

Goodnight 1221

[Chapter 1221](#)

1221 Taking over the Lin group

“Thinking too much now is only asking for trouble. We’ll talk about it when the time comes.”

Lin Hanxing shook his head.

Instead of wasting time to think about this now, it was better to spend more time on ah Xiao.

To Lin Hanxing, nothing was more important than him!

.....

Two weeks later.

Lin’s group meeting room.

All the board members were present today.

This was the first board meeting after the reorganization of the Lin family Transformation Group.

Everyone kept quiet out of fear.

He was making his own calculations in his heart.

The door of the meeting room was pushed open from the outside.

Almost instantly.

Everyone’s hearts were in their throats.

Lin Hanxing was wearing a white silk shirt matched with a pair of black slim-cut suit pants. His slightly curly long hair was let down, and he walked in with high heels. Behind him, the mute uncle, who was dressed in formal clothes, was by his side.

She quickly walked to the black leather seat in the middle and sat down.

That represented the position of the chairman!

“I’ll only say two things today!”

Lin Hanxing looked around expressionlessly. In a short period of time, it was enough for him to see the expression on every face in the room clearly.

first, although Lin’s group has survived the most critical moment in the past two weeks, I promise that you will be compensated within three months!

Although her voice was cold, it was full of strength.

“What can you guarantee?”

One of the directors asked, obviously not believing him.

In the next second, Lin Hanxing threw the document in his hand in front of the man with a clatter.

Suddenly, a white A4 paper flew out of it.

“If you don’t believe me, I can buy the shares of Lin’s group at three times the market price!”

Three times!

Upon hearing these two words, everyone’s faces revealed a shocked expression, as if they couldn’t believe their ears.

“I’ll take as many as you have!”

Lin Hanxing twirled the pen in his hand. Even when he said this, there was no change in his expression, as if he was discussing the weather today.

That calm and composed look of his made people tremble in fear!

“Alright, since you dare to say such words, I naturally dare to throw it all away!”

The shareholder who spoke just now laughed.

Anyway, he didn’t hold that many shares of the Lin’s group. Compared to the people present, he was at most a small shareholder. Now that the Lin’s group had become like this, from an investment point of view, he might as well take three times the amount!

“Mute uncle!”

Lin Hanxing didn’t waste any more time.

As soon as he finished speaking, the mute uncle had already taken out the drafted version of the share transfer agreement that he had prepared long ago.

Now that everyone was here, he didn’t have to inform them one by one.

“Sign it and I’ll pay after the agreement is in effect!”

The man snorted.

There were so many people here as their witnesses, so they weren’t afraid that the other party wouldn’t acknowledge their agreement.

Moreover ...

Even if she didn’t want to admit it, she still had the Lei family behind her!

“Three times! Not a single cent less!”

After signing, the other party’s eyes clearly relaxed a lot.

If there was one, there would naturally be a second.

However, most of them still held a wait-and-see attitude. Even if they did not consider Lin xiaojiu’s personal connections and capabilities, she still had the Lei Corporation behind her. If the Lin clan could also rely on the Lei Corporation ...

Moreover, the yuan family was also here!

“Are there any more?”

Lin Hanxing held the signed share transfer agreement in his hand and handed it to the mute uncle without even looking at it.

It was as if the item in her hand did not cost her an astronomical sum of money in a short time.

He tapped his fingers on the table.

No one spoke.

The large conference room seemed to have quieted down as everyone’s eyes fell on her.

“Since you guys don’t have it anymore, it’s my turn!”

Lin Hanxing chuckled, and the Pearl earrings on his earlobe trembled slightly as he moved.

I, Lin Hanxing, am a man of my word. Back then, I said that I would return to the Lin group on behalf of my parents. Today, I also announce to everyone that in the future, the Lin group will sign an important strategic agreement with the X group to develop together with the he group and the Lu group! The three months that I said is actually the most conservative estimate!”

The moment Lin Hanxing finished speaking, the board members who had just signed their names changed their expressions.

“The second thing.”

Lin Hanxing was concise and comprehensive. He did not want to waste too much time on other things.

The mute uncle silently passed the other information in his hand to everyone.

It was a name list.

There were some in every department.

order the people in the frame on the list to fire all of them.

Lin Hanxing’s men took a week to identify the parasites that Lin youlin, Luo Wenbo, and the others had inserted into Lin’s group when they were still alive, and they determined who could stay and who needed to be fired.

“These are all ...”

Just as someone was about to speak, Lin Hanxing extended his hand and stopped him with a blank expression.

I know who they are, but every Emperor has his own officials. I’m in charge of Lin’s group now. If there’s any problem, ask their supervisor to come to me personally!

If he had not seen it with his own eyes, Lin Hanxing would not have believed his own eyes.

Under Lin youlin’s leadership, the Lin group had become a family-style workshop.

All sorts of people could be arranged to take charge of the various important departments.

No wonder the profits had grown so slowly over the years.

After Lin Hanxing took over the Lin's group, the first thing he had to do was to get rid of these parasites.

"Does anyone still have any objections?"

Lin Hanxing's cold eyes scanned the surroundings.

No one dared to object.

The so-called 'three fires when a new official takes office', this fire directly burned everyone!

Wasn't Lin xiaojiu a little too overbearing?

I know that you've been with my aunt for a long time and it's hard to accept my way of doing things in a short time, but it doesn't matter. It doesn't matter if you can catch up or not. As long as you do as I say ...

Lin Hanxing tapped the table with his fingertips, making a uniform and regular knocking sound.

"I can guarantee that all of you here will enjoy your remaining years with a smile!"

"Of course ..."

Her gaze turned to the few people who had chosen to sign the transfer agreement with the money.

"That doesn't include you!"

In one sentence, he said it with a strong aura, and the awe-inspiring sense of power was not something that anyone could control!

these are the two things I'm going to announce to the board today as the president of Lin's group.

Lin Hanxing stood up.

She placed her hands on the table and leaned forward.

"Now, meeting adjourned!"

After saying this, Lin Hanxing turned around and left the meeting room without even looking at them!

.....

At the Affiliated Hospital of Jiangcheng Medical University.

"Which do you guys think is better?"

Madam Lei was sitting in the ward with a huge pile of wedding gowns in her hands, not noticing that the people around her were looking at her with helpless eyes!

Ever since Lei Xiao's condition had improved, mother Lei had been thinking about his wedding with Lin Hanxing.

“This bouquet of flowers is also beautiful! I’m sure my daughter-in-law will like it!”

As she spoke, she flipped through the album.

Suddenly, her gaze stopped at a certain spot, and her expression became strange!

[Chapter 1222](#)

1222 Meeting Shangguan Yilu again

“Mother Lei, your face has changed. What did you see?”

Yan beixiao was just about to lean over and get closer to her when he was slapped by Mama Lei.

“I make a living with my face!”

She covered the side of her face. Yan beixiao’s words were as aggrieved as they could get!

“Who’s relying on their looks to make a living?”

Lin Hanxing heard this when he walked in with a thermos.

“I, I, I, I, I ...”

Yan beixiao’s eyes brightened as he looked at the thermos. He raised his hands high, hoping to get a piece of the soup from Lei min.

“Hehe.”

Lin Hanxing’s sharp eyes scanned Yan beiming from top to bottom.

He only gave out these two words.

Yan beiming felt that he had been greatly humiliated.

His entire popularity was dumbfounded!

Lin Hanxing walked to the bedside and took the document from Lei Xiao’s hand, giving him a glare.

Only then did he pour out the chicken soup that the mute uncle had made from the thermos.

Immediately, a rich sweet fragrance spread in the ward, making people drool.

“Little Hanxing, can you lend me your mute uncle for two days?”

Yan beixiao swallowed his saliva.

Ever since she ate the mute uncle’s cooking, she had been shocked!

The chicken soup from last time, the tender chicken leg melted in his mouth, and it was so delicious that he felt like flying.

Yan beiming sneakily stretched out his hand and tried to steal the thermal container with his thieving claws.

However, before he could touch her, Lin Hanxing, who seemed to have eyes on the back of his head, slapped him away.

“Ah ...”

Yan beiming hugged his titanium dog paws even more pitifully than before.

What he could see but not eat, he was really the most unfortunate man in the world!

Lin Hanxing passed the bowl of chicken soup to Lei Xiao, then turned to look at Yan beiming.

“Go and ask the mute uncle.”

“Uncle mute ...”

Yan beiming almost fell to the ground and rolled around in anger.

The mute uncle, who had been standing in the corner without saying a word since he entered the ward, acted as if he had not heard anything.

He didn't say anything.

It was obvious that she did not want to bother with Yan beiming.

However, the others had long since gotten used to his cold and emotionless appearance, which would only change slightly when he was with Lin Hanxing and Yuan Bao.

“Little Hanxing, have you ever thought about how the chicken would feel?”

Yan beixiao looked on enviously as Lei min finished the last sip expressionlessly, his face weak, helpless, and pitiful.

“You want to simulate the psychological state of a chicken for me?”

Lin Hanxing raised his eyebrows and noticed that mother Lei seemed to be distracted ever since she came in.

“Even a chicken has its dignity! Don't you think it's so hard to raise it to be so fat and big? isn't it just to show us the best side of its chicken life in the pot?”

Yan beixiao stubbornly wanted to seek justice for the chicken.

“My poor little D * ck ...”

“Ha, what are you pitiful about?”

“.....”

Yan beiming watched as the bowl of chicken soup was emptied, and he felt a wave of sadness wash over him!

obscene!!!

Lin Hanxing could not be bothered with him. Just as he was about to roll his eyes, Lei Xiao's personal phone rang.

It was a call from Lei min.

Lei Xiao laughed as he picked up the phone while Han Xing and Yan beixiao were still in a confrontation. However, after listening for a while, his face darkened.

Lin Hanxing exchanged a look with him.

Before he could speak, the mute uncle's phone rang.

After hearing a few words, his originally expressionless face suddenly frowned.

Lin Hanxing passed the remaining half a bucket of chicken soup to Yan beiming.

When he saw the expressions of the two, he immediately lost the intention to joke.

"What happened?"

Lin Hanxing asked.

Lei Xiao's brows were cold, and the other parts of his body were a little low.

"You guys continue chatting, I'll go home first."

Mother Lei carried the picture book and walked out absent-mindedly.

"Mom, I'll send you down."

Lin Hanxing knew that the driver was waiting for her downstairs, but she was still worried.

Lin Hanxing stood downstairs for a while after he sent mother Lei off.

The wind ruffled her long hair.

Even the White pearl earrings moved slightly.

Inexplicable.

Lin Hanxing felt that something was about to happen.

As she thought about it, she turned around and was about to walk back when she heard Lei min's voice from behind.

"Sister-in-law."

Lin Hanxing turned around.

However, when he saw the person behind Lei Yu, he frowned.

They were Shangguan shixiu's younger sister, Shangguan Yilu, and uncle Liang.

Lin Hanxing remained in the same position and did not say a word, but his cold gaze went past Lei min's shoulder and fell on Shangguan Yilu's face.

This was the first time they had met since she had been sent back.

However, it was different from before.

At this time, Shangguan Yilu's face was pale and anxious, and she didn't have the temper of a young lady like before. She seemed to be on edge, and even a little bit of stimulation from the outside world seemed to affect her.

Compared to the last time they met in country G, uncle Liang was even more unusual.

"Great ..."

Before Lei Qian could finish his sentence, Lin Hanxing raised his head and looked at him before walking towards uncle Liang.

At some point, his single hand had turned from flat to clenched.

"What are you ..."

Shangguan Yilu cried out in shock, and before she could react, she saw Lin Hanxing punch uncle Liang in the chest.

The speed was extremely fast!

The ferocity of the power!

The latter was forced to take two large steps back!

There was a pfft.

A mouthful of black blood spurted out of uncle Liang's mouth and onto the ground!

Shangguan Yilu was on the verge of tears. She was about to slap Lin Hanxing, but before she could move, she was restrained by Lei Qian.

"Many thanks!"

On the contrary, after uncle Liang vomited out all the blood, he unexpectedly said these two words.

It made Shangguan Yilu's voice stop abruptly.

"What happened?"

Lin Hanxing said coldly, he already had a rough idea of what was going on.

"Sister-in-law, let's go up and talk! I've already called big brother!"

Lei min took a step forward.

His expression was a little dark.

Lin Hanxing knew that this was not the place to talk, so he tacitly agreed.

He turned around and walked into the hospital.

When the group returned to the ward, Yan Beichen was just about to put on a fawning smile, but when he saw the people behind Lin Hanxing, his smile completely crumbled.

Shangguan Yilu?

Yan Beichen rubbed his eyes to make sure he was not seeing things. He could not help but curse in his heart.

Why did little Hanxing bring this guy back when he went downstairs?

The point was, wasn't Shangguan Yilu sent abroad?

Where did she come from?

"Tell me, what happened?"

Lin Hanxing's voice had just fallen when Shangguan Yilu suddenly sobbed and sobbed, catching everyone off guard.

"....."

"....."

"....."

"What happened to Shangguan shixiu?"

Lei Xiao said in a cold and deep voice. It was obvious that he had no patience for Shangguan Yilu's tears.

Yan beiming muttered in his heart.

Tsk tsk, sure enough, ah Xiao did not stay single for the past 30 years in vain. He did not know how to take care of women. Even this face that was specially favored by God could not remedy his low EQ!

Uncle Liang's face was gloomy.

"My brother, he, he's missing!"

[Chapter 1223](#)

1223 The deeply hidden code

As soon as these words came out, Yan beiming's wild imagination was instantly put away.

His expression suddenly turned serious.

Shangguan shixiu was missing?

Lei min sighed in his heart. He knew the severity of the matter, so he brought her to the hospital at once so that he could make things clearer in person.

"Your injuries are also related to his disappearance?"

Lin Hanxing raised his head and looked at uncle Liang.

When they first met, Lin Hanxing could see that there was a deposit in his chest, and his internal injuries were extremely serious. Even in such a physical condition, he had still forced himself to come here. Even Shangguan Yilu was here, so something unusual must have happened.

"Young master was trying to save me!"

Even though uncle Liang was trying his best to remain calm, the anxiety in his eyes could not be hidden!

“Wait a moment!”

Yan Beichen could not help but raise his hand to interrupt.

Shangguan shixiu is the Shangguan family’s trump card. Even if you were injured and dragged him down, he would still be able to get away!

If he was controlled like this, what kind of Ace was he?

Uncle Liang wanted to say something but stopped.

There seemed to be some inside story that couldn’t be told.

“At a time like this, what is there that you can’t say?”

Lin Hanxing said indifferently.

Every second and minute that he was delayed here would be reflected on Shangguan shixiu.

“Young master was once seriously injured. Since then, his Foundation has been ruined! Every year, it will act up at a special time. In light cases, it will be weak, in serious cases ...”

Shangguan Yilu was still crying.

The voice was slightly annoying.

Uncle Liang didn’t finish his sentence, but everyone knew what he was going to say.

“What about the Shangguan family?”

Yan Beichen could not help but interrupt again.

Uncle Liang’s expression was obviously one of forbearance, and anxiety gradually spread from his bones.

“Can you stop asking! It was impossible for dad to control brother! Dad would only say that if he can’t even control his own life, he’d rather let him live and die on his own!”

Shangguan Yilu burst into tears again.

After learning about what had happened from uncle Liang, Shangguan Yilu had sneaked out and met up with them in Jiang city.

“Shut up! Shut up!”

Suddenly, Lin Hanxing and Lei Xiao said in unison.

Even the cold tone was the same.

Shangguan Yilu was so frightened that her wailing stopped abruptly, and she looked at the two men in a daze!

It had only been a while since they last met, but why did the tacit understanding between the two of them rise to another level?

The most important question was ...

Why were they still together?

Lin Hanxing took a deep breath.

She had never been a good-tempered person, and she would only restrain herself in front of the Lei family after returning to Jiang city. As for Shangguan Yilu ...

Hehe.

“So you want to ask ah Xiao to send someone to find Shangguan shixiu?”

After a while, Lin Hanxing tried his best to make his voice sound less hostile.

“No, we’re here to find you!”

This time, before uncle Liang could say anything, Shangguan Yilu spoke first.

But the words he said were somewhat inexplicable.

She said.

Was she here to look for Lin Hanxing?

“You’re looking for me? Why are you looking for me?”

Even Lin Hanxing did not know how to react when he heard this.

“This is the last thing my brother left behind. It’s for you!”

Shangguan Yilu quickly took out something from her bag and handed it to Lin Hanxing.

“How do you know this is for me?”

However, Lin Hanxing soon found out the answer.

This was because the name ‘Lin xiaojiu’ was written on the information Shangguan Yilu had given her.

“We can’t understand what’s written inside.”

As uncle Liang said this, Lin Hanxing had already taken out the document from the bag. Lei Xiao’s eyes swept over it and he immediately frowned. Yan beixiao also leaned his head over. When he saw the contents, he was speechless.

What kind of nonsense was written on it?

There were numbers, codes, Chinese characters, English, and even Russian?

It was like a pot of hodgepodge mixed together.

It left him clueless.

it would be a ghost if he could understand it!!!

Yan beiming could not believe it.

Lei Xiao did not speak, but his gaze fell on Lin Hanxing.

my brother wouldn't do things for no reason, so he wouldn't be joking about leaving this behind. Lin xiaojiu, no matter what happened between us, I hope you can ...

Before Shangguan Yilu could finish her sentence, Lin Hanxing had already raised his hand to signal her to be quiet.

Yingluo, this is a code I invented myself. I'll teach you.

Only the two of us know about Yingluo in this world.

Lin Hanxing slowly closed his eyes as memories of the past surfaced in his mind. His fingers began to tap on the bed frame as if he was trying to recall something.

Shangguan Yilu still wanted to say something, but uncle Liang stopped her.

"Give me a pen,"

Suddenly, Lin Hanxing opened his eyes and calmly extended his hand to the side.

The mute uncle, who had been calm the entire time, handed Lin Hanxing a pen that he always carried with him.

He saw Lin Hanxing quickly drawing circles on the paper. In the eyes of others, there was no order to it, but in Lei Xiao's eyes, he soon saw some clues.

It seemed to be a well-hidden code.

15 minutes later.

When Lin Hanxing pieced all the letters together and cracked the content, her expression changed.

"What else did Shangguan shixiu leave behind?"

Although Lin Hanxing's words were directed at Shangguan Yilu and the others, his eyes were on the mute uncle.

Her eyes were obviously mixed with something else.

"What ... What?"

Shangguan Yilu did not react for a long time.

"I asked you, what else did you leave behind besides this Shangguan shixiu? He must have left something else behind!"

Yan beiming felt that Hanxing was acting a little strange.

After deciphering the contents, she seemed to have become more anxious.

"N-nothing!"

"Are you sure?"

Lin Hanxing's sharp eyes met with Shangguan Yilu's, giving off an invisible sense of intimidation and oppression.

"A photo!"

Uncle Liang suddenly said. The word seemed to have opened up Shangguan Yilu's memory, and she suddenly realized something.

"Yes, big brother even left a photo!"

the person in the photo is the person that young master asked his men to keep an eye on when he was in country G. He's also the person who injured our men!

Uncle Liang's voice was tense and suppressed.

This was the most humiliating thing he had ever felt in his career.

Young master had protected him!

"Where are the photos?"

Lin Hanxing's cold voice rang out, and Shangguan Yilu began to search in her bag in a hurry.

But the more anxious he was, the more trouble he would cause.

In the end, Shangguan Yilu simply poured everything in the bag out on the ground, and the photo finally slid down to Lin Hanxing's feet, its back facing up.

Lin Hanxing's breathing stopped for a moment. He bent down and picked up the photo slowly.

However, when he lowered his head to take a look ...

He already had a vague idea of what was going on.

"Mute uncle,"

She handed the photo to him.

[Chapter 1224](#)

1224 The mute uncle's past

The mute uncle took it in silence.

When he saw the photo clearly, the mute uncle's pupils suddenly tightened.

The air was freezing at a speed visible to the naked eye.

Everyone's eyes followed Lin Hanxing's hand and looked at the mute uncle.

His expression was almost distorted in an exaggerated way.

It was like an abstract oil painting.

"Who's in the photo?"

Yan Beichen raised his eyebrows and asked. The atmosphere in the ward at that moment made him a little nervous.

“It’s ... Him!”

In the next second, when he heard those two muffled and muffled words, Yan beiming’s eyes almost popped out!

Even Lei Xiao was shocked.

Not to mention uncle Liang.

The two words just now were actually said by the mute uncle?

The mute uncle wasn’t a mute?

These days, no one had actually discovered it!

How deep was the mute uncle’s hiding?

At this time, the mute uncle didn’t care about other people’s gazes at all. His eyes, which were soaked with hatred, seemed to be able to burst into flames. He just stared at Lin Hanxing like this, as if he wanted to vent the pain he had hidden deeply all these years!

His ferocious expression scared Shangguan Yilu so much that she quickly hid behind uncle Liang.

She was really shocked.

“It’s him.”

The man they had been searching for for so long without any trace!

But now, Shangguan shixiu had found him.

Shangguan shixiu had also gone missing because of this man.

Lin Hanxing sighed in his heart.

you’re saying that Shangguan shixiu specifically asked someone to keep an eye on her when he was in country G? ”

Lin Hanxing turned to look at uncle Liang.

He emphasized the words ‘G country’ in his tone.

Uncle Liang quickly gave an affirmative answer.

“So the exact location where he appeared?”

Lin Hanxing’s tone was uplifted, but there was a sense of danger hidden under his nonchalance.

“The Hong gang’s territory.”

Then, Lin Hanxing and the mute uncle looked at each other and fell into silence.

Yan beixiao's mouth was itching.

However, he naturally knew that this was not the time for him to be presumptuous. His heart felt like it was being scratched by a small hand.

"What did my brother write?"

"You know who took him away, right?"

Shangguan Yilu did not have Yan beiming's sharp eyes, and her sharp voice rang out again and again.

It was like three high notes.

Layers upon layers.

Yan beixiao's scalp tingled as he listened.

After saying those two words, the mute uncle clutched the photo tightly and fell into silence again.

Just as Shangguan Yilu was about to say something, Lin Hanxing raised his head and looked at her with a cold expression, forcing Shangguan Yilu to swallow the words that were on the tip of her tongue.

"You guys go back first."

Uncle Liang wanted to say something but was interrupted by Lin Hanxing's raised hand.

I'll be flying to country G tonight. We'll meet at the Li family's house.

Uncle Liang was silent.

He knew that Lin Hanxing had agreed to help.

I understand. Ms. Yilu and I will take the earliest flight back to country G. I'll be waiting for Ms. Lin at the Li residence tomorrow!

After saying that, uncle Liang took Shangguan Yilu out of the ward, whether she was willing or not.

The room was extremely quiet.

Before Lin Hanxing could say anything, the mute uncle had already looked at her deeply and walked out of the ward.

Lin Hanxing left the ward.

"Ah, the mute uncle, he ..."

Yan beiming turned his head, wanting to say something to Lei Xiao, but when he saw Lei Xiao's handsome side profile, his voice stopped abruptly.

"Help me with my discharge."

Lei Xiao said in a deep voice.

In fact, his injuries had already recovered a lot. It was Mother Lei who insisted on not letting him leave the hospital and had been taking care of him every day.

"F * ck, mother Lei will kill me!"

Yan beiming's face was bitter.

Just as he finished speaking, he saw Lei Xiao slowly turn his head to look at him.

His eagle-like eyes were calm and unruffled.

However, it made Yan beixiao shiver from the bottom of his heart.

"I must have danced on your ancestors' graves in my past life!"

After saying this, Yan Beichen went out to settle the discharge procedures.

Lei Xiao walked to the floor-to-ceiling window and stood still.

After a long time.

The door opened again and Lin Hanxing walked in.

Soon, he arrived beside Thunder valiant beast.

He reached out and touched his big palm, but before he could say anything, Thunder valiant beast had already grabbed it with his backhand.

With a little force, he brought her in front of him.

He rested his chin on Lin Hanxing's head.

"The mute uncle has another name."

Lin Hanxing relaxed and allowed herself to lean into his arms, letting the smell of wood from Lei Xiao's arms surround her.

"It's called Kunpeng,"

The moment he heard the name, Thunder valiant beast's movements clearly stopped.

Kun Peng.

A few decades ago, this name had been known by everyone in Thailand.

Even now, many people still remembered this name.

It was the last dawn in the gray area.

"He has a younger brother called kun Kang."

Lin Hanxing's voice was cold.

The moment her beautiful eyes narrowed, a dangerous ripple appeared.

"Since 10 years ago, the three battlelines of Thailand have been controlled by kunkang alone."

Said Lei Xiao.

When Han Xing first returned to Jiang city, Yan beiming had once contacted kun Kang under his instructions. Kun Kang's way of doing things had caused a lot of dissatisfaction among them.

Lin Hanxing sneered.

His laughter resonated with the Thunder valiant beast's body.

"Kunkang is indeed very ambitious."

All these years, she had been paying close attention to kunkang's movements.

Compared to a few years ago when he was still low-profile, kun Kang had become more and more arrogant with the support of money and desire!

"That year, the mute uncle tried his best not to let his subordinates get poisoned. Try to lead those people to find new ways to make money and build a Utopia."

The facts had proven that there was no such thing as a paradise in this world.

Where was Utopia?

Money drove profit, and profit nourished greed.

but one day, a man appeared and broke everything.

Lin Hanxing's long, black eyelashes fluttered like butterfly wings. He repeated what had happened in the past in an almost cold tone.

he's severely injured and was said to be on the run from the gluten Lord, another powerful force in Thailand. He begged the mute uncle to take him in.

At this point.

Lin Hanxing stopped.

Lei Xiao hugged her tightly and landed outside the floor-to-ceiling window with a Hawk-like gaze.

that's the man who killed the mute uncle's entire family in one night. Even his youngest son, who had just turned four, died here. There were 16 lives, but kun Kang was the only one left alive!

That was why the mute uncle had such a complicated expression when he saw Yuan Bao.

The Thunder valiant beast was silent.

"Do you know what kunkang did?"

The Thunder valiant beast did not know, but he could vaguely feel it.

he stabbed the mute uncle five times when he was caught off guard. Then, he got someone to throw him into the open sea.

If it wasn't for aunt Mian ...

The mute uncle couldn't even leave an intact corpse!

"The person in the photo ..."

Lei Xiao said in a deep voice.

"Hehe."

Lin Hanxing raised her head and chuckled, revealing her delicate collarbones.

"Aunt Mian used all her power, but she only found out that this person had appeared in Thailand and Germany D"

So that's why Hanxing has been wandering around Thailand and Germany all these years?

Just as Lei min was thinking about this, the door was pushed open from the outside.

[Chapter 1225](#)

1225 The secret key hidden in the ring

After settling Lei Xiao's discharge procedures, Yan beiming appeared, panting heavily.

She had just taken two steps forward when she felt that the atmosphere was not right. She immediately turned around and walked out.

"Come back!"

Lei Xiao's cold voice rang out from behind him, causing Yan beiming to cry.

"I'll definitely knock on the door next time!"

Taking the initiative to admit one's mistake without saying anything was Yan beiming's way of survival in his relationship with Lei Xiao and Liang yuran.

"I'm flying to country G with Hanxing tonight. Are you coming with me or staying in Jiang city?"

Yan beiming was invigorated when he heard this!

"I'll go! I'll go! I'll go with you!"

The last time he found out that they had gone on a one-day trip to country G behind his back, Yan beixiao had been sulking for a long time. How could he miss this opportunity?

"Also, inform Liang."

"Alright!"

ah Xiao, let Yan beixiao send you home first. I'll hurry up and meet Yuan shaojing.

Lin Hanxing glanced at his watch.

They didn't have much time left today.

also, help me inform the sacred hand that he must go to country G this time!

"Alright, let's meet at home."

Lei Xiao's voice was cold and deep, unhurried, giving people a sense of infinite trust.

Without saying anything else, Lin Hanxing walked out of the door.

At the entrance.

The mute uncle was still standing there, his deep eyes filled with danger and bloodlust.

mute uncle, help me inform Bai Xi and Xi Bao. If they're ready to go to country G with me tonight, tell them to pack their luggage and wait for my call!

Lin Hanxing walked towards the electric elevator with great speed.

in addition, tell uncle Jin to prepare for support. I want to know the situation in country G as soon as possible!

.....

In the hotel's Presidential Suite.

"Why the rush?"

Yuan shaojing furrowed his brows when he heard that Lin Hanxing was leaving tonight.

"The situation has changed,"

The outside world didn't know about Shangguan shixiu's disappearance yet, and Lin Hanxing didn't plan to tell them.

After a long time.

"I know."

Yuan shaojing didn't ask further.

"Hai, go and tell Yuan Kang to get ready to leave tonight."

Soon, uncle hai left to inform Yuan Kang.

Lin Hanxing and Yuan shaojing were the only ones left in the Presidential Suite.

"Give me the clan head token."

Yuan shaojing said to Lin Hanxing in a deep voice, and the latter quickly took off the ring on his finger and handed it to him.

"I've seen it clearly."

With a cracking sound, the Dragon-shaped ring separated from the joint of the dragon's mouth.

As the dragon's mouth opened and closed, a small key appeared!

"Do you remember how to open it?"

Yuan shaojing's mature and charming cold face was full of seriousness.

Lin Hanxing nodded.

"This key can open everything related to the yuan group and even the yuan family! Whether it's trade secrets, overseas accounts, or even the secret room in my office, everything! This key is the pass code!"

Yuan shaojing put the ring back on.

No one would have imagined that this ring actually hid such a secret.

"This is the true meaning of the clan head token!"

Lin Hanxing and Yuan shaojing looked at each other.

The yuan family had always treated the family head token with respect. In order to snatch the ownership of this ring, who knew how many bloody storms had been set off? however, only a few people knew the true meaning of this ring.

Lin Hanxing lowered his head and looked at the Phoenix ring as if he had thought of something.

He took off the ring and pinched the Phoenix's tail as Yuan shaojing had done. With a little force, the key inside was revealed.

"There's one thing you're right about."

Lin Hanxing was still in a daze when Yuan shaojing's voice sounded in his ear again.

"On the surface, Hua Ji, which has always supported the great wangfei and the great prince, is supported by my Yuan family in secret. It's not that I didn't choose a side in the struggle for the royal family, but I have already made my choice."

Yuan shaojing said this sentence without any shock.

Although he had already told this girl through ah hai about the yuan corporation's general situation and data in the past two weeks, she would be facing the complicated situation in country G and the various forces that were divided ...

A single wrong step could lead to eternal damnation.

He couldn't hide anything from her. Otherwise, it would be extremely dangerous for this girl.

the Chinese people from country G came to Southeast Asia when they first went there. Some of them didn't even have a chance to say goodbye to their loved ones. They took root in their suffering just to survive. We work hard to defend our culture and rights, and even if we are treated unfairly, we will never bow our heads! Lin girl, no matter how you feel about me, I want you to remember that I've been working hard to improve the treatment of the Chinese in country G for the rest of my life!"

Lin Hanxing met Yuan shaojing's gaze in silence.

His deep eyes burst with fire-like emotions.

we Chinese can have our bones broken, but we will never admit defeat!

What a strong feeling that was!

"I understand."

The moment these words came out of Lin Hanxing's mouth, Yuan shaojing's eyes suddenly became much more loving.

He restored the ring.

She placed it in Lin Hanxing's palm.

it was elder MU's idea to have Hua Ji's people stop you. In all these years, you're the second woman he has nothing but praise for, other than Yanyu.

At the mention of that name, Yuan shaojing's pupils trembled a little.

"You can use the power of Huaji at any time, but there's one thing you must remember!"

Yuan shaojing suddenly raised his head.

He looked straight at Lin Hanxing's little face that was as fair as snow.

"Don't go head to head with the Hong gang!"

He knew that she was smart and had a strong personality, but some things were not that simple.

"You know what I mean!"

Yuan shaojing said meaningfully. At that moment, Yuan Kang also came over under uncle Hai's lead.

Both of them felt the subtle atmosphere in the room.

It made Yuan Kang, who wanted to shiver, swallow back the words that were on the tip of his tongue.

"If the lips die, the teeth will grow cold."

Lin Hanxing said after a long time.

The moment he heard these words, Yuan shaojing closed his eyes in satisfaction and leaned back on the sofa.

Yes, it was.

If the lips are gone, the teeth will be cold.

For so many years, the situation in country G had been divided by several forces and had formed a few corners of balance. At this time, no matter which side was touched, this balance would be broken!

This would result in irreversible consequences!

This was also the most serious problem that Lin Hanxing had to face after arriving in country G!

How to check and balance ...

This was a problem that this girl had to consider.

hai, Yuan Kang, you two go back to country G with Hanxing tonight!

Uncle Hai's expression changed when he heard that he was leaving.

But before he could say anything, Yuan shaojing had already raised his hand and stopped uncle hai from saying anything.

"With Kang Nian here, what do you have to worry about?"

Moreover, he had promised this girl that he would not die!

"I see, Mr. Yuan."

Out of thousands of words, uncle hai could only come up with this one sentence!

"I'll go back first. I'll call you later."

Lin Hanxing stood up and left the Presidential Suite.

Just as he reached the hotel lobby, he was suddenly stopped by someone just as he was about to reach the entrance!

[Chapter 1226](#)

1226 Red Note song pin

Half an hour later, in the military compound.

The security guard, Xiao Zhang, was standing behind master Yan. When Lin Hanxing walked over, he gave her an almost inaudible look of greeting.

"Have a seat."

Old Yan didn't lift his head, but teased his Green Parrot.

After Lin Hanxing sat down, Xiao Zhang and the person who invited her left quietly.

Only Lin Hanxing and elder Yan were left sitting face to face, with a tea set on the stone table.

"Try my tea?"

Elder Yan's low and hoarse voice rang out. It was impossible to tell whether he was happy or angry, so naturally, no one could see the meaning behind his call.

Lin Hanxing did not stand on ceremony.

He reached out for the tea cake on the table, weighed it in his hand, and smelled it.

"Red Note song pin."

Lin Hanxing said indifferently, easily revealing his name.

The songbing teahouse was established in the early years of Guangxu, and was known as one of the four Yi and Wu families of PU 'er along with Tongxing, tongqing, and fuyuanchang.

In the early years of the Republic of China, song peihao married the Qianli Zhen trading company and merged with their teahouses.

It was also known as the Qianli Zhen Song contract.

Just this tea cake alone was sold for 504000 RMB.

"A friend gave it to me."

Elder Yan said without any expression.

"It's open today, it's a farewell."

Lin Hanxing laughed.

"It seems that elder Yan is always paying attention to my movements."

Thinking back to the treatment he received at the police station the night the Lin family was almost wiped out, Lin Hanxing already had an answer in his heart, even though ...

She didn't understand why elder Yan was doing this.

He was testing her with his words.

He was testing her handwriting.

He did not hide his secret observation.

As Lin Hanxing spoke, he opened the seal and started to boil tea.

Master Yan's gaze fell on her face.

Lin Hanxing's unhurried movements were indescribably beautiful, and he did not seem to be any different from the noble status of the person opposite him.

"Thank you for your hard work back then, monkey head and ox head."

Even after hearing elder Yan's words, Lin Hanxing did not stop at all.

It was as if he didn't understand.

Everything went on as usual.

elder Zheng once mentioned that the head of X group is a young woman.

Lin Hanxing did not respond, but elder Yan did not stop talking.

"You're very similar to someone I know,"

"Elder Yan, please have some tea."

He placed the first cup of tea in front of elder Yan. He didn't even ask about the person he was talking about. It was obvious that he wasn't interested.

A dense white mist lingered in the air, shrouding Lin Hanxing's beautiful face.

"Many people say so."

Lin Hanxing chuckled as he spoke.

“Maybe it’s because I have an average face.”

It was rare for Lin Hanxing to joke with elder Yan.

Master Yan looked at her eyes. Her face, which was not smiling, looked a little serious.

He picked up the teacup.

He drank it casually.

“Elder Yan didn’t invite me here just to have some tea to send me off, did he?”

If it was in the past, Lin Hanxing would not have minded continuing to sit there. After all, she had no other hobbies other than having a special liking for tea leaves. She really could not put down this red-luring tea.

Unfortunately, she did not have that much time.

“I want you to help me find someone.”

Elder Yan finally spoke after a while.

Lin Hanxing’s hand paused and he looked up to meet his eyes.

Looking for someone?

With elder Yan’s status, it was too easy to search for someone’s information on the intranet. Why did he need to find her? Unless ...

“Are you joking, master Yan?”

Lin Hanxing had just finished speaking when master Yan pushed a photo in front of her.

He lowered his head.

Lin Hanxing’s expression froze.

Initially, Lin Hanxing thought that it was just a coincidence in Duan Hong Chen’s Floating World. However, when he saw the person in the photo, Lin Hanxing felt that he had indeed overthought it.

“Help me find her.”

Elder Yan finished and continued to drink his tea.

I’m sorry. I’ll be leaving Jiang city tonight.

Lin Hanxing pretended to return the photo to him.

“This person is in country G.”

However, before he could finish, elder Yan’s voice rang out again.

As expected.

This person was not in the country.

It was obvious that Lin Hanxing already had an answer in his heart. This feint was just a test.

“You knew I was going to country G?”

Lin Hanxing laughed as he shook his head.

“That’s right, after all, this is the tea to send me off.”

The conversation between the two seemed to always be at a balance point, and neither of them crossed the line in the middle.

“Help me find her.”

As soon as master Yan finished speaking, the security guard, Xiao Zhang, suddenly appeared with a ringing phone in his hand.

“I’m hanging up.”

The guard, Xiao Zhang, immediately did as he was told.

However, not long after, his phone rang again.

“It’s a call from Mount Yulong.”

Elder Yan picked up the phone with a cold expression.

“Uncle,”

A gentle voice came from the other end of the phone.

“Why did you suddenly go to Jiang city? I only got the news today.”

At this time, on Mount Yulong in the capital, a beautiful woman was leaning on the side of the bed, her fingers fiddling with the fresh rose flowers that had been cut off in the morning. The faint fragrance could not cover the twisted face of the beautiful woman’s gentle voice.

Jiang city!

Why did it have to be Jiang city!

“Qingru, what’s the matter?”

Elder Yan’s voice was cold and emotionless, which made long qingru’s heart beat wildly on the other end of the phone.

Lin Hanxing, who was sitting opposite elder Yan, did not say anything.

It was just that the moment the security guard Xiao Chen appeared, he unhurriedly put the photo on the table.

Then, he picked up the cup of tea and drank it with a calm expression.

“Oh, I see, uncle.”

Long qingru's hands were clasping the Rose branch tightly, but her voice became more and more obedient and gentle.

father's health doesn't seem to be very good recently. You know that the old man is stubborn and doesn't want to go to the hospital. The doctor has been here a few times, but ...

From her voice alone, she seemed very sad.

"Nonsense! If he wants to be tough, are you going to let him be tough? Who's going to be responsible if something happens?"

Elder Yan seemed to be angry, and the Green Parrot on the table was so scared that it fluttered its wings and flew up, knocking down the teacup in Lin Hanxing's hand.

"Ah, miss Lin, your clothes ..."

The security guard, Xiao Zhang, exclaimed.

"I'm fine," she said.

When Lin Hanxing's cold and indifferent words spilled out of his mouth, they were instantly transmitted to long qingru's ears through the receiver.

There was a thud.

Long qingru suddenly broke the Rose branch.

It was as if he couldn't believe his ears!

How could she?

Why would Lin xiaojiu be in front of uncle?

Why was she with her uncle?

What did they say?

Could it be that uncle went to Jiang city because of Lin xiaojiu?

All kinds of thoughts gathered in long qingru's mind, and she couldn't even say a complete sentence. Her lips kept trembling.

The fear in her heart spread endlessly.

"Uncle ..."

Long qingru suddenly raised her voice, which sounded like a sharp nail scratching glass.

Elder Yan's movements suddenly stopped.

He had never heard her lose control of her voice before!

[Chapter 1227](#)

1227 Looking at you pitifully

Knowing that she had lost her composure, long qingru hurriedly put on a gentle fake smile.

He then realized that the person on the other end of the phone couldn't see him at all.

"Uncle is right, but the old man's temper ..."

She deliberately kept her words short.

Gentle and decent.

"Only you can control him in this world!"

The Broken Rose was twisted in long qingru's hand, and the juice stained her fingers red.

"I'll be back in two days."

Long qingru held her breath until she heard this. She was slightly relieved.

"Uncle ..."

However, before long qingru could finish her words, the other end of the phone hung up.

Suddenly.

Resentment gathered in long qingru's eyes ...

"It seems that not everyone can afford to enjoy elder Yan's tea."

Lin Hanxing's white silk shirt was wet from the tea.

It left red rust marks.

"It's troublesome."

Lin Hanxing passed the car keys to the security guard, Xiao Zhang.

"I have a spare shirt in my car."

The security guard, Xiao Zhang, took the car keys under master Yan's eye signal and left.

"Can I ask why you're looking for her?"

Lin Hanxing continued the conversation before the call and flipped open the photo again.

The photo was quite old.

It was even black and white.

At that time, the person in the photo had a timid look in his eyes and was dressed in plain clothes. There was nothing special about him.

It was as if she would be drowned if she was thrown into a crowd.

"I can't,"

Lin Hanxing smiled faintly when he heard elder Yan's cold words.

“Aren’t you afraid that I’ll spread the news about the photos?”

She held the photo between two slender fingers, and it was hard to tell if she agreed or disagreed.

“Little girl, you can try.”

Elder Yan held his teacup and said calmly.

“As the saying goes, one won’t get up early if there’s no profit. Why should I agree to your request?”

Lin Hanxing’s expression turned cold.

Elder Yan’s eyes were deep, and he looked at her coldly.

It was like a silent contest.

This was the scene that the security guard, Xiao Zhang, saw when he returned with a bag of shirts.

The atmosphere ...

He seemed a little nervous?

For a moment, Xiao Zhang felt that he was in a dilemma.

“What do you want?”

Elder Yan suddenly spoke. He didn’t know if it was the guard Xiao Zhang’s imagination ...

He sounded a little disappointed.

Lin Hanxing raised his index finger and picked up the Green Parrot that had been standing on her shoulder. His smooth and natural movements were filled with silent beauty.

“I’ll take the remaining red notes, song pin, as a gift of thanks from elder Yan.”

Lin Hanxing finally spoke after a long while.

However, the words that came out of his mouth made elder Yan’s expression change subtly.

She only wanted this?

“Now, can I go and change my clothes?”

Lin Hanxing took the paper bag from the security guard Xiao Zhang and stood up.

“I don’t know why ...”

Just as Lin Hanxing was about to enter the house to change, master Yan’s voice successfully stopped her and made her look at him.

“I have a feeling that we’ll meet again in the capital.”

After a pause, elder Yan added.

“Furthermore, you will turn the entire capital upside down!”

Hearing this, Lin Hanxing raised his chin slightly and smiled.

The sun's rays perfectly illuminated her beautiful outline, as if she was plated with a layer of light.

"Maybe."

.....

When Lin Hanxing came out after changing, master Yan had already gone to rest.

The security guard, Xiao Zhang, had been waiting for her.

"This is master Yan's personal phone number."

Other than his family members, only a few people in the entire capital knew this number.

He also handed her the wrapped Red Note, song pin's PU 'er.

Lin Hanxing took it with a smile and left the military courtyard without saying anything.

In the car.

Lin Hanxing leaned his body against the black leather seat.

He held the photo in his hand.

He raised it up so high that it was parallel to his line of sight.

Then, he turned the photo upside down.

Two graceful words written with a fountain pen appeared before Lin Hanxing's eyes.

Qin su.

It was a simple name.

It covered the entire life of a person.

After a long time.

Lin Hanxing started the engine and headed towards the Lei family villa ...

.....

At the Lei family villa.

Mother Lei looked at Lin Hanxing with teary eyes.

She hadn't even held a grand wedding for her daughter-in-law, so why was she going to country G?

"First aunt ..."

Yuan Bao stomped on his short legs barefooted and lay down in Lin Hanxing's half-filled luggage.

"Yuan Bao, what are you doing?"

Lin Hanxing could not help but laugh.

Yuan Bao was currently curled up like a little sheep. When he heard Lin Hanxing calling him, he meowed and clenched his hands into a meatball, looking at her pitifully.

Before she could get the baby out, Madam Lei had already imitated her and squatted beside the luggage, looking up at her with eager eyes.

“Mom ...”

Lei Cheng leaned against the door with his arms crossed, watching the old man and the young man show off.

He strode in with his long, slender legs.

He reached out and took Yuan Bao out of Lin Hanxing’s luggage.

third uncle, you’re a Big Bad guy!!!

Yuan Bao struggled for the last time, but the enemy was too strong. It felt like it was hanging on a drying rack, floating in despair.

“Xiao si, take good care of your Yuan Dabao!”

As he spoke, Lei Cheng threw the ingots into the arms of Lei Jue, who had just entered.

It was a precise hit!

When she saw Lei Jue, Madam Lei, who was squatting beside the suitcase, got up with a guilty expression.

“Argh! I suddenly remember the old man calling me!”

As she spoke, mother Lei walked away while leaning against the wall.

“.....”

“Why do I feel like the way mom looks at me is a little strange?”

Lei Jue was still holding his chubby son in his arms, and he blurted out the question that flashed through his mind.

“Sister-in-law, this!”

Lei Jue knew that his third brother had something to say to Lin Hanxing, so he did not waste any time.

He threw the things that he had already prepared to her.

Lin Hanxing caught it instinctively.

He looked down and saw two bank cards!

mom said that giving money is more practical than giving anything. That belongs to me and second brother.

Lei Jue raised his eyebrows and said.

“.....”

Lin Hanxing could not refute this reason.

Before she could say anything, Lei Cheng had already thrown his card to her.

“We know that you don’t lack money, but these are our kind intentions.”

The situation in country G was currently unstable. Furthermore, there would definitely be many obstacles when sister-in-law went to the yuan family this time. But fortunately, big brother could still accompany her ...

The daughter-in-law of the Lei family was not someone who could be bullied by anyone!

“Sister-in-law remembers! When you meet a B * tch, you take our money and throw it at their faces! Please don’t feel bad!”

After Lei Jue shouted from the door, he ran downstairs with Yuan Bao in his arms.

He looked at the three bank cards in his hand.

Lin Hanxing did not know whether to laugh or cry.

sister-in-law, although it’s a little late, I’ve already contacted Dr. Zhong for you. He will go directly to country G to meet you in a few days.

When he said this, Lei Cheng deliberately lowered his voice.

“I know, thank you.”

Lin Hanxing’s hands stopped moving. Lei Xiao did not know about this and she was not prepared to tell him about it.

But ...

It was good that Dr. Zhong could go to country G. After all ...

She kept feeling that Gong Chen’s condition wasn’t quite right!

[Chapter 1228](#)

1228 The Lei family will always be a whole

In the study.

Lei kangnian looked at Lei Xiao with a deep gaze, his eyes were filled with the love of a father.

He could never forget the pain of losing his first child.

He would also never forget the excitement and anxiety he felt when he and Yinyin brought ah Xiao back.

In the blink of an eye.

Ah Xiao was already so big.

“Ah Xiao, dad wants to say sorry to you first.”

Lei kangnian sighed.

If he could put down his father’s attitude all those years ago, would ah Xiao be happier?

“You didn’t do me wrong.”

The Thunder valiant beast’s voice was deeper and more hoarse than ever.

it was you and mom who gave me a home. It’s the greatest fortune in my life.

Lei Xiao’s nearly 1.9-meter-tall, muscular body was perfectly straight.

ah Xiao, you’ve done too much for this family all these years. You should live for yourself!

After a long time.

Lei kangnian sighed.

This sentence was very familiar.

In a daze, Lei Xiao thought to himself. Then, he finally remembered that Yan beiming had once said the same thing to him.

I want my son to be happy. I want you to do whatever you want without any worries!

Lei kangnian stared at Lei Xiao with his torch-like eyes.

“Ah Xiao, you just have to remember that you’re Yinyin’s and my son. It’ll be like cutting our flesh if any of you four brothers are missing! And ...”

Lei kangnian paused for a moment.

“I will only hand the Lei Corporation over to you in the future!”

“Dad ...”

“Xiao er, Xiao San, and Xiao si all agree with this decision!”

In the hearts of Lei Yu, Lei Cheng, and Lei Jue, there was nothing more important than their own family, especially their big brother, Lei Xiao!

Not to mention a mere Lei Corporation!

“And this ...”

As Lei kangnian spoke, he bent down to look for the small gold vault stuck under the drawer expressionlessly, and pushed it in front of Lei Xiao.

when you’re in country G, you can buy whatever your daughter-in-law likes!

He repeated the words that Zhong Nanyin had been mumbling in his ear for hours to his eldest son.

Even though they knew ...

Both ah Xiao and Han Xing were not short of money.

don't forget our Lei family's rules!!

Lei kangnian rapped his desk in anger!

The first rule of the Lei family was to spend your own money to make your wife happy!

The second rule of the Lei family was that whatever the wife said was right!

The third rule of the Lei family was that when the wife was bullied, she had to unconditionally torture the scum, and when the wife did, she had to be unconditionally blind.

The fourth rule of the Lei family ...

"He doted on his own wife! He wanted to give her the best of everything! I want to dote on her so much that she's out of control and let those people know that they can't even bully a single hair of hers, let alone a single strand of her hair!"

This was what he had learned from protecting his wife for decades.

Now, he was teaching it to him for free!

"....."

Seeing that he was getting more and more agitated, Thunder owl decided to remain silent.

daughter-in-law's trip to country G will definitely not be any easier than when you were in Jiang city.

Lei kangnian suddenly changed the topic.

"I'm afraid that you won't be back for at least a year or so."

The complicated situation in country G would probably make it difficult for cold star to break the deadlock, but ...

Lei kangnian laughed.

When he thought about Lin Hanxing's ability to surprise people, he suddenly felt that he had worried too much.

I've already contacted my friend. When you arrive at country G tomorrow morning, just Park at his private airport. Your safety is the priority, do you hear me? "

Lei Xiao looked at Lei kangnian and suddenly laughed.

He rarely smiled.

However, Lin Hanxing's appearance had broken all of this.

"I know, dad."

Lei kangnian could not help but sigh in his heart. He could only hope that nothing dangerous would happen on this horse trip!

“Don’t forget, our Lei family ...”

“We’ll always be a single entity!”

.....

Night fell.

Jiang city’s private airport, on the other hand, was brightly lit.

In the lounge.

Other than the Lei family, Yan beiming and Liang yuran, Jiang Xibao and Bai Xi, uncle hai and Yuan Kang, as well as the mute uncle, were all in place and waiting in the resting room. They were just waiting for the temporary flight route to be ready.

Yuan shaojing stood next to father Lei, looking at Lin Hanxing with a deep gaze.

From the moment the plane landed in country G, it would be a whole new journey for that girl.

As for whether it was a blessing or a curse.

He could only rely on the two of them to control it!

“Country G, I’m here!”

Yan Beichen placed both his hands on the large French window of the lounge and could not help but announce loudly into the dark night.

He was too immersed in his own emotions.

He didn’t notice Liang yuran’s cold expression as he rolled his eyes at him.

The mute uncle stood at a place where light and darkness met.

His eyes were gloomy.

He looked outside with a heavy heart.

“Do you want to eat?”

Jiang Xibao broke off a piece of chocolate and handed it to Bai Xi, but the latter was obviously absent-minded as she looked at her phone.

“What are you thinking about?”

Ever since Bai Xi got in the car, Jiang Xibao felt that she was unhappy.

However, Jiang Xibao, who knew very little about love, didn’t feel that the source of Bai Xi’s unhappiness was a man.

Lin Hanxing was communicating with uncle Jin, who was in country G.

They were in the same resting room and they were at the same destination, but Lin Hanxing and Lin Hanxing had a completely different feeling from the last time.

This time.

They wouldn't be back the next day.

And what they were going to face would be a whole new difficulty.

It was clear that everyone present had already made preparations for this.

I don't know if this choice is right or wrong!

Suddenly, Yuan shaojing's voice entered father Lei's ears.

Lei kangnian looked at his good friend and placed his palm on his shoulder.

Mother Lei continued to stuff food and necessities into their luggage, as if she could not wait to move the entire shopping mall away with them.

"Put me ... Put me in too ..."

Yuan Bao kept struggling in Lei Jue's arms, its short legs and hands looking as cute as it could be.

"Yuan! Big! Treasure!"

Lei Jue chuckled, and Yuan Bao immediately stopped.

However, his eyes were rolling back and forth.

"Then I'm going to pee ..."

Yuan Bao covered his stomach with his hand and groaned in pain.

His feet had just landed on the ground.

Then, he sprinted in the direction of the washroom!

After hanging up the phone, Lin Hanxing turned around and met Lei Xiao's eyes.

In the dim lights.

That man was always there.

Lei Xiao extended his hand to her.

His palm was facing up, and the lines on his palm were deep and clear, as if he could control everything in the world.

It was the same action as when he left Jiang city and flew to country G.

She placed her hand into his large palm.

There was a smile in his eyes.

No matter what kind of impact the trip to country G would bring, as long as they were still by each other's side, then everything would no longer be a problem!

And a new journey was about to begin.

[Chapter 1229](#)

1229 It was simply a repeat of history

Deep in the night, 30000 feet in the air.

It was supposed to be time to sleep, but everyone in the cabin was staring at the little sheep dumpling who should not have been there. To Lin Hanxing and Lei Xiao, this scene was like a repeat of history!

“It’s you again!”

Yuan Kang grinned.

Hey, isn’t this a little acquaintance?

“First aunt ...”

Yuan Bao ignored Yuan Kang and subconsciously flashed a flattering smile at Lin Hanxing.

Lin Hanxing looked at him expressionlessly.

Being stared at by that pair of cold eyes, Yuan Bao pouted and lowered his head, his two chubby little fingers touching each other.

“Please don’t send me away!”

Yuan Bao said in a tender voice.

“Why should I keep you? You can’t do anything, but you don’t have enough food!”

Yan beixiao crossed his arms in front of his chest. Only God knew how devastated he was when he saw this little sheep being pulled out!

This little brat!

As soon as he finished speaking, Yuan Bao strode over to Lin Hanxing with his short legs.

“First aunt, hold ...”

She opened her chubby little hands, and tears gathered in her big black grape-like eyes at the speed of light.

His nose was still sniffing.

He looked as pitiful as he could be.

“Tsk, a ruse of self-injury!”

Yuan Kang complained in a low voice.

He was so scheming at such a young age, his future was immeasurable!

“First aunt, hold ...”

Bean-sized tears fell from her eyes, and her long eyelashes were wet.

Seeing Lin Hanxing staring at him without moving, Yuan Bao finally could not help but burst into tears!

She cried as she walked towards Lin Hanxing, struggling to get into her arms.

I don't want to be separated from you ... Yuan Bao, listen to me ... Auntie, don't ignore me!

He buried his chubby face in Lin Hanxing's arms.

He was hungry and tired.

Baby felt bitter, but baby didn't say it!

Lin Hanxing sighed in his heart. All his principles crumbled in the face of Yuan Bao's fearful and uneasy gaze.

She knew.

There were many times when Yuan Bao treated her as his mother.

"Are you hungry?"

Lin Hanxing reached out to wipe the tears and sweat off Yuan Bao's face, then spoke softly.

Yuan Bao's fair and tender little face was wet from the tears. He looked up at Lin Hanxing and nodded.

The mute uncle left silently.

When he came back, he was holding a small bowl of egg tart with a little sauce and sesame oil on it. Just looking at it was enough to whet one's appetite.

Gulp gulp gulp gulp ...

Yuan Bao's stomach growled continuously.

Perhaps because of his previous experience, he didn't dare to hide in the food room again.

Yuan Bao looked at the bowl of egg custard, his saliva almost dripping down!

"All of you should go and rest."

Lin Hanxing took the bowl of egg custard from the mute uncle's hands and spoke indifferently.

Only then did the crowd disperse.

They all went to rest.

Lei Xiao's cold face was still tense as he watched Lin Hanxing blow on the custard until it was cold before feeding it to Yuan Bao.

"Uncle, will you hit me?"

Yuan Dabao's timid voice could be heard from time to time.

Lin Hanxing raised his head to look at Lei Xiao, then pursed his lips and smiled.

"I might throw you down."

As soon as she finished speaking, Yuan Bao was so frightened that he immediately grabbed the corner of Lin Hanxing's clothes, refusing to be separated from her even if he died.

"....."

The Thunder valiant beast took a deep breath, feeling his temples throbbing in pain.

After eating, Yuan Bao yawned a few times and quickly fell asleep while leaning on Lin Hanxing.

Thunder valiant stood up.

He wanted to carry Yuan Bao to the other side, but as soon as he did, the corner of Lin Hanxing's shirt, which was being held tightly by Yuan Bao, also flipped up.

Smacking his lips, Yuan Dabao mumbled for his mother.

"Let him sleep here,"

Lin Hanxing lowered his voice, and Lei Xiao tacitly agreed to cover him with a blanket.

Everything returned to peace.

The lights in the cabin were also switched off.

Lin Hanxing reached out and opened the board. In the night sky, 30000 feet high, the Galaxy flickered.

Lei Xiao reached out and pulled her into his arms, planting a light kiss on the tip of Lin Hanxing's hair.

"Let's keep Yuan Bao by our side for a while,"

Lin Hanxing leaned her body against Lei Xiao's chest, the familiar wooden man's scent made her relax.

"Alright?"

Lifting his chin slightly, Lin Hanxing's long eyelashes fluttered as he looked at Lei Xiao's perfect side profile.

If there was one thing that Lin Hanxing was most reluctant to part with when he left Jiang city, it would be Yuan Bao and mother Lei.

Thunder owl pursed his lips and didn't say anything.

Lin Hanxing reached out and grabbed his chin, turning him to face her.

She raised her head and her lips silently touched the man's.

The next second.

Thunder owl took the initiative.

With just a little force, Lin Hanxing could not move, and he could do whatever he wanted.

A kiss on the Fengxi.

Lei Xiao buried his face in her neck, trying his best to calm the restlessness in his body.

Ever since he had been shot, he had started to restrain himself.

The man who had no resistance to his wife was already on the verge of a breakdown with just a little teasing.

“You only have him in your eyes.”

Lei Xiao’s cold gaze swept over his little nephew, then he turned his head to the other side.

“.....”

Lin Hanxing did not know whether to laugh or cry as he looked at his man who was throwing a tantrum.

Was he jealous of his nephew?

She raised her slender white fingers and beckoned at Lei Xiao.

Thunder valiant beast turned his face back.

Lin Hanxing moved closer to his ear and whispered.

“But I only have you in my heart.”

After she finished speaking, she even used her lips to press against the man’s ear.

“.....”

It hit the bullseye.

The corners of Lei Xiao’s mouth curled up uncontrollably, even though Lin Hanxing could see that he was trying to suppress it.

Her ah Xiao.

This cold and arrogant look ...

Lin Hanxing liked her as much as he wanted.

However, the more she liked him, the more she could not forgive the group of people who had hurt him.

The Hong gang, the second Princess Consort, the one in the capital ...

He could not be forgiven!

At the thought of this, Lin Hanxing’s eyes were filled with a bone-chilling coldness.

He dared to touch her people!

They had better be prepared to exchange their lives for it!

“I’m not the best one.”

For this, Thunder valiant beast had always felt very sorry.

His cold star was the brightest star in the sky, while he was as silent as dust.

Yingluo, you're the one who's willing to exchange your life for mine.

Lin Hanxing did not say this out loud. He merely reached out and interlocked his fingers with Lei Xiao's.

"To me, you're better than anyone else in this world."

The two of them.

They were each other's ribs that could not be touched by others.

Someone was missing.

It would not be the most complete one.

"....."

The Thunder valiant beast was silent for a few seconds.

are you sure you're not saying good things to make me happy so that I can keep Yuan Bao? "

"....."

Lin Hanxing looked at him expressionlessly.

After a long time.

"If I wanted to keep Yuan Bao, would I need to say nice things to make you happy?"

"....."

Thunder owl was silent.

It seemed like ...

Indeed, there was no need.

"I'm sleeping!"

Lin Hanxing pulled out a blanket to cover himself and groaned.

She had decided!

In the future!

He definitely had to!

Give birth!

His son!

Let's torment ah Xiao!

Definitely!

[Chapter 1230](#)

1230 Why did his face hurt a little?

The next morning.

Lei Xiao's private plane landed at the private airport of father Lei's friend near the capital of country G.

As soon as they got off the plane, they were hit by a wave of heat.

It was still so hot.

"Go and change out of your clothes first. We're about 40 minutes away from our destination."

Lin Hanxing said in a low voice as he glanced at the clothes on the group.

Uncle Jin had just called.

Shangguan Yilu and uncle Liang had gone to the Li family's house early in the morning to wait.

It was enough to show their urgency.

"By the way, are you really not going to stay at the yuan family?"

As a Chinese man from country G, Yuan Kang had naturally changed out of his clothes in advance and stood in the shade to get some wind.

He looked at her delicate, snow-white face.

It wasn't like they hadn't seen it the last time they were here.

The Li family's house was so desolate that it was only a few tombstones away from being a burial ground. Was she really going to live there while she was in country G?

The Li clan was now an empty shell, no longer as glorious as it used to be!

"If I really stay there, do I still have to play tricks with them every day?"

Lin Hanxing replied.

There was a faint coldness between his beautiful eyebrows.

Hearing this answer, Yuan Kang was first stunned, then he laughed.

That's right.

The last time Lin xiaojiu had come, those people had even brought the five poisons here. If she stayed here for a long time ...

They might even scheme against each other every day!

However, when he thought of the tall grass in the Li family's house, the marks of disrepair, and the half-peeled wall ...

Not to mention the broken carved gate ...

Yuan Kang felt his head throb.

"Ah ..."

Yuan Kang moved to Lin Hanxing's side with a sneaky look on his face.

"I'm going to the Li family too!"

"Go to hell!"

Yan beiming, who had changed his clothes, walked out and reached out to push Yuan Kang's head away from Lin Hanxing's side.

While the crowd was bustling, Bai Xi and the others who had already changed their clothes came out one after another.

"Stop it, the car is here."

Lei Xiao held Yuan Dabao's hand, who had just gone to the washroom with a relaxed expression, and walked back.

His voice was imposing without being angry.

Just like the last time they came, the people who came to pick them up were still driving the Mercedes-Benz Maybach S600, which was bulletproof and could meet the safety protection standards of VR7.

The black bulletproof glass was like a beast that could easily devour a person.

It would bring a shocking visual feast!

Everyone got on the bus quickly.

The moment the car door was closed, the noise from the outside world was completely cut off.

Like a dangerous Vulture, the car slowly drove out of the private airport and steadily headed in the direction of Selangor's.

The scenery outside the car window kept going backwards.

"Waa!"

Yuan Bao leaned against the car window and looked out.

"Auntie, Auntie, look, it's a durian tree!"

Yuan Bao's mouth was wide open, and he was drooling. The word 'glutton' was written all over his face.

I've sent my men out to investigate, but there's no news of Shangguan shixiu.

Lei Xiao's face was immersed in the place where light and darkness met. His Hawk-like sharp eyes were slightly narrowed, and his entire person gave off a sense of danger.

The large palm landed on the little nephew's head.

"Don't be in such a hurry."

Even though the two of them did not sleep for long last night, Lin Hanxing's porcelain white face was cold and calm, and there was no sign of fatigue.

He was as calm as usual.

Upon hearing this, Lei Xiao hid his muscular body in the black leather seat.

They were not in a hurry.

Someone would be anxious sooner or later.

The forty-minute journey passed by quickly while they chatted, and they were about to reach their destination, the Li family.

In another car.

Uncle Yuan kanghai was sitting together with Yan Bei's Xiao and Liang yuran.

Liang yuran was still as cold as ever, while Yan beiming was chattering about his new residence, full of anticipation.

Seeing him like this, Yuan Kang sneered.

"I advise you not to have too much hope for the place you're going to live in!"

Yuan Kang poured a basin of cold water over Yan beiming's head.

With one hand on the window frame, she propped it up on her cheek and lazily looked at Yan beiming.

There seemed to be fire in his eyes.

The two of them didn't like each other.

"What do you mean?"

Yan Beichen raised his eyebrows and looked at Yuan Kang. What did he mean by 'don't have too much hope in the place you're staying'?

"Don't you know?"

Yuan Kang said in an exaggerated manner, his eyebrows raised.

"If you have something to say, then say it!"

"Deal, I'll release it!"

Yuan Kang shrugged his shoulders, his eyes were filled with ridicule.

"The Li family would still be a rich family a few decades ago. At that time, countless gold and silver were pouring into the Li family! There's no one in Xuelan city who doesn't know the name of the Li family's patriarch, Li Yanyu."

Yuan Kang looked out of the window as if he was telling a story.

"But one day, she was gone."

When he heard this, Yan beiming's expression was as subtle as could be.

“There are many different opinions regarding the reason for her disappearance and I can’t be bothered to explain it here. However, the most serious consequence of Li Yanyu’s departure is ...”

Yuan Kang sighed and continued.

“The hundred-year-old Li family fell apart in such a short time ...”

“Never to recover!”

It had to be said that Yuan Kang’s way of speaking was very attractive.

Even Liang yuran’s attention was caught by his words, and his eyes fell on him.

the last time I came here with Lin xiaojiu and the others, the grass at the entrance was so tall ...

Yuan Kang said as he gestured.

even half of the carved door has fallen off, and the dust is half a meter high. If we come at night, people might believe that the Li family is a haunted house!

In order to prove that he was right, Yuan Kang pointed at uncle hai.

I’m not lying. If you don’t believe me, you can ask uncle hai.

Yan beiming followed the direction of Yuan Kang’s finger and looked at uncle hai.

However, the latter clearly wasn’t prepared to give them any response.

The car began to slow down, a sign that they were about to reach their destination.

The surrounding scene became more and more desolate, just like the last time Yuan Kang and the others came here.

Yuan Kang raised his eyebrows complacently and leaned against the leather chair.

Yan beixiao wanted to cry but had no tears.

Was little Hanxing really going to let them stay in the haunted house?

“Eh?”

All of a sudden, Yuan Kang, who had been sitting leisurely, straightened his back and looked out of the window.

The next second, the car window rolled down.

The wind carried in the fragrance of flowers.

“What’s wrong with you?”

Seeing Yuan Kang’s sudden crazed behavior, Yan beixiao followed what Liang yuran had done to him countless times before and rolled his eyes at him.

Yuan Kang, on the other hand, seemed to be in a daze as he stared out of the window.

“This ... This ...”

He had not been able to say a complete sentence for a long time, and Yan beiming suddenly had the urge to kick him out of the car.

Seeing Yuan Kang’s reaction, uncle hai glanced out of the car window ...

In an instant, his expression froze.

He didn’t react for a long time.

Yuan Kang subconsciously covered his face with his hands and mumbled something that no one else heard.

“What did you just say?”

“.....”

Yuan Kang seemed to have repeated it again, but Yan beiming still did not hear him clearly.

“Can’t you F * cking speak louder!”

“.....”

Yuan Kang turned his head and looked at Yan beiming.

He said, why did his face hurt?
