

Goodnight 1241

[Chapter 1241](#)

1241 We meet again, second Princess

The night was dark.

When the bronze gate of the palace opened, a corner of the flamboyant snowlan royal family was lifted.

The combination of the local characteristics of snowlan city and the architectural style of the Spanish al-Ambra Palace made the entire Palace look majestic and luxurious.

It was supposed to be bedtime.

However, with the appearance of a group of people, the lights were back on.

“You bastard.”

The second Princess Consort and her entourage walked quickly towards the Parliament Hall. Ever since she received the news, she had been in a state of uncontrollable anger, and even her eyes had a rare ferocity.

She had used it for many years to make the hundred herbs shop the only exclusive one in the entire Xuelan province that could provide medicinal herbs to the Imperial Palace.

These were the benefits of real gold and silver!

When he was at odds with the first wangfei, who would dare to cut off his source of income ...

Whose life did she want!

“Second wangfei, your appearance.”

The nanny who had been by the second wangfei’s side since she had married into the palace reminded her in a deep voice, instantly causing the second wangfei to stop in her tracks!

Right!

Appearance!

The second wangfei took a deep breath and touched her temples with her hands.

After making sure that everything was in place, he signaled to the people around him to open the door.

“I’ve already lost a son. Do you want me to lose a second one?”

The moment the door opened, the first consort’s powerful voice entered the second consort’s ears.

The latter sneered in his heart.

This idiot.

Even though she had been married to su bu for so many years, she had never understood su bu's temperament. What kind of advice was unpleasant to the ear? a woman should do what a woman should do. Only by being as gentle as water could she gain benefits!

For some reason, Lin xiaojiu's figure appeared in the second Princess Consort's mind.

He was also an annoying thing!

"Sister is playing the sad card, so she's called su ..."

The second Princess Consort's originally leisurely voice came to an abrupt end when she suddenly saw the person standing below!

The flower-like smile on her face cracked like her voice!

He took in a cold breath!

It was her!

The one that he was still disgusted with in his heart just now!

Jiang city.

Lin! Home! Small! Nine!

She was still as beautiful as ever. As long as she stood there, the entire Palace seemed to lose its color!

Why is it her?

Why is it her again?

Yingluo, I want you to help me kill someone.

Who?

Xuanji River City, Lin family's little ninth!

This conversation appeared in her mind. The second Princess Consort's eyes widened as she looked at Lin Hanxing. She felt a chill run down her spine. If it was not for the nanny supporting her, she would have fallen to the ground in the next second.

She didn't kill her!

Was that why he came to find her so quickly?

Lin Hanxing, on the other hand, stood on the spot with a calm expression.

He looked at the second Princess Consort. After seeing the expression on her face as if she had seen a ghost, the corners of his mouth slowly curled up into a thin smile that only the two of them could understand.

Yes, I'm here.

How could I not come after you hurt my ah Xiao?

They wanted my life.

Alright.

I'm standing right here. If you have the ability, come and take it!

If he didn't have the ability ...

"Wangfei, you have to help me!"

The second Princess Consort's brother-in-law was kneeling on the ground, crying with snot and tears.

He could not understand.

As long as he treated the little princess of Rou city tonight, he would be able to enjoy all the glory and even help the second Prince win over a strong ally on the road to the crown prince's position. But who knew ...

All of this was ruined by that B * tch!

As he spoke, the second Princess Consort's brother-in-law turned and glared at Lin Hanxing!

Seated at the head of the table, Xuelan su did not close his eyes. It was as if he did not care about the noise below.

The police Director stood at the side, but his back was already drenched in cold sweat!

If he had known that it would be so big, why would he have rushed there in order to show his face in front of the second Princess Consort and caused so much trouble?

"We meet again, second Princess Consort."

Lin Hanxing said calmly as the second Princess Consort's brother-in-law wailed.

The second Princess Consort, who had just taken a deep breath and was about to speak, suddenly shivered when she heard this!

Even the words that came out of his mouth were like a kite whose string had been cut off ...

It flew!

The second Princess Consort's brother-in-law's wailing came to an abrupt end.

What did that mean?

This B * tch knows the second Princess Consort?

"What are you doing here?"

Second Prince farrick, who was afraid that his mother would suffer, rushed over.

He shouted in anger when he saw Lin Hanxing!

Su bu finally opened his eyes.

His brows furrowed slightly.

However, when his gaze swept below and fixed on a certain spot, his expression finally changed.

“Mr ... Mr. Ray?”

Su bu’s voice was hoarse.

After saying these words, he suddenly stood up and took a few steps forward.

This sudden change shocked everyone in the royal family.

The second Princess Consort bit her lower lip.

He finally realized what he had missed!

When she first came in, she only cared about looking after the Lin family’s little ninth and had forgotten the most important thing!

Thunder valiant beast!

He was not just the president of the Lei Corporation!

In his hands, he still held the lifeline of the independent sea, land, and air routes!

Not to mention the entire country G, how many people were eyeing him covetously?

But no one dared to disrespect him!

This was because the people who had such thoughts were no longer there.

To rope him in.

He was trying his best to rope them in.

This was the only way he could benefit.

As long as Lei Xiao was here, so what if Lin Hanxing had killed someone? besides ...

She still had a legitimate reason!

To assassinate the little bastard who had replaced the first Prince!

The second Princess Consort’s eyes darkened.

Lei min looked at the other party expressionlessly, and su bu was obviously walking towards him.

“Father, it’s her! It was this woman! He was attending a cabinet meeting in the name of the yuan family’s master! Confounding the inner Pavilion!”

Just one step away.

Back then, he had only been one step away from becoming the new crown Prince.

That eyesore was dead, and everyone knew that he was dead, but the cooked duck had flown away just like that!

Xuanji's second Princess Consort ...

Sometimes-Xuanji's victory and defeat could be decided in-single thought.

Farrick was unwilling to accept this!

He was unwilling to accept this!

He was only one step away!

Hearing the second Prince's words, the bystanders all sucked in a cold breath.

On that day, everyone thought that it was certain that second Prince farrick would replace the deceased first Prince as Crown Prince, and that the royal family would announce it after the cabinet meeting.

But what happened later, if one were to use the simplest word to describe it ...

It was strange!

The second Prince did not become the Crown Prince.

On the other hand, the royal family had always known that Eric had returned, but no one dared to say it out loud!

Just like that, he replaced the first Prince and was brought back by the first wangfei who had just lost her beloved son.

Everyone wanted to know what had happened that day.

But strangely, everyone who participated in the cabinet meeting this time kept their mouth shut!

Only one thing was revealed.

Women!

A woman who could steal souls!

A woman who played everyone in her palm!

Now, they had finally met her.

Hearing the second Prince's words, su bu finally looked at Lin Hanxing.

"Who are you?"

Su didn't ask.

[Chapter 1242](#)

1242 You lied to him

"Jiang city, Lin family's little nine."

Lin Hanxing's cold and indifferent voice rang out in the silence.

Inexplicably, it made one's heart turn cold.

It was as if just by standing there, she gave people a bone-chilling shock.

“But, I prefer it when people call me Mrs. Lei.”

His words were concise and to the point, without a word of nonsense.

Lei Xiao’s ice-like handsome face instantly changed when he heard this.

In his eyes.

What was the royal family?

Su was nothing?

What could that group of people do?

The most important person was her!

Mrs. Lei ...

Lei Xiao’s eyelashes fluttered, he liked these three words!

Showing off their love!

Soo soo!

After Yan beiming and Yuan Kang looked at each other, the same words appeared in their hearts!

After that, he rolled his eyes twice, which was a rare sight!

Only the first princess Consort noticed that when Zhan Nanheng heard the words ‘Mrs. Lei’, he was first stunned, and then his eyes and expression dimmed at the same time. Although it was only for a moment, it was enough to show his disappointment.

At this point, no one was bothered about whether Lin xiaojiu had killed someone or not.

Everyone’s eyes were on her.

Especially su bu.

He looked at Lin Hanxing with his sharp eyes that had been through a lot.

“Oh, you’re the one who killed someone?”

After a while, su bu finally opened his mouth. These seemingly ordinary words had an indescribable taste in them.

yes, I killed the mastermind who tried to assassinate a member of the royal family!

Lin Hanxing replied indifferently.

you’re talking nonsense!

When he heard the topic change again, the second Princess Consort’s brother-in-law recovered from his shock and shouted in surprise.

“However, this is not the most serious matter today.”

Suddenly, Lin Hanxing laughed.

Everyone’s expression changed except for sacred hands Thunder valiant beast.

What could be more serious than the assassination of a member of the royal family?

The police Director stood not far away, his heart beating like a drum.

This feeling was as if he had returned to the hundred herbs shop. As long as the woman didn’t speak, no one could guess what kind of stormy waves she would bring next!

What was this woman trying to say?

“Oh?”

Hearing this, Su Dan’s expression did not change, but his eyes clearly showed interest.

“Is there anything more serious that I don’t know about?”

There was nothing wrong with these words at first, but when the great wangfei heard them, her brows furrowed slightly.

He glanced over from the corner of his eye.

As expected, Su Dan’s palm was clasped to the side in displeasure.

He was suspicious by nature, and what he hated the most was people deceiving the upper and lower.

His emotions were unpredictable.

And this temperament had become even worse after the first Prince’s death.

“This matter concerns elder su and the little princess of Rou city. Please invite them over.”

What?

The second Princess Consort couldn’t believe her ears. How did it have anything to do with old su and the little princess of Rou city?

Could it be ...

The little princess’s illness?

As she thought about this, the second Princess Consort turned her head to look at her brother-in-law who was still kneeling on the ground.

The latter had a blank look on his face. He clearly could not count on him for anything!

As she thought of this, the second Princess Consort suddenly felt a sense of disgust.

Lin xiaojiu, don’t try to act mysterious. I think you were just incited by someone to come here and instigate this!

Second Prince farrick didn't need to waste any time to compete with her!

"I've heard that the owner of the hundred herbs shop has a close relationship with the second Princess Consort. I can't help but wonder what you're trying to hide by acting so flustered and exasperated."

Lin Hanxing looked at the second Prince with a half-smile.

However, the second Princess Consort's expression changed instantly when she heard those words!

"Shut up!"

The second Princess Consort was furious. She was obviously angry!

"Second Princess Consort, anger is harmful to the body. Why should you lower yourself to the level of a young man?"

Zhan Nanheng interrupted.

After all, he used to be a national treasure Idol star in country G. Even the second Princess Consort had to admit that it was too easy for him to win the favor of women with his face.

"....."

Was he hinting that she was old?

"Enough!"

Su bu said in a low voice, showing His Majesty.

The others immediately fell silent.

Su bu's eyes fell on Lin Hanxing gloomily.

A while ago, news from Jiang city had reached him.

In order to protect his fiancée, Lei Xiao used his life to block a bullet. Such feelings could not be faked.

Moreover ...

They had no choice but to cooperate with Lei Xiao for some secret business. Even if they did not want to, they had to give him face today. However, it was also because of this ...

Su bu's gaze shifted from Lin Hanxing to his brother-in-law.

"Go and invite the person over."

Her gaze was still on that person, but her words were directed at the servant beside her.

"Su bu ..."

The second wangfei was about to stop her, but when she raised her head, she saw the first wangfei looking at her with a gaze that made her extremely disgusted.

"Second Princess Consort, you talk too much today."

The great wangfei said it in a light tone, but it was full of hints.

From an angle that su bu could not see, the second wangfei glared fiercely at the first wangfei. In any case, during that cabinet meeting, the two of them had completely shed all pretenses of cordiality. Other than maintaining a bit of superficial peace in front of su bu ...

The tit-for-tat and mockery had long been put on the table.

“Tsk, tsk, this is what a woman is ...”

Yuan Kang could not help but Mutter. He did not expect Yan beiming to nod his head in agreement.

Very quickly.

The old man from the hundred herbs shop walked out and looked around with a pair of sharp eyes. Finally, his gaze fell on Lin Hanxing, as if he was sizing her up.

“I have no intention of getting involved in the internal affairs of snowlan province.”

The weight of the old man’s words was self-evident.

“What if I say that it’s not an internal matter in snowlan province?”

Lin Hanxing’s words made everyone frown!

What a joke!

If it wasn’t a matter of Xuelan province, was it a matter of renrou Chengzhou?

“What if I say you lied to him?”

Before anyone could react to the first question, Lin Hanxing had already thrown out a second one. However, compared to the first one, it was like a bolt of lightning on a sunny day.

Who? who was he lying to?

This time, even the first wangfei and Zhan Nanheng looked at her with strange eyes.

You, are you referring to Rou city’s old su?

And he ...

Looking in the direction of Lin Hanxing’s finger, he saw that it had finally landed on su bu, who was standing beside the first princess Consort.

What was going on?

“You lied to him.”

If the first sentence was a question, then this sentence was a confirmation.

No one spoke.

“I don’t like it when people make fun of me, and I don’t like it when people use me as a shield!”

The old man narrowed his eyes and looked at Lin Hanxing with displeasure.

“Actually, you didn’t come to Xuelan city to take the little princess to see a doctor.”

Lin Hanxing threw out another sentence as if he did not see the displeasure in the old man’s eyes. This time, he successfully made the veins on the old man’s forehead throb.

“Can you repeat that?”

The old man’s voice was even lower.

“You’re here to treat yourself!”

As soon as he said that, su bu of Xuelan province suddenly turned his head to the old su bu of Rou city province.

[Chapter 1243](#)

1243 After three days

It was obvious that he did not know about this.

If it was really like what the girl said, it was not difficult to understand the strangeness of the Rou City state’s old su these few days.

Even though snowlan city had the best medical system in country G, they still couldn’t find out what was wrong with this little princess.

Xuelan province’s Su bu frowned.

He was slightly displeased.

They were guarding against them.

Snorting coldly in his heart, su bu’s face immediately darkened.

“I’m a little confused.”

Jiang Xibao’s eyes were full of doubts as he muttered in a low voice.

“They are not father and son.”

Liang yuran glanced at her and already knew what she was confused about.

Country G is a country with nine emperors.

He lowered his voice and tried to use the simplest words to make her understand.

Sen Mei state, Xue LAN state, Bo da state, Deng Heng state, Ji Lei state, Ji dan state, Peng ‘e state, Rou city, and perejia state. These nine states still maintained a hereditary system, and the Supreme ruler of the nine states was su bu!

Country G’s supreme head of state would be selected from the nine regions every five years.

Jiang Xibao nodded as if he understood.

So, those two su 'er were the emperors of their respective States?

"Do you know what you're saying?"

Suddenly, the great wangfei spoke first, cutting off the second wangfei's words.

That B * tch was clearly doing it on purpose!

The second wangfei glared fiercely at the first wangfei, and the bewitching words that were about to come out of her mouth were swallowed back!

He couldn't accept this!

I've been smart my whole life, why can't I understand what Lin xiaojiu is trying to do?

He was rambling on and on.

Now, he even dragged old su of Rou city into this. Was he trying to divert his attention?

"Not only do I know what I'm talking about, I also know ..."

Lin Hanxing said as he raised three fingers.

"He will be in trouble in three days."

Three fingers were long and slender.

His voice was like thunder, shocking everyone!

"So, why don't we settle today's matter three days later?"

Lin Hanxing's face looked even whiter under the light of the crystal lamp in the royal family. Even though he had said such treasonous words, there was no panic on his face. On the contrary, it was frightening.

It had been many years since the SU family of Xuelan province had seen such an arrogant young man!

Could it be because she had the Thunder valiant beast behind her back?

Jiang city, Lin family's little ninth ...

It seemed that she had to get someone to investigate her!

"You're that confident?"

The elderly su of Rou city had already returned to normal, but his voice was filled with sarcasm.

"Whether I'm confident or not, we'll know in three days. It's useless to say anything now."

Lin Hanxing's eyes swept over the second Princess Consort's brother-in-law who was still kneeling on the ground.

Then, let him live for three more days.

"Good! You said three days, I'll give you three days, but if nothing happens on that day, the price for lying to the royal family ..."

Su bu of Xuelan province snorted coldly.

The way she spoke in the middle really aroused his interest!

He would like to see ...

What would happen in three days?

.....

The bronze door slowly closed behind them.

"Uncle Jin,"

After exchanging a few words with sacred hands, Lin Hanxing turned to look at uncle Jin, who had come to see them off.

Now, uncle Jin had been arranged to stay in the royal family.

To protect Zhan Nanheng's safety.

Lin Hanxing whispered something into uncle Jin's ear, and the smile on his Maitreya-like face did not change.

"I understand, ninth young lady."

"Uncle Jin, thank you for your hard work."

Whether it was uncle Jin or the mute uncle, Lin Hanxing saw them as father-like figures. Unless it was absolutely necessary, she was not willing to use them.

If it wasn't for the fact that Zhan Nanheng had just returned to the royal family and his future wasn't in danger ...

"See you in three days."

Uncle Jin said with a smile and turned to leave.

Yuan Kang had been watching.

It was strange that the people around Lin Hanxing were all weird talents.

Although the mute uncle could not speak, every move he made was ruthless and could take a person's life. In the past, just standing behind Lin Hanxing expressionlessly was enough to intimidate people.

This uncle Jin was even weirder.

If the mute uncle had a cold face 365 days a year, then uncle Jin had a smile on his face all year round.

The entire Maitreya Buddha.

Don't look at how he was acting, his methods were also first-class.

Even though Yuan Kang was a distant relative of the yuan family, he still had a few scoundrels who were inextricably linked to the royal family. Ever since uncle Jin came to Eric's side, he had made second consort's faction suffer countless losses, both openly and secretly.

They were all capable people!

Yuan Kang muttered in his heart, he felt that his decision to follow Lin Hanxing back then was the right one!

No!

He wanted to stay in the Li family even if he had to be thick-skinned!

"Who are we going to mess with now?"

Yuan Kang said in high spirits.

Everyone looked at him with strange eyes.

"I'm going home to sleep!"

.....

Late at night.

In a villa deep in the mountains of Xuelan city.

"As expected, I can't lie to her."

The man, whose face was as pale as paper, coughed dryly after saying this. The rusty smell of blood filled his mouth in an instant. Even though he covered it with his hand, a Little Scarlet blood seeped out from his fingers.

"Young master!"

Uncle Liang's heart was in a mess. Seeing him like this, he was even more shocked.

Shangguan shixiu waved his hand.

He indicated that he was fine, but the blood between his fingers was not as light as he had described.

"I'm not dead yet!"

With a pale face and red lips, Shangguan shixiu, who was leaning against the bed, was still thinking about Lin Hanxing's expression when he said those words at the Li family's house. The corners of his mouth curled up into a faint smile.

On the bedside table.

There were many grass dragonflies.

It moved as if it was alive, and it was obviously made up with effort.

Every one of them was lifelike.

It seemed to contain all of Shangguan shixiu's emotions.

"I didn't understand why young master refused to tell young lady Yilu about these things."

Uncle Liang sighed.

After this incident, he completely understood.

Miss lü was too arrogant.

This arrogance could be used well to achieve success, but if it was not used well, it would ruin things!

"Hehe."

Shangguan shixiu laughed. A corner of the thin quilt was lifted up, revealing the tragic scene inside.

Uncle Liang held his breath.

Although he had already passed the most dangerous period, uncle Liang still had lingering fears when he recalled that day.

"Uncle Liang ..."

"You're thinking too much,"

Shangguan shixiu's gentle gaze fell on the grass dragonflies, but his voice was still and undistinguishable.

"At least she truly treats me as her brother."

It was a simple sentence, but uncle Liang was speechless for a long time.

He was sincere.

It was such a simple yet miserable answer.

.....

The Li family.

When Lei Xiao walked out of the bathroom, Lin Hanxing was standing in front of the floor-to-ceiling window, holding some documents in his hand.

"You've settled Yuan Kang?"

Lei Xiao said in a deep and hoarse voice.

When he came back earlier, Yuan Kang refused to leave no matter what. He pretended to sleep on the floor downstairs.

"There are many guest rooms anyway."

Lin Hanxing replied nonchalantly. His eyes fell on the obvious scar on Lei Xiao's broad back, and his eyes darkened.

"Ah Xiao ..."

Hearing her call, Lei Xiao wanted to turn around, but he felt a warm feeling on his back ...

[Chapter 1244](#)

1244 I've already begun to fear death

The Thunder valiant beast's muscles tensed up!

Two shots.

They were all on the back.

Even though he had fully recovered, there were still scars left behind.

The Thunder valiant beast didn't care at first.

It was just like what he already had.

But now it seemed ...

He couldn't leave these two scars.

Because Hanxing would see it.

It was inevitable between husband and wife.

His little girl was most reluctant to let him get hurt.

And he naturally couldn't bear to see her sad.

Just as Lei Xiao was thinking about it and was about to open his mouth, his slender fingers fell on his back.

He tossed and turned on the two scars.

The man's firm chest heaved up and down, and his eyes were deep.

"I'm fine," she said.

Lin Hanxing felt heavy as he was surrounded by his domineering aura. He opened his eyes when he heard his father's voice.

The Thunder valiant beast's eyes were as mesmerizing as the deep sea.

A gentle and soft voice.

It was an emotion that no woman had ever experienced from this man.

"I know,"

Lin Hanxing's hand moved back and forth on his thin back until it landed on his heart and stopped.

Under her palm, his heartbeat was extremely strong.

This made Lin Hanxing's expression relax a lot.

Even now, she was still unable to walk out of the haze of that day!

It was like a shadow that could not be dispersed. She only felt a little more at ease when she confirmed that ah Xiao was still warm!

Lei Xiao clasped her wrist with his hand and placed it beside his cold and sharp cheek. Because their skin had touched just now, Han Xing's palm was still warm.

The scent of the bath liquid on their bodies was the same.

Even if she didn't do anything, there was an inexplicable sense of closeness.

It was as if they were the people who cared about each other the most in the world.

"So, don't be afraid."

Lei Xiao said, stiffly rubbing his face against her palm.

It seemed like he was comforting her, but also trying to please her in his own way!

It was obvious that he rarely did such a comforting action to others. His actions were unfamiliar, but it was precisely because of this unfamiliarity that Lin Hanxing burst out laughing, melting the frost between his brows.

He teased little nine.

Ever since you began to fear death, you have truly met the right person.

Aunt Mian, you're right.

Little nine had already begun to fear death.

He had also met the right person.

This life was enough.

.....

PU CI Chamber of Commerce.

The night was dark, but the place was still brightly lit.

"Did you really say that you're here to collect rent?"

"How can this be fake? Everyone heard it clearly, and even calculated the last few decimals for you!"

Someone retorted in a hurry.

Was the Li family crazy?

"All of you, shut up!"

The president slammed the walnut in his hand on the table, and all the noise seemed to have gone silent. All the management of the PU CI Chamber of Commerce looked up at the man sitting in the middle.

Could it be that she had returned?

In the president's memory, she was the only one who had such an unconventional way of doing things!

When he was young, he had suffered so many losses at the hands of that woman!

"Did Li Yanyu come back?"

Who was it?

When this name was mentioned again, many people's expressions were unfamiliar and confused.

Who was Li Yanyu?

"No."

There was a deep response from below.

"It's a young woman."

A young ... Woman!

The expression on the president's face became obscure again.

He closed his eyes.

The Begonia-red figure appeared in his mind. Her waist was thin and her eyes and brows were alluring.

But it didn't make people feel the slightest bit dissolute.

She was truly a peerless beauty!

"Guild leader, what should we do now?"

Someone asked anxiously.

If every rental had to be calculated, then most of them would have to fork out a large sum of money!

"Wait!"

"What are we waiting for?"

Everyone asked in confusion.

Idiot!

Of course, he had to wait for three days!

.....

The next morning.

Lin Hanxing went downstairs early in the morning.

The temperature in the morning had not yet risen, and the air was filled with the refreshing fragrance of flowers.

As they had returned too late last night, the others had not woken up yet.

Lin Hanxing sat in the courtyard with a silk shawl over his shoulders, enjoying the silence.

Today.

It was the first day.

“Master.”

A teenager’s anxious voice sounded beside her.

Lin Hanxing slowly opened his eyes and looked in the direction of the voice.

It was him.

Li Yuanjun.

He had gone out early in the morning, his body still stained with dew, and in his arms was a bunch of lotus flowers that he had just picked.

The lotus flower was still in its bud state.

Li Yuanjun’s handsome face was red and he was sweating because of the intense running.

“Don’t panic,”

As he spoke, Lin Hanxing poured him a glass of water and pushed it to him from the stone table.

“Ha,”

Strangely, just a few simple words were enough to calm the young man’s anxious heart.

The water temperature was just right.

It was neither too cold nor too hot, and he drank it in one gulp!

It was sweet.

It was like honey water.

“There are a lot of people outside, and they have surrounded the house!”

He only allowed them to enter, not give up!

It was just like the time when the second Princess Consort had sent people to cause trouble!

“The flowers are very pretty.”

When Lin Hanxing heard this, not only did he not panic, he even praised the Lotus in the young man’s arms.

“Master.”

Li Yuanjun’s breathing was still a little messy, but he was no longer as panicked as he was before.

It was as if he was infected by Lin Hanxing's calmness.

"How many days does the food at home last?"

Lin Hanxing adjusted his shawl and asked unhurriedly, then poured himself a glass.

"Three days,"

Fortunately, he had just bought it once yesterday, and with the ones planted in the yard, it was definitely not a problem to last three days.

Three days.

Lin Hanxing smiled faintly.

It was just right.

Li Yuanjun was still standing in the same place, holding the bouquet of lotus flowers he had picked up early in the morning.

Grandpa Li had said it before.

The head of the family liked cleanliness and flowers.

The last time they met, the master had saved his life, and the entire Li family had changed in a short time, as if it had been built into a paradise on earth.

It was unbelievable.

Li Yuanjun stared blankly at Lin Hanxing's smile.

Ever since he was young, everyone in the family had said that the master was as beautiful as a fairy.

He even said that the master would return sooner or later.

Li Yuanjun had always scoffed at this.

If she wanted to come back, she would have come back a long time ago.

Why wait until now?

However, that day, this woman in front of him was really like a fairy, unforgettable!

I'm convinced!

As he was thinking, Li Yuanjun saw Lin Hanxing reach out to him.

At first, he was stunned, but then he quickly handed the lotus flower he was still holding to her.

Lin Hanxing took one of the sticks and folded the flower bud with great skill.

From the beginning to the end, Li Yuanjun only looked at her in a daze.

Early in the morning.

The smell of morning dew was still lingering in the air.

Lin Hanxing lowered his head slightly, allowing his long curly hair to slide down and cover half of his porcelain-white face.

Her slender fingers brushed the petals back and forth.

“This is for you.”

After a while, Lin Hanxing smiled and handed the folded Lotus bud back to the young man.

She had learned this when she was in Thailand.

With a loud bang, Li Yuanjun’s delicate face turned red.

Chapter 1245-rumors

During breakfast.

Yuan Kang yawned as he went downstairs. His home clothes matched with flip-flops made him look free and laid-back.

“I heard they surrounded the Li family again?”

Pulling out the dining chair and sitting down, Yuan Kang rested his cheek on one hand, turned his head, and took a bite of the toast Yuan Bao had just spread the blueberry jam on.

“Shameless!”

Seeing this, Yan beixiao rolled his eyes.

“So what if I’m shameless! You can’t get a wife if you want face these days!”

Li bingshou walked in with a dark expression.

family head, the front and back doors have been sealed. They said that the royal family has given orders to not allow anyone to leave within three days!

Lin Hanxing pushed the refreshing cold lotus root salad in front of Lei Xiao.

Only then did he raise his head to look at the other party.

“Uncle li, take my words with you and do as they say.”

It was rare for Lin Hanxing to be so easy to talk to, which surprised Yuan Kang.

Was this still the same female fiend who could annihilate an entire team at the slightest disagreement?

A conspiracy.

There was definitely a conspiracy!

While thinking about this, Yuan Kang took a bite of the boiled egg.

He couldn’t help but narrow his eyes at the tender sweet heart.

As expected, it was right to stay!

“These three days, everyone can take a break and recuperate.”

Lin Hanxing said indifferently. His calm voice did not waver at all because the Li clan was trapped.

“You’re really just going to wait here?”

Yuan Kang raised his eyebrows and asked.

“Why are you so talkative!”

As time went by, Yuan Kang and Yan beiming started another war of words.

“Are you two done? is it fun to fight with a little girl all day?”

Bai Xi really couldn’t stand the two of them.

It was even more troublesome than her and Xi Bao!

“Xi Bao, come and eat another meat bun!”

Bai Xi said as he put another braised pork bun on Xi Bao’s plate with the serving chopsticks.

Just wait?

Hehe.

When should the ninth young lady do what she should do? was it anyone else’s turn to advise her?

Ever since Bai Xi had followed Lin Hanxing, she had seen through everything. She didn’t care about anything else, as long as she followed her wholeheartedly, she would do whatever she wanted and she would definitely not suffer a loss!

That was all!

It was enough!

“Xi Bao, Liang yuran must have been busy all night last night. After you finish eating, go and send him some breakfast.”

Lin Hanxing did not forget to remind Jiang Xibao before he got up after eating.

“Oh, right, there’s one more thing ...”

Lin Hanxing seemed to have remembered something and decided to give him some advice.

“You should have seen the dense bamboo when you arrived.”

Everyone nodded.

Dense bamboo surrounded the shore, and the bamboo leaves drifted along the water, accompanied by koi fish. It was as beautiful as when time had stopped.

Anyone would be amazed by the quiet beauty.

when we have time, I or the mute uncle will take you around. Before that, don’t go there!

Lin Hanxing said quietly, his voice full of meaning.

“I’ll remember that!”

Lin Hanxing glanced at Li Binshou after he finished speaking.

Then, he left.

After a long time.

Jiang Xibao looked up in confusion.

To deliver food ...

.....

The royal family.

“Dammit! ‘Damn it!’ Dammit!”

In a short time, the second consort, Shamaga, had smashed everything that she could.

After last night’s incident, she had tried to get Su Dan to send people to surround the Li family. However, she did not expect that the first princess consort would ask the little bastard to send people to trap her brother-in-law.

What did he say about seeking fairness!

Fair!

She, Shamaga, had been waiting for all these years. When had she ever dared to mention fairness to her?

“Second Princess Consort, don’t panic!”

The nanny handed her a glass of water and frowned, which was rare.

He had originally thought that the eldest Prince’s death would be enough to crush the eldest wangfei in his palm. Who knew that an unforeseen event like Zhan Nanheng would actually appear!

Was it really the will of the heavens?

The second Princess Consort picked up the cup of water and smashed it against the wall.

The fragments exploded.

“Panic? You heard with your own ears how my sister cried and begged me on the phone! Why didn’t they blame me when they got the power and money from me?”

The creaking sound of the second Princess Consort’s gritting teeth was enough to show her anger.

“Is there any news from the doctor?”

Perhaps it was because Lin Hanxing had exposed him, old Su from Rou City no longer tried to hide it. Instead, he found many doctors to do a lot of examinations.

“There are different explanations, but we can’t find anything for now!”

Was that why he came here to find a Chinese medicine doctor?

As they were talking, there was an urgent knock on the door.

The nanny gave the second Princess Consort a look and then went to open the door.

To be able to come and disturb at this time, it must be an urgent matter!

“Second Princess Consort, bad news!”

The confidant’s voice had just fallen when the second Princess Consort had already given her a fierce slap!

“I’m still fine!”

Each and every one of them did not let him be free of worry!

The person who came was experienced and knew that he had hit the muzzle. He covered his face and didn’t dare to say anything, but he was also anxious. For a moment, his entire expression was a little distorted.

“What’s the matter? tell me!”

Fortunately, the nanny was still calm and growled in a low voice.

“There’s a rumor going around outside, saying ...”

The person who came looked at the second Princess Consort in fear and stammered as he spoke.

“They said that our second wangfei ... Wanted to kill another one. She didn’t do it, but she ended up killing her own family! He also said ...”

After a slight muffled sound, two of the second Princess Consort’s most precious nails were broken!

“What else did you say?”

Suddenly, the image of Lin xiaojiu’s eyes sweeping over her when he had extended three needles in the reception hall appeared in her mind.

Three days.

She wanted to cause an earthquake in three days?

you still dare to say that? whether it’s true or not, it all depends on ... Whether we can be released this time!

“Bastard! You bastard!”

The second Princess Consort was so angry that her hair was about to stand on end. Ever since Lin xiaojiu appeared, nothing had gone smoothly for her!

What! Muah! All! No! Smooth!

“Go, tell them to bring Lin xiaojiu in, that eyesore Lin xiaojiu! Bring him over!”

.....

Lin Hanxing was being pestered by little Yuan Bao.

“Liang yuran was busy the whole night just to spread these rumors?”

Yan beixiao grabbed a handful of melon seeds from somewhere and flipped through the pages of his phone. All the forums in country G, big and small, had been attacked by unknown hackers last night.

However, the strange thing was that none of the server’s data was affected. There was only an additional post in red.

A post related to the incident that happened in the hundred herbs shop that night.

Now, not only the entire snowlan province, but even the entire country G knew about it.

He knew that a woman had made a bet with the royal family for three days!

Even though the higher-ups had strictly ordered the website to delete the posts and place them at the top, no matter how they tried, they couldn’t do anything. They couldn’t even shut down the server. The other party could control it in the shortest time possible.

“It’s not a rumor,”

Lei Xiao said these four words to Yan beiming.

Yan beixiao was stunned at first, then he laughed.

The three-day promise was real.

The hundred herbs shop was real.

The open and secret struggles between the great and second wangfei were also true.

How were they just rumors?

“Auntie, just bring Yuan Bao along! Let’s go and dig some bamboo shoots!”

[Chapter 1246](#)

1246 Without my permission

Yuan Bao, who had been teased by Yuan Kang before, was particularly curious about the dense bamboo that his aunt had personally mentioned.

“Why do I feel like there’s something wrong with you?”

Yan beixiao rubbed his chin as he looked at Lei Xiao.

Although ah Xiao usually had this cold expression when he was not angry or smiling, why did he feel that his mood today was particularly off?

Lei Xiao’s eagle-like eyes slowly fell on Yan beiming.

Yan beixiao suddenly felt as if his entire body had been electrocuted!

He had only felt this once in his life!

That was the year he first met Thunder valiant beast ...

When she saw that he was cold, quiet, and didn't like to talk, she just thought that he was easy to bully and made a few harmless jokes!

However, in the following three years, that man, with his extraordinary wisdom and perseverance, taught her what it meant to not seek death!

"Hehe, I'm just joking!"

Yan beiming hurriedly put on a flattering smile on his 360-degree handsome face.

Only God knew what he had learned from ah Xiao for the first time in his life ...

It was 'a wise man submits to circumstances'!

The Thunder valiant beast retracted its cold gaze.

Tsk.

Yuan Kang gave Yan beixiao a gloating look.

This Lei guy was clearly angry with Lin xiaojiu for some reason.

He couldn't even understand this, yet he still wanted to walk right into the muzzle!

Stupid!

Looking at Yuan Kang's eyes, Yan beixiao was furious!

Yuan Kang ignored Yan beixiao's murderous gaze. He was scratching his ears and cheeks in his heart as he glanced at little Yuan Bao from the corner of his eyes. 'Why is Lin xiaojiu not giving in?'

What exactly was there!

"It's not good!"

Just as Yuan Kang was making wild guesses, a hurried voice came from afar.

It was the handsome young man, Li Yuanjun!

Lin Hanxing and Yuan Dabao's banter came to an abrupt end, but Yan beiming noticed that when the young man ran over, the air pressure around Lei Xiao had dropped by a few degrees.

Eh?

Could it be that ah Xiao was angry because of this young man?

Don't panic.

Li Yuanjun took a deep breath and steadied his steps as he recalled what the master had told him.

Even his eyes were much clearer.

Lin Hanxing's eyes were filled with praise.

She did not notice that Yan beixiao, who was not far behind her, had taken two steps to the side, trembling like a quail.

Ah Xiao's air pressure was low ...

"Master! They're in!"

Li Yuanjun's face was still flushed from running back, but his voice had tried to calm down.

Lin Hanxing's hand gently caressed Yuan Dabao's curly hair.

The corners of his mouth slowly curled up into a light smile.

"He didn't even stop us at the entrance, he just ..."

"It's me."

Lin Hanxing opened his mouth and successfully cut off the handsome young man's words.

"Oh ... Ah?"

This time, not only Li Yuanjun, but everyone's eyes were on Lin Hanxing.

"I was the one who asked uncle Li to pass down the order that if anyone wants to come in, they are to be allowed to enter."

Lin Hanxing replied indifferently.

Bai Xi glanced at Yan beiming and Yuan Kang with a smug look.

Their ninth young lady knew everything!

"Didn't Yuan Bao want to go to dense bamboo?"

Lin Hanxing's hand continued to stroke Yuan Bao's head.

Upon hearing this.

Yuan Bao's eyes lit up.

Her entire little head nodded like a chicken pecking at rice.

Lin Hanxing curled his fingers and whistled. Not long after, two Tibetan Mastiffs as big as Tigers ran like leopards and roared like lions. They were so intimidating that they could shock the beasts.

If he wasn't raised by his family, this situation would really scare people.

Yuan Kang couldn't help but recall the time when he first saw the two Tibetan Mastiffs at the Li family's house. His face turned pale.

The two Tibetan Mastiffs, ah Zuo and ah you, were sitting beside Lin Hanxing.

"Let's go," he said.

Lei Xiao walked up to Lin Hanxing and placed his hand on her shoulder.

He looked at Li Yuanjun with a threatening gaze.

"....."

The teenager felt a chill rising from his tailbone, and he took a step back uncontrollably.

He was still young.

Lin Hanxing raised his head and looked at her man with a strange look.

He seemed to be a little strange since this morning.

Now, he was scaring a child for nothing ...

"Li Yuanjun, tell uncle Li and the others to take a few people to dense bamboo."

Lin Hanxing's gaze fell on the lush green in the distance, and the half-smile in her eyes made those who knew her shudder.

"Why, I'm still a little ... Excited!"

Yuan Kang mumbled and immediately stood up in high spirits.

What exactly was inside the dense bamboo!

I'm coming!

.....

"Oh my God! Is this really the Li family?"

The group of people who had barged into the Li family to bring Lin Hanxing back after listening to the second Princess Consort's orders looked around in shock. They could not believe their eyes.

They all knew that there used to be a powerful Li clan in Xuelan province.

'However, she was so beautiful back then. Now, she should be as dilapidated as she was now.' He thought to himself. However, when he saw the luxurious scene in front of him, he couldn't help but be stunned!

It must be a Bluff!

The last time they went back, they told them that the wild grass here had grown to the height of a person.

However, looking at the scene in front of him ...

'Oh my God.'

"Why is it different from what they said?"

The people around them were also muttering.

“Don’t you guys feel that this place is strange?”

Someone suddenly said.

The other people’s gazes followed the sound, only to see their colleague couldn’t help but hug his own arms and rub them back and forth vigorously!

Now that he had mentioned it ...

There really seemed to be something wrong.

But he couldn’t say it.

It seemed to be a little ... Too quiet.

It was lifeless.

The dense bamboo was verdant and lush, and extremely crisp. As the wind blew, many knife-like bamboo leaves fell from it.

“Everyone, be careful. We lost quite a few brothers here last time!”

That time, it was really too tragic!

So this time, when they heard that the second Princess Consort wanted them to come to the Li family again, they naturally panicked and sneezed!

“Why don’t we go back?”

As soon as he finished speaking, he heard two chuckling sounds from somewhere.

Instantly, it sent a chill down everyone’s spine!

What’s going on?

It can’t be haunted in broad daylight, right?

“Without my permission, since you’ve already entered, do you think you can leave so easily?”

Just as the group of people was terrified by the strange movement, a faint and cold female voice drifted into everyone’s ears.

“Who is it? Who’s talking?”

“Get out here! Who is it?”

With one person speaking, the others naturally gathered their courage and shouted in all directions.

“Second Princess Consort, you’re still so impulsive.”

As the voice came closer, the group finally saw the person who spoke.

It was like a voice, approaching from afar.

It's really good looking!

'Hehe ... Hehe ...'

Just as they were thinking about this, they heard some other sounds.

There was a strange movement.

'Hehe ... Hehe ...'

When that strange sound rang out again, everyone felt that something was wrong.

"Ah!"

Screams rang out instantly!

[Chapter 1247](#)

1247 Dense bamboo

The two Tibetan Mastiffs opened their bloody mouths and pounced on the group of people like wild lions.

"A Zuo, a you, come back."

Just as the Tibetan Mastiff was about to bite her, the woman spoke lazily again. The Tibetan Mastiff, which was originally covered in the smell of blood, turned around and returned to her side.

He sat on the ground.

But two pairs of fierce eyes were still on those people.

Dead silence.

The group of people who barged in didn't dare to move. They just watched the woman raise her hand and gently stroke the Tibetan Mastiff's head with dull eyes.

With a thud.

No one knew who swallowed so loudly that everyone could hear it.

Useless!

The leader looked back angrily, covering his trembling legs.

"You ... Are you a human or a ghost?"

Lin Hanxing, who was beside the Tibetan Mastiff, laughed when he heard this.

Her already delicate facial features were even more breathtaking, not to mention the mole under the corner of her eye, which made her even more charming.

"You're standing in my territory and asking if I'm a human or a ghost?"

Lin Hanxing was still smiling.

However, the smile did not spread to the bottom of his eyes, and his eyes were cold to the bone.

Not far away, when Lei Xiao heard this, his thin lips curled into a smile.

Yingluo, you're here to mess with me, but you're asking who I am?

He couldn't help but think of what Hanxing had said in Mengsong.

She was still the same ...

why isn't Lin xiaojiu letting us through?!

Yuan Kang murmured in a low voice. He just wanted to get closer and watch the show.

"It's dangerous,"

Lei Xiao, who had been suppressing his emotions for the entire morning, opened his mouth and spoke coldly. His eyes did not move away from Lin Hanxing's body for even a moment.

Dangerous?

Qianqian, when there's time, I or the mute uncle will personally take you around. Before that, don't go there!

Yuan Kang's heart skipped a beat when he recalled Lin xiaojiu's warning.

But ...

He looked around the bamboo forest. It was calm and peaceful, what was strange about it?

On the other side.

"Y-you ... Your territory?"

The group of people were in a daze. They had seen the changes that had happened to the Li family. The haunted house that used to be their home had been transformed into something like this in less than a month. To be honest ...

This was all achieved with money!

"Yes, my territory."

Lin Hanxing's voice sounded calm and relaxed under the dense green bamboo.

Upon hearing this, no one dared to make a sound.

"It's ... It's her!"

After a long time, someone finally said this with trembling lips.

Lin xiaojiu!

So many brothers had died in her hands, and now the second Princess Consort had asked them to bring him back ...

Lin xiaojiu!

"You're that ..."

The leader looked at her fiercely. One of the people in that group was his brother!

"Jiang city, Lin family's little nine."

Lin Hanxing replied indifferently.

In Jiang city, she didn't need to introduce herself, but everyone regarded her as a Rakshasa.

Now that she was in country G, she had to introduce herself, but these people still looked at her as if they had seen a ghost.

This was really ...

"You hate me?"

Lin Hanxing's hand gently stroked the Tibetan Mastiff's big furry head as she looked at the leader. Her long eyelashes fluttered, but she did not hide the curiosity in her eyes.

The way he looked at her seemed to suggest that she had done something unforgivable.

But clearly, they were the ones who had barged into her house!

"What right do you have to hate me?"

Lin Hanxing chuckled as he spoke, as if he did not care about that person's hatred.

But the two Tibetan Mastiffs were different.

He grinned and glared at the group of people, as if he would tear them to pieces the next second when he received the order!

"You killed my brother!"

"I killed your brother?"

Lin Hanxing's expression did not change when he heard the man's words. He merely raised an eyebrow and laughed.

"Fine, I'll just take it that I killed him. What can you do to me?"

Hiss ...

If she killed him, she killed him. If she didn't kill him, she didn't kill him. What did she mean by 'just take it as I did'?

"You want to kill me?"

The smile on Lin Hanxing's face gradually disappeared as soon as he finished speaking. His face, which was as delicate as a flower, became indescribably cold and sent chills down one's spine.

"It's a pity,"

Lin Hanxing said as he walked towards the other party.

The second Princess Consort's subordinates subconsciously retreated!

She was close!

They retreated!

Until there was no way to retreat!

What's a pity?

No one knew.

He did not dare to ask.

"What's a pity?"

However, the leader's heart was burning with anger, and even if he was afraid, he still had to be brave and ask.

Lin Hanxing stopped in his tracks and tilted his head slightly to look at him. The smile on his face was as beautiful as it could be.

"There are too many people who want my life ..."

"You're not in the queue!"

Along with the cold voice, a cold wind blew through the forest, making the people who were already drenched in cold sweat feel as if they were in winter.

It was obviously scorching hot outside!

The words fell.

Lin Hanxing whistled from a distance.

Her voice was sweet and clear.

It was like an Oriole leaving the valley, pearls falling on a Jade plate.

The whistling sound traveled through the bamboo forest ...

"Is this the time to whistle?"

Yuan Kang was enjoying the show, but the sudden turn of the plot made him want to slap his thigh. However, before he could walk forward, a young man grabbed his arm!

"The patriarch told us to stand here, so we can only stand here!"

Li Yuanjun's eyes were burning, and his handsome face was full of confidence in Lin Hanxing.

At that time, Lin Hanxing had brought them here and had even drawn out a line, saying that they were not allowed to cross it at all. Yuan Kang had been so anxious that he had forgotten about this!

"I definitely can't cross it!"

Yuan Kang looked at this young man who only regarded Lin Hanxing's orders as imperial edicts and couldn't help but find it funny.

But ...

He lowered his head.

He looked at his leg that had unconsciously stepped back ...

Wasn't he the same?

Ever since he had started following Lin xiaojiu, he felt as if she had a magical power that made him follow her orders.

Just look at that Bai Xi ...

And look at Jiang Xibao!

Didn't they all obey her?

It was really ...

They had seen a ghost!

"Did you guys hear that?"

Suddenly, Yan beixiao, who had been silent all this while, opened his mouth. He was listening to something with a puzzled expression.

"Listen to what?"

Yuan Kang responded unhappily.

However, not long after he finished speaking, he also noticed that something seemed to be wrong!

He straightened his face.

He tilted his head and listened carefully.

At this moment, everyone who was standing outside the line did the same. Only li binshou, who had been standing at the back, lowered his head and said nothing, but his expression was subtle.

After all, the master had asked uncle Jin to deliver those things ...

Even he, who had seen the world before, could not help but feel his scalp go numb. He only hoped that this group of young people would not be too frightened when they saw it later!

"The sound of bamboo leaves, don't move."

Just as everyone was getting serious, Lei Xiao's deep and magnetic voice sounded again.

"Ah!" Right!

The sound of bamboo leaves!

The biggest difference between that side and this side was the sound!

“It’s moving!”

Yuan Bao, who had been in Lei Xiao’s arms, said in a baby voice!

He pointed his finger over!

[Chapter 1248](#)

1248 The mouth of the green bamboo snake

Everyone’s eyes followed Yuan Dabao’s chubby finger ...

Yuan Kang gasped.

He had thought that it was just a child’s words, but he had not expected that it would really move!

Accompanied by Lin xiaojiu’s melodious whistle, the sound of rustling could be heard in the bamboo forest.

The bamboo forest on the other side of the ground line that she had drawn with a bamboo branch!

The rustling of bamboo leaves did not move!

The words that Thunder valiant beast had just said resounded in everyone’s ears.

With the earth line as the boundary.

The bamboo leaves on the other end of the ground line were blown by the wind, but there was no sound!

On the other end of the line, it was the normal rustling sound.

“Lin xiaojiu, I advise you to come back with us obediently! The second Princess Consort wants to see you!”

The leader sneered. He didn’t notice what the people behind him had seen. His eyes were wide open in horror as he stared at the bamboo poles that were soaring into the sky!

Lin Hanxing continued to whistle as if he did not hear her.

However, the sound was clearly lighter than before.

Hiss hiss hiss ...

“Don’t ... Don’t don’t ... Don’t move!”

A soft voice suddenly came from behind the leader. How were these still his valiant and high-spirited guards?

The sound was light, as if someone was strangling their throat, but it was also filled with panic. The combination of these two spears made one’s back go numb.

Lin Hanxing's whistle stopped abruptly.

After that, he started to caress the Tibetan Mastiff's big furry head in a seemingly casual manner.

"What do you mean don't move! Why don't you ... Don't ..."

The leader turned around and wanted to scold his men, but the moment he turned around, his scalp went numb!

A snake!

A dense mass of tiny green snakes!

Following the S-shaped coil of the bamboo pole, she saw him turn his head and flicked out his red snake tongue.

Venomous snake!

Green bamboo leaf!

There were one or two on each bamboo branch!

The front half of his body was arched and he was in an attacking state!

If there were only one or two of them, it would be fine. But when hundreds of them were facing you in the same position, not to mention your scalp, you might even wet your pants!

This was too terrifying!

"Don't move."

Seeing the leader turn his head, the Emerald snakes opened their mouths in unison, revealing their poisonous fangs.

It was as if he was showing off!

A faint voice came from behind him, and he really didn't dare to make any reckless movements. Even his voice seemed to have been cut off, and bean-sized beads of sweat rolled down his forehead.

Behind him, soft footsteps could be heard.

The green bamboo leaves hanging from the bamboo swayed back and forth with Lin Hanxing's movements.

That action made one's heart tremble.

It wasn't just one or two, but hundreds of them!

Hundreds of messages!

"The second Princess Consort said she wanted to see me, so she can see me?"

Lin Hanxing went around to the front of the leader, and the bamboo leaf green that was originally hunched around her slithered around her, gently but dangerously to the other side.

“What is the second Princess Consort?”

Lin Hanxing said nonchalantly, his voice filled with ridicule.

Yes, yes, yes, whatever you say is right ...

The group of people who had been ordered to break into the Li family's house almost knelt down and called him father. They only hoped that they could leave this place in one piece today. As long as they could leave, they would never dare to break into the Li family's house again!

The Li family was a man-eating place!

I don't dare to come again!

I won't dare to come back in this life!

why did you kill my brother?!

Looking at her calm and composed appearance, the leader only felt that he had no place to vent his anger.

“The last time I returned from here, they were all dead!”

Hearing this, Lin Hanxing's fingers paused for a moment, then his eyes showed that he understood!

“Oh.”

It was an understatement.

“So it's those people.”

It was an understatement.

Lin Hanxing really remembered those things, and he had indeed pushed for it.

“You killed him!”

“It was the second Princess Consort who killed him.”

Lin Hanxing replied indifferently. This time, after three long and two short whistles, the green bamboo leaves slithered back to the bamboo branches. If it had not been for what had happened just now, no one would have noticed ...

The green color was not the bamboo leaves, but the green.

“The second Princess Consort wants the Li family's tin mine, so she sent someone to threaten us.”

Lin Hanxing said coldly without any emotion in his voice.

“But she chose the wrong person and did the wrong thing.”

The breeze blew again, causing her skirt to ripple. It was clearly an impeccable face of beauty, but it made people feel fear from the bottom of their hearts.

“I can't!”

She had been like this since the beginning. No one could take advantage of or hurt anyone who was placed in her territory, but if they were placed outside her territory ...

“So you ordered someone to kill him?”

Without the threat of the snakes, the leader’s eyes widened in anger.

“So, I asked someone to reward the second Prince with a bowl of ‘returning Dragon soup’.”

Lin Hanxing’s words fell, but no one spoke.

How could they not know what returning Dragon soup was!

That was urine!

If outsiders knew about this, the second Prince would have no future!

Where would the royal family’s face be?

So ...

So, all the people who came that day had been dealt with silently?

But what about them?

What about them who knew about this?

“Since you’ve entered the Li family, you should follow the rules of the Li family.”

“If you don’t receive an invitation, trespassers will be killed!”

Lin Hanxing’s tone suddenly turned cold.

“But ...”

“Since I’m the one who opened the door to let you in, I naturally won’t take your lives.”

Upon hearing this, the expressions on those people’s faces all relaxed.

I can spare you the death penalty, but I will not spare you the punishment. I want you to break one of your legs and crawl out of here!

The people who had just relaxed suddenly sucked in a breath of cold air.

Break a leg?

Crawl out?

How could her heart be so cruel?

“You ...”

Lin Hanxing raised his eyebrows and looked at the group of people. Except for the leader, who had a cold expression, the others were all in a panic.

“You think I’m cruel?”

Lin Hanxing smiled indifferently.

“Do it or not, live or die, it’s your choice!”

The second Princess Consort knew her methods the best. If these people left in one piece, it would be troublesome in the future.

Moreover ...

She also needed someone to help her pass on a message!

It was time for the Li family to set some rules!

“F * ck ...”

Yuan Kang’s gaze hadn’t moved away from the bamboo branch, and he kept mumbling in a low voice, as if he couldn’t believe it.

The scene just now made his scalp turn cold!

The bamboo leaves that looked normal from afar were actually strips ...

Qianqian, when there’s time, I or the mute uncle will personally take you around. Before that, don’t go there!

Thinking of how he had tried to cross the line drawn by the woman, Yuan Kang couldn’t help but shiver.

F * ck!

There was no way to continue living like this!

[Chapter 1249](#)

1249 An uninvited intruder ...

The Li family.

Outside the carved door.

At this time, not only were there guards from the royal family guarding the place, but there were also trusted aides who had been sent by various families to investigate the news after hearing the news and were waiting in the dark.

These people came from the various large clans of snowlan province and were closely related to the royal family.

“Why hasn’t there been any movement after so long?”

Under the scorching sun, some people began to complain. After all, the people sent by the second Princess Consort had already been inside for more than half an hour!

How big could his Li family be?

Half an hour was not enough for them to catch him?

When did the royal family become so slow?

is Lin xiaojiu really Yuan shaojing's chosen successor? "

A voice rose in volume, drawing everyone's attention.

"Why did she come to the Li family instead of staying at the yuan family?"

"Don't the Li family and the yuan family have enmity?"

To be honest, if it wasn't for what happened today, no one would remember how illustrious the Li family used to be.

Suddenly.

The carved door that was originally closed made a sound.

It instantly attracted everyone's attention.

The door opened.

Everyone held their breath and looked in that direction. The royal guards were on high alert!

"Someone's coming out!"

As these words fell, whether they had heard it or not, everyone's eyes widened. They stared blankly at the guards who had been directly sent by the second Princess Consort this morning, who had just walked in valiantly ...

The appearance of him painfully and painfully crawling out of the hole!

It was really crawling!

It was as if there was a terrifying man-eating monster behind them!

He wasn't even willing to stay for a second longer!

The strange thing was that everything was happening in silence!

No matter how much pain they were in, no one dared to speak. Instead, they used all their strength to crawl even faster.

The people standing outside were stunned!

He was clearly fine when he went in, so how did he come out ...

The sun was shining.

However, many people were already breaking out in cold sweat.

These were all the second Princess Consort's people!

Li binshou and many other members of the Li family followed behind the group of people unhurriedly. One of them was even holding a gilded metal plate in his hand.

Even though they were expressionless, their straight and tense backs were enough to show how excited they were!

The Li family.

How many years has it been since I've been able to straighten my back!

However, the master had just returned and he had done it!

"Everyone, listen up!"

Li binshou said angrily at the gate of the Li family.

His voice was clearly transmitted into the ears of everyone in the open and in the dark.

"The Li clan's important place!"

"A private house!"

"I came without invitation!"

"Intruder ..."

Li binshou's eyes swept across every face in front of him coldly, and his mind was filled with the shock and excitement when Lin Hanxing had said those words to him in such a casual tone!

"Die!"

Cool!

At this moment, the Li family members who had been suppressing their emotions for a long time all had this word in their hearts!

It was as if a foul breath had been exhaled from his chest!

He felt relaxed!

"I've already delivered the patriarch's message to all of you."

Li bingshou's lips slowly curled into a cold smile.

"Please don't forget the Li family's rules the next time you come!"

.....

In less than half an hour, the 16-word li clan's rule had been spread across all the major and minor clans in Xuelan province.

What spread along with it ...

Naturally, it was all sorts of terrifying rumors about Lin xiaojiu!

Some people said that she looked like a Yaksha.

Some said that she was cold and ruthless.

In short, as long as there was a rumor about Lin xiaojiu from Jiang city, none of it was positive!

However, to Lin xiaojiu, who was now in the Li family, this was the most insignificant matter in his eyes!

At this moment ...

“F * ck, don’t go over!”

Yan beixiao was about to walk towards the dense bamboo when Yuan Dabao was stuffed into his arms!

His scalp was still numb!

Almost as soon as he finished speaking, there were already several green bamboo leaves coming down from the top of the bamboo pole in an S-shaped position. But strangely, unlike before, in the face of the Thunder valiant beast’s steady forward movement, none of them made an attack.

It even stuck out its tongue in a docile manner.

The Emerald green bamboo leaf did not seem as terrifying as before.

Li Yuanjun pursed his lips.

He mimicked the Thunder valiant beast and took a big step forward!

Hiss hiss hiss ...

Zhu Ye Qing, who had been tamed by the Thunder valiant beast, immediately arched its back and turned pale as it faced Li Yuanjun. Bai Xi pulled it back to a safe area.

“You don’t want to live anymore!”

Lei Xiao’s tall and strong figure stopped.

As if he had eyes on the back of his head, his sharp, eagle-like eyes fell on Li Yuanjun.

“I have her scent on me.”

His thin lips curled into a rare smile. Even Yuan Kang and Yan beiming, who were of the same sex, were stunned, let alone the opposite sex!

This man’s face was really a godsend!

Li Yuanjun pursed his lips tightly, a stubborn expression on his delicate face.

“.....”

Yan beiming rolled his eyes in his heart.

If he had previously suspected that Lei Xiao’s anger was related to this young man named Li Yuanjun, then he was now 100% sure!

He had seen such a childish Thunder valiant beast for several years!

Can’t you see that the child’s tears are almost flowing out!

And he had the smell of little cold star on him ...

Bah ...

An invisible display of affection had the most fatal effect!

After saying that, Lei Xiao turned around and walked towards Lin Hanxing without looking back at li Yuanjun!

“Kid!”

Yan beiming patted li Yuanjun’s shoulder with a sympathetic look.

The rest of the words were said without a word!

“ZhuZhu ... My ZhuZhu ...”

Yuan Bao opened his hand, and the diamond that he had secretly dug out from Lei min’s cufflink rolled to the other side of the line.

“.....”

“.....”

“.....”

Everyone froze.

No one dared to pick it up for Yuan Bao.

Suddenly.

The green bamboo leaves that were originally coiled on the bamboo branches slid down softly, and in front of everyone’s eyes, they used their heads to push the diamond that had rolled into their territory in the direction of Yuan Bao.

“.....”

“.....”

“.....”

Yuan Bao slid down from Yan beiming’s arms and squatted on the other side of the line, resting its cheeks on its hands.

That was until the little green bamboo pushed the diamond back to him.

Yuan Bao reached out his chubby little hand to it.

The snake was obviously shocked.

He subconsciously wanted to slip away.

He hesitated for a moment, but in the end, he still rubbed his bruised head against Yuan Bao’s little finger.

Done.

This time, he really moved away and didn't look back.

Yuan Bao chuckled.

It was cold.

He turned his head and looked at everyone who had been silent for a long time with a satisfied expression.

In the end, his gaze stopped on Li Yuanjun's face.

"I also have first aunt's scent on me ..."

"....."

"....."

"....."

There was no way to continue living like this!

[Chapter 1250](#)

1250 So you're jealous

Lin Hanxing heard footsteps behind him.

The remaining coldness in his eyes was replaced by a faint smile.

"When did you find out?"

The breeze blew, lifting Lin Hanxing's seaweed-like long hair.

She looked at the man standing not far away with her clear eyes.

"I found out as soon as I came."

If these two people's conversation was heard by an unfamiliar person, they would always have a feeling of confusion.

"The wind passes silently, but the birds don't stop."

When he drove past this dense bamboo forest, Lei Xiao had already noticed that something was wrong. Compared to the chirping of birds along the way, this place was so quiet that it seemed to be another world.

"Our ah Xiao is indeed smart."

The sunlight shone through the gaps between the bamboo leaves and fell on Lin Hanxing's face.

It made her small face look even more fair and clear.

"So why are you angry?"

“Because ...”

Lei Xiao’s voice came to an abrupt end, and his deep gaze fell on Lin Hanxing, whose smile was growing wider.

So he was tricked like this ...

“I’m not angry.”

With a hoarse voice, Lei Xiao subconsciously turned his face to the other side.

Lin Hanxing walked towards him.

There was a muffled crackling sound under his feet. It was the sound of him stepping on the fallen leaves.

“You’re lying,”

Lin Hanxing reached out and pinched Lei Xiao’s chin. This almost flirtatious action made Lei Xiao turn his face back, and his deep and sharp eyes fell on her smiling face.

“As punishment, you have to Carry Me Back!”

With that, Lin Hanxing spread out her thin arms towards Lei Xiao and tilted her head to look at the awkward man with a faint smile.

Without a word, Lei Xiao turned around and squatted down with his back facing her.

Very quickly, that soft body with a faint fragrance was pressed against her.

Lei Xiao easily carried Lin Hanxing on his back.

Lin Hanxing’s fair fingers seemed to wave casually, and the green bamboo leaf that was originally coiled around the bamboo branch disappeared without a sound.

“What do you think of Li Yuanjun?”

The two of them walked towards the villa.

Suddenly, Lin Hanxing’s gentle voice rang in Lei Xiao’s ears. He stopped in his tracks, but then continued to walk forward, pretending that nothing had happened.

“I don’t.”

He spoke in a deep voice, without any emotion.

“I think he’s not bad,”

This time, the Thunder valiant beast didn’t stop, but his eyes were obviously cold.

“Is that so?”

No matter how one heard it, it sounded like he was gritting his teeth.

Lin Hanxing, who had her arms wrapped around Lei Xiao's neck, pursed her lips so that she could not laugh out loud, even though from her angle, her man's veins were almost popping out.

yes, although he is young, he has a strong comprehension ability and learns things quickly. But what I like the most is ...

He saw it!

She had actually said in front of him that she had taken a fancy to that stinky brat.

Thunder valiant beast didn't say anything.

He continued to walk forward.

"His eyes look like yours."

"....."

"Did you see it this morning?"

Lin Hanxing leaned against Lei Xiao's ear, and while there was no one around, she bit his ear lightly.

The Thunder valiant beast suddenly stopped.

"So you're jealous?"

Lin Hanxing chuckled, his mood clearly lifted.

How could their ah Xiao be so cute!

"....."

Taking a deep breath, Lei Xiao jerked Lin Hanxing, who was sliding down because of his laughter.

He felt that it was better for him not to speak at this time.

He continued to walk forward.

But this time, Lin Hanxing, who was in a good mood, swung his two thin legs back and forth, and his fingers kept rubbing Lei Xiao's ears.

"What do you want? I can give it to you!"

Lin Hanxing stuck close to the silent Lei Xiao, mischievously poking his cheek with her finger. The two of them did not care about their image, so they were naturally not afraid of being seen.

"Ah Xiao ..."

Lin Hanxing smiled and continued to poke him, not worried at all that he would throw him down when he got annoyed.

"If you don't speak, you'll have to sleep in the study tonight ..."

"Flower."

Lin Hanxing's voice had just fallen when a single word came out of Lei Xiao's mouth!

"You gave him flowers this morning."

The two of them continued to walk forward, and Thunder owl's low and somewhat awkward voice rang in her ear.

"I'm not happy."

Lin Hanxing's smile widened when he heard him admit it.

"But I love you!"

A soft and sweet voice rang in Lei Xiao's ears, instantly causing his cold heart to burst with warmth.

He raised his head and looked at her.

"And, compared to giving flowers ..."

Lin Hanxing's smile was even more charming under the sun.

"I've given myself to you!"

The Thunder valiant beast coughed and did not speak, but its ears turned red at a speed visible to the naked eye.

"You smiled at him."

Thunder valiant beast said in a deep voice.

"But I'm smiling at you every day!"

"That's different!"

Lei Xiao thought of the expression on the face of the young man called Li Yuanjun when he received the flower and saw Han Xing's smile, and his heart grew more and more irritated.

"You can't smile so good-looking at others."

Because it would make people subconsciously want to sink into it.

Thunder valiant beast tilted his head, half of his cold face was as serious as could be.

After a long time.

"Alright," he said.

Lin Hanxing reached out and wrapped his arms around Lei Xiao's neck, bringing them closer.

"Our ah Xiao ..."

"I'll agree to anything you say!"

Lei Xiao pursed his thin lips.

Hanxing was indulging her more and more.

“Let’s sneak out tonight, okay?”

Lin Hanxing moved closer to his ear and bit it like a little fox.

“What?”

Where to?

“It’s a secret,”

.....

The royal family.

Zhan Nanheng stood in front of the floor-to-ceiling window, listening to the report. When he heard that the second Princess Consort had gone to find su bu in a fit of anger, the corners of his mouth curled up into an even more charming smile.

This was indeed his childhood friend’s usual style of doing things!

It was clean and efficient, and he didn’t even bother to say half a word of nonsense.

“Old su of Rou city, can’t you ask more people to keep an eye on him?”

Zhan Nanheng turned to look at the other party.

“Since this morning, old su has done many examinations, but the results ...”

In the end, they didn’t find anything.

Three days passed.

Recalling how Lin Hanxing had raised three fingers, Zhan Nanheng smiled and shook his head.

“Let’s go down,”

She was probably the only one who knew what would happen in three days.

“Uncle Jin, don’t you think that your childhood friend is an interesting person?”

Zhan Nanheng walked to the bar counter and poured himself a glass of whiskey. He threw two pieces of ice in and drank the hard liquor as he spoke.

Uncle Jin did not say anything.

The Maitreya-like chubby face was still smiling.

“What a pity.”

If he had returned to Jiang city earlier, would there have been no Lei Xiao?

What a pity!”

“Let’s go. Let’s go and enjoy how flustered and exasperated the second Princess Consort is!”

.....

Night fell.

The basement of the Li family's house was brightly lit at this time.

When Lin Hanxing took off the Phoenix ring and stuck it into the wall, a muffled rumbling sound was heard ...

It sounded!
