

Goodnight 1281

Chapter 1281-funeral invitation

“We’re finished! Our Yuan family is going to be destroyed in the hands of this woman!”

“If she wants to die, she shouldn’t drag us down!”

The panicked wails continued, and everyone turned their eyes to Yuan laosan, who was sitting in the main seat with a gloomy face.

“Prepare the car!”

Yuan San and Yuan Junhui’s voice suddenly rang out!

“Third brother, where are you going?”

Yuan Liu was also the youngest sister, Yuan Meiyun, and she tried to speak under the gazes of her group of brothers.

“Where else can we go? The Li family, of course!”

Yuan laosan gritted his teeth when he said that.

“We’re going too!”

What kind of sixteen-word proverb was that? they did not believe that Lin xiaojiu had three heads and six arms. Could he eat all of them?

“Alright, let’s all go! Let this girl who doesn’t know the immensity of the heavens and earth give us an explanation!”

Yuan laosan’s glabella was burning with anger!

Was she trying to destroy the yuan family?

As soon as he finished speaking, a servant rushed in from outside, her eyes full of panic.

“It’s ... It’s bad!”

He shouted as he ran.

“Trash, what are you shouting for!”

Yuan San was still in a fit of anger, and when he heard the servant’s words, he was even more furious!

However, just as he was about to teach the other party a lesson, a confession note ...

It appeared in Yuan san’s pupils!

.....

The Li family.

After breakfast, sacred hands announced that he was going into seclusion.

At this time, Yan beiming and the others were listening to Yuan Kang's story about last night.

F * ck, not me!!!

Yan beixiao thumped his chest and stomped his feet. He was deeply resentful for not looking for him to join in the fun.

"Little cold star ..."

She stared at Lin Hanxing with a pair of aggrieved eyes.

"You're going to have fun today."

Lin Hanxing's lips curved into a smile, his expression as calm as ever.

"The second Princess Consort won't let this go, and the senanda family won't either!"

Uncle hai said after a moment of silence.

" But until now, the royal family has not made any moves. It's a little unusual. "

At that moment, uncle hai had no idea that it was not that the second Princess Consort did not want to do anything, but that she was being suppressed by Su dan!

"And Yuan San and the others!"

Uncle hai looked at Lin Hanxing.

He understood the conduct of Mr. Yuan's siblings the best. With such a big move on Lin Hanxing's side, he was afraid ...

Suddenly, a child's cry came from upstairs!

It was ridiculous!

Everyone's movements came to an abrupt halt as they looked toward the stairs.

Then, he looked at Lin Hanxing and Lei Xiao with a strange expression.

"You two can even speed up the process of having children?"

Yan beiming could not hold back.

Although the others didn't say anything, the agreement in their eyes was enough to explain everything.

"

After a short silence, Lei Xiao and Lin Hanxing both shouted at Yan beiming in unison ...

"Shut up!"

That child was sent over by elder mu in the morning.

Lin Hanxing originally did not understand the meaning behind it.

However, the child's origin was recorded in the secret code that was sent with the child.

At this thought, Lin Hanxing's gaze fell on Yuan Kang.

He didn't know that the humiliation he had suffered back then had already been slowly avenged by someone.

"Master."

Li bingshou returned with a white invitation card in his hand. He looked extremely nervous.

"What is this?"

Yan beixiao glanced at it casually. Who would use a white invitation card?

"This is the funeral invitation of the senanda family!"

Like a sudden clap of thunder, the expressions of everyone in the villa's Hall froze.

Lin Hanxing was the only one ...

His eyes swept over the confession note and he laughed sarcastically.

"Since you've already been invited, let's go!"

[Chapter 1282](#)

1282 This is going to be an accident

"Little Hanxing, this isn't a joke. Are you really going?"

Yan Beichen turned around to look at her, frowning.

it's impolite not to reciprocate. Not only do I have to go, but I also have to prepare a big gift to express my sincerity!

Lin Hanxing stood up and walked over to li binshou. He took the funeral invitation that the senanda family had personally sent over.

His thick black eyelashes blinked slightly, and there was a hint of mockery.

"You're afraid that their family members won't die from anger!"

Yuan Kang couldn't help but tease.

He finally understood that this Lin Hanxing only wished for the world to be in chaos. However, she had Lei Xiao backing her up, which made this woman live a lawless, arrogant, and unbridled life!

"Those who want to go, follow me."

Lin Hanxing opened the invitation with his finger and handed it to Lei Xiao.

The words on the White invitation were written in cinnabar, and they were as red as blood.

If an ordinary person were to see this, he would definitely break out in cold sweat!

Unfortunately, this item was sent to Lin Hanxing, who had been bathed in blood all the way here.

Not worth mentioning!

“Master ...”

Li binshou had wanted to follow them, but before he could finish, Lin Hanxing had already smiled and shook his head at him.

“There will be an important guest today. Uncle Li, you stay here and wait for us to come back.”

.....

The senanda family.

The yuan family had arrived long ago, but no one dared to get out of the car.

Through the window, all he could see was a vast expanse of white.

Even though the sun was high in the sky, it still gave people a sense of desolation!

The news of hadier’s death had already spread throughout snowlan province. No matter what their relationship was in the past, it was only natural for them to come to the funeral for the second Princess Consort!

The gate of the old house was wide open, and servants in mourning clothes surrounded it.

At a glance, one could tell that they were the hatchet men trained by the family all year round. Each of them was well-built, and their faces were full of indignation, as if they were waiting for someone!

“It’s over, something’s going to happen!”

Yuan San, who was hiding in the car, had an ugly expression on his face. He knew that today’s matter would not be so easily resolved!

If they weren’t careful and caused a conflict ...

Their little lives were going to end here today!

“The second Princess Consort is here!”

Suddenly, someone shouted and attracted attention.

The second Princess Consort had indeed come!

Second Prince farik was beside her, supporting her. Other than the bodyguards who were protecting them, there were also some people scattered in the crowd to prevent any accidents from happening.

The second Princess Consort looked much more Haggard.

Her eyes were covered by a pair of large sunglasses, and it was obvious that she was not in good spirits.

say, since this invitation was sent to our Yuan family, do you think ... It was also sent to that person from the Li family? ”

In the carriage, Yuan Laowu pondered for a moment and then spoke.

“If that Lin guy dares to come, I’ll cut my head off and let you guys kick it around like a ball!”

Yuan Laosi, Yuan peiming, was sneering when he saw the people sitting next to him looking out of the car window, dumbfounded.

Yuan Laosi’s heart quivered and he turned his head robotically.

They saw an evil-looking bodyguard-like Man in Black striding towards the direction of their car. After a while, there was a chaotic and fierce knocking on the car window!

“Third brother, what should we do ...”

The yuan family asked the backbone of the group in a panic. The yuan family in the car behind them were also suffering from a storm of horror!

It was obvious that the second Princess Consort had called them over!

Not far away, the second Princess Consort’s face, hidden under her sunglasses, looked particularly ferocious and distorted!

Su Lin actually told her to look at the big picture!

She wanted to make this group of damned Yuan family members kneel all the way from here to the inside!

[Chapter 1283](#)

1283 Triggered at the first touch

The car in front was already so frightened, so the yuan family’s juniors in the car behind were naturally not any better.

Yuan Huaneng, who was used to being arrogant, was already sobbing in fear.

“Yuan family, get down here!”

If not for the fact that they were still at the door of the family and there were countless eyes watching, it was possible that the second Princess Consort would have cut this group of people alive and offered them to her nephew’s spirit in heaven!

Lin xiaojiu!

Lin xiaojiu!

If she didn’t take revenge, she wasn’t a human!

When the yuan family finally couldn’t resist their fear and got out of the car, they were like stray dogs, not even daring to breathe loudly!

I want all of you to kowtow step by step as you walk in. Otherwise ...

The second Princess Consort was filled with hatred. Even through her sunglasses, one could feel the viciousness in her eyes!

What ...

Kneeled ... On his knees!

And he had to kowtow with every step?

The yuan family could not believe their ears. The yuan family represented the face of the Chinese in country G!

The members of the senanda family came out of the mourning hall after receiving the news and watched the scene with cold eyes.

It was obvious that they had acquiesced.

The guests who had come to offer their condolences were all speechless. It seemed that the first thing this successor personally appointed by Yuan shaojing brought to the yuan family wasn't glory, but big trouble from head to toe!

Judging from the senanda family's attitude ...

The rumors must be true!

Hadier's death was really the Lin family's little Nine's doing!

"Otherwise what?"

Just as everyone was thinking about this, a cold and quiet voice came from not far away.

It was like the cool breeze blowing in the hot sun, making people feel a chill for no reason.

The moment she heard the voice, the second Princess Consort pulled off her sunglasses, revealing a pair of eyes that could not hide her haggardness even though she had put on light makeup. She glared fiercely at the source of the voice.

Under the sunlight, Lin Hanxing's small face, which was as tender as water tofu, had a faint smile on it ...

She was lazy and beautiful.

He was wearing a white v-neck silk shirt and a pair of high-waisted black wide-legged pants. He looked neat and capable.

She actually came?

The yuan family members were shocked, and their expressions froze on their faces.

"Lin! Small! Nine!"

The second Princess Consort had now truly experienced what it meant to be envious when enemies meet!

When the senanda family members who were standing not far away from her heard those three words, they couldn't believe their eyes and all looked at Lin Hanxing's face!

She was Lin Hanxing!

That little nine of the Lin family from Rivertown?

Although some of them had already seen her photos, they still couldn't imagine how young she was when they saw her in person!

"What did the yuan family do to make the second Princess Consort so angry that she doesn't care about her image?"

Hearing this, Yuan laosan, who had just been frightened, almost cursed.

What did the yuan family do wrong?

All these damned troubles and disasters were all caused by her, Lin xiaojiu!

How dare she!

He actually dared to go against the senanda family?

Lin Hanxing walked towards the second Princess Consort at a moderate pace, as if he did not care about the curious, frightened, or complicated gazes around him. He was lazy and relaxed ...

It was as if he was strolling in the Li family's garden.

"It's you! You're the one who killed my son!"

A hoarse and broken scream suddenly cut through the atmosphere. A white figure rushed out of the main gate of the senanda family and rushed towards Lin Hanxing with a sharp pair of scissors in her hand!

Standing beside Lin Hanxing, Lei Xiao's eyes suddenly turned cold!

[Chapter 1284](#)

1284 Thank you for the compliment

However, before Lei Xiao could do anything, Lin Hanxing was faster than him. Before his opponent could stab him with the sharp scissors, Lin Hanxing had already raised his hand and caught the man's wrist!

With a force that no one could resist!

"Do you think I'll let you get hurt again in front of me?"

Lin Hanxing turned her head to look at Lei Xiao, her slightly curled black hair swaying along with her movements!

The two of them looked at each other!

The man in Lin Hanxing's grasp struggled madly, but he could not break free from her control!

"Lin xiaojiu, let her go!"

With a snap, the sunglasses in the second Princess Consort's hand were broken into two pieces. At the same time, many thugs of the senanda family in mourning clothes swarmed over and surrounded Lin Hanxing and his group!

Each of them had a ferocious and twisted expression on their faces!

It was as if he could not wait to tear them apart in the next second!

The yuan family's hearts were beating wildly.

Yuan San, who was initially burning with anger and wanted to go to the Li family to cause trouble for Lin Hanxing, was the first to hide behind them.

As for the yuan family members who had just recovered from their shock, they naturally followed suit and dodged.

Even Xi Bao looked down on them when he saw their cowardice!

"You can't kill me."

Lin Hanxing turned a deaf ear to the second Princess Consort's words and only looked at her coldly. His seductive eyes were calm, as if he was describing the weather today.

As he spoke, Lin Hanxing's other hand easily held the scissors in his hand.

"My son! You killed my son!"

Hadier's mother glared at Lin Hanxing with her bloodshot eyes.

Lin Hanxing's lips curled into a faint smile.

He did not say anything.

But he didn't deny it.

Her fearless attitude also made the guests who had come to the mourning but had not left speechless.

Lin Hanxing's eyes looked over Hadier's mother's shoulder and finally fell on the second Princess Consort's face.

The beautiful little face that she had maintained well in her memory was now Haggard.

His eyes were especially red and swollen like two large walnuts.

It was enough to see how sad the second Princess Consort was last night!

"Not only you, no one here can take my life!"

As soon as she finished speaking, the scissors in Lin Hanxing's hand were thrown out in the blink of an eye. It was so fast that no one had time to react. They could only watch as the scissors flew past the second Princess Consort's cheek ...

Finally, it went straight into the dark red goalpost that was as thick as a few people!

"Ah ..."

After a short cry of surprise, the second Princess Consort felt that everyone around her was looking at her, and something seemed to slip by her ear.

He turned his head and looked ...

It was actually a strand of her hair. Like the fallen leaves of autumn, it was scattered in the air without any roots ...

He slowly fell to the ground!

"You're just as the rumors say."

A slightly hoarse and old voice sounded in everyone's ears. A man with a slightly hunched back walked out from behind the crowd. The walking stick in his hand hit the ground, making a cold thud.

"Lin family's little ninth ..."

"Arrogant and despotic ..."

"Arrogant ..."

"He will seek revenge for the smallest grievance ..."

With every word he said, the elder took a step forward, his deep wrinkles full of slyness.

A pair of eyes as sharp as a knife fell on Lin Hanxing's face.

If looks could kill, Lin Hanxing thought that he would have died a million times over.

&Nbsp; interesting.

Lin Hanxing laughed.

"Thank you for the compliment."

[Chapter 1285](#)

1285 Carefully prepared three gifts

As he spoke, he pushed Hadier's mother toward her family.

From the beginning to the end, Lin Hanxing's eyes did not waver at all.

Even though her smile was as beautiful as a blossoming peony, in the eyes of the Senanda family, it was no less terrifying than the man-eating monster!

"You ..."

Hadier's mother still wanted to rush over.

"Enough!"

The elder hit the ground with his walking stick.

Even the second Princess Consort's expression changed when he growled. His prestige in the family was clear!

Seeing this, Lin Hanxing's expression remained the same as he raised his hand and clapped.

A crisp sound was heard.

“As I’m invited here to offer my condolences, I’ve specially prepared three gifts for the entire senanda family!”

“After all ...”

Lin Hanxing’s cold eyes looked at the angry and forbearing faces in front of him.

“I’m new here, so I can’t come empty-handed!”

Bai Xi walked over with things in her hands. Today, they were all dressed in black and white. Bai Xi, who was beautiful to begin with, exuded a rarely seen fierceness.

At this moment, the second Princess Consort glared at Lin Hanxing with fiendish eyes.

She had never lost her composure to hate someone so much in public.

He had even forgotten to pay attention to his appearance!

“This first gift ...”

Lin Hanxing reached out and lifted the black cloth on the thing Bai Xi was holding.

No one would have thought that there would be a small black clock below. In such an occasion, this thing was as strange as it could be.

Lin Hanxing hit the bell beside him with a hammer, making a heart-shaking sound.

Death knell!

When the yuan family members who were hiding in the back realized this, their hearts suddenly turned cold!

She actually ...

Give a bell?

However, no one dared to expose her intentions.

Just like how no one would have thought that she would give such a thing!

in our Chinese world, ‘sending a Bell’ is equivalent to ‘sending a funeral’. No matter how you explain it, it won’t be a nice word. Therefore, such things are avoided when choosing a gift for extremely important occasions.

Lin Hanxing’s words shocked everyone!

They had originally thought that she would just stand by and watch the senanda family’s ineffable actions from the sidelines, but they had never expected Lin xiaojiu to be so direct in telling them all about her intentions!

The yuan family felt their blood freeze. They didn’t even dare to look at the senanda family’s reaction.

“The second gift ...”

The same applause rang out. Lin Hanxing stared at the people opposite him, not caring at all about the uproar that his words had caused.

Jiang Xibao walked out.

Under the black cloth, one could vaguely see the shape of a cage.

Seeing how her first 'gift' was already so shocking, the others began to secretly guess what was inside.

The moment the black cloth was lifted, a Crow locked in a cage was reflected in everyone's sight!

"Crow?"

Perhaps it was because it was shocked, but its rough and unpleasant CAW sounded like it was going to shake the sky!

It was going to penetrate his skull!

"Crow, commonly known as the bird of mourning."

Lin Hanxing's voice had an indescribable sense of enchantment. Even though they knew how shocking her next sentence would be, they could not help but want to let her continue to reveal it!

"The crows are announcing the death, the King of Hell is coming."

She teased the crow in the cage with her white fingertips and said with a smile.

[Chapter 1286](#)

1286 I wish you all the best

"I wish you all ..."

She raised her eyes slightly. Even though there was still an impeccable smile on her delicate porcelain-like face, her eyes were suddenly filled with infinite coldness. They were like an abyss, making people not dare to look directly at them!

"The house is in unrest, there will never be peace!"

Eight big words, each word and sentence, made the others not even dare to breathe!

Those who came to offer their condolences today were naturally all famous people from snowlan province.

They had never seen such a shocking scene in their entire lives!

To be able to say the words 'the house is in trouble, there will never be peace' at someone else's funeral, this was simply an unprecedented miracle!

white stream treasure, send the gift to the head of the senanda family.

Lin Hanxing's tone was lazy and emotionless.

Bai Xi and Jiang Xibao took the 'gifts' and walked to the senanda family members.

Even though the group of people looked like they were going to eat them up along the way, the two of them still walked steadily as usual.

It was amazing.

The facial muscles of the elder with the walking stick twitched in anger, but he held it in.

Even though the deep lines on his face became more ferocious because of his action.

No one dared to speak!

This Lin xiaojiu was really too impudent!

He was too arrogant!

It was unknown whether the crow was frightened or had sensed the change in the air, but it kept on crying out in pain.

The crows reported the death, and the King of Hell was coming.

For some reason, the words that Lin Hanxing had said just now appeared in everyone's mind.

The King of Hell ...

About to ...

After a long time.

"Hehe."

The elder raised his head and looked at Lin Hanxing, who was not far away, and finally made a move.

He stretched out his thin and rough but still powerful palm, lifted the outer buckle of the birdcage, and in a second, his hand reached in and accurately caught the neck of the crow that was still making unpleasant screams!

He was killed in one second!

Bai Xi and Jiang Xibao could feel the murderous aura coming from close to them.

His breathing stopped.

The air seemed to be shrouded by a bloody aura that could be seen with the naked eye.

It was as if a tragedy would happen if they were not careful!

Anyone with eyes could tell that this was the direct response from the head of the senanda family to Lin xiaojiu's provocation!

The head of the senanda family was laughing.

His eyes were vicious.

Lin Hanxing was also smiling.

His eyes were cold and calm.

In the eyes of others, their smiles could only be associated with one word ...

A dagger hidden in a smile!

If the head of the senanda family, an old man who had been in the martial world for decades, was used to this kind of spirit and aura, then Lin xiaojiu's aura ...

She was still so young, but she already had the ability to rival them!

"Take this clock and destroy it!"

The head of the senanda family said in a deep voice, as if the viciousness in his eyes was just an illusion.

The dead crow fell from his hand and landed heavily on the ground!

I've accepted miss Lin's gift, but we agreed on three sets. Why are there only two sets now? "

A gloomy voice sounded.

This sentence also attracted the attention of others.

That's right.

Lin xiaojiu had clearly said that there were three gifts, but up until now, he had only given her two. There was still one more ...

What could it be?

Even though they knew that the timing was not right, everyone could not help but feel curious.

"That's because the third gift is a little special."

Do you think that your first two 'gifts' are not special?

The moment Lin Hanxing's voice rang out, Yan beiming, who was standing not too far away, could not help but Mutter in his heart.

"It's more appropriate to send it after the mourning."

[Chapter 1287](#)

1287 Little kid

"Hmph, ignorant child!"

Lin Hanxing's voice had just faded when a bell-like voice suddenly came from not far away.

His tone was filled with disdain for women.

Everyone looked in the direction of the voice ...

When they saw who it was, most of the people gasped in their hearts.

Wasn't that the Hong gang's first master, old Chai?

Behind him, there were many Hong gang members. Their eyes were sharp and Savage as they walked over!

Very quickly, elder Chai was standing in front of Lin Hanxing!

However, his eyes were fixed on the Thunder valiant beast's face, as if he was looking at a gold vault.

He was hiding his astute calculations.

"Mr. Ley."

Elder Chai smiled. It was obvious that he was afraid of the Thunder valiant beast.

However, before the Thunder valiant beast could react, another voice interrupted.

"Chief Chai is still the same as before."

When elder mu appeared with the Hua Ji group, the previous tense atmosphere was clearly broken.

Elder Chai's expression turned serious.

This old man who won't die!

Today, elder mu was dressed in a dark Tang suit. His snow-white beard hung down naturally, and his eyes were sharp and spirited.

Wherever he passed, people automatically made way for him.

This was the treatment that elder Chai of the Hong gang didn't receive when he came over.

From this, one could see the obvious difference in status between the two.

A hint of ruthlessness flashed across old Chai's eyes.

It was fleeting.

All these years, Hua Ji had been suppressing the Hong gang in every aspect, but they had to maintain peace on the surface. They were really aggrieved to the extreme!

It was not easy to use the second Princess Consort to gain power, but who would have thought that Lin xiaojiu would appear out of nowhere!

It really made one's teeth itch with hatred.

I heard that there was a mole in Hua Ji. I was still wondering how it was possible. Now that I've seen you, head mu, the four great protectors have become three, I finally understand that rumors really do cause trouble without wind!

Old Chai spoke in a strange tone.

Everyone followed his words and saw that there were only three Hall Masters left from the original four, Azure Dragon, Vermillion Bird, Black Tortoise, and white Tiger ...

The hall Master of White Tiger Hall had indeed disappeared!

I heard that two days ago, the Hong gang sold some of their properties in the state of muda. If you have any difficulties, don't be polite, chief Chai. Remember to come to Hua Ji to find me.

"You let ..."

Just as elder MU's words left his mouth, the servants behind elder Chai began to curse.

However, the next second, he felt a numbing pain in his neck, and then his eyes rolled back and he fainted.

Everyone was shocked!

What was going on?

"I'm sorry, my hand slipped."

Lin Hanxing's soft voice was heard as she walked towards old Chai. The Hong gang members who had finally reacted to the situation were all on high alert.

Many pairs of eyes were watching her every move.

Lin Hanxing quickly walked to the man on the ground and bent down to pull something out of his neck.

It was only then that the people around her realized that she had a thin needle in her hand.

Those with sharp eyes could tell at a glance that it was acupuncture!

Lin Hanxing slowly wrapped the acupuncture needles back into the ring. After asking for it from the sacred hands last night, Lei Xiao had helped her deal with it in the middle of the night for the convenience of carrying it around.

When she got up again, she smiled at old Chai.

"It seems that the rumors are true."

These thought-provoking words sounded familiar to others!

When he came back to his senses, he laughed in his heart. Wasn't this what old Chai had said when he said Hua Ji?

"You little girl ..."

"Girl, come here, it's time to go in!"

Before elder Chai could finish his sentence, elder mu had already cut off the rest of his words!

[Chapter 1288](#)

1288 Standing position

Lin Hanxing smiled and walked towards elder mu.

Old Chai's face turned ashen, and the people around him didn't even dare to breathe!

"Trash!"

Lin Hanxing heard a thunderous roar behind him, and a mocking look flashed across his eyes.

Be it this old Chai's true feelings or pointing at the Mulberry and scolding the locust, it didn't have the slightest impact on her.

Her high heels clicked on the ground with a cold sound.

The beat seemed to be stepping on people's hearts, and it was impossible to ignore it even if one wanted to.

Just when everyone thought that Lin Hanxing would stand behind elder mu ...

However, she walked past the three Hall Masters of Hua Ji and stopped beside elder mu!

This unexpected move made everyone gasp in their hearts!

Even the Hong gang's members were stunned when they saw this, let alone the others.

Hua Ji's internal hierarchy was extremely strict. No matter the situation, no one could stand higher than elder mu, let alone stand side by side with him!

This was a great disrespect!

Just as everyone was waiting for the three Hall Masters behind elder mu to fly into a rage ...

Then, something even more shocking happened!

Not only did the three Hall Masters not get angry, their respectful attitude was no different from when they were facing elder mu!

There was complete silence ...

"Could that rumor be true ..."

Someone from the Hong gang mumbled, causing old Chai to narrow his eyes. He finally re-examined the little girl that he had not taken a fancy to from the beginning!

It was rumored that old man mu had personally passed down a new rule in Hua Ji a few days ago!

The rules stated that the four halls, the thirty-sixth branch, and all the remaining members of Hua Ji were not allowed to show any disrespect to anyone they saw!

If they violated it, depending on the degree, they would be punished according to the sect's rules, and in the worst case, their wife and children would be harmed!

Originally, old Chai had treated this matter as a joke.

He couldn't think of any other possibility other than the future successor of Hua Ji that could reach this level, but he heard that this person was a woman ...

Old Chai would never believe that mu would hand Hua Ji over to a woman to manage!

Women should keep their edge down and go home to have children and wash clothes!

But now ...

Elder Chai looked at the couple standing beside elder mu, who looked like they had just walked out of a magazine ...

“Who allowed you to go in!”

In the silence, the second Princess Consort’s sudden sharp voice was particularly harsh!

She pushed her son’s hand away and stomped towards Lin Hanxing. Her eyes were filled with deep disgust and hatred, as if she wanted to cut her into a thousand pieces.

unless you kneel in front of hadier for three days and three nights, you and the yuan family will not leave!

She was so angry that she was about to lose her mind.

Hearing this, Lin Hanxing looked up at the second Princess Consort, his face expressionless.

When she was facing the other members of the senanda family, her aura was lazy and provocative, but now ...

Lin Hanxing’s entire aura began to change when he faced the second Princess Consort!

She didn’t say anything.

He just kept all the expressions on his face and just looked at her.

The surrounding air seemed to have frozen in an instant, and frost was forming at a speed visible to the naked eye. Even breathing began to become inexplicably difficult!

Even the head of the senanda family was shocked by the scene!

She was so young, how could she give off such a strong sense of oppression?

[Chapter 1289](#)

1289 Send my regards to that person

It was only then that the head of the senanda family realized the problem that he had been neglecting.

Why did Lin xiaojiu have to use such an extreme method to declare war on their family!

He didn’t even want to say a word of nonsense!

If it was just because they were on different sides, why would Lin xiaojiu not even give them a way out and directly tear them apart?

Did something happen that they didn’t know about?

Thinking of this, the chief of the senanda family shifted his deep gaze to the second consort.

The second Princess Consort was not having a good time either!

Even though his rationality was dominated by anger, his body’s instincts were not frozen.

Being stared at by Lin Hanxing’s eyes, she felt a chill run down her spine.

His brain and instinct were tearing at each other!

“Let them in!”

Just as the situation became tense again, the second Princess Consort heard the deep voice of chief senanda behind her!

“No...”

However, before the second Princess Consort could finish her objection, the former had already glared at her.

Lin Hanxing’s long eyelashes fluttered. He retracted all the cold air around him, as if everything that had happened just now was just an illusion and had not really happened.

The group of people walked forward.

It attracted everyone’s attention.

When she passed by the second Princess Consort, the other party’s eyes, which hated her to the core, followed her like a shadow.

“Wait,”

Lin Hanxing stopped in his tracks.

She tilted her head and looked at the second Princess Consort at a close distance.

Second Prince farrick wanted to step forward, but Lei Xiao’s cold gaze had already swept over!

He had successfully stopped him!

“Second Princess Consort ...”

Lin Hanxing didn’t care about the commotion that his actions had caused. He casually fiddled with the Rings that symbolized the Li and Yuan families.

Her delicate little face, which was originally more translucent and fair under the silk white shirt, now revealed a faint smile again.

Her eyes were as alluring as a painting.

“Send my regards to the one in the capital.”

The second Princess Consort, who was originally in a state of Fury, was shocked by everyone’s shocked expressions. She stared at Lin Hanxing’s face as if she had seen a ghost!

“You ... You you ...”

He was so shocked that he couldn’t even finish a sentence.

The one from Beijing!

The moment the chief of the senanda family heard those words, his guess was confirmed!

Before the second Princess Consort could finish saying “you,” Lin Hanxing had already retracted his gaze and walked back into the senanda family.

It was as if nothing had happened just now!

Only the sharp pair of scissors stuck in the front door of the senanda family’s house seemed to be silently implying something!

“What did you do behind your back?”

When there was some distance between them, boss senanda suddenly turned his head to look at the second Princess Consort. If it wasn’t for her identity and the occasion, he wouldn’t have been so restrained.

Suddenly, as if he had thought of something, the other party’s eyes widened.

If he didn’t remember wrongly, a huge event happened in Jiang city half a month ago!

Lei Xiao was shot and in danger!

He had heard that the Assassin’s original target was Lin xiaojiu!

When he had first seen this, he had not paid much attention to it. But now that he thought about it, he was inexplicably shocked!

“Did you get someone to do this?”

The second Princess Consort understood this sentence that seemed to come out of nowhere!

Her eyes dodged in a panic. She didn’t need to say anything, but the answer was obvious.

“You’re in big trouble!”

1290 Meeting song Chenxi again

The design of the centuries-old senanda family’s courtyard was naturally gorgeous, but it was rendered white by the funeral, giving people the illusion of depression.

Lin Hanxing and Lei Jing walked inside with elder mu.

At the chief’s signal, the senanda family’s hired thugs surrounded them like ‘bodyguards’.

Like a tiger watching its prey.

Lin Hanxing was expressionless and ignored her.

The group of people walked inside in a grandiose manner, attracting countless people’s shocked and curious gazes in the process!

The yuan family, who had been cowering, also straightened their backs.

“You came to the mourning site to demonstrate your power, you ...”

Elder MU's voice reached Lin Hanxing's ears as he looked ahead.

"I only came because I received a letter of confession."

Lin Hanxing replied indifferently, her delicate little face was expressionless, as if the shocking things that had happened before had nothing to do with her.

"Besides ..."

Lin Hanxing's lips suddenly curved into a sarcastic smile.

I'm used to being arrogant and overbearing. What's a mere senanda family to me? "

These words naturally reached the ears of the hatchet men, but because the people from Hua Ji were present, they could only glare at her with an angry gaze that was close to eating her alive!

Yuan huanneng, who was standing behind, stared at Lin Hanxing's graceful back with a fiery gaze.

Thinking back to how she had been hiding in the car and crying in fear, and then seeing Lin xiaojiu unscathed and attracting everyone's attention as soon as he appeared, the huge difference between the two of them made her feel a burning jealousy that she had never felt before!

She would like to see how Lin xiaojiu would be able to escape unscathed after offending the senanda family!

Not far away.

Hong gang's old Chai was also secretly observing.

In his entire life, he had never encountered a junior that made him feel so troubled!

Even if she stood in front of you, you can't see through her!

Even though it was only their first encounter today, old Chai still categorized Lin Hanxing as "troublesome" in his heart!

She was a big trouble!

Everyone's thoughts were mixed.

Just as they were about to reach the mourning hall, Lin Hanxing suddenly stopped.

He didn't move.

He looked at a certain place.

The people around followed Lin Hanxing's line of sight ...

The president of the song group!

Song Chenxi!

She was wearing a long black dress with a hook at her waist. Her hair, which was usually tied up, was let down today. There was still an unchanged strength in her bones, and her eyes were cold and tough.

Compared to the people around him who had gathered to chat after coming out of the mourning hall ...

Song Chenxi was so out of place.

It was like a slow-motion split image that separated her from her surroundings.

To become an independent individual.

She was talking to her assistant.

The assistant was about to answer and look up when he saw Lin Hanxing not far away.

Naturally, they had met before in Jiang city.

"Miss song, it's miss Jiu."

The assistant reminded.

Song Chenxi raised her head and looked in the same direction. The moment her eyes met Lin Hanxing's, the corners of her mouth slowly curled up into a smile.

There was complete silence.

As everyone in country G knew, song Chenxi's methods were strong, especially in the presence of her sister, song Zhiyun. It made her seem even more cold and heartless, not to mention that she had done something despicable like snatching her sister's man.

But now, she was smiling?

Lin Hanxing replied with a smile.

Although her smile was light, it was especially fresh in people's memories when set off by the White snow behind her.

Song Chenxi walked towards her.

The people who had not attended the cabinet meeting and did not know what was happening outside maintained a wait-and-see attitude, coldly watching the two women with amazing auras meet!
