

Goodnight 1171

[Chapter 1171](#)

1171 We can't afford such an apology

In the private room on the second floor.

Lin Hanxing briefly explained what had happened to his parents.

Before the dishes were served, there was a knock on the door from outside.

Yan beixiao, who was close to the door, opened it and immediately saw Yuan shaojing ...

And his head of white hair that was like silver Frost.

Yan beixiao's words seemed to be stuck in his throat.

"Uncle ... Uncle Yuan ..."

Ever since Cheng Lingyun's incident, Yuan shaojing seemed to have disappeared from everyone's sight. No one would have thought that they would meet him again in this state.

Father Lei suddenly got up and looked at his best friend.

"You ..."

Father Lei's shock was no less than Yan beixiao's.

The last time they met, he wasn't like this, but in a short time, he couldn't find any dark color in Yuan shaojing's face.

"Why do you have to do this!"

Sighing, father Lei, who knew some inside information, had dark eyes.

"I brought this upon myself, I can't blame anyone else."

The corners of Yuan shaojing's lips twitched, and his face, which exuded the charm of a mature man, seemed to have experienced the vicissitudes of life.

"Why aren't you entering?"

The topic suddenly changed, becoming serious and pressing.

The half-closed door was pushed open from the outside, revealing the embarrassed faces of Yuan San and the others.

"Apologize," he said.

Yuan shaojing put his hands on the black cane, looking very powerful.

He subconsciously looked in Lin Hanxing's direction.

At this moment, Lin Hanxing was holding a celadon teapot in his hand and slowly adding some tea into mother Lei's Cup.

The tea was good.

A dense white mist surrounded her, hiding most of her expression.

The corners of Yuan san's mouth turned downwards.

He dared to be angry but did not dare to speak.

"Mr. Lei, what happened today was purely my daughter's fault for not knowing the rules since she just arrived in Jiang city. Please be magnanimous and don't take it to heart with Hua Neng ..."

Yuan San forced a smile on his face, but Yuan huannong, who was behind him, pouted unwillingly.

After being elbowed by his sister, he unwillingly picked up the teacup and made an apologetic gesture.

However, before they could open their mouths again, a cup of hot tea was splashed right in front of them.

Yuan huannong's new shoes were all wet.

Even the clothes on Yuan san's body were damaged.

"You ..."

Yuan Hualong lifted his head abruptly, his eyes filled with humiliation. His chest heaved up and down as if he wanted to skin Lin Hanxing alive.

"You don't know the rules?"

Lin Hanxing played with the empty teacup in his hand and pondered over the words with a playful look.

Her long, black, feather-like eyelashes blinked lightly.

He hid the cold glint in his eyes.

"I don't want to get involved in the yuan family's family affairs, but we can't afford to accept an apology like that. Don't you agree, Mr. Yuan San?"

Although he was speaking to Yuan San and the other members of the yuan family behind him, his eyes were actually looking at Yuan shaojing.

She still gave him face.

Yuan shaojing knew.

Otherwise, based on the things that third brother had done, according to this girl's temper, it would be a miracle if she didn't clean up the place and waited for him to come and deal with it.

"What else do you want?"

After all, Yuan Huaneng was young and couldn't hide his thoughts.

She didn't think she had done anything wrong.

As soon as he finished speaking, Yuan shaojing's eyes swept over him coldly.

Lin Hanxing put down the teacup with a clatter, causing the atmosphere in the private room to turn cold.

Yuan Hua snorted, unconvinced.

Yuan yunrong tugged at the corner of her clothes.

The waiter who served the dishes stood outside in a daze, not knowing whether to go in or out.

When Yuan San saw Yuan shaojing's eyes, his scalp went numb. On this trip to Jiang city, he clearly felt that his big brother was brewing something, especially when he brought Yuan Kang by his side at all times.

The more he thought about it, the more shocked he was.

Could it be that big brother wants Yuan Kang to be the future successor of the yuan family?

If it really was Yuan Kang ...

Without thinking, Yuan San gave his daughter a slap with the back of his hand. The sound was clear.

"Hurry up and apologize!"

As he spoke, he gave Yuan shaojing a flattering smile.

Yuan huannong was caught off guard and was struck dumb. He fell into his sister's arms and did not speak for a long time.

"Serve the dishes."

Lei Xiao said in a deep voice, clearly uninterested in the farce before him.

As for Lin Hanxing, he picked up the serving chopsticks and gave Yuan Bao, who had been hungry for a long time, some Amber prawns.

The waiter walked around them awkwardly to serve the dishes. When he suddenly heard a cry, his hand trembled and almost spilled the dishes on the table. He wished he could leave as soon as possible.

"Two more seats."

Lin Hanxing pointed at the two seats near father Lei, which were reserved for Yuan shaojing and uncle hai.

After the two of them sat down, no one in the Lei family was bothered to look at the yuan family again. However, they finally understood why Yuan shaojing would rather choose an heir from somewhere else than from the yuan family.

Yuan shaojing seemed to be tired of it. He raised his hand and waved, and the bodyguard-like people standing outside the door came in and took Yuan san's family out. Only Yuan yunrong turned her head back three times with each step, looking at Lei Xiao's direction with eager eyes.

Soon, the private room returned to silence.

“Ray, I’m sorry.”

Yuan shaojing obviously didn’t expect what happened today.

Lei kangnian poured him a cup of tea.

With their relationship, there was no need to say such things.

“Have you really decided to step down, or are you testing them?”

In fact, even if Yuan shaojing didn’t answer, Lei kangnian would have more or less known.

“I’m old.”

Yuan shaojing had already expressed his attitude with these three simple words.

In addition to his head full of silver hair, he looked even more ancient.

“This world belongs to the young people.”

Yuan shaojing’s eyes swept across the four Lei sons and finally fell on Lin Hanxing.

Uncle hai picked up the phone at the last minute.

The more he listened to what the person on the other end of the phone said, the more his face became obscure and gloomy.

She leaned over and whispered into Yuan shaojing’s ear.

Yuan shaojing glanced at uncle hai but didn’t say anything.

“Lin girl, there’s something I need your help with.”

Lin Hanxing’s hands paused and he looked up at Yuan shaojing.

“If you were the second Princess Consort and wanted to take revenge on the yuan family, where would you choose to start?”

Lin Hanxing raised an eyebrow.

However, in front of father Lei, she did not say anything. She just pushed the small square plate in front of her forward.

Everyone’s gazes fell on the small square plate.

There was a steamed Taro on the table today, and this square plate was prepared for Taro.

It was filled with soft white sugar.

Sugar?

as one of the six Sugar Kings that monopolizes the entire sugar industry in Asia, I think that if the second Princess Consort is really waiting for an opportunity to take revenge, the first thing she should do is to lay a hand on the yuan family's Foundation.

Lin Hanxing's words made uncle Hai's expression change.

Even though he concealed it very well, it was still caught by the sensitive Lei family members.

"In country G, sugar is the dominant product."

Lin Hanxing's gaze swept across the small plate of soft sugar on the table, his voice full of meaning.

"Interests drive people's hearts. If she snatches away the sugar industry that has already been completed in your hands, not only will she suppress your Yuan family, but she will also relieve the second Princess Consort's urgent needs. Why wouldn't she be happy?"

[Chapter 1172](#)

1172 Xiao Xiao will definitely go crazy

The dinner to welcome Lei Cheng finally ended in a strange atmosphere.

Yuan shaojing didn't bring up the topic again until they left the restaurant. If uncle hai hadn't left the banquet and didn't come back in the end, it would have really seemed like he was just asking casually.

"What are you thinking about?"

Lei Jue casually placed his hand on his third brother's shoulder.

She followed his line of sight and finally saw Lin Hanxing who was talking to mother Lei.

"Ever since eldest sister-in-law appeared, the house has become much more lively."

Lei Jue tilted his head and looked at Lei Cheng, his charming eyes were warm and relaxed.

"You should be able to feel it too."

In the past, even though the Lei family had a good relationship, no one knew how to express it except for mother Lei.

But now, because of her appearance, everything was different.

"If mom and dad find out that you sent someone to test sister-in-law, they'll definitely break your legs!"

With that, Lei Jue smiled and patted Lei Cheng's shoulder.

"How did you know?"

Lei Cheng raised his eyebrows.

second brother said that with your personality, you would definitely do this, and the person you're looking for would definitely be Dr. Zhong. I didn't believe it at first, but you also know that just now ...

Lei Jue smirked evilly, referring to the scene of him holding the trash can and vomiting.

“Lei Xiaosi.”

Suddenly, Lei Cheng spoke.

“Why?”

Lei Jue lowered his head and looked at the Fat Boy who was pitifully hugging his thigh and looking up at him. He responded angrily and reached out to pull Yuan Bao into his arms.

Lei Cheng didn’t speak.

He only looked at Lin Hanxing and Lei Xiao, who were standing not far away.

The two of them were like characters from a comic. When they stood together, there was an indescribable harmony, as if this was how it should be, but ...

For some reason, Lei Cheng had an indescribable feeling.

At her father’s birthday banquet ...

Hopefully, nothing bad would happen ...

.....

Because of the incident with Yuan San, the time they had was cut in half. In the end, the Lei family returned to the villa first, while Lei Xiao and Lin Hanxing drove to the economic Investigation Department.

“Why didn’t you tell me?”

Before getting out of the car, Lei Xiao turned his head to look at her, his deep eyes very calm.

With one look, Lin Hanxing knew that he was referring to Lei Xiaosan.

“You already stole his beloved big brother, how could you provoke him?”

Lin Hanxing reached out and hooked Lei Xiao’s collar, a light flashing across her beautiful eyes as she yawned lazily.

Moreover ...

Didn’t she already teach him a lesson?

Through the front windshield, they could see people approaching from afar. Lei Xiao was unbuckling his seat belt when Lin Hanxing’s playfulness rose. She covered the back of his broad hand with her little hand and leaned forward ...

The taste of lipstick with a sweet strawberry flavor spread between his lips and teeth.

Thunder valiant beast’s Adam’s apple rolled up and down unconsciously.

A dark light flashed across his deep eyes.

Knock, knock, knock ...

The person-in-charge knocked on the car window. The tinted glass was dark, and he could not see anything from the outside.

“Sweet?”

Lin Hanxing couldn't stand the way Lei Xiao looked at her with that kind of gaze. Before he had his first taste of sex, this man was already like a walking hormone, attracting enough attention. After he had his first taste of sex, it was even more so.

She pursed her lips and smiled as she reached out to wipe the traces of lipstick on Lei Xiao's lips.

His fingers were quickly dyed red.

Lei Xiao held back the turbulent darkness in his eyes. He did not know if han mingmei would go crazy later, but Yan Xiaoxiao would definitely go crazy!

But very quickly.

Thunder valiant lifted his palm to cover the top of her head, and rubbed it gently.

“Let's get off the car.”

[Chapter 1173](#)

1173 How can you do this to me?

After getting out of the car, the economic investigators were clearly relieved to see that it was Lei Xiao.

As he walked into the building, he briefly described what had happened.

From her exhausted expression, it was clear that han mingmei had given them a hard time.

“We really don't have any other way.”

The other party smiled bitterly.

“I might have a way.”

Lin Hanxing, who had been silent all this while, suddenly spoke.

The man looked at her.

The other party obviously knew that Lin Hanxing was the subject of heated discussion in Jiang city, and his eyes were filled with curiosity.

“But it's a little rough, but at least it's better than this.”

Lin Hanxing allowed the other party to size him up as he was already used to the curious gazes from strangers.

“By rough, you mean ...”

Hearing these two words, the detective hesitated.

Lin Hanxing smiled but did not say anything.

Soon, the three of them reached the end of the corridor.

“Alright!”

In the end, the other party gritted his teeth and agreed.

After all, the worst case scenario could not be worse than the current outcome.

Moreover ...

He really didn't think that this young lady who was dressed up so delicately was as strange as his colleagues had rumored!

They were all under the same system, so it was inevitable that there would be some communication.

In the mouths of those people, Lin xiaojiu was just short of being demonized!

The SU family, the Lin family, and the he family were all part of Lin xiaojiu's plan for revenge. She made it sound so real that it sounded even more interesting than the plot of a novel.

Today, when they met ...

He felt that it was all nonsense.

Hearing this, Lin Hanxing's lips curved into a faint smile, and he pushed the door open with Lei Xiao ...

.....

Lin Hanxing almost could not recognize han mingmei when he saw her again.

She was so weak that it seemed like she was only breathing in but not out. Her face was gray and old, and her unwashed hair smelled like rotten rice. It was spread on the pillow, and she no longer looked like when Lin Hanxing first saw her.

The nutrient solution in the infusion bag was being injected into han mingmei's blood vessel.

She slowly opened her eyes when she heard the door open.

The moment he saw the Thunder valiant beast, tears gushed out of his eyes, and he became very emotional.

“Ah Xiao ... Ah Xiao ...”

Her other hand that was not injected was cuffed to the bed railing, and it made a crackling sound due to the violent movement. Han mingmei wanted to hold on to the corner of Lei Xiao's clothes without a care, but the needle on the back of her hand quickly recovered blood.

“I like you so much, how can you do this to me!”

Han mingmei's eyes were wide open as she glared at Lin Hanxing, who was standing beside Lei Xiao. The malice in her eyes was obvious.

It was all her fault!

If not for Lin xiaojiu's sudden appearance, ah Xiao would have accepted him sooner or later!

can you drop the case? this place is so scary. Ah Xiao, I beg you to take me away!

Han mingmei started to cry.

Ever since she was young, she had never felt such fear before. When she thought about how her bright future had turned completely dark and how she would have to stay in prison for years or even decades, han mingmei could not help but break down!

"I won't withdraw the case."

Not to mention, at this stage, it was no longer something that could be solved by him withdrawing the case.

Lei Xiao looked down at her from above, his cold features not showing the slightest fluctuation.

Hearing Lei Xiao's words, han mingmei could not believe it.

"What did you just say?"

Bean-sized tears streaked across her ashen face. After about two seconds, han mingmei began to struggle madly again.

Countless nasty vulgarities spilled out of han mingmei's mouth. It was so vulgar that even the police guarding the door could not help but frown.

There was no trace of the 'most beautiful woman in Jiang city' on her body.

Lei Xiao's expression was calm.

These curses were of no concern to him.

However, when han mingmei's words were directed at Lin Hanxing, Lei Xiao could not take it anymore.

However, before he could do anything, Lin Hanxing had already grabbed his wrist.

She quietly listened to han mingmei's insults and looked down at her with a calm expression.

They watched her sorry state.

Under such a gaze, han mingmei's voice became softer and softer, until the people around her could see her shudder.

"What are you resenting?"

Seeing that han mingmei had finally calmed down, Lin Hanxing coldly spoke.

"Are you resenting me for laughing at you? Or are you resenting ah Xiao for not saving you?"

As he said this, Lin Hanxing slowly leaned over. His deep and beautiful eyes were filled with a bone-chilling coldness.

Her waist-length hair was spread out on both cheeks.

"Who are you threatening with your life again?"

Suddenly, Lin Hanxing's lips curved into a mocking smile. Before anyone could react, she suddenly pulled the infusion tube over. Even her eyes suddenly became fierce, which shocked everyone.

Just like that, the needle was forcefully pulled out from the back of han mingmei's hand.

Drops of blood dripped onto the White tiles and the investigator was shocked. He was about to walk forward but when he saw Lin Hanxing slowly turn his head back, he stopped.

His intuition told him ...

It was very dangerous!

Lin xiaojiu's entire aura was completely different from the languidness he had displayed outside.

It was as if he had been ignited.

It made people feel fear from the bottom of their hearts.

"You ... What do you want?"

Han mingmei met Lin Hanxing's eyes in fear. When their eyes met, she could not help but shiver.

"Didn't you want to die? I'll help you, okay?"

Lin Hanxing chuckled as he said this. With a wave of his hand, he flipped the supporting bar that was supporting the IV bag.

It hit the ground with a loud clang!

The smile on Lin Hanxing's face gradually disappeared as his voice fell. His white fingers slid across han mingmei's face, which had become rougher over the past few days. In a flash, they had already reached han mingmei's chin and were firmly stuck!

Han mingmei's eyes widened.

Fear made the blood vessels in the White of his eyes more prominent.

"Shouldn't you hate your father more?"

Lin Hanxing forced her to look up and meet his eyes. At the same time, he took in the fear in her eyes.

"He was the one who taught you how to achieve your goals by hook or by crook. He was the one who handed the dk organization over to you. He was the one who pushed you into the situation you are in now. You resented me for adding fuel to the fire, resented ah Xiao for watching coldly from the side. It's everyone else's fault, you're the most innocent one!"

Lin Hanxing's thumb grazed han mingmei's chin.

Han mingmei only felt that those words were like someone using a nail to drill her temple.

She struggled with her free hand as if she was trying to escape from Lin Hanxing's control.

"Release me! Help me ..."

Han mingmei tried to move Lei Xiao, who was standing not far away, with a pitiful expression.

“Ah Xiao, save me ...”

She liked him so much, how could he do this to her!

From the beginning to the end, Lei Xiao’s Hawk-like eyes were ice-cold, without any fluctuations in temperature.

She was obviously unmoved by han mingmei’s one-sided, self-righteous infatuation!

Han mingmei’s eyes were filled with indifference, and she felt her whole body turn cold!

He was too heartless!

“Have you ever looked at yourself in the mirror?”

Lin Hanxing seemed to have understood the hatred in han mingmei’s eyes. He raised his eyebrows and spoke without any sarcasm, as if he was really just asking a simple question.

[Chapter 1174](#)

1174 That person could only be Hanxing

Han mingmei started to curse again.

Lin Hanxing let go of her chin and turned to look at the economic Investigator who had brought them here.

He did not seem to have recovered from the shock just now. He used his eyes to confirm that there was no mark on han mingmei’s jaw before he was more or less relieved. After all, if there were any marks, it would be hard to explain to the prosecutor’s office.

After a while, the other party went out to find a mirror and returned.

Lin Hanxing took it and handed it to han mingmei. The clean mirror quickly revealed a Haggard but swollen face. Because he had not washed his face, it was still covered in oil, not to mention his hair that had a strange smell.

For a moment, han mingmei didn’t recognize who the person in the mirror was.

Only after she realized it did she scream in disbelief. However, because she had been on a hunger strike for the past few days, her hands were so soft that she did not have any strength.

“You don’t even have the strength to snatch the mirror from my hands ...”

Lin Hanxing’s lips curved into a faint smile.

“Other than talking, what qualifications do you have to compete with me?”

She let go of her hand, and the sound of glass breaking could be heard. It was as if a bomb had been ignited in the already sensitive environment, causing han mingmei’s emotions to be on the verge of losing control.

“B * tch ... B * tch ...”

Han mingmei writhed wildly on the bed, trying to regain her freedom in this way.

“Ah Xiao is mine!”

“Ah Xiao should be mine!”

Her eyes were bloodshot. Whether it was in the past or now, han mingmei had always fantasized that Lei Xiao would accept her one day. She even thought that he had never found a girlfriend all these years because of her!

If not for Lin Hanxing’s appearance ...

If not for her!

That was why she was indignant and angry. She wanted to do everything she could to shift the Thunder valiant beast’s attention back to her!

han mingmei, I’ve told you clearly before that I don’t have any romantic feelings for you.

The Thunder valiant beast’s voice cut through the crazed atmosphere.

It was calm and cruel.

“I’ve never met you alone, I’ve never accepted your invitation, and I’ve never done anything that would cause others, or even you, to misunderstand! Because of my relationship with your father, I’ve already done my best to protect your face.”

Thunder owl didn’t think what he had done was wrong.

He knew better than anyone else that love and affection were feelings that could not be controlled by one’s thoughts. There was no right or wrong that could be distinguished, but he could control himself not to take advantage of other people’s love for him and do evil things.

This was a form of respect for the feelings of others.

It was also a way to stick to his bottom line.

I said what I needed to say, and I kept my distance. I didn’t cross the line.

“I have a clear conscience when it comes to you!”

Thunder Valiant’s deep eyes were filled with complicated emotions.

Perhaps he didn’t understand why other people would like a boring man like him, but he knew his limits.

han mingmei, I’m not yours.

“If I really belong to someone ...”

Thunder owl’s deep voice was filled with intense yet suppressed emotions.

“Then that person must be Hanxing!”

His wife.

The only woman he would love and trust in his life.

It was unique.

There was nothing else.

Han mingmei's struggling suddenly stopped, causing the nurse, who had already taken out the sedative from the cart, to stop in her tracks.

"I was the one who met you before she did!"

I was the one who met you first!!!

Han mingmei cried without a care for her image, without any trace of elegance.

"You're wrong."

[Chapter 1175](#)

1175 Greed is a bottomless pit

All encounters in the world were reunions after a long separation.

Hanxing and I met when we were young. I didn't know what to do with her, but I couldn't forget her. She is my obsession and obsession in this life. Lei min held Lin Hanxing's hand. There was no expression on his unforgettable cold face.

But it was deeper than anyone else's.

"If it wasn't for her, I wouldn't have lived to let you see me."

If it wasn't for Han Xing.

His life should have been gone the day he replaced ah Luo and was taken away by those desperadoes.

At that time.

The Thunder valiant beast didn't want to live.

Regardless of whether there was a first come, first served basis in a relationship, even if it was based on time, it was definitely not her, han mingmei's, turn to criticize Han Xing.

Even Lin Hanxing's heart trembled when he heard this, let alone han mingmei.

His hand was tightly clenched by the Thunder valiant beast's palm.

A scorching heat came from his palm.

It was dizzying.

Lin Hanxing's lips curved into a smile, and his eyes seemed to be filled with stars.

Han mingmei looked at the two of them.

His deep-set eyes were filled with pain and unwillingness.

“Ah Xiao, you’re too heartless to me!”

It had always been.

Han mingmei cried as she shook her head.

if you had responded to me even a little, I wouldn’t have come to this!

Lin Hanxing became impatient when he saw that han mingmei was still finding excuses for her mistakes.

“Impossible!”

She looked at han mingmei coldly, her voice shockingly indifferent.

as women, you and I know very well that if ah Xiao had responded to you at that time, you would have fallen deeper and deeper.

at first, you just wanted a smile. Later, you became greedier and greedier. You hugged and kissed, and even had sex with him. You couldn’t stand that his attention wasn’t on you. You wanted to be completely in his life. You started ...

“You want to monopolize him!”

In the beginning, she only wanted a smile.

Han mingmei, greed is a bottomless pit.

Indulging her would only make her insatiable, and she had no other ability.

After throwing these words, Lin Hanxing held Lei Xiao’s hand and walked out.

“Come back! Lin xiaojiu, come back!”

Seeing that she was about to leave, han mingmei began to struggle again, and her cuffed hands made a clattering sound.

But this time, no matter what she shouted, Lin Hanxing and Lei Xiao did not turn back.

He went out.

The person from the economic Investigation Department shot a look at his colleague who was standing guard at the door before following them.

don’t worry. After today, han mingmei will eat and drink as she should. At least, her life won’t be in danger.

Lin Hanxing turned around to look at him. Her words were calm, but it somehow made people feel convinced, as if she would do whatever she said.

“Um ... That ...”

The man stammered as he spoke. It was obvious that he had not recovered from the shock.

“I know what to do. I won’t let you go back on your word.”

Lin Hanxing smiled.

“But the needle wound on the back of han mingmei’s hand needs to be treated.”

Lin Hanxing raised the back of his hand and returned to his usual languidness, as if everything that had happened in the room was just an illusion.

“Oh, thank you.”

The man from the economic Investigation Unit was thinking about the rumors that his colleagues had spread about Lin xiaojiu ...

As expected, there would be no waves without wind!

.....

“I’ll drive.”

Lei Xiao was the one driving the car on the way here, but when they were about to return, Lin Hanxing reached out and stopped the car door before he could open it.

She tilted her head and looked at him.

Without waiting for Lei Xiao to speak, she had already taken out the car keys from his pocket.

“Get in the car.”

Lin Hanxing raised his chin slightly and smiled. Even the mole at the corner of his eye seemed to be glowing.

She seemed to be in a particularly good mood.

As the people from the Rivertown government were still waiting at the Lei Corporation, the two of them had to return to the Lei Corporation first.

Lin Hanxing stopped by the convenience store but came out very quickly.

When they returned to the Lei clan, the two of them took the elevator to the top floor.

Lin Hanxing went back to the lounge in the president’s office, while Lei Xiao went straight to the International Conference hall to discuss the follow-up work of the Jiangcheng Bay Bridge.

When the Thunder valiant beast came out again, two hours had already passed.

He took off his coat and threw it on the sofa. He loosened his collar and poured himself a glass of water at the bar.

There was a faint fragrance in the air.

It smelled very good.

It was the smell of cold stars.

Thunder valiant beast really liked the feeling of his private territory being occupied by her scent, as if he himself was also owned by her.

“Star.”

As soon as she pushed open the door to the lounge, a pink rabbit rushed into her arms.

The Thunder valiant beast grunted.

He reached out and hugged the little girl who had jumped on him and wrapped her legs around his waist.

Lin Hanxing covered his cheeks with both hands and leaned over to kiss him on his thin lips.

Her soft, seaweed-like, slightly curly long hair also spilled down, carrying her unique fragrance, and wrapped around Lei Xiao.

“I’ve almost fallen asleep waiting for you!”

Lin Hanxing snorted.

In fact, while Lei Xiao was discussing the follow-up matters of the Jiangcheng Bay Bridge project with the city government, Lin Hanxing was not idle. She used Lei Xiao’s computer to hold a short video conference and studied the situation in country G at the same time.

She felt that Yuan shaojing’s words at the dining table today had a deeper meaning.

He even paid attention to Lin Jiaojiao’s funeral.

She had just finished dealing with the matters at hand when she heard his movements outside the door.

“Are we going home?”

Lei Xiao’s hand was clasped on her back, and he leaned forward to kiss the corner of his wife’s lips.

“You, go that way!”

Lin Hanxing pointed in a direction without looking back.

The corners of Lei Xiao’s lips curled up slightly, looking rather helpless and indulgent at her sudden playfulness.

He obediently took two steps in the direction she was pointing at and stopped by the bed.

“I’ll show you a magic trick!”

Lin Hanxing’s arms were wrapped around Lei Xiao’s neck, and her long black eyelashes blinked.

“What?”

Lei Xiao’s knees were pressed against the side of the bed. Under the rolled-up sleeves that he had rolled up when he came in, his strong arms still had the scratches from Lin Hanxing’s nails last night, and he looked languidly sexy.

“Look, there’s nothing in my hands!”

Lin Hanxing waved his hands in front of his eyes, his fair and slender fingers were like tender scallions.

There was nothing.

“Yes, there’s nothing.”

Lei Xiao went along with what she said and raised his hand to tuck the hair that had fallen on Lin Hanxing’s cheek behind his ear.

The next second, he lost his balance and fell onto the bed with Lin Hanxing.

Lei Xiao’s reaction was quick. He immediately pulled Lin Hanxing, who was about to be pinned down by him, back into his arms and turned her into a position where he could pin her down.

There was a muffled thud, and the bed bounced up and down due to gravity.

Lin Hanxing’s eyes were filled with a sly smile and he shook the thing in his hand at him!

[Chapter 1176](#)

1176 I want you to help me do something

The Thunder valiant beast sank deep into the bed with the weight of two people, his hands still holding her waist.

When he saw what Lin Hanxing was holding, his eyes darkened.

“When did you buy this?”

After saying that, Lei Xiao paused, remembering that she had gotten off the car halfway to the convenience store.

She reached out and took the small piece of aluminum foil from Lin Hanxing’s fingers.

“You know.”

Lin Hanxing pushed her long, curly hair behind her back, revealing her snow-white Swan neck. Her smile was so bright that Lei Xiao could not resist her at all.

“Do you want it?”

She leaned down and whispered into the man’s ear.

It seemed like he was deliberately teasing him, because the sound of the air spread out in Lei Xiao’s sensitive ears.

“What?”

Thunder valiant beast’s throat moved slightly, his voice hoarse.

“As a reward for your unforgettable love for me!”

The moment Lin Hanxing finished speaking, the man was already like a ferocious beast. He flipped over and pressed her under him.

In an instant, the world was turned upside down.

Her long hair was scattered messily on the bed, and her fair and clear little face was so tender that water could be squeezed out.

Lei Xiao supported himself by her side with one hand, and with the other, he grabbed Lin Hanxing's wrist and pulled him under him.

"Look at what you've done."

Feeling the vitality of mo Xiaoxiao, Lin Hanxing smiled so much that his eyes curved into crescents, like a satisfied cat.

The loose collar revealed more than half of his shoulder.

"I just changed into a new perfume, do you want to smell it?"

Lin Hanxing turned his face to the side, revealing his red ears.

Even for her, she would still feel embarrassed when she said something like an invitation.

"It's my favorite smell ..."

Before Lin Hanxing could finish her sentence, Lei Xiao's thin lips had already pressed against her collarbone, and his soft kiss caused her tone to change in an instant.

"I also like it."

Thunder owl raised his head, his magnetic and hoarse voice was accompanied by strong emotions, stirring one's soul.

Hearing his reply, Lin Hanxing slowly turned his head to look at Lei Xiao.

Yingluo hopes that our little 9th will meet someone who's good to you, someone who loves you, and someone who won't hurt you.

Good to me.

Love me.

They won't hurt me.

Dad, ah Xiao is.

.....

Zhong Xueqing put down the phone, her expression desperate.

The government had already officially disqualified them, and after going around in circles, it was still the Lei group who monopolized the cross-sea bridge project!

All the money they had invested in the beginning had gone to waste!

All the money she had placed in her overseas account had been temporarily frozen due to investigations!

"Dammit! Damn it!"

Han boming sat on the other side of the sofa with a dark look in his eyes as he watched Zhong Xueqing sweep everything to the ground like crazy.

Ran ran, you're actually jealous of dad Lei, aren't you?

It's normal for Yingluo to be jealous, so what's there to be embarrassed about? Whether it's the CQ group or Zhong Xueqing, it's all because you wanted to satisfy your own desire to be stronger than father Lei!

Lin Hanxing's voice kept echoing in his ears, making han boming's cheek muscles Twitch from time to time.

At this moment, the way he looked at Zhong Xueqing was no longer the same as the way he looked at his goddess in the past. Instead, it was covered with a layer of gray, and he could not explain it clearly.

Just as han boming's tolerance for Zhong Xueqing's madness had reached a certain point and was about to explode, the sudden ringing of the mobile phone on the table saved Zhong Xueqing, who had not had the slightest sense of danger.

"Hello," he said.

Zhong Xueqing was still smashing things on the other end of the phone, so han boming could not hear the content of the phone.

"Don't be noisy!"

Han boming covered the receiver and growled at Zhong Xueqing.

However, the latter still did as he pleased!

The next second, han boming's mouth twitched. He suddenly got up, grabbed Zhong Xueqing's wrist, and slapped her face.

Due to the inertia, Zhong Xueqing was thrown to the ground.

Her soft and well-maintained hand pressed on the glass shards, and waves of heart-piercing pain came from it!

"Speak!"

Han boming panted and said to the person on the other end of the phone.

Zhong Xueqing was still in a daze.

Blood flowed all over the ground.

She couldn't believe that han boming, who was always obedient to her, would treat her like this.

"Have you found the person I told you to find?"

Upon hearing this, han boming's eyes were filled with surprise, and even his eyes were shining!

"Alright, bring them under control and bring back their families. We can't afford to make any more mistakes! Otherwise, I'll take your lives!" Han Boming's eyes were filled with killing intent, and he hung up the phone.

The corners of his mouth were still curved into a twisted smile.

"Lei kangnian, I've been following you through life and death for so many years. Since your Lei family won't let me live, I won't let you live well either. At most, we'll fight to the death, what do you think?!"

As if he thought of something, Han Boming slowly turned his head and looked at Zhong Xueqing, who was still lying on the ground.

When the latter met his eyes, he suddenly shivered.

"I need you to help me with something."

Zhong Xueqing nodded her head in fear.

"Don't be afraid."

Han Boming didn't seem to see the blood. He reached out and touched Zhong Xueqing's cheek, caressing her like a lover.

"Just do as I say."

.....

Night fell.

After the meal, the Lei family members had their own activities.

Lei Cheng returned to his room early.

This was because he felt that when his big brother was talking to Lin Hanxing in a low voice during the meal, the way he looked at him was not quite right.

Lin Hanxing, who had changed into his home clothes, knocked on Lei Xiaosan's door.

When he saw Lin Hanxing at the door, Lei Cheng's stomach twitched out of reflex.

"Sister-in-law."

"I have something to discuss with you. How about we talk in the study?"

There was a safe distance between Lin Hanxing and Lei Cheng.

"If it's a big matter, I think it's better to discuss it with big brother."

Although Lin Hanxing, who had changed into his home clothes, did not have the cold aura he had in the day, Lei Cheng still felt that she was up to no good when he thought about what had just happened.

"Oh, he told me to come and find you."

"....."

Lei Cheng was silent for a moment, then he looked up and sighed.

"Let's go," he said.

In the study room, Lin Hanxing stood in front of the bookcase, his gaze falling on Lei Xiaosan's signed books.

He seemed to be preparing an opening speech.

"The book is very good."

Lin Hanxing randomly picked the book she had read before. After Lei Xiao's spoiler, she already knew who the murderer was even though she had not finished reading it.

Lei Cheng didn't say anything.

For safety's sake, he quietly increased the distance between them.

"What does eldest sister-in-law want to say?"

"There are two things."

Lin Hanxing smiled at Lei Cheng, pretending not to see the wariness in his eyes.

"The first thing is about our family."

When he heard that it was related to his family, Lei Cheng's handsome face turned serious.

"I want to ask you for something."

Lin Hanxing pretended to casually pick up the pen on the table, then twirled it between his fingers.

Ask for something?

Hearing this, Lei Cheng raised his eyebrows. He didn't think that there was anything on him that was worth her coming to ask for.

"What?"

Lin Hanxing quickly gave the answer and threw the things he had prepared to Lei Cheng.

At first, Lei Cheng thought he had heard wrong.

However, when he saw Lin Hanxing's expression, he suddenly felt a headache.

[Chapter 1177](#)

1177 The second matter

"I think you're messing with me, sister-in-law."

Lei Cheng tried his best to remain calm, even though his forehead was throbbing.

"Unfortunately, I'm not."

Lin Hanxing's eyes were serious as he smiled.

“Sister-in-law, you can go to second brother and ah Jue for this kind of thing!”

it’s not impossible, but because of the second matter, I’d like to ask you for help.

“What about big brother?”

Lei Cheng added meaningfully, but there was a different meaning in his eyes.

Lin Hanxing smiled but did not say anything.

“.....”

Although he had carefully checked her eyes, Lei Cheng still felt that she was trying to trick him.

“Alright, I’ll pay!”

Lei Cheng said this through gritted teeth, as if he had accepted his fate.

“Aren’t you going to ask me what I’m going to do with it?”

This time, it was Lin Hanxing’s turn to be slightly surprised. She had thought that with Lei Cheng’s personality, he would get to the bottom of it before giving it to her, but he didn’t even ask.

Lei Cheng had wanted to groan unhappily, but when he thought of his big brother’s words, he gave up.

“You’re my sister-in-law.”

Not long after these five simple words, Lei Cheng handed the things to her.

Lin Hanxing raised an eyebrow.

After a short while, he put the thing into the box that he had prepared.

“Xi Bao, come in.”

Lin Hanxing made a phone call and Jiang Xibao came over very soon.

“Help me send this to the mute uncle.”

As he spoke, he passed the things to her.

Jiang Xibao turned around and left without asking what was in the box.

“What’s the second matter?”

Lei Cheng asked.

This time, Lin Hanxing did not answer immediately. His expression was unreadable.

But Lei Cheng could still see the hesitation in her eyes.

the second thing is that I have not told your big brother. Regardless of whether I succeed or not, I hope that you will keep it a secret from him.

In the end, Lin Hanxing still spoke.

Without another word, Lei Cheng turned to leave the study.

"It's related to your big brother."

Lin Hanxing's words successfully stopped Lei Cheng from leaving.

"What are you trying to say?"

I want to ask you to invite Dr. Zhong for a hypnosis session.

"I didn't hear wrong?"

Did she want him to invite Dr. Zhong over to hypnotize her?

"If your hypnotism skills are strong, you can do it."

Lin Hanxing stopped spinning his pen and spoke indifferently, his long eyelashes slightly closed to hide all his emotions.

"Is sister-in-law joking with me?"

Moreover, what did hypnotizing her have to do with big brother?

I have a memory of the past that has been sealed. It is related to your older brother. Dr. Zhong also knows about it.

"Wait ..."

Lei Cheng seemed to have thought of something as he squinted his peach blossom eyes at Lin Hanxing's face.

Lin Hanxing allowed him to size him up.

"You're the painting's ..."

That year, after his older brother came back, Dr. Zhong used half a year to break through his defenses.

At that time, big brother had drawn him a picture.

Due to the principle of confidentiality, no matter how she asked, Dr. Zhong never told him.

There was only one time when he was drunk and mentioned that she was a little girl who looked like a doll.

The corner of his eyes ...

The mole in her mind merged with the one in the corner of Lin Hanxing's eye.

It was simply unbelievable.

"I can try it first."

Lei Cheng's expression turned from shock to seriousness. He finally understood why Dr. Zhong would always mention that he was wrong when he called him during that period of time.

It turned out that the little girl back then wasn't big brother's imagination.

Instead, it was a living person standing there.

"Keep this a secret from ah Xiao."

She did not know why, but from ah Xiao's attitude when she mentioned this a few times, she felt ...

Ah Xiao actually didn't want him to remember.

Lei Cheng didn't say a word, which was a tacit agreement.

"Do I need to do anything? To relax?"

Lin Hanxing looked at Lei Cheng with an expressionless face.

"Sit down and take a deep breath."

Almost at the same time, Lei Cheng's voice changed, becoming deeper and more powerful.

Hearing this, Lin Hanxing sat on the leather seat and let himself enter a simple relaxed state.

Lei Cheng began to snap his fingers.

It was extremely regular.

It was extremely clear in the empty study.

you like this feeling of relaxation very much. Throw away all the distracting thoughts in your heart and breathe.

Lei Cheng's snap seemed to have some kind of magic, causing Lin Hanxing's mind to go blank.

Unknowingly, she had fallen into a deeper state of tranquility and peace. Her five senses, except for her hearing, had all degenerated.

Very quickly, Lei Cheng walked up to her and stood still.

"There is a door in front of you. When I count to three, I need you to help me open it ..." He said.

Lin Hanxing closed his eyes and did not respond, but his brows were furrowed.

"One ..."

"Two ..."

"Three ..."

The moment Lei Cheng's words fell, Lin Hanxing really raised his hand and made a gesture similar to pushing open a door.

"Now, tell me, What Do You See?"

"I can't see ..."

Can't see?

Lei min frowned and decided to change the way he asked the question.

“Then do you smell anything?”

Lin Hanxing started to struggle.

“The wine ...”

“What else?”

Lei Cheng lured them slowly, preparing to piece together the scattered clues at the end.

“Blood ...”

“And then?”

Lin Hanxing, who had his eyes closed, tilted his head slightly, as if he was really sniffing it.

However, his expression quickly became anxious.

okay, let’s change the question. You can’t smell, but you can hear people talking. What did you hear? ”

Lei Cheng felt that something wasn’t right, but the clues were too scattered.

Lin Hanxing’s expression did not calm down as he had expected. Instead, his brows were furrowed even more tightly, as if he was suffering from some inhuman pain. Lei Cheng immediately decided to end the hypnosis session.

“I’m retreating.”

Suddenly, Lin Hanxing said in a hurry.

“The door is closing.”

Hearing these words, Lei Cheng’s expression turned to shock.

This proved that the person who had sealed her memory was far more capable than him. That was why she was pushed out of control and reappeared when she tried to unseal her memory.

sister-in-law, wake up immediately!

Lei Cheng placed his hands on Lin Hanxing’s shoulders, and almost in an instant ...

Lin Hanxing opened his eyes!

At the same time, tears the size of beans rolled down her wide-open eyes.

The air seemed to freeze for a moment.

Lei Cheng’s forehead was already covered in sweat, and his hands were still on Lin Hanxing’s shoulders.

“I’m sorry.”

After a long time, he finally said these two words.

Lin Hanxing quickly regained his composure, even though she could easily tell from Lei Cheng's expression that the hypnosis had failed.

your memory has been sealed by two hints.

"It's like a double insurance ..."

Lin Hanxing reached out to wipe away the tears on her face, her delicate little face expressionless.

Even though he was mentally prepared, he still felt a little disappointed.

yes, as long as you touch the most critical level, you will execute the order to prevent anyone from peeking into your memory, including yourself. Lei Cheng explained to her in the simplest and most understandable way.

Knock, knock, knock. Someone knocked on the door of the study.

[Chapter 1178](#)

1178 The two of them received a common message

I will contact Dr. Zhong and confirm the time as soon as possible.

Lei Cheng's expression was extremely serious, because he realized that he had only seen this special double hint from one person all these years, but in the end, he still had to confirm it with Dr. Zhong.

"Thank you," he said.

Even though Lin Hanxing noticed something strange between his eyebrows, he did not ask anything.

"Help me keep this a secret from your big brother!"

Lin Hanxing stood up and walked towards the door.

As soon as she opened the door, she saw father Lei standing outside with a serious expression.

"Dad," he said.

"Sheng, you go out first. I have something to say to Hanxing."

Father Lei's gaze went past Lin Hanxing's shoulder and landed on Lei Cheng.

Lei Cheng hummed in acknowledgment and left the study, but his brows were still furrowed, as if he was still thinking about the double hint.

When the door to the study was closed, father Lei turned to look at Lin Hanxing.

"Han boming called me and said he wanted to meet me. He also sent this ..."

Lei kangnian's words made Lin Hanxing's eyes darken. She reached out to take his phone. When she saw the content of the message on the screen, the corners of her mouth slowly curled up into a cold smile.

Just as he said this, there was another knock on the door.

Lin Hanxing opened the door and saw mother Lei standing outside.

When he saw the phone in her hand, Lin Hanxing understood everything.

“Did Zhong Xueqing send you a message?”

Mother Lei and father Lei looked at each other and reached out to hand over the phone that they had received.

It was the same content.

At this moment, Lin Hanxing’s face no longer showed any disappointment after the hypnosis failed. The corners of his eyes and the tip of his brows were cold and deep in thought.

He seemed to be trying to figure out the other party’s intentions.

Since things had already developed to this stage, was there still a need to meet?

However, since han boming and Zhong Xueqing dared to say this, they must have their own intentions, but ...

What was the reason?

Lin Hanxing’s phone suddenly rang as he was thinking.

She picked up the phone in front of her parents without any hesitation.

After hearing a few words, his cold eyes narrowed sharply in an instant.

Soon, Lin Hanxing hung up the phone.

“I think I know why they asked you out!”

Lin Hanxing sat down and leaned against the desk.

Her slender legs, which were wrapped in her casual pants, were revealed because of this action.

“My daughter-in-law ...”

mom, I’ve told you before that the best way to heal a pimple with blood pus is not to pretend it doesn’t exist, but to poke it and squeeze the pus out!

Lin Hanxing raised his head and met mother Lei’s eyes. He chuckled and slowly held her hand.

“It’s going to be dad’s birthday party soon.”

When he said this, Lin Hanxing’s tone had a sense of relief that it was finally coming.

“I promise, everything will end on that day.”

.....

In the end, it was father Lei who went out tonight.

Father Lei wanted to drive himself, but Lei Xiao insisted on sending him there.

Along the way, no one spoke.

Half an hour later, they arrived at the appointed place.

“Dad, if you were the one who appeared, the person who would come would be Zhong Xueqing,”

Before they got off the car, Lin Hanxing gave father Lei a heads up. It was obvious that he had figured out the other party’s tactics.

Father Lei paused and nodded to show that he understood.

Lei Xiao’s eyes followed father Lei closely, the gloominess in his eyes was drowned out by the darkness of the car. Lin Hanxing caught it with his sensitive senses and reached out to hold his big hand.

His usually hot palm was now devoid of any warmth.

Lei Xiao subconsciously held her hand, their fingers intertwined.

“I’m here,”

Lin Hanxing said softly. He knew where the knot in his heart was.

“I should be the one protecting you.”

That pair of deep eyes that were immersed in the darkness was filled with pain, and his large palm unconsciously tightened.

“You’ve done enough for this family.”

Lin Hanxing said softly.

ah Xiao, we’re your family. We want to protect you too.

Lei min had once said that if he had not met her, perhaps Lei Xiao would still be the same as before, not even caring about his own life, running around for them and the Lei clan, as if he did not know what fatigue was.

In fact, there were many things that Lei Xiao could handle.

It was because he was unwilling.

“You, don’t think about anything. Just obediently leave it to me, okay?”

Lin Hanxing stretched out his hand and leaned his head against his.

From the day this man appeared by her side, Lin Hanxing’s world was filled with another color besides the darkness of revenge. Even Lei Xiao himself did not know that his appearance ...

It was so important to her.

“Let’s announce our marriage on dad’s birthday party, okay?”

Lin Hanxing tilted his head and kissed his ear, his eyes gentle and soft.

“If mom gets angry, you have to help me.”

As she spoke, Lin Hanxing shook Lei Xiao's arm, her coquettish tone of voice was so sweet that it made one's heart melt.

Lei Xiao reached out and pulled her into his arms.

"If, and I'm saying if, I never remember how we met, would you be angry?"

The image of Lei Cheng's failed attempt at hypnotizing her surfaced in her mind. Lin Hanxing's long eyelashes fluttered slightly as he spoke nonchalantly.

I don't wish for little 9th to unlock that part of her memory.

This was also what misty rain and ah-Jin wanted.

The Thunder valiant beast's arm suddenly tightened, as if it was a conditioned reflex.

"No!"

Lin Hanxing caught the hint of depression in his tone.

As expected.

Ah Xiao didn't want her to recover her memory, did he?

"Won't you feel regret?"

Lin Hanxing said softly after a while.

In the darkness, she could feel Lei Xiao's Adam's apple moving up and down a few times. The strength he used to tighten his arms was enough to make her feel the haze in his heart.

"You're in my heart, you're by my side, what's there to regret?"

The Thunder valiant beast's deep and hoarse voice echoed in the carriage.

It made Lin Hanxing's heart feel like it was being clenched by an invisible hand, sour, bitter, and painful.

That's enough, don't think about it ...

Thunder valiant beast suppressed his thoughts.

On the other side, in the most high-end coffee shop in Jiang city, Zhong Xueqing had just taken a seat opposite Lei kangnian.

She was still wearing the Navy blue cheongsam that she had worn when she first returned to Jiangcheng. With a Mulan shawl, she had an indescribable style.

"You didn't expect it to be me, did you?"

Zhong Xueqing, who was originally nervous, felt an indescribable bitterness and hatred in her heart the moment she saw Lei kangnian. She had worked so hard to do so much, but this man was still the same as before ...

He could not see anything!

It was as if she was invisible in his eyes!

What exactly was so good about Zhong Nanyin?

Stupid and naive!

"I've guessed it,"

Lei kangnian said in a low voice. His expression was dignified, and even his eyes were sharp.

"Hehe."

Zhong Xueqing ordered a cup of coffee for herself, as if she was thinking about how to complete the task that han boming had given her.

The more he thought about it ...

The more he looked, the more flustered he was.

[Chapter 1179](#)

1179 You've schemed against us all

However, when she raised her head and met Lei kangnian's cold eyes, her panic was replaced by resentment.

"Why are you doing this to me?"

Zhong Xueqing felt wronged as she asked. She thought of han boming's change in attitude towards her, and then thought of Zhong Nanyin's current carefreeness and naivety. She couldn't help but feel jealous.

Back then, she was only one step away from this.

She should be the one marrying Lei kangnian and enjoying the life of a rich wife!

"You know how I was back then ..."

"Is there any point in saying all this now?"

Lei kangnian's face was expressionless. His stern and strict face showed the calmness and decisiveness in his bones.

"What's more, what do you have to compete with Yinyin?"

Lei kangnian's eyes were no longer cold and emotionless when he mentioned his wife. There was a hint of gentleness in his eyes. In Zhong Xueqing's eyes, it was as if ants were nibbling on her.

"In what way am I inferior to her?"

Zhong Xueqing's tears were forced out by Lei kangnian.

Lei kangnian raised his head and looked at her.

"In my eyes, you're not as good as her in any way."

A simple sentence was enough to destroy the self-confidence that Zhong Xueqing had built up since she entered the Zhong family.

This was a destructive blow.

"I don't believe it!"

Zhong Xueqing suddenly stood up and shrieked, attracting the attention of everyone present.

Lei kangnian raised his head and looked at her coldly.

It was as if Zhong Xueqing was just an insignificant character from the beginning to the end, and could not stir up any of his emotions.

"Back then ..."

"I have something to tell you."

Lei kangnian was getting impatient with Zhong Xueqing's constant bringing up of the past.

He might as well directly use his big move.

"Back then, I was the one who secretly pushed the situation to its limits, allowing that person to frequently come into contact with my opponent."

As expected, the moment these words left her mouth, Zhong Xueqing's eyes immediately widened in disbelief.

"You ..."

He said he knew?

All these years, she had regretted not standing on Lei kangnian's side on more than one occasion. That was why Zhong Nanyin had taken advantage of her and snatched her fiancé!

Back then, who would have thought that the Lei Corporation, which had been crushed at the slightest sign of trouble, would actually come back to life?

Who would have thought that Lei kangnian, who was bound to go to jail, would actually make a comeback?

But now, Lei kangnian was telling her that he had been adding fuel to the fire from the beginning to the end, deliberately putting her in a difficult situation!

Why did he do that?

"You didn't like me from the beginning ..."

Once she thought through this, Zhong Xueqing's scalp started to turn numb and tremble. She looked at the man sitting opposite her, who was as steady as Mount Tai.

"You've been paving the way for Zhong Nanyin from the very beginning!"

He was using her and the Zhong family as her stepping stones!

Did she only understand now?

you adulterous couple!!!

Zhong Xueqing only felt that she was the most innocent and wronged person after being played by these two for so many years!

It turned out that she was just a foil to the Zhong Nanyin that she looked down on the most?

Zhong Xueqing's hands were on the table, and every joint in her body seemed to be trembling with her indignation!

you're the ones who caused me to become like this!!!

you've schemed against all of us!!!

Zhong Xueqing felt that she finally had a channel to vent out all the grievances she had suffered in the past few days. The blood vessels in her eyes had turned red as she stared at Lei kannian, who still did not show any emotion.

"Zhong Xueqing, you are the one who caused you to become like this!"

Suddenly, a cold voice came from not far behind him!

Zhong Xueqing suddenly turned her head around, feeling a heart-wrenching sense of hatred as if she had just met an enemy.

"Back then, not only did you and the Zhong family not help the Lei family after they were in trouble, you even quickly cut off all ties with them, and you even wanted to step on them again. Did you really think that those who still remember these things back then were all dead?"

Lin Hanxing walked over leisurely, wearing a black silk shirt matched with a white cashmere long skirt. He looked cold and there was an unspeakable sense of sarcasm in his expression, while the strong and tall Lei Xiao was by his side.

As she spoke indifferently, she exposed Zhong Xueqing's true colors without the slightest scruple.

Even the Zhong family would not be able to escape.

"What's wrong? Are you jealous of her?"

Lin Hanxing took off the Bluetooth Earphone from his ear, his mesmerizing eyes landing on Zhong Xueqing's swollen face, which was covered with concealer. His attitude was cold and direct.

"You're talking nonsense!"

Zhong Xueqing clenched her fingers tightly, her entire body trembling uncontrollably. She was clearly extremely furious!

"Why should I be jealous of her? Why should I be jealous of that B * tch ..."

Before she could finish her sentence, a sharp and ear-piercing sound suddenly rang out from opposite Zhong Xueqing. With a "pa" sound, the entire coffee shop fell into a dead silence.

Everyone slowly turned to look at Lei kangnian.

However, the White porcelain cup that he had been holding in his palm had been crushed on the table, which made people dumbfounded.

The dark red blood slowly flowed down Lei kangnian's palm.

Zhong Xueqing, if you dare to continue speaking, I will let you have a taste of what it means to truly have nothing!

Lei kangnian was surrounded by a low air pressure. The strong pressure made everyone feel suffocated.

Ever since he handed the Lei group over to Lei Xiao, Lei kangnian had been living in seclusion for the past few years. His image in the eyes of the people of Rivertown had gradually faded, but he still had the blood of a man from the martial arts world in his bones.

Under that pair of Wolf-like eyes, Zhong Xueqing swallowed back the word 'human' that was on the tip of her tongue. She did not dare to say another word!

"Dad!"

Lin Hanxing's brows furrowed. When he saw the blood, his delicate little face was instantly covered in frost.

ah Xiao, take dad to get his wound treated first. I still have something to say to her.

Lin Hanxing turned to look at Lei Xiao, whose eyes were shrouded in darkness. She could clearly feel his ferocity.

Lei Xiao used a lot of strength to suppress the bloody pressure. He looked at the wound on his father's hand and felt a slight pain in his eyes. However, it was not the best time to catch han bombing and the others in one fell swoop ...

"Go on."

Lin Hanxing's eyes met Lei Xiao's.

The problem between women should be solved by themselves.

Father Lei and Lei Xiao left quickly.

The last trace of warmth on Lin Hanxing's face as he looked at their backs was completely wiped out with the temporary departure of the two.

She turned her neck extremely slowly and looked at Zhong Xueqing.

Lin Hanxing's facial expression had also changed, and Zhong Xueqing could see it clearly. Her fear had enveloped Zhong Xueqing's entire body, and she could not help but take a few steps back.

"Your daughter is a smart person."

Lin Hanxing's tone was cold, and no one could understand the meaning behind it.

"It's a pity that she has a mother like you."

The moment he finished speaking, Zhong Xueqing was caught off guard and her entire scalp was pulled into Lin Hanxing's palm at lightning speed!

[Chapter 1180](#)

1180 There's no one who can't be killed

Lin Hanxing's movements were so fast that Zhong Xueqing didn't even have the time to defend herself.

By the time she came back to her senses, her scalp was already in excruciating pain. She was being dragged forward by Lin Hanxing in the most embarrassing position, and no matter how she struggled, it was useless!

Lin Hanxing dragged Zhong Xueqing forward expressionlessly. The people around them were so stunned that they even forgot to step forward to stop her.

He had seen women fight before, but he had never seen such a one-sided fight. Lin Hanxing's hair was not even messy, and Zhong Xueqing, who had specially dressed up, could no longer be seen as her delicate appearance!

"This young ..."

"Get out of the way."

A waiter came forward, but before he could say anything, Lin Hanxing's cold eyes swept over him.

The word 'simple' successfully extinguished the thoughts of the others.

Lin xiaojiu ... Let me go!

Zhong Xueqing used all her strength to push it away, hoping that the people Han Boming had ordered to hide in the dark could save her.

"Don't shout. Save your strength and shout when you meet Han Boming upstairs!"

Lin Hanxin was smiling.

Her already delicate facial features were even more breathtaking, not to mention the mole under the corner of her eye, which made her even more charming.

However, his eyes were cold and sharp like a knife.

It made people feel a chill from the bottom of their hearts.

Zhong Xueqing sucked in a breath of cold air when she heard this. She couldn't understand how Lin xiaojiu found out that Han Boming had booked the entire second floor of the coffee shop.

"The slap on the face was from Han Boming?"

Lin Hanxing sneered.

His voice entered Zhong Xueqing's ears, causing her cheeks to heat up.

It was as if being seen through by Lin Hanxing was a shameful thing.

“When I followed Madam Zhong into the Zhong family and took over the Zhong family, I thought that I had everything. Who would have thought that one day, I would still end up with nothing?”

Lin Hanxing’s words were full of sarcasm.

Zhong Xueqing’s face turned red, then green, and then white.

that’s why people always do good things with good intentions. Even the heavens will remember it for you!

Jealousy was human nature, and it was not shameful by nature. However, if one always wanted to reap without sowing and was always jealous of the good side of others, then one should be ashamed of themselves!

With a loud bang, Lin Hanxing kicked open the door to the private room on the second floor with an expressionless face.

Han boming seemed to have received the news long ago. He was not surprised by her arrival at all. Instead, he sneered and put the teacup on the table with a thud, his face full of malice.

Lin Hanxing’s lips curled up, then he threw Zhong Xueqing to the side.

Due to inertia, she fell to the floor and the cheongsam opened up a long slit.

Chairman han, you look well. Don’t faint again while talking.

Lin Hanxing sat down opposite han boming with an elegant expression, and there was an obvious provocation in his eyes.

She picked up the teapot on the table and poured herself a glass of water.

“You’re not afraid that I’ll poison you?”

Han boming said gloomily. He really didn’t know if she was really not afraid or just pretending.

Lin Hanxing chuckled when he heard this.

to be honest, Chairman han shouldn’t have ended up like this.

Han boming was actually a very smart person. From the capital he had accumulated over the years, he could tell that. Unfortunately, his ambition was too big, and the target of his tricks was the Lei family.

In the end, he still played with himself until he became like this.

“I don’t think it should be either.”

Han boming’s eyes were dark as he watched Lin Hanxing take a sip of the tea.

“Why do you have to do this? The Jiang city sea bridge project has been taken over by the Lei group. As the second largest shareholder, you will definitely be rich and prosperous in the future, but you have thoughts that you shouldn’t have ...”

Lin Hanxing shook his head and clicked his tongue twice, as if he felt sorry for han boming’s decision.

With a loud bang, han boming angrily smashed the empty teacup on the table. The broken pieces of the teacup scattered on the table, and his eyes were fierce!

Ah Xiao and I saw han mingmei today.

Even when facing the man who was like a fierce beast alone, there was no fear on Lin Hanxing's face. At this time, the door had been surrounded by han boming's men.

"She's in a very miserable state inside!"

Lin Hanxing didn't even look at the others, he just looked at han boming.

you deserve to die!!!!

These three words, han boming said through gritted teeth, and even his eyes were extremely fierce.

Lin Hanxing chuckled softly as if he had just heard a compliment.

Han boming's chest heaved up and down violently because of his anger, and the bones in his two big palms made a crackling sound. He looked at Lin Hanxing's provocative face and decided to teach him a lesson.

His large palm suddenly reached out, as if he wanted to pull her in front of him.

However, before he could touch Lin Hanxing, he saw a cold glint in her eyes. Then, han boming felt a sharp pain in his palm and suddenly screamed!

"Ah ..."

Han boming's big palms were pressed on the table that was covered with broken pieces of the teacup by Lin Hanxing. Red blood gushed out the moment the broken pieces cut his skin!

"I'll see who dares to come over!"

Lin Hanxing turned to look at han boming's men who were standing at the door.

An indescribable bone-chilling coldness flashed across her exquisite and extraordinary little face, especially the shock that her eyes gave people, making them unable to move their legs for a short time.

"Han boming, listen carefully!"

As Lin Hanxing spoke, he pressed han boming's big palms back and forth on the table. The blood slowly spread along the table, and the onlookers were shocked!

Han boming was really brave.

Other than the first sound, the rest of them clenched their teeth and didn't let themselves make a sound.

The veins on his forehead were throbbing, and beads of sweat rolled down his cheeks. His eyes were as wide as a bull's as he stared at Lin Hanxing.

"If you want the Lei family to suffer, I'll let you lick your own blood! If you want the Lei family to feel pain, I'll take your life!" Lin Hanxing's mouth curved into an alluring smile, and he looked at Han Boming at such a close distance.

The strength of his hand increased as his tone became more serious.

It was as if she wanted to deeply embed each piece of porcelain into his palm so that he would remember.

I, Lin Xiaojiu, have never failed to protect anyone I want to protect!

A sonorous and powerful voice resounded in everyone's ears.

To be honest, if they didn't see it with their own eyes, no one would believe that this beautiful woman in front of them could be so brutal!

Being stared at by such a pair of cold eyes, she felt very nervous.

and the person I, Lin Xiaojiu, want to kill ...

Lin Hanxing chuckled as he looked around. When he glanced at Zhong Xueqing, his mocking smile became even deeper.

"There's no one who can't be killed!"

She had the confidence to say this!
