

## Goodnight 1491

### [Chapter 1491](#)

1491 Asking a Tiger for its skin (2)

“What do you need me to do now?”

Gong Chen looked at Lin Hanxing with a sharp gaze, but the rainy night from last night appeared in his mind.

Xuanji Zhiyun is most afraid of thunder, have you forgotten?

Yingluo, what about you? Was he afraid?

Xuxu was afraid.

In the years that Gong Chen had known song Chenxi, she had always been so calm and strong that people would forget her fragile fears. It was as if nothing could stump her.

What about now?

Would she be afraid?

“I need you to thoroughly search this three-kilometer area!”

Lin Hanxing looked at Gong Chen coldly.

“Gong Chen, she’s waiting for you!”

These four words were like two big palms that clenched Gong Chen’s heart tightly.

Throbbing pain!

Lin Hanxing did not care about Gong Chen’s reaction. He placed the iPad on the table expressionlessly, turned around, and left as swiftly as he had come!

Now, she had other things to deal with!

.....

“Ninth miss, are you really at ease to let Gong Chen look for Chenxi?”

Bai Xi said anxiously as soon as they stepped into the elevator.

Lin Hanxing’s delicate little face seemed to be covered in frost, and it was exposed in the cold metallic luster reflected by the elevator door.

“The moment the location was confirmed, I sent it to yunbai and Huaji. I believe they’re already on their way.”

Lin Hanxing’s voice was heard as the elevator doors opened.

Bai Xi was stunned.

So, from the beginning to the end, the ninth miss had never believed Gong Chen?

"Ninth young lady, there's something strange about Chenxi!"

Jiang Xibao, who had been silent, suddenly spoke.

Lin Hanxing smirked coldly. If it wasn't for the fact that no one was causing trouble, how could Chenxi be targeted and kidnapped so suddenly?

Just as he was thinking, a shadow suddenly fell.

"Where is she now?"

Lin Hanxing looked at Gong Ming. He didn't expect him to come to the gong family without any disguise!

After all, he did not leave gloriously back then.

Just as she had thought, Gong Yun was recognized as soon as she appeared, and the whispers continued.

However, Gong Ming did not seem to notice it at all. His gaze only fell on Lin Hanxing's face. The malevolence and anxiety in his eyes were a mix, making that handsome face that could make any girl's heart flutter look very depressed.

"Where is she?"

Gong Ming saw that Lin Hanxing did not say anything and asked again.

"Give me your phone."

Lin Hanxing said in a deep voice, and Gong Ming handed the phone to her without a second word.

Not long after, the same red dot appeared on his phone.

"Chenxi is here."

Lin Hanxing replied calmly.

Gong Ming took the phone back and pursed her thin lips. She turned around and left after thanking him.

Without any hesitation.

Lin Hanxing watched Gong Ming leave, an unknown emotion hidden in his eyes.

"Ninth young lady, who is he?"

Jiang Xibao said in a soft voice.

"Gong Yun,"

Lin Hanxing looked away and said indifferently.

Gong Ming's appearance here today was equivalent to exposing himself to the public. He believed that Gong Chen would soon find out who had been secretly stirring up the gong Corporation these days.

Pulling one hair would affect the whole body.

Lin Hanxing raised her head and looked at the cloudless sky after the rain. At that moment, she only hoped that the sacred hands could return from Johor as soon as possible.

A notification sound came from his Bluetooth headset.

“Speak,” he said.

Not long after he finished speaking, Bai Xi and Jiang Xibao clearly felt that the air pressure around Lin Hanxing had suddenly dropped by a few degrees. Even the sneer on the corner of his mouth was frozen.

After hanging up the phone, Lin Hanxing silently turned the diamond bracelet on his wrist.

During the heavy rain last night, the second Princess Consort was meeting with someone outside ...

Hehe.

“Let’s go!”

1492 Asking a Tiger for its skin (3)

The Royal Garden.

The blue sky was filled with sunlight.

The European sculptures were bathing in the dreamy water of the fountain, and wisps of floral fragrance were delivered with the wind.

The second Princess Consort sat charmingly in the pavilion with many people standing behind her. She was in a good mood as she drank her bird’s nest with sugar.

When the great wangfei arrived, this was the scene she saw.

“Were you the one who did that to the song sisters?”

The first wangfei asked this question directly and simply, without any scruples.

“Sister, you can eat whatever you want, but you can’t say whatever you want.”

The second Princess Consort smiled like a flower, but her eyes were filled with disdain.

The attendants on both sides seemed to have lost their hearing and were quiet.

The first wangfei looked at her deeply, and suddenly chuckled.

When she saw this smile, the second Princess Consort’s hands paused.

“You’re in big trouble!”

Then, she heard Amelia say this to herself.

These words sounded familiar!

Yingluo, you're in big trouble!

Wasn't this what his father had told him outside of Hades 'funeral Hall?

Hanxing's personality is to protect her own people. She can ignore you if you touch second song, but if you touch song Chenxi, aren't you afraid that she will come after you? "

The great wangfei recalled Lin Hanxing's past actions and it was not hard to imagine that she was probably already on her way here!

"The song sisters were kidnapped because they were unlucky. What does it have to do with me?"

The second Princess Consort leaned back in her chair and looked at the first princess Consort with a flirtatious gaze. Her voice was filled with indifference. She really didn't believe that Lin xiaojiu would dare to come to the royal family and cause trouble even if he knew that she was the one who was causing trouble!

"But sister ..."

The second Princess Consort seemed to have thought of something and looked at her.

"I heard that those people are all bandits who kill people without blinking an eye. Sister, it's best if you don't go out during this time. If you're targeted by those people ..."

At this point, the second Princess Consort pursed her lips and smiled. Her eyebrows were furrowed, as if she was really worried for her.

"Second Princess Consort, you'd better worry about yourself first ..."

Suddenly, an ice-cold voice interjected.

The second consort's smile instantly froze on her face as she turned to look at the source of the voice.

Lin Hanxing, who should not have been here at this time, was standing not far away, staring at him as if he was a dead object.

The second Princess Consort subconsciously shivered!

Lin Hanxing walked over from afar.

"Are you all dead? Stop them!"

"Let's see who dares to?"

The second wangfei had just finished speaking when the first wangfei's voice rang out.

Ever since the battle for the crown prince's position had come to a temporary halt and Zhan Nanheng had returned to the side of the first princess Consort, the two forces had slowly returned to a state of equilibrium.

In addition, Lin Hanxing's continuous suppression of the senanda family had greatly damaged their vitality. Now, no one in the royal family dared to treat the first princess Consort the same way they used to.

Lin Hanxing quickly walked up to him.

Behind him, Bai Xi and the others were on guard against anyone approaching.

Lin Hanxing did not even look at the others, his cold gaze fell on the second Princess Consort's face.

No one knew what she was thinking.

However, in the eyes of the second Princess Consort, that gaze was no less than a venomous snake spitting its tongue.

However, when the second Princess Consort thought about how she had brought so many attendants with her today, not to mention that this was the royal family's territory, she would not dare to do anything extreme.

With this in mind, the second Princess Consort's confidence also grew.

Just as she was about to raise her head and speak to regain her face, before she could say the first word, a crisp slap landed on her face!

Pa ...

Everyone was dumbfounded!

#### [Chapter 1493](#)

##### 1493 Asking a Tiger for its skin (4)

It was not until the pain came that the second Princess Consort suddenly understood what had happened just now!

Lin xiaojiu actually hit her?

And in front of so many people in the royal family?

Lin xiaojiu, you dare ...

Before the second Princess Consort could finish her words, she heard the crisp sound of another quick and ruthless slap in her ear. The pain on both sides of her cheeks had become even!

After the two slaps, Lin Hanxing's hair was not even messed up, but the second Princess Consort had long lost her initial elegance!

Everyone was dumbfounded!

"Are you all dead?"

The second Princess Consort's eyes turned black as she covered her face and roared!

Only then did the attendant come back to his senses and run towards the two of them in a panic!

Lin Hanxing glanced at him coldly and did not say a word.

The gaze that seemed to be able to strangle one's breath made one's hair stand on end!

“Men! Someone come quickly!”

The attendant didn't dare to step forward and could only shout for help!

The guards in charge of the internal security of the royal family heard the commotion and hurriedly ran over with their men. When they saw the situation, they were also shocked and were about to step forward ...

“Stop!”

The great wangfei said in a deep voice, full of intimidation.

“This, first wangfei ...”

The leading Guard's face was covered in cold sweat. If the second Princess Consort pursued this matter ...

“If anything happens, I'll take responsibility!”

The great consort said expressionlessly, but she didn't take her eyes off him.

They finally understood what it meant by ‘when the Kings of Hell fight, the little devil suffers’. They stood at the side with bitter faces, not knowing whether to stay or leave. They were all in a state of utter humiliation!

Lin xiaojiu, How dare you!!

The second Princess Consort was no longer as graceful as before. In addition, Lin Hanxing had hit her in front of so many followers, which made the second Princess Consort burn with anger!

“Second Princess Consort ...”

Lin Hanxing lowered his body and looked at her almost as if he was bending over.

you met song Zhiyun last night.

Her voice was soft and faint, but it had a fatal effect.

“The song sisters were kidnapped because they were unlucky. What does it have to do with you?” Ha!”

The second Princess Consort's pupils flickered. She was angry and frightened!

Hearing this, the great wangfei's long eyelashes fluttered.

She had warned her.

Lin Hanxing's bottom line was not to touch the people around her!

Not even a dog!

Lin Hanxing's cold gaze slowly moved down from the top of the second consort's head until it met her eyes.

The second Princess Consort was so frightened that her heart skipped a beat.

His eyes didn't look like he was looking at a person at all. Instead, he looked like he was looking at a dead object.

"Bai Xi,"

When he heard Lin Hanxing's calm voice, Bai Xi, who was called, immediately smiled and handed over the things he had prepared.

By the time everyone could see clearly, the cold sweat that had just stopped came out again!

That was a saber!

The blade was so sharp that it glowed with a cold light, and no one would doubt its authenticity!

"You ... What do you want to do?"

The second Princess Consort's eyes widened. She was almost scared to death!

Even the people around them held their breaths, afraid that Lin Hanxing would do something to hurt the second Princess Consort in his rashness. After all ...

She even took out her knife!

Everyone's eyes were nervously fixed on Lin Hanxing, who was holding the blade!

"Second Princess Consort, it's good that Chenxi is fine. If something happened to Chenxi ..."

The knife in Lin Hanxing's hand moved back and forth on her smooth face as she moved, as if he did not see the second Princess Consort's burping movement!

"I'll make you regret ever being in this world!"

The words fell and the blade rose!

"Ah!"

The second Princess Consort saw a cold glint in front of her eyes and screamed unconsciously!

"Second Princess Consort!"

His followers cried out in alarm at the same time!

#### [Chapter 1494](#)

1494 Asking a Tiger for its skin (5)

even the first wangfei's heart skipped a beat, and she subconsciously took a step forward!

if blood were to be shed in the royal family ...

it was just that when she saw the scene in front of her, the great wangfei's footsteps stopped, and she felt a secret pleasure in her heart!

in all these years, when had the second princess consort ever been in such a sorry state in the royal family?

this was the woman who had suppressed the mother and son for so many years!

”

at this moment, the second princess consort had no time to care about the looks of others. the moment the knife in lin hanxing’s hand was swung towards her, she felt her mind relax and thought that she was really going to die this time!

she covered her face with her hands and couldn’t help but scream again and again!

lin hanxing looked at her coldly.

Her eyes, which had been refracted into an amber color by the sunlight, were now drenched in ice.

He signaled with his eyes, and Jiang Xibao silently picked up the ice bucket of chilled fruits on the stone table and walked to the fountain to fill it. When he came back, there was a loud crash ...

Even the water and ice were splashed on the second Princess Consort!

The scream stopped abruptly.

The second Princess Consort looked up in confusion.

She didn’t die?

As she thought about it, she saw Lin Hanxing standing in front of her with an expressionless face and fiddling with something in his hands. She fixed her eyes on him ...

She was fiddling with a ...

Hair?

The second Princess Consort touched her face back and forth until she was sure that there was no blood or disfigurement. Only then did she feel like she had returned to the human world from hell!

Lin Hanxing’s eyes were full of mockery as he saw all the changes on her face after the disaster.

before we find Chenxi, this is the interest I’m collecting from you in advance.

Her voice was so cold that there was no warmth in it. She just looked at the second Princess Consort indifferently.

If there was one thing that the second Princess Consort treasured the most, it would be her face and her hair.

In the past, the second wangfei had even flogged her maidservant to death for the problem of combing her hair and losing a few strands of hair. This was enough to show how much she cherished her!

But now, the thick hair that the second Princess Consort was so proud of had been cut off by the sharp blade in Lin Hanxing’s hand. The uneven hair looked like it had been gnawed on by a dog, and it was wet and stuck to her face when it was splashed with water.

Most of her feminine charm was cut off by Lin Hanxing’s knife!

“You’re on your own!”

Lin Hanxing looked down at the second Princess Consort. His eyes were filled with bloodlust, which merged with the coldness around her.

After she said this, there was a muffled sound. The hair that was in Lin Hanxing’s hand just now was stabbed into the ground in front of the second Princess Consort.

The ground was hard, but it could not withstand a single blow from Lin Hanxing!

No one dared to make a sound. They just watched Lin Hanxing and her people turn around and leave, as unimpeded as she had come!

.....

“Boss! That’s 500 million US dollars!”

Just as Lin Hanxing was killing in all directions in the royal family, there was a huge disagreement among the kidnappers.

It was for the extra 200 million that Lin Hanxing had mentioned over the phone.

Those were real US dollars!

Why did they risk their lives for? Wasn’t it all for the money?

Now that someone was willing to buy peace with real money, how could they push the money away? wait a minute, you guys clearly said that you’d be paid to do the job. How can you give up halfway? ”

Song Zhiyun’s eyes widened as he looked at the group of burly men.

The moment she spoke, the man’s gaze turned hostile.

She had been bossing them around from the very beginning. If it wasn’t for the money, who would be willing to endure for so long?

“Say something! I’ll call the second Princess Consort right now!”

Song Zhiyun’s tone was aggressive and overbearing.

#### [Chapter 1495](#)

1495 Asking a Tiger for its skin (6)

The bandits looked at each other.

In the next second, the leader of the group lifted his leg and kicked song Zhiyun, sending him flying at least half a meter away!

After a muffled thump, song Zhiyun fell to the ground.

She clutched her stomach like a tattered rag, the pain so intense that she only had the strength to suck in a breath of cold air!

However, the man didn't seem to have had enough. He strode over to song Zhiyun, who had been sent flying, and grabbed her hair, forcing her to look up at him.

"Are you threatening us?"

The man spat on song Zhiyun's face.

It was extremely stinky.

Song Zhiyun had never been treated like this before. At this moment, she finally realized that these people in front of her were bandits who killed without blinking an eye. The intense fear made her shiver like a sieve.

"Don't touch me ... Don't touch me!"

Song Zhiyun no longer had the arrogant look he had just now. His eyes were filled with panic.

There were screams.

It was an ear-piercing sound that broke through the top of his head.

The bandits frowned and lost their patience.

"Shut up!"

As soon as he finished speaking, he gave song Zhiyun a big slap on the right side of his face without any pity!

He was extremely barbaric!

Song Zhiyun felt his eardrums buzzing and half of his face went numb!

The bandit looked down at her without any sympathy.

This woman relied on the second Princess Consort to order them around from the very beginning ...

She was nothing!

boss, look at her soft and tender skin. Why don't you try her? "

The few of them temporarily forgot about their earlier disagreement and looked at song Zhiyun, who was curled up in pain, with perverted eyes, especially when they saw the delicate skin exposed around his neck.

Upon hearing this, song Zhiyun was scared out of his wits.

Right now, she was extremely regretful that she had made a deal with the second Princess Consort by asking a Tiger for its skin!

"Don't touch me! My sister ... Touched my sister ... Her body is better than mine ... It's true!"

Suddenly, song Zhiyun thought of song Chenxi, who was still tied up outside. Without any hesitation, he opened his mouth and tried to shift the attention of these people to his sister.

Upon hearing this, the leader rubbed his chin, his eyes subtle ...

.....

At that moment, song Chenxi, who was still unaware of the impending danger, was calmly observing the surrounding terrain.

The hands that were tied behind his back were struggling.

He was trying to find a way out.

It was an abandoned warehouse in the suburbs, which had obviously been occupied by the criminals for a long time. The corner was filled with gasoline barrels, making the whole layout easy to defend and hard to attack.

Just as she was thinking about this, the sound of heavy and dangerous footsteps suddenly rang out, breaking song Chenxi's thoughts.

When she saw the other party's eyes, her heart skipped a beat.

"Where's my sister?"

Song Chenxi said without changing her expression.

Upon hearing this, the boss laughed. He reached out and pulled a stool from the side, threw it in front of her with a thud, and sat on it.

"Director song, you're quite concerned about her."

The boss said these words in a strange tone, but his eyes followed song Chenxi's neck and casually glanced at her collar. The expression on his face did not have the slightest concern.

"You won't touch me."

Just as the situation was tensing up, song Chenxi suddenly spoke calmly.

"Oh?"

Boss's legs trembled. He found it interesting.

Compared to the woman inside, the one in front of him was obviously much smarter.

"Tell me, why won't I touch you?"

He really wanted to know where her confidence came from.

"Because you don't dare to!"

Song Chenxi met the other party's gaze boldly. It was as if she was testing the waters bit by bit on a steel rope on a cliff.

The smile on the other party's face suddenly froze.

## [Chapter 1496](#)

1496 You're an intelligent woman

“CEO song, you’re exaggerating!”

After a brief silence, the other party finally spoke again.

“If you dare to touch me, my friends will take revenge for me no matter where you go!”

Song Chenxi was in a sorry state, but there was a kind of inviolable indifference that overflowed from her bones.

“She’ll let you know what regret is!”

Yingluo, I’ll give you five hundred million. Tell me who told you to touch song Chenxi?

The boss didn’t say anything, but this sentence appeared in his mind.

“It’s the same kind of threat, but CEO song’s words sound much better than your sister’s.”

A smile reappeared on his face.

The song sisters were completely different from the rumors.

“When it comes to your sister ...”

The man sneered, his expression slightly disdainful.

“Do you know that I’m here on your sister’s orders?”

His eyes were frivolous and had a deep meaning.

The blood in song Chenxi’s body seemed to freeze in a second. She understood the other party’s hint.

It was also because he understood that he felt even more bitterly disappointed.

she said that she’s not in good health, but you’re in good health ...

“So?”

Song Chenxi quickly regained her composure, just like how she was at the beginning.

These three words had the other party stumped.

“What if I insist on my brother touching you?”

He was really curious about the answer to this question.

“If I’m determined to die, no one can stop me.”

Song Chenxi said this very casually.

But no one would doubt its authenticity!

but you don’t have to make such a big deal out of it. If you want money, I can give you money. However much the person behind this offers, I’ll give you double!

The man looked at her deeply.

“Song Chenxi, you are a smart woman.”

Unfortunately, he had provoked someone he shouldn't have.

“Ah ...”

Suddenly, song Zhiyun's scream rang out, sending chills down song Chenxi's spine.

On the other hand, the criminal expressionlessly covered his ears with his fingers.

The air seemed to be covered with a shadow.

“Don't touch her!”

In the end, song Chenxi still did not get over this.

No matter what her relationship with song Zhiyun was, she couldn't ignore the violence that men added to women!

“Director song, I'm not sure if you've heard of this story ...”

The bandit did not comment on song Chenxi's words.

“The farmer and the snake.”

A story of a farmer who was bitten by a venomous snake that he had saved with his own pitiful heart.

The strange tone, coupled with song Zhiyun's screams in the background, made the atmosphere a little strange.

After saying this, the man got up.

A wooden stick had appeared in his hand and he was weighing it in his hand.

“Don't be soft-hearted and be a farmer in vain.”

Song Chenxi did not say a word, or rather, she could not say anything more. The moment the man finished speaking, the wooden stick in his hand was aimed at song Chenxi's head!

There was a muffled thud. Song Chenxi did not even have time to react before she fell to the ground.

Dark red blood seeped out from her soft black hair and slid down her forehead to the dirty ground, like a flower that would only bloom in the dark night ...

It was sad and beautiful.

The criminal looked down at song Chenxi, his face expressionless.

Not far away, song Zhiyun's screams came in wave after wave, and it didn't seem like he was going to stop ...

.....

“Have you confirmed the location?”

Lin Hanxing received a call from Meng Jiu as soon as he got into the car.

He didn't let Bai Xi drive. Instead, he sat in the driver's seat and stepped on the accelerator. Bai Xi and Jiang Xibao could only fasten their seat belts.

#### [Chapter 1497](#)

1497 When you came, it was the winter solstice

Lin Hanxing cut the 40-minute drive in half.

Jiang Xibao and Bai Xi, who were sitting in the car, felt as if they had been on a roller coaster for 20 minutes. Their legs were still soft even after they got out of the car. They didn't dare to recall what they had just experienced.

Lin Hanxing's whole body seemed to have been tempered with ice. He silently watched the people sent from Hua Ji and Yun Ding casino surround the abandoned warehouse in an orderly manner.

No one dared to get close to her when she was under such low pressure!

Gong Chen's arrival had broken everything.

"You came later than I thought."

Lin Hanxing didn't even look at Gong Chen. He only looked at a place not far away.

There was no emotion in his voice.

this is the blueprint of this place. Also, there is a large amount of gasoline stored in this old warehouse. Tell your men not to use any open fire!

As Gong Chen spoke, a faint smell of blood entered Lin Hanxing's breath.

Lin Hanxing only turned to look at him when he heard this.

Gong Chen no longer had the imposing manner he had when he was at the gong Corporation. His suit jacket and tie were gone, and there were a few dark marks on his black shirt. As for the source of the bloody smell ...

Lin Hanxing's eyes moved down and fell on Gong Chen's right arm.

Dark red blood was dripping down the back of his hand, gradually splitting open a small area on the ground.

there's a mountain behind us and a Lake on the right. We can only break through from the left and the front if we want to get closer. However, we don't know what's going on inside, and there's a large amount of gasoline stored ...

Lin Hanxing listened in silence.

To be able to find the map in such a short time ...

Gong Chen must have paid a high price!

“So?”

Gong Chen was silent for a moment, and his deep eyes met Lin Hanxing’s.

“I’ll personally go in and negotiate with them!”

There was silence.

Lin Hanxing did not speak immediately. He only fiddled with the diamond bracelet on his wrist.

He seemed to be evaluating whether he should trust him or not.

“Alright,” he said.

From a personal point of view, Gong Chen did not have Lin Hanxing’s trust, but ...

After all, he was the person Chenxi had been waiting for for so many years!

“I only hope that you won’t make me regret this decision!”

.....

Xuxu, Chenxi, I’m here.

Song Chenxi seemed to be having a beautiful dream.

Gong Chen was walking toward her in the dazzling sunlight.

In her dream, Gong Chen seemed to have never forgotten her, nor had he ever fallen in love with anyone else. It was as if the pain and hurt that had been between them had never happened.

He would never compare her to others, nor would he ignore her.

No matter where she went, his gaze would always fall on her first.

He understood her, just as she understood him.

Song Chenxi had long forgotten where she had seen such a passage.

[ when you came, it was the winter solstice, but the wind on your eyebrows was calm, and you said, ‘I’m a little late’. ]

When he first saw it, he could not forget it.

Yingluo, it was already the winter solstice when you arrived. I can’t imagine how much you’ve gone through to see me. However, you stood in front of me with a tired expression and only said softly that I was a little late ...

It was a romance that was filled with heartache!

Unfortunately, a dream was just a dream.

Song Chenxi knew this better than anyone else.

Her long eyelashes trembled slightly, and she opened her eyes with a severe pain in the back of her head.

His vision was blurry at first, then it became clear again.

It was also at that moment that she saw song Zhiyun's dirty and unkempt appearance. He was looking at her with a gloomy expression.

"Are you happy to see me like this?"

Song Zhiyun sneered.

At this moment, song Zhiyun's entire body was blue and purple. His hair was unkempt, and he didn't have the slightest bit of the image of a weak and delicate beauty that ordinary people had in their minds.

I will tell Chen that you asked those people to hurt me!

#### [Chapter 1498](#)

1498 How can your life be so good?

"He will hate you!"

Song Zhiyun's expression could even be described as twisted, with a dark look.

"You still don't think you're in the wrong?"

Compared to song Zhiyun's hysteria, song Chenxi was more and more calm. The doubts in her mind that were originally like a layer of fog gradually became organized.

Those people did not show any mercy to Zhiyun, but they had no other means to deal with him except for that stick. This was not reasonable!

Unless, the person behind the scenes still had some backup plan?

Thinking of this, song Chenxi became calmer. She calculated the time and believed that Hanxing had already found her. The more this was the case, the more she could not panic!

"What did I do wrong?"

Song Zhiyun sneered.

"Your eyes can only see what belongs to others. In order to obtain it, you can do anything ..."

Song Chenxi's voice was unusually cold.

"Song Zhiyun, do you still recognize yourself?"

Song Zhiyun didn't listen to these words, because all she could think about was how to let song Chenxi have a taste of the torture she had just suffered!

Her gaze slowly fell on song Chenxi's stomach.

Almost at the same time, song Chenxi was alerted by her actions.

“Sister, you’re really amazing!”

When song Zhiyun’s voice rose again, it returned to that harmless and gentle tone, but it made song Chenxi even more vigilant!

“When everyone else was looking down on the blind ah ‘Chen, you went to his side! When you lost ah ‘Chen, you got the song family! When your reputation was ruined by little uncle’s kidnapping, Gong Ming saved you! Even though you’re about to die, you’ve gained Lin Hanxing’s favor.”

“Sister, how can you have such a good life?”

Song Zhiyun didn’t believe in fate at first, but along the way, whenever he thought she would be in danger, there would always be something that would turn her misfortune into fortune!

At that moment, song Chenxi was concerned about another matter.

Back then, her uncle had hired someone to kidnap her and take nude photos of her to threaten her. The person who had saved her was ...

Gong Yun?

Song Chenxi had never known about this!

Song Zhiyun’s eyes turned even colder when she didn’t say anything.

Her sister had everything, so why did she have to fight with her for ah ‘Chen?

Besides, she had promised to give her the kidney!

He went back on his word!

She was the one who broke her promise first!

While song Chenxi was still in a daze, song Zhiyun’s eyes fell on the gasoline tanks. She understood that the second Princess Consort had created a rare opportunity for her. If she didn’t grab it, Lin Hanxing would not give her a second chance when it was time to leave!

Yingluo can’t what? You can still take the child out of your sister’s stomach?

The second Princess Consort’s words appeared in song Zhiyun’s mind again. Before song Chenxi could react, her hands had already quietly opened the lids of a few gasoline cans.

Because he didn’t use much force, the gasoline flowed down silently like a thin stream.

“But no matter how good your life is, Chen still doesn’t love you!”

After doing all that, song Zhiyun secretly heaved a sigh of relief. Then, he spoke softly.

His eyes were filled with pride.

when a man doesn’t love you, it’s wrong for you to cry, to laugh, to be silent, and to speak. In ah ‘Chen’s eyes, that’s what you are!

Ever since he had replaced Gong Chen's memories with his sister's, song Zhiyun had often watched her struggle for many years in this high and mighty way.

"If you don't believe me, how about we make a bet?"

The corners of song Zhiyun's lips slowly curled up into a thin smile as he looked at song Chenxi.

Yingluo, don't you want to get rid of that child and make your sister give up on Gong Chen at the same time? By then, she'll have nothing and you'll have everything you want.

"Sister ..."

Song Zhiyun's eyes became gentler and gentler, like a harmless little pet. She slowly approached song Chenxi and stood up to look down at her.

"Don't touch me!"

Song Chenxi's entire body tensed up. An ominous feeling shrouded her.

"Let's see who Chen will choose!"

As soon as he finished speaking, song Zhiyun suddenly raised his leg expressionlessly and kicked song Chenxi in the stomach ...

Ruthlessly!

.....

The bandits didn't notice what had happened at the moment. After all, one of the hostages had just been humiliated by the crowd, and the other was tied up. They were nothing to be afraid of.

Their boss was having a video call with someone.

As for the person on the other end of the video, wasn't that Gong Ming, who had disappeared from everyone's sight for a long time?

"Long time no see, Gong er!"

The boss said lazily.

"Let her go!"

"Which" her "?"

"Song Chenxi!"

"Just based on our little friendship?"

Back then, Gong Ming was also considered a ruthless character. Who in the entire Xue LAN did not know him, the second master Gong? unfortunately, the winner was King and the loser was a Bandit. No matter how glorious he was back then, he was now a pile of dust.

"With all my assets!"

Hearing this, the boss raised his eyebrows.

Second master Gong's entire net worth?

How much did he have left?

"As long as you let song Chenxi go, I'll give you the password to my New York Citibank account. The money in there is enough for you and your brother to squander for the rest of your life!"

Gong Ming's face looked even colder through the video call, and he spoke every word clearly for the other party to hear.

"You're willing to give up everything just for song Chenxi?"

This time, even the boss was in disbelief!

With money, what kind of woman could he not have?

"Do you want it or not?"

Gong Yun refused to say anything more and just stared at him.

"Do you know that a woman offered 500 million dollars to redeem her?"

"That woman will take your lives!"

Gong Yun, who knew how powerful Lin Hanxing was, spoke coldly. This was his last warning.

"Ha."

The boss didn't think much of it. Since they dared to accept this business, they had full confidence.

"Wait, you're in Xuelan?"

Suddenly, the boss looked at the background behind Gong Yun and seemed to have an epiphany.

He laughed.

"Why don't you come and pick up song Chenxi yourself?"

By then, with so much money, where couldn't he go to in the world? Why should he be afraid of the second Princess Consort? It would be better to give Gong er some face. After all ...

"Boss!"

Just as the man was thinking about this, a person suddenly ran in with an anxious and ugly expression.

"Something has happened! So much blood!"

The other party's voice was transmitted into Gong Ming's ears through the receiver without any warning. He immediately stopped and his deep eyes suddenly narrowed.

Did something happen?

Is it Chenxi?

However, before he could speak, the other party had already cut off the video call.

Gong Yun, who was on her way to the abandoned warehouse, suddenly stepped on the brakes and almost caused a chain rear-end on the road.

Yingluo, I didn't ask you to hurt anyone!

Yingluo, you can't choose your birth, but you can choose what path you will take in the future!

song Chenxi!!!

1499 I was too immersed in my role (1)

When the boss followed his men to the place where the song sisters were locked up, a strong smell of blood hit him. The scene in front of him made even the experienced and knowledgeable boss's face sink!

Song Chenxi fell to the ground, her thin body curled up sideways.

Dark red blood gushed out of her body in large amounts.

His face was so pale that it was almost transparent!

"Didn't I f \* cking tell you to tie up second song after you're done playing with him?"

The leader of the kidnappers kicked his underling, who was sent flying but did not dare to complain!

"Boss, Gong Chen has brought money!"

"F \* ck!"

The boss cursed like thunder. His original plan had already deviated due to the sudden situation. His eyes swept over song Zhiyun, who was hiding in the corner, and he couldn't help but be angry!

He strode forward and pulled her in front of him like an eagle catching a chick. His Big Bear-like palms slapped her fair and tender face twice!

Song Zhiyun immediately vomited blood!

He only felt that his internal organs had been turned upside down!

"Tie them up!"

Gong Chen was already at the door. It was obvious that the time did not allow anyone to help song Chenxi stop the bleeding.

It's hard to stop riding a Tiger!

"Boss, what should we do?"

The subordinate panicked a little. They didn't want to kill him.

The boss didn't say anything. He just looked at Chenxi. The strong smell of blood covered another smell in the abandoned warehouse.

"Help her up and lean her against the wall. Find a blanket and cover her lower body!" He ordered.

In a hurry, this was the only way he could think of to not let anyone see through it!

“What are you waiting for? hurry!”

Seeing that his subordinate was still in a daze, the boss was so angry that he slapped the back of the other party's head.

Only then did everyone start to move.

Song Zhiyun, who was tied up tightly to the side, watched this scene with a cold smile. He only hoped that ah 'Chen would negotiate with those people a little slower, just a little slower, and let his sister's blood run dry ...

Once she got out of here, she could immediately get her sister's fresh kidney transplant ...

.....

When Gong Chen appeared with a black leather suitcase full of ransom money, the leader of the kidnapers had already returned to normal and was sitting on a wooden chair, wiping his gun.

ah 'Chen, ah' Chen, save me!!!

The moment Gong Chen appeared, song Zhiyun's tears gushed out. He called out to him weakly, afraid that Gong Chen wouldn't notice him at first sight.

“What are you shouting for!”

The kidnapper was so angry that he raised his foot and kicked her again!

“Stop!”

Gong Chen had smelled the stench of blood ever since he came in, and when he saw song Zhiyun covered in blood, his heart skipped a beat. He subconsciously associated it with the smell he had smelled.

Because song Zhiyun looked a little too miserable.

Her torn neckline was stained with blood, and her originally pampered white skin had been slapped red and purple. It was not difficult to imagine what she had experienced before.

On the other hand, Chenxi ...

Gong Chen subconsciously looked to the other side.

Song Chenxi, who was leaning against the wall, had her long black hair covering her face. Her clothes were not messy at all, and she was even covered with a blanket ...

She was fine.

Gong Chen's suspended heart inexplicably relaxed by half.

Song Zhiyun stared at Gong Chen with longing eyes, as if he had seen his Savior. When he noticed Gong Chen's gaze, song Zhiyun's heart started to beat faster.

It was only after years of understanding that she knew that she had temporarily kept it from him ...

Only then did he secretly heave a sigh of relief!

"I've brought the money!"

Gong Chen spoke calmly and opened the black leather suitcase in front of the people in front of him, letting the US dollars inside fall to the ground!

#### [Chapter 1500](#)

1500 I was too immersed in my role (2)

"Mr. Gong, are you joking with me?"

How could this little bit of money be worth anything?

The leader of the kidnappers sneered and remained unmoved.

the rest of the money is outside. You can only receive the rest of the money after I've brought the person out safely!

Gong Chen, who was well-versed in the art of negotiation, spoke unhurriedly.

At this moment, song Chenxi was hot and cold. She was in pain and weak as if she had been hollowed out. She seemed to hear Gong Chen's voice in her ears and struggled to open her eyes.

When her long eyelashes fluttered like feathers, everything in front of her turned from blurry to clear.

She saw Gong Chen.

In an instant, all the pain receded like the tide.

"What if you take them away and don't pay the rest?"

The kidnapper wasn't stupid. He looked at Gong Chen with a sinister gaze.

The latter was just about to speak when she suddenly stopped. Her eyes looked past the kidnapper and fell on another place.

Gong Chen and song Chenxi looked at each other silently.

Her face was pale and slightly ashen. Her hair, which she was used to doing, was spread out on both sides of her cheeks, making the usually Cold Song Chenxi look very weak.

"I'll take one person away first."

Gong Chen looked at song Chenxi as he said this word by word.

"Oh? Who do you want to take away?"

If there were two choices, the one who was taken away would have unlimited life, while the one who was left behind ...

Who could guarantee what would happen if they stayed?

Gong Chen was silent.

“Chen, save me! I’m really in pain! Ah ‘Chen ...”

When he thought about how he would be able to leave this damn place soon, song Zhiyun began to call Gong Chen with all his might, as if to attract all his attention.

Song Chenxi pursed her dry lips. She wanted to act pitiful like song Zhiyun, but after trying a few times, she couldn’t open her mouth.

A sour feeling spread from her heart, and the intense pain in her abdomen was like a thorn stabbing into the softest part of her heart.

She understood the look in Gong Chen’s eyes.

Pa da.

A teardrop that had been held back since the beginning rolled down from her left eye and onto the blanket, quickly disappearing.

Then, her tears flowed like a river.

Song Chenxi suddenly felt very scared.

All these years, she had been able to endure all kinds of pain and difficulties. Even at the most difficult times, she had gritted her teeth and persevered.

Over time, even song Chenxi herself thought that she was made of steel.

She thought she wouldn’t feel pain. She thought she wouldn’t feel pain.

He thought that he still had the self-awareness that he could be sacrificed.

Yingluo is waiting for you.

The moment Gong Chen saw song Chenxi’s tears, Lin Hanxing’s icy words suddenly appeared in his mind.

It was as if his heart was being clenched by two invisible hands.

She never cried.

His thin lips opened and closed as if he wanted to say something, but in the end, Gong Chen only pursed his lips.

Chenxi seemed to be in a much better condition than Zhiyun.

Moreover, Chenxi had always been strong and calmer than Zhiyun. Even if there were any unexpected situations, she could come up with a strategy in a short time.

No matter how he thought about it, it was more appropriate to leave Chenxi behind than Zhiyun!

“Mr. Gong, it’s time for you to make a choice.”

“Chen ...”

Song Zhiyun's delicate face was covered in tears, and her heart was beating wildly. She knew that Song Chenxi had woken up, and it was because of this that she was even more flustered.

If it was the old Gong Chen, she would have been 100% confident, but this one ...

She could only bet that he was soft-hearted!

Gong Chen knew that everyone was waiting for his decision, and he had already made his decision in his heart. He only said those three words ...

He had lost his courage!
