

Goodnight 1401

[Chapter 1401](#)

1401 I promise

"If you don't believe me, according to the Board of Directors" regulations, I will buy back your shares at three times the market price. You can choose your own way out. I, Lin Hanxing, will not have any complaints! In the same way, I will issue an official document later. If any staff member wants to leave, I will also ask the finance department to pay them three months of salary as compensation!"

Lin Hanxing said this calmly, but the content set off a storm!

After her arrogant declaration, the entire Yuan Corporation was in chaos. If this document was sent down, the loss of personnel would be inevitable!

but if you are willing to believe me ...

Lin Hanxing tapped the table with his fingertips, making a knocking sound.

within half a month, Yuan Corporation will be able to reach a new level on top of the current Foundation!

As soon as he said that, everyone was in an uproar!

Even elder qu couldn't help but frown!

Even though Yuan shaojing had already called him, wasn't this little girl's style of doing things a little too radical?

"I promise!"

He looked down at the shocked, disdainful, broken down, or scrutinizing eyes ...

Lin Hanxing smiled ...

.....

The royal family.

that's all I wanted to convey through the media today.

With this sentence, the TV screen was turned off by someone, and only the sound of heavy breathing was left in the room.

"Who would have thought that her first battle after taking over the yuan Corporation would be so unexpected!"

After some treatment, Rou city's old su bu's face no longer showed any signs of illness. He took a sip of ginseng tea and slowly spoke.

Xue Lansu didn't say anything. She was still holding the remote control in her hand, and no one knew what she was thinking.

"I also want to see how capable she is!"

After a long time, he finally said this ...

.....

Almost at the same time, after watching the same video, the Hong triad headquarters burst into deafening laughter!

The president of the PU CI Chamber of Commerce described the ashen faces of the yuan group's Board of Directors to elder Chai.

It was so vivid!

"Good! What a good Yuan shaojing! What a good Lin little nine!"

Old Chai's gloominess from the past few days was swept away as he laughed and slapped the armrest of the yellow Rosewood Chair!

"Is there any news from the senanda family?"

Wasn't this just like someone delivering a pillow when you were drowsy!

Even in their dreams, the senanda family wanted to control the rice sugar industry. Unfortunately, they couldn't find a way to do so under Yuan shaojing's suppression for many years. Now, the yuan family had taken the initiative to hand over their power ...

don't mention it. Everyone in the senanda family is ready!

The president of the general CI Chamber of Commerce was also full of smiles.

Ever since Lin xiaojiu had made things difficult for him and destroyed the PU CI Chamber of Commerce that he controlled, he had hated Lin xiaojiu and the Li family. However, the Li family was no longer the same as before. They were no longer people he could control as he pleased!

"Alright! Good!"

Old Chai rubbed his palms repeatedly, clearly extremely excited.

"Do you think we should take advantage of the chaos to ..."

The president of the PU CI Chamber of Commerce reached out his hand and made a fishing gesture, his meaning obvious.

"Let's wait a little longer ..."

Thinking of Hua Ji, which had always supported the yuan family, and old man mu, the smile on elder Chai's face became more and more treacherous.

When the yuan family fell from their position as the richest family in country G ...

Hehe!

Just wait and see. He didn't need to do anything. There were many people in the entire snow orchid who wanted to devour The Golden House!

No one would have thought that just as Xue LAN and the entire country G were shaken by Lin Hanxing's declaration, the second Prince had arrived quietly ...

[Chapter 1402](#)

1402 Reappearing in the world (1)

The second Prince had quietly arrived at the suburbs of snoworchid. The most historic bank under the senanda family was standing there quietly.

The bank building was originally left behind during the old colonial period, so it was quite a blend of Western and Nanyang colors, exuding an old taste everywhere.

It was the first Bank owned by the senanda family!

It was also the beginning of the senanda family's glory!

However, second Prince farrick was not in the mood to enjoy the scenery. He quickly walked into the bank.

"Get lost, you old thing!"

When he passed by the door, an old beggar rolled in front of him and rubbed against farick's leather shoes, which immediately made him furious.

With an "oh no," the old beggar rolled back into the shadows as he had come.

This short interlude didn't affect farick's boiling blood. Thinking about the big thing he was going to do next, he couldn't wait.

Very quickly, second Prince farrick's figure disappeared through the door.

Almost at the same time, the old beggar's face appeared in the dark. He took a bamboo leaf from somewhere and blew it without any pattern ...

.....

The second Prince was quickly led to the core of the bank by his staff.

that year, the client extended the lease for another fifty years and paid the full amount in one go ...

The bank Butler looked to be in his 50s. He was dressed in a black uniform and looked very elegant.

However, farrick was too lazy to listen to him. This time, he even shook off his bodyguards for fear that they would report to his mother and ruin his plans!

cut the crap! Open it!

Farrick's tone was excited and impatient. He couldn't wait to take this thing to his mother to claim credit!

Didn't she, Lin xiaojiu, look down on her?

Did she think that he was a good-for-nothing and a good-for-nothing?

Then he would let that woman see his ability!

"Okay, please give me the mother key."

The Butler of the bank, who was wearing white gloves, carried the wooden tray to Farrick with a perfect smile on his face.

Without any hesitation, Farrick placed the items on it.

Very quickly, the bank Butler found the set of keys. With a click, the two keys combined into one.

"Please follow me."

After confirming that there was no mistake, the bank Butler used iris recognition security equipment to open the passage to the VIP safe. For a moment, the wall in front of him split into two and slowly extended to both sides.

All the blood in Farrick's body started to burn!

Hurry up!

Just a little faster!

The real leather shoes on their feet stepped on the marble floor, leaving a reflection. No one noticed that the bank Butler was constantly rubbing the hidden button on his wrist.

What was even more unexpected was that at this time, in the monitoring room of the bank, the staff who should have been dedicated to their duty was sleeping on the instrument!

A tall and straight shadow stood in front of the big screen, his fingers quickly jumping on the keyboard.

Soon, the scene on the screen rewound to ten minutes ago. If one didn't look carefully, one wouldn't be able to see any abnormalities at all ...

"This is the place."

Finally, the bank Butler stood in front of a safe.

"Don't talk nonsense, quickly open it!"

Farrick urged anxiously!

"Alright," he said.

With a creak, the bank's steward used a key to open the safe. A rotten smell gradually spread in the air, and the secret that had been sealed for a long time finally reappeared in the world ...

Farrick's eyes lit up.

An unforeseen event also happened at this moment ...

[Chapter 1403](#)

1403 Reappearing in the world (2)

After a dull thump, the excited second Prince farrick fell to the ground.

The bank Butler turned his wrist and sneered at him ...

.....

Yuan Corporation.

The door of the International Conference hall, which had been closed for two and a half hours, suddenly opened from the inside. The Board of Directors walked out with thoughtful or gloomy expressions. The situation didn't look good in their eyes.

Lin Hanxing was the last to leave.

"Miss Lin ..."

Elder Qu's deep voice caused everyone to pause in their tracks.

"You should know that we are only giving Mr. Yuan face."

In other words, if you fail, the prestige that Yuan shaojing has built up over the years will be destroyed!

if you can't give the Board of Directors a satisfactory answer in a week, please bear all the responsibility on your own. As for all the losses that Yuan group will suffer during this period ...

Elder Qu's eyes were like torches as he stared at her face.

"The Board of Directors reserves the right to pursue legal responsibility!"

"Miss Lin ..."

Uncle hai subconsciously looked at Lin Hanxing nervously, afraid that she would suddenly lose her temper. After all, there were too many similar cases in Jiang city, even Mr. Yuan had suffered.

Lin Hanxing glanced at uncle hai and then looked back at elder qu.

Just when everyone thought she would say something, they saw her smile mysteriously and walk towards the private elevator.

The elevator door slowly closed, blocking everyone's view.

"You've arrived?"

Uncle hai and Yuan Kang stood on either side of Lin Hanxing. They were stunned by her sudden question.

Only then did he realize that Lin Hanxing was wearing a Bluetooth headset.

"Wait for me,"

In the reflection of the elevator wall, Lin Hanxing's aloofness in the International Conference hall was gone. He had become a different person, and even the corners of his eyes and the tip of his brows were filled with spirit.

Needless to say, it must be Lei Xiao downstairs.

Yuan Kang seemed to have been used to it, as he curled his lips.

Fortunately, the elevator reached the first floor very quickly.

As soon as the elevator door opened, Lin Hanxing was surrounded by a group of reporters. For a moment, the sound of flashes and cameras snapping away could be heard.

miss Lin, did you go through Mr. Yuan shaojing's approval to announce your proposal to the public? "

what are the yuan corporation's plans after withdrawing from the sugar industry in country G? "

"Miss Lin ..."

The reporters' questions were like a barrage of cannonballs. At this time, the elevator that some of the board members had taken had also reached the first floor, and it became even more lively.

Knowing that Lei Xiao was waiting outside, Lin Hanxing's expression became impatient.

On the other hand, Yuan San couldn't help but clear his throat after seeing so many reporters. It was obvious that he wanted to take this opportunity to show his face in front of everyone.

"Please make way."

Just as Yuan San was about to open his mouth to steal the limelight, a low male voice suddenly rang out not far away.

Lin Hanxing's eyes lit up.

He was looking at the other party through the crowd!

The reporters followed Lin Hanxing's gaze and looked over. When they recognized the other party's identity, their breathing stopped!

The cold, hard, and smooth black marble floor reflected the man's strong and straight body. His slim figure was wrapped in a purely hand-made black suit. His height of nearly 1.9 meters was enough to give people a suffocating sense of oppression just by standing there!

Who else could it be but young master Lei?

The crowd automatically made way for him.

The place that had been as noisy as a wet market earlier was now dead silent.

It was so quiet that even the sound of Lei Xiao's leather shoes stepping on the marble could be heard clearly!

[Chapter 1404](#)

1404 Reappearing in the world (3)

Very quickly, Lei Xiao arrived in front of Lin Hanxing.

His eagle-like eyes seemed to be immersed in a cold pool, and his cold and serious expression made people not dare to overstep their boundaries. He was noble and full of distance, but it made women want to break his iciness with their own strength!

“I’m here to pick you up.”

As for the gazes of the people around him, he ignored them all.

He focused all his attention on his wife.

“Yes.”

Lin Hanxing’s long eyelashes blinked slightly, and her white fingers had already grabbed the man’s large hand.

Without answering any more questions, the two of them left the circle of reporters, holding each other’s hands. This time, in the silent atmosphere, no one stopped them!

Or rather, he didn’t dare to stop them!

.....

The black multi-purpose vehicle with a high bullet-proof coefficient slowly drove on the road to the suburbs.

“Compared to dealing with those stubborn old men, I’d rather go home with you and have children!”

As soon as they got into the car, Lin Hanxing kicked his high heels to the side. He tilted his head and leaned on Lei Xiao’s shoulder. His palm-sized face was white and tender, making people want to pinch it.

In fact, Thunder valiant had indeed done so!

“Oh ...”

Lin Hanxing covered the side of his face, his eyes were like a pool of water, moist.

“I found farick.”

Lei Xiao’s eyes were dark and deep, and Lin Hanxing’s face immediately turned serious.

Liang yuran has already gone through all the records in the surveillance area. As we expected, after your announcement this morning, all the attention of the senanda family has been diverted.

“The thing ...”

“In the bank.”

Lin Hanxing’s heart calmed down when he heard Lei Xiao’s name.

I’ve already informed Zhan Nanheng.

Looking at her expression, Thunder valiant beast spoke in a low voice.

Lin Hanxing wanted to say something, but in the end, he only reached out and patted the back of Lei Xiao's hand ...

.....

The bank under the senanda family.

Farick slowly woke up. Intense pain came from the back of his neck, and the last scene before he fainted jumped back into his mind.

He remembered that he had found the secret of the key, and then ...

Second Prince farik suddenly opened his eyes!

He gritted his teeth!

That damn bank Butler, he must cut him into pieces!

"You're awake."

Suddenly, he heard a faint female voice. It was familiar and made him tremble.

At first, farick's body stiffened. Then, he turned to look at the source of the sound, and his eyes widened in horror.

He saw Lin Hanxing sitting on a red velvet single seat, exuding an air of nobility. His beautiful eyes only swept over him slightly, but it already made farick's whole body tremble.

When she looked at it again, wasn't the thing in her hand the one she had found herself ...

"This one?"

Lin Hanxing followed his gaze and shook the box in her hand. Other than Lei Xiao, no one else could detect the turbulent emotions hidden under her calm appearance.

The answer that they had been searching for was in her hands!

"It's time to return it to its rightful owner."

Farick blinked and didn't seem to come back to his senses for a long time. He just looked at the group of people in front of him in a daze, as if he couldn't believe that he would encounter such a thing in his own territory!

"Dammit! This is my family's bank! How did you guys get in here!"

Perhaps he couldn't accept the fact that the success he was about to achieve was going to fly away like this, but farrick felt his brain buzz and he lost his mind.

Lin Hanxing looked at his hysterical appearance and did not say anything.

"I'm going to tell my mother, I'm going to tell my grandfather, none of you can escape!"

"No, you won't!"

Zhan Nanheng, who had just come in, heard farick's roar and sneered.

[Chapter 1405](#)

1405 Learn to pay for your own stupidity

if you had told the second Princess Consort about this from the beginning, there might have been a chance to turn things around. However, you, farik, just had to act smart and ruin the second Princess Consort's meticulous plan that she had been planning for many years ...

The mockery in Zhan Nanheng's words could not be more obvious. He didn't even bother to hide it.

Qianqian did that because the second Prince did not let the second Princess Consort know about this at all.

Not only would he find Yingluo, but he would also find her as soon as possible!

All of farick's actions were within the calculations of the couple. There was not even a single deviation!

Although Zhan Nanheng was already prepared, when he faced all of this personally, he still recognized his own shortcomings. At the same time, he was once again glad ...

They were friends, not enemies!

"If you say it, then you'll be admitting your own incompetence!"

Following Zhan Nanheng's cold laugh, a loud bang was heard. The second Prince's tightly bound confidant was suddenly pushed in front of him!

Muffled muffled sounds kept coming from her sealed mouth as she struggled desperately.

"It's fine if it's only once or twice, but if it turns out like this every time, how can others trust you?"

When it came to the ability to rub salt on a wound, Zhan Nanheng had become an expert ever since he returned to the royal family. He looked at the second Prince's ashen face and threw the things he had prepared in front of him with a thud.

"But I can give you an idea!"

Zhan Nanheng half-squatted in front of farik, squinting his bewitching eyes.

"Kill him!"

As soon as he said those words, farik's confidant, who was on the ground, suddenly narrowed his eyes and struggled with all his might again!

"As long as you kill him, no one will know what you've done!"

Zhan Nanheng spoke in a low voice, as if hypnotizing him. Farik, who was suffering deep down, began to collapse and waver.

"If you and I don't say anything, who else would know that you had once stolen this thing?"

Zhan Nanheng was using his naturally seductive voice to bewitch farik!

He spoke word by word according to what Lin Hanxing had taught him. Only God knew how much he had to endure his hatred and gritting his teeth. It was his acting skills that had been honed over the years that had saved him.

Lin Hanxing, who was expressionless from the beginning to the end, only gently stroked the old box with his fingertips. The coldness in his eyes was frightening.

Farick's head was buzzing, and the gun that was reflected in his eyes made his heart beat wildly.

As long as he was killed ...

As long as I kill him, no one in this world will know about my stupid actions?

As long as ...

It was as if there was a voice constantly echoing in his mind, forcing him to pick up the gun in front of him and point it at his trusted aide who had followed him for many years!

The confidant's eyes were filled with despair, as if he had not expected that the young master he had followed loyally for so many years would really choose to abandon him at the critical moment!

Without any hesitation!

He slowly closed his eyes ...

Just as farrick's eyes widened and he made up his mind to pull the trigger ...

Kada kada kada!

The expected gunshot did not sound!

"Farick."

Lin Hanxing, who had been silent all this while, suddenly spoke. The box in her hand was temporarily placed in Lei Xiao's hands.

She slowly got up and walked to farrick.

He reached out and took back the gun that was not loaded.

"You have to learn to pay for your own stupidity."

Farick looked up at Lin Hanxing in a daze. The next second, he felt an itchy pain on his neck.

A blue drug was being injected into Lin Hanxing's artery from the needle between his fingers.

"Go to sleep."

After waking up, she would forget everything.

[Chapter 1406](#)

1406 Planting a hidden nail

With a thump, farik fell to the ground and fell unconscious.

“You’ve heard and seen it.”

Lin Hanxing took the wet tissue from Zhan Nanheng and wiped his fingers. His eyes fell on farik’s confidant. To the latter, it was as if he had been pulled back from hell to the human world.

Beads of sweat rolled down his face like rain.

With just one look, someone naturally stepped forward to remove the object stuck in the other party’s mouth.

“What do you want me to do?”

The other party wasn’t stupid. She had spent so much effort to make him see her position in his heart, so she must have had a plan.

“If the second wangfei has arranged someone to stay by the great wangfei’s side, I want you to do the same.”

It was a very simple principle of equivalent exchange.

“Don’t even think about it!”

Her confidant had been trained. Even if the second Prince had just hurt his heart, it did not mean that he was willing to risk everything to become a hidden nail by her side!

Lin Hanxing looked at him with a blank expression.

No one knew what she was thinking or whether she had the patience. However, an invisible low pressure quickly condensed in the air.

It made it difficult for them to breathe.

“Your wife and daughter are very beautiful.”

After a while, Lin Hanxing placed a photo in front of him.

The two of them in the photo were smiling like flowers, and they were indeed as beautiful as she had said.

“Don’t mess with them!”

As if realizing something, the other party started to struggle again, but this time, it was even more violent. It was obvious that he had used all his strength.

“You should be glad that I’m a man with a bottom line,”

With a click, a lighter appeared in Lin Hanxing’s hand and he lit the photo up from the bottom.

“But the person you follow might not be the same.”

Lin Hanxing and farik’s confidant looked at each other, their eyes indifferent.

“Can you guarantee that the second Princess Consort won’t do what I won’t do?”

Farik’s confidant did not say anything, but his trembling lips easily revealed the answer.

“You’re a smart person, and smart people have their own ways of living. Do you really think that you have a future by following the second Prince?”

Lin Hanxing spoke unhurriedly, but every word he said pierced the other party’s heart!

She walked back to her seat and sat down.

I can tell you that the purpose of my visit to country G is to kill the second Princess Consort!

She would not let go of any of those who had hurt ah Xiao.

She wanted to torture them slowly and let them taste what it meant to be unable to live or die!

“And since I’ve let you see and hear all this ...”

Lin Hanxing did not look at him, he just fiddled with his fingers.

He was halfway through his sentence, but the meaning was already obvious!

He would not be able to bring these words out as long as he was alive.

“I ...”

Farik’s confidant subconsciously looked at him.

don’t worry, he will forget everything that happened today when he wakes up. Besides you, no one else will know what happened here today!

Lin Hanxing said coldly.

“I ... I will help you!”

The moment these words left his mouth, Farik’s confidant weakly collapsed to the ground as if he had been dehydrated.

.....

Soon, the room was cleaned up without a trace of mess.

“Open it,”

Lei Xiao returned the box that was emitting an old smell to Lin Hanxing.

Zhan Nanheng’s gaze was fixed on that spot. The moment he received the news, his blood froze.

Was the secret that had been hidden for so many years finally going to be revealed?

Lin Hanxing did not say anything.

She also wanted to know what exactly was inside that could cause so many lives to be lost so many years ago!

[Chapter 1407](#)

1407 The beginning of all grudges

Li garden.

Everyone held their breath nervously as they looked at Lin Hanxing.

“There’s a password.”

It was a seven-digit password.

On the way back, Lin Hanxing had been studying it.

“Your parents’ birthday?”

Bai Xi nodded.

Lin Hanxing did not say anything. She had tried all the numbers that she could, be it birthday or anniversary, she could not open the box successfully.

“Why don’t we smash it open!”

As soon as Yuan Kang opened his mouth, Lei Xiao’s devouring gaze swept over!

“I’m ... I’m just joking!”

Even if he was given a hundred guts, he wouldn’t dare to!

“What about ninth young lady’s birthday?”

Jiang Xibao said tentatively as he hugged the pillow. The White chubby boy’s face was filled with anxiety.

Lin Hanxing shook his head.

Although Zhan Nanheng didn’t say anything, the anxiety in his eyes was obvious.

Anyone who was about to touch the truth but was blocked by a wall would be like this!

“Let me think about it.”

Lin Hanxing leaned back on the sofa and pinched the space between his eyebrows.

Thump ...

Suddenly, the sound of a piano rang out in the large living room!

Everyone turned to look at the sound. Realizing that they had made a mistake, the two Tibetan Mastiffs, ah Zuo and ah you, buried their big furry heads in their front paws and whimpered.

In mommy’s heart, Yingluo is the brightest star in the sky!

Lin Hanxing closed his eyes and curled his slender fingers on his lap, as if a memory was being unlocked.

It was the smell of her mother.

It was soft and fragrant.

What if Yingluo didn’t know if it was a bad person knocking on the door?

Little Hanxing looked up at her mother who was sitting under the Viburnum tree in the courtyard. The sun was so beautiful that she couldn't open her eyes.

Yingluo, just tell us our password!

Yingluo, what's our password?

What was ... The clearance password?

Lin Hanxing's closed eyelids trembled slightly as if he was reminiscing ...

Her mother hugged her and hummed softly, waiting for her to come back from the company ...

Suddenly, Lin Hanxing opened his eyes.

She quickly fiddled with the password lock in order.

It instantly attracted everyone's attention.

When her hand quickly reached the last number of the seven figures, everyone's hearts jumped into their throats!

With a click ...

The dust settled!

"1155665?"

The glistening bamboo strips.

Lin Hanxing slowly opened the old wooden box.

This was the beginning of all grudges ...

No one spoke, and time seemed to have stopped following Lin Hanxing's movements.

"What, What is this?"

Bai Xi, who was closer, widened her eyes as she watched Lin Hanxing reach out and take out the thing from the box. The penetrating sunlight poured in through the floor-to-ceiling windows and illuminated the thing in her hand.

It was half a piece of gold embedded Jade!

"Suet-grade Jade!"

Lei Jing could tell at a glance that this was definitely not an ordinary item!

Coupled with the twining of the Golden rattan, this thing could be called a family art piece!

Under the sunlight, the Jade was clear and warm.

"There are words!"

The Thunder valiant beast said in a low voice.

Only then did everyone notice that there seemed to really be words where the light passed through.

“Quickly take a look, what words are they!”

Yuan Kang urged. He felt as if a small hand was scratching his heart.

No one noticed that Thunder valiant beast’s eyes had turned thoughtful in an instant.

Lin Hanxing turned the thing over.

Because there was only half of the Jade, there was only half of the words.

“It’s a traditional Chinese character ...”

Bai Xi mumbled, afraid of missing out on any valuable clues.

“What word is it?”

Yuan Kang turned his head left and right, but he still couldn’t recognize her.

Just as everyone was still thinking, they saw the mute uncle suddenly take a pen and paper and start writing on the table!

[Chapter 1408](#)

1408 The Dragon

Very quickly, a traditional ‘Dragon’ character appeared before everyone’s eyes.

It was vigorous and powerful, with the style of a great master!

After he finished writing, the mute uncle covered half of the words with his large palm. It was obviously the same as the words on the half of the piece of gold and Jade!

“Dragon?”

Everyone was stunned.

“The long family of the capital!”

Lei Xiao, who had been silent all this while, finally spoke. When Lei min heard these four words, his expression clearly became more solemn.

“The long family is something you can only see on television!”

Jiang Xibao was obviously not aware of the situation, but he also knew that the long family was not to be trifled with!

“What long family?”

Zhan Nanheng was from country G and naturally didn’t understand.

“The long family is the founder!”

The meaning behind the words “Beijing’s long family” was difficult to measure!

If it was in ancient times, it could also be described with two words.

The peak of power!

Other than the one at the top, there was no one bigger than him!

No one would have thought that the truth that they thought they would be able to find was actually leading them into an even bigger maze!

Lin Hanxing did not say anything.

That pair of cold and beautiful eyes never left the half of the gold-inlaid Jade in her hand.

It was because of this ...

Just because of this!

Even mother Zhan had lost her life!

Lin Hanxing's fingers clenched tighter and tighter, as if he was going to crush this thing!

"Star."

The Thunder valiant beast's large palm suddenly grabbed her cold hand, stopping her from doing anything else!

"The old man from the long family is an amazing person."

Even now, the respect that the higher-up had for the long family had only increased.

"Even if the long family has a distinguished figure, what does it have to do with this?"

Zhan Nanheng waved his arms fiercely, his baby face full of tension and pain!

So many lives were lost just for this thing?

There was silence.

"There was a rumor ..."

Lei Xiao held Lin Hanxing's hand tightly and said in a low and calm voice.

However, it attracted everyone's attention.

during the turbulent times, the old man lost a daughter for various reasons. She hasn't been found yet.

Hearing what Thunder valiant beast said, the others widened their eyes.

"....."

"....."

These secrets weren't something that people like them should know.

"You mean to say ..."

Zhan Nanheng's expression froze, and his gaze slowly returned to the half of the gold-inlaid Jade in Lin Hanxing's hand.

"Big brother, but the one from the long family ..."

It was obvious that this was the first time second young master Lei had heard of this. He was stunned for a moment before he subconsciously looked at his big brother.

"This one here is a successor."

Those who had fought for the country with elder long in the past now had many children. However, elder long was the only one who had left behind this one child.

"If that's the case ..."

Everyone's eyes turned to Lin Hanxing.

"Is it possible that ninth young lady is actually ..."

Bai Xi couldn't continue. She subconsciously covered her mouth with her hands. She didn't even dare to think about it, let alone say it out loud.

If it was really as she thought, this was too crazy!

The others were the same!

"Ah Xiao,"

Lin Hanxing's voice was calm, and no one could guess what she was thinking.

"I want that person's name."

She looked directly at Lei Xiao, her eyes dark and boundless.

Now, she was finally close to the true identity of the 'one in Beijing'.

He was only one step away.

Just one step away!

Lei Xiao and Lin Hanxing looked at each other.

"Long qingru!"

After a long time, he finally said a name!

[Chapter 1409](#)

1409 Yes, I'm here

Night fell.

Tonight, the entire li garden was quiet.

The courtyard was filled with the fragrance of wild jasmine, which was transplanted when Lin Hanxing ordered people to renovate li garden. The gardeners who were in charge of the courtyard thought that it would not survive, but they didn't expect that not only did they adapt to the climate, but it didn't take long for the flowers to bloom in large areas.

Lin Hanxing sat quietly.

Her mint green dress made her skin look even more crystal clear. Her black hair was like a waterfall that was gently blown by the wind, and the falling petals were swirling and floating beside her.

It was as beautiful as being isolated from the world.

Li Yuanjun was standing not far away with a plate in his hand, not daring to make a sound to interrupt the scene in front of him.

Even the two heavy Tibetan Mastiffs beside him started to slow down.

The family head had not eaten anything for the entire day.

Just as he was about to step forward, his shoulder was grabbed!

With a shocked expression, he turned around and saw the tall and handsome Thunder valiant beast.

He didn't even notice his arrival!

The man's eagle-like eyes were locked on a spot not far away. The next second, he took the plate from li Yuanjun's hands ...

Lin Hanxing supported his forehead with one hand, looking as elegant as if he had walked out of an ink painting.

On the wooden table in front of him was a thick stack of information.

They were all related to long qingru and the long family!

He seemed to have heard some movement and slowly opened his eyes.

"Let's eat,"

Lei Xiao's voice was unquestionable and overbearing. Ever since the secret of the box was revealed, she refused to eat or drink, as if she had sealed herself in her own world.

"I don't want to eat ..."

Ever since Lin Hanxing had finished reading all the documents in front of her as quickly as possible, she had been in this position for two and a half hours!

Lei Jing turned a deaf ear and reached out to pick up the porridge.

"I said I don't want to eat it!"

However, this time, before he could get close, Lin Hanxing's hand pushed him away.

Perhaps it was because he was upset, he forgot to restrain his strength. With a “pa” sound, the bowl in Lei Xiao’s hand fell to the ground.

The air was silent ...

Lin Hanxing’s heart skipped a beat the moment the bowl fell to the ground.

He looked at Thunder valiant beast subconsciously.

Thunder valiant was also looking at her.

His pupils were dark and he was expressionless.

Thunder valiant stood up ...

“Ah Xiao ...”

Lin Hanxing reached out his hand and carefully grabbed Lei Xiao’s shirt by his waist.

Lei Xiao turned his head, and happened to see the confusion and gloominess of her self-aware mistake. His wife’s pair of beautiful eyes were wet, as if they were still suffused with water.

“Don’t be angry ... With me!”

As he said this, Lin Hanxing’s eyes widened slightly. Like a frightened cat, he retracted the force in his fingers.

“I’m just going to get someone to clean this place up.”

Lei Xiao sighed and patted her head to comfort her.

However, when he saw the moisture in Han Xing’s eyes getting more and more dense, he sat back down and picked up his little girl with one arm and placed her on his lap.

As soon as he got close, Lin Hanxing had already wrapped his arms around his neck.

She buried her face in her neck.

A warm touch spread there.

Without a word, Lei Xiao patted Lin Hanxing’s thin back to comfort him. He was as patient as he was coaxing a child.

He had given her all the patience he had in his life.

“Ah Xiao ...”

Her voice trembled slightly, but she did not control herself like she did in front of others.

“Yes, I’m here.”

Lei Xiao hugged Lin Hanxing even tighter.

“I feel terrible ...”

Upon hearing this, Lei Xiao's hand that was stroking her back paused.

"I know,"

His little girl had been through a lot. She was so strong that she didn't even say a word when she was hurt. She was stubborn and independent, but her heart was not made of iron.

[Chapter 1410](#)

1410 Holding your hand is like holding my entire life

As he said that, Lin Hanxing's phone on the table rang. It was a video call invitation from Madam Lei.

Lin Hanxing subconsciously reached out to cover Lei Xiao's thin lips.

"You're not allowed to tell mom!"

Lin Hanxing only let go of Lei Xiao when he blinked his eyes helplessly in agreement. He then picked up the video call invitation from mother Lei.

"Daughter-in-law!"

As soon as the call went through, Mama Lei's face appeared on the other end!

"Mom ..."

The moment the video call was connected, Lin Hanxing had already hidden all his weaknesses and smiled.

"My heart's been pounding the whole day, are you alright?"

As soon as she finished speaking, mother Lei spat three times in a row, afraid that she would make her precious daughter-in-law frown!

The smile on Lin Hanxing's face instantly froze, and his heart felt numb.

"Ah Xiao and I are fine."

Lin Hanxing emphasized again as if he was afraid that mother Lei would not believe him.

"It's true."

"Grandma, grandma ... I want to talk to first aunt too!"

In the corner of the video, one could vaguely see a small head with wool curls. It was jumping around, and its chubby little face was faintly visible.

Soon, Yuan Bao was placed on mother Lei's lap and appeared on camera!

"First aunt ..."

As soon as Yuan Bao shouted these three words, he immediately pouted and his eyes turned red. He looked so aggrieved that it made people's hearts ache!

"I miss you so much!"

Hearing this, Lin Hanxing's heart ached and the numbness seemed to spread to her throat. She subconsciously pursed her red lips.

She missed Yuan Bao.

He also missed the Lei family.

She wanted to play mahjong with her mother, even if she had to think of all Ways and Means to lose to her every time.

He wanted to have hotpot with his family.

He wanted to tell the weird little sheep dumpling a bedtime story.

"What's your iPad password ..."

"....."

Lin Hanxing swallowed the word 'miss' that was on the tip of his tongue. He took a deep breath and extinguished the thought of stewing the little lamb.

Mother Lei quickly snatched back the main battlefield and showed off the manicure she had just done to Lin Hanxing.

This was a new hobby that she had picked up recently, and she was having a lot of fun playing with it.

daughter-in-law, without you around, there's no one to accompany me to find your father's Secret stash of money!!

"Private money ... Please let me go!"

"....."

The money was innocent.

"Madam Chen just learned how to make a new stew, I'll make it for you when you come back!"

Mother Lei completely ignored her eldest son, who was acting as the background, and kept talking about her daughter-in-law's 'this daughter-in-law'.

Lin Hanxing's stiff body, which had been hiding his thoughts, unconsciously softened in Lei Xiao's arms, and even his eyes were gradually enveloped by warmth.

His and ah Xiao's home was indeed the most Healing Place in the world ...

Lei Xiao was hugging Lin Hanxing. After chatting with mother Thunder and Yuan Bao for almost an hour and a half, both parties hung up reluctantly.

Lin Hanxing's back was facing Lei Xiao's chest, and he heaved a long sigh of relief.

The anger and depression he felt after seeing the truth also collapsed in this one and a half hours.

She subconsciously grabbed the hand that was stretched out from behind him.

That big palm had always been so warm.

From knowing him to being part of the family ...

How fortunate ...

Yingluo held your hand as if she was holding my entire life.

The Thunder valiant beast's movements paused, and it subconsciously interlocked its ten fingers with his.

He could feel that the frost on his little girl's body was slowly receding.

This was good.

Yes, he could finally feed her!
