

## Goodnight 151

### Chapter 151: Hehe

The person was Lei Xiao's aunt, Zhong Yifu.

It was no wonder that Lin Hanxing would be surprised by the two of them together. After all, she had seen with her own eyes how uncle Lei Xiao and Luo Mingwei had been fooling around in the cinema. Thinking of this ...

Lin Hanxing looked at Zhong Yifu with a strange expression.

Luo Mingwei didn't expect this girl to know Zhong Yifu, and she even looked like she hated her.

After all, Zhong Yifu had asked Luo Mingwei out today to talk to her about Lin xiaojiu in person. However, things had changed so quickly that she had forgotten about Lin xiaojiu!

"You know her?" Luo Mingwei's face was distorted from the pain.

"You don't know him?" Zhong Yifu asked Luo Mingwei with a strange expression.

Lin Hanxing laughed as he let go.

The relationship between this group of women was really complicated.

Her aunt's best friend had angered young master he's biological mother to death and then replaced her.

Young master he's stepmother also had a good relationship with Lei Xiao's aunt.

From the looks of it now, aunt Lei Xiao and Luo Mingwei seemed to be close friends ...

"She's Lin little nine!"

Zhong Yifu pointed at Lin Hanxing, but her words made Luo Mingwei's eyes widen.

She was Lin xiaojiu?

The Lin little Jiu who had already turned the Lin family upside down before he had even moved back?

Yingluo, hehe, so you really don't know who I am!

Luo Mingwei suddenly recalled Lin Hanxing's strange smile and finally understood!

She had already recognized who he was!

"Not seeing each other for a day is like three years. Yimu really looks kind."

After laughing, Lin Hanxing returned to his usual lazy self.

She was good-looking to begin with, and her flirtatious gestures paled in comparison to Luo Mingwei's deliberate seduction.

Zhong Yifu laughed in anger.

Lin xiaojiu wasn't complimenting herself, he was clearly saying that she was old!

No woman didn't care about this, and no woman didn't care about this!

"What are you doing here?"

Zhong Yifu realized that someone was watching them, so she deliberately lowered her voice.

"Oh, I'm here to help Brother Lei spend the money!"

Lin Hanxing looked at Zhong Yifu mockingly. When he saw the anger in Zhong Yifu's eyes, he provoked her.

"Shameless!"

Zhong Yifu wished she could tear that annoying mouth of hers apart. She seemed to have thought of something and gave Luo Mingwei a look.

The latter immediately understood.

"First aunt!" At this moment, Yuan Bao, who had just changed into a new set of clothes in the fitting room, ran over to her.

"Xiao Chen, what are you doing here?"

Little Yuan Bao, whose real name was Lei Yanchen, was stunned for a long time before he realized that the two words 'little Chen' were referring to him.

She raised her head and looked up ...

It took him a long time to recognize who had called him.

great-aunt ... Yuan Bao greeted her politely despite his reluctance. He then quickly ran behind Lin Hanxing and hid. It was obvious that he did not like Zhong Yifu's appearance.

"Bill please." Lin Hanxing turned to the sales assistant and said.

To be honest, when she saw aunt Lei Xiao and Luo Mingwei standing together as if they were besties ...

She really couldn't find any interest in stimulating her!

It was not because he had a good heart, but because Lin Hanxing really looked down on such a stupid person.

The shop assistant quickly found someone to pay the bill. However, when she picked up the top layer of clothes, a dark green jade ring rolled out!

"My ring! You stole my ring!" Luo Mingwei shouted.

... Lin Hanxing looked at the two of them expressionlessly. He lifted his foot and crushed the Jade ring that had rolled to the side of his foot!

"Hehe."

Suddenly, a low, magnetic, and sarcastic sneer sounded.

"Uncle!" Yuan Bao's little face was filled with surprise.

## **Chapter 152 Jade**

Lin Hanxing's first reaction upon seeing Lei Xiao was ...

He just wanted to run away without thinking.

Yingluo, I'll treat you to a marriage.

Those words had been temporarily suppressed into the depths of his brain during the crazy shopping, but when he saw Lei Xiao's face that was so handsome that it angered both man and God, the feeling of panic rose from his heart!

At this moment, Lei Xiao was not wearing his suit jacket, and even his tie was missing.

The simple black shirt accentuated his perfect inverted triangle figure.

The top two buttons of his collar were unbuttoned, revealing a small area of his tanned skin. Even his collarbones were sexier than usual.

Even from this distance, Lin Hanxing could smell the tobacco on him ...

Lei Xiao didn't even look at Zhong Yifu. His eyes were fixed on Lin Hanxing's face.

Her eyes flickered at first, but then she glared at him fiercely.

It was as if he was saying, "What are you looking at?!"

Lei Xiao wasn't alone. Behind him stood the highest Executive Director of team L.

At this moment, the supervisor's face was pale. He had no idea why the big BOSS had called him here. The more nervous he was, the uglier his face became.

Lei Xiao walked in Lin Hanxing's direction.

The red dot on the watch kept flashing, but no one noticed it.

Lin Hanxing took a step back subconsciously when he noticed his movement. Then, he stood still.

She wasn't even afraid of death, what did Lei Xiao have to be afraid of?

With that thought, Lin Hanxing finally regained his usual calm.

"You said she stole your ring?"

Very quickly, Lei Xiao stood beside Lin Hanxing. His pair of extremely cold eyes fell on Luo Mingwei.

With just one glance, a gust of wind of fear swept through Luo Mingwei's heart.

Zhong Yifu didn't seem to have expected her nephew to suddenly appear and disrupt her last-minute plans.

“Ah Xiao, how can you be at ease letting Xiao Chen be with that woman? What if he ran away with her? Who’s going to take responsibility?” Zhong Yifu forced herself to be alert and put on a serious tone.

With his back facing the crowd, Yuan Bao could not help but roll his eyes.

“You said she stole your ring?”

But Lei Xiao didn’t show any respect to Zhong Yifu. He didn’t even look at her.

He merely fixed his gaze on Luo Mingwei’s face and repeated his words with an even stronger killing intent than the first time.

Luo Mingwei gulped and looked at Zhong Yifu subconsciously.

However, Zhong Yifu was also very anxious. If her nephew were to lose his temper, the Lei family would definitely come to stop him ...

Otherwise, he would definitely be skinned alive!

Lin Hanxing looked at Lei Xiao out of the corner of his eye, his thoughts unknown.

yes, if she didn’t steal the ring, why would it appear with her?!

Luo Mingwei made up her mind and shouted at the top of her lungs.

Just as Lin Hanxing was about to speak, she was suddenly suspended in the air. She was so shocked that her eyes darkened.

Very quickly, she belatedly realized that she had been picked up by the Thunder valiant beast.

After that, the man gently placed her on the storage table.

The Jade ring that Lin Hanxing had stepped on earlier was revealed.

The surface of the green jade was stained with dust, but the flaws did not overshadow its beauty. At a glance, one could tell that it was high-quality Jade.

Lin Hanxing, who had been placed on the shelf for no reason, was suspended in the air. She looked at Lei Xiao and clearly felt that there was something wrong with his gaze, as if ...

Dangerous?

Just as everyone was trying to figure out what Lei Xiao was up to, he finally made his move!

Lei Jing looked at Luo Mingwei expressionlessly, and her black leather shoes suddenly stomped on the Jade stone.

Kacha!

The Jade couldn’t withstand the heavy impact and shattered!

“Our Hanxing doesn’t put this kind of trash in his eyes!”

**Chapter 153: revenge**

The surroundings were silent.

Luo Mingwei felt as if her heart was about to stop beating when the Jade was crushed!

The man's eyes seemed to be filled with the most bone-deep malice in the world. They were cold and devoid of any human emotions.

For a long time, the people were intimidated by the cold and threatening aura around the Thunder valiant beast.

He didn't dare to move or speak.

All of a sudden, Lei Xiao beckoned to the highest Executive Director of the TZ, who was hiding in a corner and trying to keep his presence as low as possible.

That action instantly made the latter shiver in fear.

The supervisor walked around Zhong Yifu carefully. He obviously knew who she was.

Every time Zhong Yifu came to TZ, she would sign Mrs. Lei's bill. However the Lei family had never stopped her.

The supervisor was even more upset that he didn't check the Almanac before going out today.

Otherwise, why would she be innocently involved in this dispute?

"Mr. Ley." He stood respectfully beside Lei Xiao, waiting for further instructions.

The pressure he gave off was too strong, and the supervisor was trembling with fear, not daring to slack off in the slightest.

Lei Xiao did not say anything, he only turned his head to look at Lin Hanxing.

He was expressionless.

Lin Hanxing understood what he was trying to say.

This person was obviously trying to help him get back his face!

He laughed as he gave the supervisor a few instructions.

The latter's eyes clearly flashed with doubt, but other than the two of them, no one could clearly hear what they were saying.

The supervisor didn't dare to have any questions and quickly called someone to give instructions.

At this time, Lin Hanxing was sitting on the storage table, her two white and straight legs hanging in the air. The high-end custom-made Diamond Champagne heels on her feet revealed her toenails that were like jasmine petals.

With her hands on both sides of her body, she only found it funny when she saw Luo Mingwei and aunt Lei Xiao's angry but not daring to say anything.

ah Xiao, we're a family. Are you going to help an outsider for this woman? "

Zhong Yifu was angry.

She had only wanted to teach Lin xiaojiu a lesson for not knowing the immensity of heaven and earth, but she had never expected to be slapped in the face by Lei Xiao.

Hearing this, the Thunder valiant beast's dark and deep cold eyes swept over.

"Aunt, do you think she would still be standing here if it wasn't for you?"

Luo Mingwei shuddered when she heard that!

Just now, she had clearly felt the killing intent in Lei min's eyes.

This was not a joke at all!

Zhong Yifu choked at Lei Xiao's words.

On the surface, those words were out of respect for her, but in reality, wasn't it a hidden warning?

Among the four sons of the Lei family, the one who inherited Lei kangnian's personality the most was Lei Xiao.

Otherwise, he wouldn't have been able to control the Lei Corporation in such a short time when Lei kangnian chose to abdicate!

However, the way Lei Xiao did things was different from Lei kangnian.

His attitude was tougher, and his methods more ruthless!

Soon,& the person who was ordered by the highest Executive Director of TZ arrived.

Everyone was wearing white gloves and holding a special red jeweled tray.

Many jade bead necklaces laid on it, all of which were of the old-pit glass type.

The old-pit glass type, as its name suggested, was the highest grade of Jade. The rich green color was pleasing to the eye.

Those people stood next to Lin Hanxing with cold faces.

Lin Hanxing had to admit that Lei Xiao's men were very efficient.

Any of these jade necklaces could be regarded as the treasure of any shop.

Even if the price was less than ten million, it was at least a few million.

Lin Hanxing casually picked up one from the tray.

The green jade bead was free of any impurities, clean and clear, and it was wrapped around her white fingers.

Lin Hanxing raised his head slightly to admire the color of the necklace.

Her long eyelashes fluttered like butterfly wings, and her beautiful eyes were like stars, bright and moving.

This scene was so beautiful that words couldn't describe it.

However, the next second, a crack was heard ...

Under everyone's dumbfounded gazes, Lin Hanxing reached out and cut the million-Yuan jade necklace in half!

#### **Chapter 154: enough face slapping**

Without the string of beads, the dark green glass-type jade beads jumped freely on the red tray.

It made people's hearts jump.

"Are you crazy? Do you know how much this necklace costs?"

Zhong Yifu's eyes widened. She didn't expect her to cut the necklace in half just like that.

The one that she had gotten the last time wasn't even as good as this one, and it was worth nearly four million Yuan ...

Even if she was a prodigal, this was not how she should be!

"Ah Xiao, are you going to spoil her like this?"

When Zhong Yifu saw that Lin Hanxing was not even paying attention to her, she turned around and shouted at Lei min in exasperation.

"Cut them all."

Lin Hanxing rubbed his ears. Aunt Lei Xiao's voice was really sharp.

She said coldly, without any intention of explaining.

Upon hearing this, the highest Executive Director of TZ broke out in a cold sweat and looked at Lei Xiao with a questioning look.

However, Lei Xiao did not even look at the other party, his gaze only falling on Lin Hanxing.

In a rare sight, the supervisor found a pampering look in his cold and emotionless eyes.

He was really angry for a beauty, and a beauty wanted to spend money!

He nodded to those people without a trace, and the Jade necklaces were cut off one by one in front of the exclamations of the crowd.

The beads rolled back and forth on the tray.

They quickly gathered into a pile.

Lin Hanxing was obviously very satisfied. He casually grabbed an Emerald Pearl in his hand.

The Jade bead was round and full. At this time, she was nimbly turning it with her fingertips.

It was as if he was playing with a pen. His speed was so fast that it looked like a green light was lingering between Lin Hanxing's fingers.

"According to seniority, I should also call you aunt."

Lin Hanxing spun the Jade bead in his hand as he looked at Luo Mingwei.

She seemed to be smiling. Her dimples made her entire face look lively, but her eyes were cold.

Since Lei Xiao had already built up the momentum for himself, Lin Hanxing would not waste it.

In any case, she didn't care about anyone in the Lin family. Originally, if these two people had let her pay the bill and leave, everything would have been fine. However, they just had to be stupid enough to keep thinking about her, so she couldn't be blamed.

"Aunt Luo's brain doesn't seem to be working well!"

The moment she finished speaking, she heard an "ah" sound. Luo Mingwei subconsciously covered her face, tears streaming down her face.

Everyone saw a flash of green light shoot toward Luo Mingwei like a bolt of lightning ...

The round Jade bead that Lin Hanxing had been playing with earlier had disappeared.

"You ..."

When Luo Mingwei moved her hand away, there was an obvious red mark on her cheek.

"You what you?" Lin Hanxing's hand was empty, so he continued to hold the next Jade bead and spin it in his hand.

"Madman, you're simply a madman!"

Zhong Yifu felt that she had lost all her face today, and her voice was still trembling.

Lin Hanxing laughed when he heard this, and his legs that were suspended in the air moved slightly.

thank you for your praise, aunty. After all, brother Lei spent all his money on my behalf. I was just making the best use of it!

As soon as she finished speaking, the second Jade Pearl flew toward Luo Mingwei's face!

aunt Luo, I wouldn't have touched you if you hadn't provoked me today. But we just had to meet on a narrow road. It seems like this is fate! This time, Lin Hanxing's smile widened as he held the four jade beads between his fingers.

"Lin xiaojiu! Lin xiaojiu!"

Luo Mingwei paid the most attention to protecting her face, but when the four Jade pearls attacked her, it was as if they had eyes, and they all hit her beautiful face that she had spent so much effort on maintaining.

aunt Luo, don't worry. There's still a lot of them here. You can have as much face slapping as you want!

## **Chapter 155 awkward**

Just as Lin Hanxing had said, the Emerald pearls came one after another.

It was as if he didn't want money.

However, the strange thing was that the bead, which would have gone out of control if the force was slightly wrong, strangely did not affect anyone else!

Even Zhong Yifu, who was standing right next to Luo Mingwei, didn't!

"I don't mind being framed. If I lose, it's because I'm not capable! But ..."

Lin Hanxing's cold eyes swept over Luo Mingwei, who was crying from the pain, and he seemed to be smiling.

She didn't even use one-fifth of her strength and she was already in unbearable pain?

Since that was the case, why was he so stupid to provoke her in the first place?

"Aunt Luo, can you use your brain more when you're framing me and trying to teach me a lesson?"

Lin Hanxing was so stupid that he felt that responding to her with such a small trick was an insult to his intelligence.

Luo Mingwei covered her face with her hands and stared at Lin Hanxing, who was sitting on the storage table.

In the children's clothing store, the floor was covered with rolling jade beads.

"Otherwise, I'll really be bored!"

Lin Hanxing did not even bother to hide the arrogance and disdain on his face. He smiled sarcastically.

From the beginning to the end, Lei Xiao had given Lin Hanxing the control of the main battlefield.

He stood to the side coldly.

Meanwhile, Yuan Bao, the little sheep, was squatting on the ground seriously.

When no one was paying attention, he picked up the green jade beads one by one and secretly stuffed them into his pocket!

Lin Hanxing naturally saw the hatred in Luo Mingwei's eyes, but so what if it was her?

There were so many people who hated her, hated her, and wanted her dead. Did she have to care about them one by one?

Lin Hanxing jumped down from the shelf after he finished speaking.

Click! The high heels clicked on the floor.

Lin Hanxing obviously liked to wear high heels, and with her elegant steps, she was extremely pleasing to the eye.

She slowly walked toward Luo Mingwei.

The smile on her face and the mole at the corner of her eyes were so beautiful that it was hard to look away.

She reached out and pinched his face, which had turned red from the jaded Pearl, so hard that Luo Mingwei couldn't shake it off.

It caused her to cry out in pain.

"Aunt Luo, it's time to go home and take good care of your face."

As he spoke, Lin Hanxing patted his head twice.

However, his eyes swept past Zhong Yifu, who was standing at the side. No matter how Zhong Yifu looked at him, she felt that there was a hint of evil in his eyes.

Lin Hanxing smiled provocatively at her, then turned around elegantly and walked back to Lei Xiao.

Lei Xiao's eyes were deep and dark.

Lin Hanxing's eyes started to flicker.

The smell of smoke on his body was so strong that it even overpowered his own wood fragrance.

Lin Hanxing frowned. After she escaped, how many cigarettes did Lei Xiao smoke?

"I'm done playing."

Unlike the sharp and cold mockery he used when he faced Luo Mingwei, Lin Hanxing's eyes were darting around, not looking at Lei Xiao.

Thunder valiant beast made a sound of agreement.

She subconsciously reached out, but suddenly stopped halfway.

The palm was suspended in mid-air, as if it was afraid of scaring her, and fled again.

Lin Hanxing only understood what Lei Xiao was doing after a while.

His eyes finally focused on Thunder valiant beast's face.

When she clearly saw the hesitation in his eyes, she suddenly felt a little awkward.

"Why are you hesitating?"

After he finished speaking, Lin Hanxing reached out and pressed Lei Xiao's palm on top of his head, rubbing it like how Lei Xiao used to do.

"Bill, let's go!"

Lin Hanxing raised his head and did not miss the trace of a smile that flashed across Lei min's eyes.

“Yes, I’ll go pay the bill.”

At least, the worst result he had expected did not happen.

At the thought of this, Thunder valiant beast’s tensed heart finally relaxed.

I’m going to pay the bill. You look after Yuan Bao!

## **Chapter 156: Mental damage compensation**

Lin Hanxing bent down to pick up Yuan Bao and stuffed him into Lei Xiao’s arms.

Yuan Bao, who was in his uncle’s arms, had his two little pockets stuffed full, but he was acting all innocent.

He picked up everything he saw!

The sales assistant didn’t dare to delay and quickly settled the bill.

Lei Xiao signaled the supervisor with his eyes that he could leave, not even bothering to say a word.

In an instant, the manager seemed to have come back to life and was in high spirits!

He quickly brought his men away.

However, Lin Hanxing opened his mouth when he saw that aunt Lei Xiao was about to leave with Luo Mingwei.

“Aunt Luo, wait!”

Luo Mingwei’s body trembled, and she turned around to look at her with a dark expression.

“Are you done?” Zhong Yifu stood in front of Luo Mingwei to protect her.

The only reason why she could be so arrogant was because of her status as Madam Lei and her sister. However, her nephew did not give her any face at all. One could imagine the anger in her heart.

Lin Hanxing did not even look at her and quickly reached out his hand.

Then, he forcefully pulled the Jade necklace that matched the ring off Luo Mingwei’s neck!

“Catch!” He threw it at Thunder valiant without even turning his head.

As if he had already sensed it, he held Yuan Bao with one hand and caught the necklace with the other.

Then, he stuffed the item into Yuan Bao’s arms expressionlessly.

“What do you mean by that?”

Luo Mingwei finally had a taste of what it meant to suffer a double loss, and she was so angry that she almost fainted!

Oh, you’re picking on me for no reason. Don’t tell me I can’t collect some compensation? ”

Lin Hanxing's eyes were full of mockery as he sneered.

Did he really think that this matter would be over just because he had been slapped in the face?

She was a businessman. What was the most important thing to a businessman?

Profit!

"You ... You ... Just you wait!"

All Luo Mingwei wanted to do now was to leave this embarrassing place. After leaving those harsh words, she left with Zhong Yifu's help.

Lin Hanxing looked at the back of the two people leaving, his posture lazy and beautiful.

However, the depth of her eyes made her delicate little face seem a little cold.

Alright, I'll wait then!

After paying the bill, Lin Hanxing left his address like before and asked the shop to send it directly to Yujing garden.

Just as he turned around, he saw Lei Xiao looking at Yuan Bao's pile of clothes, seemingly thinking about something.

Yuan Bao, on the other hand, was struggling to stuff the Jade necklace into his bulging pocket.

Sensing Lin Hanxing's gaze, Yuan Bao quickly put on an innocent smile.

"Did your aunt just call Yuan Bao Xiao Chen?"

Lin Hanxing walked back to Lei Xiao's side.

Although she still felt a little awkward, she chose to ignore it.

"Yuan Bao's real name is Lei Yanchen."

"Then why is Yuan Bao called Yuan Bao?"

Lei Xiao carried Yuan Bao in his arms, while Lin Hanxing walked beside him.

Whether it was intentional or a silent tacit understanding, neither of them mentioned the matter of Lei Xiao driving the car to the Civil Affairs Bureau.

When he heard Lin Hanxing's question, Lei Xiao's expression instantly became strange.

"When he was on his first birthday, he found my father's Secret stash of money that he had hidden under the sofa ..."

Lin Hanxing lowered his head and looked at Yuan Bao, who had actually hidden the Jade necklace in his pocket ...

He couldn't tell that this child had been a money-grubber since young!

"As a reward, my mother sent him a pure gold ingot with the money."

Lin Hanxing was stunned at first, then he took two steps forward. When he realized what Lei Xiao had said, he could not help but laugh.

She was good-looking to begin with.

In the past, he was always expressionless, giving people the feeling that he was extremely cold.

Lei Xiao looked at her side profile and did not say anything. He subconsciously wanted to reach out and pull her back to his side.

However, Lin Hanxing seemed to have seen something that made him suddenly stop and stand sideways ...

### **Chapter 157: Do you like it**

Her gaze was very serious.

The smile was still hanging on her lips, and her long eyelashes trembled slightly like butterfly wings.

Lin Hanxing's eyes were very beautiful, even without makeup, they were still very attractive.

That mole was like a stroke of genius, lighting up her exquisite beauty that no one else could copy.

Lei Xiao's eyes dimmed.

She was as dazzling as light.

While he was thinking, Yuan Bao's short and chubby hand touched his ear.

While he was looking down, the little sheep dumpling pouted at Lin Hanxing, signaling his uncle to look over.

The suits on display in the window of the luxury men's clothing section attracted Lin Hanxing's attention.

The moment she saw it, she thought of the Thunder valiant beast!

Lin Hanxing did not know why, but he could not forget the look in Lei Xiao's eyes when he turned around and saw him after he had paid for the children's clothing store.

He stared at the clothes she had bought for Yuan Bao, his eyes filled with envy and loneliness ...

The model was wearing a gray three-piece business suit.

The design of the Super cultivation body was obviously not something that everyone could use. Coupled with the high price, it made many people feel intimidated.

"Do you like it?"

Lin Hanxing turned sideways and looked at Lei Xiao.

It took Lei Xiao a long time to come back to his senses, realizing that she was asking about his preferences.

Even if he didn't show it on his face, he was a little flattered in his heart.

"Yes, I like it."

"Then let's go in and try."

Lin Hanxing led the way into the store and asked the shop assistant to bring the set in the cabinet.

Lei Xiao did not even have the time to refuse before he was pushed into the fitting room by Lin Hanxing along with his suit.

Meanwhile, Lin Hanxing sat on the sofa with Yuan Bao in his arms and started reading the men's clothing of the season's drawing.

"Yuan Bao, does your uncle like black clothes?"

If she remembered correctly, other than the time in Meng Song, he was always dressed in black.

"No, it's because he's lazy!"

Yuan Bao satisfyingly drank the fruit juice that the shop assistant poured for him, not giving Lei Xiao any face at all.

uncle doesn't buy clothes. It's uncle Anthony who picks them out every season and sends them to his house!

The sweet and sour orange juice made Yuan Bao squint his eyes in satisfaction.

Lin Hanxing knew about the Anthony that Yuan Bao was talking about.

It was the special Assistant who had given her the access card at the Lei Corporation.

Lin Hanxing flipped through the album and found that there were other relatively young and lively leisure designs in addition to the business ones. She quickly picked a few and ordered the shop assistant to bring them over.

The shop assistant's eyes were very strange.

She had been working for many years and had a good eye for people.

Although the man just now didn't say much, it was obvious that he had a high social status and was not to be trifled with.

However, he was extremely gentle to the woman sitting on the sofa.

The sales assistant didn't know if she had used the right words.

On the other hand, the woman sitting on the sofa was shockingly beautiful.

There was a Queen's aura between the lines, making people feel like they had to submit!

The fair-skinned one looked more normal, but as she drank her juice, she took out a handful of ...

The shop assistant took a closer look and gasped.

She decided to take back her words.

Which normal child would casually take out a handful of jade beads from his pocket?

While Yuan Bao was lying on the sofa counting the beads, Lin Hanxing got up and went to the tie section to pick one casually.

It wasn't until she heard the door of the fitting room open behind her that she turned around unhurriedly.

He was also holding a cigarette-gray tie in his hand.

However, when he looked at the Thunder valiant beast, his eyes and actions paused.

At this moment, the man standing in front of the full-length mirror was also looking at her through the mirror ...

### **Chapter 158: To reward you**

The Thunder valiant beast's eyes were as deep as the ocean.

Even though they were separated by a long distance, Lin Hanxing could still feel the darkness in his eyes.

The Smoky gray business suit looked just as she had expected on Lei Xiao.

To sum it up in two words, it was perfect!

Lei Xiao, who was nearly 190 cm tall, had a perfect body proportion. His handsome and upright body was wrapped in a slim business suit, which further highlighted his cold and strong side.

Seeing that Lin Hanxing did not speak for a long time, Lei Xiao turned around.

Lin Hanxing found it hard to describe what he was feeling.

The moment she saw him, her heart pounded as if it had been violently hit.

Lei Xiao's nose bridge was very high, so his eyes looked even deeper. Adding on his thin lips, he looked particularly cold.

Lin Hanxing and Lei Xiao looked at each other.

She seemed to want to say something to break the silence between the two.

However, he failed every time he tried to open his mouth.

In the end, Lin Hanxing decided to walk towards him.

"This suit suits you very well."

The closer he got, the more he could feel the masculine charm coming from the Thunder valiant beast.

Thunder valiant lowered his head to look at her.

He only saw Lin Hanxing's expressionless face.

What's wrong with her?

If Lin Hanxing knew the doubt in Lei Xiao's heart, she would never admit it ...

When he saw the Thunder valiant beast just now, he actually lost his composure.

At this moment, she was just trying to cover up this point, so she deliberately put on an expressionless look.

"You don't like me wearing this?"

Although she said that the suit suited her very well, her expression didn't seem to be the case.

Lin Hanxing did not answer. He just stood on his tiptoes and straightened the collar of Lei Xiao's Black shirt, helping him to tie the tie that he had specially chosen.

Her movements were very agile, and Thunder owl's eyes were also burning.

Lin Hanxing was annoyed by his stare, but what made her even more annoyed was that she could not calm down.

"That dress reeks of smoke."

Lin Hanxing randomly found a topic to talk about, avoiding Lei Xiao's gaze.

Hearing this, Thunder valiant beast grunted in agreement.

After she fled, Lei Xiao smoked more than half a pack of cigarettes alone before he managed to suppress the desolation in his heart.

Lin Hanxing's hand was still on the button of his tie, and he could not help but look up and meet Lei Xiao's eyes.

"What were you thinking at that time?"

After asking, Lin Hanxing felt that his words were a little out of place, and he did not expect Lei Xiao to understand.

Unexpectedly, after a moment of silence, the Thunder valiant beast responded.

I saw you buying so many clothes for Yuan Bao, but I didn't expect ...

Thunder owl didn't finish his words, but his meaning was clear.

Lin Hanxing did not expect him to answer and was a little stunned.

Looking at her, who was different from her usual calm and indifferent look, Thunder valiant suddenly had a mature smile.

"I'm very happy now."

Seeing the smile on his face, Lin Hanxing subconsciously looked away.

It was just a set of clothes.

“Consider it a reward.”

He had indulged her willfulness just now.

Those jade necklaces that she had cut off were very expensive, but Lei Xiao allowed her to use them as arrogant weapons.

The Thunder valiant beast did not speak for a long time.

He only lowered his head to look at her awkward expression.

“What do we do?”

Lin Hanxing suddenly heard Lei Xiao’s voice.

What do you mean?

She was confused by his sudden words.

She placed her palm on his chest, and the tremor of his heart seemed to resonate with her.

“I want to ...”

### **Chapter 159 family precept**

The direct consequence of the Thunder valiant beast’s actions was ...

Lin Hanxing did not say a word to him until they returned to Yujing garden!

Of course, he still bought the suit in the end.

Furthermore, it was Lin Hanxing’s card!

While waiting for the red light, Lei Xiao kept looking at the back seat through the rearview mirror.

He held the steering wheel steadily with one hand, but his mind was filled with her reaction when he was in the store.

The moment he finished speaking, Hanxing was stunned.

Then, a blush slowly spread from his cheeks to his small ears, and he couldn’t help but touch it.

The black Bugatti was driven into the garage.

Lin Hanxing held Yuan Bao’s hand and walked towards the elevator, with Lei Xiao following behind them unhurriedly.

The elevator was very spacious, but Lei Xiao deliberately stood side by side with Lin Hanxing.

“Uncle, how could you let aunt pay for it!”

The little sheep dumpling had a pained expression on his face as he put his hands behind his back like a little old man.

“Have you forgotten the Lei family’s rules that grandma told you about?”

Yuan Bao shook his head and sighed.

“What’s the family motto of the Lei family?”

Lin Hanxing was a little curious and deliberately ignored the burning gazes from beside him.

“The Lei family’s motto is to spend your own money to make your wife happy!”

“What’s the difference between a man who’s being supported by his wife and a gigolo!”

Yuan Bao snorted at Lei Xiao after saying that.

Uncle, Yuan Bao is looking down on you!

He had only been cool for two seconds when he saw Lei Xiao’s gaze slowly sweep over ...

Tactfully, Yuan Bao took two steps forward and hugged the Thunder valiant beast’s leg.

uncle, I was wrong. Yuan Bao loves you the most. Muah!

Lin Hanxing pursed his lips and smiled. The elevator door opened at that moment.

After entering the password at the door, Yuan Bao ran into the house happily. Lin Hanxing did not even look at Lei Xiao and was about to lock him outside the door. However, before he could do so, Lei Xiao’s foot was already stuck in the crack of the door.

“Still angry?”

The Thunder valiant beast tilted its head and looked at her, as if it was trying to imitate Yuan Bao’s cuteness.

However, it was really out of place with his expressionless face.

Lin Hanxing saw that there was no way to stop him from entering, so he turned around and walked towards the bedroom.

Looking at her back view, still angry, Lei Xiao helplessly closed the door ...

.....

In the bedroom.

Lin Hanxing leaned against the door and did not move for a long time.

What about Yingluo?

Yingluo wants to sleep with you!

Her fingers trembled slightly, and she felt as if her entire body was on fire.

She turned her head and looked at herself in the mirror, her face red ...

.....

“Uncle, auntie’s phone is ringing!”

Yuan Bao was sitting on the sofa, eating cream.

The phone that Lin Hanxing had thrown onto the sofa was vibrating non-stop.

Lei Xiao raised his head from the documents in his hand, his gaze falling in the direction of the bedroom.

He stood up and took Lin Hanxing’s phone from Yuan Bao. He was just casually looking down at the caller ID when his hand stopped.

It was a call from Yan Beichen?

Suddenly, Yuan Bao shrank his neck.

Why did it feel so cold in the room?

Um ...

An illusion?

Yuan Dabao shuddered as he watched his eldest uncle walk away.

Lei Xiao walked to Lin Hanxing’s bedroom in silence. He bent his fingers and knocked on the door. When he did not get a response, he opened the door lock.

“Hanxing, your ...”

The moment he finished speaking, he stopped abruptly.

“.....”

Lin Hanxing had obviously taken a quick shower in the bathroom and was currently applying body lotion on his body with one leg bent.

When he heard the Thunder valiant beast’s movement, he raised his head and his hand suddenly stopped.

The air was silent ...

The two of them stared at each other.

## **Chapter 160: Please don’t**

Lin Hanxing was obviously unprepared.

She naturally heard the knocking, but she didn’t want to bother with Lei Xiao.

She didn’t expect him to open the door by himself.

The air was filled with the elegant fragrance of Body Milk, accompanied by the vibration of a mobile phone.

“.....”

“.....”

“Your phone.”

Lei Xiao was the first to react. He walked over and passed the phone to Lin Hanxing.

However, his eyes were still fixed on her, unwilling to move away.

Lin Hanxing did not wash his hair. It was tied up loosely at the back of his head, revealing his fair and clear little face.

At this moment, she was sitting lazily by the bed, letting the sun shine on her body.

A soft Halo enveloped her, and an indescribable temptation surged in silence.

Lin Hanxing took it in a daze and subconsciously picked it up without even looking.

“Little Hanxing, you didn’t tell ah Xiao, did you?”

Yan Beichen’s voice was as aggrieved as it could get.

He even looked like he was begging for mercy.

God knew if ah Xiao knew what they were plotting, he would buy himself a coffin without even thinking about it!

Before Lin Hanxing could say anything, the man’s large palm had already passed her and pressed the speaker.

Whoosh!

Lin Hanxing mouthed to Lei Xiao.

“Please don’t tell him, or he’ll really kill me!”

Lei Xiao raised his eyebrows, his face expressionless.

At this time, he was only wearing a shirt and a gray vest. His tall and strong figure cast a dark shadow and covered Lin Hanxing firmly within the range of his reach!

“Time!” Lin Hanxing almost gasped when he finished speaking.

The shadow descended.

The smell of wood that belonged to a man surrounded her!

Lin Hanxing wanted to run away, but a strong arm had already blocked her slender waist.

11:30. I’ll send you the address later!

Lei Xiao could feel the person in his arms trembling.

“Don’t tell ah Xiao!”

After saying this, Yan Beichen hung up the phone.

From the beginning to the end, she did not notice anything strange about Lin Hanxing.

“.....”

Did it count if he heard it?

Lei ... the moment he hung up the phone, Lei Xiao forcefully covered Lin Hanxing’s mouth before he could say anything.

His eyes darkened as he pressed down on her domineeringly.

Lin Hanxing was originally just sitting by the bed, but when he got so close, half of his body slid down.

But Lei Xiao did not give her the slightest chance to escape. He reached out and grabbed her with force, lifting her back.

“.....”

Can’t you be gentler!

After a long time ...

Lei Xiao’s eyes met Lin Hanxing’s and his breathing was heavy. Where was his usual cold and unfeeling self?

Lin Hanxing was obviously not any better.

The two of them seemed to be sweating.

“Are you afraid?”

Feeling Lin Hanxing’s trembling body, Lei Xiao’s palm caressed her slightly curly hair.

The fragrance lingered.

Just now, he had not controlled his strength well.

The faint bruise on her wrist was a little glaring.

“What?”

In the past, his overbearing voice was tinged with an almost inaudible tremble.

His big palm slowly stroked Lin Hanxing’s hair by the side of her cheek, his movements gentle but powerful.

Lin Hanxing looked at him, his dark and deep eyes were like the vast universe, with a strong and soul-stealing attitude ...

Her mind went blank.

This man ...

Lin Hanxing's heart was beating happily.

After a long time, Lei Xiao saw Lin Hanxing shake his head.

Although it was almost inaudible, it still made this man, who was used to being overbearing, burst with joy ...
