

Goodnight 1431

[Chapter 1431](#)

1431 How did they end up here?

In the park on the street.

Song Chenxi and Gong Chen were sitting side by side on the bench.

Ever since that year, they had never sat together so peacefully.

The thick, arched green plants shielded the two from the scorching sun. The fountain sprayed water as usual, and droplets of water splashed in the air, rendered into fine halos by the sunlight.

Song Chenxi straightened her legs casually. Her smooth legs were thin and white.

Neither of them spoke.

Until ...

A strange sound came from Gong Chen's abdomen.

Gulp ...

Song Chenxi looked at him with a subtle expression. Gong Chen's cold face could not help but stiffen.

She stood up.

"Where are we going?"

In the next second, Gong Chen reached out and grabbed song Chenxi's arm. He raised his head and looked at her.

There was awkwardness and nervousness between his brows.

Song Chenxi, on the other hand, lowered her head against the light and saw his expression.

She raised her hand and pointed to a place not far away.

Gong Chen looked in the direction of song Chenxi's finger. His clenched fingers gradually loosened.

There was a food cart not far away.

When song Chenxi returned, she had a chicken roll set and ice cream in her hands.

"Let's eat,"

She handed the paper bag with the set meal to Gong Chen and said in a faint voice.

After that, he sat back down and started eating his ice cream cone.

Gong Chen didn't say a word. His deep eyes fell on the side of song Chenxi's face. He watched her pinch the egg roll and lick the ice cream ball. For some reason, the corners of his lips curled up.

"In the future, even if you get busy with work, don't forget to eat."

Song Chenxi's gaze fell into the distance. Gong Chen only realized later that she was saying this for him to hear.

Was she showing concern for him?

With this thought in mind, Gong Chen even felt that the cheap chicken roll in his hand didn't taste as bad as before.

"This is my business."

However, Gong Chen's reply was still cold and indifferent.

The moment the words left his mouth, his fingers paused. However, the words that he had said were like water that had been poured out, and it was difficult to take them back.

But this time, song Chenxi did not argue with him.

He smiled and did not say anything.

Instead, she reached out to untie her hair, completely relaxing.

His long hair spread out like a waterfall, and a gentle breeze blew over. The ends of his hair brushed past the back of Gong Chen's hand, bringing a burning effect.

He suddenly retracted his hand.

His actions were too big, but song Chenxi still ignored him. She just quietly ate her ice cream.

Gong Chen's gaze fell on her from the corner of his eye.

When she spoke, he felt annoyed. When she didn't speak, he felt even more annoyed.

Song Chenxi was too lazy to guess what the people around her were thinking.

Her pale lips licked the ice cream, just as she had wanted to do a long time ago.

"Is it good?"

Gong Chen looked at her expression. When he realized that he had spoken, it was too late.

Only then did song Chenxi turn her head to look at him.

His glass-colored pupils were filled with tiny bits of sunlight, and his entire face was filled with vitality.

"Won't you know after you try it?"

Song Chenxi pretended to hand the half-eaten ice cream ball in her hand to Gong Chen.

It was as if she was certain that he would not eat it.

However, in the next second, Gong Chen opened his mouth and took a sip.

"....."

Song Chenxi's expression froze in an instant. She looked at Gong Chen, whose lips had not left the ice cream ball.

The latter was also looking at her.

Time seemed to have stopped here.

No one spoke.

Xuanji, Gong Chen, just you wait! One day, I'm going to cure your mysophobia!

The memories poured in like a broken dam.

Song Chenxi looked at Gong Chen, her heart feeling as if it had been pierced by needles.

How did they end up here?

Gong Chen suddenly straightened his body and felt a headache coming on because of his inexplicable actions.

[Chapter 1432](#)

1432 What's the difference between saying it or not?

"Get your chauffeur to pick you up."

A cool breeze blew past, causing song Chenxi's eyes to turn cold.

It also blew away the remaining charm.

As she spoke, she wrapped the cone in a tissue and threw it into the trash can.

She stood up and was about to leave.

"Why didn't you tell me so many things in the past?"

Gong Chen didn't know why he had asked this question, but he had successfully stopped song Chenxi from leaving.

She turned around to look at him.

that's what happened with the coffee beans. It's the same with the day they disappear every year ...

She did not say anything.

He could only understand her from other people's mouths.

Song Chenxi looked at Gong Chen's extremely familiar carved face and chuckled softly.

"What can I change if I tell you?"

Song Chenxi said calmly, without any emotion.

She didn't complain or feel wronged. She was just calm, as if she was talking about someone else's matters with Gong Chen.

“Gong Chen, will you not hate me anymore if I tell you?”

Song Chenxi looked straight into Gong Chen’s deep and cold eyes, and all the expressions on his face could not be hidden.

you’ll think that I’m lying, you’ll think that I have other motives, you’ll use all the disgraceful thoughts in the world to suspect me.

Gong Chen had never been so embarrassed in his life.

Song Chenxi’s eyes were so clear that she could not even lie.

“So, what’s the difference between saying it or not?”

A cool breeze blew past, causing song Chenxi’s long hair to spread out behind her. Her beautiful face was mesmerizing and quiet, like the first pear flower that bloomed on the branch when it was warm and cold. It was cold and attractive.

She had no other requests for him.

Realizing this, Gong Chen’s heart felt as if it was being tightly clenched by two invisible palms.

The pain was almost suffocating.

He could not refute song Chenxi because he knew better than anyone ...

She was right.

If it was song Chenxi, he would not be able to resist hurting her.

Even Gong Chen himself didn’t know why he did that.

“Let the chauffeur send you back to Song Garden ...”

Song Chenxi said softly, but she added one last sentence.

“Zhiyun is still waiting for you.”

After saying this, song Chenxi turned around to leave him.

However, before she could take two steps, a broad and strong chest pressed against her from behind and hugged her thin body tightly.

“Don’t go ...”

Gong Chen’s deep voice exploded in song Chenxi’s ears.

Song Chenxi’s pupils trembled slightly ...

.....

Yuan Corporation.

The two high-tide press conferences broke the peak viewership ratings of country G in recent years. For a while, words like Lin Hanxing, Lei Xiao, and even the yuan's group and Lei's group became the most searched terms on social media platforms such as Twitter.

Under the leadership of Yuan shaojing's newly chosen successor, Lin Hanxing, the legendary experience of Yuan's group Turning from an import to a raw material supplier was spread by word of mouth, and the Chinese circle in country G was rapidly stirred up by a star whirlwind!

The fear, worry, and apprehension from before had long since ceased to exist. In their place was hope!

After the press conference.

Lin Hanxing refused all media interviews and walked towards Yuan Corporation with Lei Xiao and the others under the escort of bodyguards.

But even so, the media's flashes and focus were still madly focused on her.

When he passed by the senanda family representative, Lin Hanxing stopped.

He turned his head and looked at the other party.

Her face was calm, but the senanda family representative could see the disdain in Lin Hanxing's eyes.

Or perhaps, from the beginning to the end, this woman in front of them was just toying with them to accompany her in singing the Golden Cicada shedding its shell!

Cunning!

How cunning!

[Chapter 1433](#)

1433 The leader's action is required to gain the respect of his subordinates

This time, the senanda family had really underestimated their enemy!

When Yuan shaojing was still around, the senanda family could still figure out his tricks and take precautions in advance, but now that Lin Hanxing was here, everything was back to zero!

They could not do anything to her at all!

However, this was a master who didn't play by the rules. What conspiracy? as long as it could achieve the effect, she didn't mind playing a mixed double with you!

How was he supposed to play with this?

"Please help me pass a message back."

As the senanda representative thought to himself, he suddenly heard Lin Hanxing's voice.

For some reason, he shuddered in his heart.

It was an ominous premonition!

"What ... What words?"

The senanda family representative looked at Lin Hanxing warily. He had heard many rumors about her.

However, on second thought, there were so many media reporters here. She couldn't possibly do anything to her in this kind of environment!

Hearing this, Lin Hanxing's refined and refined little face slowly curved into an intimidating smile.

Not to mention the senanda family's representative, even the media reporters who had their cameras pointed at Lin Hanxing couldn't take it anymore.

On the other hand, Lin Hanxing's gaze not only swept across the person in front of him, but also the depressed-looking Hong gang's elder Chai.

His lips parted slightly.

The sentence was said smoothly.

"....."

"....."

"....."

The originally noisy environment suddenly became quiet.

Everyone who heard Lin Hanxing's words had a strange expression on their faces.

Did they ... Hear it wrong?

What Lin Hanxing had just said was ...

Yingluo, your daddy will always be your daddy!

Lin Hanxing did not care about the others' reactions. He left after saying that.

Only the ashen-faced senanda representative was left behind. He almost fainted on the spot!

Arrogant!

How arrogant!

Some people were sad, while others were happy.

The yuan corporation's Board of Directors, who had previously been disdainful of Lin Hanxing, now had a look of exaltation on their faces. The only thing missing was the words 'I'm proud'.

"That's a little too realistic!"

Yuan Kang muttered in a low voice.

And this feeling only became more and more intense when he entered Yuan Corporation.

Everyone in the yuan Corporation welcomed Lin Hanxing warmly when they saw him. Yuan Kang even began to wonder if he had come to the wrong place. After all, the last time Lin xiaojiu came, these people all looked like they had lost their lives.

It had only been a short while, and the effect was no different from when uncle was around!

Yuan Kang was still feeling dizzy even after he entered the elevator.

“You’re not used to it?”

Lin Hanxing did not turn around, he saw his expression through the elevator’s smooth metal wall.

Yuan Kang hesitated for a while and then nodded.

Lin Hanxing smiled.

remember, if you want to gain the respect of your subordinates, you need the actions of the leader.

It was better to do things beautifully than to say nice things.

The elevator door slowly opened with a ding.

“You’ll need it sooner or later.”

.....

The second Prince’s confidant was still in a daze as he walked out of the club.

As expected, rumors could not be completely believed!

He thought.

Who would’ve thought that the pitiful girl whose man was stolen by her sister wasn’t pitiful at all? her expression when she was conspiring with the second Princess Consort just now ...

The second Prince’s confidant still felt his blood run cold when he thought about it.

As the saying goes, you may know a person’s face, but not his heart ...

As he thought about this, the second Prince’s confidant quickly dialed the number that Lin Hanxing had left for him the last time when no one was paying attention ...

[Chapter 1434](#)

1434 If you don’t come to me for trouble

Li garden.

Lin Hanxing couldn’t be bothered to listen to those old people praising her. After a short and routine speech, she directly brought her people home from Yuan Corporation.

“Oh? Song Zhiyun agreed?”

With a click, Lin Hanxing cut off the branches of the White Rose he had chosen from the flowerbed.

The Tibetan Mastiff ah Zuo had a basket tied with a bow on top of its furry head. When it heard the sound, it quickly raised its head and automatically sent the basket to Lin Hanxing’s hand. It even proudly showed off to the Tibetan Mastiff ah you.

After listening to Li Yuanjun's report, Lin Hanxing's hands did not stop moving, but his eyes were cold.

"He agreed."

Li Yuanjun's face was filled with anger when he said this.

It was not just because of Song Chenxi's matter, but also because of their repeated scheming against the master.

"Angry?"

Lin Hanxing's voice was soft and gentle. No one could guess what she was thinking just by looking at her expression.

Li Yuanjun didn't say anything.

But his expression revealed all his emotions.

Lin Hanxing smiled.

She leaned over and sniffed the white roses.

"There's nothing to be angry about."

She said.

In this world, since there was a great family, moving love, and friendship that was at the cost of two knives, there would inevitably be selfish, ugly human nature, and bone-piercing lies.

The extreme would be the opposite, but that was all.

"I've caused the Senanda family to suffer such a huge loss. If the second Princess Consort doesn't come to find trouble with me, I'll have to think twice."

Lin Hanxing lifted the basket from the Tibetan Mastiff at Zuo's head, his voice calm.

He seemed to have guessed it.

"Do we need to tell Mr. Ley?"

Li Yuanjun was a little worried.

"Don't let Ah Xiao know about this for the time being."

Fortunately, Ah Xiao still had further cooperation to discuss with Australia and had not returned yet.

If he were to find out that the second Princess Consort and Song Zhiyun had plotted against her, he would probably turn the entire sky of Xue Lan upside down!

She could 'play' so happily along the way, mostly because Ah Xiao was willing to pamper her.

"It's a matter between women. Let us women solve it ourselves."

After all, once the project with the Australian partner stabilized, she would temporarily move to Rou city.

Since the second Princess Consort thought so highly of her, she could not let her down ...

Wasn't it?

"Then ... What about miss song?"

Li Yuanjun hesitated for a moment, but he still couldn't help but ask.

After all, second song was involved in this matter. He had to inform song Chenxi, right?

Lin Hanxing did not say anything, he just handed the basket of white roses to li Yuanjun.

"I'll explain."

After a long time, Lin Hanxing spoke ...

.....

In the president's Lounge of the gong Corporation.

This was the first time song Chenxi had come here with Gong Chen.

On the way here, the staff of the gong Corporation looked as if they had seen a ghost. It was enough to show how shocked they were when they saw song Chenxi.

Everyone in country G knew how tense the relationship between the couple was.

Who would have thought that one day, song Chenxi would appear!

And with the president?

Song Chenxi did not think about it either.

She wouldn't have followed him here if the watering system hadn't suddenly activated in the middle of the street Garden and drenched Gong Chen.

She heard the sound of a shower coming from the lounge. She was silent for a moment and looked around.

This was Gong Chen's office.

It was also the place where he had repeatedly forbidden her from appearing.

This place used to belong to Zhiyun.

Only Zhiyun was the only one who could come up directly without any notice.

[Chapter 1435](#)

1435 Zhiyun was the only exception to him

Song Chenxi slowly walked to Gong Chen's desk and her fingers gently slid across the cold table.

The heavy wood table exuded the fragrance of cold sandalwood.

The suit that Gong Chen had casually changed out of earlier was placed on the president's chair.

All of this was unfamiliar to song Chenxi.

Suddenly, her gaze stopped on a certain spot.

Gong Chen and song Zhiyun's group photo was placed in the most eye-catching position on the table, reflecting a warm Halo under the sunlight.

Song Chenxi reached out and took the photo frame in her hand.

She didn't say anything and just looked at the two people in the photo.

This man hated taking photos.

It wasn't hard to tell from the photos.

But even so, he had given Zhiyun the exception.

She quietly put the photo frame back in its original place and suppressed the bitterness in her heart.

Leaning against the edge of the table, he turned to face the floor-to-ceiling window and looked into the distance.

At that moment, the sun was just right. Song Chenxi subconsciously opened her fingers to block the light.

Gong Chen, who was walking out of the lounge with a bath towel wrapped around him, happened to see this scene.

The sunlight pierced through song Chenxi's small hands and landed on her eyebrows mischievously. It even covered her whole body with a thin layer of light.

It was so beautiful that it seemed like it would disappear in the next second.

When he realized this, Gong Chen's heart started to beat faster. He quickly walked over and grabbed song Chenxi's slender wrist and pulled hard ...

"Don't go!"

Song Chenxi was caught off guard and was pulled into Gong Chen's arms.

His deep voice came from above her head, and even his broad chest was trembling.

She only realized the fact that Gong Chen wasn't wearing any clothes after some time.

Frowning, she wanted to put some distance between them, but she was confused by the strong heartbeat in his chest.

When they were at the old mansion, Gong Chen often pulled her to lie on his body like this. Song Chenxi could always sleep very well with the sound of his heartbeat.

As soon as the two of them got close, Gong Chen's temple exploded in pain as if it was a conditioned reflex.

But this time, even so, he did not let go.

It was as if something was trying to break the bone.

“The water is on my face.”

After an unknown period of time, song Chenxi’s cold voice sounded.

Only then did Gong Chen realize that his wet hair was still dripping.

He let go.

He did not expect song Chenxi to take the towel silently in the next second.

“Sit down,” he said.

There was no fluctuation in his voice, but Gong Chen sat down on the president’s chair. Almost at the same time, song Chenxi reached out and covered his head with a towel. She helped Gong Chen dry his hair like she did every time in the past.

Perhaps it was because his eyes couldn’t see and he felt insecure, but every time Gong Chen came out of the bathroom, he would just wipe his face carelessly and wait for her.

Over time, it seemed to have become a tacit understanding between the two of them.

No one spoke in the huge space.

Song Chenxi quietly helped Gong Chen dry his hair. When Gong Chen came back to his senses, his fingers had unknowingly grabbed the corner of song Chenxi’s clothes.

This discovery made him feel a little embarrassed.

His actions were completely subconscious, but it was also because of his subconscious that Gong Chen felt even more embarrassed.

Gong Chen wanted to move it away secretly, but he gave up the idea after a moment.

He allowed song Chenxi to do whatever she wanted.

There was a rare moment of peace between the two of them.

There were no quarrels, no suspicions, no hurt.

Soon, song Chenxi helped Gong Chen dry his hair. Her body reflexively followed the traces left behind by the past and kissed him between his eyebrows.

However, things were different now. As soon as she finished, song Chenxi’s pupils trembled slightly and she suddenly wanted to get up.

However, before she could leave, someone reached out before her!

[Chapter 1436](#)

1436 Stop talking

Gong Chen suddenly reached out his large palm and placed it behind song Chenxi’s head. His thin lips suddenly kissed her.

It was overbearing and unusually violent.

It was as if even his breathing was going to be taken over by Gong Chen!

Time seemed to have stopped at this moment.

Song Chenxi's eyebrows drooped slightly, looking as pitiful as ink.

His lips were warm.

Song Chenxi thought to herself.

All these years, she had been woken up by countless nightmares.

In her dream, the bullet that was supposed to be in her head shot through Gong Chen's body. Large amounts of red blood gushed out of his body, and he died again and again. Every time, she was so desperate that she broke down.

When she woke up, song Chenxi swore that as long as Gong Chen could live well, the rest ...

Then everything was no longer important!

If it wasn't for that bullet that was out of place ...

Recalling this, song Chenxi's eyelashes trembled slightly. She was about to push Gong Chen away ...

A muffled bang broke the silence between the two.

When song Chenxi raised her hand, she accidentally knocked the document beside her onto the ground, making a sound.

Gong Chen's movements paused.

On the other hand, song Chenxi quietly pushed him away and bent down to pick up the document that had fallen to the ground.

Gong Chen glanced at the ground from the corner of his eye, and his expression suddenly changed!

He wanted to reach out to grab song Chenxi, but it was too late.

Song Chenxi's actions stopped as if someone had pressed the pause button.

She looked calmly at the document that had fallen out of the folder on the ground, but she could see the contents of it at a glance.

Her long eyelashes trembled slightly.

There seemed to be something flashing in his pupils.

It was song Chenxi's medical report.

However, it was not the real one. It was the one song Chenxi used to fake her health.

What else did she not understand?

“Chenxi ...”

Gong Chen’s voice was hoarse and heavy.

“Don’t say anymore.”

Song Chenxi kept all the emotions in her eyes and reached out to pick up the document. She even calmly patted the dust off the folder and placed it back where it was originally.

Gong Chen stared at her face, not letting go of any expression on song Chenxi’s face.

He wanted to explain to her, but he couldn’t say anything.

She was a smart person, so how could she not see through his intention of pulling out her medical report at this time?

His so-called explanation was pale and powerless.

“If you want anything, just tell me. You don’t have to do this ...”

Song Chenxi raised her head and looked at Gong Chen.

There were many emotions in her eyes that Gong Chen couldn’t understand. They were so dense that they made Gong Chen’s heart ache.

“You don’t have to do anything to me, the person you hate ...”

Her voice was soft and gentle, like the snow in winter.

Gong Chen’s slender fingers trembled.

No, it wasn’t like that.

He couldn’t tell her that he regretted it the moment he got the medical report.

And the moment she saw it ...

Gong Chen felt an indescribable pain in his heart.

It was as if something was roaring inside his body, causing his internal organs to ache!

Song Chenxi sighed, picked up her bag, and wanted to leave.

However, before he could leave, Gong Chen made a gesture to grab his wrist.

But this time, song Chenxi did not give him any chance. She turned slightly and dodged.

“Chenxi ...”

Gong Chen’s voice sounded as if it had been choked, and it was extremely uncomfortable to hear.

Perhaps she could not bear it, song Chenxi turned back to look at him.

“I’m not ...”

He tried to speak.

“Gong Chen ...”

But before he could finish, song Chenxi cut him off.

She even laughed.

He smiled without any emotion.

“Wait, wait ... Wait for me ...” He said.

The refined face that was usually calm and sharp now had an indescribable beauty.

“Soon, you’ll have everything you want.”

[Chapter 1437](#)

1437 Gong Ming, who allowed you to come back?

Song Chenxi left the gong Corporation with a calm expression.

But was she really as calm as she appeared to be?

Song Chenxi asked with a bitter smile.

If that was the case, why would she take the staff elevator downstairs and let the staff of the gong Corporation size her up like a rare animal in the zoo?

The moment she left the gong Corporation, song Chenxi was like a fish back in the water, desperately breathing in fresh air.

However, she was sensitive enough to hear the sound of reporters taking photos secretly.

“Don’t look.”

Just as song Chenxi was about to raise her head, a thin coat suddenly covered the top of her head. A clear masculine scent attacked her in an instant. Before she could react to why the voice was so familiar, the sound of intense conflict rang out again.

Song Chenxi reached out and pulled down her coat.

The first thing she saw was the man who was pulling the reporter.

His lean figure was wrapped in a black t-shirt, like a model’s figure, but his face was mostly covered by a black Japanese mask, so people could not see his true appearance at first glance.

Without any hesitation, the man snatched the reporter’s camera and pulled out the memory card.

Then, he half-tossed the camera back to the reporter.

The memory card snapped in half in the man’s hand.

After completing this series of actions smoothly, he turned around and wanted to leave with song Chenxi, ignoring the cries of the reporters who were secretly taking photos.

Just as he turned around, his eyes met with song Chenxi’s.

Under the black mask, the man's breathing suddenly became tense.

But after hesitating for less than a second, he had already pulled song Chenxi to the other side.

After walking for a long time, the two of them turned into a dark alley with green stone slabs.

"Gong Ming, who allowed you to come back?"

Song Chenxi's voice suddenly sounded from behind, causing the man's broad back to stiffen.

He didn't say anything.

The dark alley was very quiet.

It was so quiet that they could even hear each other's breathing.

"You can recognize me?"

Gong Yun turned around and slowly removed the mask from her ear, revealing her handsome face.

As he spoke, his thin lips even curved into a smile.

"You should not be here."

Song Chenxi said coldly. She did not understand the joy in Gong Ming's words just now.

"I'm back,"

Gong Ming finally said this late sentence in front of song Chenxi.

"....."

Song Chenxi felt an inexplicable sense of powerlessness when it came to the conversation between a chicken and a duck.

Gong Ming was the main culprit of the kidnapping case.

In other words, the man in front of her was also the mastermind behind the bullet in her head that did not know its place.

Gong Ming understood all of this from song Chenxi's suppressed gaze.

The light in her eyes dimmed.

If he could, he would rather not have fought to the death at that time. He had clearly calculated the time she would leave that day before he ordered people to do it, but who would have thought that man's plans were not as good as God's plans, and everything came to an abrupt end on that day!

when I was in Europe, I met many Neurology professors. Chenxi, leave this place with me and let's go for surgery, okay? "

Gong Yun spoke carefully, her eyes filled with anticipation.

He looked at song Chenxi with an almost greedy look.

She still looked the same as in his memory, but she was thinner than before.

At that moment, Gong Yun hated Gong Chen, who didn't know how to cherish her.

However, he had forgotten that he and song Zhiyun had contributed greatly to the current situation.

"Leave this place and I'll pretend I never saw you today."

After a long time, Gong Ming finally got song Chenxi's reply. After saying this, she turned around and left the dark alley.

"You were the one who said you would remember the blood they made me bleed!"

[Chapter 1438](#)

1438 But I didn't ask you to hurt anyone

Gong Ming's almost aggrieved voice suddenly sounded from behind song Chenxi.

It also successfully stopped her from leaving.

Song Chenxi turned around slowly.

He looked at Gong Yun.

She still remembered the first time she saw him.

At that time, he was not the illegitimate son of the gong family, but a stranger.

Due to Zhiyun's weak body, it was a common occurrence for him to go to the hospital for a weekly routine examination.

The first time song Chenxi met Gong Ming was outside the hospital's operating room.

He was clearly scared and panicking to death, but he still had to put on a strong front to deal with a bunch of outrageous relatives. That gaze ...

Until now, song Chenxi had not forgotten.

When she heard that it was about the surgery fee, she simply called someone over to help settle the bill.

He then threw this matter to the back of his mind.

However, he did not expect that when they met again, Gong Yun's identity had changed and she had become the gong family's illegitimate child.

It was also at that time that song Chenxi found out that after the operation ...

His mother did not make it.

Seeing that Gong Ming was being bullied by the children of the aristocratic families at the banquet, song Chenxi could not help but take action.

Yingluo, who would dare to touch him again?

Yingluo, I'm not helping you. I'm just looking down on them.

She didn't wish for a youth with such a pair of clean eyes to be covered in dust one day.

But ...

Who would have thought that things would turn out like this?

"But I didn't ask you to hurt anyone!"

Song Chenxi looked at Gong Ming and said these words word by word.

Gong Yun's heart trembled as she listened.

Even his slender fingers were out of control.

you can't choose your birth, but you can choose what path you will take in the future!

The calmer song Chenxi's tone was, the more hot Gong Ming's eyes became.

Yingluo, remember the blood they made you bleed today.

It was only now that Gong Yun finally understood the hidden meaning behind song Chenxi's words.

It wasn't because he had self-righteously waited patiently for a chance to kill her in one blow ...

It was ...

Let him become a better person!

It was too late!

He realized it too late!

Suddenly, laughter came from Gong kui's direction.

It was suppressed at first, then it became reckless.

Song Chenxi looked calmly at Gong Ming, her gaze unclear.

The more Gong Yun laughed, the louder she became. She covered her eyes with her hands, and water dripped from the gaps between her fingers.

It was too late.

Why did he only know that he had no way of turning back after he had done so many wrong things?

After a long time, a piece of tissue was handed to Gong Ming.

"Let's go back,"

Song Chenxi said softly.

Gong Ming stared at the tissue in a daze. It was as clean as the handkerchief from back then.

Even though he was one of the main culprits who had harmed her, there was still no resentment in her eyes when she looked at him. There was only a calm as if a thousand sails had passed, a calm that did not match her age at all.

Leave country G and never come back.

When Gong Ming failed to seize power, although he was sent away from country G, the gong family did not treat him badly.

“Song Chenxi, why did you ...”

Why did it always make people’s hearts ache?

Everyone in the country said that the song family’s eldest daughter had a heart of stone and was capable of using underhanded means. However, no one knew that it was this stone-hearted and capable eldest daughter of the song family who had been doing charity work for ten years without a word.

It was also this young lady of the song family who was the only decent person in the song family!

Song Chenxi did not hear the second half of Gong Ming’s sentence for a long time, but she did not care. Just as she was about to leave, she was interrupted by the sudden ringing of her phone.

He lowered his head and looked at the caller ID.

It was miss Jiu’s.

A rare faint smile appeared on her pale face.

[Chapter 1439](#)

1439 You don’t have to be restrained because of me

“Is it convenient for you to come over now?”

Song Chenxi had just picked up the phone when Lin Hanxing’s voice came through the receiver.

Song Chenxi noticed that there was something wrong with her voice. She agreed to the location without any hesitation.

When he hung up the phone, he looked up again ...

Gong Yun, who had been standing in front of her, had long disappeared.

It was as if he had never appeared.

Looking at the empty dark alley in front of her, song Chenxi clenched her phone and did not speak for a long time ...

.....

In the private tea room.

When Song Chenxi arrived, Lin Hanxing was lifting his hand lazily to light the incense on the base of the lotus flower. The dark green Sleeveless Long Dress accentuated her snow-white skin and made her look charming, but her expression was so cold that no one dared to be rash.

"Take a seat first."

Lin Hanxing's hands did not stop moving.

It wasn't until the incense slowly burned and the thin smoke dispersed that she pressed the play button for the recording sent by Li Yuanjun.

The second Prince's trusted aide's cautious voice rang out ...

Song Chenxi listened quietly from the beginning to the end. There was no fluctuation in her delicate facial features, but her trembling fingers revealed all her emotions.

When the last word was spoken, Lin Hanxing reached out and ended everything.

"Hehe."

Song Chenxi leaned against the sofa with her entire body weight, not hiding the ridicule in her eyes.

This was her sister!

"Chenxi, I called you here today because there are some things I want to ask you face to face."

Lin Hanxing looked at her and spoke unhurriedly.

"You should know what kind of person I am after spending time with me."

As she lifted the teacup, the amber liquid in the celadon cup rippled.

"Unless I agree to it, no one can scheme against me."

And those who once had evil thoughts about her had all paid the price they deserved.

Song Chenxi's heart trembled.

She knew.

She instantly understood why Lin Hanxing had called her here.

so, I'll leave you the chance to choose.

Lin Hanxing's words seemed to be nonchalant, but Song Chenxi was very clear about the concessions she had made behind the scenes.

according to my usual habits, I won't easily forgive those who cross my bottom line, but ...

"Hanxing,"

Before Lin Hanxing could finish his sentence, Song Chenxi interrupted him.

She shook her head.

“There’s no need to be restrained because of me. Do what you want to do.”

“Are you sure?”

Lin Hanxing confirmed with song Chenxi again.

“I will do my best to help you.”

Song Chenxi was extremely certain. Even her eyes were unusually determined.

In her entire life, other than using her kidney to threaten Gong Chen into marrying her, she had never done a single bad thing. However, countless harm and schemes continued to follow. Since that was the case, why didn’t she make full use of her vicious character?

“Hanxing, trust me, okay?”

Song Chenxi’s eyebrows drooped slightly. There was an indescribable tenderness in her eyes.

At that moment, her beautiful eyes were fixed on Lin Hanxing, as if she was waiting for her answer.

Lin Hanxing could not help but sigh as he looked at the pair of eyes.

She really could not understand why the men in this world were always so superficial.

Let the woman who can cry and act enjoy all the pampering.

“I believe you, but I don’t need you to do anything for now.”

Lin Hanxing smiled faintly.

In fact, before song Chenxi came, a plan had already begun to take shape in her heart. It was just that she did not act rashly because of Chenxi.

But now ...

“Let’s wait a little longer,”

When the time was right.

[Chapter 1440](#)

1440 How long will you love me?

Li garden.

When Lei Xiao returned, he did not see his wife.

He subconsciously looked at Yuan Kang, who was sitting on the sofa and stroking the Tibetan Mastiff. The latter felt his gaze and pointed upstairs stiffly.

Even the two Tibetan Mastiffs were like mice that saw a cat when they saw the Thunder valiant beast.

She was as obedient as a quail that had its feathers plucked.

“.....”

Lei Xiao knew that he wasn't the kind of person who could easily get close to others, but every time the people around his wife saw him, they would act as if they were facing a great enemy.

Looking at Yuan Kang, Lei Xiao tried to adjust his expression.

"....."

Why is he staring at me?

Is he trying to do something to me?

Why was his expression so strange?

Mother, am I not going to see the sun tomorrow?

The four consecutive questions made Yuan Kang hide his face behind the Mastiff, waiting for Lei Xiao to grab hold of him and do what he was supposed to do!

"....."

It was an awkward situation.

Lei Jing, who had come downstairs to pick up the international express delivery, happened to see this scene.

Seeing that his big brother was about to force Yuan Kang into the crack of the floor, he hurriedly spoke out to help him out.

"Big brother, sister-in-law doesn't seem to be in a good mood after returning from outside."

Lei min's words were not false at all.

When his sister-in-law came back after going out for a while, her face was a little gloomy. However, the yuan corporation's business had come to a successful end, and he couldn't think of anything that could affect her.

When Thunder valiant beast heard this, he quickly went upstairs.

As soon as he disappeared at the top of the stairs, he saw Yuan Kang, who had been trembling just a moment ago, suddenly grab onto Lei Meng's thigh without a care for his image.

Even the two Tibetan Mastiffs were lying on Lei Yu's feet, growling.

"Big brother, your big brother is too scary ..."

Yuan Kang 'complained' with tears and snot all over his face. Even the two Tibetan Mastiffs cooperated with him, whimpering as if they had been wronged.

"....."

Who's your big brother!

.....

In the study upstairs.

Lin Hanxing was still wearing the dark green dress she had worn when she went out. She stood in front of the floor-to-ceiling window, but the Dragon-Phoenix ring on her hand had been taken off and held in her hand. No emotion could be seen on her expressionless and delicate little face.

"You're back."

Lin Hanxing turned around to look at Lei Xiao when he heard the commotion behind him.

Lei Xiao made a sound of acknowledgment, took off his suit jacket and put it aside, then walked to her side.

He did not say anything.

Lin Hanxing saw that his eyes were fixed on the ring in his hand and smiled.

"In the past, I was used to being unsociable and obedient. When I first got together with you, I once thought about what I should do if you betrayed me one day."

Lin Hanxing's voice was clear and cold, as if he was telling a story.

"You will kill me."

Thunder valiant beast continued in a low voice.

This was the price he had to pay for provoking her.

but later, something happened to you. You were lying in my arms, covered in blood ...

Lin Hanxing did not deny what Lei Xiao had just said, but he paused for a moment, obviously trying to ease his suppressed emotions.

"Ah Xiao, How long will you love me?"

She asked.

When Lei Xiao heard this question, he reached out and pulled Lin Hanxing into his arms, his chin resting on the top of her head.

"Forever."

If it wasn't enough in this life, he would want it in his next life.

Forever and ever.

Lin Hanxing's heart that had been moved by song Chenxi slowly calmed down.

Very quickly, Thunder valiant beast felt something strange on his finger.

The Dragon Ring that was originally on Lin Hanxing's finger had now been quietly put on his finger.

A click was heard.

As if it had a life of its own, the head of the Dragon mouth connected and automatically closed.

"I've told Yuan shaojing."

Lin Hanxing blinked.
