

Goodnight 1251

[Chapter 1251](#)

1251 The moon is beautiful tonight

A secret passage that led to the outside appeared in front of him.

Yuan Kang was dumbfounded.

He naturally knew that the rich and powerful would design some secret passages in case of emergency, but what surprised him the most was that Lin xiaojiu was really so relaxed that he revealed the Li family's Secret to him?

"Let's go," he said.

Lin Hanxing put the Li family's Phoenix ring back on his finger.

Tonight, besides Lei Xiao, she also brought Yuan Kang and sacred hands.

The secret passage was very long.

The entire journey took about half an hour.

When they saw the light of day again, a car was already waiting there.

"Miss Lin."

The chauffeur said respectfully. He was Zuo Xiangdong, the backbone of Huaji, who had borrowed her satellite phone in Jiangcheng!

"I need to go to another place first."

In the dark carriage, Lin Hanxing's voice was heard by Zuo Xiangdong.

elder mu ordered me to listen to miss Lin's orders.

After saying that, Zuo Xiangdong started the car.

It quickly disappeared into the night.

The night in Xuelan city was beautiful and alluring. Lin Hanxing's gaze fell outside the window as she seriously sized up this unfamiliar city.

Her beautiful eyes narrowed.

There was an unspeakable coldness and danger under her long eyelashes.

Suddenly, Lei Xiao's large palm reached over and covered the back of her hand, instantly melting the snow in Lin Hanxing's eyes.

"The moon is beautiful tonight."

Lin Hanxing was stunned when he heard this, then he turned to look at Lei Xiao.

The man's cold face was divided into light and dark by the dim light in the car. His thin lips were slightly pursed, and he looked inexplicably attractive.

cough, cough, cough, cough ...

A dry cough that spoiled the mood came from the side.

Lin Hanxing, Lei Xiao and Sacred Hands turned to look at Yuan Kang, who seemed to have lost his mind.

It was obvious that he had really choked and was not pretending.

"I just ... Didn't expect ... He ... To be so romantic!"

Yuan Kang finally heaved a sigh of relief.

He pointed at the expressionless Thunder Valiant beast.

In his impression, this man always had a cold expression and was known for his iron-blooded methods. Who would have thought that he would actually use a metaphor as a trick? This was really ...

This was frightening!

"Romantic?"

Sacred Hands was holding his precious first aid kit, looking at Yuan Kang as if he was looking at a lunatic.

If Ray knew what romance was, he would even tear off his shoelaces and eat them!

'The moon is beautiful tonight' means 'I love you'. It's a famous saying of Natsume Soseki!

"....."

Lin Hanxing seemed to have thought of something and his expression changed.

At the same time, Thunder Valiant's gaze swept over.

From the looks in their eyes, the two of them were obviously thinking of the same thing.

The Thunder Valiant beast.

Zhenzhen?

Yingluo, the moonlight is so beautiful tonight.

"Han ..."

"Don't say anything!"

Lin Hanxing turned his gaze away from the window, pretending that he did not know anything.

The corners of Lei Xiao's thin lips curled up, and he tightened his grip on Lin Hanxing's hand.

So, Hanxing had already told him that she liked him before he even knew?

"Tsk, ts, you're really ..."

Yuan Kang looked at the two of them. No matter how he looked at them, he felt that these two big bosses who used to call the wind and call the rain actually had a trace of ...

A pure and innocent taste!

“You shut up!”

Lin Hanxing and Lei Xiao said in unison as they cast a cold glance at Yuan Kang.

“Sacred hands.”

Almost at the same time as Lei Xiao’s voice fell, an acupuncture needle had already been thrust from sacred hands towards Yuan Kang.

“.....”

The world instantly fell silent.

It was perfect.

The car drove all the way into the mountains.

Twenty minutes later.

They arrived at their destination.

Lin Hanxing asked Zuo Xiangdong to park the car further away and turn off the headlights.

The group got off the car.

Yuan Kang covered his throat with a crying face. He couldn’t make a sound ever since the needle was inserted.

The baby felt wronged.

The baby couldn’t say it even if he wanted to.

Lin Hanxing reached out and knocked on the door.

After a long time, there were a few inaudible sounds inside the door, but no one opened it.

“Uncle Liang.”

Lin Hanxing said calmly through the door.

With a click, the door of the villa was opened from the inside, revealing uncle Liang’s shocked face.

This was the first time Lin Hanxing had seen uncle Liang lose his composure since he met him. He found it funny.

“Miss Lin, how did you ...”

Lin Hanxing looked at the other party with a faint smile. He did not answer and walked inside.

Uncle Liang didn’t stop him.

Or rather, he hadn't even come back to his senses.

However, sacred hands frowned. Seeing uncle Liang here, that meant ...

The person they wanted to see was Shangguan shixiu?

Upstairs.

When Lin Hanxing pushed the door open and entered, the smell of medicine and blood mixed together in the room. It was not a pleasant smell.

Shangguan shixiu was lying there.

He was awake.

His already pale face was now almost transparent.

However, the moment she saw Lin Hanxing, a gentle smile appeared on her delicate face.

"You've finally come."

As he spoke, he fiddled with the tracker that he had taken from uncle Liang.

From the beginning to the end, uncle Liang didn't notice anything. He didn't even know that Shangguan shixiu had kept that thing with him all this time.

Lin Hanxing frowned.

She walked over to him and lifted the thin blanket with a whoosh.

"Holy hand, I'll leave it to you."

Lin Hanxing looked at the crude treatment method and knew that Shangguan shixiu had not treated it well. It was already a miracle that he was still alive.

Sacred hands' expression was serious, and he entered the state without a word.

On the other hand, Shangguan shixiu's eyes never left Lin Hanxing's face.

"I've been waiting for you."

With a "pa" sound, Shangguan shixiu laughed as he destroyed the tracker that might have leaked his address to the enemy.

"Is it fun?"

Lin Hanxing and Shangguan shixiu looked at each other, their expressionless faces showing no emotion.

Shangguan shixiu didn't speak.

His gaze unconsciously fell on the fingers of Lin Hanxing and Lei Xiao.

The ring ...

"It's not fun,"

He smiled and allowed the sacred hands to cut the bandage on his abdomen.

The smell of blood gradually spread.

“It’s very painful,”

Shangguan shixiu was still looking at Lin Hanxing and smiling, but his voice had a rare hint of fragility.

“Who did this?”

Lei Xiao’s brows had not relaxed since he entered the room.

Shangguan shixiu leaned against the head of the bed, his eyes meeting Lei Xiao’s in midair.

“Can you guess?”

Suddenly, this almost childish sentence came out of his mouth.

There seemed to be mist in his dark eyes.

The Thunder valiant beast paused.

He had not seen Shangguan shixiu with such an expression for many years.

“This wound is too deep. Do you not want to live with this festering?”

Shangguan shixiu! Holy hand suddenly raised his head and shouted at Shangguan shixiu in a gloomy voice. If Lin Hanxing hadn’t brought him here tonight, bianque wouldn’t have been able to save him in five days at most!

“Young master ...”

Upon hearing sacred hands ‘words, uncle Liang was shocked.

Shangguan shixiu had told him that he was fine, so he had thought that he had already passed the most dangerous period!

Yuan Kang, whose voice had been silenced, was standing aside, trying his best to hold back the urge to vomit when he saw the wound.

you’ve been betrayed by someone you trusted. Even living is a burden to you? ”

Lin Hanxing’s emotionless and cold words made Shangguan shixiu’s smile disappear.

“Shangguan shixiu.”

Her beautiful eyes were calm as she looked at him.

“Are you a coward?”

[Chapter 1252](#)

1252 Tracking in a dangerous situation

The air seemed to have frozen in an instant.

Other than the sound of sacred hands quickly treating the wound, no one spoke in the large room.

“Miss Lin!”

If it wasn’t for her, young master wouldn’t have become like this.

Uncle Liang was indignant, as if he was about to blurt out something.

“Uncle Liang!”

Shangguan shixiu said coldly, almost as if he was giving a warning.

Uncle Liang lowered his head and kept quiet.

“I’m going to perform an operation.”

Under sacred hands ‘silver-dyed hair, his brows were deeply furrowed. Shangguan shixiu’s wound was obviously not something that could be solved with simple treatment. Fortunately, he always carried the tools with him.

As soon as he finished speaking, Shangguan shixiu’s cold palm had already clasped his wrist.

His eyes were still on Lin Hanxing’s face.

“I didn’t know what happened that day.”

Lin Hanxing was silent.

This conversation might sound confusing to others, but she knew that Shangguan shixiu was referring to the incident that happened after he left. Someone had been ordered to seal her and aunt Mian’s mouths.

“Someone is using my adoptive father’s name.”

Shangguan shixiu’s face was as pale as a sheet of paper, but his eyes were as dark as ink.

“The person who hurt you?”

Lin Hanxing’s voice was so calm that no fluctuations could be heard, making it difficult to guess whether she was happy or angry.

Shangguan shixiu didn’t speak.

However, his silence was already a tacit agreement.

“Very good,” he said.

Lin Hanxing smiled faintly, but after seeing that smile, Yuan Kang, who had his throat sealed by a needle and became mute, subconsciously hid in a corner in fear, wishing that mushrooms would grow out to cover him.

The Thunder valiant beast, who had been silent all this while, suddenly made a move.

He walked to the floor-to-ceiling window and reached out to hook a corner of the airtight curtain, his cold and thin face solemn.

He turned around and looked at Lin Hanxing.

The tacit understanding between the two of them was extraordinary. With just one look, Lin Hanxing had already guessed that things had changed.

He walked to Lei Xiao's side.

She looked out through the gap in the curtain that he had lifted ...

"Sacred hands."

Lin Hanxing's long eyelashes fluttered, his voice soft and sweet.

Yuan Kang, who had been hiding in a corner, was now shivering even more. The observation skills he had learned in the yuan family over the years made him realize that something was wrong.

Even though he had not been by Lin Hanxing's side for long, he had a rough idea of how she did things.

"How long will the surgery take?"

As he spoke, Lin Hanxing seemed to inadvertently fiddle with the earrings by his ear.

There was no difference in his movements.

"The earliest is 20 minutes."

Lin Hanxing and Lei Xiao looked at each other when they got the answer, and they quickly calculated in their minds.

"What happened?"

As he asked, uncle Liang walked to the floor-to-ceiling window and drew the curtains like Lei Xiao did just now.

With just a glance, his face had already turned extremely gloomy.

Damn it!

Those people are here?

"Shangguan Jingyun, Shangguan Lubai, Shangguan Nanfeng, Shangguan Qinghe ..."

Uncle Liang was clenching his fists when he heard Lin Hanxing's voice. He looked at her subconsciously.

"Oh, so you're Shangguan Qinghe's man."

Everyone knew.

The head of the Shangguan family had adopted five boys in total.

They were named Shi Xiu, Jing Yun, Lu Bai, Nan Feng, and Qing He in order.

Uncle Liang was shocked.

He did not say anything!

Shangguan shixiu shook his head with a helpless smile.

Uncle Liang indeed didn't say anything, but the minute expression on his face when he heard these names had already betrayed everything. Not to mention, he was facing Hanxing, so how could he hide it?

"Yuan Kang will stay here and help Holy hand."

"Uncle Liang is going downstairs to pull down the power switch!"

Lin Hanxing only brought sacred hands and Yuan Kang with him tonight.

And now, only ah Xiao could cooperate with her.

The people outside the villa didn't seem to want to leave anyone alive ...

Lin Hanxing chuckled.

He had just arrived in country G ...

How interesting!

.....

The night was as dark as ink.

Other than the chirping of insects in the forest, there was no other movement.

The people sent by the fifth young master of the Shangguan family had already silently surrounded the entire villa.

Today, they were ordered to kill all the living people in this villa.

Without a sound.

Killing intent surged.

Inside the door.

Lin Hanxing leisurely took back the hair tie that she had tied for Lei Xiao when she was bored in the car and quietly tied up the long hair that was originally scattered behind her back in the dark night.

Her White Swan neck was revealed.

Is Yingluo good-looking?

Lin Hanxing suddenly turned his head and smiled as he mouthed to Lei Xiao.

"Yes."

After the power switch was pulled, the indoor cooling system went on strike, and the temperature in the room gradually rose.

There were only the two of them in the large hall.

Lin Hanxing reached out and grabbed his front lapels, closing the distance between them until there was no gap.

"12 people, you take 60, I take 60."

Even though there was no light in the room, Lin Hanxing's beautiful eyes were still as bright as the stars.

"Don't get hurt."

Thunder owl's large palm was locked on her waist, which was what he was most worried about.

"You too!"

With that, Lin Hanxing stood on her tiptoes and leaned over to Lei Xiao's lips to kiss him.

They quickly separated.

The two of them found the most suitable hiding spot in the dark.

The earrings that Lin Hanxing had been wearing had disappeared. In their place was a blade that was wrapped around her fingers. She moved her neck and counted down the time in her heart.

Kada.

The movements that could not have been more subtle in the past were magnified countless times at this time.

It's here!

Lin Hanxing stood in the dark and held his breath. The moment the door was opened, the bright moonlight poured in.

The members of the Shangguan family had always been cautious, so the first batch of people to come in would have at most four people.

And this was her and ah Xiao's chance!

It was just as Lin Hanxing had thought.

There were only four people in the first batch of Scouts!

The dark villa was like an invisible net that was about to swallow people.

Lei Xiao, who was hiding at the door, held his breath and used the blind spots of people's vision to slowly push back the villa's door that had been pried open.

Endless darkness.

Twenty minutes. They had to give the sacred hands upstairs at least twenty minutes.

In the dark night, Lei Xiao's eagle-like sharp eyes were tainted with playfulness and bloodlust. His lean and strong body was stretched, silently revealing a wild and ruthless nature that was different from when he was in Jiang city.

In the darkness, he silently approached those people.

He was just waiting for a suitable opportunity ...

“Hehe.”

Suddenly, a cold female voice rang out. The four intruders pointed their weapons at the source of the voice almost at the same time. Their highly tensed nerves made them forget about what was behind them.

And this was the moment the Thunder valiant beast had been waiting for!

A murderous intent suddenly appeared!

.....

Upstairs.

Yuan Kang was holding two mobile phones in his hands, pointing them at the festering wound on Shangguan shixiu’s abdomen.

Muffled sounds kept coming from downstairs.

The smell in the air made him nauseated.

Yuan Kang said with a bitter face.

He had just returned not long ago, but it was already so exciting. With Lin xiaojiu’s playstyle, even if he didn’t die, he would be skinned!

“Yuan Kang, you’re a smart man.”

Shangguan shixiu’s voice suddenly rang out.

Yuan Kang was stunned at first, then looked at him.

[Chapter 1253](#)

1253 You can learn a lot by following her

As their eyes met, Yuan Kang’s heart skipped a beat.

Shangguan shixiu’s words clearly carried a hint of warning!

xiaojiu may seem cold and heartless, but she’s actually the most passionate person in the world. You’ll learn a lot from her. Even though the sacred hands were helping him cut open his abdomen and treat his wounds, Shangguan shixiu was still able to keep a straight face.

In Yuan Kang’s limited memories of his interactions with Shangguan shixiu, this feminine man rarely showed any expression.

Compared to Lei Xiao, he was too gloomy.

Although his face was also charming to thousands of girls, Shangguan shixiu’s whole body was full of death.

“But ...”

Shangguan shixiu's thin lips curled up, and his gaze fell to the side, the light in his eyes flickering.

"The thing she can't accept the most is betrayal!"

The phone's rear light divided his feminine, pretty face into light and dark, making people feel cold.

"One! Dot! All! Rong! No! Fine!"

.....

Downstairs.

The smell of danger also filled the air.

The originally tightly closed floor-to-ceiling curtains had been opened by uncle Liang's central control, allowing the silver moonlight to pour in.

The twelve of them were lying quietly in the living room of the villa.

After twenty minutes, Lin Hanxing and Lei Xiao did not give their opponents any chance of retreat.

It was clean and neat.

Drip, drip.

Drip, drip, drip.

Something in the shape of a water drop splashed onto the floor along the fishing line-like blade in Lin Hanxing's hand.

Uncle Liang had seen everything.

The coordination between the two of them had already reached the point of being flawless!

In a short period of time, the situation was under control.

"Uncle Liang."

Lin Hanxing's long, black, feather-like eyelashes blinked slightly, and his gaze fell on uncle Liang.

For some reason, uncle Liang felt a chill on his back.

just now upstairs, you wanted to say something, but you were interrupted by Shangguan shixiu. What did you want to say? "

Lin Hanxing's voice still sounded calm and relaxed even in the midst of death. It was as if he was on a spring outing, but it was precisely because of this that it was even more frightening.

The more he interacted with her, the more uncle Liang understood ...

When they first met in Jiang city, how much restraint did Lin xiaojiu have on them?!

In other words ...

At that time, she probably didn't even put him and miss Yilu in her eyes.

Lin Hanxing flicked her finger, and the blood on the blade-line that was cold under the moonlight fell off. It was clean and did not seem to be of any dangerous use.

“Miss Lin is also responsible for the young master’s injury.”

Although Shangguan shixiu didn’t ask uncle Liang to say this, this time, uncle Liang couldn’t obey no matter what!

“Oh?”

Lin Hanxing’s words were spoken indifferently.

No one could tell what it meant.

“When young master left the Lin family’s banquet that day, he actually received a call from old master, urging young master to fly to country G. Young master represented the entire Shangguan family to selectively support the Crown Prince! However, even I didn’t know that the old master had secretly given the young master an order to support the second Princess Consort!”

Uncle Liang looked at Lin Hanxing with a complicated expression.

Even if he didn’t tell her what happened after that, she believed that she would be able to guess it.

Because of Lin Hanxing’s unexpected appearance, the young master had disobeyed the orders of his family and sided with her.

The M Nation was furious when they received the news.

“Master wants to choose the future successor of the Shangguan family from the five young masters. If young master can complete this task ...”

Uncle Liang didn’t finish his sentence, but the meaning behind it was self-evident.

He had never expected that the fifth young master, who was usually the closest to the young master, would suddenly change his attitude. He also did not expect that he really wanted to kill the young master, and the young master ...

In the end, he was still sad!

If not for Lin xiaojiu’s appearance today, was he really going to hide his injury from her and then go all out?

Lin Hanxing’s eyes met uncle Liang’s.

The accusation in his eyes was clear.

“Did I beg Shangguan shixiu to stand on my side?”

Lin Hanxing’s emotionless words made uncle Liang speechless.

It was really ...

No, there wasn’t.

From the beginning to the end, let alone begging, Lin xiaojiu had always maintained a clear boundary with the young master. Although it didn't sound nice to say this, it seemed more like the young master was doing it on his own.

And what right did he have to blame Lin xiaojiu?

At the thought of this, uncle Liang's expression darkened.

The rapid ringing of the mobile phone broke the silence.

The voice came from one of the twelve people lying on the ground.

Lei Xiao bent over and searched for the other party's phone.

"Answer."

At this moment, there was no longer any blood in Lin Hanxing's hands. Even the line of the blade just now had disappeared without a trace. When uncle Liang realized this, there was no longer any hostility on her.

"Have you finished your business?"

As soon as the other party opened his mouth, uncle Liang's expression suddenly darkened.

Lin Hanxing glanced at him.

The person who looked down on the fifth young master.

Uncle Liang mouthed to Lin Hanxing.

"I'll keep these twelve people."

When Lin Hanxing's cold voice entered the other party's ears, it was obvious that the atmosphere on the other end of the phone became tense.

"Who are you?"

The person on the other end of the phone changed.

"Ha."

Lin Hanxing smiled slightly. Many people had asked her this question recently.

you're ... Lin little nine? "

On the other end of the phone, the fifth young master of Shangguan family, Shangguan Qinghe's handsome face was tense. He had naturally spent a lot of effort to investigate the person who could make Shangguan shixiu fall in love with him, but ...

Even with the Shangguan family's powerful information Network, the amount of information they could obtain was limited.

But ...

One of the messages caught his attention.

Back then, Shangguan shixiu had been ambushed while he was on a mission in country D and lost contact with his family. For a period of time, everyone had thought that he would not come back alive, but he had appeared!

As for Lin xiaojiu, he spent most of his time in Thailand and other countries ...

“When a person does something wrong, the first thing they should do is to admit their mistake.”

“Miss Lin, shouldn’t you be in the Li family now?”

In other words, she was saying that she was a busybody.

The deeper meaning was that he wanted to find out if she was the little ninth of the Lin family from Jiang city!

Lin Hanxing laughed.

There were many things she hated in this world.

He hated people with bad intentions.

He hated people beating around the bush.

He hated it even more when people beat around the bush.

In the seemingly separate conversations, there were already hundreds of hidden disputes.

Hearing her cold sneer, Shangguan Qinghe was a little angry.

“Does miss Lin really want to be the Shangguan family’s enemy?”

as the saying goes, the winner is king and the loser is a Bandit. But who can say clearly who is King and who is Bandit until the last moment? ”

Lin Hanxing said indifferently.

“Besides, what right do you have to represent the entire Shangguan family?”

Lin Hanxing’s simple words struck Shangguan Qinghe’s deepest inferiority complex.

It made him furious!

Good!

Very good!

Then let’s wait and see who will have the last laugh!

[Chapter 1254](#)

1254 Just like that, I’ve become a part of your scheme

Upstairs.

After everything was settled, Lin Hanxing pushed the door open and entered.

Sacred hands 'surgery had just ended.

all of you go out first. I have something to talk to Shangguan shixiu about in private.

Upon hearing this, sacred hands and Yuan Kang looked at each other subconsciously. However, Shangguan shixiu, who was still weak, had a calm expression on his pale face, as if he had already expected this.

Lin Hanxing walked towards him after he finished speaking.

On the way, he randomly took out an acupuncture needle from the medicine box of the sacred hands. When he passed by Yuan kangshi, he raised his hand in a flash and did it.

“Ah ...”

Yuan Kang was so shocked that he subconsciously wanted to cover his neck with his hands.

God knew that he had already lost his voice when he was stabbed by the Holy hand. If he were to be stabbed again, who knew what kind of problem he would have if he lost his mind?

Eh?

After a while, Yuan Kang suddenly found that he could speak!

He let out a few “ah” sounds and revealed a surprised and magical smile.

“Get out.”

Lin Hanxing rolled his eyes a few times in his heart before he gave the order in a deep voice.

The room quickly returned to silence.

Lin Hanxing walked to the single-seater sofa beside the bed and sat down. He looked coldly at Shangguan shixiu, who had not yet recovered.

“When did you start planning this?”

Lin Hanxing’s voice was slightly lazy, but there was an indescribable elegance in it.

Her right leg was elegantly crossed over her left leg, slender and straight.

With one hand on the side of her face, her slightly curly long hair had long since spread out behind her back, making her palm-sized face look even more delicate and delicate.

when I found out that the person who sold my information to the enemy in country D and put me in a desperate situation could be my brother ...

She asked.

He answered.

It was obvious that Shangguan shixiu had no intention of hiding anything from her.

you can't be sure which of the other four it will be, so ever since you released the news that your adoptive father wanted to choose the next successor from the five of you, you were waiting for him to make a move? "

Lin Hanxing's fingers tapped on the armrest of the sofa in a very regular manner.

Shangguan shixiu took in this action.

The Thunder valiant beast loved to do the same.

Those two people had unknowingly become more and more integrated into each other's bones and blood.

Realizing this, Shangguan shixiu's heart began to ache.

they don't know that ever since my body was broken, in my adoptive father's eyes, I had already withdrawn from the fight for the heir, and ...

Shangguan shixiu raised his head and looked at Lin Hanxing.

there's another prerequisite to becoming the Shangguan family's heir. Little Jiu, you're so smart, why don't you make a guess? " It was difficult to conceal the weakness in his voice. Perhaps Shangguan shixiu was only willing to release this kind of secret to Lin Hanxing, who was not easily exposed to outsiders.

Lin Hanxing rubbed his fingers lightly.

"Shangguan Yilu."

Four simple words had already pointed out the key points.

"Ha, not bad."

When he said this, Shangguan shixiu's eyes were filled with sarcasm.

"The first condition to become the Shangguan family's heir is to marry Yilu."

"....."

Although Lin Hanxing was already mentally prepared, when he heard Shangguan shixiu say this with his own ears, he still felt that his adoptive father was a little perverted.

"It's a pity that I guessed the beginning correctly, but not the ending."

Qinghe ...

however, you've guessed one thing right. Or perhaps, this has always been part of your plan.

Lin Hanxing's voice became calmer.

you used that person's photo to bait me. You knew that your tricks didn't work on me at all, and I would come to you sooner or later, so you waited patiently for me. You even deliberately didn't treat your wound and took the opportunity to reveal that you were still alive, so that those who wanted to kill you would attack again. They wanted to use my hands to help you deal with it ...

And the calmer her voice was, the more turbulent her inner voice was.

"I, just like that, became a part of your scheme."

Lin Hanxing's lips curved into a smile, but that smile had never truly reached his eyes that night.

Shangguan shixiu didn't say anything. It was obvious that he wasn't going to deny it.

"The deep affection in the eyes of outsiders is nothing more than this, nothing more."

Did she beg Shangguan shixiu to stand on the side of the first wangfei?

No, there wasn't.

But even so, in the eyes of others, they would only see that Shangguan shixiu had resisted his adoptive father's order for her. Those people would only say that he was deeply in love, and when she was mentioned, they would always label her as a femme fatale.

Uncle Liang's reaction was the best performance.

Who would have thought that there would be a game within a game!

This was the biggest difference between Shangguan shixiu and ah Xiao!

"I'm sorry," she said.

From the beginning to the end, Shangguan shixiu had never defended himself. His pale, almost transparent face was so feminine that it was hard to hide his fragility.

"Shangguan shixiu, Shangguan shixiu, if it was half a year ago, I'm afraid I wouldn't have let you off so easily!"

Lin Hanxing's smile disappeared, and his delicate little face looked extremely cold.

"But your life was saved by aunt Mian ..."

Lin Hanxing didn't want to break anything that had anything to do with aunt Mian.

Moreover, the relationship between Shangguan shixiu and ah Xiao ...

She slowly got up and walked to the bedside table. The moment she stretched out her slender fingers, the lifelike grass Dragonfly fell to the ground with a muffled sound.

"You can't stay here any longer. I'll have someone send you to Hua Ji later."

Lin Hanxing said coldly, not even looking at Shangguan shixiu.

"Do you know why I can't like you?"

Ever since they had parted when they were young and met Shangguan shixiu for the first time, her attitude towards him had always been cold and indifferent, as if there was a layer between them.

Lin Hanxing turned his head and looked at Shangguan shixiu coldly.

the feeling you give me can only be described in one word: you're fake.

Perhaps this was a necessary way to survive in the Shangguan family, but to Lin Hanxing, it was really annoying.

Then, he walked toward the bedroom door.

“If ...”

Behind him, Lin Hanxing suddenly heard Shangguan shixiu’s voice.

He stopped.

I’ve been honest with you since the beginning, and I hope you can help me. Will you agree? ”

He was ...

He had never been sure.

Shangguan shixiu’s slender fingers trembled slightly. He had never frowned even when he was given a clean wound without anesthesia, but now, as he looked at Lin Hanxing’s back, he was more nervous than ever.

Lin Hanxing’s hand fell on the doorknob.

He didn’t move.

After a while, she finally turned her head slowly to look at him.

“I will.”

.....

Hua Ji’s headquarters.

Within the quaint buildings, the four iconic sculptures that represented the four halls of Huaji were bathed in the night, giving people a sense of infinite Majesty and inviolability.

However, at this time, Hua Ji’s headquarters was quite lively.

This was because Lin Hanxing’s arrival tonight had welcomed a group of extremely ‘special’ guests!

[Chapter 1255](#)

1255 The right use always has unexpected effects (1)

“Girl, you’ve given me a big problem.”

When elder mu came out, Shangguan shixiu had already been sent to a guest room by the people of Hua Ji to recuperate.

Although he said that, his deep and powerful voice did not have the slightest heaviness of encountering a problem. Anyone with ears could hear the indulgence in this short sentence.

“If it wasn’t a difficult problem, why would I trouble you, elder mu?”

Shangguan shixiu's identity was special, and aside from Hua Ji, Lin Hanxing couldn't think of any other safe place.

Elder mu sat down opposite Lin Hanxing, still wearing his Tai Chi suit.

His eyes fell on her face.

This was the first time the two of them had seen each other since the incident with Thunder valiant beast.

Elder mu felt that Lin Hanxing's aura had changed.

He had become more reserved and unfathomable.

That night in the hospital, this girl had acted like she had been touched.

He was filled with bloodlust and hostility.

Even he was terrified when he saw it!

He was afraid that if that Lei brat really died, this girl would definitely overturn everything and be buried with him!

Fortunately ...

The Thunder valiant beast was still alive!

Unfortunately, those people still didn't know what kind of trouble they had caused!

"How did you offend the Shangguan family again?"

The Shangguan family was the most famous and mysterious Chinese family in country M.

Just hearing this name was enough to make ordinary civilians tremble in fear.

Lin Hanxing laughed.

"Maybe I have a special Constitution and like to attract evil spirits."

As he said that, he poured a cup of tea for Lei Xiao, as if he was in his own backyard.

But he didn't say much about the cause and effect.

As if he had thought of something, elder MU's gaze stopped on Lei Xiao for a few more seconds.

Lei Xiao's fingers paused as if he sensed something, and his Hawk-like eyes met his.

His eyes were cold.

In other words, other than when he was looking at the cold stars, the Thunder valiant beast was always this cold and indifferent.

It was as if no one could truly enter his eyes.

His muscular body, which was almost 1.9 meters tall, brought a strong sense of intimidation and oppression.

Seeing Lei Xiao's reaction, elder mu swallowed the words he was about to say. He gave a look to the side, and Zuo Xiangdong immediately understood and retreated.

"That's true."

Elder mu laughed as he stroked his long, snow-white beard.

"But no one's like you, causing so much trouble as soon as you landed!"

Lin Hanxing did not comment.

Soon, Zuo Xiangdong came back, and together with him were the 'special' guests!

"What's that smell?"

Yuan Kang sniffed, and a sour smell immediately hit his face.

He followed the smell and looked back ...

Yuan Kang covered his nose and jumped up from his seat as if he had seen a ghost.

"This ..."

What was going on?

Why did you bring a beggar here?

The leading old beggar was covered in dirt and his hair was unkempt. Even though there was someone in front of him, he didn't care and rubbed his chest back and forth. Soon, a large mud ball was rubbed off.

Yuan Kang almost vomited!

The words were stuck in his mouth and he was about to blurt them out, but he was successfully stopped by Lin Hanxing's cold gaze!

"Hey, little girl, I'll ask for a cup of water from you, how about that?"

The old beggar's eyes fell on Lin Hanxing and he grinned, revealing his yellow teeth.

If it was any other place, any time, it would only make people loathe him.

Lin Hanxing laughed.

In the night, the soft light scattered a Halo, as if it was coated with a layer of milky white. A quiet smile bloomed from the corner of her mouth. Without saying anything, she reached out for the teapot, picked up an empty cup, and poured herself some tea.

Without a sound, the dragon and phoenix rings on her fingers that symbolized the yuan and Li families flashed with a cold light.

The old beggar's grinning yellow teeth disappeared the moment he saw the Dragon-Phoenix ring.

There seemed to be some doubt in his eyes.

“Drink up.”

Lin Hanxing pushed the cup of tea in front of him and said these two words lightly.

This operation ...

Yuan Kang really didn't understand what was going on.

However, seeing that the others did not speak, he could only stand to the side quietly.

“I'm really going to drink it!”

The old beggar returned to his cheeky smile. His eyes were still on Lin Hanxing, but his dirty hands had already picked up the porcelain cup.

Lin Hanxing raised his hand and made a gesture of invitation.

The old beggar didn't stand on ceremony anymore and started to drink it.

There was no image at all.

It was purely to quench his thirst.

“Since we've finished drinking the water, we can talk about serious business now.”

Lin Hanxing only spoke again after the other party had finished drinking.

“I'm just an old beggar. What business do you have with me, little girl?”

After the old beggar finished speaking, he shook his clothes. The sour and rancid smell hit him again, making him feel nauseated.

There was a slap.

Lin Hanxing threw a small square card on the stone table, making a clear sound.

The old beggar, who had been frivolous, suddenly changed his expression when he saw the ancient square plate. He reached out to take it and carefully looked back and forth, as if to confirm something.

“Who are you?”

After a long time, the old beggar narrowed his eyes and looked at Lin Hanxing.

“Jiang city, Lin family's little nine.”

Lin Hanxing said unhurriedly, the sentence that he had been saying frequently recently.

When he heard these six words, the old beggar's eyes first rolled, then he took the initiative to sit down in the seat where Yuan Kang had just been sitting, and casually put the broken bowl in his hand on the stone table ...

There was a muffled sound.

“So you’re the heir chosen by Yuan shaojing.”

The old beggar called Yuan shaojing by his name without any courtesy.

Lin Hanxing smiled. The next second, he removed the Li family’s Phoenix ring from his finger and placed it on the stone table.

It was as if the Phoenix was about to soar into the sky. No matter how one looked at it, the Phoenix was so lifelike.

“At the same time, I’m also the new head of the Li family.”

Lin Hanxing looked at the old beggar and said, word by word.

From the beginning to the end, Lei Xiao, who was sitting beside Lin Hanxing, did not say a word. However, elder mu was secretly observing him. When he thought about what had happened before, his eyes were more or less probing.

Who in country G didn’t know about Lei Xiao?

He managed the Lei Corporation at such a young age and brought the Lei Corporation to a whole new level in just a few years. Most importantly, no one could believe that such a person in power had a private life as clean as a piece of white paper.

Self-discipline to a terrifying extent!

The more this kind of man was, the more ruthless he was!

Elder mu pondered in his heart, but he did not show it on his face.

“Impossible!”

As elder mu was thinking, he suddenly heard the old beggar’s cold laughter.

“The yuan family and the Li family are supposed to be irreconcilable!”

Upon hearing this, the people from Hua Ji, who initially did not know why Lin Hanxing wanted them to find a group of beggars in the middle of the night, turned serious. Someone who could bring up the old grudges between the yuan and Li families ...

How could he really be an ordinary beggar?

Hearing the old beggar’s words, Lin Hanxing removed the yuan family’s Dragon Ring from his finger and placed it beside the Phoenix ring.

“Nothing is impossible.”

She said.

[Chapter 1256](#)

1256 The right use always has unexpected effects (2)

The two rings seemed to sense each other, and a cold dark light floated from the Rings in the night.

For a moment, no one spoke.

Lin Hanxing tapped the stone table lightly with his fingertips. Even though the old beggar was staring at him with a pair of sharp eyes, he still maintained a calm attitude.

grudges are like love and hate. They are two sides of the same coin. The so-called life and death can not be merged, but in the end, they can not escape from judging the situation.

The old beggar and elder mu were stunned.

The old beggar's eyes became even deeper.

Elder mu could not help but sigh in his heart. What a good way to judge the situation!

He had spent decades understanding these principles, but this girl had already lived so clearly at such a young age. No wonder shaojing had picked her at first glance!

He was speechless for a long time.

The night wind brushed past the ancient trees, causing rustling sounds.

The next second, the old beggar who had been sitting in Yuan Kang's seat suddenly stood up. Before anyone could react, he knelt down in front of Lin Hanxing.

With this, everyone who had come with the old beggar knelt down.

“.....”

Yuan Kang's voice wasn't sealed by the acupuncture needles this time, but he still seemed to have lost his voice at this moment. He was so shocked that he couldn't come back to his senses!

This was F * cking ...

What was going on?

Why did these beggars suddenly kneel down while they were talking?

And to Lin xiaojiu at that?

“Meng Jiu was disrespectful before. Please punish me, patriarch!”

“.....”

Yuan Kang felt like fainting, especially when he heard the words “family head.” His gaze swept over the two family head tokens on the table. For a moment, he couldn't quite distinguish between the two. This so-called Meng Jiu ...

Was it someone from the yuan family?

Or someone from the Li family?

“I finally understand.”

After a brief moment of shock, elder mu was the first to recover.

Li Yanyu!

This woman, who was once regarded as a legend in country G, lost her parents in an accident when she was a teenager and was kicked out of the Li family the next year. However, she returned in just five years. Not only did she reshuffle the power of the Li family by herself, but she also firmly sat on the position of the head of the family!

Everyone had heard of li Yanyu's vindictive and ruthless methods, but they couldn't help but admire her ability to turn stone into gold!

At the same time, the few big families in country G kept quiet about her.

According to the rumors, the reason for this was because li Yanyu had a special notebook in her hands!

And the contents of the letter were all unspeakable secrets of the wealthy families in country G that no one else could know!

They were all controlled by li Yanyu!

Initially, elder mu had thought that this was just a groundless rumor. However, he had once asked li Yanyu out of curiosity if this was true ...

Back then, how did li Yanyu answer him?

Xuanji could turn fake into real, and real into fake.

But now, elder mu finally understood that the rumors were true!

It wasn't as simple as finding a beggar for that girl today. Other than the beggars, there were also servants who had worked for almost half of their lives in the big families of country G.

These people were either mediocre or useless. In short, they were the kind of people who couldn't be found in a crowd.

Who would have thought?

Who would have thought?

Others might not be able to recognize it, but how could he not?

That girl from the Li family had left for so many years, but these people were still hiding in the major families. Who knew how many unknown secrets they had collected in so many years?

"All of you, rise."

Lin Hanxing's long eyelashes fluttered as he slowly put the Dragon-Phoenix ring back on his fair finger.

It was as if he had not heard elder MU's words.

Soon, she took out another photo.

He raised his head and looked at Yuan Kang. This time, Yuan Kang quickly came back to his senses and walked over to Lin Hanxing to take the photo and pass it to the people.

For a moment, it was very quiet.

The photos were passed around silently from the hands of those people, and the longest time they stayed in each person's hands was no more than five seconds. Everything was carried out in an orderly manner, as if they were shooting a silent movie.

When the photo was passed back to Lin Hanxing through Yuan Kang's hands, another photo was handed over.

He passed it around again like before.

"I hope that you can remember these two faces clearly in your mind. Once you find them, you must immediately inform them."

Back then, even after aunt Mian had left, the information Network that she had spent so much effort on was still there. According to li bingshou's accounts, the Li family's biggest expense over the years had been to support the Dark Network.

keep this token well, old Meng. With it, you can enter the Li family's residence without any obstructions, but ...

Lin Hanxing's tone suddenly changed, his voice becoming cold and deep.

"If you don't have this token, you will die!"

As soon as these words were spoken, there was no shock on the faces of the people in front of him. They only responded with a single word in a deep and powerful voice.

Yes!

Soon, those people left the place under the guidance of Zuo Xiangdong.

If it wasn't for the sour smell that still lingered in his nose, no one would have believed that there had been many beggars standing there just now. Yuan Kang still hadn't recovered from the shock.

However, his brain was spinning quickly, and he had already vaguely guessed that those people probably had no relationship with the yuan family.

If it wasn't the yuan family, then it had to be the Li family!

This once again made Yuan Kang realize how far-sighted the previous head of the Li family was.

Inexplicable.

Yuan Kang felt his blood boiling.

Little nine may seem cold and heartless, but she's the most emotionless person in the world. You can learn a lot from her.

He couldn't help but recall what Shangguan shixiu had said in the forest Villa.

He could learn a lot from her!

"I didn't expect that the Li family's girl ..."

Elder MU's voice carried a hint of reminiscence as li Yanyu's figure appeared in his mind.

Extreme wisdom will hurt, deep love will not live long.

It was a simple sentence, but it became the epitome of her life.

However, these emotions were not good to be said in front of the younger generation. The words that were originally on the tip of elder MU's tongue eventually took a sharp turn.

"They actually used those people."

Lin Hanxing smiled.

"If you use it correctly, there will always be unexpected effects."

Even though she knew that elder mu had not meant to say this, she had no intention of exposing him.

As soon as he finished speaking, everyone fell silent.

"There's something I forgot to tell you."

Elder mu suddenly opened his mouth, but before he spoke, his eyes swept over the Thunder valiant beast's direction.

Lin Hanxing raised his head and looked at him.

"Do you still remember what I told you at the hospital on the night of Mr. Ray's accident?"

As soon as elder mu spoke, Lin Hanxing frowned.

What had happened that night was a thorn in her heart that tortured her all the time.

However, Lin Hanxing quickly regained his composure.

Yingluo, someone bought your life with a hundred million Yuan!

He quickly found this sentence in his mind.

"100 million."

Lin Hanxing said calmly. Elder mu looked at her approvingly.

Talking to smart people was always this straightforward.

"Things have changed!"

[Chapter 1257](#)

1257 Young master yunbai

"The price has increased?"

Lin Hanxing replied with a half-smile when he heard elder MU's words.

It was a joke, but when she saw elder MU's expression, she raised her eyebrows.

“Could it be that the price has really increased?”

“Yes.”

With a clatter, Lei Xiao, who had not spoken a word, placed his teacup on the stone table. His deep eyes fell on Lin Hanxing’s face, and he had a smile that others could see through without even guessing.

He slowly extended three slender fingers.

“From 100 million, it has increased to 300 million,”

“.....”

Gulp! Yuan Kang swallowed his saliva.

The sound was so loud that it was like a TV special effect.

“So, I’ve broken the record again, right?”

Lin Hanxing held his chin with one hand and looked at his man, but there was no trace of fear in his tone.

On the contrary, it was more like teasing.

“From a certain perspective, I have broken two.”

The Thunder valiant beast’s body was stretched by the light and shadow, and was thrown onto the ground.

It was as if there was no one else around.

“.....”

Yuan Kang and elder mu looked here and there. They tried to ignore the pink bubbles in the air, but they failed ...

Well, the interaction between the two of them ...

He was too strong!

“The other one is ...”

After hearing what Lei Xiao said, Lin Hanxing became very curious about the other person.

Thunder owl did not speak, but turned to look at elder mu.

Receiving the gaze, elder mu coughed twice. After attracting all the attention, he opened his mouth to reveal the answer.

the Yun Ding casino has issued a top secret order. Who dares to accept your Case ...

Elder mu looked at Lin Hanxing and continued to reveal the main event.

“Someone will pay ten times the amount to buy the life of the person who takes over!”

Three hundred million, ten times ...

After he finished speaking, elder mu looked at Lei Xiao thoughtfully.

“No upper limit!”

In other words, as long as someone dared to accept it, this secret order would be valid for life without any time limit!

However, in elder MU’s eyes, the most crucial part of the whole incident was the interference of the cloud cauldron gambling den.

How special was this place to country G?

“Cloud cauldron casino?”

Lin Hanxing carefully studied the words. From elder MU’s expression, this was obviously an impressive place.

She had heard of it before.

Yun Ding was the only legal casino in country G. Back then, a mysterious businessman had invested a huge sum of money to develop and build it. The overall building area was about 5000 hectares, and it was also the largest Highland summer resort in Southeast Asia.

At the same time, it was also one of the few famous casinos in Southeast Asia comparable to Macau, Macau, and France. Its size was self-evident.

“Girl, do you know the boss behind Yun Ding?”

Elder mu asked.

“You really think I know everyone?”

Lin Hanxing asked with a smile.

Elder mu didn’t say anything, but his eyes once again swept towards the Thunder valiant beast.

However, other than the time when he was joking with Lin Hanxing, he had returned to his usual cold state, which sent chills down one’s spine.

“Looking at your appearance, elder mu, it seems that there’s something else hidden within the cloud cauldron?”

As Lin Hanxing spoke, he caught a glimpse of Yuan Kang’s face.

Ever since he had heard the words ‘cloud tripod casino’, his expression had been extremely strange. Although he tried to hide it, his absent-minded eyes seemed to be hiding something.

However, Lin Hanxing did not say anything at the moment. He only looked at her but did not expose her.

it’s the only no-man’s land in country g. How can it not be special? ”

Three doesn’t care?

Lin Hanxing's hand paused, waiting for him to explain.

black doesn't care, white doesn't care, and the royal family doesn't care. Isn't that the same as not caring about three things!

Yuan Kang mumbled.

Lin Hanxing did not say anything. He seemed to be thinking about the meaning behind this non-governmental policy.

For various reasons, the higher-ups of country G were against the idea of gambling. However, in a country like this, the Yun Ding casino was doing well and had obviously become a living signboard for country G's tourism industry.

"Yuan Kang is right, but other than that, there's another thing that people fear the most about the cloud cauldron casino. Everyone can buy the information they need there ..."

Elder mu said as he stroked his snow-white beard.

"As long as you have the money."

Lin Hanxing raised an eyebrow.

From the sound of it, the cloud cauldron was quite to her liking.

"There's a young master yunbai there, and he's considered the person in charge on the surface. Even I have to show some respect when I meet him. All these years, there have been so many people living in luxury in the cloud cauldron, but no one has dared to cause trouble there."

"Interesting."

It was rare for Lin Hanxing to be interested in elder MU's words.

all these years, Yun Ding has never been involved in Foreign Affairs, and wanran has become a public information trading platform in country G. But this time, you've made an exception, so there are many different opinions!

Young master yunbai?

in that case, if I don't thank this young master yunbai in person, it would seem a little too unreasonable?"

Elder mu smiled without saying a word.

It was obvious that they didn't want to interfere too much.

"I'm not going!"

As soon as Lin Hanxing finished speaking, Yuan Kang was already acting like he would rather die than submit.

Lin Hanxing turned to look at Yuan Kang.

"What did you just say?"

Her lips were curled up in a smile, and she didn't sound angry at all. However, her words made Yuan Kang tremble.

He looked aggrieved.

"The baby will die!"

Lin Hanxing looked at him from the corner of his eyes. His expression was immersed in the dim light, making it difficult to tell whether he was happy or angry.

He raised his hand and picked up the teacup in front of him.

On the other side, Yuan Kang thought that she had really let him go. Just as he felt relieved, he was shocked by the big palm that suddenly landed on his shoulder.

He turned his head and looked ...

It was actually the Thunder valiant beast?

At that moment, the Thunder valiant beast was staring at Yuan Kang with his cold and sharp eyes.

"Don't be afraid."

When the two cold words left Lei Xiao's mouth, Yuan kangdou broke out in a cold sweat. His years of training in his ability to read people's expressions clearly made him more afraid of Lei Xiao.

"I'll make you die faster."

When Lei Xiao finished his last sentence, Yuan Kang wished he could just roll his eyes and faint.

He knew it!

Lin Hanxing used the teacup to block his lips, but the corners of his lips were curled up. He was obviously in a good mood.

"Why do I die when I go to the cloud cauldron? Who did you offend inside?"

It was a hit.

Yuan Kang's expression turned obscure as he thought of something.

Elder mu closed his eyes and continued to stroke his long white beard. He had heard about this matter, but it was not appropriate for him to interrupt the young people's Affairs. It was better to remain silent.

Lin Hanxing glanced at Yuan Kang's expression.

Sacred hands, who had left with Shangguan shixiu just now, happened to come back and hear this. He looked at Yuan Kang's expression with an inexplicable expression, poured himself a cup of tea, and drank it.

"Oh, so you've been set up,"

It was a simple sentence, but it made Yuan Kang stand up abruptly. The veins on his forehead were bulging, and it was obvious that what was on his mind had been hit.

How could her eyes be so sharp!

[Chapter 1258](#)

1258 Then I'll get back my lost face

Just as he was saying that, he heard a "pfft" sound from sacred hands 'side. The tea that he had just drunk was all sprayed out towards Yuan Kang's face, not a single drop was wasted!

"Drugged? Where did you put the drug?"

Holy hand's eyes widened. With him around, which bastard would dare to mess with the Grand Duke?

"....."

"....."

"....."

Lin Hanxing pursed his lips and suppressed the smile on his face.

The fact that Saint hand had misheard him helped Yuan Kang to calm down. In addition, the cool breeze under the towering tree made him shiver instantly. He opened his mouth and sat down dejectedly.

After all, this was a knot in his heart.

"What's the situation?"

Seeing this, sacred hands knew that he must have made a big mistake. He pursed his lips and sat down without saying a word.

But ...

Saint hand, who was used to Yuan Kang's constant blabbering on the way here, was now mumbling in his heart, "why did this Yuan guy suddenly become like a gourd with its mouth cut off?"

Yuan Kang didn't say anything, but Lin Hanxing wasn't in a hurry.

His gaze looked over everyone's shoulders and into the distance, his thoughts unknown.

Others might not understand, but with just a glance, Lei Xiao understood.

Regardless of the identity of the person who set Yuan Kang up, Hanxing would probably stand up for him.

If Yuan Kang had taken the opportunity to bring up the past when Han Xing had started the conversation, the result would not have been like this.

As a matter of fact, the first time they encountered The Five Venoms at the yuan family, Yuan Kang tried to block the attack of the venomous snake for Han Xing. The second time they encountered the Tibetan Mastiff at the Li family, Yuan Kang did not run away on his own. And now, after what happened today, Lei Xiao was no longer as cold to Yuan Kang as he was before.

Naturally, Yuan Kang knew about Han Xing's and his abilities. With his intelligence, it would be a piece of cake for him to get them to help him vent the anger he had accumulated over the years.

But he didn't.

Just this point alone was enough to make Lei Xiao think highly of him.

Although he and Han Xing weren't kind people, there was one thing they couldn't accept ...

Mind's eye was something that could be used on others, but definitely not on one's own people!

Lin Hanxing took the last sip of tea and stood up slowly.

"Let's go," he said.

The word "simple" stunned the others.

"W-where are we going?"

Sacred hands looked up and said.

"Cloud cauldron casino."

Hearing this, Yuan Kang's eyes lit up, but he quickly calmed down.

although I don't know if I'm overthinking things, Lin xiaojiu, you sneaked out tonight. If you make too much of a scene, you'll be in trouble!

Yuan Kang's brows were tightly furrowed. He still knew the severity of the situation.

This time, however, Lin Hanxing did not even listen to him. He simply said goodbye to elder mu and walked towards the exit.

Yuan Kang only came back to his senses after they had walked a distance away. He hurriedly chased after them.

"Master."

The man in the Tang suit, who had been standing in the dark, walked out and looked at elder mu, who was watching Lin Hanxing leave with a relaxed expression.

"It's good to be young."

After a long time, elder mu smiled and shook his head.

.....

The night was dark.

The black business car slowly drove on the road to the cloud tripod casino.

As soon as they got on the carriage, Lin Hanxing leaned against Lei Xiao and closed her eyes to rest. Her porcelain white and delicate little face was immersed in the flickering lights in the carriage. Because there were other people around, the cold aura around her did not disappear.

“That man is the young master of the senanda family.”

Yuan Kang’s voice suddenly sounded.

He seemed to know that he could not stop anything, so he told Lin Hanxing everything just in case.

The senanda family was the family that owned the ‘bank’ of the second consort.

The whole thing was actually very simple.

In other people’s eyes, Yuan Kang was an unimportant branch of the yuan family. Not only was he not respected outside, but even the young masters and young mistresses of the yuan family treated him like a dog.

Even so, Yuan Kang still had to swallow his anger for the sake of living.

At this moment, he still didn’t know that a storm that was enough to destroy his self-esteem was quietly approaching.

At that time, the senanda family was in the limelight because they had two consorts in a row. It was also because of this that they secretly tried to win Yuan shaojing and even the entire Yuan family over to their camp.

Unfortunately, no matter how hard they tried to persuade him, Yuan shaojing still didn’t have any intention of giving in.

This greatly displeased the senanda family. They thought that the yuan family did not know how to appreciate their kindness, so they decided to beat around the bush and teach the yuan family a lesson.

Soon, the young master of the senanda family came up with an extremely sinister plan.

While Yuan shaojing was attending an International Economic Conference abroad, he found someone to lure the son of the fourth son of the yuan family into a casino. He became addicted to gambling and lost all his money overnight. On the contrary, he even owed a million Yuan in foreign debt. At this time, a paper agreement was placed in front of the yuan family.

The agreement was simple.

Either the son of the fourth son of the yuan family paid the money back and left his hands behind, or he would kneel down and crawl under the crotch of the young master of the senanda family and write off the debt!

Either of these two choices was enough to make the yuan family lose face!

For things to have developed to this point, it actually had nothing to do with Yuan Kang. However, if there was anyone to blame, it would be the yuan family who had the wrong idea and tricked him into signing the agreement that was supposed to be signed by fourth brother’s son.

After all, in the eyes of that group of people, Yuan Kang was just an insignificant nobody.

It was better for him to lose face than for them.

What happened after that didn't need to be explained. Even if Yuan Kang found out, it was already too late. Those old things in the yuan family threatened him with his mother's life and forced him to submit ...

"What happened after that?"

Seeing Yuan Kang's silence, sacred hands couldn't help but ask. But after asking, he felt that it didn't seem appropriate, so his expression was subtle.

The carriage was shrouded in silence.

"Ha, I don't have money, but you want to keep my hand, what do you think?"

Yuan Kang sneered.

In the dark night, Lin Hanxing slowly opened his eyes and looked at Yuan Kang quietly.

I will never forget how that man looked down at me with a cold smile. His eyes were full of disdain and he told me that I'd better not appear in front of him in my life, or he would cut off my hand at any time!

As for the young master of the senanda family, he was addicted to gambling and now lived in a hotel in Yun Ding all year round.

If she went to the Yun Ding casino, she would definitely meet him!

"Do you hate me?"

Lin Hanxing suddenly spoke, his voice cold.

Yuan Kang didn't respond for a long time.

Hate?

Hate!

So what if he was hateful?

Was he really going to let that person crawl under his crotch? Or cut off his hands?

The second Princess Consort was not dead yet!

Moreover ...

There was another one ...

Apart from the second Princess Consort, there was another Princess Consort in the senanda family!

"Then get back your lost face."

After saying that, Lin Hanxing leaned back against Lei Xiao and closed his eyes.

Xuanji xiaojiu might seem cold and heartless, but she was the most emotional person in the world.

Shangguan shixiu's words lingered in Yuan Kang's ears.

Get it back ...

Could he?

[Chapter 1259](#)

1259 An unexpected fortune

Yun Ding casino.

The car slowly drove up the mountain.

The higher they went, the lower the temperature became. Clouds and mist gradually enveloped them.

This was also one of the characteristics of the cloud cauldron, which was located at an altitude of 1800 meters.

“Miss Lin, we’re here.”

Zuo Xiangdong, who was a senior executive of Hua Ji, was a full-time driver tonight. He spoke respectfully without any dissatisfaction in his tone.

“Yes.”

Lin Hanxing had opened his eyes.

Her gaze fell on the outside of the window.

the mountains gather Qi, water, and wealth. This place is truly a land of treasures.

Above the real clouds!

With just a glance, Lin Hanxing could tell that the Feng Shui Bureau here was of the highest quality.

“F * ck, you even know how to read Feng Shui?”

Hearing Yuan Kang’s words, sacred hands couldn’t help rolling his eyes.

“If I tell you that she also knows fortune-telling and bone-feeling, are you going to be scared to death?”

One had to know that before the sacred hands had even met Lin Hanxing, he had already been brainwashed by Yan beiming in all aspects. He could not wait to praise little Hanxing to the heavens.

“.....”

Hearing this, Yuan Kang looked at Lin Hanxing from head to toe with a strange expression.

When he finally managed to attract the attention of the Thunder valiant beast, he immediately looked away in guilt.

“Only a ghost would believe that she can read fortunes just because you said so!”

Lin Hanxing’s lips curved into a smile when he heard Yuan Kang’s words.

Then, she stretched out her fair finger.

"I've calculated that you'll receive an unexpected fortune today."

Lin Hanxing said lightly, leaning lazily on the black leather seat, his eyes filled with ridicule.

"An unexpected fortune?"

Yuan Kang's eyes suddenly lit up.

Lin Hanxing didn't answer, but looked at Zuo Xiangdong through the rearview mirror.

Soon, Zuo Xiangdong got out of the car.

Not long after, he took something out of the trunk and opened the door again.

A black suitcase was placed in the back.

Lin Hanxing picked up the suitcase and with two clacking sounds, the contents of the opened suitcase were presented to Yuan Kang.

"....."

OMG.....

The suitcase was full of stacks of money, which dazzled the eyes.

It was as if it had just been taken out not long ago, and there was still the smell of ink and money.

Lin xiaojiu, what do you mean? "

Yuan Kang was completely dumbfounded by her sudden movement.

Yuan Kang's brain had not been working well since he started working for her, so he asked directly.

there's one million in here, and there's more behind. What you need to do after you go in is to exchange all this money for chips. Mr. Zuo will follow you and be responsible for your safety.

Lin Hanxing pushed the suitcase full of money in front of Yuan Kang.

Behind the car, there were about nine such boxes, all of which were full of cash.

"All of them?"

Yuan Kang couldn't believe his ears.

"All of them."

"What if I lose?"

Even if he sold himself, he wouldn't be able to afford so much money.

"Hehe."

Hearing Yuan Kang's words, a lazy smile appeared on Lin Hanxing's delicate face.

For some reason, Yuan Kang shivered when he saw the smile on her face.

"I don't think you understand what I mean."

As he spoke, Lin Hanxing fiddled with the ring on his finger. His long eyelashes trembled slightly as he continued.

Yuan Kang raised his eyebrows.

What was she trying to do?

"I want you to lose everything!"

Lin Hanxing's voice came into Yuan Kang's ears as he was thinking.

Oh, so it was to make him lose money!

Hearing her words, Yuan Kang subconsciously opened his mouth to respond, but suddenly ...

"What did you just say?"

[Chapter 1260](#)

1260 You can't win money, do you need me to teach you how to lose money?

Yuan Kang was even doubting if there was something wrong with his ears!

Lose ... Lose money?

Lose all of them?

He was going to lose all of this tonight?

"What's wrong? You can't win, but do you need me to teach you how to lose?"

Lin Hanxing's beautiful eyebrows raised slightly.

"....."

Yuan Kang seemed to be able to easily see the disdain in her beautiful eyes.

Believe it or not, I'll turn you into an idiot with one punch!

"It's impossible for me to win all of them, but it's too difficult for me to lose all of them ..."

To put it bluntly, gambling was a matter of probability. Unless you could calculate everything before the game started, how could you not win after playing for so long?

This time, Lin Hanxing did not look at him.

His eyes fell on the medicine box that sacred hands carried with him.

your acupuncture needles are quite good. Do you mind if I take one? "

After all, sacred hands 'acupuncture needles were a complete set, and it was not easy to complete it without one.

Hearing this, sacred hands laughed heartily and lowered his silver-white hair. When he looked up again, the acupuncture bag in his hand was spread open, and a row of bright silver needles were inserted into it.

“Pick whatever you want.”

While he was at it, he made a heart sign at Lei Xiao ...

Ah, the action of counting money ...

Ray didn't have much but he had a lot of money!

Lin Hanxing's fingertips gently brushed across the fine and tough acupuncture needles. The white and silver needles reflected each other, making people's hearts palpitate and their hearts flutter.

In the end, she picked one out from the middle.

“Get out of the car.”

As Lin Hanxing unhurriedly wrapped the acupuncture needles around her slender fingers, she and Lei Xiao got out of the car first.

According to the rules, the doorman quickly welcomed them.

There was a special parking lot on the mountain. He handed the car keys to the doorman and he would drive the car over.

The doorman came over and was stunned.

In the clouds, a handsome man and a beautiful woman were standing in the dim light.

It wasn't that they hadn't seen a handsome and beautiful person in their line of work, but this was the first time they had seen such a striking match. It was to the point that they couldn't come back to their senses for a long time after the first glance and just stood there in a daze.

It was a little cold at the top of the mountain.

When Lei Xiao got out of the car, he had a light purple shawl in his hand and was wrapping it around Lin Hanxing without saying a word.

“It's cold inside.”

Yuan Kang and the others got out of the car after he finished speaking.

The black suitcases in the back seats were carried by the three men respectively. At the sight of them, Zhang tie knew what was inside.

This also attracted the attention of others.

After all, in today's era of rapid social development, credit cards had long replaced this old Hong Kong style of exaggeration. At least, the last time these doormen saw someone like this ...

It was a few years ago when he came to help a rich man's tour group.

The night wind ruffled Lin Hanxing's long, curly hair. She tucked it behind her ear with a cold expression on her face. However, she stopped moving very quickly as if she had thought of something.

He looked at Lei Xiao, who was standing beside him.

It was cold inside.

So, ah Xiao had been here before?

Inside the rotating door, the lobby manager was giving instructions to the others through the walkie-talkie. His eyes inadvertently glanced outside, but then he looked away.

However, very quickly ...

He suddenly turned his head and looked out of the revolving door!

He rubbed his eyes!

He didn't even hear the person on the other end of the walkie-talkie asking him questions after he went hoarse.

Am I seeing things?

She rubbed her eyes and continued to confirm, but the more she looked, the more nervous she became!

Mother!

Something big had happened!
