

## Goodnight 1641

### [Chapter 1641](#)

1641 Gold-encrusted Jade reappears in the world

Everyone's eyes fell on Yun WA's face at the same time, making her think that she had said something wrong.

"Where did you see him?"

Lin Hanxing did not expect to receive such a pleasant surprise after finding the doll.

"An antique merchant in the dengheng state."

If he remembered correctly, it had been more than a year since they last met.

I'll look for his name card later. It should be faster if you contact him directly.

Yun lahua said.

The others were overjoyed. If they could gather all four of the heads, they would be able to immediately charge to the capital and teach that long guy a lesson after they settled the matters in Rou city. Just thinking about this scene ...

He was excited no matter how he thought about it!

"Hanxing,"

Lei Xiao glanced at the message on his phone.

Lin Hanxing looked at him.

"Elder Yan is looking for you."

At this time?

Lin Hanxing was surprised. It had only been a few days since they last had a video call. If elder Yan did not have something particularly important, he would not be in such a hurry.

"I know, I'll go upstairs now."

After Lin Hanxing finished speaking, he looked at the sheep's head. Although he did not know why najilie suddenly changed his mind to give the sheep's head to her earlier, she was indeed much more relaxed because of this.

As he thought about it, his impression of najilie improved.

Upstairs.

Lin Hanxing pushed the door open and entered the study.

"Hello," he said.

Behind him, Yuan Kang suddenly stuck his head out.

“What?”

Lin Hanxing turned around and raised his eyebrows at him.

“I had a video call with my mom and used the computer.”

Yuan Kang said as he pointed at the desktop on the table. After saying his goodbyes, he left.

Lin Hanxing looked in the direction Yuan Kang had pointed.

For a few seconds, she didn’t move, but after a few seconds, she returned to normal.

Sitting in front of the computer, he quickly contacted master Yan.

When master Yan’s face appeared on the screen, even Lin Hanxing could see that he was looking at her with more desire than before, which made her feel a little uncomfortable.

“Little Lin.”

After elder Yan said this, he paused for a long time.

The old photo appeared in his mind.

There was a deep sense of regret boiling in his heart. How could he have forgotten his sister’s appearance? otherwise, how could he not see that the two of them looked alike after such a long time?

It was only now that elder Yan finally connected the dots.

All the impossible assumptions that Xiao Chen had reported made complete sense when Lin Hanxing was really a long family member.

However, he still lacked a strong piece of evidence!

“I’ve already talked to the long family about what I told you last time.”

Elder Yan tried to squeeze out a smile on his stern face, trying to make himself look more amiable.

Lin Hanxing’s eyes narrowed.

“Long qingru is here too?”

Lin Hanxing asked after a while.

“Yes.”

Lin Hanxing’s expression changed when he heard elder Yan’s reply.

She understood her opponent, and it was because of this understanding that she knew how elder Yan’s actions would make long qingru’s side jump in anger. Not to mention that she had the PU clan behind her.

Because of long qingru, Lin Hanxing had also gone to learn more about the PU clan.

Her husband, PU Weishi, could really be considered a ruthless character.

If it really affected their own interests and they were forced into a corner, what would Pu Wei do .....

“Elder Yan, I will have the mute uncle fly to the capital tomorrow. Please take him with you just in case.”

They had known each other for a long time, but this was the first time Lin Hanxing had spoken to elder Yan in such a serious tone.

Elder Yan was stunned.

“What do you mean?”

“I suspect that someone is going to make a move on you,”

...

Lin Hanxing’s words were never baseless. Moreover, based on her understanding of the couple, there was a high chance that this would come true.

“That’s impossible,”

After all, elder Yan was a man who had gone through war. His confidence as a tough man made him disdainful of such petty tricks. Besides, he subconsciously thought that the other party would not dare to do it.

“Lin girl, you’re worrying too much,”

As if realizing that his tone was too harsh, elder Yan quickly eased up.

Lin Hanxing did not say anything.

She knew that she wouldn’t be able to convince master Yan in a short time. Not to mention master Yan’s self-confidence, with his status alone, if he didn’t want to, she wouldn’t be able to send her to him no matter how capable she was.

“You know who I am, unless someone asks the heavens for help.”

Elder Yan said in a deep voice.

Lin Hanxing sighed in his heart.

However, someone wanted to borrow this courage from the heavens.

...

If the capital had a 50% profit, it would take risks. If it had a 100% profit, it would dare to trample on all the laws in the world. If it had a 300% profit, it would dare to commit any crime, even risk being hanged.

For long qingru, nothing was more important than her identity as a member of the long family.

Long qingru couldn’t have dealt with her mother’s matter alone. In Lin Hanxing’s eyes, long qingru was just a shield.

That was because the person behind all of this knew very well that if the long family’s identity was exposed, they might still be able to win a chance of survival.

And now, master Yan's actions had undoubtedly touched the cake in their mouths.

How could they not be cruel?

Lin Hanxing silently pulled open the hidden compartment in the drawer and took out the hidden item.

"What if I use this to get you to agree to my request?"

Lin Hanxing opened the box with a click.

The half of the jaded gold that was wrapped in the Golden rattan of the tundra was laid out in front of elder Yan without any warning.

There was a brief silence on the other end of the video call.

His eyes widened in shock and excitement, his strong hands unconsciously clenched into fists, his whole body tensed up like a bow, and he stared at the half of the jade pendant.

This was a token.

"You are ..."

Elder Yan had lived a glorious life, but at this moment, he became cautious.

He was afraid of waking up from this dream.

"Tomorrow, I will send the mute uncle to the capital. I hope that you will always bring him with you!"

Lin Hanxing would not have revealed this trump card if he had not been forced to. Now was not the right time, but if it could save elder Yan's life, she did not feel that it was a pity.

"Little Lin ..."

it's not the right time to talk about some things. I'll explain it to you personally when the matter in country G is over.

Lin Hanxing said in a low voice.

The two of them looked at each other.

"Good! Good!"

The ecstasy on elder Yan's face couldn't be contained. He had thought that he would have regrets for the rest of his life, but things had turned around like this. The heavens had opened their eyes!

The heavens have opened their eyes!

"When that time comes, I'll personally bring you to see your grandfather, your own grandfather!"

Over the years, many people had come to him with fake tokens, but elder Yan had never felt as real as today. Could this be the legendary ... Telepathy that belonged to family?

"Alright," he said.

If one did not listen carefully, no one would be able to hear the same trembling in Lin Hanxing's voice.

## [Chapter 1642](#)

1642 Lei Xiaosi who lost his composure

The video call with elder Yan had ended a long time ago, but Lin Hanxing had been sitting in the same spot without moving.

The silence continued until Thunder valiant pushed the door open and entered.

Lin Hanxing reached out to him subconsciously.

“What’s wrong?”

Lei Xiao pulled Lin Hanxing into his arms and allowed her to bury her face into his abdomen through his shirt.

“Hug~”

Lin Hanxing’s muffled voice could be heard.

Lei Xiao curled his lips, opened his arms and directly picked her up from the chair and held her in his arms. Even through the sleeves, he could feel the firm muscles of his strong arms, which were powerful and full of security.

It was the same feeling he had always given her.

Lin Hanxing gently leaned his forehead against Lei min’s, his long, seaweed-like curly hair spread out behind him. His small face without makeup was fair, clean and clear, with a little childlike innocence.

“I’m so happy.”

She said.

His voice was soft, as if he was afraid of breaking a dream.

Lei Xiao gently patted Lin Hanxing’s back with one hand, as if he was coaxing a child who was throwing a tantrum and coaxing his wife.

“I hope you’ll be this happy every day.”

Lin Hanxing’s magnetic and hoarse voice made her usually frosty little face burst into a bright smile. It was like the stars lighting up the entire obscure night sky, beautiful but unconsciously.

“Don’t Smile at Me like that.”

Thunder valiant lifted his head to look at her, his Adam’s apple bobbed up and down, his deep and dark pupils like those of a beast that could not be satisfied.

“Unless you don’t plan on going out tomorrow.”

The color of makeup slowly spread from his neck. Lin Hanxing opened his eyes slightly, like a frightened cat, and raised his hand to Pat Lei Xiao’s shoulder.

“Shameless.”

But her voice was like sugar, sweet to the heart.

Her slender fingers gently brushed across Lei Xiao's brow bone, feeling the rising and falling of his determination.

A gentle kiss followed the places his fingers brushed across, just like how he kissed himself every time.

"When are you going to tell Xiao si about the doll?"

"Mm~~"

Lin Hanxing made a childish sound as he pondered, his long eyelashes fluttering like butterfly wings.

"It's all good now."

"Now?"

Lei Xiao raised his eyebrows and pulled her into his arms with one hand, letting Lin Hanxing feel his tension at the moment. His eyes were as dark as they could be, and the hair on his forehead that had just come down from the shower still carried a refreshing childlike quality.

so, is your sexual happiness more important or your brother and Yuan Bao's happiness? choose one.

Lin Hanxing raised his chin slightly, the mole at the corner of his eye was shining brightly.

Thunder owl looked at her gloomily.

"You ... Ah ..."

Lin Hanxing was about to say something when Lei Xiao suddenly released his arms that were holding her tightly. She was so frightened that she quickly hugged the man's neck and screamed.

Fortunately, the Thunder valiant beast caught her again in the next second.

"Hey!"

Lin Hanxing patted Lei Xiao's shoulder in annoyance.

His heart was still beating.

"I'm punishing you,"

Lei Xiao opened his mouth and bit the fingertips that she stretched over. His breath was unstable as he sat on the chair with his wife in his arms.

"Are you going to call him or should I call him?"

Lei Xiao pointed his phone in Lin Hanxing's direction.

Lin Hanxing chuckled as he took his phone. He opened WeChat and clicked on Lei Xiaosi's number.

[ Xing Xiaoxing: I need to talk to you. ]

Lei Xiaosi was speechless.

Lei Jue seemed to have something to attend to as he only replied after about five minutes.

Xing Xiaoxing: " photo ".jpg

Lin Hanxing immediately sent a photo of him and Yun lahua in the airport lounge to Lei Jue.

The other party did not move for a long time.

"He wouldn't be scared, right?"

Lin Hanxing turned his head to look at the man who was playing with his fingers. Why was there no news from Lei Xiaosi for so long?

Lei Xiao's thin cold corner curled into a smile.

...

"It's almost time."

The moment he finished speaking, Lei Jue's video call came in.

As expected.

Lin Hanxing raised an eyebrow and picked up the call.

On the other end of the phone, Lei Xiaosi did not seem to be in a good state.

"Do you have a fever?"

Lin Hanxing frowned. Lei Jue, who was dressed in a suit and leather shoes, seemed to be abroad. His cold and serious face was flushed with a fever, but his eyes could feel a strong penetrating power even through the phone screen.

"Sister-in-law ..."

It was just two simple words, but Lei Jue's voice changed.

Perhaps he had too many questions to ask, or perhaps he had too many things to say, Lei Jue did not know where to start. This cold-blooded lawyer who was well-known in the world was tortured to the point that his eyes were red.

"Is she doing well?"

...

It was hoarse and sickly.

"Good and bad."

Lin Hanxing told the truth. Time was tight and she had not had the time to investigate the Yun family, but judging from yunzuo's abnormal reaction to the cancellation of the proxy relationship, there might be other problems hidden and waiting to be investigated.

"I'll head over now."

Lei Jue stood up abruptly, and even the screen shook violently.

It was also because of this that Lin Hanxing could see that he was in a hospital ward. Lei Jue had an IV drip attached to the back of his hand.

“Sister-in-law, please help me keep her.”

Lei Jue’s voice was tense and there was a hint of pleading in it. As soon as he finished speaking, he pulled out the IV needle from the back of his hand. Ignoring the foreign nurse’s screams, he held his phone and walked out of the VIP Ward.

“Lei Jue, take your time. Dolly is staying with me now.”

“Ah Jue,”

Lei Xiao said in a deep voice, with the authority of a big brother.

Lei Jue stopped in his tracks. Even though his high fever was causing his brain to stop working, his body’s instinctive reaction was to believe in his brother.

“You have to be mentally prepared.”

Upon hearing this, Lei Jue’s dazed eyes met the couple’s through the video.

Even Lin Hanxing could not bear to watch.

“Doll doesn’t remember you anymore.”

Lei Jue chuckled.

“Big brother, what are you talking about?”

How could she not remember me?

This must be a joke, right?

Lei Jue stood at the entrance of the hospital. The chauffeur opened the car door and waited quietly not far away.

‘Lei Jue, can you please pay attention to me?

Xuxu’s book or me?

Yingluo, you have two choices now. One is to like me, and the other is to be liked by me.

Lei Jue’s hand that was holding the phone slowly slid down. He could not even remember when the video call had ended. He just stood there quietly like an emotionless statue.

He was going to find her.

He was going to Rou city to find her.

This was the only obsession in Lei Jue’s heart, but his feet seemed to not listen to his command, and he could not even move.

“Mr. Ley ...”

The chauffeur sensed that something was wrong and walked in his direction, his eyes still filled with worry.

Lei Jue pushed the chauffeur’s hand away. He was exhausted from the high fever and looked up at the blazing sun in the sky of a foreign country.

“Mr. Ley, let’s go back to the hospital.”

The driver did not know what had happened, but after working for lawyer Lei for so many years, the impression that Lei Jue gave him had always been that of a calm and professional. He had never lost his composure like this.

“Help me book a ticket to Rou city! I’m going to go now ...”

Lei Jue’s hoarse voice was still trembling.

“No,” she said.

Just as the driver was about to make the arrangements, Lei Jue spoke again.

“Help me book a ticket back to Jiang city first.”

### [Chapter 1643](#)

1643 You’re Starfire, you lit me up (1)

Thirty thousand feet in the air.

Lei Jue, who had a high fever, fell unconscious in the first-class seat. The helpless driver and assistant could only be anxious.

He didn’t know what was wrong with his boss.

Ever since she received the call from master, she had been in a daze.

The assistant didn’t know that his boss, who had a high fever, was having a sweet dream.

A dream about the person he loved.

Did ran ran hear about it? The transfer student was yunyao’s elder sister.

Lei Jue, who had skipped class to sleep in the health room, was woken up. He covered his eyes with one hand to block the Golden sunset in the evening. The White curtains fluttered in the wind, but all the beautiful things could not hide the impatience between his twisted eyebrows.

Is this real? She couldn’t tell at all that yunyao was so gentle, but this transfer student was just a little delinquent girl ... Ah ...

A bucket of water was poured down from upstairs.

Yingluo, what are you doing?

The two girls, whose uniforms were soaked through, looked up angrily.

A young girl with a cold expression poked her head out, her lips curved into an evil smile. Her black hair was like a waterfall, spreading out on both sides of her school uniform, and she looked rebellious and unruly.

“Get lost,” he said.

His words were concise and comprehensive, but they were cold and frightening.

&Nbsp; interesting.

Ray Jue leaned against the window and yawned as the setting sun shrouded him.

As if she sensed his gaze, the young girl and Lei Jue looked at each other.

The scene changed.

Yun Yao was shyly pushed in front of Lei Jue.

“Fourth brother Lei.”

The young girl could not hide her thoughts no matter how hard she tried, but it made Lei Jue extremely impatient.

He didn’t understand why girls nowadays always played this trick. Was it fun to reject but still welcome?

Just as he was about to ruthlessly walk around, Yun Yao’s expression changed.

“Sister?”

Everyone looked at the young girl who was walking towards them from a distance. The White school uniform top and the black knee-length school skirt looked different in her clothes, but the mocking smile on her face was extremely piercing to Lei Jue.

“When did I admit that I’m your sister?”

Doll Yun looked at Yun Yao.

No one spoke.

“You like him?”

Doll Yun asked again and turned to look at Lei Jue. Lei Jue could see the slyness of a little fox in her black eyes.

He frowned.

“Lei Jue?”

Yun WA looked at him.

All of a sudden, before anyone could react, doll Yun reached out and grabbed the front of his uniform, tiptoed and kissed him hard.

He was caught off guard.

A faint smell of Yelan exploded in the air.

It was only a few seconds, but it felt like a lifetime.

“My name is Yun wa wa, please take care of me in the future!”

The moment their lips parted, a faint smile bloomed on doll Yun’s cold face.

The scene changed.

In the auditorium with thousands of people, Yun Yao was about to speak on stage as the representative when the door was suddenly kicked open from the outside.

Everyone turned to look at the source of the voice.

Doll Yun walked out of the dust in the morning, as if no one could control her. She walked towards Yun Yao, who was about to speak on the stage, with an arrogant expression.

“This student ...”

Yun WA easily bypassed the teachers and came to Yun Yao.

Yunyao seemed to be afraid and subconsciously took a step back.

Yun WA laughed coldly as she leaned over and placed her mouth close to the microphone.

“Lei Jue,”

Her voice was transmitted to every corner of the hall through the microphone. Her clear eyes searched the crowd and quickly found Lei Jue’s position. Her cherry-colored lips curled into a wanton smile.

The teacher rushed towards her.

“Do you want to be my boyfriend?”

After saying that, Yun lazily walked around the teacher and jumped off the stage.

...

The entire auditorium was boiling.

No one noticed Yun Yao’s pale face.

No one noticed the faint smile on Lei Jue’s face.

The scene changed.

In the library.

Lei Jue was looking for a book in front of the bookshelf when Yun WA suddenly appeared beside him.

“You haven’t given me an answer.”

Lei Jue ignored her and continued his search.

Her white fingers suddenly covered the book. Yun WA moved to his side and blinked her eyes innocently.

“Why are you ignoring me?”

Lei Jue’s cold eyes swept across Yun WA’s face, and she quickly smiled.

...

“Be my boyfriend.”

“Hehe.”

Lei Jue turned around and was about to leave.

“Then today, I ...”

Suddenly, Yun WA’s loud invitation was heard from behind him. Lei Jue turned around and covered her mouth with his hand. Yun WA, who was caught off guard, took two steps back. Her back was against the floor-to-ceiling window, and her long eyelashes fluttered.

Lei Jue’s expression suddenly changed.

Under his palm, Yun WA’s lips were slightly pursed, as if she was kissing him.

It was burning hot.

“I’ll treat you to dinner tonight.”

“I won’t go,”

“I will wait until you come.”

“Hehe.”

Lei Jue turned around and walked away. His cold eyes were illuminated by the sunlight and seemed to be filled with warmth.

The scene changed.

Heavy rain poured.

In the restaurant, Yun WA sat by the window and waited.

The customers left one table after another. When it was almost closing time, Yun WA stood up, politely refused the shop assistant’s suggestion to lend her an umbrella, and walked out of the restaurant.

The pedestrians on the road were in a hurry to avoid the rain, and only the thin figure of Yun WA was walking alone.

That was until she met the trembling short-legged stray cat.

Only then did he slowly squat down.

“You don’t have a home either?”

The cloud child reached out and picked up the cat. She was surprised to find that the cat had a pair of grape-colored eyes.

“So pitiful, just like me.”

Suddenly, the rain above them stopped.

Yun WA raised her head.

As he looked at Lei Jue, who was holding the umbrella with one hand, his dark eyes were instantly lit up by a special emotion.

“I’m just passing by.”

“You see.”

The cloud child held the kitten’s paws and waved at Lei min with a sweet smile.

“Daddy’s here.”

The scene changed.

After class.

Lei Jue was sleeping in the classroom, and no one dared to disturb him.

Yun WA came in from the front door.

There was complete silence.

“Excuse me, fellow student.”

Doll Yun patted Lei Jue’s deskmate’s shoulder and asked him to get up. She then sat down with a bang, waking Lei Jue up.

Lei Jue frowned and looked at her.

Doll Yun took out his favorite drink from the pocket of his sportswear and pushed it in front of Lei Jue.

“You’re really shameless.”

Suddenly, a girl’s disdainful voice was heard. Yun Yao’s eyes were red and teary, as if she was enduring her grievances.

“Can you repeat that?”

Yun laughed in anger and turned to look at the other party with a fierce look in her eyes.

The other party didn’t say anything and just snorted coldly.

Yun WA got up and lifted her leg to kick the other person’s desk, making a loud bang.

“Why don’t you ask yunyao who she is?”

He sneered.

“You ...”

The girl rushed towards her, and before Yun WA could resist, a strong force had already picked her up from behind and into her arms.

Yun WA’s eyes widened in shock as she looked at Lei Jue.

“Enough?”

Lei Jue lowered his head to look at her.

The two of them looked at each other.

Yun WA blinked, her eyes were filled with smiles.

Lei Jue carried her and walked out of the classroom. When he passed by yunyao, he glanced at her coldly.

Yunyao’s tears fell.

Lei Jue retracted his gaze.

“And you said you don’t like me?”

Yun WA chuckled in his arms, like a little fox that was insatiable, but it made Yun Yao cry even more silently and her body trembled.

“Who said I like you?”

#### [Chapter 1644](#)

1644 You’re Starfire, you lit me up (2)

For many years after that, Lei Jue had repeatedly calculated ...

He had said [ I don’t like you ] 332 times, [ get lost ] 325 times, [ you’re annoying ] 286 times, and [ she’s not my girlfriend ] 99 times, but he had never said [ I love you ] to her directly.

At that time, he was still unable to understand the occasional sadness in her eyes.

Early in the morning.

Lei Jue yawned as he went downstairs. To his surprise, he saw Yun WA sitting opposite his mother at the dining table, having breakfast.

When they saw him coming down, the two of them waved at him.

“Little four, come!”

Mother Lei’s eyes were glowing as she waved at Lei Jue.

“When did you get a little girlfriend? you didn’t even tell mom!”

Apparently, mother Lei was very satisfied with doll Yun.

“She’s not my girlfriend.”

tsk, this is boring. I’ll go get some dessert for doll!

Madam Lei stood up and walked into the kitchen happily. Before she entered the kitchen, she even turned around and secretly made a cheering gesture to doll Yun, which made doll Yun laugh out loud.

“You don’t need to care about her.”

Lei Jue’s expression was uneasy.

“Auntie is very good.”

Yun huaisha’s voice was soft as she stared in the direction where Madam Lei had disappeared.

Lei Jue frowned and reached out to turn her face back.

The cloud child was confused.

Lei Jue glared at her coldly.

They stared at each other.

The scene changed.

On the rooftop.

“I don’t want to study.”

Yun lahua looked at him angrily.

“Hur, 42 points for mathematics?”

Lei Jue sneered.

Yun lahua’s cheeks were puffed up like pufferfish, but she was unable to refute.

“I’ll give you a reward if you do well.”

Upon hearing Lei Jue’s words, baby Yun’s eyes lit up.

“You’re giving you to me?”

“.....”

“I’ll be eighteen soon.”

Lei Jue turned around and was about to leave.

“Alright, alright, what’s the reward?”

Yun WA hugged Lei Jue from behind and asked.

“We’ll talk about it when the time comes.”

The scene changed.

It rained the entire day on Yun Huahua's birthday.

When Lei Jue received the call and rushed over, she was squatting under the bus stop sign with her hands bloody and eyes gloomy.

Her hostile eyes only turned aggrieved when she looked up and saw him.

She extended her hands, which were still covered in broken glass, towards Lei Jue.

Lei Jue immediately brought her back to his house.

It was a single apartment that big brother had given to each of the three brothers.

Yun WA went into the bathroom for a long time.

It was only when Lei Jue sensed that something was wrong that he rushed in. She expressionlessly pulled out the broken glass from her arm one by one, and the bloody glass shards scattered around.

"Enough!"

Lei Jue wrapped her in a bath towel and carried her up.

The cloud child did not struggle.

The two of them fell into silence at the same time.

She didn't say.

He didn't ask.

Outside the floor-to-ceiling window, lightning flashed and Thunder rumbled.

...

Yun WA raised her head and looked at Lei Jue, who was drying her hair with a towel.

Tears rolled down her face.

Lei Jue's movements paused, he leaned over and his thin lips fell.

He had forgotten how it started.

The room was filled with amorous feelings.

After the incident.

Lei Jue was smoking on the balcony.

Yun huasha walked over with his t-shirt on and took a deep breath with his hand.

In an instant, he choked and coughed until his eyes turned red.

"Lei Jue, I hate it when you smoke."

Lei Jue reached out his hand and patted the cloud doll's thin back. His gaze fell on the scab on her arm.

...

“Heh, who cares if you’re annoying or not?”

Yun laughed lightly and grabbed his large palm that still smelled of smoke. She took the initiative to lean her face over and rubbed it against his.

“Don’t throw me away!”

Lei Jue frowned.

“What nonsense are you talking about?”

He stretched out his hand and turned her body around. Before Yun WA could react, a chill fell on her neck.

It was a necklace.

“Happy Birthday.”

The scene changed.

“Fourth brother Lei, I don’t really like you! She only ... She only did it because she hated me! I hate my mom! She knew that I liked you, so ...”

“Are you done?”

Lei Jue was so irritated that he wanted to take out a cigarette, but he seemed to have thought of something and stopped.

“I will make you believe me!”

Yunyao bit her lower lip, her eyes determined.

The scene changed.

“Yun kid, I know you hate me! Because my mom was involved with your parents ...”

A slap landed on yunyao’s face.

“Shut up,” he said.

The cloud child’s eyes were gloomy, and a kind of madness was brewing.

“As a family teacher, you used me to get close to my father, while you enjoyed the benefits that your mother got in exchange for her betrayal. Of course I hate you. I hate all of you.”

She seemed to have opened Pandora’s Box in her heart as she sneered.

“But my mother and uncle Yun are truly in love!”

Yun Yao’s words were like adding oil to the fire.

The cloud child sneered.

“Then what about my mom and I?”

She took the art knife from the easel next to her and pushed it with a gloomy look in her eyes.

Because the family teacher she had personally chosen had climbed into her father’s bed one day, her mother had left home in resentment. All these years of depression had caused her to suffer from serious depression, which was an open secret in the Yun family.

Yunyao was scared.

but you don’t love fourth brother Lei at all. It’s just because I like him ...

“So what?”

Yun WA laughed coldly.

“Even if I don’t love him, I won’t let you have him.”

“Is that so?”

Lei Jue’s cold voice rang out from behind her.

Kada.

The utility knife in doll Yun’s hand fell to the ground.

He turned around and looked at Lei Jue.

The scene changed.

“If I said that I was just saying it in a moment of anger, would you believe me?”

Yun WA was exhausted and blocked Lei Jue’s way.

“Yun child, you don’t really think that just because you’ve slept with me, I’ve really fallen for you, do you?”

Lei Jue sneered. He knew better than anyone what kind of knife hurt her the most.

Yun WA’s lips trembled.

as long as I want, any woman will come to me obediently. Yunyao doesn’t matter ...

He said one thing but meant another.

“That’s enough,”

Yun WA turned her back to him so that he would not see her tears.

She tried to say something, but she remained silent.

Lei Jue looked at her back, his hands hanging by his sides clenched tightly, and the veins on the back of his hands bulged.

The scene changed.

Lei Jue's birthday banquet was bustling with noise and excitement.

That was the last time Yun WA, who had been skipping classes for half a month, appeared in Jiang city.

She, who had lost five kilograms, had a cold expression on her face. She walked in front of Lei Jue amidst the whispers of the others and handed him her birthday gift, pretending not to see Yunyao standing beside him.

The light in her eyes faded, and even her gaze gradually became sickly.

However, at that time, Lei Jue did not know.

He opened the box without even looking at it, and the thing fell into the pool and quickly sank.

"Sister, you should go back first. No one here welcomes you."

Yunyao, who was dressed up beautifully that night, stepped forward, deliberately showing her intimacy with Lei Jue.

Doll Yun's gaze fell on her face.

After so many years, few people could remember how Yun Yao and Yun WA fell into the pool that night, and no one could remember how Yun WA, who could not swim, had a narrow escape.

But everyone still remembered.

When Lei Jue jumped down, the first person he carried was ...

It was Yunyao.

## [Chapter 1645](#)

### 1645 The Gate of Time

Deep in the night, at the entrance of the green sea Villa.

A black luxury car was parked there quietly.

Gong Chen leaned against the car door and casually tossed his suit jacket to the back seat. His black shirt collar was slightly open.

He had a cigarette between his fingers.

The red cigarette butt seemed to light up the night sky.

Every night, he would drive from snow orchid to this place and take a short rest before leaving. He didn't disturb the people in the villa and just stood there quietly, watching the lights turn on and off.

Gong Chen's eyes were bloodshot. He had to drive back in 20 minutes, or he would miss the morning meeting the next day.

The ground was filled with cigarette butts.

He couldn't bear to.

Even though he knew that he couldn't see her every time he came, he still couldn't bear to leave.

[ actually, the fate of our beautiful dream has long come to an end. ]

Gong Chen's fingers caressed the folds of the paper carefully and gently.

If their love was only for the sake of separation, then why did the heavens treat Chenxi so cruelly?

Just let him, Gong Chen, have his retribution, alright?

"Chenxi ..."

At the same time.

The painkiller fell to the ground.

Song Chenxi woke up from her sleep because of the pain. Her pale face was covered in sweat.

His originally thin body curled up into a ball and trembled. He clenched his fingers and bit them tightly, as if he was afraid that others would hear him.

Tears rolled down her face.

"Cry, Chenxi. You'll be fine after crying ..."

.....

Early in the morning.

When Lin Hanxing went downstairs, Yun WA, who was wearing a dark green collared dress, was chatting with song Chenxi in the courtyard. She stood beside the blooming hydrangea and the smile on her face did not show any signs of serious depression.

He also couldn't tell that her heart had stopped beating for two minutes because she had drowned.

"Miss Lin."

Yun lahua was the first to see Lin Hanxing and walked towards her with a smile.

this is the business card of the antique dealer.

Yun WA reached out her hand to Lin Hanxing, but Lin Hanxing noticed the White Scars of various sizes on her slender wrist.

Lin Hanxing took the name card.

"How did you do it?"

"This one?"

Yun WA waved her hands with a bright smile.

"I forgot. Maybe it's because I was young and ignorant."

She didn't care at all, nor was she ashamed of those scars. She was like a flower in the sun, bringing people a good mood.

"There might be guests today."

Lin Hanxing extended his hand to Yun WA and shook her hand.

"It's time to eat!"

Jiang Xibao peeked his chubby face out of the window. He looked radiant because of the food.

"Go on."

Lin Hanxing smiled as he pushed Yun WA towards the villa. When Yun WA's figure disappeared, Lin Hanxing stopped smiling and walked towards Song Chenxi.

"Why do you look so pale? Do you need to call sacred hands to take a look?"

Song Chenxi smiled and shook her head.

Compared to the bright and beautiful cloud child, Song Chenxi was like a flower at sunset, showing a dispirited state.

"Hanxing, you and I both know that it's useless."

Song Chenxi smiled and shook her head gently. Her eyes were full of gentleness.

Besides, you've forgotten that the sacred hands just helped me take a look.

"Chenxi ..."

"You still haven't told me who the doll is."

Lin Hanxing knew that Chen Xi was trying to change the topic but he still compromised.

Fourth young master Lei's wife, my sister-in-law, and also ... Little Yuan Bao's mother.

Ever since the incident, Song Chenxi had a rare look of surprise on her face.

She had tried to guess the doll's identity, but it was more bizarre than she had imagined.

...

"That's good. I hope they can be perfect."

Song Chenxi sighed softly. Her eyes were filled with gentleness, and even her expression changed.

Lin Hanxing smiled and looked into the distance.

She also hoped so.

.....

At night.

After dinner, everyone ran to the courtyard to enjoy the cool air at Yan Beiming's suggestion.

One of them was even holding a popsicle.

“Ah ... It’s so hot!”

Yan beixiao said as he ran to the side of the pool. He placed his feet in the pool and lay on his back, letting out a long sigh.

After all, country G had summer all year round.

...

Yuan kangzhan and Nan Heng quickly joined him, and even Liang yuran couldn’t escape.

Any one of the handsome guys with an average height of 190 centimeters would be able to stand out. At this moment, they were soaking in the pool with their long legs exposed. This scene was as exciting as it could be for a girl.

Bai Xi couldn’t help but whistle, looking like a female gangster.

“Little Xi Bao, look, this is the Empire that I have conquered for you.”

Bai Xi’s hands were wide open, his eyes bright.

Not far away, Lin Hanxing was drinking the sweet sugar cane juice that Lei Xiao handed to her. She was smiling so much that the mole at the corner of her eye was stained with Starlight. Lei Xiao, on the other hand, glanced at his watch and calculated the time. Little Four’s plane should be landing soon.

The little pink Pig who was dressed like a little princess moved closer to Lin Hanxing’s hand and rubbed against it.

“Don’t you teach Xi Bao too much!”

Yuan Kang almost rolled his eyes.

“Shut up!”

Bai Xi picked up the fruit in her hand and threw it at Yuan Kang, who was on the other side of the pool. Not to be outdone, Yuan Kang raised his foot and used the momentum to splash the water at her. The two of them went back and forth like two kindergarten children.

Everyone was affected.

“Can you two not be so childish!”

Zhan Nanheng, who was the closest to Yuan Kang, was the most affected and couldn’t help but howl.

However, song Chenxi noticed that Yun WA was acting strangely.

Her face was abnormally pale.

Especially when the pool water splashed on her face, song Chenxi could even feel doll Yun trembling.

“What’s wrong?”

Song Chenxi placed her hand on her shoulder. Doll Yun was obviously shocked.

“I think I ...”

“What?”

Yun WA’s voice sounded weak and helpless in the midst of the noise. Even her eyes were red and her fingers were subconsciously holding the Polaris necklace that she wore all year round, as if she was looking for comfort.

“I’m a little afraid of water.”

Doll Yun looked at song Chenxi and smiled.

“I’ve never dared to go near the pool.”

Hearing this, Lin Hanxing’s hands stopped moving and he subconsciously exchanged a look with Lei Xiao.

“You don’t dare to go near the pool? Why?”

Bai Xi turned around and looked at her, even his eyes were filled with surprise.

“Maybe I was a salted fish that couldn’t jump through the Dragon Gate in my previous life.”

Yun WA laughed.

After laughing, her heart suddenly ached.

The air froze for a moment.

The car’s headlights suddenly turned bright and illuminated the road. A Mercedes-Benz Maybach S600 slowly drove into the villa and stopped not far from them.

The car door opened.

The first one to jump down was a little sheep ball that was carved out of Jade. Its head was naturally curled up, and it couldn’t help but want to be rubbed. A pair of big black eyes blinked.

“Yuan Dabao!”

Yan beixiao jumped out of the pool excitedly and rushed towards his adorable Yuan Dabao.

“First aunt!”

He saw Yuan Dabao scuttle out from under his armpit like a wisp of smoke and charge into Lin Hanxing’s arms like a little alpaca.

“.....”

Yan beiming felt like a desolate old man.

Soon, the car door was pushed open again.

A pair of strong long legs wrapped in dark-colored suit pants stepped down.

[Chapter 1646](#)

1646 You tell me

Then, a tall and straight figure like a proud Eagle was reflected in everyone's eyes.

The dozens of hours of flight had pushed the man's physical strength to the limit, not to mention that he was running a high fever. But even so, after getting out of the car, his dark eyes still accurately captured the petite figure in the crowd.

It was as if he had opened the door of time and returned to the moment when they first met.

However, the cold-faced girl had long shed her arrogance and disobedience and looked at him across time and space.

Lei Jue walked towards the Yun child.

The man who could maintain his calm at the beginning had even gradually forgotten how to calm down.

Doll Yun blinked her long eyelashes.

He seemed to be coming for her.

Cloud child stood up and took a step back subconsciously. Perhaps it was this action that provoked her, but even her deep eyes, which were filled with mountains and lakes, turned red.

The messy steps under his feet also turned into madness.

"You ..."

Before Yun WA could finish her sentence, she was pulled into the man's arms by his strong arms. It was as if a hurricane had entered the city. The force of the attack made Yun WA feel like she was having difficulty breathing.

It was too forceful.

Lei Jue's entire body was trembling with unbelievable ecstasy. His tall and strong body, which was as tall as a Soaring Eagle, could not stop shaking. His right hand was clasped tightly on the back of Yun's head as if he was afraid that she would run away again.

"I love you."

The hoarse voice was tearing at doll Yun's heart.

Inexplicable tears fell uncontrollably first.

"I love you, Yun child."

This sentence, which he had repeatedly repeated in countless nightmares, was finally conveyed to her at this moment. Because it was mixed with so many strong emotions, Lei Jue's voice went out of tune a few times.

From Lei Jing's point of view, she could see the light in Lei Jue's eyes, which had been obscure for many years, lighting up.

Their family's Xiao Si was currently crying like a child.

A child who had finally found his way home after getting lost.

Even though Lei Jue was now an internationally renowned gold-class lawyer.

The repeated "I love you" sounded more like a deep apology to others.

No one spoke.

Even Bai Xi and the others were confused.

Doll Yun raised her arms hesitantly, as if she was making a choice between pushing him away or hugging him.

Suddenly.

Lei Jue's strong body moved slightly. His high fever, which was like a furnace, seemed to be out of control. Even his breathing was burning in pain.

He knew.

His body had reached its limit.

That tight string was about to break.

Lei Jue held on tightly to doll Yun's wrist with one hand. His forehead was covered in sweat due to the pain.

"Don't be afraid, I ..."

Lei Jue's tall body fell into doll Yun's arms after he uttered the three simple words. It happened so suddenly that no one could react in time.

There was a thump.

Yun WA reached out and pulled him into her arms.

His body couldn't bear the weight and fell back ...

.....

The night was dark.

The room was very quiet.

Only the sound of the infusion set was amplified in silence.

Yun WA sat on the edge of the bed, and her slender wrist was held tightly by a big hand. Even after she had a high fever and fainted, he had not let go of her, like a tie that firmly trapped her by his side.

She just looked at Lei Jue.

It was an extremely handsome yet exhausted face.

His deep eyes were covered by his thick eyelashes, his sharp nose and thin lips that were tightly pursed even when he was unconscious were cold, and there was a new stubble on his chin. His chest was rising and falling rhythmically under his black shirt. He was obviously in a deep sleep.

The man was a complete stranger to the cloud child, but the emotional resonance that came from her heart was so strong that it was hard to ignore.

Yun WA's other hand that was not caught by the hand fell on her heart.

He felt the throbbing below him that was almost out of control.

Who was he?

Why did he say he loved her?

It was unknown if Lei Jue was trapped by the nightmare, but his brows suddenly furrowed in pain. The sudden pain made Yun WA's heart ache and she subconsciously reached out her hand to help him calm down.

In fact, she had indeed done so.

...

Her white finger landed on the spot between Lei Jue's brows and slowly caressed it. Lei Jue seemed to have sensed it and his brows slowly relaxed.

All of this happened in silence.

Suddenly, the door was carefully pushed open from the outside. A small head with fluffy wool rolls peeked in and looked at doll Yun in a daze, blinking its big black grape-like eyes.

Yun WA saw him.

The moment their eyes met, Yuan Bao's eyes lit up and he strode over to Yun WA's side with his short legs.

She nervously cleared her throat.

Yuan Dabao, who had just taken a shower, was now covered in a fragrant smell. Before he came, he had even specially applied his aunt's fragrance on his face. He had also carefully selected the cutest little dinosaur pajamas to make sure that nothing would go wrong before he ran over.

"My, my name is Yuan Dabao!"

However, as soon as he said that, Yuan Bao, who had a lot of things to say, suddenly grinned and began to cry. It was the kind of grievance that made him feel like he had a lot on his mind and did not know where to start.

She wanted to ask her mother why she didn't want her.

She wanted to ask her mother if she had ever thought of Yuan Bao all these years.

...

She wanted to ask her mother where she had gone.

The more he thought about it, the more tears fell from Yuan Dabao's eyes. He began to sob quietly as he moved carefully toward the cloud doll.

"Little guy, don't cry!"

Looking at Yuan Bao's tears, Yun WA's heart ached. Her overflowing maternal instinct almost swallowed her whole, as if her heart was about to be drowned.

Yuan Dabao did not want to cry either.

His original plan was to dress up and leave the best impression on his mother, but now ... It was all ruined!

As he thought about it, Yuan Bao felt even more aggrieved.

She cried silently.

He opened his short arms and asked for a hug from Yuan doll.

There was no way Yun WA would reject him, but ...

She struggled to pick up Yuan Bao with one hand, but even though he was only four and a half years old, he was a little heavy.

"....."

"....."

He couldn't carry it with one hand.

Yuan Dabao blinked his eyes and blushed, perhaps realizing his mother's awkwardness.

He had just been eating a little more recently.

Just a little bit!

Why can't I carry him?

Lose weight, he had to start losing weight!

The embarrassed Yuan Dabao decided to pretend that he did not know anything and quietly retracted his hand. He took two steps forward with his short legs and jumped with great effort. Finally, he sat firmly on doll Yun's lap.

It was perfect.

Other than the embarrassing process just now.

But as long as she stopped the stream, no one would know about it~

Yuan Dabao, who was full of drama in his heart, had already made proper arrangements for his mental preparation.

Hehehe, happy.

As he thought about it, Yuan Bao raised his head. His eyes were still red from crying, which made his small face look even more delicate and pitiful.

I'm yuan Dabao. You have to remember me.

#### [Chapter 1647](#)

1647 The little tadpole looking for mommy

Yun WA laughed.

"Yuan Dabao?"

This name is so cute.

it's actually Yuan Bao, but only my family members and those I acknowledge can call me that. I'll get angry with anyone else!

Yuan Bao explained in a serious manner while secretly looking at Yun WA to see if she was listening to him. He did not know that he was extremely cute in the eyes of others.

"I like to eat meat ..."

Yuan Bao counted on his fingers and was about to continue, but he suddenly recalled the dilemma he had just faced.

"Of course, I love to eat vegetables too!"

MMH!

I'm not fat!

I am not fat at all!

"....."

If it wasn't for the inappropriate occasion, Yun huaisha would have laughed out loud at the cute little girl in front of her.

"Oh right, actually I have a name, my name is Lei Yanchen!"

Yuan Bao took out a packet of shrimp sticks from his pocket and opened it with a bang. He put the first crunchy one in front of doll Yun's mouth and blinked his eyes, signaling her to eat.

"....."

The cloud child opened his mouth and bit it.

Yuan Bao smiled in satisfaction.

Sharing snacks and getting closer to each other, perfect!

"I'm a child who especially loves sharing."

Do you remember that? Do you remember that?

I'm a perfect kid with all the good points in one!

Perhaps Yuan Bao's eyes were too eager, as the Yun child raised her hand and touched the top of his head to express her encouragement. The fluffy and soft touch of a child made her heart ripple again.

"The man lying here is my father!"

You're my mother.

However, Yuan Bao did not finish his sentence.

First aunt said that her mother had forgotten about her. Although Yuan Bao could not understand why a person would suddenly forget about another person, he thought that it must be because her father had bullied her mother.

Yes, that must be the case.

A man should be daring enough to take responsibility for his actions. When his mother forgave his father, he would still be her most beloved big Yuan Bao!

"Although he's old, fierce, and annoying, he's very handsome and can make a lot of money!"

Yuan Bao tried his best to put in a good word for his father, but if Lei Jue was awake at this time, he would probably be angered to death by his precious son on the spot.

Was this little brat speaking up for him?

Oh right, I still have three uncles. They're all very, very nice to talk to!

Yuan Bao counted on his fingers like a little old man and started to nag. As he spoke, he did not forget to stuff shrimp strips into his mouth like a squirrel.

Her fluffy and cute head was naturally curled up, and her chubby face was exquisite and beautiful, like a miniature version of Thunder Duke lying on the bed.

"Don't you have anything to ask me?"

Yuan Bao said a lot of nonsense and only realized after a while that his mother had not said a word since just now.

"I can say anything."

Yuan Bao's eyes were bright as he raised his head high. Because of the joy of seeing his mother, he didn't even feel tired after such a long flight. He was very excited.

"Are you sleepy?"

what's the matter?" Yun-la-like asked gently, her hand still caressing the wool roll on Yuan Bao's head.

"I'm not sleepy!"

Although she said that, perhaps because Yun WA's touch was too gentle and comfortable, Yuan Bao leaned against her and yawned comfortably, then ...

In less than five minutes, Yuan Dabao, who had firmly said that he wasn't sleepy just now, tilted his head and fell asleep in her arms.

"....."

Yun lahua shook her head with a smile and helped him adjust to a more comfortable position.

So, this father and son pair were clinging to him like this?

.....

Lin Hanxing had just hung up the phone.

The mute uncle had already stayed by elder Yan's side as planned. This made her secretly heave a sigh of relief.

"Yuan Bao seems to have gotten heavier."

Lin Hanxing turned around to look at the man who had just come out of the shower. His half-wet hair drooped in front of his eyes, adding a touch of youth to his mature and cold face.

"Yes."

...

Lei Chen walked towards Lin Hanxing and sat down beside her, leaning his head on her shoulder.

He even rubbed his nose against her neck from time to time.

"It's very itchy,"

Lin Hanxing smiled and pushed him away.

However, his hand was held by Lei Jing, and their fingers were tightly intertwined.

"If you were to be seen by the tens of thousands of girls outside who are infatuated with you, I'm afraid their hearts would be broken."

In private, the Thunder valiant beast was extremely clingy to a certain extent.

As long as she was there, he had to be by her side.

"Are you willing to let others see it?"

Lei Xiao retorted, showing off his manly charm.

It seemed like he really couldn't bear to.

...

Lei Xiao's eyes grew deeper as he lifted his head to Lin Hanxing's lips and kissed him. Perhaps it was because of Yuan Bao's arrival, Lin Hanxing was in an exceptionally good mood and indulged in his actions.

After a while, both of their breaths started to become unstable.

"Do you want to read a bedtime story?"

Lei Xiao caressed Lin Hanxing's cheek with his large palm, his eyes filled with intense emotions.

"What?"

Lin Hanxing, who was kissed until his brain was a little breathless, could not keep up with Lei Xiao's thoughts this time. He looked at him with his deer-like eyes and blinked innocently, making Lei Xiao's Adam's apple roll up and down.

"The little tadpole is looking for its mother."

"....."

Lin Hanxing was stunned for two seconds, then she immediately understood. Her small, snow-white face turned pink as if she had applied blush, causing Lei Xiao's pupils to darken again.

"Hey!"

Lin Hanxing smiled and pushed him away.

Who knew that in the next second, he would be carried by Lei Xiao and walked towards the big bed.

The room was filled with tenderness.

.....

Early in the morning.

Lei Jue's high fever finally subsided the next morning.

When he woke up, he subconsciously moved his hand, but when he felt something strange in his palm, he subconsciously looked over.

Yuan Bao was lying beside Lei Jue, using his and Yun WA's arms as a pillow, and his large palm was holding her hand tightly.

Yun WA was lying on the side of the bed, her long hair spread out on her cheeks. The morning sun shone through the floor-to-ceiling window and landed on her body, adding a soft light effect.

Lei Jue subconsciously released his grip on her hand. He pursed his thin lips and reached out his trembling hand towards Yun WA's cheek.

He seemed to be afraid of waking her up, so his movements were extremely gentle.

He pushed aside the cloud doll's long hair, revealing a little face that was sleeping soundly due to exhaustion. The porcelain white and delicate skin melted in the next second between his fingers, immediately causing Lei Jue's eyes to ache, which he had not felt for a long time.

She was still the same as she remembered.

His fingers slowly moved along her cheeks to Yun's eyes.

Her long eyelashes gently brushed across Lei Jue's palm. The delicate touch made Lei Jue's lips finally curl up into a faint smile.

Perhaps because it was too itchy, Yun WA subconsciously pursed her lips.

In an instant, Lei Jue's eyes darkened.

His rough fingers rubbed against it.

Yun WA was woken up by the noise. Her long eyelashes trembled and she slowly opened her eyes. After a moment of drowsiness, she looked at Lei Jue in confusion.

He blinked.

Yun WA did not move for a long time.

### [Chapter 1648](#)

1648 Marry me

Lei Jue did not say anything and only looked at her with a deep gaze.

The complicated feelings that she couldn't understand woke her up and she wanted to escape.

Just as her body language expressed this intention, Lei Jue quickly reached out and held the back of her hand in his palm.

The cloud child tried to pull it back, but it was in vain.

"Don't move,"

Lei Jue's voice was hoarse.

Yuan Bao, who was sound asleep, moved a little and habitually put his thumb into his mouth.

Doll Yun looked at him subconsciously, afraid of waking Yuan Bao up. Her heart was beating uncontrollably because of the heat of the man's palm.

"Let go."

She finally found her voice.

Lei Jue pursed his dry thin lips tightly. However, the two words "death" could not be any simpler, had caused him to experience the ups and downs of recovering what he had lost.

"Now, I'll ask and you'll answer."

Even though Lei Jue's face was still pale from his high fever, he still gave off a strong sense of danger.

"Have you been married all these years?"

Lei Jue tried his best to sound calm.

The cloud child, who thought that he was going to ask something, widened her eyes in disbelief and stared at Lei Jue.

“Answer me,” he said.

He exerted force in his palm.

“No, I didn’t,”

Baby Yun furrowed his brows as Lei Jue tightened his grip on her. He loosened his grip subconsciously.

“Do you have a ... Boyfriend?”

“What do you want to ask?”

Yun WA felt that the man in front of her had been inexplicable since the moment he appeared. He inexplicably said that he loved her, inexplicably cried, and inexplicably grabbed her ...

“Answer me,” he said.

“What if I say I do?”

Yun lahua provoked him.

Ray Jue’s eyes turned even darker.

“Break up immediately.”

Little Yun laughed in anger at Lei Jue’s answer. Who was he to her? why did he have to care so much?

“And then marry me.”

“.....”

The cloud child’s expression froze on her face. If it wasn’t for the serious expression on her face, she would have suspected that she was hallucinating.

“You’re sick?”

She was frightened.

Hearing this, Lei Jue chuckled.

Child, I’ve been in love with you for a long time, and no medicine can cure me. So don’t be afraid, I won’t allow anyone to hurt you again.

Even if that person is me.

“Mr. Ley, let’s all calm down. Let me go first.”

Yun WA promised that as soon as Lei Jue let go of her hand, she would leave immediately.

“Yuan Bao is our son.”

Lei Jue dropped another time bomb.

“We, we?”

Doll Yun looked at Lei Jue in shock and her body began to tremble uncontrollably.

Was he the one who had gone crazy or was he the one who had gone crazy?

“We, you and me.”

Lei Jue was not going to let her escape, so he tightened his grip on her wrist again.

“How is that possible? I still ...”

“I’m no longer a prostitute, so how could you still be a prostitute?”

Lei Jue’s hoarse voice sounded extremely sexy.

Baby Yun’s face was flushed red. It was unknown if she was shocked or frightened by Lei Jue’s words, but she was on the verge of tears.

She began to struggle violently.

She didn’t even care if her actions would wake Yuan Bao up. Big drops of tears fell uncontrollably like unstrung pearls. She only wanted to escape from this place as soon as possible.

Yuan Bao was woken up.

...

At first, he thought it was an earthquake because it kept shaking.

It was only when she rubbed her eyes and woke up that she realized that it was her father who had made her cry.

“Apologize!”

Yuan Dabao quickly sat up on the bed and crossed his arms in front of his chest as he glared at his father. His chubby little face, which had just woken up, was even more delicate. At this moment, he looked like an angry pufferfish with his cheeks puffed up.

“I’m sorry,” she said.

Lei Jue’s eyes, which were suppressing his intense emotions, were temporarily restrained because of Yuan Bao’s awakening. However, he continued to stare at doll Yun, as if he was demanding an answer from her.

Yun WA’s eyes were red from crying, and her porcelain white face looked extremely pitiful.

“Daddi, let go.”

Yuan Bao only felt that he was really worried about his own father. Could he learn more from his uncle? even if he didn’t say anything and just stood there, he would still attract the girls’ attention. Look at his own father ...

Tsk ...

Lei Jue released his hand.

...

Sure enough, baby Yun ran towards the door like a Frightened Rabbit without looking back, as if she would never come back in her life. Even Yuan Bao was dumbfounded by her speed.

“Numbing ...”

The door was closed from the outside with a bang.

Yuan Bao opened his mouth, but his voice was stuck there.

“Numbing ...”

“Ha.”

Lei Jue did not give his son any face.

“What are you laughing at? I scared Mama away!”

Yuan Bao stretched out his hand and lifted Lei Jue’s leg through the thin blanket, his fair and chubby little face full of anger.

I’m so angry, but I still have to keep smiling.

Idiot!

.....

Yun huaisha ran back to her room and slammed the door shut. She leaned against the door and gasped for breath. Tears rolled down her face uncontrollably.

His heart felt like it was about to jump out of his chest.

Yun huaisha pressed her hand on her heart and slowly squatted down.

Yingluo, I love you, Yun child.

Yingluo, marry me.

Xuanji and Yuanbao are our sons.

There was a faint smell of men’s Wood.

She stared blankly at her wrist. That was where the fragrance came from, and also the trace of Lei Jue holding her wrist for the whole night.

That smell seemed to have wrapped itself around the mottled scars on her arm.

Yun WA buried her face in her knees, her mind was in a mess.

Crazy.

.....

first aunt, I'm really going to die of anger from this spicy idiot!!

Yuan Bao hugged his first aunt's arm tightly and lay weakly in her arms.

"Ah~~~"

Lin Hanxing brought the cut fruit to Yuan Dabao's mouth, and the little sheep dumpling, who had been dejected just a moment ago, immediately became energetic and opened its mouth to take a bite.

"I'm really an unfortunate four-and-a-half-year-old child."

Oh, the fruit is so sweet. It's so delicious.

"Are you still eating?"

Lin Hanxing sighed and threw another piece of fruit into the mouth of the little pig that had been waiting at the side.

"Eat, eat, eat! I'm going to turn my grief and indignation into fish in the pond!"

"I'm hungry,"

Thunder owl corrected him coldly.

"Whatever!"

Yuan Dabao snuggled back into his aunt's arms and began to play with himself. His expression of worry for the country and its people made Lin Hanxing laugh.

"Why is it so cold all of a sudden ..."

Yuan Bao shivered.

Looking in the direction of the cold, he saw his uncle looking at him with a cold face.

"What are you looking at? First aunt is mine!"

Yuan Bao hugged Lin Hanxing and fearlessly made a face at his uncle, taking advantage of Lin Hanxing's presence.

"Neehee~"

"Ninth young lady, yunbai is here."

Bai Xi's voice suddenly sounded.

Yunbai?

Lin Hanxing's eyes flickered.

She'd left the antique dealer's matter to Yun Bai to deal with, and now it seemed like there was some news?

There was indeed news.

But what Yun Bai brought was obviously not good news.

“We were one step too late.”

#### [Chapter 1649](#)

1649 Being one step ahead

When she said this, Yun Bai’s expression was serious.

“Someone is negotiating with the antique dealer at a high price.”

On the other hand, Lin Hanxing continued to feed Yuan Dabao with a calm expression, as if his mood was not affected.

“You’re quite fast.”

She smiled lightly, but the meaning behind her words stunned Yan Beichen and the others who had come downstairs after hearing the news.

no, I say, Little Star, have you been so angry that you’ve gone silly!

Yan beixiao found it unbelievable that she could still smile.

“What else?”

Lin Hanxing replied lazily with Yuan Bao in his arms.

you think the earth will only spin according to my plan? ”

Yuan Bao seemed to have really gained weight, like a small meatball. Lin Hanxing could not help but poke his chubby little face with his finger.

This made Yuan Bao giggle.

The heavy atmosphere also eased up a lot.

Even though he understood the logic, Yan beiming still sat on the sofa and sulked.

“How high is it?”

Lei Xiao looked at Yun Bai, his voice containing a dangerous tone.

Yun Bai made a hand gesture of six.

“US dollars.”

Hearing this price, Yan beiming could not help but tutted. Back then, the monkey head and ox head that Lei group and X group had won were only about 40 million Hong Kong dollars. This was in US dollars right from the start. If one really knew the market, only an idiot would not sell it.

“Still negotiating the price?”

Lin Hanxing raised his eyebrows, something flashed across his dark eyes.

“Yes.”

After getting Yun Bai’s affirmative answer, Lin Hanxing smiled again, revealing a cunning look.

“Talk to the other party and tell them that we’ll pay nine.”

Lin Hanxing had pushed the price to the critical point of hundreds of millions in one go.

“Are you sure?”

Even Yun Bai’s expression changed. Although he knew that the couple in front of him was a standard money-printing machine, his heart could not stand the way they were spending money like it was dirt.

“When the other party raises the price, raise it to 1.2.”

Lin Hanxing seemed to think that the bomb he had thrown just now was not powerful enough, so he continued to attack.

“Are you sure the other party will raise the price?”

Yun Bai tried to make her tone sound tactful.

“Wouldn’t it be better if we buy it ourselves without raising the price?”

Lin Hanxing asked.

“.....”

“.....”

It seemed that he really couldn’t refute it.

But he still felt that something was not right.

“Don’t worry, not only will the other party follow, but they will also follow at all costs.”

Lin Hanxing gently stroked the little wool roll on Yuan Bao’s head.

Yun Bai didn’t know if it was his imagination, but he seemed to hear a hint of gloating in Lin Hanxing’s confident voice.

“However, I’ve always been a kind person. Since the other party offered 60 million US dollars, we’ll stop at 180 million. It’s good to finish what we started.”

“.....”

“.....”

A total of three times. If the other party could still follow him, wouldn’t he be a fool?

“Oh, that’s right.”

Lin Hanxing’s gaze swept across Yun Bai’s face, causing him to subconsciously feel a chill on his back.

go and talk to the antique dealer. We can't help him for free. We should take a share of the profit.

"....."

"....."

Yun Bai felt that she could no longer keep up with Lin Hanxing's mind. How on earth could she come up with such a plan that would 'harm others for her own benefit' in such a short time?

"Little Hanxing, are you really going to watch the other party buy the dog's head?"

Yan beixiao understood what she meant.

"Ah Xiao, aren't you going to talk to your wife?"

...

What if the other party really bought it?

"Do you know who did this?"

Lin Hanxing and Yan beiming looked at each other, and the latter's face was obviously blank.

"Who is it?"

"PU clan, PU Weishi."

"You're saying ..."

Yan beixiao suddenly stood up. Did this mean that long qingru had been alerted?

"If she doesn't do anything, I'll feel uneasy."

Long qingru would be too embarrassed if she didn't do anything after being forced to this extent by her. However, she didn't expect that she would find out the whereabouts of the dog's head in advance because of the baby.

Doll was really a Lucky Star.

"So she knows about your plan?"

...

"What do you think?"

Lin Hanxing moved his wrists, which were sore from holding Yuan Bao, and in the next second, Yuan Dabao, who had put on a lot of weight, was unwillingly carried by his uncle.

"Why aren't you worried at all?"

Yan beixiao sat back down on the sofa. What was that saying again?

If the Emperor wasn't in a hurry, he would die ... Bah.

"What's the point of me being anxious?"

Lin Hanxing had always been open-minded about this kind of thing. Over the years, she had been through so many bloody storms that she would deal with it when the soldiers came, and when the water came, she would deal with it with the earth. Being anxious would only mess up her own plans, so it was better to take it slowly.

“It seems to be useless.”

Yan beiming also reacted, holding the little piglet as he spread out on the sofa.

it’s impossible for everything to develop according to my wishes. It’s normal for there to be side issues. The main point is how to protect my interests to the extreme.

Lin Hanxing’s heart was very calm. She had already expected the PU Weishi’s fate. It was not hard to imagine how many things the PU clan had done in secret with the long family’s influence over the years. If the long family was abandoned, the first to be affected would be the PU family.

How could he accept this?

Perhaps PU Weishi was still blaming long qingru in his heart for making things like this.

“Go ahead and do it.”

Lin Hanxing gestured to Yun Bai with his eyes.

Just as the conversation ended, Lei Jue, who had not fully recovered, came down from upstairs.

“Sister-in-law.”

Lei Jue’s voice was hoarse.

“Hmph,” he snorted.

Yuan Dabao, who was nestled in Lei Xiao’s arms, was obviously still angry at him for driving his Mama away in the morning. He turned his fair and delicate little face to the side and snorted coldly, while his little jiojio, who was wearing white socks, dangled here and there in dissatisfaction.

“If there’s time, I’d like to have a chat with you,”

Lin Hanxing raised his head and met Lei Jue’s gaze.

“Just in time, I also have something to talk to you about.”

.....

In the study.

Lin Hanxing pushed the things he had prepared in front of Lei Jue.

“I’ve investigated the mother and found something interesting.”

Lei Jue reached out to take it and opened it.

” Back in Jiang city, doll was probably taken away by her mother. For various reasons that can no longer be investigated, doll changed her name to Ariel. Perhaps that’s why you couldn’t find her after that. ”

All these conclusions were derived by Lin Hanxing based on the information he had.

“The doll’s mother is a legendary woman in the French business circle. She became one of the top ten celebrities in the business world on her own. You can imagine how she views your relationship with the doll.”

In Lin Hanxing’s opinion, this might be the reason why her mother sent the baby back to the Lei family after he gave birth to Yuan Bao.

She found it hard to forgive the person who had hurt her daughter.

Lei Jue’s face was cold.

” As for doll, who changed her name to Ariel, she received five years of psychological counseling in France because of depression. At her worst, she even had the tendency to commit suicide. ”

Lei Jue’s palm trembled violently.

“Although I don’t want to say this, I think that what happened back then must have had a huge impact on her.”

#### [Chapter 1650](#)

1650 You’re the most suitable

There was a long silence between the two of them.

“It’s my fault.”

Lei Jue’s eyelashes trembled, and the light in the room fell on him, giving him the deepest light.

“I hope that in the future, you can be as honest in front of the baby as you are with me today.”

Lin Hanxing’s voice was soft and gentle, a tone that he would never use in front of outsiders.

“I will, sister-in-law.”

No one would have thought that a top figure in the legal world would be so obedient in front of his family.

Lin Hanxing and Lei Jue looked at each other for three seconds, as if they wanted him to remember what they had just said. Then, he took out another prepared document from the drawer and pushed it in front of him.

there are some things that I can’t handle on my side, but it’s different for you as a lawyer.

Lin Hanxing said meaningfully.

He moved his hand away from the document.

Yun huaisha’s mother passed away in an accident many years ago and she returned to the Yun family at the same time. After her mother returned to the Yun family, the Yun Corporation, which was on the verge of bankruptcy, was revived and regained its footing in the business world.

In addition, Yun Zuo was very sensitive about the cancellation of the child Yun's trust in Him. Lin Hanxing had reason to believe that there was a complicated relationship between these few matters.

"If you need any help, just let your big brother and I know."

She believed that there was no one more suitable than Lei Jue to handle this matter.

"Take back everything that belongs to doll."

.....

Lin Hanxing sat in the study room for a long time after he was done.

Later, she had to go to the royal family and meet with the sacred hands to discuss the treatment plan for najilie's leg. As for Yun Bai, according to her estimation, there should be news in a day and a half at most.

Lin Hanxing's eyes turned cold. It was a coldness and bloodthirstiness that had not appeared in her for a long time.

Knock, knock, knock.

Someone knocked on the door.

"Enter."

Yuan Kang's face appeared in Lin Hanxing's line of sight.

He seemed to have something to say.

"Is there something?"

"I want to talk to you,"

Yuan Kang's expression was unprecedentedly serious, as if he was joking in the past.

Lin Hanxing looked at him.

"Alright," he said.

.....

When Lin Hanxing's furious voice came from upstairs, almost everyone in the living room stopped what they were doing and looked up at the stairs in confusion.

"What happened?"

Bai Xi looked up in confusion, feeling uneasy.

Jiang Xibao subconsciously shrank his neck. He had followed the ninth young lady for so long and he had not seen her so angry for a long time. The last time ...

The last time was when Mr. Ray was shot in Jiang city.

"Who's in the study? Lei Jue?"

Yan Beichen's expression turned serious as well, but Zhan Nanheng shook his head. He had just seen Lei Jue coming out of the study when he went downstairs, so it was definitely not him.

"It's Yuan Kang,"

Song Chenxi's gentle words made everyone fall into silence.

Yuan Kang?

Yan Beixiao furrowed his brows. Even though he was the best at bickering with Yuan Kang in the past, they had spent so much time together that they had developed feelings for each other. Furthermore, what could Yuan Kang have done to make his little Hanxing so angry?

No one spoke.

However, things seemed to be out of control.

Twenty minutes later, when Yuan Kang came down with his suitcase, everyone was dumbfounded.

Yuan Kang didn't look at anyone. He carried his suitcase and got into the car. Just like that, he left the green sea Villa in front of everyone. He didn't even give them any buffer time.

Lin Hanxing stood at the top of the stairs with a gloomy face.

The surrounding air seemed to have frozen into frost.

"From now on, there won't be a person named Yuan Kang here,"

With every word that Lin Hanxing said, the temperature in the villa seemed to drop by one degree until it was frozen.

The meaning of this sentence could not be any more obvious.

"Little Hanxing, Yuan ..."

Lin Hanxing's cold eyes swept over and landed on Yan Beichen's face, instantly stopping him from continuing.

...

Even Yan Beiming did not dare to make a sound, let alone the others.

Thunder valiant wasn't here, it was simply ...

He was going crazy!

Thump thump thump thump ...

A little sheep ball ran over with its short legs and reached out to hug Lin Hanxing's leg.

first aunt, I'll give you a hug. I won't be angry.

Lin Hanxing lowered his head and held Yuan Bao in his arms. His cold face softened a little, and this gentleness was further amplified when Yuan Bao reached out to hug her neck.

“Do you want to go to the royal family with me?”

Lin Hanxing said to Yuan Bao, the hostility in his eyes dissipating.

The royal family?

Yuan Dabao’s eyes brightened when he heard that.

...

“Go, go, go!”

Lin Hanxing smiled and turned to look at Zhan Nanheng.

“Get ready, it’s time to go.”

.....

On the carriage heading to the royal family.

Eric, Zhan Nanheng, wanted to say something but stopped. He stole a few glances at Lin Hanxing from the corner of his eye.

“If there’s anything you want to ask, just ask.”

Lin Hanxing didn’t even look at him. The moment his voice rang out, it gave Zhan Nanheng a shock.

“My dear childhood friend, what did Yuan Kang do to make you so angry?”

Since she had asked, Zhan Nanheng naturally didn’t hesitate and asked his question directly.

Lin Hanxing did not reply to him immediately.

He casually fiddled with Yuan Bao’s little wool roll. Today, apart from Yuan Bao, Lin Hanxing did not even bring Xi Bao and Bai Xi with him. It was obvious that he was really angry.

Zhan Nanheng was truly anxious, but he didn’t dare to rush her.

“It’s the last mercy I can show him by not killing him.”

Lin Hanxing did not answer his question directly, but his eyes met the driver’s through the rearview mirror. The latter was so frightened that he quickly gripped the steering wheel.

Why is it so serious?

Zhan Nanheng frowned. His baby face was also filled with solemnness.

His childhood friend had always been very tolerant to the people around him. If it was just a small fight, it wouldn’t have come to this. So ... Yuan Kang had crossed his childhood friend’s bottom line?

“Then he ...”

“He went back to Xuelan,”

Lin Hanxing stopped talking about Yuan Kang.

Zhan Nanheng knew how to read people's minds and didn't mention Yuan Kang again. However, he still couldn't get rid of the suspicion about this.

Very quickly, the carriage they were in was allowed to pass through the entrance of the Royal Palace.

When they entered first Prince Na Jilie's residence, the environment was completely different from the last time they came.

The originally lifeless decorations seemed to have become a lot more lively due to the change in their master's mood, and the waiters in charge of serving them were obviously more attentive than before.

The sacred hands had obviously received the news. He would usually joke around, but today, he looked at Lin Hanxing with caution, as if he did not want to touch a Tiger's butt.

"Have you received the item?"

Na Jilie, who was in a wheelchair, was dressed in white casual clothes. He was being pushed by a smiling uncle Jin.

The Falcon, which had been flying in the sky, swooped down in front of Lin Hanxing at the speed of light and rubbed its little head against her hand. Its pair of black bean-like eyes stared at the Yuan Bao in Lin Hanxing's arms.

"You're so assured to give me the things in advance?"
