

Goodnight 1381

[Chapter 1381](#)

1381 A unique key

not only do I know that this key belongs to the senanda family, but I also know that if we want to open this safe, we need another key.

Song Chenxi said calmly again, her white fingertips gently stroking the blue velvet.

“Mother-son key,”

The Thunder valiant beast’s features were distinct, his pupils deep and dark, but his words startled everyone.

The so-called mother-son key was a combination of two keys to unlock the door.

The two keys were indispensable.

Zhan Nanheng’s gaze subconsciously fell on Lin Hanxing’s face, who had not spoken a moment ago. Her eyes were dark and her thoughts were unpredictable. No one could guess what she was thinking.

As if he felt the gaze on him, Lin Hanxing closed the jewelry box with a backhand.

A click.

“Ah Xiao,”

Lin Hanxing smiled and said indifferently.

The longer she stayed in country G, the more information she had.

It was as if the heavens were helping him.

“Now, it’s that person who should be panicking!”

.....

Beijing.

At this time, the heavily guarded Mount Yulong was brightly lit all the way down the mountain. The guards at the gate stood straight and were all armed with live ammunition. It was unknown which Big Shot had come here.

It was not until half an hour later, when the black cars drove away one after another, that the tense atmosphere finally eased a little.

At this moment, in the villa.

“Why do you have to do this!”

Yue Guanqian frowned and looked at the old man with a serious face. The old man had just returned and heard that the old man was not in good health, so he immediately came to Jade Dragon Mountain to visit.

However, the old man didn't give in at all from the beginning to the end, and they finally parted on bad terms.

He was probably the only one who dared to do it!

"I heard that Jiang city was quite lively a while ago."

The old man indifferently changed the topic, obviously not wanting to talk about the previous topic.

Yue Guanqian and elder Zheng, who was beside him, looked at each other with a bitter smile, and could only continue to speak.

I've made a friend. I'll introduce him to you if there's a chance in the future.

"It's rare to find a junior that uncle Yue has his eyes on!"

Long qingru walked out of the tea room with a tray in her hand. The fragrance of tea filled the air.

"I wonder which famous family in Jiang city?"

While speaking, long qingru had already served the tea to the three of them.

They were exactly the same according to their preferences.

Yue Guanqian looked at long qingru and smiled, but didn't say anything.

Long qingru naturally didn't mind. Just as she was about to speak again, the phone in her pocket vibrated like crazy.

The smile on her face froze.

But even so, long qingru's expression was still the same. She didn't walk down with proper etiquette until she had finished what she had to do.

When he walked into the dark, the smile on his face was suddenly replaced by anger.

Like a river changing its face.

But no one saw it.

He quickly took out his phone from his pocket and stared angrily at the string of numbers on the screen. He was so angry that his lips were trembling!

That good-for-nothing shamaga!

What happened again?

Why couldn't that Lin xiaojiu just die outside?

Long qingru's chest heaved up and down, and she was so angry that she couldn't speak. She had been used to being pampered all these years, and this was the first time she had been forced into such a state!

Just as he was about to pick it up, a low and deep sound suddenly came from behind him.

“What are you doing standing here?”

As if she had a guilty conscience, long qingru turned around in horror. She lost her grip on the phone and it fell to the ground with a thud.

This caused elder Yan, who had just returned to Mount Jade Dragon, to frown ...

[Chapter 1382](#)

1382 She had already finished talking

Xuelan province.

Although the charity banquet was not over yet, Lin Hanxing and the others had no intention of staying.

The group entered the elevator.

Zhan Nanheng’s eyes were fixed on the jewelry box in Lin Hanxing’s hands.

He wanted to say something, but in the end, he didn’t.

The smooth mirror in the elevator reflected everyone’s expressions clearly. Song Chenxi knew that Hanxing must have seen it too.

Based on her understanding of Hanxing, since she knew how important that thing was to Eric, she wouldn’t have kept it after she took out the key. Now, the jewelry box was still in Hanxing’s hands ...

It probably had other uses!

Just as song Chenxi was thinking about this, the elevator arrived on the first floor with a ding.

Because of the arrival of the royal family, the first floor of the banquet hall was temporarily on alert. The bodyguards who were responsible for the royal family’s security in the past were standing in the dark. When they saw the group of people coming out, they immediately entered a state of combat readiness.

“What do you guys think is hidden in the safe?”

Yuan Kang couldn’t help but whisper out of curiosity.

“You want to know?”

Lin Hanxing raised an eyebrow and turned to look at him.

Yuan Kang’s eyes lit up at her words. He didn’t even realize that the longer he spent time with Lin Hanxing, the more he trusted her!

She nodded her head like a chicken pecking at rice.

Lei Jing’s eagle eyes swept over his wife. Seeing the latter blink at him, his eyes were filled with warmth.

“You ...”

Lei Jing did not say much, but she already knew what Lin Hanxing was thinking. She reached out and touched the space between her eyebrows.

On the contrary, the others were still looking at the couple in confusion, not knowing what they were up to!

Yun Bai had just finished explaining some things to her subordinates and saw them walking over. She was about to go forward and report to Lei Xiao when she saw the expressions on their faces.

For no reason, Yun Bai shuddered in his heart.

Good fellow!

In the past, Lei, who had an unpredictable mind, was already enough to make him suffer. Now, Lin xiaojiu was added to the mix. Looking at how Shangguan Qinghe had just been tricked, no one would want to touch this couple any time soon ...

Suddenly, Yun Bai glanced at the second floor out of the corner of her eye.

His expression froze.

In a short time ...

It should be ...

I don't think so?

"Take it."

Just as the crowd was walking out, Lin Hanxing suddenly spoke and handed the jewelry box worth two hundred million to Zhan Nanheng without even blinking.

Zhan Nanheng was slightly stunned and reached out subconsciously, clearly still in a daze.

This ...

Wasn't that a little too casual?

right now, we can't tell which bank or safe the key can open, so we have to be more careful.

"....."

"....."

"....."

After Lin Hanxing said that, everyone felt as if a Crow had flown over their heads. Was she being cautious? Didn't he already let her finish her words!

After all, they were already out of the banquet venue, and there were many people around. No one could guarantee that what they said would be heard by others, not to mention that there were many pairs of eyes staring at them from all directions!

"You have to keep it well."

Lin Hanxing placed his hand on the jewelry box and said to Zhan Nanheng meaningfully.

the second Prince has not been doing well recently. He will definitely make a big fuss about you. Unfortunately, he is stupid. Even the second Princess Consort has suffered at su bu's place. There is nothing to be afraid of.

"....."

The bodyguards sent by the royal family were sweating on their foreheads. In the end, they decided to choose to turn deaf to avoid any trouble.

At the same time, in a dark corner on the second floor!

[Chapter 1383](#)

1383 Let's wait and see

The confidant used a Herculean effort to barely hold back the Furious second Prince.

did you guys hear what Lin xiaojiu said? "

The second Prince was so angry that he laughed. He was like a bull with red eyes, looking terrifying!

The confidant appeared to be comforting her, but he couldn't help but sigh in his heart.

Whether it was the ability to observe and control the overall situation, or the means and the recognition of the people, the second Prince's maturity was indeed not just a little bit lacking! Unfortunately, his personality was extreme and impatient, so he would always come up with all kinds of tricks to cause trouble!

It also gave the people who were cleaning up his mess a headache, and even the second Princess Consort was affected!

The confidant naturally did not dare to say these words out loud. He could only try his best to pick pleasant words to calm the second Prince down.

"I know that those people are looking down on me!"

The second Prince's expression suddenly darkened, and even his voice seemed to be suppressing something.

Yingluo, we can't say for sure which bank or safe under the Kanader family will open with the key, so we have to be more careful ...

The key ...

There was a key hidden in the jewelry box!

The 'nail' we buried at Eric's place can finally be put to use.

The second Prince's words had just fallen when his confidant was slightly shocked. Those "spies" had been placed by the second Princess Consort at the great Princess Consort's side a long time ago to deal with unexpected situations. What did the second Prince want to do?

"Should we tell the second Princess Consort ..."

Before the confidant could finish speaking, the second Prince's gloomy eyes had already swept over, scaring the former into hurriedly keeping quiet.

The burning desire to win made the second Prince even more evil. He wanted to see what kind of expression she would have if he discovered the secret of the key before her and took the initiative!

remember, don't tell mother. When everything is done, I will give her a surprise!

As he spoke, the second Prince narrowed his eyes dangerously, his gaze sweeping across the jewelry box that was still tightly clutched in Zhan Nanheng's hands!

doesn't Lin xiaojiu think that I'm stupid? hehe ...

"Let's wait and see!"

The confidant's face was bitter, and he only felt a headache!

Who knew if the second Prince would give the second Princess Consort a surprise or a shock ...

.....

The moon was as bright as silver.

As there were other arrangements later, Lin Hanxing asked Yan Beichen, Li Yuanjun and the rest to return to the Li family first.

"What method did you use to make Gong Chen leave first?"

Song Chenxi turned her head and looked at the delicate little face immersed in the bright white moonlight. She asked curiously.

"It's a secret!"

Lin Hanxing placed her slender fingers on her lips and whispered. The cool night wind lifted her slightly curly hair, making her look like a Night Elf, and there seemed to be a glimmer in her eyes.

Song Chenxi was in a daze.

He couldn't help but recall the first time he met Miss Jiu in Jiang city.

At that time, she was lazy and distant, as if nothing could enter that pair of ice-cold eyes. However, it was this kind of woman who set off a bloody storm in Jiang city again and again with a step-by-step plan.

"Do you think the second Princess Consort is starting to regret provoking you?"

It was rare for Song Chenxi's delicate porcelain-white face to show a relaxed smile of gloating over her misfortune. It instantly melted away the dark twilight that originally covered her body and even added some vitality that someone of her age should have.

As they spoke, Song Chenxi's driver arrived.

"I should go."

At the mention of separation, song Chenxi's smile disappeared. It was as if a large part of her heart was empty. From the corner of her eye, she saw Lei Xiao, who had finished talking to yunbai, walking towards the two of them. As he walked, he took off his suit jacket and draped it over Lin Hanxing.

[Chapter 1384](#)

1384 New trouble

Perhaps it sensed song Chenxi's gaze, the Thunder Hawk's sharp eyes swept over her coldly.

He nodded and retracted his hand.

Only in front of Han Xing would this man not be stingy with his strong feelings, wantonly pampering and spoiling her, without any bottom line to speak of.

Other than that, no other woman could enter his eyes.

Song Chenxi got into the car.

"Leave song Zhiyun's matter to me."

Lin Hanxing's arms were folded in front of his body, his long curly hair scattered in the cool evening wind, and there seemed to be a light floating in his eyes.

He spoke to song Chenxi, who had already sat in the car.

"The only thing you need to do is to have a good rest."

Upon hearing this, song Chenxi and Lin Hanxing looked at each other. As the car window slowly closed, their faces finally disappeared from each other's sight ...

Lin Hanxing watched as song Chenxi's car left. Almost at the same time, her face turned cold.

"You've been watching for so long and you're still not ready to come out?"

A cold voice rang out, causing the hearts of those who were peeking in the dark to skip a beat.

At first, she subconsciously felt guilty, but then she instinctively straightened her back as if the prying just now had not happened.

Yuan yunrong walked out from the dark in her high heels.

Her line of sight first fell on Lei Xiao, and there was a moment of fascination in her eyes, but when her gaze turned to Lin Hanxing, Yuan yunrong's expression was clearly much more complicated, mixed with a little fear.

At this moment, Lin Hanxing was standing not far from Yuan yunrong.

Wearing Lei Xiao's well-ironed suit jacket, his delicate collarbones were faintly exposed. His aloof and cold aura and the strength of a superior spread in his bones, not inferior to men in the slightest!

"Is there something?"

Lin Hanxing said. His eyes were like a mirror, colder than ice.

miss Lin, do you know that the yuan group has been in big trouble recently because of you? ”

Yuan yunrong took a deep breath in her heart and tried not to appear so weak in her aura.

“Oh?”

Lin Hanxing looked at her coldly. He did not look like he knew or did not know.

But it was also this kind of declaration that made Yuan yunrong unable to help but feel a ball of anger rise in her heart, burning her internal organs and making her feel uncomfortable!

It was like this again!

It’s this kind of attitude again, as if nothing could enter her eyes!

When Lin xiaojiu first came to their house, she had given the yuan family a hard time with this attitude. Why did first uncle choose such a woman to take charge of Yuan Corporation?

“The second Princess Consort couldn’t do anything to miss Lin, so she turned all her anger on our Yuan family! Now, the second Princess Consort wants to buy all the sugar factories under the yuan family at a low price and monopolize the entire sugar market. Do you know what kind of blow this will cause to our Yuan family?”

The sugar industry was the foundation of their Yuan family!

If the second Princess Consort were to take advantage of this opportunity to acquire the yuan family, it would be no less than a tsunami for the yuan family!

now, the yuan Corporation is unstable. Everyone is waiting for you, the new leader, to come forward and stabilize the situation. Miss Lin, you must not ...

Yuan yunrong straightened her slender waist.

“Don’t! Call! People! Lost! Wang!”

After she finished speaking, she sneered and looked at Lin Hanxing provokingly.

“Did you want to say this or did Yuan San want to use your mouth to say it to me?”

A faint voice drifted into Yuan yunrong’s ears with the night breeze, instantly waking her up!

How could she forget that the woman in front of her could stir up a storm invisibly and was merciless when it came to taking lives!

“It’s ... It’s what I wanted to say, so what? So what if my father used my mouth to say it?”

[Chapter 1385](#)

1385 What about the next time?

Lin Hanxing’s lips curled up when he heard this.

He smiled and said nothing.

However, Yuan yunrong, who was standing opposite him, felt a chill run down her back and subconsciously took a step back!

She could not deny that she was afraid of her!

Especially when she met that pair of mocking beautiful eyes that seemed to be smiling yet not smiling, Yuan yunrong felt as if Lin Hanxing had seen through everyone's thoughts behind her back.

This made Yuan yunrong somewhat regret coming here!

Originally, her father had wanted her to do this job at the banquet tonight. In fact, with Hua Nong's impulsive and reckless personality, she was indeed the most suitable person to do this job.

However, tonight's charity banquet was not peaceful ...

He had missed too many opportunities!

Out of the corner of her eye, she subconsciously glanced at Lei Xiao, but saw the man's ink-soaked eyes staring at her. This discovery immediately made Yuan yunrong's heart beat wildly as if it had been resuscitated.

Just as he was about to speak, he heard Lei Xiao's voice.

"Get lost!"

His originally dark eyes suddenly burst out with a cold chill, like a sharp arrow piercing through the heart. Immediately, Yuan yunrong's face turned pale, and she even forgot to say the words that were at the tip of her tongue!

As if by reflex, he turned around and fled!

"Why did you scare her?"

Lin Hanxing said helplessly to his husband as he looked at the sorry but graceful figure.

"Her eyes ..."

That kind of slimy and slimy gaze, as if he was fantasizing about something, made Lei Xiao subconsciously feel disgusted and displeased. Not sending someone to make the other party disappear from this world was already giving face to Yuan shaojing!

Lin Hanxing looked at Lei Xiao's angry expression and could not help but reach out to pinch his cheek.

The firm outline and the hard feeling of his hand made her love it so much that she couldn't let go!

"Miss Lin ..."

A black business car stopped beside the two of them. When the window rolled down, uncle Hai's face was revealed. The wrinkles between his eyebrows were so deep that they could trap a fly. He looked at Lin Hanxing and wanted to say something but stopped.

"Send me here first."

Lin Hanxing and Lei Xiao got into the car. Without waiting for uncle hai to speak, they passed him an address.

The moment he saw the address, uncle Hai's expression was a little subtle.

Yuan San has gathered the other board of Directors and is holding a board meeting at Yuan Corporation tomorrow. On the surface, it's to discuss how to deal with the yuan corporation's recent crisis, but in fact, they're here for you!

In the dark carriage, uncle Hai's eyebrows furrowed again.

"A bunch of bastards!"

"Uncle hai, calm down."

In contrast to uncle Hai's anger, Lin Hanxing's expression remained unchanged, as if this matter had nothing to do with her.

"Miss Lin, do you need me to call Mr. Yuan to inform him ..."

After hesitating for a while, uncle hai asked tentatively.

However, before he could finish his sentence, he stopped abruptly when he met Lin Hanxing's gaze.

"I can get him to help me settle this time, but what about the next time?"

This simple question stumped uncle hai.

After a while, he sighed.

In fact, uncle hai had already called Yuan shaojing in Jiang city before he came. Mr. Yuan's answer was the same as Lin Hanxing's.

Since he had handed the yuan Corporation over to her, Yuan shaojing had no intention of coming back to country G to clean up the mess.

Uncle hai also understood that Lin Hanxing was right.

According to the current situation, there would only be more and more trouble in the future. Could he still call him Mr. Yuan every time?

"The second Princess Consort and the senanda family behind her have always been coveting the yuan family's sugar industry. In recent years, the raw materials and operating costs have soared, but they refuse to allow the price of sugar to rise for their own selfish reasons! They're clearly waiting for the yuan family to collapse and swallow them up!"

[Chapter 1386](#)

1386 The battle for the sugar King

Lin Hanxing did not say anything. He only turned the Dragon-Phoenix ring on his finger, and no one knew what he was thinking.

In country G, the rice candy was a standardized product, and the production price was strictly controlled. In recent years, due to the high cost and supply shortage, as well as the blow of the global economic downturn, Yuan corporation's performance had been affected.

And this time, the senanda family was clearly not going to let the yuan family off the hook!

"Their appetites sure are big."

The Thunder valiant beast said in a low voice.

The reason why Yuan shaojing was able to lead the yuan family to become the richest man in country G was because he had monopolized 80% of the sugar industry in country G.

Now that the sainanda family and the second Princess Consort were going to take the yuan family away without any regard for the yuan family's reputation, it was obvious that they really hated the yuan family and the people behind them!

in fact, ever since the news of Mr. Yuan's selection of a successor spread to G country, there has been a force secretly adding fuel to the fire and wantonly spreading the news that ...

Uncle hai was about to continue, but when he met Lin Hanxing's eyes, he came back to his senses and swallowed his words with an awkward expression.

they wantonly spread the news that Yuan shaojing is old and muddle-headed. They're joking about the yuan family's future.

What uncle hai did not say, Lin Hanxing had already filled in for him with a faint smile. This immediately stunned the other party, who did not know how to continue.

"Yuan San must have put in a lot of effort in this."

Lin Hanxing rested his elbow on the edge of the car window and smiled.

Uncle Hai's expression was awkward.

As long as he thought of the troubles in Mr. Yuan's family, he could do nothing but sigh.

first, he let the rumors spread and create panic, then he used external pressure to make everyone worried about the urgency of the matter. He blamed everything that happened during this period on Yuan shaojing's blind choice of an incapable successor ...

He had schemed against her and also dragged Yuan shaojing into the water ...

It also caused panic in the yuan family, and even the entire Chinese circle was in turmoil ...

This plan of killing several birds with one stone was played beautifully!

"What a pity ..."

Looking at his wife, Lei Xiao's Hawk-like eyes softened a little.

"A pity?"

Lin Hanxing's voice rose at the end, like a cunning little fox.

"I met you!"

In order to let the Lin family receive their retribution, they had patiently laid low for 18 years. This incident alone was enough to prove his wife's character. It was a pity that those people only saw her youth!

It was also because of her young age that those people had treated her lightly from the beginning.

"No," she said.

Lin Hanxing winked at Lei Xiao.

"They encountered us!"

From the day she married him, there was one more person in her life plan. No matter if it was rich or poor, or if it was smooth sailing, she had never thought of separating from Lei Xiao.

Looking at the two of them, uncle Hai's heart, which had been uneasy since he received the news, finally settled down.

Mr. Yuan believed in miss Lin.

It was because of this that he would support miss Lin's every decision unconditionally.

I'll sort out all the documents for tomorrow's board meeting and hand them to you later ...

Because there were many things to pay attention to, uncle hai had to mark out the key points, so there would be a delay.

The originally moving business car had now quietly stopped in the dark night.

Through the car window, he could vaguely see the police station sign at the door.

"Uncle hai, we'll be out soon ..."

.....

Lin Hanxing and Lei Xiao bumped into Gong Chen and his lawyer as soon as they entered the room!

The latter's face immediately turned cold!

[Chapter 1387](#)

1387 The word "regret" adds to the heart

"From Mr. Gong's expression, you don't seem to be in a good mood."

Lin Hanxing knew how to add fuel to the fire, and the moment he opened his mouth, the temperature in the room dropped!

"Lin! Small! Nine!"

Gong Chen's cold features tensed up. It was obvious that he was trying his best to hold back, but Lin Hanxing was obviously not going to let this man go, and he did not hide the mockery in his eyes.

Gong Chen, I'll just tell you directly. Song Zhiyun will be locked up there for at least three days. It's useless no matter how many connections you try to use to pressure him. If you don't believe me, you can try!

Lin Hanxing was still wearing the same black dress she wore at the charity dinner tonight, but it was this color that added a little coldness to her.

"I, Lin Hanxing, will keep my word!"

"What good does it do you to hurt Zhiyun like this?"

If the accompanying lawyer had not tried his best to stop Gong Chen, he would have already rushed toward Lin Hanxing.

Lin Hanxing looked at Gong Chen.

As she turned the ring on her finger, the diamond bracelet on her wrist cracked.

"There's no benefit, but I'm happy."

Lin Hanxing's lips curled up provocatively as he finished his seemingly unreasonable sentence.

Gong Chen's lawyer broke out in a cold sweat!

This was really an ancestor who wanted to kill!

there aren't many things in this world that can make me happy, so I'll cherish them even more ...

It was obvious that Lin Hanxing was not afraid of Gong Chen, which was why he had been walking on the edge of danger time and time again. However, not being afraid did not mean that he had the patience to continue wasting time with him.

alright, Mr. Gong, I'm going to go in and visit the little white Lotus that has been ravaged by the storm. I won't disturb your precious time.

Lin Hanxing was about to walk past Gong Chen after he finished speaking.

Lin Hanxing, tell song Chenxi to come at me if she has anything to say. I know that she's innocent!

No one noticed the struggle in Gong Chen's eyes when he said this.

Lin Hanxing stopped in his tracks.

He looked forward expressionlessly.

On the back of the white hand, there were faint blood vessels moving, and only the Thunder valiant beast could feel the subtle change.

"Gong Chen, do you know how to write the word" regret "?"

Suddenly, just when everyone thought Lin Hanxing would get angry, she turned her head around coldly and said this to Gong Chen.

Gong Chen was stunned and didn't speak.

“Every word in the heart is regret.”

Every day and night, he had to suffer heartache. This was regret.

After Lin Hanxing finished speaking, he gave Gong Chen a meaningful look, then turned around and walked inside under the guidance of a professional ...

.....

Song Zhiyun was like a frightened quail. He curled up his legs and sat in the corner. He looked out of the iron fence, hoping that Gong Chen would appear in the next second to take her away from this damn place!

She was shocked and cold.

Ever since he was born, song Zhiyun, who had been living in luxury, had never been humiliated like this!

Lin xiaojiu ...

Song Zhiyun subconsciously bit her nails, and soon, her nails became uneven.

“I think I heard someone calling me.”

Suddenly, a cold female voice rang out in the quiet environment. Song Zhiyun was so frightened that he buried his face in his knees. After a long while, he raised his head again, trembling.

The door opened.

Outside the hazy shadow, a slender figure elegantly approached. It was like a dream, giving people a sense of surrealism.

it's only been a few hours, but second miss song seems to be much more Haggard.

[Chapter 1388](#)

1388 If he lost everything

Lin Hanxing looked down at the woman in front of him, his eyes deep and cold.

At this time, song Zhiyun's makeup was in a mess, and he looked dispirited as if he had been hit by the rain and the wind. He was in a panic.

His face was pale and bloodless.

The haute couture gown he was wearing had lost its luxurious color. In this cold and humid environment, he could not even keep himself warm.

“Lin! Small! Nine!”

Looking at the culprit who had left a stain on her life standing in front of her, song Zhiyun's heart was filled with anger. She was about to rush towards Lin Hanxing!

However, before he could get close, he was already lying on the ground.

The intense pain in her knee seemed to be reminding her that she had overestimated herself!

Song Zhiyun panted heavily as the sound of high heels clattering like death knell rang in his ears ...

Tada, tada ...

It wasn't until a pair of high heels appeared in her line of sight that song Zhiyun's eyes widened in horror.

In the next second, her jaw was slowly lifted.

"What a pair of eyes that can speak!"

Lin Hanxing's eyes flashed coldly, but there was a smile on his lips.

"Which man would be able to hold himself back when he sees such a pair of eyes?"

As his voice fell, his cold fingers slid across song Zhiyun's tofu-like skin, causing waves.

Song Zhiyun didn't dare to speak. He pursed his lips tightly and his eyes flickered with fear!

She did not even dare to look at Lin Hanxing.

But even if he didn't look at her, he couldn't ignore the intimidating feeling that came from that woman!

"Chen will definitely save me!"

Song Zhiyun struggled to find her voice, but it was a trembling and unconfident voice that even she couldn't bear to hear.

Hearing this, Lin Hanxing smiled.

"Then you just wait."

Lin Hanxing released his grip on her jaw and a chair was brought in. Lin Hanxing sat down leisurely, but his eyes did not leave the pitiful little white flower.

He did not speak.

His gaze was as cold as ice.

She saw a person's shadow in her.

He was the person that Lin Hanxing had not thought of for a long time after he came to Xuelan province.

Cheng Lingyun!

"I have no grudges with you, why are you meddling in the song family's business!"

Seeing that Lin Hanxing had not spoken for a long time, song Zhiyun mustered up his courage and shouted. What right did an outsider have to interfere in the matters between the sisters?

Lin Hanxing didn't seem to hear him and left song Zhiyun there.

His expression was calm.

"How much did my sister give you to deal with me? I can give you twice the amount! No! Three times!"

Suddenly, song Zhiyun spoke in a hurry.

“Really, I swear!”

“Hehe.”

As soon as song Zhiyun’s words fell, a mocking laugh suddenly sounded from a dark corner.

That laughter made song Zhiyun’s voice stop abruptly. She looked over and realized that she had been standing there the whole time. It was just that the light was too weak, so she didn’t notice!

After seeing Lei Xiao, song Zhiyun finally realized how stupid his words were!

Lin xiaojiu’s man was Lei Xiao!

Just based on this, she was not short of money!

Ah ‘Chen had once mentioned to her that although young master Lei seemed to be a man of few words, he was in fact a ruthless character!

In addition to his identity as the president of the Lei Corporation, he also secretly controlled the lifelines of the world’s independent water, land, and air transportation. Not to mention, there was also the business in his hands. The things that this man carried behind him were unimaginable!

Would his woman lack money to spend?

“Song Zhiyun ...”

Lin Hanxing looked at her with a meaningful look. In fact, she came here today to ask her a question.

“If he lost everything, what would you do?”

Her slender fingers tapped on the armrest of her seat. She seemed to be speaking casually, but there was a hidden surge of emotions in her words ...

[Chapter 1389](#)

1389 Because I can’t make any mistakes

Song Zhiyun was stunned. He suspected that he had heard wrong!

Who would lose everything?

Who was she referring to?

Lin Hanxing looked at song Zhiyun coldly. It was obvious that he wasn’t going to answer her question. After saying this, Lin Hanxing slowly got up, not planning to stay any longer.

Back then, the yuan family’s second young master had schemed to break Yuan shaojing’s knees and made him leave the yuan family like a dog. Apart from aunt Mian, no one else had come to help him in his hour of need.

For thousands of years, no matter how the history changed, human nature had never changed!

Song Zhiyun, I’m looking forward to your choice ...

.....

When he returned to the car, uncle hai had already organized all the information into a book and handed it to Lin Hanxing immediately.

After a simple look, she had a new understanding of Yuan shaojing's business skills.

His decision to break into the International sugar market when he saw the rising trend of sugar prices in the International market was enough to show that he was extraordinary. In a short period of time, he had successfully controlled nearly 80% of the sugar market in country G and its surrounding countries!

At his peak, Yuan shaojing alone controlled 10% of the world's sugar market trade!

At the same time, he had also led the yuan family to become the richest Chinese man in country G!

And this position was still occupied by the yuan family until today!

For Lin Hanxing, if the relationship between Yuan shaojing and aunt Mian wasn't affected, his ability, vision, and vision were worthy of her admiration.

After all, Yuan shaojing had personally brought up aunt Mian.

"Yuan san's wishful thinking is well calculated!"

Lin Hanxing leaned against the leather seat with all his weight, the corners of his mouth curved up.

Yuan San was truly a person without great wisdom, but he was constantly clever in small ways.

Even now, Yuan San had not given up on his desire for control of the yuan family, but he had learned to find the best time to cause trouble for Lin Hanxing, the successor handpicked by Yuan shaojing!

if I can solve this problem smoothly, then I'll have offended the second Princess Consort and the power behind her. If I can't solve this problem, then I'll have a reason to tell the board that I don't have the qualifications and ability to manage Yuan Corporation!

No matter what, he, Yuan San, would not suffer a loss!

Waiting to reap the benefits!

Just as he was speaking, his phone beeped with a FaceTime notification.

It was from Eric, Zhan Nanheng.

Lin Hanxing picked up the call and the video on the other end of the line was displayed on the screen.

"Someone really did touch the jewelry box!"

Zhan Nanheng's adorable baby face was now covered in frost. His brows were sharp and murderous, and anyone who saw it would be frightened!

"Yes, don't beat the grass and alert the snake."

In contrast to Zhan Nanheng's excitement, Lin Hanxing spoke indifferently without any fluctuation in emotion.

Perhaps it was this calmness of hers that calmed the raging Zhan Nanheng down.

“No matter what, you can always be the calmest one!”

Zhan Nanheng’s voice carried an indescribable sense of loneliness.

Lin Hanxing did not say anything.

In the past, she would have chosen to ignore him, but she had learned to be sympathetic.

“Because I can’t afford to make any mistakes.”

Everything that Lin Hanxing controlled did not allow her to make any mistakes, so she could only calculate the worst possibility before the other party made a move against her.

Over time, it became an ability.

“Not even a little bit.”

When Zhan Nanheng heard this, he was stunned for a moment, then his eyebrows relaxed.

“That person is a trusted aide who has been by the first wangfei’s side for many years. He had been lying low, but who would have thought ...”

[Chapter 1390](#)

1390 That was his dignity

Lin Hanxing raised an eyebrow. The effect was obviously much better than she had imagined.

“Who would have thought of exposing themselves for such a small matter, right?”

The expression on her face looked extremely cold through the screen, even her voice was the same.

“That’s because the second Prince didn’t let the second Princess Consort know about this.”

The amount of time and effort needed to cultivate a ‘hidden force’ was obviously not the focus of the second Prince’s attention. It was also because of this that the person who was originally going to be used on the steel blade was so easily wasted.

On the other end of the video call, Zhan Nanheng didn’t say anything.

This style of picking up sesame and throwing away the watermelon was indeed not something that the second Princess Consort would do!

“Do you really think that the second Prince can find the things in the safe?”

To be honest, Zhan Nanheng was not optimistic about this.

Unexpectedly, Lin Hanxing laughed the moment he heard this.

Her eyes and brows relaxed, and even the mole under her eyes looked extremely flirtatious.

“Not only will he find it, but he will also find it in the shortest time possible!”

“You’re so sure?”

Zhan Nanheng really didn’t know why his childhood friend had such great trust in the second Prince this time.

ever since he brushed shoulders with the Crown Prince, the second Prince has been suppressed by us until now. Although he is brainless, he has been held in high regard by everyone all these years. Do you think he is really willing to accept this? ”

Lin Hanxing asked instead of answering.

Zhan Nanheng’s lips moved, as if he wanted to say something.

However, Lei Xiao’s next words immediately made Zhan Nanheng quiet down.

“That’s his dignity.”

“I know.”

After a long while, Zhan Nanheng finally found his voice.

“I’ll send someone to keep an eye on the second Prince and the major banks under the senanda family. I’ll inform you as soon as I get any news.”

Then, he hung up the video call.

As for Thunder valiant beast, he had just finished a conversation with Yun Bai.

“The jewelry box was delivered to the organizer through special channels. I’ve sent people to investigate, and the address information is fake, but there’s one thing I can confirm ...”

Thunder valiant acted quickly, and investigated all the information about the jewelry box in the shortest time possible.

Lin Hanxing met his gaze.

“The source of this jewelry box is Rou city!”

Rou city, Rou City State again!

Lin Hanxing did not say anything, but his brain was quickly sorting out the information about this place.

The matter regarding Yuan Bao’s mother ...

The sheep head ...

The royal family of Rou city ...

Now, Zong qinsu’s matter was also added ...

It was as if there was an invisible net that pieced together all the seemingly messy nodes to form the same destination ...

Rou city!

“Interesting!”

Lin Hanxing looked out of the car window.

There was a unique sense of mystery and beauty in the city shrouded in darkness.

It was really ...

This is very interesting!

.....

The next morning.

When Lin Hanxing came down, second young master Lei was making coffee.

“Big brother went for his morning run. Would you like a drink, sister-in-law?”

Seeing her come down, Lei min smiled warmly. The second young master of the Lei family, who was usually as white as the snow on the mountain peak, but could not be seen, had a different side to him.

Because of the charity banquet yesterday, most of the people were still asleep.

Lin Hanxing did not comment and quickly took the cup of hot coffee from Lei Qian.

She had just taken a bite when her hand paused.

He turned his head to look at Lei min, not knowing what he was thinking.

“Stop drinking.”

Seeing that Lei min was about to take a sip of the coffee, Lin Hanxing suddenly reached out and grabbed the cup. He took the coffee from Lei min’s hand and placed it on the table with a clatter.

Lei min raised his head, his eyes filled with confusion.
