

Goodnight 1211

[Chapter 1211](#)

1211 A huge storm is brewing

Lin Hanxing placed the lunchbox on the bedside table.

As soon as he opened it, a strong fragrance made the stomachs of the people who had been busy the whole night growl.

“Ah Xiao, he ...”

Mother Lei looked at Lin Hanxing with anticipation.

The latter’s hands paused for a moment and he shook his head.

Mother Lei’s eyes dimmed.

“Mom, let him have a good rest.”

Lin Hanxing poured some pork liver congee from the thermos and was about to hand it to Mama Lei.

Mama Lei didn’t take it.

“Lin! Cold! Star!”

All of a sudden, mother Lei’s voice rang out in the ward, calling her by her full name!

Lin Hanxing’s hand trembled.

Steady.

The others were also getting nervous at the sound of mother Lei’s gaze.

“Yinyin,”

Lei kangnian’s voice was still hoarse from just waking up.

Lin Hanxing stood quietly by the bed, not making any excuses for himself as he waited for mother Lei’s anger.

If this could make her mother feel better ...

She was happier than anyone else.

The situation in the ward suddenly became delicate.

“To think I dote on you so much! You and ah Xiao secretly got married and didn’t tell me, you guys! Are you guys trying to anger me to death!”

Mother Lei’s face was red with anger.

Especially when she thought of how shocked she was when her daughter-in-law took out her Red Book, she wanted to go downstairs and run two laps!

“Mom ...”

Upon hearing this, the nervous and worried expressions on the others' faces disappeared instantly. Other than Yan beiming, the rest could not help but shake their heads.

It should have been a joyous occasion, but it just had to happen at such a time.

They wanted to say something, but they didn't have the energy to.

Madam Lei flipped her palm and showed it to Lin Hanxing.

“If you're still my precious wife, then bring it over!”

She raised her chin slightly. If it wasn't for the fact that her face was too pale, she would have been 100% arrogant.

“You know what I'm talking about!”

Lin Hanxing laughed and passed the porridge to father Lei. Then, he took out the Red Book and passed it to mother Lei.

Mother Lei held it in her hand like a baby and flipped it open carefully.

When he saw the red photo of Lin Hanxing and Lei Xiao on the marriage certificate, his expression that had been forcefully lifted up suddenly turned soft, and his fingers lightly caressed the photo of the two of them.

“Ah Xiao and I didn't mean to hide it from mom.”

Their original plan was to wait until the banquet to announce it, but they did not expect such a thing to happen!

“Mom knows.”

Madam Lei's lips trembled, and her tears fell uncontrollably on the photo.

She started to wipe it in a hurry.

“Come.”

Mother Lei waved at Lin Hanxing and the latter obediently sat on the bed.

“Daughter-in-law, don't worry. When ah Zhen awakes ... Our Lei family will definitely give you the biggest wedding! I'll let those people see how beautiful my daughter-in-law is!”

Mother Lei raised her head, her voice choked with sobs as she spoke.

Lin Hanxing allowed mother Lei's hand to caress her face.

It had only been a night and mother Lei looked much more haggard. Lin Hanxing noticed it all.

She would definitely remember this moment!

This was the woman that father Lei doted on, the woman that the Lei family protected in their hearts, the woman who had been loving her ever since she returned to Jiang city ...

She would never forget what those people had done!

No matter where they were, she, Lin Hanxing, would skin them alive and pull out their tendons!

Absolutely!

Absolutely!

I can't let a single one of them go!

beizhi, go downstairs and help me contact all the media in Jiang city. Tell them that there will be a press conference at 9:30 am at the Lei Corporation. Make sure to inform everyone!

Father Lei instructed Yan beiming in a low voice. This was his strength.

"I know."

Yan Beichen did not hesitate to walk out and contact the media.

As for Liang yuran, Lin Hanxing had already sent him to do something else last night.

"You've worked hard."

Father Lei looked at Lin Hanxing with a loving gaze.

Almost instantly, Lin Hanxing's eyes began to sting again.

No one in the Lei family had blamed her since the incident last night.

The more it was like this, the sadder Lin Hanxing felt.

She had already felt that there was something wrong with her. If only she could be more at ease and not be so arrogant!

"Before ah Luo awakens, I will help him guard all of this!"

.....

The news and images of Thunder valiant being shot did not die down even after one night. Instead, it became more and more popular.

Even the news of the Lin family's near annihilation last night was like a drop in the ocean, thrown to the back of their minds in the blink of an eye.

Before the sun had even risen, the broadcasting vans of the major media outlets in Jiang city had already surrounded the hospital. The momentum was as great as it could be.

Meanwhile, people in the business world had placed more attention on the stock market!

He was only waiting for the Lei corporation's stock market to open at 9:30 sharp.

After all, the impact of last night's incident was too great.

It was impossible for the stock price to not collapse after the opening. If someone wanted to take advantage of the chaos to do something, it was simply too easy, whether it was a malicious sale or a malicious short ...

All of these would have an immeasurable impact on the current Lei clan.

Moreover ...

A night had passed, but there was still no news of Lei Xiao's safety, which made everyone nervous.

At the same time, various media reporters received an invitation.

This invitation was made by Yan beiming with the authorization of Lei kangnian.

Today at 9:30 am, the Lei Corporation would be holding a press conference at the headquarters.

The timing of this press conference coincided with the opening of the stock market, so everyone was looking forward to it. Especially when they heard that the Lin family's little ninth would be in charge of this press conference as the Lei family's eldest daughter-in-law, it made the reporters 'blood boil!

After all, what had happened at Lei kangnian's birthday banquet the previous night had been too exciting. They wanted to see what Lin xiaojiu could do to help the Lei family turn the tide this time!

Everyone was waiting.

They had never looked forward to the arrival of 9:30 as much as they did today.

"Little Hanxing, why didn't you do it earlier?"

Yan beixiao could not help but ask her as he watched Lin Hanxing, who had not slept the entire night, gulp down a few cups of Americano.

If it had been half an hour earlier, waiting for the stock market to open at 9:30, it would not have had much of an impact on the Lei Corporation, but ... They just had to be stuck at 9:30.

The public relations would need at least half an hour to be effective.

However, who knew what would happen at 10 O'clock?

Lin Hanxing threw the empty coffee cup in his hand accurately into the trash can. He stretched his muscles expressionlessly until he felt more comfortable before he looked out of the floor-to-ceiling window.

"If it's a little earlier, I won't be able to achieve the effect I want."

After a few cups of Americano, Lin Hanxing spoke coldly. His long eyelashes blinked slightly as he looked back at Lei Xiao's ward.

"What did you ask that Liang guy to do?"

Yan beiming asked again out of curiosity.

Lin Hanxing smiled.

“You’ll know when the time comes.”

[Chapter 1212](#)

1212 Pear paste candy

8:30 am.

Lei Corporation.

In the cloakroom in the president’s Lounge.

There was still a full hour before the press conference at 9:30.

Lin Hanxing reached into the collar of his white silk shirt and pulled out his long hair.

His actions were natural and handsome.

He looked at himself in the mirror expressionlessly.

He buttoned the diamond cufflinks.

Her black suit pants made her legs look even more slender, and her high heels clicked on the floor from time to time, making cold footsteps.

Ah Xiao’s smell was everywhere.

It was as if he was right beside her.

Lin Hanxing’s hand slid across the black shirt that Lei Xiao had hung in the closet before, and he gently held the sleeve.

The Thunder valiant beast always liked to tidy up his things.

Moreover, he had personally organized it.

It was the same no matter where he went.

Lin Hanxing, on the other hand, did not care much about this.

Lei Xiao had never said anything to her. He would only silently help Lin Hanxing organize his things after he was done with his work. Every time Lin Hanxing could not find anything, he would ask him and that man would always be able to give him the precise location without thinking.

Lin Hanxing’s lips curled into a smile as he thought of this.

His worries quickly disappeared.

Ah Xiao is like this, he seeped into your life without a sound.

When you come back to your senses ...

He’s already become an inseparable part of your life.

“How cunning.”

Lin Hanxing released his sleeve and closed the door.

Her long, black eyelashes fluttered slightly, hiding the bitterness in her eyes.

She had never thought of herself as a fragile person.

Until something happened to ah Xiao.

In the past, she had indeed been too focused on her own matters, right?

Lin Hanxing walked out of the resting room. Anthony was already waiting outside.

He was dressed in plain black, and his expression was more serious than ever.

“Madam, the list of all the Lei corporation’s shareholders is here!”

Anthony handed the documents to her respectfully.

Lin Hanxing grunted and flipped through it carefully, his expression cold.

Anthony felt as if Thunder valiant beast was standing right there.

He was standing in front of her.

The aura of the president and his wife could not be imitated by others.

Lin Hanxing’s long hair was tied up at the back of his head, and his delicate face looked even colder under the morning light shining through the half-ring floor-to-ceiling window that occupied one-third of the president’s office.

Her snow-white Swan neck was even more beautiful.

Lin Hanxing’s eyes scanned through the list at a very fast speed, as if he was memorizing it.

“I heard that last night ...”

Anthony paused.

“Continue.”

Lin Hanxing said coldly without even looking up.

“Last night, some of the shareholders met in private. This morning, the Board of Directors continued to pressure father Lei on the grounds that Mr. Lei is still in critical condition. I’m worried ...”

Anthony looked at Lin Hanxing and held his breath.

“I’m worried that they’ll join forces to sell it after the market opens. If that’s the case ...”

Once it caused a chain effect, there would be no way to end the matter.

Even after hearing this, Lin Hanxing’s face did not show any signs of panic. He just handed the list of shareholders to Anthony.

mark out the shareholders. I want to see what percentage they occupy.

Knock, knock, knock. The sound of someone knocking on the door came from outside.

“Enter.”

Lin Hanxing said in a deep voice without even lifting his head.

The mute uncle walked in.

Unlike usual, the mute uncle was dressed in a suit today and his entire person seemed different.

Even the hair that was usually messy on her face was neatly combed back.

It revealed a face that was still cold and ruthless despite the vicissitudes of life.

He showed the screen of his phone to Lin Hanxing. There was something he wanted to report on it.

“There’s less than an hour left. That should be enough time.”

Lin Hanxing glanced at his watch and calculated the time in his heart. He also went through the possible events that might happen at the press conference today in his mind.

“Tell Liang yuran to get ready.”

The mute uncle took the phone and pointed at the coffee on the table. His face revealed an expression of extreme disagreement.

“Just this once.”

Because she had a weak stomach, the mute uncle rarely allowed her to drink coffee.

Lin Hanxing put his hands together and smiled.

This scene shocked Anthony.

The mute uncle glanced at her and took out a wrapped pear cream candy from his pocket and placed it in her palm.

Then, he turned around and left quietly.

After the mute uncle left, Lin Hanxing was quiet for a moment. He only lowered his head and looked at the pear cream candy in his palm.

When she was young, as long as she was unhappy, the mute uncle would always make her some pear cream candy to coax her.

When it entered her mouth, it was sweet and cold.

“You’re done?”

Lin Hanxing turned to look at Anthony, and after a brief moment of emotion, he returned to normal.

Even his expression turned cold again.

To be honest, Anthony had only seen such a change in expression on Thunder valiant.

Anthony's expression was serious as he handed the list of names to Lin Hanxing. He knew that if things were really as he thought, unless Mr. Lei could wake up immediately and rush to the hospital, otherwise ...

The consequences would be unimaginable.

"Madam, what else do you need me to do?"

Anthony asked.

help me inform young master he, Lu bingde, and the yuan family. Tell them to attend the press conference on time ...

Lin Hanxing said indifferently.

After waiting for a long time, Anthony still stood beside him without moving.

Lin Hanxing looked at him again.

"You're standing here like a block of wood, why aren't you going?"

"No more?"

Anthony was stunned for a moment. He had wanted to show off his skills, but he had only been assigned such a small task.

"I'll go immediately!"

Anthony immediately turned around and opened the door, only to see the three young masters of the Lei family and Yan Beichen standing there.

"Sister-in-law ..."

After greeting each other, Anthony left, and the others entered the president's office.

"Why did you all come?"

Lin Hanxing was shocked.

"Mom and dad said that the murderer hasn't been caught yet. They're worried and asked us to protect you."

Lei min said gently.

Even though Yan Beichen's expression still carried a hint of fatigue, the worry in his eyes was so thick that it could not be dispelled.

Not to mention Lei Sheng and Lei Jue.

"I won't."

Lin Hanxing walked over to the bar counter and poured a glass of warm water. He handed it to Yan Beichen, who was feeling thirsty, and said coldly, "

Upon hearing this, the four men's expressions froze.

She seemed to be unsure if Lin Hanxing's words were what she thought.

"Little Hanxing, you mean ..."

Yan beixiao held his cup and asked tentatively.

"He will never have the chance to appear again!"

"Sister-in-law, you ..."

Lin Hanxing smiled meaningfully, a cold, bloodthirsty glint flashed across his eyes.

Although it was just a flash, it was still easily caught by the people opposite.

It was a temperature that was engraved in his bones and engraved in his heart!

.....

"Yuan Kang, get lost!"

Yuan San was burning with anger. He had finally found a chance to stop his big brother since last night, and Yuan Kang, who he had never put in his eyes, actually dared to stop him?

He was simply too bold!

The wealth that was in his hands had now become someone else's, and his big brother had clearly decided to give it to Lin xiaojiu!

Stupid!

It was too stupid!

[Chapter 1213](#)

1213 Like a queen (1)

She, Lin xiaojiu, was just an outsider. They were blood Brothers!

"Big brother, do you really have to be so ruthless?"

Yuan san's expression was gloomy, and he was no longer respectful and flattering to Yuan shaojing like before.

That gaze.

More like an enemy who killed his father.

"I heard that Lin xiaojiu is holding a press conference at the Lei Corporation today. Do you believe that I'll bring my men over to cause a scene? Last night, Lei Xiao's injury attracted a lot of attention. Do you think the Lei Corporation will collapse at the opening of the stock market today?"

"Are you threatening me?"

Yuan shaojing's gaze crossed Yuan Kang's shoulder and met his third brother's.

“Big brother, you forced me to do this!”

“Am I forcing you or are you forcing me?”

Since they had already shed all pretenses of cordiality, there was no need to maintain a superficial peace.

“Ah, big brother doesn’t like us, but Lin xiaojiu also doesn’t like our Yuan family, right?”

As long as he thought of what happened last night, Yuan San would want to beat his chest and laugh out loud.

That idiot Lin xiaojiu!

He didn’t even care about the wealth that could rival a country’s, he was indeed young and full of vigor!

As the two were talking, uncle hai walked over and whispered something into Yuan shaojing’s ear.

“I know.”

Yuan shaojing’s expression was calm, as if he had already prepared for this.

Or rather, after hearing the news from Zihua Ji last night, he knew that Lin xiaojiu would make a move.

“Didn’t you want to bring people to the Lei Corporation to cause trouble?”

Yuan shaojing looked at Yuan San and sneered.

“Go!”

Yuan San didn’t expect uncle Hai’s appearance to break the deadlock. What the hell did he say to his big brother just now?

the Lin family’s lass specially called to invite us to the Lei corporation’s press conference today!

What?

Invite the yuan family to attend?

Yuan San was shocked.

Even Yuan Kang couldn’t help but turn to look at Yuan shaojing when he heard this.

What was this Lin xiaojiu up to?

.....

9:15 am.

Lei corporation’s conference hall.

There were still 15 minutes to go before the high-profile press conference.

The conference hall was already packed with people.

The reporters' seats were full of reporters, and there was even a private media area. At this time, there were people chattering everywhere.

"I heard that young master Lei's life is in danger!"

"Our group didn't even manage to get into the hospital, so why do you think the Lei family's bodyguards have such sharp eyes? they could tell who were the reporters and who were the patients with just one look!"

The reporters were testing their equipment and trying to find out more about their opponents.

"There are still 15 minutes before the stock market opens."

"You guys, just wait for a good show!"

This time, the department in charge of financial news was also in full force. Obviously, they had received more inside information.

However, when others asked again, the other party waved his hand with a mysterious face and refused to say anything.

It really made one's heart itch.

why do you guys think Lin xiaojiu's luck is so good? "

Someone said.

Last night, when Yuan shaojing announced that he would give all the yuan group and his assets to Lin Hanxing, many of the reporters were there and they heard the explosive news with their own ears.

"That face is very likable!"

A female reporter suddenly interjected in disdain, obviously disdaining Lin Hanxing.

However, even she had to admit that the Lin family's little ninth was really beautiful. From afar, she was so beautiful that it made one's heart tremble. Even young master Lei had lost to her.

"Don't say that the grapes are sour just because you can't eat them, okay?"

Reporter Zhou from Ba Le entertainment said coldly as he wiped the machine.

People were always willing to speculate about others with the greatest malice, but they never saw the hard work and seriousness of others.

It was only by following Lin xiaojiu that he knew how charismatic she was!

While they were in an awkward silence, someone had already walked in under the escort of the bodyguard.

Before they could see who it was, the reporters hurriedly raised their equipment and aimed it at the person.

"F * ck, you scared me."

Even though Lu Bingde was prepared, he was still shocked when he was caught off guard and faced with so many cameras.

On the contrary, young master he gave him a look with a calm expression.

“Why did the Lei Corporation invite young master he and Lu Bingde to the press conference?”

Seeing the two of them take their seats under the escort of the bodyguards, the reporters began to whisper among themselves. Even the one who obviously had insider information was completely confused!

However, before they could figure out why young master he and Lu Bingde had appeared, another group of people had also arrived at the venue under the escort of bodyguards. When they saw the newcomers, they set off a huge wave.

The Yuan family who attended the banquet last night had all arrived!

“Who ... Who invited them?”

The reporters were a little confused. Wasn't the Lei Corporation holding a press conference?

To invite so many unrelated people ...

Are you here to watch the fun?

Only Ba Le Entertainment's reporter Zhou watched as the crowd did not join in the discussion. He was on high alert, ready to fight. He had a feeling that this was Lin Xiaojiu's doing.

Those people who wanted to see the Lei family make a fool of themselves while young master Lei was in trouble would probably not get their wish fulfilled!

Holding this state of drunkenness, reporter Zhou aimed the camera at the Chairman's seat in the middle.

It was less than ten minutes before the press conference officially began.

The shareholders of the Lei Corporation arrived in batches.

Another two minutes passed, and the door was opened again ...

Lin Hanxing finally appeared in everyone's sight!

A white shirt matched with a black slim-fit women's suit. His handsome outfit was clean and crisp.

When she glanced over, even the mole at the corner of her eye was stained with a sharp look.

She was like a queen.

Behind her, other than Lei Xiao, the rest of the Lei family's third young master and Yan Beiming followed. This time, they were stunned by the unexpected appearance of the reporters.

Only Ba Le Entertainment's reporter Zhou was focused on taking first-hand information.

Lin Hanxing's eyes met with reporter Zhou's in mid-air, and he nodded with a faint smile.

Then, he quickly looked away and talked to the staff of the Lei Corporation in a low voice.

Everyone was making the final preparations for the press conference.

It was only then that the reporters snapped back to their senses and picked up their mobile phones to take more pictures.

Compared to the other reporters, the media in charge of financial news was busier, because they also had to take care of the Lei corporation's stock price movements when the stock market opened.

Lin Hanxing was making the final confirmation with the staff.

"Miss Lin, young master Lei will definitely get better, right?"

Suddenly, Lin Hanxing heard a soft voice.

It also successfully made her stop her hand on the Mike.

Turning his head, Lin Hanxing saw a young face. It was obviously an employee of the Lei family.

"Of course he'll get better."

Lin Hanxing laughed as he spoke.

That smile, in the eyes of others, immediately had a kind of soul-stirring throbbing feeling.

After saying this, Lin Hanxing gave Yan beiming and the others a look, and the latter sat down in a seat not far away.

It was 9:30 sharp!

[Chapter 1214](#)

1214 Like a queen (2)

The stock market opened at the same time!

The reporter in charge of the financial news department exclaimed, and before Lin Hanxing could speak, he had already attracted the attention of many people.

"Look at the stock market today."

That person lowered his voice and said this. Everyone quickly looked down at their phones.

He took a deep breath.

Although they were already prepared for the Lei corporation's stock to plummet as soon as the market opened, the extent of the fall still surprised them. In a short time, it was about to hit the limit down.

Obviously.

It was impossible to say that there was no man-made factor in this!

A few of the shareholders looked at each other and smiled mysteriously.

“Don’t be rash.”

Lei Cheng pressed down on the back of Lei Jue’s hand and warned him in a low voice.

“Be careful not to spoil eldest sister-in-law’s plan.”

Only then did Lei Jue suppress his anger. On the other hand, Lei Qian’s eyes were only fixed on Lin Hanxing.

Lin Hanxing’s expression was calm.

A pair of beautiful eyes slowly swept across everyone present, as if to take in everyone’s reaction.

“Miss Lin, aren’t you going to say something?”

The disdainful female reporter raised her voice and looked like she was waiting for her to solve this dilemma.

Following the female reporter’s words, more people turned to look at Lin Hanxing.

Lin Hanxing looked at his watch.

The Bluetooth Earphone on her ear was lit up.

“Wait a little longer.”

Lin Hanxing said in a low voice.

“Still waiting? If we wait any longer, the Lei corporation’s stock will hit its limit down!”

The female reporter’s voice went up a notch, and her enigmatic tone was really uncomfortable to listen to.

Lin Hanxing smiled but did not say anything.

Suddenly, there was a subtle change in the stock market.

The situation, which had been on the verge of falling to the limit down, had changed.

It was like a seesaw battle. As long as the data was close to the limit drop, there seemed to be a force pulling it back.

The hearts of the people who were watching this change suddenly rose and then fell.

After a few rounds, the reporters finally understood.

The shareholders’ faces immediately darkened. As they made eye contact, one of them started to play with his phone.

The situation, which had been stabilized, took a sharp turn for the worse ...

.....

At the Affiliated Hospital of Jiangcheng Medical University.

In the intensive care unit.

Sacred hands stood beside the bed, constantly observing Lei Xiao's condition.

"Ray, you have to wake up quickly. Your woman is being bullied!"

Sacred hands bent down and whispered into his ear.

Originally, he didn't expect the man to give him any reaction, but he didn't expect that with the beeping of the instrument beside him, Lei Xiao's hand actually moved slightly!

"F * ck, does it have to be so easy to use?"

Sacred hands was shocked.

When little Hanxing was around, he didn't even awaken lightning!

"I'm serious!"

Sacred hands once again sneakily moved closer and whispered into Lei Xiao's ear.

To his surprise, the device beeped again.

It seemed to be more powerful than last time.

the old guys on the Board of Directors are taking the opportunity to cause trouble for little Hanxing.

The voice fell.

The Thunder valiant beast's fingers trembled even more, and sacred hands became excited.

But the next second, the situation took a sharp turn for the worse ...

The Thunder valiant beast's body twitched uncontrollably.

"Lightning!"

.....

Lei Corporation.

"Sister-in-law!"

Lei Yu suddenly looked up from his phone.

Before he could finish his sentence, another round of exclamations came from the reporters' seats. This time, they stood up like crazy and aimed all their equipment at Lin Hanxing's reaction.

"Miss Lin, did you know that first young master Lei was sent to the emergency room again just now?"

If it was not for the Lei corporation's security team, as well as the fact that Lei min and the other three immediately blocked her from the public's view, a large number of reporters would have broken through the siege and stood in front of Lin Hanxing.

Lin Hanxing's body stiffened.

Ah Xiao was sent to the emergency room again?

She subconsciously looked at Lei min.

The latter nodded at her with a heavy expression.

There was a thud.

Lin Hanxing's heart seemed to be missing a big piece.

This news had already spread through the streets and alleys of Jiang city through private media platforms, becoming the most sensational event in Jiang city today. Everyone was talking about Lei Xiao's serious illness again.

The stock market, which had been maintaining a wait-and-see attitude, began to sell like crazy.

The situation seemed to have gone out of control in an instant!

Lin Hanxing's mind went blank.

All the arrangements that she had prepared seemed to be far away from her.

Ah Xiao ...

No.

Something was wrong.

Suddenly, Lin Hanxing narrowed his eyes.

She seemed to have thought of something ...

A few of the major shareholders who had been tensed up relaxed after hearing the news of Lei Xiao being pushed into the emergency room again. They leaned back in their chairs and waited for Lin Hanxing's reaction.

She was just a little girl.

No matter how powerful he was, how powerful could he be?

Yuan shaojing furrowed his eyebrows.

His fingers ran across the Dragon-headed walking stick, and he glanced at uncle hai.

Just as the latter was about to leave, he was suddenly grabbed by the arm by the smiling Yuan San.

"Big brother, where are you planning to send ah hai?"

Yuan San laughed so hard that he couldn't even close his mouth.

He had made the right decision to come to this show. He wanted to see how Lin xiaojie would turn things around this time.

Anyone with a discerning eye could tell at a glance.

This was an internal struggle within the Lei Corporation. No matter how rich the Lei family was, they would not be able to gather such a large sum of cash in such a short time. This was also one of the reasons why this group of people were so fearless.

“Miss Lin, miss Lin, please explain!”

miss Lin, are you sure that the press conference still needs to be held? ”

After all, it was already close to 10 O ‘clock, but Lin Hanxing had only said a few words from the beginning to the end.

He had thought that he was confident.

But now, it seemed more like he was stalling for time.

Everyone was thinking the same thing as they looked at the woman who was being blocked by the other three young masters of the Lei family. Lin Hanxing’s eyes changed.

“Ask them to come in.”

Lin Hanxing’s hand pressed lightly on the Bluetooth headset in his ear, giving instructions coldly.

The Lei brothers, who were nearby, turned around to look at her when they heard this, their eyes full of doubt.

Who should I call in?

With these questions in his mind, the door of the conference hall was pushed open from the outside.

Twelve Men in Black suits walked in under the mute uncle’s lead. The moment they appeared, they successfully attracted everyone’s attention.

Other than the mute uncle, there was no one who didn’t know the leader.

That was Kim orwenz!

He was the head of the world’s most famous lawyers!

“Teacher?”

Ray Jue was surprised, obviously because Kim orwenz didn’t tell him that he would be here today.

The twelve foreigners walked to Lin Hanxing and stood behind him.

Their serious and expressionless faces made people dumbfounded, and for a moment, they could not figure out their identity and purpose in coming here.

“Heavens! It’s them!”

The reporter who was in charge of financial news all year round suddenly exclaimed.

He had obviously recognized them!

[Chapter 1215](#)

1215 Like a queen (3)

“Who is it? who is it?”

The others quickly asked.

The reporter had not recovered from the shock, and he stood there like a block of wood.

“It can’t be?”

This person’s colleague suddenly reacted. His eyes widened and he had the same reaction.

This made the other colleagues anxious.

They did know, but they were still confused!

“A sky-high legal team!”

When these words finally came out of The Financial Reporter’s mouth, the shock was like an infectious disease, fermenting in the air.

The exorbitant lawyers of X group!

It was made up of 12 people.

Any one of them was an international figure in the legal world.

Let alone when they were combined together!

They had been working in the legal department of the X group all year round, and it was because of their existence that they were able to have the last laugh in the face of the initial rejection of the US foreign investment committee’s risk assessment ...

It made X group the brightest Dark Horse of the Year!

Now, they had actually appeared here at the same time?

And he was even standing behind Lin xiaojiu?

What did this mean?

They didn’t even dare to think deeper, for fear of scaring themselves.

Under Lin Hanxing’s eye signal, Lei Qian and the others stepped back and made room for him, but their eyes were still filled with shock.

now, I’ll use today’s press conference as an opportunity to make a few official announcements.

This time, Lin Hanxing finally spoke again under the watchful eyes of the crowd.

She was standing in the spotlight.

Behind him was the shocking X group’s legal team of 12 people.

It made Lin Hanxing even more petite.

However, the powerful aura that spread out from her body made it impossible for people to look away from her.

“The first one!”

Lin Hanxing took the black-covered folder from Jin Owen’s hands and looked around expressionlessly. Even his eyes were so sharp that it gave people a sense of oppression.

It made people hold their breath and listen to her continue.

I, Lin Hanxing, on behalf of X group, officially announce to the public that I’m choosing a day to invest in the he group.

Lin Hanxing’s cold voice echoed in everyone’s ears.

No expression could be seen on his frosty face.

It was as if she didn’t feel what kind of heavy bomb she had just dropped on the people in front of her.

I believe that under Mr. He Chengyu’s leadership, he will lead the entire he group to develop rapidly and lead the he group out of its predicament!

Lin Hanxing glanced at he Chengyu.

The corners of his mouth curved into a decent smile.

“The second one.”

“The X group will strengthen its working relationship with the Lu Corporation in the future. For now, there will be two international projects that X group will work with the he and Lu groups to develop.”

There was complete silence below.

Everyone’s face was filled with shock.

Her representative?

She was representing X group?

What right did she have to represent X group? With what identity?

All sorts of questions were brewing in everyone’s hearts.

Even the Lei family members looked at each other and could not speak for a long time. They could only stare at each other and choose to shut up.

“The third item.”

This time, Lin Hanxing raised his head and met Yuan shaojing’s eyes after saying those words.

There was something in his eyes that only the two of them could understand.

Suddenly.

Yuan shaojing revealed a meaningful smile.

"I will officially accept Mr Yuan shaojing's gift."

There was a rumble.

Yuan San, who was originally still sitting in the same place, suddenly stood up, as if he couldn't believe what he had just heard.

Lin xiaojiu had clearly rejected yang so seriously last night ...

But why did she agree to it in the blink of an eye?

Lin Hanxing turned a blind eye to Yuan san's loss of self-control.

When the other reporters and media heard Lin Hanxing's words, their shock was no less than Yuan san's.

At the same time.

After this news was spread through various channels, the entire Jiang city was in an uproar.

Lin xiaojiu was going to take over Yuan Corporation.

They finally understood why the Lei Corporation had invited he Chengyu, Lu bingde, and even Yuan shaojing to the press conference.

Although some people had already guessed that Lin xiaojiu would take over, and the Internet was full of mockery and ridicule, when they heard these words from Lin Hanxing's mouth, they were still shocked beyond words!

"Of course, I have another condition. I hope Mr. Yuan can agree to it."

Just as everyone was holding their breath in shock, her cold voice rang in their ears.

"Go ahead,"

Yuan shaojing said in a deep voice.

There seemed to be an inexplicable aura between the two of them. Even though they were separated by quite a large age gap, the aura that belonged to a superior made the people around them breathless.

Lin Hanxing raised his hand and pointed at a person.

Everyone looked in the direction of her finger, as if it was a pious ritual.

And at the end of his line of sight ...

The man, who had been planning to waste time from the beginning, subconsciously stiffened when he was suddenly stared at by so many eyes.

"Me?"

Yuan Kang pointed at himself and looked at Lin Hanxing.

It was ridiculous.

"I want Yuan Kang to stay and help me."

Lin Hanxing ignored Yuan Kang and continued to haggle with Yuan shaojing.

"I can agree to it."

Yuan shaojing didn't hesitate for too long and agreed.

"But ..."

However, the next second, Yuan shaojing's eyes suddenly darkened.

everything I've given you, if you give it to someone else unconditionally without my permission, this wealth will be automatically transferred to the charity. What I mean is ...

"All of them!"

Yuan shaojing and Lin Hanxing went head to head with each other.

The silent smoke of war rose between the two.

"Deal," he said.

Lin Hanxing's lips curved into a smile and he actually agreed.

"I don't agree!"

Yuan San looked at the two people who had never taken him seriously from the beginning to the end. He was burning with anger as if he was going to pass out in the next second. He walked excitedly in Lin Hanxing's direction.

However, before he could get close, Yuan San was already stopped by the security guards of the Lei Corporation at a safe distance.

"Do you think anyone here would care about your opinion?"

Lin Hanxing turned to look at Yuan San coldly. He did not take Yuan San seriously at all.

"You ..."

After Lin Hanxing said these three things, the outside world exploded. Even the Lei group's shares, which were about to fall to the limit after being sold again, bounced back in an instant.

"Heavens ..."

Deafening exclamations came from the reporters' seats.

miss Lin, can you tell me what your relationship with X group is? "

miss Lin, why did you speak on behalf of X group? "

miss Lin, miss Lin, what made you change your mind and decide to take over the yuan Corporation? "

The reporters fired off questions one after another like cannonballs.

The entire scene was on the verge of losing control.

Almost at the same time, there was a loud bang, and the door was pushed open from the outside again!

[Chapter 1216](#)

1216 Since you began to fear death (1)

When they saw who it was, everyone held their breath as if they couldn't believe their eyes!

The man was wearing a pure black luxurious suit, which was handmade and tailored to his body, which highlighted his strong and perfect figure! His cold features exuded a cold and powerful aura. His thin lips were pursed into a line, and his features, which seemed to be carved out of marble, perfectly illustrated what was called handsome!

Even though the man exuded a powerful and sinister aura that was unique to a superior, he still attracted everyone's attention!

Everyone was stunned.

Even the other three young masters of the Lei family were!

Lin Hanxing was the only one who glared at the person beside the man with a knife-like gaze.

The latter quickly shrunk his neck and showed a helpless expression.

What could he do?

He was also in despair!

"How could it be young master Lei!"

As if water was poured into boiling oil, a Thousand Waves were set off with a splash!

Everyone was in an uproar!

Just a moment ago, the hospital had just received news that young master Lei had been sent to the emergency room again. But in the blink of an eye, how did he appear like this? The most important thing was ...

Although many people had seen him get shot last night, it was obvious that ...

The Thunder valiant beast was not as serious as the rumors said!

Otherwise, how could he appear in front of people again the day after he was shot?

He thought about the abnormal stock price fluctuations of the Lei Corporation ...

Could this be a trap set by the Lei family?

"This is impossible!"

The shareholders stood up immediately when they saw that it was Lei Xiao.

Last night, they saw with their own eyes how Lei Xiao was pushed into the emergency room with serious injuries. That kind of near-death experience, how could he be standing in front of them in the blink of an eye?

Regardless of whether the others believed him or not, Lei min walked towards Lin Hanxing without any expression on his face.

The black leather shoes made a powerful sound as they stepped on the floor.

Lin Hanxing looked at him.

He was crazy!

Even though her mind went blank when she heard that ah Xiao was sent to the emergency room again, Lin Hanxing quickly realized that something was wrong.

This news was released by someone!

In addition to a large number of Lei clan's people, there were also her men hidden in the dark who were in charge of the hospital's security.

Unless he took the initiative.

Otherwise, don't even think about getting any news about ah Xiao!

From that moment on, she knew that not only was ah Xiao not sent to the emergency room, but his condition should have improved instead!

Because to be able to help her create an illusion so quickly so that she could gain the most benefits, no one else could do it except ah Xiao!

That was why Lin Hanxing was able to make the decision to continue his plan at the first moment!

However, she had never expected ...

Ah Xiao had actually appeared!

Everyone's eyes were fixed on the Thunder valiant beast, but the Thunder valiant beast's eyes were only fixed on the one not far away ...

It belonged to his little girl!

Thunder valiant beast knew.

Even if he didn't appear, Hanxing would still be able to control the entire situation.

But when he heard sacred hands whisper in his ear that she was being bullied, he couldn't bear it.

All these years.

Lei Xiao worked hard to make himself more powerful, so that one day he could guarantee that his little girl would have no worries about food and clothing for the rest of her life, and be arrogant and happy, as long as he still had a breath ...

He, Lei Xiao, would never allow anyone to bully her!

The distance between the two of them was getting closer and closer.

Lin Hanxing could even see the curve of Lei Xiao's thin lips.

Tears welled up in her eyes.

She could see that Lei Xiao had put on a simple makeup to hide his paleness. Although she could still see the signs of weakness, this must be the effect he wanted.

After all, everyone had seen him get shot last night.

Suddenly, the Thunder valiant beast's body trembled slightly.

Without thinking, Lin Hanxing quickly took a step forward and supported the Thunder valiant beast by holding his palm.

His hands were cold.

It was so cold that there seemed to be no temperature at all.

"You're here."

Even though his heart felt like it was being clenched by two invisible palms, Lin Hanxing still put on a gentle smile.

"Yes, I'm here."

Thunder valiant beast answered hoarsely.

He raised his hand and placed it on her head.

However, this time, he didn't rub it randomly like he usually did. Instead, he caressed it lovingly.

There seemed to be an inexplicable emotion surging between the two of them.

It was unknown which part of her heart was touched, but she felt inexplicably envious.

Last night, everyone had seen how Lei Xiao had risked his life to take a bullet for Lin Hanxing.

Whether a person loved or not didn't depend on words, but actions.

After last night's events, no one would doubt whether Lei Xiao truly loved Lin Hanxing ...

The answer was too obvious.

"Who asked you to come!"

Lin Hanxing held back the tears in his eyes and tried to keep his expression as calm as ever.

"I'm afraid that someone will bully you."

Even though the two of them had lowered their voices, Lei Xiao's words still passed through the microphone that Lin Hanxing had placed on her body and into the ears of the others.

The reporters were silent.

It seemed that they had not recovered from the shock of the Thunder valiant beast's appearance.

Especially the female reporters present.

After hearing the Thunder valiant beast's last sentence, his heart started to race uncontrollably.

"Ahem."

Sacred hands suddenly coughed.

He motioned for the two to hurry up.

Thunder Valiant's body looked fine because of the painkiller and other drugs he had injected into his body. The effect was short-lived, so they had to hurry up and do what they could.

The medicine had side effects on the body.

If not for Thunder Valiant's request, he would never have agreed.

He was thinking in his heart.

A pair of strong hands suddenly grabbed sacred hands 'shoulders.

He turned around.

Lei Cheng was smiling at him with a dark expression.

Sacred hands 'hands trembled in fear.

"The fourth item."

Lin Hanxing's deep and cold voice rang in everyone's ears.

He barely managed to shift his gaze away from the Thunder valiant beast.

However, their hands were still firmly held together.

Even though it was like holding onto an Ice Mountain to Lin Hanxing, she still could not bear to let go.

standing behind me is the exclusive team of lawyers from X group. Starting today, they will cooperate with the Lei corporation's legal department to pursue legal responsibility for the vlogger and individuals who have been spreading false rumors about the Lei family on the internet!

Everyone was shocked by his words.

Using such a powerful team of lawyers just to hold those who spread rumors responsible?

This was simply overqualified!

They were all international figures of the legal world!

At the same time, the Lei group's stock price, which had been on a rebound since the beginning, shot up in a straight line. The appearance of Lei Xiao caused the stock price to rise even more crazily. It was no longer in the bad state it was in at the opening of the market.

The situation of great ups and downs in such a short period of time was simply shocking!

[Chapter 1217](#)

1217 Since you began to fear death (2)

that's all the content of today's press conference.

Lin Hanxing's cold eyes swept across the crowd.

Especially on the faces of the shareholders.

She just wanted everyone to see what it meant to go for wool and come home shorn.

Didn't they want to take advantage of the chaos to get a share of the loot?

Lin Hanxing would let them Taste the Feeling of losing everything!

She would tell Liang yuran to buy however much these people threw out!

Nothing else.

She, Lin Hanxing, had plenty of money!

After throwing that sentence, Lin Hanxing closed the folder in his hand and held Lei Xiao's hand, turning around to walk towards the resting room.

"Miss Lin, so everything that happened today was a trap set up by you and Mr. Lei?"

"Miss Lin ..."

"Miss Lin ..."

The reporters were throwing out questions one by one like crazy.

The mute uncle and the security guards quickly stepped forward to separate her and Lei Xiao from the reporters, not even sparing a glance at anyone else.

"I think you're crazy!"

Yan beiming whispered in Lei Xiao's ear.

His eyes were still burning.

However, Yan beixiao knew that this was not the time to settle scores. The more anxious he was, the more the reporters would pester him. For a moment, even the air seemed to thin.

Sacred hands was the most anxious.

Looking at the time, the effects of the medicine were about to wear off.

He kept signaling Lin Hanxing with his eyes.

“Miss Lin! Miss Lin ... Can you please explain your relationship with X group?”

The eccentric female reporter from before made use of her innate advantage to drill to the front and was about to grab Lei Xiao’s hand.

His eyes were filled with admiration.

The Thunder valiant beast suddenly frowned, and before it could say anything, its body suddenly stopped.

Lin Hanxing felt it!

Sacred hands’ eyes suddenly darkened. It seemed that he could not wait any longer.

“Explain?”

She quickly gave sacred hands a look, then walked in front of Lei Xiao and faced the female reporter. The coldness and impatience in her eyes were clearly presented to everyone.

“What right do you have to get my explanation?”

The merciless mockery in Lin Hanxing’s voice made the other party’s face turn red.

Her lips trembled a few times, but she couldn’t say a complete sentence.

The sharp-tongued words from before had completely disappeared.

Lin Hanxing’s lips curved into a faint angry arc, and he glanced at everyone who was blocking the door.

I know which of you were sent here by those people. I’ve left some face for both of you, but if you don’t care, then don’t blame me for being impolite!

A sonorous and powerful voice rang in everyone’s ears.

Lin Hanxing had taken note of the people who had tried to probe Lei Xiao at a close distance during the chaos.

His eyes were filled with killing intent as he swept his gaze across them.

The people who had been swarming at the door looked at each other, and their bodies stiffened as they automatically gave way to the middle.

Lin Hanxing held Lei Xiao’s hand tightly and walked out of the meeting room.

Although no one dared to step forward, the sound of cameras snapping could be heard.

It was like the treatment of a red carpet celebrity.

Lin Hanxing could not care about anything else. She could clearly feel that Lei Xiao’s breathing was getting heavier and heavier, which was a sign that he was enduring the pain.

“Take the elevator down to the underground parking lot.”

Lin Hanxing tried his best to sound as calm as possible.

However, her voice still inevitably revealed a tense crack.

“Hanxing,”

Thunder valiant beast said hoarsely.

“Don’t panic,”

He said.

With the rumbling sound of the elevator door opening, a group of people quickly entered the elevator. The reporters not far away were still taking photos. Unless the elevator door really closed, none of them could reveal their true emotions.

Finally, the elevator door closed.

Almost at the same time, Lin Hanxing turned around and faced Lei Xiao!

Cold sweat was dripping from his forehead.

Her heart was beating wildly.

After the effects of the medicine had worn off, the Thunder valiant beast, who had managed to hold on until now, was drenched in cold sweat.

When he met Lin Hanxing’s eyes, he smiled weakly.

Then, he closed his eyes and fell into her arms.

“Ah Xiao ...”

.....

At the Affiliated Hospital of Jiangcheng Medical University.

Lei Xiao was brought back to the hospital.

When Liang yuran returned, sacred hands had just helped Lei Xiao treat his wounds again.

“He’s messing around, and you’re also messing around with him?”

After hearing what had happened, Liang yuran’s face darkened, like the King of Hell.

“What can I do?”

Sacred hands felt sorry for himself.

“At that time, I used little cold star to stimulate lightning, but who would have thought that he would really wake up! He looks like he’s going to kill himself if I don’t bring him there. How can I resist him?”

He could only be willful when she was here.

If it was someone else ...

He had already died over a thousand times!

Liang yuran didn't say anything.

"I promise, with me around, at least I won't let his injuries worsen!"

Sacred hands raised his hand and swore.

As they were talking, the door of the ward was pushed open from the inside.

Mother Lei and father Lei, who had just reprimanded Lei Xiao, walked out. Lin Hanxing's figure could still be seen sitting by the hospital bed through the gap of the door, which was left open until the door was completely closed!

you, come over here!!!

As she spoke, she twisted sacred hands' ear and dragged him to a corner.

A round of scolding and teaching.

Father Lei and Liang yuran looked at each other.

a total of 12% of the shares.

Liang yuran said in a deep voice.

Father Lei sighed.

It's hard on that child.

In such a time of internal and external troubles, he could still think of such a method at the first moment ...

It wasn't hard to understand why Yuan shaojing didn't pick anyone else but her to take over the yuan Corporation.

Indeed.

Other than Han Xing, there was probably no one else who could take up such a position!

In the ward.

Lin Hanxing held Lei Xiao's hand and sat still.

Yingluo, yes, I'm coming.

Yingluo, I'm afraid someone will bully you.

The Thunder valiant beast's voice seemed to be still lingering in her ears.

Her long eyelashes fluttered.

Even though he knew that she could handle it alone, he knew that it would be more effective if he appeared. So, even if he had to bear all kinds of unpredictable risks, he had to appear by her side ...

She was so silly that her heart ached.

“Ah Xiao, don’t do this anymore!”

Lin Hanxing bent over and buried his face in his big palm.

At that moment, Lin Hanxing did not care about the sensational discussions about her.

All she cared about was the Thunder valiant beast.

“Even if you want me to give up everything in exchange for your safety, I’m willing to do it.”

With his eyes closed, Lin Hanxing started to feel drowsy, even though the smell of disinfectant was still lingering in the air.

The feeling of fatigue invaded his body.

She felt as if she was in a dream.

In the dream.

It was as if she had returned to the huge Dragon Eye tree.

Aunt Mian was still there.

She was still very young.

He teased little nine.

Her beauty was heartbreaking.

Ever since you began to fear death, you’ve met the right person.

Said aunt Mian.

His eyes seemed to be able to see through everything, clear and pure.

Yingluo, what is the right person?

Lin Hanxing asked when he heard himself say that.

[Chapter 1218](#)

1218 Since you began to fear death (3)

Hearing this, aunt Mian smiled.

Lin Hanxing’s eyes were filled with tears.

There was wind.

A faint floral fragrance was passed over.

Aunt Mian reached out as if she was trying to grab something.

The right person ...

Lin Hanxing heard aunt Mian's cold voice.

He was the cloud in the sky.

He was the wind on the ground.

Then, aunt Mian placed her hand on little Hanxing's head.

However, his gaze went past her and met the eyes of the adult Han Xing.

He was a speck of dust in the world.

Yingluo is the deepest throbbing in your heart.

In the depths of time, Lin Hanxing gently pressed on his heart, which was beating chaotically.

In a half-asleep state.

Someone seemed to have entered the ward.

It was Mother Lei's voice.

"Shush, let our daughter-in-law continue sleeping. She's tired."

As soon as he finished speaking, the door was closed from the outside.

He didn't know how long it had been.

Lin Hanxing felt someone touching him.

He slowly opened his eyes.

She met a pair of deep eyes.

Lei min woke up.

The sun was already setting in the West.

The orange setting sun poured into the ward through the floor-to-ceiling window and spread around Lin Hanxing, as if plating the two of them with a layer of soft light.

The White curtains cast a shadow on the floor.

"Ah Xiao,"

Lin Hanxing held his hand and her eyes were filled with surprise.

Thunder owl looked at her.

Her eyes were filled with gentleness.

"It hurts,"

He suddenly spoke hoarsely, even though there was no pain on his face.

"Who asked you to be so willful?"

Lin Hanxing looked at him with heartache and sadness, but he did not dare to touch Lei Xiao's wound.

In her eyes, the current Thunder valiant beast was no different from a fragile porcelain doll.

"Didn't you insist on holding on before?"

Lin Hanxing reached out to press the bell.

However, before he could press down, his hand was already grabbed by Lei Xiao's powerful palm.

Compared to this morning at the Lei clan, his hands were already somewhat warm.

"In front of you ..."

Lei Xiao's fingers gently brushed across the back of her hand, bringing about slight and trembling ripples.

"I don't need to put on any disguise."

Pain was pain.

Fatigue is lightning.

Liking is liking.

It was a privilege that only belonged to her.

You don't have to be strong in front of me.

Cold star, you only need to be yourself.

Thunder owl had once told her this.

Lin Hanxing thought.

And from the past until now, ah Xiao had indeed done so.

In front of her, he would never pretend to be himself.

This man.

He loved her so much that he didn't care about his own safety.

"If you don't let me call the doctor, how am I supposed to relieve your pain?"

Lin Hanxing bent down and gently stroked the black hair on his forehead. Looking at Lei Xiao up close, he could feel his pain even more clearly.

His slightly pale face was covered in cold sweat.

From what he could remember, even when he was in Mengsong, he wasn't this weak.

Lei Xiao let her look.

He thought about it.

She slightly moved aside and lifted the thin blanket.

“No, your injuries ...”

Before Lin Hanxing could finish, he was interrupted by Lei Xiao’s voice.

“I want to hug you.”

His eyes were gentle yet had the childishness of a big boy. This was the first time Lin Hanxing had seen such a subtle combination on this man.

He didn’t know if it was because the Thunder valiant beast had become so weak after being injured.

There was no way Lin Hanxing could reject him.

He couldn’t even bear to let her suffer, so how could she let her ah Xiao down?

He sighed.

Lin Hanxing obediently kicked his shoes to the side and lay down beside Lei Xiao.

Their fingers were intertwined.

Lei Xiao moved closer, his high nose resting on Lin Hanxing’s snow-white Swan neck.

“Taking over the yuan family, is it for me?”

Just as Lin Hanxing was stroking the calluses on his fingers, he suddenly heard this.

Hanxing had never been interested in the yuan family from the beginning.

“So, what happened while I was unconscious?”

Even though his body was still very weak, the Thunder valiant beast’s brain had already started to work at high speed, piecing together all the tiny clues.

the people who killed me were assassins from the Hong gang in country G. The Hong gang was the second Princess Consort’s minion.

Lin Hanxing stared at the ceiling, his long and thick eyelashes trembling slightly.

“After the assassin entered the country, he was taken away by the Lin family. And the person who made them do this was the person behind the scenes in Beijing!”

Thunder owl didn’t speak for a long time.

“Whether it’s the second Princess Consort, the Hong gang, or the person in the capital, I won’t let go of anyone who hurt you!”

Lin Hanxing’s eyes were filled with bloodlust.

It was so thick that it couldn’t be dissolved.

In the next second, Lei Xiao’s large palm, which still smelled of medicine, covered her eyes.

Lin Hanxing closed his eyes.

"I won't let off anyone who wants to hurt you."

Said Lei Xiao.

The bloodthirsty force that had been shrouding Lin Hanxing and spreading gradually faded away.

a strong Dragon can't suppress a snake in its own territory. The second Princess Consort and the Hong gang have been entrenched in country G for a long time. If I want to expand the situation with my own strength, it's too slow!

What Lin Hanxing wanted was to open up the situation in the shortest time possible.

"The yuan family is the best opportunity."

The status of Yuan shaojing and the entire Yuan family in the hearts of the Chinese people in country G was no less than su bu's in the hearts of the people of country G.

And the size of Yuan's group just happened to balance the power of several parties.

There was no need for Lin Hanxing to give up such an opportunity to quickly cut in and find another way.

He squinted his eyes.

Lin Hanxing said calmly.

"Moreover, what exactly did my mother send to mother Zhan? Also, the mystery of mother Zhan's death is waiting for me to solve it. And now, Zhan Nanheng and the first princess Consort are also having difficulties in the royal family ..."

Ah Xiao, no matter what, I have to go to country G soon.

There was also song Chenxi.

He hoped that the sacred hands would bring him good news.

After all, he was a divine hand that could bring the dead back to life.

"I'll go with you,"

The Thunder valiant beast had no intention of stopping him, and this was the result of his careful consideration.

"You don't want the Lei clan anymore?"

She was still thinking about how to tell Lei Xiao about this. If she went to country G, they would not be able to see each other for a while ...

Lin Hanxing really couldn't bear to.

the Lei corporation's branch in country G will be doing something big in the near future. I was originally going to stay for about a month.

"Besides ..."

Lei Xiao's lips curled into a smile.

"I think I should rest too."

Don't forget.

Shangguan shixiu was still in country G.

However, Lei Xiao naturally would not mention this in front of Lin Hanxing.

As the two of them were talking, Lin Hanxing's phone suddenly vibrated.

He frowned and glanced at it.

When he saw that it was an unfamiliar number, he immediately hung up.

However, after seeing her hang up, the other party actually madly called again, as if he wouldn't stop until she picked up the phone.

Lin Hanxing's eyes turned cold.

He finally picked up.

Lin Hanxing's lips curled into a sneer when he heard the voice from the other end of the phone.

[Chapter 1219](#)

1219 Do you know who Yuan Kang is?

When Lin Hanxing arrived at Y. R., Yuan San and the others had already been arranged to enter the scenic Area.

She went to change her clothes first, then walked over unhurriedly.

Just as he reached the door, he gestured for his subordinates to keep quiet.

"Does this place really belong to that woman?"

Yuan san's youngest daughter, Yuan Hua, spoke in a strange tone, but her eyes were looking at everything around her with greed.

This place was simply too beautiful.

Even though she was used to living in the yuan family's mansion, she couldn't help but exclaim in her heart.

She wished she could move her home here.

Yuan san's eyes were also filled with amazement.

"Do you guys think this place can earn this amount every year?"

Yuan Wu greedily made a count.

Suddenly, a faint laugh came from the door.

Lin Hanxing walked in unhurriedly. As she took her seat, someone had already brought in a tea set.

“Is there something you need?”

Lin Hanxing poured himself a cup of tea and asked casually. It was obvious that he did not care about the other party.

The elegant fragrance of tea spread in the air.

Lin Hanxing lazily leaned back on the sofa, his every movement exuding an air of nobility.

“Miss Lin, you’re not very kind today!”

Recalling the shock of Lin xiaojiu’s announcement at the press conference today, Yuan san’s words were full of sarcasm.

“Do you know what the people outside are saying about you?”

Lin Hanxing laughed when he heard this.

“What did he say?”

She raised her pitch at the end, and no one could tell what kind of emotions she was feeling.

“I’ve heard that you’re pretending to be noble and virtuous.”

Yuan Huaneng continued the conversation, his eyes full of disdain.

you clearly looked down on our Yuan family last night, but you’re still so eager today ...

“Hua Neng!”

Yuan San chuckled at his daughter.

However, in Lin Hanxing’s eyes, it really proved what it meant to be pretentious.

If he really wanted to stop her, why would he wait until his daughter was almost done?

“Miss Lin, please don’t take offense. Hua’s temper is similar to mine, and he’s a little straightforward ...”

Yuan San said with a smile.

She was waiting for Lin Hanxing to say that it was okay.

Since he had achieved his goal, he could also disgust her a little, so why not?

However, Lin Hanxing did not say anything after listening to her. Instead, he smiled and picked up his teacup.

He began to drink.

“Mr. Yuan San, there are some tricks that you only need to play once.”

Lin Hanxing casually fiddled with the tea lid.

“If you called me out just to beat around the bush and tell me this, then I’ll have to ask someone to send you off.”

It was obvious that Lin Hanxing had no patience.

based on your relationship with the X group, I advise you not to get involved in the yuan family's mess.

Yuan San finally revealed the purpose of this trip.

"Oh? I'd like to hear the details."

Lin Hanxing raised an eyebrow.

"The yuan family will suffer a heavy blow soon!"

Lin Hanxing's hand stopped moving and he looked up at Yuan San.

"Heavily injured? What's your so-called serious injury?"

Seeing that his words had piqued her interest, Yuan San immediately changed his expression.

the second Princess Consort is preparing to take over our Yuan family's sugar factory as revenge during the cabinet meeting that day. This is the foundation of the yuan family. If it is successfully suppressed, the yuan family will be in trouble for a period of time.

"Is your information reliable?"

Lin Hanxing had one hand on his cheek, his delicate little face calm, without the slightest panic of facing trouble.

"Absolutely reliable!"

Yuan San was very confident.

I think it's a bit unkind of big brother to let go at this time. He left unscathed, but left all the trouble to you! Yuan San couldn't help but say.

"Then, according to what you said, wouldn't it be very unkind of me to throw it to you?"

Lin Hanxing said lazily.

"That's different."

Yuan san's expression changed immediately.

"What's the Difference?"

Lin Hanxing did not know whether to laugh or cry when he saw his expression.

"Of course I have my own ways."

Yuan San seemed to be extremely confident in this, and Lin Hanxing really wanted to take a picture of this expression for Yuan shaojing to see.

Lin Hanxing smiled and shook his head.

Yuan San didn't quite understand what she meant.

“What kind of deal did you make with the second Princess Consort?”

As soon as Lin Hanxing finished speaking, Yuan san’s expression changed.

However, he quickly returned to normal.

“Let me guess, you helped her get all the money-making businesses of the yuan group into her hands, and she promised you endless wealth and glory, right?”

Lin Hanxing looked at him indifferently.

His eyes seemed to be able to see through people’s hearts.

“Yuan San, you’re still a member of the yuan family.”

“Hehe, miss Lin, aren’t you also trying to get close to big brother to avenge li Yanyu? Rather than letting the yuan family be destroyed in your hands, it’s better for everyone to get some benefits!”

Having said that, Yuan San no longer hid anything.

Lin Hanxing’s expression turned cold when he heard the name li Yanyu.

Even his eyes were filled with unspeakable ferocity.

Before anyone could react, Lin Hanxing casually splashed the remaining tea on Yuan san’s face.

“What are you doing!”

Yuan Huaneng was like a frying pan as he glared at him angrily.

“I don’t like to hear the yuan family mention aunt Mian’s name.”

That unorganized, jesting tone made Lin Hanxing’s eyes look fierce for the first time that night.

Yuan San wiped his face with his hand.

His eyes were filled with gloom.

“Mister Yuan San, listen well. I, Lin Hanxing, will definitely be involved in the yuan family’s Muddy Waters! Didn’t the second Princess Consort like to play games? Then why don’t we have a good game and see who will win!”

Lin Hanxing sneered.

Even his threats sounded so nice.

“Lin xiaojiu, are you sure you won’t let go?”

Yuan san’s face changed again when he failed to win her over.

This Lin xiaojiu was indeed a tough bone to chew, he was unmoved by force or persuasion!

“I’m definitely going to have the yuan family!”

Without even blinking, Lin Hanxing smiled.

“Good! Don’t think that you can do whatever you want just because you’re related to X group. I’d like to see how you can shake the entire royal family with your own power!”

Even if the second Princess Consort did not get her wish to become the Crown Prince, the power that she had accumulated over the years was not to be trifled with. Now, her big brother was throwing this mess to Lin xiaojiu ...

Wasn’t this exactly the same as the saying “sheep entering the Tiger’s mouth”?

No matter how powerful and awesome Lin xiaojiu was, didn’t she understand that a powerful Dragon could not suppress a snake in its own territory?

Did she really think that the X group was her family’s?

“Goodbye, I won’t send you off.”

Lin Hanxing did not even bat an eye when he heard Yuan san’s taunting. He simply threw the empty teacup on the table.

Yuan San and the others stood up abruptly.

He walked quickly towards the door.

Just as Yuan San was about to leave, he suddenly stopped and turned to look at the woman who was still sitting on the sofa.

“Do you know who Yuan Kang is?”

Suddenly, Yuan San sneered and said something meaningful to Lin Hanxing.

Lin Hanxing looked up.

He looked at Yuan San.

The surrounding air seemed to be violently compressed, making it more and more difficult for people to breathe.

“Ha.”

Yuan San turned around and left after saying that.

[Chapter 1220](#)

1220 One episode, one time, the world should cherish it

When Lin Hanxing drove back to the hospital, the sky was already dark.

As soon as he got out of the car, he smelled tobacco.

Specks of red light flickered in and out of the darkness. Lin Hanxing stopped in his tracks and turned his head to look.

“You followed me?”

Lin Hanxing’s voice was cold as he looked into the dark.

A figure walked out from the dark.

"I saw you leave and I've been waiting for you here."

Luo Wensu said in a hoarse voice.

Lin Hanxing did not say anything and just looked at him.

Luo Wensu handed her the things he had already prepared.

Lin Hanxing did not take it.

"This is the share transfer agreement that I've signed. I'll officially move out the day after tomorrow."

Even though he was in a sorry state, Luo Wensu still had a smile on his face.

"I don't have the intention to force you to leave,"

After a long time.

It was so long that Luo Wensu thought Lin Hanxing would not speak again, but she still spoke.

Lin Hanxing clearly saw the shock in Luo Wensu's eyes.

Even though she did not understand why he was like this.

"You've changed,"

Luo Wensu said after a while.

Lin Hanxing frowned slightly but did not comment on his comment.

your eyes are starting to have warmth.

Luo Wensu would never forget the cold and reckless look she had on the mountain road while driving the White Maserati Ghibli. She was unbelievably beautiful.

It was a kind of temptation that could turn all living beings upside down, making people want to give all the best things in the world to her willingly!

Luo Wensu laughed bitterly in his heart.

He had forgotten which book he had read about this.

People often don't know the real important moments in their lives until it's too late.

Luo Wensu sighed.

At that time, he didn't know.

Some people should not have met in the first place.

And there were some things that shouldn't be thought of from the beginning.

"Don't misunderstand, I didn't move out because of you."

Luo Wensu said in a deep voice.

I've been tired of this life since a long time ago.

In his eyes was the calmness of a thousand sails.

Today's meeting was more than enough for Luo Wensu.

"I'm already cultivating in the ten thousand Buddha Temple in name."

Lin Hanxing did not know how to respond to his last sentence.

Luo Wensu, on the other hand, smiled in relief.

"When we meet again, you will still be you. Perhaps ... I will no longer be who I am now."

Family, interests, human nature ...

Along the way, he had witnessed too much. This visit to the ten thousand Buddha Temple was both an end and a new beginning for Luo Wensu.

Lin Hanxing looked at Luo Wensu, and the two of them finally smiled at each other.

She didn't know if he would have already given up on Sakaki when they met again, or if they would ever meet again in this life.

One episode, one episode, the world should cherish it.

"Goodbye."

Luo Wensu said.

.....

Lin Hanxing had just walked back to Lei Xiao's ward when he saw sacred hands's furious expression.

do you think you're still a Virgin playing chaste with me?!

After saying that, Holy hand raised his clenched fist.

do you believe that you'll become a stupid fufu if I punch you?!

As soon as he finished speaking, sacred hands saw Lin Hanxing coming in from the door.

He quickly put down his fist reflexively and forced himself to put on an extremely warm smile within three seconds.

Lin Hanxing glanced at him.

Sacred hands raised his hands and made an innocent face.

"He refused to let the nurse change the medicine!"

It was as if he was saying, 'what can I do, I'm also in despair'!

Lin Hanxing then turned his gaze to Lei Xiao.

"I'll do it. You go rest first."

Lin Hanxing went to the washroom to wash his hands and disinfect himself after he finished speaking.

"You can continue acting!"

While Lin Hanxing went to the washroom, sacred hands rolled his eyes at the pale-faced Lei Xiao.

He left these words and turned to leave.

When Lin Hanxing came out, only the two of them were left in the room.

I've called Lei min and the rest. I'll be here tonight to watch over you.

As he spoke, Lin Hanxing walked to the bed and changed the medicine for him.

"I met Luo Wensu downstairs."

Lin Hanxing's sudden voice made Lei Xiao notice her strange mood.

"He gave me all the shares of the Lin group, including the villa."

He wasn't as happy as he had imagined.

Lin Hanxing recalled Luo Wensu's back view when he left, and there was an inexplicable feeling in his heart.

in the past, I've fantasized countless times about ending all of this, but I've never felt like this.

She said.

"Ah Xiao, did I do something wrong?"

She made Luo Wensu taste the pain he had been forced to suffer in the past.

It was like a cycle that had been repeated for eighteen years.

And now, she was the perpetrator, and he was the victim.

"There is no right or wrong in the world, only cause and effect. You only did what you thought you should do."

Lei Xiao's voice seemed to have a certain warmth to it, warming Lin Hanxing's heart once again.

"Is it that no matter what I do, I'm right in your eyes?"

Lin Hanxing tilted his head and looked at Lei Xiao with a helpless smile.

The wedding rings of the same design flickered on their intertwined fingers.

"Am I not the same in your eyes?"

Thunder valiant beast asked.

"Oh, that's right."

Before he could laugh, Lin Hanxing seemed to have thought of something and his expression turned serious.

"I still remember when we first arrived in country G, you mentioned Yuan Kang to me, but you didn't say anything and said that I would know in the future! Tonight, Yuan San also mentioned Yuan Kang to me in a mysterious manner ..."

Yingluo, do you know who Yuan Kang is?

Yuan san's words seemed to still ring in his ears. What was he trying to say?

"What's so special about Yuan Kang's identity?"

Lin Hanxing asked as he turned to look at Lei Xiao.

at that time, I just thought that we didn't stay in country G for long and there was no need to get to the bottom of it. I just didn't expect that there would be such a follow-up development.

"So?"

Lin Hanxing raised an eyebrow. Who was Yuan Kang?

"Yuan Kang isn't a distant nephew, he's the son of Yuan Yuzhong,"

Yuan Yuzhong?

Who was he?

Lin Hanxing ran through the names of Yuan shaojing's siblings in his mind, but he had no impression of them.

Suddenly, she seemed to have thought of something.

He suddenly raised his head and looked at Thunder valiant beast.

Could this Yuan Yuzhong be ...

"He's the second son of the yuan family who broke Yuan shaojing's legs and chased him out of the yuan family like a dog."

Lin Hanxing finally understood what Yuan san's sneer meant when he left.

Yuan Kang's mother was a maid of the yuan family. She was raped by Yuan Yuzhong after getting drunk, and because of her good looks, she was imprisoned at home for a long time. That was until the appearance of Cheng Lingyun, but by that time, the child could no longer be aborted.

"Does Yuan Kang know about this?"

If that was the case, it was not difficult to understand why he was so calculative and scheming.

Thunder valiant beast shook his head.

Lin Hanxing was silent. He was glad that he did not know about this.

"So it was Yuan shaojing who asked Yuan Kang to stay?"

“Yes, and they even gave a gag order.”

It was said to be a gag order, but in fact, there were not many people in the yuan family who knew about this.

“I’m worried that Yuan San will take advantage of this.”

Thunder owl said frankly.

He didn’t have that kind of trust in Yuan Kang yet.
