

## **Goodnight 1691**

### [Chapter 1691](#)

1691 wild

Lin Hanxing locked onto the source of the voice.

Shang Jun immediately turned off his phone, but it was too late.

The car was dead silent.

From the moment the black business cars drove out of the capital Palace, this group of wastrels had already sensed that the situation was not right.

“F \* ck!”

Through the car window, Shang Jun’s heart still trembled despite knowing that Lin Hanxing could not see him with the heat-resistant film.

this Lin xiaojiu is just too strange!

The woman beside long Xi ‘er rubbed her arms. Even though they were still a long distance away, she could not help but feel goosebumps on her arms. She prayed that Lin xiaojiu would not come over.

But obviously, the heavens did not hear his prayers.

Lin Hanxing slowly walked towards the car that was parked in the dark.

The iron rod in her hand fell to the ground naturally, making an ear-piercing metal friction sound as she walked.

She did not know when the band had come off, but her slightly curly long hair swayed behind her as she walked.

Every step she took was like a drum in the hearts of these fops.

The night wind was cold and it ruffled Lin Hanxing’s hair. The car lights that turned the night into day elongated her figure.

Very quickly, Lin Hanxing stood beside Shang Jun’s car.

Knock Knock ...

She raised the iron bar in her hand and knocked on the car window without saying a word.

No one responded.

Lin Hanxing’s Black eyes stared coldly into the car. The car was filled with people, but no one dared to make a sound.

“Ha, I’ll see what she can do to me!”

Shang Jun laughed coldly, his mouth stubborn.

However, what happened next was beyond everyone's expectations.

Lin Hanxing went from the door to the front windshield, not leaving any buffer space for the people in the car. He raised his hand, picked up the iron bar, and smashed it in front of Shang Jun's car. With a loud bang, the front engine immediately made a big hole.

Even the body of the car shook violently!

He was too wild!

This bunch of wastrels in the capital had never seen such a fierce woman before!

Lin Hanxing's delicate little face was expressionless under the car's headlights, but a cold aura spread from his bones. After the hood of the car fell, it was the front windshield's turn to suffer.

In just a few hits, the windshield had already cracked.

Even though they were separated by the car, Lin Hanxing could still hear the screams of the group of nouveau riches, but she turned a deaf ear and continued to move her hands, her eyes fixed on her prey like a Wolf.

No one stepped forward.

Lei Xiao looked at Han Xing, who was once again enveloped by the blazing black flames, and knew that something unknown must have happened in the floating clouds and water World Tonight. This group of people had really touched her bad luck.

There was a crash.

Shang Jun's front windshield finally couldn't withstand the violent treatment and completely shattered into pieces!

"We finally meet."

Lin Hanxing looked at the few people in the car, the corners of his lips lifted into a smile.

The cool wind blew her long hair behind her back. Her proud beauty was like a death warrant at this time, making everyone in the car feel danger.

"This, this is the capital Palace, you ..."

"Do you think I'll be afraid?"

Lin Hanxing and Shang Jun looked at each other. This was their first meeting, and he was as stupid as she had imagined.

"Do you want me to help you?"

She raised her wrist, the iron rod in her hand held in mid-air, and rushed towards Shang Jun.

No one answered.

Shang Jun's hands gripped the steering wheel tightly. He wanted to step on the accelerator and kill Lin Hanxing, who had embarrassed him today, on the spot. However, he did not dare to. He regretted even more in his heart why he had caused trouble in front of the Jinghua Palace.

"Three ..."

Lin Hanxing's lips parted.

"Two ..."

His eyes were cold.

Before the word 'one' left his mouth, the door that was originally closed was opened from the inside. Shang Jun jumped out of the driver's seat arrogantly, obviously not thinking that Lin Hanxing would dare to do anything to him.

"I advise you not to be so arrogant since you've just arrived in Beijing!"

Realizing that his goddess was still sitting in the car, Shang Jun adjusted his collar and pretended to be cool.

Lin Hanxing's gaze fell on Shang Jun's face.

She seemed to be able to find traces of Zhao Dongyang, who she had met in Jiang city, on this young man. The man who tried to cause trouble for her for Han Mingmei and almost got the entire Zhao family involved.

"Then I'll give you a piece of advice ..."

...

Lin Hanxing said coldly as he approached Shang Jun.

"Before helping others, you should consider your own status!"

The indifference and disdain in his words made Shang Jun, who was usually proud of his identity as a member of the Shang family, fly into a rage. However, before he could flare up, Lin Hanxing had already taken the first step to stand in front of him. A muffled sound was heard, and before Shang Jun could feel anything, the intense pain from his knee had already caused the tall man to instantly bend down by half a step!

"Ah ..."

The shrill screams made the other nouveau riches in the car shiver.

Lin Hanxing did not even look at the others, his eyes fixed on Shang Jun's face. Seeing the money-squandering look on his face, he must have been in the capital Palace for more than a day, otherwise how could he not have known about elder Shang's critical condition?

The rod in his hand seemed to have a life of its own, following Shang Jun wherever he went. However, Lin Hanxing controlled his strength well, no longer using the strength that could break a front windshield, but even so, Shang Jun still suffered.

When had Shang Jun, who had been praised to the point of forgetting himself in the past, ever received such treatment?

last night, elder Shang was critically ill three times by the medical team. You only know how to hide here and have fun and cause trouble!

Hearing Lin Hanxing's words, Shang Jun, who was in unbearable pain, suddenly raised his head. What did he just hear?

Grandfather is in critical condition?

...

Last night, after he had a big fight at home, he had called people to come to the capital Palace and blocked all his family members' numbers. He had never expected such a thing to happen.

"What happened to my grandfather?"

Shang Jun's eyes reddened, and he no longer cared about his sorry state, his eyes filled with panic.

Not far away, Lei Xiao gestured in the direction of the black commercial vehicle that was driving out of the Jinghua Palace. People dressed like bodyguards got off in unison and walked towards the people in Shang Jun's car.

After a while, the group of men and women were tied up and thrown to the side.

Lin xiaojiu, you can't do this to me!

Long Xi 'er was about to go crazy. She had never suffered such a loss before. She was thrown on the side of the road like garbage. She had lost all her face!

Lei Xiao's deep eyes fell on long Xi 'er's face without any warmth.

With just a glance, it made people shut up.

"I've thrown it away."

With a simple word, this group of men and women who were used to the lives of young masters and young mistresses were picked up by the people of the capital Palace like little chicks. The so-called "thrown" naturally meant that they were thrown into the desolate suburbs and left to fend for themselves.

"If you have anything to say, come at me! It had nothing to do with Xi 'er! I'm the one who's looking for trouble with you!"

Shang Jun's eyes reddened with shock as he watched long Xi 'er being dragged away.

"Shut up!"

Lin Hanxing said in a deep voice as he took out his phone and dialed Shang yanyong's number.

## [Chapter 1692](#)

1692 This was the first time

Shang yanyong, who had received the call, quickly drove to the capital Palace.

Shang Jun's parents came with him. When they saw their son's condition, Shang Jun's mother burst into tears the moment they got out of the car.

"Ah Jun!"

She was about to rush over.

However, before he could get close, he was blocked by someone.

Lin Hanxing was sitting not far away. Behind her, she was illuminated by the headlights of the business cars from the capital Palace. The dust in the air was like particles that could not hide from the light, floating in all directions and covering her with a beautiful layer of light.

"What do you want to do?"

Looking at Lin Hanxing, Shang Jun's mother, who was eager to protect her son, was furious.

Lin Hanxing moved his feet, and Shang Jun, who was tied up like a dumpling under her feet, groaned in pain. He wanted to die like this, better than losing face in front of his family.

Shang yanyong stopped his impulsive brother.

He had a better view of the big picture than them. From the moment he got off the carriage, he had sensed that something was wrong with the situation in the capital Palace.

The capital Palace was a place that even he didn't dare to cause trouble. Lin Hanxing had created such a big scene at the entrance, but it didn't alert anyone inside to come out and stop her. Not only did they not stop her, but looking at the cars parked behind her, they were clearly from the capital Palace.

Realizing this, Shang Yan Yong's heart skipped a beat!

"Mr. Shang, Hanxing and I came out of the capital Palace today, but we were attacked by a group of unknown people ..."

Lei Xiao's eyes indicated to the Mercedes Benz Maybach S600 that was parked not far away. With just a few words, it was enough to send a chill down Shang Yan Yong's spine. What kind of vengeful characters did the couple in front of him have? after an entire day of investigation, what else did he not understand?

Why would Shang Jun provoke them for no reason?

He was simply courting death!

"That's impossible! Our ah Jun is very obedient!"

Shang Jun's mother subconsciously defended him.

Lin Hanxing's lips curled up when he heard this. Not only was he not smiling, but there was also a murderous aura in the air.

She didn't say anything.

However, the pressure of the aura was so great that it made it hard for them to breathe.

"I'm tired."

The meaning behind these three simple words was shocking.

She was tired, so she had to end the battle quickly.

Lin Hanxing stood up, but it made the person from the Shang family take a few steps back subconsciously. He only stopped when Lin Hanxing's gaze swept over him.

"I've always been a fair person. Since you've provoked me, you must pay the price."

She said.

The price?

These words caused Shang Yan Yong to subconsciously look at his nephew on the ground.

"I broke one of his legs to end today's matter."

Lin Hanxing said in a light tone.

Telling Shang Jun to stay at home was better than telling him to go out and cause trouble. It might not be a bad thing for the Shang family now.

"Leg ..."

Shang Jun's mother gasped when she heard that. If it wasn't for her husband, she would have fainted.

"But the next time, it won't be so simple."

Lin Hanxing looked at Shang yanyong, warning him.

"This is the first time."

.....

There was no wall in the world that did not have ventilation.

On the second day, the incident in the capital Palace had spread throughout the entire capital.

The news of Shang Jun's broken leg by Lin Hanxing was like a wildfire in the Prairie, not to mention that so many young masters and socialites had been thrown into the wilderness. When their own families found the information, they were all frightened like quails, terrified and panicked.

Lin Hanxing's name had become a household name overnight!

Lin Hanxing ignored all the discussions about him, or rather, he was too busy to care.

In the morning, a car with a special license plate stopped at the entrance of the courtyard house to pick her up. As soon as she got into the car, the person beside her gestured for her to cover her eyes with a black cloth for the sake of confidentiality.

The car drove for about an hour and a half before they finally arrived at their destination.

Lin Hanxing, who took the opportunity to catch up on his sleep, got out of the car and quickly entered the place that many people could not reach in their entire lives.

This time, Lin Hanxing was here to sign the authorization document for Zhu chengdi's laboratory. As the contents of the document were confidential, they could only compromise in this way.

The person who came to pick Lin Hanxing up was the same middle-aged man in a special uniform who had brought Zhu chengdi to the airport last time. His tough appearance and upright aura made him look more serious and steady than people his age.

"Miss Lin, this way please."

Soon, the two of them entered a meeting room.

the seven documents are all here. Miss Lin, you can leave after you've verified and signed them.

The other party said.

...

Lin Hanxing sat down with a faint smile. Even in such a special environment, he still looked calm and composed.

"What's your name?"

She asked.

"Sun."

The other party replied cautiously.

"Mr. Sun, let's sit down and talk."

Lin Hanxing pressed on the authorization Agreement with one hand and looked at the other party calmly.

The moment Lin Hanxing finished speaking, the other party's expression became serious. His scrutinizing eyes scanned her face back and forth, as if he was trying to figure out the meaning behind her words.

"This is not the place to negotiate!"

"How would you know if you don't talk?"

Lin Hanxing said calmly, not intimidated by the other party's unfriendly tone.

...

The middle-aged man's eyes were already very unfriendly.

In fact, he had heard a lot of rumors about this woman in the capital these days, but he did not comment on it. He just did not expect her to take advantage of such an important national event. It was simply ...

Rotten wood can not be carved!

The middle-aged man pulled out a chair and sat opposite Lin Hanxing.

“Talk about what?”

“Modify the content of the agreement.”

Lin Hanxing’s answer was also very direct.

“How do you want to modify it?”

The middle-aged man sneered and asked sarcastically.

all the authorization will be changed from paid to free.

As soon as Lin Hanxing finished speaking, a loud bang was heard from the opposite side. The middle-aged man stood up abruptly, his face still in shock. The guard who heard the noise outside pushed the door open and entered, staring at the two people in the room.

“All of you, get out.”

After a long while, the middle-aged man regained his senses and suppressed the wild joy in his heart as he spoke in a deep voice.

The room quickly returned to silence.

“Do you know what you’re saying?”

He bent over and straightened the chair that had been knocked over in shock, and confirmed it again.

“I’ll change it from paid to free.”

Lin Hanxing gave an affirmative answer.

With a loud bang, the middle-aged man’s attitude changed completely after receiving a definite answer. Even the hostility from before had completely disappeared, but ...

“Do you know what you’re saying? Do you know how much this is ...”

“I know,”

Lin Hanxing interrupted him before he could finish.

“I’m not short of money, neither is Zhu chengdi.”

Lin Hanxing had already called Zhu chengdi before she came. The latter naturally gave her full authority to handle everything, just like before, trusting her unconditionally.

“Then what do you lack?”

The middle-aged man narrowed his eyes when he realized that he had grasped the main point.

[Chapter 1693](#)

1693 The layout

If she made some unrealistic and bold requests, how would he deal with them?

“Do you know about the matter between me and the long family?”

Lin Hanxing’s cold question made the middle-aged man across from him look a little embarrassed. This was no secret in the capital’s circle, but because it involved the old long family, almost no one dared to say it out loud.

“I know a little.”

Lin Hanxing continued to speak when he saw the other party’s awkward expression.

“If I want to return to the long family, I’ll have to go through a DNA test ...”

“If you don’t have the long family’s bloodline, we can’t just make up evidence to prove that you do! Moreover ... Miss Lin should know that everything that happens in this room is being monitored!”

Without waiting for Lin Hanxing to finish, the middle-aged man, who thought he had understood what she was trying to say, immediately rejected her. His righteous attitude stunned Lin Hanxing at first, but then he smiled and leaned back in his chair.

“You’re mistaken.”

Lin Hanxing’s smile was like a spring breeze that made one’s fingertips feel warm.

I’m very confident in my identity, but I don’t trust anyone else.

Her words were half-finished. As for who the ‘others’ were, as long as one knew a little about the inside story, they would probably be able to guess it. However, no one dared to say this out loud, not even the middle-aged man opposite her.

so, I’ll use all the proceeds of the authorization to discuss a condition. And that condition is that you will come forward and appoint the most authoritative organization and the most authoritative expert to do the most authoritative appraisal for me, so that no one will be able to find any doubts.

Were these all the conditions she had proposed?

The middle-aged man was surprised.

It felt as if they had already prepared to travel 25000 li, but in the end, they only needed to cross a small stream. The most authoritative ... Was there anyone more authoritative than them?

To them, this was definitely a matter of great benefit!

What was there to consider in exchange for seven independent authorizations?

“I have to report this to my superior.”

Even though the middle-aged man’s heart was already swelling with ecstasy, he still had to go through the basic procedures. He suddenly got up and walked towards the door. Just as he was about to reach the door, he seemed to have thought of something and turned around.

“I’ll give you a reply in half an hour at most.”

After that, he went out.

Lin Hanxing sat in the same place, spinning the pen in his hand in a fancy way. His long eyelashes were slightly closed, and he closed his eyes to make deductions in his mind.

While the others were only taking one step at a time, she had already learned to look at the overall situation, and then learn to take one step at a time, and at the same time figure out the enemy's tactics, filtering all the possible problems that the other party might have in her mind.

Time passed by.

The original half an hour became 40 minutes, and then it became an hour and 40 minutes. Finally, the door was pushed open from the outside.

It was still the same middle-aged man from before, but the difference was that there was an old man beside him.

Lin Hanxing glanced at the epaulet on the other party's uniform.

Well, even if all the people here were added together, they would not be as distinguished as this person in front of him.

"Miss Lin."

The white-haired old man extended his hand towards her. Lin Hanxing stood up and returned the handshake. Just as she was about to let go, the old man suddenly exerted more force, as if he was trying to test her strength. If she was an ordinary girl, she would have cried for her parents.

However, Lin Hanxing's expression did not change. Instead, he pushed the elder down.

"Hello," he said.

The elder's eyes were filled with admiration.

it's not convenient for me to reveal my identity to outsiders. I'm here personally to give miss Lin a definite answer. Although we can't interfere too much in old Long's family matters, we'll naturally support miss Lin's wishes after consideration and approval from the higher-ups!

"Thank you," he said.

Lin Hanxing smiled slightly. This was within her expectations.

I've already informed the old dragon about this. Don't worry, at least we can guarantee that there won't be any mistakes in the test results.

Lin Hanxing's smile deepened.

But half an hour ago, long qingru, who was on Mount Jade Dragon, was not so comfortable.

This morning, someone had called her and told her what had happened in the Jinghua Palace last night. At first, long qingru's heart skipped a beat. She thought that someone had found out about their private meeting with Lin xiaojiu, but after listening carefully, she was so angry that she hung up the phone and smashed a few vases in her house.

Had Lin xiaojiu gone crazy?

Why did she go and provoke those rich Playboys?

Although these people were ignorant and only knew how to stir up trouble, which one of them wasn't their own treasure? who could bear to be provoked by others? Not to mention that he had tied them up in the middle of the night and thrown them into the wilderness. This had really offended all these big families!

Phone call after phone call came to her. Long qingru wanted to yell at them and tell them to get even with Lin xiaojiu. Why did they come to her?

But she couldn't.

Long Qing immediately felt that something was not right.

She, Wei Shi, and Lin Hanxing had agreed to meet at 6:30 pm, so the unpleasant conversation only lasted for an hour ...

But from what those people said, it was already midnight when the incident happened at the entrance of the capital Palace!

Had that woman met someone else in the capital's Palace? Otherwise, why would someone who had clearly left a long time ago only leave the capital Palace in the middle of the night, and then cause such a scandal?

These were all unknown factors!

Before long qingru could figure it out, a bolt from the blue struck her, catching her off guard.

Her daughter, long Xi 'er, was also one of the popinjays who had been taught a lesson.

...

Long qingru exploded the moment she arrived at the hospital.

Her good daughter had driven up Jade Dragon Mountain with a single step on the accelerator. How could long qingru not complain to the old master after causing such a big incident? moreover, Xi 'er had suffered such a great grievance. How could she, as a mother, tolerate this?

However, as soon as long qingru arrived at Jade Dragon Mountain, she saw the green Jeep with a special license plate parked in the courtyard.

It was obvious that it was a car from a confidential unit.

She often saw it when she was young.

Long qingru's heart began to beat wildly, as if someone had put a flustered rabbit in it.

What were these people doing at Jade Dragon Mountain at this time?

Long qingru tried to walk in. The guards at the door didn't stop her, which made her feel relieved. But when she entered the door, she happened to hear a word, which made her heart skip a beat!

A DNA test!

It was about Lin xiaojiu's DNA!

Long qingru took a few quick steps forward and soon saw the elder who spoke.

...

His heart was palpitating.

"Qing ru is here."

The other party looked at her and smiled kindly, but that was all.

"I have something to do. Since you and I are both here, let's settle it!"

#### [Chapter 1694](#)

##### 1694 Clamoring (part one)

As soon as Lin Hanxing left the confidential unit, a piece of explosive news exploded in Beijing, even overshadowing the fact that Lin Hanxing had offended all the big families in the morning.

The long family's DNA test, which everyone was paying attention to, would be carried out by the government!

The news was like a wildfire, shocking everyone.

This was a big deal!

Just what did Lin xiaojiu do to alarm the higher-ups?

At this time, PU Weishi, who was in the old estate of the PU family, had also just received the news. He, who had prepared everything and was only lacking the last thing, was instantly thrown into chaos by this sudden news. How could this be?

He subconsciously called long qingru, but the call was cut off after ringing for a while. Obviously, it was not convenient to answer.

PU Weishi's face was very unsightly.

The PU family did not care about his expression.

"Wei Shi, when are you going to acknowledge Fuya's son?"

The old lady missed her grandson very much and had been urging him for a long time!

that's right. She's already given birth to a son. What can qingru do? "

Beside him, PU Weishi's sister also chimed in, making PU Weishi even more annoyed.

"Have you forgotten how much you've taken advantage of me using your sister-in-law's name?"

PU Weishi looked coldly at his sister.

"That was then and this is now. Everyone out there is saying that sister-in-law is an imposter who was adopted. Now that the real person has returned home, where is her position? In the past, I didn't want to bring little Taotao back because I was in the way of the long family, but now, sister-in-law can't even take care of herself ..."

Before she could finish her sentence, a teacup filled with anger exploded on the wall behind her.

ah! the other party was so scared that he didn't dare to say another word.

"Will you kick me aside one day when I no longer have any value as your brother?"

PU Weishi said darkly.

No one dared to make a sound.

PU Weishi turned around and left. He drove to the company and smoked a whole pack of cigarettes.

Until someone knocked on the door.

"Enter."

It was his long-time friend and business partner, Li Lin.

"The Shang clan's old master has really been rescued?"

Seeing PU Weishi nod his head, Li Lin gritted his teeth in anger. Why didn't he just die? that way, the project would have fallen into their hands. They were so close.

"It's Lin xiaojiu's doing."

Thinking of the news that long qingru had brought back to him, PU Weishi couldn't understand what she had done to bring back spring.

"F \* ck her mother! This Lin xiaojiu is really strange!"

Li Lin cursed.

"What are you going to do about the appraisal?"

Now, everyone in the Beijing circle knew that the DNA test would be carried out by the country. Their previous idea of tampering with it was absolutely impossible to be realized. This kind of change was really unexpected.

"What can I do?"

Just as his good friend had said, this Lin xiaojiu was really F \* cking evil!

She could always be one step ahead of him.

in the morning, a car from a secret agency picked up Lin xiaojiu from the courtyard house she lived in. The news of the DNA test was released in the afternoon. Do you think there's any connection between these two? "

From the first day Lin xiaojiu had moved in, Li Lin had sent people to monitor her.

“How did she get involved with the confidential unit ...”

As he said this, PU Weishi suddenly thought of Zhu chengdi, the so-called “light of China”!

Thinking back to the information he had gathered on Lin Hanxing, Pu Wei had a bad feeling. He had a feeling that Lin Hanxing was playing a big game of chess, but he didn’t have a clue.

“Do you have any news about the matter at the capital Palace?”

PU Weishi temporarily suppressed the panic in his heart and asked Li Lin about another matter.

When he found out that Lin xiaojiu had taught those popinjays a lesson, he had noticed the time difference. If he didn’t figure out who Lin xiaojiu had met with after meeting them, it would leave behind some problems.

“That’s the capital Palace ...”

Li Lin smiled in embarrassment, implying that he had not found anything.

PU Weishi did not speak for a long time.

The two of them smoked in silence.

“Get your men back.”

As if thinking of something, PU Weishi suddenly opened his mouth and flicked the ash in his hand.

“Ah?”

Li Lin didn’t react in time.

monitor Lin xiaojiu and his men.

...

Li Lin still couldn’t react.

“There’s a confidential unit here, and your people still dare to follow?”

After PU Weishi’s reminder, Li Lin suddenly reacted and hurriedly called his people, but the phone could not be reached.

“There won’t be ... Any problems, right?”

Li Lin was a little scared.

PU Weishi’s heart skipped a beat when he heard that the call wouldn’t go through, but he didn’t say anything.

The internal telephone rang urgently.

Pu Wei Shi frowned and pressed the speaker.

“President PU, someone’s ...”

It was noisy on the other end of the phone. Before the other party could finish speaking, the door of the president's office was pushed open from the outside without any courtesy.

"Who ..."

...

Before Pu Wei's anger could be released, he looked up and saw several dignified men in uniform appear. The one in the lead was holding a stamped official document.

"Mr. Pu, please come with us with Mr. Li and you."

The circle of nobility in the capital was spread all over, and people like PU Weishi and Li Lin naturally knew each other. But PU Weishi had never thought that one day, he would be invited back in such a way!

"Is there a misunderstanding?"

PU Weishi hurriedly stood up. He didn't dare to act arrogantly in front of these people from the secret unit.

After all, the entire family of the last person who had done so was still under investigation.

I think Mr. Li knows very well what he has done. As for Mr. Pu, after we have investigated clearly, we will naturally clear your name!

The meaning behind his words was obvious-they could not settle this privately.

What else was there to explain?

Let's go.

Just like that, the news that PU Weishi and his good brother Li Lin had been taken away from the PU's group by the confidential unit spread like wildfire. When this news reached Lin Hanxing's ears, she had already returned to the courtyard and opened one of the locked doors.

The lighting in the specially decorated room was very good, and two eternal lamps were placed there.

Lin Hanxing walked to the front of the table, closed his eyes and put his hands together. His soft and slightly curled long hair fell on both sides of his body, his fair skin was as clear as Jade, and his long eyelashes cast a shadow under his eyes.

The capital was the last stop of her revenge plan.

She would also be here to draw a perfect base for everything.

Opening his eyes, Lin Hanxing raised his hand and added some lamp oil to the eternal flame. A few simple movements made the flame even brighter.

But ...

Brother Yingluo, I'll take you home ...

An image flashed past her eyes along with the fire.

His hands suddenly stopped.

The sudden ringing of his phone broke the silence. Lin Hanxing's eyes were cold and deep as he picked up the phone ...

#### [Chapter 1695](#)

1695 Even if there is, it doesn't matter

A black luxury business car slowly drove into the area of Jade Dragon Mountain and was allowed to pass after a routine inspection.

In the car.

The Holy hand, who had just landed in the capital, was still holding a lollipop in his mouth. He was carrying his ancestral medicine box and looking curiously through the window.

"I'll send you to Shang clan first, wait for me there."

There were still two boxes of old-fashioned pastries on Lin Hanxing's knees. They had just come out of the oven and were giving off a sweet fragrance. She sat upright, but sacred hands could sense that she was plotting something from her actions. He just did not know who was so unlucky.

The driver continued to drive forward.

I taught a lesson to the juniors of Shang clan last night. If someone wants to humiliate you later, don't hold back.

The Shang clan was right in front of them.

I, holy hands, will not suffer any losses no matter what I eat. Don't worry!

The chauffeur stopped the car right in front of Shang yanyong, who had come out to welcome them. The door opened, and both sacred hands and Lin Hanxing got out at the same time.

"Miss Lin."

Shang Yan Yong rarely used such a respectful tone to treat a junior, but after the series of events from last night and today, the last trace of nonchalance in his heart had completely disappeared.

"If you need any help, just let me know."

PU Weishi and Li Lin had just been taken away by the secret department, and the old lady of the PU family had arrived. The crying could be heard from far away. Although elder long was dignified, he could not hold back the crying of an old lady of the same age as him.

Lin Hanxing chuckled but did not say anything.

Seeing her like this, Shang Yan Yong was more or less confident that he didn't need to interfere.

"Mr. Shang ..."

When they were about to part, Lin Hanxing spoke again, his eyes looking particularly deep under the sun.

"I'm a protective person."

He said five words that made people feel a little confused.

But Shang Yan Yong understood.

Lin Hanxing was warning him.

don't worry, miss Lin. With me around, no one will go overboard.

"Even if there is, it doesn't matter ..."

Lin Hanxing was still holding the old-fashioned pastry box in his hand, his eyes calm.

I'll settle it personally after I'm done with my business ...

As soon as she finished speaking, she handed the box of pastries to Shang yanyong, who was standing in front of her. She smiled slightly, but the words she said sent a chill down his spine.

Shang Yan Yong stiffly accepted the gift and watched as Lin Hanxing carried the other box towards the long family's main gate.

The driver parked the car not far away.

Lin Hanxing had just approached the entrance of the long family's residence when she heard the sound of crying from inside. She walked in with a pastry without a change in her expression. Soon, an orderly opened the door for her, her eyes pleading for help.

He handed the pastry in his hand to him. When he saw the shop sign on the pastry and smelled it, the service staff was immediately stunned. This shop's pastry was a well-known brand in the capital. The soft and sticky texture could even be eaten by old people without a problem. It was also easy to digest. Although it was not particularly expensive, it was obvious that a lot of thought had been put into it.

"I'll bring it over to elder long immediately."

The service staff said with a smile.

However, when he turned around and thought of the old lady who had been brought here by long qingru, he sighed in his heart. There was indeed a natural difference between the biological and non-biological children ...

"Hey, I haven't taken my medicine yet."

The serviceman said in a low voice.

Lin Hanxing continued to walk in.

The crying got louder.

On the other hand, when elder long, who was sitting in the main seat, saw Lin Hanxing enter, her serious expression clearly softened. Long qingru noticed this and subconsciously clenched her fists. She had no choice but to bring old lady PU to Jade Dragon Mountain.

Ever since she found out that her husband and Li Lin had been taken away by the confidential unit, long qingru had used all her connections, but no one could give her a definite response. Obviously, this matter was extremely tricky.

Lin Hanxing did not even look at the two people beside him. He walked to elder long, poured away the cold tea by his hand, and refilled it.

"I've brought some desserts,"

As soon as Lin Hanxing finished speaking, the service staff had already served a new plate of desserts.

Elder long looked deeply at Lin Hanxing and took a piece to his mouth.

you're that Lin xiaojiu? "

After getting the hint from her daughter-in-law, old lady PU looked at Lin Hanxing in anger. This was the culprit who caused her son to be taken away, and she could still come and deliver the cake so leisurely.

Lin Hanxing did not say anything. He watched as elder long finished the entire pastry and took a sip of tea before he looked up at the odd-job personnel.

"Give me the medicine."

Elder long had always taken his medicine on time, but old lady PU's appearance had delayed his schedule.

Realizing this, long qingru was annoyed.

Elder long finished the medicine with a calm expression. Lin Hanxing then turned to look at old lady PU. Even old lady PU, who had lived for more than half her life, subconsciously swallowed when she met the little girl's eyes.

"I am."

It was a simple word, but it exuded the aura of a superior.

...

It was not something that could be underestimated.

The words that were on the tip of elder PU's tongue were stuck in her throat.

"You're the one who captured my son!"

It wasn't easy for old lady PU to find her voice, but the words that came out of her mouth made Lin Hanxing's mouth instantly crack into a sneer. He didn't even bother to hide it, and it hung on his face.

"Your son was arrested by a confidential unit. What does it have to do with me?"

"If it wasn't for you, how could my son have been captured?"

"If it wasn't for your son sending people to monitor my house, how would I be targeted by the people who came to pick me up today? Even if they're targeted, as long as they don't follow us, how can we get into trouble and make a big deal out of it?"

Since the old lady wanted to reason with her, she would reason with her.

Old lady PU was confused and disoriented by Lin Hanxing's sharp tongue.

"Miss Lin!"

Seeing that her grandmother was confused by Lin Hanxing's words, long qingru quickly interrupted her!

...

"Let's not talk about other things. Right now, why don't we discuss how to bring him out!"

As soon as long qingru finished speaking, she found that Lin Hanxing was looking at her with an inexplicable look, which made long qingru feel very uncomfortable.

She almost had 'is your brain broken' written all over her face!

"We?"

Lin Hanxing repeated these two words between his lips, but he remained calm.

"Are you worthy?"

Even in front of elder long, Lin Hanxing did not show any respect to anyone else.

Long qingru immediately pursed her lips and suppressed her emotions. However, as soon as she looked up and met Lin Hanxing's eyes, the flames of anger that had just calmed down would instantly rise again.

Old lady PU's eyes rolled around, and she was ready to burst into tears again. Today, she had made up her mind that she would not leave the long family until she got her son out.

old lady, I advise you to think carefully. If you dare to say this, I'll find someone to throw you out of this door!

Lin Hanxing said coldly just before the other party was about to cry out.

[Chapter 1696](#)

1696 See if I dare to

"Don't you dare!"

Ever since they had become in-laws with the long family, the PU family had never been mistreated like this in the capital. But today, old lady PU had never thought that she would not be able to gain any advantage from a little girl!

"Let's see if I dare to."

Lin Hanxing still looked calm and collected, but the words he said were intimidating, and people had to think twice.

Old lady PU and long qingru both stopped talking.

Lin Hanxing's long eyelashes fluttered slightly, and the shadow cast a fan shape on her porcelain-white face.

She had known from the start that PU Weishi, or perhaps someone close to him, had sent people to spy on her. The reason she had not done anything was because she had been waiting for an opportunity, and this morning, the opportunity had come.

He even dared to secretly follow the car of a secret unit. No wonder he would suffer a backlash.

Old lady PU sized up Lin Hanxing secretly.

The latter raised her eyes and met them directly. Old lady PU subconsciously looked away guiltily. She did not know if it was her imagination, but she always felt that the little girl's eyes seemed to be able to see through all her secrets.

"So, why did Wei Shi send people to monitor this girl?"

Elder long picked up another piece of pastry and asked long qingru a question that caught the main point.

Long qingru's scalp went numb!

Her tears were the first to fall. Even though she was middle-aged, her tear-stained face was still beautiful.

"It's all because of Xi 'er. Last night ... Last night, miss Lin left Xi' er in the wilderness. Xi 'er is a girl! How could you do that!" Thinking of the situation when she saw her daughter in the hospital today, long qingru wanted to teach Lin Hanxing a lesson!

"Did you forget to say something?"

Long qingru, who thought she would see panic on Lin Hanxing's face, was disappointed. Lin Hanxing sat down opposite her leisurely and started to peel an Apple with a fruit knife.

Circles and circles of apple skin fell off just like that. Every piece was a thin layer, and there was no difference.

Her knife skills were very good.

The service staff secretly noticed this.

"I also broke the leg of the grandson of the old Shang next door, and also taught a lesson to the unfilial descendants of the capital's great clans."

Lin Hanxing held the peeled apple in his hand and cut it lightly a few times. Before the others could understand what was going on, the Apple that was placed back on the plate had been quietly cut into a few pieces. Every piece was in perfect proportion, and even the core had been completely removed.

This knife skill ...

How was it 'very good'? it was' quite good', 'very good'!

Lin Hanxing took a piece of tissue from the table and wiped his fingers gently. Then, he passed the cut apple to elder long through the service staff. He smiled slightly as if he did not see long qingru's gritting expression.

"Miss Lin, you've just returned to the capital, and you're already using the long family's power to cause trouble?"

Long qingru emphasized 'causing trouble'. Based on her understanding of her father, what he hated the most was people using the long family's name to do anything. It was simply a fatal point!

"Using the long family's name?"

Lin Hanxing threw the tissue into the trash can unhurriedly.

in that case, whose name did long Xi 'er use last night to involve all those nouveau riches in this matter? she wanted to show me her power at the entrance of the capital Palace? "

"That was clearly done by Shang Jun!"

Long qingru hurriedly tried to shirk her daughter's responsibility.

Oh, so I broke his legs and threw those people into the wilderness to fend for themselves. What's the problem? "

Didn't she like to talk?

He had a lot of time anyway, not to mention ...

Lin Hanxing glanced at the time on his watch. At this time, Fuya would have already arrived at the PU family's old house.

At the same time, in the PU family's old residence.

Pu Wei's sister looked at Fu ya with wide eyes.

"You're serious? My brother's investment in this mountain is so profitable?"

Upon hearing that there was money to be earned, the eyes of the younger sister, who had not even cared about her brother, immediately lit up. The little Abacus in her heart began to crack. If she invested all the money that she had on hand ...

Fuya held little Taotao in her arms. She had also invested in this project. At that time, Wei Shi had told her about her future plans, but she didn't understand why Lin xiaojiu had asked her to tell PU Weishi's sister about it.

Speaking of this Pu Wei sister, she was the number one in eating.

However, no one dared to provoke her over the years because of her brother and sister-in-law's relationship. They would also ask her to help them with some small-earning projects. Although she was only responsible for investing money, she had accumulated a lot of capital over the years.

"Anyway, I've already told you the news. You can do as you see fit."

Fu ya teased her son, pretending not to see the greed in his eyes.

Back at Mount Jade Dragon.

“Everyone in the capital knows that Shang Jun likes long Xi ‘er. Even when his own father is seriously ill, he still wants to help long Xi’ er. What a touching love story this is? I think it’s better to play matchmaker and round this marriage.”

If long qingru couldn’t hear the sarcasm in Lin Hanxing’s words, she would have lived in vain.

“You ...”

Lin Hanxing raised his head with a faint smile and looked at her provocatively.

“Still not leaving?”

Lin Hanxing turned to look at old lady PU and asked her to leave. Old lady PU was furious when she saw Lin Hanxing’s expression. On the other hand, the service staff in the dark pursed his lips and laughed secretly. He felt that all the anger that had been suppressed in the afternoon had been released with Lin Hanxing’s help.

“Maybe when we get home, Mr. Pu will be back.”

...

Lin Hanxing leaned on the armrest of the single-seater sofa lazily with one hand, even the words he said were the same.

However, old lady PU sounded as if she had received some kind of promise.

She didn’t want to care about anything now. She only wanted to know when her son would come back!

“Go home, go home immediately!”

Old lady PU stood up immediately and walked towards the door without even greeting elder long.

Long qingru didn’t expect her mother-in-law to be like this. For a moment, she forgot what she wanted to say. She got up and kept up with her. It wasn’t that she didn’t get up, but she felt uncomfortable and uneasy.

It’s really too embarrassing to have caused such a scene!

“Qingru ...”

As long qingru was thinking, elder Long’s voice exploded in her ears. She subconsciously stood up and looked in elder Long’s direction.

“I’m very disappointed in you for what happened today.”

His words made long qingru’s pupils contract.

...

All these years, even if he had done something wrong, elder long had never used such a tone to say the word 'disappointed' to him. Did it mean that elder long knew something about other things after he said it today?

Long qingru didn't dare to think deeper.

If elder long knew even a little bit of what he had done to Bai Rou, he would probably be crushed to pieces.

She was afraid!

### [Chapter 1697](#)

1697 I am your grandfather

Lin Hanxing supported his chin with one hand as he watched long qingru leave in a hurry. No one knew what he was thinking, but his eyes were distant.

"Come here."

Elder Long's voice suddenly rang in her ears. She turned around and saw that elder long was looking at her. She must have seen the profoundness in her eyes.

Lin Hanxing walked in front of him and lowered his body, ready to be reprimanded for his nonsense.

A piece of Rock Candy appeared in Lin Hanxing's field of vision.

She was stunned for a moment before she raised her head to look at elder long.

"It's sweet, it'll lift my mood."

Perhaps it was the first time elder long had said such words, she looked very uncomfortable. The service staff who was standing in the dark left to give the two of them some space.

The glistening White Rock Candy lay quietly in elder Long's palm. The old man's eyes were still filled with anticipation.

Lin Hanxing smiled and put the candy in his mouth.

It was very sweet.

"I'm your grandfather."

Elder long raised his hand and patted Lin Hanxing's head twice, but his words moved her.

"I'm not old and muddle-headed. There are some things I wanted to turn a blind eye to, but unfortunately ..."

Elder Long's expression was solemn. Unfortunately, the other party had already lost his sense of propriety.

The two of them fell into a brief silence.

"I'll get someone to prepare a room for you upstairs. You can stay here today, okay?"

Elder Long looked at Lin Hanxing's face and smiled kindly. He did not force her to do anything but he tried to sound her out. However, Lin Hanxing could not refute Elder Long's words and could only nod his head.

One could tell that Elder Long was instantly overjoyed.

"But I'm going to the shop next door first."

Lin Hanxing did not forget what he had to do.

"I'll get someone to send you over."

.....

Lin Hanxing, who had left the Long family's residence for the Shang family, did not know that Elder Long had ordered a table full of dishes with the service staff after she had left. It was as if they were celebrating the New Year.

On the way, Lin Hanxing did not forget to send Lei Xiao a WeChat message.

She didn't know if it was because he was busy, but he didn't reply.

Soon, the shop next door arrived.

Upon seeing Lin Hanxing, the service staff at the door was obviously respectful and grateful. After all, everyone knew that if it were not for Lei Xiao and Lin Hanxing, the accident that happened to old Shang that night would have caused an irreversible outcome.

Moreover ...

They didn't even care about that brat Shang Jun. If it wasn't for him that night, how could Elder Shang's condition be so serious?

If it wasn't for Elder Shang, many of them would have broken Shang Jun's legs. But who would have thought that someone would help them vent their anger first. Wasn't this just like someone handing them a pillow when they were sleepy?

They couldn't be more grateful, so how could they possibly show him any face!

"Ms. Lin, Mr. Shang said that you can go directly to the second floor if you want to come."

The odd-job worker from the Shang family glanced at the odd-job worker sent by Elder Long. 'Good Lord, this is the best fighter by Elder Long's side. Is he afraid that Miss Lin will be at a disadvantage if she comes to our Shang family?'

Lin Hanxing nodded and stepped into the shop.

As soon as she entered, she saw that the sofa was full of people, and some were even crying. When they saw her enter, they looked like they wanted to eat her up.

Shang Jun was still sitting beside her, groaning in pain.

"You still have the face to come here?"

Other than Shang Jun's mother, everyone else looked at Lin Hanxing with caution and curiosity. Shang yanyong's words 'the little girl is amazing' resounded in their minds!

Wasn't he amazing? he broke Shang Jun's leg and used this action to win over a group of people around the old man. This was winning over people's hearts by killing people without batting an eyelid!

Lin Hanxing cast a sidelong glance at Shang Jun.

The latter was so scared that she didn't even dare to breathe. She trembled and hid beside her mother to boost her courage.

Shang Jun felt as if he had returned to the entrance of the Jinghua Palace.

The corners of Lin Hanxing's mouth curled up slightly, but the murderous aura in the air was gradually gathering, making it hard for people to breathe.

"I've said it before, last night's incident will be settled by Shang Jun's broken leg."

She said.

The others were confused, but Shang Jun's parents knew the underlying meaning. Lin xiaojiu had said that night that he would break one of Shang Jun's legs and end today's matter, but he would not let him off easily next time!

This was Lin xiaojiu's warning to save them some face!

At once, Shang Jun's parents were silent, and even Shang Jun's moans stopped.

The two sides seemed to have formed a secret tacit understanding, but outsiders could not figure it out.

"Miss Lin."

The sound of hurried footsteps came from upstairs. Shang yanyong knew that Lin Hanxing had arrived and rushed down to avoid any more disputes between the two sides, after all ...

This miss Lin really dared to make a move!

...

"Let's talk upstairs."

As he spoke, Shang Yan Yong glared at his own brothers, warning them not to act rashly.

In fact, he did not need to say anything. Just by looking at Lin Hanxing's stern expression, they did not dare to do anything.

Lin Hanxing followed Shang yanyong upstairs.

Sacred hands was finishing up elder Shang's treatment. His unruly expression finally restrained when he saw Lin Hanxing, but he could not help but Mutter a few words.

"Not challenging at all ..."

Elder Shang's condition was much better than the last time they met. He was leaning against the headboard, his sharp eyes softening slightly when he saw Lin Hanxing enter.

"Yanyong, take out the gift I prepared for miss Lin."

Shang yanyong hurriedly brought the things he had prepared to Lin Hanxing.

When the box was opened, sacred hands could not help but whistle in his heart.

It was a green jade bracelet.

...

It was obvious that it was expensive.

"I can't take it."

Lin Hanxing glanced at it but did not take it.

"I originally prepared it for your mother."

Elder Shang's voice was still hoarse, but his meaning was clear.

This bangle was actually elder Shang's first meeting gift for elder Long's daughter. Who would have thought that in that special era, everyone could barely take care of themselves? when everything was settled, the gift was missed.

Now that he was able to give it to this girl, it could be considered that they were fated to meet.

Hearing this, Lin Hanxing reached out to take it.

"Shang Jun's matter ..."

Before he could finish, elder Shang coughed twice.

"Old master ..."

Shang Yan Yong hurried over and patted his back, but his hand was quickly pushed away by old man Shang.

"I'm going to apologize to you properly, girl!"

Elder Shang took two deep breaths before he finished his sentence.

he's been spoiled by his family and has long forgotten the immensity of heaven and earth. It's time for someone to teach him a good lesson.

Sacred hands snorted. He was a reasonable old man.

When he came in just now, the group of people downstairs were in a mess. Sacred hands had originally wanted to leave some 'material' for them when he left later as a lesson.

Now, seeing old master Shang like this ...

Forget it, who asked him to be a good-tempered and kind person!

I've already told Yan Yong that whatever you do in the future, Shang clan will support you unconditionally. You can do whatever you want, girl. You don't have to worry about those people downstairs!

Just as elder Shang finished speaking, Lin Hanxing's phone suddenly rang ...

#### [Chapter 1698](#)

1698 I'm unhappy because I'm wasting food

"I'm sorry, I have to take this call."

The caller was Bai Xi. She wouldn't have called him at this time if it wasn't necessary.

Lin Hanxing walked to the side and picked up the call.

"Ninth miss, someone is following me and Xi Bao."

The background on the other end of the phone was noisy, as if it was in the downtown area. In the morning, Lin Hanxing had specially left a shopping card for Bai Xi and Jiang Xibao before leaving so that the two of them could completely relax and buy, buy, and buy.

At the same time, Jiang Xibao, who was carrying Yan beiming's little pig, Bajie, in his arms, was looking at the cream cake on the counter through the window. His cherry-colored lips were slightly open, and his expression was in sync with the greedy little pig's.

"How many people?"

Lin Hanxing stood in front of the floor-to-ceiling window of the shop. The sunlight covered her whole body, but it could not suppress the coldness that seeped out of her bones.

"We've only found four for now."

After all, Bai Xi had been following Lin Hanxing for a long time. From the moment he first noticed that something was wrong, he had been secretly observing through the floor-to-ceiling windows of the shops on the road. These four people were only confirmed after repeated screening.

"Only four."

I'm just causing trouble for you, ninth young lady, right under the emperor's feet!

Even through the phone, he could hear the gloating in Bai Xi's voice. These people probably still didn't know what kind of trouble they had caused.

"I'll take responsibility if anything happens."

Lin Hanxing said indifferently, but Bai Xi's eyes almost curved from the smile when he heard this.

"Alright!"

The call ended.

Lin Hanxing was still standing at the same spot fiddling with her phone, deep in thought. After a while, she chuckled and sent a message to Yan beiming and Liang yuran. After that, she turned around and walked back to elder Shang's bedside.

"Trouble?"

Shang Yan Yong was close by and could faintly hear what he said. He wanted to do Lin Hanxing a favor.

"Someone probably wants to vent their anger on my people."

Lin Hanxing's words were too calm, and Shang yanyong almost couldn't say what he wanted to say. But after all, the cause of this disaster was related to their Shang family. If it wasn't for Shang Jun, how could Lin Hanxing have been allowed to go against those people?

Thinking of Shang Jun, Shang yanyong was furious!

"I'll contact them ..."

"No need."

Lin Hanxing fiddled with the broken diamond bracelet on her wrist in a seemingly uninterested manner. There was even a teasing look on her face, and sacred hands could not help but curse in his heart.

you know what happened today, but you still use such a despicable method. You are either stupid or stupid. Anyway, my people have nothing to do since they landed in the capital. Take it as practice.

"....."

"....."

Listen, is this even human?!

On the surface, sacred hands was still putting on airs, but in his heart, he was crazily commenting.

At the same time, Bai Xi, who had hung up the phone, saw Jiang Xibao coming out of the cake shop with a little pig in one hand and a cream cake in the other. He looked very satisfied. Before Bai Xi could say anything, a man who looked like a hooligan ran into him.

With a loud bang, Jiang Xibao, who didn't have time to share his joy with Bai Xi, froze on the spot like a stone.

Her cake ...

He fell to the ground.

She was even kicked by that man ...

He kicked him ...

With a kick ...

One kick ...

Leg ...

The rumbling sound came from Jiang Xibao's abdomen and was clearly heard. The gangsters who had followed them along the way were dumbfounded!

After all, they had watched Jiang Xibao eat all the way here!

From the South Street to the North Street, he didn't miss a single shop!

It had such a huge appetite that they thought it was possessed by the Taotie!

But she was still hungry?

"Do you have eyes?"

The hooligans who remembered their mission and lines began to possess Jiang Xibao. They raised their hands and pushed Jiang Xibao's shoulder ...

It didn't move at all!

However, the little pig in her arms snorted sarcastically.

"....."

It seemed like he was being despised by a pig?

Jiang Xibao, who was looking down at his cake, suddenly looked up at him. His eyebrows were tightly knitted on his fair and chubby face, as if he was deeply troubled by something.

"You're the one who bumped into me."

...

Jiang Xibao said. His voice was as soft as a piece of sweet bean paste rice cake.

"Bullshit, you're the one who bumped into me!"

As soon as he finished speaking, three or four people rushed out and surrounded Jiang Xibao and Bai Xi. The passers-by were so scared that they immediately hid to the side and formed a circle with Bai Xi and Jiang Xibao as the center.

The hooligans who wanted to see panic on the two's faces were disappointed. They didn't know if it was their illusion, but the beautiful one seemed to be a little impatient.

"I'll give you two choices, chubby girl. You can either kneel down and apologize to me, or you two will come with us ..."

The leader of the group pointed at the express hotel next to them with a malicious smile on his face.

Jiang Xibao's blank face finally showed an expression of realization when he heard this. He raised his finger and pointed at one of the people in front of him. He then turned his head and looked at Bai Xi.

"Is this the legendary ... Blackmailing?"

Bai Xi looked at little joy treasure, who had just come to a realization, and couldn't help but cover his eyes with his palm. With this kind of thinking, he might not be able to get it back even if he basked in the sun for 180 days.

"And teasing."

Bai Xi explained the entire plot.

...

Jiang Xibao's black and white eyes gradually opened wide when he heard this. His eyes were full of curiosity.

So, this was what it meant to be teased?

"F \* ck! What are you so happy about? Are you looking down on us brothers?"

The hooligan, who felt like he was being laughed at by the two girls in front of him, took a step forward. With a "plop" sound, his foot sank into a box, and the sweet smell of cream spread in the air.

Jiang Xibao's expression suddenly changed.

Bai Xi immediately took two small steps to the side. He was sure that if that talkative Yan beiming was here, he would definitely take out a handful of melon seeds from his pocket and munch on them while waiting to watch the show.

But unfortunately ...

She didn't have the habit of carrying melon seeds with her, but she could make do with the French fries that she had just finished.

"Cake ..."

Jiang Xibao's face was not in the light and shadow. His chubby, white face was no longer cute. He stared at the flattened cake box with a serious face and his big eyes were blinking.

The little pig in her arms sensed her emotions and trembled.

It scared a pig to death.

Help!

The men in front of them looked arrogant, as if they had not realized the seriousness of the problem. Or perhaps, there were only two weak-looking girls in front of them, who posed no threat to them at all.

Jiang Xibao stretched his neck and reached out to Bai Xi with the hand that was holding Bajie.

Bai Xi immediately took it.

In the next second, Jiang Xibao raised his foot and kicked the abdomen of the man who was standing in front of him!

[Chapter 1699](#)

1699 Great strength nuxi Bao

The other party drew a parabola in the air like a rainbow!

Under everyone's dumbfounded gazes, the man fell to the ground with a thud and wailed in pain.

"....."

"....."

He kept quiet out of fear.

Who would have thought that this chubby little girl would actually deal a critical hit? this was the so-called 'real person doesn't reveal his true self'!

Everyone looked at Jiang Xibao with respect and almost put their thumbs in front of their chests.

In fact, it was not Xi Bao's fault. When people were hungry, they would always do some impatient things, especially when someone kept provoking her, which made her even more impatient.

Jiang Xibao, who had shocked everyone with just one kick, could not help but reach out and cover his rumbling stomach. Although he had eaten all the way here, was it her fault that her digestion ability was too good?

Weak, pitiful, and helpless.

Jiang Xibao looked at the others with dissatisfaction. She looked aggrieved. Her pink sweater made her lips red and teeth white. If they had not seen it with their own eyes just now, no one would have thought that she would give them such a scare.

"Apologize," he said.

Jiang Xibao pursed his lips and his soft and cute face was full of seriousness. Coupled with the howling background sound, it had a different feeling.

"Dao, my ass ..."

Jiang Xibao's joints made a strange sound.

With a few thuds, the hooligans who were still holding on felt their knees go weak and knelt down in front of her.

Bai Xi couldn't help but whistle while holding the little pig.

"We were wrong!"

He didn't even care about his face, raising his hands above his head as if he was facing a high school discipline teacher.

"Who asked you to come and find trouble?"

After being with Lin Hanxing for a long time, Jiang Xibao had also learned some skills to intimidate people. Moreover, she was not stupid. This group of people were obviously here to cause trouble, but she did not know if miss Jiu was involved.

At that moment, long Xi 'er, who was in the villa, sneezed for no reason.

From time to time, she would look at her phone. Why was there no news after so long?

If you can't deal with Lin xiaojiu, can't you even deal with the people around her?

A bunch of trash.

Long Xi 'er bit her thumb nail uneasily. People in Sijiu city knew how to flatter the high and step on the low. She could clearly feel that the attitude of others towards her had become more and more subtle ever since Lin xiaojiu returned. None of the things that had been exposed today were beneficial to her family!

that damned Lin xiaojiu!

Thoughts of jealousy and resentment grew like vines in her heart.

All of a sudden, there was a commotion downstairs, which disturbed her mood. The arrogant long Xi 'er's expression turned even uglier. She pressed the servant Bell by the bed and was waiting for the servant to come. She was going to scold him.

However, before the servants could arrive, the tightly shut bedroom door was suddenly kicked open from the outside.

There was a loud bang.

The sturdy door fell to the ground in front of everyone. If the security guards and servants didn't see it with their own eyes, they wouldn't have believed that the culprit was ...

It was a chubby little girl in a pink hoodie with a lollipop in her mouth!

Dumbfounded!

Bai Xi was slowly comforting the frightened little pig in his arms. After getting out of the car, Xi Bao had been fighting all the way up. The security guards of the villa had fallen to the ground from the door to the second floor. It was a terrible sight.

"Long Xi 'er?"

Jiang Xibao's adorable head looked in long Xi 'er's direction. Her eyes were moist, and no one knew what she was thinking about.

"Get out!"

Long Xi 'er picked up the pillow beside her and threw it at Jiang Xibao.

Xi Bao tilted her head and the pillow hit the servant behind her.

"I've found you!"

Jiang Xibao said softly, and the sweet taste of grapes spread in his mouth.

"Are you all dead? Call the police! Throw this person out!"

Long Xi 'er vaguely recalled that she seemed to have seen these two people somewhere before. She could not help but panic.

The servants and security guards in the villa, who had finally caught up with her, had bitter expressions on their faces. How could they dare to go up to her? she did not know that ever since this chubby little girl got out of the car, she had been killing every God and Buddha she met. She could punch a man into a tree with one punch. How could she be so terrible?

Jiang Xibao ignored long Xi 'er's shrieking voice. He quickly walked to her with a lollipop in his mouth. He reached out and pulled long Xi' er down from the bed effortlessly by her long hair. His posture ...

Bai Xi felt like he had seen the shadow of miss Jiu!

Downstairs.

A few black luxury cars stopped. The moment the doors opened, Liang yuran's cold face was reflected in everyone's eyes. His cold gaze swept across the terrible sight of the courtyard. Yan beiming, who had gotten out of the car at the same time, could not help but whistle.

"One look and I can tell it's our little Xi Bao's handiwork."

"Tie them up."

Liang yuran's high nose bridge and tightly pursed thin lips showed an unsmiling alienation. At this time, his whole body exuded a sinister aura that was not to be trifled with. As soon as his words fell, his black-clothed subordinates dealt with it.

"Mr. Liang, the fastest police station will arrive in five minutes."

...

The subordinate reported in a deep voice.

Liang yuran raised his hand to look at the Black Watch on his wrist and began to count the time in his heart.

Yan beixiao could not help but click his tongue when he saw him like this. He wanted little Xi Bao to help her clean up after she had vented her anger.

He could only hope that long Xi 'er, this delicate flower, could withstand the destruction of the storm. After all ...

The one who flirted first was cheap!

Upstairs, long Xi 'er felt that her scalp was about to explode from the pain. Perhaps she had never thought that she would not be able to hide in her own home. She used her long nails to pull Jiang Xibao's wrist with all her might in an attempt to stop him from dragging her.

The people around Lin xiaojiu were all crazy!

A bunch of lunatics!

With a clang, Jiang Xibao opened the window. A strong gust of wind blew through the room. Long Xi 'er, who was wearing thin pajamas, shivered in the cold. However, what frightened her more was Jiang Xibao's behavior.

She had pressed half of her body outside the villa, which was equivalent to half of her body hanging in the air!

"You, what do you want to do? I'm telling you, this is the capital, not the countryside where you can do whatever you want. Besides, I'm a member of the long family, so let me go!"

...

Long Xi 'er's long hair was blown back and forth by the strong gust of wind. Even her voice was a mess due to her fear.

"You're such an annoying person!"

It was rare for Jiang Xibao to dislike someone so much.

"You're allowed to find thugs, but no one else is allowed to fight at your door? Bandit logic!"

As she spoke, long Xi 'er's body, which was suspended in mid-air, swayed. She was so frightened that tears came out of her eyes and covered her face. How could she know that Lin xiaojiu's subordinates were crazier than the last?

"Besides, our Jiu ... Miss Lin is a member of the long family! Your mother is a fake!"

"Shut up!"

Long Xi 'er could not bear to hear this sentence, especially the word 'imposter'. When Jiang Xibao was caught off guard, long Xi 'er kicked his knee. When Jiang Xibao let go of her hand in pain, long Xi 'er pretended to slap Jiang Xibao.

"Xi Bao!"

Bai Xi was furious.

However, someone was faster than her ...

### 1700 The sweetness of the grape

Jiang Xibao suddenly felt that his body was falling backward uncontrollably. A strong arm pressed against her waist and the other hand pulled down her pink hoodie and covered her eyes.

Jiang Xibao's breath was filled with the refreshing scent of a man. It was pleasant and familiar.

"Don't move,"

The hot-tempered Bai Xi threw the little pig into Yan beixiao's arms and quickly rushed in front of long Xi 'er, Fanning her left and right.

Very soon, long Xi 'er, who was still very arrogant, completely lost her temper.

Liang yuran's palm covered her eyes through the pink hat, and Jiang Xibao only felt that the lollipop in her mouth was taken away in the next second. When she regained her vision, the lollipop she had eaten was already in Liang yuran's mouth.

Jiang Xibao's face turned red.

Her fingers and toes were so shy that they wanted to curl up.

"Don't be afraid, leave it to me and Yan Beichen."

Liang yuran didn't even look at long Xi 'er, who was sitting on the ground in a sorry state. He just stood in front of Jiang Xibao and bent over to make his line of sight parallel to Jiang Xibao's. When he spoke, the familiar sweet taste of grapes came to his face.

"I, I'm not afraid."

Jiang Xibao's eyes looked left and right, but they would always return to Liang yuran's lips.

Downstairs, the police siren sounded ...

.....

When Lin Hanxing came down the stairs, he had a green jade bangle on his wrist. The Shang family members downstairs were angry but did not dare to say anything.

That table could be considered a family heirloom of the Shang family.

Now that Lin xiaojiu could get this information from the old man after beating up Shang Jun, it was clear what the old man's attitude towards this matter was. Was the old man ... Muddled with age?

Lin Hanxing's phone vibrated, there was a message.

She glanced at it and pressed it down.

However, the sacred hands behind him paused when he passed by Shang Jun. A pair of eyes hidden under his silver-white hair looked at his broken leg that was fixed in a cast, and he seemed to be deep in thought.

"What's wrong?"

Lin Hanxing knew that sacred hands would not do this for no reason, so he turned to look at him.

"Interesting."

Sacred hands laughed and walked towards Shang Jun. This action shocked Shang Jun's parents, who quickly protected their child behind them.

"Miss Lin, you said it's over!"

Shang Jun's mother raised her voice to remind him.

"I suggest you let him see Shang Jun's legs."

Lin Hanxing's voice had just fallen when a crack was heard. The Holy hand had already bypassed Shang Jun's parents like a ghost and came to Shang Jun's side. He removed the plaster with his bare hands. Shang Jun did not know if he was shocked or in pain, but his screams shook the sky.

Shang yanyong subconsciously took a step forward, but Lin Hanxing raised his hand to stop him.

"Shut up," he said.

Sacred hand did not even raise his hand and knocked on Shang Jun's throat. The shrill scream stopped abruptly, but Shang Jun's parents began to show no mercy, as if they wanted to die with sacred hand.

"I knew it! Where did this quack come from?"

Sacred hands was full of conceit.

He had already felt that something was wrong just now, and it was indeed the case after removing the cast.

"Come and take a look!"

Sacred hands ignored the Shang family and beckoned in Lin Hanxing's direction, gloating.

Lin Hanxing walked over.

The Holy hand pointed at Shang Jun's wound, which was broken by Lin Hanxing last night.

"Have you seen this?"

He raised his eyebrows. Shang Jun's parents also came over doubtfully, wanting to see what he was up to. Lin Hanxing, on the other hand, followed the direction of the Holy hand's finger and saw something.

"Where did you connect this leg?"

Lin Hanxing looked at Shang Jun's parents. The latter's eyes were filled with fear and they did not say a word.

"Are you mute? Miss Lin is asking you a question!"

Shang yanyong looked at his brother's family and was furious.

the hospital? where else could it be? "

Shang Jun's mother mumbled.

"Hospital? Then you can get your lawyers ready and go to them."

Sacred hands sneered.

He could guarantee that if he hadn't seen the problem today, the man would never have a pair of good legs again after a hundred days if the wound really healed at this rate.

"What do you mean?"

Shang Yan Yong was shocked.

After his treatment of the old master, he was completely convinced of the sacred hands' ability and had no doubts about it.

"It means that someone did something to Shang Jun's wound. When the wound really heals, the injured leg will be shorter than the other good leg."

...

This method was truly sinister.

"What?"

Shang Jun's parents were shocked and stood up.

"Who did this?"

Who did this?

Lin Hanxing had an answer in his mind.

Not only could she make Shang clan a complete enemy of her, but she could also make Shang Jun stay away from long Xi'er. Who else could think of such a vicious plan that killed two birds with one stone other than long qingru?

"Is there any way to cure it?"

Shang yanyong looked at Shang Jun. No matter how many disgraceful things he had done, he was still a member of the Shang clan.

How could he bear to do that?

"Of course I do."

...

Sacred hand's nonchalant words instantly ignited the hope in Shang Jun's parents' eyes. They looked at sacred hand in unison, the fire in their eyes almost melting him.

"Let's see if he can endure it!"

The corners of sacred hands' lips curled up evilly, as if he was gloating.

"You mean to say ..."

"Break it and reconnect it!"

Sacred hands did not forget the couple's eyes when they glanced at the bracelet on Lin Hanxing's wrist when they came down, so he was not in a hurry at all and handed the decision over to Lin Hanxing.

Shang Jun, who could not speak, was so scared that his legs were trembling when he heard sacred hands' words.

Interrupt and reconnect?

Thinking of the heart-wrenching pain when his leg was broken, he was filled with regret. Why did he have to provoke this female devil?

“What, what other ways?”

Shang Jun’s mother almost cried out loud.

Sacred hands couldn’t be bothered with her.

“Miss Lin, you see ...”

Shang yanyong could only try to mediate, after all, this concerned Shang Jun’s life.

Lin Hanxing did not say anything. He glanced at the Jade bangle on his wrist and finally spoke.

if the Holy hand says to break it and reconnect it, then we can only break it and reconnect it. There’s no other way.

“And she’s the only one who can knock.”

Thinking back to the time in Rou city in country G when the two of them worked together to treat na jilie’s injured leg, sacred hands’s gloating expression was almost written all over his face.

miss Lin, please save our ah Jun. I’ll apologize to you on his behalf. Please ...

Since it was a matter that concerned Shang Jun’s life, Shang Jun’s mother finally lowered her noble head and begged Lin Hanxing with trembling lips.

I have no grudges with you, and I don’t need your apology. However, there is one thing I need you to think about. If Shang Jun is crippled, the Shang clan will definitely hate me. Who can benefit from this? ”

Lin Hanxing said coldly, and before anyone could react to her words, she walked to Shang Jun’s side.

Shang Jun, whose voice had been sealed, trembled at her approach, especially when he met Lin Hanxing’s cold eyes.

Suddenly, Lin Hanxing smiled at him, but the smile did not reach his eyes.
