

Goodnight 1601

[Chapter 1601](#)

1601 A new chapter

The next day.

When Zhan Nanheng arrived, he also brought the news that farik had woken up.

“Farik wants to see you.”

Zhan Nanheng picked up a grape and put it in his mouth. He squinted, as sweet as first love.

Before he came in, he had already seen the grape vines in the yard. The leaves were purple and red, and even those who didn't like to eat grapes couldn't help but want to pick two bunches. He wondered how the Li family raised them.

“See me?”

This request surprised Lin Hanxing.

Why would farik want to see her?

yes, he said he wanted to see you. Hey, can I bring some grapes back? ”

At this moment, there was already a pile of grape skins in front of Zhan Nanheng. When Lin Hanxing wasn't paying attention, Zhan Nanheng even pinched his hands and secretly pulled them in his direction.

PA.

Lin Hanxing reached out and hit his wrist.

“That's too much!”

Zhan Nanheng clutched his wrist, looking aggrieved.

“Uncle li,”

Lin Hanxing rolled his eyes and shouted for uncle li to quickly add some grapes for Zhan Nanheng so that he wouldn't be brainwashed by the demonic sound.

After all, ever since he stopped being a celebrity, Zhan Nanheng could be said to have completely let go of his true nature in front of his friends, especially when it came to food. It was as if he wanted to get back at all the pain he had suffered from managing his figure in the past.

Li binshou walked out with a smile, a basket of purple grapes in his hand.

Perhaps it was because the head of the family had returned this year, but whatever was planted in the courtyard would grow especially well.

At the sight of the grapes, Zhan Nanheng's grievance was immediately swept away and he smiled like a silly son of a landlord.

“Master.”

Li Yuanjun came in from outside, holding something in his hand.

“Someone sent this over.”

It was an envelope.

Lin Hanxing reached out to open it but was stopped by Zhan Nanheng.

Perhaps it was because he had been an idol for a long time and had stayed in the royal family for a long time, he would never open things of unknown origin without permission. Previously, Zhan Nanheng had suffered a lot from his anti-fans.

“It’s fine.”

Lin Hanxing had pinched it just now, so he had a rough idea.

Shangguan shixiu must have sent them.

He opened it.

As expected, there was a grass Dragonfly lying quietly inside.

There was also a small card.

Qianqian, congratulations on getting the chicken head. Also, remember what I said.

The writing style was different from Shangguan shixiu’s, and it had a vigorous and powerful style.

“Who is it?”

Zhan Nanheng looked over and felt that the other party was being very mysterious.

“I find that you’re getting more and more gossipy!”

Lin Hanxing glanced at him and said in an unpleasant tone.

“I’m just feeling relaxed after the first victory!”

Zhan Nanheng’s handsome face was all smiles. At first glance, he looked like uncle Jin. Indeed, they had been together for too long and had been assimilated.

“It’s too early for you to be happy.”

Lin Hanxing played with the grass Dragonfly with his fingers, and the conversation he had with Shangguan shixiu that day appeared in his mind.

There’s a ferocious beast lying dormant beside you, waiting for the right time to bite you.

He was wary of the people around him.

The corners of her lips curled up into a playful smile.

“Why is your smile so creepy?”

Zhan Nanheng subconsciously rubbed his left and right arms. He finally understood the feeling that Yan Beichen had described.

It could only be understood but not explained.

“You should go back!”

Lin Hanxing casually picked up a match from the table and lit it up. He placed the card on top of it and soon, a flame jumped up.

The ashes scattered.

“Aren’t you going to provoke farrick?”

He thought he could open his eyes again.

...

Lin Hanxing gave him a sidelong glance.

“Am I that free in your eyes?”

He could see her just because he said he wanted to?

Did she not want her face?

Zhan Nanheng laughed, got up, and walked out with the grapes.

“Zhan Nanheng.”

Lin Hanxing called out to him from behind.

“Three days later, gather at li garden and set off for Rou city.”

.....

Three days later, li garden.

The higher-ups of Hua Ji, who had been busy with the Hong gang, gathered at the entrance of li garden today, not to mention the other people who had come to see them off. No matter how wide the entrance was, it was now packed to the point that not even a drop of water could pass through.

...

If not for Lei Xiao’s presence, Lin Hanxing would have immediately turned around and left.

Not to mention, Hua Ji ...

When she thought of the sunbathing photo that old man mu had posted on his moments the other day, she was instantly filled with anger!

What right did old man mu have to be able to eat, drink, and have fun in Jiang city? Yet, she had to clean up his mess in country G!

Why?

“Miss Lin.”

Zuo Xiangdong walked over with a smile, pretending not to see the murderous look in Lin Hanxing’s eyes.

As the saying goes, you don’t hit a smiling person. Zuo Xiangdong had to widen his smile and pray that it would work.

“Hehe, you see ...”

As he spoke, he looked at Lei Xiao for help.

Thunder owl only smiled and said nothing.

Zuo Xiangdong looked at the others behind him for help, but as long as they made eye contact with him, they would immediately turn their eyes away. They would rather pretend to be blind with bad acting than to answer casually.

“That’s enough,”

Lin Hanxing finally gave in and sighed.

“Aren’t you prepared to accompany me to Rou city?”

As soon as he finished speaking, the eyes of the three Hall Masters behind Zuo Xiangdong lit up.

“Miss Lin, how did you know?”

“.....”

“.....”

“.....”

With such a large suitcase not far away, who could not see it unless they were blind?

To be able to ask such a question, they must be blindly worshipping Him!

I won’t change my promise just because I’m going somewhere. This is my promise.

Lin Hanxing was a person who would never say anything. As long as she made a promise, she would do it. Since she had taken over Hua Ji in front of everyone, she would not leave it behind for any other reason.

“That’s great! The Hua Ji and Hong gang members in Rou city have already received the news and are waiting for miss Lin, Mr. Lei, and your friends!”

Hua Ji and the Hong gang had branches all over country G. Going to Rou city would be the perfect place to settle the things that needed to be settled. Perfect!

“.....”

Lin Hanxing turned around and walked towards the fleet of cars that had been waiting by the roadside. His back view was determined.

He really wanted to fly to River City and drag old man mu back!

The sports car's roar was heard at this moment.

Yun Bai did a handsome drift and got out of the car, not forgetting to make a cool pose in front of everyone.

"I've brought good news,"

He couldn't hide the smugness on his face, and he was holding a file in his hand.

He walked towards the couple.

"I've found the person you're looking for!"

With a whistle, the portfolio was placed in front of the couple.

it's all thanks to the person who gave you the photo last time. I followed the photo and found some clues. If you leave now, you should be able to see him this afternoon.

Yun Bai raised her eyebrows.

Lin Hanxing looked at him and pulled out the document from the file with a serious expression.

"It's her!"

Zhan Nanheng responded in a low voice almost at the first moment he saw the message.

"It's aunt Qin!"

Even though time had left too many cruel marks on her, Zhan Nanheng still recognized her at first sight!

[Chapter 1602](#)

1602 Aunt Qin

On the way.

The scenery outside the car window moved quickly.

The light fell on Lin Hanxing's frosty and delicate face, and his eyes were clear.

"What are you thinking about?"

Lei Xiao's powerful palm covered the back of her hand, and Lin Hanxing grabbed it in return, their fingers intertwined.

The warmth spread between their fingers.

"I'm afraid that there will be changes in Heng Sheng."

Lin Hanxing confessed his worries, his hands unconsciously playing with Lei Xiao's fingers.

"When did the word" fear "appear in our Hanxing's dictionary?"

Lei Xiao's face was immersed in the light and shadow, his deep-set facial features unconsciously exuding a mature male charm, just like when Lin Hanxing first met him.

Lin Hanxing laughed when he heard the teasing in his words.

"It started when I met a man called 'Thunder valiant'."

After she finished speaking, she naturally leaned forward, rubbed the tip of her nose against Lei Xiao, and blinked.

She was so alluring that she didn't even know it.

Suddenly, with lightning speed, Lei Xiao pulled Lin Hanxing into his trap. The latter's eyes widened in surprise, and a smile bloomed on his face.

"How could this be ..."

If it wasn't for the obvious feeling, she wouldn't have believed it.

She hadn't even done anything yet!

"Don't you know that a man's nose is very sensitive?"

Lei min's face was as calm as water, his mature and hoarse voice numbing one's bones.

"I suspect that you're driving, and I have sufficient evidence!"

Lin Hanxing placed his hands on his shoulders and raised his head proudly.

"Are you going to arrest me?"

Lei Xiao took the initiative to extend his two hands in front of her, making a gesture of surrender, but his handsome face had a charming smile.

"Why can you say that with such lust?"

Lin Hanxing surrendered and buried his head into the Thunder valiant beast's neck.

Lei Xiao laughed as he reached out to pull her into his arms, his thin lips landing a few gentle kisses on the side of her fragrant hair.

Because it's you ...

That was why he could say these words so easily.

"Don't be afraid, Hanxing,"

He stroked the back of her head with his strong and powerful palm, as if to comfort her and to show his nostalgia.

"No matter what happens, I will always be here."

He promised.

Lin Hanxing sniffed the pleasant wooden scent on his man and the corners of his lips curled up uncontrollably.

"I know,"

.....

Rou city.

To the people of Rou city, today was still an ordinary day.

However, this ordinary feeling was broken by the evening.

The busy pedestrian street was suddenly occupied by dozens of Mercedes Benz Maybach S600s. They were neat and uniform, and each of them was a bulletproof car with VR7 safety standards. The streamlined body of the car was matched with black bulletproof glass, like a beast that could easily devour people, bringing a terrifying visual feast.

It was mighty.

One by one, they drove down the street.

In the eyes of others, it was no less than the head of state's entourage.

The pedestrians on the road stopped almost at the same time when they saw the dozens of cars and saluted them with their eyes. They couldn't help but guess how prominent the identity of the people in the cars was!

However, no one knew that the first destination of this luxurious fleet was the most unremarkable residential building in the Main City of Rou city ...

At the same time, there was a crisis happening there!

In the other car, Zhan Nanheng's baby face was covered in frost.

All the muscles in his body tensed.

The closer he got, the more his posture became like a drawn bow, waiting for the last moment to be completely released.

At the same time, in the other cars.

"Why is my heart beating so fast?"

Bai Xi put his hand over his heart, his expression not looking good.

"Nonsense, whose heart isn't thumping."

...

Yuan Kang replied in a bad mood.

"No, surnamed Yuan, you don't understand ..."

Bai Xi didn't continue. She understood this feeling. Every time she had this feeling, something bad would definitely happen.

When they finally arrived at their destination, their premonition came true.

The convoy stopped moving when they were about a few hundred meters away from their destination. Even from far away, they could see the raging fire and thick smoke spreading rapidly.

It was a shocking sight!

Lin Hanxing quickly got out of the car and looked in the direction of the fire with a serious expression.

The others also opened their car doors and got out, looking at the same place.

"Eric....."

All of a sudden, Zhan Nanheng, whose nerves had been stretched to the limit, ran in that direction like an arrow that had put all its eggs in one basket!

"Follow him!"

...

Lei Xiao turned his head and ordered his subordinates in a deep voice, his tense and cold facial features serious.

Although Zhan Nanheng had already prepared himself for the worst, when he saw the scene in front of him clearly, his blood froze in an instant.

The old residential building was completely engulfed in fire, and the screams of the neighbors were deafening.

He didn't move.

When Lin Hanxing walked over, he saw Zhan Nanheng in this state.

"Can he still be saved?"

In fact, all of them knew the answer to this question, but only when Lin Hanxing said it himself would Zhan Nanheng feel that it was real!

"Unless she can come out earlier, otherwise ..."

Even if a God came, such a big fire would only turn them into ashes.

A ray of hope lit up in Zhan Nanheng's eyes, but it was quickly extinguished.

"That's impossible ..."

"Not necessarily."

Lei Xiao's words interrupted Zhan Nanheng.

Zhan Nanheng turned to look at him, his dark eyes filled with anxiety.

Thunder valiant beast hinted with his eyes.

A group of residents was gathered together, muffled by the initial shock and screams. It was no wonder Zhan Nanheng didn't notice.

Everyone looked at each other and quickly walked over.

"What do we do? Is aunt Wu beyond saving?"

"Why isn't the ambulance here yet?"

"God damn it ..."

The residents chimed in one after another, and the woman in the middle, whose body was charred black, was obviously exhaling more than she was inhaling.

"Please make way."

Suddenly, a cold female voice sounded behind them.

Everyone subconsciously made way, then turned around and gasped.

She had recognized Zhan Nanheng first!

After all, she was the National treasure of country g. Her face could not be ignored no matter where she went. If it wasn't for the inappropriate time and place, they would have already pounced on her.

But now, their home was in danger, who would have the mood to do so?

Lin Hanxing took advantage of the time when they were distracted to come to the woman called 'aunt Wu'.

"Cold star ..."

Song Chenxi pushed her wheelchair to the side.

Lin Hanxing raised his head and met eyes with song Chenxi. Then, he touched 'aunt Wu's' abdomen.

Lin Hanxing's expression turned serious as soon as he touched it.

He was injured by a knife.

She silently mouthed to Lei Xiao.

The fire was not the real source of death. The real source of death was the wound on his abdomen.

The force was so deep that the bones could be seen.

Lin Hanxing had touched it just now and could even vaguely feel traces of internal organs.

He was hopeless.

"Save her ... Ask her what happened!"

Zhan Nanheng's emotions were out of control at this moment. If Yan Beichen had not noticed and prepared in advance, he would have rushed over and screamed!

Perhaps sensing something, the woman who had been on the ground, dying, reacted.

He let out a cry of pain ...

[Chapter 1603](#)

1603 His words were also kind

It was as unpleasant as the sound of bellows, and it also indicated the decline of life.

Qin su opened her eyes with great difficulty. Her memories before the fire also came back to her!

Someone had tried to kill her and her son!

Qin su had seen such a method many years ago. She had even escaped from death ...

However, fate could not be avoided. From the day the jewelry box saw the light of day, she knew that this day would come sooner or later. She pitied her son, but he did not leave a single word behind ...

Tears gushed out of Qin SU's blackened eyes.

"Qin su ..."

The cold voice exploded in her ears. It had been many years since someone had called her that.

Looking in the direction of the voice, Qin SU's originally weak body twitched violently.

"Bai ..."

The name that she had thought she had forgotten was blurted out like crazy.

A simple word made Lin Hanxing's eyes burn with a cold fire.

"Bai Rou, she is my mother."

His voice was calm, but it was burning with a temperature that was unforgettable.

Upon hearing this, Qin SU's body started twitching again.

She couldn't hold on much longer.

This was something that everyone was well aware of.

"Auntie Qin, do you still remember me?"

Zhan Nanheng asked through gritted teeth, his eyes fixed on the dying woman on the ground.

How could she not remember?

These were all debts, all sins on her body!

"Long ... Long family ... Yu ... Long Qing ... Ru ..."

Perhaps Qin su had too many things to say, but the moment she blurted it out, it was chaotic.

“The child ... I ... Lost it ...”

Qin su finally said this.

During that time of turmoil, she had been entrusted by the long family to escape with that child.

At first, she had indeed treated the child as her own and doted on him. However, after a year or two, three or four years, not only did the environment not improve, but it also became worse day by day, until ...

She didn't know where the news came from, but it was said that the long family had fallen and all of them had been taken care of. Qin su was afraid. She was so obsessed with this child that she left him in Hucheng, which was now near Jiangcheng.

However, who knew that the long family didn't fall. The moment they sent people to find her, she panicked and could only hurriedly make up a story to brush it off. She wished she could disappear on the spot. However, the long family believed her and even treated her as an important guest and brought her back to the long family to take good care of her.

Qin su had once thought of being honest.

However, she couldn't bear to give up all the privileges that the long family could give her. That was a vanity that ordinary people couldn't imagine!

That was until the young lady who had been adopted by the long family secretly exposed her ...

Long qingru!

Long qingru!

She was like a nightmare!

At such a young age, he was so scheming that even she, an adult, was afraid!

He had coaxed the entire long family to turn round and round when he had just arrived!

little ... Be careful ... She ...

The intense pain in her abdomen gradually faded away. The moment she finished speaking, she seemed to have completed her mission and all her energy was sucked out.

“You're not allowed to die! You're not allowed to die!”

Realizing what was going to happen next, Zhan Nanheng, who had just calmed down, exploded again. Yan Beichen hurriedly tried to hold him back again, but this time, Zhan Nanheng was even crazier than the last time, and even Yan Beichen was having a hard time.

“F * ck! The one surnamed Yuan, come over and give me a hand!”

In a moment of desperation, Yan beiming had no choice but to call out to Yuan Kang.

Lin Hanxing stood still and looked down at Qin su, who was on her last breath.

Her words verified all the speculations they had made before.

At the same time, Lin Hanxing's heart was burning with a raging flame.

For that position!

Just for that position!

All the hardships she had suffered in the past ten years flashed through her mind like a trotting horse lamp!

"Star!"

Just a second before Lin Hanxing's eyes were about to be consumed by blood, Lei Xiao's powerful warmth pulled her back to reality.

"She's dead."

Thunder owl's large palm held her hand tightly, his deep voice calm and rational.

...

Yes, it was.

Qin su was dead.

He lay on his back in front of this old and dilapidated residential building that had been blackened by smoke, his eyes wide open.

Lin Hanxing raised his head.

Looking at the flames that were still burning, the scorching temperature even at this distance was enough to make one's heart churn.

"Yeah, she's dead."

.....

Mount Yulong, capital city.

It was very quiet in the study. Master Yan was practicing his calligraphy as usual.

This was his habitual action when he was thinking.

On the other hand, Xiao Zhang, who was in charge of his daily life, was often distracted today, as if he was hesitating about something.

...

"What do you want to say?"

Elder Yan's angry voice suddenly rang out, scaring Xiao Zhang, who was in a daze.

"Elder Yan ..."

Xiao Zhang came back to his senses and immediately stood up straight and saluted.

"If you have anything to say, just say it."

Xiao Zhang had been by master Yan's side for a long time and was familiar with master Yan's body language. Now, he knew that if he didn't say anything, there would be trouble. He finally blurted out the matter that he had been hesitating for a few days.

"There's something that I discovered ... When I was investigating the previous incident ..."

Xiao Zhang's words made elder Yan frown subconsciously.

In the past, Xiao Zhang was a very straightforward person. He would never stammer when he spoke.

"It's also ... Related to miss Lin."

After saying this, Xiao Zhang seemed to be relieved of a heavy burden. After all, this matter was of great importance. If the long family intended to protect long qingru, then everyone who knew about this matter would probably be asked to keep their mouths shut.

"Lin? You mean Lin Hanxing?"

Elder Yan put down his pen and looked up at Xiao Zhang with his sharp eyes.

"Tell me, tell me everything in detail!"

Five minutes later ...

Elder Yan didn't speak for a long time, his hands on the table.

"Miss Lin's parents ..."

If it wasn't for elder Yan's request for a thorough investigation regarding the matter of Xue Lan's second consort, these things would probably never have been known by others. The mud that was brought out by the radish was too dirty.

"Bastard!"

Elder Yan suddenly flipped the things on the table to the ground. He was obviously too angry, and his roar could even shake the room.

Xiao Zhang did not say a word.

Back in Jiang city, he had heard about miss Lin's past, but no one had expected that the long family was still connected to her past 18 years of suffering. They just didn't know ...

With her vengeful personality, if she really found out the truth, would she immediately rush to the capital to fight with the long family? if that really happened ...

the long family's lifelong belief and righteousness were all destroyed by her hands!!

Elder Yan's voice was like a great Bell, but it was obvious that he was really angry. Even Xiao Zhang, who had followed him for many years, subconsciously took a few steps back.

“Investigate! Go and investigate! Why did long qingru do those outrageous things to that girl’s parents? Investigate!”

[Chapter 1604](#)

1604 EHESS

Green sea Villa.

The green ocean Villa was located in the center of the rich District of Rou city. The residents there included the entire upper class of Rou city. The security was extremely high, and it was not difficult to see the extraordinary wealth of the residents here.

The property that Xue Lansu had not bought for Zhan Nanheng was located here.

At four o’clock in the afternoon, the green sea Villa area suddenly became lively.

One of the villas, which had been idle for many years, finally welcomed its owner.

When dozens of black Mercedes Benz and Maybach S600s appeared at the same time, it was no less shocking than the sight of the head of state’s arrival.

His subordinates were moving everyone’s luggage in an orderly manner.

No one spoke.

Everyone was still immersed in the Great Fire.

Everything went on in silence.

“Who do you think it is?”

Zhan Nanheng’s voice was hoarse, and the redness in his eyes faded away. The moment he opened his mouth, it also symbolized that his rationality had officially returned.

“Who else could it be?”

Who else would be so sensitive to Qin SU’s appearance starting from the jewelry box?

Moreover, she had a sister who was a Princess in Rou city.

“Why is the timing so coincidental?”

Zhan Nanheng looked up at the sky and laughed at himself.

Lin Hanxing’s eyes blinked as he said that.

The timing was so coincidental. Was it really a coincidence, or ...

The atmosphere was tense, but the sound of a car came from afar.

“Hanxing,”

Thunder valiant beast looked towards the source of the voice and reminded.

A black Rolls-Royce with the Royal of Rou city was parked nearby. The bodyguard in the front seat got out and opened the door from the outside.

The next second, Yeres's face appeared in everyone's line of sight.

His handsome face had an innate air of nobility, and it was not difficult to see the charm of his deep facial features. The iconic smile at the corner of his mouth highlighted his luxury.

"Mr. Ley, I've long heard of your great name."

Yeres's gaze first fell on Thunder valiant, his attitude respectful and humble, without the slightest bit of arrogance of a Prince.

Thunder owl's cold eagle eyes swept over him, but he didn't say anything.

The strong aura made the smile on the corner of EHESS' mouth slightly freeze. Although he was prepared, he was still suppressed by an inexplicable pressure from his body to his heart, almost causing his proud self-control to collapse.

"Yes."

After the word Thunder valiant came out of his mouth, the atmosphere turned cold.

The smile on the corner of Yeres's mouth could no longer be held.

He had heard about the Thunder valiant beast's temper, but hearing about it and experiencing it personally were two different things.

"Miss Lin."

He turned to Lin Hanxing and smiled.

"Second Prince, what brings you here without an invitation?"

Lin Hanxing's lips also curved into a thin smile, but compared to Lei Xiao's reserved coldness, her rudeness was already on the surface.

He was really ... Extremely arrogant!

No matter how well he tried to hide his thoughts, they could not escape Lin Hanxing's eyes.

He saw through it, but he was too lazy to say it.

Zhan Nanheng was still standing there, but in terms of status, irises was the first to greet ah Xiao. This was clearly looking down on Zhan Nanheng's behavior from the bottom of his heart.

Yeres took a deep breath in his heart, but he continued to smile.

"Guests, you've come from afar. As the host, I would like to treat you to dinner tonight."

The deep flute sound exuded a deliberate charm.

Tsk, he couldn't even compare to ah Xiao's toe.

Lin Hanxing, who was in a bad mood, complained in his heart.

“Your aunt was also defeated after inviting us last time, and she lost in such an ugly manner ...”

Lin Hanxing continued to smile the same way he did with EHESS.

“There’s no need for us to say anything. You should know this better than anyone else.”

Thunder valiant continued the sentence unhurriedly.

A sure kill.

Zhan Nanheng, who was standing a step away from the two of them, forced down the corner of his lips to stop himself from laughing out loud. He didn’t know if it was his imagination, but why did he feel like his parents were ‘reasoning’ with the classmate who bullied their son?

Wait ...

...

Son?

Zhan Nanheng’s handsome baby face fell instantly.

“The two of you really know how to joke.”

hehe ... yeres laughed dryly, and his smile finally cracked.

“Second Prince, no matter why you’re here today, I’m afraid I’ll have to disappoint you.”

Since she had already said so much, there was no need to continue. Lin Hanxing might as well shed all pretenses of cordiality. After all, her time was precious, so precious that she did not want to waste it on someone she did not want to do.

because your aunt once hurt the most important person to me. So, whether it’s her, the senanda family, or even you and Lady Daisy, I won’t let them go. Don’t waste your time.

Lin Hanxing’s expression was completely restrained. When she was not smiling, her full-on aura made her cold and strong.

This was the first time that yhars and Lin Hanxing met, and it was also the first time that he faced Lin Hanxing’s sharpness.

The famous ‘smiling Prince’ stopped smiling.

Lin Hanxing felt that this face was a little more pleasing to the eye.

...

“Are you so sure?”

It had been a long time since EHESS had seen such an ungrateful person, and his voice revealed a bone-chilling coldness.

“So, miss Lin, you want to do what you did at Xuelan, to kick me out of this position and help my crippled brother to take over?”

Yeres laughed again, but this time it was a cold laugh.

“As long as I’m happy, nothing is impossible.”

Yeres’s eyes turned completely cold.

His heart was filled with even more hatred for his aunt.

What kind of big trouble did she get herself into?!

“If that’s the case, even if you have Mr. Lei to protect you, I will definitely not let this matter go!”

“That’s great,”

Lin Hanxing’s response was completely out of his expectations. What’s good about it?

“Because I hate ...”

“What a boring opponent!”

As soon as he finished speaking, the entire space was sealed in ice.

After saying what he needed to say, there was no need for EHESS to stay. Just as he was about to turn around and leave, Lin Hanxing suddenly called out to him.

“Prince ihees.”

Yeres stood still and didn’t turn around.

“Walk steadily. Don’t trip over the stones on the road.”

Lin Hanxing said meaningfully.

Yeres flicked his sleeves and left!

“It’s him.”

When the car that yhees was in completely disappeared, the spark in Lin Hanxing’s eyes was also covered in frost. However, he quickly returned to his usual calm appearance.

“You mean to say ...”

Zhan Nanheng, who was still struggling with the relationship between his parents and their son, suddenly understood what Lin Hanxing was implying.

Qin su was dealt with by yhars?

Zhan Nanheng’s fists clenched tightly, and the veins on his forehead throbbed.

“Are you angry?”

Lin Hanxing turned around and faced Zhan Nanheng.

Zhan Nanheng didn’t say anything.

some people were born to be our opponents. After being angry, you should get your spirits up. It's not good for you to be too immersed in anger.

Lin Hanxing's words were serious and realistic.

But it made Zhan Nanheng suddenly wake up!

"Our journey in Rou city has just begun."

[Chapter 1605](#)

1605 A conversation filled with thoughts

Night fell.

Lin Hanxing stood quietly in front of the floor-to-ceiling window in the study. The mirror reflected her exquisite but cold face.

The wall lamp was yellow.

Three walls of the study were occupied by books, arranged neatly according to their categories. The decoration of the Black Real Leather sofa gave a strong visual impact to those who entered for the first time.

It was nine O'clock, the time she had agreed to meet with master Yan.

Lin Hanxing, who was in the dark, was wearing a black dress, which made his skin look even whiter.

However, the frost that had condensed between his eyebrows was so thick that it could not be melted.

It was just nine O'clock when a video call lit up on the computer. Lin Hanxing stood up and answered the call.

Master Yan's serious face appeared on the other side.

"Little Lin."

If it was the Lin Hanxing of the past, he would have been able to tell that something was wrong from the simple words 'elder Yan'. However, seeing that she was also thinking about something else today, he did not hear anything special.

"I'm sorry, master Yan. The person you asked me to find is no longer around."

Lin Hanxing briefly explained how Qin su and her son had died in the fire. Elder Yan, who was on the other end of the video call, was speechless for a long time, but it was obvious that his sharp eyes were covered with a layer of darkness.

"Did she say anything in the end?"

Elder Yan's voice was hoarse. In his life, he had always patted his chest and said that he had a clear conscience. However, after Xiao Zhang had said those words to him, he could not face the girl in front of him with the same clear conscience.

If ...

If he really found out that long Qing was related to the Lin couple's death, how should he face the Lin girl? What could he do to make up for it? Even though elder Yan knew better than anyone that neither guilt nor compensation could compensate for the pain, he ...

He really couldn't think of any other way.

Lin Hanxing did not answer elder Yan's question immediately.

If she told the truth, long qingru would definitely be involved. Not to mention her mother's identity, if the long family knew that an outsider had found out about her secret, what would they do? she didn't want to cause any more trouble at this time.

"It's fine if you say it. No third person will know of our conversation today."

Elder Yan understood the meaning behind Lin Hanxing's silence.

Lin Hanxing looked at elder Yan on the other end of the video call, as if he was considering.

However, elder Yan frowned the moment she looked up. He didn't know if it was his illusion, but he seemed to see the shadow of his family in this girl.

"Qin su was the one who lost the child."

Lin Hanxing finally spoke. Almost at the same time, elder Yan, who was sitting opposite him, crushed a teacup with his hand. The loud sound of the teacup being crushed was really frightening.

She could tell that this was the answer that master Yan wanted. As for the other part of Qin SU's sentence, Lin Hanxing would not reveal it to anyone.

"Where did you throw it!"

As long as elder Yan thought about the past, he would feel a bone-piercing pain.

All these years, someone had spread the news that someone had brought the replica to the long family. Their anticipation had been worn away time and time again, and not a single one of them was true!

At first, he had his suspicions, but after his suspicions, there was no evidence to prove that there was someone manipulating it.

Jiang city.

Lin Hanxing could not say that.

Even if she knew that she might be related to elder Yan by blood, she couldn't give in.

Lin Hanxing shook his head.

Elder Yan's body collapsed like a mountain. Although he was prepared, when he saw Lin Hanxing shake his head, he still felt as if a thousand arrows had pierced through his heart. He was speechless for a long time.

Time passed by.

Through the screen, Lin Hanxing looked at elder Yan's condition, and his heart felt heavy.

What was the long family's attitude towards the missing child? Was the whole family hoping for this, or was it just master Yan? All sorts of problems were like huge mountains in the middle, making it difficult for people to cross over.

Lin Hanxing could not take the risk.

"I thought I would be able to find Qin su and ..."

He wanted to know the whereabouts of his niece to comfort his sister's soul in heaven!

At this moment, even with elder Yan's strong self-control, the huge heart-wrenching pain still made him feel dejected. Even his face darkened.

I'm sorry, sister. I'm sorry, brother-in-law.

Back then, he was the one who had handed his niece to Qin su. Who would have thought that this farewell would last forever!

"Elder Yan ..."

Lin Hanxing finally couldn't bear to see her like this and opened his mouth.

"Perhaps, no news is the best news."

Hearing this, elder Yan fell into a long silence.

"I've heard some things about you during this time."

After a long while, elder Yan spoke again. He had recovered most of his usual state, but the fatigue between his brows was too obvious.

Lin Hanxing did not say anything, not knowing what he was up to.

"I thought elder Yan had already heard of it in Jiang city."

...

Lin Hanxing said, but his voice became colder. He thought that elder Yan was warning her to keep her mouth shut. His small, expressionless face was delicate but cold.

Master Yan noticed this and quickly understood what she was thinking.

"I didn't mean it that way."

He coughed twice and leaned most of his body weight on the back of the chair.

"I don't have any intention of threatening you,"

Elder Yan might as well make it clear, but he couldn't make it clear because long qingru might have been involved in those things.

"I just wanted to say, if you're willing, can you acknowledge me as your granduncle?"

Elder Yan's expression was kind and his eyes were filled with warmth. Although he looked tired, the warmth that seeped out of his bones when he spoke of this made Lin Hanxing's fingers tremble.

"If my niece was still alive, I think ..."

Elder Yan didn't finish his sentence and just looked at Lin Hanxing through the video.

He didn't know if it was because he had the intention to treat her as his godrelative, but the more he looked at this girl, the more he felt an inexplicable sense of familiarity. This also made elder Yan's mood finally improve tonight.

...

I know it's a little rushed to bring this up today, but when the four sons are gathered and you come to the capital with ah Xiao, I'll make a solemn announcement to the public again. What do you think, Lin girl?"

Lin Hanxing remained silent.

Perhaps he didn't know what to say for a while.

If her mother knew that she and her maternal granduncle had somehow managed to re-establish their relationship through this method, what would her mother think?

"Alright," he said.

When this simple word came out of Lin Hanxing's mouth, both Lin Hanxing and elder Yan secretly heaved a sigh of relief.

"When you come, I will personally bring you to the long family. Are you willing?"

Elder Yan asked again.

It was obvious that he was determined to stand on Lin Hanxing's side no matter what long qingru did.

However, elder Yan wasn't prepared to state this meaning.

"I'm willing to."

At that time, he would really have to settle all the scores at once!

[Chapter 1606](#)

1606 Orange candy

The next day.

Hearing that they had arrived, sacred hands excitedly rushed to the green sea Villa early in the morning.

He had accumulated a lot of grievances in Rou city during this period of time, and he had waited for them to come. He had to seize the opportunity.

Hence ...

Half an hour passed ...

An hour passed ...

An hour and a half passed ...

When Lin Hanxing, Lei Xiao, and the rest woke up and came down, they were greeted by the sad eyes of sacred hands little cutie, who was hugging a pillow and lying on the sofa with a sad face.

She exuded a weak, pitiful, and helpless emotion from the inside out.

"If there's something, it's Zhong Wuyan. If there's nothing, it's Xia Yingchun!"

Sacred hands rested his chin on the pillow and spoke in an aggrieved manner.

"Hmph!"

He turned his head away and threw a tantrum.

"You're still acting like you're being wronged!"

Yan beiming sat on the sofa with his little pig in his arms and started yawning.

"I feel wronged! I feel wronged!"

Sacred hands's hair was dyed silver, and he wished he could roll on the comfortable leather sofa.

As he spoke, he peeked at Lei Xiao and Lin Hanxing from the corner of his eyes.

He saw the two of them sitting on the other side, smiling at him with a 'I'll watch you continue' look.

"....."

He laughed so hard that Holy palm shivered.

"What time is it now?"

Lin Hanxing had a warm smile on her face as she took the tea from the mute uncle's hands. The White mist that surrounded her made her mole even more dazzling.

"Seven ... Half-past seven ..."

With every word he said, sacred hands 'body shrank a little on the sofa.

"What time was it one and a half hours ago?"

Lin Hanxing's voice was still lukewarm.

Sacred hands subconsciously swallowed his saliva.

"Six, six O 'clock."

"What?"

Lin Hanxing smiled as he looked at sacred hands, but the smile did not reach his eyes.

A strong gust of cold air from Siberia swept through the villa, making sacred hands shiver. With a strong desire to survive, he threw the pillow in his hand to the side and smiled exaggeratedly.

The only thing missing was the three big words 'desire to live' written on his face!

"I'm just excited to know you guys are here!"

At the end of the sentence, the sacred hand shamelessly acted cute, almost making Yan beiming laugh and lie on Liang yuran's shoulder, who had only returned to Rou city at 3:30 last night.

"Besides, it was old su who didn't let me come early."

If it wasn't for the fact that they had just arrived yesterday and it wasn't appropriate, old su would have called him over last night.

"Ninth young lady, breakfast is ready."

Uncle Jin appeared with a smile.

Sacred hands couldn't help but smile at him gratefully, thanking him for saving his life from the fire.

Jiang Xibao, Bai Xi, and Yuan Kang were also coming down from upstairs while rubbing their eyes.

Seeing Xi Bao, Liang yuran, who had been sitting on the sofa, straightened up, almost shaking Yan beiming's waist.

"Tsk."

Yan Beichen could not help but tutted, for this fool who was pretending to be an idiot, but was actually just waiting for the girl's attention.

"It smells so good."

Jiang Xibao smelled the aroma of the food in the air and could not help but smile happily.

"Stupid ..."

Liang yuran snorted coldly. His voice was so low that no one could hear him clearly except for Yan beiming, who was standing close to him. His eyes were fixed on the chubby little girl standing not far away.

His cold face did not look like he had only slept for two to three hours.

"Breakfast, breakfast ..."

However, Jiang Xibao did not even look at him and was about to walk towards the dining room.

The temperature on Liang yuran's side suddenly dropped to the bottom.

Even Lin Hanxing, who was sitting far away, could clearly feel it, and he glanced over at Liang yuran.

...

"Xi Bao."

"I'm here,"

Although she could not concentrate because she was hungry, Jiang Xibao was able to respond to Lin Hanxing's call immediately. This had almost become her instinct.

“Didn’t you notice that there’s an extra person here?”

Lin Hanxing suggested.

“There is!”

Jiang Xibao blinked, and a crescent moon appeared on his fair and chubby face.

Liang yuran’s thin lips curled up slightly.

“Him,”

Jiang Xibao pointed at the silver-haired Sage hand.

“.....”

...

“.....”

“.....”

Liang yuran’s face instantly became expressionless.

If not for the inappropriate occasion, Yan beiming really wanted to beat his chest and laugh out loud. Even Liang had such a day, hahahahahahahahaha ...

Lin Hanxing and Lei Xiao looked at each other and could not help but cover the smile on their faces.

“And then?”

Lin Hanxing couldn’t bear to look at Liang yuran’s face.

“It’s the smell of mushroom and vegetable buns,”

Jiang Xibao took a deep breath. It smelled so good!

Bai Xi laughed out loud. Xi Bao was indeed the happy one in their team.

“Let’s eat, let’s eat!”

Lin Hanxing pretended to cough, stood up and pulled Lei Xiao towards the dining room. She could only help Liang yuran up to here.

The group walked towards the restaurant.

Liang yuran walked the slowest. At this time, his whole cold face was expressionless, and his whole body exuded a cold air.

Suddenly, something tugged at his sleeve.

He pulled.

Liang yuran turned around.

In the next second, she met a pair of bright Crescent eyes.

“You’re back.”

Jiang Xibao’s chubby face was full of smiles and his eyes were bright and shiny.

In an instant, Liang yuran’s expressionless face relaxed. He put on airs and hummed, deliberately slowing down his pace to open up a distance from the person in front of him.

“This is for you,”

Her soft little hand approached Liang yuran, making him subconsciously open his big palm along with her movement.

A piece of orange candy was lying quietly in Liang yuran’s palm.

“It’s delicious. I saved it for you.”

Giving someone else food that he liked was already the highest form of expression for a little foodie. Realizing this, Liang yuran’s eyes softened again, and the feeling of suffocation in his chest disappeared completely.

Jiang Xibao smiled, revealing his sharp little canine teeth, which made Liang yuran’s fingers a little itchy.

“Yes, thank you.”

Liang yuran’s voice didn’t have any ups and downs, cold and restrained.

However, when Jiang Xibao walked past him and entered the restaurant, he clenched his fists and the corners of his mouth curled up crazily.

Hmph, I’ll forgive you.

Short winter melon.

.....

After breakfast, Lin Hanxing and the rest prepared to head to the royal family.

“You don’t know that first Prince najilie’s temper. He is as difficult to deal with as you want him to be!”

Even though he had been talking the whole morning, sacred hands couldn’t help but start to complain again. It was clear that he had been really suffocated during this period.

Suddenly, a sharp cry broke through the air!

Everyone subconsciously raised their heads and looked towards the source of the voice.

Looking closely, it was actually a fierce Falcon!

It was charging in their direction!

The vultures were ferocious by nature and even dared to attack animals that were several times larger than them.

It was extremely dangerous.

“Ninth young lady!”

Bai Xi and Jiang Xibao subconsciously wanted to protect Lin Hanxing, but they saw Lin Hanxing reach out his finger to his lips and blow a loud whistle.

The Falcon, which was originally in a diving position, landed intimately on Lin Hanxing’s shoulder like a bolt of lightning!

[Chapter 1607](#)

1607 The Falcon that became a spirit

Everyone was dumbfounded by this scene!

It should be known that the nature of a Falcon was fierce. It used the impact of a high-speed dive and its sharp dagger-like claws to hunt for food. The prey that it targeted would either bleed into a River or lose half of their life. Who had ever seen such a docile Falcon?

“You scared me to death.”

Bai Xi patted her chest. Just now, her heart was in her throat.

She was even prepared to protect Lin Hanxing even if she had to be disfigured.

“This Falcon is too handsome!”

Yuan Kang’s eyes were wide open, and he subconsciously reached out to touch it.

But before he could even get close, the Falcon’s sharp beak had already come at him fiercely. If not for Yuan Kang’s quick reflexes, he would have probably performed what it meant to have his blood splattered all over the place!

“F * ck, so fierce!”

Yuan Kang held his hands in fear.

Lin Hanxing laughed as he pointed at you Xi’s head. The latter instantly turned into a silly bird. It was so silly that it wanted to stuff its entire body into Lin Hanxing’s arms. However, before it could actually do anything, the back of its neck was pinched by the man’s rough fingers.

“Why didn’t it bite you!”

Yuan Kang wailed.

“Maybe it depends on the appearance whether it will bite or not.”

Bai Xi ‘fanned the flames’ at the right time, and Yuan Kang was so angry that he almost wanted to put on a show of strangling her to death.

The Falcon obediently allowed Lei Xiao to pinch its neck. It was no longer as ferocious as it was before, and even let out a low cry to please him. Its cowardly appearance did not show any signs of being a tyrant among birds.

“Be a good girl today.”

Lei Xiao's voice was low and rich, intoxicating people who heard it.

It was like a response, the Falcon cried softly, and one could see the flattery in its eyes.

"This Falcon has really become a spirit!"

Yan beiming, who was holding his little pig in his arms, could not help but laugh. It was rare to see such a human-like person.

"Bring it to the royal family?"

Lei Xiao looked at Lin Hanxing. He was very familiar with this Falcon. It was like the fragrance of the green plum wine that lingered between his lips and teeth, causing him to reminisce about the scene from that day.

"I think the first Prince is lacking a pet."

As soon as Lin Hanxing finished speaking, the Falcon seemed to understand and spread its wings in protest.

"I'm only borrowing you for a few days,"

Lin Hanxing smiled and comforted her.

Only then did the Falcon calm down again, the word 'tsundere' written all over its body.

"Let's go," he said.

.....

"Xing, have you ever thought that master Yan might have noticed something?"

Lei Xiao's Black suit today fully displayed his cold aura, his strong muscles were hidden under it, and his tall and firm figure was upright and Noble.

Based on his understanding of elder Yan, there was a deeper meaning behind his decision to treat Hanxing as his godrelative.

"You mean, the incident with second Princess Consort Xue LAN caused elder Yan to ..."

Thunder owl did not say anything.

This was just his intuition.

The black streamlined business car slowly drove into the Royal territory of Rou city. Compared to the royal family of Xuelan, this place was obviously more low-key and solemn, giving off a strong sense of historical significance.

In the car, Lin Hanxing poured a cup of medicinal wine for the wine-loving Falcon, little white, to calm its restlessness.

They soon arrived at their destination.

Perhaps it was because of old SU's orders, the speed of entry was extremely fast, and even the security check was exempted.

And old su actually came out to welcome them personally!

Lin Hanxing and the others had just gotten out of the car, and the two groups of people did not even have time to exchange pleasantries. Suddenly, a waiter ran over in a hurry, looking anxious. It was obvious that something had happened.

After whispering a few words, old SU's face also became serious.

"What happened?"

Lin Hanxing asked coldly.

"Follow me."

Even though old su tried his best to keep a calm expression, his staggering feet betrayed his true emotions.

Did something happen to the first Prince?

[Chapter 1608](#)

1608 Na jilie

Lei Xiao reached out to help old su up.

"What are you panicking for?"

Lin Hanxing raised his hand and let the Falcon fly. The Falcon's swooshing instantly shook the sky and clouds, causing everyone standing there to subconsciously look up at the sky in search of the source of the sound.

The Falcon swooped down fiercely in the Royal territory.

"Send someone to bring sacred hands 'medicine box over."

Lin Hanxing retracted his gaze. Compared to the other people's impetuosity, this couple was calm and steady. Even though they knew that something had happened, they were still as steady as a mountain, giving people a strong psychological support.

"Hurry!"

Old su calmed down immediately and waved his hand to order his confidant to do as Lin Hanxing said.

"Let's go," he said.

Zhan Nanheng had seen all of this and remembered it in his heart.

Before he left for Rou city, his father had specifically told him to stay by Lin Hanxing's side and talk less and watch more. Zhan Nanheng also knew that his childhood friend had brought him along to pave the way for his future.

The group of people headed towards the first Prince's residence.

The sharp-eyed Yuan Kang saw a shadow in a corner and was about to speak.

"Don't mind him."

Lin Hanxing did not even turn his head, as if he had eyes on the back of his head.

After hearing this, the others no longer paid attention to the spies in the dark. They straightened their backs and followed behind ...

.....

The first Prince's residence.

Before entering, everyone was the first to smell a strange smell.

Thunder valiant beast turned around to look at sacred hands, who pushed the door open with a serious expression. A thick, pungent smell of blood assaulted their nostrils.

"You guys are here."

Dr. Zhong finally heaved a sigh of relief when he saw that it was them.

The younger brother went to the green sea early in the morning, but it was at this time that something happened to the first Prince, najilie, who had just had his breakfast.

He vomited blood again.

Moreover, it was different from the small fights in the past.

If sacred hands had not left a life-saving medicine before he left in fear of accidents, it was uncertain if najilie could have held on until they arrived.

Sacred hands' medicine box was delivered at the same time.

"Where did the problem come from?"

Old su didn't ask anyone to send breakfast over. If there was really a problem with the breakfast, he ...

Lin Hanxing did not say anything. He exchanged a look with Lei Xiao and the latter shook his head without a trace.

It was obvious that the two of them had the same answer to this question.

It had nothing to do with breakfast.

However, if it had nothing to do with breakfast, it must have something to do with people.

Lin Hanxing sneered in his heart when he thought of his meeting with yhars the day before.

It was more like a response and warning to her words yesterday.

The so-called 'smiling Prince' couldn't stand the excitement?

That was good too. After all, the first thing Lin Hanxing wanted to do today was to clean up the house. Since he was so eager, she would go with the flow and kill the chicken to warn the monkeys.

On the other side, sacred hands was quickly helping first Prince na jilie to draw blood from his fingertips.

"F * ck, you gave me a fright."

After confirming his thoughts, holy hands's serious expression relaxed a lot.

"It's not serious. Don't be afraid."

He didn't know where those people got these crooked things from, but in front of him, with all due respect, they were all trash, little trash that didn't pose any challenge at all!

After hearing sacred hands' words, the others finally felt relieved.

After all, if it weren't for the sacred hands, the first Prince wouldn't have been able to survive until now.

"If you're afraid of being nauseated, you can leave first."

Holy hands, who was about to reach for the medicine box, seemed to have thought of something. He turned to look at Lin Hanxing. After all, the next scene might not be so pleasing to the eye, so it was better to let him know in advance.

After all ...

According to Ray's character, if he disgusted his woman, he would definitely cut him into eight pieces.

Sacred hands imagined the scene and swallowed nervously.

Lin Hanxing shot a cold glance at sacred hands.

"Alright, alright."

The Holy hand pouted his mouth in grievance and reached out to take a snuff bottle from the medicine box. As soon as he opened it, a subtle and indescribable smell spread in the air.

Sacred hand, who had subconsciously placed his other hand under his nose, quickly stuffed it under first Prince na jilie's nose. He counted a few times in his heart and then jumped to the side with extreme speed.

...

"Ugh ..."

The sound of vomiting was heard almost at the same time Holy hand jumped away.

First Prince najilie was seen lying on the side of the bed, opening his mouth and vomiting!

In an instant, the entire room was filled with a strange smell.

"....."

"....."

“.....”

Yuan Kang, Bai Xi, and the others turned around and walked out without thinking, almost throwing up with them.

He finally understood how ‘kind’ sacred hands’s warning was.

“Ah!”

Someone’s exclamation was faster than their actions.

...

The female servant who was originally standing at the side screamed. Even though she quickly covered her mouth with her hand under old SU’s gaze, the fear in her eyes could not be hidden.

Yuan Kang and Bai Xi looked at each other and then at the pile of vomit at the same time.

It was black and could still move ...

[it ... Can move?]

“What is it?”

Yuan Kang curiously inched closer. When he was close enough to see what it was, he felt his scalp tingle!

The thing that was spat out could not only move, it could also wriggle!

The thin black leeches were scattered on the ground, covered in mucus and blood. Any normal person would scream at the sight of this. This scene ...

It was enough to make Yuan Kang have nightmares for an entire year!

“F * ck!”

“I already said it would be disgusting.”

Sacred hands tutted gloatingly.

“Go and get a bucket of water.”

Lin Hanxing said coldly.

Old su took a deep breath and tried to make his expression look normal compared to this group of juniors, even though he was also disgusted by those things and looked at his confidant.

Very quickly, the water was sent over.

“Holy hand, clean these leeches one by one.”

“.....”

“.....”

“.....”

Tsk, what a strong taste!

But he didn't dare to disobey.

Sacred hands, who thought he could escape from the sea of suffering, continued to hold the bucket while picking up the fresh leeches with tweezers. He threw them into the bucket and blanched them. Then, he threw the clean ones into a transparent bottle.

"....."

"....."

"....."

This scene was too beautiful, and no one could bear to look at it.

"Will najilie be alright?"

Old su was still worried.

Sacred hands glanced at him.

"Drink the medicine and you'll be fine after a good sleep. It's just a small trick."

These leeches were not yet fully formed, so they were not very lethal. At most, they would make people vomit a little more blood. The smell of warning was stronger than the smell of harm. He heard that yesterday ...

Sacred hands' eyes rolled back and forth as he rinsed the leech.

It looked like ...

Juan Zi, you're not that smart!

"Wake him up,"

Lin Hanxing's voice still did not have any warmth, but the moment he finished speaking, everyone subconsciously looked in her direction. At the same time, from the corner of their eyes ... They looked sympathetically at the first Prince, na jilie, who had just been emptied of his body and was resting with his eyes closed.

Wake ... Wake him up ...

[Chapter 1609](#)

1609 The eldest Prince who was forced to open his business

Sacred hands did not dare to hesitate. He suppressed the guilt in his heart and woke up first Prince najilie.

Na jilie opened his eyes.

His dark eyes accurately captured Lin Hanxing's direction.

If looks could eat, Lin Hanxing would have been cut into pieces by najilie.

“Miss Lin.”

His voice was even gloomier than his eyes.

Her pale skin, which had not seen the sun for many years, was still blue because of what had just happened. The thin lips under her tall nose were tightly pursed. Other than her eyes, which were still considered bright and clear, her entire face was no different from having one foot in the coffin.

Lin Hanxing finally found a trace of conscience.

“Sacred hands, carry him to the wheelchair.”

“.....”

“.....”

“.....”

Wake up! Is this your last bit of conscience?

If not for the inappropriate occasion, the sacred hand really wanted to give na jilie a bitter tear. After all, there was probably no other Prince in the entire G country who was so miserable.

Just as holy hands was thinking about this, najilie was already coughing madly from anger.

Fortunately, he was there. Otherwise, he was really afraid that this person would be angered to the point of no good or bad.

“Ah lie just ...”

It didn't seem like old su was going to plead on his grandson's behalf, but Lin Hanxing raised an eyebrow and successfully stopped him from saying anything else.

“We'll push the first Prince out later.”

As he spoke, Lin Hanxing glanced at the leeches that had been dealt with by sacred hands one by one, then turned and walked out of the residence.

The moment the air came back, Bai Xi couldn't help but greedily take a few more breaths. That state immediately made Yuan Kang laugh out loud. He said that she was like a female ghost who wanted to suck people's yang Qi.

Compared to the relaxed atmosphere between Lin Hanxing and the others, the people who were suppressed in the courtyard were obviously not in such a good mood.

At this moment, the entire courtyard was filled with people kneeling.

The surroundings were also guarded by old SU's confidants. When they saw someone coming out of the residence, their eyes swept over in unison, giving off an indescribable sense of solemnity.

Lin Hanxing did not even look at the people who were kneeling on the ground. He sat down at the stone table in the middle.

No one spoke.

Lin Hanxing's slender fingers tapped on the table, making a knocking sound.

It wasn't heavy, but it brought endless pressure to the ears.

Someone brought tea according to old SU's orders. Bai Xi, who was standing behind Lin Hanxing, automatically poured tea for Lin Hanxing and Lei Xiao. For a moment, the fragrance of the tea filled the air, making everyone forget their nervousness.

"You can't ... You can't do this to me ..."

Suddenly, a soft female voice was heard.

Lin Hanxing raised his head and looked in the direction of the voice. He soon saw the owner of the voice.

If it wasn't for the inappropriate occasion, she would really like to give this girl a thumbs up. She had the looks and the figure. She was beautiful and charming. She could be called the best in the world.

"Why can't I?"

Lin Hanxing smiled.

"I was sent by the second Princess Consort to take care of the first Prince. You can't ..."

Looking at her coquettish behavior, it was hard for the second Princess Consort to send such a delicate beauty to the great Prince's side to live as a widow. She could only look at her but not eat her ...

Who was this second Princess Consort trying to anger to death?

Lin Hanxing was still smiling and did not respond. His gaze looked past the crowd to the end of the road as if he was waiting for someone to appear. He was extremely patient.

There was no change in his expression at all.

Fortunately, the person she was waiting for arrived very soon.

Not only did he come, but he also brought a large group of people with him. Even the second Prince, ybars, had arrived.

It was perfect!

Lin Hanxing's smile deepened.

[Chapter 1610](#)

1610 Who can act better than who

"How is the first Prince?"

As if she could not see the crowd of people kneeling on the ground, second consort Daisy walked straight to Lin Hanxing. The anxiety on her face perfectly showed the concern of an elder towards a younger generation.

As he spoke, he was about to charge into the tightly shut door.

On the other hand, the second Prince, ehuis, looked deeply at Lin Hanxing.

She didn't even move.

On the other hand, before the second Princess Consort's hand could even touch the door, she was already stopped.

"What are you guys doing?"

"Without miss Lin's order, no one is allowed to step through this door."

This was what old SU's confidant was saying.

As expected.

Yeres was not surprised at all.

"Miss Lin?"

The second consort, Daisy, subconsciously looked in Lin Hanxing's direction. The latter had a faint smile on his face and raised his teacup at her.

"Let's sit down and talk?"

"What do we have to talk about?"

Almost at the same time, the second consort, Daisy, sneered.

Even though he was embarrassed in public, Lin Hanxing's face did not show the slightest anger. He did not even retract his thin smile. Instead, he looked at her with one hand supporting his chin, his side profile charming and attractive.

"Let's have a chat. Which of these people is the evildoer?"

When she met his eyes, Daisy's eyebrows twitched.

"Evil? What evil deeds?"

what's wrong? " Yi hes was shocked and pretended to be in pain. In Lin Hanxing's eyes, he looked like he was acting. His background was not inferior to those of the same course.

The royal family was indeed the most natural Drama Academy.

Lin Hanxing smiled without saying anything.

Second consort Daisy subconsciously looked at her son. After seeing the latter nod slightly, she walked to the empty space at the stone table.

He sat down.

"What are you trying to do?"

Daisy sneered.

"Today is the first time I'm meeting the second Princess Consort. I wanted to give you a gift."

Lin Hanxing did not beat around the bush and spoke directly.

A meeting gift?

The second consort of Rou city, Daisy, raised her eyebrows.

Lin Hanxing didn't care about her reaction. He raised his hands and clapped his palms. The crisp sound of clapping was particularly pleasant in the dead silence.

The door that was originally closed was pushed open from the inside.

The first Prince, Najilie, who was sitting in a wheelchair with a gloomy face, appeared in front of everyone.

Although his face was pale and blue, and there was blood on his chest, his condition was obviously not as bad as the news that he was about to die that had spread to the entire royal family.

Um ...

Not only would he not die, but his angry expression ...

It was as if Najilie would jump up in anger in the next second ...

It was as if he was killing someone present!

Lin Hanxing did not care about Najilie's murderous gaze. He only signaled the sacred hands to push the first Prince to the stone table and reserve a seat for old su.

With a clang, the transparent bottle that Holy hand had been holding was thrown on the stone table as old su refused to take a seat.

"Ugh ..."

Yuan Kang was about to vomit again.

Only God knew that the pile of things was still scattered on the ground when Najilie vomited. Now, although it was washed clean, the terrible thing was that they were all squeezed together and wriggled around!

It's better to let him directly see shit!

Even the second Princess Consort, Daisy and Irhees, had some physical discomfort, but they had to rely on their extraordinary willpower to suppress the feeling of vomiting and not lose their composure.

"What is this?"

"Leech."

As Lin Hanxing spoke, she pushed the transparent bottle with her hand, her eyes flashing with interest.

However, the people around him could see that he was covered in cold sweat.

Just talk, don't get physical!

Najilie's face turned even paler.

Especially after he realized that he was the one who vomited it out.

...

He couldn't help but curse in his heart.

"Why are these dirty things here?"

Old SU's voice was gloomy.

If he had not seen it with his own eyes, he would never have thought that these dirty things would appear in his grandson's body. If it was not for Lin Hanxing's people ...

"You think that's all there is here?"

Lin Hanxing did not answer old SU's question.

There was a dead silence.

Even though there was a huge crowd of people kneeling below.

But no one spoke.

Other than those people, the people who were standing in front and beside the stone table all looked at Lin Hanxing.

What did he mean by ... He thought that this was all there was?

...

"Miss Lin, you're such a Joker."

Yeres laughed.

In response, Lin Hanxing knocked on the stone table with the back of his hand. The sound of knocking made him nervous.

Sacred hands chuckled and took out a white jade-like spice from his medicine box. He lit it on fire, and a strange smell spread in the air, making people subconsciously hold their breath.

"You ..."

Daisy reached out and covered her son's nose. She was about to open her mouth and scold him for not knowing the rules, but she saw that the leech that was originally wriggling in the transparent bottle began to squeeze around uncontrollably. Its movements seemed to be extremely crazy.

She was shocked, and her words were stuck in her throat.

She didn't know if it was just her imagination, but in such a quiet atmosphere, some sounds seemed to stand out, such as ...

The rustling of the grass and trees.

"What's that sound?"

Old su didn't frown. His words also confirmed the fact that there was no problem with everyone's hearing. There was indeed a sound ...

Lin Hanxing smiled but did not say anything.

But what happened a few seconds later made everyone's scalp tingle.

He saw thin black things crawling out of the green path on both sides of the road where the automatic watering device had just been activated. At first, there were only a few, but as time passed, more and more appeared!

It was accompanied by a little fishy smell that made people want to scream immediately.

There were too many.

Too ... Much!

what the hell is this!!!

Yuan Kang cursed. The tall and strong him jumped onto Yan beiming's back almost reflexively. He refused to get off no matter what, and the curses from his mouth could not be stopped.

On the other hand, Lin Hanxing, who was half the initiator of the incident, laughed evilly.

His cold eyes swept across the kneeling crowd one by one. He was extremely fast and didn't miss any of their expressions.

In a short time, the entire process was completed.

Lin Hanxing already knew who were innocent and who were disloyal.

All of this was carried out in silence.

The leeches hidden in the dark were still climbing out madly. There were so many of them that it was unbelievable. If Lin Hanxing had not appeared today, no one knew how long these things would have stayed here.

"Quickly tell them to stop!"

Daisy's entire body trembled. Even though she was related to the existence of these things, she almost ran away when they were presented in front of her!

Lin Hanxing's smile was the only response she got.

"There are too many brainless things. Do you think I can control them?"

These words were so double-edged that the others couldn't pretend to not understand even if they wanted to.

Daisy's hand froze and she looked at Lin Hanxing in disbelief.

She was indeed a thorn that could not be provoked!
