

Goodnight 1291

[Chapter 1291](#)

1291 It's time to talk about our third present

"You're the only one who has the guts to come."

Even song Chenxi herself did not realize that her words were so intimate.

Song Chenxi was the first to know that Lin Hanxing had returned to Xuelan province.

Not to mention that the Li family had been rushing to repair it day and night at all costs.

However, what song Chenxi did not expect was that the moment she landed, she immediately pointed her finger at the second Princess Consort!

He was really as direct as he could be!

Unfortunately, this was not the time to talk ...

"Be careful, second Princess Consort's sister is inside."

Song Chenxi lowered her voice and whispered to Lin Hanxing so that no one else could hear her.

Right now, the second Princess Consort's brother-in-law was still under house arrest by Eric's men in the royal family. They were only waiting to see what this old su of Johor would do when the three-day agreement was up.

After she finished speaking, song Chenxi returned to her usual self.

After a brief eye contact, the two passed by each other.

However, in that moment, song Chenxi raised her hand and held Lin Hanxing's hand.

"In a few days, there will be a charity dinner that has been held as usual. I will send an invitation to miss Lin. I hope you can come."

Something was stuffed into Lin Hanxing's palm.

"I'll definitely be there."

Lin Hanxing's expression remained the same. He covered the thing in his palm without leaving a trace, as if nothing had happened.

"That's good."

When their eyes met, song Chenxi heaved an almost inaudible sigh of relief.

Her identity was too special, so he could only help her up to this point ...

.....

In the mourning hall.

The gang of thugs were still eyeing them covetously.

He was only focused on Lin Hanxing.

It was as if she would be dismembered into a thousand pieces the moment she revealed a flaw.

At this time, the people who were still in the mourning hall sensed that the situation was not right and got up to leave. However, before they left, their eyes stopped on Lin Hanxing, secretly guessing her identity.

From the beginning to the end, Lin Hanxing did not seem to feel anything and allowed everyone to size him up.

Soon, the senanda family members surrounded the mourning hall. It was obvious that their anger had reached its peak and they wanted to vent it now!

For a time, the people in the mourning hall had different expressions.

Hong gang's old Chai and the others were naturally happy to watch the show.

From the looks of it, old mu was determined to protect the girl no matter what. If they really got into a conflict with the senanda family, the Hong gang might be able to reap the benefits.

At the thought of this, old Chai's face turned relaxed.

The yuan family cried out bitterly in their hearts, and their backs, which had finally straightened up, once again shriveled up like eggplants that had been hit by frost!

If they had known that things would turn out like this, they would never have come here!

'It's all that damned Lin xiaojiu's fault!'

Just as the yuan family was gritting their teeth in anger, no one noticed that Yan beixiao and Bai Xi were secretly getting excited. They were even rubbing their hands together, as if they were waiting for something.

Lin xiaojiu, there's an old Chinese saying that goes, 'it's better to squash enmity than keep it alive'. There are some things that we'd better not overdo! The first half of the sentence was said with the intention of reconciliation, but with a sudden change in the topic, the second half of the sentence was a warning out of thin air, which was as harsh as it could be.

Lin Hanxing's reply to senanda was a meaningful smile.

"But we Chinese also have an old saying, 'we won't rest until we die!'"

As he spoke, Lin Hanxing's gaze fell on the second Princess Consort's face.

She had hurt the most important person to her, yet she still wanted to escape unscathed?

How could there be such a cheap thing in this world?

Ha. &Nbsp;

This little girl's mouth was really hard!

Hong gang's old Chai laughed coldly in his heart.

"However, we will have plenty of opportunities to discuss this in the future. Now ... Let's talk about our third gift!" He said.

[Chapter 1292](#)

1292 The one who can protect me was never Hua Ji

The entire Hall was silent.

The senanda family, which had been used to being overbearing, would never have thought that someone could be so arrogant even when they were in someone else's territory!

Where did she get her confidence from?

As he spoke, Lin Hanxing had already quietly observed the various reactions of the senanda family members.

Her long eyelashes fluttered.

This was also one of Lin Hanxing's true goals today!

He had only been forcing them into a corner because he wanted to see the true relationship between the senanda family!

In Lin Hanxing's pocket, the note that song Chenxi had her assistant write in a hurry was still lying there quietly.

In the note, the internal strife within the senanda family was described in the most concise form.

Hadier's father had already become the future head of the senanda family!

Although it had not been officially announced to the public, this was already a publicly acknowledged fact in snowlan province. It was precisely because of this that hadier's death had alarmed so many distinguished families, and they all came to pay their respects!

They were giving face to hadier's father!

"Miss Lin, do you really think that Hua Ji can protect you?"

Compared to his wife's excitement, hadier's father's face was gloomy, like a devil.

As soon as he finished speaking, the senanda family's hatchet men surrounded Lin Hanxing and the people from Hua Ji. They looked like they would start killing the moment they received the order!

"Hehe."

Lin Hanxing said lightly, chuckling and shaking his head as he looked at hadier's father.

Her smile was like a peony blooming in the morning, stained with cold dew. It was beautiful, but it always gave people a sense of mystery that was hard to figure out.

"The one that can protect me has never been Hua Ji."

Lin Hanxing's words sent chills down the spines of those who heard it!

Hong gang's elder Chai's smile gradually faded.

This girl was so young. Let's not talk about her manners, just based on her cold and strong character, even he ...

It's impossible for someone of the same age to be so relaxed!

Old Chai couldn't help but recall that the Hong gang had been using all their power to investigate this girl's background. However, other than the identities that were revealed on the surface, the rest ...

He actually gained nothing!

This was simply absurd and unbelievable!

However, when his subordinates reported what happened in Jiang city to him, he felt even more ridiculous!

It was a woman!

A mere woman had turned Jiang city upside down in such a short time!

At this moment, not only elder Chai, but the members of the senanda family were also thinking the same thing.

"Alright, you guys talk too much."

Lin Hanxing's impatient voice sounded in their ears as the people around them were thinking.

She actually complained that they were talking too much?

"So, what is your so-called third gift?"

Stopping the second consort who was about to rush out again, the head of the senanda family's eyes turned gloomy this time.

if the first two gifts were for the entire senanda family, then this third gift is for him alone!

Lin Hanxing said as he slowly raised his hand.

Everyone looked in the direction of her finger, and their eyes finally stopped at ...

Hadier's father!

After a long time.

No one spoke.

They seemed to be pondering over the meaning of Lin Hanxing's words.

"You want to give me a present?"

Hadier's father sneered gloomily, wanting to see what tricks she was up to.

“That’s right, it’s you,”

[Chapter 1293](#)

1293 The turbulence under the peaceful surface

“Or rather, it’s for you two.”

Lin Hanxing squinted his eyes. He was as cunning as a Fox, unfathomable.

“What, are you going to give me a son as a gift?”

Hadier’s father spoke maliciously. As expected of the next head of the household, an invisible pressure was released from his bones, making the others feel breathless!

Upon hearing this, Lei Xiao’s brows suddenly furrowed, and the fierceness in his eyes gradually gathered.

However, he saw elder mu raise his hand and press down on his wrist.

It dissolved the evil aura on the Thunder valiant beast.

Lin Hanxing’s smile did not change, but he turned his eyes to hadier’s black-and-white portrait.

A cool breeze blew from somewhere, sending chills down one’s back.

I heard that hadier is your only son. In the past, he was arrogant and domineering, and did all kinds of evil.

“You’re talking nonsense!”

Hadier’s mother’s voice was sharp, and it sounded like nails scratching on a Blackboard. Although they understood the pain of losing her son, they still felt that it was as harsh as it could be.

but one day, he suddenly moved into the cloud cauldron gambling den overnight and never left.

Therefore, the key was what had happened on that day.

This was a secret of the senanda family, and when Lin Hanxing suddenly brought it up today, those who knew the inside story were quickly covered in subtle awkwardness and fear.

For a moment, the members of the senanda family all had different expressions.

“Why?”

Lin Hanxing took two steps in the woman’s direction. His smile was filled with understanding, but it also seemed like he was deliberately lying dormant on the other party’s psychological defense line, waiting for the moment when he was at his weakest to give a heavy blow!

this is the senanda family’s business!

The head of the senanda family said with a gloomy face. His eyes were filled with displeasure.

Lin Hanxing smiled without saying anything, but his eyes fell on hadier’s parents.

If the two of them had wanted to kill her before, their expressions now were so wonderful that it was as if an ingredient box had been knocked over.

"You're right. This is indeed a matter within the senanda family. However ..."

Lin Hanxing's tone changed in an instant.

"My third gift is closely related to this matter."

Every word she said was said in a light tone, but when they were linked together, it made everyone in the senanda family feel nervous. At this time, whether it was the Huaji Hong gang or the yuan family ...

Lin Hanxing's words had piqued their curiosity.

as the saying goes, sorrow and joy are always together. My third gift is also the same.

Lin Hanxing had already raised his right hand slowly after he finished speaking.

Bai Xi walked over with a sneer and placed the information he had prepared in Lin Hanxing's palm.

"Here."

Lin Hanxing handed the information to hadier's father lazily, but there was a mysterious temptation to it.

"Who knows what the hell you're giving me!"

The second consort, shamaga, snorted coldly, but her eyes were fixed on the thing in Lin Hanxing's hand.

There was an inexplicable fear in her heart.

The scene just now was really too familiar. In the several confrontations they had with her, every time she revealed that expression, things would always go in a direction that they couldn't control.

Hadier's father didn't reach out his hand. He just looked at the information gloomily.

I heard that you have been appointed as the next head of the family. If there are any changes in your body, the family should know.

Lin Hanxing spoke again, but this made the others even more curious.

According to her, the things inside ...

Is it related to hadier's father's health?

[Chapter 1294](#)

1294 The ancient people didn't lie to me

The second Princess Consort had a bad feeling. She took a step forward and was about to snatch that thing from him, but someone was faster than her!

"Let me see!"

It was second sister-in-law!

The second Princess Consort looked at her second brother angrily. She knew that he was very dissatisfied with the fact that he was going to be the next head of the senanda family, but he could not boost other people's morale and diminish his own prestige at this time!

The latter turned a blind eye and pretended that nothing had happened.

The second Princess Consort's second sister-in-law opened the documents that Lin Hanxing had prepared before anyone could react.

He quickly flipped through it!

"Ah!"

When she saw the contents, the second sister-in-law suddenly exclaimed and covered her mouth with one hand.

Anyone with eyes could see that this was completely different from her usual pretentious style. She was so shocked that she even forgot to do something like facial expression management!

This aroused the curiosity of others even more!

What was written in it?

Fortunately, the answer to this question was quickly found.

"You ... You ... You want to have no descendants!"

As soon as these words came out, everyone was shocked!

Hadier's Father's heart skipped a beat!

He didn't care about his status and snatched the information from his sister-in-law's hand. He lowered his head and read every word carefully!

In contrast to the panic on the senanda family's side, Lin Hanxing's side was still as lazy as ever. She stood in place and coldly observed everyone's reaction.

Wherever there were people, there would be Jianghu.

Where there was Jianghu, there would be disputes.

The ancient people didn't lie to me.

The second Princess Consort stood beside her third brother and, together with him, saw the words on the paper clearly!

His face instantly turned pale!

As expected, it was written on the information that third brother ...

"Old man mu, what's the situation?"

The Hong gang's elder Chai moved closer to elder MU's side, sharing the gossip.

Elder mu, on the other hand, merely stroked his beard with an unfathomable expression.

“What exactly do you mean by this?”

Hadier’s father gritted his teeth and looked up at Lin Hanxing. His eyes were as vicious as a Wolf’s, and he could see the shadow of the next head of the senanda family.

“I mean it literally.”

Lin Hanxing looked at the other party’s face, but his eyes were on the second Princess Consort.

Under the light, her beautiful eyes seemed to shine like stars, but it made people feel cold to the bone, especially the second Princess Consort, who had confronted her several times in the open and in the dark!

“You won’t have another child in this life.”

Lin Hanxing’s words were like a bomb that exploded, causing a huge impact on the senanda family!

She just said ...

The next head of the senanda family would never have another child in his life?

“I also know that you became like this because someone drugged you.”

BOOM!

Before the lingering effects of the previous bomb could fade, another bomb had already exploded.

Drug!

What was she talking about?

Some people almost subconsciously looked at the second Princess Consort’s second brother when they heard this. If this was true, could it be that the second young master was dissatisfied with the succession of the family head, so ...

Even the second Princess Consort looked at her second brother in disbelief.

This did seem like something he would do ...

The second young master of the senanda family, who had suffered such injustice for no reason, had a gloomy face. He was dissatisfied with his third brother being chosen to be the head of the family, but he wasn’t so despicable as to let his own brother die without any descendants!

“Am I right?”

Lin Hanxing’s voice was heard again just as the senanda family members were having their own thoughts.

Her lips curved into a charming smile. Her gaze first swept across the second Princess Consort’s second brother’s face. Just as the others thought that she was confirming their thoughts, Lin Hanxing’s eyes began to wander ...

His eyes swept past the members of the senanda family one after another, and finally stopped on one person!

“Madam.”

Everyone’s eyes involuntarily followed Lin Hanxing until they landed on the same person!

It was unbelievable!

No matter how much they calculated, they would never have thought that it would be her!

The person who slept beside hadier’s father!

His wife!

Even the second Princess Consort was stunned. Her face was still stiff from the pain and she looked at her sister-in-law with a dazed expression.

“You’re simply talking nonsense!”

The person who spoke was the eldest daughter of the senanda family, whose husband was still trapped in the royal family. She looked at Lin Hanxing with a dark expression, as if she would cut her tongue off if she dared to say another word.

No one noticed that the Bluetooth Earphone in Lei Xiao’s ear was in use.

No one knew that there were several groups of people waiting for the signal outside the senanda family. As long as they gave the order, they would surround the senanda family in layers!

why was hadier sent to the cloud cauldron overnight and never left? ”

Lin Hanxing said indifferently.

The old topic was brought up again.

He went back to the original question.

The people who heard it were shocked.

that’s because he did something wrong, and he had to give an explanation to the two families.

Lin Hanxing’s voice was very gentle, but to those who knew the inside story of that incident, there was an indescribable sense of oppression.

Hadier’s mother, who had been so ferocious that she wanted to eat Lin Hanxing, now looked pale. She just looked at Lin Hanxing like that, without the slightest bit of ruthlessness that she had when she wanted to take Lin Hanxing down with her.

Back then.

Hadier’s mother’s cousin came to stay in the house. No one would have thought that she would have an affair with her brother-in-law and even get pregnant with their child. The senanda family was so angry that it almost affected hadier’s father’s position as the head of the family.

As a last resort, this cousin had to abort the child and was sent away.

Originally, this matter should have come to an end here. However, no one would have thought that the abortion was fake, and it was true that the child was secretly raised outside. Even when people found out that she was pregnant for ten months, the child ...

She was born just like that!

If hadier's father had the ability to hide this matter from the beginning to the end, then it would have been fine. However, hadier found out about this matter from somewhere and brought his men to find the place where his father hid his mistress without saying a word ...

Hadier accidentally strangled his aunt to death, and in a fit of anger, he also killed the child!

It was also because of this that hadier was sent to the cloud cauldron.

Because this was the most famous no man's land in country G, no one could cause trouble in private. Even if there was a blood feud, it could only be resolved after leaving the Yun Ding casino!

"To endure the humiliation of her husband's separation, to endure the pain of her son not being able to return home, how could Madam not hate?"

Lin Hanxing blinked his long eyelashes and looked on coldly.

The voice was soft and light, but it was like a thousand arrows piercing through the heart, causing hadier's mother's expression to twist in an instant.

"That's right, it's me!"

[Chapter 1295](#)

1295 Let them fight each other

With a loud slap, hadier's mother was slapped to the ground!

"My son, why should I pay for your mistake!"

Accompanied by a cool breeze that blew through the hall, hadier's mother covered her face and raised her head to laugh sinisterly, which was really chilling.

"If not for you, why would he hide in the cloud cauldron? if not for you, why would he encounter such a thing? You all hate Lin xiaojiu, so do I! But I hate you even more!"

His face was pale and his eyes were red as if he was about to cry blood!

The members of the senanda family were so shocked by the sudden truth that they were speechless. Even the second consort's feet seemed to be nailed to the ground, unable to move for a long time. She just watched everything happen in a daze.

pa pa pa pa ...

Accompanied by the crisp clapping sound, Lin Hanxing's lips curled into a smile as he looked at the big family before him.

"It really couldn't be more exciting."

Lin Hanxing did not even try to hide the fact that he was coldly watching from the side. Although there was no gloating in his cold words, to the second Princess Consort, it was worse than death!

“Lin! Small! Nine!”

Hadier’s father’s eyes were bloodshot from anger as he turned around and looked at her.

“You don’t have to be so loud, I can hear you,”

Even though the man’s gaze was enough to kill her a thousand times over, Lin Hanxing did not show any fear. She even took a few steps towards him.

In the cold Mourning hall, only Lin Hanxing’s high heels made a cold sound as they stepped on the floor.

I’ve said before ‘sorrow and joy always accompany each other, and so is my third gift’. Since everyone already knows the story, let’s talk about the good news.

Happy event?

She actually dared to say happy news?

Who exactly gave her the confidence to do as she pleased?

This time, even elder Chai of the Hong gang felt a lingering fear in his heart. Things had already come to this, yet she still dared to add fuel to the fire?

Was he really ignorant and fearless?

Or did she really have a trump card that could allow her to escape unscathed?

“Good news?”

The second wangfei’s second sister-in-law raised her tone and said this, which was very abrupt.

“What other good news can there be?”

what if I say that the child back then ...

Lin Hanxing’s long eyelashes fluttered as he smiled.

“He didn’t die?”

He didn’t die?

If he really didn’t die, didn’t that mean that third brother’s family didn’t have no descendants?

The expression on the second Princess Consort’s second sister-in-law’s face instantly became subtle, as if the television screen had frozen.

“What did you just say?”

The senanda family had probably experienced the so-called great sorrow and great joy today. It was the feeling of seeing the light at the end of the tunnel when you thought you were going to die ...

It was really no different from riding a roller coaster!

not only did he not die, but he has also been taken good care of.

Lin Hanxing took in Hadier's father's expression that suddenly lit up and his second brother's gloomy and uncertain eyes. The turbulent emotions that had been suppressed were once again surging in the dark ...

Lin Hanxing's long eyelashes fluttered as he took in all the mockery.

He didn't show any emotions.

Brothers quarreling, snipe and clam fighting, when the mind that had already admitted defeat and accepted fate was stirred again ...

Nothing was more exhausting than internal strife!

"So you're here to threaten me?"

Hadier's father understood. If it was just an appetizer before, then this was the real point!

"I won't meddle in the internal affairs of your Senanda family, but if you've thought it through, why don't you do business with me?"

Lin Hanxing said coldly as he glanced over.

[Chapter 1296](#)

1296 Endless joy in fighting with others

"Business? You killed one of my sons and now you want to talk business with me?"

Hadier's father was so angry that his hair was standing on end. It could be said that he was instantly enraged!

Lin Hanxing sneered in response.

"I advise you to think it through. If I can touch you first, I naturally won't care about the second."

Lin Hanxing's eyes met Hadier's father's without any avoidance. She didn't even take the initiative to hide the mockery in her eyes. She raised her eyebrows and expressed her willfulness to the fullest.

"Why should we believe you?"

Senanda said in a gloomy voice. He was obviously much calmer than the others.

"Let's put it this way, even if you don't agree now, I'll achieve my goal sooner or later! However, at that time, it's unknown if we can still talk face to face so calmly!"

Lin Hanxing did not care about their suspicions.

The reason why the Senanda family had been able to stand tall for so many years was not only because of their two consorts, but also because of their ability to judge the situation, so Lin Hanxing was not worried about their decision at all.

Because they had no choice at all!

When he said this, Lin Hanxing and chief sainanda looked at each other, and the air seemed to be filled with the smell of gunpowder.

It was as if there was a danger of misfiring if one was not careful.

“Youngster, you will suffer sooner or later if you live too rashly!”

Lin Hanxing could not help but laugh.

“Chief, do you know what’s the most interesting thing in this world?”

She said this casually.

The other party did not speak.

“It’s better to fight with humans than to fight with the heavens and the earth ...”

Lin Hanxing’s smile suddenly became arrogant and cold, with a majestic aura that did not match his age!

“Endless joy!”

The phrase ‘endless joy’ made the listener’s heart tremble.

“Alright, what do you want?”

He wanted to know what she wanted after spending so much effort!

“Something that originally belonged to the Li family!”

Lin Hanxing’s smile faded as he looked straight at the head of the senanda family.

Old Chai’s heart skipped a beat!

“What a joke! The Li family? The Li family is long gone, where is the Li family?”

The second Princess Consort seemed to be deliberately making Lin Hanxing unhappy as she sneered and said this in a strange tone.

“You’re wrong.”

To everyone’s surprise, Lin Hanxing did not get angry. He just looked at her calmly, his eyes and brows carrying a seriousness that was unforgettable.

“The Li family is still here.”

Even if it had once been covered in dust, it had never truly collapsed!

“If you don’t believe me, let’s make a bet?”

Lin Hanxing’s dark eyes met the second Princess Consort’s gaze. The words that he said were like the cold winter in the middle of the night. It was difficult for people to forget them even if they wanted to!

“The Li family will become better and better in my hands. We’ll wait and see!”

While they were talking, Jiang Xibao had already quietly come to the other party and took the information of 21 shops under the Li family's name that were owned by the senanda family.

Hadier's father suddenly reached out and snatched it away!

"Most of these shops are under my second brother's name!"

After a while, Lin Hanxing finally heard this. The second Princess Consort and second sister-in-law, who had been more enthusiastic than anyone else just now, had a change in expression the moment they heard this. They went up to take a look and were immediately unhappy!

These were the most profitable shops under their names. How much effort did they put in for that little B * tch to take them away just like that?

How could there be such a cheap thing in the world?

"It's none of my business whose name it is!"

Lin Hanxing replied coldly. That was the truth. She did not care who had the items now ...

She had always wanted results!

"You want to take it back? dream on!"

When the second Princess Consort and second sister-in-law heard this, they immediately revealed their sharp-tongued faces. It seemed like they wanted to argue with Lin Hanxing for a few hundred rounds and would not stop until they achieved their goal!

Lin Hanxing ignored his words, obviously not taking him seriously.

This attitude immediately angered the woman who was already dissatisfied with the distribution of the position of head of the household.

For a moment, it was as if an invisible fire was burning, and it looked like it could not be stopped.

The second Princess Consort watched coldly from the side.

This second sister-in-law of hers was most concerned about the petty profits in front of her, and it was precisely because of this that she disliked her the most!

However, it would be best if he could teach Lin Hanxing a lesson now!

"I'm not dead yet!"

Just as he was thinking about this, the head of the senanda family slammed his walking stick on the ground, making a warning thud!

"The decision is yours to make."

Lin Hanxing's voice was calm, but from the beginning to the end, anyone could see that she was the only one who had the initiative.

"But ..."

Her cold voice reached the ears of those around her.

if I'm not satisfied with the result ...

There were some things that only needed to be said briefly and didn't need to be explicitly stated.

Lin xiaojiu, who gave you the guts to ...

The second Princess Consort had been married into the royal family for so many years, but she had never been suppressed like this!

"Aren't you the one?"

Before the second Princess Consort could finish her sentence, Lin Hanxing had already cut her off coldly.

A pair of beautiful eyes that seemed to have been tempered with poison turned to fall on the second Princess Consort's extremely beautiful face.

His heart was palpitating!

If there were four words to describe the second Princess Consort's feelings at this moment, it would definitely be these four words!

She suddenly realized what kind of trouble she had gotten herself into.

Under that pair of beautiful eyes that seemed to flash with light, there was a surging storm of blood.

He slowly settled down.

He couldn't treat it as if it didn't exist!

"Second Princess Consort, you and I both know why I'm standing here."

Lin Hanxing said calmly, but in the second Princess Consort's ears, it was like a venomous snake winding around her neck, as if it was going to bite her in the next second!

Now, she really hated that person in the capital to the core!

She had been hiding in the back and didn't suffer any losses, but she had burned herself with this hot fire!

The second Princess Consort and Lin Hanxing looked at each other, their hearts turning cold!

"Half."

The head of the senanda family said in a muffled voice. To him, returning half of these shops was already the biggest concession he could make. He had carefully calculated to take these shops for himself, and now he had to spit them out. How could he not feel pain?

"The senanda family has taken over 21 shops under the name of the Li family ..."

"There's no room for discussion if there's one less!"

Lin Hanxing said coldly, his attitude as unyielding as he could be!

“Miss Lin, don’t you go too far!”

Senanda’s family was extremely displeased, and their hatchet men were restraint, waiting for their master’s order to move out and tear the petite Lin Hanxing to pieces!

“I’m bullying you!”

Lin Hanxing did not back down at all!

[Chapter 1297](#)

1297 What’s the point of you not agreeing

“I don’t agree!”

At this time, hadier’s mother, who had been slapped to the ground by her husband, cried out miserably.

The ear-piercing tone finally reminded people of her existence!

She opened her Scarlet eyes, which were full of resentment, making her expression look unusually ferocious.

“What’s the point of you not agreeing?”

Compared to the cold and indifferent attitude she had when facing the second Princess Consort and second sister-in-law, Lin Hanxing slowly walked up to her and took out a handkerchief. Compared to the cold and indifferent attitude that the senanda family had when they were preparing to settle scores after the fall, she was much more benevolent.

Hadier’s mother looked at her.

Her small face, as white as snow, was immersed in the sunlight that shone through the Gothic French windows. She was lazy and lonely, like a carefully polished jade carving. She looked straight at him, but her eyes were cold to the bone.

“Your likes and dislikes are like a tiny speck of dust in front of the great senanda family ...”

As he spoke, Lin Hanxing’s long eyelashes trembled.

“Not even worth mentioning!”

In the whirlpool of a big family, the interests of the family would always be more important than personal feelings!

The cold and indifferent voice entered everyone’s ears, causing their hearts to freeze!

This was a concept that had been instilled in them since they were young.

At the same time, a man in white barged in, ignoring the strange atmosphere in the room. He walked quickly to senanda’s side and whispered something.

A moment later, the latter suddenly raised his head, his line of sight passed through the crowd and fell straight on Lei Xiao’s face!

The Thunder valiant beast's sculpture-like face was expressionless.

However, there was a sense of control unique to a superior that spread wantonly, suppressing people to the point that they couldn't breathe!

A silent contest!

"Good! I'll give you these 21 shops without any conditions!"

After taking a deep breath, the head of the senanda family finally let out a sigh of relief.

"No! Absolutely not! What about us? All these years, we've been working so hard to bribe everyone, and I've been losing money to them in the past few years. It's not easy for us to get better, so why should we?"

The second Princess Consort's second sister-in-law didn't disappoint. She was so fierce that she wanted to make a scene regardless of the occasion!

"Impudent!"

A berating voice suddenly rang out!

Lin Hanxing sneered in his heart.

She finally understood why hadier's father had won the fight for the position of the family head. The second Princess Consort's second brother's personality was really not big enough to handle a big scene.

Just like now, he had the guts to be dissatisfied, but he didn't have the guts to stand up.

Yet, he still wanted to play the game of sitting back and reaping the benefits of the fisherman. He was really selfish and cowardly!

"A gift?"

Lin Hanxing suppressed the mockery in his heart and repeated the two words, seemingly pondering and ruminating at the same time.

"Rather than a gift, it's more like a return."

Lin Hanxing's eyes swept over the other party, her cold tone making it impossible to tell what she was thinking.

The head of the senanda family seemed to want to say something, but before he could, Lin Hanxing frowned impatiently.

"I don't care how the Li family's shops ended up in the hands of others, but ..."

Lin Hanxing met his gaze.

"I'm too lazy to pursue it, but it doesn't mean I can't!"

Her words were very thought-provoking, and at the same time, it shocked everyone who heard it. Especially when her gaze slowly swept across old Chai of the Hong gang, it was even more meaningful!

Don't forget.

There were forty-three title deeds in total. Half of them were taken by the senanda family, and the other half ...

The Hong gang would split them up!

When he met her beautiful eyes, old Chai's heart skipped a beat.

Today's matter was a slap to the second Princess Consort's face on the surface, but wasn't it also a warning behind her back?

[Chapter 1298](#)

1298 A sentence that reversed the situation

She actually dared to?

Old Chai, who had come back to his senses, was instantly burning with anger. However, when he thought about what had happened today, he finally suppressed his anger.

He had yet to figure out this girl's background, not to mention that the most important thing was ...

Now was not the time to fall out with old man mu!

"Return! Return!"

The head of the senanda family repeated the words through clenched teeth.

"Words are not proof, words are proof."

Lin Hanxing smiled, but the words he said were enough to anger people to death.

You even want to write a written pledge?

"I swear on the honor of the senanda family ..."

Before the other party could finish his sentence, he stopped abruptly when he met Lin Hanxing's eyes.

That gaze was filled with ridicule and mockery!

Yingluo was a thousand-year-old fox, so let's not waste each other's time!

It was as if he was saying so.

The members of the senanda family had never felt so aggrieved before. It was as if their faces were being pressed to the ground and crushed repeatedly!

"Someone, get a pen and paper!"

"There's no need to go through so much trouble ..."

When Lin Hanxing said this, the senanda family's people looked a little better. They thought that Lin Hanxing finally knew what was good for her, but what she said next gave them a hard slap in the face.

“We’ll prepare our own.”

By the time Lin Hanxing finished speaking, Yan beiming had already walked over with a cheeky smile on his face, holding the agreement that he had already drafted.

He had been carrying this thing with him all the way, and it was not easy for him to have a chance to see the light of day!

“.....”

Can you please keep that ‘I’m waiting to screw you over’ expression on your face a little?

“You can’t sign it! You can’t sign it!”

The second Princess Consort and second sister-in-law knew that once they signed the papers, everything would be settled. Thinking about the practical benefits that the shops had brought over the years, their hearts ached. They were about to rush forward and tear the things in Yan beixiao’s hands into pieces!

“Why does the third brother’s family have to clean up his ass for us?”

This person was indeed a Shrew.

With just a few words, it had already caused the expressions of many people present to change.

Lin Hanxing smiled but did not say anything. He looked on coldly with an unfathomable gaze.

It was as if he was an outsider from the beginning to the end.

He was not the direct driving force that caused this situation.

Yan Beichen’s expression did not change as he dodged left and right. Every time, he was able to avoid the second wangfei’s second sister-in-law’s attack with great precision. In the eyes of others, it looked like he was toying with her.

“Enough!”

A furious shout exploded, causing the people around to shiver in fear!

“Give it to me, I’ll sign it!”

The head of the senanda family retracted his gaze from Lei Xiao’s face and hid away the fear in his eyes.

He knew better than anyone else ...

Today, he had to sign it no matter what!

Lin Hanxing laughed when Yan beiming returned with the signed agreement.

Upon seeing that smile, the hearts of the Hong gang members started to throb.

It felt like they would be next!

“Straightforward.”

Lin Hanxing flicked the paper with his finger.

When he raised his eyes again, the viciousness between his brows had faded and he had returned to his languidness.

It was as if the dangerous atmosphere just now had been an illusion.

I'll ask my people to take over these shops in order as soon as possible. I hope you can sort out the accounts in the next few days. The employees in the shop can leave or stay at their own discretion!

Lin Hanxing said slowly, as if he wanted everyone to hear him clearly.

I don't have a good temper. If there's any unexpected situation, I'll use special means if necessary. If the situation turns ugly, please don't blame me.

These words could be understood as an explanation, but naturally, they could also be understood as a threat.

"Now, can you hand over the child?"

The head of the senanda family had obviously lost his patience. Although he tried his best to control his emotions, the bulging veins on his forehead easily revealed his true emotions.

"Of course."

Lin Hanxing's eyes swept over elder mu as she said this.

"To the East."

In the next second, elder MU's deep and deep voice rang in everyone's ears.

Hong gang's elder Chai narrowed his eyes unwillingly. Why did the limelight have to be stolen by that old thing surnamed mu again?

It was like this in the past, and it was like this now!

Soon, Zuo Xiangdong came back with a child!

But ...

"Ah!"

The second Princess Consort and second sister-in-law, who had been so aggressive just now, looked over and screamed in shock before they could react.

He even took two steps back.

She hid behind her husband and didn't dare to show her face again.

That child ...

That child looked a little too strange and terrifying!

This time, even Bai Xi and the others were surprised.

This child went straight upstairs after he was sent here. Other than Lin Hanxing and Lei Xiao, no one else had seen him.

The child's skull was clearly sunken, and his dull eyes were slightly protruding. It was obvious that it was a residual effect of Hadier's fall.

Perhaps it was because he had never seen so many people before, the boy stuffed his hand into his mouth and bit it. Saliva dripped from the side of his mouth, drop by drop. As he walked, he twitched uncontrollably.

hahahahahahahahaha ...

Just when everyone was still shocked by the child, Hadier's mother suddenly raised her head and laughed!

This was the child from back then!

This was her husband's last hope!

This was the final hope that the entire Senanda family had spent a lot of money to buy!

All of them had been toyed around by Lin Xiaojiu!

At this time, Hadier's mother laughed as tears poured out from the corners of her eyes.

Good!

This was really great!

According to our agreement, I've already sent her here. The rest is up to the Senanda family ...

The meaning behind his words couldn't be more obvious.

The members of the Senanda family, who felt that they had been tricked, were all furious. The situation had intensified again, and even the second Princess Consort was in disbelief at Lin Hanxing's calmness.

"However, there's something I want to kindly remind you of before I leave."

Lin Hanxing's expression was as calm as ever, as if he did not feel the anger of the people in front of him. It was as if nothing could enter her eyes.

Did she really think that she would be able to leave safely after toying with them?

"Alright, I'd like to hear what else you have to say!"

The leader of the Senanda family raised his hand and successfully silenced the people behind him.

If he were to continue talking about such nonsense, no matter how great Lei Xiao's ability was, he would definitely teach this arrogant child a lesson even if he had to risk his life!

The air seemed to be filled with the smell of blood.

"This child's stupidity is not innate."

Lin Hanxing looked at him and spoke slowly.

The second Princess Consort couldn't help but sneer when she heard this. Wasn't she talking nonsense?

Who here didn't know this?

Just when everyone thought that a bloody battle was inevitable, the face of the head of the senanda family suddenly changed and he stared at Lin Hanxing.

He was deep in thought.

No orders were given.

The strange thing was that hadier's father had the same expression when he heard Lin Hanxing's words.

"Let them go!"

After a long time, a low voice sounded, but it was not the battle that everyone had imagined.

Let ...

Let them go?

The people from senanda family were already rubbing their hands in anticipation, but after hearing this, they were stunned for a long time!

So much so that he didn't move away.

"Don't you understand what I'm saying?"

The head of senanda family roared again in a thunderous voice!

This time, no one dared to object.

They all moved to the sides to make way for the passage in the middle.

Yuan Kang and the others, who were prepared to fight to protect Lin Hanxing, had not recovered from the sudden release. How did Lin Hanxing's simple words change their minds?

In the silence, there was the cold sound of leather shoes stepping on the floor.

The expressionless Lei Xiao walked to Lin Hanxing's side.

"Let's go," he said.

He said!

.....

When Lin Hanxing and his group walked out of the senanda family's Gate, the people who were waiting in the dark were shocked and did not forget to inform their families.

Lin xiaojiu had made it out alive!

After sending two such gifts in succession, she was still able to come out alive. It was really beyond everyone's expectations. It could even be said to be a miracle!

Who didn't know that ever since the senanda family had two consorts, no matter how dissatisfied they were, people would have to bow and bow when they saw them, and even those with a bit of character would have to treat them with respect.

Lin Hanxing's eyes swept to the dark.

Among those people, song Chenxi's assistant was easily spotted.

He nodded.

The latter heaved a sigh of relief and turned around to leave with a smile.

"I really don't understand. What is the mystery behind your last sentence?"

Yuan Kang couldn't help but ask Lin Hanxing.

The three Hall Masters behind elder mu glanced coldly at Yuan Kang. However, they were also curious. At that time, even they were prepared to fight to the death. Why did her simple words ...

He had completely reversed the situation?

Even the yuan family, who had been following them all the way, pricked up their ears, waiting for an answer.

Yingluo's stupidity wasn't innate.

The content of these words was obviously well known, so what was so special about it?

Lin Hanxing glanced at Yuan Kang.

"He's in good health."

For a moment, she only said this sentence without any beginning or end. Those who understood didn't understand, but those who didn't understand still didn't understand.

"I understand!"

Yuan Kang suddenly clapped his hands in realization.

the second Princess Consort and third brother's lineage will continue because the child's mental condition is not inborn. Not only will he not hurt the child because of his mental condition, but he will also take good care of him!

Because there were girls present, Yuan Kang didn't say some things so directly.

And the unspoken meaning of those words was actually very obvious. Even if that child was stupid, when he grew up, there would be many things he could do!

Even if this child was so stupid that he couldn't do anything with a woman, in today's technologically advanced world, what couldn't be done with technology?

After Yuan Kang's explanation, the people who had been confused finally understood.

At the same time, he looked at her with a deep gaze.

Originally, Lin Hanxing's mission had been completed after he had sent the child back to the senanda family.

However, at the last moment, she had said those words. Not only did she prevent the child from being hurt because of his mental deficiency, but she also guaranteed his quality of life in the future to a certain extent.

In such a short time, Lin Hanxing had even thought of such things?

The people who came back to their senses couldn't help but feel strange.

On the other hand, the yuan family was full of energy again, perhaps due to the depressing environment of leaving the senanda family. However, no one noticed Yuan yunrong's gaze ...

Ever since he left the kanan family, he had been greedily eyeing the Thunder valiant beast.

As if sensing something, Lin Hanxing, who had been talking to elder mu in a low voice, suddenly looked up expressionlessly in the direction of the yuan family ... To be exact, he looked in the direction of Yuan yunrong!

"You've really opened my eyes today, little girl!"

Old Chai's voice suddenly interjected, breaking the strange atmosphere that was obvious to anyone with a discerning eye.

At this moment, old Chai no longer had the awe-inspiring air he had when he first called Lin Han a 'kid'. His smiling face was full of tactfulness.

"You're too kind,"

Lin Hanxing's eyes were still on Yuan yunrong's face, but his cold voice was directed at old Chai.

The coldness in her beautiful eyes was a hundred times colder than the temperature outside in the cold winter. In an instant, it forced cold sweat out of Yuan yunrong's forehead. She nervously lowered her head, not daring to look directly at him.

However, she was the only one who knew what she was thinking.

Old Chai, who originally wanted to use the topic to start a conversation, was stuck at this point because of Lin Hanxing's name. He was neither high nor low, and he didn't know how to continue.

"If you're here to discuss the remaining shops, there's no need."

Lin Hanxing slowly retracted his cold gaze.

He turned to look at old Chai, who had brought the important core members of the Hong gang to him.

"A week."

Lin Hanxing's face was expressionless. Other than Lei Xiao, no one could see her true emotions from her face. However, even though she was being rude to this extent, old Chai could say with certainty ...

After today, no one in the entire Xuelan province would dare to provoke Lin xiaojiu unless they were crazy!

She really ...

It was too strange!

"I'll give the Hong gang a week to sort it out. If I don't see the rest of the shops returned in a week ..."

If Lin Hanxing's mood at the senanda family mansion was considered pretty good, then the air around her was freezing in seconds. Even though elder Chai wanted to put on a calm face, the corners of his mouth unconsciously stiffened.

Lin Hanxing's lips curled up as he paused.

"Bear the consequences!"

Lin Hanxing then walked past old Chai and headed towards the yuan family.

Yuan yunrong only felt her breathing stop for a moment.

Her body began to tremble uncontrollably, but she still tried her best to control it.

Yuan San saw that the situation was not right, so he took a step forward and blocked his daughter from Lin Hanxing's line of sight.

However, his situation was not much better than his daughter's.

Having just experienced the negotiations that were on the verge of going out of control, his back was completely wet.

"Mr. Yuan San ..."

Chapter 1299-rise and fall together

At that moment, Lin Hanxing's voice was like a death sentence to Yuan San.

"There are some things that I thought you would understand even if I didn't say them, but now it seems ..."

She had a warm smile on her face, but her eyes were so dark that they seemed bottomless.

"I've overestimated you!"

As soon as Lin Hanxing finished speaking, Yuan San was stunned at first, then his qi and blood rushed to his brain uncontrollably.

She was ...

Teach him a lesson?

"You ..."

Because he had the yuan family as his back, Yuan San had long been used to the flattery and flattery of others all year round. When had he ever been provoked by a junior like this? his temper was about to flare up.

The yuan family saw that the situation was bad and quickly pulled him back, afraid that he would really hurt Lin xiaojiu and cause things to go out of hand.

On the other hand, Lin Hanxing was still standing in the same place, not dodging or dodging.

It was as if Yuan san's actions had no effect on her at all.

On the other hand, Yan beiming, Yuan Kang and the others rushed over, forming a stalemate.

whether you like it or not, whether you admit it or not, I'm the successor personally chosen by Yuan shaojing.

Lin Hanxing's expression did not change. His deep eyes swept across every face of the yuan family in front of him.

Everywhere he went, he felt a chill on his back.

"To the outside world, I represent the yuan family!"

Regardless of whether it was her stirring up trouble at the hundred herbs shop as soon as she landed, or the three-day agreement with the royal family, or even her public challenge to the senanda family today, it was inevitable that people's imagination would run wild.

The higher one's position was, the more likely they were to draw inferences.

Upon hearing this, the yuan family was stunned.

"We are bound together for good or bad."

When the languid and thought-provoking voice entered the ears of every Yuan family member opposite them, their faces began to turn ugly as they gradually came back to their senses.

Lin xiaojiu, you ...

Yuan san's face was deathly pale. His lips trembled, and he couldn't say a complete sentence for a long time.

She was killing three birds with one stone!

Not only did she ruthlessly slap the senanda family's face, but she also secretly warned the Hong gang. Most importantly ... She had completely cut off all possibilities of him joining the second Princess Consort's side!

From today on, the senanda family and the yuan family would be absolutely irreconcilable!

How ruthless!

She was really ruthless!

In the blink of an eye, Lin xiaojiu had already tied them firmly to a rope!

from this moment on, if I can have the last laugh, the yuan family's position as the richest Chinese man in country G will naturally be secure. But if I'm not careful, I'll lose everything ...

Lin Hanxing's words came to an abrupt end, but the meaning behind them was clear.

If she was the slightest bit careless and lost the entire game, then the yuan family would definitely be implicated. At that time, an ordinary man would be guilty of treasuring a Jade, and the huge wealth that the yuan family had been so proud of in the past would become meat in the mouths of wolves, Tigers, and leopards ...

Just the Association alone was enough to make one tremble in fear!

"I'm only going to say this once today."

it doesn't matter if you understand me or not. I can pretend not to see those small fights and scuffles within my tolerance. But if you can't figure it out, I can make you safe and sound now, but I can also make you change in an instant.

"After all ..."

Lin Hanxing smiled slightly, his eyes looking over Yuan san's shoulder and landing on Yuan yunrong's face.

The latter was like a prey that had been targeted, not daring to make any movements!

"Some things are the least valuable in my eyes."

After a long time.

No one dared to speak.

The air seemed to have frozen in an instant.

Yuan San looked at Lin Hanxing in shock, his voice was hoarse.

Even the Hong gang members and old Chai, who were not far away, could not help but keep quiet after hearing Lin Hanxing's cold words. Old Chai had even forgotten about his earlier displeasure. He only felt that Lin xiaojiu was already being extremely polite to him!

After Lin Hanxing finished speaking, he turned around and walked back in the direction he came from.

He didn't even look at the yuan family anymore.

"This temper ..."

The hall Master of the Black Tortoise Hall, who was standing behind elder mu, could not help but Mutter.

Zuo Xiangdong, who was the backbone of Hua Ji, turned around and glanced at him.

The eyes of the hall Master of the Xuanwu Hall lit up.

They were full of admiration!

When Lin Hanxing returned to Lei Xiao's side, he nodded at elder mu and immediately interlocked his fingers with Lei Xiao's in front of the others without any change in his expression. He did not show any intention of avoiding him.

Lei Xiao laughed in his heart.

He, who had originally ignored and even been impatient with the yuan family's eager eyes, had a rare moment of gentleness on his cold face.

Her possessiveness ...

He really loved her.

However, before he got into the car, Lin Hanxing stopped.

She slowly turned around.

His eyes fell on the White-covered gate of the senanda family with a cold look.

Perhaps Lin Hanxing's action was too sudden, almost everyone subconsciously looked in the same direction as her, but other than Bai, they could not see anything else.

Lin Hanxing's long eyelashes fluttered.

When the three day promise was up, she would definitely hang this entire courtyard full of white clothes!

.....

On the way back.

The moment the car door closed, Lin Hanxing reached out to remove the sound insulation board and turned to look at Lei Xiao.

"What's wrong?"

Lei Xiao loosened his tie, his eyes full of love.

"Can't you tell?"

Lin Hanxing raised his chin slightly, the coldness that had seeped into his bone marrow was gone. He was like a little kitten baring its fangs and brandishing its claws, waiting for Lei Xiao to give the wrong answer and pounce on him to scratch him.

But she saw Lei Xiao reach out and stroke her soft jaw, as if he was teasing her.

"You're the most beautiful."

"....."

Lin Hanxing smacked his hand away, but he couldn't help but smile.

She stretched out her slender finger and touched her left cheek.

"I'm not happy!"

He tapped his cheek.

“You have to coax me!”

Every word and sentence carried the unique style of a little woman, and Lei Xiao couldn’t help but want to pinch her little face.

In reality.

He had indeed done so.

When the soft tofu-like touch came into contact with the slightly rough fingertips, Lei Xiao’s cold and hard heart softened.

“I’m coaxing you.”

Two simple words with a smile.

Lin Hanxing felt a tingling sensation on the part of his face that Lei Xiao was pinching, as if his bones were being pulled away.

“That’s it?”

After waiting for a long time, Lin Hanxing blinked innocently when he did not hear anything.

“So impatient?”

Lei Xiao raised his eyebrows, but Lin Hanxing did not seem to notice the trap that he had set up in his words and walked right into it.

“Of course!”

As soon as Lin Hanxing’s voice fell, Lei Xiao suddenly reached out and grabbed the back of Lin Hanxing’s head, forcefully pushing her towards him. The moment their lips touched, the slyness in his eyes disappeared.

&Nbsp; mm.

When he saw his wife killing everyone in senanda’s house just now, he was stunned.

That was what he wanted to do!

[Chapter 1300](#)

1300 Secret mission

Compared to Lin Hanxing’s relaxed return journey, the senanda family was in a gloomy mood.

“You, come over.”

After arranging for the crying, idiotic child to be taken away, the head of the senanda family glared at the man who seemed to have nothing to do with it and said in a cold voice, ”

The second Princess Consort glanced at her second brother, her eyes filled with disappointment.

By the time he walked over, the walking stick in the elder's hand had already struck down heavily!

Blood instantly gushed out!

"Do you know what you did wrong?"

The elder's anger that he had suppressed when he was facing Lin Hanxing burst out at this moment!

you don't blame Lin xiaojiu's second sister or your third brother for his disgraceful actions, but you only want to punish me? "

Saya senanda sneered.

Anyway, he had been like this since he was young, and he had long been used to it.

"I hit you because you're bad and stupid!"

&Nbsp; the leader's eyes were filled with disappointment.

He wanted to sit back and reap the benefits, but he didn't dare to step out, so he pushed a woman to try to stir up the pool water. Not only did he not get any benefits, but he also caused himself to be covered in shame!

Did he really think that other people were as stupid as pigs and couldn't see through the little schemes in his heart?

"Grandfather, it's my fault."

The second Princess Consort gritted her teeth in hatred whenever she thought of Lin Hanxing!

do you really think that Lin xiaojiu has the ability to do that? "

The elder narrowed his eyes, but his words stunned the second Princess Consort. Grandfather meant ...

that child has been raised outside for at least a few years. How long has she been in country G? "

"Could it be the yuan family ..."

As soon as the second Princess Consort finished speaking, she thought of Yuan san's flattering appearance and disapproved.

"Yuan shaojing!"

The elder maliciously said these three words.

He understood him.

He was a ruthless character who could stand up again even if his own brother broke his legs and chased him out like a dog!

It was also the most protective!

When hadier had set up the yuan family behind his back, he knew that Yuan shaojing would definitely not let it go. However, he had underestimated Yuan shaojing's patience. Even if he had been dormant for so many years, he could still stir up chaos in their family!

The elder even began to suspect that Yuan shaojing had something to do with the series of events that happened in third brother's family.

"The yuan family!"

The second Princess Consort gritted her teeth.

If it wasn't for the yuan family and Lin xiaojiu, he wouldn't have to be suppressed by the first princess Consort.

Her son had already become the Crown Prince, so why would she need to suffer the wrath of that little bastard Eric?

"That old su from Rou City State, is he ..."

The elder looked at the second Princess Consort, who shook her head.

"It's still the same. I've asked someone to keep an eye on it."

This time, the elder fell silent. He had a feeling that things would not end like this. That Lin xiaojiu was too evil. He was worried that the three days 'appointment would come and the situation would rise again!

"Yuan family, what a good Yuan family!"

This is too much!

The senanda family's face had never been stomped on like this!

"Farrick, how's the yuan family's sugar industry going?"

The elder turned to the second Prince.

initially, everything was going well. However, ever since I met Lin xiaojiu, father has stopped talking about this matter!

Second Prince farrick had a vexed expression.

"Ha."

he's not afraid of Lin xiaojiu. He's afraid of the Thunder valiant beast!

The elder's eyes were filled with mockery.

"He doesn't dare to move, but someone else does!"

"Grandfather, you're saying ..."

The second Princess Consort raised her eyebrows and pointed up with her hand. Her meaning was obvious.

"So what if Yuan shaojing is one of the six Sugar Kings that monopolizes the entire Asia? Arms could never win against thighs! Why do you think the higher-ups still don't allow the price of sugar to rise even though the cost of raw materials and operating costs are skyrocketing?"

The purpose was to suppress the yuan family!

The yuan family's sugar industry was a piece of fat meat. Whoever could get it would laugh in their dreams.

"Just wait!"

The elder narrowed his eyes and said gloomily.

this Yuan shaojing is a smart man, but he's a fool at times. I'd like to see what that little girl can do to the yuan family!

.....

At the Li family villa.

When Lin Hanxing and the others returned, the entrance was still heavily guarded. However, compared to two days ago, when they saw Lin Hanxing's car return, there was a deep sense of fear and caution on their faces.

The car stopped in front of the villa.

Lin Hanxing called out to Yuan Kang as soon as he got out of the car.

"Yuan shaojing has always remembered the humiliation you suffered back then."

When he was a little further away from the others, Lin Hanxing's voice reached Yuan Kang's ears and he immediately stopped in his tracks!

He turned his head to look at her.

"In the future, I hope you can remember this."

Yuan Kang was a smart man, and that was all he said.

Lin Hanxing looked away and walked into the villa.

Only Yuan Kang was left behind, staring at her back, not saying anything for a long time ...

.....

Lei min arrived half an hour later.

He also came with the Chinese Embassy staff and Dr. Zhong.

Yuan Dabao pouted as he hugged his little school bag and looked at his second uncle with a sad expression.

It was obvious that he knew that he would be sent back to Jiang city today.

"Big brother, sister-in-law."

Lei Yu's cold and gentle voice rang out. A smile appeared on his indifferent and handsome face. It was like a snow-capped mountain. It was clear and unapproachable.

“This is a local embassy staff member, his surname is Deng.”

Lin Hanxing’s line of sight passed him and fell on the Embassy staff, deep in thought.

“On the surface, I was introduced by elder Yan, but in reality ...”

The other party’s words had a hidden meaning, and this must be his true intention for coming today.

“Let’s talk in the study room upstairs.”

Long ago, Lin Hanxing had asked someone to renovate the almost abandoned study on the second floor of the Li family villa. Other than keeping the original version of aunt Mian’s book, he had also added some new elements.

After the expansion, the area had also increased a lot, and it could be used as a temporary conference hall.

In the study upstairs.

The semi-circular floor-to-ceiling windows were surrounded on three sides, and the design style was thorough and clean. The incense on the coffee table had been lit by uncle li early in the morning. The White thread floated in the air, bringing a delicate fragrance that seeped into the heart.

“How is elder Yan’s health?”

The sunlight poured in from the floor-to-ceiling window behind her, and even Lin Hanxing’s expression was immersed in the backlight, so it was not very clear!

“Of course.”

Mr. Deng held the teacup and smiled. The amazement he had when he first came in had faded, and he had returned to his usual elegant appearance.

After the small talk, it was time to get to the point.

“I’m not going to hide anything from you today, I have an important matter.”

Lin Hanxing smiled but did not comment.

If it wasn’t an important matter, why would he have asked Lei Jing to come to country G overnight?

After Mr. Deng finished speaking, he took out the documents that had been prepared in his briefcase. The seal on the document showed no signs of being torn open, which meant that it had been carefully kept.

He saw Mr. Deng push that thing in front of Lin Hanxing and Lei Xiao.

“This is a secret mission of great importance.”
