

Goodnight 1471

[Chapter 1471](#)

1471 This is the will of the heavens

This was the will of the heavens!

Lin Hanxing slowly closed his eyes and tried his best to calm the surging emotions in his heart. Even the air around him froze and the temperature dropped to freezing point.

Yun Bai couldn't help but rub his arms.

Wasn't the air-conditioning in the room a little too strong?

"Elder Yan is also looking for Qin su!"

When Lin Hanxing opened her eyes again, her voice had returned to normal.

"Did you forget to tell her?"

Hearing Lin Hanxing mention elder Yan, Yun Bai looked at Lei Xiao with a slightly surprised expression.

Lin Hanxing subconsciously looked at Lei Xiao.

"Elder Yan, it's long qingru's uncle."

If Han Xing had not mentioned elder Yan just now, Lei Xiao would not have thought of this.

Lin Hanxing frowned.

"There is no mention of this in any of the information!"

that's because of historical reasons. Back then, the environment was turbulent. Otherwise, elder Long's daughter wouldn't have gone missing. As for elder Yan, he also had no choice!

These secrets that others would never come into contact with in their entire lives, Yun Bai was able to grasp them with ease, as if he knew everything.

"Apart from the core circle, there are very few people who know about this!"

What's more, it was spread out!

Yun Bai shrugged his shoulders, took a honeydew from the fruit plate on the table, and threw it into his mouth.

Xuanji and qingru, what's the matter?

Now that he thought about it, when he first met master Yan in the courtyard, the phone call that master Yan received was from long qingru.

By chance, the two of them had already had their first confrontation so long ago!

He just didn't know what kind of wild thoughts and anxiety long qingru would have after knowing that he had met elder Yan.

Lin Hanxing smirked sarcastically.

In Yun Bai's eyes, she looked as horrifying as she could possibly be.

During this period of time, he had clearly seen Lin Hanxing's methods. If he had some doubts about whether she could hold up the front before she came to Xue LAN, then now Yun Bai had no doubts at all!

Just based on the fact that he had the senanda family in his hands ...

Whoever provoked the two of them would have to pray for their own good!

now, I really want to know the reason why elder Yan is looking for Qin su!

Lin Hanxing tapped his fingertips on the table, as if he was seriously thinking about this question.

"Oh, that's right!"

Yun Bai glanced at the expressionless Lin Hanxing and raised an eyebrow.

the Royal banquet, aren't you afraid? "

Not to mention how much Lin Hanxing had done to the senanda family and caused them to suffer losses, the fact that she had obstructed the second Prince from inheriting the crown prince's position was enough to make the second Princess Consort hate her to death!

they want to set me up, so I'll just give them the chance. What's there to be afraid of? "

Lin Hanxing turned to look at Yun Bai, his words simple and clear.

It was as easy as discussing what to eat today.

"....."

Yun Bai couldn't find her voice for a long time.

Fine, he was worried for nothing.

"I've also received an invitation, so I'll be there that night."

Yun Bai's words were directed at Lei Xiao.

"Oh."

The Thunder valiant beast did not respond enthusiastically.

"....."

Why did he show off his card skills in public that year? if he didn't show off, he wouldn't have been targeted by someone, and he would still be free now!

Therefore, young people should still restrain themselves!

Crying!

however, I do have something I need your help with regarding the banquet.

Since he had already said that, Lin Hanxing decided to put Qin SU's matter aside for the time being, thinking that it would be a waste not to use the free labor.

"....."

Yun Bai suddenly had a bad feeling.

"I suddenly remembered that I still have something to do. I'll be leaving first!"

Without waiting for Lin Hanxing to finish speaking, Yun Bai said this and turned to leave. However, before he could take a step, his arm was twisted by a strong force!

"....."

Yun Bai looked up at the sky and sighed. Tarot cards had clearly said that he was not allowed to go out today, so he should have stayed in cloud cauldron casino and not come out!

"I'm not trying to take your life."

Lin Hanxing threw out these words when he saw him turn his head back in grievance.

Great aunt, you might as well directly take my life!

"Speak."

In any case, if he didn't agree, ray would definitely not let him go.

Lin Hanxing glanced at him.

"When the time comes, you just need to help me carry someone."

The meaning of these words was unclear, making many people scratch their heads in confusion. Naturally, Yun Bai was the same, but this was obviously much easier than what he had imagined.

"Carry who?"

However, just in case, it was better for him to ask clearly.

"Can you guess?"

Lin Hanxing picked up his chopsticks again and was finally ready to eat something to fill his stomach.

"....."

Guess your head!

Yun Bai picked up the glass of water in front of him and took a sip.

"If you were thinking 'I guess your ass', I can give you his number directly and let you two get to know each other."

With a splat, the tea in Yun Bai's mouth sprayed out.

Thunder owl dodged to the side quickly, his eyes still showing obvious disdain.

cough, cough, cough, cough ...

Yun Bai almost coughed out his lungs in front of them!

“Actually ...”

Lin Hanxing raised his hand and poured Yun Bai another cup as he spoke.

Yun Bai raised her head.

What?

“I’m lying to you, I don’t have an uncle!”

“.....”

I should thank you!

How honest!

Looking at Yun Bai’s deflated expression, Lin Hanxing chuckled softly, slightly dispelled the gloominess from earlier, and finally opened his mouth to eat.

The coconut rice was a little cold, but the sweet and sticky texture still made Lin Hanxing’s mood better. Even his hungry stomach was relieved.

Looking at her, Thunder valiant beast’s eyes gradually turned gentle.

However, this harmonious atmosphere did not last long before it was broken by the noise from outside.

Lin Hanxing’s expression was indifferent and he did not move.

However, it was obvious that she was unhappy.

She hated being disturbed when she was eating!

This time, without waiting for Lei Xiao’s response, Yun Bai had already taken the initiative to get up and go outside. Not long after, he returned with a rather subtle expression.

“Speaking of which, it’s also related to you.”

Yun Bai coughed dryly. The ‘you’ he was referring to was obviously Lin Hanxing.

“The song” climbing the dragon and phoenix “that you asked someone to sing is on a stage not far away. It’s located in the middle of the Hong gang and the Hua Ji ...”

No matter how one listened to Yun Bai’s tone, it seemed as if he was watching a good show!

“So, the two groups of people are now ... Arguing over whether to sing ... Uh ... Or not ...”

Yun Bai chose his words carefully so that it wouldn’t sound like he was gloating over her misfortune.

However, the next second, Lin Hanxing's chopsticks landed on the table with a loud thud. Even the air seemed to have frozen at that moment.

"Do you know what I hate the most?"

Lin Hanxing said indifferently as he wiped his hands with a tissue.

"....."

So what was it?

Yun Bai looked at her.

"You're such an insensible person when I'm hungry!"

[Chapter 1472](#)

1472 Long-standing conflict

Swords were drawn.

The venue, which was supposed to start singing on the dot, was now completely silent, forming a sharp contrast with the food street not far away!

The seats in front of the venue were empty, and most of the people had run away.

It was out of place with the hustle and bustle of the downtown area. Instead, both sides were full of people with weapons in their hands. Each of them looked fierce, as if they could not wait to see each other's blood on the spot!

However, it also maintained a strange balance.

No one crossed the line in the middle, and they were in a stalemate ...

Backstage.

"Boss, should we call the police?"

The members of the troupe were all covered in cold sweat as they looked at their boss trembling like a quail. They were so close to peeing their pants on the street.

"Call the police?"

The boss's face was ashen.

in the entire country G, which police station would dare to meddle in this matter?!

The conflict between the Hong gang and Hua Ji had been going on for a long time, and they were afraid that it would not end until there was blood today!

He didn't want to offend either side!

Call the police?

Unless he really didn't want to work here anymore!

“Then what do we do?”

What to do?

How the hell would he know what to do?

“A good dog doesn’t block the way. Do you people from Hua Ji even know the rules?”

At this moment, the Hong gang’s hatchet men were clamoring back and forth, as if they were trying to provoke the emotions of the Hua Ji people on the other side, so that they could find a reason to start a war.

Zuo Xiangdong, the backbone of Hua Ji, led the two leaders of Green Dragon Hall and Vermillion Bird Hall. They stood in front of them expressionlessly, turning a deaf ear to the Hong gang’s provocation. At the same time, they signaled the gang members behind them not to act rashly!

In the past two days, because of miss Lin’s “climbing the Dragon and attaching to the Phoenix,” Hua Ji and the Hong gang had frequent private conflicts.

It was just that they had been rather secretive before, but today ...

All of them were brought onto the stage!

“Do you really want to be Lin xiaojiu’s Lackey?”

As soon as he finished speaking, the Hong gang members all laughed out loud!

The people from Hua Ji clenched their fists, veins bulging on their foreheads.

“Ah!”

All of a sudden, just as the Hong gang members were still laughing, the person who had spoken earlier suddenly covered his mouth and cried out in pain.

With a “PEI” sound, a front tooth was spat out along with blood and a steel ball!

“I think I heard someone calling my name!”

As the soft female voice spread in the air, the laughter from the Hong gang stopped abruptly, but the atmosphere in the Hua Ji suddenly became relaxed, especially Zuo Xiangdong and the two Hall Masters, whose faces suddenly showed joy.

He looked in the direction of the sound!

The crowd that was originally watching the commotion made way for the middle path, allowing the man and woman behind to officially appear in front of everyone.

“.....”

Zuo Xiangdong’s smile froze.

“Uh, did you guys see that?”

He subconsciously asked the two Hall Masters beside him. The latter hurriedly nodded, and there was a trace of fear in their eyes.

The smile on miss Lin's face looked so ...

It would make people shudder.

Lin Hanxing was playing with a child's slingshot as he walked over leisurely.

"Miss Lin."

Zuo Xiangdong greeted him with respect.

Although Lin Hanxing was smiling, he somehow felt that Lin Hanxing was on the verge of exploding in anger.

In other words, it was ...

The Hong gang had better know their place, if not ...

Zuo Xiangdong clicked his tongue in his heart and didn't say anything.

Lin Hanxing's expression became slightly better when he saw the people from Hua Ji, but it was only a slight change. When his gaze returned to the Hong gang, the atmosphere began to change again.

The Hong gang didn't dare to show their anger!

[Chapter 1473](#)

1473 Why look for unhappiness?

He allowed Lin Hanxing's cold gaze to sweep over him!

The Hong gang members present were clearly used to life on the edge of a knife, but being stared at by such a pair of eyes, they still shivered from the bottom of their hearts!

Moreover, the Thunder valiant beast was still here today!

The leader of the Hong gang looked at the broken tooth that his subordinate had spat out, and his expression turned ugly.

"It seems like someone wants to discuss the rules with me?"

Lin Hanxing had a smile on his face, but his eyes were as deep as a Cold Lake.

Perhaps only a fool would really think that the smile on her face meant that she was friendly.

No one from the Hong gang dared to make a sound!

Before saying those words, who would have thought that the person in question would suddenly appear in front of them?

Lin Hanxing didn't pay any attention to them and walked with Lei Xiao to the center of the empty audience seats and sat down.

“Where’s the boss?”

The troupe’s boss, who had already noticed the change in the situation from backstage, quickly walked out.

He was all smiles.

He had recognized Lin Hanxing the moment she came out!

Wasn’t that the master of the Li family who had spent a lot of money to hire them to set up the stage?

“Miss Lin, I’m here!”

The boss’s smile was so flattering that it was as if the two words were written on his face!

“Bring some tea and ask the people backstage to prepare.”

Lin Hanxing rapped the table with one finger. He was expressionless, but he was not angry.

“Tea will be served immediately! But this scene ...”

The troupe owner subconsciously looked in the direction of the Hong gang. It was obvious that he didn’t want to cause trouble, but he also knew that he couldn’t offend the person in front of him.

He looked conflicted.

I’ll give you five minutes to prepare. After five minutes, I want to see this play being performed on stage.

Lin Hanxing looked up at him and said lightly.

However, with just a glance, boss Fang couldn’t help but shiver.

He didn’t dare to say anything more.

He hurriedly went down.

In less than half a minute, the tea was served, along with a few plates of snacks such as melon seeds and peanut crisps.

Lin Hanxing’s long eyelashes fluttered as he reached out to fill the empty cups in front of him with tea.

Other than hers and Lei Xiao’s, there were four more.

As soon as the teapot was placed on the table, she looked up to Zuo Xiangdong. The latter and the hall Masters of the Azure Dragon and Vermillion Bird Hall sat down one after another. Lin Hanxing then looked away.

But ...

And one more cup!

Seeing her posture, the Hong gang leader scoffed in his heart and turned around to leave with his men.

A wise man does not fight when the odds are against him, just wait and see!

Just as he was thinking about this, the leader didn't even look in front of him and just crashed into him.

There was a thump.

Zuo Xiangdong and the others heard the commotion and looked over subconsciously. On the other hand, Lin Hanxing and Lei Xiao just quietly sipped their tea without any expression.

"Which one of you doesn't have eyes ..."

Before he could finish his sentence, the leader of the Hong gang couldn't help but widen his eyes when he saw who it was.

Childe ... Childe yunbai? "

He rubbed his eyes, he was not seeing things!

The leader's eyes almost popped out of their sockets!

Why would the famous young master Yun Bai of the cloud cauldron casino be here?

isn't there a free show to watch? why are you in such a hurry to leave? "

As soon as Yun Bai's words fell, more people silently rushed in from behind and surrounded the Hong gang in the middle.

"Miss Lin, what do you mean by this?"

The leader of the Hong gang shouted at Lin Hanxing, who had his back to him.

On the other hand, Lin Hanxing calmly pushed the peanut butter in front of Lei Xiao.

"What's with all the noise!"

Yun Bai's voice was cold and impatient.

Just then, Lin Hanxing suddenly turned his head to look at them.

She waved her hand in the direction of the Hong gang's leader, and before he could react, Yun Bai had already pushed him hard.

Soon, he arrived at Lin Hanxing's table.

"Give old Chai a call."

Lin Hanxing's voice was calm and emotionless, and the other party was on the verge of breaking out in cold sweat.

Zuo Xiangdong was stunned for a moment. It was only when Lin Hanxing's eyes fell on him that he realized that she was asking him to call elder Chai of the Hong gang.

He didn't dare to delay and quickly found someone to call her.

The phone rang a few times before it was picked up.

"Hello?"

“Old Chai,”

Lin Hanxing’s cold voice was transmitted through the microphone.

“.....”

Even an old man would recognize this voice if it turned to ash. At that moment, he only felt the need to call for someone to bring his quick-acting heart rescuing pill over!

He was on his way to the airport to pick up his grandson.

Why did he have to pick up this call?

The other party didn’t speak, and neither did Lin Hanxing. He pressed the speaker button.

Then, as if he had thought of something, he raised his head and looked at the leader of the Hong gang.

There was a subtle look in his eyes.

However, it was definitely not an excellent experience for the person who was being looked at!

The latter instinctively took a step back.

Lin Hanxing laughed.

The next second, there was a thud as the upper half of the Hong gang leader’s body was pressed down on the table by Yun Bai. If it wasn’t for the Vermillion Bird and the Azure Dragon Hall’s Hall master’s quick reflexes, they would’ve been in trouble.

“Ah ...”

A sudden scream came from the other end of the phone, scaring old chai so much that he felt his chest helplessly!

Pitiful, weak, and helpless!

What was going on?

“Old Chai, you’d better let me see you in 20 minutes.”

Lin Hanxing reached out to lift the boiling teapot and tilted it in front of everyone as he spoke. After the rustling sound, the man’s angry roar sounded again, and it hurt everyone’s eardrums!

No one dared to speak.

The remaining members of the Hong gang had wanted to rush over, but they were stopped by Yun Bai’s subordinates!

After saying this, Lin Hanxing did not care about the reaction of the person on the other end of the phone and hung up the phone.

He returned the phone to Zuo Xiangdong.

“Boss, bring us a new pot of tea.”

Lin Hanxing's fingers tapped on the table lightly. His cold voice made people shiver in the silent environment.

The boss was speechless.

Without waiting for any urging, the troupe's boss quickly took the empty pot to change the water, afraid that he would be the next one to be pressed down if he was a step too late!

By the time the tea was served, Yun Bai had already thrown the Hong gang leader to the side under Lei Xiao's ice-cold gaze.

After this series of actions, Yun Bai sat down elegantly.

The last cup of tea was just in front of him.

"What do we do now?"

Zuo Xiangdong asked after hesitating for a while.

Yun Bai sneered when he heard this.

Lin Hanxing glanced at him unhurriedly. Yun Bai quickly put on a serious face and pretended that nothing had happened.

A voice came from the stage.

The members of the troupe who were already prepared went on stage one after another and sang 'climbing the dragon and phoenix'.

"I'm here to watch the show."

.....

When elder Chai and his men arrived, the show was at its most exciting part.

While the crowd was still immersed in the thought of his sister being saved by the Empress Dowager and becoming her adopted daughter, old Chai walked towards Lin Hanxing with a livid face.

It looked like a bloody battle was about to happen.

"Lin xiaojiu!"

Elder Chai quickly stood beside her, fuming with anger.

Obviously, he had seen how badly his own people had been tormented!

"Shh!"

Lin Hanxing didn't even look at him and reached out a finger to touch his lips.

She motioned for him to keep quiet!

[Chapter 1474](#)

1474 Can you act with me?

All the words that old Chai wanted to say were stuck in his throat!

The person behind him was about to fly into a rage when he saw this, but he was stopped by old Chai's gaze.

Putting aside the fact that the people from Hua Ji were still here ...

Which one of Yun Ding casino's young master Yun Bai and Lei Xiao were people they could afford to offend?

Not to mention that they were all sitting at the same table ...

It was obvious that he was wearing the same pants as Lin xiaojiu!

The plot on the stage continued, so full of ups and downs that the audience had no time to care about these open and secret fights, only paying attention to the direction of the plot.

It wasn't until the Empress Dowager's birthday that the younger sister, who had failed in her scheme, saw her elder sister, who had been conferred the title of the Empress Dowager's adopted daughter, that many in the audience cheered and clapped to vent their anger!

"Old Chai,"

Lin Hanxing held his teacup and looked straight ahead.

His sudden words made the Hong triad members, led by elder Chai, tense up.

look at the person on stage. She's so insistent on what doesn't belong to her, but in the end, she's lost everything. That's why some thoughts shouldn't be touched from the beginning.

The White gas curled around her fingers.

Elder Chai's expression turned ugly.

This girl was warning him!

"Until the very end, who can say who will win and who will lose?"

Old Chai laughed coldly as he replied in a half-confused manner.

Lin Hanxing laughed.

"Someone once said the same thing to me."

She said.

"What happened after that?"

Without waiting for old Chai to speak, the person behind him asked curiously.

Lin Hanxing raised his head and looked at him.

"He's dead."

The moment these three words came out of Lin Hanxing's mouth without a single sound fluctuation, everyone shuddered subconsciously.

"Hehe, miss Lin really likes to joke."

Old Chai broke the silence with a dry smile.

"Everyone knows,"

"....."

"....."

"....."

Upon hearing these words, the already strange atmosphere became even colder.

Everyone present was well-informed. Lin Hanxing's words were so clear that their minds quickly matched it with reality.

"So, don't take any chances."

Lin Hanxing placed the teacup on the table with a clatter. As the elder sister on the stage acknowledged the general and was bestowed a marriage by the Empress Dowager to become Duan junyu [1], the crowd applauded again.

This was not the first time that " climbing the dragon and phoenix " had been performed in snow orchid, but the audience would always be deeply attracted by the plot and stir up emotional fluctuations with the flow.

Lin Hanxing clapped his hands as well.

His expression was calm.

He didn't look like the person who had coldly said 'everyone knows'.

The actors and actresses had been on stage for five minutes to thank the audience for their enthusiasm, but the troupe's boss was still grinning from ear to ear as he walked towards Lin Hanxing's table.

He had completely forgotten how he had trembled in fear when Hua Ji and the Hong gang had confronted each other!

"Miss Lin, the script you wrote is simply amazing!"

The troupe owner couldn't hide the admiration in his eyes, and his words obviously surprised many people here.

Who would've thought that the drama that had been blowing up in Xuelan recently was actually written by Lin Hanxing?

"I won't hide it from you, I want to buy it myself!"

The boss's face was drooling.

In the past, their troupe would usually sing traditional songs. The sudden change in the song would bring them huge benefits, so he began to plan in his heart.

Lin Hanxing suddenly waved at him mysteriously.

The troupe owner leaned his head closer with a suspicious look ...

When he heard what the other party said, his eyes immediately emitted ...

Panic?

“Miss Lin, is what you said true?”

The troupe boss’s words attracted the attention of the people around him.

Other than the two of them, no one else had heard what Lin Hanxing had said. Now that the boss had such a reaction, how could they not be curious?

“Of course it’s true ...”

Lin Hanxing said faintly, giving off a sense of mystery.

Looking at her appearance and thinking of what she had just said, the troupe boss’s whole body was covered in cold sweat.

Lin Hanxing, on the other hand, just smiled and made a zipping gesture with his hand.

It was meaningful.

“.....”

I can’t afford to offend you!

After finding an excuse, the troupe’s boss fled.

“What did you say to him just now?”

Yun Bai couldn’t help but ask.

Lin Hanxing turned to look at him.

His eyes were as bright as the stars.

“The Buddha said ...”

Yun Bai immediately perked up his ears, his face full of curiosity.

“Don’t ask about things you shouldn’t ask about!”

“.....”

[Buddha: I didn’t say that, but it’s true!]

As they were talking, old Chai was clearly getting impatient.

Just as he was about to speak, his phone suddenly rang.

Elder Chai's expression changed slightly after he took a look and picked up the phone.

"What did you just say?"

His eyes widened as he answered the call!

This caught Lin Hanxing's interest, and he raised his eyebrows.

After hanging up the phone, elder Chai didn't move for a long time.

In the hot weather, large beads of sweat rolled down his forehead!

"Anyone with a tattoo on their body, hurry up and hide!"

When he found his voice again, old Chai roared angrily. The Hong gang members who were looking for Lin Hanxing with vigor and confidence immediately hid themselves in a well-trained manner when they heard his words!

It was obviously not the first time he had done this!

"Throw away the things in your hands!"

As elder Chai spoke, he gestured for the person beside him to take off his suit for him to wear.

The old man, who had the aura of a gang leader, suddenly became a farmer entrepreneur after putting on a suit. He greeted ...

He really had a photographic memory!

Lin Hanxing supported his cheek with one hand and watched the well-trained Hong gang members move with great interest, as if he was watching a performance.

"Hurry! All of you, hurry up!"

Elder Chai wiped the sweat off his forehead and plopped down beside Lin Hanxing.

Lin xiaojiu, I have something to discuss with you!

Elder Chai forced a smile on his face, causing goosebumps to rise all over Lin Hanxing's body.

She'd rather he remained like that.

"Wait, my grandson is coming ..."

As elder Chai spoke, he observed Lin Hanxing's expression from the corner of his eyes.

"So?"

Lin Hanxing raised an eyebrow.

He pretended not to see how the ill-fitting suit jacket was making a miserable roar on the old man's body!

"Can you play a play with me?"

“.....”

If it wasn't for the fact that she could confirm that the man in front of her was real, Lin Hanxing would have really thought that he had been switched out in front of her!

Lin Hanxing's side looked like they had seen a ghost, and elder Chai's side was not feeling well either!

This damn suit was about to burst his flesh!

“Just, just don't speak later!”

Perhaps he was really anxious, for he even spoke with his hometown's accent!

[Chapter 1475](#)

1475 A mystery in direction

There was even a flattering smile on his face!

Zuo Xiangdong and the other people from Hua Ji seemed to be used to this. Even Yun Bai was watching the show leisurely. Only Lin Hanxing was looking at the wrinkles on old Chai's face ...

He was feeling complicated!

“Keep it! Quickly put them away!”

At this moment, elder Chai couldn't care about what Lin Hanxing was thinking. His mind was filled with the thought of not letting anything slip later as he called for the people from Hua Ji to put away their tools.

The entire scene seemed to have jumped from the edge of a war to Disney's family and child channel. If it was possible, elder Chai would have put a big smile on everyone's face!

The members of the Hong gang, who had been so aggressive just a moment ago, had even taken out glasses and books from somewhere and started to put on a serious look.

Passers-by who didn't know what was going on would think that they had accidentally entered a University campus!

While they were still preparing, a black Bentley drove slowly towards them. They didn't know what the driver was thinking, but the speed was obviously much slower than the car next to it.

Lin Hanxing subconsciously looked at Lei Xiao's direction and saw him curl his lips. He seemed to have thought of something but did not say anything in the end.

As the Bentley was about to reach them, everyone in the Hong gang immediately entered a state of Sage. Each of them held a book in their hands as if they were about to take a master's exam!

Old Chai's expression became even more serious, as if he wanted to hang the words 'old professor' on his face!

“.....”

The difference was too great. Just as Lin Hanxing was about to laugh out loud, the Bentley stopped not far away from them.

The usually arrogant old Chai was now like a rescue dog with his ears perked up. Even though he didn't turn around, his face was filled with an expression of 'I'm proud'!

His grandson!

He's back!

"Grandpa!"

As soon as the car door opened, old Chai couldn't wait to get up and walk towards his beloved grandson. He couldn't wait to hold his precious grandson in his arms!

One must know that it had been two and a half years since old Chai's grandson had returned!

However, he had no choice. He had been busy all this time!

Because of this, elder Chai had even learned how to use video-chatting software and a computer so that he could meet his grandson when he had time!

Old Chai's eyes were brimming with tears as he opened his arms wide, looking as if he was about to embrace his beloved grandson ...

In the next second, his grandson ran past him as if he had eaten Stride Gum ...

He brushed past ...

In the past ...

In the past ...

Go to ...

miss Lin???? "

Old Chai's arms were still wide open as he watched his precious grandson walk up to Lin Hanxing as if he had just seen his life's mentor.

What The Fuck?

Old Chai's grandson's eyes widened in surprise and he looked at Lin Hanxing in disbelief.

Lin Hanxing did not say anything.

It was no coincidence that she seemed to know this person.

However, she had never expected that he would be the grandson of old Chai of the Hong gang.

After all, one of them was a big Shot ...

The other was bookworm!

“Miss Lin, I really didn’t expect to see you here! You ... You know my grandfather, don’t you? Oh my God! I’ve never thought ...”

The man’s face was flushed red, and he seemed to be getting more nervous as he spoke, but the admiration in his eyes was overflowing!

Lin Hanxing tried his best to maintain a polite and awkward smile on his face. If Yan beiming and the others were here, they would have recognized old Chai’s grandson immediately. Wasn’t he the researcher who had once asked her if she had graduated from D University?

Elder Chai and the members of the Hong gang behind him were all stunned. They obviously didn’t expect the plot to turn out like this, and they didn’t expect their precious grandson/young master ...

Um ...

Not only them, but even Zuo Xiangdong and the entire Huaji were stunned!

Not to mention Yun Bai!

“Heavens! Miss Lin, can I take a photo with you? The boss and the others miss you a lot too. If it wasn’t for the fact that the research on hand is currently in progress ...”

Old Chai’s eyes lit up as he entered the endless nagging mode ...

“.....”

Lin Hanxing felt as if he had returned to the fear of being dominated by the dragon and lion dance Team in Jiang city!

“Stop!”

Lin Hanxing raised his hand to signal him to keep quiet.

As expected, the little fanboy shut his mouth and even blinked.

“Take pictures!”

As long as you can be quiet for a while, I’ll take as many photos as you want!

Upon hearing this, the little fanboy’s face revealed a smile as if he had been hit by a hundred million lottery ticket. He first took a tissue to wipe his hands, then took a few deep breaths, before taking out his phone with trembling hands and turning on the front camera!

“No!”

Suddenly, the little fanboy spoke.

“Which ... Which part of me is not working?”

Old Chai asked drily, as if he still couldn’t understand why his precious grandson, whom he hadn’t seen for two and a half years, would be bewitched by that demoness Lin xiaojiu!

“Photo software! What’s the most popular photo software these days?”

The little fanboy went back and forth looking for the APP rankings, afraid that the photos he took of Lin Hanxing would not look good and make her unhappy!

“.....”

“.....”

“.....”

Young master, do you know that the Hong gang and that group of people are enemies?

Oh right, you don't know!

The Hong gang members cried.

This was probably the first time that they, Ping Sheng, had to help their opponent take photos and even think of a photo app to make the photos look better!

Weak and helpless!

The photo was finally taken and the little fan sent it to the group chat in the laboratory without saying a word!

In just a second, the group of technical otakus, who were originally only discussing work, completely exploded!

[technology Otaku 1: miss Lin!!] Miss Lin! Miss Lin!

[technology otaku ?: goddess!] A goddess! A goddess!

Zhu chengdi (boss): ” explain!!!

.....

The little fan didn't even have time to explain. The chat box that kept scrolling was too busy, and he was so dazzled that he didn't know which message to reply to first.

“Grandson ...”

Old Chai, who had been ignored by his precious grandson, spoke in an aggrieved manner. He also glared at Lin Hanxing, who had stolen all of his grandson's attention!

Lin Hanxing was speechless.

What could she do?

She was innocent too, okay?

“Miss Lin, do you also need to purchase goods from my grandfather? I'll give him a 50% discount ... I'll give you a discount of 20%, okay?”

The little fanboy obviously didn't feel his grandfather's ardent hope and offered a 20% discount without hesitation!

“.....”

Hearing this, Lin Hanxing subconsciously looked at elder Chai.

Restocking ...

So, what did this child think he did for a living?

“What does your family ... Sell?”

Lin Hanxing felt the need to ask. After all, in order to help old Chai cover up his lie, she should at least know more about him!

He saw the little fan opposite him smile shyly, revealing two dimples on his cheeks.

“Our family sells pork!”

“.....”

“.....”

“.....”

Everyone had a “What?” expression on their faces. Even old Chai himself was stunned!

All these years, he had been shaping the image of a cultured person!

When did he become a pork seller?

[Chapter 1476](#)

1476 The pig is innocent

No one knew that in order to have more topics to talk about with his grandson when he returned, he had even secretly signed up for a University for the elderly!

Only God knew the despair he felt when he faced the classroom again at his old age!

Damn pork seller!

“Who told you our family sells pork?”

Old Chai was so angry that he almost fainted!

Hearing this, the little fanboy was surprised.

“Grandpa, you said it!”

“.....”

“.....”

“.....”

It turned out that the source of the rumors was right in front of them!

“Release ...”

When he met his grandson's innocent eyes, the word 'fart' was forcefully swallowed back into his stomach!

He suddenly remembered that when his grandson had accidentally entered the Hong gang's torture chamber when he was young, he had indeed said similar words to coax the child. He just didn't expect that he would remember it for so many years ...

Should he say that his grandson was simple ...

Or was he stupid?

"Don't worry, Grandpa. My boss said that the pork was delicious and he's going to ask everyone in our lab to buy it for New Year's!"

"....."

How did the people in his laboratory know that his family sold pork?

Old Chai finally understood why he only wanted pork when he sent gifts to his grandson every year during the new year ...

No one spoke.

The sudden silence was the scariest thing ...

Even Lin Hanxing was rarely so sympathetic as to not add fuel to the fire. After all, the word 'ugly' was not enough to describe elder Chai's expression.

Lin Hanxing could not help but sigh in his heart as he looked at his little fan's eyes that were getting brighter.

While no one was paying attention, Lin Hanxing's eyes met with elder Chai's, and his finger fell on his heart ...

The latter's eyes lit up!

"Aiyoyoo!"

Elder Chai suddenly clutched his heart and leaned against his grandson.

"Grandpa?"

The little fanboy's expression changed drastically, and he hurriedly reached out to support him.

"I don't know if it's because the weather is too hot, but my heart isn't feeling too well. Why don't we go home first?"

Elder Chai's actions had perfectly demonstrated what it meant to be weak, pitiful, and helpless!

The little fanboy did not dare to delay. After a simple greeting to Lin Hanxing, he supported elder Chai and walked towards the black Bentley ...

"Oh, that's right,"

Before elder Chai got into the carriage, Lin Hanxing suddenly spoke, causing his heart to skip a beat.

He turned around to look at her.

Lin Hanxing waved his hand and Hua Ji brought over the group of people that the Hong gang had initially detained.

“Old Chai, don’t forget to bring your own people back this time.”

Lin Hanxing smiled.

Old Chai forced himself to remember the purpose of his visit today. He grunted in annoyance and agreed.

Her head was hurting ...

All he wanted to do now was to stay away from this woman!

.....

On the way back.

old Chai’s only son and daughter-in-law died in a plane crash that year, leaving only this one child behind. It can be said that old Chai has placed all his hopes on this grandson!

Zuo Xiangdong explained to Lin Hanxing.

he didn’t let the child come into contact with any gang matters since he was young. Fortunately, the child was also a good student. He skipped grades from elementary school until he got into D University ...

They had always had an inexplicable admiration for scholars since they were young.

“Don’t look at how Hua Ji and the Hong gang don’t get along, but when it comes to this child ... Elder mu has given us a death order to cooperate with elder Chai depending on the situation!”

Zuo Xiangdong smiled bitterly as he said this.

Looking at his condition, it was obvious that this was not the first time he had to deal with such an unexpected situation.

I thought that old Chai’s grandson was just acting dumb ...

Yun Bai, who had followed the car to li garden to join in the fun, said leisurely. As the information hub of the entire country G, she naturally knew about this long ago.

[Chapter 1477](#)

1477 The little pig that can read people’s eyes

“I only realized today that he’s really stupid!”

Just based on old Chai’s poor acting skills, he was able to deceive him since he was young. He was indeed a bookworm!

Yun Bai couldn't help but click her tongue.

Hua Ji did not comment on this matter, but Lin Hanxing looked at Yun Bai a few more times.

"What are you doing here?"

"Freeloading!"

Yun Bai said these words with confidence, without the slightest bit of the air he had in Yun Ding casino.

"Who agreed?"

Lin Hanxing laughed.

"My boss!"

Yun Bai pointed at Lei Xiao with an innocent expression.

He didn't hide anything.

On the other hand, Hua Ji's Vermillion Bird and Azure Dragon Hall's Hall Master looked at each other and swallowed.

Did they hear something they shouldn't have?

There had always been many speculations about the boss behind the cloud cauldron casino, but no one could find any clues no matter how hard they tried.

Even if there was some news after the last charity auction, as long as the parties involved did not admit it, the rumors would remain rumors for the rest of their lives.

However, just now ...

This couple was really like a living money printing machine!

With that said, the car slowly drove into Li garden's carved gate that was open on both sides.

"Hey, I heard that there's a secret in your yard?"

As soon as the car entered the courtyard, Yun Bai's spirits were lifted. This time, even the people from Hua Ji perked up their ears, obviously very interested in this topic.

Ever since the dilapidated Li garden had been renovated, it could be said that it was full of mystery everywhere. Not to mention, there was also the "Li family's private residence, an important place. Trespassers will be killed!" The blessing of the sixteen-word proverb!

In order to find out what kind of traps were there, busybodies even found all the people in charge of the Li family's renovation at that time.

It was to piece together the panoramic view of Li garden!

It was only after everyone gathered at a table and discussed it that they realized that no one could clearly tell where the part they were responsible for was located in Li garden!

Originally, the parts in each person's hands had been repeatedly repaired at least three times, and they had been handed over to different people to renovate. No one could be sure which part of the Li family's house had been repaired.

Such a level of secrecy was simply unbelievable!

The busybodies tried to buy over the Li family when they saw that their plan had failed. However, no matter how many times the price was raised, the Li family was like a knife that could not be inserted into water and could not be splashed!

Their hearts were as one!

"Why don't you tell me?"

"Is it true that 'trespassers will be killed if they come uninvited'?"

Yun Bai kept egging Lin Hanxing on, his face full of curiosity.

Lin Hanxing rolled down the window and let the wind in.

I can only say that if someone really 'came uninvited', I will definitely make sure that person's lives 'are not in vain'!

Lin Hanxing said indifferently, looking at Yun Bai as he spoke.

Yun Bai subconsciously wanted to reach out and touch her back.

Why do I feel a little scared?

The car finally stopped in front of the villa ...

They got out of the car and walked into the villa. Not long after, they saw Li Binshou's uncle Li standing at the entrance with a strange expression on his face.

His eyes lit up the moment he saw Lin Hanxing.

"Master!"

Lin Hanxing rarely saw uncle Li with such an expression, so he was curious.

"What's wrong?"

"....."

Uncle Li looked at the guests behind her, especially the people from Hua Ji. He wanted to say something but stopped.

"Just tell me directly."

"Just now, the people from the Hong gang came by and said that they had sent a gift under their young master's orders. However, the gift ..."

At this point, uncle Li really couldn't continue!

He felt that the Hong gang was simply humiliating the master!

“What kind of present is it?”

Seeing uncle Li hesitating, Yun Bai’s curiosity was completely piqued.

ninth young lady!!!

Bai Xi heard Lin Hanxing’s voice and poked his head out.

“Quickly come and take a look!”

Her face clearly had a surprised expression, which was completely different from the embarrassment on uncle Li’s face!

Lin Hanxing and Lei Xiao looked at each other, and the two of them walked inside.

Yun Bai and the others naturally couldn’t wait to follow!

“.....”

When they saw the situation in the hall, everyone fell silent.

He saw a pink little pig with a big red bow tied around its neck. Like a well-trained puppy, it was standing there straight!

Its two hind legs were straight and trembling, constantly swaying left and right.

He stubbornly maintained his dignity as a pig and refused to let his two front legs fall to the ground. From time to time, he would even groan to prove that he was still alive!

“.....”

The two majestic Tibetan Mastiffs, ah Zuo and ah you, were lying on Yan beiming’s left and right. When they saw Lin Hanxing return, they immediately stood up and ran over, howling.

“Family head, I think this must be the Hong gang’s way of humiliating you!”

Uncle Li’s face was ashen. He was clearly angry!

“.....”

Lin Hanxing could only feel his head throbbing.

How was she going to explain to uncle Li that this was supposed to be a beautiful misunderstanding?
is that bookworm a fool?!

With a “pfft,” Yun Bai, who was the first to react, laughed out loud, scaring the little pig who was still performing his unique skill. No matter how you looked at it, his round eyes looked so pitiful!

“What’s the situation?”

Yan beiming’s face was full of confusion.

He had just woken up from his sleep, and there was a little pig with a bow in the living room. It could even stand on its hind legs. It looked like ...

There was also some weird and delicious food!

Zzzzzz!

Perhaps it had sensed the 'killing' intent in Yan beiming's eyes, the little piglet trembled and moved in Lin Hanxing's direction.

When it was sure that Lin Hanxing's eyes were still on it, it tried its best to arch its two front legs together, as if it was paying a New Year's visit ...

"....."

"....."

"....."

master, I'll stew it for you tonight!

Uncle Li felt that this was the Hong gang's new method of humiliating people, and he became angrier.

"....."

"....."

"....."

I'm a vegetarian, thank you!

After feeling uncle Li's murderous eyes, the little pig, who felt that his plan had failed and that his life was in danger, suddenly fell to the ground in front of everyone.

He looked like he was about to die in the next second!

From time to time, when no one was paying attention, he would open his eyes to look at the people in front of him.

"....."

"....."

"....."

And he was a little pig who knew how to read people's eyes!

"Leave it behind."

Suddenly, Lei Xiao's voice entered Lin Hanxing's ears!

The little pig that was lying on the ground and playing dead immediately got up and ran towards the Thunder valiant beast, then wrapped its hooves tightly around his ankle.

"Don't tell me you're thinking the same thing as me ..."

Lin Hanxing and her man looked at each other. It was just a simple glance, but they could see through each other's thoughts.

“Don’t you think it looks like a human?”

The Thunder valiant beast said in a low voice.

Lin Hanxing blinked.

At this moment, Yuan Dabao, who was in Jiang city, suddenly sneezed.

Ha Qiu ...

[Chapter 1478](#)

1478 The formation of the Alliance

The short storm ended.

After Zuo Xiangdong’s explanation, everyone finally understood the origin of this little pig.

Li binshou’s face looked a little better now, and his eyes were no longer as murderous as before.

“Tsk, what a strange brain!”

Yan beiming stared at the pink little pig and could not help but sigh.

“Mute uncle, help me contact uncle Jin.”

uncle li, help me contact Meng Jiu and uncle hai.

Now that they were done with the trivial matters, Lin Hanxing naturally entered the serious part.

“I want to see them in fifteen minutes.”

.....

15 minutes later, in the living room of the Li family.

The fragrance of the tea lingered.

Lin Hanxing and Lei Xiao changed their clothes and went downstairs. Everyone was already there.

Zhan Nanheng had also come with uncle Jin.

Lin Hanxing’s gaze fell on him.

It had been some time since they parted on bad terms. Zhan Nanheng seemed to have settled down and was much more stable.

Sensing her gaze, Zhan Nanheng pursed his lips arrogantly.

“I thought that you wouldn’t come back for a while.”

Lin Hanxing was the first to break the silence.

Zhan Nanheng snorted.

“There’s no such thing as a last night’s grudge between us.”

A simple sentence showed the trust between the two.

Lin Hanxing smiled faintly, walked to the main seat and sat down with Lei Xiao.

“Why do I suddenly feel like I’m on a pirate ship?”

Seeing this, Yun Bai couldn’t help but tease him.

“Are you sure it’s not a ‘golden ship’?”

Yan Beichen raised his eyebrows.

“.....”

There seemed to be no way to refute these words!

After all, the couple in front of him had another title ...

The money-printing machine couple!

“Since everyone is here today, I have something to ask for your opinion.”

Lin Hanxing said.

The water-like voice was as soothing as it could get.

The two Hall Masters, Yunbai and Hua Ji, each raised their teacups. The fragrance of tea had been stirring their breaths since a moment ago, and even those who didn’t like to drink tea couldn’t help it.

Why is this tea so fragrant?

” I hope that everyone can form an alliance and support Eric to take the position. ”

Pffft!

Yun Bai choked!

Wasn’t she being a little too direct?

Even though the second Princess Consort had been thinking about Su Dan’s position for her son all these years, she had never been as direct as Lin Hanxing.

Naturally, the two Hall Masters of Hua Ji also choked.

Lin Hanxing’s words just now sounded like treasonous no matter how one listened to it!

Zhan Nanheng’s expression was also very subtle.

Should he stay or not?

After all, being the center of attention wasn’t a comfortable feeling.

Lin Hanxing turned a deaf ear to the commotion below.

also, you should know that the Li family has many new tin mines under their name. Ah Xiao and I have limited energy, so we hope to find new partners to develop them together.

Tin ore!

Yun Bai's eyes immediately lit up!

The land that Li Yanyu had spent almost all of her liquid funds to buy back then had now become a Gold Mountain that the entire country coveted!

In just a few decades, its value had increased by tens of millions of times!

A million times!

What kind of concept was that?

Even if the Li family spent money like dirt every day, they could still guarantee that they would not have to worry about food and clothing for more than ten lifetimes!

Yun Bai's little plan began to work in his mind.

In reality, everyone who was able to sit here was in Lin Hanxing's camp. As long as she and Lei Xiao said the word, they would be willing to take a gamble even if it was her, let alone Eric!

So this was just a pretense.

The real highlight was the last part of Lin Hanxing's sentence.

Joint development of tin mines!

Let's earn money together!

Although money going to Yun Bai was the same as going from Lin Hanxing's left pocket to his right pocket, Yun Bai still had Yun Ding's shares. It was easy to imagine how much profit he would get from this!

"I'll discuss this with elder mu before giving miss Lin an answer!"

Zuo Xiangdong looked at Lin Hanxing deeply.

As the number one Chinese organization in country G, Huaji's internal expenditure was huge. Other than its own business investment, Huaji's finances had been in a tight spot.

If they could really reach a cooperation with the tin mine ...

All of Hua Ji's hidden problems would be easily solved!

"I can too?"

Yuan Kang, who had been silent the whole time, suddenly opened his mouth.

"Of course."

Otherwise, why did he think she would help him get his money back at this time?

"I, I, I ... I can do it too?"

Bai Xi was even more excited.

not only that, I can also guarantee that you'll become a rich woman before you turn 30!

Everyone in the room knew how valuable Lin Hanxing's guarantee was!

She was an interesting person!

Yun Bai looked at Lin Hanxing from a distance and pondered.

When others struck it rich, they would cover up their money tightly, not allowing others to covet it.

On the other hand, when everyone thought that Lin Hanxing was cold-hearted, they did not know that this woman was actually the most loyal and righteous person in the world.

She was so protective that even her pets couldn't bear the slightest grievance, let alone the people she could remember in her heart.

Such a woman, whether as a friend or a lover, was enough to make people feel at ease to trust her with their backs!

"Oh, that's right."

Zhan Nanheng seemed to have suddenly thought of something and pushed the invitation he had prepared in front of her.

an invitation to the Royal banquet.

This was the matter that the second Princess Consort had been most concerned about recently. Ever since it was confirmed, she had been asking people to prepare it. In order to make the banquet appear more Grand, she invited many guests and friends, as if she wanted to make it a grand event!

In fact, everyone in Xue LAN who knew about the relationship between the two of them knew that it was impossible for the night to pass peacefully.

To put it bluntly, Lin Hanxing and the senanda family had an irreconcilable relationship!

Even if no one in the outside world knew why the two groups had come to this point!

"I'll have someone follow you closely that night."

Zhan Nanheng was worried.

He had experienced the second wangfei's underhanded methods too many times over the years.

But ...

He looked at Lei Xiao, who had been silent the whole time. With him around, he probably didn't need his people to do anything.

Lin Hanxing glanced at the invitation on the table and didn't pay much attention to it. The second Princess Consort's little plans were not a priority for her.

there's no hurry. There's another thing that only you can help me with.

Hearing this, Zhan Nanheng immediately perked up.

It also piqued the curiosity of the others. What could only Zhan Nanheng help with?

"I want to add a few more people to the guest list of the party without anyone knowing ..."

Alright!

Everyone had to admit that only Zhan Nanheng could do this!

"Without anyone knowing?"

Zhan Nanheng was stunned at first, then he was confused.

it's before the banquet begins. It won't be noticed, but you can still be officially invited ...

"Who do you want to add?"

Zhan Nanheng asked again.

Lin Hanxing smiled mysteriously and moved closer to Zhan Nanheng. He lowered his voice and said a few words.

Zhan Nanheng was stunned at first, then his expression changed ...

[Chapter 1479](#)

1479 No one can snatch my things from me again

Song Garden.

Night fell and the lights were lit.

Song Chenxi returned to Song Garden from outside. The moment the car stopped, she noticed something strange.

The villa was brightly lit, and the servants were coming in and out.

He seemed to be carrying something inside.

"What is this?"

Song Chenxi got out of the car and said coldly.

When the servant heard song Chenxi's voice, she quickly looked up and was about to say that this was sent from li garden. When she looked up and saw her face, she couldn't help but be so shocked that she couldn't say anything.

"....."

It's only been a day, why did miss song seem like a completely different person?

Her long hair was permed into big wavy curls, adding charm to her coldness. It was casually spread on both sides of her cheeks, breaking the impression of her being too serious in the past.

The red Hepburn dress was like a ray of light in the dark night, making people reluctant to look away.

“What?”

Seeing that the other party did not speak, song Chenxi frowned slightly.

“Argh! Miss ... Miss song!”

The servant finally came back to his senses.

“These are all from li garden for you, miss song!”

When she heard the words ‘li garden’, song Chenxi’s expression softened.

He even revealed a faint smile.

It was sent by Hanxing.

“Where are you guys taking this?”

Song Chenxi took a quick glance and noticed something strange.

The servant’s expression suddenly became awkward, and she quietly looked back.

“Second miss asked me to send it to her room ...”

After making sure that there was no one around, he whispered these words.

No one spoke.

The servant raised her head nervously and looked at song Chenxi, who was immersed in the intersection of light and shadow. She subconsciously felt as if the air had frozen.

“Is that so?”

After a long time, song Chenxi finally spoke.

She walked into the villa in her high heels.

Every step he took felt like he was stepping on her heart ...

.....

In the villa.

Song Zhiyun fondled with the things that Lin Hanxing had sent her and picked them up. Every item was so well-made that she couldn’t bear to give it up, and her mind was filled with thoughts.

She couldn’t understand what Lin xiaojiu saw in her sister that made her spend so much money to please her. If she was a man, it would be fine, but she was a woman!

Which woman would be so generous?

They had just known each other for a few days, yet he sent everything here?

Song Zhiyun pursed her lips and continued with her work. She didn’t notice that the servant standing next to her had tensed up when she saw her.

“Send these to my room. When my sister comes back, no one is allowed to mention it, do you hear me?”

Song Zhiyun’s heart ached as he threw the items back into the box, thinking that he could finally complete his task after song Chenxi returned.

“I heard you ...”

A voice as cool as water sounded.

“After hearing it, you still ...”

Before song Zhiyun could finish his sentence, he suddenly turned around and looked at the source of the voice, his eyes wide open.

Song Chenxi looked at her expressionlessly.

What surprised song Zhiyun even more was her outfit today.

As the president of the song Corporation, her sister had always been ‘unapproachable’, not as lively as she was today.

Meeting song Chenxi’s eyes, song Zhiyun couldn’t help but shiver in his heart.

“Sister, when did you come back?”

Song Zhiyun smiled awkwardly, feeling a little flustered.

Song Chenxi didn’t say anything. She just looked at the things sent from li garden. They were all the latest clothing and jewelry of the season, including a special haute couture dress.

Very quickly, she returned her gaze to song Zhiyun.

“Zhiyun, don’t even think about snatching my things from me!”

[Chapter 1480](#)

1480 I, am the young miss of the song family

His eyes were cold and full of warning, not even giving anyone any buffer!

“I ... I didn’t ...”

Song Zhiyun subconsciously took a step back.

This bunch of damned servants, why didn’t any of them remind him that his sister had returned?

“You don’t have any?”

Song Chenxi asked lightly, as if she didn’t see the guilty look on song Zhiyun’s face.

“Butler ...”

The Butler who was called out was stunned at first, then he quickly walked to song Chenxi and put on a serious expression.

“Get me some men.”

Song Chenxi’s voice did not have any fluctuations, but the original peace was replaced by indifference. Her voice was unquestionable Majesty.

The Butler immediately called for someone without any hesitation.

“You guys, follow me upstairs.”

After saying this, song Chenxi quickly walked upstairs.

The servant followed closely behind.

After a long while, song Zhiyun finally regained his senses.

Upstairs?

What was sister doing upstairs?

“Quickly call Chen back!”

Song Zhiyun hurriedly ordered the others. Ever since he met Lin xiaojie, his sister’s actions had become more and more unpredictable.

Upstairs.

Song Chenxi didn’t return to her room. Instead, she walked towards her sister, song Zhiyun’s room. The Butler’s heart skipped a beat when he realized this. He seemed to have a premonition.

With a thump, song Chenxi pushed the door open and entered.

“Sister, what are you doing?”

Song Zhiyun held the door and panted slightly. It was obvious that he had jogged all the way here.

Upon hearing this, song Chenxi just glanced at her.

His eyes were cold.

“I just want to take back what belongs to me.”

She wanted an answer, and she would give her an answer.

Song Zhiyun was stunned.

Very quickly, song Chenxi used her own actions to explain to her!

Like a gust of wind, song Chenxi began to point at the things in song Zhiyun’s room without batting an eye. Every time she called out something, a servant would come forward and take it away.

“Put them down!”

Song Zhiyun finally understood!

“You’re not allowed to!”

Almost at the same time as song Zhiyun's voice rang out, another cold voice followed.

"These are all mine!"

Song Zhiyun looked at song Chenxi in exasperation. She must have gone crazy today. How dare she barge into her room to move her things?

"Your stuff?"

Upon hearing this, song Chenxi laughed mockingly.

Zhiyun, open your eyes wide and take a good look. This is all mine!

In the past, she would turn a blind eye to whatever she did, but now, she was not willing to do so!

"You're the one who took it from me!"

At this moment, song Chenxi was like a stranger in song Zhiyun's eyes.

Looking into those eyes that were as dark as a bottomless ancient well, song Zhiyun felt a rare sense of guilt.

But that feeling only lasted for a moment.

Then, song Zhiyun spoke again in a commanding tone.

"Stop! I told you all to stop, did you hear me?!"

She had thought that the servants would listen to her as usual, but this time, no one stood still. Everyone continued with their work.

Song Zhiyun had never felt such disregard before!

Complete and utter disregard!

"Are you guys deaf? I'm talking to you!"

Song Zhiyun only felt anger rising in his heart. His usually pale face turned red.

From the beginning to the end, song Chenxi only looked at her coldly.

Song Zhiyun felt like she was laughing at him.

"They won't listen to you."

Song Chenxi's voice was cold.

"I'm the song family's second miss!"

Song Zhiyun spoke almost at the same time, his chest heaving up and down in anger.

"Ha ..."

Song Chenxi chuckled.

Her usually cold and serious face was now like a flower bud, extremely dazzling.

“You are indeed the second miss of the song family, but ...”

Song Chenxi took two steps forward and blocked song Zhiyun’s path. She raised her hand and pinched her sister’s chin. Regardless of whether she agreed or not, she lifted her face to face him.

“I’m the young miss of the song family!”

It was as if there was a whirlwind under his feet. His aura was so strong that song Zhiyun subconsciously held his breath.

The servants who came and went seemed to have their five senses sealed. They had no reaction to everything that was happening in front of them. It was as if ...

It was as if he had been trained.

However, no one in the song family except the housekeeper would notice that except for the servants in the core positions, most of the others had been replaced.

“You ...”

Song Zhiyun’s scalp was numb!

His jaw was in pain!

She was crazy!

“Song Chenxi!”

Suddenly, a thunderous voice was heard. Gong Chen had obviously just returned from outside. His narrow black suit still had the smell of worldly dust.

When he heard Gong Chen’s voice, song Zhiyun seemed to have found his backbone. He suddenly broke free of song Chenxi’s shackles and hid behind Gong Chen.

Song Chenxi slowly retracted her Jade-like fingers and didn’t even look at Gong Chen.

However, he had already taken in all of her looks!

His pupils suddenly shrank.

There seemed to be a graceful figure in red flashing through his mind.

.....

The song family had a pair of phoenixes. The one in the red dress was miss song, song Chenxi!

Yingluo, why? is young master Gong interested?

He was ugly.

As soon as he finished speaking, the figure of red who was walking not far away seemed to have heard the movement and froze. She turned around and looked at the young man who had spoken ...

.....

“What’s wrong? Are you afraid that I’ll bully her?”

Song Chenxi smiled and turned her head to look at Gong Chen.

His eyes were light and did not seem to have much emotion.

It seemed to merge into one with the girl’s figure in Gong Chen’s mind.

It made one’s heart tremble inexplicably.

“You’re back so quickly ...”

Song Chenxi laughed and shook her head. Song Zhiyun’s pink room behind her was almost empty after what had just happened.

If he didn’t clean up, he wouldn’t have known that song Zhiyun had so many of song Chenxi’s things!

“Every time I want to find you, I have to wait for two or three days ...”

Song Chenxi’s words were neither cold nor warm, but when Gong Chen heard them, he felt an emotion he had never felt before.

“Chen, my sister ... She ...”

When he saw Gong Chen, Song Zhiyun’s eyes immediately reddened. He wanted to jump into his arms without thinking!

However, this time, before he could get close, he was blocked by Gong Chen’s subconscious movement.

“.....”

Song Zhiyun’s eyes were filled with tears, and his heart skipped a beat.

Even Gong Chen was shocked by his own actions.

Song Chenxi didn’t see any of this because she looked away after taking a glance at Gong Chen.

It was as if the two people in front of him were insignificant to him.

That was all.

No one spoke, and time seemed to have frozen at this moment.

Song Zhiyun’s tears were still in his eyes, but his heart was tightening!

Ever since that year, ah ‘Chen had never pushed her away again. Why did he ...

It was hypnosis ...

Was it losing its effect?

Song Chenxi didn’t hear the usual criticism, so she looked at Gong Chen strangely. Didn’t he usually criticize her fiercely at times like this?

Why was it so quiet today?
