

Goodnight 1551

Chapter 1551-a man of his words

The moment he opened his mouth, everyone's hearts would beat wildly. There was no joy or anger on his handsome and cold face, and his entire body exuded a King's coldness that kept people a thousand miles away.

Striding with his long, strong legs, Lei Xiao quickly reached Lin Hanxing's side.

"Hand over these two people and today's matter will end here."

Lei Xiao's invasive gaze slowly swept across every face in front of him, and finally settled on old Chai's face.

The dark-colored clothes made the man look even more dangerous, and his oppressive aura made the large space seem cramped!

"What if I don't?"

Old Chai's expression also darkened.

It would have been fine if he didn't know about this matter, but if he took his subordinate away in front of him now, where would he put his face in the future?

"The reason why the Hong gang can still exist is because my wife has given you some face from the beginning, otherwise ..."

A moment later, Lei Xiao's thin lips curled up.

But the smile didn't reach his eyes, which were like those of an Eagle soaked in a cold pool.

It was low and pleasant to hear, but it was not difficult to hear the sarcasm.

"Ha."

It was a simple word, but the profound meaning behind it could freeze one's bones and blood.

If anyone else had said these words today, they would have laughed at their insolence. However, the person in front of him was different.

He was the Thunder valiant beast!

He was a man of his words and a man of his words!

There were some things that he never said easily, but once he did, it would be a disaster for some people!

Old Chai's face turned ashen.

Even if others didn't know the severity of the situation, how could he not know?

Lei Xiao was a man that even the royal family of country G did not dare to mess with. The senanda family had suffered many losses because of these two men. Other than secretly causing trouble for them, would they dare to have a conflict with him in the open?

Cold sweat broke out on elder Chai's forehead.

If he handed the person over, he would lose all his face, but he could still ensure the safety of the entire Hong gang!

However, if he didn't hand her over, so what if he managed to save his face?

In his panic, old Chai subconsciously looked in Lin Hanxing's direction.

However, the only response he got was a cold and emotionless gaze.

Yingluo, you've really disappointed me.

Lin Hanxing's words suddenly appeared in elder Chai's mind. He couldn't help but think back to the moment when he had received the document. Would he have faced a completely different choice now?

"Old Chai, you should know my temper."

"Using the two of them to settle this grudge is the best choice for the current Hong gang."

Lin Hanxing said indifferently.

As soon as he finished speaking, Lei Xiao raised his hand and snapped his fingers. The subordinates who had come with him had already attacked like lightning. The Hong gang's subordinates who had blocked their way with an impassioned crowd earlier were now all thrown to the ground.

It was so fragile that it couldn't even withstand a single blow.

"You're going too far, stinky women ..."

Before the young clan leader could finish her words, her cheekbone was already tightly clutched by the man's large palm, and she was forced to raise her head.

"No one can be rude to my wife in front of me!"

When he saw the cruel and cold light flashing in Lei min's eyes, he belatedly realized that the young Hall master's cheekbone was already in severe pain as if it had been crushed, and he suddenly screamed in shock.

However, it still couldn't stop Lei Xiao's brutal force!

Everyone heard the sound of bones breaking. Even though they were experienced, they were still scared by this scene and their hearts were pounding.

With a loud cry, the young Hall Master who was still shouting just now fainted in front of everyone.

The moment he fell, he didn't even close his mouth.

The Thunder valiant beast lightly ground his rough fingers, his gloomy eyes sweeping across the scene in front of him.

“No! There was! People!”

[Chapter 1552](#)

1552 He’s just a brick of hard labor

It was like a hurricane was blowing on the ground, and no one dared to speak!

Yan beiming could not help but whistle in his heart.

After tonight, ah Xiao’s name as a ‘wife-doting demon’ would probably spread throughout country G ...

The kind that everyone knew about!

“Take him away.”

Thunder valiant beast’s face was covered in frost, his tall and muscular body was intimidating under the effects of light and shadow. The sharp and cold glint in his eyes gradually turned cold, as if he wasn’t the one who wanted to crush someone’s lower jaw with his bare hands.

There was no room for discussion!

The Hong gang watched as Lei Xiao’s men took the two men away.

It was as if he was treating trash.

“I’ll leave the rest to you.”

His strong dissatisfaction with them for delaying his time alone with Han Xing had already made Lei Xiao too lazy to say another word to this group of people!

He glanced sideways at Yun Bai and gave a death order in a deep voice.

Fine!

He’s just a brick of hard labor!

Move to wherever you need it!

Only the heavens knew that no matter how glorious he, Yun Bai, was in the eyes of outsiders, in front of Big BOSS Lei, he was just a small fry!

Weng.

Blue skinny.

She felt wronged.

She wanted to cry.

But he still had to do what he had to do!

“Let’s go home.”

The dangerous Blizzard-like aura instantly melted without a trace when it met his wife.

If not for the fact that so many people had seen it with their own eyes, they would not have been able to associate this man in front of them with the sinister and cold man from before!

"Alright," he said.

Lin Hanxing passed his hand to Lei Xiao and smiled gently.

Perhaps, only her ah Xiao could see through her fatigue at a glance.

The two of them walked back the way they came.

The deathly silence was contagious. No one dared to stop them, but their eyes couldn't move away from the two.

They were like two semi-circles that complemented each other in this world, and they were only complete when they were together.

He was so envious.

Jiang Xibao's big black eyes looked at the back of the two people, and he couldn't help but think of this.

Just as he was thinking about this, he was flicked on the forehead.

Jiang Xibao covered his head with his chubby little hand and tilted his head to look at Liang yuran in a daze.

"Still not following."

This short and fat little guy, if he didn't keep an eye on her for a moment, he would fall behind.

Lin Hanxing's footsteps were about to reach the door when he suddenly stopped. He turned around and accurately caught sight of old Chai, who was still standing in a daze.

The little pink Pig in Yan Beichen's arms snorted at the right time.

"Old Chai,"

Lin Hanxing's cold voice sounded.

"I will be waiting for you at the Li family tomorrow evening."

After that, he did not turn back this time.

But in the end, Lin Hanxing still gave elder Chai a way out for the sake of his grandson.

.....

"Mute uncle, Yuan Kang ..." He said.

Before he got into the car, Lin Hanxing suddenly remembered something.

The mute uncle came to her side silently.

I've given Dr. Zhong a call. Tonight, you guys will drive to Rou city. The mute uncle will temporarily stay by the side of the first Prince in Rou city to be on standby on behalf of Dr. Zhong. As for you, Yuan Kang, your mission is to bring Dr. Zhong back to Xuelan city by tomorrow.

Lin Hanxing gestured for his men to throw the car keys to Yuan Kang.

It would take about five hours to drive from Xuelan to Rou city. She left a few hours for the mute uncle to do a simple handover with Dr. Zhong to ensure that the first Prince of Rou city would be safe during this period of time.

"I know."

Yuan Kang took the car keys and answered with raised eyebrows.

Very quickly, he and the mute uncle started driving.

...

little Hanxing, why did you bring Dr. Zhong back? "

Yan beixiao looked at Lin Hanxing in confusion.

Lin Hanxing's unfathomable gaze was the only response he got ...

[Chapter 1553](#)

1553 Being tricked

On the way back.

In the car.

"Ah Xiao, what do you think about the Hong gang?"

Lei Xiao's sturdy arm rested on the armrest of his seat. He frowned and was silent for a moment.

"My fate has come to an end."

The scenery outside the car window kept moving backward, and the faint light fell on Lin Hanxing's face.

It was obscure.

"In the end, I fell into Yuan shaojing's trap,"

Lin Hanxing leaned back on the leather seat with all his weight, unperturbed.

when he left Jiang city, he specifically emphasized the current situation in country G to me. I'm afraid he had already guessed that the Hong gang would reach this stage under old Chai's leadership. He's letting me clean up the mess!

No matter which side collapsed, it was definitely not a good thing for the Chinese in country G.

Pulling one hair would affect the whole body.

Since she was already in the game, she would not let things happen.

“You have a tough mouth but a soft heart.”

Lei Xiao’s hoarse voice was magnetic and deep, and his silhouette seemed even more profound in the car that was immersed in the night.

Lin Hanxing turned to look at him.

Lei Xiao’s body still carried the fresh smell of a bath, the muscles wrapped under the black shirt were strong and dangerous, but the eyes looking at him were indescribably gentle.

“If I didn’t have a tough mouth and a soft heart, why would I have picked you up back then?”

Lin Hanxing raised his chin slightly, even his mole under his eyes was petite.

“You’re asking for trouble!”

In the next second, before she could react, the man had already left a mark on her lips that belonged to him.

He was caught off guard.

The finger that was originally pinching her chin scratched the tip of her small nose.

“That’s why I’ve become a big trouble that belongs to you!”

Lin Hanxing’s long eyelashes fluttered, her husband’s words were sweet to the heart.

Even the gloominess of the night disappeared.

“I’m hungry.”

Thunder valiant beast spoke again.

It wasn’t until he saw his wife’s meaningful look that he realized the ambiguity in his words.

“I’m really hungry.”

A rumbling sound was heard at an untimely moment.

Even through the shirt, he could feel Lei Xiao’s hunger.

Lin Hanxing grabbed Lei Xiao’s palm.

“Let’s go home.”

.....

Li garden.

“Ha? Little Hanxing, are you really going to accept the Lei corporation’s high-end makeup advertisement?”

Halfway through his supper, Yan beiming was so shocked by the news that the chicken drumstick in his hand fell back onto his plate with a clatter. His eyes were wide open as he looked in Lin Hanxing’s direction.

Even Liang yuran, Lei min, and the others stopped what they were doing and looked at her.

“Yes, I did.”

Lin Hanxing’s voice was calm, but Yan beiming seemed to be making a fuss.

“I’ll go! I’ll go! I’ll go!”

Yan beiming was not just making a fuss, he was so excited that he was about to explode. He was so close to hugging Bajie and dancing a dream Waltz ...

Of course, before he could do anything, Liang yuran had already covered his mouth because he was too noisy!

“?%.....#@%?#.....”

“What did he just say?”

Lin Hanxing pushed the kimchi that uncle li had made to Lei Xiao and asked.

Lei Xiao looked at Yan beiming with a neutral expression.

“Nonsense,”

The words were concise and comprehensive, it was exactly Thunder Valiant’s style.

Bai Xi leaned his head on Jiang Xibao’s shoulder and smiled like an 80-pound fool.

“No! I have an idea!”

With great difficulty, he managed to pull Liang yuran’s hand off. Yan Beichen’s eyes darted back and forth between Lei Xiao and Lin Hanxing, and he almost had an ‘I have a bad idea’ expression on his face.

...

“Do you still remember that perfume commercial?”

[Chapter 1554](#)

1554 Strong joining hands

At Yan beiming’s words, Liang yuran raised his eyebrows.

“What perfume commercial?”

Bai Xi asked enthusiastically, as if he didn’t mind watching a show.

He didn’t notice that Thunder valiant beast, who was sitting at the head of the table, had stopped moving.

He quickly returned to normal.

“Destiny?”

Fate.

Hearing this word, Bai Xi immediately reacted.

I know how to solve this question. Destiny is the out-of-print perfume that was sold under the Lei Corporation back then. It's still the most talked about perfume. I think it shot to fame because of a pre-sale advertisement!

She held her chin with one hand, and her eyes lit up when she talked about something she was interested in.

this perfume also established the Lei corporation's international status as a perfume brand. I heard that it was the Lei corporation's first product in the makeup and perfume industry. Is that true? "

Bai Xi looked at Yan beiming with curiosity.

of course!!!

"All these years, there's nothing that our ah Xiao can't complete when he decides to explore new areas!"

After he finished speaking, Yan beiming looked at Lei Xiao with a gratified expression, like an old father looking at a silly son of a landlord. Then, under the latter's deep gaze, he sucked in a deep breath of cold air and put on a fake smile.

"So?"

After being brothers for so many years, Liang yuran could vaguely guess what he wanted to say.

"The strong join forces!"

Yan beiming clapped his hands together, making a loud sound of excitement!

"The strong joining forces?"

A few pairs of eyes looked at him at the same time. The Tibetan Mastiffs ah Zuo and ah you, who had been lying on the floor, raised their heads in shock and stuck out their tongues in a daze.

"Why did that perfume sell so well back then? It's just on sale and it's already going crazy all over the world?"

Yan beiming retorted with an exaggerated expression.

"Of course, we can't rule out the possibility that our perfume is indeed good, but a bigger reason is because of our ah Xiao's selling of his body ... Oh, no, I mean, only by working hard can we create miracles!"

His two hands trembled in the direction of the Thunder valiant beast like seaweed.

"So?"

Jiang Xibao continued in a daze. Obviously, he had not caught up with the rhythm.

Yan beiming's shaking hands stopped, and a cheeky smile appeared on his face.

“For this advertisement, let little Hanxing and ah Xiao work together as a couple! Little Hanxing will be shooting the advertisement, and ah Xiao will be doing the advertisement lines in the post-production!”

After saying this, Yan beiming felt that he was as smart as he could be!

When he finished speaking, the others were stunned for a moment, then they all turned their eyes to Lei min and Lin Hanxing.

It was as if he was seriously considering the feasibility of Yan beiming’s suggestion.

On the other hand, Lin Hanxing’s expression was calm as he picked up the milk tea in front of him and took two sips.

The shooting of the advertisement this time had a very different meaning to her.

“It does seem pretty good!”

Bai Xi’s mind was filled with images, and finally, he did not say that Yan beiming’s idea was a bad one.

A click.

Lei min put down his utensils expressionlessly.

There was no joy or anger on his cold face, and he just looked at Yan beiming.

After all, he had also been traumatized. Yan beiming, who was originally in high spirits, instantly became like a quail, shaking his weak wings and not making a sound.

Tsk, I’m scared.

The atmosphere in the dining room suddenly became quiet.

It was as if a whirlwind was brewing.

Yan beiming’s pleading gaze fell on Lin Hanxing’s face. The latter smiled and continued to drink his milk tea, the sweet taste filling the air.

“It seems pretty good.”

Jiang Xibao’s reaction was obviously a few beats slower. When he finished speaking, he found that the atmosphere around him seemed to be a little off.

It was quite wrong!

[Chapter 1555](#)

1555 Are you awake?

Knowing his big brother’s temperament, Lei min had already picked up the coffee on the table and covered his mouth to hide his smile.

“Sure.”

In the dead silence, just when everyone thought that there was no hope, the Thunder valiant beast’s deep voice came into their ears. It was so shocking that they could not react for a long time.

"I must still be sleeping!"

Yan beiming's little hands reached out to pinch Liang yuran's face as he spoke, but before he could get close, Liang yuran's cold face had already reached out and grabbed his face.

"It hurts, it hurts, it hurts ..."

Yan beiming's entire face was pulled out of shape, enough to show the strength of Liang yuran's hand!

"Are you awake?"

Liang yuran sneered.

Not only did he wake up, he could even dance disco in front of his ancestor's grave!

Yan beixiao begged his grandfather and begged his grandmother before Liang yuran finally let him go. He rubbed half of his tender flesh and finally realized the fact that he was in the lowest position of the Paramecium in their Brotherhood!

Weng.

He stared at Liang yuran with sad eyes.

"What's with that expression!"

Yan beiming was angered by Liang yuran's expression.

"Xi Bao, translate!"

At this time, Bai Xi was smiling like a little fool. He reached out and turned Jiang Xibao's face in the direction of the two people.

"....."

Jiang Xibao did not realize how cute she looked when she answered in a daze in the eyes of others.

Liang yuran raised his eyebrows.

"Don't you dare touch me ..."

"....."

"....."

"....."

The moment these words came out of little Xi Bao's mouth so straightforwardly, Bai Xi's hahahahahaha could no longer be stopped and exploded in the Li family's Villa!

.....

The next morning.

The Li family, who had gone to bed late last night, was still quiet. The servants who woke up early were cleaning the house quietly and methodically.

What they didn't know was that at this time, country G's International Airport was already surrounded by reporters from the fashion industry. The tourists who were passing by thought that it was an idol young hunk who had come!

"F * ck, you guys also received the news?"

"You guys too?"

The reporters were chatting before they arrived.

Only God knew that all the reporters in country G who ran fashion lines were here.

tsk, who would've thought that the once-in-a-century old enemies would come together? Peter and Jennifer from IM X ... Even if I cut off my head, I wouldn't dare to imagine that they would be a couple!

Since they hadn't arrived yet, everyone gathered together to gossip. Their expressions were as if they wanted to take out peanuts and melon seeds from their pockets to share with the common people.

according to the inside information, Vogue came here with her whole crew last night!

Charter the plane!

"My God, half of the fashion industry has been shocked!"

He imagined the scene ...

With a gulp, everyone swallowed their saliva.

While the reporters from the fashion industry were still blocking the VIP exit, they didn't know that the person they were waiting for had already left the airport from another passage and was on the way to li garden in an extended Lincoln.

"I'm so excited right now!"

Peter looked as if he was on steroids.

Who would have thought that he had been waiting for this day for so long?

After receiving a positive answer from Hanxing yesterday, he contacted Jennifer and antantuer without a second thought, afraid that he would not be able to make it in time for the second bus that was parked on the eighth floor.

The latter two couldn't believe their ears when they received his call. Ignoring the time difference, after a short video call, the three parties decided to gather in country G to contribute to little Hanxing's comeback!

[Chapter 1556](#)

1556 support

Jennifer and Annunciata could not be bothered to talk to him. They had been planning for the shooting ever since they got off the plane.

Annatuer even paid for a private charter flight and brought her top filming team along, just so that she could personally watch and present Lin Hanxing's most moving side.

Time passed by, and soon, they would arrive at the Li family's residence.

In the villa.

"Uncle li, the security guard called and said that there's a convoy approaching."

Li Yuanjun furrowed his brows slightly.

The news that the clan head had reprimanded Gong Chen for breaking into the Hong gang's territory and given him a warning had spread throughout the entire Xuelan Kingdom overnight. Since last night, there had been busybodies using various excuses to inquire about the news.

Could it be that the Hong gang had brought people to take revenge?

Li binshou was also worried. Just as he was hesitating whether he should alert Lin Hanxing, a phone call broke the silence.

Li Yuanjun watched as li binshou picked up the phone. After a few words, his worried expression suddenly became subtle and even strange.

"What happened?"

After his morning run, Thunder valiant walked in from outside.

Li bingshou had just ended the call.

the security guard said that an unfamiliar fleet of cars was approaching. A foreigner even got out of the car just now. He was facing the security camera at the door ... Um ... Dancing? "

The Guard's exact words were ...

He was like a fool, excited and jubilant, mumbling something.

"A foreigner?"

The Thunder valiant beast paused.

He seemed to have thought of something. He picked up his phone and made a call.

Very quickly, the call was picked up.

"Hey, ray, guess where I am?"

Peter's breathless voice came from the other end of the phone very quickly, as if he had just finished a marathon.

"....."

Lei Xiao hung up the phone and asked li binshou to let the guard in.

"About the family head ..."

Li bingshou glanced upstairs.

"I'll go get them."

.....

Lin Hanxing was directly pulled out of bed by Lei Xiao.

"Peter's here."

However, in the next second, Lin Hanxing was completely jolted awake by Lei Xiao's words.

"Jennifer and annatuer should be here as well."

Her long eyelashes fluttered like butterfly wings, and she yawned slowly through the thin silk quilt. She was like a flower with dew on the branches in summer, making people reluctant to look away.

Lei Xiao made a sound of acknowledgment and turned to enter the cloakroom.

"The dark green one!"

Lin Hanxing placed a hand on his lips, a smile on his delicate little face.

Very quickly, the Thunder valiant beast came out.

In her hand was the dark green dress.

No one would have thought that the man who was respected in the business world would be like this at home.

After tidying themselves up as quickly as they could, Lin Hanxing and Lei Xiao went downstairs.

As expected, he saw three figures.

"My Princess!"

Peter opened his arms and walked towards Lin Hanxing excitedly, his face full of joy.

"Woof! Put down that girl ..."

Suddenly, a loud chuckle came from upstairs. Yan beiming ran down the stairs and pushed Lei Xiao.

"Let him come!"

"....."

"....."

"....."

The few of them stared at each other and looked at him expressionlessly as if they were looking at a fool.

"I'm just joking!"

Yan beixiao grinned, trying to dissolve the awkward atmosphere.

"I can't speak!"

...

Bai Xi yawned, his face full of disgust.

They had all seen each other when they fought against Han Mingmei's group in Jiang city. They could be considered old friends, so there was nothing to worry about between them.

On the other hand, the team behind Annatuer all looked at Lin Hanxing curiously.

She was the big boss behind IM X?

[Chapter 1557](#)

1557 An old matter

In the fashion industry, many people knew that Annunciata's career had once faced a crisis that was close to being destroyed.

At that time, Vogue had not yet been at the top of the top five fashion magazines in the world, and Annatuer's radical style had attracted many dissatisfaction.

Some of them were from Vogue, and some were from the outside.

And those with the intention took advantage of this opportunity to fan the flames, and for a time, rumors were rampant everywhere. Ghosts and monsters appeared together, and there was a posture of new and old hatred coming together to take revenge.

The world's luxury brands, which used to be able to rally a hundred people with a single word, had no movement this time. Even the modeling companies that followed her lead had joined the ranks of boycotting Annatuer.

It was as if all of a sudden, both her words and her breathing were wrong.

The original brand sponsorship was canceled, the agreed model stood up at the last minute, and even the management company behind it was incited to speak wildly ...

As long as she, Annunciata, was still in her position, they would never cooperate again!

Seeing that the day of publication was getting closer and closer, everyone was waiting to watch a good show, waiting for the female devil of the fashion circle to get out of the circle with a face full of dust!

What it meant to be besieged from all sides, just look at the Annatuer at that time.

Just when everyone thought that Annunciata would lose face and give up her position as chief editor, and even her subordinates felt that there was no hope this time ...

However, the appearance of a mysterious Eastern girl broke the stalemate.

To this day, no one knew what had happened in Annatuer's office that day, but it was like a stone thrown into a calm lake, instantly disrupting the whole situation!

At that time, IM X was just a small, unknown model company. Even with Peter's name, it was definitely not the choice of Annunciata.

However, it was also a model company that he had never thought highly of in the past that had successfully completed the cover task. With the help of his good friend, Jennifer ...

In just one night, the trouble was solved!

Because of this, the latest issue of Vogue had attracted a lot of people's attention after it was published. In just a short time, it had broken the sales record of Vogue in the past seven years!

It really made the eyes of those people who were watching the show with their own ulterior motives pop out!

No one had expected that when everyone thought that Annunciata was going to die, she could still turn the tables and make such a beautiful comeback!

It was a miracle in the fashion industry!

For so many years, annatuer had never mentioned this matter in public.

However, a certain staff member of Vogue revealed a small detail of that day in a private event a few years later.

That day, the mysterious and beautiful oriental girl walked into the door of the Vogue headquarters with a pair of black Chanel high heels in her hand. When someone tried to stop her, she was stopped by her bodyguards.

The crowd watched as she walked into annatuer's office with the pair of high heels. Two hours later, annatuer personally sent her out.

In the staff member's words ...

She had been by anathul's side for so long, but she had never seen her so proud and respectful to anyone, not to mention ...

She was just a young girl.

To this day, the people who had once opposed annatuer had long been forgotten by the fast-paced circle, but annatuer's name was firmly at the top of the global fashion circle!

As a reward for helping him in the crisis that year ...

[Chapter 1558](#)

1558 Saving who from fire and water

Annunciata had a permanent partnership with IM X. At the same time, she used her strong connections in the circle to promote the spring and summer clothing advertisement that IM X and Louis had collaborated on.

Everyone knew what happened after that.

Not only did this change the fate of IM X, but the 20-year long-term cooperation agreement also allowed IM X to jump to the top of the pyramid.

However, what everyone did not know was that the person who had the eye for talent and tried her best to get Lin Hanxing to film this advertisement was none other than anatul!

"I've brought my entire team."

A smile that was rarely seen in a thousand years appeared on Annunciata's face. If the reporters outside who were chasing after her saw this, they would definitely be shocked.

"I'll be in charge of your costume."

Even though Jennifer had claimed that she only designed clothes for the royal families of various countries, she was an exception when it came to Lin Hanxing.

"I'll be your cheerleader!"

Peter made a jokester-like action of shaking a cheerleading colored ball.

Not to mention the team behind Annunciata, no one would have thought that the three big shots in the global fashion circle would treat one person as a group pet.

He looked like he wanted to throw all his resources at Lin Hanxing!

"The theme this time."

Lin Hanxing passed the information that he had prepared earlier to Annunciata. He believed that with her sharp and accurate intuition, she would be able to pick the most unique angle.

"I have one more request ..."

Lin Hanxing looked into her eyes and said, word for word.

"....."

Upon hearing this, annatuer's expression was helpless.

"Who are you trying to save this time?"

From the moment she received Peter's call and found out that cold star was going to take on this advertisement, she had a vague feeling that something was wrong. It was only when she finished her request that anatul suddenly understood.

Lin Hanxing's smile was the only response she got.

alright, I won't ask anymore. You have your reasons for doing things anyway. But as for the sponsorship ...

"I'll take responsibility."

Thunder owl's voice was unquestionable.

With a clap, Peter clapped his hands together, his expression like the dust had settled.

“Let’s start!”

.....

The snow orchid was particularly lively today.

In the morning, the reporter who had been running the fashion line all over Xuelan had failed to find her at the airport. When she returned to the office dejected, she unexpectedly received another tip-off.

The branch directors of the top ten luxury jewelry brands in country G moved out at the same time. These former rivals had actually gathered at the Lei Corporation at this time!

Is the sky going to rain red?

Before the reporters could recover from the shock of this news, another piece of news exploded in their ears.

The important figure that they had been waiting for so long in the morning was also at the Lei Corporation at the moment, preparing for the filming of the group’s makeup promotional video this year.

At the same time that this news was spread, the Lei corporation’s country G Branch also entered a temporary state of closure and refused all visitors.

Even so, it couldn’t hold back the enthusiasm of the reporters who swarmed in after hearing the news.

The reporters surrounded the Lei corporation’s branch in country G so tightly that not even a drop of water could pass through. They only wanted to get first-hand information as soon as possible.

Under the scorching sun, the group’s iron-faced security guards had no intention of making any concessions, not to mention the group of people who wanted to sneak in from the front and back doors. In less than half a minute, they were all packed up and thrown out.

People were like this. The more people didn’t show you something, the more uncomfortable it was.

Just as everyone was in a hurry to get some information, the sound of a car came from not far away.

The reporter turned around subconsciously and was shocked.

[Chapter 1559](#)

1559 A big move

An escort car with the of country G’s most well-known security company entered the crowd’s sight.

As everyone knew, the company’s minimum quota for escorting goods started from 80 million. Even if the quota was enough, it still depended on whether the company had the time.

That’s right, he was that cold!

But even so, there was still an endless stream of customers who asked this company to escort them. After all, since the opening of the company, the zero failure rate was displayed here. Who wouldn’t be tempted?

The van slowly came to a stop at the entrance of the corporation.

The moment the door opened, the escort personnel, who were legally equipped with loaded guns, came down. Their sharp eyes scanned every entrance and exit of the main road. After a long while, they made a gesture to the Lei group's security guards.

The Lei corporation's security guards quickly cooperated and separated the reporters, making way for them.

The escorts carried boxes of diamonds and accessories out of the car without even blinking, while the escorts guarding the entrances and exits loaded their guns with a few clicks in order to respond to any sudden crisis.

It was only at this moment that the reporters accidentally discovered that the Lei corporation's security guards were wearing their badges that not only had the Lei corporation's on them, but also the security company's. No wonder the two groups of people were so perfectly matched!

However, to be able to hire this security company, the Lei family must be really rich!

The reporters were secretly thinking about this, but the next second, when they saw the white diamond, they were so shocked that they almost fainted on the spot!

They must have brought all of Xue Lan's Diamond reserves.

Countless dazzling diamonds reflected a luxurious glow under the sun. Not to mention the women present, even the men were reluctant to look away from them.

The air seemed to be filled with the smell of dollar ...

The bank vault employee was the last to get off the car. After checking each box one by one, he couldn't wait to go through the revolving door.

After all, with so many eyes staring at them, no one could remain unmoved.

"Isn't this too exaggerated ..."

Since the morning, the fashion industry reporters who had been bombarded with explosive news had been on the road of envy, jealousy, and hatred, never to return.

"This lineup, are you sure it's just for an advertisement?"

It was annatuer Jennifer Peter's, the directors of the top ten luxury brands in G country were all gathered here, and now the Lei Corporation was even sending diamonds over ...

Are you sure? it's just an advertisement?

What kind of money-burning advertisement was this?

"Did you take any photos just now?"

There were so many diamonds and jewelry. Even if he couldn't send them out, he could go home and have a look!

As he thought about this, the reporters who used to fight for news began to share the exclusive photos they had taken with each other in a harmonious manner.

Just as the atmosphere was about to turn into a happy and harmonious one, a man dressed like an assistant suddenly walked out of the revolving door.

“My dear reporter friends, please go back.”

The other party had a polite smile on his face and seemed to be very easy to talk to.

“Also, Mr. Ley has a special reminder. Regarding the photos taken today ...”

I know, I know.

We’ll clean it up ourselves.

The reporter rolled his eyes in his heart. Big Boss, Big Boss, I can’t afford to offend you!

“You can deal with it however you like.”

After that, the assistant turned around and walked back into the company.

“.....”

“.....”

“.....”

‘Casually deal with it ...’ Did that mean that it was what they were thinking?

For a moment, no one spoke.

All the reporters looked at each other, and the friendly and happy atmosphere instantly froze.

F * ck!!!

Their exclusive!

[Chapter 1560](#)

1560 Such an insensible person

Like a sudden clap of thunder, the clamor from last night had yet to completely die down, and in a short time, the headlines of all the major media outlets in Xuelan were occupied by the news of today’s advertisement shooting by the Lei clan.

In the royal family.

The second Princess Consort’s charming face had a disdainful sneer.

“You’re really busy!”

The little B * tch had just caused a ruckus in the Hong gang, and now she was shooting an advertisement again. She was everywhere, it was really annoying to watch!

The nanny seemed to have something to say.

The second Princess Consort understood tacitly and hurriedly waved her hands to disperse the servants.

“It’s done?”

When only she and the nanny were left in the room, the second wangfei’s voice suddenly became anxious.

The nanny shook her head.

The second Princess angrily slammed the table.

The nanny also shook her head and sighed. During this period of time, she didn’t know what the second Princess Consort had been touched on. She insisted on sending people to seduce that Lei Xiao, and always said that she didn’t believe that there was a cat in this world that didn’t like to steal fish.

But ...

There really was!

When she heard the report from the people below, the nanny was really incredulous to the extreme!

She had lived for more than half of her life and had never seen a man in such a high position who was so clean!

She was so clean that the people they sent had no room to display their skills!

It was impossible to even create a chance for a chance encounter!

Who would believe this?

Not to mention the others, even the nanny herself was stunned when she heard it!

“I’ve never seen such an insensible man!”

The second Princess Consort was so angry that she almost crushed her silver teeth. Her expression was ferocious.

It had been more than ten days. How could he not have succeeded even once?

“Why do you have to do this?”

Even though she was a child who had watched her grow up, even the wet nurse could not understand what the second Princess Consort was doing.

Right now, the conflict between the second Prince and Eric had reached the stage where it was turning white hot. The previous battle for the Crown Prince had already greatly damaged their strength, so instead of wasting time on this matter, they might as well help the second Prince pave the way.

What the nanny could think of, how could the second Princess Consort not think of it? it was just that at this time, her heart was occupied by an indescribable jealousy and hatred.

“Second Princess Consort, you ...”

The nanny saw the jealousy and hatred in her eyes and was shocked. Could the second Princess Consort be ...

"I just can't accept this!"

Seeing that the nanny had misunderstood, the second Princess Consort sighed and looked at her reflection in the mirror.

Unknowingly, there were already a few strands of white hair.

Back then, su bu had once refused to marry first consort Amiya for Eric's mother. He had even tried to shake the authority of the entire Xuelan royal family with his own power.

But he still compromised in the end.

Even though he had been so reluctant to be in-laws with the senanda family, he had still married her into the royal family in the end.

So what if they found Eric's mother? they still couldn't protect her.

In their eyes, how could love be compared to the benefits of family?

"Is there really such a man in this world?"

Putting love before family interests?

Even if he had to sacrifice himself, he still wanted to protect the person he loved?

The nanny did not say anything, but she finally understood where the jealousy and hatred in the second Princess Consort's eyes came from.

"Second Princess Consort, the most important thing now is the second Prince."

With a sigh, the nanny Still said this reminder.

The second wangfei's finger paused, and then a self-deprecating smile appeared on her lips.

That's right, she could only be like this for the rest of her life, but her son still had infinite possibilities. As long as he became the SU 'er of Xue LAN, it didn't matter whether it was the first princess or Lin Hanxing ...

No one would be able to ride over her head again!

"Nanny, it's time for farrick to stabilize ..."

The second Princess Consort suddenly said.

"You're thinking of ..."
