

Goodnight 1301

[Chapter 1301](#)

1301 In a personal name

Lin Hanxing did not move.

Her amber eyes were unbelievably beautiful, and she just glanced at the unopened kraft paper file on the table.

The air seemed to have changed.

Only the incense on the table was still lingering.

“Why Us?”

Lin Hanxing finally opened his mouth, but he still had no intention of opening the envelope.

Mr. Deng sighed in his heart.

This miss Lin’s reaction was exactly as elder Yan had guessed.

initially, when this matter was confirmed, it caused a lot of internal disputes, especially during the selection of candidates. However, at this time, Yue Guanqian and elder Zheng jointly recommended miss Lin and Mr. Lei, and even said ...

Mr. Deng raised his head and looked at the couple sitting in front of him.

“Only the two of you can perfectly solve this matter!”

Elder Yue and elder Zheng?

Lin Hanxing tilted his head and exchanged a look with Lei Xiao.

With the mention of these two, they wouldn’t be able to refuse even if they wanted to.

Lin Hanxing reached out to take the document.

With a tearing sound, she tore the seal off in an orderly manner, revealing the true appearance inside.

There was complete silence.

Lin Hanxing flipped through the pages very quickly, almost ten lines at a glance. After finishing a page, he handed it to Lei Xiao beside him. The two of them cooperated so well that it could even be said to be a seamless connection.

Lei Jing was used to her brother and sister-in-law’s behavior, but Mr. Deng could not hide his surprise.

“Elder Yan must have asked Mr. Deng to say these words.”

Just as Mr. Deng was surprised by the tacit understanding between the two of them, he suddenly heard such a clear sentence.

“It’s ... Um ...”

The subconscious answer made the experienced embassy staff break out in a cold sweat.

Lin Hanxing did not even lift his head.

It was as if the words she had just said did not come from her mouth.

Lei Yu smiled without saying a word. He seemed to be immune to his sister-in-law's unruly behavior.

Five minutes later.

When he finished reading the last document, Lin Hanxing was sitting on the sofa with a calm expression. It was hard to tell if he had agreed or not, not to mention that Lei Xiao, who was beside her, was not showing any expression on his face.

"Ah Xiao,"

As soon as Lin Hanxing finished speaking, Lei Xiao had already stood up and put all the information into the shredder.

With the sound of machinery operating, everything disappeared.

Mr. Deng was surprised.

There was only one copy of this information in the world!

Unless, they all remembered it ...

"In other words, the remaining four of the twelve bronze heads are currently in the royal families of snow orchid, Rou city, perijia, and dengheng tower."

Even after hearing this news, Lin Hanxing's words were still as cold as ever.

yes, and for various reasons, we can't bring these four songs back through official channels. That's why I'm here.

Mr. Deng said.

Due to the nature of his work, he had come into contact with many people in his life.

Perhaps it was because elder Yue and elder Zheng had made a rare unanimous guarantee, or perhaps it was because elder Yan's appreciation for the two of them between the lines, but he had never been so relaxed in the face of such a major event.

Lin Hanxing's long eyelashes fluttered.

Roucheng, Thunderbolt armor, dengheng ...

Didn't he just hear these three places last night?

Apart from colluding with the Hong gang, Xuanji's second Princess Consort and the senanda family behind her also had deep relationships with Rou city, perijia, and dengheng. These three states had also publicly expressed their support for farick on many occasions.

It had to be these three places ...

Lin Hanxing leaned his body weight against the sofa, a thin smile slowly forming on his lips.

God's arrangement was really interesting.

"What do you think?"

Lin Hanxing turned to look at her man. His tone was lazy and there was an indescribable charm in it.

"Don't you already have an idea?"

The Thunder valiant beast's cold face was immersed in the light and shadow, but his voice somehow made people feel at ease.

Lei min saw all of this.

When big brother had gotten into an accident to save sister-in-law, the whole family had been worried about her condition.

If it was said that before the incident, big brother was the one who had hidden violence in his bones and was uncontrollable, then after the incident, the two of them seemed to have been reversed. Big brother became the only person in the world who could press the pause button on sister-in-law.

"I'm only afraid that there's a Dragon's pool and a Tiger's Den ahead."

Lin Hanxing smiled.

"Have you ever been afraid?"

Her face was clearly reflected in the Thunder valiant beast's dark pupils.

Ever since many, many years ago, these eyes could only hold her!

Lin Hanxing's smile faded when he heard this.

He sighed.

I was afraid.

When you were covered in blood and lying in my arms, I was drowned in fear.

A monstrous hatred was suppressed in his chest.

I must make those who were involved in this pay with their blood!

"We'll take this on."

Lei Xiao looked at Mr. Deng and said in a deep voice. He had already made his decision.

"There's something I need to tell you in advance."

Mr. Deng heaved a sigh of relief in his heart when he heard their agreement.

To be honest, he had met countless people, but he really couldn't see through what these two young people were thinking.

"I'm here today in my personal capacity."

Mr. Deng's tone suddenly became serious.

and on this matter, the Embassy can't provide any help to you two except for the documents.

Mr. Deng originally thought that the two people opposite him would definitely question him after hearing this, but to his surprise, neither Lin Hanxing nor Lei Xiao had any reaction to this.

It was as if he had already expected it.

"At least you guys sent Lei min here."

As the youngest member of the National cultural relics Appraisal Committee, Lei Jing's arrival was enough to show the importance of this matter. However, some things could not be explained in the open.

With Lei min's arrival this time, he would not be leaving anytime soon.

At this point, the dust had settled and everyone was happy.

"In addition, there's one more thing ..."

Mr. Deng was about to get up and leave, but he suddenly stopped when he thought of something. He looked in Lin Hanxing's direction again.

"Please speak."

Lin Hanxing replied calmly.

"Elder Yan asked me to pass a message to miss Lin."

"Oh?"

Lin Hanxing raised an eyebrow.

Mr. Deng's expression was subtle, but he still continued to speak.

"Red Note song pin."

At that time, elder Yan had said these words to him. Although Mr. Deng didn't understand the meaning, he still truthfully conveyed these words to the woman in front of him who was so young that she surprised him.

Lin Hanxing laughed.

Other than her, no one else would know what these words meant!

Now, Lin Hanxing was even more curious about the person elder Yan was looking for.

Why was it worth him going to great lengths to find it?

Lin Hanxing's long eyelashes fluttered slightly, hiding the curiosity in his eyes.

The matter.

Things were getting more and more interesting!

[Chapter 1302](#)

1302 Yuan Dabao's worries

Mr. Deng got up and was about to leave.

When Lin Hanxing and the others went downstairs, Yuan Bao, the little sheep, was still holding his small school bag. He was crying and being coaxed by Jiang Xibao and Bai Xi. When he saw them coming downstairs, he twisted his little fat body and threw a tantrum.

Mr. Deng would safely send Yuan Bao back to the Lei family in Rivertown under the escort of Lei Xiao's men.

"Yuan Bao,"

Lin Hanxing walked over and sat beside Yuan Bao, reaching out to wipe the tears on his face.

With a cry, Yuan Bao pounced into her arms.

She was crying so hard that her heart was about to break!

"Big Uncle is a bad person! Second uncle is also a bad person!"

Upon hearing Yuan Dabao's words, Lei Qian could not help but smile bitterly. This little fellow was clearly bearing a grudge against him as well!

Yuan Bao, be good. Aunt, don't send Yuan Bao away. If Yuan Bao leaves, you won't be able to find him again ...

Yuan Bao sobbed.

As if he realized that he had said too much, he covered his mouth with both hands!

Hearing this, Lin Hanxing and Lei Xiao looked at each other discreetly.

Originally, she had already felt that there was something unusual about Yuan Bao secretly following her. It was just that the little Smarty did not say anything, so she pretended not to know. But now, it seemed that there was indeed something else.

"Mr. Deng, please wait a moment."

Lin Hanxing then picked up Yuan Bao and headed upstairs.

Upstairs.

Lin Hanxing wrung a towel from the bathroom and slowly wiped the little sheep dumpling's face.

Her eyes were filled with tenderness.

There was movement at the door.

Lei Xiao walked in from outside.

“Yuan Bao, you’re hiding something from us.”

Lin Hanxing said as he pinched his chubby little face. His voice made Yuan Bao’s eyes, which had just stopped crying, become red again, and even his little mouth was trembling.

Her fair and delicate face was filled with a heart-wrenching expression.

While sobbing, Yuan Bao opened his little bag and took out a colored paper.

It seemed to have been torn from a magazine.

The plates were folded neatly.

He looked at Lei Xiao timidly, then passed the thing in his hand to Lin Hanxing.

Lin Hanxing took it and opened it.

“Grandma secretly hid a picture book before.”

Yuan Bao rubbed his eyes that were sore from crying and spoke in a soft voice. Lin Hanxing’s heart skipped a beat when he heard this, as if he had recalled something.

“I was curious, so I took a look when grandma wasn’t paying attention.”

“After that, I discovered this ...”

As he said that, Yuan Bao’s tears started to roll down his face uncontrollably.

On the colorful paper that Lin Hanxing opened, the first thing that caught people’s attention was a model on the street. In addition to the model, Lin Hanxing’s eyes were inexplicably attracted to another person.

An extremely recognizable, beautiful woman!

Her long black hair hung down on both sides of her body like floating clouds. She didn’t seem to realize that she had entered the country. She was just holding the single-lens reflex camera in her hand to confirm something.

Her fair skin seemed to glow under the sunlight, making it hard to ignore.

The photographer must have had the same feeling, otherwise he wouldn’t have blurred out the background and left her alone.

This person was ...

Realizing her identity, Lin Hanxing raised his head and looked at Lei Xiao.

The latter nodded, confirming what she was thinking.

This was the cloud child!

She was Yuan Bao’s mother.

Although Lei Xiaosi did not say anything, she was the woman he had always missed.

“There’s a piece of paper in grandma’s drawer ...”

Yuan Bao rummaged through his bag and took out his small phone. The screen was bright, and the image was still on an open photo album.

Apparently, mother Lei had contacted the magazine agency. However, other than knowing that the photo had been taken in Roucheng Prefecture of G country, she knew nothing else.

Rou city ...

“So that’s why you secretly followed me here again?”

Lin Hanxing looked at the little face that was once again covered in tears in a short time, while Yuan Bao nodded his head like a chicken pecking at rice.

So that was how it was!

“I miss her! First aunt, I want a mother too!”

Yuan Bao said while sobbing.

There was a desire in his eyes that he had never seen before.

Lin Hanxing allowed Yuan Bao to bawl after he finished speaking, his hand gently caressing his head, and he did not speak for a long time.

Because he wanted to find her, he wasn’t afraid even if he had to cross mountains and rivers ...

Was it?

Yuan Bao, I’ll help you find her.

Lin Hanxing said.

.....

By the time they returned downstairs, Yuan Bao had already fallen asleep in Lin Hanxing’s arms.

She didn’t hand Yuan Bao over to Lei Xiao’s men, but personally carried him into the car. After everything was settled, she signaled the driver to start driving.

Yuan Bao would arrive in Jiang city safely.

Originally, Dr. Zhong’s arrival made Lin Hanxing have some things to discuss with him, but she couldn’t hide her reluctance to send Yuan Bao away, so she gave up on her other thoughts.

The others then dispersed.

He raised his hand and covered his eyes, blocking the glaring sun and the darkness in his eyes.

However, the next second, a pair of long and strong arms pulled Lin Hanxing into an embrace. The familiar scent of wood spread in her breath and Lin Hanxing could not help but relax.

He buried his face in Thunder valiant beast’s chest.

“Are you tired?”

At this time, the Thunder valiant beast’s tall body was like a natural barrier, keeping the hot and dry environment outside.

“Yes.”

Lin Hanxing’s muffled voice could be heard from his chest.

He thought of the three-day promise that would end tomorrow, the matter of the remaining four heads of the twelve zodiacs, the woman that elder Yan was looking for, and this Yun-la-like child ...

One after another, things would always emerge in an endless stream.

“You smell good.”

It was cool and refreshing.

Lin Hanxing buried herself deep in Lei Xiao’s chest and breathed heavily, as if she could recover her energy by doing so.

“After all, I’m someone you’ve spent your money on, so you should at least have some spirit of service.”

It was rare for Lei Xiao to joke with her.

However, after waiting for a long time, there was no reaction from the person in his chest.

Thunder valiant beast’s expression was subtle.

As expected, jokes should be left to Yan beiming.

Just as he was thinking, he suddenly heard a chuckle.

Lin Hanxing suddenly reached out to pinch Lei Xiao’s cold cheeks. The moment he raised his head, a light seemed to flash in his eyes.

“The path in front of your sugar daddy will be extremely rugged and bumpy. I don’t know if my Dear Mr. Ray is willing to go through all the obstacles with me in the future ...”

“Slay demons and eliminate Devils?”

Lin Hanxing tilted her clean and clear little face and blinked at Lei Xiao.

The man’s heart softened.

“You’re wrong.”

The Thunder valiant beast leaned forward, closing the distance between the two to the point where they could see each other’s reflection in each other’s eyes.

“What?”

Lin Hanxing was confused.

“You’re not my sugar daddy ...”

Lei Xiao pinched her chin with his rough fingers, his actions were pampering and coy.

“You’re my dear wife!”

The blazing sun was reflected from behind Lei Xiao and reflected in Lin Hanxing’s eyes.

terrible.

This man’s mouth seemed to be getting sweeter and sweeter!

1303 The whereabouts of the Snake and Sheep heads

Night fell.

The soft crystal Light illuminated every corner of the dining room. In stark contrast, there was a steaming hot pot on the table. Because of Dr. Zhong’s arrival, Yan beiming took the opportunity to suggest eating this for dinner to celebrate.

The kitchen began to prepare the ingredients since the afternoon after he gave his instructions.

The soup base alone took nearly four hours to cook.

When it was served on the table, the double pot was split into two.

The red oil was rich and spicy, and the bone soup was Milky and fresh. No matter which side it was, it could whet one’s appetite.

do you know how miserable I was in those three years?!

The atmosphere was too good, and Yan beiming began to complain, not forgetting to quickly pick up a piece of beef from the pot.

that feeling is like walking 100 meters and stepping on three different pieces of dog sh * t, each of which has a different color!!!

As he said that, Yan beiming looked at Lei Xiao with a bitter expression.

On the other hand, the latter was calmly helping his wife prepare the vegetables, not even paying attention to him.

“So do you know what I learned later?”

Yan beixiao’s eyebrows were pulled together as he made a pitiful and unlucky face.

“Talking dog shit with empty mouth ...”

Jiang Xibao, who had been eating quietly, said in an extremely honest manner.

He was most afraid of the air suddenly freezing ...

“.....”

“.....”

“.....”

Following an ‘awkward’ silence, a burst of laughter broke out, and even thunder valiant showed a rare smile.

Jiang Xibao was the only one who looked around with a confused expression.

“Did I say something wrong?”

She turned her head to look at Liang yuran beside her, her white and chubby little face full of confusion.

“That’s right, eat meat.”

As Liang yuran spoke, he used his chopsticks to slap away Yan beiming’s hand that was trying to scoop up the meat. He placed the pile of freshly cooked beef into Jiang Xibao’s bowl expressionlessly.

“.....”

Yan Beichen, who had an ‘aggrieved baby’ look on his face, watched as the meat flew right under his eyes into someone else’s bowl.

“Who asked you to have such a foul mouth back then!”

Lin Hanxing could not hide the gloating in his voice.

She stood firmly on her husband’s side.

Her scattered hair was tied up into a bun. The villa’s air-conditioning was on, but her face was still red from the heat.

“I ...”

Yan beiming was about to rise up and refute, but when he met Lei Xiao’s cold eyes, he immediately stopped.

“Swish!”

Yuan Kang had been drinking his ice-cold drink the whole time, but even so, he did not forget to ridicule Yan beiming.

“You can you up,no can no BB!”

Just as the two of them were about to start bickering again, Yan Beichen saw Lei min from the corner of his eye.

He still looked like a tall mountain covered in snow, but he was unattainable. Even though he was eating hot pot, he still looked noble and elegant.

“By the way, why did you come this time, Lei er?”

Hearing this, Lei Yu’s chopsticks stopped moving and he looked at Lei Xiao and Lin Hanxing.

“I’ll explain.”

Lin Hanxing took over the conversation and explained Lei Qian's purpose for coming. Of course, she did not mention the parts that she could not say.

"I seem to have heard Mr. Yuan mention the snake head before."

Uncle hai, who had been silent all this time, suddenly spoke. It was as if he had triggered a memory, and at the same time, he successfully attracted the attention of everyone.

"If I remember correctly, the snake's head should be in the royal family,"

After a while, uncle hai emphasized his words to confirm.

"And that sheep head ..."

Yuan Kang seemed to have remembered something after uncle Hai's words and interrupted.

"I think I've heard it somewhere before ..."

Yuan Kang picked up a piece of meat and slowly stuffed it into his mouth, trying to make his memory clearer.

"That's right!"

All of a sudden, Yuan Kang slapped his thigh. He had an idea!

[Chapter 1304](#)

1304 Wish me a Happy Birthday

every year, snowlan province holds a routine charity banquet. I'll always go and join in the fun.

"I heard about the sheep head from there!"

Yuan Kang's eyes became clearer as he spoke.

"Hurry up and tell me where that thing is!"

The impatient Yan beiming asked hurriedly.

Yuan Kang rolled his eyes at him, then looked at Lin Hanxing and said two words with determination.

"Rou city Prefecture!"

Lin Hanxing's fingers moved slightly, but before she could say anything, li binshou had already walked in from outside.

He leaned over and whispered something in her ear.

Lin Hanxing's eyebrows were slightly raised, as if he was a little surprised.

"Tell the entrance to let them in."

Li bingshou immediately left to inform the guards, while Lin Hanxing turned around and ordered the kitchen to add more bowls and chopsticks.

“Who is it?”

Lei Xiao’s gaze was deep as he tilted his head to look at her.

“Song Chenxi.”

When Lin Hanxing said the name, the others were stunned.

Clearly, he did not expect to hear song Chenxi’s name at this time!

Lin Hanxing’s gaze returned to Yuan Kang’s face, signaling for him to continue the topic.

“No,”

Yuan Kang shrugged and continued to snatch the meat from Jiang Xibao.

I didn’t mean to hear it. I didn’t pay much attention to it. I only know that it is in Rou city.

After saying this, Yuan Kang quickly added.

however, it’s obvious that this thing is useless to ordinary people. Therefore, it must be a collection of famous people at home!

He held the chopsticks in his hand and quickly analyzed the situation.

looking at the time, it’s almost time for this year’s charity banquet. You can ask song Chenxi for a few more invitation cards. When the time comes, we can go and join in the fun!

It was said to be a charity dinner, but it was more like a feast for celebrities to make friends with each other.

At that time, all the upper class celebrities in country G would be present. Yuan Kang could only use two words to describe the scene!

It was extraordinary!

“I want to go!”

Bai Xi raised his hand excitedly, his face full of eagerness.

Jiang Xibao did not forget to raise his hand weakly.

In any case, she would just follow miss Jiu wherever she went.

“F * ck, how can I miss out on such a good thing?”

It was not Yan beiming’s style to not join in the fun. He even raised the hands of Lei er and Liang yuran!

As they were talking, li binshou and uncle li led song Chenxi into the house.

She was still wearing the same black, waist-length dress. Her long hair was spread out behind her like ink, and her delicate little face had light makeup on. When she saw the table full of hotpot ingredients and the crowd’s gaze, she couldn’t help but stop.

“I’m sorry, I ...”

It was rare for song Chenxi to show a subtle expression.

Today was her birthday.

It was also her sister Song Zhiyun's birthday.

In the past, Gong Chen would always stay by Zhiyun's side on this day. Today was no exception. Instead of going back home to face the cold and harsh environment, it was better to stay outside.

However, all these years, she had put all her thoughts on how to support the song Corporation. Because of her strong personality, she did not even have good friends. By the time she came back to her senses, the car had already arrived at the Li family's house.

"Come over and eat!"

Lin Hanxing pointed at the empty seat beside Yuan Kang.

The bowls and chopsticks were already placed there.

Song Chenxi was stunned at first, then her originally tense body relaxed.

Soon, she sat down beside Yuan Kang.

The faint fragrance was refreshing, not even hidden by the overbearing taste of the hotpot.

Yuan Kang's movements paused for a moment, and he turned his head to look curiously at this rather legendary woman.

[Chapter 1305](#)

1305 You don't have to be so formal here

Her beauty was beyond doubt.

To be able to become the president of song group at such a young age, one could imagine the hardships and hardships he had to go through. Not to mention that song group was the only local rich family that could compete with Yuan group.

At this time, song Chenxi hesitated for a moment. She picked up the bowl and chopsticks on the table but did not move.

Yuan Kang looked at her, who seemed to be silently observing the movements of others, and suddenly understood.

"Have you never eaten hotpot before?"

Because of Yuan Kang's words, everyone stopped what they were doing and looked in the direction of song Chenxi.

Song Chenxi paused in her actions.

Then, he turned to Yuan Kang and chuckled.

"Indeed, I haven't eaten it before."

That smile did not have the slightest bit of the cold arrogance he had when he was at the song family. It was reflected in everyone's eyes without any defense.

"Just put the meat and vegetables in the pot and cook them. Eat whatever you like."

Lin Hanxing's voice was heard through the White steam.

Lin Hanxing could tell that song Chenxi had something on her mind.

But she didn't say it, and she didn't plan to ask.

If it was her past self, she would not have asked because she did not care at all. But now, in Lin Hanxing's opinion, sometimes not asking was the greatest respect for others.

It was ah Xiao and the Lei family who changed her.

"You don't have to be so formal here."

Lin Hanxing looked at song Chenxi and finally added.

Her attitude towards song Chenxi was a little different.

Not only could the Thunder valiant beast sense it, but the others could also sense it.

Song Chenxi picked up a piece of food with her chopsticks and put it into the pot. She blanched it like the others did before and was ready to put it in her mouth.

"It's hot."

Yuan Kang, who was beside her, sighed, then scooped out a plate of oil and handed it to her.

"Hotpot is only delicious with seasoning!"

Yuan Kang raised his eyebrows and said.

Song Chenxi glanced at him, and the latter raised his eyebrows in a roguish manner.

The rich taste of the sesame sauce and the seasoning combined with the dish and spread on song Chenxi's taste buds.

To her, this was a very novel experience.

I thought you've had all the delicacies as the president of the song Corporation. I didn't expect a simple hotpot to be so difficult for you!

Yuan Kang purposely used the word "you" to make it sound a little sarcastic.

"My sister can't touch these."

To everyone's surprise, song Chenxi did not get angry at Yuan Kang's rudeness. She spoke softly.

"My sister has been weak since she was young, so she never touched these things with a strong smell."

She continued to blanch a piece of meat and dipped it in the sauce.

"The family is also accommodating her."

"Me too,"

Ever since she was young, due to Zhiyun's weak body, everything at home was given to her first. Song Chenxi had long been used to such a life. Now that it was mentioned, her expression was very calm.

"So you had enough of this kind of life, and in a fit of anger, you snatched your sister's man?"

Yuan Kang suddenly said.

"....."

"....."

"....."

Everyone looked at Yuan Kang, who had a low EQ, speechlessly. How could this guy's mouth be so good at ruining the atmosphere?

Hearing this, song Chenxi just smiled.

There was an indescribable emotion on her beautiful and delicate face.

It was very complicated.

She turned her head and looked at Yuan Kang again.

Her beautiful glass-colored eyes fell on his face.

He answered Yuan Kang's previous question with his usual direct look.

"Yeah, I'm not willing to accept this."

Yuan Kang didn't say a word. He didn't expect song Chenxi to actually respond to him and answer him so directly.

Her face was so hot that it gradually revealed the color of a peach petal.

It also made song Chenxi look much healthier.

Not far away, Bai Xi and Jiang Xibao looked at the traces of a smile on song Chenxi's lips. For some reason, they felt an unspeakable bitterness in their hearts!

That feeling was extremely strange.

"I can't help it. I'm just that bad-hearted, and I can't bear to see others doing well."

With that, song Chenxi calmly and slowly chewed the food in her mouth, as if nothing had happened.

"Director song, to be honest, I really hate women like you who don't mean what they say!"

Yuan Kang's expression suddenly turned cold.

The atmosphere took a turn for the worse.

Perhaps they didn't expect Yuan Kang's sudden change of expression, everyone except Lin Hanxing and Lei Xiao were stunned.

Song Chenxi stopped.

"If you like it, then you like it. If you hate it, then you hate it. Is it that hard to be direct?"

Perhaps Yuan Kang himself had never thought that he would be so nosy one day, not to mention that the other party was the yuan family's sworn enemy.

"Is it that hard to be yourself honestly?"

Song Chenxi did not move. Her long eyelashes trembled slightly.

After a long time.

She sighed softly.

as the president of the song group, I have no right to be willful.

This was her responsibility.

In her life, the only time song Chenxi was willful was when she married Gong Chen. Perhaps ...

It was also the last time.

"Even if you're going to die, aren't you going to be a little willful?"

Because of the arrival of his big brother, Dr. Zhong, the Holy hand, who had been maintaining the image of a good baby, suddenly spoke. Since song Chenxi came in, he had been observing her face. Although she had light makeup on, the deathly aura that was entrenched between her eyebrows was still difficult to hide.

It was just as he had thought.

After hearing his words, the woman didn't reveal any abnormal expression.

Obviously, he had known about it.

"Ah?"

The others could not help but look in song Chenxi's direction in shock.

Did sacred hands just say that she was going to die?

The expression on Yuan Kang's face was frozen as he looked at her in a daze.

Song Chenxi's expression remained calm.

"It's my birthday today. Do you guys have to do this?"

She put down her chopsticks, and a hint of helplessness finally appeared in her eyes. However, there was no displeasure on her face.

Perhaps it was because of Lin Hanxing, but she did not have much defense against these people in front of her. She would even reveal her true self occasionally.

She didn't have any friends to begin with!

Birthday?

Lin Hanxing looked at song Chenxi, who was sitting opposite him.

If he remembered correctly, song Chenxi's birthday was the same as her sister's.

Everyone in the world must be celebrating the birthday of the weak Little Lotus.

On the other hand, song Chenxi, who had the same birthday, could only come here to relax.

Jiang Xibao, who had been silent all this time, suddenly got up and walked to the kitchen. He soon came out with a small piece of cream cake in his hand.

A bright smile bloomed on Jiang Xibao's fair and chubby face, and even his eyes narrowed into slits.

"My mother once said that I must eat cake on my birthday."

Song Chenxi raised her head and looked at the cake.

"Miss song, Happy Birthday."

Jiang Xibao placed the cake in front of her.

Everyone should have a piece of cake that belonged to her on her birthday.

Song Chenxi's calm face seemed to crack.

She secretly took a deep breath and looked up to meet Lin Hanxing's eyes.

"Your people always give people surprises."

Without a sound.

A teardrop rolled down her cheek silently.

Chapter 1306-love is voluntary, no regrets

Because song Chenxi was drunk, Lin Hanxing personally drove her back to Song Garden.

The window of the front passenger seat was down, and the night wind gushed in, blowing song Chenxi's messy hair away, making it look like an ink-Black Halo.

"There are so many lamps outside ..."

"However, not a single one of them was truly lit up for me."

Perhaps it was the effect of alcohol, song Chenxi's voice was hoarse and lazy. It sounded like she was feeling lonely.

The traffic light turned red.

"Have you ever regretted it all these years?"

Lin Hanxing looked straight ahead.

It seemed to be a casual sentence, but it made Song Chenxi turn her head silently.

"Ninth young lady, are you asking me this question, or are you asking the person you see through me?"

Song Chenxi's smile was immersed in the night, beautiful and fascinating.

Lin Hanxing did not answer immediately.

It was only when the car behind them honked that Lin Hanxing retracted his gaze and started the car again.

"I've asked myself the same question before ..."

Song Chenxi's long curly hair spread out on both sides of her cheeks. The fatigue that she had hidden deeply in the past was revealed in front of everyone.

"Do you regret getting hurt because of him?"

"Do you regret how things have turned out?"

"Do you regret loving him?"

She seemed to be talking about someone else's matter. Her long eyelashes fluttered, and a gentle smile appeared on the corner of her mouth.

The Song Garden was right in front of him.

Love is voluntary, and I have no regrets. I once loved that person with all my might, so there is nothing to regret.

When Song Chenxi's voice reached his ears, Lin Hanxing sighed inaudibly.

So, was Aunt Mian like this before?

"We're here."

Lin Hanxing stopped the car at the entrance of Song Garden.

Song Chenxi opened the car door. The high heels that she had casually kicked off after getting in the car were in her hands. Perhaps no one would have thought that the woman who used to be swift and decisive in her life would have such a side.

In a few days, I'll ask the sacred hands to do a check on you. Maybe there will be a change in your situation.

Lin Hanxing said softly to Song Chenxi as he looked at the slender and graceful figure.

In response, Song Chenxi waved goodbye without turning her head.

He was unrestrained and impudent.

.....

Song Garden.

Song Chenxi walked barefoot on the moonlight-paved path.

Her hair, which she had always combed meticulously, was now unkempt, and she was even humming a muffled tune.

If someone were to listen carefully at this moment ...

He could easily tell that it was the happy birthday song.

However, all of this came to an abrupt end the moment song Chenxi pushed open the door.

This was because she saw a figure illuminated by the moonlight in the dark living room of the villa. The figure was sitting on the sofa like a storm.

When she heard movement at the door, she raised her head and looked at song Chenxi coldly.

“Song Chenxi, where did you go tonight?”

Gong Chen’s sinister voice rang out.

Song Chenxi finally understood why he was angry.

He had originally wanted her to celebrate Zhiyun’s birthday with him tonight, but she had stood him up and gone to miss Jiu’s place.

It was ... Really refreshing!

“Hehe.”

Song Chenxi stepped on the cold floor barefooted.

That warmth seemed to penetrate her feet and reach the deepest part of her heart, but she didn’t care at all.

What could be colder than death?

Song Chenxi chuckled and walked upstairs.

However, he had just taken two steps when he heard the sound of hurried footsteps behind him. His arm was suddenly pulled and his body was pulled back lightly. He stared at Gong Chen, whose face was filled with cold anger.

I asked you where you went tonight!!!

[Chapter 1307](#)

1307 Song Chenxi, are you worthy?

That malicious anger was clearly transmitted through the hand on her shoulder.

Song Chenxi was in a daze.

Ever since they got married, he had never felt it was beneath him to touch her.

She had almost forgotten Gong Chen's temperature ...

With a loud slap, Song Chenxi raised her hand expressionlessly and slapped Gong Chen's big hand away from her shoulder.

Perhaps he didn't expect her to do this, but Gong Chen was silent for a long time!

"You usually don't ask me where I go, so what's so special about today?"

Under the cold silver moonlight, Song Chenxi's exquisite face was full of sarcasm.

"Did you drink?"

Gong Chen's sharp brows furrowed tightly when he smelled the strong scent of alcohol.

Song Chenxi frowned slightly. Her stomach was a little uncomfortable after drinking.

She turned around and prepared to go upstairs to rest.

"Song Chenxi, I'm asking you a question!"

Gong Chen clearly felt that there was something wrong with Song Chenxi tonight, but he suppressed the doubts in his heart and asked in a cold tone.

Song Chenxi suddenly stopped in her tracks.

The elegant curve of her back was immersed in the light and shadow, and it was infinitely elongated on the ground.

"You're asking me a question?"

Song Chenxi's gaze fell into the distance. Perhaps it was the effect of the alcohol, but she actually found the scene so ridiculous.

She didn't know which window in the villa was open, but a cool breeze came in and blew her long hair.

Song Chenxi turned around slowly and looked straight into Gong Chen's eyes.

Gong Chen, don't speak to me with the tone of a subordinate giving orders.

Her eyes were as calm as her voice.

When Gong Chen met those eyes, he felt as if his heart was being squeezed by something invisible. Just as he was feeling the hidden pain, his temple suddenly ached intensely, causing his face to return to its cold state.

"Do you know how much embarrassment you've caused Zhiyun by not showing up today?"

Gong Chen suddenly took a step forward. His large palm forcefully grabbed Song Chenxi's wrist and pulled her in front of him.

His hot breath sprayed on Song Chenxi's face.

The skin on her wrist was cold and smooth.

“In the eyes of outsiders, haven’t we sisters already fallen out with each other because of you? Why did he still have to pretend to be singing and dancing? Aren’t you guys tired?”

Song Chenxi tried to pull her wrist back, but it all ended in failure.

“So, who were you with tonight?”

When he got closer, he could faintly smell the hotpot smell on her.

Hotpot?

In Gong Chen’s memory, song Chenxi was a cold and mechanical woman. In her life, there was nothing else other than her work, which opposed Zhiyun.

How could she eat something as down-to-earth as hotpot?

Suddenly, song Chenxi chuckled.

He took two steps forward as Gong Chen pulled on his arm, closing the distance between them.

There were no gaps.

“Do you care who I’m with?”

The smell of wine spread out.

This was clearly the smell he hated the most, but Gong Chen didn’t avoid it. He just lowered his head and looked into her eyes.

“You don’t even care!”

Song Chenxi laughed mockingly.

What Gong Chen was concerned about was whether Zhiyun had taken his medicine properly.

What Gong Chen cared about was Zhiyun’s health.

He did not care about a single thing for her.

“Care?”

The intense pain on his forehead made Gong Chen feel a strong sense of disgust.

“Song Chenxi, are you worthy?”

As he spoke, Gong Chen clenched his fist even more tightly, as if he wanted to sink his palm into it.

With a ripping sound, he tore song Chenxi’s collar apart, revealing her arm. That terrifying, white scar was exposed!

“In order to pretend to be my Savior, you even imitated Zhiyun’s wound. Are you worthy?”

[Chapter 1308](#)

1308 I know better than anyone that you don't love me

Song Chenxi felt her head explode.

It was hard to breathe.

"Let go."

Song Chenxi looked straight at Gong Chen and spoke in a cold tone that she had never used in her life.

Gong Chen naturally didn't let go.

At some point, men indeed had an innate advantage in physical strength.

"Do you know how ironic I felt when I saw this wound?"

When Gong Chen met her clear eyes, it was as if there was a line of defense in his heart that was shaking desperately. However, he couldn't control himself and said those hurtful words one after another even though he himself understood them!

song Chenxi, you've been snatching Zhiyun's things since you were young. Are you that shameless? "

The next second, a loud explosion was heard in the villa.

Gong Chen's cold face turned to the side.

"Everything I have is what I, song Chenxi, deserve!"

When she first took over the song Corporation, she only slept three hours a day to satisfy the Board of Directors. At that time, Zhiyun was enjoying a Princess-like life in the arms of his parents in Paris.

Over the years, the Chinese companies led by the yuan Corporation had begun to occupy country G's market share. She had worked hard to open up new profit channels on the basis of maintaining the song corporation's original capital.

For 365 days, she did not rest.

He didn't even dare to fall sick!

But even so, most people still looked down on her because of her identity as a woman!

the ones who should be ashamed are those who ignore my efforts and think that it's natural to enjoy all of this!

Song Chenxi sneered.

At this moment, she was standing at the top of the stairs. Even though her lapels were torn, her eyes were cold and firm.

The moonlight poured down from behind song Chenxi.

It was as if she was coated with a thin layer of cold Halo!

These few words had been entrenched in song Chenxi's heart for a long time.

Today, he had finally taken this opportunity to vent his anger.

Gong Chen had never seen song Chenxi like this.

In the past, she had always been patient and cold.

When she looks at you, those amber eyes always seem to be plotting something. It's disgusting from the bottom of my heart. Not to mention everything she did to Zhiyun, even using her kidney as an exchange to force him to marry her ...

Every time he got close to her, Gong Chen would always feel inexplicably irritated!

He sneered.

"You're so eloquent!"

Gong Chen's eyes were cold, and his voice was obviously sarcastic.

"Deserved?"

Gong Chen narrowed his long and narrow eyes and raised his voice. He raised his hand to wipe the bloody taste from the corner of his mouth and curled his lips.

"What about me?"

"Do I deserve to be with you, Song Chen Xi?"

Song Chenxi did not speak for a long time.

For many years, song Chenxi had lived on her memories.

She had once fantasized that one day, Gong Chen would remember the past and walk towards her in the Twilight.

He had a warm smile on his face.

He told her that everything that had happened all these years was just a ridiculous dream, and that she would wake up from this nightmare as long as he said that 123 had lowered his head and kissed her.

However, he did not.

No one knew.

Every time the sun rose and the moon rose, no matter how busy she was with work, song Chenxi would choose to take a break. She would wait patiently until dusk.

With countless disappointments, he had built up an unrealistic fantasy.

Song Chenxi had thought that there was nothing sadder than this.

She was wrong.

Actually, there was.

Yingluo, I know better than anyone that you don't love me.

Gong Chen, why do you get so angry every time you get close to me? ”

Song Chenxi suddenly took a step forward and instantly closed the distance between the two of them.

The faint fragrance from her body entered Gong Chen’s breath.

In an instant, it made his blood vessels heat up.

“Is it because you really hate me, or ...”

As she spoke, song Chenxi pressed her hand under his body expressionlessly.

It was visibly filled with blood.

“You hate me for making you react?”

BOOM!

If the slap from before hadn’t made Gong Chen’s anger reach its peak, then his face was darkening at the speed of light now, because ...

He could not answer song Chenxi’s question immediately.

Embarrassing.

“Gong Chen, you’ve been like this since the past ...”

Song Chenxi looked into Gong Chen’s eyes and spoke indifferently.

“You don’t mean what you say!”

Just as he finished speaking, Gong Chen suddenly grabbed song Chenxi’s wrist. The latter lost her balance for a moment, and the two of them staggered and fell to the ground.

Almost reflexively, the moment he fell, Gong Chen pulled song Chenxi into his arms and landed with his back and head first, followed by a violent thud ...

There was complete silence.

Everything seemed to have come to an abrupt end at this moment.

“Raise your head.”

Song Chenxi’s voice sounded as if she was holding back something. Her voice was tense.

After a long time, Gong Chen came back to his senses and did as he was told.

Song Chenxi removed her hand from under his head at the last moment expressionlessly. Her middle and ring fingers were still trembling from the intense pain.

She laughed bitterly in her heart.

As expected, he was still injured.

At this moment, neither of them moved. Gong Chen’s hand was still on song Chenxi’s thin waistline.

His head began to hurt again for some unknown reason, even though his body was screaming and yearning like crazy, as if it was tearing Gong Chen's body into two halves.

He said he wanted to hold the other one tightly.

The one in the dark said he wanted to hurt her.

Under the silver moonlight, Gong Chen's face looked unusually ferocious, but song Chenxi did not notice it.

It was because it was too painful.

It made her close her eyes subconsciously, as if every time she had to endure pain in the past, she would spend a few seconds in her heart.

Suddenly.

Song Chenxi held her breath.

This was because she felt Gong Chen's hand wandering all over her body.

It was very slow and very stiff.

She didn't open her eyes, but her eyelashes were trembling.

Gong Chen's hand quickly reached song Chenxi's neck. The beating of her pulse there seemed to be burning each other's skin. It gradually accelerated. In the silence, it seemed to have turned from a solo to a duet.

"What do you want?"

"You know, Zhiyun can't wait long."

This voice was like a basin of cold water being poured on her head, causing song Chenxi to fall into endless silence.

She slowly opened her eyes.

The pain in her fingers had not subsided, but the warmth in her eyes had disappeared.

He looked straight at Gong Chen.

Perhaps it was the effect of alcohol, but song Chenxi, who was usually self-disciplined, had crazy thoughts in her heart.

She was dying.

By then, Zhiyun would be able to use any of his kidneys, be it left or right.

Originally, song Chenxi wanted to say this to Gong Chen.

But now, she had changed her mind.

"That depends on what you can give me ..."

Women were really synonymous with two-faced.

Song Chenxi thought that she was different, but in the end, she could not help but fall into the cliché.

Gong Chen's pupils were dark.

He didn't know if it was an illusion, but the woman's face seemed to be as white as the moonlight.

And this kind of white was definitely not the healthy kind.

"Oh, I understand."

Gong Chen loosened his tie roughly and leaned down ...

[Chapter 1309](#)

1309 To wear a crown, one must first hide his ambition

After sending Song Chenxi back to Song Garden, Lin Hanxing drove back.

There wasn't much traffic on the streets in the middle of the night.

However, Lin Hanxing quickly noticed that something was wrong.

There was a car following her!

He glanced at the rearview mirror expressionlessly ...

The mirror soon reflected Lin Hanxing's smile.

Hehe.

The green light was about to turn red ...

It had only been a few seconds, but the sound of the engine suddenly exploded in the dark night!

The car in front, which should have slowed down, turned around at an astonishing speed!

Her movements were smooth and beautiful!

The headlights of each other shone brightly, penetrating the front windshields of the other party and illuminating the driver's seat.

&Nbsp; Hong long long ...

Lin Hanxing stepped on the accelerator, and the sound got louder and louder.

It seemed to be a provocation.

Suddenly, she made a move!

Lin Hanxing's car was like a wild beast as it crashed into the Bentley that was following behind her!

This action was clearly beyond everyone's expectations!

Even the people in the Bentley were caught off guard.

They did not even have time to react as they watched Lin Hanxing's car crash into them at the speed of light ...

According to the logic of inertia, it was probably the result of a car crash and death!

However, the moment the two cars collided, Lin Hanxing turned the steering wheel and the two cars that were about to collide immediately swerved away. However ...

The two cars brushed against each other, accompanied by the piercing sound of metal.

Both of them could feel the car shaking.

Lin Hanxing's side mirror had been smashed.

Just as she was about to face the driver's back window, everything came to an abrupt end!

The position was just right.

Under the central control, the window gradually sank into the body of the car.

Thump thump thump ...

Lin Hanxing bent his finger and knocked on the dark rear window of the car.

Almost at the same time, there was movement in the other car's window.

It fell.

That person's face was light and elegant, with a pair of long and narrow Phoenix eyes. At this moment, he was squinting slightly, and his face was tense, giving off a dangerous and oppressive feeling.

However, Lin Hanxing, who was used to seeing things, would not mind.

"The fifth young master of Shangguan family doesn't look too good."

Lin Hanxing supported his cheek with one hand, not caring at all that part of the car below his line of sight was distorted and caved in from the violent collision.

Shangguan Qinghe just looked at her with a gloomy expression.

Shangguan Qinghe did not expect Lin Hanxing to expose his identity as soon as he opened his mouth. His expression was extremely ugly.

"Miss Lin, my big brother ..."

Shangguan Qinghe said gloomily.

"Where are you now?"

"Can you guess?"

This perfunctory reply caused the veins on the other party's forehead to pop out.

I guess your ass!

When he thought about how Lei Xiao was still waiting for him at home, Lin Hanxing did not want to waste his breath on him.

if you want to wear a crown, you must at least learn to hide your ambitions. Otherwise, you'll just be a Mantis torn apart by an Oriole and eaten up. In the end, all your efforts will be in vain!

Lin Hanxing and Shangguan Qinghe looked at each other.

"Miss Lin, compared to the first princess Consort, the second Princess Consort has a higher chance of winning!"

Shangguan Qinghe's face was tense as he spoke coldly.

Lin Hanxing's reply was a meaningful chuckle. Accompanied by the sound of the engine and the friction between the car doors, she drove away without stopping this time!

"Fifth young master ..."

The chauffeur turned around, feeling troubled.

"Start the car!"

.....

The next morning.

Eric, Zhan Nanheng, had brought uncle Jin to li garden early in the morning.

Since it was breakfast time, the man pulled out a chair and sat down without any courtesy.

"Little childhood friend, today is the third day!"

Zhan Nanheng 'kindly' reminded her as he picked up the avocado sandwich.

After all, these three days seemed calm on the surface, but in reality, there were still many pairs of eyes secretly watching.

If nothing had happened today, those people would have probably skinned her alive. Even he and the great wangfei might not have been able to save her. After all ...

The royal family's dignity must not be blasphemed!

After Zhan Nanheng finished speaking, he took a bite of the sandwich in his hand and couldn't help but raise his eyebrows.

It was crispy on the outside and tender on the inside, with a refreshing taste.

Isn't it too delicious?

"Have you prepared what I asked you to do?"

Lin Hanxing said indifferently. As Zhan Nanheng expected, he did not feel any sense of urgency.

Zhan Nanheng made a hand gesture to tell her not to worry.

At that moment, Lei Xiao's figure appeared at the door. His black formal suit accentuated his impressive figure, making him look like a hawk that no one could ignore.

Seeing Lei Xiao's expressionless face, Zhan Nanheng snorted in annoyance.

"Lin! Cold! Star!"

Suddenly, a man's voice exploded.

Alright, alright, I admit that when I drove song Chenxi home last night, I sped around and I was the one who broke the door!

Lin Hanxing seemed to have been prepared for this. He stood up and walked towards Lei Xiao with a smile.

He even used his finger to draw a little distance.

It proved that it was not a big problem!

"....."

Lei min looked at his wife expressionlessly. When he heard these words, he felt that his brain was buzzing.

"It wasn't me,"

"What?"

Lin Hanxing didn't understand what he meant.

"I wasn't the one who called you just now."

"....."

Lin Hanxing and Lei Xiao looked at each other, and the veins on the man's forehead could be seen with the naked eye.

Before Lei Xiao could speak, Lin Hanxing had already put on an innocent face and opened his arms to hug his man. At the same time, he stood on his tiptoes and looked over his shoulder with a strong murderous aura, wanting to see who the hell exposed her!

Yuan Kang walked in with a long face, and when he saw Lin Hanxing, he couldn't help but howl!

"What did you do to 'little meaty'?"

"....."

What was that?

"It's the car you drove last night! It's my most beloved 'little meaty'!"

"....."

This time, the entire restaurant fell silent.

“You’re crazy ...”

Yawning, Bai Xi walked past Yuan Kang and rolled his eyes at him.

“I suddenly realized that you and Yan beiming are quite a good match.”

Looking at the ‘heartbroken’ Yuan Kang, Lin Hanxing couldn’t help but mumble to himself. The two of them didn’t know who was more similar to the one who gave nicknames to their cars, but in short ...

It was a serious problem ...

“What match? I’m as handsome as a Jade tree in the wind, as beautiful as ... Ah pui!”

Yan beiming hurriedly made two sounds of “Pei Pei” and walked around Yuan Kang to sit at the dining table in disdain.

“Stop shouting, I’ll compensate you with a new car!”

Lin Hanxing placed his hand on Lei Xiao’s shoulder and pointed at Yuan Kang.

that Porsche of yours!!!

Yuan Kang’s face instantly lit up with a smile as bright as a chrysanthemum flower as he bargained.

“.....”

The Thunder valiant beast turned sideways and coldly glanced at him.

“.....”

Yuan Kang walked weakly towards the dining table. How could he forget how protective that Lei guy was of his wife?

“Now, don’t we have a score to settle?”

Lei Xiao lowered his head and met Lin Hanxing’s gaze.

No wonder she was as obedient as a kitten when she came back last night. She had been waiting for him here!

Chapter 1310-shocking change

Lin Hanxing said innocently.

She blinked her eyes and gave him a ‘I don’t understand what you’re saying’ look.

He kept smiling.

Zhan Nanheng supported his chin with one hand and watched the interaction between the man and woman with amusement.

Therefore, his childhood friend, who was rumored to be a man-eating Rakshasa by outsiders, was actually so obedient like a little white rabbit in front of a person surnamed Lei. This was simply illogical!

“Master.”

However, the show didn't last long. Li Yuanjun appeared with a stack of things in his hands.

Lin Hanxing had never thought that his face was so cute!

"This is the account book sent by senanda clan!"

Knowing the importance of the matter, Li Yuanjun did not dare to delay and sent it over as soon as possible.

Lin Hanxing winked at Lei Xiao when no one was looking. The latter snorted coldly and decided to settle the score with her later.

"Where is he?"

Lin Hanxing casually picked up the book and flipped through it.

"At the door."

Without her permission, no one was allowed to enter, and of course, outsiders did not dare to break in.

Lin Hanxing did not say anything and continued to read.

"Uncle Jin,"

As soon as Lin Hanxing opened his mouth, Uncle Jin, who was like the Maitreya Buddha, walked over silently.

She pointed at the account book in Li Yuanjun's hand.

Uncle Jin flipped through it with great tacit understanding. The more he read, the brighter the smile on his face became. When the smile on Uncle Jin's face became brighter, Zhan Nanheng, who had been with him for a while, shuddered from the bottom of his heart.

Ever since Uncle Jin had come to Zhan Nanheng's side, he had fully understood what a true Smiling Tiger was.

He could make people submit to him without batting an eyelid, but he could make people unable to say a word. It was normal for them to lose their teeth and swallow their blood.

"Those people are treating me like a fool!"

Lin Hanxing's voice was definitely like a cool breeze.

However, those who were familiar with her way of doing things would naturally know that this was not a good sign!

The few people who were eating breakfast looked up.

The others also took a few books from Li Yuanjun's hands to read.

"I don't understand."

Jiang Xibao was the first to give up and continued to struggle with her shumai.

“There doesn’t seem to be any problems with this account. There’s income and expenditure, and it’s also making a profit ...”

Bai Xi was also confused.

This was not her area of expertise.

“This account is fake,”

Yuan Kang only glanced at him twice before speaking with certainty. Bai Xi raised his eyebrows.

“What right do you have to say that this account is fake?”

Yuan Kang said with a serious expression.

Although he had not been valued by the yuan family all these years, he was still a member of the yuan family. He had heard of some things even if he had not seen them before.

let’s not talk about other things. Just look at this clean account book. There is not a single mistake from the beginning to the end. Is it possible? ”

Yuan Kang shook the account book in his hand, making a clattering sound.

you said that those people treated you as a fool, but I don’t think so. The senanda family really cares about you. Otherwise, how could they have carefully created all these in such a short time? ”

After saying that, Yuan Kang crossed his legs and stuffed a mouthful of fried egg into his mouth.

Lin Hanxing looked at him with a smile.

He was actually showing off!

“Put this aside and eat first.”

Naturally, there were more important things to do today.

“Just like that? It’s not your style!”

Yuan Kang raised an eyebrow, he didn’t expect Lin Hanxing to be so easy to talk to this time!

“Forget it?”

Lin Hanxing’s tone went up slightly at the end, gentle and sarcastic.

Looking at the expression on her face, Yuan Kang felt a mouthful of fried egg stuck in his throat. He hurriedly took a sip of water and swallowed.

after dinner, Liang yuran and Xi Bao will go together, and Yan beiming and Bai Xi will go together. Bring some people to help me ‘check on’ them one by one. Don’t they like to play ...

Lin Hanxing sneered.

“Then let them have their fun!”

Suddenly, Zhan Nanheng’s phone rang. He picked it up subconsciously, and not long after ...

that old su from Rou city Prefecture is no longer vomiting blood!
