaze and protected Lin Hanxing in his arms. He turned around and walked back the way he came.

"Lin xiaojiu! Isn't our Lin family already in enough trouble because of you?"

Lin youlin suddenly let out a shrill scream!

Everyone was shocked!

Lin Hanxing stopped in his tracks.

The Thunder valiant beast's arms tightened, but he still let go of the hand that was protecting her.

Lin Hanxing turned around silently.

A pair of beautiful eyes followed the direction of Lin youlin's voice.

There was no emotion in his dark eyes, cold and distant.

No one knew what Lin Hanxing was thinking.

The wind seemed to be stronger than before.

Lin Hanxing's long hair scattered in the air.

Suddenly.

She smiled.

It was like the sudden arrival of spring in winter, making people's hearts tremble.

Delicate eyebrows, a deep mole under her eyes, a small nose, and red lips ...

It was as if all of them were showing off her beauty.

Even Lin youlin, who was also a woman, was stunned.

She did not realize that Lin Hanxing was walking towards her. When she finally woke up, Lin Hanxing was already standing in front of her with a beautiful smile on his face.

Lin qianlin's heart jumped to her throat.

However, because there were so many people around, she felt that Lin Hanxing would not dare to do anything to her. She raised her head with a stiff expression, and even her eyes looked provocative!

"Aunt."

Lin Hanxing leaned over and said indifferently.

He looked at Lin youlin.

He raised his hand and his cold fingertips brushed across her face.

Lin Hanxing could clearly feel the trembling of his fingertips.

Just as everyone was immersed in this scene, they were startled by the sudden screams in their ears!

It all happened too quickly. They watched as Lin Hanxing grabbed Lin qianlin by the throat, pulled her up from the ground, and walked towards where Lin Jiaojiao had fallen.

Lin youlin was struggling.

However, no matter how much she struggled, Lin Hanxing remained unmoved and steadily walked towards his destination.

"Miss Lin, stop!"

The police officer reacted after a while and reached out his hand as if to stop her.

She was a step too late, Lin Hanxing had already brought her to the edge of the overpass.

The howling wind suddenly blew her slightly curled long hair away!

"Did you see that?"

With a thump, Lin Hanxing threw Lin youlin there like a piece of trash. His face was expressionless, and when Lin youlin wanted to Dodge, he kicked her back to where she was.

She didn't even have the slightest intention of covering up for her actions.

He allowed everyone to watch him.

Lin Hanxing grabbed Lin youlin's hair bun and pressed her against the edge of the overpass.

From Lin youlin's angle, she could see the blood on the ground when Lin Jiaojiao fell.

The piercing red stimulated all her senses.

"You wouldn't dare! Lin xiaojiu, you won't dare to throw me down!"

"Lin Jiaojiao is dead!"

The smile on Lin Hanxing's face did not change, and even his voice was as soft as the wind, but it was a different feeling in Lin youlin's ears.

It was a fatal feeling!

Lin youlin wanted to break free, but the strength of Lin Hanxing's hand was not to be underestimated.

His eyes widened.

Her entire body was shaking like a sieve.

He didn't know if his fate would be the same as Lin Jiaojiao's.

Blood was dripping!

It was a shocking sight!

As if to confirm Lin youlin's thoughts, half of her body was pushed out of the guardrail by Lin Hanxing and suspended in the air!

"Sister-in-law!"

Lei Jue exclaimed.

Even if he really wanted to deal with this vicious woman, he had thousands of ways to do it in private, but it was the most unwise one to do it in front of so many eyes!

A gust of wind blew against her face, scattering her hair.

"Luo Mingwei, Luo Ruyin, Luo Wenbo, Lin Jiaojiao ..."

Lin Hanxing said coldly, not giving the already tense Lin youlin any chance to breathe as he slowly ate away at her rationality.

"Who do you think will be the next one?"

Her hands were buried deep in Lin youlin's hair, gripping her scalp tightly.

Lin youlin felt like puking.

Her heart was about to fly out of her throat.

However, Lin Hanxing's voice followed her like a shadow, and she had nowhere to hide.

Lin youlin didn't dare to speak.

The howling wind forced the tears in her eyes out, and if Lin Hanxing let go, she would definitely die!

Lin xiaojiu was a lunatic!

When you thought she didn't dare to do anything, she would always go beyond your expectations.

Therefore, no one could guarantee that she would really let go!

Lin youlin didn't dare to bet her precious life on it!

Lin Hanxing did not say anything.

His eyes were cold as he looked down at the bridge that looked like an abyss.

“Cold star!”

It was only when Lei Xiao’s voice rang in her ears that she pulled herself out of her dark emotions. Even her cold fingertips were dyed with warmth again. Her dark eyes narrowed slightly, and she regained her calm in a moment.

“Aunt, no matter who that person in the capital is ...”

Lin youlin’s eyes widened as soon as Lin Hanxing said that.

The capital!

She actually knew that the person was in the capital?

“Tell her what I said today!”

[Chapter 1163](#)

1163 Leicheng’s return

“One day, I will make her pay with her blood!”

As soon as he finished speaking, Lin Hanxing pulled Lin youlin, who was already half-hanging in the air, back and threw her to the ground with a loud thud.

Lin Hanxing stood where he was and looked coldly at Lin youlin, who was struggling on her last breath.

The police took a step forward, but Lei Xiao was faster than them.

After shielding Lin Hanxing behind him, Lei Xiao looked at the other party.

“If you have any problems with sister-in-law’s actions just now, you can discuss it with me.”

Lei Jue walked over and handed his business card to the other party.

One of the police officers extended his hand, but was quickly elbowed by the person next to him. His hand trembled and he did not take it.

There were many areas where lawyers and the police needed to cooperate.

They naturally knew the identity of the man in front of them.

Or rather, as one of the four young masters of the Lei family, who in Rivertown didn’t know them?

but I will also reserve the right to file a complaint for my sister-in-law to investigate the truth of her disappearance. I hope that Ms. Lin youlin will consider this carefully! Lei Jue’s voice was cold, serious, and professional. Even Lin youlin, who had just ‘escaped death’, froze on the spot when she heard his words!

Lin Hanxing’s long eyelashes fluttered behind the Thunder valiant beast as he quickly regained his calm.

When she opened her eyes again, there was no change in her delicate little face.

Over Lei Xiao's shoulder, she looked at the man who had been standing near the overpass in a daze since just now.

His spine seemed to have never been straight.

"Let's go back,"

Lin Hanxing said in a deep voice. Mother Lei and father Lei were still waiting in the car. It would only be a waste of time if they stayed.

It was almost ten minutes later when the group returned to the car.

"Has the matter been resolved?"

When mother Lei saw them, she subconsciously held Lin Hanxing's hand.

At this moment, that hand was cold.

After being touched by Madam Lei's warm palm, he finally regained some of his warmth.

"Yes."

Lin Hanxing smiled. Father Lei, on the other hand, was keenly aware that his sons' expressions were not quite right.

Before they left, the police had told them that they would call her if they needed her cooperation.

The convoy, which had been stuck for hours, began to move forward slowly.

Although it was slow, it was still much better than just now.

When the car passed by the place where Lin Jiaojiao had jumped off the bridge, Lin Hanxing did not even turn his head to look at her. She did not even think about anything and her expression was as calm as ever.

They arrived at the airport more than half an hour later than expected.

Lei Xiao gave Lei Cheng a call.

On the other end of the phone, Lei Cheng had clearly just picked up his luggage. He hung up after a few simple words.

A group of people stood at the exit waiting for him.

Not long after, a handsome man in a black carsimi coat came out with a luggage cart.

It caused a commotion among the women around him.

That man had a face that naturally attracted women, and his handsome appearance had obviously inherited the excellent genes of the Lei family.

"Little San!"

Mama Lei was the first to cry out in joy, waving in Lei Cheng's direction.

And this form of address attracted the people around him to turn their heads.

Lei Cheng stopped in his tracks and looked helplessly in his mother's direction. He seemed to have gotten used to his mother's carefree personality. Even though the term 'mistress' had been given a different color over the years, she still liked to call him that.

"Mr. Matthew Lei!"

Before Lei Cheng could walk over to the Lei family, the people who had been waiting at the side swarmed over.

[Chapter 1164](#)

1164 The reporters that swarmed up

There were editors from publishing houses, people in charge of film and television companies, and even fanatical followers who had come because of his fame.

All of a sudden, the exit was completely surrounded.

"....."

Before Madam Lei could put down her hand, she saw her son surrounded by many men and women.

"Tsk, tsk, young girls these days are really not afraid of the cold."

The weather outside was still warm and cold, but this group of young ladies had already exposed their ankles and thighs.

Mother Lei couldn't help but shrink her neck.

It was freezing.

"Look at how popular mo is. If we sell the books in the study that he signed, will they be worth a lot of money?"

Mother Lei voiced out her thoughts.

Hearing this, Yan beiming could not help but laugh.

"Mother Lei, don't you know?"

Yan beixiao went to Mama Lei's side and lowered his body to rest his head on her shoulder.

the first edition of Lei Xiaosan's book is out of print now. If it still has his signature, it would be worth the price!

As he spoke, Yan beiming gestured with his fingers.

Mama Lei's eyes widened.

"US dollars."

Yan beiming quickly added.

“.....”

Mama Lei was on the verge of tears.

Could the book that Xiao Yanzi was talking about be the set of books that she had used as a stepping stone?

No wonder every time the old man saw it, he looked like he wanted to say something but stopped.

If she remembered correctly, the last time she took advantage of their absence to secretly eat instant noodles, she even used that book as a food cushion!

It's a sin, a sin!

Yuan Bao tilted his head and looked at his third uncle curiously. He was about to hold Lin Hanxing's hand out of habit when he realized that she was distracted.

His eldest uncle was also looking at his eldest aunt with a deep gaze.

While the little Smarty Yuan Bao was mumbling to himself, a commotion broke out not far away. However, this time, the attack seemed to be even more intense than the previous one, and even the airport security was alarmed.

However, before the security guards could be mobilized, the swarming reporters had already found their target!

“Miss Lin!”

“Miss Lin is there!”

“This way, this way, hurry up!”

The sound of messy footsteps drowned out the broadcast in the airport. Those who didn't know what was going on thought that a celebrity had come out.

Yan beixiao's carefree attitude instantly disappeared, and he subconsciously looked at Lei Xiao.

However, he could see the problem with a glance.

He straightened his back and picked up his phone almost instantly to call Liang yuran, asking him to send people over in the shortest time possible.

In the time it took to make a phone call, they were already surrounded by a swarm of reporters.

“Miss Lin, is what your cousin said before she jumped off the bridge true?”

“Were you really sold by your aunt to those people?”

miss Lin, have you really forgotten what happened back then? ”

“Did you really come back for revenge?”

A series of questions bombarded his head like a barrage of cannonballs, not giving him any breathing space.

Lin Hanxing stood there in silence.

She allowed the reporters to surround her, and the sound of snapping photos was endless. It was like a scene that would only appear in a TV drama, causing the passers-by to repeatedly look back.

The word “ugly” was not enough to describe the Thunder valiant beast’s expression.

Lei min and Lei Jue had already reacted the moment the reporters surrounded them. Yan Beichen, who did not know what had happened, protected Lin Hanxing at the same time. His heart trembled when he heard those words.

“Miss Lin, miss Lin, please answer!”

“Which company are you from?”

The Thunder valiant beast’s voice was gloomy and cold, like an icicle, piercing straight into one’s heart, causing one to unconsciously feel fear.

He reached out and covered the other side’s microphone!

He was clearly enraged!

Although mother Lei did not know what was going on, she still strode towards Lin Hanxing and stood in front of him.

“Is President Lei trying to hinder the freedom of the press?”

It was unknown which young and inexperienced reporter craned his neck and retorted.

“If you really wanted to hinder the freedom of the press, you wouldn’t even have the chance to say this.”

Lin Hanxing’s cold voice rang out.

It was neither light nor heavy, but it made people feel like they had walked through purgatory.

She slowly walked out from behind the Lei family members who were protecting her. Her small face was expressionless, and her eyes were cold. The pressure was so strong that it made it hard for people to breathe.

“Miss Lin, do you hate your aunt and the Lin family?”

“It’s none of your business!”

Yan beiming cursed in his heart. He could not stand the way these people looked at him as if he was a monster.

However, they were a little anxious. Even if Liang yuran sent people over, it would take some time, but there were too many reporters. It was not something that they could handle with just a few people.

Moreover, Yuan Bao and mother Lei were still here.

Lin Hanxing was obviously concerned about this point as well. He bent down, picked up Yuan Bao, and sent him into Lei Xiao's arms.

Then, he smiled at the worried mother Lei.

Immediately, he returned to his usual cold and lazy attitude when facing outsiders and turned to look at the group of reporters.

"Whether I was kidnapped or sold back then, does it matter?"

Lin Hanxing looked straight at the person who asked the question.

He did not Dodge or hide.

The corners of his mouth curled up into a thin smile, as if he was mocking.

This smile was so beautiful that it felt unreal. Even the small mole at the corner of her eye was tainted with amorous feelings.

"Why should I open my wound to please you?"

"Miss Lin, as a public figure, shouldn't you give us an explanation?"

An extremely provocative voice rang out from the corner, instantly causing the others to echo, as if Lin Hanxing would be letting the public down if he did not make it clear.

"Explain what?"

"Tell me if my parents died in the hands of those relatives? Tell me if I was sold by my aunt in order to take over the Lin family ..."

Lin Hanxing paused for a moment before he spoke again.

"Or are you going to tell me that I'm prepared to hinder the freedom of the press?"

She reached out and took the reporter's pass on her chest.

Such a seemingly casual action gave people an indescribable sense of subtlety.

It was close to fear.

"Ah ..."

Just as everyone was focused on Lin Hanxing, a sudden scream rang in everyone's ears. The defenseless crowd shivered in fear and turned to look at the source of the sound.

Lei min, who had been standing at the side just now, now looked as if he was covered in a layer of frost. He glared at the person who had spoken in an extremely provocative tone just now.

Lin Hanxing walked over to him.

Her footsteps were as light as a cat's.

It gave people a strange and terrifying feeling.

Soon, Lin Hanxing stood in front of the man.

He took out his phone and took a picture before the other party could come back to his senses.

The next second, it was sent to someone.

The Bluetooth Earphone was quickly connected.

“Yes, did you receive the photos?”

As he said this, Lin Hanxing actually smiled at the person.

the serial number on the reporter’s pass is xxxxxxxx. I’ll give you two minutes to help me confirm the identity of the other party.

Lin Hanxing hung up the phone without waiting for a reply.

Silence descended.

The reporters who were still chattering non-stop just now quieted down just like that.

[Chapter 1165](#)

1165 Lei Xiaosan, you’ve had your day too

They all looked at Lin Hanxing.

Not far away, Lei Cheng had seen everything that had just happened.

There was a dark light in his deep eyes.

No one noticed that when the young reporter said that his brother was hindering the freedom of the press, there was a flash of malice in her eyes.

&Nbsp; interesting.

It seemed that she really cared about her big brother.

Time passed by.

In less than two minutes, Lin Hanxing’s phone started vibrating like crazy.

The moment she picked up the phone, she casually said a name. The moment she heard the name, the man who was being controlled by Lei min’s hands went weak in the knees and his face turned pale.

Then, Lin Hanxing gave him a series of addresses.

It was as if she was playing a game of cat and mouse, toying with her prey bit by bit in the most casual way.

“The child is one year old. She’s a very cute little girl.”

With a thump, the other party knelt down in fear.

Seeing his reaction, Lin Hanxing hung up the phone with a faint smile. The moment he reached out again, he yanked the reporter's pass off his chest and threw it in front of the reporter who had been clamoring for freedom of the press.

Perhaps he was frightened, the reporter took two steps back before he stopped!

"I want to know who asked you to come."

Lin Hanxing looked down at the man kneeling on the ground, his eyes frighteningly bright.

It was as if no lie could escape her eyes.

On the surface, it seemed that these people only wanted to know the truth. However, with this wave of popularity, they could immediately shift the public's attention from the scandals to the Lin family.

"Don't ever lie, or I'll be very unhappy."

Lin Hanxing's voice was soft.

It was so light that one couldn't tell whether he was happy, angry, or sad.

Under his calm tone, anyone could feel the undercurrent of the waves.

After all, this woman was able to find out the identity of a stranger in less than two minutes, and even accurately find out his family members. Who would dare to lie based on this alone?

"She ... Only said to ... To make a big ... Big deal out of this!"

Lin Hanxing narrowed his eyes.

"Zhong ... Zhong Xueqing ..."

His squinted eyes relaxed and he returned to his usual cold look.

"Give me your phone."

Lin Hanxing reached out to him with his palm facing up.

The other party didn't dare to hesitate. He quickly found the phone number to contact the other party and handed it to her with both hands.

Lin Hanxing did not make things difficult for him. She made a turn on her phone, swiped the most recent call, and redialed the number at the top.

The call went through very quickly.

Zhong Xueqing's voice came, and it seemed to be filled with urgency and anxiety.

"Is it done?"

Lin Hanxing's lips curved into a faint smile and he raised his wrist to look at his watch.

"It's 10:10 now."

Lin Hanxing said in a low voice.

“I’ll give you a big gift in 20 minutes.”

After speaking, Lin Hanxing didn’t wait for Zhong Xueqing’s response and immediately hung up the call. Then, he threw the phone back to her in one smooth motion, as decisive as he could be.

“Still not leaving?”

Seeing that the other party was still kneeling on the ground, Lin Hanxing raised his eyebrows and said calmly, ”

The man kneeling on the ground suddenly got up as if he had been pardoned. Because of his hurry, he even staggered.

That appearance ...

It was as if he could not wait to disappear from everyone’s sight in the next second.

No one knew that when Lin Hanxing looked at him, the coldness that rose from the soles of his feet and spread through his bones to the bottom of his heart. The man even began to regret why he had gotten himself into such big trouble for such a small profit!

“What about you guys?”

Lin Hanxing watched as the man left, then turned his cold gaze to the other reporters.

The reporters who had been chasing her just now were now as silent as cicadas in winter.

No one dared to start the conversation again. Even the young reporter kept his mouth shut as if something was stuck in his throat.

No one knew who started it first, but after a while, the crowd dispersed.

Only the reporter’s pass that she had thrown on the ground seemed to remind everyone that there was really a group of people standing here just now.

Lin Hanxing looked in the direction that those people left in expressionlessly.

At this moment, she was standing at the intersection of light and shadow in the airport. Half of her expression was immersed in the bright light while the other half was immersed in the dark. Lei Xiao ‘er and Lei Jing happened to capture this scene.

He seemed to be able to feel Lin Hanxing’s fatigue.

He looked at Thunder valiant beast subconsciously.

His eldest brother’s gaze had never left his sister-in-law.

“I’m sorry, I’m the one who caused this trouble.”

Lin Hanxing’s long eyelashes fluttered and he turned to look at his parents. However, he was shocked when he saw the reddened eyes of his mother.

“.....”

Lin Hanxing pursed his lips.

Did something happen when I didn't turn around just now?

The next second, mother Lei walked towards Lin Hanxing and hugged him in her arms.

"Back then ..."

"....."

Lin Hanxing blinked. She was slightly taller than mother Lei, so she squatted down slowly to make it more comfortable for her to hug her.

"Mom, I'm fine."

A few simple words were enough to force tears out of Mama Lei's eyes.

Sob, my daughter-in-law has suffered all these years.

Why didn't ah Xiao bring his daughter-in-law back earlier? my heart hurts!

Sensing the moisture on his neck, Lin Hanxing's entire body stiffened. He did not dare to move, and just blinked his eyes as he looked at Lei Xiao for help.

The only thing missing was the words 'save me'!

Father Lei sighed in his heart. How many years had it been? why did Yinyin still like to cry so much?

daughter-in-law, let's go home. I'll make you something delicious.

Mother Lei did whatever she wanted to do. As soon as she finished speaking, she wiped her tears and pulled Lin Hanxing's hand to walk out of the airport.

Even though he felt like he had forgotten something ...

What did she forget?

Mother Lei paused for 0.01 seconds, but she quickly pushed it to the back of her mind.

"....."

"....."

"....."

The Lei family's mistress watched as her mother, who had excitedly sent him a long list of 'today's matters' on WeChat the night before, threw her to the back of her mind and remained expressionless.

"Mom," she said.

Lei Cheng called out to his mother in a deep voice.

Lin Hanxing felt mother Lei's entire body tremble as she froze on the spot.

She finally remembered why she had come to the airport today!

Their mistress!

I'm returning to Jiang city today!

Mama Lei twisted her neck stiffly and turned around to look at Lei Cheng who was standing not far away.

The corners of Lei Cheng's lips curled up into a fake smile.

Mr. Matthew Lei, please be sure to hand over the domestic film and television rights of 'psychological mystery' to us ...

However, the person-in-charge of the film company continued to promote himself without any judgment.

Lei Cheng turned his head and looked at the other party expressionlessly.

He was in a bad mood.

Nothing was pleasing to the eye when he was in a bad mood.

Lei Jue placed one hand on Lei Xiao's shoulder and covered his eyes with the other.

Lei Xiaosan, to think that you would have such a day!

[Chapter 1166](#)

1166 She's still so cute at her age

"Little San!"

Mother Lei, who had been standing beside Lin Hanxing, turned and ran towards Lei Cheng with small, happy steps. Her face was full of smiles as she spread her arms wide and gave her third son a bear hug.

"....."

"....."

"....."

The older the ginger, the spicier it was. Even if he was willing to be thick-skinned, he was still afraid that he wouldn't be able to get it?

The 'I'll see how you're going to act and save my hurt heart' expression on Lei Cheng's face immediately changed.

Even though he knew that this was a shameless tactic that his mother often used ...

But who asked his mother to be so cute even at her age? what else could he do other than forgive her?

"Mom, you've lost weight."

After Lei Cheng finished speaking, he raised his head and looked at his father with a reprimanding look.

"....."

Dad Lei was expressionless. He kept taking deep breaths in his heart, telling himself that this was his son!

Strangling someone to death was illegal! (Author's OS: it's a crime to strangle someone to death if they're not his own wife!!!)

Lin Hanxing took the time to observe the legendary mattheae li.

Lei Cheng's father and mother's genes had determined that his appearance would never be ordinary.

His skin was very white.

It was as white as porcelain.

The black trench coat he was wearing was open at the chest, revealing the deep blue shirt inside.

His slightly deep eye sockets gave off an unfathomable feeling.

Her eyes were peach-shaped.

It was soul-stirring.

It was profound and gloomy.

His slender fingers were well-trimmed, and when he put his arm around Madam Lei's shoulders, he exuded a dizzying charm.

Lei Cheng's line of sight swept across Lei Jue and Lei min, and quickly met Lei Xiao's eyes.

"Big brother,"

Only Lei Cheng himself knew what kind of feelings were contained in these two simple words.

Hearing this, Lei Xiao's thin lips curled up.

The four sons of the Lei family gathered.

The four handsome men standing together were enough to attract everyone's attention.

Not to mention, they were four beautiful men.

Lei Cheng and Lei Xiao looked at each other.

Dr. Zhong would regularly pass on the results of his big brother's psychological assessment to him, and Lei Cheng had also gone abroad to study psychology for Lei Xiao, but later on, he had accidentally majored in criminal psychology.

Since they were young, big brother had always given them the best.

Although his big brother had never said those words, Lei Cheng knew that the Lei family was the only thing that his big brother could not touch.

Of course, there was also Lin Hanxing now.

Thinking of this, Lei Cheng couldn't help but feel a little jealous.

In the past, big brother cared about them the most and would often call him from overseas. However, in the past six months, the frequency of his calls had obviously decreased ...

He secretly shifted his gaze to Lin Hanxing.

If the full score was ten points ...

As for looks, 9.9.

Because the full 10 marks were reserved for his future wife!

Aura, 10 points.

His degree of integration with his family ...

No matter how unwilling he was, to be able to make his own mother forget about him, in addition to the fact that the whole family had a common enemy just now, he got 10 points!

As for her background, it was because she was too mysterious. He had used all his power to obtain limited information. He did not expect that the open and secret struggle with the CQ group would reveal the tip of her iceberg.

Lin Hanxing raised his head and met Lei Cheng's eyes.

A dark glint that only the two of them could understand flashed across their deep eyes.

After all, Lei Cheng had asked Dr. Zhong to test her back then. Of course, this matter couldn't be known to the other members of the Lei family. It could be considered a secret between the two of them.

"Sister-in-law."

Lei Cheng said in a deep voice and reached out to her.

His slender fingers were the welfare of hand control, and at this time, he took the initiative to show friendliness.

Or, they were friendly on the surface.

Lin Hanxing shook his hand graciously, and there was a dark surge between the two of them.

"Big brother, you don't mind if sister-in-law and I share a car on the way back, right?"

Suddenly, Lei Cheng spoke.

The main point was 'alone'.

Lei Jue raised his eyebrows, not knowing what his third brother was up to.

Since he was young, no one could compare to Lei San in terms of scheming.

Lei Xiao was expressionless as he made eye contact with Lin Hanxing.

"Third uncle,"

Suddenly, Yuan Bao, who had been carried on Yan beixiao's shoulder, spoke with a serious expression.

Lei Cheng looked at his nephew.

A few words were clearly written on her small face.

He was aunt Yingluo's little fan!

if you dare to bully Auntie, I'll tell you how my dad peed his bed the night before Christmas and then secretly stuffed the bedsheets into your big sock at the door. You thought that it was a gift from Santa Claus for an entire year!!!!

Yuan Dabao had a proud look on his face as he raised his head and snorted twice.

"....."

"....."

"....."

So the famous Matthew Lei was also this stupid?

Lei Cheng slowly turned his head to look at Lei Xiaosi and Lei Jue, his eyes exuding something called death ray.

"Yuan Dabao, stop talking!"

Lin Hanxing chuckled and broke the awkward silence.

They had seen scammers before, but they had never seen such a 360-degree omni-directional scammer with no dead angles.

Lin Hanxing's intuition told him that Lei Cheng had something to say to him.

And this thought was confirmed after getting on the car.

Lin Hanxing took the car keys from Yan beixiao. As soon as he got into the car with Lei Cheng, the man in the front passenger seat handed her a document that he had already prepared.

"What?"

Lin Hanxing adjusted the angle of the rearview mirror and glanced at the thing.

He received it.

He flipped through a few pages and when he looked up again, his eyes on Lei Cheng had a subtle change.

"The person who made Zhong Xueqing invest most of her liquid funds into the universal fund was you?"

Lin Hanxing leaned back on the black leather seat and raised an eyebrow on her small, clear face.

When she had first found out about this, she had indeed found it strange. Why would the conservative Zhong Xueqing put all her eggs in one basket? but if the counselor was Lei Cheng, who was good at psychology, then it was easy to imagine how he had managed to evoke Zhong Xueqing's gambler's mentality.

the rest are the things that han boming has done in private in the name of the Lei group over the years, including the suspected laundering of the dk organization. Evidence of illegal operations.”

Lei Cheng’s peach blossom eyes narrowed dangerously. He no longer had the gentleness he had in front of his family. At this moment, he was filled with malice.

Don’t think that just because he wasn’t in Jiang city, he didn’t know that Han Li had incited others to attack his big brother.

This bunch of grandsons!

also, I’ve used some extreme methods to temporarily seal Zhong Xueqing’s overseas account. In other words, she really doesn’t have a single cent now!

Lei Cheng laughed coldly. He didn’t seem to care that Lin Hanxing had seen his true appearance.

Lin Hanxing looked at him and gave him some simple data.

Lei Cheng’s expression froze slightly, and he looked at her.

These were all data from when han boming had used the CQ group to help him gain personal benefits, which coincided with the investigation information that Lei Sheng had given her.

In other words, even if Lei Cheng didn’t bring these back, Lin Hanxing could still let han boming go in easily to accompany his daughter!

However, she did not do so.

[Chapter 1167](#)

1167 Vomited

“You’ve investigated me.”

Lin Hanxing started the car and stepped on the accelerator. The car flew out of the parking space at the speed of light.

It was five simple words, not a question, but a statement.

Lei Cheng admitted it without any hesitation.

“Did you find anything?”

Lin Hanxing looked at the front windshield, his voice calm and emotionless.

This time, Lei Cheng didn’t speak.

Lin Hanxing chuckled and did not mind his silence.

“10:30 pm, what big gift are you giving Zhong Xueqing?”

Lei Cheng tried to analyze Lin Hanxing’s behavior from a psychological point of view, but he stopped in the middle of his analysis.

He had never used his ability on his family.

Yes, family.

Although he had not yet excluded Lin Hanxing from the observation period, Lei Cheng had to admit in his heart ...

The woman big brother set his eyes on was their family!

Since they were family, Lei Cheng would naturally be included in their protection.

This time, it was Lin Hanxing's turn to remain silent. He reached out and turned on the radio in the car.

In an instant, melodious blue music started playing.

There was still a minute and a half before 10:30, and according to the radio station's habit, there would be an accurate time report.

"Dad's birthday is in two days."

Suddenly, Lin Hanxing said something profound.

Lei Cheng was stunned.

It was also because of this that she did not realize that Lin Hanxing was not on the way back to the Lei family villa.

"I should thank you for saving me a lot of trouble."

Back then, she had still lamented that the items Zhong Xueqing had picked out were trash, and that such luck was unparalleled. She had not expected that Lei Cheng would also be involved in this, and it had really saved her a lot of trouble.

The timing was perfect.

Taking advantage of the traffic light, Lin Hanxing turned to look at Lei Cheng and smiled.

The smile overlapped with the on-time announcement on the radio. With the ticking of the countdown, the original half-notified announcement was replaced by a piece of news that was inserted at the last minute.

The Jiangcheng government officially announced through major media platforms that due to the city's construction party's own reasons, the Jiangcheng sea bridge project would be retracted by the government and reauctioned.

One of the criteria for re-bidding for the project was that it could no longer participate in the form of a Union.

Before hearing this additional term, many groups were still eager to try.

But after this, everyone gave up.

If they couldn't participate in the Union, the only one in Rivertown who had the ability to take over was the Ray family!

What was the difference between this and internal fixation?

Yet, you can't even pick out any mistakes.

It's not that they don't want you to compete, but you don't have the ability. Who can you blame?

Lei Cheng listened to the broadcast and turned to look at him.

The Jiangcheng sea bridge project was indeed very profitable, and it could generate a profit of tens of billions in the future.

Lei Cheng raised his eyebrows. Since she could accurately say the number 10:30, it was obvious that this matter couldn't escape her hands. As he was thinking, he suddenly saw Lin Hanxing's car driving up the mountain.

"Where are you taking me?"

Lei Cheng frowned. He recognized that this was the road to the red Bay ramp.

Lin Hanxing gave him a strange smile.

"When you investigated me, did you hear something?"

Looking at that bright smile, Lei Cheng subconsciously reached out to grab the door handle.

"What is it?"

Lin Hanxing looked at the front windshield.

The red Bay ramp was right in front of them.

She stepped on the brakes and stopped the car in front of the ramp, her eyes still looking forward!

"I'm a very narrow-minded person. In short ..."

"I will take revenge for the smallest grievance!"

.....

As soon as the broadcast in the car ended, Lei Xiao received a call from Anthony.

At this moment, the Jiang city government had already sent people to the Lei clan.

He personally brought all the information related to the project, waiting for Lei Xiao to finalize the contract signing Time.

"If I'm not convinced by a wall, then I'm convinced by little Hanxing!"

After such a big scheme, the Jiangcheng sea bridge project had gone from those people's hands to back to the Lei family. If one were to seriously calculate, the initial preparation work and investors, the he and Lin families had already been laid out ...

The Lei family had gained a White Wolf for nothing!

"Hey, where did little Hanxing drive my car?"

Yan beixiao looked back through the rearview mirror. She had disappeared in just a short while?

“Let’s go up the mountain!”

Yuan Bao snorted. He had been keeping an eye on the back just now, afraid that first aunt would fall behind.

“Oh, he’s up the mountain ...”

Yan Beichen did not take it to heart and replied casually.

But very quickly, just as the red light in front of him lit up, he stepped on the brakes!

ascend the mountain???? ”

The closest mountain in the vicinity was the one with the red Bay ramp!

He had seen how fierce little Hanxing was when he was driving. What kind of grudge did Lei Xiaosan have with him when he just came back?

.....

As soon as he finished speaking, Lei Cheng heard a loud boom. The strong centrifugal force caused his body to slam into the real leather seat, and the scene outside the window began to move backwards rapidly.

On the other hand, Lin Hanxing’s lips were curled up in a playful and almost teasing smile.

As light and shadow intertwined, her eyebrows and eyes were as exquisite as Jade, and the brilliance in her pupils seemed to be more dazzling than the sun.

Although it was a little embarrassing to say this, Lei Cheng’s legs went soft.

There was something stuck in his throat, especially when he passed the most dangerous 12 consecutive turns on the red Bay ramp. His body unconsciously swayed back and forth with the left and right turns.

Never in his life had Lei Cheng felt that a 1.8-meter tall man like him was as light as a Willow catkin.

Because he was sitting in the front passenger seat, the bright front windshield in front of him was like a three-dimensional wide screen with a wide view. This feeling was even more exciting than the world’s fastest roller coaster.

The uncontrollable feeling of weightlessness would make anyone’s legs go soft.

Even if the other party was Lei Cheng!

Lin Hanxing did not even blink as he broke through the speed limit within a second.

To Lei Cheng, this was definitely not a good experience. It could be said that within his field of vision, the rapid turns and shuttling had brought him a strong discomfort in his stomach.

After twelve consecutive turns, Lin Hanxing drove back to the normal route.

“Are you alright?”

Lin Hanxing said indifferently. There was no emotion in his voice.

Lei Cheng didn't speak.

The knuckles of his fingers that were tightly gripping the door handle were white, and his whole body looked like it was stretched into the shape of a bow.

He didn't speak, and neither did Lin Hanxing.

The radio in the car continued to play a passionate song. Very quickly, Lin Hanxing cut through the small road and drove the car back to the main road. Not far away, he could easily see Yan beixun's car.

In the afternoon, mother Lei had specially reserved a table at the most famous restaurant in Jiang city.

It was for Lei Cheng's welcome.

Very soon, they arrived at the restaurant.

Yan beiming was originally worried about where Lin Hanxing had gone and was thinking about how to explain himself, but when he turned around, he saw that his car had already parked in the parking lot.

The one who got out of the car faster than her was Lei Cheng, who was in the passenger seat.

He saw a shadow rush towards the trash can at the speed of light and vomit.

"....."

"....."

"....."

Tsk, tsk, he looked really pitiful.

Yan beixiao thought to himself, 'although I don't know when Lei Cheng offended little Hanxing, at least he's already given Lei Cheng face. Think about those socialites who have been tortured by little Hanxing in the past ...'

Lei Xiaosan had picked up a big bargain.

Lin Hanxing took out a bottle of mineral water from the trunk and walked to Lei Cheng's side while twisting the cap.

She handed him the water.

Lei Cheng felt like vomiting everything in his stomach.

His peach blossom eyes were sparkling.

He looked up and saw the bottle of mineral water held by two thin white fingers. He looked up and saw Lin Hanxing's face smiling at him ...

Almost instantly, Lei Cheng vomited again!

"....."

Lin Hanxing wanted to reach out and press his head back into the trash can.

you asked Dr. Zhong to test me. We're even now.

Lin Hanxing whispered to Lei Xiao before he walked over.

Lei Cheng's hands, which were leaning against the trash can, suddenly stiffened. He finally understood where the phrase 'seek revenge for the smallest grievance' came from. But even if he knew, the only thing he could do now was naturally ...

Continue to vomit!

The moment Lei Xiao walked over, he reached out and pulled Lin Hanxing into his arms.

He moved a distance to the side.

It was as if he was trying to prevent her from being infected with that filth.

Smelling the familiar scent, Lei Cheng knew it was his big brother.

He raised his head again and revealed a sickly expression, even more pitiful than before. His peach blossom eyes looked even more dazed, even though it was a little subtle to use this word on a man.

"Big brother ..."

Lei Cheng blinked, feeling his stomach hurt.

Lei Xiao handed him the water.

He told Lei Cheng to gargle.

Lei Cheng was as obedient as he was when he was a child, perhaps only in front of the Lei family.

"Gargle."

Lei Xiao looked at him in a deep voice, his eyes carrying a sense of pressure.

For a moment, Lei Cheng suddenly understood why Lin Hanxing's behavior in the car gave him an indescribable sense of familiarity. Now, he suddenly realized, that aura ...

Wasn't she just like the Big Brother in her memory?

Lei Cheng gargled obediently.

"You and mom can go in first."

Lei Xiao stretched out his hand and rubbed Lin Hanxing's head, his cold eyes filled with warmth.

"Then you guys should hurry up too."

Lin Hanxing glanced at Lei Xiao. She did not tell him that Lei Cheng had used Dr. Zhong to test her, but Lin Hanxing felt that ah Xiao knew about it.

After she left, Lei Xiao patted Lei Cheng's shoulder.

Just like before.

Looking at Lei Cheng's eyes, Lei Xiao couldn't help but think of how his younger brothers were by his bedside when he woke up in the hospital after he had been kidnapped and rescued in place of ah Luo.

Thunder owl didn't speak for a long time.

Lei Cheng's stomach finally felt better after rinsing his mouth.

Looking at his big brother's appearance, he felt a little guilty.

"Sheng."

In Lei Cheng's memory, his brother had always been quiet, cold and sinister. But suddenly, his thin lips curved up, and he looked at him with a gaze full of indulgence and trust for his family.

"Hanxing is the woman I will love and protect for the rest of my life."

He said.

"I'm willing to die for her."

Lei Cheng's lips moved, as if he wanted to say something.

However, the moment he met Lei Xiao's deep gaze, his throat moved slightly.

"Big brother, I was wrong."

[Chapter 1168](#)

1168 Do you think I'm the first person to enter chaos River City?

Just as Lei Xiao and Lei Cheng were having a friendly conversation, Lin Hanxing encountered something.

This famous restaurant in Jiang city was under the yuan group of country G.

Before entering the door, Lin Hanxing received a call from Jiang Xibao at the last minute, so he was one step slower.

He didn't expect that a problem would arise because he was a step too slow.

When she hung up the phone and pushed the door to the private room, she saw the hotel manager standing in the corridor of the private room with an awkward expression. Father Lei and mother Lei were still standing there, and the manager was bowing and apologizing profusely.

"What's going on?"

Lin Hanxing walked over expressionlessly.

There was no smile on his face, but he was cold and indifferent. With just a glance, he had already intimidated the other party.

"Miss, I'm very sorry. All the private rooms are full today."

The restaurant manager smiled along, but he was complaining in his heart.

Why did he have to give him this hard work? what kind of sin did he commit in his previous life?

The people in front of him were from the Lei family!

The Lei family!

Not to mention the person in front of her. There was probably no one in the entire Jiang city who didn't know her identity.

This Lin xiaojiu was the person who had pierced through the sky in Rivertown!

"Full? Do you think I'm a newbie in this city?"

Yan Beichen laughed coldly, his expression rather unhappy, but he subconsciously gave Lei min a look.

He knew better than anyone else that little Hanxing was going to get angry, and it was possible that he would tear down this place. But after all, this place was under the yuan family. Although he didn't know what had happened, he still had to be careful.

Yan beiming wanted to say something but Lin Hanxing raised his hand to stop him.

She played with the family head token on her finger, and her almost cold eyes fell on the face of the restaurant supervisor, but she did not say anything.

Being stared at by such a pair of eyes, the restaurant manager's face was covered in cold sweat.

It was the size of beans.

He even felt that his knees were trembling.

"Are you sure all the private rooms are full today?"

Suddenly, Lin Hanxing's lips curved into a smile.

However, after he said this, he turned to look at his parents without waiting for their reply.

Father Lei's expression was unreadable.

On the other hand, mother Lei's cheeks were puffed up like a pufferfish.

Lin Hanxing would have laughed out loud if it was not for the inappropriate occasion.

"Daughter-in-law, don't be rash!"

Even though she had been wronged, the first thing that mother Lei thought of was not to bully her, but to advise her not to be impulsive.

"I'm fine. I'll be done soon."

Lin Hanxing said to mother Lei with a smile. His beautiful eyes seemed to be filled with tears, so beautiful that it was hard to look away.

While mother Lei was still in a daze, Lin Hanxing had already been pressed into the sofa.

Lin Hanxing and father Lei looked at each other.

Father Lei calmed down and sat beside mother Lei.

Lei Pi and Lei Jue stood apart from each other without anyone noticing. They were able to protect Lin Hanxing without making a sound and did not allow anyone to get close to her.

Everyone, including Yan beiming, felt that Lin Hanxing was about to make a move.

At this time, Liang yuran just came over with some people.

He had already settled the aftermath at the airport and had come to welcome Lei Xiaosan. However, he did not expect to see this scene, and his eyes suddenly turned cold.

F * ck, why did he have a feeling that he was going to lose his life here today?

The hotel manager thought to himself.

He broke out in a cold sweat.

Suddenly, Lin Hanxing, Lei Yu, Lei Jue, Yan beiming, and Liang yuran looked at each other. It was as if they had a telepathic connection and instantly received their mission.

Liang yuran expressionlessly ordered his men to stand next to his parents, not moving.

The others followed Lin Hanxing and continued to move forward!

[Chapter 1169](#)

1169 This is called a full private room

Lin Hanxing left very quickly. The manager was afraid that something would happen, so he quickly informed the hotel security through the walkie-talkie.

He followed closely behind.

At that moment, Lin Hanxing's long black and slightly curly hair fell behind him, giving him a lazy and luxurious feeling. However, his eyes were the complete opposite.

The corners of his eyes and the tip of his brows were cold, and his cold eyes made one's heart tighten!

Just as the hotel manager was thinking about this, a loud thud was heard, and he shivered in fear!

Lin Hanxing kicked open the door of the VIP room at the end of the corridor.

"This young lady ..."

The manager quickly said.

Yan Beichen, who was right behind them, sneered at the obviously shocked manager and began to copy Lin Hanxing's actions to kick open the doors of the other private rooms!

For a time, the thudding sounds were endless.

It was lunch time, and it was the most famous old restaurant in Jiang city, so the attendance rate was at least 85%.

Most of them were Jiang city's distinguished guests.

The private room was kicked open without warning. These people were annoyed, but when they saw the situation outside the door, they instantly calmed down.

One reason was that he recognized the other party's identity, and the other was because of his intuition.

Their intuition told them that something was going to happen here this afternoon!

"You call this a full private room?"

Lin Hanxing waited until the doors were all kicked open before he turned around to look at the hotel manager, who was already drenched in cold sweat.

His eyes swept over coldly, full of aura!

This was a deliberate excuse, so how could it be worthy of careful scrutiny?

Fortunately, all the restaurant's security guards were gathered at this time, which gave the manager some sense of security. However, when he thought of the other party's identity, he suddenly felt that it was troublesome. These were all ancestors!

Lin Hanxing and the others stood at the door of the private room that was supposed to be closed at this time.

There was obviously someone inside.

if you still want to do business today, I'll give you a chance. Tell me, who made you do this? "

Lin Hanxing's voice was soft.

But to others, it was as heavy as ten thousand pieces of gold, making it impossible to ignore.

Her delicate little face seemed to be covered in a layer of frost, and her expression was extremely cold.

The manager's eyes were wandering.

It was obvious that he could not afford to offend the other party's identity. He would rather take the risk of offending the Lei family and endure it.

Lin Hanxing looked at him with a thoughtful expression.

"Are the yuan family members inside?"

Lin Hanxing said slowly after a long while. Her thick, black eyelashes were just like her pupils.

It was unfathomable.

Lin Hanxing knew that he had guessed right when he saw the shocked expression on the other party's face when he said the words 'Yuan family'. The people sitting inside were the yuan family!

Second young master Lei frowned upon hearing this.

Uncle Yuan, he ...

As if sensing his expression, Lin Hanxing shook his head at Lei Yu.

It wasn't Yuan shaojing.

She already had a vague answer in her heart.

It was because of this that Lin Hanxing was no longer in a hurry.

"Oh, I was wondering who it was!"

A mocking voice came from not far away.

Lin Hanxing looked in the direction of the voice.

It was a coincidence.

He was an old acquaintance she had met in country G at the yuan residence.

It was Yuan san's younger daughter, Yuan huannong, who usually did things in an overbearing manner.

"Miss Lin, are you here for dinner?"

At this moment, Yuan huannong was like a proud cat, and his face, which was covered with exquisite makeup, was filled with ridicule.

However, when he saw Lei Yu, Lei Jue, and Yan beiming standing behind Lin Hanxing, his eyes lit up.

"Miss Lin, if you beg me nicely, I might be able to help you get a room."

"I forgot to tell you that this is the yuan family's territory."

Yuan Hua laughed heartily and casually fiddled with the manicure he had just done. The corners of his eyes and the tips of his brows were alluring.

He looked like a drunkard with ulterior motives.

"If you make me unhappy ..."

When Yuan huannong raised his head again, his eyes were already filled with Zhang Yang.

"Does Yuan shaojing know that you're so arrogant?"

When he heard Lin Hanxing's words, the smug expression on Yuan Hualong's face instantly disappeared.

Of course, his uncle didn't know what had happened today.

They had been in Jiang city for so long, but they had yet to even see his face.

No one knew what had happened at the cabinet meeting that day except for the people involved. However, the result was obvious. Father and the others clearly supported the second Prince, but in the end, the yuan family was labeled as the great wangfei's party.

The second Prince's position as Crown Prince had also turned into smoke in the blink of an eye.

That day, his father came back with a body full of wolves.

He didn't even have time to pack his things and he said that the whole family was going to Jiang city.

He asked for the reason ...

His uncle was going to officially announce the successor?

For the yuan family, this was a top priority. The position that had been empty for so many years was finally going to be announced by uncle?

In the past few days, everyone did not say anything on the surface and still looked harmonious. However, in reality, everyone was secretly plotting something. Even when they came out for dinner today, there were waves of emotions in the dark.

Who knew that she would coincidentally see that B * tch!

The heavens were really helping her!

“You’re brainless.”

Yan beiming could not help but roll his eyes.

“Who are you talking about?”

Yuan Hualong suddenly raised his head.

“I’m talking about you. What’s wrong?”

Lin Hanxing took out his phone and dialed uncle Hai’s number.

The call was picked up quickly, and uncle Hai’s respectful voice sounded.

Ever since he returned from country G, uncle Hai’s respect for Lin Hanxing had been carved into his bones.

It wasn’t a perfunctory gesture, but a genuine respect.

“Uncle hai.”

Lin Hanxing recounted the day’s events in a concise and comprehensive manner.

To her surprise, another deep voice came from the other end of the phone.

It was Yuan shaojing.

“Hanxing, tell them to bring ah-Zhong here.”

Yuan shaojing’s voice was clearly suppressed with anger, and it was clear even through the receiver.

“Who’s ah-Zhong?”

Lin Hanxing said impatiently. It was obvious that he did not think much of Yuan Hualong.

The manager was already frightened when he heard the words ‘uncle hai’, and when he heard the words ‘ah-Zhong’, his legs went soft and his scalp went numb.

The so-called ah-Zhong was uncle Zhong, the 'general manager' whom they couldn't even get close to in the past. He was in charge of the yuan group's assets in Jiangcheng and could be said to be one of Yuan shaojing's left and right arms.

Soon, the ah-Zhong that Yuan shaojing had mentioned appeared.

Uncle Zhong's expression changed after he took the phone and listened for a short while. He turned to look at the manager gloomily, who desperately lowered his head and wanted to bury his face in the cracks of the floor and never come out.

don't worry, miss Lin. I'll definitely give you a reasonable explanation.

Uncle Zhong handed the phone back to her and said in a deep voice, "

"Mr. Yuan said that as compensation, please follow me to the private room on the second floor that is not open to the public. After that, Mr. Yuan will personally apologize to Mr. Lei."

When he heard that they were going to the private room on the second floor that was not open to the public, Yuan Huaneng was not happy.

Even the yuan family didn't have such treatment, so why did these people have it?

"Huneng, what are you two arguing about ..."

Yuan yunrong said softly as she walked out of the room, but when she met Lin Hanxing's eyes, she couldn't help but freeze.

He subconsciously wanted to hide in the private room.

It wasn't just because she knew about her sister's actions and helped her cover it up. The other most important reason was the way she dressed today ...

With a bang, Lin Hanxing reached out and pushed against the door.

Yuan yunrong's attempt to escape was strangled in the cradle.

Lin Hanxing looked at her with a faint smile.

"Why do I feel like ..."

Lei Jue looked at Yuan yunrong and suddenly furrowed his brows. He didn't know if it was his imagination, but why did he feel that her clothes looked so familiar? Could it be that he had seen her somewhere before?

As he was thinking, Lin Hanxing, who was beside him, suddenly sneered.

This sneer came out of nowhere.

It lit up her already delicate features, making her look gorgeous and eye-catching.

why do you think she looks familiar? "

Lin Hanxing's words exposed Lei Jue's thoughts, and a hint of mockery flashed across his dark eyes.

It was beautiful.

Hearing Lin Hanxing's words, everyone's eyes fell on Yuan yunrong. As expected, after comparing her to Lin Hanxing, the subtle feeling finally found its source.

The two of them were dressed in the same style.

"Oh! I understand!"

Yan beixiao deliberately dragged out his words. No wonder even he felt that the two of them were so similar. It was because of this woman's hairstyle, dress, accessories, and even makeup ...

The other party had completely replicated little Hanxing's style!

However, to be honest ...

Yan beixiao pouted in disdain.

Although the imitation was very similar, it didn't have the aura of a little Hanxing. It gave people a ridiculous feeling that it was a Tiger that failed to turn into a dog.

Their little Hanxing wasn't someone who could be imitated by just wearing similar clothes and jewelry. What a joke!

"She's imitating you."

Yuan yunrong's face suddenly turned pale.

Yan beiming's words were very impolite. He was already feeling guilty, and now his eyes were wavering.

Just as the atmosphere was in a stalemate, heavy footsteps were heard from not far away.

Lei min walked over expressionlessly, and Lei Sheng, the third son of the Thunder family, was standing beside him. His cold features were mixed with a hint of anger.

"Uncle Zhong,"

Lei Xiao and uncle Zhong looked at each other. Although it was just two simple words, it was enough to make everyone feel the dissatisfaction that spread from his bones, making the air seem to be covered with a layer of haze.

master, Mr. Yuan is already aware of this and is on his way here. It's the underlings 'dirty tricks. Please give us a chance to make it up to them!

Not to mention the relationship between Yuan shaojing and Lei kangnian, just based on young master Lei's methods, it was enough to make everyone present suffer. The only reason he didn't make a move now was because he was giving Yuan shaojing face.

Lei Xiao did not say anything, but his gloomy eyes fell on the faces of the two sisters, Yuan yunrong and Yuan huannong.

Yuan yunrong only felt that she was being stared at by a pair of eagle-like sharp eyes, and her heart was jumping around like a rabbit.

“What’s going on?”

Yuan san’s voice suddenly interjected.

1170 A fake will always be a fake

Lin Hanxing squinted at the appearance of Yuan Junhui, the third son of the yuan family, but she quickly returned to her usual lazy self.

“Young master Lei, miss Lin.”

As if he had just seen the two of them, Yuan san’s face revealed a timely surprise.

Before he could speak again, Lin Hanxing’s voice interrupted him.

“Mister Yuan San is so calculative.”

The smile on Lin Hanxing’s face slowly disappeared as he did not even want to listen to the man’s next few polite words.

Her delicate little face seemed to be covered in a layer of frost, and her expression was cold.

“I’m afraid that Yuan shaojing hasn’t met you guys since you came to Jiang city.”

The smile that the yuan family’s third son had been trying to squeeze out was instantly wiped off his face by Lin Hanxing’s words. He just stared at her in a daze.

you clearly know the Lei family’s identity, but you still acquiesced to your daughter’s actions. You’ve really put in a lot of effort just to meet Yuan shaojing.

Lin Hanxing’s gaze went past the yuan family’s third son’s shoulder to look at the other members of the yuan family sitting in the private room behind him ...

He sneered.

uncle Zhong, please take us upstairs. Also, don’t forget to tell Mr. Yuan shaojing everything that we just said.

After saying that, Lin Hanxing did not even look at the other party’s expression. He held the Thunder valiant beast’s palm and walked in the direction they came from.

Yan Beichen glanced at the two sisters, his eyes full of disdain.

He turned around and left with the Lei brothers.

“Miss Lin, there’s a misunderstanding!”

Only then did Yuan San reveal a nervous expression on his face. He tried to defend himself, but Lin Hanxing only gave him a mocking smile and didn’t respond.

On the other hand, Thunder valiant seemed to have thought of something and stopped in his tracks.

He turned around and looked in Yuan yunrong’s direction.

His eagle-like eyes were like X-rays, landing sharply on her face, and a powerful aura came overwhelming.

Yuan yunrong only felt like she was a prey targeted by a wild beast, her whole body unable to move.

His hands and feet were as cold as ice.

The Thunder valiant beast's eyes were too terrifying!

His gaze passed through her hair, her face, and the clothes she was wearing. He didn't miss any of her accessories. It was a strong visual baptism.

But the more he looked, the uglier Thunder valiant beast's expression became.

If it wasn't for Han Xing's hand holding him tightly, he might even have done something to ruin Yuan yunrong's face.

"Ah Xiao,"

Lin Hanxing spoke softly when he noticed the change in the man's mood.

Lin Hanxing's voice was gentle and comforting, unlike the cold and mocking tone he used when he faced the yuan family.

Compared to the others, who were used to it, the Lei family's little three subconsciously looked at the two.

In the past, big brother was like a ticking time bomb that could explode at any time. No one knew when he would act up, but if he did, even if it was only once, it was enough to shake the earth and shake the mountains.

But now ...

Sister-in-law was like a fire extinguisher that was specially made for big brother. Even if big brother was on the verge of losing control, she could easily calm him down and return him to his original state.

From a psychological point of view, this was a good sign.

a fake. It will always be a fake.

Lin Hanxing said indifferently, but a simple sentence was enough to make Yuan yunrong completely defeated.

The moment she spoke, Thunder Valiant's eyes returned to their calm and profound look.

So what if other people tried to imitate her?

A cold star was a cold star!

Every word she said and every action she did was too personal.

Lin Hanxing, the most unique existence in the world!

"Let's go," he said.

There was no need to waste time with this group of people.
