

## Goodnight 1441

### [Chapter 1441](#)

1441 Su doesn't want to see you

"Why are you unhappy?"

Lei Xiao raised his hand and gently rubbed her small face with his slightly rough thumb.

Lin Hanxing's lips curved up slightly. Before he could speak, there was a knock on the door.

The two of them turned around, and Lei min's face came into view.

although I didn't want to disturb you, the guard called and said that there are people from the royal family who want to see you.

.....

Downstairs.

The servant left after serving the tea.

The members of the royal family sat upright and still. They did not even dare to stretch out their hands, especially when they were facing the two strong Tibetan Mastiffs.

However, what shocked them the most was the changes they had seen with their own eyes on the way to li garden!

The originally dilapidated Li family had a new look.

Some sharp-eyed ones even found a few sculptures in the courtyard that had caused a great uproar in recent years due to their auction value, but had not been seen again after the auction!

The reason why they could remember it so clearly ...

It was purely because the second Princess Consort had lost her temper when she found out that someone else had snatched the items that the royal family had once wanted to bid for!

If she found out now ...

The members of the royal family shivered. They did not dare to imagine it.

When Lin Hanxing and Lei Xiao went downstairs, they happened to witness this scene.

There were two loud bangs.

The moment they heard the applause, the two Tibetan Mastiffs that were squatting on the ground immediately stood up and ran to the side with flattering expressions.

The two Tibetan Mastiffs were staring at them.

The members of the royal family cursed in their hearts.

"Mr. Ray, miss Lin ..."

The two of them couldn't care about anything else and quickly got up, looking at the couple in front of them with smiles on their faces.

"Su doesn't wish to meet the two of you. The car is waiting outside."

The members of the royal family were all smiles, obviously not daring to offend the two in front of them.

Even if they knew of Lin xiaojiu's existence, they did not take it to heart. So what if she could turn the clouds and rain in Jiang city? They still had to be obedient even in Xue Lan's territory.

But who would have thought that her landing would cause the second Princess Consort to suffer a great loss.

Everything that happened after that shocked everyone, and no one dared to underestimate her anymore.

This was especially so after what happened to the yuan Corporation. Everyone in Xuelan knew that the yuan Corporation had secretly made a fortune under Lin xiaojiu's leadership. However, the truth was only revealed at the last moment, which completely embarrassed the senanda family!

"Ask ah Zhen to come with us."

Lin Hanxing, who had already guessed what su bu had called them to do, lowered his voice and spoke to Lei Xiao.

When they got back into the car, Lei Jing had already caught up.

However, he didn't bring his toolbox this time.

After all, he had to go through three security checks.

The car slowly drove toward the most extravagant Center of the snow orchid.

About 20 minutes later, the Royal Door slowly opened ...

.....

It was not Lin Hanxing's first time in the royal family, so he was used to the tedious security check. It was already an hour later when he saw su bu.

However, as soon as they entered the meeting hall, Lei min's eyes lit up.

Lin Hanxing pretended not to know anything and glanced at her from the corner of his eye.

Soon, a vase came into view.

The vase had a well-proportioned body, full of color and elegance. Its appearance could be said to be peerless. Even the carp pattern on the vase was lifelike, not to mention the hollow Water ripple pattern carving.

Lin Hanxing pondered for a moment and quickly found the origin of the bottle in his mind.

Qianlong's official kiln was once preserved in the palace, and its production age could be traced back to 1740.

No wonder Lei Yu's heart was moved.

#### [Chapter 1442](#)

1442 Bring that bottle over

Lin Hanxing and Lei Xiao looked at each other, but they did not say anything.

When su bu Lai arrived, his brows were tightly locked together. It was obvious that he was worried about something and he did not show any restraint in front of Lei Xiao and Lin Hanxing.

Lin Hanxing naturally understood what the old fox meant, but he pretended not to understand.

"Why didn't su call us here?"

Seeing that Lin Hanxing did not take the bait, su bu did not speak immediately. Instead, he gestured for his subordinates to serve him tea and sighed.

"Ever since the news of the yuan group signing a contract with the Australian Dr group was exposed, I've been in a heated argument."

Su dan asked tentatively.

Lin Hanxing was noncommittal, but Lei Xiao raised his head and glanced at him.

His eyes were dark and uncertain, and no one could tell what he was thinking.

"A lot of people called me, and those who don't know better might think that Xue Lan's sky is going to change his surname to Yuan!"

This time, Su dan asked in a half-joking and half-probing manner.

Lin Hanxing pursed his lips into a smile and remained silent. He only looked at the official kiln treasure bottle from the Qianlong era.

Now, even a fool could see where the problem was.

"Bring that bottle over!"

Su Butong pointed his index finger at the official treasure bottle and asked his confidant to put it by his hand.

This time, it was su who did not say a word, his palm stroking the bottle from time to time.

Now that the initiative was in his hands, she couldn't just keep quiet, right?

Hmph!

Who would have thought that this time, Lin Hanxing simply leaned on Lei Xiao and yawned, not feeling threatened at all.

"....."

He really didn't take soft or hard approach!

Seeing this, Lei Yu understood what was going on. He felt warm inside.

Ever since her sister-in-law had come to this house, the Ray family had never stopped giving out good things. As long as anyone showed the slightest intention of wanting something, that thing would definitely appear in the house not long after.

At first, no one noticed it until one day, when mom asked people to pack up.

Even little Yuan Bao's items were shocking, let alone theirs!

Su bu's face had an expression that said 'I'm really at my wit's end'.

under your leadership, the yuan group has jumped from an import to a raw material supplier for the entire country G. The senanda family called me directly to complain, and they hoped that I could mediate.

Su did not know that there was no need to beat around the bush, so he simply spoke directly.

"Mediation?"

Lin Hanxing glanced at su bu, a half-smile on his face as he pondered over su bu's words.

"Ahem."

Su bu coughed twice.

On the surface, of course, it was called mediation. As for what it was in private ...

That was another matter!

"Shares are non-negotiable, discounts are non-negotiable, and private dinner plans are even less necessary."

Before su could react, Lin Hanxing's calm voice rang out beside her.

"....."

What was the point of continuing?

Su not only felt his head hurt.

"Is there really no room for negotiation?"

Su buwei's tone rose, but he was very satisfied.

Since the senanda family had come to him for a favor, he had to go through the formalities. At least, he had made his attitude clear.

"Oh, it's not that you can't."

Lin Hanxing fiddled with his fingers and spoke nonchalantly.

Su bu's brows furrowed slightly, and it was impossible to tell his emotions.

"If the second Princess Consort is willing to lower her face and kneel in front of me to admit defeat, I will naturally be lenient."

"....."

Su bu was stunned for a moment, then he laughed out loud and gestured for his confidant to hand the official treasure bottle to Lin Hanxing.

Chapter 1443-a person's mouth is soft, and a person's hand is short

The item was placed in Lin Hanxing's hands, but she did not act immediately.

"There's a Chinese saying ..."

Lin Hanxing looked at su bu with a faint smile.

"It's easy to get what you want,"

Su didn't raise his eyebrows.

since I've gained some benefits, I won't let su not suffer losses for nothing.

"Oh? I'd like to hear how you won't let me suffer a loss."

Now, no one would doubt Lin Hanxing's ability.

"Isn't su hesitating on how to deal with the senanda family?"

Su bu's eyes lit up as soon as Lin Hanxing said that.

The senanda family had gotten used to power over the years. Because of their relationship with the second Princess Consort, they had been living a smooth life in snoworchid. Even the royal family was about to be looked down upon.

"No need to hesitate, I'll give you an excuse."

Su bu did not move from his seat, but his trusted aide was stunned after hearing Lin Hanxing's next words. He did not even care about his expression.

"Are you sure?"

Hearing this, su bu subconsciously looked at Lei Xiao, who was standing beside Lin Hanxing.

Lin Hanxing wanted him to hold a banquet in the royal family as a peacemaker in a few days 'time. He wanted to invite all the influential people in Xuelan to the royal family, including the senanda family. If there were any conflicts, Lin Hanxing would have to bear the responsibility.

Su bu, who was the peacemaker, not only didn't get into any trouble, but no one could find any fault with her.

But ...

Su bu muttered to himself. Originally, shamaga was already very dissatisfied with Lin xiaojiu's 'Golden Cicada shedding its shell'. According to his understanding of her, she would definitely play some small

tricks behind her back to vent her anger. If he really did that, wouldn't it confirm the saying' when you're sleepy, someone will give you a pillow'?

Even if he had such a thought in the past, when he thought of Lei Xiao's protective attitude and Lin Hanxing's methods ...

Who would have thought that Lin xiaojiu would actually bring it up himself?

He was afraid that something would happen if he really held a banquet ...

How was he going to end this?

Lin Hanxing touched the Royal vase with his fingertips and heard the hesitation in Su Dan's words.

"There's nothing to be sure about. I have my own arrangements."

However, at that time, it would be hard to tell who was scheming against who.

"I know."

Hearing this, Sue heaved a sigh of relief. After all, it was not the time to fall out with the senanda family yet.

"This bottle is pretty, but it's a pity that it's a little ..."

Lin Hanxing suddenly said.

When su bu heard this, he hurriedly asked his confidant to go to the private warehouse and get an antique box to match it.

"....."

The confidant was expressionless.

He felt that his su had been tricked.

But ...

Twisted, he looked at su bu, who was willing to hand over the two treasures in the blink of an eye ...

It was better not to say anything.

Lei min had seen all of this. Even with the Lei family's upbringing and heritage, he could not help but feel excited.

The official treasure bottle ...

During the Qianlong era.

The antique box ...

It was during the Yongzheng era.

But now ...

It's all sister-in-law's ...

"Oh, right ..."

Lin Hanxing knew when to stop. After all, he did not want to empty su bu's private warehouse.

"The song sisters must be present at the banquet no matter what."

Su dan was taken aback when she heard this.

Two sisters?

Even the song family's second daughter?

This was interesting.

After all, Lin xiaojiu had thrown second song into the police station for a few days, so the entire social circle of snow orchid had automatically excluded her from any activities. And now ...

She actually requested second song to participate?

#### [Chapter 1444](#)

1444 I have my own arrangements

"This ..."

Su bu wanted to ask more, but before he could finish, Lin Hanxing had already raised his hand to stop him.

"I've already said that I have my own arrangements."

If it was in the past, Lin Hanxing would not have answered with such a good temper. However, for the sake of the two treasures, she was much more patient.

Hearing this, su bu finally felt relieved.

He naturally knew what to do next.

By right, it should have ended by now, but Lin Hanxing showed no signs of leaving.

He just continued to look at su bu with a faint smile.

"....."

The more he looked, the more nervous su became.

there's nothing left in the private library!!!

"....."

In the end, the confidant decided to pretend that he didn't hear anything. Even a three-year-old child wouldn't believe his words.

He left the last bit of face for his su bu to be stubborn.

“You must have something else to tell me, right?”

Lin Hanxing reminded.

Su bu’s expression froze. He had been hesitating about how to say it before she left, but he had not expected Lin xiaojiu to suggest it.

“You’ll be leaving for Rou city Prefecture soon, right?”

Su bu asked.

“Yes.”

Lin Hanxing did not want to hide anything from him.

I want you to bring Eric along. ”

Lin Hanxing raised his head to look at su bu.

Under such a gaze, su bu’s already nervous heart started to beat faster.

” Eric returned too late. His control over power and the way he uses people ... ”

Su Dan’s brows furrowed with worry.

” I can still help him control it now, but after I leave, even if I leave all my confidants to him, if he doesn’t know how to make use of them, everything will be empty talk. So I hope you can take him out for a walk. ”

“Only when one’s vision is broad can one’s vision be broad.”

“.....”

If it was not for the inappropriate occasion, Lin Hanxing really wanted to facepalm.

Su bu’s words made Zhan Nanheng seem like her son!

“But ...”

Lin Hanxing pretended to hesitate.

Lei Xiao sat at the side calmly, pretending not to know that his wife had already decided to bring Zhan Nanheng to Rou city.

When su bu heard the word ‘but’, he suddenly sucked in a cold breath.

His heart ached.

“Look at how scared you are, su bu.”

Lin Hanxing’s delicate little face suddenly burst into a thin smile, which made su bu’s originally tense heart relax.

it's not that I can't bring Eric along, but I don't know what kind of things we'll encounter on this trip to Rou city. If the journey is dangerous, it's inevitable that we'll bump into each other. If su doesn't blame us, I won't be able to bear the consequences.

Let's put the ugly words out first, it's easier to grasp a sense of propriety.

The corners of su Buxin's mouth twitched.

"I understand."

He did not expect su buxiang to be so nonchalant about it, and his attitude made Lin Hanxing think more highly of him.

"Since we've reached an agreement, there's something I can mention."

Only when there was a back and forth could there be a back and forth.

Su not only felt that his heart was going up and down like a roller coaster today.

"Go ahead,"

"I want to take a look at the snake's head,"

.....

The sky had already darkened by the time they left the guest room.

Lin Hanxing and the others were led outside by su Buxin's henchman.

Lei Yu's handsome face could not hide his excitement.

Snake head!

It was a real snake head!

He had checked it from inside out, and there was absolutely no mistake!

Just as Lei Qian was thinking about this, Lin Hanxing, who was walking in front, suddenly stopped.

Everyone also stopped.

They all followed her line of sight.

At this time, the lights were just lit.

The royal family was located at the highest point in the entire snoworchid.

Layers upon layers, the lights were waning.

#### [Chapter 1445](#)

#### 1445 Creating a good show

Even Lin Hanxing stopped in his tracks, let alone the others.

"This is the place with the best view in the entire royal family!"

Su Dan's confidant said proudly.

Ordinary people could not see it even if they wanted to!

Lin Hanxing's cold eyes swept across the other person's face. He did not say anything, but the person immediately kept quiet out of fear.

Lin Hanxing looked away and returned his gaze to the dim lights.

"Ah Xiao,"

Lin Hanxing suddenly said.

"Yes."

The Thunder valiant beast was as taciturn as usual, but as long as he stood there, no one could ignore his aura.

"Who knows what it will be like the next time we stand here."

Although Lin Hanxing said it casually, Lei Yu, who was standing at the side, felt a little uncomfortable.

Her sister-in-law had been sold to desperadoes by her family since she was young. Fortunately, she was taken in and carefully educated, which was why she had achieved what she had today.

Returning to Jiang city and taking revenge on his own, he had finally been able to live a few days of peace, but now he had to start all over again in country G.

There seemed to be no time for peace.

"I'll be with you,"

These four simple words had already expressed his attitude.

She naturally believed him.

Lin Hanxing smiled.

"But before we leave, we still need to create a good show!"

.....

The next day.

After Zhan Nanheng received the news from Rou city, he didn't even take a break and immediately came to li garden. The moment he entered the villa, he saw a group of people standing there.

"What's the situation?"

Zhan Nanheng was stunned.

"They're inviting someone to perform!"

Yan beiming walked over with an Apple in his mouth.

“.....”

What the hell?

Zhan Nanheng didn't understand!

our little Xingxing invited the boss of the entire Opera Club in Xuelan today and spent a lot of money to invite them to sing an opera. Don't you understand? ”

Yan beiming's face was full of disdain.

“.....”

Zhan Nanheng could understand these words easily, but why were they so difficult to understand when they were put together?

“Hey, something's not right. What are you doing here?”

Yan beixiao only remembered after a while. Why did Zhan Nanheng suddenly come to li garden?

Zhan Nanheng rolled his eyes at him.

Isn't it too late to ask now?

She rolled her eyes and walked towards Lin Hanxing without waiting for Yan beiming to return to his senses.

“Alright, we'll definitely sing 'climbing the Dragon and attaching the Phoenix' to you!”

The bosses of the opera Club were all smiling.

It wasn't the new year or any other Festival. To be able to spend such a large sum of money to set up a stage in the entire snow orchid, this person was really an incredible master!

One had to know that on this day, there was only one sentence that he said ...

No upper limit!

That was all money!

Lin Hanxing laughed and did not comment on what they said.

if you don't have enough money, just call this number. Someone will arrange for it.

Li bingshou expressionlessly left a phone number to the person who had helped him contact the leader. Although he did not understand what the family head meant by this, he would not miss out on the money that was supposed to be given.

From that day on, the free drama club funded by the Li family would sing at a fixed time in all of Xuelan, and the news had also been spread through various media.

After everyone had left, Zhan Nanheng walked to Lin Hanxing.

“There's news of Auntie Qin.”

He could not wait to share it and stared at Lin Hanxing without blinking.

“Sit down,” he said.

Lin Hanxing’s expression did not change at all when he heard this. He only gestured for Zhan Nanheng to take a seat.

“What news?”

Lin Hanxing only spoke after Zhan Nanheng sat down.

#### [Chapter 1446](#)

1446 So you already knew

I’ve sent people to follow all the clues about the jewelry box, but the address was fake. Even so, I still found some useful clues!

“The origin of this thing is Rou city! And it was sold by a young man, I suspect that person is aunt Qin’s son!”

The more Zhan Nanheng spoke, the brighter his eyes became. He didn’t notice that Lin Hanxing, who was sitting opposite him, had a calm expression from beginning to end.

“Is there any more?”

Lin Hanxing poured him a cup of tea, the temperature just right.

Zhan Nanheng picked it up and took a big gulp without thinking.

“There’s nothing else,”

Suddenly, he stopped and looked at Lin Hanxing in a daze.

“You’re not surprised at all?”

Zhan Nanheng’s throat was dry from this question.

“Mute uncle,”

Lin Hanxing didn’t answer Zhan Nanheng’s question immediately and called the mute uncle over.

Very quickly, the mute uncle pushed the photo that he had prepared in advance in front of Zhan Nanheng.

Zhan Nanheng’s Adam’s apple bobbed, and he reached out to take the photo.

In the photo was the back of a man who was counting money happily.

In an instant, Zhan Nanheng, who understood what was going on, became dejected.

Everything he had done before had become useless at this moment!

“So you already knew ...”

the news that the jewelry box came from Rou city was already investigated by ah Xiao's men on the night of the charity banquet. This photo was sent a week ago.

Lin Hanxing automatically ignored the disappointment in Zhan Nanheng's words and spoke indifferently.

Zhan Nanheng had never felt so bad before.

"Why didn't you tell me?"

Instead, you want me to continue doing useless things?

"Because I want to know how much you can do if you go all out."

Lin Hanxing's usual calmness towards her friends had faded. Her beautiful eyes were cold as if this was how she should be.

"Then, did I pass?"

Zhan Nanheng's lips curved into a bitter smile.

Lin Hanxing did not say anything, but the answer was obvious.

"I'll never be able to compare to Lei Xiao in this lifetime!"

After saying this, Zhan Nanheng stood up in a fit of pique and walked out of the villa.

However, before he could leave, the mute uncle had already blocked his way like a ghost.

"Move!" He shouted.

Zhan Nanheng growled.

The mute uncle did not have any intention of moving away.

Zhan Nanheng, I hope you can hear every word I'm saying now. And before you leave li garden, you have to forget everything!

Lin Hanxing's cold voice suddenly came from behind him.

The hall had long since been empty apart from the three of them.

"Your father, Xue Lan's Su bu, doesn't have long to live!"

Zhan Nanheng turned around and looked at Lin Hanxing!

"You're talking nonsense!"

That person was going to die?

"The time he can protect you is running out!"

Lin Hanxing's intimidating gaze fell on the shocked Zhan Nanheng, and his cold voice sounded extremely unfeeling.

you have to stand firm while he's still here. Otherwise, even the gods can't help you!

you're talking nonsense!!!

Zhan Nanheng's face was pale, and his chest heaved up and down.

he agreed to my request to exchange for the twelve zodiac snake heads with the support of my resources!

Lin Hanxing said as he walked towards Zhan Nanheng.

Soon, she was standing in front of him.

Even though there was a difference in height between the two of them, Lin Hanxing's powerful aura was still intimidating!

"Now, do you understand your situation?"

Zhan Nanheng felt as if he had been struck by lightning!

#### [Chapter 1447](#)

1447 There's no time to wait for him to slowly grow

"Actually, I don't think you need to tell him this."

Yuan Kang watched Zhan Nanheng's back as he ran away. He walked down from the second floor, his tone carrying a hint of pity.

It was obvious that he had heard the conversation just now.

Zhan Nanheng had been an Idol star for so many years. Whether it was in terms of connections or mobility, there were definitely some areas that he was lacking.

as long as Eric is given more time ...

"I don't have time to wait for him to slowly grow!"

Just as Yuan Kang thought that Lin xiaojiu would be angered by his words, her calm and cold voice rang out in his ear.

"The second Princess Consort and the senanda family won't give him the time to do so."

Yuan Kang was stunned.

Lin Hanxing, on the other hand, was holding the photo with a cold expression.

The photo had been placed on his desk a week ago, but no one else knew about it except for ah Xiao and the mute uncle Jin ...

The source of the photo was a surveillance video.

It was a video of his back being wiped out before they could find any clues!

At first, Lin Hanxing thought that the second Princess Consort's people had found Qin SU's clues before them. However, she quickly realized that this was not the case.

The second Princess Consort's acting skills were not good enough to not give herself away!

In other words, other than himself and the second Princess Consort, there were other people secretly spying on the situation.

However, who could it be?

Was he a friend or a foe?

Even Lin Hanxing could not find an answer.

However, there was one thing she was sure of.

He must find Qin su in the shortest time possible!

She also had to settle the matter with Xue LAN as soon as possible and arrive at Rou city!

.....

In a short time, the stage that was only built during festivals had spread all over the snow orchid.

As long as there were Chinese people, there was no exception.

When they heard that there was a new free drama, even the young people joined in the fun ...

.....

Hua Ji's headquarters.

Elder mu stroked his snow-white beard as he held a flyer in his other hand.

"Ever since that girl came, she's been tossing around in a different way every day, hehe!"

What a great "climbing the Dragon and attaching to the Phoenix"!

This play was about a pair of siblings.

His sister was kind but cold, and it was difficult to get close to her.

His younger sister was vain, but she was born with a clever mouth that made people happy. She liked to compare and was eager to stand out.

One day, his sister went up the mountain to save the general, who had been injured by the rebel army and had his vision blocked.

Before he was taken back by his trusted subordinate, the general left behind a personal jade pendant as a token for the capital to acknowledge in the future.

However, who would have thought that after his sister found out about this matter, she would steal things and go to the capital overnight. She cleverly deceived everyone and stayed in the general's mansion in the capital to live an ideal life of luxury. She was afraid that her sister's appearance would expose the matter, so she sent people to secretly lay a hand on the road.

Who would have thought that her sister's life would be blessed by the heavens? she met the Empress Dowager who was traveling in plain clothes. When she heard of her encounter, not only did she help her, but she also took her in as an adopted daughter and brought her back to the palace.

On the other hand, his younger sister, who was living in the general's residence, felt that the general was distancing herself from her. When she felt that the other party could not satisfy the honor and glory she pursued, she turned her gaze to the unrestrained second Prince and hoped to use the Empress Dowager's birthday to ...

"This is the first time that this show has been put on stage here!"

Elder mu chuckled as he teased the two white peacocks, while the people around him nodded in agreement.

"Go and help that girl make the fire bigger!"

#### [Chapter 1448](#)

1448 Are you doing this for me or for yourself?

Night fell.

Song Garden.

Song Chenxi had just returned from outside and noticed that the atmosphere at home seemed to be different.

The servant had a strange expression on her face.

Seeing her return, he wanted to say something but stopped.

However, before he could say anything, there was movement from the kitchen.

"Ahem, is sister back?"

Soon, song Zhiyun, who had been so weak from the fever that she couldn't even get out of bed, came out with a bowl of hot soup.

When he saw song Chenxi, song Zhiyun quickly put on a flattering smile.

"I've made soup for sister ..."

As he spoke, song Zhiyun lifted the bowl in his hand.

Song Chenxi didn't say anything. She looked at song Zhiyun, who was expressing his goodwill, with an expressionless face.

After learning the truth from Han Xing, this bowl of soup was more like sarcasm to her!

"What soup?"

Song Zhiyun, whose heart was beating like a drum under his sister's gaze, was shocked by the question that suddenly rang in his ear.

“Just ... Just ordinary ...”

“I’m asking you, what soup is this?”

Without waiting for song Zhiyun to finish, song Chenxi’s gaze turned cold and she asked again.

How could song Zhiyun resist that aura?

“It ... It’s for the kidney ...”

Before he could finish his sentence, a hot liquid was poured over his head, causing song Zhiyun to scream in shock.

Subconsciously, he covered his face and squatted on the ground.

“What are you doing!”

Song Zhiyun screamed non-stop. Even the people around him were dumbfounded and didn’t dare to step forward.

No one expected song Chenxi to pour the hot soup over song Zhiyun’s head before anyone could react!

“I’m not dead yet,”

These five simple words caused song Zhiyun’s painful cries to stop abruptly. His face was covered by his hands, and it was difficult to hide his guilt!

His heart was beating wildly!

She subconsciously wondered if her sister had already found out about her collusion with the second Princess Consort. Otherwise, why would she treat her with such an attitude?

The more he thought about it, the more uneasy he felt.

Everyone was silent like cicadas in winter, not even daring to breathe loudly.

Song Chenxi raised her head and happened to meet Gong Chen’s eyes, who had just returned from outside.

“I’m not, dead yet!”

A sarcastic smile slowly appeared on her delicate little face, and it seemed to be a malicious provocation.

“Song Zhiyun, did you make this soup for me or for yourself?”

As he said this, he fell to the ground with the bowl in his hand and broke into pieces.

Just like this relationship that could not be repaired ...

.....

In the bedroom.

Song Chenxi came out of the bathroom and stopped in her tracks.

Gong Chen had appeared in her room. He raised his head when he saw her coming out.

"If you have any emotions, just direct them at me."

A low and magnetic voice sounded.

"She's still a patient."

Gong Chen knew how terrible the opening speech he had chosen was, but he didn't know what else to say.

"Ha."

Song Chenxi, wrapped in a white bathrobe, walked over slowly.

"I'm tired of hearing such words."

She didn't even look at Gong Chen, who was standing to the side, and sat down in front of the dressing table.

He poured the lotion onto his palm and slowly moistened it with his hand.

ever since I was young, because Zhiyun was a patient, I had to give her everything first. Because Zhiyun was a patient, I had to take responsibility for all the mistakes ...

The strong scent of milk spread in the air. When song Chenxi said this, she was not angry or resentful.

"On what basis?"

In the mirror, song Chenxi looked at Gong Chen coldly.

His tone was mocking.

#### [Chapter 1449](#)

1449 It's none of your business

He did not say anything.

Gong Chen's Adam's apple moved up and down. All his words disappeared automatically when his eyes met hers.

The man's reaction seemed to be within song Chenxi's expectations.

From the beginning to the end, there was no change in her expression.

Just as song Chenxi was about to get up, Gong Chen made his move.

Muffled footsteps sounded, and the man's tall and strong figure quickly came to her side. The moment the shadow descended, the voice sounded at the same time.

"I'm not blaming you."

He seemed to be explaining.

“So?”

Song Chenxi raised her eyebrows. Her delicate little face without any makeup was full of indifference.

For a moment, Gong Chen was rendered speechless by these three words.

Eventually, his deep eyes fell on her brow bone. Soon, a storm gathered in his eyes.

He stretched out his hand.

However, before he could touch her, song Chenxi had already dodged him reflexively.

“Don’t move,”

Gong Chen grabbed her shoulder with his large palm as fast as lightning, forcing song Chenxi to look up at him, unable to move.

“You ...”

Before she finished speaking, song Chenxi felt a rough finger sliding across her brow bone.

He frowned slightly.

A red mark fell on that place, obviously cut by the splatter of the soup bowl.

Gong Chen’s cold features were gradually shrouded in a shadow.

Song Chenxi, didn’t you tell me that you were injured?

Yingluo, are you going to anger me to death?

I ...

In song Chenxi’s memory, the same pair of hands had once caressed her face in the same way.

His handsome face was filled with worry, anxiety, and invisible dejection.

“Does it hurt?”

Gong Chen tried his best to slow down his movements, enduring and restraining them.

However, she did not know that it was his words that pulled song Chenxi back to reality.

Almost at the same time, song Chenxi reached out and pushed Gong Chen’s arm away.

“It’s none of your business.”

Song Chenxi got up and even her breathing became heavier. It was obvious that she was confused by the sudden flash of her past.

“Chenxi ...”

“Don’t worry!”

Before Gong Chen could finish, song Chenxi interrupted him.

"It's just an insignificant wound. It won't cause any harm to the thing you care about the most."

When she said this, the corners of Song Chenxi's mouth curled up into a distant smile, intentionally or otherwise. When Gong Chen saw this, he instantly clenched his fists.

I'm sure Zhiyun must be crying and waiting for you to comfort him. The door is over there. I won't see you out.

Song Chenxi deliberately put some distance between them.

His voice was so cold that it was as if he was talking to a stranger.

Gong Chen's thin lips were pursed tightly.

Song Chenxi did not wait for him to react and turned around.

She didn't look at Gong Chen.

She didn't know how long she had been like this, but it was so long that the door behind her closed. Song Chenxi's long eyelashes trembled slightly, and she slowly turned around.

Yingluo, are you bullying me because I can't see?

It was empty.

Song Chenxi chuckled.

It was as if nothing had happened ...

.....

Outside Song Zhiyun's room.

Gong Chen didn't even know how he had gotten here.

There was a clattering sound inside the door. It was obvious that Song Zhiyun was throwing a tantrum.

He placed his hand on the doorknob. He could have opened the door with a slight twist, but Gong Chen didn't use any force.

Does Yueyue hurt?

Yingluo has nothing to do with you.

His big palm slowly lowered from the doorknob. Gong Chen turned around and walked toward the study with a gloomy expression!

.....

In the study.

Smoke and smoke filled the air.

Gong Chen stood motionlessly in front of the floor-to-ceiling window with a cigarette between his fingers.

Even though the cigarette was about to burn his hand.

His personal phone suddenly rang.

He didn't say anything, but glanced at the caller ID and directly picked up the call.

Director Gong, I've already released the information about the kidney source. I'll inform you immediately when I find a suitable one!

#### [Chapter 1450](#)

1450 She was really not greedy

After a few simple words, he hung up the phone.

Gong Chen's facial features were immersed in darkness, and only the light of the fire between his fingers was bright and dark.

On the table, Song Chenxi's medical report, which was originally placed in the company, was lying there quietly.

In the silence, Gong Chen reached out and picked it up.

With the help of the bright moonlight, he casually flipped through the pages.

Even though he could not see the numbers on the report, Gong Chen could clearly remember how healthy Song Chenxi was.

Wanwan's coffee beans were very difficult to order. Every year, when Miss Song went abroad, she would go to the place of origin to buy them. She even heard that she got into a car accident and had to stay in the hospital for nearly half a month ...

Yingluo, which Miss Song are you talking about?

Yingluo is, of course, your wife, Song Chenxi, Miss Song!

An intense headache suddenly hit him without warning, causing Gong Chen to subconsciously tighten his grip on the document in his hand!

Wow, our ah 'Chen is so handsome!

Yingluo, I'm blind.

Yingluo, even if I have nothing and have nothing, will you still stay by my side?

Even though he said that, his hand was nervously gripping the wrist of the person beside him.

It was as if he was afraid that he would be left behind.

Gong Chen heard a clattering sound. He only realized later that it was the sound of the document in his hand being deformed.

The blue veins on his forehead bulged out because of his forbearance.

Yingluo, you're blind, but I like blind people. You're useless, so I'll work hard to earn money to support you! Ah 'Chen, you'll never lose everything. Even if the whole world betrays you, I'll still be by your side, your loyal subject!

Gong Chen's heart was beating violently.

Again and again.

These days, he would always recall what happened when he was with Zhiyun.

Those words reminded him again and again ...

No matter how unfamiliar Zhiyun was to her now, she could not forget the only warmth he had given her when she was at her most difficult!

A click.

The light from the lighter broke the darkness and lit up Gong Chen's cold-sweat-covered and tense face ...

.....

Song Chenxi was woken up by an intense pain.

When the pain passed, she felt as if she had been soaked in water.

In the darkness, she stared at the ceiling with her eyes wide open in despair, full of disgust for her current life!

After tidying herself up, she lay back on the bed.

An unknown amount of time passed ...

Kada.

The sound was particularly obvious in the dark night.

Muffled footsteps were approaching the bed.

Song Chenxi slowly closed her eyes. The familiar masculine scent in the air made her aware of the other party's identity.

What was he doing here?

Very quickly, Gong Chen had already taken something to the bedside.

In the dark room, her five senses were magnified. Every step he took felt like he was stepping on her heart.

What was he ...

What do you want to do?

Just as song Chenxi was thinking about this, the hair on her forehead was already brushed aside by the man's fingers.

At the same time, the faint smell of disinfectant gradually filled the air.

Song Chenxi's fingers under the thin blanket twisted slightly, while Gong Chen remained in this position, treating the wound on his brow bone that had already begun to scab.

His movements were gentle.

He seemed afraid of waking her up.

A sour feeling spread from his heart to his nose, as if he had eaten lemons.

Song Chenxi was extremely glad that the lights were off at night. Otherwise, she would not have been able to hide.

She had never told Gong Chen about it ...

In fact, she was really not greedy.

In the past, as long as there was even a little bit of warmth, she would be able to hold on longer!

Unfortunately, Gong Chen didn't even bother to pretend.

As for now, everything he did, in song Chenxi's eyes, was just for Zhiyun's sake ...
