

Goodnight 1321

Chapter 1321-be lenient wherever possible

Two hours later, Zhan Nanheng called back.

The news he brought was within Lin Hanxing's expectations.

That aunt Qin from the royal family had already 'died' after mother Zhan passed away that year!

After mother Zhan passed away that year, Zhan Nanheng fled the royal family. He didn't know that not long after he left, a sudden fire burned mother Zhan's things to the ground, and this aunt Qin ...

He had also lost his life in the fire.

When he was discovered later, his face had already been completely charred and was in a carbonized state.

At that time, the royal family was in an eventful period, and no one would investigate the cause of her death.

Even the funeral matters were taken care of by the eldest Princess Consort, who pitied her.

After a few simple words, the two hung up the phone.

Lin Hanxing sat on the sofa and felt Lei Xiao's gaze on his face. He raised his head and shook his head silently.

Thunder owl had obviously anticipated this as well, and his expression remained calm.

"Uncle hai."

Lin Hanxing turned the ring on his finger and looked at uncle hai.

"Have you heard about Zhan Nanheng's mother?"

When the people who were playing aeroplane chess heard this, they raised their heads curiously and looked in uncle Hai's direction.

Upon hearing this, uncle Hai's expression was a little subtle.

"I know a little."

"Tell me."

Lin Hanxing raised his chin slightly and waited patiently with one hand on his cheek.

Eric's mother almost became the current first princess Consort.

Uncle hai coughed twice and finally spoke.

"Ah? Then why did you ..."

Bai Xi leaned on Jiang Xibao's shoulder with her eyes wide open. Even Jiang Xibao looked curious.

" Her background was too low, and she was strongly opposed by the royal family from the very beginning. On the day of the wedding, no one expected that the bride would be switched, and the original bride would disappear and be replaced by the current one. "

Jiang Xibao scratched his head with a confused expression.

" What's done can't be undone. There's nothing su bu can do even if he's unwilling. It's just that Eric's mother went missing for a few years. Many years later, it was said that she was found in Jiang city and even gave birth to a son! "

Lin Hanxing leaned against Lei Xiao's side and finally understood why Su dan had been able to arrange everything so coldly. Perhaps even the first Prince's matter was within her calculations.

"Then how did mother Zhan die?"

When they were in Jiang city, Zhan Nanheng had only told her about mother Zhan's death and had not told her the details.

"The public's announcement is ..."

Uncle hai paused and slowly said two words.

"Commit suicide."

"Suicide?"

Yan beiming's expression was like he was trying to fool a ghost, clearly not believing her.

"I heard that he committed suicide by swallowing gold."

After hearing the words 'suicide by swallowing gold', everyone fell into silence.

This kind of death was as painful as it could be.

Pure gold was not poisonous to the human body, but when gold with a high density was swallowed, it would continue to fall and press down on the intestines. It would not be fatal if it could not be discharged for a while, and in the end, it would be tortured to death in unbearable pain.

Lin Hanxing listened quietly and did not say a word. His fingers turned the Dragon-Phoenix ring.

"How determined are you to die?"

Jiang Xibao said weakly. However, as soon as he finished speaking, Bai Xi knocked on her head with her finger.

"You're so silly!"

Bai Xi said, both angry and amused.

it's not easy to have a legitimate identity. Even if it's for your own son, you won't easily die!

As soon as he finished speaking, he felt as if he was being stared at by something, and a chill ran down his back.

However, when Bai Xi turned around, he didn't find anything unusual.

He just thought that he had run into a ghost.

"Master."

As they were talking, Li Yuanjun walked in from outside, his face still gloomy.

"What?"

Lin Hanxing glanced at the young man.

"The people from the PU CI Chamber of Commerce are here. They're outside."

Mother Zhan's topic ended here for now.

"Why does this name sound so familiar?"

Lin Hanxing chuckled, his voice carrying a hint of mockery.

PU CI Chamber of Commerce, which was under the Hong gang ...

After waiting for so long, were those people finally unable to sit still?

"Ask them to come in."

Since they were going to meet sooner or later, it saved her a lot of trouble.

Li Yuanjun grunted and turned to inform the gate, but his face still looked indignant.

"Put away the resistance on your face,"

Lin Hanxing's gaze swept over Li Yuanjun's figure as he spoke coldly.

Li Yuanjun was stunned.

"Whether you're a welcome guest or an unwelcome guest, you'd better learn to hide your emotions first."

Lin Hanxing's voice was clearly heard by Li Yuanjun.

If one's emotions were easily seen through by others, then the initiative would have already been delivered to the other party's hands.

Li Yuanjun bit his lower lip and obediently put away all the emotions on his face.

"Very good, go."

Lin Hanxing was finally satisfied and motioned for him to let the man in.

Soon, the people from the PU CI Chamber of Commerce entered Lin Hanxing's sight.

It was the president and the management of the PU CI Chamber of Commerce.

At this moment, their hearts were still in a state of fear.

It was because they had seen with their own eyes the group of men from the Senanda family who were crying and laughing at the entrance of the Li family's house. Some of them were very familiar to them!

He went up to ask what had happened, but no one answered.

It was as if he had gone crazy!

He heard that they had been crying for almost two hours, and their faces were red and they were about to run out of oxygen.

That state was as strange as it could get.

The president of the PU CI Chamber of Commerce looked around at the group of young people in front of him and finally fixed his eyes on the two young men sitting in the middle.

A man and a woman.

They looked like a handsome man and a beautiful woman who had walked out of a comic. Even looking at them from afar, it made one's heart palpitate!

However, his intuition told him that they were not as harmless as they looked.

As long as one wasn't blind, one could see the kind of strength that was exuded from his bones and belonged to a superior.

"Miss Lin."

The President of the Chamber of Commerce said in a deep voice, and a proper smile appeared on his face.

However, the dissatisfaction in her heart was accumulating.

The group of young men and women who had occupied the entire sofa had no intention of getting up. They were playing aeroplane chess by themselves and did not even look at them. They chose to ignore them!

What a bunch of ignorant kids!

He didn't know the immensity of heaven and earth!

"Welcome, President. Is there anything I can help you with?"

As he spoke, Lin Hanxing leaned half of his body weight against the sofa and looked at the other person coldly.

Although her figure was lazy, the president of the PU CI Chamber of Commerce could clearly feel the pressure from her side.

Furthermore ...

Although he said this, this surnamed Lin still had no intention of giving up his seat for them to sit down.

Was this a show of might?

“Miss Lin, there’s an old Chinese saying that I’m not sure if you’ve heard of?”

The President of the Chamber of Commerce’s voice was laced with needles.

As soon as he finished speaking, Yan beiming and the others who were playing aeroplane chess immediately became unhappy. They stopped what they were doing and looked at him coldly.

“Oh? What did he say?”

“When it’s possible to forgive someone, one should forgive them!”

[Chapter 1322](#)

1322 Do you want face or money

When he heard this, Lin Hanxing’s long eyelashes fluttered, and he could not help but laugh.

She was already pretty, and her smile was as pleasing as the spring water, making it difficult for people to look away.

The president of the PU CI Chamber of Commerce was stunned at first, and then his heart suddenly jolted.

He didn’t know if it was his own illusion ...

Why did he feel that the person sitting opposite him was Li Yanyu?

“Guild leader, are you feeling indignant for the people at the entrance?”

Lin Hanxing’s smile disappeared and he looked at the other party without a trace.

“Miss Lin, you’ve misunderstood.”

The president of PU CI smiled.

in our business, harmony is the most important. Miss Lin is young and promising, so you should have a deep understanding of this. Instead of becoming enemies with all sides, it’s better to take a step back. After all, there’s still a long way to go!

He looked like a kind elder when he was teaching her earnestly.

but those people outside are bullying me because I’m young and trying to deceive me by making false accounts. How should I settle this account with them? ” Lin Hanxing asked humbly.

“There’s such a thing?”

“This really shouldn’t have happened, but ...”

The president of the PU CI Chamber of Commerce pretended not to know anything and looked surprised.

He had the air of an old fox.

I, Lin Hanxing, am a newcomer. If I don't set this rule, any Tom, Dick, or Harry can climb over my head and disgust me. President, you've been in an important position for so many years, you've eaten more salt than I've walked on the road. Don't you think that makes sense? "

The other party liked to hide needles in cotton, so Lin Hanxing might as well point at the Mulberry and scold the locust.

The president of the PU CI Chamber of Commerce was interrupted by her before he could finish his words. Naturally, he couldn't say the words of 'but' after that. He was stuck there and felt uncomfortable.

"The rules have to be set, but there's no need to be so radical!"

The person next to him gave him a way out.

"Radical?"

Lin Hanxing turned to look at the person who spoke, and the smile on his face slowly disappeared at a speed visible to the naked eye.

Until his face was expressionless.

The atmosphere also seemed to have become strange and unpredictable.

It was as if an invisible pressure was pouring in from all directions!

Li bingshou appeared silently and served the tea.

Lin Hanxing held the cup in her hand, her eyebrows as beautiful as a painting. She casually flipped the lid of the tea cup, making a crisp sound.

"Tsk, ts, little Hanxing, you call this radical? You really haven't seen the world!"

Yan Beichen could not help but sneer.

To be honest, ever since he had met little Hanxing, even Yan Beichen himself felt that her temper had improved a lot.

Thinking back to the first time they met, that cold and delicate little face was now even smiling more.

"President came to li garden just to say this?"

Lin Hanxing's hands stopped moving and he looked back at the people standing in front of him.

It was just a few words, but it made the heart of the president of the PU CI Chamber of Commerce, who was used to being high and mighty, go up and down like a roller coaster.

How many years had it been? when had he ever felt such a sense of oppression from a young man?

His attitude was already very clear.

If they continued with the topic just now, then don't blame her for being impolite!

"Of course not."

However, the President of the Chamber of Commerce, who had experienced Lin Hanxing's power during their first meeting, decided to hold back for the time being.

The PU CI Chamber of Commerce belonged to the Hong gang. Half of the Li family's properties were divided up by the senanda family, while the other half was naturally taken by the Hong gang.

It was fine to spit out the things from the senanda family, but the Hong gang ...

Because they had been tied to the gang's interests all these years, it was harder than ascending to heaven to divide them up in a short time.

"Then the rent ..."

The President of the Chamber of Commerce asked tentatively. He wanted to first confirm if Lin xiaojiu was willing to continue the topic.

"So, did you bring money with you today, President?"

Lin Hanxing suddenly interrupted.

Not only her, but the eyes of the others also lit up at the same time. They even threw aside the aeroplane chess that they had been playing happily.

"Guild leader, you should have said so earlier!"

Without waiting for the president to explain, Lin Hanxing had already turned to look at Bai Xi.

why are you all so blind? can't you see that the people from the Chamber of Commerce are still standing? "

As soon as he said that, the few of them stood up with a smile on their faces as if they had Springs under their butts.

Their eyes lit up as if they had seen their sugar daddy.

"....."

"....."

"....."

When he heard that they had money on them, didn't his face change too quickly?

Wasn't that a little too realistic?

No...

They didn't bring any money!

"Um ..."

The president of the PU CI Chamber of Commerce felt as if he had been driven to a corner. When he came back to his senses, he was already sitting on the sofa.

The Guild Master had never felt so much pressure before when he faced the eager eyes of the people opposite him.

“President, do you want cash or online bank transfer?”

Lin Hanxing was just short of getting someone to place the POS machine in front of the president.

“.....”

How the hell was he supposed to open his mouth?

“Ahem, miss Lin seems to be a little too impatient.”

The president coughed twice and subconsciously made a gesture of playing with walnuts. He then realized that he had not brought his baby with him today.

“So?”

Lin Hanxing raised an eyebrow.

“I’m here today to think of a compromise that can satisfy both of us.”

Thinking of the chief’s instructions, the president asked again.

“Oh.”

Lin Hanxing leaned back on the sofa with a subtle expression on his face.

The president was about to continue speaking when he saw Lin Hanxing slowly raise his fair and slender hand, his palm facing him.

“If that’s what you’re here to say, then there’s no need!”

The president was stunned.

“Because from the very beginning, I didn’t care whether the Hong gang would be satisfied or not.”

With a hiss, the people of the Chamber of Commerce gasped.

Didn’t the conversion layer mean ...

The Hong gang was nothing in her eyes!

“It’s like you don’t care about the senanda family at all.”

“.....”

“.....”

“.....”

How were they supposed to respond to that?

“Xi Bao, can you help the president count how much they still owe us?”

Lin Hanxing raised her hand slightly and Jiang Xibao had already started to do the accounting. She remembered every single sum clearly!

Very quickly, she reported a number.

“.....”

“.....”

“.....”

Did this woman fall into a money hole?

“Miss Lin, the Hong gang is really ...”

“What did you just say? It was impossible for such a big family like the Hong gang to not have this little money, right? That’s not what old Chai said in front of me. I wonder if the people below will obey on the surface but disobey on the inside?”

The president’s face was ashen. If he still couldn’t tell that Lin xiaojiu was trying to ignore them, then he would have lived in vain!

“Miss Lin, don’t tell me you’re going to throw away your face for this little bit of money?”

Lin Hanxing laughed when he heard this.

“Yeah, pay up!”

Face or money ...

Of course I want money!

“.....”

“.....”

“.....”

There was no way to continue living like this!

[Chapter 1323](#)

1323 A change in expression in a second

Ever since the president of the general Union Chamber of Commerce had taken this position, he had never seen such a group of shameless young people!

In such a short time, the veins on his forehead had already throbbed a few times.

“We’re not here to give you money!”

Seeing that their guild leader’s face had turned ashen, the person beside him couldn’t help but interrupt.

The Guild leader wanted to stop him, but it was too late.

Lin Hanxing's expression turned cold.

It was a perfect demonstration of what it meant to change one's face in a second!

The President of the Chamber of Commerce felt his heart skip a beat, and his head was buzzing.

"If you're not here to give me money, then you're here to give me your life ..."

Lin Hanxing said coldly as he leaned back on the sofa leisurely.

There was a hint of ruthlessness in his eyes.

His gaze fell on the face of the person who had just spoken, as if he was staring at his prey.

"....."

Perhaps she was used to the hypocrisy of the business world, such a direct threat really made people unable to react for a long time.

How did he ...

Did he just turn against her and become heartless?

The people from the PU CI Chamber of Commerce felt a chill down their backs. Ever since they entered Li garden, every step they took could be said to be shocking. They never thought that they would be suppressed by a little girl from the beginning to the end!

"Mr. Ley ..."

The President of the Chamber of Commerce could only place his hopes on Lei Xiao.

"My wife has a good temper, so don't make her angry."

The Thunder valiant beast's voice was low and powerful, and the unique sense of authority of a superior made it hard for people to breathe.

"....."

"....."

"....."

God, don't make her angry!

Yan beixiao looked at the group of people's shocked faces and could not help but cover his mouth with his hand to hide his gloating smile.

Ever since ah Xiao met little Hanxing ...

What were the principles ...

It did not exist!

The people of the Chamber of Commerce all looked at the president, feeling as anxious as they could be.

In reality, before they came, old Chai had indeed transferred a sum of money to the Guild leader to use as a bargaining chip with Lin xiaojiu. However, the Guild leader had a personal grudge with Li Yanyu when he was young, so he was not prepared to let this money go into the Li family's pockets.

Lin Hanxing picked up her cup of tea again and took a sip.

The movement was as beautiful as a painting.

However, in the eyes of the Chamber of Commerce, he was no different from a demon.

"Let's not beat around the bush,"

Lin Hanxing slowly fiddled with the teacup and started a new topic.

"I believe that elder Chai is not someone who doesn't know how to adapt to the situation. As for where the problem lies, I have no interest in knowing or pursuing it."

Her words were very impolite.

It was in line with the image of 'Lin xiaojiu' that these people had in their minds.

"All these years, you've been occupying the Li family's shop, and the rent is even a little less ..."

Lin Hanxing looked at them and sneered.

"I won't let you guys live comfortably in the future."

Insolent!

He was simply too insolent!

The president of PU CI Chamber of Commerce had never been controlled by a junior like this. His face was red with anger, but he couldn't leave!

Lin xiaojiu, aren't you afraid that you'll suffer a backlash one day by making so many enemies? "

Upon hearing this, Lei Xiao's face immediately darkened.

Lin Hanxing, on the other hand, looked indifferent.

"President, have you heard of a saying?"

Lin Hanxing said coldly.

"What?"

"Villains die because they talk too much!"

.....

The people of the PU CI Chamber of Commerce fled in panic.

What was left behind was a check with a huge value.

Jiang Xibao walked over and handed the check to Lin Hanxing. The latter flicked the check with his fingertip.

Lin Hanxing's almost secular action was interpreted as cute.

"Little Hanxing, how did you know that he always carried this thing with him?"

Yan beixiao stepped forward and glanced at the amount ...

Tsk, tsk, what a big contrast!

it's very simple. When I warned the old man just now, the people around him couldn't help but look into his pocket and pouting as they did.

As soon as Lin Hanxing finished speaking, the few of them tried hard to recall the scene just now, but to be honest, their minds were blank.

"Uncle li,"

Lin Hanxing passed the check to uncle li.

"Put it in and also help me find the title deed for the PU Ji herbal tea."

Li bingshou was stunned for a moment, then he went upstairs to get the title deed.

we've been here for so many days, but I haven't taken you and Bai Xi out for a walk. How about we leave them behind today? "

Lin Hanxing suddenly blurted out.

Bai Xi's eyes lit up when he heard that!

She had been cooped up in li garden for several days and could finally go out for a walk.

"Go, go, go! Girls 'night!"

"How about we call that miss song too?"

Jiang Xibao tilted his head and suddenly remembered the scene when she came to li garden to eat hot pot that night. He couldn't help but ask.

"Right! Let's call that miss song and go out to buy, buy, and eat tonight!"

As they were talking, the other side was unhappy.

"Hey, why can't we go?"

Yuan Kang was the first to start shouting, and soon Yan beiming joined in, the chattering was very lively.

Lin Hanxing looked at them with a smile and felt someone tugging at the corner of his clothes.

Just as she turned her head, she saw Lei Xiao's serious gaze falling into the distance, but his hand secretly went to grab her waist.

However, his movements were hidden so well that the few people who were immersed in their bickering didn't notice.

"Don't think about it, I'm not bringing you!"

Lin Hanxing moved closer to Lei Xiao's ear and whispered.

Thunder owl didn't say anything and just looked at her.

His dark eyes seemed to be bottomless, making one's heart soften.

Lin Hanxing turned his head away and pretended not to see anything.

When he felt his back relax and knew that Lei Xiao had retracted his hand, almost at the same time, a WeChat notification rang.

Lin Hanxing glanced at it.

[WeChat red packet]

[WeChat red packet]

[WeChat red packet]

.....

Rows and rows of red packet notifications started to flood in, dazzling his eyes.

In the end, he sent an emoji.

Hubby, "I'm angry!" The kind that can't be coaxed! .jpg

Xing Xiaoxing:

Hubby, [are you going to be reasonable or do you want me].jpg

Xing Xiaoxing was speechless.

Lin Hanxing glanced at Lei Xiao from the corner of his eyes and saw him sitting on the sofa without moving, his hands fiddling with his phone.

He didn't even look at her.

Lin Hanxing took the opportunity to open the red packets sent by her man one by one and put them into his wallet.

Husband: [I feel so wronged. Quickly coax me!] .jpg

Xing Xiaoxing was speechless.

Yan beiming!!!!

All of a sudden, Lin Hanxing raised his head and pointed at Yan beiming.

"Ah?"

Yan beiming, who was in the middle of a heated argument, suddenly felt as if his brain had crashed. He tilted his head and looked at Lin Hanxing with an extremely stupid expression.

It was ridiculous.

“The next time you send ah Xiao some weird emojis, I’m going to feed you to ah Zuo and ah you!”

The two Tibetan Mastiffs that were originally lying on the floor immediately raised their heads when they heard Lin Hanxing call their names. They panted heavily and tilted their heads to act cute.

Yan beixiao was speechless.

Who the hell did I offend?

[Chapter 1324](#)

1324 Song group

Even if Yan Beichen and Yuan Kang had tried to argue, they had not been able to fight for the right to accompany them.

Nestled on the sofa, Yan beixiao watched as the girls dressed up beautifully and left the house. Unwilling to be left out, Yan beixiao hugged a pillow tightly and rubbed himself against Lei Xiao and Liang yuran.

we really don’t want to go and take a look!!!

“What are you looking at?”

Liang yuran glanced at him, seeing through Yan beiming’s intention to join in the fun.

“Just think about it! We’ve just gone against the senanda family, and now the Hong gang is angry again. It’ll be very dangerous for little Hanxing and the others to go out! We’re men, we have to protect them!”

With someone responding to him, Yan Beichen’s spirits were lifted.

“You can forget about it!”

Yuan Kang couldn’t help but roll his eyes.

Protecting them? with Lin xiaojiu’s temper and methods, it was already a mercy that she didn’t kill them!

However, Yuan Kang didn’t dare to say this out loud.

After all, Lin xiaojiu was the Apple of young master Lei’s eye!

“You dare to say little Hanxing isn’t pretty?”

Yan beiming placed the question of farewell in front of Yuan Kang in a ‘friendly and friendly manner’.

“.....”

Yuan Kang’s face was expressionless. He really wanted to press him to death in the toilet immediately!

“Even if they leave now, do you know where they are?”

After a long while, Yuan Kang swallowed the curse words that were about to come out of his mouth and replaced them with another sentence.

Yan beixiao made a hand gesture to Lei Xiao ...

Lei Xiao, who had not spoken since earlier, was fiddling with the dial on his wrist, which was made of a special material. On it, a red dot for positioning was shining ...

.....

Song group.

Lin Hanxing had already called song Chenxi before he came, so the journey up the mountain was smooth.

“Actually, I think it’s not easy for song Chenxi.”

In the elevator, Bai Xi suddenly blurted out this sentence.

“It’s as if the whole world is on her sister’s side and criticizing her for her wrong.”

Bai Xi couldn’t help sighing when he recalled the prosperity of the song Corporation.

She didn’t know much about management, but for a woman to be able to run such a big company without any mistakes, she should be respected and not criticized with the worst ridicule and suspicion.

This society was too unfair to women!

The elevator door slowly opened with a ding.

Song Chenxi’s assistant was waiting there.

His eyes lit up the moment he saw Lin Hanxing.

They had met in the tea room in Jiang city before. At that time, she had thought that the young Lin Hanxing was a liar.

“Miss Lin, I’m sorry to ask you to wait for a moment.”

Although he said that, the assistant looked at Lin Hanxing with an inexplicable hope.

“Who’s in there?”

Lin Hanxing glanced at the door of the president’s office.

“Song Zhiyun is inside with Madam Xu.”

From the way the assistant called song Zhiyun’s name, she seemed to be disgusted with her.

“Madam Xu?”

Lin Hanxing raised his eyebrows and looked at the assistant.

“She’s the aunt of the two Ms. Song, but ...”

The assistant hesitated for a moment, but he gritted his teeth and continued to add.

When Miss Song took over the Song Corporation, she got rid of a group of old officials who occupied their positions and did nothing, and one of them was ...

The assistant pursed his lips. He could understand what she was saying without saying it.

Back then, Song Chenxi must have settled the accounts with her auntie's family.

"After that, she would come to Miss Song's place every few days to make a scene."

"Why didn't Song Chenxi call the security to chase her out?"

Bai Xi couldn't help asking.

"Don't be fooled by Miss Song's domineering way of doing things. In fact, she's really a person who cares about other people's feelings! Otherwise, she wouldn't have been ..."

The assistant seemed to realize that he had spoken too much and lowered his head unhappily.

"Ninth young lady ..."

The assistant raised his head and looked at Lin Hanxing eagerly.

"I'm begging you, please save Miss Song!"

Lin Hanxing did not say anything and looked at his assistant.

"What do you know?"

Her voice was cold and distant, as if it came from the clouds.

"I don't know anything, but I've seen it many times recently ... Miss Song has had a lot of nosebleeds, and I can't stop it!"

The assistant's face was filled with panic and sadness.

Suddenly, there was a loud noise from the president's office. Lin Hanxing's gentle expression turned cold in an instant, and the assistant who witnessed it all shivered.

At that moment, Miss Lin's eyes ...

It was too terrifying!

"Go to the pantry and get us some coffee."

Lin Hanxing gave Bai Xi and Jiang Xibao a look, and the latter tacitly received it.

"Oh, okay ..."

Before the assistant could finish his sentence, Lin Hanxing was already walking towards the CEO's office of Song Corporation with an expressionless face!

The room was in chaos.

song Chenxi, if you don't give me an explanation today, we're not done!

Along with the sharp sound, the tightly shut door of the president's office was pushed open from the outside. Everyone in the room looked in the direction of the sound.

A strong gust of wind came from the opposite direction.

When she saw the person clearly, song Chenxi's originally tense face relaxed a lot.

"Who are you? Can't you see that there are people inside? Get out!"

Song Chenxi's aunt's voice was shrill, like an enraged cock fight. On the other hand, song Zhiyun's eyes flashed with panic when he saw Lin Hanxing and he subconsciously took two steps back.

Lin Hanxing walked unhurriedly towards the president's office.

Her high heels clacked against the floor, but when she saw her furious aunt, Lin Hanxing narrowed his eyes as if he was looking at his prey.

"Who are you asking to get out?"

Lin Hanxing smiled faintly, then spoke softly.

Hearing this voice, song Zhiyun subconsciously shuddered and the back of his head went numb.

It was just like that day in the washroom in the inner Pavilion.

"I told you to get out! Give it to me right now ... Ah ..."

Before the young aunt could finish her sentence, Lin Hanxing's smile had completely disappeared. He reached out his hand at lightning speed and grabbed her chin, almost forcing her to raise her face.

In order to let her breathing become smoother, the other party had no choice but to tiptoe.

"Speak louder, I didn't hear you clearly!"

Lin Hanxing's slender hands tightened and she used all her strength, leaving deep red marks on the man's face in just a few seconds.

It was very clear!

Lin Hanxing's cold gaze went over the other party's shoulder and landed on song Zhiyun's face.

It was still that delicate little face, as if she would faint the next second. Especially when she met Lin Hanxing's eyes, she began to tremble like a sieve.

"Alright! Song Chenxi, you're so vicious!"

Little aunt roared out these words with a ferocious face!

[Chapter 1325](#)

1325 Who was the one who didn't give the other a way out

At this time, song Chenxi's face was as pale as a piece of paper. She stood behind the president's desk like a taut bow. Her fingers were clasped tightly on the table, and even the documents under her fingers were wrinkled. She was obviously trying her best to suppress her anger.

if you don't give us a way out, you won't have an easy time either!!!

Auntie was in so much pain that her tears were flowing out, but her mouth was still full of energy!

Lin Hanxing squinted her almond-shaped eyes. Those who were familiar with her knew that this was a sign of her extreme impatience.

"Enough!"

Suddenly, the expression of song Chenxi, who had always been calm and collected since she took over the song Corporation, changed!

It was followed by a loud bang.

The document that was originally held tightly by song Chenxi's fingers was thrown in the direction of the little aunt!

"Ah ..."

Song Zhiyun had never seen song Chenxi like this before. He immediately covered his ears in fear and squatted on the ground.

The documents scattered in the air like snow.

Lin Hanxing raised his head slightly, and the papers fell from his head, just like song Chenxi's heart that had been forced to a critical point.

His eyes inadvertently swept to the door.

At some point, a tall figure could be vaguely seen standing in the gap that was not closed tightly.

Lin Hanxing was deep in thought.

The next second, she released her grip on the young aunt's hand and her expression turned back to one of laziness.

"I'm not giving you a way out?"

Song Chenxi walked around the president's desk in a powerful manner and walked toward her young aunt.

when I first took over song Corporation, my uncle and the four major shareholders put pressure on me, trying to force me into a corner. Who was the one who didn't give the other a way out? "

These words that had been hidden in his heart for many years poured out like a flood that had opened the floodgates.

the pressure didn't work. My uncle found someone to kidnap me and wanted to take nude photos of me to threaten me. He doesn't care about family at all. Who's the one who's not giving the other a way out?"

Song Chenxi took a step forward with every sentence she said.

Her high heels made a cold sound as they stepped on the ground, just like her heart that was like a bottomless abyss.

I escaped with a narrow escape and returned home covered in wounds, only to find that my biological sister didn't seem to have noticed anything wrong with my disappearance. She was happily hosting a banquet with Gong Chen for all the guests from country G to celebrate their engagement!

"Exactly, who's the one who's not giving the other a way out?"

Song Chenxi would never forget the time when she walked barefooted towards the man and woman under everyone's frightened and surprised eyes. No one knew the madness and despair in her heart at that time.

She had lost her shoes on the way and was covered in wounds.

With every step he took, he left a deep bloody mark on the ground.

Other than her assistant ...

No one cared!

No one's heart ached!

It was as if her body and heart were made of stone in the eyes of others!

Gong Chen's pupils suddenly contracted when he heard this from outside the door.

He remembered.

He still remembered that day.

The originally lively engagement banquet became silent as if the air had frozen. All the sounds seemed to be far away, leaving only song Chenxi's figure walking barefoot from afar.

She was in a sorry state, but she was beautiful!

Under everyone's suspicious and surprised eyes, she didn't forget to reach out for the glass of champagne from the waiter's tray.

I wish the two of you to grow old together, be United with one heart forever, and have an unwavering determination in this life!

Song Chenxi's entire body was filled with embarrassment, but Gong Chen still remembered her eyes.

It was as black as ink.

It was as if it contained the heaviest emotions in the world.

The little auntie's eyes flickered with uneasiness.

Lin Hanxing listened expressionlessly, but there was a flash of coldness in his eyes. Bai Xi and Jiang Xibao were shocked, and they looked at song Chenxi in disbelief.

"Ha, you're all forcing me. You all want me to die!"

Song Chenxi sneered. She looked past her young aunt and landed her gaze on the tall figure of a man standing at the door of the president's office.

This move again!

Did she really think that she didn't know?

Song Chenxi and Gong Chen's eyes met in the air. No one spoke.

you deserve that!!!

The aunt was stubborn. In her opinion, her family did nothing wrong. On the contrary, song Chenxi, who forced her family into a 'dead end', should be the one to die!

you want to exterminate us the moment you're in that position. Song Chenxi, let me tell you, it's not that simple!

Little aunt cursed!

Anyway, her man was still in prison. She was not afraid of wearing shoes. At most, she would die together with him!

sister, I know that little uncle has let you down, but he's still our family ...

When song Zhiyun saw Gong Chen's figure from the corner of his eyes, his eyes immediately filled with tears.

"How could you ..."

As he spoke, song Zhiyun bit his lower lip, looking very pitiful.

"How could you cut off young aunt's living expenses? it's unreasonable!"

The little aunt's originally fearful heart was instantly reignited by song Zhiyun's words. Her expression immediately became ferocious as if she had been injected with stimulants. Thinking of the purpose of her visit today, she suddenly regained her confidence!

Song Chenxi didn't look at song Zhiyun.

She looked at her young aunt's face again, her eyes cold and sharp.

"Why? don't you know that yourself, little aunt?"

Song Chenxi retorted.

She saw her little aunt's eyes darting back and forth guiltily, but when she thought of money, she immediately became fierce again!

I don't understand what you're saying!!!

He was still stubborn.

"Ha."

Lin Hanxing suddenly chuckled, the thick sarcasm in his voice was hard to ignore.

She walked slowly towards song Chenxi, then raised her hand and patted her shoulder.

"You don't understand?"

As he spoke, Lin Hanxing walked over to song Chenxi's computer, which was in standby mode. He moved the mouse slightly and the screen lit up again.

Her beautiful fingers were dancing on the keyboard.

Soon, the computer system entered another interface, and with the sound of the printer printing, pieces of paper with inside information were printed out.

"I'll be the bad guy."

Lin Hanxing's long eyelashes fluttered, and a faint smile appeared on his already fair face, giving off a strong aura.

that year, your husband and the four major shareholders set up a trap to force song Chenxi, who had just taken over the position of the president of song group, to sign a cooperation agreement with a shell company. However, they did not expect that the other party would see through their plan and find the loophole. Instead, they found evidence that these people had made a loss of nearly 173 million Yuan to song group!

"These people were also imprisoned because of this!"

Lin Hanxing's voice was cold and slow, as if he wanted everyone to hear him clearly.

even so, song Chenxi did not make things difficult for you on account of our past friendship. However, some people took it for granted and even had crooked ideas.

Lin Hanxing smiled and handed the printed document to song Chenxi's aunt.

However, with just a glance, the other party's face turned pale.

[Chapter 1326](#)

1326 But you are

It was filled with images of her attending sex parties when she was feeling empty and lonely!

The little aunt couldn't believe her eyes. These parties all had a strict membership system and high confidentiality. Those who could attend all had status. Where did she get all these?

They looked up at Lin Hanxing in panic, their eyes full of fear!

"Oh, I'm sorry, I took the wrong one."

However, Lin Hanxing's cold smile made everyone's hearts turn cold!

"These are the evidence that you bribed the reporters to defame song Chenxi in recent years. Of course, this is only a small part of the evidence! I've also discovered something very interesting ..."

Lin Hanxing said as he shifted his gaze to song Zhiyun's face.

"These reporters seem to be very familiar with you, song Zhiyun!"

Hearing this, song Zhiyun's fingers subconsciously twisted together. He didn't expect to be exposed in public.

"I think these people's reports are very interesting! On one hand, he magnified your sister's indifference and unfeeling, while on the other hand, he described your grievances and pitifulness as if they were real. Such polar Potes ... It's like writing a novel."

It wasn't hard to imagine who the public would prefer, a vicious and jealous elder sister or a tortured younger sister.

"Your writing style is ordinary, but your intentions are very sinister."

It wasn't that song Chenxi didn't know about the news, but she had never looked into it. Hearing Lin Hanxing's words, she turned her head and looked at song Zhiyun coldly.

"Miss Lin, is what you said true?"

Faced with such an interrogation, song Zhiyun's lips trembled, and tears kept flashing in his eyes.

"No... Sister ... It's not me ..."

She didn't know why Gong Chen didn't come in to protect her like before, so she was a little flustered!

"It's not me, I didn't know, it's none of my business ... Is there anything new to say?"

Lin Hanxing did not care about such poor acting. He interrupted impatiently, and even the expression on his face showed no interest.

Song Zhiyun was at a loss for words.

She was rendered speechless by Lin Hanxing, as if nothing she said would be right.

of course, the above is just a small matter. What really angered song Chenxi? Mr. Gong, are you interested to know? " Before anyone could react, Lin Hanxing's words suddenly changed and he pointed the spearhead at Gong Chen!

When Bai Xi and Jiang Xibao heard this, they turned around in surprise and saw Gong Chen's figure!

He didn't know how long he had been listening!

Lin Hanxing kept all the expressions on his face and walked towards the other party. He placed his hand on the door handle and opened the door to the president's office!

Lin xiaojiu, this is song group!

Gong Chen, who was dressed in a black suit, spoke in a cold voice without any warmth.

“Hehe.”

Even though it was a sneer, Lin Hanxing’s acting was still soul-stirring.

someone, together with an outsider, wanted to set your wife up and send her to a group of people’s beds. Even so, Mr. Gong, you can still tolerate it? ”

Lin Hanxing mocked.

Upon hearing this, the little aunt’s expression changed drastically, as if she didn’t expect that the matter would be exposed!

Gong Chen’s pupils suddenly shrank!

Without saying a word, Gong Chen’s gaze fell on little aunt’s face. The bone-piercing coldness made the latter involuntarily retreat. Even so, she couldn’t avoid the chill that followed her like a shadow!

“Chen ...”

Song Zhiyun subconsciously burrowed into his arms, as if seeking protection.

Gong Chen still didn’t say anything, but he hugged her.

“Song Chenxi is not that stupid.”

After a long time, Gong Chen’s voice, which sounded like ice, rang in the president’s office.

Even though there was no fluctuation in his voice, the maliciousness in his eyes gathered unknowingly, as if a storm was brewing!

“Gong, is that all you want to say?”

Bai Xi couldn’t believe his ears. Who was song Chenxi in his eyes?

“What else?”

Gong Chen retorted coldly, his gaze falling on song Chenxi’s face.

Song Chenxi looked at him.

“Aren’t you the best at playing hard to get? You’re playing everyone in circles, and you’re the victim, but you’re able to get the most benefits. Isn’t that you?”

After that night, how could she still be so calm after seeing him?

Gong Chen’s heart was burning with unspeakable anger!

He had thought that she would brag about her mistake that night in front of Zhiyun.

But she didn’t!

Such a result made Gong Chen even angrier.

He was extremely angry!

Something was wrong!

Song Zhiyun's heart kept beating wildly. There was something wrong with ah 'Chen, but she couldn't tell what it was. Even his attitude towards her sister seemed to be different!

"So?"

Song Chenxi's voice was clear and Lin Hanxing stopped Bai Xi and Jiang Xibao from speaking.

so, in your eyes, Gong Chen, I deserve to suffer all this and be schemed against? "

The moment she asked this question, a negative emotion called disappointment wrapped tightly around song Chenxi's heart. She thought that she had long gotten used to it, but now ...

Only then did she realize that this seemed to be a fool's dream.

He wanted to forget it, but he couldn't stand any wind blowing on the grass.

It couldn't be seen through, but it couldn't be forgotten!

Gong Chen didn't speak.

In the silence, song Chenxi could not help but chuckle.

"Gong Chen, my heart isn't made of iron ..."

"But you are!"

After saying this, song Chenxi did not look at him again and walked out of the president's office ...

.....

Lin Hanxing and the other two followed song Chenxi after she left. The president's office quickly became quiet.

Song Zhiyun's slender figure trembled slightly.

Gong Chen's mind wandered.

Zhiyun was very sick, but when he held her, Gong Chen felt that Zhiyun's figure was heavier than that woman's. That woman ...

He was so thin that he seemed to be left with only a handful of bones.

As if he had thought of something, Gong Chen's body seemed to be shrouded in a bone-chilling coldness. His dark eyes fell on the song sisters 'little aunt.

"Chen ..."

Song Zhiyun carefully tugged at the front of his shirt. Even she couldn't guess what Gong Chen was thinking.

But the way he looked at his little aunt ...

It was terrifying!

All these years, Gong Chen rarely revealed his dark side in front of her unless he couldn't control himself. However, even those few times were enough to leave a deep impression on song Zhiyun.

After all ...

Every time, it would set off a bloody storm!

"I'll send you home."

This time, Gong Chen didn't wait for song Zhiyun to say anything. He hugged her and didn't look in his aunt's direction again. For some reason, he gave off a sense of danger that the other party was about to die.

I wish the two of you to grow old together, be United with one heart forever, and have an unwavering determination in this life!

Just as he was about to reach the door, Gong Chen seemed to hear a sound in his ear, which made him stop in his tracks.

He slowly turned around.

There seemed to be a hazy figure in the sunlight that poured in through the floor-to-ceiling window.

He was embarrassed but stubborn!

[Chapter 1327](#)

1327 Which miss song is it?

Deep in the night, in the song Garden.

In the study.

The documents on the table were scattered messily.

Gong Chen was standing in front of the floor-to-ceiling window and smoking. In the reflection, the blue veins on his forehead were moving in anger.

Yingluo, so in Gong Chen's eyes, I deserve to suffer all this and be schemed against?

Xuanji, Gong Chen, my heart is not made of iron ...

But you are!

The severe headache came again without any warning, causing him to subconsciously press his temples!

It was as if something was trying to break through his control!

He only came back to his senses after a long time.

His eyes darkly returned to the documents. What was recorded in them was exactly the same as what Lin xiaojiu had said in the president's office of song group today. Song Chenxi's aunt had indeed planned it out!

Gong Chen picked up his phone and made a call.

As soon as the call connected, he had already sent the information to the other party's email.

after tonight, I don't want to see their family appear in country G again!

A cold and murderous aura spread out from the study room.

After that, he cut off the communication.

Knock, knock, knock.

Someone knocked on the door of the study room.

"Enter."

Gong Chen spoke in a low voice, giving off a strong sense of oppression.

A servant came in with a freshly brewed coffee. After placing it down, she was about to leave when Gong Chen called her.

"This isn't the one I usually drink."

The coffee's taste was obviously not rich enough.

This made Gong Chen, who was used to drinking that kind of coffee, very dissatisfied.

When the servant heard this, she had a troubled expression on her face.

I'm sorry, Mr. Gong. We don't have that coffee bean anymore.

Gong Chen frowned and did not say anything.

it's very difficult to order that coffee bean. Miss song usually goes to the place of origin to buy it every year when she goes abroad. I heard that she even got into a car accident and stayed in the local hospital for almost half a month ...

The servant hesitated for a moment, but still said these words.

Gong Chen was stunned.

"Which miss song are you talking about?"

He had loved the coffee beans the first time he had drunk them. The only downside was that they were too difficult to purchase.

Later, it was Zhiyun who helped him find a supplier.

"Of course it's your wife, song Chenxi, miss song!"

The maid seemed to be confused by the question. However, everyone in Song Garden knew how tense the relationship between the couple was. In their hearts, song Chenxi was definitely not as bad as the rumors made her out to be.

Gong Chen's heart skipped a beat when he heard song Chenxi's name!

It was her?

“How do you know that she was in a car accident?”

Gong Chen felt a bitter taste in his throat. There was an inexplicable dull pain that seeped into his lungs.

“Everyone knows!”

No way?

Did Mr. Gong not know about miss song’s car accident?

The servant scratched her head and felt sorry for song Chenxi.

She remembered.

At that time, Mr. Gong had accompanied the second miss elsewhere to avoid the heat!

“Is the injury serious?”

After a long while, Gong Chen seemed to have finally found his voice.

The servant nodded without hesitation.

Gong Chen’s gaze fell on the cup of coffee that was still steaming. No one knew what he was thinking.

“You can leave first.”

He said after a long time.

The servant wanted to say something, but in the end, she turned around and left.

“Wait,”

Gong Chen’s voice suddenly came from behind.

The servant turned around and looked at Gong Chen with a puzzled expression.

“.....”

Was she back?

He had not seen song Chenxi since she left the song group in the morning.

However, Gong Chen’s head ached violently when he heard this question. With a thud, he placed one hand on the desk and his face darkened.

if Mr. Gong has a headache again, miss Chenxi said that there is always medicine in the second drawer of the desk on your left.

After saying this, the servant left.

The study room returned to silence.

With a muffled sound, Gong Chen opened the second drawer on the left as the servant had told him to.

As expected, there was a box of painkillers lying quietly inside.

Gong Chen was expressionless.

The door was pushed open from the outside without any warning. Gong Chen raised his head with a face full of anger. He swallowed back the words "get out" that were at the tip of his tongue.

Song Zhiyun was dressed in white pajamas. He hugged his pillow and looked at him innocently.

Chen, it's Thunder. I'm scared ...

Along with the rumbling sound, heavy rain poured down outside.

Without waiting for Gong Chen to speak, Song Zhiyun had already run into his arms.

"Will you sleep with me?"

Looking up, Song Zhiyun's face was well-behaved, and his eyes were filled with anticipation.

'Damn it!'

Why didn't Chen want to touch her?

As the warm fragrance entered his arms, Gong Chen's headache miraculously disappeared in a second.

"Be good, don't make a fuss."

Gong Chen took out a piece of eight Treasures candy from his pocket and placed it in Song Zhiyun's palm.

The smile on Song Zhiyun's face froze.

Ever since Gong Chen had woken up, he would always stuff a piece of eight Treasures candy into her palm as long as she was unhappy. However, only God knew that she hated sweet things the most!

On the other hand, his sister ...

"Sleep with me, okay?"

Song Zhiyun hid his displeasure and shook Gong Chen's arm.

Gong Chen didn't say anything and led her in the direction of the bedroom. Song Zhiyun was overjoyed and thought that Gong Chen had agreed. Just as she was thinking about how to make him stay, she heard his words ring in her ears.

"Wait, I still need to go out for a while."

His smile stopped abruptly!

.....

In the bar.

Song Chenxi sat next to Lin Hanxing with a blank expression. She was out of tune with the lively atmosphere around her.

“Let yourself relax a little.”

Under the dim light, Lin Hanxing turned to look at Song Chenxi and smiled.

“This is the first time I’ve come to such a place,”

Song Chenxi pursed her lips.

Lin Hanxing raised an eyebrow when he heard her. He grabbed her wrist and walked towards the washroom.

“Where is little Hanxing dragging Song Chenxi to?”

On the other side, Yan Beixiao was trying to find out more about the Army. Liang Yuran, who was sitting beside him, rolled his eyes at him. His collar loosened, revealing his sexy collarbones, attracting the attention of the women around him.

Lei Xiao casually threw his suit jacket aside, and expressionlessly fixed his gaze in the direction where his wife had disappeared.

In the washroom.

“Change your clothes.”

Lin Hanxing passed the paper bag in his hand to Song Chenxi, smiling and raising his chin slightly.

Song Chenxi looked into the bag and saw a long red dress.

“You have fair skin, you’ll definitely look good in red.”

She loved to be tense.

She was clearly at the age of a flower, but she always pretended to be mature.

“Lin ...”

“Call me Hanxing, go in and change your clothes.”

Lin Hanxing said as he pushed Song Chenxi into the toilet cubicle.

A few minutes later, the door of the cubicle was opened from the inside. Song Chenxi, who had changed her female suit into a red dress, walked out hesitantly. The deep V-cut design made her look very feminine.

“Hanxing, I ...”

Song Chenxi clutched her chest and lowered her head slightly, revealing her fair neck.

Lin Hanxing’s expression froze.

There were still faint red marks that had not disappeared in her eyes.

“I told you, you’d look great in red.”

Lin Hanxing collected his expression in a second. He walked over and reached out to untie Chenxi’s hair.

Her waterfall-like long hair still had the curls from before.

It made her face even more charming.

[Chapter 1328](#)

1328 Be yourself for a day

But he felt like something was missing.

“Don’t move,”

Lin Hanxing had a lipstick in his hand.

What song Chenxi lacked ...

It was a healthy color!

Song Chenxi stood in place, letting Lin Hanxing pinch her chin and help her apply lipstick. He even lightly blushed the side of her cheeks a few times before pushing it away with his fingers to temporarily put on blush.

“It’s done,”

Lin Hanxing smiled. He stood behind song Chenxi and placed his hands on her shoulders.

He made her face the mirror in the bathroom.

Even though she knew that the person in the mirror was her, song Chenxi still felt a sense of unfamiliarity.

Ever since she took over the song Corporation, she rarely wore clothes that were too bright in color in order to show off her capability and power. Even her hair was tied up in a bun all year long.

But the one in the mirror ...

“Try to be yourself for a day.”

Lin Hanxing’s voice seemed to have come from afar, but it hit song Chenxi’s heart in an instant ...

.....

“Why hasn’t little Hanxing come out yet!”

Yan beixiao rested his chin on his hand and paid close attention to the movement outside the women’s washroom.

Suddenly, he noticed a murderous aura appear out of thin air beside him.

He subconsciously turned his head, and the first person he saw was Yuan Kang. The latter secretly pointed to the side with his finger. This time, even Lei Xiao’s attention was attracted, and the three of them looked at Liang yuran together.

Liang yuran’s eyes were full of frost, and he was shaking a glass of whiskey with one hand.

Yan Beichen followed his gaze and looked over, and suddenly understood.

There was actually someone who was so reckless as to take liberties with that chubby little girl with a glass of wine?

He rubbed his chin.

That chubby little girl was really quite likable!

On the other hand, Lin Hanxing and song Chenxi walked out of the washroom and quickly attracted the attention of many single men in the bar.

“F * ck, that’s song Chenxi?”

Yan beixiao, who had just glanced at her inadvertently, could not help but exclaim in a low voice. She had just gone to the washroom, why did she look so different? What kind of magic did little Hanxing do?

“What’s wrong?”

Lin Hanxing had just returned when he saw Bai Xi standing in front of Jiang Xibao like an old hen protecting her chicks.

beauty, let’s be friends!!

The man’s eyes lit up the moment he saw Lin Hanxing’s face.

A beauty!

He thought to himself as he curled his fingers and whistled.

Soon, seven or eight people gathered around and surrounded her.

Bai Xi, who was already strong to begin with, was even more enraged. He stood in front of the other three and reached behind him to grab an empty bottle ...

Finished drinking?

Bai Xi was stunned and turned to look at Jiang Xibao!

Jiang Xibao’s fair and chubby cheeks were red, and his eyes were dull. He was clearly drunk.

“.....”

She just went to order some snacks, how could Xi Bao ...

“Burp, making friends?”

Jiang Xibao stood up and asked the few people.

As for Lei Xiao’s side, he had already sensed that something was not right. A few men stood up and walked towards Lin Hanxing and the others.

yeah, Big Brothers will make you guys comfortable ...

The man laughed evilly as his eyes wandered over the few people.

Jiang Xibao hiccuped again. He tilted his head and looked at the other party as if he was thinking about something.

Song Chenxi turned her head to look at Lin Hanxing, but she saw that the latter did not show any signs of emotion.

Even she, who had encountered this kind of thing for the first time, calmed down. On the contrary, she was a little interested.

“Hand over ...”

Jiang Xibao stuttered.

The person opposite her smiled wretchedly and reached out to hug her.

hand over your Grandpa!!!

In the next second, Jiang Xibao picked up the empty wine bottle on the table and scattered the wine on the man’s head!

“.....”

“.....”

“.....”

Liang yuran and the others, who had wanted to rush out, stopped in their tracks. Yan beiming even subconsciously held his head, feeling pain for that person ...

Bai Xi’s mouth opened into an “O.”

This was the first time she had seen Xi Bao like this ...

So Xi Bao was drunk ...

It was like this?

The man who had been hit by the wine bottle stood rooted to the ground. At first, he couldn’t believe that his head had been blown up, and he reached out to touch his forehead ...

“Blood ...”

When he saw the blood on his palm, he fainted on the ground in a second.

“F * ck!”

The man’s friend immediately rushed forward and was about to pull Jiang Xibao over!

However, before he could get close, a powerful force came from the side. With a flying kick, that person was sent flying!

“I dare you to touch her!”

Liang yuran's face was expressionless, but it was hard to hide the cold arrogance between his brows. His high nose bridge and tightly pursed thin lips showed a sense of alienation, and his whole body exuded a sinister aura that was not to be provoked.

"I was still wondering when you guys would come out after following us all the way!"

Lin Hanxing raised his eyebrows and looked at Lei Xiao.

"Do you know who we are? Ah? Today, none of you will be able to leave!"

Yan beixiao chuckled and began to move his neck and wrists.

It seemed like he hadn't fought for a few days, and his hands and feet were starting to itch!

"You won't let us go? Sure! Then don't even think about leaving!"

As soon as he finished speaking, he punched the other party's nose.

The movement was done in one go!

Bai Xi took the opportunity to pull Jiang Xibao back to his side to protect him, but Jiang Xibao's eyes fell on Liang yuran with a dull look.

He unbuttoned a few buttons on his collar and waved his fist with force. In the dark bar, he gave off a strong masculine charm that made people couldn't help but look at him.

"What did you just say?"

Bai Xi seemed to hear Jiang Xibao making some noise, but he couldn't hear it clearly because of the noise.

"I said, he's so handsome!"

Jiang Xibao tilted his head and repeated loudly.

Not far away, Liang yuran's back clearly stiffened, and he almost couldn't avoid the other party's punches and kicks.

Seeing this scene, Lin Hanxing pursed her lips and smiled. Then, she walked to Jiang Xibao's side and leaned over. She whispered something to Jiang Xibao, who blinked in confusion.

"Go!"

Lin Hanxing chuckled and urged.

Jiang Xibao blinked and walked toward the storm where Liang yuran was. Bai Xi wanted to stop him but was stopped by Lin Hanxing.

"Let her go,"

"Is it really okay?"

Song Chenxi was still a little worried. No matter what, Xi Bao was still a girl!

Lin Hanxing smiled and patted her on the shoulder to reassure her.

Xi Bao, who was drunk, couldn't walk steadily, but his goal was very clear!

Just as Yan beiming was about to give a warning, a sharp gust of wind suddenly rang in his ears. It sounded like the sound of a steel pipe.

He barely dodged!

However, Jiang Xibao grabbed one end at lightning speed!

He gently snatched it over, only to hear a cracking sound ...

The hard steel pipe was broken in her hands!

"....."

"....."

"....."

Everyone stopped what they were doing and looked at her with wide eyes!

Yan beiming shuddered, suddenly remembering what he zhehan had done back in Jiang city!

Jiang Xibao threw the steel pipe that had been broken into two pieces aside.

Liang yuran watched as she walked toward him.

Before she could say anything, her cheeks were pressed down by a warm hand.

The next second, her sweet lips came close ...

[Chapter 1329](#)

1329 Princess ... Hug

Liang yuran's entire body stiffened, and the expressionless face he was used to completely cracked!

Jiang Xibao was like a sweet cake, which made Liang yuran's pupils slowly dilate. He was like a fierce beast that had been tamed and became loyal.

Her little face was red from the alcohol.

Even his breathing carried a fragrance.

It made Liang yuran subconsciously want to raise his hand to her back so that Xi Bao would be closer to him.

"I'm really F * cking convinced by little Xi Bao!"

As Yan beiming sighed, he did not forget to raise his fist and give his opponent a ruthless blow!

"....."

Bai Xi still hadn't recovered from the shock. He covered his mouth with his hand and subconsciously turned to look at Lin Hanxing, who was smiling with interest.

it's rare to see Liang yuran's face change. Don't you think you've earned it? ”

Lin Hanxing chuckled.

Bai Xi could definitely see the gloating on her face!

However, on second thought ...

It seemed to be really cool!

Liang yuran opened his thin lips slightly, waiting for this chubby and short Wintermelon to go further in with a perturbed mood, even though he knew that the place he chose today was not suitable.

Unfortunately, Jiang Xibao, who was innocent by nature, could not understand the crazy hints in his heart at all!

“F * ck! Can the two of you please respect the performance of the villain next door?”

Yan beixiao howled in an attempt to get the attention of the two men!

“Burp ...”

Jiang Xibao hiccuped, blinked his eyes in a daze, and moved his mouth away.

No!

Liang yuran's face was expressionless, but his eyes were burning with reluctance.

However, his awkward personality made him unable to say a single word. In his heart, he had already killed Yan beixiao a thousand times!

Just as he was thinking this, the next second, Liang yuran suddenly felt his feet leave the ground ...

“!!!!”

“!!!!”

“!!!!”

What did they just see?

Jiang Xibao suddenly picked up Liang yuran horizontally and trotted to where she had been sitting.

Bai Xi swore!

She definitely saw Liang yuran's livid face!

Absolutely, absolutely!

Lin Hanxing did not expect such a pleasant surprise. He could not help but bury his face into Lei Xiao's chest, his shoulders moving up and down. He was obviously trying to hold back his laughter.

Her little treasure!

He was simply a happy fruit in the world!

“Hahahahahahahaha! Liang, there’s also a day when you’ll be carried like a princess!”

Yan beixiao laughed so happily that his lips were hit by a punch from the group of people. Even so, he could not help but gloat over their misfortune!

“Burp ...”

Jiang Xibao hiccuped again, but this time, he smiled sweetly.

“Mr. Liang, don’t be afraid!”

He reached out and covered Liang yuran’s head, rubbing it gently.

It was obvious that she loved his hair.

“I’ll protect you!”

Her smile was warm and even in the dark, it was particularly moving.

As soon as he finished speaking, Jiang Xibao stretched his fingers in a daze and turned around to walk in the direction of Liang yuran and the others.

little Xi Bao!!!

Yan beixiao was so close to pouncing on her. Ever since he saw her carrying Liang yuran like a princess, he had decided to respect her as a man!

“Lend me this!”

Jiang Xibao pointed at the steel pipe in his hand.

Yan beiming did not say anything and quickly offered it up with both hands!

Jiang Xibao picked the most comfortable position to hold the thing in his hand and weighed it in his hand!

Then, she tilted her head and smiled at the group of people opposite her.

“Let’s be friends!”

1330 Carry the whole game

Ten minutes later.

The strong men, who had been so aggressive a moment ago, were piled on the ground like a human pyramid, screaming endlessly.

Jiang Xibao patted the dust off his palm in front of everyone’s shocked eyes.

He had easily carried the entire game and won the MVP of this battle!

“.....”

“.....”

“.....”

The originally lively bar was dead silent at this time. Everyone watched as Jiang Xibao turned around and seemed to find the coffee table beside his legs an eyesore. He reached out and easily lifted the coffee table, which was difficult for an adult man to move, and moved it to the side.

“.....”

“.....”

“.....”

what should I do? I'm starting to wonder who will abuse the other if little Xi Bao and Liang yuran quarrel ...

After Yan beixiao finished speaking, he and Yuan Kang looked at each other ...

The two of them suddenly shivered in the corner of their eyes!

Liang yuran was standing on the only way for Jiang Xibao to return. When he saw her walking towards him, his face was cold, and his hands, which were originally placed on both sides of his body, moved slightly, as if he wanted to hold her.

In the next second, Jiang Xibao was looking straight ahead ...

She didn't even stop when she walked past him ...

“.....”

Liang yuran's face was expressionless, but his heart felt like it had been scratched by Xi Bao's little claws!

“Ninth young lady ...”

Jiang Xibao sat down beside Lin Hanxing and leaned on her. His voice was as soft as a rice ball.

What a headache ...

He wanted to hit someone ...

“Just you wait, I'll make a phone call and none of you will leave this place alive!”

Among the wails, a sharp warning sounded!

“Did you guys hear that?”

Lin Hanxing, who was sitting in the middle of the sofa like a queen, chuckled and stroked Jiang Xibao's hair with one hand as she spoke lazily.

“I heard it. Those people told us not to leave this place alive!”

Bai Xi raised his voice and repeated sarcastically.

Lin Hanxing raised his chin at Yan beixiao. The latter understood and squatted down, slapping him on the head!

we'll wait here. Whoever doesn't beat him up is a coward!

Yan beixiao's eyes were raised, looking especially sexy.

It was unknown when Lei Xiao had walked behind Lin Hanxing. He stood still and raised his hand to stroke her hair.

Lin Hanxing looked up and saw the indulgence and love in his eyes.

Generally, this kind of bar was protected by the local gang after paying the membership fee. Since cold star allowed happy treasure to make such a big scene, someone must have already called and passed.

However, Lei Xiao had long been used to his wife's style of doing things, and he deeply adhered to the third rule of the Lei family precept ...

When Wanwan's wife is being bullied, she must unconditionally abuse the scumbag, and when her wife abuses the scumbag, she must be unconditionally blind!

In the midst of the chaos, Lin Hanxing smiled slyly at Lei Xiao.

Instantly, the mole at the corner of her eye lit up.

Song Chenxi, who had not said a word from the beginning to the end, felt as if she had entered another world. Everyone around Lin Hanxing was so lively.

It was an envious impudence.

She also wanted to become such a person!

If he wanted to cry, he would cry. If he wanted to laugh, he would laugh to his heart's content.

To live the life that he wanted to live!

"Who allowed you to get up!"

Jiang Xibao, who was originally lying on Lin Hanxing's shoulder, smashed a wine bottle on the table, causing the strong men who had been confident after calling for help to cower and squat back on the ground!

It was conceivable what kind of shock and awe Jiang Xibao had brought to them previously!

"I have a headache ..."

After warning those people, Jiang Xibao went back to Lin Hanxing's shoulder like a kitten.
