

## Goodnight 1411

### [Chapter 1411](#)

1411 Setting a new direction

“Calm down. Are you ready to do what you’re going to do?”

After the servants cleaned up the place and served the dishes, Lei Xiao looked at Lin Hanxing, who had finally regained his spirit, and spoke in a low voice.

“My opponent has a very powerful background.”

Lin Hanxing said as he picked up a piece of bamboo shoot with his chopsticks and put it in his mouth to chew.

Looking at all the information in his hands, long qingru was a businessman. Because she had the long family’s support, she was very successful in the capital. Everyone gave her face, not to mention that her husband was a member of the PU family, another clan in the capital ...

All of this showed that long Qing was a tough nut to crack!

“So powerful that I have to change my direction!”

Lin Hanxing and Lei Xiao looked at each other, the corners of his lips slightly curved up, but there was no sign of defeat on his face!

On the contrary, there was an indescribable feeling ...

A provocation!

“Now, long qingru and I have switched positions!”

Lin Hanxing said these words calmly, but her beautiful eyes suddenly lit up.

“She doesn’t know that I’ve already seen through her identity behind the scenes, which is my biggest advantage now!”

She had already regained control!

Lei Xiao made a sound of acknowledgment, his eyes indicating for her to continue eating.

In fact, he loved the way she burned her fighting spirit!

“So, how long are you going to eavesdrop?”

Lei Xiao leaned his back against the seat, a fierce aura exuding from his bones. His handsome and cold face was hidden in the half-bright and half-dark light, making people feel intimidated by his aura.

As soon as he finished speaking, Bai Xi and the others appeared from the dark, embarrassed!

Liang yuran, who was full of nobility, pulled out the White and fat Jiang Xibao beside him.

Lin Hanxing acted as if he did not see the group of people and continued to pick up food with a smile.

Yuan Kang secretly poked Bai Xi with his finger, and after being glared at, he kept sending signals in the direction she was heading towards Lin Hanxing!

Can't you tell?

The only one in the world who could control the Thunder valiant beast was sitting there!

"Ninth young lady ..."

Bai Xi said, aggrieved.

"Alright, stop scaring them!"

Lin Hanxing said with a smile, waving at Bai Xi and the others.

In an instant, Bai Xi and Jiang Xibao ran to Lin Hanxing's sides and sat down as if they had received a special pardon!

They were afraid that they would be killed by the Thunder valiant beast if they were too slow.

"Have you thought about how to go all out?"

Yuan Kang put his hands in his pockets, looking like a dandy.

"Think about it, that's the long family from Beijing!"

Lin Hanxing raised an eyebrow.

The power that these words represented was not something that ordinary people could afford to provoke!

"Are you looking down on us by saying this?"

Yuan Kang snorted arrogantly.

What were they?

It was a Team!

Back then, even the royal family of country G dared to provoke him. What else would they not dare to do?

Even Jiang Xibao looked at Lin Hanxing resentfully with pitiful eyes.

just tell us what to do!!!

Yuan Kang heroically slammed the table, the force causing the plates and bowls on the wooden table to bounce up.

The Thunder valiant beast glanced at him, and his skin immediately became rough again!

"Do you have any thoughts now?"

Compared to when he first found out the truth, Zhan Nanheng was much calmer now. His adorable baby face was full of seriousness as he stared at Lin Hanxing.

why don't we take that half of the Jade and go directly to the capital to acknowledge our family!!!

Yuan Kang's eyes suddenly lit up!

"If you want to die faster, then go ahead!"

Liang yuran sneered and spoke directly.

Did he think that he was bidding for the princess?

"If I really take this to the capital, there will only be two outcomes ..."

### [Chapter 1412](#)

1412 Two results

"Which two?"

Bai Xi asked curiously.

"One is that I'll be killed by the other party, and the other is that I'll be treated as a liar by the long family and have no way out!"

"Why?"

Upon hearing Lin Hanxing's words, Jiang Xibao's eyes widened. She was so naive that she could not understand the huge danger that was hidden in this!

"If she was really on guard against me to the point of wanting to kill me, how could she not have made preparations all these years?"

Lin Hanxing looked at Jiang Xibao and said lazily.

"But with this thing, why would the long family think you're a liar?"

Jiang Xibao still did not understand.

This time, Lin Hanxing smiled and did not say anything. He only took out a few papers from the pile of documents on the table.

He handed it to her.

Jiang Xibao subconsciously lowered his head and looked at it. The more he looked, the more shocked he became.

"What is it?"

Yuan Kang leaned his head over and couldn't help but curse in his heart when he saw what was written on the paper.

I ... F \* ck!

"Isn't this a little too shameless ..."

Over the years, there had been dozens of people who had brought the same thing to the long family to acknowledge their relatives?

What kind of crazy operation was this?

If he didn't understand this premise and rashly brought things to the door, being kicked out would be the best result!

"That's why I can't go!"

Lin Hanxing knew better than anyone the consequences of going to their door directly!

"Are you just going to watch her take over The Magpie's Nest?"

Zhan Nanheng didn't know how Lin Hanxing could still be so calm!

Lin Hanxing looked at him coldly.

"That's why I want to stand in front of her so that she can't touch me even if she wants to!"

As soon as he finished speaking, the air seemed to have frozen and it was suffocating.

"I want to know, how can you stand in front of her with a proper reason?"

No matter what price he had to pay, he would help her!

A moment later, Lin Hanxing reached out and pushed another piece of information in front of Zhan Nanheng.

"Four songs?"

The information showed that the remaining four of the twelve zodiacs 'bronze heads had not been found. Zhan Nanheng was very confused and waited for her explanation.

"If I can find the remaining four, eldest sister-in-law will have a reason to appear in the capital openly."

Second young master Lei, Lei min, said gently.

"And no one would dare to attack her at that time!"

Lei Jing could not help but admire Lin Hanxing for being able to come up with such a perfect plan in such a short time!

However, how could it be so easy to collect the remaining four that were lost overseas?

Everyone who realized this problem fell silent.

I still don't understand. What is the connection between long qingru and the second Princess Consort? "

Bai Xi suddenly said.

This was also a question that she had always wanted to ask. These two people, at least on the surface, were completely unrelated!

"The two of them used to be classmates."

Graduated from an internationally renowned school.

In fact, other than being classmates, the two of them shared the same interests.

Originally, there were two candidates for the second Princess Consort. One was shamaga from the senanda family, and the other was the daughter of another prestigious family.

Compared to shamaga, the latter was more popular.

However, no one expected an accident to happen. Some time before the announcement of the candidate, the latter accidentally contracted an illness while attending an event in China.

Not long after he returned to the country, he passed away after medical treatment failed.

The candidate for the second Princess Consort had fallen into the hands of shamaka without any suspense!

Lin Hanxing moved his fingers and sneered.

Could there really be such a coincidence in this world?

#### [Chapter 1413](#)

1413 The most important task now

therefore, the most important task now is to gather the remaining four songs!

Lin Hanxing's eyes narrowed as he organized all the useful information in his mind.

"Fortunately, the snake head has confirmed that the sheep head might be in Rou city. As for the chicken head and dog head, we have no clue at all."

Yuan Kang didn't have any optimistic hope!

He sat on a wooden chair on the other side, looked up at the sky, and sighed.

He really felt that the road ahead was long.

For a moment, no one spoke, and everyone looked at each other.

But soon, a uniform sound cut through the night sky!

"What's the first thing we need to do now?"

Yuan Kang, Baixi, Jiang Xibao, and the others spoke at the same time as if they had already made an agreement.

The initial dejection on their faces had faded, and their fighting spirit was reignited. They looked at Lin Hanxing in unison, their eyes full of trust.

Seeing this, Zhan Nanheng leaned back in his seat, feeling comforted but also bitter.

His childhood sweetheart was like a light in the dark, always making people unconsciously follow her direction, and they were willing to give up everything to follow her.

These people in front of him were ...

He was also ...

what do you think about Yuan corporation's decision to withdraw from the sugar industry in country G?  
”

Lin Hanxing didn't answer Yuan Kang's question first. Instead, he turned his head in Zhan Nanheng's direction.

“He won't interfere.”

Zhan Nanheng paused for a moment, then said these five words.

If that was the case, then she understood su Buyu's intention.

No matter how things turned out, that was her ability. The royal family would not be biased towards any party, but no matter who benefited from it, as long as it did not harm the interests of the royal family, su bu could turn a blind eye.

“The first thing ...”

Lin Hanxing smiled profoundly, his Eyes Like Stars ...

.....

Two weeks later.

In these two weeks, Yuan's group officially sold its part of the sugar industry at a price of 2.1 billion US dollars. The direct consequence of this move was that the stock price of Yuan's group fell to its limit for several days.

The yuan corporation's internal pressure was terrifyingly low, and the entire Chinese circle was in a state of panic because of Yuan corporation's initiative to withdraw from the sugar industry in country G.

Compared to the turmoil in the Chinese circle, the senanda family was in a good mood.

Not long after the yuan's group put their sugar industry on sale, a new company called Jianou group approached them.

Other than that, there was no other home.

It was as if he was afraid that others didn't know that the Jian Ou group belonged to the senanda family!

The price had also been reduced from the initial 2.1 billion USD to 1.851 billion USD!

Lin Hanxing's first reaction when he heard about this from uncle hai was to sneer.

“If the senanda family wants to buy it, they will have to see if I'm satisfied with the price before they can sell it!”

Lin Hanxing took out his phone after he finished speaking.

He quickly made the call.

A series of fluent French words came out of her mouth, which stunned uncle hai.

He did not understand French.

However, he had followed Yuan shaojing all these years and traveled all over the country, so he could naturally tell that Lin Hanxing's accent was as authentic as it could be!

The conversation went on for about fifteen minutes.

After Lin Hanxing hung up the phone, there was still no change in her delicate face.

"It's done, just wait."

Uncle hai had left with doubts after saying these five words.

However, a few hours later, an explosive piece of news spread throughout Xuelan. It was only then that uncle hai finally understood the meaning of Lin Hanxing's name!

#### [Chapter 1414](#)

1414 I won't let you have your way

Because of the sudden emergence of X group!

When x group heard the news that the yuan's group was going to sell off its sugar industry, they immediately sent people to come over by plane to negotiate. They also released the news that they would negotiate with a high price of 2.5 billion US dollars!

In an instant, the entire Xuelan province was in an uproar!

The first thing uncle hai did was to call Yuan shaojing and ask if this was his arrangement.

However, Yuan shaojing was even more direct. He said that he didn't have the ability to order X group around and hung up the phone.

Indeed, although Yuan shaojing was the richest man in country g, even so,

No... Mr. Yuan?

Uncle hai was a little confused and subconsciously thought of the phone call Lin Hanxing made today ...

Wasn't the headquarters of X group located in Paris, France?

It was just a coincidence, right?

While uncle hai was still puzzled, Lin Hanxing, who was in the Lei group's country G Branch, was holding snacks and complaining to Lei Xiao, who was sitting in the president's chair not far away.

"1.85 billion US dollars!"

"Bah, you're shameless!"

"Who gave his dog the audacity to lower the price!"

Lin Hanxing bit the jelly straw fiercely, his eyes were fierce, but he didn't know how cute he looked in Lei Xiao's eyes!

His Special Assistant, Anthony, knocked on the door and entered.

There were several important documents in the Lei group that required Lei Xiao's signature and confirmation, so Anthony Flew directly from Jiangcheng and also sent someone to send the things brought by the Lei family to li garden.

The things that Guanglei's mother had prepared had been loaded in two large trucks!

Not to mention the others.

Anthony couldn't help but Mutter in his heart that Zheng He had gone to the West!

PAH!

No, Zheng He was too ...

"So miss Lin is angry that the other party cheated you of your money?"

Anthony had heard the commotion clearly even when he was standing at the door.

"That's the yuan group's money."

"But now, I really want to scam them!"

She had scammed him to use as pocket money for her ah Xiao!

Hearing this, Lei Xiao raised his head and looked at her, his meaning was obvious ...

Yingluo, didn't you already dig a hole for them to jump into?

Lin Hanxing snorted coldly, obviously still angry.

Lei Xiao signed his business signature on the confirmed documents, his thin lips slightly curved up in a good mood. Since he had made Han Xing so angry, then he would find another person to get involved in this mess.

Half an hour later, Yun Bai of the Yun Ding casino announced that he would represent the boss behind the scenes to negotiate with the yuan group for a price of three billion US dollars in the hope of taking over all the sugar industry under the group's name!

A stone that caused a thousand ripples!

Some people were watching!

Some people exclaimed in admiration!

But more people were just watching the show!

Didn't the senanda family say that no one was allowed to interfere?

Then, there would be someone to deal with them!

When the yuan group offered the price, the senanda family insisted on cutting it down. However, the X group and Yun Ding casino offered higher and higher prices. This was great!

Wouldn't they be stupid if they didn't watch a free show?

Lin Hanxing had already seen all of this on the news push notification on his phone.

He sneered.

Didn't the senanda family like scheming?

I won't let you have your way!

Lei Xiao handed the last signed document to Anthony, who was already preparing to take the next flight back to Jiangcheng.

let's take a private jet back. There's something we need to bring home.

Thunder valiant lifted his head, his deep eyes landing on Anthony.

When the latter heard that, she immediately felt as if she had won the lottery and smiled happily!

There was a free private jet, only a fool would not take it!

"Let's go,"

After waiting for Anthony to leave with the documents, Lei Xiao stood up and walked towards Lin Hanxing.

As he approached, Lin Hanxing reached out his hands!

Hug me ...

#### [Chapter 1415](#)

1415 The husband and wife dug a hole

The man stretched out his strong arm and wrapped it around Lin Hanxing's waist. He was strong as a boyfriend and he pulled her into his arms.

"If I don't make them kneel down and call me daddy, I'll admit defeat!"

Lin Hanxing snorted coldly, and reached out to play with Lei Xiao's ear, his actions natural and intimate.

Lei Xiao let her do whatever she wanted, his strong body leaning forward to steal a kiss on her lips.

"That's not right."

A deep and magnetic voice sounded.

Lin Hanxing blinked innocently.

"What's wrong?"

He humbly asked for advice.

“Call me daddy, but call you mom!”

“.....”

Her ah Xiao seemed to have really been led astray by her ...

.....

The senanda family.

1.851 billion, who came up with this!!!

Senanda was furious when he received the news. Who was so stupid to play tricks at such a critical moment?

Do you have a brain?

The people below didn't even dare to breathe, let alone speak!

A few people's eyes seemed to drift somewhere.

Hadier's father, who was also the second Princess Consort's third brother, followed the gazes of those people and felt disappointed.

Second brother again!

Back then, his second brother had secretly set up obstacles for him in many ways because of the matter of the next head of the senanda family. He originally thought that he would be able to keep a clear head on major matters, but he never thought that ...

With a loud " PA " sound, boss senanda gave him a hard slap in front of everyone, not giving him any face at all. The latter staggered two steps back and finally fell to the ground.

"I ... I just wanted to teach her a lesson!"

It was Lin xiaojiu's fault for being so arrogant last time!

But who would have thought that X group and Yun Ding casino would interfere!

"Idiot!"

She, Lin xiaojiu, didn't even care about the royal family. How could she tolerate such a low-level provocation?

The Yun Ding casino and X group ...

The head of the senanda family was deep in thought ...

Since the day of the charity banquet, he had already seen the signs. Over the years, the mysterious behind-the-scenes boss of the Yun Ding casino was most likely related to the young master of the Lei family, but this X group ...

why did the X group react so quickly? "

This was what the head of the senanda family was most concerned about!

“You suspect ...”

Before she could finish her words, the second Princess Consort and third brother shook their heads in denial.

No matter how capable Lin xiaojiu was, with her age and experience, how could she support the mysterious and wealthy X group?

It was simply a fantasy!

I think the X group has been secretly watching the yuan family for a long time.

This was the only reason that he felt was reasonable.

“But no matter what, we can’t delay the price any longer!”

With X group’s 2.5 billion USD and Yun Ding’s 3 billion USD, it was impossible for them to negotiate with the original price of 2.1 billion USD. However, how could they possibly take it all at once?

At the thought of this, the second Princess Consort and third brother began to hate their second brother for thinking too highly of himself!

The head of the senanda family naturally understood this.

didn’t old Chai of the Hong gang and the president of PU CI Chamber of Commerce want to invest in the company? ask them to give us the money!

He had been coveting Yuan shaojing’s sugar industry for so many years, and now he finally had the chance to swallow it all in one gulp. No one could stop him!

The yuan family’s candy was the Sananda family’s!

.....

Song Garden.

Song Zhiyun was locked up for three days before he was released.

Just like what Lin Hanxing had said at that time, no matter how many connections Gong Chen had used, this fact could not be changed!

Song Zhiyun fell sick the day he came out.

His high fever did not go down.

It had been burning until now.

#### [Chapter 1416](#)

1416 The sun that would shatter with a touch

“I can’t drag this on any longer!”

The family doctor removed his mask from his bedroom and walked out while shaking his head.

Gong Chen's chiseled face was expressionless. His black shirt's neckline was open, revealing his wild collarbones. He held a lit cigarette between his slender fingers, and the smoke covered all his expressions.

"If this goes on, miss Zhiyun ..."

The doctor didn't finish his sentence, but the meaning between the lines was obvious.

Gong Chen didn't say anything. He just waved his hand in silence.

Soon, the surroundings became quiet ...

Everything I have is what I, song Chenxi, deserve!

Yingluo should be ashamed of those who ignore my efforts and think that it's natural to enjoy all of this!

The cigarette burned his hand, but Gong Chen didn't take a puff for a long time.

Downstairs.

Song Chenxi and her assistant got out of the car.

Because she suddenly fainted in the president's office, song Chenxi came back early today.

"Miss song ..."

The assistant was so anxious that tears were about to fall.

Now that everyone in Song Garden was busy with song Zhiyun, who would notice song Chenxi's discomfort?

"I'm fine," she said.

Song Chenxi sighed and reached out to Pat her assistant's head. However, she still stood still before leaving.

He turned around and looked at the assistant again. She was indeed crying.

"You've been with me for so many years. You're already capable enough to take charge of a region."

As song Chenxi spoke, she reached out and gently wiped the assistant's tears.

I've bought a few shops in the downtown area under your name and even helped you to buy shares in the company. Even if I'm gone, you can still live a good life.

Upon hearing this, the assistant's tears gushed out even more.

She had been with song Chenxi for so many years. Outsiders always thought that she was cold and unapproachable, but only she knew that compared to song Zhiyun, song Chenxi was the real good person.

"Let's go back!"

Song Chenxi smiled. Her fair face was gentle.

The assistant nodded with tears in her eyes.

It was not until she saw Song Chenxi enter Song Garden that she covered her face with both hands and got back into the car ...

.....

Song Chenxi walked up the stairs.

The sound of indoor slippers stepping on the cold floor was lonely and lonely.

As soon as she went up to the second floor, she saw Gong Chen's back.

He was smoking.

The sunlight shone through the floor-to-ceiling windows and onto Gong Chen's body, elongating his muscular body.

Gong Chen heard the commotion behind him, but he didn't turn around.

However, his heart was filled with an inexplicable anticipation.

Song Chenxi did not say anything and walked towards her room.

"Stop!"

Gong Chen turned around abruptly, a fierce look on his face.

"As an older sister, shouldn't you ask Zhiyun about it when you come back?"

He walked quickly towards Song Chenxi. The moment she entered the room, he grabbed her arm and turned her around.

Song Chenxi's pale face was reflected in his pupils.

It was like a sun that would shatter at the slightest touch.

The sun shone on the two of them, but Gong Chen couldn't say the words that were on the tip of his tongue.

"You're not feeling well?"

He asked.

Song Chenxi smiled. No matter how you looked at it, there was a hint of sarcasm in her smile.

He stretched out his hand and wanted to push Gong Chen's big palm away, but the latter clenched it even harder.

"Yes, I'm not feeling well, so please let go."

She didn't want to waste her energy on such small things.

This time, it was Gong Chen who was slightly startled.

Song Chenxi would never be like this.

Even if he felt uncomfortable, he would only endure it.

He subconsciously let go of it, but it was only for a moment. He quickly held it again.

Song Chenxi sighed.

I didn't ask about Zhiyun because I knew you would take good care of her.

#### [Chapter 1417](#)

1417 The burning flames of jealousy

It was a simple and clear sentence, so calm that it did not contain any emotions.

There wasn't even the usual mockery and sarcasm that the two of them used to have when they communicated in the past.

At this moment, song Chenxi felt like she was facing a stranger.

She was cold and distant.

Gong Chen was furious at this discovery!

Gong Chen, I don't have the strength to argue with you over such a small matter. Let me go.

Song Chenxi said calmly again.

He didn't know that his words were like adding oil to the fire.

With a thud, song Chenxi felt herself being pushed against the wall. The man's strong arms were on both sides of her body, forming a close position!

"A small matter?"

The smell of tobacco sprayed on song Chenxi's face, hot and ambiguous.

"That's your sister!"

"Aren't you still my husband?"

Song Chenxi looked straight into Gong Chen's eyes. Her words could not be more ironic.

"You've already taken care of Zhiyun on my behalf. Why should I ..."

Before song Chenxi could finish her sentence, Gong Chen had already leaned over and kissed her hard on the lips.

This kiss was unusually violent, as overbearing as his, and his breathing was heavy.

Gong Chen's big palm was under song Chenyan's head. He tossed and turned on her soft mouth. He was so greedy that he forgot to control his strength.

Song Chenxi's pupils suddenly contracted.

He reached out his hand and pretended to push Gong Chen away!

The red marks on Song Zhiyun's body appeared in her mind!

A strong feeling of disgust circulated in her heart.

It was like a silent contest. Song Chenxi dodged desperately while Gong Chen continued to attack until there was no room for retreat!

However, they did not know that through the gap of the bedroom door, a pair of red eyes burning with jealousy were staring in their direction.

The weak Song Zhiyun had seen everything that had just happened.

He had originally wanted to come out to find him because he didn't see Gong Chen when he woke up. Who would have thought that he would see this scene in front of him!

What was even more unexpected was ...

The fact that Gong Chen had taken the initiative to kiss his sister!

How could he!

How could he!

After an unknown period of time, Gong Chen suddenly opened his eyes as if he had woken up. He pushed Song Chenxi away with a thud.

His pupils were filled with confusion!

It was as if he was shocked as to why he could not control himself and do such a thing.

It was as if there were two people tugging at each other in his heart!

A man who hated Song Chenxi ...

One was happy ...

Happy ... What?

Song Chenxi looked at Gong Chen and took in all of his expressions. However, before she could say anything, she saw the pair of eyes through the crack in the door from the corner of her eye.

The two sisters' gazes collided in the air ...

Song Chenxi suddenly laughed.

Before anyone could react, she took a step forward, reached out to grab Gong Chen's collar, and tiptoed to kiss him again.

The sunlight fell on the two of them.

No one spoke.

Gong Chen's big palms, which had been placed on both sides of his body, moved slightly. His pupils trembled violently, and an image seemed to flash through his dusty mind.

Yingluo, put your hand on my shoulder and I'll take you away.

Yingluo, I'll be with you. You don't have to worry about anything.

Yingluo, even if the whole world betrays you, I'll be by your side.

The severe headache made Gong Chen forget to push Song Chenxi away. He subconsciously wanted to raise his hand and hold the thin shoulder in his memory.

However, before he could do so, Song Chenxi had already taken the lead and retreated.

"Are you happy? My dear sister ..."

Her cold and mocking tone made Gong Chen's blood freeze. He subconsciously followed her line of sight.

Song Zhiyun's pale face came into view ...

#### [Chapter 1418](#)

1418 I've always been vicious

No one spoke.

Song Zhiyun's tears fell like a broken string of pearls, Breaking the Silence.

"I was kissing my husband. Why are you crying so hard?"

Song Chenxi curled her lips, her tone lazy and wanton.

"Chen ..."

Song Zhiyun's voice trembled, and his chest heaved up and down. In the next second, his body tilted, and he looked like he was about to fall to the floor.

Gong Chen rushed over almost at the same time and pulled her into his arms.

Song Chenxi looked on coldly as everything happened.

The waves in his heart had long calmed down with the tempering of time.

Especially when he met Gong Chen's angry eyes.

"I've always been vicious."

Song Chenxi smiled and shrugged her shoulders indifferently.

After saying that, she turned around and walked back to her room.

"Song Chenxi!"

Gong Chen subconsciously took a step forward, but his shirt was tightly clutched by a pair of trembling hands.

“Gong Chen ...”

Song Chenxi did not turn back, but the second before she entered the room, her cold voice sounded again.

“If you want a divorce, I can sign it anytime!”

.....

After closing the door, song Chenxi fell to the ground with weak legs.

Drip Drop ...

After an unknown period of time, the sound of water dripping could be heard in the quiet space.

She subconsciously reached out to cover her nose.

The dark red blood dyed the White fingers.

His already uncomfortable body was now like a rootless duckweed, lying on the floor and gasping for air.

It's so hard to live ...

The phone beeped.

Yingluo, come with me to Rou city in a few days.

It was a message from Lin Hanxing.

The corners of song Chenxi's mouth slowly curled up into her first sincere smile since she returned home.

Xuanji's divine hand is over there. I want him to cure you.

Without waiting for a reply, another message was sent.

As for Qin Zhuan company ...

She was worried about song group and hesitated.

There was only one Chenxi in this world.

It was just a few words, but song Chenxi's eyes could not help but feel sour. She looked up and forced her tears to not flow.

Good, Zhenzhen.

This time, she didn't hesitate and told him her answer directly.

There was nothing left for her to miss here ...

.....

The entire snowlan province was paying close attention to who the yuan corporation's sugar industry would end up in.

At the same time, he was also waiting for the senanda family's follow-up actions.

It could be said that it was the focus of all attention.

After 24 hours of silence, the Jian Ou group, which had the support of the senanda family, announced that the price had been increased from the initial 1.85 billion to 3.1 billion US dollars. It was almost double the price!

The moment this news spread, the entire Xuelan province was in an uproar!

The onlookers laughed so hard that their teeth almost fell out. When had the senanda family ever suffered such a loss?

At this moment, in li garden.

Lin Hanxing was leisurely enjoying the cool air in the courtyard with everyone else. Even the two Tibetan Mastiffs were lazily lying on their bellies, sunbathing.

"Pfft ..."

Yuan Kangle almost spat out the fruit tea in his mouth when he heard the price!

"Why do you think they are doing this?"

Lin xiaojiu's lips touched each other. The senanda family had paid so much more money for nothing!

This couple could really be said to be the reincarnation of a money printer!

He could get money at any time!

Bai Xi glanced at Yuan Kang in disdain and turned his body to the side.

"Where did Yan beiming go?"

She only realized later that someone was missing.

"Australia!"

Yuan Kang subconsciously glanced at Lin Hanxing. He still couldn't figure out why she had asked Yan beixiao to go to Australia!

"When are you going to call him back?"

Thunder owl, who was reading the newspaper, suddenly spoke in a low voice.

"Let's wait a little longer ..."

What was he waiting for?

Yuan Kang was confused again ...

[Chapter 1419](#)

1419 Yuan san's good plan

Compared to li garden's pleasant atmosphere, the yuan family was also shrouded in a joyous atmosphere, as if something good had happened.

Yuan San had just returned from outside.

"It's done!"

He called his eldest daughter Yuan yunrong to the study and couldn't hide his joy as he rubbed his palms back and forth, obviously excited.

Compared to her father's excitement, Yuan yunrong was obviously much calmer.

"I've invested some shares as you've suggested. Senanda family is very satisfied with it!"

Yuan San looked at his eldest daughter with admiration.

"But, is the boss of Yun Ding casino really Lei Xiao?"

After hesitating for a while, Yuan San confirmed with his daughter again.

Yuan yunrong did not say anything.

Who would have thought that the boss who invested in the Yun Ding casino was actually the young master of the Lei family, Lei Xiao!

In just a few years, he had already developed the yunding casino into a place where he could control the entire snow orchid underground market.

He had to show his ability!

A man like this ...

A man like this ...

Why can't it be mine!

our Yuan family started off with candy. I don't believe that Lin xiaojiu has the ability to come up with any other tricks!

From Yuan yunrong's point of view, Lin Hanxing's use of this matter to establish his authority in Yuan group was simply a stupid act.

She really wanted to see how ugly her death would be when the senanda family took control of the sugar industry!

"Hehe, she's arrogant!"

Yuan San felt uncomfortable just thinking about Lin xiaojiu, as if he had eaten fly poop.

"Dad, just you wait!"

Just wait for her, Lin xiaojiu, to make a fool of herself!

.....

Recently, the people of Xuelan had been talking about the fight between the yuan Corporation and the senanda family.

Lin xiaojiu's name had also spread throughout country G with the help of some people with ulterior motives.

Even the people of Rou City State had heard of it.

At this moment, in the royal family of Rou city, a graceful figure was standing in front of the blooming flowers with a sarcastic smile on her face.

"Big sister is always like this ..."

He picked up a broken flower and sniffed it.

"You've fallen into a dead end, and you've lost a great deal because of a small gain!"

The second Princess Consort of Rou city's movements were very charming. Her slender waist gently twisted, and even women's eyes would be fixed on her!

"How's the situation with the first Prince?"

She didn't need to do anything about Xue Lan's family now. What she was most concerned about was the first Prince, who was still lying there half-dead!

People who should have died long ago survived time and time again because of good luck ...

Thinking of this, a cold light flashed through the eyes of the second Princess Consort of Rou city!

Some people's luck was always so good that it was disgusting!

"He vomited blood again last night!"

The confidant said with a smile and a flattering face!

All these years, the first Prince had been hanging on by a thread. If not for old SU's absence, who would have been able to protect him?

The entire Johor would belong to the second Princess Consort and the second Prince sooner or later.

The confidant was smug.

He had followed the right master!

It was not like the first Prince's side. If it wasn't for the second Princess Consort's pity, he probably wouldn't have been able to hold on until now!

"Vomiting blood?"

The second Princess Consort of Rou city raised her tone and smiled.

Vomit.

When she vomited to the end and died, who would be able to snatch things from her son?

The second Princess Consort of Rou city was in a good mood. She looked into the mirror and put the flower in her hair. Her young and beautiful face was full of spring breeze ...

.....

After two days of negotiation, the yuan group's sugar industry was finally won by Jian Ou group, which had the support of the senanda family, at the price of 3.25 billion US dollars!

Although they had been prepared for this, many people in snowlan province were still disappointed.

The Chinese circle was experiencing turmoil!

### [Chapter 1420](#)

1420 She didn't want her face

For the entire Chinese circle in country G, it had been the yuan Corporation that had led them to glory all these years!

It was Yuan shaojing's appearance that completely put an end to the years of internal strife in country G's Chinese business circle. He was also the one who single-handedly facilitated the prosperity of the current Chinese community. Yuan shaojing's words were even more effective than the royal family's!

And now, the yuan corporation's voluntary withdrawal from the sugar industry in country G made them feel at a loss for the first time!

None of them had an answer to what the future would hold.

The official contract signing ceremony between Yuan's group and Jian Ou group was held three days later. Almost all the rich families in Xuelan received the invitation letter that day.

The senanda family's actions seemed to be announcing their victory to the whole of sherlan.

Even though he had to pay a price several times more than before!

However, in the eyes of these people, as long as they controlled the yuan family's lifeline, what kind of big money could they not earn back?

At the thought of this, the pain in his heart finally subsided a little!

Three days later.

On the day of the signing ceremony, the entire Yuan group was shrouded in an inexplicable depression, and the lively scene in the past was no longer there.

As far as the eye could see, everyone was dead!

On the other hand, in the lounge on the top floor of the corporation, Yuan Kang and a few others were acting as if there was no one else around ...

He was munching on melon seeds!

you didn't see the expressions on their faces when we took the elevator up. It was as if they wanted to eat Lin xiaojiu alive!

Yuan Kang couldn't help but click his tongue.

If he sold the yuan family's most profitable business, then Lin Hanxing would become the sinner of the entire company!

I've counted on my fingers. Miss Jiu is going to cause trouble at the signing ceremony today! Bai Xi clenched his fingers like a god and added.

Jiang Xibao held the popcorn in his arms and did not say a word, but he could not help but nod his head like a chicken pecking at rice.

"In your eyes, am I such an evil person?" Lin Hanxing walked over from the side. When he passed by Jiang Xibao, he did not forget to reach out and pinch her pink and chubby face.

Unexpectedly, the moment Lin Hanxing finished speaking, everyone nodded in unison!

"....."

She didn't want her face!

Lin Hanxing had one hand on his cheek. There were still about 20 minutes before the official signing ceremony, but none of the stubborn old men on the Board of Directors were present.

They all had bad tempers!

He was afraid that after the signing of the contract today, those people would hold a board meeting to impeach him.

But ...

Lin Hanxing was not concerned about those issues. After all, everything was under her control.

The only thing she was concerned about was ...

It was song Chenxi!

The pen in Lin Hanxing's hand spun silently. Because Lei Xiao and Liang yuran had gone to the airport to pick up Yan beixiao, who had just returned from Australia, she felt that something was missing.

"Ah ..."

The melon seeds that fell from the sky landed on the table in front of her. Lin Hanxing, who had been deep in thought, snapped out of his daze and looked at Yuan Kang.

"Can you tell me what you want to do today?"

After holding it in for so many days, Yuan Kang was really curious about how she could turn the tables on the senanda family.

Especially the words that Yan beiming had said before he left for Australia, Yuan Kang had not been able to sleep well for a few nights. He just could not understand the profoundness behind it!

Lin Hanxing leaned back against the black leather seat, his indifferent eyes landing on Yuan Kang's face.

When she wasn't smiling, she had an indescribable dignity, which made Yuan Kang shiver in his heart and regret his actions just now.

However, in the next second, there was a chuckle, and the frost on Lin Hanxing's face melted.

"Wait, you'll know when you see!"
