

Goodnight 1261

Chapter 1261-full exchange

At that moment, the lobby manager's legs went soft.

Almost reflexively, he ran out of the revolving door for his life, afraid that he would lose his life if he was late.

"We can't finish it!"

Yuan Kang said in an aggrieved tone. He did not expect Lin xiaojiu and Lei Xiao to lower themselves. Before they could do anything, he would probably be scared to death!

"Lightning ..."

A black figure suddenly appeared from the rotating door. The words were just on the tip of his tongue, but the next second, when he met the other person's eyes, he shivered. The words that he was about to say were instantly replaced by something else.

"You, and you! What are you standing there for if you're not going to help the guests?"

The doorman was about to curse, but when he saw that it was the lobby manager, he was shocked.

"This manager is from Guangdong, right?"

Yuan Kang came over and whispered while the other side was still busy.

Why did the word 'you' sound so ...

As soon as he finished speaking, someone took the black leather suitcases from their hands.

That speed was really too fast for anyone to catch up with!

these few are unfamiliar faces. Why don't you let me personally bring you around to familiarize you with the environment? "

The lobby manager had a serious smile on his face, and no one could see anything wrong with it.

Only the heavens knew that he had a completely different look of fear in his heart.

Lin Hanxing looked at him and smiled faintly but meaningfully.

"Let's go," he said.

He didn't say a word of nonsense and walked inside.

The manager quickly wiped the sweat off his forehead when no one was paying attention. He glanced at the back of Lei Xiao from the corner of his eye and muttered in his heart.

However, sacred hands smiled when he passed by him.

"This manager is a little weak, he's sweating so much."

"....."

I'm already very cultured for not peeing my pants!

Even though he was thinking this in his heart, he still had to maintain an amiable smile on his face. In a few steps, he caught up with the group of people who had already entered the cloud cauldron and entered battle mode!

"What's wrong with the manager?"

After everyone had disappeared into the revolving door, a few doormen who didn't leave with their suitcases gathered together and whispered.

In the past, that group of higher-ups were all very arrogant.

When had he ever seen such a flattering appearance to a new customer?

Who knew how many tour groups would come here in a day? which one of them could receive such special treatment?

It was really red Rain!

.....

Although it was already late at night, the inside of the cloud cauldron was very lively.

Originally, they had to go through a strict security check before they could enter, but they didn't know what the manager had done, but they had completely avoided the trouble of security check.

Lin Hanxing's eyes swept across the surroundings.

The interior's luxurious decorations were very ingenious. The fresh air system was on all year round, so there was no smell that would spread out because most people were squeezed in one space.

Soon, they arrived at the place where they could exchange chips in the casino.

"Miss, Sir, how much do you want to exchange?"

The counter was packed with people, and the staff at the counter stood up when they saw that the manager was personally welcoming the guests.

She called out to the manager.

Lin Hanxing glanced at Yuan Kang.

He did not say anything.

"Ahem."

Yuan Kang remembered what Lin Hanxing had said in the car. He coughed twice to attract the manager's attention, then continued.

"All in."

"Alright, full is ... Full?"

The manager was still maintaining a polite smile a second ago, but the next second, when he came to his senses, his eyes suddenly widened!

His eyes swept behind him ...

[Chapter 1262](#)

1262 It's really eye-catching

"Yes, all in!"

Yuan Kang confirmed it again with certainty. Looking at the manager's lost expression, he thought that he must have been the same stupid person in the car just now. He felt that he had won the game and was in a good mood.

He beckoned for the group of people behind the manager to place the black suitcases on the counter.

The tourists who had come to exchange chips before were no longer in a hurry and stood to the side to watch the show.

It was accompanied by a continuous cracking sound ...

The suitcases were opened by those people!

"Heavens ..."

One after another, exclamations of shock rang out from the side.

After all, just looking at so much money was enough to shock people from the bottom of their hearts, and after the shock, it was a sense of excitement that came from their bones.

So much money, how many chips did he have to exchange for!

Even the person at the counter was stunned.

Credit cards and online payments were very advanced nowadays. They had not seen so much cash in a long time!

This was a completely different feeling from online collection!

After all, online transactions only required a string of numbers to be transferred to the account on the screen, but right now, there was a lot of money in front of them!

The manager glanced at Thunder valiant again.

Lin Hanxing frowned impatiently, perhaps because he had been delayed for too long.

Lei Xiao took in the impatience in his eyes, and his eagle-like sharp eyes swept over the manager coldly.

"What are you still standing there for?"

The manager immediately slammed the table a few times, and even his eyes became serious.

No one noticed.

In the corner, a figure disappeared after seeing Yuan Kang.

The person at the counter didn't dare to delay.

Soon, all the procedures were completed. However, because the amount was too large, the chips were changed into another electronic form, which saved him the trouble of having to hold the chips in his hand.

The manager only heaved a sigh of relief after everything was settled.

Only the heavens knew that he had thought that he was going to die Here!

Yuan Kang looked at the electronic chip that looked like a keychain in his hand, his expression a little conflicted.

Thinking about how the boxes of money had been exchanged for such a small thing, he suddenly felt an indescribable sense of loss.

No wonder people said that this casino was half heaven and half hell!

After getting the chips, the group continued to walk inside.

However, the manager was a few steps slower this time.

Seeing that the people in front of him had walked quite a distance, he seized the time to knock on the cabinet again.

quickly inform young master to enter special-class mode!

Hearing the manager's words, everyone was shocked.

The status of the cloud tripod casino was divided into special, A, B, C, and so on. Special was, of course, the highest level of security, and this was the rule set by young master Yun Bai.

Because of the different people who came, they enjoyed different levels of treatment.

Special grade ...

Since the establishment of the cloud cauldron casino, it had never used such a level of power!

Lin Hanxing and the others had no idea what had happened behind them.

They had already entered the casino.

It was a hubbub of voices!

In the vast Hall, as far as the naked eye could see, there was a wide variety of competition stages, everything one could think of!

"Here's the roulette, baccarat, there's 21 points over there ..."

The manager had a smile on his face because he was talking about what he was best at, so he naturally had more confidence.

He had a good eye.

He knew that the person he should curry favor with was the beautiful little girl standing at the top.

“Bet on that, place your bet.”

Yuan Kang was still a little nervous, but he was startled when he heard Lin Hanxing’s voice in his ear.

[Chapter 1263](#)

1263 Isn’t this young master yunbai?

Just as he turned his head, he saw Lin Hanxing’s cold face as he casually pointed at a certain place.

“Bet ... Bet?”

Yuan Kang was slow to react, so he didn’t catch up. The manager, who was standing aside, spoke up. miss, let’s go to the VIP room. The environment there is better.

As she spoke, she sneaked a glance at a certain someone beside her.

The guests received in the VIP hall were only limited to members with gold cards and above, and those who could obtain the membership of gold cards and above were not as simple as having money.

“No need, we’ll do it here.”

As Lin Hanxing spoke softly, Yuan Kang acted without hesitation.

“How much do you want to bet?”

However, when he was confirming the amount of chips, he still turned around and looked at Lin Hanxing with some hesitation.

“Two hundred.”

Lin Hanxing replied indifferently.

And the so-called two hundred was naturally in the units of ten thousand.

Yuan Kang obediently handed over the electronic chips in his hand.

Very quickly.

He had lost everything.

Yuan Kang felt a little heartache.

Not to mention, the people around him were gloating over his misfortune.

However, before he could recover from the pain, Lin Hanxing had already walked in the other direction without a change in expression.

“Continue with two hundred.”

Lin Hanxing spoke again as he adjusted his light purple shawl.

Yuan Kang reached out his hand to pay.

Very quickly, he lost all his money.

This repeated over and over again. Whatever Lin Hanxing said he would buy, Yuan Kang would buy. The amount was always the same, two million each time, but the result was always a terrible loss.

The lobby manager's heart was beating wildly.

Although he had seen countless gamblers in the cloud cauldron, this was the first time he had seen one lose so calmly.

Not long after.

The first batch of money they had brought had already been lost.

Yuan Kang only felt that his nerves were going numb. He had lost tens of millions in such a short time, but the point was that he didn't even hear the sound of water splashing before it was gone ...

He had never felt that he was such a prodigal in his entire life!

The commotion here quickly attracted the attention of most gamblers!

Not to mention how eye-catching Lin Hanxing's appearance was, just his posture alone was enough to make people speechless.

Which family's young miss was this?

Rich to such an extent?

"You spent all your money?"

Lin Hanxing's expression did not change at all.

His tone was leisurely.

"No,"

Yuan Kang answered. He felt empty after losing so much money.

"Then go and reattach it for me."

Lin Hanxing didn't even look at Yuan Kang, his voice was calm as if he was discussing the weather with someone.

Still ... Continuing?

Upon hearing this, not only were the manager and Yuan Kang surprised, even the people around them were in an uproar.

She had just lost ten million, and she still wanted to continue?

Since Yun Ding was the only legal casino in country G, there must be a mix of good and evil people inside. Over the years, many people had gambled to the point of bankruptcy, but this person in front of her ...

It was rare!

The key was that she was too calm!

His expression didn't change, or was he just pretending to be calm?

The manager subconsciously wiped the sweat off his forehead and kept looking at Lei Xiao.

He just treated it as if he was the one paying.

no need to go through so much trouble. You can continue playing. Just record it in the electronic chips and settle the bill at the end.

Suddenly.

A slightly deep and pleasant male voice rang out not far away.

The moment they heard the voice, everyone in the casino was stunned. They all looked in the direction of the voice as if they couldn't believe their eyes.

This was ...

Isn't this young master yunbai?

[Chapter 1264](#)

1264 Waiting for someone to take the bait

I've lived long enough to see you!

As the person-in-charge of the cloud cauldron casino, everyone naturally recognized him!

However, recognizing it was one thing, seeing it with his own eyes was another!

Some people spent most of their lives in the cloud cauldron and might not even get to see him once!

This was really a living Yun Bai!

Everyone's eyes couldn't help but land on his face, as if they wanted to seize the time to see him for real!

Lin Hanxing was also looking at Yun Bai.

He was very young.

He was so handsome that it was unforgettable.

She was like a flower on a snowy peak, peerless and out of this world.

The casino, which should have been full of people, was dead silent except for the sound of the machine operating.

"Yes."

Now, Lin Hanxing was sure that he really did not know him.

Yun Ding's so-called reason for making an exception for himself was rather thought-provoking.

Yun Bai walked slowly towards Lin Hanxing, his dark and warm eyes landing on her face. The lobby manager, who had long been used to seeing his different side, shuddered secretly and tried her best to lower her presence.

He was getting closer and closer.

An almost 'amiable' smile bloomed on Yun Bai's face, causing the onlookers to be dumbfounded!

"Miss Lin, today ..."

He had just started speaking when he noticed a subtle change in Yun Bai's expression. He stopped three steps away from Lin Hanxing, and his handsome face turned serious.

He stopped talking.

The cold glint in Thunder valiant beast's eyes disappeared.

It was as if nothing had happened.

miss Lin's luck doesn't seem to be very good tonight. As the saying goes, small gambles are good for the mood, but big gambles are bad for the body. Why don't you take a short rest? "

Lin Hanxing did not speak for a moment.

His eyes fell on Yun Bai's face.

He seemed to be smiling.

"You recognize me?"

It was a simple sentence without any emotional fluctuation.

F * ck, it should be said that among this group of people, who didn't recognize her face now because of a certain someone?

Yun Bai ridiculed in his heart, but his face didn't change.

But he smiled and didn't say anything.

Seeing Yun Bai's attitude, Lin Hanxing knew that he wouldn't be able to get anything out of him, so he didn't bother to ask anymore. However, his eyes thoughtfully swept over Lei Xiao, who had been silent the entire time.

"Yuan Kang, continue."

But soon, Lin Hanxing retracted his gaze and ordered Yuan Kang.

Because of Yun Bai's words just now, Lin Hanxing really did not hold back anymore. He placed chips for every two million, and if he lost, he did not linger in the battle at all and continued to the next person.

Yun Bai had been following them the whole time.

He did not show any dissatisfaction at Lin Hanxing's refusal to accept his opinion.

Although his face was calm and seemed amiable, the atmosphere in the casino changed suddenly because of his appearance. Even the dealers straightened their backs, afraid that something would go wrong.

The lobby manager followed behind Yun Bai respectfully, following Lin Hanxing and the others.

In a short period of time, she had lost nearly 60 million Yuan.

But this time, Yun Bai saw something.

Ever since this woman stepped into this place, she had not won a single time!

There were several times when he saw her gaze stop at a certain spot. In fact, when the dealer announced the results, it would indeed bring her a considerable profit.

But she didn't choose!

It wasn't that he couldn't choose, but he didn't have to choose!

This was interesting!

Or was he casting a long line to catch a big fish, waiting for someone to take the bait?

He cautiously glanced at Thunder valiant beast.

Even though that woman had already been labeled as a source of trouble in the eyes of others, from the beginning to the end, he had only indulged her in her squandering.

Just as Yun Bai was thinking this, he suddenly heard some noise!

[Chapter 1265](#)

1265 So, why are you panicking?

"Where are they? Where is he?"

A group of burly men swaggered in, each with a fierce face. One look and one could tell that they had come with ill intentions.

Yun Bai reached out to stop the lobby manager, who was about to scold her.

He used his eyes to signal to the people in the dark to calm down, for fear of alerting the enemy.

If he spoiled someone's plan, he would probably cause trouble.

Moreover ...

"Let's go," he said.

When the Thunder valiant beast's cold words rang in her ears, Yun Bai turned around and left without a second thought, not even saying a word.

Lin Hanxing looked at Lei Xiao.

He didn't.

Yuan Kang didn't notice the undercurrent here at all, because those people were obviously coming for him.

When he saw Yuan Kang's face, the burly man pushed the tourists and rushed toward Yuan Kang!

At this moment, Yuan Kang's face was as white as paper, and his Adam's apple was moving up and down nervously.

"What are you panicking for?"

Lin Hanxing's calm voice sounded without any fluctuation, but it gave Yuan Kang courage.

"Oh, it's really that Yuan kid!"

The brawny leader said in a strange tone, but his eyes were fixed on Lin Hanxing's face. His eyes were obviously lustful.

"Ah ..."

Almost at the same time, the brawny man who had just spoken suddenly screamed!

In the next second, he fell to the ground, covering his face.

Very quickly, fresh red blood flowed down from the gaps between his fingers.

The faint smell of blood gradually spread in the air, causing the originally noisy casino to fall into a dead silence, as if time had frozen.

Lin Hanxing smiled faintly as he passed a wet towel to Lei Xiao.

The latter naturally took it and wiped off the remaining blood on his slender fingers.

The two of them didn't look at each other, but their movements were as natural as they could be, as if they were each other's hands and eyes.

"If you keep looking, I'll take your life."

Lei Xiao's good temper was only effective against Han Xing and the Lei family.

The calmness during this period of time had obviously made others forget the danger that he represented behind him. Until now, when he revealed his ruthlessness without any effort, people could not help but feel a chill down their backs.

"Tsk, I thought his temper had improved."

In the dark, Yun Bai pursed his lips, and the manager standing next to him reached out and wiped the sweat from his forehead. Although he didn't say anything, he was secretly complaining in his heart.

But you still don't dare to provoke him ...

The wet tissue stained with blood was thrown aside by Lei Xiao.

"Kill him ... Kill him!"

The brawny man who had fallen to the ground and was covering his eyes in pain was trembling all over. He was cursing and shouting, as if he would not stop until he killed these people!

Lin Hanxing laughed when he heard this.

The faint smile on her lips added to the beauty of her delicate little face.

“Who do you think you can kill with just the few of you?”

However, she took two steps forward unhurriedly and raised her foot to step on the back of the man’s hand. As the man screamed in pain again and again, her breath was calm and steady.

The mole at the corner of her eye was breathtakingly cold under the light of the crystal lamp.

“The young master will not let you off! You all have to die! All of you must die!”

Painful wails mixed with curses rang out in the surroundings. As for the men who came with the brawny man, they watched in horror as the man’s fingers were crushed one by one by Lin Hanxing’s high heels, accompanied by the clicking sounds!

Lin Hanxing acted as if he hadn’t heard anything from the start.

He raised his head and fixed his eyes on Yuan Kang’s face.

“So, what are you panicking for?”

[Chapter 1266](#)

1266 The fish bit the hook

Yuan Kang stood still, swallowing his saliva as if there was a special effect to his voice.

However, it was obvious that Lin Hanxing did not expect him to say anything. He looked over Yuan Kang’s shoulder and looked at the group of people.

“Your young master must be anxious from the wait.”

Lin Hanxing said indifferently, a slight smile on his face.

And behind her, Lei Xiao was loosening his collar with his slender fingers, his Hawk-like sharp eyes slightly squinted, his nearly 1.9 meter tall strong body gave people a suffocating cold aura!

“Let’s go,” he said.

Her fish had taken the bait!

.....

In the dark upstairs, Yun Bai watched the group leave.

“Investigate, who’s behind this.”

Yun Bai’s hand seemed to casually fall on the carved armrest, a cold glint flashing through the bottom of her eyes.

“The one from the senanda family.”

Other than the senanda family, which had two princesses, there was no one else in the entire Xuelan province who could be so arrogant.

Hearing this, Yun Bai smiled.

His fingers tapped lightly, making a knocking sound.

“So it’s the second Princess Consort ...”

.....

In the VIP hall.

Hadier threw all the chips in his hand onto the table.

Six or seven of his ten fingers were wearing gemstone rings, which was enough to show that his family was rich and powerful.

“Who gave this dog the guts to come to our land?”

Beside him, his friends could not help but add oil to the fire.

They were all present at that incident.

So what if the yuan family had the richest Chinese man?

Even if he suffered such a big loss, he still swallowed the loss and blood into his stomach!

You don’t even dare to let out a fart?

Hadier squinted his eyes slightly and took a sip of iced whiskey, then puffed on his top-class cigar. His fat features were full of sinister and oily light, but he did not say a word.

Other people might not know, but how could he not know?

Back then, he had schemed against the yuan family. Although Yuan shaojing didn’t show it on the surface, he had made the senanda family suffer a lot of losses in secret!

For various reasons, he had hidden in the cloud cauldron.

Originally, hadier had hoped that the second Prince would successfully become the Crown Prince this time and turn the tables. However, no one had expected that the yuan family would still step in and create new problems!

“I heard that he lost tens of millions of dollars along the way.”

Another person threw in a chip and chimed in, a disdainful smile on his face.

The few people in the VIP lounge were all young masters from the most prestigious families in Xuelan city. They were used to eating, drinking, gambling, and being ignorant. No one dared to oppose them because of their families.

a little bastard raised by the yuan family. Where did he get so much money? ”

In the eyes of these nouveau riche, Yuan Kang was just like a dog. Now that this dog had a future, how could they not be curious?

“Ha.”

Hadier sneered. The viciousness in his eyes was clear and could make people shiver.

“Back then, we had agreed that if he ever appeared in front of me, then his hand ...”

In the glass of amber-colored whiskey, the ice pieces constantly collided with each other, making a crisp sound.

Yuan Kang.

There’s a way to heaven, but you refuse to take it. There’s no Door to Hell, but you just have to barge in!

The gang of scoundrels looked at each other in private, their eyes clearly gloating over his misfortune.

In the lives of this group of people, it had been too long since they had any fun. Now that there was finally a lamb that delivered itself to their door, how could they not be excited from the bottom of their bones?

Just as he was thinking this, the tightly shut door behind him was suddenly pushed open from the outside!

Everyone’s expression froze.

He was caught off guard!

With the status of these people here, who would dare to?

However, before they could speak, something was thrown onto the gambling table in front of them ...

It created a dangerous scene along the way!

[Chapter 1267](#)

1267 Can you make a bet with me?

Hadier’s most capable subordinate was now like a piece of rag, lifeless!

The chips were also knocked away.

A pack of wolves!

The rich Playboys who were originally in the VIP hall got up and turned around one after another. They wanted to see which blind person had dared to break in!

Only hadier was sitting in the distance, motionless!

He narrowed his eyes sinisterly, and even the fat on his face seemed to be up to no good!

“Yuan! Kang!”

When the word “cold” came out of his mouth, the cigar trembled.

Hearing these two words, the gang of scoundrels was obviously stunned, as if they didn't expect it. When they took a closer look, they saw that it was Yuan Kang, the one they looked down on the most!

Yuan Kang was standing at the wide-open door of the VIP room.

The moment his eyes met Hadier's, the embarrassing scene that he had suffered in the past gushed into his whole body like a flood!

Those disgraceful ones!

Despair!

So, why are you panicking?

Just as the haze was about to engulf Yuan Kang, Lin Hanxing's cold voice suddenly rang in his mind!

What was he panicking for!

"It's me, your Grandpa!"

All of a sudden, Yuan Kang's low spirits were swept away. He sneered and walked in arrogantly.

Lin Hanxing, who was standing behind him, pursed his lips when he heard this.

He seemed to be smiling.

Hadier obviously didn't expect Yuan Kang to have such an attitude. He was stunned for a moment, and his chubby face suddenly became even more gloomy!

I think you're courting death!!!

The faces of the group of nouveau riches were all filled with anger. They stepped forward and were about to teach the reckless Yuan Kang a lesson!

"Hehe."

Just as the group of people were about to step forward, a faint laughter entered their ears, causing their hearts to turn cold for no reason!

Everyone's eyes followed the laughter.

When he saw the face of the person who spoke, he couldn't say a word.

Beautiful!

It was really beautiful!

If it wasn't for the fact that the man standing next to her was not to be trifled with, he would have had the evil thought of snatching this woman home tonight!

"Didn't you ask someone to invite him here?"

As he spoke, Lin Hanxing adjusted his light purple shawl in an elegant manner.

Yuan Kang stepped aside.

The next second, Lin Hanxing's face was completely presented in front of hadier!

Lin Hanxing's high heels made a cold clicking sound as they stepped on the floor. It was as if they were stepping on people's hearts, making them inexplicably powerless and unable to resist!

"He's here now."

He slowly sat down at the end of the long table, which happened to be directly opposite hadier.

In the middle, his right-hand man was still like a pool of mud, without the slightest sign of life. Although the indoor fresh air system was on, it could not stop the strong smell of danger from assailing the nose!

"Who are you?"

Hadier squinted his eyes, but it was hard to hide the amazement in his eyes. His fingers turned the jewelry ring on his finger.

A smile appeared on his oily and shiny face.

it doesn't matter who I am. What's important is that I've heard that Mr. Hadier senanda always wins every bet and is known as the God of gambling in the cloud cauldron. Today, I've come because of his reputation, and I hope ...

Lin Hanxing sat on the wooden chair, her fair fingers fiddling with the chips that were scattered all over the place. She looked so relaxed as if she was on an outing, and people could not bear to look away from her.

It was as if they were afraid that they would miss out on some beautiful scenery.

"Can you make a bet with me?"

Lin Hanxing's long eyelashes fluttered slightly, and the smile on his lips was hidden in his eyes!

[Chapter 1268](#)

1268 So noisy

Hearing Lin Hanxing's words, hadier's gang of scoundrels suddenly laughed wildly.

hadier, did you hear that? she said she wants to make a bet with you!

His expression was full of ridicule and ridicule.

Obviously, hadier, who was sitting not far away, was also disdainful.

With a greasy smile on his face, he held the cigar between two fingers and looked at Lin Hanxing.

"What are we betting on?"

That confident tone sounded like he was playing house with a child.

When they heard that hadier had actually agreed, his group of friends gathered around her and began to make a fool of themselves.

The situation was a little out of control!

Lin Hanxing was still smiling.

Just as Yuan Kang was thinking that she shouldn't be so calm, he saw the person sitting elegantly in front of him reach out his hand and press a certain someone who had walked to his side onto the gambling table in front of him with lightning speed!

After a loud thump, Lin Hanxing's smile did not change, but the other party did not even have the time to struggle. Blood spurted out from his nose after the strong impact.

"You're so noisy!"

Lin Hanxing's smile gradually disappeared as he uttered those three words impatiently. He grabbed the man's chin with his hand and forced him to open his mouth. Then, he stuffed the chips into his mouth!

The entire movement was done in one go.

There wasn't even any buffer time!

The ridicule that had filled the air seemed to have been instantly silenced.

Everything stopped abruptly!

Everyone on hadier's side looked at Lin Hanxing in a daze, as if they had never thought that this delicate-looking woman would suddenly attack someone!

Furthermore, the way he hurt her was so Swift and ruthless!

Yuan Kang let out a sigh of relief.

This is more like it!

This was the Lin xiaojiu he knew!

She had changed her attitude so quickly that no one but Lei Xiao could stop her Lin xiaojiu!

Lin Hanxing let go of his hand and let the person in his hand fall to the ground and faint.

"I heard that you and Yuan Kang bet on a pair of hands?"

Lin Hanxing glanced over at hadier, who had a completely tensed expression, and said indifferently, "hadier, you're right. there was an indescribable indifference in his calm expression.

"Who are you?"

At this moment, the people in the VIP hall were all the top dignitaries of snoworchid province. Ordinary people would want to take a detour when they saw them, not to mention going forward to cause trouble!

Moreover ...

With such a huge commotion, the people from Yun Ding should have appeared long ago. After all, with young master Yun Bai around, no one would dare to be impudent. But now, not only did no one appear

...

It was still lifeless outside the open door!

This was definitely not right!

“If you think about it, I am more familiar with the second Princess Consort.”

Lin Hanxing said as he smiled.

Then, he picked up a chip with a rather large face value and played with it in his hand like a pen.

Hadier’s heart was slightly relieved when he heard this. Since she was familiar with her aunt, she should be ...

No!

It was wrong!

Suddenly, hadier seemed to have thought of something. He looked at the woman sitting opposite him, and his fat and greasy face suddenly became nervous. This woman ...

you’re little nine from the Lin family of Rivertown?”

Perhaps he was afraid of this name, but hadier couldn’t help but lower his voice!

The moment they heard the words ‘Lin family’s little nine from Jiang city’, the people who had not recovered from their shock all turned to look at Lin Hanxing!

[Chapter 1269](#)

1269 It doesn’t matter who I am

These six words had already spread throughout the entire Xuelan province in a short period of time!

Whether it was the fact that she was able to walk out of the royal family unscathed after taking people’s lives, even the second Princess Consort couldn’t stand her, or her strange and unpredictable background, all of these things had shrouded Lin xiaojiu with a mysterious veil!

Everyone’s eyes fell on her!

“I just said ...”

Lin Hanxing’s lips curled into a thin smile, and the chips in his hand made a crisp sound.

“It doesn’t matter who I am. What’s important is ...”

Lin Hanxing threw all the chips in his hand back onto the table!

“If you don’t, you’ll die!”

Everyone on hadier’s side sucked in a breath of cold air as soon as he said those arrogant words.

At this moment, Lin Hanxing’s eyes were filled with a hint of hostility, and no one dared to doubt the truth of her words ...

They couldn’t even question her authority!

The flesh on hadier's fat face trembled with grease, and his facial features looked particularly distorted due to his monstrous anger!

As a member of the senanda family, no one had ever dared to talk to him like that since he was born!

"Woman, you're too arrogant!"

These words seemed to be squeezed out from the gaps between his teeth.

"You dare to make a move here, have you not thought of the consequences? With my status, as long as I call yunbai over, do you think that you and the people behind you can still leave here alive?"

When he said this, hadier's face was still vaguely proud.

"Who wanted to see me?"

With this low voice, someone leisurely walked in from the outside. His unforgettable handsome face was out of this world, as if it had its own special effect, causing the air in the room to suddenly change again!

Behind him, Yun Ding's higher-ups and the casino's bodyguards had already sealed off the entire VIP hall.

It was still noisy outside, as if no one knew what had happened in the VIP room.

Seeing Yun Bai come, hadier leaned back in his seat with all his weight, and his expression returned from ferocious to leisurely. Obviously, he thought that Yun Bai would stand on his side unconditionally.

Hadier sneered at Lin Hanxing as he thought of this.

To his surprise, even when Yun Bai appeared, her expression did not change at all, as if she was just an insignificant person.

young master yunbai, someone deliberately came to mess with your place tonight!

Hadier's voice was filled with arrogance.

All these years, he had been a long-term guest in Yun Ding and was used to being arrogant. He naturally felt that he could enjoy special treatment here in Yun Bai's place, not to mention ...

His aunt was the second Princess Consort!

In the entire Xuelan province, who would dare to not give her face?

After hadier finished his words, his gang of scoundrels regained their spirits and clamored!

This group of people were all rich kids from the big families in Xuelan city. When had they ever been taught a lesson like tonight?

"Smash the place?"

Yun Bai glanced at a spot next to Lin Hanxing and deliberately prolonged his voice, which sounded a little awkward to the ears!

A cold gaze swept over the two people who were still lying on the gambling table, half-dead. The thugs behind him seemed to have received Yun Bai's orders and silently carried the two unconscious men out of the gambling table!

miss Lin, it's my honor to have you smash my place!

"....."

"....."

"....."

As soon as Yun Bai said this, the young master who had been clamoring just now instantly fell silent. He stared at the people in front of him with his mouth wide open, wondering if there was something wrong with his ears.

What did he just say?

Was it his honor to have this Lin smash his face?

Are you kidding me?

Was the Lin family's little ninth really as powerful as the rumors said?

Even Yun Bai didn't dare to look down on her?

This was really ...

It was too funny!

Unlike the others who were shocked, Hadier's heart was reignited with anger. The money he had spent in Yun Ding all these years was an astronomical figure for ordinary families, and now Yun Bai had turned his back on him?

young master yunbai, is this how you treat your honored guest? "

Hadier squinted his eyes and said in an unpleasant tone.

Unexpectedly, the next second, Yun Bai's face immediately darkened, and she stared coldly at Hadier as if she was looking at a dead man!

Hadier's heart tightened in fear!

How could he have forgotten that Yun Bai was not someone he could criticize!

Even the royal family didn't care about this casino!

With a few claps, the door behind Yun Bai opened again, and dealers in white gloves came in with trays full of chips.

One after another.

They were overwhelmed.

They were all chips with the highest denomination in the casino!

Even if one counted roughly, it would probably be more than tens of millions!

The chips were placed in an orderly manner in front of Lin Hanxing, like a small mountain!

Not to mention Yuan Kang, even Hatier's people who had been carefree in Yun Ding for so many years had never seen such a crazy method. This was simply squandering money!

"Since miss Lin is so interested today, why don't I, Yun Bai, be a witness?"

As soon as Yun Bai's voice fell, the higher-ups behind him walked over respectfully and handed him a pair of white gloves used by dealers.

He took it without even looking at it.

With this movement, he slowly put on his white gloves.

"I'll personally play the cards today!"

After putting on the gloves, Yun Bai spoke in a deep voice, as if he didn't know what kind of uproar his words had caused when Hadier and the others heard it!

Only the heavens knew that Yun Bai's initial fame in snowlan province was due to his superb shuffling and dealing skills. It was simply a miracle that made people gasp in amazement!

The poker cards in his hands seemed to have been given life!

I heard that the boss behind Yun Ding saw his hand and picked him, and from then on, he dug and cultivated Yun Bai to become the mastermind of Yun Ding's casino!

"What if I say I don't want to bet?"

Hadier's face was gloomy. He knew that things had come to this point. It was obvious that he could not really refuse!

As he spoke, he glanced at his friend.

The meaning in his eyes was very simple. He was asking him to call his family to deal with this matter!

But before the other party could react, a chip was thrown at his face at an extremely fast speed. The intense pain caused the person to cover his face and squat on the ground!

"What do you think?"

Lin Hanxing looked up at Hadier, and the corners of his mouth slowly curved into a cold smile without any warmth!

Her words were never just empty words!

Hearing this word, Yuan Kang, who was standing aside, felt as if all the blood in his body was boiling. That kind of indescribable pleasure swept away all the gloominess he had when he saw Hadier again many years later!

This was great!

[Chapter 1270](#)

1270 30% gambling skill, 70% luck

“It seems that I have to bet today!”

Hadier sneered. Although he didn't make a sound on the surface, his back was already drenched in cold sweat!

He had already predicted that he would be in big trouble tonight!

Lin Hanxing did not comment.

With clattering sounds, Yun Bai, who was wearing white gloves, began to shuffle the cards.

He didn't even lower his head, the poker cards in his hands moving back and forth as if they were alive.

It was obvious that Yun Bai hadn't shown this move in front of others for many years.

The people watching were dazzled and overwhelmed!

if I remember correctly, you're the successor personally chosen by Yuan shaojing. Are you sure you want to offend the entire senanda family behind me for a little bastard? ”

“You have to know that I have two aunts who are wangfei ...”

Before hadier could finish his sentence, Lin Hanxing's sharp, knife-like eyes had already fixed on his face.

It was extremely cold!

“I think you should have heard about my three-day agreement with the royal family.”

Hadier didn't say anything. In fact, who in the entire snowlan province didn't know about this?

“Just this morning, the second Princess Consort sent people to seal the front and back gates of the Li family. For three days, only people are allowed to enter and not leave.”

Lin Hanxing said indifferently.

At first, hadier's friends looked at each other and didn't seem to understand what she meant.

Hadier understood!

This woman was clearly telling him that she didn't even care about the royal family, let alone his two aunts who were wangfei!

How arrogant!

Her sitting there was already the most powerful challenge to the senanda family!

“The cards have been shuffled.”

While they were talking, Yun Bai had already shuffled all the cards.

“As the saying goes, three points in gambling skills and seven points in luck. Why don’t we use five-card stud to decide the winner tonight? the winner will add another 100 million on top of these chips! The one who lost ...”

100 million was the amount that hadier tricked Yuan Lao SI’s son into losing that year!

And Yuan Kang, for the sake of this money, fell into the trap of those people!

“Leave a pair of hands behind!”

As soon as Lin Hanxing said this, there was an uproar around hadier!

Was this woman crazy?

Such a big bet right off the bat?

A pair of hands?

Did she even know what she was saying?

Hearing this, Yun Bai’s hands also stopped moving, and he subconsciously glanced at Lei Xiao, who was sitting beside Lin Hanxing.

He had thought that Lei was already crazy enough when it came to handling matters, but he didn’t expect his woman to be even crazier than him.

“You want to bet with me?”

Hadier couldn’t help but sneer.

The reason for the popularity of five-card stud was its uncertainty. It could send you to heaven in an instant, but it could also send you to hell in an instant!

It was just as Lin xiaojiu had said.

30% gambling skills and 70% luck!

Hadier crossed his hands, and this action made the six or seven rich gemstone rings on his fingers stand out!

“What, you don’t dare to?”

Lin Hanxing’s voice was very calm, but it unexpectedly provoked the man’s face.

“Good! Bet! However, in addition to the conditions stated above, I want to add one more thing!”

Hadier said with a sinister smile.

“Go ahead,”

Lin Hanxing was still as calm as ever.

“If I win, you’ll leave with me tonight!”

A strong greed flashed in hadier’s eyes as he glared at Lin Hanxing!

As soon as he finished speaking, the smile on his face froze!
