

Goodnight 1331

Chapter 1331-boring

Lin Hanxing reached out and touched her head, then looked at Liang yuran's side.

Liang yuran could clearly see the faint smile in her eyes.

He seemed to be gloating.

Little Xi Bao was like a blank piece of paper when it came to the matters between men and women. In the future ...

I'm afraid Liang yuran will suffer!

"....."

Seeing the deep meaning in Lin Hanxing's eyes, Liang yuran was expressionless, but he sneered in his heart.

Who cares about this dwarf winter melon!

However, his body could not help but move behind Jiang Xibao.

The more he looked at Xi Bao's head leaning on Lin Hanxing's shoulder, the more he felt that it was an eyesore!

How could she still sleep so peacefully after kissing him?

Her eyes turned to Jiang Xibao's pink lips ...

The soft and sweet taste ...

"Yan Beichen, Xi Bao is drunk. Please help me send her to the car."

Lin Hanxing's calm voice suddenly rang out, pulling Liang yuran back to reality. His brows furrowed slightly as he gave Yan beiming a warning look. The latter was caught by that gaze, which was like that of a beast King in his territory, and immediately stopped in his tracks with a smile.

The little cold star was really good at adding fuel to the fire!

"I'll do it."

Liang yuran said in a deep voice. As soon as he finished speaking, he had already bent over and carried the drunk Jiang Xibao in his arms!

Jiang Xibao snorted and buried his face in Liang yuran's neck.

The warm and fragrant smell spread in Liang yuran's breath, and his cold and hard heart suddenly softened!

The corners of his lips couldn't help but rise.

"Boring ..."

Looking at this scene, Yuan Kang couldn't help but roll his eyes and complain.

His eyes were almost on Jiang Xibao's face, but he still pretended to be reluctant to be stopped by Lin xiaojiu!

It was boring!

After Liang yuran left with Jiang Xibao in his arms, Lin Hanxing's expression returned to indifference.

His eyes swept over the brawny men squatting on the ground not far away and he sneered.

After that, she just lowered her head and fiddled with her slender fingers. Occasionally, she would say a few words to song Chenxi, who was beside her.

The group of people on the other side had also tried to slip away, but the moment they stood up, they were kicked back to their original positions by Yuan Kang and Yan beixiao. This really provoked the living King of Hell's endless complaints.

Twenty minutes later.

There was a loud noise from the door.

Upon hearing the commotion, the brawny men, who had been listless like frost eggplants, seemed to have found A New Hope in life. Their eyes lit up one by one, as if they were afraid that others would not know that someone they knew had come.

It was like a scene from an old Hong Kong movie from the last century. A group of brawny men with unfriendly expressions walked in and surrounded the area, as if they were afraid that Lin Hanxing and the others would run away.

"Do you need me to call someone over?"

Song Chenxi asked Lin Hanxing in a low voice when she saw that the visitor was not friendly.

After all, she was the president of the song group, and the connections and resources she had were more than enough to deal with such a small matter.

Lin Hanxing, on the other hand, continued fiddling with his fingers and smiled without saying a word.

Song Chenxi saw her reaction and her eyes were filled with doubt, but she was smart enough not to ask further.

"Which blind person is causing trouble here?"

Accompanied by an angry shout, the loss of self-control seemed to be blown up.

"It's me, the one who doesn't have eyes."

Lin Hanxing was sitting on the sofa in the bar, her right leg crossed over her left. She looked relaxed and had no intention of standing up.

Everyone looked in the direction of the voice and soon saw her.

"You, he ..."

“Wait!”

Just as the group of lackeys was about to start cursing, the man standing in front narrowed his eyes at Lin Hanxing!

[Chapter 1332](#)

1332 Seeing this woman

He felt that the other party's figure looked familiar, as if he had seen him before!

Where had he seen it before?

“It's this group of people, it's them!”

The brawny man who was originally kneeling on the ground got up at once. Relying on the fact that there were many people around, he regained his arrogant attitude and bared his fangs and brandished his claws, afraid that others would not know that his backer had come.

Yan beiming and Yuan kangqian laughed as they walked back to Lin Hanxing's side, their eyes full of disdain.

“That's right, it's US,”

Lin Hanxing raised his head, his delicate little face immersed in the light and darkness, looking particularly mysterious.

Perhaps it was because she was too calm and composed that people were afraid of her and did not dare to be reckless!

I was having fun with my friend, but some blind people insisted on coming over. Even their bones softened after a little lesson ...

Lin Hanxing glanced over, the sarcasm in his voice was self-evident.

you've spoiled our mood. Even if you didn't come to us today, we would have gone to find you!

As soon as he finished speaking, Lin Hanxing stood up and walked out of the darkness.

When the other party heard such arrogant words, he didn't know whether to laugh or cry. They were a group of people, so what confidence did a woman like her have to come and find trouble with them?

The boss thought nonchalantly as he glanced at Lin Hanxing's direction.

When he saw the other party's face clearly, he couldn't help but whistle in his heart!

Beautiful!

However, the sense of familiarity intensified when he met the other party's eyes, which seemed to be smiling yet not smiling!

Is it ...

Had he really seen it before?

Before he could come back to his senses, he heard a thud beside him. The confidant sat on the ground as if he had seen a ghost. His extended arm shook like screening chaff, and his whole body trembled for some unknown reason.

“What are you doing? Such a good-for-nothing!”

The boss couldn’t keep his face, and his tone started to become tough.

“She, she, she, she, she ...”

The confidant’s lips trembled, and he couldn’t even say a complete sentence. He was as cowardly as a quail.

However, his fingers never left Lin Hanxing’s body.

“She what she!”

Boss kicked the other party’s shoulder, causing the latter to roll on the ground before stopping!

“Boss, she can’t move!”

With a bang, the confidant said in pain, holding his shoulder. The urgency of his words was a sharp contrast to the cold smile on Lin Hanxing’s face.

“It’s her!”

The woman that the higher-ups had repeatedly ordered not to be provoked, her photo was quickly spread throughout the four halls and thirty-six branches, and it was the first ever since the founding of Hua Ji!

Perhaps it was because he was too anxious, the confidant’s voice was tearing, causing people to break out in cold sweat.

“She what she ...”

From today on, the four halls, the 36th branch, and all the remaining members of Hua Ji were not allowed to show any disrespect to this woman! Anyone who violated the rules would be punished according to the sect’s rules, and the most severe case would involve the wife and children!

The boss’s eyes widened as he looked at Lin Hanxing. Cold sweat started to form on his forehead!

The other half of the words that were originally at the tip of his tongue were stuck there, unable to be said!

The atmosphere changed silently!

The people who had been waiting to watch the show watched as Lin Hanxing walked towards the people from Hua Ji, the smile on their faces was like a talisman that urged them to die.

With every step she took, the people in front of her retreated.

Those with discerning eyes could see that the situation seemed to have reversed in an instant. Even those who had thought that they could regain their face with the arrival of their backer were dumbfounded!

“Did I allow you to get up?”

Lin Hanxing’s cold voice rang clearly in everyone’s ears as he walked up to the group of people who were looking for trouble.

On the way, he picked up an empty bottle from the table next to him. Before anyone could react, there was a sudden explosion and the bottle in Lin Hanxing’s hand broke into pieces.

She chuckled as she spoke, but the hostility in her voice carried an undeniable Majesty.

“.....”

The burly man clutched his forehead. The moment he saw the blood in his palm, he could not help but faint on the spot!

There was a dull thud.

“Miss Lin ...”

The boss, who was standing at the front, couldn’t help but curse at those troublemakers. He was complaining in his heart.

“You know me?”

Lin Hanxing raised his eyebrows and wiped his fingers with a wet towel from the table beside him. His expression was indifferent.

“There’s no one in Hua Ji who doesn’t know miss Lin. This is like a flood washing over the temple of the Dragon King. A family doesn’t know a family. Miss Lin is an important guest!”

The original arrogance was replaced by a groveling and begging for mercy, for fear that things would not end if they were blown up!

Lin Hanxing’s phone rang just as he finished speaking.

She glanced at the caller ID and picked up the call silently.

He hung up after a short while.

“Which Hall are you from?”

Lin Hanxing glanced at him.

Hearing this, the other party was shocked, but he could only admit that he was unlucky.

“White Tiger Hall.”

Lin Hanxing didn’t say anything. He just smiled and looked over the boss’s shoulder at the sect members who were nervous because they recognized her.

It seemed that she was fated with The White Tiger Hall of Hua Ji.

After all, he was the one who had personally dealt with the hall Master of White Tiger Hall. However, after Hua Ji had dealt with the matter, the position of the hall Master of White Tiger Hall had been left empty.

However, because of what had happened before, the subordinates of White Tiger Hall felt ashamed and kept quiet for a while.

Lin Hanxing took out his phone and made a call.

Seeing this, the other party's face turned pale.

He just took it as an admission of defeat.

Very quickly, the call was connected.

The voice of elder mu from Hua Ji came through the receiver.

"Little girl."

"I'll borrow your people."

Lin Hanxing did not hold back and went straight to the point.

"Do you need a Zuo to help you?"

Hearing Lin Hanxing's words, elder mu stroked his white beard and could not help but chuckle.

He did not know what kind of physique she had.

"There's no need to make such a big fuss, it's just a small problem."

After a few simple words, Lin Hanxing hung up the phone.

The group of burly men, who had thought that they were doomed, felt as if they had just taken a roller coaster ride. It was no exaggeration to say that they really thought that they were going to die this time!

"Miss Lin, you're a magnanimous person ..."

don't say those useless things. Call your men and go to this place now.

Lin Hanxing found the location of the PU Ji herbal tea on his phone and showed it to the man.

"PU Ji?"

The other party's expression clearly froze, as if he was in a difficult position.

miss Lin, that's the territory of the senanda family. We, Huaji, and the local big families have always stayed out of each other's way!

Lin Hanxing kept his phone expressionlessly. After hearing this, he smiled nonchalantly.

now, that place no longer belongs to the senanda family.

Lin Hanxing said indifferently.

“Ah? That belongs to ...”

The person on the other side was obviously stunned when he heard this.

“The Li family.”

[Chapter 1333](#)

1333 Don't even think about having an easy time, all of you

Puji herbal tea.

At this moment, the shop was already a mess.

The outside was surrounded by a group of men in Black suits. They were like an iron wall, separating the inside and the outside of the store into two worlds.

They also blocked the crowd outside who were watching the commotion.

Inside the shop, a middle-aged woman in a black dress was sitting there. Although it was already night time, she was still wearing sunglasses.

“Continue smashing!”

Under the sunglasses, the eyes that were red and swollen from crying squinted dangerously, with a stubborn madness.

The owner of the herbal tea shop knelt on the ground with his arms tied behind his back. His family was also surrounded not far away, curled up in a ball. They were obviously very afraid, but they did not dare to cry out loud.

He was afraid of disturbing that woman!

Not far away, there was another person lying on the ground. It was the original owner of the hundred herbs shop, old Xue. He was also on his last breath.

“Good and evil will always be rewarded, and the heavenly Dao is reincarnation? What a big tone!”

The woman's red lips opened slightly, and there was a hint of fierceness in her cold smile.

my husband is in trouble. Don't even think about having an easy time!!!

The woman picked up the teapot on the table and threw it at the boss's relatives.

In an instant, the hot tea and glass shards scattered over her head.

There were screams again.

then, if your entire family dies, do you want the entire country G to be buried with you? ”

When the lazy and cold voice sounded, the owner of the herbal tea shop, who had already lowered his head and vomited blood, suddenly raised his head.

His eyes were shining with hope!

Upon hearing that, the bodyguards who were standing outside the door all entered a state of alert. It was obvious that they knew the owner of the voice, so they reacted reflexively when they heard the voice.

The woman suddenly turned her head and looked fiercely at the source of the sound!

The onlookers who were originally crowded outside automatically made way for the middle path when they heard the movement behind them. They stretched their necks and looked in the direction of the sound.

Lin Hanxing and Lei Xiao stood side by side at the leader's position, and behind them was a large group of people.

"Miss ... Lin ..."

The owner of the herbal tea shop had held on with his last breath until now. When he saw her, his eyes suddenly became hot.

Lin Hanxing walked to the door expressionlessly but was stopped by the woman's bodyguard.

He looked past the other party and saw the tragic scene in the shop in a short time.

"Get out of the way."

The two words spilled out of her mouth, with a bone-chilling coldness.

heh, Lin little nine, do you really think that you can order my people around? "

The woman sitting at the inner table sneered.

Lin Hanxing suddenly laughed.

When they heard the sound, Yan beiming, Yuan Kang, and Bai Xi, who were standing behind, shivered at the same time.

Well, it seemed that someone was going to be in big trouble!

In the next second, the situation suddenly changed!

Lin Hanxing's smile suddenly disappeared as he reached out and grabbed the bodyguard's wrist. Everyone heard a crack, then a deafening scream rang in their ears.

Lin Hanxing, on the other hand, kicked his opponent's knee again ...

The 1.8-meter tall man knelt down in front of her!

The speed was so fast that it left one speechless!

"Get out of the way."

Lin Hanxing's emotionless eyes once again swept across the bodyguards surrounding the PU Ji herbal tea shop.

The people who were swept by her gaze were shocked.

“Don’t make me say it a third time.”

As soon as Lin Hanxing finished speaking, the bodyguards who were standing firmly at the door of the herbal tea shop moved aside reflexively, their bodies even shivering unconsciously!

There was complete silence.

Without even looking at them, Lin Hanxing snapped his fingers and the people from Hua Ji surrounded the entrance again.

[Chapter 1334](#)

1334 The Li family’s territory can’t be destroyed by anyone

“Even if it’s a fly, you’re not allowed to leave!”

Lin Hanxing ordered coldly, his words exuding an invisible Majesty.

At this time, the people from Hua Ji had just recovered from their shock. They had thought that as a woman, Lin xiaojiu would try to persuade them with emotion and reason, but they never thought that her style of doing things would be so simple and crude!

It did match the rumors that had been passed down from above!

Lin Hanxing quickly sat down opposite the woman.

“Yuan Kang, help him up.”

When he spoke, his eyes did not move away from the other party’s face at all, and there seemed to be frost in the bottom of his eyes.

Yuan Kang walked over without a word and helped the owner of the herbal tea shop up.

Everyone was furious when they saw the tragic state of the store. Only Lin Hanxing was expressionless from head to toe.

“Miss Lin ...”

The herbal tea shop owner wanted to say something but was stopped by Lin Hanxing.

“The Li family’s territory isn’t something that anyone can destroy as they please.”

Her voice sounded soft and gentle at first, but every word that came out of her mouth made one shudder.

“The Li family?”

The woman’s eyes behind her sunglasses were filled with viciousness as she stared at Lin Hanxing.

“What a joke. Which rich and powerful family in Xuelan province has the surname Li?”

did you know that your sister once said something similar? ”

Lin Hanxing's dark eyes met with his opponent's, and an invisible pressure poured out from his bones.

She reached out and picked up the teapot from the table.

With the sound of water, the empty teacup was quickly filled.

"Don't compare me to her!"

It was unknown what triggered him, but he stood up suddenly and slapped the teacup in front of Lin Hanxing away.

The onlookers outside immediately exclaimed.

Perhaps no one had expected that woman to suddenly attack.

Lei Xiao pulled Lin Hanxing's hand back almost instantly to prevent her from being scalded by the hot water.

However, in the next second, before anyone could see how Lin Hanxing moved, they heard a loud slap. She had slapped the woman's face with the back of her hand!

The force was so great that even the sunglasses on the woman's face were sent flying.

The second Princess Consort's eldest sister, Nalita Shamaga, covered her numb face and looked at Lin Hanxing in disbelief. She did not think that Lin Hanxing would really dare to hit her!

"You ..."

He only had time to say this one word before his right cheek was slapped again!

Without any hesitation!

Even the people from Hua Ji who were standing outside couldn't help but gasp at his expressionless and fierce actions.

He was from the Senanda family!

Lin Hanxing's gaze swept across the red burn marks on the back of Lei Xiao's hand. He would rather leave those marks on his own body.

"If you say one more word of nonsense, don't blame me for being impolite!"

Lin Hanxing's voice suddenly turned gloomy, and no one dared to doubt the truth of her words!

The henchmen from the Senanda family who came with Miss Nalita finally reacted and wanted to rush to the front. However, before they could get close, they were intimidated by Lin Hanxing's cold and sharp gaze!

Even the family members of the herbal tea shop owner held their breaths!

The surroundings were silent.

It was as if everyone was competing to see who was quieter.

Lei Jing furrowed her brows and reached out to grab Lin Hanxing's wrist.

When the warm touch passed through her skin, her expression finally eased and she didn't look as bad as before.

Feeling that the atmosphere around Lin Hanxing had finally calmed down, Yan beiming, who had been holding his breath, also relaxed.

She didn't know when it started, but little Hanxing and ah Xiao's positions seemed to have switched.

Before ah Xiao was shot, it was always Han Xing who pulled him back from the edge of danger, but ever since he was shot, Han Xing was always on alert, and ah Xiao became the fire extinguisher!

Yan beiming could not help but shake his head in his heart.

The two of them were a perfect match!

Lin Hanxing sat down again, his eyes fixed on the back of Lei Xiao's hand.

Fortunately, the red mark did not spread out and disappeared very quickly. Lin Hanxing calmed down after he was sure of this.

However, there was still no warmth in his eyes as he looked at Narita.

And this scene was all seen by song Chenxi.

For the first time, she felt that the tacit understanding between men and women was real.

It was not a plot that could only be described in novels.

Thinking of this, song Chenxi's eyes dimmed.

"If you are so free, you might as well go to the royal family to see your husband for the last time."

Lin Hanxing laughed coldly. He knew how to use simple words to break a person's calm facade.

As expected, the moment she heard this word, Narita, who was stunned from the beating, instantly flew into a rage again. However, this time, without the protection of her sunglasses, the intense hatred in her eyes could no longer be hidden.

"I won't let him die!"

She said.

"If you're really that confident, you wouldn't be here now,"

If it wasn't for the fact that she knew her family had the intention to give up on her husband and that this matter couldn't be reversed on her own, she wouldn't have lost control and come here to cause trouble.

you're talking nonsense!!!

After hearing this, Narita felt her blood boil and her entire body trembled uncontrollably.

"You know better than anyone else whether I'm talking nonsense or not!"

Lin Hanxing's voice was calm without any fluctuations.

“In terms of status, although you’re the eldest sister, you’re far from being as valuable as my third brother, who has already been decided as the next heir of the senanda family, let alone the two younger sisters who have opened up their status for the family. Haven’t you gotten used to being sacrificed all these years?”

Nalita’s original arrogance had long been suppressed by Lin Hanxing’s words.

His face turned pale.

It was like a ghost.

since you chose to endure from the start and didn’t know how to fight for it, why are you putting all the blame on others now? ”

Lin Hanxing’s words were as cruel as they could get to nalita.

“Nonsense! You’re spouting nonsense!”

Recalling the earth-shattering feeling when she received the call from her younger sister at home, nalita could not say anything else other than these three words.

if I were you, I’d rather hurry up and prepare for his funeral. At least, I’ll let him leave with glory on his last journey. It won’t be a waste of the ‘good intentions’ of everyone in your family!

Lin Hanxing had never denied that she was the mastermind behind her husband’s scheme.

However, the most complicated part of the whole matter was the matter of deciding the life and death of nalita’s husband. She had turned every member of the senanda family into an executioner.

Lin Hanxing’s eyes were cold to the point of cruelty.

She had always been a very direct person. She clearly placed her hatred in front of you, as if she was not afraid that you would plot against her again.

Narita looked at her in a daze.

His cheeks were swollen and painful.

His mind went blank.

[Chapter 1335](#)

1335 If you’ve thought it through, then get lost

At the same time, Lin Hanxing’s phone vibrated.

It was a message from Meng Jiu.

The servant in the song Garden had already disclosed the information to Gong Chen as instructed.

Lin Hanxing’s long eyelashes fluttered, and he deleted the message after reading it.

He only sneered in his heart.

Someone had to expose the things that song Chenxi had done in secret in front of Gong Chen.

What she hated the most was a dove occupying a magpie's nest.

Just like aunt Mian and Cheng Lingyun!

"Are you sure?"

Lin Hanxing said coldly as he looked at nalita.

"If you've thought it through, then get lost."

Upon hearing this, Narita regained her senses.

She was impulsive, but she wasn't stupid. She knew that it wouldn't do her any good to continue this entanglement.

"Wait,"

However, just as nalita stood up, Lin Hanxing's voice rang out again.

Narita looked at her in anger.

Was Lin xiaojiu going back on his word?

"You can leave, but the rest of them have to stay."

Lin Hanxing raised his hand and pointed at the few people who surrounded the family of the herbal tea shop owner, his voice not leaving any room for negotiation.

"What do you mean by that?"

Narita's red and swollen eyes widened.

"We can let this matter go for the sake of the senanda family, but someone from our Li family has to pay the price for the beating."

Lin Hanxing said sarcastically, as if he was mocking her naivety.

in other words, you can leave and continue to be the young lady of the senanda family, and they will have to pay for your arrogance today!

Lin Hanxing's words caused nalita's nose to Twitch.

This group of thugs had followed her here. If she really couldn't protect them and bring them back, how would her family look at her? Who would risk their lives to protect her in the future?

Lin xiaojiu was cutting off all her escape routes!

"People have to pay for their willfulness, but unfortunately ..."

Lin Hanxing smiled and continued.

"Not everyone is so lucky to be reincarnated as a noble!"

Who was the more arrogant one?

Narita could not catch her breath and almost fainted from anger.

“What if I say no?”

Lin Hanxing’s eyes were emotionless, and they looked at each other from a distance.

“Then don’t even think about leaving.”

His cold words were clearly heard by everyone present in the silent atmosphere.

It was clear.

Lin Hanxing did not even spare another glance at nalita.

Let’s go. I’ll pretend nothing happened today.

If he stayed, his life or death was unknown.

She placed the right to choose in front of her and believed that the selfish senanda family would not let her down.

After a long while, nalita made her choice.

He left in a sorry state.

Only the henchmen of the senanda family were left standing there. They seemed to have expected their own ending, and their faces were pale.

Lin Hanxing waved his hand indifferently, signaling for the people from Hua Ji to take them away.

“Miss Lin ...”

The people from Hua Ji were in a difficult position. After all, these people were from the senanda family, and they could not control themselves.

“We’ll deal with it according to the rules of the martial world.”

Zuo Xiangdong’s voice came from behind. It was obvious that he had rushed over after receiving orders from the higher-ups, and when he saw Lin Hanxing, he was finally relieved to make sure that she had not suffered any losses.

However, when he saw the mess in the shop, he frowned.

“I’ll find someone to repair this place tonight. I guarantee that we can continue our business as usual tomorrow morning.”

As he spoke, he started to contact people from the left to the East.

The crowd of onlookers at the entrance also dispersed after being driven away, and everything was in the process of being restored in an orderly manner.

“Miss Lin, there were people from the Hong gang in the crowd just now.”

Zuo Xiangdong hung up the phone and said in a low voice.

[Chapter 1336](#)

1336 A paper tiger

Lin Hanxing did not look surprised at all. It was obvious that he had known about this.

“Didn’t I tell you? You’re not allowed to do this again!”

Lin Hanxing recalled the scene just now and finally thought of settling the score.

Seeing this, Bai Xi laughed and automatically avoided her. He didn’t forget to put his hand on song Chenxi’s shoulder.

Bai Xi chuckled when he saw song Chenxi’s worried expression that the two of them would quarrel.

“You’ll get used to it. Don’t be fooled by Mr. Lei’s fiendish appearance in front of others. In front of your own wife, hehe ...”

Bai Xi said three words to song Chenxi.

A paper tiger!

Lei Xiao stood in front of Lin Hanxing obediently, he was truly worthy of his title!

“Xing, relax.”

Lei Xiao was rather helpless, she was too worried about his body.

Zuo Xiangdong finally understood why Bai Xi and the others had left in unison!

Who would be able to stand that handful of invisible dog food that was being slapped on their faces in a cold and disorderly manner?

“You ...”

Lin Hanxing had wanted to say something, but when he saw the compromise in Lei min’s eyes, he stopped.

“I’ll deal with you when we get home!”

She said some harsh words to her man in a low voice, and her face returned to its usual cold look as she looked at the family of the herbal tea shop owner.

Just as he was about to walk forward, Lin Hanxing turned his head to look at Lei Xiao.

“What?”

She slowly raised her slender fingers and stretched them in the direction of the Thunder valiant beast.

Lei Xiao’s thin lips curled up without a trace, and then he held it firmly.

At this time, the owner of the herbal tea shop was kneeling in front of his good friend, old Xue, and crying.

Previously, the senanda family had brought old Xue over with them, and it looked like they had already beaten him up. At that time, the owner of the herbal tea shop felt his scalp go numb.

As for what happened after that, there was no need to elaborate.

Lin Hanxing slowly lowered his body and half-squatted, his face expressionless as he reached out to touch old Xue's neck artery.

Then, he signaled Zuo Xiangdong to send someone to the hospital.

it was my negligence today. I will definitely give you a reasonable explanation.

Lin Hanxing took the wet tissue from Bai Xi and said as he wiped it unhurriedly.

The herbal tea shop owner old PU shook his head.

Since ancient times, the rich had bullied the poor. It was not her negligence, but he and old Xue had been too proud at that time.

He thought that the heavens had finally opened their eyes.

However, in the eyes of the rich and powerful, their lives were no different from that of ants.

Seeing old PU's dejected shoulders, Lin Hanxing looked at Bai Xi.

The latter quickly understood and handed her the things she had prepared.

"This was originally my purpose for coming here today."

As he spoke, Lin Hanxing pushed the thing on the table in front of old Xue. When the latter saw it clearly, he suddenly raised his head.

This was ...

The title deed to his shop!

From the past until now, he had always adhered to his ancestor's teaching philosophy of being a clean person. It was also because of this that he had to pay the rent obediently even when the Li family had fallen into a state of decline after Li Yanyu's disappearance.

This was his duty and conscience as an honest man.

"Miss Lin, what do you mean by this?"

Old PU was confused by this title deed.

However, Lin Hanxing's lips curved into a faint smile.

it's exactly what you see. After you're done with the procedures tomorrow, this shop will really belong to you.

"....."

Old PU and his family couldn't believe their ears. They thought they had heard wrong!

After all, only the heavens knew how much these shops were worth.

That was a number that he and his descendants wouldn't be able to earn for several lifetimes!

But now, miss Lin said she was going to give it to him?

[Chapter 1337](#)

1337 Kindness should be repaid with kindness

"No, we can't accept this!"

Old PU's wife, who was the first to recover from her shock, picked up the title deed from the table and forced it back into Lin Hanxing's arms. She looked as anxious as if she was holding a hot potato.

Lin Hanxing's hand froze reflexively, then he tried to relax and not do anything too extreme.

Other than ah Xiao, she didn't like to be touched by anyone else.

"It's too valuable! It's true!"

Old PU's wife's face was serious. Of course she knew the value of this shop. When she had nothing to do, she would always joke with her husband, fantasizing how many lifetimes it would take for the two of them to buy this place.

However, imagination and reality were two completely different things!

"Right, we can't accept it!"

Old PU found his voice after a while.

The onlookers not far away who had yet to disperse saw this scene and stretched their necks in shock!

He was even more anxious than the person involved!

Were they stupid?!

If it was free, they would wake up laughing in their dreams, so why would they push it away?

Lin Hanxing pulled his hand back and put some distance between them.

"You guys think that you can't accept it?"

Lin Hanxing smiled faintly, his voice clear and strong.

Even the onlookers outside could hear her words clearly.

"Or do you think you're not worthy?"

Old PU and his wife were stunned.

"When the Li family fell, the ownership of the 43 shops under their name was divided between the senanda family and the Hong gang. Since then, forty-two of the shops have never paid rent again."

Lin Hanxing's voice was cold and flat, as if he was narrating a story that had nothing to do with her.

only your family has upheld the spirit of the contract to this day.

Although this money was like a cup of water on a burning cart of firewood to her, it still became charcoal in the snow during the Li family's most difficult times.

since the Li family was taken over by the previous family head, the most important thing to do was to fulfill the spirit of the contract!

"In the future, it will continue!"

"Kindness should be rewarded."

Lin Hanxing's eyes landed on the faces of old PU and his wife. The latter still felt that everything that had happened was like a dream.

"Now, do you still think you can't accept it?"

Lin Hanxing stretched out his hand and passed the title deed to the shop to them.

The indifference in his eyes was gradually replaced by warmth.

Just like she said, kindness should be repaid with kindness. This way, the world would not appear so cold.

"Really, can I?"

Old PU's lips trembled, and something seemed to flicker in his eyes.

"You deserve this."

Lin Hanxing replied.

Old PU and his wife looked at each other. The latter raised his hand to cover his mouth as tears poured out.

They had worked hard their entire lives.

He had been honest his entire life.

He had never thought that one day, he would get such an unimaginable return for his honesty!

"Not only that, the hundred herbs shop across the street will be handed over to your friend, Mr. Xue, to manage after it has been refurbished."

Lin Hanxing said unhurriedly.

Old PU's eyes immediately brightened.

He had never thought that all his troubles would end in an instant with a single sentence from miss Lin.

"Miss Lin ..."

Old PU's lips trembled and he couldn't speak for a long time.

The people outside who had originally stayed to watch the show witnessed the entire process. They were silent and had not recovered from the shock.

This cold world had taught them to be selfish and protect themselves, to be wise and protect themselves, to be self-centered ... To abandon their hearts and become cruel.

He had forgotten to tell them ...

It turned out that kindness would be rewarded!

1338 Li Yanyu left, and Lin xiaojiu came

He had once had the ambition to change the world, but the first lesson of the Church of Reality was to compromise.

"I promise that tomorrow, this place will be open as usual, and no one will ever dare to come and find trouble."

Lin Hanxing's seemingly casual words had an invisible pressure that spread from his bones.

No one could question it!

In the crowd, a few figures disappeared without a sound ...

.....

Hong gang.

His subordinate had just finished reporting.

With a loud bang, a teacup was smashed onto the ground.

The fragments scattered in all directions!

The president of the PU CI Chamber of Commerce sat next to elder Chai. He didn't even dare to breathe loudly for fear of provoking the other party.

old Chai, let Lin xiaojiu go if she wants to be the child of wealth. Let's just wait and see her make a fool of herself!

The confidant said fawningly.

Old Chai turned his head slowly to look at the person who spoke, his eyes gloomy.

you think Lin xiaojiu is so funny? "

Old Chai narrowed his eyes as a sense of danger welled up within him.

The confidants looked at each other, not understanding the meaning of his question, and did not dare to say anything.

Seeing that they were silent, old Chai felt helpless and disappointed.

This bunch of idiots!

“Do you believe that from today onwards, the Li clan’s name will be circulated in the streets once again?”

“.....”

“.....”

Seeing that these people still didn’t understand the situation even after he had said so much, old Chai’s temples throbbed. He wanted nothing more than to chase these people out.

tonight, Lin xiaojiu destroyed the prestige that the senanda family and I have built up over the years with just two shops. It’s a piece of cake!

This time, old Chai finally roared!

do you guys still think this is a small matter?? ”

It was only then that the other party began to realize the problem.

“Is it that serious?”

One of them muttered.

“It’s that serious?”

Old Chai laughed coldly, he was completely disappointed.

go and ask around tonight. Who doesn’t know about the Li family? who doesn’t know that Lin xiaojiu spent a lot of money today just to reward that PU for fulfilling the contract? ”

With such a master, who would still put the PU CI Chamber of Commerce in their eyes?

The universal compassion Chamber of Commerce was equivalent to being dead in name!

“Li Yanyu left, and now Lin xiaojiu came!”

The president of the PU CI Chamber of Commerce, who had come back to his senses, slammed his fist on the armrest, and his eyes became fierce!

Even now, when li Yanyu was mentioned, he would still clench his teeth!

“Is the Li family really going to rise again?”

As soon as the president of PU CI remembered the fear of being dominated by li Yanyu back then, he felt terrible!

But ...

Lin xiaojiu’s style of doing things was exactly the same as li Yanyu’s!

“Something’s wrong!”

All of a sudden, the president of the general Union Chamber of Commerce seemed to have thought of something and raised his head!

“Lin xiaojiu took over Yuan shaojing’s shift, so why is she living in the Li family’s house now? To manage the Li family’s Affairs?”

When the president of the PU CI Chamber of Commerce asked this question, the others were stunned.

from the very beginning, everything she did was to pave the way for the Li family. She was even willing to sacrifice the yuan family’s interests!

The president of the PU CI Chamber of Commerce rolled his eyes quickly.

This time, even old Chai listened to him.

back then, li Yanyu had so much information and resources in her hands. Do you think Lin xiaojiu ...

Back then, li Yanyu’s sudden ‘disappearance’ had caused many people to heave a sigh of relief. Some even clapped their hands in joy!

It was because she had too many things in her hands that were harmful to others.

However, no one knew ...

The source of her information!

[Chapter 1339](#)

1339 On what basis to convince the public

A woman who could easily control the secret lifelines of the entire wealthy families in country G was already a woman that people were deeply afraid of!

Everyone fell into silence because of the words of the president of the PU CI Chamber of Commerce.

ha, she’s just a little girl. What right does she have to convince the public? ”

Old Chai broke the silence with a cold laugh.

Even though he was still stubborn, his expression instinctively took on a different form.

The president of PU CI Chamber of Commerce quickly agreed in a flattering manner.

Even though he was not optimistic.

Based on what he knew of Lin xiaojiu’s ‘achievements’ in Jiang city and their face-to-face confrontation, he did not think that this woman who could turn Jiang city upside down on her own would be unconvinced by the crowd!

“However, old Chai ...”

The President of the Chamber of Commerce hesitated for a moment before changing the topic.

“Two members of the senanda family have already lost their lives ...”

Speaking of which, it was strange. What kind of deep hatred did Lin xiaojiu have with the senanda family? was it simply because of Eric?

Old Chai didn't say anything.

Other people might not know why, but how could he not know?

After the senanda family was finished, it would be the Hong gang's turn!

At the thought of this, old Chai started to feel anxious once more ...

.....

Lin Hanxing gave Zuo Xiangdong full authority to clean up the mess.

"Do you want to go for another drink?"

Song Chenxi's Red dress was like fire. It bloomed in the dark night and seemed to have a little vitality in a short time.

Lin Hanxing looked at her.

Although she didn't know why song Chenxi changed so much in such a short time, she originally wanted her to relax. But tonight, something like this happened at the last minute.

"Alright, it's just the two of us. You pick the place."

.....

Half an hour later, at the seaside villa.

The villa, which was a few hundred square meters in size, was built by the sea. It integrated the design concept of the villa with pure natural geographical conditions. The transparent floor-to-ceiling windows could clearly overlook the entire sea view. There was no waste at all.

Lin Hanxing and song Chenxi were casually sitting at the bar by the window.

The air was filled with the aroma of red wine.

Lin Hanxing swirled the wine glass, and the light reflected a coquettish red.

The windows for ventilation were open, and the night sea breeze blew in, making the tulle curtains dance in the wind.

"You have a good relationship with Mr. Ley."

Song Chenxi raised her glass at Lin Hanxing, looking languid and beautiful.

loyal and trusting each other unconditionally, only seeing each other in our eyes ... I once wanted to be like this with him ...

Song Chenxi smiled.

When did she and Gong Chen start walking like this?

Her tone was calm, as if she was talking about someone else.

"I also want to live like this with him ..."

Song Chenxi repeated herself, but the smile on her face gradually disappeared into the dim light.

And that light also stretched her lonely figure infinitely.

"It seems that I'm too naive."

She leaned back on the sofa with all her weight. When Song Chenxi finished her sentence, it was as if a burden had been removed from her shoulders. Her shoulders slumped down.

Yingluo, aren't you the best at catching turtles in a jar? You've played everyone in circles, and you're the victim, but you're able to get the most benefits. Isn't that you?

Yes, this was her.

She was not gentle and did not know how to act cute.

He was strong, calculative, and vengeful.

"So what if I leave him?"

Lin Hanxing's gaze seemed to inadvertently sweep upstairs.

Without a trace.

"What's the difference between guarding a man who doesn't love you and guarding a pile of trash?"

She spoke indifferently, her meaning clear!

[Chapter 1340](#)

1340 The silence of the heartbeat

"Since Mr. Gong is not willing to fulfill his responsibility as a husband, I believe that there are many people in the world who are willing to replace him."

When he said this, Lin Hanxing's expression was indifferent and he did not have any other emotions.

"After all, in this world, no one can't survive without another."

Lin Hanxing raised the wine glass. At an angle that Song Chenxi could not see, there was a strange light in his eyes.

Song Chenxi's gaze fell outside the window.

The sound of the waves could be heard clearly through the open window, causing ripples in the dark.

"You're right."

She blinked her long eyelashes and chuckled, then drank the wine in the glass.

The stubbornness of not willing to compromise in the past was finally defeated at this moment.

in this world, no one can't survive after leaving. That's why death is a fear that belongs to one person.
When she really died, all the love and hate in the depths of their love would really disappear completely ...

No one would remember.

The corners of song Chenxi's mouth curved up slightly as she pursed her lips on the glass.

She looked calm, but from Lin Hanxing's angle, he could clearly see her lips trembling.

She really ...

She looked so much like aunt Mian.

"I should leave."

Lin Hanxing retracted his gaze from somewhere upstairs and stood up.

Surprise flashed across song Chenxi's eyes. She didn't understand why she would suddenly ask to leave.

in principle, the task entrusted to me can not be revoked, but I'm willing to make an exception for you.

Lin Hanxing looked at song Chenxi and said softly.

"Chenxi, if you want to cancel it, please tell me!"

After saying that, Lin Hanxing turned around and left.

Song Chenxi looked at her back view. Her expression was lonely like a forgotten child.

Her light eyelashes fluttered.

For a long time, song Chenxi did not speak.

Yingluo, I want you to help my husband kill me.

She closed her eyes and leaned back on the sofa. The sound of the waves gradually faded away, and a tipsy feeling circulated in her limbs.

Everything was empty.

Until ...

There was a familiar scent of men's hyssop in the air ...

The shadow fell.

Song Chenxi's long eyelashes trembled slightly. She slowly opened her eyes. In the room with no lights on, she saw the man.

It should be a dream ...

She thought.

He chuckled and closed his eyes again.

Why is Gong Chen here?

He should be accompanying Zhiyun at the song Garden. How could he be here?

Gong Chen looked down at song Chenxi's palm-sized face under the bright moonlight. Because she had been drunk, she was still slightly flushed, and her long eyelashes trembled slightly, making one feel pity for her.

Since Mr. Gong was not willing to fulfill his responsibility as a husband, he believed that there were many people in the world who were willing to replace him.

Lin Hanxing's voice rang in his ears again, and his eyes suddenly became cold and deep!

He knew.

There were many people who liked song Chenxi.

However, most of them did not dare to have any thoughts about her due to her usual aura.

If she had not forced him to marry her, he believed that they would have been very good friends.

In this world, there were very few women who could do things that he admired so much!

But unfortunately ...

Gong Chen didn't say anything. He only glanced at song Chenxi's Red dress.

In her impression ...

It was a color that she rarely wore.

That was why it was particularly eye-catching.

Her slender figure was wrapped in a warm red, and the pale scar she had left on her thin and pale arm, which was an imitation of Zhiyun, could still be vaguely seen.

In the same position.

In Gong Chen's eyes, it was like she was reminding him of the methods song Chenxi had used on him.

His gaze turned upwards and landed on her pale lips.

It stopped.

Realizing what he was doing, Gong Chen was inexplicably irritated!
