

Goodnight 1371

[Chapter 1371](#)

1371 You're walking into the muzzle yourself

The word "strange" was no longer enough to describe the atmosphere when Lin Hanxing came downstairs!

The seats had been rearranged.

The most honorable first seat was naturally reserved for su bu. The great wangfei and the second wangfei sat on two sides, representing their respective interest systems. Even if everyone present knew the true relationship between the two, it was still calm on the surface.

"Miss Lin, please sit."

In the silent banquet Hall, Sue spoke in a low voice, the Royal dignity invisibly exuding between the lines.

After old su in Rou city was fine, the royal family looked for my wife first when they were helpless.

The Thunder valiant beast's words echoed in everyone's ears again.

It was true!

Otherwise, with su bu's unpredictable temperament, why would he take such a fancy to an outsider?

Lin Hanxing smiled and said nothing, but he looked at Gong Chen from the corner of his eye.

The latter's expression suddenly changed after receiving a phone call. He quietly left, Leaving Song Zhiyun alone in the banquet hall.

Song Zhiyun, who thought that he had turned the page, heaved a sigh of relief and his expression returned to its harmless state.

"I don't dare to sit down before I settle the matter just now."

He only heard Lin Hanxing's light words and turned the topic to song Zhiyun, who had been forgotten by everyone!

Song Zhiyun's heart jumped to his throat again!

"What is it?"

Su bu's eyes were gloomy. As he spoke, he saw the director of the police, who was covered in cold sweat, standing there. He frowned and reached out to point at him.

"Go ahead,"

The police chief didn't dare to neglect, so he described the matter vividly.

From the beginning to the end, su had been listening quietly, holding the teacup in her hand and thinking about something.

The second Princess Consort's heart skipped a beat.

She had studied this man for her entire life and naturally understood that this was a sign of a storm brewing!

The calmer he looked on the surface, the more turbulent the waves were in the dark!

At this time, song Zhiyun was still optimistic. After all, she didn't think that what she had done was serious enough for su bu to deal with it personally.

It was just a small matter ...

There were obviously many people who had the same thoughts as song Zhiyun.

"Since that's the case, what are you still doing here?"

Su didn't speak, but an irresistible Majesty came from him, which stunned the police Director.

What did that mean?

"Are the rules of the snow orchid just for show? Do you still need me to teach you how to deal with such a situation?"

Su bu's originally expressionless face suddenly turned cruel!

It sent chills down their backs!

"Second young lady song is insensible, so she will be locked up for two days to learn the rules!"

The great wangfei coldly replied.

They were going to lock song Zhiyun up for two days?

Lin Hanxing did not say anything.

He just stood there without moving, his face expressionless, only his eyes flashing with a dark light.

Long before su bu had arrived, the first wangfei had already sent her a message.

It was also at that time that Lin Hanxing already had a rough plan in mind.

No one knew that Xue LAN, who was in a high position, once had a quarrel between brothers that no one knew about, just like the fight between the song sisters today.

This time, song Zhiyun was walking right into the muzzle of the gun!

They couldn't be stopped!

Moreover, Lin Hanxing had secretly helped her with this matter.

Lin Hanxing's long, black eyelashes fluttered as he stood at his original spot.

Song Zhiyun still hadn't recovered from the shock, and his expression was one of disbelief.

She was the song family's second miss!

"Su bu ..."

Song Zhiyun said in a sad voice. He was as pitiful as he could be. The development of the situation had obviously exceeded everyone's expectations. After all, no one thought that su bujing would really interfere!

[Chapter 1372](#)

1372 The unexpected appearance of the jewelry box

For a moment, no one dared to speak.

I heard that the second daughter of the song family is not in good health. It's cold inside. Please prepare two more clothes for your sister to keep her warm.

The great wangfei added a timely stab, even cutting off song Zhiyun's words that were on the tip of his tongue!

CEO song, do you really not care about your sister's family? you won't even put in a word for your sister? "

The second Princess Consort's sister, nalita, could not help but sneer.

By bringing the topic to The Cold Song Chenxi, she did not want her to have an easy time!

"Hehe."

Hearing this, Lin Hanxing smiled and looked at nalita.

The latter felt as if he was being stared at by a venomous snake, and his entire body felt extremely uncomfortable!

"Some words can be said, but some feelings can not be begged. Just like when we were in the royal family, didn't the second Princess Consort not plead for your husband who murdered old su in Rou city?"

The moment Lin Hanxing said that, everyone's eyes widened in horror.

What did they just hear?

Old su of Rou city didn't just vomit blood because someone poisoned him?

Furthermore ...

And the brother-in-law of the second Princess Consort?

"You ..."

Lin Hanxing's words had touched nalita's sore spot, and she was on the verge of going berserk!

Lin Hanxing, on the other hand, just sat down leisurely beside the first princess Consort after the dust had settled, leaning close to her man. If it was not for the situation not allowing it, she really wanted to stretch.

The organizer felt like he was about to break down!

Who did he offend by holding a charity banquet?

What had he experienced in the past 20 minutes?

It was about the sisters 'internal strife and the royal family's Secret!

Would he be able to walk out of this place alive tonight?

take her away. Without the royal family's order, don't let her go. Do you understand? "

The first Wang Fei looked at the police Director. Since Han Xing wanted to teach song Zhiyun a lesson, she would naturally spare no effort to help her!

Song Zhiyun was taken away by the director's men.

Even the maid who had helped her steal was not spared!

Lin Hanxing ignored the second Princess Consort's murderous gaze and fiddled with Lei Xiao's long fingers under the table.

He seemed to be in a good mood.

Lei Xiao allowed her to do as she pleased, in a completely indulgent manner.

At the intersection of light and shadow, Lei Xiao's side profile was perfect. Just by sitting there, it was enough to stir the hearts of the women present, especially the sense of loneliness and abstinence surrounding him, which attracted people's eyes!

" Page 46 of the auction album. Take a look. "

The great consort reminded Lin Hanxing softly with a smile.

Lin Hanxing casually flipped to the 46th page of the auction album, and a luxurious and exquisite jewelry box appeared in her sight.

She had to admit that this thing was indeed very well made.

But that was all.

Just what was it that made Su dan personally come here for this thing?

As Lin Hanxing was thinking about this, he heard a loud " pa " sound coming from beside him. The wine glass that was placed next to the second Princess Consort's hand fell to the ground and shattered into pieces. The woman who was still arrogant just now was now as pale as a sheet!

His hands trembled violently as he looked at the same page!

Even a blind man could tell that something was wrong with that state!

This thing!

How did this thing appear here?

At this time, the second Princess Consort's mind was blank. Her pupils flickered, and her lips trembled, but she couldn't say a single word. If it wasn't for the nanny, she would have lost her composure!

This jewelry box!

Why did it appear again so many years later?

Now, she finally understood why Su dan had appeared here out of the blue!

[Chapter 1373](#)

1373 This belongs to my mother

Lin Hanxing remained silent and took in everything.

On the other hand, Eric Zhan Nanheng wasn't in a good state either.

"This is my mother's."

He tried his best to control his emotions and said this in a deep voice.

This jewelry box actually belonged to mother Zhan?

"This is her favorite. I've never seen it since she passed away!"

Zhan Nanheng's hands were tightly clasped on the picture book. He didn't expect to see this jewelry box here again after so many years!

Su bu's men were discussing something with the organizer in a low voice.

"Since that's the case, it looks like we have to bid for this item tonight at all costs!"

Mother Zhan's death seemed to be closely related to her mother. Lin Hanxing naturally wouldn't let go of any chance to solve the mystery. Besides ...

How could something that could make the second Princess Consort panic be ordinary?

"Stay calm!"

The nanny secretly pinched the second Princess Consort hard, trying to make her return to normal!

That woman had been dead for so many years, could she have just jumped out of the ground?

It was just something that belonged to a dead person!

What was there to fear?

As long as she was still in her position, as long as the senanda family was still around, even su bu could not touch the second Princess Consort!

Qianqian, that little bitch with the surname Qin!

The fire did not burn her to death!

While the few of them had their own ulterior motives, the organizer had already coordinated with the auction house according to su bu's instructions. The jewelry box that was originally placed at the back for auction had been arranged to be placed at the front!

“20 million.”

Without waiting for the emcee to say the words he had prepared beforehand, Zhan Nanheng had already spoken coldly.

Whoosh ...

20 million?

The crowd, who had not yet recovered from the shock of su bu ‘Lai’s arrival, suddenly gasped when they heard the amount. Twenty million for a jewelry box?

“25 million.”

The second Princess Consort raised the sign in front of her. Anyway, the whole of G country knew that she was not on good terms with this little beast. If she did not follow the bid, it would be easier for people to suspect her!

“Thirty million.”

Song Chenxi raised the price. Although she did not know what was so special about the jewelry box, she could see Lin Hanxing’s determination to get this item.

The great wangfei glanced at su bu without a trace.

The person who she had thought would make a move was so quiet at this time, making her a little confused about what he meant.

“35 million!”

Nalita’s bid seemed to be competing with song Chenxi’s.

“50 million!”

Zhan Nanheng flipped the price without changing his expression, as if he was fully prepared.

As a national treasure Idol star of country G, the money he had earned over the years was enough for him to squander a lot of money today!

“Seventy million!”

The second Princess Consort sneered and raised the price again.

No one in the banquet hall dared to speak. Even the stupidest person understood that the bidding price had long exceeded the original value of the jewelry box. What was the meaning of this thing?

Could it make these people so crazy?

At the same time.

In a house somewhere in Rou City State.

The woman was frantically searching for something in the drawer, making a clattering sound.

The sound of a door opening downstairs made the woman turn around abruptly!

“Where’s the thing!”

He rushed downstairs and shouted at the young man. When he saw the coins in the young man’s hand, his blood froze!

“Mom, I didn’t expect your empty box to be so valuable!”

The young man smiled evilly.

The woman looked at the money in her son’s hand. The voice in her ears was getting further and further away, and her heart was beating wildly.

He sold it?

Did he know how much trouble this thing would cause if it reappeared?

The woman slapped her son’s face with a crisp sound!

[Chapter 1374](#)

1374 Did I say I wanted to buy it?

At this moment, the auction in the banquet hall was still ongoing.

A jewelry box that looked ordinary to others had already been raised to nearly 90 million Yuan. The charity banquet was only halfway through today, but the estimated transaction amount was already several times more than in the past few years!

“200 million!”

When Shangguan Qinghe threw out these words, the crowd boiled.

Shangguan Qinghe looked at Lin Hanxing provocatively, obviously waiting for her to continue raising the price.

It was because he could see that she was determined to get that thing!

Every time she shouted, he would lift her up!

Shangguan Qinghe did not believe that Lin xiaojiu would have an endless amount of wealth.

Even if there was, he would make her pay until she was disgusted!

Zhan Nanheng’s expression darkened!

On the other hand, the people on the second Princess Consort’s side were already leisurely leaning back in their chairs.

“Shangguan ...” He said.

Before Zhan Nanheng could finish speaking, he was already pressed down by the cold-faced Lei Xiao.

Forcefully interrupted!

Lin Hanxing didn't even look at them. He accepted Shangguan Qinghe's provocation and unexpectedly didn't say anything, which surprised Bai Xi, Yuan Kang, and the others who were sitting at another table.

This was not her style!

The great wangfei looked at su bu again. The latter still maintained his silence, but his eyes were fixed on the jewelry box, as if he was reminiscing about something through that thing ...

"Two hundred million going once ..."

The emcee on the stage was in high spirits!

"Two hundred million going twice ..."

As long as there was a third time, he would be able to strike the gavel and make the final decision!

Everyone's eyes fell on Lin Hanxing, waiting for her to turn the tables!

"300 million."

Just as everyone's attention was focused on Lin Hanxing, a deep and cold voice resounded throughout the banquet hall.

If Shangguan Qinghe's words just now were to ignite a bomb, then Lei Xiao's words were no different from making an atomic bomb explode on the spot. The power was naturally superimposed by hundreds or even thousands of times!

Silence!

No one dared to break this atmosphere, they just looked at Lei Xiao blankly.

In the impression of others, this man was a man of few words!

As the president of the Lei Corporation, most people had heard rumors about young master Lei. However, he was too low-key and his style of doing things was too unpredictable, so most people held a wait-and-see attitude towards Lei Xiao!

"Mr ... Mr. Lei ... Bid 300 million?"

The emcee was the first to regain his senses. He repeated the words, his heart thumping.

"Did I say I wanted to buy it?"

Lei Xiao's eagle-like eyes locked onto the emcee on the stage, an invisible domineering aura surging in the air.

This man didn't make a move, but when he did, it was like a stormy sea!

Ah?

Didn't you want to buy this jewelry box?

Lin Hanxing's lips curved into a smile, and the two of them held hands tightly under the table.

The man's large palm was hot and powerful.

It gave people an infinite sense of security.

“Yunbai,”

In the next second, Lei Xiao called Yun Bai’s name, and the people who heard it subconsciously sucked in a cold breath!

That was young master Yun Bai!

“Yes, Mr. Ley.”

Yun Bai’s originally teasing expression turned serious, and his attitude also became respectful, which was even more unbelievable to the others!

As the person-in-charge of Yun Ding casino, Yun Bai had been doing things his own way in country G all these years. Only others bowed to him, and he had no right to be respectful to others.

“Today, apart from my wife Lin Hanxing, whoever buys this jewelry box will be regarded as my enemy!”

In the silence, the Thunder valiant beast’s voice was clearly transmitted into everyone’s ears.

“I’ll use three hundred million as the base price ...”

[Chapter 1375](#)

1375 You have money to buy, but you don’t have the life to take it

I’ll use three hundred million as the base price and the cloud cauldron casino as a medium to issue the top secret order.

Lei Xiao sat below the stage, his handsome face behind the light, looking even more deadly and majestic. Even if they did not meet each other’s eyes, they could still feel the deadly shock, making people hold their breath and wait for the next sentence.

“If the jewelry box isn’t won by my wife Lin Hanxing, you’ll have to bear the consequences!”

The gloomy words made everyone’s heart turn cold.

As the president of the Lei Corporation, no one else could have threatened him so cleanly!

“By the way ...” He said.

Lei Xiao’s lips curled up in the light, and an obvious pressure was coming toward Shangguan Qinghe.

all the cooperation that your father and the entire Shangguan family have been in contact with me recently will be included!

Shangguan Qinghe’s smile froze on his face.

It should be known that the Shangguan family and Lei Xiao’s businesses had been independent in their own fields and did not interfere with each other.

It was originally peaceful.

However, by the time the Shangguan family realized the problem, the influence and penetration of Lei Xiao's faction was no longer the same!

Even the Shangguan family had to give way to the Lei family!

Lei Xiao's voice was filled with a man's unique plundering ruthlessness, and it made people's hearts tremble!

His meaning couldn't be more obvious.

It's to let you have the money to buy it, but not the life to take it!

The great wangfei looked at Lei Xiao without a change in expression.

Such an unbelievably arrogant and overbearing man was a deadly poison to women, and the love he had for Lin Hanxing was so deep that it could be seen with the naked eye!

It really made people jealous!

"Mr. Ray, everyone is doing this for charity. There's no need to be so serious!"

Shangguan Qinghe laughed drily.

He tried to blur the focus.

It was all thanks to Shangguan shixiu that the Shangguan family was able to establish a connection with Lei Xiao, and this had also brought benefits to the Shangguan family. He absolutely could not let this cooperation be destroyed in his hands!

Absolutely not!

Not far away, Yuan yunrong's heart was beating wildly.

She seemed to have discovered something incredible!

It was said that when the Yun Ding casino was first established, it was su bu who personally signed the letter of agreement. It was also because of this that it became the only legal casino in country G!

Everyone knew that Childe Yun Bai was the manager on the surface, but no one knew who the real boss behind the scenes was. It was also because of this that this place was shrouded in a layer of mystery!

It was a place that the royal family deliberately avoided ...

If he didn't have a strong background, how could he be so powerful in country G?

Could it be that the boss behind the cloud cauldron casino ...

The Thunder valiant beast?

Realizing this, Yuan yunrong only felt cold sweat on her back!

"If anyone makes my wife unhappy, I will be unhappy too. And once I am unhappy ..."

Thunder owl's words were nonchalant, but there was a chill that gradually spread in his bones.

“The other party will never have the chance to be happy again in this life!”

There were only two bottom lines in Thunder Valiant’s heart ...

One was Hanxing, and the other was the Lei family!

Lei Xiao clearly laid out his bottom line in front of everyone, simple and clear!

“Now, you can continue bidding.”

After a long while, Thunder valiant finished his sentence and returned to his initial silence.

“.....”

“.....”

“.....”

No one spoke.

After he had said that, who else would dare to bid?

Even Lin Hanxing was just playing with the diamond bracelet on his wrist lazily. He had no intention of continuing the bidding!

Realizing this, beads of cold sweat rolled down from Shangguan Qinghe’s forehead!

Why did that Lin xiaojiu stop following?

[Chapter 1376](#)

1376 Husband and wife both scammed people

Originally, as long as the woman had raised the price, Shangguan Qinghe could have taken the opportunity to step down and not look so bad.

Now that the venue was silent, did that mean that he was about to buy the broken jewelry box on stage for 200 million?

However, the biggest problem for Shangguan Qinghe now was ...

He had deliberately raised the price in order to please the second Princess Consort and to rub Lin xiaojiu’s arrogance in the face. He had never expected that Lei Xiao would interfere in this matter!

For the first time in his life, Shangguan Qinghe had a taste of what it was like to ride a Tiger and find it hard to back down!

Let’s not even talk about whether he had this 200 million in liquid capital or not!

There were only two paths in front of him now!

If he didn’t buy, he would lose face!

If he bought it, he would lose face, but his money and future would be gone!

He would lose no matter what. After weighing the pros and cons in his heart, Shangguan Qinghe's face turned green.

She subconsciously looked at the second Princess Consort, hoping that she could help her out of this situation.

However, in the next second, the second consort pretended not to see anything and turned her head away.

Shangguan Qinghe's heart was cold!

"Continue."

After watching the show for so long, Zhan Nanheng seemed to more or less understand what Lei Xiao and Lin Hanxing were plotting. His heart also turned from the initial anxiety to calmness, and he raised his head to signal to the emcee on the stage.

"Um ..."

The emcee came back to his senses and subconsciously repeated what he had not finished earlier.

"Two hundred million going once ..."

"Two hundred million going twice ..."

"200 million going three times ..."

With a "Dong" sound, the auction hammer fell and the result was settled!

"Congratulations, Mr. Shangguan, for winning this jewelry box at the price of 200 million Yuan. All the money earned today will be used for charity in Malaysia! Thank you for your support in public welfare!"

The emcee blurted out the speech that he had prepared as usual. It was not until he finished and saw Shangguan Qinghe's livid face that he realized that he seemed to have added fuel to the fire.

He laughed awkwardly and dryly.

Clapping sounds rang out from Lin Hanxing's side. At this moment, it was as if someone had been woken up from a dream. The applause turned from slow to enthusiastic until the entire venue burst!

"Congratulations, Mr. Shangguan."

Lin Hanxing's lips curved into a meaningful smile, and he thanked Shangguan Qinghe's generosity 'from the bottom of his heart'.

Two hundred million to buy a jewelry box ...

Hehe, their family indeed had a mine!

At this time, Shangguan Qinghe dared to be angry, but he did not dare to speak. He subconsciously looked at Lei Xiao and pursed his lips.

Yun Bai was communicating with his subordinates through his Bluetooth headset.

Shangguan Qinghe knew that once his deal was completed, the top secret order of Yun Ding casino would be issued at the same time. Then, there would be no room for reversal!

Realizing this, Shangguan Qinghe panicked.

The applause that was led by Lin Hanxing was like a mockery to Shangguan Qinghe. He was angry but he did not dare to say anything.

Lei Xiao didn't say a word. He just looked at Shangguan Qinghe 'indifferently' with a ruthless gaze, as if he was catching a prey.

Under the heavy pressure, Shangguan Qinghe felt like he was the couple's prey, and the net was thrown at him from all directions!

He didn't even give her a chance to live!

"Wait a minute, I still have something to say!"

Just when everyone thought the dust was about to settle, Shangguan Qinghe suddenly stood up and spoke hurriedly, as if he had something important to announce to the public!

Yan Beichen could not help but click his tongue in his heart.

If he had to add a title to this show ...

[Chapter 1377](#)

x

1377 You have to kneel down and call me daddy after being eaten

Wasn't it just 'the husband and wife cheating on each other'!

But what was that saying again?

The one who flirted first was cheap!

If it was not for Shangguan Qinghe's first move, no one would be bothered to fire all their firepower on a small character!

After all, their ah Xiao and little Xingxing had very 'good' tempers!

Ignoring the surprised looks of the others, Shangguan Qinghe took the microphone from the servant. While he could still make up for it now, he absolutely could not let Yun Bai issue the highest level secret order!

Everyone's eyes fell on Shangguan Qinghe's face.

It also gave him a lot of pressure!

"I am very honored to be able to represent the Shangguan family at this charity dinner. However, there was a small misunderstanding between Mr. Lei and I just now. I would like to take this opportunity to explain!"

Shangguan Qinghe cleared his throat, his eyes were forced to look at Lei Xiao with sincerity!

However, no matter how they looked at it, it made them feel especially aggrieved!

“Oh?”

Lei Xiao’s voice was low and charming, like a gift from the heavens, making the women present feel numb from the bones!

I’m not bidding for this jewelry box with ill intentions. I’ve specially bought it as a ‘gift’ for miss Lin Hanxing!

Shangguan Qinghe emphasized the word ‘gift’!

But when others heard it, they felt like they were gnashing their teeth in anger!

As soon as he said that, many people in the audience were stunned for a long time!

What did they just hear?

Even if the Shangguan family was rich, they couldn’t possibly give away the jewelry box that they had bought for 200 million Yuan.

At this time, Yuan Kang, who was sitting in the back, would have slapped his own thigh and laughed wildly when he saw Shangguan Qinghe’s expression if it was not for the inappropriate occasion.

God F * cking gave it to me!

Why did it sound so satisfying to be forced to swallow the bitter pill that one had to suffer in silence?

Then, he looked at the expressions of the second Princess Consort and the others ...

It was as if a color palette had been knocked over, and it was quite wonderful!

“So I misunderstood you, Mr. Shangguan!”

Lin Hanxing took over the conversation at the right time. His posture was lazy, and the mole at the corner of his eye was stained with flirtatious charm. Anyone who looked at it could not help but feel their hearts beating along with her soft tone!

It was killing him!

“Mr. Shangguan is really generous to give up the jewelry box that cost 200 million Yuan!” He said.

Lin Hanxing smiled and raised the wine glass in front of him.

He stood up leisurely.

He also sprinkled some cumin on Shangguan Qinghe’s wound.

“Since Mr. Shangguan thinks so highly of us, we naturally won’t pursue the matter with you.”

Under the crystal Light, Lin Hanxing’s earrings reflected fine rays of light, making her eyes look extremely dazzling.

Hearing this, song Chenxi pursed her lips and smiled.

His previous worry had long since disappeared with the sound of thunder Valiant's voice.

"Cheers!"

Lin Hanxing looked at Shangguan Qinghe and took a sip of the wine.

"Then I really have to thank you all!"

This time, Shangguan Qinghe was really gritting his teeth. Those who were close could even hear the grinding of his teeth. It was creaking and out of control!

Zhan Nanheng looked at the man and woman beside him.

He had no choice but to be convinced!

He originally thought that an annoying person would suddenly appear out of nowhere, but he didn't expect that things would turn around so quickly.

Shangguan Qinghe had suffered a double loss. He had been forced to kneel down and call him father!

Even Zhan Nanheng could not help but shed bitter tears for Shangguan Qinghe!

After all, it was rare to see such a brainless child!

[Chapter 1378](#)

1378 The secret in the jewelry box (1)

In the lounge.

Shangguan Qinghe sent someone to deliver the jewelry box worth 200 million Yuan personally after the formalities were completed. He didn't even bother to make small talk, put it down, and turned to leave.

Just as he slammed the door shut, he heard a burst of laughter behind the door!

Shangguan Qinghe staggered and barely managed to stabilize his body.

The veins on his forehead throbbed, and he left with a livid face!

"Did you guys see the look on his face as if he was eating shit?"

Yan beixiao laughed so hard that he was about to cry. Ah Xiao and little Hanxing had done a great job!

He was going to eat bitter medicine in silence!

Even if there was pain, he would let Shangguan Qinghe swallow it!

Lin Hanxing clinked his wine glass with song Chenxi, who was sitting opposite him. He looked very calm.

Eric Zhan Nanheng caressed the jewelry box that he had lost but regained, his deep eyes filled with endless longing, as if he was reminiscing the most carefree part of his life through that thing.

"Is Auntie Qin really dead?"

He asked after a long time.

No one answered Zhan Nanheng. Lin Hanxing and Lei Xiao looked at each other and did not speak.

“If aunt Qin is really dead, who was the one who brought this thing out after the fire that year, and who was the one who sold it?”

Zhan Nanheng laughed coldly, his rough fingers caressing the jewelry box exerting force.

there have been different stories circulating in the streets about the Great Fire that occurred in the royal family.

The smart song Chenxi had already guessed what they were talking about from the few words and spoke softly.

Everyone’s eyes were focused on her.

“The previous cabinet meeting, if it could be considered the second Battle for the Crown Prince, then the first time was when Mr. Zhan’s mother was brought back!”

At that time, the second Princess Consort was in the limelight, and there was a constant wave of voices regarding the second Prince as the Crown Prince. It was at this time that Zhan Nanheng’s mother was coincidentally brought back to the royal family with Zhan Nanheng.

For a time, it set off a storm.

In reality, from the time mother Zhan returned to the royal family to her death, there wasn’t a single day that she wasn’t in the eye of the storm, not to mention that there was also Zhan Nanheng!

even now, there are still rumors that if it wasn’t for Mr. Zhan’s mother’s passing, the Crown Prince that su buzhen had decided on back then would actually be ...

When song Chenxi said this, she looked at Zhan Nanheng with a meaningful look.

so, mother Zhan’s return has, in fact, affected the balance of power between the first and second wangfei to different degrees? ”

In just a few words, Bai Xi had already imagined an entire Palace drama.

“You can say that.”

Song Chenxi nodded.

actually, before Mr. Zhan announced his true identity to the public, many people thought that you had already passed away with the fire that year. That’s why there’s such a huge uproar!

“Wait ...”

Suddenly, Lin Hanxing, who had been silent the whole time, interrupted her.

His expression froze.

“Did we miss something?”

Lin Hanxing's words stunned the crowd who had not yet recovered from song Chenxi's story.

Ignore?

What did he miss?

Zhan Nanheng once said that after mother Zhan passed away, he fled the royal family ...

Zhan Nanheng had indeed said this to Lin Hanxing, and he didn't think there was anything wrong with it.

Lei Xiao was the only one who reacted immediately after Lin Hanxing said that, and his expression turned cold.

"If what miss song said is true, how did you survive?"

Thunder owl's voice was low.

However, the moment his voice fell, it made everyone who was slow to notice break out in cold sweat!

[Chapter 1379](#)

1379 The secret in the jewelry box (2)

She clearly knew that Eric Zhan Nanheng's existence would become a hidden danger in the future. If she couldn't even tolerate mother Zhan's death, why wouldn't the second Princess Consort get rid of the root of the problem?

However, not only was Zhan Nanheng still alive, but he had even become a well-known celebrity!

The whole thing seemed to be strange from the beginning!

"I was sent out of the royal family!"

Zhan Nanheng tried hard to recall what had happened to him that day. After a long while, he finally said this.

"You can't remember who the other party is?"

Lin Hanxing could see something from his hesitant expression.

He should still remember what had happened that day, but he really had no memory of who had sent him away!

"Do you want to ask Dr. Zhong to try hypnosis?"

Yan beiming crossed his arms in front of his chest and said.

Sheng Shou and Dr. Zhong have already set off to Johor and will not be back for the time being.

The others were surprised. They seemed to have just heard about this. No wonder they didn't seem to have seen the two brothers.

to have the ability to send you away from the royal family when you're at the heart of the storm, to get through the most dangerous period, and even to prevent you from being harassed by the outside world until you become a well-known celebrity ...

Lei Xiao's face was calm and indifferent, his deep voice spreading out the clues.

"I'm afraid there aren't many in the entire snowlan province who can do it!"

Hearing this, everyone fell silent.

Who could it be?

"There's one more question ..."

Song Chenxi's rational voice rang out. She stretched out her cold and slender fingers and pointed to the jewelry box on the table.

"What's so special about it that it can make the second Princess Consort's expression change?"

After the jewelry box was taken out, song Chenxi was the first to observe the second Princess Consort's expression. There was shock, fear, and anger in her expression. It was like a Seasoning Box that had been knocked over with mixed feelings.

Was this thing simply a symbol of the past that the second Princess Consort did not want to recall?

Or was there a deeper meaning to it?

From the looks of it now, it seemed like it was still an unknown!

Lin Hanxing took the jewelry box from Zhan Nanheng's hands and fiddled with it. With a click, the lid was opened, and the empty internal structure was presented to everyone.

As expected of the royal family's item, it was luxurious, exquisite, and exquisite!

Unfortunately, other than that, there was nothing special about it!

when I was young, I heard many old people tell stories about the royal family.

Yuan Kang looked at the jewelry box in Lin Hanxing's hand and seemed to have recalled something.

"One of them is the story of a treasure box."

A treasure box?

Hearing Yuan Kang's words, song Chenxi's eyes lit up. She had obviously heard of this thing before.

it's rumored that the first ancestor of Xuelan province was an extremely intelligent and extraordinary figure. What's even more valuable is that he and his Princess Xuanji had a deep and harmonious relationship.

"The treasure box was personally made by him and given to the princess as a token of love!"

"Only this?"

Yan beixiao looked at the jewelry box. It did not seem to be anything special.

"Only this?"

Yuan kangba repeated in a high tone and couldn't help but roll his eyes.

“That thing is very fine!”

It was said that this treasure box looked like an ordinary jewelry box from the outside, but there was something else inside. Only the two of them knew the real way to open it, and the old ancestor had even avoided a great disaster because of this.

After that, the treasure box became a secret item of the royal family, and every Sutan would personally keep it until they met their loved ones.

“You mean, this is a treasure box?”

Bai Xi said as he pointed at Lin Hanxing’s hand.

Just as he finished speaking, the door was pushed open from the outside!

Without any warning!

1380 The secret in the jewelry box (3)

Everyone turned around to look!

The tall su buwei walked over. His years of royal life had given him an intimidating aura that made people subconsciously feel awe!

His deep eyes were locked on the thing in Lin Hanxing’s hand after he entered.

The eldest consort stayed by su bu’s side quietly.

Compared to the second wangfei’s flamboyant beauty, the first wangfei was like a water lotus, elegant and Noble.

The Royal bodyguards waited for the two of them to enter before closing the door of the lounge from the outside, returning the room to silence.

Su bu quickly stood in front of Lin Hanxing.

He looked at the jewelry box, just like when he suddenly arrived at the charity banquet.

“This is your mother’s.”

After a while, su bu looked up at Zhan Nanheng.

Zhan Nanheng didn’t say anything, but his eyes became complicated.

In his eyes, this man who held a high position but was unable to control his own marriage was undoubtedly pitiful. In the past, due to the limitations of his age and experience, Zhan Nanheng could not understand the choices he had made, but now ...

Compared to a man’s power and status, love and marriage were probably the easiest to be separated from.

“I know,”

Zhan Nanheng replied.

Hearing this, Su dan smiled inexplicably. The lines at the corner of her eyes revealed the charm of a mature man.

“There’s one thing you don’t know.”

As soon as he finished speaking, he reached out and took the jewelry box from Lin Hanxing’s hands. Everyone heard a click and the originally empty internal structure suddenly had another layer of space.

It was like a magic show!

Even the elegant smile on the first wangfei’s face froze as she looked on in surprise.

Su bu held the jewelry box and handed it back to Lin Hanxing. Inside the jewelry box, there was something that everyone had never expected ...

“Key?”

Jiang Xibao’s eyes widened and he spoke hesitantly.

A key lay quietly in a secret compartment. After a long time, it finally saw the light of day again.

“She said that this thing would one day wait for its owner.”

Su bu looked at Lin Hanxing and said.

Lin Hanxing looked at him and she read the meaning behind his deep eyes.

After su buzai said this, he turned around and left.

The great wangfei’s feet hesitated. She looked at the key and opened her mouth as if she wanted to say something, but in the end, she did not say anything and followed su bu out of the lounge.

“Why do I feel that the whole thing is so strange?”

Yuan Kang mumbled and rubbed his arm with his palm subconsciously.

For some reason, he felt his hair stand on end.

“The shape of this key is so strange.”

Yan beixiao leaned over and said after taking a closer look.

“Where are you from?”

Against the blue velvet fabric, the strange-shaped key glowed with a cold light.

“A bank safe.”

Just as everyone was confused, a calm voice sounded from the side.

The one who spoke was song Chenxi.

“Also, this is the key to a safe in a bank under the senanda family!”

“What?”

Hearing this answer, Yuan Kang and the others were shocked.

Even Zhan Nanheng was stunned.

After her mother returned to the royal family, it was already difficult for her to move forward. Especially her relationship with the second Princess Consort, which was like fire and water. Who would have thought that she would take something important ...

Was it in the safe of the bank under the senanda family?

How do you know that this is the key to the senanda family? ”

Yuan Kang looked at song Chenxi curiously and could not help but ask.
