

Goodnight 1681

[Chapter 1681](#)

1681 You can try

Shang yanyong's body trembled when he heard this. If elder long was not here, he would have exploded with grief and anger at Lin Hanxing. Was this something that could be used to negotiate?

Even elder long was frowning.

At this time, the people outside the door and downstairs who were immersed in sadness or calculative emotions would probably not be able to imagine what kind of great changes were going on upstairs.

Shang yanyong was about to speak but was interrupted by Lin Hanxing.

A breath of air was stuck in his throat. Because of his identity as a member of the Shang family, Shang yanyong had never been treated like this in his life. He laughed in anger. Even elder Long's face darkened.

"This needle will only work for ten minutes."

Lin Hanxing's simple words stirred up everyone's emotions.

I'll make it short. My conditions are very simple. If you can satisfy me, I can let your old man temporarily survive this crisis.

Shang Yan Yong's pupils trembled.

Did these words mean what he was thinking?

"What condition?"

It was obvious that Shang yanyong was prepared for Lin Hanxing's exorbitant demand.

His expression of cutting off all means of retreat made her laugh.

it's simple. I want you to withdraw from the land development case that you're fighting with the PU family.

Lin Hanxing's cold voice seemed to have a magical power that made people subconsciously indulge in it.

She was counting the time in her heart.

In order to control the entire conversation within ten minutes, the control of the rhythm was particularly important.

"Timely?"

Even in his grief and anger, Shang Yan Yong knew how to focus on the main point.

"You'll stop when I say so."

Shang yanyong threw out a question, and Lin Hanxing answered it. In this exchange, there were countless Masters testing each other.

“Do you know how much benefits there are behind the development of that mountain?”

“Of course I know.”

Lin Hanxing smiled, but the smile did not reach his eyes.

It gave off an extremely dangerous impression.

No one noticed that elder Long’s gaze towards Lin Hanxing had a deeper meaning to it, especially when she mentioned the development of the mountainous area. Her eyes were even more profound.

“You still have three and a half minutes to consider.”

Lin Hanxing lifted his bowl and looked at his watch, his actions were as if he had the victory in his hands.

Shang Yan Yong pursed his lips.

Before Lin Hanxing landed in the capital, he had heard many rumors about this woman. However, it was only now that he finally understood that the rumors were far less than one-ten-thousandth of what she was.

“I promise you.”

Shang Yan Yong answered without hesitation.

Compared to his father’s life, what was a mountain development project worth?

Lin Hanxing looked deeply at Shang yanyong.

“Remember what you promised me.”

She said.

Almost at the same time as he finished speaking, Lin Hanxing had already bent over and used her fingers to open the tightly shut mouth of elder Shang. She sealed and crushed the pill that Lei Xiao had stuffed into her palm with wax. In an instant, a medicinal fragrance spread in the air.

It was a breath of fresh air.

Lin Hanxing quickly stuffed the brown pill into elder Shang’s mouth. It melted in his mouth and elder Shang quickly swallowed it on his own.

This made the others in the room pleasantly surprised.

In the end, elder Shang could only take a nutrition shot to maintain his life. To be able to swallow on his own was something the younger generation didn’t even dare to think about.

Lin Hanxing pulled the acupuncture needle out of elder Shang’s body with rapt attention. A foul breath escaped from elder Shang’s mouth as she did so, and the foul smell immediately dispersed the original medicinal fragrance in the room, making people feel nauseated.

“Open the window.”

As soon as she finished speaking, Shang yanyong, who was closest to the window, immediately opened it.

The moment the fresh air entered the room, it dispelled the stench in the room, but at the same time, it brought life to the room, filling it with hope.

Elder Shang's breathing, which was originally like a bellow, was now fast and slow, and even the data on the monitoring Instrument did not change.

"This pill can guarantee the seventh elder's safety for the next few days."

Shang yanyong raised his head and met Lin Hanxing's eyes.

"My men will arrive in the capital within seven days to give elder Shang follow-up treatment."

This was originally given to Lei Xiao by sacred hand to save his life. Seven days were enough for sacred hand to arrive. As long as sacred hand arrived, elder Shang's follow-up treatment would not be a problem. Even if sacred hand could not do anything about elder Shang's matter, seven days were enough for him to deal with his funeral.

Lin Hanxing smiled faintly, his words were light and carefree.

"You guys continue."

Lin Hanxing walked out of the door without any hesitation.

...

However, just as he was about to reach the door, Shang Yan Yong's voice rang out from behind him.

"Aren't you afraid that I'll go back on my word?"

Shang yanyong, who was famous for his improvement in the old man's condition, couldn't hide his excitement. He looked at Lin Hanxing's back, and for some reason, he said this.

Lin Hanxing's hand was on the door handle, and he turned to look at Shang yanyong.

He was calm and composed, not the least bit flustered and exasperated that the other party had imagined. There was a faint color in his eyes.

"You can try."

.....

Downstairs.

The clouds of worry were gloomy.

Lei Xiao took back the phone he used to contact sacred hands and stood beside master Yan. With a few simple glances, he had already seen the internal division of the business. The sorrowful cries of the women continued to ring in his ears. He narrowed his eyes slightly and remained silent.

Long qingru, who had avoided people a little, had just put down her mobile phone at this time. Standing in the dark, she could not hide the joy in her eyes for a moment, but it was quickly covered by sadness, as if the joy just now had never appeared. Her acting was superb and skillful.

...

A strange sound suddenly came from upstairs.

Long qingru's heart trembled. Could it be that elder Shang ...

To the people downstairs, this was the last straw that broke the camel's back. When the dust settled upstairs, someone started crying downstairs at the same time, causing Lin Hanxing, who was walking down, to stop in his tracks.

"Why are you crying?"

The cold voice sounded in everyone's ears.

Uh ...

The cries that rose and fell stopped abruptly when they heard those three words. The Shang family members downstairs raised their heads with tears on their faces and looked at Lin Hanxing, who was still standing on the stairs expressionlessly.

"....."

"....."

They looked at each other, and the atmosphere inexplicably became quiet.

He looked behind Lin Hanxing ...

Elder long and Shang yanyong had not come down yet?

"Old ... Old master, he ..."

Someone finally spoke, and at the same time, everyone's hearts were in their throats. They had thought that the old master was gone, but looking at Lin Hanxing's expression, it seemed ...

It was different from what he had imagined?

Lin Hanxing did not say anything and continued to walk down the stairs. Behind him, the footsteps of the members of the medical team coming in and out of the room were messy and heart-wrenching.

Everyone's eyes fell on Lin Hanxing.

It moved with her.

Lin Hanxing looked at long qingru across the air.

No matter how well the latter tried to hide it, Lin Hanxing could still see the greed and desire in her eyes.

Unfortunately, long qingru's plan would be ruined.

“Elder Shang, he’s fine.”

[Chapter 1682](#)

1682 The little girl is amazing

Like a sudden clap of thunder, the Shang clan could not believe their ears.

Even the medical team’s experts had said that he was in critical condition three times, but she said ...
The old man was fine?

There was complete silence.

“You ...”

Long qingru was about to say something, but she had to take into account the occasion. Her serious and gloomy expression also carried a warning, warning Lin Hanxing not to talk nonsense without considering the occasion. This was not a place where she could do whatever she wanted.

“You’re serious?”

The Shang clan members were reinvigorated, their dejected faces lit up one by one. Whether they were sincere or not, at least at this moment, the hearts of the Shang clan members were united.

Lin Hanxing did not say much, he just pointed upstairs.

As if they were cooperating with her, the medical team’s surprised voice rang out. No one knew who was the first to move, but the shop owners rushed upstairs one after another.

Soon, there were only outsiders left downstairs.

Lin Hanxing walked toward long qingru and soon stood in front of her. His cold eyes had a strong penetrating power and were shocking.

“So soon, we meet again.”

Long qingru could tell that the voice was not good.

The two of them looked at each other.

Even long qingru herself didn’t notice that the moment she faced Lin Hanxing, her entire aura was like a candle in the wind. It was weakened by more than half, but she still held on, which was a strong contradiction to her image of a strong woman.

Long qingru sneered, her eyes full of disdain.

what does the long family’s Affairs have to do with you? you’re in frequent contact with them in private, and I’m afraid no one can use your ability to say one thing and do another as well as miss Lin. You’re just so-so ...

Their voices were extremely low, and they still had smiles on their faces. In the eyes of others, the two of them seemed to be chatting warmly, but who would have thought that there were hidden waves in private?

“Are you scared?”

Lin Hanxing’s cold eyes seemed to be able to penetrate through people’s hearts, and he immediately grabbed long qingru’s most terrifying place.

“Now that I’m back, are you afraid?”

“Long. Qing. Ru?”

Like a death knell, long qingru’s scalp was about to explode.

The word ‘long’ that came out of Lin Hanxing’s mouth was full of sarcasm, as if he was criticizing her for not being worthy, not being called ‘long’, and not being worthy of standing here.

This brought long qingru back to the day when she had first been brought into the long family.

Power, fame, privileges ...

Everything happened after she was crowned with the surname ‘Dragon’, which made her learn to hide her true emotions at a young age and present her most perfect side.

No one could destroy this.

Back then, Lin Hanxing’s mother, Bai Rou, could not.

The current Lin Hanxing naturally couldn’t either!

I would advise you not to be too arrogant, miss Lin. After all, before the DNA test is done, everything is not settled. Who knows what will happen? ”

Long qingru said coldly, as if she was giving advice from someone who had experienced it.

“You’re right, the fake can never become the real.”

Lin Hanxing’s simple words had rendered long qingru speechless.

From upstairs, the Shang family’s cries of joy could be heard. After a series of examinations by the medical team, elder Shang had miraculously turned the tables. Even his heart had regained its mobility. It was an impossible miracle!

Only elder long, Shang yanyong, and Lin Hanxing knew what had happened in the room. Now, no matter how many people from the Shang clan asked Shang yanyong what had happened to save the old man, he would not say a word.

The more he did not say anything, the more curious the medical team and the other people from the business group became.

Downstairs, elder Yan subconsciously looked at Lin Hanxing.

His intuition told him that the turning point of elder Shang’s illness had started with this girl.

Elder long walked down the stairs.

“Let’s go back,”

Elder long said in a low voice. The old fellow was fine for the time being, but ...

His gaze fell on Lin Hanxing's face.

He didn't speak.

Long qingru's heart skipped a beat when she noticed the gaze.

"Dad, it's time for you to rest. Shall I help you back?"

Long qingru came to elder Long's side eagerly and was about to reach out to help her, but before she could get close, elder long brushed her hand away.

"I'm not so old that I can't walk!"

With that, elder long walked out of the Shang clan.

The guards of the Shang family quickly saluted and stepped aside. As for the long family's guards waiting outside, they naturally followed. Long qingru followed without saying anything, as if she wanted to block all opportunities for elder long to have private contact with Lin Hanxing.

"Little girl ..."

Elder Yan walked to Lin Hanxing's side and seemed to want to say something, but Lin Hanxing reached out and placed his hand on his lips, shushing him playfully.

"It's a secret,"

...

Seeing this, elder Yan shook his head helplessly. He swallowed the words he was about to say and stopped asking.

"Elder long has left."

On the second floor, a junior from the Shang family stood in front of the floor-to-ceiling window as he watched elder long and the others leave. He spoke to the many seniors in front of him.

The room, which had been filled with joy and excitement because of elder Shang's awakening, fell into a deathly silence. Everyone's eyes involuntarily turned to Shang yanyong, their eyes filled with confusion.

"Third uncle, can you tell me now?"

The Shang clan junior asked.

"Don't ask anymore. Just remember one thing."

As for what had just happened here, Shang Yan Yong had decided to keep it to himself. He would never mention it to anyone other than the old master, especially when he thought of the girl's condition when she was negotiating with him ...

"What is it?"

Immersed in his thoughts, Shang Yan Yong did not speak for a long time, causing the others to continue asking.

“Don’t mess with the little girl next door.”

...

“Third uncle, do you mean ... Long Xi ‘er?”

Wasn’t long Xi ‘er the only one who could be considered a young lady in the long family?

“Long Xi ‘er is ...”

Shang Yan Yong spent a great deal of effort before he managed to swallow the last word.

“He’s the one who’s been standing beside elder long ever since he arrived.”

After some thought, Shang Yan Yong added her name.

“Lin Hanxing, everyone calls her Lin xiaojiu.”

Her?

The Shang family’s eyes were filled with surprise. There were many rumors about her in the capital recently, but at that time, they were all focused on the old master’s illness and no one had the time to care about other people’s trifle matters.

However, he did not expect that person to be Lin xiaojiu.

He looked too ...

Are you recruiting people?

She thought in her heart, but her face was filled with dissatisfaction. What kind of flowers could a little girl turn out to be worthy of third uncle’s fear?

As if he had seen through the thoughts of the others, Shang Yan Yong’s expression darkened.

all of you better remember what I said today. The new girl next door is very powerful. No one is allowed to touch her, or else ... No matter how big the Shang family is, they can’t protect you.

Shang yanyong felt that today’s incident was only the beginning. He recalled the look in that girl’s eyes when she turned around to look at him before he left ...

Even he felt a chill in his heart!

[Chapter 1683](#)

1683 Look at that person, he looks like a dog

“Prepare two big gifts.”

Shang Yan Yong deliberated for a long time before he finally spoke.

“Two sets?”

The Shang family looked at each other, not understanding what he was doing.

yes, two sets. I'll personally deliver them to the next room!

Of these two gifts, one was to show respect to elder long and the other was to thank Lin Hanxing. Neither of them could be missing, and they had to be personally delivered by Shang yanyong to be at ease. Otherwise ...

"Third brother, ah Jun ..."

A middle-aged man hesitantly stepped forward, and as soon as he spoke, Shang yanyong and the rest of the Shang clan, who had just seen elder Shang's recovery, immediately turned gloomy again, and the atmosphere in the room became heavy.

If Shang Jun had not quarreled with the old master over long Xi 'er's matter during dinner, the old master would not have suddenly fallen ill.

Shang Yan Yong's gaze was so cold that the middle-aged man didn't dare to speak up for his son.

The big gift had been prepared.

Shang yanyong didn't bother to waste any more time. He turned and went downstairs, not daring to delay a single moment as he headed in the direction of the long family.

If he had the chance, he would like to talk to that girl alone.

At this time, the atmosphere in the long family was a little strange because of long qingru's presence.

Lin Hanxing did not seem to notice that long qingru was eagerly serving tea and pouring water beside elder long. His expression was so calm that no one could tell whether he was happy or angry. He glanced at his watch discreetly as if he was waiting for something to come.

Master Yan noticed her movement. Almost at the same time, the guards reported that there were more people coming from the Shang family.

Long qingru, who was pouring tea for elder long, paused.

Why is it here again?

Could it be that elder Shang was unwell again?

Without waiting for long qingru's thoughts to ferment, Shang yanyong's guards appeared in everyone's field of vision with two heavy gifts in their hands. Their faces were filled with gratitude and joy, and no one would associate this matter with the worsening of elder Shang's condition.

Long qingru unconsciously pursed her lower lip, feeling depressed.

They exchanged greetings.

But anyone with eyes could see that Shang yanyong's intentions were not in the wine.

"It's almost time. I'll go back first today."

Suddenly, Lin Hanxing stood up and took his leave. His eyes met elder Long's for a brief moment.

"Dad, have some tea."

Long qingru interrupted him.

The sudden burst of laughter broke the atmosphere in the room.

Everyone's eyes turned towards the source of the laughter. The mocking smile on Lin Hanxing's lips was so obvious that it was impossible for others to pretend to ignore it.

"I'm sorry, I just thought of a sentence."

She said.

"What did he say?"

Shang Yan Yong unconsciously continued.

"Look at that man, he looks like a dog."

Lin Hanxing said indifferently. Then, he walked towards the door with Lei Xiao, without looking back.

Long qingru's hand that was holding the tea trembled. The hot water burned her hand, but it was not as embarrassing and angry as burning her brain.

She knew that Lin xiaojiu was mocking her!

Long qingru couldn't even vent her anger, so she closed her eyes to hide all her emotions.

The moment he stepped out of the long family's Gate, fresh air filled his lungs. Even Lin Hanxing had to admit that Jade Dragon Mountain was a great place to spend the rest of his life.

Lei Xiao raised his hand and stroked her wind-blown hair.

Her actions were patient and gentle.

No one stepped forward, even though everyone knew that the dark was full of guards.

The two of them were waiting.

Shang clan is divided into two factions. Now that elder Shang's condition is stable, Shang yanyong can still catch his breath. If anything happens to Shang clan, he will be the first to be controlled. So you saved his life today.

The Thunder valiant beast bent over, and to outsiders, it looked like an intimate act between husband and wife.

"It's US,"

Lin Hanxing corrected him.

Lei Xiao's cold eyes relaxed a little, and his jaw lifted slightly. Obviously, the word "we" pleased him.

"As long as Shang clan is here, we can hold back the PU clan."

She said in a low voice, her eyes full of sarcasm.

As soon as he finished speaking, the door to the long family's bungalow was pushed open from the inside. Shang yanyong, who had ulterior motives, walked out. When he met Lin Hanxing and Lei Xiao's eyes, he shuddered again.

They were waiting for him.

It was just a look, and there was no need to say more between smart people.

...

"I'll send miss Lin and Mr. Lei back."

Shang Yan Yong said.

They hit it off.

Shang yanyong's car had already been driven out of the shop by the driver, and with a single look from the former, the driver had already left.

Lin Hanxing and Lei Xiao didn't stand on ceremony and directly got into Shang yanyong's car. They knew that after they left, the long family's guards would definitely report the situation.

But they didn't care at all.

The Shang family's car slowly drove out of the range of Mount Jade Dragon.

"Could it be that young lady Lin had predicted that Shang clan would face a calamity today?"

In the silent carriage, Shang yanyong broke the silence.

His deep eyes met Lin Hanxing's in the back seat through the rearview mirror.

As a superior, he had not been a driver for many years, so he did not feel uncomfortable at all.

...

"Mr Shang thinks too highly of me."

Lin Hanxing said indifferently, his eyes meeting Shang yanyong's.

His deep, well-like eyes made one's heart thump, and gave off an indescribable pressure. Shang yanyong subconsciously retracted his gaze and calmed his wildly beating heart.

In the capital, who else of Lin Hanxing's age could have her aura?

"Miss Lin, what are you trying to do?"

Shang Yan Yong had a vague idea in his mind, but it was too crazy, and he began to wonder if he was overthinking it.

"What do you think?"

Lin Hanxing asked instead of answering.

The carriage returned to a dead silence.

No one spoke for a long time.

Shang Yan Yong was once again suppressing the shock in his heart.

"I'm not interested in what miss Lin wants to do, I hope ..."

"It's not up to you,"

Lin Hanxing cut off Shang yanyong's words, causing Shang yanyong to be suppressed by the aura of the junior in front of him, unable to continue.

"With Shang clan's current position in the capital's business world, a battle with the PU clan is inevitable. Mister Shang is also aware of this, right?"

The Thunder valiant beast's cold voice interjected.

It was indeed so.

The Shang clan and the PU clan had too many businesses that collided with each other in the business world. Although the Shang clan had started early, the PU clan had borrowed the east wind from the Dragon brand. In the past two years, this competition had become more and more intense. In reality, both of them knew that the Shang clan and the PU clan would have a battle sooner or later, but who would be the final Victor ...

"If elder Shang is here, the PU clan will still be wary, but if elder Shang is not here ..."

Lei Xiao's emotionless voice rang out once more, and Shang yanyong could not help but tighten his grip on the steering wheel.

If the old man was gone, the Shang clan's decades of Foundation would be slowly lost!

"What are you ..."

Shang yanyong's back was drenched in cold sweat, and his hair stood on end.

Even when he was facing a competitor in the business world, he had never felt such a shiver all these years.

your choice will determine the future of Shang clan.

[Chapter 1684](#)

1684 So fat that oil is flowing

The next morning.

Uncle Jin and the mute uncle had arrived at the courtyard house very early to wait. Yan beiming and Liang yuran, who had gone out to do hard labor for Lei Xiao and had not returned the entire night, had also just returned. When Lin Hanxing and Lei Xiao came out after washing up, they saw a few people sitting in the courtyard and chatting with the Pink Pig.

"....."

Lin Hanxing did not know if it was his own illusion, but he felt that Yan beiming really enjoyed living his old life early.

“Ninth young lady.”

Uncle Jin looked at Lin Hanxing with a kind smile. The mute uncle even pushed the pastries that they had bought in the morning in front of her.

It was just like when aunt Mian was still alive.

“The fish has taken the bait.”

As he spoke, uncle Jin smacked Yan beixiao’s hand that was about to steal the pastry away.

After confirming the identity of their opponents, Lin Hanxing had sent people to hide in the capital to collect all kinds of useful information. After uncle Jin and the mute uncle filtered it and classified it according to the degree of importance, it was finally presented to Lin Hanxing.

Hearing this, Yan beixiao’s eyes, who had been covering his hands with a look of grievance, immediately lit up.

“Where did the fish come from? are they fat?”

“So fat,”

Upon hearing Lin Hanxing’s name, Yan beixiao’s mind began to spin, and his face was filled with greed.

“The other party has made an appointment at ten O’clock tonight at the cloud and water room in the capital Palace.”

“The capital Palace?”

Bai Xi and Jiang Xibao also stood up. When Bai Xi heard these three words, she couldn’t help but click her tongue. When she was in the count of Starlight, she had heard the name of the capital Palace more than once.

“You also know about the capital Palace?”

Yan Beichen reached out and pushed Jiang Xibao to the empty seat beside Liang yuran.

the capital Palace is not an ordinary place. Who wouldn’t know if you went out and asked? ”

Bai Xi rolled his eyes in annoyance.

“I don’t know!”

Yuan Kang interrupted while yawning. He was from country G and really knew nothing about China.

“The capital Palace is not an ordinary place. It’s very high-class. Anyone who wants to come to the capital to run money or projects will definitely come here to treat. “Over time, this place became a gathering place for the capital’s celebrities. As long as you enter, even the most inconspicuous person in the corner may be a character that can’t be provoked. No one dares to make a scene here, and no one dares to not give face to the behind-the-scenes boss of the Jinghua Palace.”

Bai Xi was acting all mysterious, but Yan beiming was clicking his tongue in his heart.

As the group of people were talking, the Butler suddenly appeared.

"We have a guest."

This early?

Lin Hanxing was silent for two seconds, then he signaled the Butler to bring someone in.

The guests were beyond everyone's expectations.

He was the eldest young master of the Zhao family, Zhao Xijing. "Miss Lin."

When they met again, Zhao Xijing managed to calm himself down. His voice was low and powerful.

"Young master Zhao."

Lin Hanxing raised his eyebrows. Uncle Jin, mute, and the others had already stood up and given them some space.

I didn't expect that after we parted in Jiang city, the difference between miss Lin and me would be like the difference between cloud and mud.

Looking at the delicate little face in front of him, which was not much different from his memory, Zhao Xijing was no longer as frivolous as he had been when they first met in Jiang city. He sat opposite her in an orderly manner.

"The Zhao family's career path doesn't seem to be going so smoothly."

At this time, Beijing was still warm and cold. Lin Hanxing, who was wearing a camel-colored sweater, sat opposite Zhao Xijing. He still had that mysterious attitude, making it impossible to see his true feelings.

the capital is full of rich and powerful people. It's not that easy.

Zhao Xijing was calm.

He had relied on his wife to get to where he was today, and he needed an opportunity to gain a foothold.

Lin Hanxing smiled faintly and did not comment.

He was so calm that it was as if he had no grudges with the Zhao family back in Jiangcheng. Zhao Xijing didn't know how to say the words he had prepared.

"So, who asked you to invite me?"

He did not expect Lin Hanxing's next sentence to make Zhao Xijing's scalp tingle.

She knew?

That made sense. Back in Jiang city, Lin xiaojiu was just like that. He could see through people's thoughts with just a cold gaze.

There was no place to hide in front of her.

“Pu Wei Shi.”

Since they had already said this, Zhao Xi Jing might as well make things clear. However, even he himself did not understand why Pu Wei would assign this task to him. After all, they had not interacted much in the past.

Moreover ...

Zhao Xijing sneaked a glance in Lin Hanxing’s direction.

...

Who would have thought that Lin xiaojiu would actually have a connection with the long family?

The intricacies of this matter were not something he could control.

“Time and place?”

Unlike what Zhao Xijing had thought, Lin Hanxing’s expression was natural. Even his voice did not fluctuate, which made Zhao Xijing a little confused. He did not know if he really did not care or if he had other thoughts.

“Six O ‘clock tonight, Jinghua Palace, between the clouds.”

The capital Palace again?

Lin Hanxing’s lips slowly curved into a meaningful smile. His long eyelashes reflected on his face, giving people an indescribable feeling.

She immediately saw through Zhao Xijing’s doubts.

As for why PU Weishi had come looking for him, Lin Hanxing was not surprised at all. PU Weishi was using Zhao Xijing’s existence to send him a message.

Not only was she staring at him, but he was also paying attention to her at all times.

“Sure.”

...

Lin Hanxing’s direct answer made Zhao Xijing heave a sigh of relief. He did not expect Lin Hanxing to be willing to give him face, but ...

Thinking about PU Weishi, Zhao Xijing himself was hesitating whether it was a blessing or a curse to be connected to him.

“I heard that you were at the Shang family last night?”

Suddenly, Zhao Xijing started another topic.

“It seems that there are no secrets in the capital.”

Lin Hanxing’s smile didn’t falter. Instead, it seemed to be getting wider.

It had only been a short night, but even Zhao Xijing had found out.

Zhao Xijing wanted to say something but stopped.

there is a junior in Shang clan called Shang Jun. Be careful, he might cause you trouble.

These words were a kind reminder.

Lin Hanxing raised an eyebrow.

Shang Jun?

“Everyone in the capital city knows that Shang Jun has a special affection for long Xi ‘er.”

just like how your brother Zhao Dongyang treated han mingmei? ”

These words immediately caused Zhao Xijing’s expression to change subtly, and he nodded awkwardly.

He was probably better than her.

in fact, old master Shang’s illness acted up yesterday because Shang Jun mentioned that he would help long Xi ‘er settle the matter with Jennifer during dinner. That was what made old master Shang furious.

At this point, Zhao Xijing’s mouth twitched. He clearly did not have a good impression of Shang Jun.

“Shang clan or PU clan, who do you think has a higher chance of winning?”

Zhao Xijing was silent for a few seconds because of Lin Hanxing’s sudden question and looked at her a few times.

“Just say it directly, there’s no need to worry.”

Lin Hanxing sipped his tea.

“That’s naturally the PU clan that has the long family’s backing.”

Zhao Xijing muttered.

“So that’s why the Zhao family has been in contact with the PU clan?”

The next second, Lin Hanxing’s words made his hand tremble.

[Chapter 1685](#)

1685 Returning the gift

She even knew about this?

As if he had seen through the shock in Zhao Xijing’s eyes, Lin Hanxing’s expression did not change. His deep eyes were cold and distant.

“There are no secrets in the capital.”

It was a simple sentence, but this time, it made Zhao Xijing’s hair stand on end. If Lin xiaojiu’s words had been half-joking the last time, this time, it was more like a warning.

“Miss Lin, you mean ...”

Zhao Xijing said cautiously.

“Those who seem to be in the limelight may not be able to laugh in the end, and those who seem to have no chance of winning may not bite back at the critical moment.”

That trembling feeling came back again.

Lin xiaojiu was clearly sitting opposite him, calm as water, not doing anything, but he felt like he was at a disadvantage!

Zhao Xijing looked at Lin Hanxing and did not say anything.

Lin Hanxing, on the other hand, held his teacup and smiled faintly in Zhao Xijing’s direction.

“This is my return gift to Mr Zhao for reminding him about Shang Jun.”

.....

After Zhao Xijing left, the mute uncle quietly appeared behind Lin Hanxing.

“Just throw it away.”

With every word and order, the mute uncle quickly threw away the cup that Zhao Xijing had used. When he returned, Lin Hanxing was expressionless as he looked at the White steam rising from his cup. He was calm and silent.

The mute uncle did not disturb her.

About a minute later, Lin Hanxing raised his head again and met the mute uncle’s gaze.

“How many times?”

The mute uncle used his finger to point at the number two.

Pu Wei had attacked elder Yan two more times without making a sound, but the mute uncle had resolved them both.

“It’s time to give him a gift in return.”

She said.

.....

With a ding, PU Weishi walked out of the private elevator that led directly to the underground parking lot of the PU Corporation.

With the sound of the central control unlocking, he sat in the car and started the engine.

Everything was normal.

However, the car had not gone far when a loud bang was heard, which even alerted the patrolling security guards.

“Mr. Pu ...”

“Mr. Pu, are you okay?”

When these sounds returned to his ears, Pu Wei, who had been hit by the popped airbag in his chest, felt as if he had just returned from the gates of hell. His trembling hands struggled to unbuckle the seat belt, but when his eyes swept to a certain spot in front of the car, his pupils suddenly shrank!

He stared at it.

A fresh white Rose that shouldn't have belonged in his car was pinned on the fragrant palanquin seat.

A quiet declaration of war.

It exuded a faint fragrance of death.

For a moment, PU Weishi's hair stood on end.

“Surveillance, check the surveillance!”

The moment the car door opened, the security guards heard PU Weishi speak in a tone that they had never heard before. It was like a screeching chicken that had its neck held by someone.

“Investigate!”

.....

Kada.

Lin Hanxing, who was trimming the White Rose, accidentally cut off one of the flower heads and it fell on the table.

“It's a pity,”

She said indifferently.

Jiang Xibao and Bai Xi supported their cheeks with their hands and looked at Lin Hanxing.

“Ninth young lady, aren't you worried at all?”

Bai Xi asked.

“What's the hurry?”

“To the long family, of course!”

Wasn't this their most important mission in the capital?

Lin Hanxing smiled but did not say anything. He reached out to pull out two white Rose branches that were missing flower heads and threw them aside.

“Have some fruit.”

Suddenly, an empty plate was thrown onto the table in front of them.

...

“Where are the fruits?”

Jiang Xibao raised his head and asked in a daze. However, he saw that Yuan Kang, who had just delivered the fruits to him, had stuffed his cheeks like a hamster.

Fine, he didn’t need to ask to know where the fruits went.

“Who are you meeting at 10 pm?”

Yuan Kang spat out the seeds in his mouth like a peashooter, then asked Lin Hanxing.

“A woman,”

Lin Hanxing put the White Rose into a vase and looked not far away. Lei Xiao was talking to Yan beiming and Liang yuran, his expression serious and cold. She retracted her gaze and answered Yuan Kang’s question.

“Boring.”

Yuan Kang put his hands under his head and complained.

Lin Hanxing ignored him and reached out to pinch Bai Xi’s left cheek.

“The less anxious I am, the more anxious someone is for me.”

...

Lin Hanxing’s words had a deeper meaning, and even his eyes were filled with a profound light.

Bai Xi and Jiang Xibao didn’t fully understand what he meant.

“What the f * ck?”

Yuan Kang, who had just taken out his phone, suddenly cursed.

“What’s wrong with you now?”

Bai Xi couldn’t help but roll his eyes at him.

“PU Weishi was in a car accident!”

As soon as Yuan Kang finished speaking, the three of them subconsciously looked at Lin Hanxing. However, they saw that she was fiddling with the white roses with a calm expression. There was a faint smile on her face, and even the mole at the corner of her eye was dazzling.

“Dead?”

Jiang Xibao’s eyes widened, and his expression was as cute as could be.

“It doesn’t look serious on the news.”

Yuan Kang said as he waved his phone in front of them. The news said that other than minor injuries and concussions, PU Weishi was fine. However, he didn’t know if he was unlucky, but on the way to the hospital, the car he was in suffered scratches again.

“Two times in a row?”

Bai Xi was speechless. This luck was really unparalleled.

Such a feeling also rose in the hearts of the emergency personnel who had rushed to the scene.

When PU Weishi had gotten into his first car accident in the underground parking lot of the PU Corporation, the paramedics had quickly arrived at the scene, but for some reason, PU Weishi had insisted on not getting into the ambulance. Instead, he had called another car to pick him up ...

A second accident happened halfway through.

This hit rate added to the jokes that were widely circulated among the capital’s celebrities.

When long qingru received the call and rushed to the hospital, her face was pale and she almost couldn’t breathe. When she saw her husband, she rushed to the bed and tears fell.

“How could this be ...”

“It’s Lin xiaojiu.”

PU Weishi’s face was dark as water. The White Rose tightly clenched in his hand had long since withered, but he had not thrown it away.

Long qingru’s crying stopped abruptly.

He suddenly raised his head and looked at Pu Wei.

“She knows about your uncle. She’s declaring war on me!”

PU Weishi sneered.

Otherwise, why would two car accidents happen so coincidentally?

“That’s impossible,”

Long qingru was still skeptical. No matter how powerful Lin xiaojiu was, how could he come to the PU clan without anyone knowing? If she really had this ability, didn’t it mean that ...

She swallowed her saliva.

Wouldn’t that prove that Lin xiaojiu had eyes and hands everywhere?

Pu Wei Shi did not say anything.

The security guards of the corporation had pulled up all the videos of him before the accident, but according to the surveillance footage, no one had gotten close to his car before the accident. Even so ...

Pu Wei was certain that it was Lin xiaojiu’s doing!

“So, you still want to meet her tonight?”

Long qingru’s heart beat like a drum at the mention of this topic.

Lin Hanxing was too evil.

“See! I want to see him even more!”

Chapter 1686-investigation

The capital Palace.

Night fell and the lights were lit.

When Lin Hanxing’s luxurious business car appeared at the entrance of the capital Palace, the guard saluted and let him in.

After driving for about twenty minutes, the main building of the capital Palace, which was full of extravagance, finally appeared in front of people. The fountain was dancing to the music. The moment the business car stopped, the supervisor of the capital Palace came forward with a smile.

The car door opened.

The head waiter, who was supposed to greet her good evening, only felt a fragrant breeze on his face, but with a glance, he actually forgot the words that were on the tip of his tongue.

Lin Hanxing was wearing a black trench coat and high heels. Her slightly curly black hair was scattered behind her cheeks. Her porcelain white face was expressionless, and the exquisite white Rose and diamond earrings by her ears were very advanced, reflecting a gorgeous brilliance under the light.

She only brought Bai Xi and Jiang Xibao with her tonight.

“Please follow me.”

The head waitress, who had been intimidated by Lin Hanxing’s aura when he got out of the car, finally found her voice. With her signature smile on her face, she reached out and gestured to the people inside the capital Palace. The group of people followed her into the lobby of the capital Palace.

It was a different world.

The style of decoration in the capital Palace was completely different from what Lin Hanxing had imagined. There was no unrealistic magnificence, and it was noble and elegant. It was no wonder that the famous people in the capital would treat this place as a base camp for banquets.

Suddenly, Lin Hanxing stopped in his tracks and looked towards a corner.

His gaze was cold.

Someone was sizing him up.

“Ninth young lady ...”

Bai Xi lowered her voice, and her eyes were as sharp as a knife. Even Jiang Xibao was on high alert, waiting for Lin Hanxing’s order. No matter whose territory the capital Palace was, she would make a big scene.

“Don’t be nervous.”

Lin Hanxing smiled faintly and retracted his gaze. He looked at the head waiter, who had a slightly nervous expression when she stopped, and gestured for him to continue leading the way.

It was just a small thing.

The head waiter heaved a sigh of relief in his heart.

As for the identity of the person in the dark, others might not have noticed it, but she saw it clearly. Thinking of the recent gossip that had spread in the capital, the supervisor definitely did not think it was a wise thing to ask the two people to fight face to face.

The group continued forward.

Very quickly, the words “between the clouds” appeared before everyone’s eyes.

“Miss Lin, please.”

The head waiter’s movements were smooth and natural. From the beginning to the end, no one could pick out any mistakes. After saying this, he retreated in a timely manner and gave the private space to the honored guest. However, just as he walked into the hall, he was sensitive to the atmosphere that was not quite right.

The foreman and the higher-ups, who were originally hidden in the dark, moved out in the next moment. They appeared silently like a silent war. The foreman’s heart trembled in fear. Ever since she entered the capital Palace, she had never seen all the members move out.

Soon, a Mercedes-Benz Maybach S600 slowly stopped at the main entrance.

All the higher-ups in the capital Palace went out at almost the same time, each of their faces wearing a serious expression. Just like that, they looked at the black streamlined car body immersed in the night. The black bulletproof glass was like a beast that could easily swallow people clean, bringing a terrifying visual feast.

It was a little scary.

The head waiter thought.

The next second, the door opened ...

.....

The moment Lin Hanxing entered the room, everyone in the room stopped what they were doing and looked at her.

It was deathly silent.

However, a child’s ball rolled to Lin Hanxing’s feet.

Lin Hanxing looked deeply at the child.

He bent down to pick up the ball.

The large auspicious cloud was unusually quiet at this time. Lin Hanxing, who was playing with the ball in his hand, glanced over it. Other than PU Weishi and long qingru, there was also an elegantly dressed middle-aged woman sitting there with a child beside her.

This ball was originally in the child's hands.

"Have a seat."

Long qingru's words were neither cold nor warm, but if one looked carefully, one would be able to see that she was forcing herself.

Bai Xi was very dissatisfied with the other party's attitude, but before he could say anything sarcastic, he was stopped by Lin Hanxing's look.

Lin Hanxing fiddled with the ball without saying a word.

However, the more she didn't speak, the greater the pressure she brought to others. In the quiet clouds of the Jinghua Palace, it was like a battlefield, and the child most sensitive to emotions was the first to feel fear.

He burst into tears.

Lin Hanxing laughed.

It was as bright as a summer flower.

It was so dazzling that the people on the other side were dazzled.

Her fair finger moved in the direction of the child, and a White Rose quietly appeared at her fingertips. The little boy who was crying in fear instantly stopped crying and stared at Lin Hanxing with widened eyes.

"Here, for you."

Lin Hanxing said coldly, then placed the White Rose on the table.

The moment he raised his head, he looked straight into Pu Wei's eyes, which had just experienced a great earthquake.

...

He remembered the White Rose in the car!

As expected, it was her!

Lin Hanxing slowly sat down, while Bai Xi and Jiang Xibao stood on both sides behind her, their eyes coldly sweeping across the opposite side.

"What do you want to talk about?"

She asked.

The people of the capital Palace knew the rules very well. When the order was not called, no one would disturb them, so at this time, the table was empty. It was a good place to talk, but ...

The atmosphere was not pleasant.

“If you leave, I’ll guarantee you a life of wealth and prosperity!”

Long qingru spoke first.

However, Lin Hanxing laughed as soon as he finished speaking.

“Glory, splendor, wealth, and rank?”

...

These four words were grinding back and forth between her lips and teeth. Just for these four words, how many lives had they harmed over the years?

They could not understand the blood and mud she had been through.

“Do you think I lack it?”

To Lin Hanxing, money was nothing more than the numbers that kept rolling in his bank account. The things that other people yearned for in their lifetime were easily grasped by Lin Hanxing at such a young age.

It was a simple question, but it made long qingru clench her fists.

Through Lin Hanxing, she seemed to see Bai Rou again. Many years ago, the mother and daughter had given her the same answer to the same question. It was really disgusting!

It made long qingru lose control of her expression for a moment.

miss Lin is young and promising. You indeed don’t lack these worldly possessions.

PU Weishi spoke for the first time tonight, the maturity of a middle-aged man spreading from his bones. He looked at Lin Hanxing like this, without a trace of the embarrassment he had just experienced today.

He was still the person in charge of the PU’s group.

“But in a place like Beijing, some problems can’t be solved with money!”

There was a faint threat in his words.

PU Weishi didn’t believe that his connections in the capital these years couldn’t compare to a little girl who had just landed.

“Mr. Pu, are you threatening my wife?”

As the door of Lucky Cloud was pushed open from the outside, Lei Xiao, who was dressed in a black suit, appeared in front of everyone. His deep and cold voice had a strong sense of intimidation, causing the few people inside to involuntarily tense up.

She subconsciously looked in his direction!

[Chapter 1687](#)

1687 Young and promising

Even though Thunder Valiant's nearly 1.9-meter tall body was restrained by his civilized attire, the coldness that seeped out of his bones was unparalleled by ordinary people. His natural power was like that of a God high above, making it impossible for anyone to disobey him.

He gestured to his subordinates behind him with his eyes, his thoughts as deep as the sea.

The door closed behind itself, returning the private sealed space.

Lei min walked towards Lin Hanxing expressionlessly and sat down beside her. His cold face looked particularly seductive under the light.

The two of them sat side by side.

Although it was a strong combination, neither of them overpowered the other. On the contrary, they complemented each other, making people instantly feel the chemical reaction between the two. In addition ...

The woman next to long qingru carefully sized up the two people in front of her.

Even the clothes they were wearing were in the matching colors of a couple, and they were showing off their love for each other.

"Mr. Ley ..."

PU Weishi wanted to say something, but the sudden ringing of a phone interrupted him. Lei Xiao looked at the caller ID and didn't avoid long qingru and PU Weishi on the other side, picking up the phone and putting it on speaker.

When the voice rang out, Pu Wei's face clearly became much uglier.

The other party was actually a Big Shot that he had never expected. Even in the past, when he saw him in private, he would have to smile obsequiously. But now, on the other end of the phone, to Lei Xiao, he treated him the same way he treated him.

From the beginning to the end, Lei Xiao's low voice did not fluctuate at all. After a few simple words, he hung up the phone.

However, the expressions of the few people opposite him changed.

Bai Xi and Jiang Xibao looked up at long qingru and the others and sneered. don't they like to use their power to suppress others? "

"What does Mr. Pu want to say?"

Lei Xiao casually placed the mobile phone he used for work to the side. With a click, it reverberated in the lake of hearts.

"Mr. Lei is young and promising. Even though you're in the capital, you still have a deep impression of the Lei group ..."

"No need for the formalities."

Lei Xiao said indifferently, successfully cutting off PU Weishi's words.

The scene was a little ugly.

Lin Hanxing pursed his lips and smiled. If she was talking about not giving face to others, if her ah Xiao dared to rank second, no one would dare to say they were first.

Lei Xiao reached out and pressed the service bell. Soon, someone came in with tea.

PU Weishi recognized the person who had brought the tea. It was one of the higher-ups on duty in the capital Palace today. Normally, even if the Emperor of heaven came, his eyes would not even blink. At this moment, he was unusually cautious and respectful as he served the tea.

There was no arrogance at all.

Lei Xiao took the teapot, poured a cup of tea, and pushed it to Lin Hanxing.

Only then did Lin Hanxing reach out his hand.

It was only then that long qingru realized that even though there was water in front of her, Lin Hanxing did not move from the moment he entered the room. Just like the two women who came with her, the two of them who had been in a state of vigilance had completely relaxed after Lei Xiao entered.

This was a state of complete trust.

Long qingru looked at the man and woman in front of her, her hands clenched under the table.

There was an inexplicable jealousy in her heart.

our Hanxing doesn't lack money. As for any problems other than money, I'll take care of them.

Said the Thunder valiant beast coldly.

One sentence easily shattered the sense of superiority in PU Weishi's bones.

He knew very well that with Lei Xiao's ability, this was definitely not empty talk. If the X group was a Dark Horse in the foreign market, then the Lei group's position in the country was not to be underestimated, even in the capital.

PU Weishi's temples throbbed, and he could no longer maintain a polite smile.

"Or does Mr. Pu really think that the rise of the PU's group all these years was based on your own power?"

Lei Xiao leaned his center of gravity against the back of the chair, his sculpted strong body exuding a sense of alienation, his eyes still filled with ridicule. He was about twenty years older than Pu Wei, but his presence was still a great deal above him.

"You ..."

Long qingru suddenly stood up and pointed at Lei Xiao, who had spoken rudely.

Ever since she was given the surname long, she had never been disgraced like today. Her chest heaved up and down as if she couldn't swallow this anger.

The teacup in Lin Hanxing's hand fell on the table.

A pair of cold and beautiful eyes fell on long qingru's outstretched fingers. Even though she didn't say anything, it was still chilling.

Long qingru put her hand down dejectedly.

For a moment, she felt that if she dared to go any further, Lin Hanxing would have cut off her finger.

"You don't look like your mother at all."

Long qingru said.

Lin Hanxing's beautiful face froze almost at the same time. Her eyes had always been cold and emotionless, but at that moment, long qingru really felt that she had just walked through the gates of hell.

"That's why I can sit across from you today."

Lin Hanxing replied.

"Alright, let's not beat around the bush."

As if he was at the bottom line of his impatience, Lin Hanxing was too lazy to even pretend.

"Between you and me, there are many lives. Things have come to a point where we can't rest until one of us is dead."

...

Long qingru gulped in panic when she heard Lin Hanxing say 'I won't stop until I die'. She subconsciously held her best friend's hand, her palm cold and wet with cold sweat.

"Whether it's you or Mr. Pu, the game had already begun the day I returned. You have Zhang Liang's brilliant plan, so I'll deal with it accordingly. Now, we'll rely on our own abilities, so no one can escape!"

A thin smile bloomed on Lin Hanxing's lips. In the eyes of the few people opposite him, they could all interpret the different feelings.

"Miss Lin, you're really determined to fight to the death ..."

Just as Pu Wei Shi finished speaking, a cold laugh came from Lei Xiao's side.

Under the table, Lei Xiao had already held his wife's hand in his palm. The next moment, his palm suddenly tightened, and the two of them stood up.

"Mr. Pu, you're wrong again ..."

When Lei Xiao looked down at Pu Wei who was trying his best to hide his true emotions, the power and aloofness that he usually hid in front of Lin Hanxing was like a large net at this moment, firmly trapping the people opposite him.

"It's not 'you', but 'you'!"

.....

At the same time, in another private room in the capital Palace.

...

A few well-known nouveau riches in the capital city had gathered here. There were both men and women, and long Xi 'er was the most eye-catching among them.

This was the place where she had been previously. It was also this group of people who had helped her celebrate her work being favored by Jennifer studio and that she was about to become her master. Who would have thought that in the blink of an eye, this would become a huge joke?

This group of people had already been having fun here for a day and two nights, and they had no idea what was happening in the outside world.

Shang Jun pushed the door open and entered.

"Guess who I saw?"

Shang Jun walked directly to long Xi 'er and sat down beside her. His expression made the others curious.

"Who is it?"

They all asked.

"It's up to you to say it or not!"

Long Xi 'er hated it when people kept her in suspense.

"That imposter,"

Shang Jun could clearly see that the imposter had only brought two women with him today!

Long Xi 'er suddenly straightened her body!

[Chapter 1688](#)

1688 The agreement between the clouds and water

"You're serious?"

Long Xi 'er's eyes lit up. She could no longer suppress the anger burning in her heart when she thought of the humiliation that the woman had inflicted on her! She had embarrassed her so much that anyone who disliked her in the past would use the incident with Jennifer to mock her.

"Of course it's true!"

Shang Jun took the opportunity to put his arm around long Xi 'er's shoulder and leaned over affectionately.

"I'll help you deal with her."

He lowered his voice and whispered.

"Don't mess around, this is the capital Palace."

Long Xi 'er was not brainless. Even if they were ranked in the capital's circle, they still had to behave themselves when they came to the Jinghua Palace, considering the strength of the boss behind the scenes.

No one dared to cause trouble in the capital. This was an unwritten tradition in the capital's circle!

"Don't worry, I know what I'm doing,"

Shang Jun laughed coldly.

.....

Bai Xi and Jiang Xibao were sent back by Lei Xiao's car.

In the private elevator.

Lei Xiao stood with his back to Lin Hanxing, the cold elevator wall reflected his cold face. At this time, his ears were slightly red as his wife played with his fingers behind him.

Ding.

The metal door opened to both sides.

This was a place that no one else in the capital Palace had ever dared to step into. The cold colors showed the owner's toughness and taste, and the exquisite design was unforgettable, but it was obvious that the owner did not come here often.

Lei Jing walked towards the bar counter in the room.

The clear floor-to-ceiling windows reflected the colorful lights, and an ice bucket filled with ice was quietly placed on the table. Lei Xiao was taking out wine from the wine cabinet, when the sound of ice hitting against each other came from behind him, causing him to pause.

He turned around and saw Lin Hanxing holding his chin with one hand and using an ice clip to throw the ice in the ice bucket into the Crystal Cup with the other.

There was a smile in his eyes.

Lei Xiao opened the bottle with one hand and poured the strong liquor into the cup. The liquor hit the ice and made a crackling sound.

He tugged at his tie leisurely.

Seeing Lei Xiao's expression, Lin Hanxing's interest was piqued. The second before he picked up his wine glass, he took a small sip, pulled his husband's tie, and kissed him.

The strong wine burned his lips.

It was dry and intoxicating.

"The taste is not bad."

Lin Hanxing touched his lips, his eyes were so watery that Lei Xiao wanted to ...

“Is it the taste of the wine or me?”

He asked in a hoarse voice.

“Can you guess?”

Lin Hanxing blinked innocently and turned into a cute little girl. She pretended not to see ah Xiao’s Adam’s apple bobbing up and down even more frequently, and before he reached for the glass, she took it first.

She liked to see him helpless but indulgent.

However, in the next second, Lei Chen came out from behind the bar counter. Before Lin Hanxing could react, he lifted her up on his shoulder and strode towards the lounge.

The room was filled with tenderness.

Two hours later.

The door of the lounge was pushed open from the inside. Lin Hanxing, who was wearing a black dress, brushed her slightly curly hair to the back of her head and opened a bottle of mineral water to drink. Lei Xiao, who was naked on the upper half of his body, quickly approached her.

“Ten O ‘clock, I’m going to the cloud and water room.”

Thunder owl didn’t say anything, but his eyes clearly showed his grievance.

Lin Hanxing glanced at the time on the wall, then turned around and gave Lei Xiao a comforting kiss.

Thunder valiant took the opportunity to deepen the kiss without a word.

There was another round of fun.

When the time was almost right, Lin Hanxing’s hands stopped when she was putting on her clothes. She had an evil thought and used her fingers to lift up Lei Xiao’s Black shirt and put it on, letting the familiar fresh scent Surround her.

Lin Hanxing’s skillful hands made the loose black shirt into a trendy boyfriend style. Her fair wrists and neck peeked out from the collar and sleeves, exuding a charming charm no matter how you looked at it.

The Thunder valiant beast hooked one arm around her waist and drew closer.

“Come back early.”

.....

After Lin Hanxing took the private elevator downstairs, the foreman who had led her to the first floor appeared quietly again.

It was the same smile as before. Lin Hanxing’s sudden change of clothes did not change his attitude at all. In fact, he was even more respectful.

“Miss Lin, the guest from drifting cloud has arrived.”

The head waiter said.

“Please send over a bowl of sweet porridge.”

...

Lin Hanxing suddenly thought of something and said before entering the door.

Ten O ‘clock sharp.

The door opened.

The layout of between clouds and water was obviously not as good as the previous one, but because it was near the mountain, there was a living water in the back mountain. In addition, there were geographical advantages, and it was surrounded by dense fog, which was in line with the concept of the name.

There was also a screen in the room.

The figure of the woman sitting in front of the table faded.

“Is it ... The ninth young lady?”

“Yes.”

Separated by the screen, the two fell into a brief silence.

Lin Hanxing was calm, but the people behind the screen were shocked. Perhaps they did not expect the legendary all-powerful ninth young lady to be so young? Or perhaps, he didn’t expect the voice to be so familiar, as if he had just heard it from somewhere ...

Heard of it?

...

The person behind the screen sucked in a cold breath and instantly recalled where he had heard that voice!

However, it was precisely because he thought of it that he became even more frightened.

As if sensing her fear, Lin Hanxing slowly walked out from behind the screen. The moment their eyes met, she easily caught the panic in his eyes.

Lin Hanxing’s lips curled into a smile and he pressed the service bell.

The head waiter soon appeared with a bowl of sweet porridge in his hand. The temperature was neither too hot nor too cold, just right for the mouth.

A sweet smell spread in the air.

“I didn’t eat much all night. Let the child have a sip ...”

Lin Hanxing said.

However, the woman's body trembled in panic, as if she didn't know how to face the current situation. Even her eyes began to flash, as if a great earthquake was going to happen in her pupils.

Opposite Lin Hanxing was the woman he had seen at six O'clock that night in the clouds.

Even her son was still there.

"Fuya."

She knew his name?

With a thump, Fu ya suddenly stood up and was about to leave the drifting cloud with her son in her arms.

I advise you to think about it carefully, because according to my principles, I will only give you this one chance.

Lin Hanxing did not stop him.

He slowly sat down in front of the table, a light in his eyes. He didn't even look at the woman, but the moment he finished speaking, there was a kind of Majesty unique to a superior that overflowed from his bones, and the atmosphere in the room immediately changed.

Fu ya turned around, a trace of darkness in her shrewd eyes.

She had spent so much effort and time to find 'ninth young lady'. Was she really going to fail at the last step?

"Do you know what kind of punishment will be imposed on those who impersonate the name of 'ninth young lady'?"

The ninth young lady had always been a terrifying existence at the border.

Fu ya looked at Lin Hanxing vigilantly and subconsciously hugged her son even tighter.

She was very scary.

Fuya had just experienced this feeling tonight, but it had only been a few hours, and she had to face it alone again.

As she thought about this, she felt cold sweat on her back when she met Lin Hanxing's eyes.

[Chapter 1689](#)

1689 Who fell into whose trap

Lin Hanxing smiled, the ridicule in his eyes clearly reflected in Fuya's eyes.

On the other hand, the strong little boy was happily eating the sweet porridge, not affected by the dark waves of the outside world at all. However, when Fu ya saw Lin Hanxing's eyes on her son, her hands couldn't help but tremble.

"He's very cute."

The simple words came from Lin Hanxing's mouth, making Fuya shudder.

She had a pair of eyes that seemed to be able to see through everything, making it so that secrets could not be hidden.

"Pu Wei having a son like this is beyond my expectations."

His words cleared the Thunder and made Fuya's head buzz. She felt that she couldn't breathe. She stood up suddenly, her whole body trembling. She was really afraid of Lin Hanxing.

How did she know?

How did she know?

Lin Hanxing didn't even look at Fu ya and only reached out to play with the child.

"You ..."

I don't know if it's because she's done too many evil things, but after giving birth to long Xi 'er, long qingru's body has been so empty that she can't give birth to another one even if she wanted to. However, she's jealous by nature and can't allow other women to appear by Pu Wei's side. I don't know how many she's quietly dealt with over the years ...

Fu ya's body was cold as she slowly sat down after hearing Lin Hanxing's words.

Lin Hanxing smiled and poured a cup of tea for Fuya, pushing it in front of her. The hot tea was white, and Fuya's expression was blurred.

"It's a pity that it's hard to guard against a thief."

"I'm not wrong!"

As soon as Lin Hanxing finished speaking, Fuya raised her head, her beautiful face full of resentment.

"Qing ru used her identity as a member of the long family, and even the child she gave birth to refused to bear Wei Shi's surname. Her methods are vicious and she's easily jealous. I understand Wei Shi the most these years. He ... He's the one who's the most bitter."

Lin Hanxing sneered in his heart when he heard Fu ya's sorrowful words.

Pu Wei Shi ku?

With the help of the long family, the PU clan had risen from a fifth-grade clan to a first-grade clan in a few short years. Other than the lack of heirs, the Pu Wei had no lack of money and fame.

It was just sweet talk to win the sympathy of women.

Lin Hanxing thought to himself, but he did not show it on his face.

Fuya, on the other hand, seemed to have opened up her Chatterbox. She vented all the grievances and bitterness she had suffered in the past few years. One sentence after another, all the words that women in the world hated the most.

"So, what do you want from me?"

Lin Hanxing was impatient and interrupted him.

Fu ya's voice stopped abruptly. She looked at Lin Hanxing in a daze, and the thoughts that had taken root in her heart for a long time were almost about to come out.

"I want to be able to openly stay by Wei Shi's side, to have my son's surname be PU."

Fu ya swallowed a few times before she carefully said this.

Lin Hanxing looked at her deeply.

"Regardless of the price?"

Lin Hanxing smiled and closed his eyes. His question was cold and indifferent, without any emotion.

Meeting her eyes, Fuya's lips trembled.

"Yes, regardless."

It was as if he had made up his mind and finally said this.

"Then you should know my rules."

Lin Hanxing leaned back on the sofa. A secret in exchange for a condition. This was an unshakeable rule.

Fu ya's expression became nervous again.

Even though the air conditioner was adjusted to 26 degrees all year round, it did not stop the cold sweat from rolling down her forehead.

Fu ya seemed to be making a difficult decision.

If the ninth young lady was not Lin Hanxing, he could have blurted out the words he was prepared to say. But now, because of the other party's identity, if he really said these things, would she ...

Would they vent their anger on him?

These were all unknown factors!

After a long while, Fuya seemed to have finally made up her mind.

" I have evidence that long qingru had sent someone to drug your father with a slow-acting drug, and ...
"

Fuya's eyes were filled with tears.

"Your mother, back then, she was also the one ... Who hired someone to kill her!"

The fear that had been hidden in her heart for many years finally came out at this moment. Fuya felt that a big stone had been lifted from her heart, and her conscience, which had been suppressed for a long time, was gradually warming up.

She had thought that the woman opposite her would fly into a rage.

The frozen air in the room also gave him a warning.

But ...

Silence.

It was deathly silent.

...

Fu ya boldly raised her head and glanced in Lin Hanxing's direction. However, one look made her heart jump.

At this moment, Lin Hanxing's face was blooming with a brilliant smile, even the corners of his eyes and the tip of his brows were dyed red. However, the smile did not show in his eyes at all. It only appeared on the surface, but it brought about a soul-stirring shock.

So, so terrifying!

The fear that Fu ya had managed to suppress with great difficulty once again spread.

"Continue,"

She spoke softly, her voice as heavy as gold.

"I have ... I have evidence."

As long as she could stand by Wei Shi's side with dignity, she didn't mind giving these life-saving things to the person in front of her. She had thought it through clearly. The only thing qingru could do as she pleased all these years was her identity as a member of the long family. As long as she was no longer a member of the long family, all problems could be solved.

"What else?"

Lin Hanxing glanced at Fuya's face coldly, and the glint and thoughts in her eyes could not be hidden.

"There's ... There's more?"

...

Fuya stammered as if her mouth had been burned, but she made a decision faster than her brain.

"Qing ru wanted to tamper with the DNA test!"

.....

The door to the top-floor lounge of the capital Palace was pushed open from the outside.

Lei Xiao, who was sitting in front of the bar, turned around. He was wearing another shirt with the collar wide open, revealing a large area of bronze skin.

He quickly noticed that something was wrong with Lin Hanxing.

It was as if there was a Black Flame burning around her, making the woman, who was like a spring Fairy before she left, look like a vengeful goddess. Even her eyes were occupied by thick black ash.

Lei Xiao did not say anything, he just reached out and pulled Lin Hanxing into his arms.

“What’s wrong?”

It seemed that the conversation between water and cloud wasn’t very pleasant.

A trace of fierceness flashed across the depths of Thunder valiant beast’s deep eyes, hiding his danger.

“We’ll talk about it at home.”

Surrounded by the refreshing scent of a man, Lin Hanxing seemed to have come back to life. The strong emotions on her body gradually dissipated, but her eyes were still cold.

Lei Xiao did not ask any more questions and walked towards the door with her in his arms.

The black business car was already waiting at the entrance of the capital Palace. When the two of them got in the car, they drove toward the gate. However, just as they left the gate, a luxury car suddenly cut across and stopped in front of their car.

The sound of an emergency brake suddenly rang out!

The driver slammed on the brakes to stop the car. He didn’t crash into the car directly and cause more serious consequences.

“Mr. Ley ...”

Through the front windshield, a few burly men could be seen jumping down from the car opposite with iron rods in their hands. It was obvious that they had come with ill intentions and were aggressive.

1690 beating

No one spoke in the back seat of the dark car.

The driver-cum-bodyguard looked back through the rearview mirror and happened to meet Lin Hanxing’s deep, ice-cold eyes. The frost covered his delicate little face and even though he was a man, he could not help but have goosebumps.

“This is the car!”

The burly man dragged the iron rod and made a creaking sound on the ground. He quickly arrived at the car.

The leader knocked on the car window with a latte. The window slowly slid into the car, revealing the faces of two people in the back seat.

The other party was stunned.

He didn’t expect the other party to really have the guts to roll down the window.

At first, she was dazzled by the looks of the two people in front of her, but then she reacted belatedly. The employer clearly said that it was a woman, so why was there a man?

One more person, you have to pay more!

“Is there something?”

Lin Hanxing said softly. There was no emotion on his expressionless face. He was cold and calm.

“Don’t you know what kind of trouble you’ve caused?”

Looking at this beautiful face, the leader’s mouth almost drooled. The evil thoughts in his heart had just moved, but his entire person was suppressed by the overwhelming pressure, and he couldn’t help but suffocate.

“Motherf * cker, get down here!”

The rest of the big men hit the car engine with iron rods, making a loud noise, causing the driver to grip the steering wheel tightly. No one had ever dared to court death like this. It was really like you didn’t take the road to heaven, but you barged into hell!

“Have you thought clearly before you do anything?”

The noise outside did not affect the cold atmosphere in the car at all. Lei Xiao’s cold eyes looked past Lin Hanxing’s shoulder and landed outside the window.

“Boss, don’t talk nonsense with them. Smash!”

The leader of the men behind him began to encourage them. After all, they would get 500000 Yuan if they completed this job. It was just destroying a car. It was not like they had never done this before, but when had they ever received such a generous reward?

Five hundred thousand!

He could get 500000 Yuan just by smashing a car. He was happy to do it every day!

“Do it!”

After a moment’s silence, the leader of the group, who had not slept for a long time, motioned for his underlings to take action. Don’t blame him for not knowing how to be tender to a woman. Who asked this woman to provoke the wrong person!

The moment he said those two words, the boss saw the woman in the car smile with his own eyes.

It was like a flower blooming in the summer night, confusing and creepy.

What was she laughing at?

Not far away, Shang Jun and the rest sat in the car and admired this scene, a smug smile on their faces. He didn’t believe that they couldn’t help Xi ‘er vent her anger today. That troublesome imposter should be taught a lesson!

“Xi ‘er, don’t worry. These people are all professionals!”

Shang Jun raised his eyebrows, his voice proud.

Tonight would definitely be engraved in the imposter’s heart!

The other officers sitting in the carriage could not help but join in the fun and cheer. They also wanted to see how the rumored woman would be so scared that she would wet her pants and come out of the carriage to beg for mercy.

At the thought of this, a few of them took out their phones and switched to video mode, ready to record this exciting moment.

“Eh? That woman is getting out of the car!”

Someone suddenly shouted.

Was she crazy?

Wouldn't getting out of the car at this time mean that he would be beaten up?

On the other side of the car, Lei Xiao, who was only wearing a dark-colored shirt, also got out of the car.

Because of the appearance of the two, the thugs who were smashing the cars stopped their actions involuntarily.

“It's young master Lei?”

The man who had been sitting relaxed beside Shang Jun suddenly stood up, looking at Lei Xiao's face in shock. This unexpected interlude was naturally not part of Shang Jun's plan, he did not even know why Lin Hanxing's car, which was supposed to be alone, had another person in it.

“How about, how about we just forget it!”

There was a brief silence in the carriage due to the Thunder valiant beast's appearance.

Lei Xiao's name was well-known even in the circle of rich and powerful people in the capital. If they could avoid provoking him, they would. No one really wanted to find trouble for themselves.

No one spoke.

On the other side, Lin Hanxing got out of the car without saying a word. She raised her hand and casually combed her long hair behind her head. She lifted her leg expressionlessly and kicked the chest of the person opposite her. Her jeans were stretched into a line with her, and her entire movement was as smooth as flowing water.

The man who was kicked drew a parabola in the air. With a loud thud, even the onlookers could hear the pain. The iron bar in the man's hand was caught by Lin Hanxing in the next second.

“.....”

“.....”

“.....”

This scene not only shocked the group of gangsters who were looking for trouble, but also shocked the other rich young masters in the car not far away.

Lin Hanxing clenched the iron rod in her hand and her neck swayed a little, but her eyes were still fixed on the people in front of her. She was already in a bad mood and there was not even a smile on her face.

The driver also rolled up his sleeves and got out of the car.

“Are you ready?”

...

Lin Hanxing’s lips suddenly twitched and he said coldly.

There was a thud.

The few people on the other side felt an instinctive fear!

.....

There were wails.

The hooligans who had been looking for trouble were all lying on the ground, crying for their parents. Some were hugging their arms, some were hugging their legs, but they couldn’t hug any part of the body. The injured parts were all so soft that they couldn’t move.

After stretching, Lin Hanxing used the metal rod to support himself on the ground. He was in a better mood than before he got off the car.

The chauffeur took a step back subconsciously. The madam had not allowed him to do anything the entire time.

Each fatal move was swift and fierce, and they were even more well-trained than this group of people.

“Who asked you to come?”

When the sinister voice came out of her mouth, the hooligan who was lying on the ground in a terrible state widened his eyes in horror. He had not recovered from the fear just now.

...

Lin Hanxing frowned impatiently. He exerted a little force on his wrist and placed the iron rod on the leader’s neck.

The cold touch almost made the other party cry.

“It’s ... Mr ... Mr. Shang!”

Now that things had come to this, he had no choice but to sell out his employer. Usually, it was Shang Jun that brat who paid the money, and he would step forward to solve the problem. After all, Shang Jun had the entire Shang family behind him. Who would have thought that he would kick into a big iron plate this time?

The people inside the capital Palace had obviously received the news as well. Black business cars drove out from inside and stopped near Lei Xiao.

The headlights of the cars lit up.

It was as if it wanted to light up the dark night into day, and the silence gave people an indescribable fear.

“Shang?”

Lin Hanxing repeated the name a few times and sneered. He reached out and pressed the iron rod against the man’s neck again.

“Give him a call.”

“Now ... Now?”

The leader’s lips trembled as he asked. Lin Hanxing raised an eyebrow and the leader was so frightened that he quickly took out his phone and dialed the other party’s number.

The melodious sound of a mobile phone ringing suddenly rang.

Even though there was still some distance between them, Lin Hanxing and Lei Xiao could still hear it.

It was not far away!
