

## Goodnight 1631

### [Chapter 1631](#)

1631 Face to face confrontation

When Jennifer's face appeared on the LED screen, the entire audience was dead silent.

What kind of god-like operation was this?

Wasn't this surprise too sudden?

"Star ..."

Jennifer, I need you to help me with something.

Lin Hanxing interrupted Jennifer and moved the camera around the VIP lounge. Almost at the same time that Jennifer received the message, she returned to her usual elegant and solemn self when she faced the media.

"Go ahead,"

Yun Yao and long Xi 'er could not believe their eyes. Jennifer was undoubtedly the king of the world's design industry. How could this woman be online so casually?

Besides, anyone with eyes could see how close they were.

"The miracle you mentioned to me just now is here."

"Really?"

Lin Hanxing's simple reply surprised Jennifer who was on the other end of the video.

The former smiled without saying a word and turned the back camera of his mobile phone in the direction of long Xi 'er and Yun Yao. The latter's face instantly appeared on the split Face Time screen on the LED display.

"However, there was an accident."

Lin Hanxing's conversation was still ongoing, but his eyes swept across Yun Yao and long Xi 'er's faces calmly.

"An accident? What accident?"

Jennifer raised her eyebrows.

Lin Hanxing's chuckle exuded the strong sense of control of a superior, which also made the bystanders who saw this feel afraid. Some who were just watching the fun had already started to post photos or Short Video on social platforms.

When Lin Hanxing's eyes swept over Yun Yao, she suddenly clenched her phone, her face pale and her hands cold.

some people claimed that this piece of art was stolen from her with ill intentions.

As soon as Lin Hanxing finished his sentence, Jennifer's expression changed.

As a designer, this was the bottom line that she could not tolerate. It was different from any other situation.

"Where are they?"

Jennifer suppressed her anger. Although she was not present, she was completely at ease because Lin Hanxing was there.

Very quickly, Yun Laowa's face was reflected in the mirror.

His cold eyes met Jennifer's eyes. There was no fear or flattery in his eyes. He was extremely calm.

"You're saying that this piece is yours?"

Jennifer raised the design in her hand again with a sharp look in her eyes.

"It's mine,"

"Nonsense!"

Long Xi 'er could not help but speak arrogantly. However, yunyao, who was beside her, remained pitifully quiet.

"What evidence do you have that this design is yours? This is clearly ..."

Long Xi 'er seemed to have thought of something, and her voice was stuck.

"Clearly what?"

Jennifer asked seriously from the other end of the video call.

"It's obviously an original work that yunyao and I created together!"

Compared to her arrogance just now, Yun Xi 'er's voice was obviously lower by a few degrees, and her eyes flickered.

Jennifer narrowed her eyes when she heard that.

"The co-created work only belongs to your name?"

Jennifer asked sternly.

Long Xi 'er wanted to say a few words to excuse herself, but when she met Jennifer's eyes, she felt guilty and did not dare to say a word.

Lin Hanxing's posture was lazy. He knew that although his good friend looked polite on the surface, he was probably already burning with anger. No matter how this matter would end up, the names of long Xi 'er and yunyao would probably be blacklisted.

"I have evidence."

As Yun WA spoke, it was as if there were waves of light flowing through the Galaxy in her eyes, lighting up her already beautiful face.

“Sister!”

Yunyao’s sharp voice suddenly rang out.

Everyone felt that their eardrums had been hit by an unprecedented impact.

Miss Jennifer, you can’t trust my sister’s words because she has hynosis. She can’t control herself when she acts up. Everyone around me knows that.

Yunyao tried her best to squeeze out a smile on her face. With her pale face, it really gave people a sense of empathy that was very credible.

The crowd was in an uproar.

The expression on Lin Hanxing’s face faded. If it was someone who was familiar with her, they would definitely step back.

That was a sign of her displeasure.

On the other hand, doll Yun, who was wearing a black dress that accentuated her exquisite figure, looked at Yun Yao coldly without any fluctuations in her eyes.

...

Just as Yun Yao finished speaking, the door of the VIP lounge was suddenly pushed open from the outside.

There was a loud noise.

Everyone’s attention also shifted to the door for a short while. Only Yun Yao heaved a sigh of relief when she saw who it was. Her whole body was covered in cold sweat. The cold air from the air conditioner made the hair on her arms stand up.

she’s the big sister with a problem in her head that you were talking about? ”

Long Xi ‘er seemed to have just reacted.

Yunyao bit her lower lip. She first looked in the direction of the Thunder valiant beast, then nodded.

It was a lady in Chanelle’s latest suit, followed by the family doctor.

“Doll, why did you come out again? Come, come home with me!”

The lady walked towards Yun Hua, her face full of worry. With a look, the doctor behind her took out a tranquilizer from the medicine box, as if waiting for an opportunity to get close.

“Mom, sister, she ...”

Yun Yao forced a smile and looked at the lady. The family doctor was about to reach Yun’s side.

...

Lin Hanxing narrowed his eyes dangerously.

Just as she motioned for her men to come closer, an unexpected scene happened.

The cloud child, who had been standing still, suddenly reached out and snatched the tranquilizer from the family doctor's hand without any warning. With a frighteningly smooth movement, she inserted it into the doctor's neck.

Push shot.

The family doctor, who was supposed to deal with the Yun child, soon fell to the ground like a pile of mud.

"I'm very clear-headed,"

Yun WA looked at the lady coldly. Her calm eyes made people shiver.

Lin Hanxing could not help but whistle for her in his heart.

This fourth sister-in-law was surprisingly to her liking.

"Doll, put it down ... You ..."

The lady clutched her Hermes bag tightly, the nervousness in her eyes could not be faked. The bodyguards beside her quickly protected her, and the door of the VIP lounge, which was originally wide open, was slammed shut by the lady's men from the outside.

Originally, everyone in the lounge was still shocked by this sudden scene and couldn't recover from their shock for a long time, but some people quickly recognized that this was a Yun family member.

"You haven't taken your medicine today."

The rich lady Wen ya spoke. The emotions in her voice were moving.

"Yeah, sister, did you not take your medicine today? If you continue like this, dad will be angry!"

Yunyao interjected at the right time.

"Hehe."

Yun laughed coldly, her palm-sized face was covered in frost.

"Daddy?"

The hand that was holding the syringe trembled.

Just as Yun WA's attention was focused on Yun Yao, the bodyguard who received a hint from the lady's eyes sneaked closer and was about to subdue Yun WA in the next moment.

Lin Hanxing, who was the closest, threw his phone at Lei Xiao. Before anyone could see how she did it, she was already in front of Yun WA, her slender fingers were like the sharpest knife, stuck in the bodyguard's throat.

Almost at the same time, the phone was caught by Lei Xiao.

The coordination between the two could be said to be perfect!

[Chapter 1632](#)

1632 What is the Yun family?

“Try to move.”

Lin Hanxing chuckled and exerted a little force in his fingers. The threat of death was like a dark cloud covering a cauldron. The strong man who was more than 1.8 meters tall did not dare to move as if he had been frozen.

Bean-sized cold sweat rolled down from the top of his head.

“Who are you? This is the Yun family’s business, and it’s not up to outsiders to interfere!”

The rich lady cen Shan’s voice deepened by two degrees, but Yun Yao anxiously gave her a look, indicating that she should look in Lei Xiao’s direction.

Lin Hanxing’s smile did not change. With a chop of his hand, the strong man’s eyes rolled back and he fainted on the ground.

With a thump, a heavy muffled sound was heard.

The visual impact was off the charts!

“What a coincidence. If I round it up, her business is also my family’s business,”

Lin Hanxing patted his palms lightly, but in his heart, he thought that he should have brought little Xi Bao out earlier to save a lot of trouble.

“Hanxing,”

Thunder owl’s low voice rang out at the right time, with a faint smile hidden within.

“Master ... Master Lei?”

It was only then that cen Shan noticed Lei Xiao, and her voice changed like a chicken being strangled.

Even though they had not met for many years, but no matter if it was the young Lei Xiao or the current Lei Xiao, the strong intimidation that he brought to people had not changed. After all, he was the man who had single-handedly washed the Lei clan clean, and then pushed them to the peak!

Lei Xiao glanced at cen Shan, and the latter’s hair stood on end.

That feeling was exactly the same as before.

is teacher cen able to make the decisions in the Yun family now? ”

His cold words made cen Shan and Yun Yao’s faces turn ugly.

Lin Hanxing walked towards the cloud child.

Soon, she was standing in front of Yun WA.

A fair hand entered the cloud child’s field of vision in the next second.

They looked at each other.

The two of them seemed to have reached some kind of tacit understanding in an instant. Lin Hanxing took the dangerous syringe from Yun WA's hand.

Lin Hanxing ignored the blood on the needle and threw the thing into the trash can.

There was a thump.

"The Yun family's matters?"

Lin Hanxing chuckled and did not even look at cen Shan. Instead, he raised his hand and carefully smoothed out Yun WA's messy hair. His eyes were calm but contained a dangerous energy.

"In my eyes, what is the Yun family?"

His tone suddenly turned cold, and even his eyes became sharp.

He looked over the Yun child's shoulder and met cen Shan's eyes.

The air was instantly filled with invisible smoke.

Almost at the same time as Lin Hanxing's words, the door of the lounge, which was guarded by the Yun family's bodyguards, was kicked open from the outside. Zuo Xiangdong, who had a fierce face, subconsciously breathed a sigh of relief when he saw that Lin Hanxing was safe and sound.

"Ninth young lady!"

As he spoke, he walked towards Lin Hanxing.

The people who came in after Zuo Xiangdong surrounded cen Shan and the others, waiting for Lin Hanxing's order.

Who cares if he's a Royal noble or a rich and powerful person!

Everyone in the airport's VIP lounge held their breath.

If the previous livestream had only allowed them to see the legendary Lin xiaojiu's beginner level performance, then today's livestream could be said to have confirmed the contents of the rumors.

That kind of domineering, emotionless, yet strategizing, and controlling the entire situation was definitely not something that could be fully displayed on a live broadcast camera!

"Although I knew that you would be fine with Mr. Ley around, but ..."

Zuo Xiangdong suddenly turned his head and looked in cen Shan's direction, his eyes extremely fierce.

whoever dares to hurt miss Jiu is going against the entire Huaji Hong gang. Wherever there are Chinese people in country G, the Huaji Hong gang is everywhere. Is anyone sure that they want to be our enemy? "

Before elder mu left, he had given full authority over Hua Ji to the ninth miss. The same went for the Hong gang. The martial world was the martial world. If they used their methods, and anyone dared to be rude to her today ...

"It's not that serious."

Lin Hanxing did not know whether to laugh or cry.

If Zuo Xiangdong was allowed to continue, he was afraid that he would go in the direction of blood for blood.

"I'll settle them one by one."

She said lightly and set the direction.

"Jennifer?"

Lin Hanxing looked away and called out to Jennifer.

"Xing, I'm here."

Jennifer was still waiting on the other end of the video call. She had a serious expression on her face as she knew her friend's temper well. It was obvious that she was also angry. Her face was frosty, but she was trying her best to control herself.

...

"We'll temporarily cancel the rankings."

"I'll immediately get someone to handle it."

Upon hearing this, long Xi 'er was the first to jump out.

Wasn't canceling the announcement of the rankings the same as canceling the previous results?

"No! You can't cancel it!"

However, no matter how loudly she shouted, no one paid her any attention.

"You're too much!"

Long Xi 'er had already shared the good news on her social media. Now, everyone in the capital knew that she was going to be apprenticed to Jennifer. She had already bragged about it. Now that there was an unexpected change, would she not become a laughingstock in the capital?

Yunyao was almost suffocating.

Perhaps she had never thought that things would turn out like this.

Yunyao, who had originally wanted to be on good terms with long Xi 'er, did not expect that things would turn out this way when she was just one step away from getting close to her.

...

Long Xi 'er's mobile phone beeped as soon as Jennifer announced that she was going to cancel the rankings. She received messages one after another, all asking what had happened.

Long Xi 'er gritted her teeth so hard that she almost broke them. She glared fiercely in Lin Hanxing's direction.

"Too much?"

Lin Hanxing acted as if he had heard a funny joke.

“Isn’t it too much to show off something you stole? Or have you already gotten used to this kind of peaceful life?”

Lin Hanxing’s words had an underlying meaning, but it was obvious that long Xi ‘er did not understand what he was trying to say.

“Yunyao, say something!”

Long Xi ‘er was so angry that she pushed yunyao, who had not heard anything for a long time, away.’ Why is she like a mute and not defending herself?’ Could it be ...

Long Xi ‘er seemed to have thought of something and turned her head to look at Yun Yao.

At this time, yunyao’s face was pale and her eyes flickered. Even a blind person could see that she was pretending to be calm.

“I don’t want to hear that nonsense.”

On the other end of the video call, Jennifer’s expression was serious and her voice was stern. One could feel Her Majesty even through the screen.

all I want to know now is whose hands this design draft came from!

Jennifer raised her hand to show the design draft that had amazed her. She was able to stand at the top of the fashion industry today, so she had seen all kinds of people in the industry. The two of them would definitely waste time talking to each other.

“This design was made by me.”

The cloud child had a stubborn expression on her face, and the stubbornness in her eyes was like the stars in the winter night, making people unable to look away.

“It’s not just this design. There are three other designs in this series, and I’m carrying them all with me!”

“You’re saying that this is an entire series?”

Jennifer’s eyes lit up. Lin Hanxing believed that if not for the time constraint, his good friend would have bought a plane ticket to country G immediately.

“That’s right, the name of this series ...”

Yun lahua took a deep breath.

Polaris, Polaris.

### [Chapter 1633](#)

#### 1633 The North Star

Even if all the stars had changed their positions, only Polaris was still waiting in place, guiding the lost person back to their lover.

Polaris ” symbolized eternal and loyal love.

I was afraid of special circumstances, so I made three anti-theft measures in the first draft, namely the cuffs, the collar, and the tail of the skirt. They were all Polaris style.

As she said this, Yun WA looked at Yun Yao coldly.

It was self-evident what kind of special situation had happened.

Everyone’s eyes followed the cloud doll’s introduction and looked at the design. Indeed, three unique stars were embedded there. What was more amazing was that if it wasn’t for the reminder, the three stars had been cleverly integrated into the design, so no one could see anything strange.

The Thunder valiant beast’s cold eyes flickered.

He gave an order to Anthony, who was far away in Rivertown, through the phone.

The latter quickly responded.

“This is nothing. I can also say that I drew this.”

Long Xi ‘er scoffed.

“Impossible.”

Without waiting for Yun, Lei Xiao’s voice was already cold. His cold eyes swept across the screen, his calm and handsome facial features gave people a suffocating sense of oppression, making everyone’s heart feel like a rabbit.

“These three stars are one of a kind.”

The Thunder valiant beast’s deep voice was emotionless, but it made everyone believe him unconditionally.

“What evidence do you have?”

Long Xi ‘er’s expression was as ugly as it could get. She was so angry that her fingers were numb.

” Because this was personally painted by my fourth brother, Lei Jue, and I commissioned the clyre Jewelry Group in France to custom make it ... ”

Lei Xiao raised his phone.

On the screen, the pictures that Anthony had sent back then were displayed in front of everyone.

The clyre Jewelry Group in France was the most famous and oldest pure handmade jewelry company. It was popular all over the world because of its expensive price and amazing finished product effects. If there was one drawback ...

Perhaps it was because it was all handmade and the working time was too long, that only three places were available in the world in a year.

No matter how much an ordinary person liked the items from Klein’s jewelry, it was either because they did not have enough money or their status was not high enough.

" These three stars were used as the pendant of the necklace. After the necklace was made, the whetstone was completely destroyed by the clay group. No one knows about it except the parties involved and the staff of the clay jewelry. "

Lin Hanxing raised an eyebrow. He did not expect such an incident to happen.

Lei Xiaosi was quite the romantic one.

As he thought about it, he glanced at Yun WA and frowned at the latter's expression.

There seemed to be something wrong with her expression.

as we all know, the jewelry produced by the clay jewelry Group will leave a unique mark in a secret place. Each piece is different and plays a connecting role, but here ...

Lin Hanxing pointed at the star at the end of her dress.

"Jennifer, you should be able to see it clearly at a close distance."

Hearing that, Jennifer took the magnifying glass from her assistant with a serious attitude. As expected, she found the mark of clyre jewelry on the shadow of the star at the end of the dress.

Very soon, Jennifer nodded at Lin Hanxing.

The entire place was in an uproar.

They could choose not to believe Yun lahua, but they had to believe Lei Xiao's words and the seal of Klein jewelry.

"What if, what if she's already ..."

Long Xi 'er's mind was in a mess. She was desperately trying to find a reasonable explanation.

"Back then, my fourth brother, Lei Jue, personally gave this necklace to the girl he liked."

As if he knew what long Xi 'er was going to say, Lei Xiao interrupted her in a deep voice, but his deep eyes fell on Yun' er's face.

The cloud child was stunned and his fingers slid across his neck subconsciously.

The one and only necklace was lying there quietly.

The other party's voice interrupted what she was about to say. In fact, in addition to these three security measures, she had another trick up her sleeve. She was waiting for yunyao to refute and slap her in the face, but she didn't expect ...

Yunyao bit her lower lip so hard that it had turned pale. She felt that everyone was looking at her with suspicion and doubt. Her eyes flickered with tears, as if she was going to faint the next second.

"Hey, don't faint!"

Lin Hanxing caught on to Yun Yao's movements and smiled faintly.

"Long Xi 'er, what else do you have to say to defend yourself?"

Even though she was furious, Jennifer still gave long Xi 'er and yunyao a chance to explain. She was also curious to hear what else they had to say.

What else could long Xi 'er say?

Since she was born, when had she ever suffered such a loss as a member of the long family?

"There must be a misunderstanding. My daughter wouldn't ..."

Cen Shan still wanted to defend yunyao, but her words sounded weak to anyone's ears.

"There's no need to say anymore."

Jennifer shouted from the other end of the video call.

...

"I will personally announce on the studio's official website that the results are canceled. From today onwards ..."

teacher Jennifer, my mother is from the capital of China. She even had a meal with you before, I ...

"So?"

Before long Xi 'er could finish her plea, Jennifer sneered and interrupted her.

"There are so many people who have eaten with me, do I have to get to know them one by one? Miss long, you're overestimating the long family's influence on me. "

In the fashion industry, Jennifer had been known for her sharp tongue ever since she entered the industry. However, she had become less talkative over the years and was too lazy to talk to others. She did not expect that she would be touched by a junior today.

Long Xi 'er's expression could no longer be described as ugly.

She had never been so embarrassed before!

"Xi 'er ..."

Yunyao called her name in a low voice.

"Get lost! Get lost!"

...

Long Xi 'er was seen walking towards the door of the lounge as if she had exploded. The bodyguards who were in charge of protecting her followed closely behind, afraid that something would happen to long Xi' er.

However, long Xi 'er was stopped by the people from Huaji Hong gang when she reached the entrance.

"Get lost!"

The people from Hua Ji were expressionless as they turned to look in Lin Hanxing's direction.

Long Xi 'er turned her head and glared at her.

"Just you wait!"

okay, say hello to Ms. Long qingru for me too. Just tell her ...

Lin Hanxing said casually, but the air was filled with the gloom of an impending storm.

please make sure she lives a healthy life, because ... She's still waiting for me in the capital!

Lin Hanxing chuckled and gestured with his eyes for the door to open.

Long Xi 'er was stunned on the spot.

However, she quickly left the VIP lounge without looking back.

Yun Yao's tears fell.

"Are you satisfied now?"

Yun Yao looked at Yun WA pitifully. Anyone who didn't know the inside story would have the urge to stand on her side.

"Did you already know that I touched your design drafts?"

Yun Yao's tears fell down.

"How can you do this to me?"

Lin Hanxing, who had been watching long Xi 'er leave with a cold gaze, laughed when he heard yunyao's accusation. I can let the world down, but the world can't let me down " was really a pure and refined White Lotus.

#### [Chapter 1634](#)

1634 I can't ask for more

Seeing her precious daughter cry, cen Shan couldn't help but rush over and hold her in her arms. The mother and daughter looked at Yun WA with the same persecuted expression. For a moment, it was hard to tell who the real victim was.

"What good will it do you to destroy Yaoyao?"

As she sobbed, the corners of cen Shan's smiling lips curved up, but it looked unusually funny.

Yun WA looked at the mother and daughter coldly.

"It makes me happy."

She said.

Her answer was so simple that Lin Hanxing couldn't help but clap for her. She liked this answer.

"You ..."

Cen Shan's face turned white with anger.

moreover, if she had never had any thoughts about it, why would she need to face the embarrassment now? ”

Yun WA's cold voice interrupted her.

Ever since she had been brought back to the Yun family, she had long gotten used to this mother-daughter pair's ability to turn right and wrong upside down. The theory that the victim was guilty had been vividly displayed by the two of them over the years.

He brought this upon himself and could not blame anyone else.

It was beautiful.

Lin Hanxing had to admit that his fourth sister-in-law really suited her taste.

“Are you done?”

Lin Hanxing said calmly.

Lei Xiao chuckled, his eyes signaling to his subordinates to get ready. After all, Han Xing's patience had reached its limit.

The only reason he could tolerate the existence of this drama queen mother and daughter was because of Yun WA.

Lin Hanxing's words were directed at the mother and daughter, but almost at the moment she finished speaking, the thin smile on her lips suddenly disappeared.

“If you're done, then get lost.”

Following Lin Hanxing's words, cen Shan and yunyao, who were originally holding each other and acting out their mother-daughter relationship, were pulled up by Lei Xiao's men without any mercy and thrown out of the door like garbage.

The entire process took less than ten seconds.

It was so fast that even the person involved didn't have time to react.

Lin Hanxing raised his hand and pressed on his left ear. The woman's words just now disgusted him.

Well, it was much quieter.

As he thought about this, Lin Hanxing turned his gaze back to Yun Laowa's face.

Yun WA seemed to want to thank him, but before she could say anything, Lin Hanxing took the initiative to put his arm around her shoulder.

“Smile.”

Yun WA laughed subconsciously when she heard this.

Lin Hanxing took the opportunity to take a photo of the two of them.

“Perfect.”

Even though he was using the phone’s built-in camera and the front camera to shoot, his appearance still filled in the pixel hole.

Even Zuo Xiangdong, a straight man, thought so.

Don’t worry, Jennifer will change the designer’s name very soon. If everything goes as planned, the plane tickets and the necessary documents will be sent to you within a week. Is it convenient for you to receive them at your current place? ”

Lin Hanxing asked as he saved the photos.

She would send it to Lei Xiaosi when she got home. It could be considered a gift from her sister-in-law.

Lin Hanxing’s heart almost melted at the thought of Yuan Dabao, whom she had not seen for a long time.

Yun WA was still in a daze. When she heard the question, she was stunned and her eyes darkened.

If those things were sent to the Yun residence, she would probably never see them again in her life.

“Can you please help me receive it?”

After much consideration, Yun Laowa spoke.

Lin Hanxing chuckled.

“I can’t ask for more.”

After that, Lin Hanxing and Yun WA exchanged phone numbers and account numbers.

“Actually, if I didn’t step in here today, you would have had other plans, right?”

Lin Hanxing asked suddenly, catching Yun WA off guard.

Yun WA’s reaction told her the answer.

“I was being meddlesome.”

Lin Hanxing smiled.

“Don’t misunderstand, I did ... Want to use that design to make a deal with them, but now it’s more than I expected ...”

Yun WA chuckled, lighting up her beautiful face.

“Much better,”

...

The two of them looked at each other and smiled. Everything was said without words.

“Then, when do you plan to meet Lei Xiaosi?”

Lin Hanxing had heard bits and pieces of what had happened back then from mother Lei. However, she was not involved in the incident after all. Moreover, from a woman's point of view, she would definitely stand on her side.

As for Lei Xiaosi ...

Since he had waited for so many years, it would not matter if he waited for a day or two!

Doll Yun didn't speak for a long time.

Her hand subconsciously touched the necklace around her neck again, but soon, she reached out and took off the necklace.

The three stars intertwined to form the shape of a Polaris, one of a kind.

The pendant was at the bottom and it swayed in the air along with the cloud child's movements. However, Lin Hanxing and Lei Xiao's expressions turned serious when they saw this.

"I'm sorry, I don't know any Lei Xiaosi. This necklace was hanging on my neck when I woke up. If this is very important to him, then ... I'll have to trouble you to help me return it to him."

Lin Hanxing looked at Yun WA.

...

The other party's pupils were clean and clear, without any concealment.

She was telling the truth.

Little Yun, you don't remember Lei Jue?

This development was out of Lin Hanxing's expectation. She subconsciously turned to look at Lei Xiao. The latter frowned but did not say anything.

"When you wake up?"

Lin Hanxing caught the main point.

"I had an accident when I was studying in Germany."

Yun-la-child combed her long hair upwards, and there was a long scar at the back of her neck where her head was connected. Even though the wound had healed, one could still see the danger that had befallen her.

"I was like this after I woke up."

Yun WA was very open-minded about this.

This was a part of her life.

"Your mother ..."

The Thunder valiant beast opened his mouth in a low voice, as if he was trying to find a suitable word to express his thoughts.

“My mother left me a long time ago. I’m afraid she doesn’t even remember my existence.”

The Thunder valiant beast frowned again.

Something was wrong.

Back when Yun WA left Jiang city, she was taken away by her mother.

Looking at her husband’s expression, Lin Hanxing already knew that there was more to this. As for the Yun family ...

It seemed that he would have to do a thorough investigation when he returned today.

There was no hurry.

Lin Hanxing chuckled and took the necklace.

Tsk, Lei Xiaosi was quite talented.

Yun huaisha’s eyes fell on the necklace, but she hid her disappointment and reluctance well. After all, she had been wearing it since she opened her eyes. Now that she had taken it off, it was like a hole in her heart.

It was a very uncomfortable feeling.

“Your fate with it hasn’t ended yet.”

Lin Hanxing raised his hand and put the necklace back on Yun WA’s neck.

moreover, it will also guide those who are lost to return to the people who are important to them.

Lin Hanxing’s eyes were gentle as he looked at Yun WA.

“I’ll send you home.”

.....

Rou city, in the Presidential Suite on the top floor of Wanyu hotel.

The room was a mess.

Long Xi ‘er was panting as she sat on the sofa. Her mobile phone, which had been set to silent mode, was still lit up. Messages kept popping up on the screen.

She scrolled through a few messages with trembling hands and wished she could smash her phone on the spot.

Just as she was thinking about this, a video call from WeChat came in.

### [Chapter 1635](#)

1635 Long qingru who was in a daze

Long Xi ‘er quickly picked up the call as if she was grasping at a life-saving straw.

“Mom ...”

“Why would Jennifer’s spot be canceled? Everyone is calling me to ask!”

Long qingru felt her head throb.

When the socialites in the circle found out that Cher had won Jennifer’s favor, many of them were envious and jealous. When they congratulated her, they were all sarcastic. Now that there was a change in Jennifer’s official website, those people immediately called her and tried to test her.

She was so angry!

Long Xi ‘er cried and told long qingru what had happened in the VIP lounge that day. She clenched her teeth so hard that they were about to break, especially when she talked about Lin Hanxing.

“She asked you to bring me a message?”

Hearing this, long qingru had a vague figure in her mind, and her heart skipped a beat.

“Right!”

Long Xi ‘er nodded heavily.

“She told you to live a healthy life because she wanted you to wait for her in the capital! Mom, listen to this!”

It was as if a bomb had exploded in long qingru’s head. She tried her best to hold onto the cabinet next to her so that she wouldn’t lose her composure.

As expected, it was her!

The persistent Lin Hanxing!

“What’s the use of crying!”

Long qingru tried hard to find her voice.

“I’ve already told you that it’s risky to do this. Jennifer didn’t even give me any face, let alone you mentioning my name in public. You’re putting the long family on fire!”

She tried her best to make her voice sound calm.

“Then what can I do?”

Long Xi ‘er was even more furious when she saw that even her own mother was criticizing her.

“I want to go home.”

All she wanted to do now was to go home and hide.

“No!”

Long qingru didn’t even think about it.

you'll only be a laughingstock if you return to the capital now. Listen to me and stay in country G for a while. I'll transfer you more money if you don't have enough, but you can't come back now.

Long Xi 'er was dumbfounded by long qingru's words.

He still had to stay in country G for a while?

"How long do you want to stay?"

"I'll help you settle it when I'm in China!"

Long qingru's eyes were burning with fire.

She couldn't just sit and wait for death. She had to think of a way to suppress the arrogance of those people!

.....

Mount Yulong, capital city.

When long qingru drove into the courtyard, she could clearly feel that the atmosphere today was not quite right.

When she parked the car, she saw her uncle's exclusive car parked next to her.

Her heart started to beat wildly for no reason.

He had a particularly bad feeling.

This premonition continued until he entered the door and saw the person.

"Qing ru came just in time. Your uncle has something to say, you should listen."

The old man sitting on the sofa had a dignified look and extremely sharp eyes. Although he didn't look like he was in good health, as long as he sat there, he was like a stabilizing needle that made people feel at ease.

"Alright," he said.

Long qingru had to postpone what she wanted to say for the time being. She sat down next to the old man while smiling.

"I want to take in a Godkin."

Elder Yan went straight to the point.

Long qingru suddenly raised her head to look at him. She was nervous, but she had to force a calm smile.

"Godblood? How did uncle ... I don't know which family he's from ..."

Her voice was intermittent, as if she was organizing her words, but there was a string in her head that was always tense.

Elder long raised his hand and interrupted long qingru's words.

The room returned to silence.

“Please continue.”

Elder long coughed twice and motioned for elder Yan to continue.

I met a young friend when I went to Jiang city some time ago. He is a very good person, so I had this idea. However, this is a big matter, so I have to tell you.

...

Elder long did not say anything. She spun the health Ball in her hand.

“Uncle, I don’t need to tell you about the long family’s status in the capital. If you casually say that you want to take in a God-husband, what if the other party has impure intentions? What if he used the long family’s name to intimidate others in the future? Have you thought about the consequences?”

Although long qingru was still smiling, her hands were clenched nervously.

Elder Yan looked at long qingru.

“Qingru, do you dare to Pat your heart and say that you have a clear conscience?”

Elder Yan’s voice was as loud as a Bell, and his sharp eyes pierced through long qingru’s heart as if he could see through everything. She was speechless for a long time.

“I believe in your judgment of people.”

The health Ball in elder Long’s hand suddenly stopped.

They were brothers and comrades who had gone through the war with each other. He believed in his brother’s vision.

Long qingru had already dug out her palms. She was both anxious and resentful. She felt that things were getting out of control. She even forgot the speech she had prepared today.

“What kind of person is the other party?”

...

Elder long asked in a calm manner.

“He’s a man who knows when to stop and when to stop. He’s also a man with many means and abilities.”

Elder Yan found it difficult to accurately describe Lin Hanxing’s character with just a few words. Every time he felt that she had reached her limit, there would always be a new surprise waiting for him.

Lin Hanxing was an amazing junior.

Even at elder Yan’s age, it was rare to see such an outstanding woman.

He even felt that ...

It was a pity that she was born in this era.

If he had reincarnated into their era, he would definitely be in a higher position than them now.

“Do you have a photo?”

Elder Long was truly curious about this young friend whom she had never met before after hearing his wife’s brother’s high evaluation of that person.

“What a coincidence,”

Master Yan’s eyes indicated for Xiao Chen to bring the iPad over. He found the video that he had prepared earlier and handed it to his brother-in-law.

Elder Long received it.

Long Qingru also came closer in a hurry, wanting to see who her uncle had taken a fancy to.

But ...

The moment the screen lit up, all the blood in her body froze.

Now, I’m going to use today’s press conference to make a few official announcements.

The first item of the Kasaya!

I, Lin Hanxing, officially announce on behalf of X group that I’m choosing a day to invest in the he group.

.....

Long Qingru didn’t hear a single word that the other party said. She was stunned on the spot as if she had been struck by lightning!

This was Lin Hanxing!

Uncle actually wanted to bring Lin Hanxing into the Long family?

And he even said he wanted to take in a godbrother?

How was this possible?

How could this be?

Did Lin Hanxing know about this?

All kinds of questions were boiling in Long Qingru’s mind, and she almost broke down on the spot. Before Lin Hanxing’s identity was unknown, he could already poke a hole in the sky. If he had the identity of a Long family member ...

Long Qingru didn’t dare to think further.

In her panic, Long Qingru didn’t notice that Elder Long’s face had suddenly turned serious when she saw the video. She didn’t even notice that Elder Yan was looking at her with a seemingly probing gaze.

The video ended very quickly. Master Yan was about to say something when Master Long reached out and clicked on the video again.

The video continued playing.

Elder long did not say anything. He looked at the face in the video again.

“This girl ...”

Elder Long’s gaze fell on the tear mole. There seemed to be images surging out of her mind.

Chapter 1636-deja vu

“Go and get the photo album from upstairs.”

Elder long said to the person beside him in a deep voice.

“Dad, I’ll go.”

Long qingru suddenly got up and tried to force a smile on her face, but it looked weird and awkward because of the stiffness.

No one knew better than long qingru how important the photo album was.

Elder Yan glanced at long qingru and didn’t say anything.

Long qingru quickly went upstairs.

“I’ve found Qin su.”

Elder Yan suddenly said. Elder long glared at him, his eyes burning with fire.

“Where are they?”

“Country G, Rou city.”

Elder Yan briefly explained the matter. The veins on elder Long’s wrinkled hands bulged, and he coughed dryly.

“You still don’t believe my guess back then?”

Elder Yan said pointedly.

“Dad! How are you? Why are you coughing again?”

Long qingru rushed down the stairs with the photo album in her arms, her face full of worry. Master Yan didn’t say anything more and returned to his usual serious expression.

“Photo album.”

Elder long pushed away long qingru’s outstretched hand and spoke in a deep voice.

In the long family, long qingru was afraid of no one but these two people.

She bit her lower lip and handed the photo album over.

I’ve heard about this miss Lin before. She’s quite pretty, but she’s too vicious when she does things. She caused a huge mess in Jiang city, she’s simply ...

Long qingru chuckled and spoke as if she was having a small talk.

Everyone ignored her.

Elder long flipped through the photo album and found the target very quickly.

It was his only and last photo with his first wife.

No one spoke.

This was because everyone knew that elder long would not allow anyone to disturb her while she was flipping through the photos.

“Have you almost forgotten what your sister looks like?”

Elder long said in a deep voice, reminiscing about the past.

Elder Yan was silent.

Too many years had passed, and he had been away from home for too long. His memories had indeed become blurry.

Elder long passed the photo album to him.

Elder Yan took it.

It was just a simple action, but long qingru’s heart was in her throat.

She was afraid.

“Let’s see.”

Elder long said.

It was a well-preserved photo, but it was still severely worn and yellowed. Young comrades stood together with a shy smile on their faces. It was their first time taking a photo together.

But ...

Elder Yan’s expression froze.

The sister in the photo ...

There was also a mole at the corner of her eye!

And that smiling face, upon closer inspection, was actually sixty to seventy percent similar to Lin Hanxing’s!

“This ...”

Elder Yan was at a loss for words.

The scenes of his encounter with Lin Hanxing quickly flashed through his mind. He finally found a reason for that inexplicable sense of closeness and attention.

Long qingru's heart skipped a beat.

The thing she was most worried about had happened!

At this moment, long qingru couldn't help but hate her uncle for bringing up Lin Hanxing out of the blue!

"Why would I?"

At elder Yan's age, it was rare for anything to cause such a huge emotional fluctuation in him, but this matter was indeed beyond his expectations.

It was as if everything had been arranged.

"If there's a chance, bring him over for a look."

...

.....

Long qingru's forced smile completely disappeared after she got on the car.

In the rearview mirror, her expression was twisted and terrifying.

Subconsciously, he bit the flesh of his thumb nervously, not stopping even when there were blood stains on it.

"Lin Hanxing ... Lin Hanxing ... Damn it!"

Things were completely out of her control. What was she going to do?

If he really called Lin Hanxing back, wouldn't all the things that he had done in the past be exposed sooner or later?

Just as she was thinking about this, her phone suddenly rang.

Long qingru was startled.

Long qingru's eyes darkened when she saw the word " husband " on the screen.

"Hubby, save me!"

...

.....

The setting sun melted gold.

Lin Hanxing drove Zuo Xiangdong's Hummer H2 and stopped at the entrance of the Yun residence.

The carved iron gate of the villa was shut tightly.

Lin Hanxing rolled down the window of the driver's seat, his fair and slender hand casually placed on the window. He occasionally looked at his watch, as if he was waiting for something.

There were security guards at the gate, but without the order of the person inside, they did not dare to open the door.

"Thank you for sending me back ..." He said.

Doll Yun said as she unbuckled her seatbelt.

However, before he could do that, Lin Hanxing stopped him with one hand.

"Let's wait a little longer,"

Lin Hanxing's palm was cold, but the words he said were even colder. Yun WA's heart trembled.

Wait, wait for what?

Yun lahua didn't understand what she meant.

Lin Hanxing lifted the wrist that was wearing the watch and looked at the watch. He watched the second hand go back and forth on the watch silently. However, Yun WA, who was sitting in the front passenger seat, clearly felt that as time passed, the air seemed to freeze.

"Time's Up."

Lin Hanxing smiled.

Lin Hanxing started the Hummer again and stepped on the accelerator, slamming it into the carved iron gate.

As expected of a Hummer, after the first hit, the iron door was directly dented, scaring the security guards inside and making them run away.

Taking advantage of this time, Lin Hanxing reversed the car and stepped on the accelerator again.

The second time, the iron door was successfully knocked open.

Just like that, the front of the Hummer drove into the villa with half of the carved iron door.

Cloud child, who was sitting in the front passenger seat, finally understood why she had carefully selected the sturdiest Car model before coming out of the VIP lounge, so ...

She had already guessed that this would happen?

Lin Hanxing drove the Hummer all the way to the entrance of the villa. The people in the villa had already received the news and shut the door tightly. It was obvious that they would not let him in until the end.

"Miss Lin, I ..."

Yun WA frowned. Although cen Shan and her daughter had been too much in the past, she had never been as much as she was today.

Lin Hanxing smiled.

"Get out of the car."

After saying this, Lin Hanxing unbuckled his seat belt and got out of the car. Yun WA was stunned for a moment before she reacted and unbuckled her seat belt and got out of the car.

Lin Hanxing was on the phone.

“Okay, you and Xi Bao come over as soon as possible.”

The call was to Bai Xi.

Coincidentally, the actual distance between the Yun residence and the green sea Villa was not that far apart.

After hanging up the phone, Lin Hanxing took off his left ear accessory and flipped it deftly in front of Yun WA. Soon, the thing looked different.

Lin Hanxing poked and twisted the tip of the lock, and with a few clicks, the locked door of the villa opened in front of the two of them.

“.....”

For a moment, Yun WA could not find the right words to describe her feelings.

Good, amazing.

“Let’s go,” he said.

Lin Hanxing nimbly wrapped the unraveled earring around her hand, matching it perfectly with her slender fingers. There was no trace that it had once been an earring.

“Oh, right. I have a question for you.”

Lin Hanxing stopped in his tracks and looked in the direction of Yun WA.

“What?”

“Do you want to return to this home in the future, or do you not want to?”

Lin Hanxing raised an eyebrow. The answer to this question would directly affect the plan she would use later.

### [Chapter 1637](#)

1637 I hate people who talk nonsense the most

Yun WA raised her head and looked at the Grand Villa in front of her, but there was no trace of nostalgia in her eyes.

“This is not my home.”

Lin Hanxing was satisfied with the answer.

“Don’t be afraid, stay away from me.”

Lin Hanxing raised his head and looked straight at the surveillance camera at the entrance of the villa. He smiled and held the door handle.

The door opened with a click.

The Yun family's bodyguards were already waiting for them.

He had a well-built figure and looked like he was not to be trifled with.

miss, Mr. Yun has given an order. Please don't make things difficult for us.

Even though he said that, the bodyguard's attitude towards Yun WA was obviously not respectful at all. Especially when he saw that there were only two women in front of him, his attitude became even more arrogant and disdainful.

"The young miss has done something wrong, so she should suffer a little."

His fingers made a threatening sound.

Suddenly, Lin Hanxing chuckled.

He took off his jacket and threw it to Yun WA, who caught it reflexively. Lin Hanxing tied his hair behind his head and moved his neck and wrists casually.

"Suffering?"

Lin Hanxing's high heels made a cold sound as they stepped on the marble tiles. Soon, he was in front of the group of people.

"Do you know how to write these two words?"

The moment he finished speaking, the smile on Lin Hanxing's face disappeared and he attacked with lightning speed.

Doll Yun's eyes widened in shock.

He seemed to finally understand why he had told him not to be afraid and to stay away from him before he entered the door.

This place had simply turned into an Asura's field in seconds.

If she had not seen it with her own eyes, she would not have believed her eyes.

Lin Hanxing weaved through the bodyguards with an expressionless face. His moves were fast and ruthless. He did not say a word of nonsense, and every move was fatal. His eyes were as fierce and sharp as a knife, which made people's hearts jump.

Someone tried to fight Lin Hanxing at close range, but Lin Hanxing punched him in the stomach and he spat out a mouthful of blood on the ground.

In just half a minute, the well-trained bodyguards had fallen to the ground, wailing and vomiting blood.

"Ha, not a single one of them can fight."

Lin Hanxing's eyes swept across the ground, the mockery in his eyes was clear.

"Be careful ..."

Suddenly, the cloud child screamed.

He saw a bodyguard struggling to get up and trying to attack from behind.

Lin Hanxing and Yun WA looked at each other.

Just as the bodyguard was about to get close to Lin Hanxing, Lin Hanxing turned around and threw him over his shoulder. The bodyguard could not fight back at all and was thrown to the ground like a broken doll.

As if he felt that it was not enough, Lin Hanxing lifted his leg and kicked the man's abdomen.

Yun WA was speechless.

The ground was full of wolves.

Lin Hanxing raised his hand in Yun WA's direction. There was still blood on the mole at the corner of his eye, and the viciousness in his eyes was gone.

She beckoned her with her finger.

"Clothes."

Yun Huaxia threw the jacket back to Lin Hanxing and watched as she put the jacket back on calmly amidst the wailing. The black outfit revealed her A-Class personality.

"I hate people who keep grumbling when fighting."

Lin Hanxing said coldly as he fixed his collar. He walked around the bodyguard who was struggling on the ground in his high heels and walked into the villa.

Yun lahua followed.

"Lin ..."

"If you're willing, you can call me sister-in-law,"

Lin Hanxing said to Yun lahua half-jokingly.

"....."

As she spoke, the two of them had already walked to the main hall of the villa under the panicked gaze of the servants.

As Lin Hanxing and Yun WA entered, the people who were sitting on the European-style sofa raised their heads in unison. Other than Cen Shan and Yunyao, who he had seen in the airport lounge, Yun WA's father, Yun Zuo, was also there.

"How did you guys get in?"

Cen Shan suddenly got up and blurted out the question, but when she saw the blood at the corner of Lin Hanxing's eyes, she couldn't help but shiver.

This woman, why was she so scary?

Lin Hanxing did not even look at her as he walked towards the sofa opposite Yun Zuo and sat down without any hesitation.

He was even more imposing than the owner of the villa.

...

“Chairman Yun, nice to meet you.”

Lin Hanxing and Yun Zuo looked at each other, the air was filled with the invisible Flames of War.

Yunzuo, who was sitting across from him, squinted his triangular eyes. His Philistine nature was hidden in his eyes as he slowly sized up Lin Hanxing.

While the conversation was going on, Bai Xi and Jiang Xibao also arrived. Song Chenxi also arrived. Although her face was still pale, she no longer needed to move in a wheelchair.

“Ninth young lady.”

Bai Xi said in a low voice.

Lin Hanxing’s eyes swept over song Chenxi and he frowned worriedly.

On the other hand, song Chenxi smiled and shook her head at her.

“Director song?”

Yunzuo was clearly more familiar with song Chenxi.

Song Chenxi smiled as she passed the prepared documents to Lin Hanxing, then looked at Yun Zuo.

...

“Chairman Yun, you don’t seem to know how to treat your guests.”

Her voice was soft, but it was filled with unquestionable authority. To a certain extent, song Chenxi and Lin Hanxing treated people in the same way. The only difference was that one followed the rules, while the other did as she pleased.

“If I knew that CEO song was coming, why would I ...”

Yunzuo had always been good at saying polite words.

To him, no matter how glorious the Yun Corporation was, it could not be compared to the song and Gong corporations in country G. Although there were all sorts of rumors about song Chenxi, as a businessman, it was best to maintain a superficial peace.

Lin Hanxing scanned through the information in his hand.

He wanted to have a general understanding of the Yun Corporation.

“Xi Bao, take Dolly upstairs to pack her luggage.”

Lin Hanxing did not even raise his head and interrupted Yun Zuo's unfinished words. His fingers casually moved the diamond bracelet on his wrist and almost instantly, the signal in the entire villa was completely blocked.

"Remember, if anyone tries to stop you, you can do whatever you want to them."

Jiang Xibao nodded.

The ninth young lady's 'handling' meant that they would not care about life or death.

This time, she finally didn't have to hold back.

It was perfect.

Yun Yao's eyes lit up when she heard that Yun WA was going to pack up, but when she heard the next sentence, she bit her lower lip.

He gave his mother a look.

After Yun WA and Jiang Xibao went upstairs, she also went upstairs quietly.

Lin Hanxing heard the movement, but because Xi Bao was there, he didn't bother to pay attention to her. He just continued to read the documents in silence.

The Yun family was really an arrow at the end of its flight.

Lin Hanxing had been on the verge of bankruptcy a few years ago, but now he suddenly had a large sum of money to come back to life. From Lin Hanxing's experience, this was simply impossible.

The time when the money was transferred from an unknown source coincided with the time when the cloud child suddenly appeared out of thin air. He just didn't know what the connection was.

"Director song, this is ..."

Yun Zuo looked like he had just seen Lin Hanxing, he still had the smile of a businessman on his face.

Song Chenxi did not say anything, but her face turned cold.

She had already given yunzuo a way out, but she didn't expect him to be unrepentant.

Lin Hanxing closed the document in his hand.

He looked at yunzuo.

### [Chapter 1638](#)

1638 An angry little Xi Bao

He was expressionless.

Yunzuo's heart skipped a beat when she looked at him, and the smile on his face gradually stiffened.

It's a little tricky, he thought.

Lin Hanxing's face was still stained with blood, and because Lei Xiao was no longer around, no one could control him. The wildness and ruthlessness in his bones were completely released, and the air was filled with the smell of danger.

His fingers tapped on the folder, making a very regular muffled sound.

In the ears of others, it sounded more like a death knell.

There was almost a minute of silence between the two.

Yunzuo had never experienced being forced to lose his composure by a Junior's gaze.

"You should really be glad that my temper is much better now."

Lin Hanxing smiled, but the smile did not reach his eyes.

"You're going too far!"

Perhaps it was because she was in her own home, or perhaps it was because her husband was by her side, Cen Shan was much more confident and arrogant than when she was in the airport VIP lounge.

Through her, Lin Hanxing thought of someone he had not thought of for a long time.

Her aunt, Lin Youlin.

"Bai Xi ..." He said.

She said lightly and fiddled with her fingers as if she was doing it unintentionally.

"Teach teacher Cen what 'bullying is!'"

"Alright," he said.

Bai Xi smiled like a fox and quickly walked up to Cen Shan. He grabbed the top of her head and slapped her face with his other hand accurately and nimbly.

pa pa pa pa ...

"Ah ..."

Cen Shan was caught off guard and felt as if her eardrums were about to explode. She tried to Dodge, but she was no match for Bai Xi, who had been around for a long time.

"Still not moving ..."

I advise Chairman Yun not to be rash.

Seeing that Yunzuo was about to call for help, Song Chenxi spoke in a calm and collected manner.

"If you still wish to maintain a normal business relationship with the Lei and Yuan groups ..."

Yunzuo's voice stopped abruptly.

In a short time, Cen Shan's face was red and swollen from the White Stream's slap, and blood was flowing from the corner of her mouth.

“You are ...”

Yunzuo suddenly looked at Lin Hanxing.

That little nine of the Lin family from Jiang city, who was appointed by Yuan shaojing to be the new head of the yuan group and who had turned Xue LAN upside down?

It was no wonder yunzuo couldn't recognize her.

Ever since Lin Hanxing suddenly appeared in country G, Yun Zuo had always felt that she couldn't possibly be as scary as the rumors made her out to be. He even felt that Yuan shaojing might have fabricated those gimmicks to pave the way for her.

The conceited yunzuo refused to believe that a little girl could really stir up a storm.

Yunzuo, who had never taken Lin Hanxing seriously, naturally did not pay attention to her news. Even when someone came knocking on his door today, he did not really recognize the person in front of him.

Lin Hanxing leaned back on the sofa with all his weight.

“Let's get to know each other again. I'm Lin Hanxing.”

.....

At the same time, upstairs.

Jiang Xibao had never seen a rich young lady with such a shabby room and so little luggage. She did not even have enough to pack a 24-inch suitcase.

“Are you satisfied now?”

Yunyao's eyes were filled with tears as she floated in like a ghost.

His voice was filled with criticism of Yun Yao.

She was like the female lead of a sad drama.

Jiang Xibao quietly took out a rice cake from his pocket. It was a small snack that the mute uncle had made for her in case she got hungry.

It was crunchy and fragrant.

‘Please continue your performance,’ Jiang Xibao thought.

“What did mom and dad do to you?”

&Nbsp; crack crack.

“How could you do this to us?”

&Nbsp; crack crack.

I merely took your design drafts, but you destroyed my dream!

&Nbsp; crack crack.

...

“.....”

With tears in her eyes, yunyao turned her head and stared at Jiang Xibao, who was happily chewing the rice cake. Jiang Xibao was like a little hamster with his cheeks stuffed full, and he looked back at yunyao with an innocent face.

He blinked.

“Have you said enough?”

Yun huaisha closed her suitcase with a bang.

She was about to be disgusted.

“You’ve always been like this. It’s disgusting,”

Yun Yao looked at doll Yun’s beautiful face, and she couldn’t help but think of the first time she peeked out from behind her mother to look at her.

It was so dazzling that it was disgusting.

“Get lost!”

The negative emotions kept piling up in his heart.

...

Yunyao couldn’t help but say some nasty words. She reached out and pushed Jiang Xibao, who was the closest to her. The latter was caught off guard and the rice cake in his hand fell to the ground.

Jiang Xibao lowered his head and looked at the rice cake.

“Apologize!”

The people around her couldn’t see her expression, but her voice was obviously lower.

“Apologize to my rice cake!”

The mute uncle had specially made this for her.

“Ha!”

Yunyao sneered, raised her foot and stomped on the rice cake.

Crushing.

“Don’t even think about it!”

Yun Yao’s voice was filled with malice.

Yun WA was about to step forward but was stopped by Jiang Xibao’s outstretched hand. He looked up and his chubby white face lost its cuteness and looked at Yun Yao with a serious expression.

"I'm very angry right now."

Jiang Xibao said seriously.

In her life, there were two things that were most important.

The first one was the ninth young lady.

The second was to eat.

No matter which one of the two she met, she would fight with her life.

"Crazy ..."

Before yunyao could finish her sentence, Jiang Xibao suddenly kicked the cabinet next to him with a blank expression.

Doll Yun thought that Jiang Xibao was angered by Yun Yao. Just as she was about to speak, she saw the cabinet that was originally standing firmly by the wall fall down with a loud bang. The place that was kicked by Jiang Xibao had even cracked like a spider web.

"....."

"....."

One had to know that it was made of black sandalwood!

Jiang Xibao looked at Yun Yao with his grape-like eyes.

Yunyao was like a little white flower in the wind and rain, trembling.

"Apologize," he said.

Jiang Xibao's sweet voice lowered a few degrees, but he still maintained the basic courtesy.

As long as yunyao was willing to apologize to her rice cake.

"I, I'm not wrong!"

Yunyao was still stubborn.

Jiang Xibao's pupils turned darker. She had not been so angry for a long time.

She pursed her lips tightly and her chubby face was frosty.

This White Lotus was very bad!

"Good! Very good!"

The soft and cute little Xi Bao suddenly laughed. She wanted to get justice for her rice cake!

She decided!

Tear down the house!

.....

the most profitable projects under the Yun Corporation are food and tin. Unfortunately, I'm involved in both. What's more unfortunate is that I have the right to cut off the raw material supply of the Yun Corporation.

Lin Hanxing was too lazy to waste too much time on a small character, so he went straight to the point.

Just like she said, what was the Yun family to her?

"What do you want?"

At this moment, Yun Zuo could not even care about the half-dead Cen Shan.

"I'm going to take her away today."

"Sure."

Yunzuo wished he could send these pessimists away immediately.

"Don't worry, my lawyer will be here soon. I need you to sign and authorize an agreement."

"What agreement?"

Yun Zuo looked at Lin Hanxing warily.

Only the heavens knew that in those rumors, the scariest thing about the Lin family's little ninth was her methods of devouring people without spitting out the bones. As long as one came into contact with her, even if they didn't die, they would be skinned.

## [Chapter 1639](#)

1639 Cute and loving Jiang ERHA Bao

Just as Lin Hanxing was about to speak, a strange loud noise came from upstairs!

He interrupted the conversation.

Song Chenxi looked up and met Bai Xi's eyes. They could see the surprise in each other's eyes and wondered what had happened upstairs.

Yunzuo frowned and looked at the stairs.

With a bang, the White European style dressing table fell from the sky and landed on the lawn outside the floor-to-ceiling window. The jewelry box and cosmetics shattered on the ground and scattered in a parabolic shape.

"....."

"....."

"....."

Very quickly, the people downstairs realized that this was just the beginning.

This was because an endless stream of things were being thrown down from upstairs onto the lawn. There were both big and small items.

“You’re crazy!”

Yun Yao’s uncontrollable screams rang out at the same time.

Lin Hanxing, who was sitting on the black leather sofa, chuckled silently. He just didn’t know how that little white cloud had provoked Xi Bao and turned his cute little Xi Bao into a home-breaking Husky.

Just as she was thinking about this, Jiang Xibao appeared at the stairs.

The chubby little face was full of seriousness at this time. With every step he took, he kicked at the carved handrail of the stairs. With every kick, a cracking sound could be heard, and with every crack, a wooden pillar fell to the ground.

Just like that, he kicked her with every step he took ...

It did not know exhaustion.

“.....”

“.....”

The Yun family members were all shocked and dumbfounded.

What kind of monster was this?

When all the steps were broken, Jiang Xibao finally stepped down the last step as if he had successfully completed his mission. He walked back to Lin Hanxing’s side and his angry expression instantly turned into one of grievance.

“Ninth young lady ...”

Jiang Xibao’s aggrieved eyes were filled with tears, and Lin Hanxing’s expression turned cold.

“Did someone bully you?”

As soon as Lin Hanxing asked this question, the Yun family all looked at her with a strange look of condemnation.

Did she still have any humanity left?!

Bully her people?

From the moment they entered, it was a one-sided KO!

Jiang Xibao nodded his head like a chicken pecking at rice.

Bah, shameless!

The Yun family couldn’t help but think, you’ve already torn down your house, what else do you want!

“The mute uncle made me some rice cakes.”

As he said that, Jiang Xibao’s tears that had been in his eyes for a long time finally fell down.

“What?”

What did it have to do with rice cakes?

"My rice cake ..."

Jiang Xibao suddenly buried himself in Lin Hanxing's arms and cried like a little pig.

"....."

My Xi Bao, can you finish speaking before you cry?

Lin Hanxing could not help but raise his head and stroke Jiang Xibao's head as he looked at Yun Zuo unhappily.

Yunzuo was speechless.

What are you looking at me for?

This group of people were really crazy!

Had the rice cake been poisoned or possessed?

What are you crying for!

Yun WA, who was carrying her luggage, followed closely behind and explained the situation briefly. Bai Xi couldn't help but cover his eyes with his hands and chuckled.

In this world, other than miss Jiu, anyone who dared to touch the food in little Xi Bao's hands would be risking their lives!

"Be good, don't cry."

Lin Hanxing coaxed her patiently.

At this moment, the team of lawyers from the Lei clan had arrived.

"Madam."

The person in charge of the Lei group's lawyers turned a blind eye to the chaos around them and bowed respectfully to Lin Hanxing.

...

"Give it to him,"

Lin Hanxing gestured lazily in Yun Zuo's direction.

The person in charge of the team of lawyers quickly took out the agreement that they had prepared earlier and pushed it onto the coffee table in front of yunzuo expressionlessly.

Yunzuo did not know if it was his imagination ...

Why did he see ... Sympathy in his eyes?

Mumbling to himself, yunzuo picked up the agreement and read it carefully.

“Absolutely not!”

When he finally saw what was written on it, yunzuo stood up abruptly and tore the agreement into pieces in front of Lin Hanxing. He threw the pieces of paper into the air excitedly, and the pieces of paper scattered like snowflakes above everyone’s heads.

Jiang Xibao’s crying stopped abruptly.

He raised his head and looked at yunzuo.

Her nose was still red from crying, like a Christmas Elks.

...

“How annoying!”

Jiang Xibao, who had always been kind to others, saw that this group of people was not feeling well today. Their little faces were full of unhappiness and even their wet eyes were filled with annoyance.

“Why not?”

Jiang Xibao said softly. He suddenly stood up and reached out to hit the coffee table with the crystal mirror in front of him.

Perhaps he was too angry, so he didn’t hold back at all.

The coffee table couldn’t bear the heavy load and started to shake.

Accompanied by a crashing sound, the crystal mirror first cracked into a spider’s web, then cracked into pieces in front of everyone and scattered all over the ground.

“.....”

“.....”

“.....”

Yun Zuo looked at Jiang Xibao in shock.

“I won’t compensate you, so so so so so so so!”

I’ll anger you to death!

Jiang Xibao made a funny face and sat down beside Lin Hanxing obediently.

A Fox exploiting a Tiger’s might.

Song Chenxi turned her head to the side to hide the smile on her face that was almost out of control. She pursed her lips and suppressed it.

She was really a treasure vault.

“What do you mean by this? You want me to sign the authorization to cancel all the contracts with my daughter?”

How could he do that?

Lin Hanxing took in all of Yun Zuo's expressionless face, including the calculations and wavering in his eyes. These subtle changes confirmed Lin Hanxing's guess.

it's just a request, not a father-daughter relationship. Why are you so agitated, Chairman Yun? "

Lin Hanxing sneered.

Those who didn't know would think that what she had done was unforgivable.

Lin Hanxing and Yun Zuo looked at each other, the pair of eyes that seemed to be able to see through everything was cold.

Yunzuo pursed his lips.

"Anyway, I won't sign it."

of course you can. That's your right, Chairman Yun.

Unexpectedly, Lin Hanxing did not get angry. Instead, she said that calmly. However, she changed her tone immediately after that.

however, I also have the right to cut off all raw material supplies for the Yun Corporation.

Lin Hanxing said lazily.

They each had their own rights. If it was within their capabilities, you could do what you wanted and I could do what I wanted. She was such a fair person!

I wonder how long President Yun's cash flow can support the entire Yun Corporation? "

She asked back meaningfully.

"Are you threatening me?"

"Originally, we had no grudges, but your family just had to provoke me. With my personality, How can I swallow this?"

Lin Hanxing's words were as innocent as they could get, but in the ears of the Yun family, they were as angry as they could get.

Did she even have any shame!

Look at the villa that was about to be torn down into a garbage dump. Did she not have to pay?

"Aren't you afraid that I'll call the police?"

Lin Hanxing could tell that yunzuo was truly flustered, he even dared to call the police.

"Chairman Yun, do you always talk so much nonsense?"

Lin Hanxing's tone was still a little impatient.

if you want to sign it, then sign it. If not, we'll meet at the mall. It'll be more straightforward.

If she continued to talk nonsense, she was afraid that she would have to charge more overtime fees!

## [Chapter 1640](#)

1640 Sheep's head

Until the group of people came out of the Yun family's house in high spirits, little Yun still felt like she was in a dream.

Although she had planned to leave this place, she didn't even dare to think of such an easy and satisfying way.

"Are you happy to leave this place?"

To Lin Hanxing, it was like using a butcher's knife to kill a chicken if she had to deal with people like the Yun family. Therefore, the outcome of the negotiation was decided without any suspense from the beginning.

Her question made Yun WA stop in her tracks and turn around to look at the Yun residence.

His eyes happened to meet Yun Yao's on the second floor, who was full of jealousy and anger.

"I'm happy."

He had never felt so relaxed and happy since he was brought back to this world.

"Have you found a place to stay?"

After a simple handover with the lawyer, Lin Hanxing looked at her and smiled.

"I can stay in a hotel first and take my time to find a place."

The biggest problem had been solved, and the rest of the problems were trivial to the Yun child.

"There's no need to go through so much trouble. Come home with me."

Lin Hanxing could not wait to see the tsundere Lei Xiaosi lose his composure!

She clapped her little hands in her heart.

"This ..."

Yun WA was confused. They had only met for the first time today, but she was being too nice to her. Wasn't he afraid that he might be a bad person?

"Let's go. Perhaps there's a surprise waiting for you."

Lin Hanxing reached out to Yun WA with a smile on his face.

Buy the big and get the small free ... Surprise!

.....

Beijing.

PU Weishi's face was cold as he listened to long qingru's tearful complaints. If it wasn't for the fact that his knuckles, which seemed to have casually fallen on the armrest of the black leather sofa, were white and tense, no one would be able to see through his true emotions.

"Is that why you're telling me?"

If he had informed him in advance, he could at least have made early preparations.

Seeing that PU Weishi was angry, long qingru didn't even dare to breathe.

PU Weishi was too lazy to pay attention to her, his eyes closed as he leaned back on the sofa with all his weight. His mature face that was like a knife cut carried the viciousness of those who had fought in the mall.

He had long since heard of the appearance of a character like Lin xiaojiu.

He had heard that her background was mysterious and her methods were impressive. The way she dealt with problems was ruthless and accurate. She had quietly gained a firm foothold in the business circle. With the support of the business genius Lei Xiao of the Lei group, PU Weishi felt that it was the best choice not to make these two enemies.

However, his own backyard had caught on fire and he had provoked trouble that he should not have.

PU Weishi suddenly opened his eyes.

have you ever thought about Lin xiaojiu's true motive for going to country G? "

Long qingru was dazed for a moment, then suddenly realized something.

That's right!

If it was just to find Qin su, she should have returned after Qin SU's death. The second Princess Consort and her family were on the verge of death. According to Lin xiaojiu's personality, she did not 'take advantage of your illness'?

This was not in line with her way of doing things.

She must have missed something!

"I'm afraid she's waiting for an opportunity,"

PU Weishi dangerously narrowed his eyes.

What was Lin xiaojiu waiting for?

Country G ... Xuelan ... Rou city ...

"Four songs!"

Suddenly, PU Weishi said in a low voice. His words once again stunned long qingru. After a while, she suddenly sucked in a breath of cold air.

Lin xiaojiu was really good at scheming!

Once she had collected all four songs, she would have a reason to return to Beijing openly. Under the media's scrutiny, he wouldn't be able to do anything to her in public. She would have to suffer in silence and swallow her own bitter pill!

Why didn't she think of this before?

"However, I'm afraid her plan will fail."

PU Weishi was glad that long qingru had told him about this in advance. Otherwise, if Lin xiaojiu had found everything a while later, there would have been no room for negotiation.

Long qingru looked at her husband, her eyes shining.

"I know who has the dog's head, and I can buy it back in advance,"

Didn't Lin xiaojiu want to collect all four of them?

Hehe.

Then, he would step in and see who would have the last laugh.

...

"Then ... What about uncle?"

Long qingru heaved a sigh of relief. As expected, she should have told her husband in advance. Otherwise, she wouldn't be in such a predicament.

"Your uncle is indeed a problem."

PU Weishi's eyes were dark as he spoke.

Hearing this, long qingru's heart skipped a beat, and she felt uneasy.

"However, as long as he's dead, there won't be any more problems, right?"

Long qingru got up in shock!

.....

Rou city, green sea Villa.

Lin Hanxing did not expect to receive a surprise from na jilie before the Yun WA's.

Looking at the wooden box that was escorted by the security guards all the way to the villa, it looked familiar no matter how he looked at it.

...

"Sheep head?"

Lin Hanxing subconsciously looked at Lei Xiao. After getting his confirmation, he quickly walked to the wooden box, but Lei Xiao had already prepared professional tools and was ready to open it.

Everything was proceeding in an orderly manner.

On the other hand, Yun WA, who had just entered the room, had a subtle expression on her face when she heard the word 'sheep head', as if she was thinking about something. Suddenly, she heard a sound of puffing coming from beside her feet. She looked down and saw a pink little pig in a white puffy dress!

"Doll?"

A cry of alarm came from the stairs.

Yan beixiao could not believe his eyes. He rubbed his eyes as he ran towards Yun WA's direction.

"What are you doing here? Lei Xiaosi ... Does he know Lei Xiaosi? And da bao, do you know how Yuan da bao is ..."

Yan beixiao's face was full of surprise.

"Don't scare her."

Lin Hanxing spoke slowly, but Bai Xi was already in front of Yun WA. He picked up little Zhu Zhu and stuffed it into the arms of Yan beiming, who was about to hug Yun WA excitedly. The entire process was done in one go.

Yun WA looked at Yan Beichen in confusion.

"You ... Don't remember me?"

Yan beixiao subconsciously looked in Lei Xiao's direction, and after he received a nod, he was stunned.

What was going on?

What should I do with Yuan Dabao, this devilish child?

Lei Yu's hands also stopped moving, and a rare look of surprise appeared in his eyes. It really was Yun WA.

"Bai Xi, go and help doll clean up a room."

Lin Hanxing's eyes signaled for the others to calm down. If this continued, Yun WA would be scared away. Didn't he see that she had subconsciously taken a few steps back?

"Alright," he said.

Bai Xi went upstairs without hesitation.

Lei Yu steadied his mind and continued what he was doing.

Soon, the things inside were gradually revealed. Due to the isolation of the protective shield, the things inside were not corroded by the oxidation of the outside air.

"No problem," he said.

Lei min's voice was still filled with suppressed excitement.

"Miss Lin, are you looking for this?"

Yun lahua suddenly said.

“Don’t call me miss Lin, call me sister-in-law!”

Yan beixiao immediately stuck his head out to correct her, almost scaring doll Yun.

“Yes, you’ve seen it before?”

Lin Hanxing resisted the urge to roll his eyes at Yan beiming, and his sensitive senses caught the Yun WA’s unspoken words.

“I’ve indeed seen it before, but it was in the shape of a dog.”

As soon as she finished speaking, everyone looked at her with burning eyes.
