

## Goodnight 1271

### [Chapter 1271](#)

1271 Ray is angry

A fear that was enough to make hadier's entire body tremble quickly spread through his body!

The temperature of the entire VIP hall dropped rapidly!

It was as if a black air current was spreading from Lin Hanxing's body, and the pressure was so strong that it made it hard for one to breathe!

Lei Xiao placed one hand on the gambling table, his Hawk-like eyes as dark as the night.

A gloomy expression fell on hadier's face.

No one knew what he was thinking, but a sense of danger that could be seen with the naked eye was permeating the entire VIP hall.

His strong arm muscles were hidden under his black shirt, and his bones were strong. His slender fingers fiddled with the chips on the table, making a clicking sound.

No one dared to make a sound!

"Come here."

Suddenly, Thunder owl beckoned at Yun Bai with his finger.

The people on hadier's side were all shocked by his action!

Without any hesitation, Yun Bai walked toward Lei Xiao and lowered her body.

Only Yun Bai and Lin Hanxing, who were the closest, could hear the secret code clearly.

Lin Hanxing raised an eyebrow.

He seemed to be smiling.

"I think you want to play him to death."

After saying this, Yun Bai stood up and waved at the higher-ups. After giving them a simple order, she returned to her original position.

At the same time, Lin Hanxing stood up and exchanged seats with Lei Xiao.

"What do you mean by this?"

Hadier's voice suddenly turned gloomy. His intuition told him that the man in front of him was not to be trifled with, and the most terrible thing was that he seemed to find this man in a simple black shirt familiar!

The Thunder valiant beast's facial features didn't change, only looking at him indifferently.

It was as if he was looking at a dead man.

Yuan Kang seemed to want to say something, but he was stopped by sacred hand, who had been silent the whole time.

Ray was angry.

At this time, the more the other party spoke, the faster he would die!

Just as holy hands was thinking this, the higher-ups who had just left after hearing Yun Bai's orders returned with their people, and what followed was a pile of chips that were enough to drown people.

No one knew how much of a stir these chips had caused in the Yun Ding casino when they had been brought in from the chips room!

The amount of money that these chips could be exchanged for was something that some people would never be able to earn in their entire lives!

Even hadier was shocked by Lei Xiao's generosity. If either side lost, they would have to bear an astronomical amount of gambling debt! Hadier's back broke out in cold sweat again, but he was also moved by the crazy number!

If he were to win ...

Not only would he be able to make Lin xiaojiu his exclusive property, he would be able to regain his aunt's dignity and gain some benefits ...

"One round of poker to decide the winner, and I have an additional condition."

At this moment, the Thunder valiant beast finally spoke. However, his cold voice was flat, as if it was a trial from hell!

"What?"

Hadier clenched his fists, refusing to admit that his palms were full of sweat.

"If you lose, I'll take your life!"

With a loud bang, hadier stood up with both hands on the gambling table and looked at Lei Xiao in the eye!

The air seemed to freeze.

"If you don't take the bet ..."

With a click, Lei Xiao held the gun with one hand and aimed it at the other party coldly.

"I'm going to take your life now!"

With a bang, hadier clearly felt a numbing and hot pain in his ear. He subconsciously covered the side of his ear until he saw the frightened eyes of his companion. Then, he felt as if there was blood flowing between his fingers.

When he looked down, he was so shocked that he almost fainted!

Blood!

It was all blood!

With a thump, Hadier suddenly sat back in his original position.

Yun Bai, who was wearing white gloves, curled her lips into an elegant sneer and dealt the first card!

## [Chapter 1272](#)

### 1272 Five-card stud

The bet had officially begun!

There were usually five cards in hand-play, except for the first hidden card, which was not revealed until the end, the other four were open cards.

Starting from the second card, the one with the biggest hand would choose to place a bet.

The others could start to place their bets, raise their stakes, give up, or clear their bottom line.

Of course, if they felt that the situation was not good and chose to give up, they would not be able to get back the initial investment.

Five-card stud can make you rich in the blink of an eye, but it can also make you bankrupt in an instant!

It was as fast as a storm. The feeling was not something that an ordinary bet could compare to.

“The lowest infusion can not be less than ten million.”

Hadier’s hands trembled as he took the card from Yun Bai.

The back of the poker card was instantly stained with his blood.

On the other hand, after the sinister aura was fully released just now, Lei Xiao gave off a feeling of mystery.

He expressionlessly pressed his trump card under his finger!

His eyes swept over Hadier, who had been knocked out of his arrogance by the sudden shot just now. He was like a wild beast in the vast wilderness who had locked its prey within its target range.

After the first face-down card, the second face-up card, Thunder valiant, would be the big one, and he would decide the amount of money to bet.

“Eighty million.”

The three cold words came out of Lei Jing’s mouth.

“I’m in!”

Hadier gritted his teeth and flipped the chips in front of him. If he had not glanced at his hidden card just now, he would not have had the confidence to follow up. On the other hand, Lei Xiao did not even look at the hidden card in his hand. With a sweep of his big palm, he pushed down the chips that occupied half of the table.

The clattering sounds left everyone dumbfounded.

This was all money!

Yuan Kang's heart trembled as he watched. To be honest, in his impression, other than when he was facing Lin Hanxing, Lei Xiao rarely showed any emotion other than indifference. It was as if nothing could enter his deep eyes.

In the third round, hadier's hand was bigger than Lei Xiao's, so he decided the amount to bet.

Perhaps it was because of the confidence that the hidden card gave him, but his mood clearly relaxed a little. He looked gloomily at the man and woman sitting opposite him, and it was obvious that he hated them!

"100 million!"

Didn't she want to compete with him?

This time, he, hadier, was going to make this man lose everything!

"I'm in."

Almost as soon as hadier's voice fell, Lei Xiao's cold voice immediately followed.

He didn't even hesitate.

The fourth card, Yun Bai, went with the flow, and the atmosphere in the VIP hall became tense.

Although there was no change in hadier's expression, Lin Hanxing caught a glimpse of greed and joy in his eyes.

Realizing this, Lin Hanxing glanced at hadier's cards thoughtfully.

She adjusted her shawl, and a faint womanly fragrance filled the air.

That posture made hadier's eyes widen, as if he had forgotten that the strong sense of oppression from her was no less than the man in front of him.

"How about this ..."

Just as Yun Bai was about to hand out his last card, Lin Hanxing smiled and spoke, successfully stopping him!

Yun Bai glanced at her.

Everyone's eyes fell on Lin Hanxing!

"For the last card, I will personally shuffle the cards. The two of you will draw your own cards, how about it?"

Lin Hanxing casually fiddled with her hair and her beautiful eyes moved. There was a kind of beauty that refreshed one's heart and made one want to stick their eyes on her face!

Hearing this, hadier hesitated.

"What's wrong? Are you afraid that I'll play tricks on the cards?"

Lin Hanxing laughed, and there was a hint of mockery in his laughter.

As expected, hadier was provoked.

“Alright, you do it!”

### [Chapter 1273](#)

1273 The fifth card that decides life and death

Lin Hanxing stood up, and her shawl fell off naturally, revealing her fair and slender arms.

Almost at the same time, Lei Xiao reached out and took the cloak from her.

Yuan Kang vaguely saw Lin Hanxing’s hand Tap on Lei Xiao’s shoulder.

However, the speed was so fast that he felt that he had seen it wrong.

Soon, Lin Hanxing walked to Yun Bai’s position.

I’ve used my gloves before. Miss Lin, you don’t mind, right? ”

Yun Bai said with an elegant smile as she took off her gloves.

“She minds.”

The three cold words were spat out by Lei min.

Seeing the Thunder valiant beast’s strong desire for possession, Yun Bai’s face was clearly filled with helplessness.

He could only use his eyes to signal his subordinate to bring a new pair of white gloves.

“I’m not very good at shuffling, please don’t mind me.”

Lin Hanxing slowly put on his white gloves, crossed his fingers to prevent them from slipping, and then took the remaining playing cards from Yun Bai’s hands.

There was a crash, and the cards were scattered all over the table. It was not known if it was a problem with the handover or if his hand slipped.

Yun Bai was stunned.

Yuan Kang, on the other hand, couldn’t help but cover his face.

Contempt flashed in hadier’s eyes.

Only the Thunder valiant beast did not show any change in expression from the beginning to the end.

“I’m sorry.”

Lin Hanxing said indifferently and glanced at hadier, whose eyes were burning in an instant.

Coincidentally or unintentionally, only one of the cards was revealed, but Lin Hanxing quickly picked up all the cards.

In the next second, just when hadier thought that she was going to perform her clumsy shuffling skills again, he heard the sound of smooth shuffling.

Lin Hanxing didn't even lower his head as he quickly shuffled the cards on the table.

The rapid crossing and matching movements didn't even have the slightest pause, dazzling the eyes of the audience and making them exclaim endlessly!

Where was the little white who was fighting for the first time?

Soon, the remaining cards were shuffled in Lin Hanxing's hands and stacked neatly in her palm.

"According to what we just said, both of you will draw your cards. Who goes first?"

Lin Hanxing stretched out his hand. Her calm expression and soft voice made Yun Bai's eyes light up when he inadvertently glanced at the cards in her hand.

So ...

Was this the reason why she suddenly stopped him when he was about to hand out the last card?

Lei Xiao glanced at hadier.

The meaning was self-evident.

"I'll go first!"

Hadier's eyes swept greedily over the cards in Lin Hanxing's hands. He seemed to have identified one of them and was eager to try.

Accompanied by the crisp sound of high heels stepping on the floor, Lin Hanxing quickly walked to hadier with the poker cards.

A soft fragrance followed.

"Please," he said.

The back of the cards was facing up, and Lin Hanxing spread them out in a fan shape in front of hadier.

Hadier quickly picked a card from the cards at a precise speed and couldn't wait to flip it open!

However, the moment he saw the cards clearly ...

It was as if he had been struck by lightning!

"This is impossible! You must have changed the cards!"

Hadier threw the poker cards on the table, unable to believe his eyes!

One had to know that the ability he was most proud of was his photographic memory.

The card that the woman had just thrown out was clearly the one he needed. No matter how many times she shuffled it, he could still remember the position accurately. But the moment he flipped the card, he was dumbfounded!

It wasn't the one he wanted!

It wasn't!

His forhaus card was gone just like that?

"Change the cards?"

Lin Hanxing raised an eyebrow and smiled.

#### [Chapter 1274](#)

1274 You've lost

a deck of 54 cards, 52 cards left except for the Kings.

"Now that you have 9 cards, I have 43 cards left!"

As he spoke, Lin Hanxing spread the cards in his hand with their backs facing up on the table in a fan shape. He used his fingertips to hook the edges of the cards, and like in the old Hong Kong movies, he flipped the cards back and forth in a few seconds.

This scene dazzled everyone.

Even the higher-ups behind Yun Bai were looking at her in shock.

In their opinion, in the entire cloud cauldron, only their young master Yun Bai could compare to this technique!

what makes you think I can see through your hidden card from these 43 cards, and how can I tear down your folhaus? "

Lin Hanxing's eyes were filled with ridicule.

The forhaus cards had three cards and two cards with the same pattern, similar to the JJJQQ arrangement.

besides, even if I saw through your trump card, how could I control you with telekinesis in front of so many people? "

"Don't forget, you drew this card yourself!"

Lin Hanxing said as he took the remaining 43 cards back into his hand.

Shuffle.

hadier, do you think you're too smart, or do you think others are too stupid? "

After that, the cards in Lin Hanxing's hand had been shuffled again. On the other hand, hadier's face had turned green uncontrollably. A suffocating fear engulfed him, and he was just waiting for Lei Xiao's card to be revealed!

Even the scoundrels who had been clamoring just now didn't even dare to take a deep breath!

He was afraid that he would anger the couple in front of him!

Lin Hanxing didn't even look at hadier. He reached out his hand and handed the cards to Lei Xiao like before. Almost instantly, Lei Xiao reached out and randomly pulled out a card!

Yuan Kang was wailing in his heart.

Why did that Lei guy pick his cards so casually!

At least choose carefully!

"Five-card stud,"

With a wave of his hand, Thunder valiant swept the last of his chips onto the table.

Cold sweat broke out on hadier's forehead, and even his back was wet. His hands were on the table, and his eyes were fixed on his cards.

At that moment, he was horrified to find out that if Lei Xiao's face-down card was the Ace of Spades, it would be the biggest straight flush in poker!

If that was the case ...

Losing money was a small matter, but his life ...

No, it can't be!

Not to mention whether this man would be so lucky, the senanda family behind him would definitely not let them go!

Therefore, they were only trying to scare him!

It must be like this!

Everyone's eyes were focused on the hidden card that Lei Xiao had.

Sacred hands could even hear Yuan Kang gulping his saliva as he glanced at him with a look of disgust.

"You, flip it."

Suddenly, Thunder owl pointed at Yuan Kang.

"I ... I?"

Yuan Kang's eyes were wide open in disbelief. He reached out his hand and pressed it on his chest.

He subconsciously took a step forward, his trembling fingers reaching out to the hidden card that could decide hadier's life and death. Even his eyes were filled with unspeakable excitement.

Lin Hanxing, who was standing next to Yun Bai, narrowed his long eyelashes and threw the poker card in his hand to Yun Bai.

He slowly took off his white gloves.

Soon, Yuan Kang took a deep breath and flipped the Thunder valiant beast's first card!

The Ace of Spades!

A straight flush!

There was silence in the VIP hall, as if the sound of a needle dropping could be heard.

“You’ve lost,”

As if he already knew the result, Lei Xiao’s cold voice sounded.

Acting!

Continue acting!

Yun Bai ridiculed him in her heart. When it came to playing poker, Lei Xiao was an ancestor-level figure!

### [Chapter 1275](#)

#### 1275 Declaration of war against the senanda family

In the past, he had been so confident in his skills that he had provoked and stirred up trouble everywhere, fearing that the world would be in chaos. However, he had never expected that he would be plotted against by someone and become the senior figure of this cloud cauldron casino!

Others said that someone had seen his hand and picked him ...

PAH!

That was simply because he was too busy, so busy that he didn’t have the time to take care of it, and she was so unlucky that she bumped into the muzzle of the gun that day. What ‘discerning a hero’? it was all a F \* cking lie!

But ...

Yun Bai’s eyes narrowed slightly, and the corner of his eyes had just retracted from Lin Hanxing.

From the looks of it, the huge information Network that he had built to find people had not been wasted.

At this time, no one cared about Yun Bai’s mental journey. Many people still hadn’t recovered from the shock of Thunder Valiant’s flush.

Especially Yuan Kang!

After all, he was the one who revealed the trump card that would determine the key to victory!

“This is impossible ...”

Hadier returned to his seat in shock and confusion, unable to accept the cruel reality.

He actually lost?

“You can take his life, but I want his hands.”

Lin Hanxing said indifferently and leisurely. These words were obviously directed at Lei Xiao, which made hadier tremble with fear.

“You can’t touch me, I’m from the senanda family! My aunt is the second Princess Consort!”

Hadier blurted out in panic!

This was his pass to run amuck in Selangor’s territory, but it was also his only life-saving card today!

Lin Hanxing’s movements paused.

He then turned to look at hadier with eyes full of faint ridicule and contempt.

“So what?”

She said.

Almost at the same time as he finished speaking, Lei Xiao’s cold eyes swept over. Yun Bai understood, and the people behind him quickly pulled hadier up from his seat with a gesture.

One must know that the hatchet men in Yun Ding casino were all brawny men. People would believe that they could kill a bull with their strong muscles with one punch!

The fat hadier was taken away without any resistance!

“Stand there and don’t move!”

Lin Hanxing’s expressionless eyes swept over the group of nouveau riches who had been clamoring at the beginning.

These people were the young masters of the local wealthy families in Xuelan province. They were good at eating, drinking, and having fun, but when it came to real matters, they obviously revealed their cowardice. Each and every one of them was dumbstruck and did not dare to move.

The executives behind Yun Bai were calculating how much Lei Xiao had won from the bet just now.

After he calculated the amount, he couldn’t help but be stunned.

Wasn’t that the total sum of the money hadier had deposited into Yun Ding’s account all these years?

It was exactly the same!

It should be known that because the second Princess Consort was getting more and more favored, hadier could get whatever he wanted in Xuelan province. The so-called ‘God of Gamblers’ was just someone who deliberately lost to him when they gambled to achieve their own goals.

A shrill scream suddenly rang out!

Anyone could tell that it was hadier!

Lin Hanxing and Lei Xiao did not even blink, but Lei Xiao looked at Yun Bai.

“Split the money into four portions, and transfer the rest to their accounts.”

The two people that Lei Xiao was talking about were naturally Yuan Kang and sacred hands who had come out with him tonight!

“I have both?”

Yuan Kang couldn't believe his ears.

However, before Lei Xiao could speak, Yun Bai's subordinate had already walked out with a wooden box in his hands.

"Give it to him,"

Lin Hanxing casually pointed at one of hadier's scoundrels, and the other party was so scared that he almost collapsed!

Lin Hanxing put the Cape back on his side, as if he was amused by the other party's cowardice.

"Please, take this to the senanda family."

As soon as Lin Hanxing finished speaking, Yun Bai's subordinate had already brought the wooden box to the person she had pointed at.

"What ... What ... Thing?"

The other party didn't even dare to look at him, his legs trembling like a sieve!

"Won't you know when you see it?"

Lin Hanxing said meaningfully.

With this, Yun Bai's subordinate opened the wooden box, and the contents were naturally exposed to the public without any cover.

That was ...

One after another, the sound of dry vomiting instantly rang out. When had the group of fops ever seen such a scene?

They were a bunch of lunatics!

He actually dared to lay his hands on hadier?

And he even wanted them to send this to the senanda family?

This was a public declaration of war against the senanda family!

"And help me pass a message to the second Princess Consort."

"What ... What words?"

Lin Hanxing's long eyelashes fluttered slightly, casting a dark shadow under his eyes. It was deep and frightening.

"This is just the beginning!"

.....

On the top floor of the Yun Ding casino.

The 360-degree arc of tempered floor-to-ceiling glass made this place seem like it was above the clouds.

Lin Hanxing felt a sense of familiarity when she walked in, but she did not point it out.

"It will take some time to settle the accounts. Why don't we take a rest here first?"

Yun Bai returned to her usual elegance, walked to the bar, and poured herself a glass of whiskey.

The ice pieces collided with a crisp sound.

"This is my boss's office."

Yun Bai walked to the black Leather Swivel Chair.

The design of the semi-circular floor-to-ceiling windows gave people who stepped in a sense of control.

Yun Bai didn't sit.

He took a sip of the hard liquor, then said to Lin Hanxing in a meaningful way.

Although he already knew that there was a mysterious Big Boss behind Yun Bai, he just said it so casually, so he really didn't treat them as outsiders ...

Yuan Kang couldn't help but Mutter in his heart.

"You seem to have something else to say to me."

Lin Hanxing saw through Yun Bai's thoughts with a single glance. As for Lei Xiao, he slightly furrowed his deep and sharp brows.

you should know that Yun Ding is not only a casino, but also the only lawless area in country G. At the same time, we also sell all valuable information.

Yun Bai casually leaned back on the sofa, her voice as beautiful as wine.

"Since it's our first time meeting, how about I give it to you for free today?"

As she spoke, Yun Bai took out a document and handed it to Lin Hanxing, looking at her with raised eyebrows.

Lin Hanxing reached out to take it.

"The senanda family has two wangfei, one after the other. One of them is our second wangfei, and the other is married to Rou city. Coincidentally, the princes on both sides met with mishaps."

As he said this, Yun Bai smiled meaningfully.

"I don't need to say much about the first Prince, but this one in Rou city has a strange illness."

"A strange illness?"

Upon hearing this, sacred hands perked up.

His eyes lit up.

"Overnight, the first Prince of Rou city suddenly couldn't make it."

Lin Hanxing raised his head and glanced at Yun Bai. He seemed to have thought of something.

“What do you mean you suddenly can’t?”

Yuan Kang asked curiously.

He had some impression of the eldest Prince of Rou city.

It was said that he had a disability since he was young, and it was inconvenient for him to walk, so he had been sitting in a wheelchair all year round.

### [Chapter 1276](#)

1276 Is there a discount?

Yun Bai glanced at Yuan Kang, an elegant smile on her face as she swirled the wine glass in her hand.

first, he vomited blood for some unknown reason. Then, he fell into a deep coma and hasn’t woken up until today.

“You’re vomiting blood?”

When sacred hands heard this, he subconsciously turned his head to look at Lin Hanxing.

His lips moved as if he wanted to say something, but he didn’t in the end.

“This old su is really a scheming old fox.”

Lin Hanxing, on the other hand, made a profound comment. He squinted his eyes like a cunning Fox.

Yun Bai saw that she understood, but she smiled and said nothing.

Ever since the news of the three-day promise spread throughout Xuelan province, he knew that this woman would definitely understand what he was saying.

But a certain someone ...

He didn’t say it, but he wanted to use his own mouth.

This damn tsundere!

Only the heavens knew that this information had been sent down a long time ago. It took a week to sort out the essence of the information, not to mention the information about the spies that were related to the senanda family.

But ...

If he didn’t investigate, he wouldn’t know that the second Princess Consort’s ambition was really not small!

this information is my gift to you. I’ll have to charge you next time!

Yun Bai made a toast to Lin Hanxing.

“Is there a discount?”

As if he hadn't expected to hear this, Yun Bai's smile twitched for a moment.

He looked at Lin Hanxing with a strange expression.

"Our cloud cauldron doesn't seem to have a precedent of discounts ..."

Did she think that this was a market?

She could even pick and choose!

He's just an employee, please don't make things difficult for him!

Yun Bai was only halfway through his sentence when his relaxed body suddenly tensed up, and his neck turned stiffly. When his eyes met a certain someone's, he cursed in his heart.

"Of course ..."

The words that were about to come out of his mouth stiffly turned around!

"You and I hit it off the first time we met, so it's not impossible to get a discount!"

Yun Bai said seriously.

"Oh, what's the discount?"

Hearing this, Lin Hanxing smiled faintly and raised his head to look at Yun Bai.

"....."

Yun Bai's face was expressionless. What a F \* cking discount ...

"How about 20% off?"

Yun Bai's last word had an almost inaudible uptone at the end. At first glance, there was nothing strange about it, but those who were familiar with him would know that this was the tone Yun Bai used when he was discussing with others.

Lin Hanxing smiled without saying anything.

At this moment, Yuan Kang didn't know what kind of expression he should use to express the thousands of horses galloping in his heart.

Although he didn't want to admit it ...

Yuan Kang still felt that cloud cauldron casino and young master yunbai had fallen off the altar in his heart!

In the eyes of ordinary people, young master yunbai, who used to be cold and arrogant, was really the man in front of them who was bargaining with Lin xiaojiu?

"50% off!"

Yun Bai gritted his teeth, and his voice seemed to be squeezed out from between his teeth.

"It definitely can't be any less!"

Did he not care about his face?

“Deal!”

This time, Lin Hanxing opened his mouth to speak. Knock, knock, knock.

The manager outside the door gave a simple report.

The money had been transferred.

Not long after, Yuan Kang and sacred hands received a text message on their cell phones, indicating that money had been transferred into their account.

On the contrary, when Lin Hanxing accidentally glanced at the information in his hands, his expression paused for a moment, as if he was thinking about something. When Yun Bai finished explaining to the manager, no one except Lei Xiao noticed her abnormality.

“I wonder if young master yunbai can help me with one thing.”

Suddenly, Lin Hanxing’s calm voice rang out from behind Yun Bai.

“What?”

Yun Bai turned around and looked at her.

“You need money to buy information. What if I want to sell information?”

### [Chapter 1277](#)

1277 Mr. Green Master

you’ve just arrived in country G. What news do you have that’s worth my money? ”

Yun Bai laughed when he heard this.

Lin Hanxing was still holding the information that he had just handed to him, and he turned the coffee table in front of him.

“Just based on this.”

This time, not only Yun Bai, but even Yuan Kang and the others were interested, and they looked at the information on the coffee table.

“What is it?”

Yuan Kang didn’t understand what Lin Hanxing was doing, but he did.

It was two pieces of calligraphy.

And they were all written by su bu of Xuelan province.

“If you can be sure that these two paintings were made by him, then the information I’m going to sell you will definitely be worth a lot of money.”

Lin Hanxing said as he leaned back on the sofa.

“Could your news be related to su?”

Yun Bai raised her eyebrows.

Lin Hanxing smiled without saying anything.

“These words were indeed written by su bu.”

Yun Bai quickly added.

“Personally written.”

“If that’s the case, then he probably won’t live long.”

The moment Lin Hanxing finished speaking, the smile on Yun Bai’s face froze.

“Do you know what you’re saying?”

He asked.

Lin Hanxing, on the other hand, seemed to be oblivious to the stormy waves he had just stirred up. His face was calm.

“At most half a year, at least three months.”

Everyone fell silent.

On the other hand, sacred hands picked up some documents from the table and looked down at Su Dan’s notes, deep in thought.

“You’re that sure?”

Yun Bai was really curious about where she got the confidence to speak like this.

Volume Five of “ external compilation of Liu Ya ” once mentioned a story about Lord Qing.

Suddenly, holy hands spoke.

It was a story that seemed to be completely unrelated to the current conversation.

“Who is master Qing?”

Yuan Kang asked.

Sacred hands tried his best not to roll his eyes and quickly continued.

“Fu Shan, courtesy name Qing Zhu, was a famous medical scholar and calligrapher from the late Ming Dynasty to the early Qing Dynasty.”

“So what did the story say?”

Yuan Kang asked again.

Sacred hands decided to ignore him. He turned to look at the words in his hand, his eyes distant.

“Master Qing has a son called Mei. Because master saw that his life wasn’t long, he used longevity hair when he chose the character. One day, the longevity hair imitated master Qing’s words and placed it on the table, wanting to ask the master to distinguish the authenticity. When Mr. Green Master saw it, he forgot that he didn’t write it himself and screamed in fear!”

Hearing this, Yuan Kang wanted to ask more, but this time, sacred hand didn’t give him any chance.

master Qing saw that his life was coming to an end and thought that he didn’t have long to live. That’s why he panicked.

“Later, Shou Mao told him that he wrote it, and master Qing cried out loud.”

“Not long after, the longevity hair really died.”

Back then, when the sage had read about it in the ancient scroll, he had a particularly deep impression of it because of the bizarre story. He had thought that this method of distinguishing Qi by looking at characters was just a legend. He had never thought that he would actually encounter it.

“People have form, words have spirit, calligraphy and painting can express things that are far more complicated than they seem on the surface.”

Lin Hanxing’s eyes fell on the word.

It was obvious that what she had seen was not as simple as a lifespan.

But she didn’t say what she wanted to say.

Lin Hanxing stood up.

this information is my gift to you. I’ll have to charge you next time!

As he said that, he moved closer to Lei Xiao.

She was tired after such a long night.

After they had left for a while, Yun Bai finally recalled Lin Hanxing’s last sentence. Wasn’t that what she had said to her before?

.....

On the return trip.

Zuo Xiangdong was still driving quietly.

“So, isn’t su really going to die?”

In the silence, Yuan Kang’s voice rang out.

## [Chapter 1278](#)

1278 Then he’ll never be able to sit in that position

Zuo Xiangdong almost stepped on the accelerator.

He had just answered a call and did not go up, so he naturally did not hear those shocking remarks.

How could he not be shocked when he suddenly heard this sentence without any rhyme or reason?

Zuo Xiangdong steadied the car and subconsciously looked up at Lin Hanxing in the back seat through the rearview mirror.

Almost at the same time, they met the sharp eyes of the two eagles.

Lin Hanxing was leaning on Lei Xiao's shoulder and resting with his eyes closed.

"Yes."

After a while, she finally got a response.

"Then, is it wise for you to go against the senanda family and the second Princess Consort? If the second Prince ..."

Before Yuan Kang could finish, Lin Hanxing slowly opened his eyes in the dark carriage.

They looked at each other.

"Then let him never sit in that position."

Lin Hanxing said coldly.

Every word and sentence carried an indescribable sense of shock and pressure.

Yuan Kang couldn't say a word for a long time.

Lin Hanxing closed his eyes to rest.

all these years, the second Princess Consort and the senanda family behind her have been colluding with the Hong gang, Rou city, perijia, and dengheng provinces. These three provinces have also expressed their support for farick on many public occasions.

Lei Xiao's magnetic and hoarse voice resounded.

This was also described in detail in the information Yun Bai gave Lin Hanxing.

The headlights of the car cut through the darkness.

Soon, they arrived at the Li family's Secret passage.

Zuo Xiangdong stopped the car.

The group got off the car.

Lin Hanxing stopped when he walked past Zuo Xiangdong.

"As for tonight's matter, you just have to follow the rules and report it to elder mu."

.....

With a muffled rumble, the secret passage door opened.

As soon as they came out, they saw li Yuanjun, who was dozing off at the door with one hand supporting his cheek, and the two Tibetan Mastiffs named ah Zuo and ah you.

Hearing the movement, the handsome young man woke up and got up.

“Master.”

Li Yuanjun’s eyes lit up.

Lin Hanxing furrowed his brows when he saw that it was him. What time was it?

“We were all worried when we didn’t see you return.”

Over the years, li Yuanjun had learned to observe people’s expressions. He spoke the moment Lin Hanxing frowned.

To be exact, he was afraid that she wouldn’t come back.

The Li family had waited for so many years for her to return!

“Uncle Li, you’re not asleep yet?”

Lin Hanxing wanted to go upstairs to rest, but he stopped and walked towards the hall.

yes, I also asked the kitchen to prepare some sweet soup.

She asked a question, and Li Yuanjun answered honestly, without the slightest hint of ruthlessness that he once had when he opened his mouth to bite off someone’s ear.

“Star.”

Lei Xiao’s deep voice rang out from beside him. Lin Hanxing looked at him.

“I’ll go upstairs first.”

Lei Xiao’s cold eyes swept over li Yuanjun, but this time, he did not give off any sense of oppression.

“Alright, I’ll be there in a while.”

.....

In the bedroom.

Lei Xiao stood in front of the floor-to-ceiling window, the dim light reflecting his well-built figure.

He made a call.

At the same time, the private anti-wiretap phones of the royal family’s neszul Kingdom rang at almost the same time.

Su bu picked up the call expressionlessly.

“Mr. Ley.”

His voice was low and tired, but there was also a hint of fear.

"Tonight, I touched hadier senanda."

When the Thunder valiant beast's sinister voice was transmitted into su bu's ears through the receiver, the latter felt a chill down his spine.

Hadier senanda!

Didn't this mean ...

This time, it wasn't just his back that was cold, but his forehead that was covered in sweat.

"Mr. Ley, what is the meaning of this?"

"I'm just informing you."

His cold words were emotionless, cruel and bloodthirsty.

Notification ...

His tone was almost like a superior giving orders to a subordinate, but it made su sigh unconsciously.

1279 A phone call from second young master Lei

"You're making things difficult for me ..."

"It's your business how you want to deal with it,"

Before su bu could finish his words, Lei Xiao interrupted him impatiently.

In the reflection of the floor-to-ceiling window, his face was full of indifference, and there was no sign of the vitality he had when he was facing Lin Hanxing.

but if I'm not satisfied with the result, I'll sell what you want to someone who needs it more at a 30% discount.

With that, Lei Xiao hung up the phone without waiting for the other party's response.

On the other end of the phone, su bu suddenly became nervous.

The person who needed it more ...

And at a 30% discount?

That would simply be giving it away for free, and anyone would be tempted!

Su dan furrowed her brows. She could not allow such a thing to happen. After all, there were some things that could not be traded in the open. Although she did not know why Lei Xiao had taken a liking to Xuelan city all these years, he had given her the right to speak directly to him in the entire country g!

Although he was su bu, it was no exaggeration to say that this was a great honor for him!

No one knew, not even shamaga. The reason why their snowlan province's Su Bulai could be the head of state this time was, to a large extent, because he was the bridge between him and Thunder valiant beast.

Once Thunder valiant took back this privilege ...

The consequences were unimaginable!

Just as su bu was thinking about this, the door of the room was suddenly pushed open from the outside.

A womanly fragrance spread out. Second wangfei, shamajia, cried like a Pear Blossom bathed in rain, and was about to throw herself into su bu's arms.

"Sutan, hadier is dead!"

When she received the call, the second Princess Consort felt as if she had been struck by lightning. Ever since she and her sister married into the royal family, the entire country had to give some face to the senanda family behind her, but when had ...

Something like this had happened before?

Hadier was her most beloved nephew!

He had actually been harmed in the cloud cauldron!

He even had his hands chopped off and sent to his family!

Yingluo, I touched hadier senanda tonight.

That cold and sinister voice seemed to ring in su bu's ears again, causing him to shiver!

Without waiting for the second Princess Consort to approach, he pushed her away reflexively!

The second Princess Consort did not expect this at all!

Her body, which was as graceful as a water snake, fell to the ground!

"Impudent! Who allowed you to come in!"

.....

At the Li family villa.

Lin Hanxing finally managed to calm himself down and asked uncle li and the rest to go to bed. He then returned to the room with a bowl of sugar water.

Thunder owl had already finished his bath.

When he saw her come in, his deep eyes seemed to gather light.

"So, I really do look like a person who can't eat his fill?"

Lin Hanxing passed the sugar water to Lei Xiao.

If she wasn't a vegetarian, uncle li and the others would probably have prepared a Manchu Han Imperial Feast for her in the middle of the night.

Lei Xiao didn't say anything, he just reached out and pinched Lin Hanxing's face.

In fact, she was already feeling much better after being fed by the Lei family. When she first saw Hanxing in Mengsong, she was even thinner than she was now.

Lin Hanxing yawned, turned around and walked to Lei Xiao's side. He closed his tired eyes and buried his entire face into his sexy neck. He sniffed the refreshing and dry smell of the man's body, feeling satisfied.

"Ah Xiao, help me drink it! Uncle li is going for a checkup tomorrow morning ..."

Lin Hanxing mumbled.

Hearing this, Lei Xiao's thin lips curled up and he smiled.

However, before he could speak, his phone suddenly rang. He glanced at the caller ID ...

It was a call from Lei min.

Lei Jing frowned. If it was not something important, ah Jing would not disturb him at this time.

1280 Exchange Yuan Dabao back

He picked up the phone.

Lei min's gentle voice quickly sounded from the other end of the phone.

"Brother."

"Yes."

After hearing his voice, Lei min immediately understood that there was no problem at home, and his expression softened.

However, the next second, she heard the airport announcement in the background ...

"You're coming tomorrow?"

On the other end of the phone, Lei min was interrupted by his big brother's rebuttal, and the words that were about to come out of his mouth stopped.

Then, he chuckled helplessly.

"I can't hide anything from you."

He was indirectly admitting to Lei Xiao's question.

Lin Hanxing straightened up when he heard this.

Lei min was coming over tomorrow?

Lei Xiao switched the phone to speaker mode and let Lei min's voice spread through the space.

"The reason."

"....."

This time, Lei Jing was momentarily stunned.

don't go out with sister-in-law tomorrow. I'll go to your place after contacting the people at the Embassy. First, I want to get Yuan Dabao back. Second, I want to ...

It was as if he couldn't find a suitable adjective to describe it, so he just stood there.

"Official business?"

Lin Hanxing replied, and Lei Qian responded vaguely on the other end of the phone.

It was obviously not convenient to talk about it over the phone.

"We'll send someone to pick you up tomorrow morning."

"No, I ..."

Hearing her words, Lei min subconsciously did not want to cause her any trouble.

something happened. If you come here by yourselves, it might be difficult to get in and out.

It was not the best time to explain the matter of the guards at the Li family's entrance. Lin Hanxing and Lei Xiao looked at each other and both of them tacitly decided to turn this page over.

Anyway, Lei min would definitely see it when he arrived tomorrow.

"Alright," he said.

Lei Jing did not pursue the matter any further.

After exchanging a few more words, they hung up the phone.

Lei Xiao's expression was deep, as if he was thinking about the purpose of Lei min's visit. Even so, he did not forget to pick up the syrup that he had left on the bed to cool and drink it all in one gulp.

"What do you think Yu is here for?"

Thunder valiant beast asked.

The sugar water that had been boiled for a few hours tasted sweet, but it was not the taste he liked.

Even so, as long as Lin Hanxing asked him to do it ...

The Thunder valiant beast didn't even blink.

Lin Hanxing was silent for a moment.

The few sentences just now did not reveal much information.

But it also involved the Embassy, so it must be unusual.

Lin Hanxing did not speak, and Lei Xiao was also mumbling with his head lowered.

Suddenly, the two of them raised their heads at the same time and looked at each other.

“A cultural relic!”

They said in unison!

.....

The next morning.

The news of Hadier's death was like a bomb that had exploded in Snowlan province, causing everyone to boil over!

Very quickly, the inside story of those who knew about it was spread.

Hadier had died in the Cloud Cauldron Casino!

And the one who threatened to kill him ...

It was the Lin family's little nine who had caused! Huge commotion in country! Not long after he arrived!

How dare she!

This caused all the major clans in Xuelan province to be shocked and terrified!

Most of them had heard about the second Princess Consort sending people to seal the front and back doors of the Li family, but it was also because of this that the Li family's sixteen-word proverb for outsiders was particularly intimidating!

There was probably no one in the entire Snowlan province who didn't know of these words!

Li clan's important place!

Private houses!

He had come without invitation!

Those who were good at it died!

Everyone was guessing how Hadier had offended Lin Xiaojie to cause such a fatal disaster!

At this time, the Yuan family was in chaos!
