

## Goodnight 1481

### [Chapter 1481](#)

1481 Moving out

“Chen, what’s wrong?”

Song Zhiyun asked carefully.

Just like every time in the past.

She was obedient and weak.

Gong Chen frowned subconsciously and felt annoyed for no reason.

Gong Chen, it seems like you’ve really protected Zhiyun too well. You don’t even know what’s going on in the gong Corporation recently ...

Song Chenxi smiled coldly. Even the warm lighting could not make her look gentle.

Upon hearing this, song Zhiyun’s heart began to beat rapidly.

What happened, Madam Gong?

“Chen, what happened at the corporation?”

This time, song Zhiyun’s face finally showed genuine worry. He didn’t even need to pretend.

“It’s so cramped here, let’s talk downstairs.”

Song Chenxi said calmly.

The first thing she had to do was to take control of the situation.

After saying that, she walked out of the room expressionlessly.

After a while ...

When song Zhiyun saw that Gong Chen’s gaze was still on song Chenxi’s back, she subconsciously reached out to pull his attention back. However, when her gaze also fell on song Chenxi’s back, a detail that she hadn’t noticed before suddenly made her tremble like a Thunderbolt!

His sister had actually revealed the scar on her arm?

In the past, perhaps it was because of the dust that had been buried in her past, even if she had to wear a gown for important occasions, song Chenxi would cover up the ‘same style’ scar on her arm with makeup.

Except for a very small number of people, few people had ever seen her scar!

But today, his sister had actually revealed it without any scruples?

What was she thinking?

Downstairs.

The servant quietly passed song Chenxi a glass of whiskey with ice on it.

The ice hit the glass and made a crisp sound.

However, before she could drink it, a large palm that appeared out of thin air had already taken the hard liquor away from song Chenxi's palm.

"Give it back to me!"

Song Chenxi looked unhappy.

"Change to a cup of hot tea."

Gong Chen turned a deaf ear and turned to order the servant.

Not long after, the servant brought over a new cup of hot tea.

Song Zhiyun didn't notice what had just happened. Her mind was filled with song Chenxi's scars.

She had told so many lies that even she almost believed that she was the one who had saved Gong Chen back then. However, lies were still lies. She ...

She would also feel guilty.

Recently, someone has been buying the gong group's shares in private.

Song Chenxi did not even look at the cup of hot tea, let alone touch it!

Upon hearing this, song Zhiyun's expression tensed up. He subconsciously looked at Gong Chen, his fingers clasped together nervously.

When it came to business, she couldn't interject at all.

"Do you need my help?"

Song Chenxi leaned back on the sofa with all her weight. Her permed hair was let down casually. She put one hand on her temple and threw it out simply.

The white scar became more obvious because of her action.

"Conditions?"

Based on Gong Chen's understanding of song Chenxi over the years, he naturally knew that there was more to be said about her.

Song Chenxi laughed when she heard this.

He raised his hand and pointed in song Zhiyun's direction.

"I want her to move out!"

It was a simple sentence, but it was like pouring water into boiling oil, causing a pot to explode!

“What did you just say?”

Song Zhiyun suddenly stood up and stared at her with wide eyes.

“I want you to move out of the song Garden!”

Song Chenxi’s voice did not have any fluctuations. It was as cold as a Lake in winter.

“This is also my home, why do you want me to move out? You should be the one to move!”

Once his own interests were involved, song Zhiyun couldn’t sit still anymore!

besides, isn’t it only right for you to help Chen? ”

As soon as he said that, song Chenxi’s eyes turned cold.

“Should be?”

“If you want to enjoy, you have to pay. What’s ‘right’ in this world?”

In the past, song Chenxi had never been so harsh with her words.

Whether it was friendship or love, it was always natural to think that one party should give, and such a relationship would not last long.

“I’m not moving!”

Song Zhiyun’s body trembled in anger.

when you and I got married, we agreed to exchange the gong song group’s shares as a check and balance. On top of that, I actually hold an additional 5% of the gong group’s shares.

This was the first time song Chenxi negotiated with Gong Chen in the same tone as she used to. She was rational and calm.

“This 5% is enough for you to be able to stabilize your position at any time!”

Gong Chen raised his head and met song Chenxi’s eyes.

“In your eyes ...”

After a long time, so long that song Zhiyun thought Gong Chen wouldn’t speak, he unexpectedly heard his voice.

“Am I such an incompetent person?”

So incompetent that he had to rely on women to turn things around?

Song Chenxi did not say anything, but the corners of her lips curved into a faint smile.

“Does it matter what you look like in my eyes?”

As soon as he finished speaking, his gaze fell on song Zhiyun’s face.

didn't you always say that you would do anything for love? now, I'm just asking you to move out. Why are you so unwilling? "

Song Zhiyun gritted his teeth so hard that he almost broke them.

She could tell that her sister was determined to kick her out of the house this time, and there was no room for discussion.

Thinking of this, song Zhiyun couldn't help but hate song Chenxi in his heart.

She already had everything!

"I ..."

Song Zhiyun's figure was thin, and he trembled slightly as he stood in place, looking like a pitiful, ownerless child.

"For Chen, I'm willing to move out!"

She emphasized that she was only willing to move out because of Gong Chen.

"As long as you keep your word!"

Sister, in a few days, I will make you regret how you treated me today!

I will definitely make you regret it!

Definitely!

"I don't need it!"

Gong Chen was obviously on the verge of being angry. In the next second, his tall figure suddenly stood up and dragged the thin and weak song Chenxi up with all his might. He took her upstairs without any room for negotiation.

"Chen ..."

Song Zhiyun had never seen him like this before and immediately wanted to step forward.

However, before she could get close, she was stopped by the expressionless Butler.

He couldn't move.

Soon, a loud bang came from the bedroom upstairs.

At the same time, the muffled sound of thunder came from outside, and the air was filled with the gloominess of a storm.

In the bedroom.

Song Chenxi only felt her back being pushed against the door with a thud. Gong Chen's strong masculine scent filled her breath.

"Song Chenxi, what are you thinking?"

Gong Chen's voice sounded like it was squeezed out between his teeth.

Song Chenxi looked at the veins on his forehead, but she was not afraid.

"If you feel heartache, you can move out with her ..."

She said with a smile.

There was no concern in his voice.

When he realized this, Gong Chen's anger grew even more intense, and he had nowhere to vent!

But she couldn't tell if she was angry at Song Chenxi for kicking Song Zhiyun out, or because she didn't care about her attitude!

Hong long long ...

The muffled Thunder gradually turned into loud Thunder.

### [Chapter 1482](#)

1482 The distance between us

After a flash of lightning, the entire villa was plunged into darkness.

He was caught off guard.

There was a power outage.

Gong Chen and Song Chenxi fell silent at the same time.

His vision was obstructed, but his five senses were infinitely magnified.

All the sounds seemed to have stopped at this moment, except for the sound of each other's breathing.

Gong Chen's hands were still on the sides of Song Chenxi's head like they were before the power went out.

The two of them did not move.

In the darkness, the silhouettes reflected in each other's eyes were blurry.

Xuanji, Gong Chen, you smell really good ...

It was the voice that had been appearing in his dreams frequently recently. Gong Chen's pupils contracted.

"I'll ask the Butler to contact the property management ..."

Song Chenxi wanted to push Gong Chen away, but before she could reach out, the person in front of her had already raised his hand and landed it on her face in the dark night.

His rough fingers were covered in calluses, and everywhere he went, he trembled.

Song Chenxi subconsciously wanted to Dodge.

“Don’t move,”

Gong Chen’s low and hoarse voice was heard, and his fingers slowly fell between her eyebrows.

There was a small mole there.

His fingers slowly moved down, sliding over song Chenxi’s beautiful porcelain nose, until they fell on her small lips.

Xuanji and Gong Chen, you must remember me ...

Boom! Boom! Boom!

The lightning had already lit up the entire night sky before the sound, allowing song Chenxi and Gong Chen to see each other clearly.

The hidden waves in his eyes were instantly exposed.

Knock, knock, knock ...

“Chen ...”

Song Zhiyun knocked on the door, and the vibration spread through the door to song Chenxi’s back.

“Are you and my sister inside?”

The lightning flashed, and the room returned to darkness.

However, her sense of touch became even more sensitive. Song Chenxi silently wanted to distance herself from him.

Gong Chen didn’t move.

“Zhiyun is most afraid of thunder. Have you forgotten?”

Song Chenxi said coldly.

“What about you?”

Gong Chen’s deep voice sounded almost in the next second.

She what?

Song Chenxi was stunned.

“Are you afraid?”

In the dark, even if he couldn’t see her face, Gong Chen could sense what she was thinking through her pause.

Knock, knock, knock ...

“Chen, can you answer me if you’re inside?”

Song Zhiyun didn’t give up and continued to knock on the door.

They even pressed their ears against the door just to hear what was going on inside.

Unfortunately, the soundproofing was too good, and she could not hear anything.

“I was.”

It wasn't ‘not afraid’, nor was it the cold’ it has nothing to do with you’, but ‘I was afraid’. When people heard it, it made them feel sad.

In the darkness, Song Chenxi no longer hid herself. Her voice was calm and without any sarcasm, as if she was talking about something that had happened to someone else.

“Chen ...”

Song Zhiyun seemed to be in a hurry. Even his knocking on the door was much more hurried.

Song Chenxi, who had her back against the door, could clearly feel her urgency.

“You should go out.”

Xuanji, Gong Chen, you should go out!

Yingluo said she would take a walk with me!

Qianqian's eyes could not see, but she could still hear, smell, and touch!

The lightning struck again.

The blurry image in his mind overlapped with the thin woman in front of him. Gong Chen's heart trembled slightly, and his intense headache attacked him again!

The scene was broken again.

Song Chenxi didn't notice Gong Chen's strange behavior. She pulled away and turned to open the door. However, the man noticed her as soon as she made her move.

“Don't go!”

The moment Song Chenxi turned around, Gong Chen had already reached out and pulled her into his arms.

“Chen! Ah ‘Chen! Quickly come out!”

“.....”

Song Chenxi's thin back was pressed against Gong Chen's hard chest, and she did not move ...

### [Chapter 1483](#)

#### 1483 Take her away

Gong Chen's heavy breathing was particularly clear in the dark.

Song Chenxi, who had regained her senses, struggled with all her might, but Gong Chen's arms were tightening around her.

“Do you love me?”

The lightning fell along with the Thunder, illuminating song Chenxi’s suddenly contracted pupils.

For them to say such things now ...

What was the point?

Song Chenxi’s lips opened and closed several times, but no sound came out.

Outside the door, song Zhiyun’s voice sounded more and more like a plea, as if he was determined to get Gong Chen’s response or he wouldn’t give up.

Everything came to an abrupt end the moment the lights came back on.

The sudden bright light made the two people in the dark subconsciously close their eyes.

Song Chenxi kept all her expressions.

Gong Chen, who didn’t receive any response, felt an emptiness in his heart.

“Take her away.”

Even though it was going to rain outside, song Chenxi did not want to stay with the two of them any longer. Besides ...

Song Chenxi’s gaze fell on the door that was being knocked on.

This sister of hers probably couldn’t wait to leave this place as soon as possible!

After saying this, song Chenxi reached out and opened the door. She was face to face with song Zhiyun, who was standing outside with red eyes.

The other party’s hand was still in the position of knocking on the door, and he looked extremely anxious.

The moment he saw her, he wanted to explode.

In the end, he still held back!

“Chen ...”

Song Zhiyun didn’t dare to rush over this time, but he still slowly moved to Gong Chen’s side like a little wife, the tears in his eyes on the verge of falling.

It looked as if he had been bullied.

“You can go anywhere you want, as long as you leave Song Garden now.”

Seeing this scene, song Chenxi’s heart did not waver at all.

Perhaps, when compared to Zhiyun, she lost because she never knew how to show weakness, so that others only thought of her as a steel cast ...

But now, what was the point of pursuing this?

In the past, song Zhiyun would have exploded upon hearing this. However, after what she had just experienced, she didn't want Gong Chen and her sister to stay for even a second longer.

"Chen, let's go to your villa, okay?"

Song Zhiyun's body trembled uncontrollably, either out of guilt or fear.

Gong Chen's gaze was still on song Chenxi.

Realizing this, song Zhiyun couldn't stay here any longer!

She wanted to leave!

Song Chenxi wasn't interested in the conversation between the two of them. However, when she was at the door, Gong Chen's voice came from behind her.

"I don't need your help!"

She paused for half a second.

"As you wish."

.....

In the dark night, heavy rain poured.

The raindrops kept working, making a dull sound.

Gong Chen temporarily parked his car by the roadside. Half of his face was immersed in the mottled light and shadow, making it impossible to figure out what he was thinking.

Song Zhiyun, who was sitting in the front passenger seat, felt nervous.

But he was thinking about something else.

"Chen, are you angry with me?" she asked.

Song Zhiyun asked carefully, his eyes flickering.

Gong Chen didn't speak. He only turned his head to look at song Zhiyun.

He was expressionless.

"Zhiyun, there's something I've never asked you."

His voice was low.

"What?"

Song Zhiyun's heart was in his throat.

what did the old Butler tell you when you took me away from the villa that year? "

BOOM!

Lightning flashed and Thunder rumbled.

Song Zhiyun's heart was pounding.

"Why are you suddenly asking about this?"

His throat was dry.

Song Zhiyun couldn't help but swallow.

"I just thought of some scenes ..."

"What did you remember?"

#### [Chapter 1484](#)

1484 She wanted to try her best to live

Song Zhiyun immediately widened his eyes nervously and stared at Gong Chen without blinking.

The latter didn't say anything, but quietly took in all her reactions.

He didn't move.

"Zhiyun, you seem to be very nervous."

Gong Chen looked at song Zhiyun.

"I'm not nervous. It's just that you've never mentioned what happened in the past ..."

Perhaps it was because the incident back then was too tragic, or perhaps it was because Gong Chen thought that it had hurt her, but he had never mentioned it to her for so many years.

"I'm doing this for your own good ..."

She stretched out her hand and placed it on his arm.

"Don't think about it anymore, okay?"

Song Zhiyun suppressed the uneasiness on his face. He was very well-behaved, and everything he said was from his perspective, as if he had no selfish motives at all.

"Besides ..."

She reached out to tuck her hair behind her ears.

"The old Butler didn't say anything other than asking me to take good care of you ..."

"I just didn't expect him to ..."

After song Zhiyun finished speaking, he forced himself to be calm and smiled at Gong Chen.

It was silent.

Gong Chen's hands on the steering wheel gradually tightened, but his face remained expressionless.

The silence magnified the uneasiness in song Zhiyun's heart.

After a long while.

Gong Chen started the car silently.

The sleek black luxury car gradually disappeared into the rainy night ...

.....

Song Garden.

Other than the servants on duty, everyone else had gone to bed.

Song Chenxi had just taken a shower.

There was still some redness on her bare face without any makeup, but she looked healthier than usual.

She sat quietly by the window.

She looked at the French window that was washed away by the rain. In the reflection, song Chenxi was still holding something in her hand.

Zhenzhen, miss song, you're not in a good condition to get pregnant!

Yingluo, you're simply playing with your own body!

Miss song, have you ever thought about the consequences of your actions?

I'll arrange the time, ran ran. We can't keep miss song!

—.....

Yingluo, let me think.

Song Chenxi's fingers gently ran across the test sheet, her eyes gentle.

However, he was all alone, and no matter how one looked at him, he gave off a desolate feeling.

Yingluo, when are you preparing for the surgery?

Ran ran, do you know that if Zhiyun doesn't get the operation done, she'll die!

Yes! If your death can help Zhiyun recover, song Chenxi, I wish you could die immediately! I will definitely celebrate!

Song Chenxi slowly closed her eyes.

She knew better than anyone else that she could not keep this child.

If there were any accidents, it would be the most fatal blow to her body. It was also because of this that she was in even more pain.

She couldn't even control her own fate, so how could she be responsible for this child's life ...

However, song Chenxi was not willing to give up.

When he opened his eyes again, they were already red.

Her trembling hand gently fell on her abdomen. Even though she knew that she could not feel anything now, she still used her heart to feel it ...

Even if it was just a trace of resonance.

Song Chenxi had never been so eager to live.

She bent her knees and wrapped her arms around him.

Song Chenxi was like a small injured animal, curling herself into a ball.

Ever since she was young, she knew that once she had set her mind on something, no one would be able to pull her back, just like falling in love with Gong Chen, just like ...

He had decided to keep this child!

Cold star ...

Han Xing had told her about the sacred hands, and she had said that she wanted him to cure her. Even if there was only a 0.01% chance, she wanted to try!

She wanted to live!

She wanted to try her best to live!

#### [Chapter 1485](#)

1485 Definitely can not be exposed

Gong Chen left after sending song Zhiyun to another property in Xuelan.

Even if song Zhiyun said she was afraid.

The moment the door closed, song Zhiyun's pitiful expression twisted.

An unprecedented sense of crisis arose in her heart!

She subconsciously bit her nails. Even though song Zhiyun told herself not to panic, the guilt in her eyes couldn't be hidden.

She fumbled for her phone in a panic. After hesitating for a while, she dialed Gong Ming's number.

He didn't know what the other party was doing, but he didn't pick up.

Song Zhiyun was even more flustered.

That kind of panic was born from her bones and spread to her whole body.

Why did his sister suddenly become so strong?

No!

No!

When she was only one step away from happiness, no one could stop her!

His sister was going to die anyway!

Why did he have to create more problems at this time?

What happened back then must not be exposed!

Song zhiliu waited for a long time, but Gong Ming still didn't reply to his call. His eyes turned and he dialed another number.

The call was picked up very quickly.

"Transfer the second Princess Consort to me, quickly!"

Her voice was flustered, and she didn't even care what time it was.

After an unknown amount of time passed, so long that song Zhiyun couldn't tell if it was 20 minutes or half an hour, the voice on the other end of the phone finally changed.

"Help me ..."

Ignoring the anger in the other party's voice, song Zhiyun seemed to be holding on to his last life-saving straw and wouldn't let go ...

.....

Li garden.

The rain came too suddenly.

Lei Xiao had just finished a video conference. When he came out of the study, he saw Lin Hanxing standing in front of the floor-to-ceiling window, quietly looking at the rain outside.

"What are you thinking about?"

Thunder owl walked over and hugged her from behind.

"I'm looking at the heavens."

As he spoke, Lin Hanxing's body softened and he leaned against him.

"What?"

Lei Xiao smelled the scent of her body after her bath. They were using the same type of shower gel, but he felt that it smelled better on her.

everyone says that I, Lin xiaojiu, am omnipotent, but they don't know that no matter how well I plan, some things can't be overcome ...

Lin Hanxing pointed at the sky, his voice unpredictable.

"What's wrong?"

Lei Xiao lowered his head to look at Lin Hanxing, and at the same time, he noticed that her expression was off.

“Chenxi is pregnant.”

Lin Hanxing said faintly, but there were waves in his beautiful eyes.

“Gong Chen’s child,”

Man proposes, God disposes.

This accident caused a deviation in her original plan.

Lin Hanxing would never joke about song Chenxi’s physical condition.

Thunder owl did not say anything.

He was in no position to comment on this matter.

He didn’t speak, and Lin Hanxing didn’t speak for a while.

She just looked out of the window, and her eyes gradually calmed down as her long eyelashes blinked.

“Call sacred hands back.”

Seeing that Lin Hanxing had calmed down, Lei Xiao’s thin lips parted slightly.

If there were any mishaps during this period, the medical skills of the divine hands could double the guarantee.

“I’ve already called sacred hands ...”

However, the eldest Prince of Rou city still needed some time tomorrow morning, and the sacred hands would only be able to return to Xuelan in the evening at the earliest.

If he was delayed by something ...

Lin Hanxing pursed his red lips, feeling a little depressed.

She had sent song Chenxi’s X-ray to the sage. Even the sage did not dare to say that he was very confident, not to mention that she was pregnant now ...

Gong Chen ...

Lin Hanxing’s face turned frosty when he thought of the name.

Chapter 1486-conspiracy

The rain was still falling.

Song Zhiyun drove to the agreed location without even holding an umbrella.

Soon, she got out of her car and got into a car with a royal license plate.

The second Princess Consort looked at song Zhiyun coldly.

This time, she didn’t bring any of her confidants except for her chauffeur.

Once the sound insulation in the car was put down, the world was completely divided into two sides.

“Did you know that song Chenxi is pregnant?”

Before song Zhiyun could say anything, the second Princess Consort brought her a piece of shocking news!

Song Zhiyun’s head exploded with a bang.

What did she just say?

Sister is pregnant?

Whose child?

Could it be ...

Gong Chen’s?

Gong Chen, who she had never touched, had slept with her sister?

Song Zhiyun’s mind was in a mess. He couldn’t accept this reality from the bottom of his heart. He looked at the second Princess Consort’s face in a daze and couldn’t say a word for a long time.

The feeling of being betrayed made song Zhiyun’s breathing stop.

“No, absolutely not!”

When he finally found his voice again, song Zhiyun felt all the blood in his body rush back into his body!

“No what? You can even take the child out of your sister’s stomach?”

The second Princess Consort yawned and sneered.

Take it out?

Hearing this, song Zhiyun’s eyes lit up.

“My sister must have used some tricks to get pregnant with this child. Second Princess Consort, help me ...”

When he met the second Princess Consort’s charming eyes, song Zhiyun’s words stopped at his lips. He couldn’t finish his sentence.

“Say it, why did you stop?”

The heavy rain outside washed over the car, making a muffled sound.

“Don’t you want to get rid of that child and make your sister give up on Gong Chen? By then, she’ll have nothing left and you’ll have everything you want.”

The second Princess Consort’s words were like Pandora’s Box being opened, making song Zhiyun’s heart beat faster.

She looked at her in a daze.

“What’s wrong? Don’t tell me you don’t think so?”

The second Princess Consort raised her eyebrows.

She didn't even need to guess the thoughts of a woman like song Zhiyun. This kind of selfish and greedy character was hidden too well by her weak appearance. She could easily fool those who trusted her.

"I don't like that sister of yours, so why don't we just go with the flow?"

Who asked that ungrateful song Chenxi to stand on the same team as Lin xiaojiu, and even stand against her? she really didn't know what was good for her!

She could not touch Lin xiaojiu, but could she not even deal with song Chenxi, who was full of weaknesses?

It was laughable.

As she thought of this, the second Princess Consort felt relaxed and happy.

She thought about how she would have to plot against Lin xiaojiu at the Royal banquet in a few days 'time. At that time, she would settle the score with this group of people!

"A person who can achieve great things must be ruthless enough."

The second wangfei saw the hesitation on song Zhiyun's face and her heart was filled with disdain. Although she couldn't find anything on the surface, looking at song Zhiyun's appearance, the matter that happened between the gong and song families back then was probably not as simple as it appeared on the surface.

But ...

What did it have to do with her?

She only needed a chess piece that she could control at all times!

"Are you done thinking?"

The second Princess Consort glanced at song Zhiyun and urged him impatiently.

"What do I want to do?"

Song Zhiyun swallowed his saliva. The struggle in his eyes was eventually hidden by the urgency in his heart.

"You just need to cooperate with me."

The second consort leaned her entire body weight against the leather chair and smiled subtly.

Song Zhiyun didn't say anything. However, after a while, he seemed to have thought of something and placed a hand on his face.

"No matter what, you can't hurt my face!"

Chapter 1487-trap

The next day.

Song Chenxi and Lin Hanxing had agreed to meet outside today.

She woke up very early.

After being washed by the heavy rain, everything looked brand new. It was as if even song Chenxi's mood had become untainted.

After last night, all her troubles had settled down with the rain.

Han Xing had told her that if there was a problem, she had to solve it.

Therefore, after meeting Han Xing today, song Chenxi wanted to go to the gong family to find Gong Chen and have a good talk with him.

If they really couldn't reach an agreement ...

Between them, one forceful request was enough.

However, he was afraid that the kidney that he had promised to donate to Zhiyun would have to be delayed.

If Gong Chen knew what she was thinking ...

Song Chenxi smiled faintly. A corner of a document was revealed in her bag.

The words 'marriage', 'Association', and 'calligraphy' could be vaguely seen.

The car slowly drove out of Song Garden.

And the accident happened fifteen minutes after song Chenxi drove out of Song Garden!

The violent impact from the side suddenly arrived. Song Chenxi did not even have time to react. Her subconscious action was to protect her abdomen.

The airbags popped out the moment the collision occurred.

He knocked her out.

When song Chenxi woke up again, she was already behind a small van.

There was another person lying beside him.

Like her, his hands and feet were tied up with black tape.

It was song Zhiyun!

Song Chenxi quickly calmed her mind down.

She was not sure what the purpose of the people who had kidnapped her and Zhiyun was, so she could not act rashly. The only thing she could do was to stall for time!

He had always been punctual, so if he didn't appear after the agreed time, Hanxing would definitely notice something was wrong!

She would definitely take action at the first moment!

In reality, Lin Hanxing did not disappoint song Chenxi.

It was the appointed time, but song Chenxi did not show up and her phone could not be reached. This series of abnormal behavior made Lin Hanxing instantly alert.

Immediately use all the connections you have to investigate!

When his subordinate reported that song Chenxi's car had been abandoned by the side of the road and that there was no one in the car, Lin Hanxing's expression immediately turned frighteningly cold.

"Ninth young lady, what do we do now?"

Bai Xi and the others, who had come from li garden to Lin Hanxing after receiving the news, looked at her.

"Investigate! First, find him!"

Lin Hanxing's face was expressionless, but his aura was so strong that it was terrifying.

Suddenly, she smiled.

He laughed in anger.

Seeing this smile, Bai Xi and the others shivered.

This time, Lin Hanxing was really angry!

"Yuan Kang, go back to li garden and wait for news. Also, ask uncle hai to contact Hua Ji for me ..." He said.

Even though Lin Hanxing's anger had reached the edge, her voice was getting calmer and calmer.

"What about us?"

Bai Xi and Jiang Xibao looked at each other with anxious expressions.

"You guys follow me."

Lin Hanxing said indifferently.

Beneath the calm appearance, there were hidden waves.

"Where are we going?"

Jiang Xibao's eyes widened.

"The gong family!"

.....

The Lei corporation's G country branch.

Lei Xiao was having a video conference before he received Yun Bai's call.

He gestured for his subordinates to rest for five minutes before he walked into the lounge. The more he listened, the colder Lei min's expressionless face became.

yunbai, you should know very well what my only bottom line is.

On the other end of the phone, Yun Bai couldn't help but click his tongue in his heart when he heard what Lei Xiao said.

Isn't it good to live well?

He just had to provoke Lin Hanxing.

She would have to ask the man behind her if he was willing!

### [Chapter 1488](#)

1488 Breaking into the gong family

At the gong Corporation.

For the elites working at the gong Corporation, today was no different from any other working day. Everyone was busy.

However, this image was quickly broken.

The magnificent Plaza of the corporation suddenly became restless.

The team of more than 20 Black luxury commercial vehicles stopped at the Fountain Square in front of the gong Corporation at the same time. The security Department of the gong Corporation was on high alert when they saw the scene!

They hurriedly sent more manpower through the radio.

No one knew what had happened, but from the looks of it ...

Why did it feel like they were here with ill intentions?

Soon, the door of the leading car was opened, and a pair of thin white legs landed first.

Then, an expressionless face came into everyone's view.

get someone to block the front and back doors. From now on, no one is allowed to leave the gong Corporation without my orders!

Lin Hanxing's voice was as cold as ice, and it was clearly transmitted to everyone's ears.

"Yes! Miss Lin!"

As soon as he said this, everyone got out of the car. Men in Black suits began to block the front and back doors of the Gong's group building as Lin Hanxing had instructed.

He didn't even give anyone a chance to react.

On the other hand, Lin Hanxing, who had given the order, walked toward the rotating glass door, followed by Bai Xi, Jiang Xibao, and the mute uncle.

“This young lady ...”

The security Department at the entrance of the gong Corporation was almost fully mobilized. Since the establishment of the gong Corporation, such an incident had never happened before, so no one could react in time.

“I won’t make things difficult for you. Move aside!”

Lin Hanxing’s high heels clacked against the floor.

A pair of cold eyes swept over, and everyone within his line of sight subconsciously took a step back.

Inside the revolving door, the staff of the gong group, who had sensed something was wrong, looked around.

The next moment, the door moved.

As if someone had pressed a stop talisman, the staff who was still panicking fell silent.

It was clearly working hours, but the entire Hall had become quiet. Everyone’s eyes were focused on the person who had just arrived!

Lin Hanxing walked towards the elevator.

“No, I’m sorry ...”

The receptionist mustered her courage and walked over, trying to say something.

Lin Hanxing looked at her.

With just one look, the receptionist recognized her identity!

“Miss, miss Lin?”

The heir of the yuan group handpicked by Yuan shaojing?

“I’m looking for Gong Chen,”

Even though Lin Hanxing was furious, she had no intention of taking her anger out on someone who had nothing to do with her.

the president ... Should be in the conference room. Um ... This elevator can’t go to the top management ... Unless there’s ...

Before she could finish the words “access card,” the front desk lady had already widened her eyes as the silent elder behind her stepped forward and modified the elevator’s main control system.

It all happened in the blink of an eye.

“.....”

The lady at the front desk watched as Lin Hanxing and the others entered the elevator. The metal door slowly closed and Lin Hanxing’s face slowly disappeared from her sight ...

F \* ck!

When everything returned to normal, the front desk lady held her thumping heart and breathed heavily.

No one had told her ...

This famous Lin xiaojiu ...

Why is he so aggressive!

He knelt down with a plop. He really wanted to get married!

.....

In the gong corporation's International Conference hall.

Gong Chen, with a cold face, was sitting in the main seat without any expression on his face. The senior executives who were reporting business below didn't notice that he was distracted.

A loud bang came from the direction of the conference room door!

1489 Give song Zhiyun a call

Everyone's eyes were focused on the door!

The intricately carved door, which was said to have a hundred years of history and was exquisitely made, shook a few times before finally falling to the ground with a loud bang.

"....."

"....."

"....."

Jiang Xibao, who had been blocked and kicked the door impatiently, silently reached out his foot and pulled it back under the surprised gaze of the crowd.

He then hid behind Lin Hanxing.

The heads of the security Department, who had been notified to rush to the conference Hall's door, swallowed their saliva stiffly. Their hands, which had been stretched out to stop him, were now retracted!

Without exception.

Lin Hanxing stood at the forefront expressionlessly. Although he had not said anything, his imperceptible aura was enough to make people keep quiet.

Unlike the other executives who were panicking, Gong Chen was still sitting on the pure black leather chair. His black shirt was tailored to his body, and he was staring at Lin Hanxing with a cold and solemn expression.

"Lin Hanxing, this is not the yuan family!"

When he said this, Gong Chen's entire body exuded a cold air.

At the same time, the Bluetooth headset that Lin Hanxing was wearing rang.

He raised his hand and pressed the answer button.

After listening to him without batting an eyelid, his cold eyes fell on Gong Chen.

No one knew what she was thinking, but the temperature in the room had obviously dropped.

Suddenly, Lin Hanxing walked toward Gong Chen.

Her high heels made a cold sound as they stomped on the floor. She quickly walked up to Gong Chen and leaned over, placing her hands on the armrests of the leather chair!

“Call song Zhiyun!”

Every word of this sentence was extremely cold!

Everyone who saw this scene didn’t even dare to breathe loudly. Their hearts were jumping around like rabbits!

The moment they heard the name ‘Lin Hanxing’, the senior officials of the Gong’s group immediately realized who this woman was!

He would directly come to kill them if they didn’t agree ...

He was indeed as arrogant as the rumors said!

The word “ugly” was not enough to describe Gong Chen’s expression!

Gong Chen, you’d better think twice before you speak. I don’t want to hear any nonsense from you now!

Lin Hanxing seemed to have seen through Gong Chen’s thoughts before he could even speak!

She directly cut off his words.

A strong and direct aura seeped out from Lin Hanxing’s bones, which also made Gong Chen feel strange.

In the past, no matter how domineering and arrogant Lin Hanxing was, he had never forgotten the courtesy he should have on the surface. He had never been as unrestrained as he was today.

Something must have happened!

“What’s wrong with Chenxi?”

The look in Gong Chen’s eyes changed immediately!

The only connection they had was song Chenxi!

Lin Hanxing did not say anything. When he heard these words coming out of his mouth, the anger in his heart was temporarily suppressed.

She retracted her hands and straightened her body to put some distance between them.

something happened to Chenxi. But now, I need you to confirm song Zhiyun’s whereabouts!

“What happened to Chenxi?”

Upon hearing this, the air pressure around Gong Chen suddenly decreased.

Lin Hanxing gave Gong Chen a deep look.

Perhaps she didn’t expect him to mention Chenxi first.

“Call song Zhiyun first.”

Lin Hanxing’s tone was cold, and there was no room for negotiation!

Gong Chen looked at her.

But very quickly, he picked up his phone and called song Zhiyun in front of Lin Hanxing.

Lin Hanxing furrowed his brows and tapped his fingers on the table.

The higher-ups of the Gong’s group, who had been in a hurry to escape just a moment ago, had now stretched their necks and waited as well.

The gong Corporation and the song Corporation had been tied together ever since the marriage. If something really happened to song Chenxi ...

“Chen!”

##### 1490 Asking a Tiger for its skin (1)

Just when everyone thought that the call wouldn’t be picked up, song Zhiyun’s shrill scream suddenly came from the other end of the phone!

Even without the sound amplification, the noise was still enough to scare people!

Lin Hanxing’s eyes turned cold.

He reached out to take the phone from Gong Chen and put it on speaker in front of everyone!

“Chen, come and save me! Help! Ahhhhhhh!”

Song Zhiyun’s scream was like a whistle, and it made people feel uncomfortable. However, in this situation, no one could say anything. Instead, Lin Hanxing suddenly laughed silently.

“Song Zhiyun.”

Before Gong Chen could speak, Lin Hanxing’s cold voice was already heard.

“Is Chenxi with you?”

Perhaps he didn’t expect to hear Lin Hanxing’s voice, but song Zhiyun was obviously defenseless and gasped!

Fortunately, the people around her spoke first and didn’t let the matter be exposed.

“The song sisters are in our hands now. If you want them to live, you have to give me three hundred million dollars in cash, not even in cash!”

The slightly malicious voice was deliberately lowered, and it made people panic.

“300 million dollars?”

Lin Hanxing laughed when he heard the amount.

“You think the song sisters are only worth 300 million US dollars?”

“.....”

Why didn’t this person speak in a normal way?

The ‘not a penny less’ that the person on the other end of the phone was about to say was swallowed back. His expression was as ugly as if he had swallowed a fly poop.

“I’ll give you 500 million. Tell me, who told you to touch song Chenxi?”

“.....”

“.....”

“.....”

[ kidnapper: can the plot still go according to the script? ]

Not knowing what to say for a long time, the other party only said ‘call me again’ and hung up!

The executive was speechless.

A woman who could even suppress the kidnappers ...

We can’t afford to offend society!

“Lin Hanxing, what are you doing?”

Gong Chen was furious when he hung up the phone. If she really cared about song Chenxi, why wouldn’t she ask?

However, Lin Hanxing did not even look at him. The moment he hung up the phone, he turned around and looked at the mute uncle. When the latter gave him a look of confirmation, his expression eased a little.

Gong Chen, I’m really curious. Do you care more about song Zhiyun or Chenxi? ”

Lin Hanxing’s initial anger was gone now that he was able to control the situation.

She looked at Gong Chen with a sneer. If it wasn’t for song Chenxi, she wouldn’t have bothered to be nice to this man.

“You shouldn’t have said all that nonsense just now!”

Gong Chen said this through gritted teeth.

“Nonsense?”

Lin Hanxing raised his voice and sneered.

“Mute uncle,”

As Lin Hanxing finished speaking, the mute uncle handed the iPad to her.

Her hand quickly transferred and entered the information on the screen. Soon, with the beeping of the system, Lin Hanxing pointed the screen at Gong Chen.

we’ve already locked the range within three kilometers. Now, do you still think that what I said just now was nonsense? ”

Gong Chen was not the only one surprised. The others did not expect Lin Hanxing to obtain so much useful information from a few seemingly unrelated sentences.

Initially, she had wanted to bring up Chenxi’s pregnancy to Gong Chen when she came to the gong family. However, Lin Hanxing was not going to do that anymore.

She really wanted to know who Gong Chen would choose in such a situation.

And the answer to this question would directly affect whether he was still worthy to stand by Chenxi’s side!
