

Goodnight 1421

[Chapter 1421](#)

1421 A slap in the face came too fast like a tornado (1)

The signing ceremony was about to officially begin.

Today, all of Xuelan's attention was focused on the yuan Corporation, and most of the people attending the signing ceremony were representatives of the senanda family.

On the other hand, almost half of the yuan corporation's senior management positions were empty. This instantly became the focus of the media!

If this signing ceremony could be said to be a fight between the senanda family of country G and the yuan family of the Chinese, the outcome was obvious for most people!

Elder Chai of the Hong gang appeared with his bodyguards and the president of the PU CI Chamber of Commerce. When he looked at the representative of the Jian Ou group, his eyes were full of pride.

He couldn't wait for Hua Ji's old man mu to be here. Didn't he support that little girl? Then let him see for himself what he was supporting!

Just as he was thinking about this, there was a sudden uproar in the media Group. Old Chai's heart skipped a beat and he turned around.

Elder mu, who was dressed in a Tang suit, arrived at the signing ceremony accompanied by the remaining three Hall Masters of Hua Ji!

He was obviously here to support Lin Hanxing!

Whether it was a coincidence or on purpose, elder Chai and elder MU's seats were right next to each other!

The moment elder mu sat down, elder Chai's mouth twitched.

This old man ...

"I'm afraid Yuan shaojing made an error of judgment this time!"

Even though he was cursing in his heart, he still had to maintain the peace on the surface!

However, it wasn't hard to hear the pride in elder Chai's voice.

"It's a pity that Yuan shaojing has worked hard his whole life to hand over such a big company to a little girl! Don't you agree, old man mu?"

Hearing this, elder mu smiled, and even the deep wrinkles on his face deepened.

"Do you know why the Hong gang has been ranked second all these years?" Elder MU's voice was low. From an outsider's point of view, the two of them were having a 'friendly' exchange.

Elder Chai's proud expression froze as he looked at his long-time opponent.

Does this old man even know how to chat?

“Why?”

Suppressing his anger, elder Chai really wanted to hear what kind of ivory this dog had to say!

Elder mu pointed at his eyes.

“Because you have bad taste ...”

“You ...”

Before he could finish his words, another wave of commotion arose on the other side.

The empty seats that were originally prepared for the yuan corporation’s senior executives had been replaced by another group of men in Black suits.

Their faces were expressionless, and they had no intention of communicating with anyone.

Such an unforeseen event caused the people in the media area to whisper. Some people recognized that these people seemed to be members of the Lei corporation’s G country branch.

It was a signing ceremony between the yuan group and the Jianou group. Why were the people from the Lei group here?

In the last five minutes before the signing ceremony, all the representatives who participated in the signing of the contract today took their seats.

Lin Hanxing’s appearance set off the first small climax of the day.

She was dressed in a tailored black female suit that accentuated her slender and graceful figure. Today, she even specially matched it with Lei Xiao’s couple cufflinks.

Her slightly curly black hair fell naturally behind her, and her exquisite and beautiful little face was expressionless. Her aura was not inferior to anyone else in the room.

Although most of the people had seen her before, they were still shocked by her imposing manner.

thank you, friends from the media and guests. I believe that everything that happened today will make your trip worthwhile!

The moment Lin Hanxing’s cold voice sounded through the microphone, the entire audience quieted down!

[Chapter 1422](#)

1422 A slap in the face came too quickly like a tornado (2)

Hearing her words, many people from the senanda family looked arrogant, as if they felt that the situation had been settled and the yuan Corporation would not be able to do anything.

Lin Hanxing ignored all the gazes directed at her. She sat in her seat and let the clicking of the cameras surround her.

No one noticed that the Bluetooth headset hidden under Lin Hanxing's hair was glowing faintly.

The signing ceremony was carried out in an orderly manner.

As all the problems regarding the advance payment had been solved earlier, today's signing ceremony was more for publicity than actual significance.

who knows who's going to take the position of the richest Chinese man in country G next year! As he said this, elder Chai looked at elder mu with a hint of provocation.

To his surprise, elder mu ignored him.

He was the one talking to himself!

Many of the yuan corporation's staff stood in the dark and watched everything happen with despairing eyes. In their hearts, they were even more disgusted with Lin Hanxing, the instigator!

Lin Hanxing took the pen from the staff and turned to look at the representative of the Jianou group.

Could things have changed?

Everyone held their breath and waited.

Lin Hanxing slowly opened his mouth ...

does your company understand the significance of signing this contract in public? "

Lin Hanxing said meaningfully.

The representative of the Jian 'ou group scoffed at this question. He was not a fool. Furthermore, the advance payment had already been received. Was she going to go back on her word now?

As expected, she was still just a little girl!

"Miss Lin, please don't delay any further!"

The other party lowered his voice.

Lin Hanxing smiled, and Yuan Kang and the others in the audience shivered when they saw his smile.

Only those who were familiar with her knew what this smile meant.

The pen name was written.

All of the yuan's group's parts involved in the sugar industry were finally decided to be bought by the Jian Ou group at a price of 3.25 billion Yuan.

The dust settled.

Polite applause sounded from the audience, but everyone knew that today's incident would have a far-reaching impact and impact on the future business structure of country G.

Under the leadership of Yuan shaojing, the business empire that Yuan's group had quickly built up might begin at this moment ...

It fell apart!

The faces of the people from Yuan Corporation were ashen.

No one was in the mood to care about the rest of the process. The reporters hurriedly prepared their press releases, waiting for the time to run out.

However, just as everyone was excited, discouraged, or stood up, no one noticed Lin Hanxing's hand pressing lightly on his ear.

"I'm sorry, I hope all the reporters and friends can wait a moment."

Lin Hanxing's voice suddenly rang out when no one was prepared. Everyone was still stunned.

Everyone at the scene unconsciously looked towards the source of the voice.

Lin Hanxing stood up.

The crowd looked at each other, not understanding why she asked them to stay after the signing ceremony.

Just as she was thinking about this, she saw Lin Hanxing's lips curl up into a smile and his fair finger pointed at the palm of his hand not far away.

Everyone's eyes turned in the direction she had indicated.

It was ridiculous.

Just as these words appeared in her heart, her eyes suddenly widened in reflex and she looked at the door.

Five Mercedes-Benz Maybach S600s slowly drove into the venue. The black body of the car was streamlined, and the dark bulletproof glass was like a beast that could easily devour people, bringing a strong visual feast.

This time, who had arrived?

[Chapter 1423](#)

1423 A slap in the face came too quickly like a tornado (3)

The same question appeared in everyone's heart.

For a moment, no one spoke.

They were just waiting for the answer to be revealed.

The car door opened.

Two groups of bodyguards in black suits got out of the car at the same time.

A group of bodyguards got out of the car expressionlessly and opened the back door. Another group of bodyguards stood on both sides, blocking the reporters who were rushing over because of their sensitivity to the news!

The man's long and strong legs were the first to step down. The suit was purely handmade and tailored, which highlighted his strong and perfect figure!

His cold and handsome features exuded a cold and powerful aura, and the cold aura between his brows made people involuntarily submit to him! When he stuck his entire body out of the car, the women's hearts couldn't help but race!

Just one look was enough to make people's souls captivate!

Yan Beichen and Liang yuran got out of the car right after him. As usual, Yan Beichen was as casual as he could be, while Liang yuran maintained his usual gloominess. The cold arrogance and unapproachable look between his brows were unforgettable!

Lei Xiao and Lin Hanxing looked at each other across the crowd.

In the next second, Lei Xiao's thin lips curled up slightly.

The female reporter who was closest to her couldn't help but suck in a cold breath!

in fact, today is not only the signing ceremony between Yuan's group and Jian Ou group, but also the signing ceremony between Yuan's group, Lei's group, and the Australian Dr group!

Lin Hanxing's words silenced the entire room!

After a brief silence, a thunderous roar erupted in the media as if they couldn't believe their ears!

"What's wrong with them?"

Bai Xi looked around blankly, as if he didn't understand why miss Jiu's words could cause such a huge uproar!

He subconsciously turned his head to look at Yuan Kang, only to see him also looking dumbfounded as if he had just realized something. Bai Xi was even more confused!

What the hell was going on?

F * ck, I finally know ... What Yan beiming came to Australia for!

Yuan Kang was so excited that his head was hurting!

It was the KSR Group!

The giant of the Australian sugar industry!

The world's second largest exporter of raw sugar!

Yuan! Sugar! Out! Mouth! Shang!

He finally understood what Lin Hanxing was up to. He only understood now!

Oh, wonderful! You have a good plan, I have a ladder to cross the bridge! When did you start preparing for this?

Yingying, this mine has been buried here for so long. Do I have to wait for it to explode before I know the danger?

From the beginning to the end, Lin Hanxing had already thought of this without him knowing ...

Although he had long known that she was smart, looking at it now, he still felt his whole body trembling!

Yuan Kang suddenly chuckled, which startled Bai Xi and Jiang Xibao.

They thought he was crazy!

“Did you guys know? Back then, uncle spent a lot of effort to get in touch with them in Australia, but he never managed to make a deal!”

Not even once!

Yuan Kang was obviously excited, but Bai Xi was still confused.

“What’s the impact if the deal doesn’t go through?”

Jiang Xibao was so close to raising his hand.

“You guys, look over there!”

Yuan Kang pointed at the senanda family members with a smile on his face.

The few of them looked in the direction he was pointing.

The members of the senanda family, who were full of pride a moment ago, and even old Chai of the Hong gang, had their faces turned extremely ugly in an instant. It could even be described as gloomy!

Lin xiaojiu’s move has earned the senanda family more than three billion US dollars!

Not to mention that more than half of them were sent by the senanda family!

How could they not be mad when they came back to their senses?

[Chapter 1424](#)

1424 What a good move, Golden Cicada shedding its shell

Bai Xi and Jiang Xibao looked at each other, obviously not understanding the stakes.

However, the reporters around them who were knowledgeable had already started to get excited.

It was like water splashing into a pot of oil, completely out of his control!

What did miss Jiu do to make Yuan Kang say that she had earned more than three billion US dollars from the senanda family?

“Aiya, you with the surname Yuan, you’re trying to make me anxious to death!”

“Tell me what happened!”

The hot-tempered Bai Xi slapped Yuan Kang’s shoulder.

although uncle is now one of the six Sugar Kings who monopolizes the entire Asian sugar industry, in fact, there are still many external factors that are shackling his development. This is also a problem that has been plaguing the entire Yuan family when uncle was in power!

Although Yuan Kang wasn't valued in the yuan family, he could see many things more clearly from his perspective.

the price of sugar has always been controlled by the higher-ups, and the senanda family is also very aggressive. Just like what Lin xiaojiu said during the board meeting, these are the most difficult and unsolvable problems for the yuan Corporation!

If he couldn't jump out, it would only be an endless cycle!

Yingluo, you can't, but I can!

Yingluo, you're wrong!

These years-the yuan group wasn't in the limelight, but no! Enough! Sheng!

Yuan Kang finally understood why Lin Hanxing was able to say those words so calmly during the Board of Directors meeting. It was because she was already prepared for it!

"But now, these problems have been solved!"

Yuan Kang couldn't suppress the excitement in his eyes.

just because miss nine signed a contract with the Australian CSR group? "

Bai Xi raised his eyebrows. What was the background of this CSR group?

"CSR is the largest sugar company in Australia and the second largest sugar exporter in the world! Do you know where 90% of the White sugar in country G comes from?"

Yuan Kang's voice even trembled when he said these words.

Bai Xi was about to subconsciously continue asking, but in a flash, she seemed to understand something!

you mean, all the sugar in country G comes from the Australian CSR group? "

Yuan Kang nodded without hesitation.

Bai Xi suddenly gasped!

What a great Golden Cicada shedding its shell!

The problems that Yuan Kang had mentioned earlier had been directly solved by the ninth young lady from the source!

She finally understood why the senanda family had such an ugly expression on their faces!

He had originally thought that he would be able to take away the yuan family's assets after all these years of scheming, but who would have thought that the ninth young lady would play the Golden Cicada shedding its shell and easily reverse the deadly situation that was originally unfavorable to the yuan family?

Didn't the senanda family want to be the sugar King of Country G?

'Great, ninth young lady gave it to me!'

However, the yuan group, which was originally just an import, suddenly became a raw material supplier. Because the CSR group supplied 90% of the raw sugar in country G, it was impossible for the senanda family to change the supply even if they wanted to!

The ninth young lady had made the senanda family pay for nothing and suffer a great loss!

After all, the senanda family was still under the yuan group!

With such a huge reversal, it was no wonder that the reporters had gone crazy just now. It was as exciting as writing a novel!

No one would have thought that Lin Hanxing would play such a trick!

If Bai Xi could figure it out, the senanda family would naturally be able to as well.

His expression was extremely ugly.

old Chai, there are talents in every generation. Why should old people like us be angry with the young? "

Elder mu didn't look at the infuriated elder Chai, his voice calm and collected.

[Chapter 1425](#)

1425 I'll make you lose all your face

Although she already knew that Lin Hanxing would have a backup plan, she was able to play it so beautifully and so quietly. No wonder Yuan shaojing picked her as his successor at a glance!

Elder mu shook his head with a smile.

He looked at Lin Hanxing, who was standing on the signing stage, with admiration.

Not to mention Yuan shaojing, even he wanted to ask this girl to take over his work!

"Miss Lin, you're really capable!"

The representative of the Jian Ou group forced a smile on his ashen face and spoke in a strange tone.

Does your company understand the meaning of signing this contract in public?

It was only now that he understood the meaning of Lin Hanxing's question!

"I just like to make money."

Especially when she was helping her man earn his pocket money!

Lin Hanxing said indifferently, but the other representative was so angry that he almost vomited blood!

This was more than just making money!

This was clearly about to be a robbery!

He knew what the senanda family was up to, but he had set up everything so that they would jump into the trap with the money willingly!

You've played until you've lost all your face, but you only used a light sentence of 'I like to make money' to explain?

The representative of the Jian 'ou group couldn't help but wonder how she had looked at him when he had been so arrogant.

At this moment, Lin Hanxing was too lazy to care about these things, his eyes only fell on Lei Xiao.

Especially after seeing the smile that was only for her, the indifference and alienation all over her body melted in an instant, and she subconsciously reached out to touch the cufflinks on her wrist, which were put on by Lei Xiao in the morning.

Lei Xiao was talking to the Australian representative of the CSR group, and he exuded an air of authority.

It was only when the few of them walked onto the stage under the media's spotlight that Lei Xiao naturally stood beside Lin Hanxing.

From an angle that no one else could see, he held her hand and slipped it into his big palm!

His eyes inadvertently glanced over the representative of the Jian Ou group. The unforgettable sense of danger made the latter walk down the stage stiffly. He only came back to his senses when he was off the stage!

The members of the Lei corporation's country G Branch, who were sitting in the empty seats prepared for the yuan corporation's higher-ups, also stood up. It was only now that everyone realized the reason why they were here!

It was obvious that Lin Hanxing was prepared for this!

"Mr. Lei, when did the Lei group and the yuan group reach an agreement to cooperate?"

"Mr. Ley ..."

The reporters swarmed in and threw questions at him one after another!

Towards this, Lei min turned a deaf ear with an expressionless face, and had no intention of answering.

His nearly 1.9-meter tall figure was intimidating, and his domineering demeanor attracted infatuation and pursuit from others!

It was just that his cold arrogance was shocking!

Lin Hanxing, on the other hand, unexpectedly took the microphone from someone else and handed it to Lei Xiao with a smile.

Thunder owl looked at her.

His eyes were filled with indulgence and helplessness.

He accepted it with a compromise.

the Lei group and the yuan group will jointly spend 2 billion Australian dollars to acquire the sugar business department of the Australian Dr group and jointly develop the renewable energy business!

His deep and magnetic voice spread through the microphone to every corner of the room.

The moment the senanda family heard the words 'renewable energy business', their faces turned even uglier!

No one understood the huge commercial value contained in these words better than they did!

Australia was very advanced in sugar-producing and planting sugar canes, and sugar was the main raw material of ethanol.

The increase in sugar prices could increase the production of sugar.

The fall in sugar prices turned into the production of ethanol.

While expanding the industry chain, they also stored up renewable energy!

[Chapter 1426](#)

1426 A living money printing machine

To be able to think of such a business opportunity, he was really ... Amazing!

When everyone carefully pondered over Lei Xiao's words, they were all dumbfounded and had the same thought.

Yan beiming took in their reactions and could not help but feel proud.

Please, their ah Xiao and little Hanxing were living money printing machines!

However, there were some who were blind and insisted on looking for trouble with them ...

Are you stupid?

Just as Yan beiming was thinking about this, there was a sudden commotion in the VIP seats below.

The elders of the yuan group's Board of Directors who had received the news rushed over. Their reactions were different from the previous time in the International Conference hall. This time, Zhang Zhang's old face was full of disbelief.

Initially, none of them had planned to attend today because they wanted to embarrass Lin Hanxing!

But now ...

This group of Yuan group's Board of Directors, who used to think highly of themselves, only felt that their faces were about to be slapped swollen by the little girl standing on the stage in front of them!

But ...

This was great!

The bunch of bastards from the senanda family were still immersed in the sense of victory over the unification of country G's sugar industry a second ago, but in the next second, they were beaten back to

their original state. Just thinking about it made them feel as comfortable as if they had opened up their Ren and du meridians!

In an instant, the Board of Directors, who had thought that the future of the group was bleak, straightened their backs and looked at Lin Hanxing with pride and relief.

At the same time, he couldn't wait to take his seat.

This time, no one would question Yuan shaojing's decision!

Lin Hanxing obviously did not care about their reactions. He was as calm and lazy as he was during a board meeting in the International Conference hall.

The enthusiastic reporters surrounded the signing site.

What had just happened had already been spread to all parts of country G through the media!

It ignited the entire Chinese circle like a spark!

As word of mouth spread, every household turned on their televisions, and many merchants even stopped their work and looked up to watch everything.

The real-time viewership ratings were skyrocketing!

The reporters at the signing ceremony also received the news through the phone.

It must be noted that the last time the viewership ratings soared was four years ago, and it was about to break the peak viewership rating record four years ago. It was enough to show the sensational effect it had brought!

The signing ceremony was carried out in an orderly manner.

The senanda family's representative, who thought he would be in the limelight today and grab all the pages, now felt like he was sitting on pins and needles. He felt uncomfortable sitting there, and he would lose his demeanor if he stood up and left!

He was in a dilemma.

"Ms. Lin, may I know what's the reason for the strategic cooperation with the Australian certainly? Under your leadership, will Yuan's group take a different path from when Mr. Yuan was here?"

Some reporters took the opportunity to ask questions.

The real-time viewership ratings soared in an instant. It was obvious that the question raised by this reporter was also the concern of many people.

Lin Hanxing looked up at the reporter who asked the question.

His eyes seemed to casually sweep across the name tags ...

The Chinese times.

The Chinese times was the Chinese newspaper with the largest circulation in country G. It was also the most well-known and influential newspaper!

Lin Hanxing smiled at him.

That smile instantly stunned the reporter who asked the question for a long time, and his cheeks were hot.

“Before I came here, I had a deep conversation with Mr. Yuan shaojing.”

Lin Hanxing’s cold voice was heard by everyone through the microphone.

It couldn’t be clearer.

[Chapter 1427](#)

1427 You can have your bones broken, but you will never admit defeat

Mr. Yuan shaojing told me that the Chinese people from country G came to Southeast Asia when they were still in the country. Some of them didn’t even get to bid farewell to their families and took root in their suffering just to survive. We work hard to defend our culture and rights, and we never lower our heads even if we are treated unfairly!”

we Chinese can have our bones broken, but we will never admit defeat!

The originally lively scene gradually quieted down after Lin Hanxing’s speech.

He listened carefully.

Mr. Yuan shaojing has been working hard to improve the treatment of Chinese people in country G all his life!

No matter what kind of feelings Lin Hanxing had for Yuan shaojing, he had already done everything he could for the sake of his people!

Lin Hanxing’s voice was calm and powerful, but it could penetrate people’s hearts!

“And this will be the most important thing I have to do after I take over the yuan family from him!”

Just like what he had promised Yuan shaojing!

Lin Hanxing was looking straight at the Chinese times reporter when he said this. The shock he felt was indescribable even for the reporter. He just stood there and looked at her in a daze.

in the next three years, I will work with Mr. Lei Xiao of the Lei group to vigorously promote the establishment and implementation of the rights protection and support Fund plan for Chinese people in country G ...

Countless viewers were watching all of this through the live media cameras. The people who had been worried about the changes that had happened in Yuan Corporation during this period quickly calmed down.

What replaced it was a sense of pride and belonging that came from his bones!

It was a strong feeling that came from the heart!

Elder mu looked at Lin Hanxing from his seat, but the contents of his conversation with Yuan shaojing the night before he left appeared in his mind.

Xuanji elder mu, we must leave more opportunities for the young.

The world belonged to them after all.

That's right, this world ...

After all, it belonged to the young!

.....

With a loud bang, the second Princess Consort smashed a jade bracelet.

He had been tricked by Lin xiaojiu again!

When she saw Lin xiaojiu's big reversal on TV, it was not hard to imagine how many people would laugh at the senanda family after today!

"Princess ..."

The nanny looked at her worriedly.

"That B * tch is using our family as her stepping stone!"

The second Princess Consort said through gritted teeth.

A crisis that could have put her in a difficult position was resolved just like that. Not only did it not cause any trouble for Lin Hanxing and Yuan's group, but it also allowed Lin Hanxing to use the entire internet and platform as a medium to make her own personal show!

How could the second Princess Consort swallow this?

She was so angry that she lost control of her rationality!

Why is it like this every time!

Everything was going according to plan. Once they had the yuan family's sugar industry in their hands, they could slowly nibble away at the yuan corporation's Foundation. By then, they would be able to drive those pests out of country G!

Who would've thought that there would be an Australian Dr.

The second Princess Consort hated the feeling of powerlessness when she was treated as a joke even though she tried her best!

Lin xiaojiu, why is your luck so good!

Everything that they had done had been for nothing!

"I'm not willing to accept this!"

The second Princess Consort clenched her fingers, her eyes burning with anger.

Suddenly, his phone rang.

The nanny looked at her worriedly and picked up the phone.

“Princess ...”

The second Princess Consort raised the phone to her ear. She frowned as soon as she heard the first sentence.

“You’re serious?”

She asked the person on the phone!

[Chapter 1428](#)

1428 The light fell on your face

At the same time, in a coffee shop near song group.

in the next three years, I will work with Mr. Lei Xiao of the Lei group to vigorously promote the establishment and implementation of the rights protection and support Fund plan for Chinese people in country G ...

Song Chenxi looked up at the TV LCD screen hanging on the inner wall of the coffee shop, a faint smile blooming at the corner of her mouth.

The sunlight shone through the floor-to-ceiling windows and gently on her body, beautiful and gentle.

From time to time, he could hear the exclamations of others about Lin Hanxing.

Her hanging heart finally settled down.

Immediately after, his stomach, which had just drunk coffee, began to convulse violently.

Song Chenxi pressed her stomach and got up to go to the bathroom.

The moment she left, a dark shadow stood where she had been sitting.

Gong Ming was wearing a cap, and her deep and charming eyes fell on the edge of the cup on the table.

There were still traces of song Chenxi’s lipstick on it.

It was a faint orange-red color.

Gong Ming slowly stretched out her hand and gently stroked the color with her fingertips devoutly and obsessively. A child-like smile inadvertently appeared at the corner of her mouth, causing the face of the waitress to turn red.

“I’ll have to trouble you ...”

Gong Yun waved at her.

His little sister walked over with a red face.

her stomach isn’t good. Can you change a glass of milk for her? ”

As he spoke, Gong Ming smiled at her.

The waitress felt her face burning up. Even if it was the sun, let alone a glass of milk ...

Alright, she really didn't have the ability to pick one for a handsome man!

"Thank you, but ..."

Gong Yun's expression suddenly changed, revealing a faint grievance.

"Can you keep it a secret for me? I've made her angry ..."

By the time song Chenxi came out of the bathroom, the coffee on the table had already been replaced by hot milk. The waiter, who was blushing, was holding the tray with an expression of a young girl in love.

"If your stomach isn't feeling well, this medicine will be very effective."

The waitress pushed the medicine that Gong Ming had given her in front of song Chenxi, her eyes filled with anticipation.

"....."

Song Chenxi blinked. Why did she feel that the waiter's eyes were full of ...

Envious?

"Thank you," he said.

Taking the medicine and milk, song Chenxi did not reject the other party's good intentions.

However, she did not notice that when the waitress turned around and returned to the counter, she made an "OK" gesture at a certain spot!

Song Chenxi took a sip of the hot milk. The rich taste quickly spread on her taste buds.

He did not touch the stomach medicine.

She knew very well that her stomach was not the problem.

The live broadcast on TV had ended. Song Chenxi got up and walked outside.

"Is that F-lady song?"

In the black streamlined business car, the driver looked out of the window while waiting for the red light and suddenly said in surprise.

Gong Chen, who was originally sitting in the back seat, suddenly stopped and raised his head.

"Oh, so it's this day again."

The driver seemed to have thought of something and suddenly realized.

"Which day?"

Gong Chen subconsciously said in a low voice.

“Eh? Did Mr. Gong not know about this all along?”

The driver turned around in surprise.

Gong Chen didn't speak.

Mr. Gong didn't understand miss song at all.

Yingluo, you're the one who's not worthy of her.

Gong Chen's eyes were cold as he recalled what song Chenxi's assistant had said.

When the driver met Gong Chen's eyes, he realized that he had said something and quickly turned serious.

“Miss song, there will be an afternoon every year when you don't go to the office.”

Even if it was a huge matter, it had to wait until the next day to deal with it. No one could contact her.

He told Gong Chen everything he knew in a concise manner. The green light just so happened to turn green. The driver was about to start the car but was stopped by Gong Chen.

In the next second, Gong Chen got out of the car.

“You can go back directly.”

[Chapter 1429](#)

1429 Where did she go then?

Song Chenxi walked very slowly.

Her slender figure blended into the sea of people, as if she would disappear at any moment.

Gong Chen followed her.

He had used this road to go to the company in the past, and he had never felt that there was anything special about it.

However, it was different today.

He watched as song Chenxi walked and stopped. Occasionally, she would raise her hand to block her eyes. The sun shone through the gaps between her fingers and finally fell on her porcelain white face.

For a moment, Gong Chen seemed to want to reach out and block the insensible light for her.

He only realized how crazy his idea was after some time.

She didn't know if it was her imagination, but song Chenxi felt like someone was following her.

Frowning, he turned around ...

Other than the surging crowd, there was nothing unusual.

Gong Chen, who had hurriedly hidden in a dark corner, was panting slightly. His cold face was filled with panic, as if he had almost been seen through.

After a long while ...

The corners of Gong Chen's mouth curled up into a bitter smile.

When did he become someone who would do such things?

When he caught up again, Song Chenxi was holding a bouquet of white daisies in her hand, which was extremely eye-catching.

Gong Chen couldn't help but have doubts in his heart.

There would be an afternoon every year when Miss Song didn't go to the office ...

Then where did she go?

Who did he meet?

Gong Chen got the answer to this question twenty minutes later.

At the cemetery.

Song Chenxi placed the bouquet of white daisies in front of the old Butler's grave.

She had hired someone to clean the place, so the tombstones were clean no matter if it was windy or rainy.

The old Butler was a decent man.

He liked to be clean.

"In this world, I'm afraid only ninth young lady will believe me."

Song Chenxi poured the sake into her glass and toasted three glasses on the ground as she spoke.

It was as if they were having a casual chat, and their voices were calm.

"Even I'm starting to doubt if what happened back then was real ..." He said.

The joy that was like the beginning of spring seemed to be running out bit by bit.

"I might not have the chance to come next year ..."

When she said this, Song Chenxi smiled.

"But I've already paid the money here in advance ..."

The next second, Song Chenxi fell silent.

Gong Chen, who was far away, couldn't hear what she was saying, but he could clearly feel the sadness and depression around her.

His temples were throbbing, as if something was struggling.

Yingluo, are you afraid of death? Eh? I'm asking you if you're afraid of death!

A fierce and evil voice came from somewhere, causing Gong Chen's headache to become more intense.

It seemed to be accompanied by the sound of a gun being loaded.

A loud bang ...

A warm liquid splashed on his face.

Yingluo, don't ... Be afraid ...

Wanwan ... Soon ... Someone ... Came ...

Gong Chen suddenly opened his eyes, and large beads of cold sweat broke out on his forehead.

A cold wind blew on his back.

For some reason, he always recalled the scene of Zhiyun saving him.

It became more and more frequent.

"What are you doing here?"

When song Chenxi went down the steps, she felt that the figure below was vaguely familiar. She only realized it was Gong Chen when she got closer.

Gong Chen didn't say anything.

However, as he looked at her, his cold face turned slightly pale.

"What are you doing here?"

He asked in a deep voice.

This time, it was song Chenxi who did not speak.

Or perhaps, there was nothing more to say to him.

The two of them looked at each other in silence. Song Chenxi was the first to sigh and tried to walk past her.

However, before she could leave, the man's hand had already grabbed her arm like lightning.

And this scene had long been captured by a pair of eyes.

Not far away, Gong Yun pressed down on her cap and hid the suppression and fierceness in her eyes ...

[Chapter 1430](#)

1430 Second miss song and I have the same person we hate

Song Zhiyun picked up the phone without a caller ID.

The moment she hung up the phone, even though she was sick, she forced herself to leave Song Yuan and ask the driver to send her to the agreed place.

The meeting place was the most high-end Leisure Club in Xuelan.

At this time, the door was closed, and there were bodyguards guarding the door.

However, when he saw the weak-looking Song Zhiyun walking over, he didn't stop her and let her in.

The chauffeur watched as Song Zhiyun entered. He had only taken a glance, but the bodyguards at the door had already noticed him. He was so scared that he shivered and quickly lowered his head, not daring to cause any trouble.

The sun was shining brightly outside, but the cold air in the club was extremely strong.

Song Zhiyun wrapped his shawl tightly and coughed violently. When he saw the person who had asked her out, he stopped abruptly!

The second Princess Consort!

The second Princess Consort had come in person!

"Sit."

The second Princess Consort said with a smile, but her eyes seemed to be judging.

Song Zhiyun sat down.

"I wonder why the second Princess Consort has called me here?"

Song Zhiyun's face was flushed red, and he seemed to be sick.

The eyes of the man standing beside the second Princess Consort wandered. Wasn't he the second Prince's trusted aide?

"Take a look at this first."

The second Princess Consort smiled as she pushed the documents in her hands in front of Song Zhiyun. She pointed her palm up.

Song Zhiyun looked at her in confusion.

In the end, he still picked up the information and read it carefully.

The more he looked, the wider his eyes widened.

"Is this ... Is this true?"

Song Zhiyun's pupils trembled violently, and even his breathing quickened.

Her sister ...

He was about to die?

Was it because of the bullet that couldn't be removed from his head?

He was about to ...

He's dead?

For a moment, song Zhiyun's heart was filled with all sorts of emotions.

After all, song Chenxi was her sister.

"Didn't you see it? of course it's true."

The second Princess Consort smiled like a hibiscus of wealth, making people unable to look away.

the song Chenxi now is like walking on a cliff. She could die at any moment.

After obtaining the first-hand information through special means, the second Princess Consort could not help but feel that the heavens were helping her to discover such an important secret at such a critical moment.

when she's dead, you can transplant her kidney, and Madam song and Gong Chen will be back in your hands, right? "

The second Princess Consort said in a gentle tone.

Song Zhiyun's heart thumped.

"What do you want me to do?"

Song Zhiyun was already past The Age of Innocence. Naturally, he knew that he had to pay the price for the benefits!

"Hehe!"

The second Princess Consort was obviously very satisfied with her.

I'll be holding a banquet at the royal family in the next few days. I'll specially invite people from Yuan Corporation to attend.

Yuan's group?

Hearing these words, song Zhiyun could already guess what she was thinking.

Lin Hanxing!

At the mention of this name, he felt so much hatred that his teeth were itching!

If it wasn't for her, why would he be so weak?

The second Prince's confidant's heart was beating fast, but he was scared.

What kind of incredible thing did he just hear!

Why did women like them always want to find trouble with that female Rakshasa? Only the heavens knew that he couldn't even Dodge in time! Yet, this group of people still wanted to get close to her!

"You want me to cooperate with you?"

Song Zhiyun said softly, understanding what he meant.

“To tell you the truth, second young lady song and I have the same person we hate.”

The second Princess Consort said coldly as she leaned her soft and fragrant body against the sofa, seeing that she had already accomplished half of her goal.
